Subject:	Re: Call

Sorry had problem with email this am. Safety Networks was a pre-existing program on most of the communities selected for NRI. IVPA put SNW in the remaining NRI areas. As of now Barbara does not know as of now that SNW is not being funded at all in the new incarnation of NRI. She has two staff members on SNW funds and they are uncertain about their future employment. I did not feel at liberty to comment. May I tell her that SNW will no longer be funded?

Also, when might I expect the final numbers?

Thx
Jack
