1) Greater Grand Crossing
   You were right. They were on the initial cut of reentry providers, and I believe I mistakenly put the program back in when we restored some other programs that were cut due to bad providers. GGC's reentry provider was also to be cut because of bad service, but I don't have anything showing that their reentry was to be restored with a new provider.
2) I didn't fix any notes on this yet about the providers. I just did the calculations.
