Governor's Neighborhood Recovery Initiative

Reentry Steering Committee

October 1, 2010

Agenda

I Welcome/Introductions

II Overview of Initiative and Timeframe

III Framing the Reentry Component: Issues to Consider and Discuss

a. Target population: Juveniles and young adults (upper age limit?) returning to community from correctional facilities (do we include returning from detention?)

b. Required elements of NRI community-based services (case management, mh/atod treatment, job training, mentoring, family support, emotional/social skills development, etc.)

c. Provider qualifications—needs to be as inclusive as possible (building the capacity of natural support networks)

d. Training and T/A needs of community providers (trauma, assets approach, etc.)

e. Integration/coordination with existing systems and programs (DJJ, DOC, probation and parole, behavioral health providers, schools, youth development services, law enforcement, victim services, job training/development programs, etc.

f. Others:_____
