Subject: ICJIA grant information, etc

Toni –

I am attaching information about our grants in advance of our meeting. The word file titled Grant Programs is a document that we had prepared to post on our website as we are redoing the site as I mentioned. The others are spreadsheets about our currently open grants which are somewhat more informative than what you viewed our website last week. Unfortunately, the one you chose, JABG, was probably the least informative of the ones posted. However, all the information I am sending will be put up on our website within a short time.

I am also attaching some information about a new initiative that is being explored by a number of participants, including ICJIA, DMH and others to launch a "Center of Excellence" in Illinois to improve the way in which the criminal justice system deals with those with mental health issues. There are existing centers in a few states but they are using a variety of models. Though it was something that would interest you.

See you at 12:00.

Jack
