The report concludes with a database listing all of the requests received, organized by Senate and House districts, including those requests for waivers and modifications acted on by the State Superintendent of Education in accordance with Section 1A-4 of the School Code (105 ILCS 5/1A-4) and applications that have been returned to school districts or other eligible applicants.

Executive Summary

The following report outlines waivers of School Code mandates that school districts, regional offices of education, or special education or vocational education cooperatives have requested since the last report, which was transmitted in October 2012. Pursuant to Section 2-3.25g of the School Code (105 ILCS 5/2-3.25g), these requests must be sent to the General Assembly for its consideration before March 1, 2013.

The report is organized by subject area and by school district, regional office, or special education or vocational education cooperative. The General Assembly may disapprove the report in whole or in part within 60 calendar days after each chamber next convenes once the report is filed. This is done by a joint resolution. If either chamber fails to reject a waiver request, then that request is deemed granted.

Section I summarizes the 75 requests received for waivers of School Code mandates for consideration by the General Assembly, which are presented alphabetically by topic area. The largest number of applications received (16 requests) seeks waivers from the requirements for limitation of administrative costs. There are 15 requests for nonresident tuition, 12 requests for daily physical education, 11 requests for school improvement/inservice training, seven requests for the use of other practice driving methods in lieu of the required six hours of behind-the-wheel instruction in a dual-control car on a public roadway, and four requests to raise the fee to be charged for driver's education. There are two requests addressing the petition process for conversion/formation of school districts (consolidation) and two requests addressing publication of a district's statement of affairs. Finally, there is one request each for compilation of average attendance, evaluation training, the development of evaluation plans for principals, use of district funds, length of school term, and required training for school board members.

Section 2-3.25g of the School Code (105 ILCS 5/2-3.25g) limits the number of waivers of daily physical education that may be requested by school districts and other eligible applicants to an initial, 2-year request, with the possibility of no more than two additional, 2-year renewal requests. Of the 12 waiver requests for physical education contained in this report, four districts are requesting their second and final renewal.

This document also contains one other section beyond what is required under Section 2-3.25g of the School Code. Section II is a database with listings of modifications or waivers of State Board of Education rules and modifications of School Code mandates upon which the State Superintendent of Education has acted in accordance with Section 1A-4 of the School Code (105 ILCS 5/1A-4). The database also includes listings of requests that have been returned to or withdrawn by the petitioning entities. In addition, the database includes the 75 waiver requests for the General Assembly's consideration and is organized by Senate and House districts.

Complete copies of the waiver requests for the General Assembly's consideration have been made available to legislative staff.

This is the thirty-sixth report submitted pursuant to Section 2-3.25g of the School Code, which requires that the State Board of Education through agency staff compile and submit requests for waivers of School Code mandates to the General Assembly before March 1 and October 1 of each year.

SECTION I

Applications Transmitted to the General Assembly

Compilation of Average Daily Attendance

Meridian CUSD 101 – Pulaski (SD 59/HD 118) / **Expiration: 2017-18 school year**
WM100-5763-2 – Waiver of School Code (Section 18-8.05(F)) request to allow the district to offer a 4-day school week, providing a minimum of at least 166 days, to ensure 150 days of actual pupil attendance. The district's plan outlines some, but not all, of the calculations necessary to arrive at the amended calendar. Meridian also calculates five full days of school improvement, but does not have an approved waiver that would allow it to use such full days. The district states that days of attendance would be counted for not less than 375 minutes of school work/day and that the waiver, if approved, would lead to improved student performance on State testing.

Niles Township CHSD 219 – Cook (SD 08/HD 15) / **Expiration: 2017-18 school year**
WM100-5752-1 (renewal) – Waiver of School Code (Section 27-24.3) request to allow the district to charge a fee not to exceed $500 of students who participate in driver education courses. `

Behind-the-Wheel Instruction

West Chicago CHSD 94 – Cook (SD 48/HD 95) / **Expiration: 2017-18 school year**
WM100-5701 (renewal) – Waiver of School Code (Section 27-24.3) request to allow the district to use computer simulators for 12 hours of practice driving in lieu of three hours of behind-the-wheel instruction in a car with dual operating controls operated on public roadways. The district states that its simulators are able to create unusual and dangerous conditions from which students can learn without their safety being threatened, and that students develop skills through practice/review/repetition procedures available to them through the program.

Naperville SD 203 – DuPage, Will (SD 21/HD 41) / **Expiration: 2017-18 school year**
WM100-5708 (renewal) – Waiver of School Code (Section 27-24.3) request to allow the district to use computerized simulators for 12 hours of practice driving in lieu of three hours of behind-the-wheel instruction in a car with dual operating controls operated on public roadways. The district states that its simulators are able to create situations unlikely to be replicated in practice driving sessions.

Lake Park HSD 108 – DuPage (SD 23/HD 45) / **Expiration: 2017-18 school year**
WM100-5713 (renewal) – Waiver of School Code (Section 27-24.3) request to allow the district to use computer simulators for six hours and practice on a driving range for ten hours in lieu of two hours of behind-the-wheel instruction in a car with dual operating controls operated on public roadways. The district states that all phases of its concentrated, one-semester program are taught by the same instructor, with ongoing assessments administered as students progress through the course and results are shared with parents.

St. Charles CUSD 303 – Kane (SD 33/HD 65) / **Expiration: 2017-18 school year**
WM100-5717 (renewal) – Waiver of School Code (Section 27-24.3) request to allow the district to use computer simulators for four hours of practice driving in lieu of one hour of behind-the-wheel instruction in a car with dual operating controls operated on public roadways, and to employ four hours of range instruction to fulfill two hours of behind-the-wheel instruction. The district states that its simulators and range hours expose students to specific driving conditions and allow students to practice safe habits before driving in urban settings.

Aurora West USD 129 – Kane (SD 42/HD 83) / **Expiration: 2017-18 school year**
WM100-5720-2 (renewal) – Waiver of School Code (Section 27-24.3) request to allow the district to use computer simulators for 14 hours in lieu of three hours of behind-the-wheel instruction in a car with dual operating controls operated on public roadways. The district states that its simulators are able to create situations (evasive techniques, weather conditions, rural and expressway driving) unlikely to be replicated in practice driving sessions.

Oak Park – River Forest HSD 200 – Cook (SD 39/HD 78) / **Expiration: 2017-18 school year**
WM100-5734 (renewal) – Waiver of School Code (Section 27-24.3) request to allow the district to use computer simulators for 18 hours in lieu of 2.8 hours of behind-the-wheel instruction in a car with dual operating controls operated on public roadways. The district states that its simulators are able to allow students to practice a variety of driving circumstances beyond those available in an urban setting and that computer simulation accommodates more learning styles in a safe, student-centered environment.

Niles Township CHSD 219 – Cook (SD 08/HD 15) / **Expiration: 2017-18 school year**
WM100-5752-2 (renewal) – Waiver of School Code (Section 27-24.3) request to allow the district to use practice driving on a multiple-car range in lieu of four hours of behind-the-wheel instruction in a car with dual operating controls operated on public roadways. The district states that its range driving allows students to develop the skills and coordination needed to drive safely in a congested community.

Evaluation Plan for Principals

Dimmick CCSD 175 – LaSalle (SD 38/HD 76) / **Expiration: 2017-18 school year**
WM100-5740-3 – Waiver of School Code (Section 24A-15) request to allow the district to have all members of the school board evaluate the superintendent/principal in his joint role, without having to distinguish the responsibilities of each position by conducting separate evaluations. Board members would not be required to: hold a professional educator license endorsed for superintendent; complete the evaluator pre-qualification process; pass the State assessment; or attend evaluator retraining, in order to evaluate the principal. The district states that its request would allow for a thorough evaluation of its chief administrator in both positions and that its proposed evaluation form aligns with the standards of the Illinois Professional Standards for School Leaders and the district's strategic plan.

Evaluation Training and Pre-Qualification

Dimmick CCSD 175 – LaSalle (SD 38/HD 76) / **Expiration: 2017-18 school year**
WM100-5740-2 – Waiver of School Code (Section 24A-3) request to allow the district's principal to participate in a training process for evaluation of certified employees that is not provided by or approved by the State Board of Education. If approved, the waiver would permit the district's principal to substitute a three-day, interactive training for the state-approved on-line module. The training does not include assessments. The district states that the state-approved on-line module does not allow opportunities for feedback or discussion among colleagues.

Funds

Zion ESD 6 – Lake (SD 31/HD 61) / **Expiration: 2017-18 school year**
WM100-5739 – Waiver of School Code (Sections 17-2, 17-7 and 17-8) request to allow the district to collect the revenue generated from the tax rates of the Education Fund, Operations and Maintenance Fund, and the Transportation Fund and use the revenue generated in the method, and in the fund, which best meets the needs of the district and its students. The district states that the waiver, if approved, will allow it to make transfers to benefit student performance.

Length of School Term

Meridian CUSD 101 – Pulaski (SD 59/HD 118) / **Expiration: 2017-18 school year**
WM100-5763-1 – Waiver of School Code (Section 10-19) request to allow the district to offer a 4-day school week, providing a minimum calendar of at least 166 days, to ensure 150 days of actual pupil attendance of at least 375 minutes of school work/day. The district maintains that the 4-day school week would concentrate periods of student instructional time and lead to improved student performance.

Limitation of Administrative Costs

Pennoyer SD 79 – Cook (SD 33/HD 65) / **Expiration: 2010-11 school year**
WM100-5685 – Waiver of School Code (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. The district's FY 2011 budget coded custodial salaries incorrectly. Since this data entry error was not found at the end of the fiscal year, and remained in the approved budget, the district's budgeted administrative costs for FY 2011 exceeded those for FY 2010 by more than the 5 percent limitation, even though actual custodial salaries were paid out of the correct function. Statutory language does not allow the State Board to exempt Pennoyer's budget from the administrative costs limitation requirement of potential withholding of state aid, although in this case the cause of the discrepancy was an error in data entry.

Iroquois West CUSD 10 – Iroquois (SD 53/HD 105) / **Expiration: 2012-13 school year**
WM100-5691 – Waiver of School Code (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. The district is required to employ a properly certified Director of Special Education for the private Nexus Onarga Academy, a residential facility located within the district's borders. Iroquois West had to hire an individual for this position, funding for which is located in administrative costs. Although the actual expense of the position is a flow-through, it appears in the district's required accounting procedures as an increase in

costs. There is no actual increase to administrative costs for the Iroquois West school district.

Brownstown CUSD 201 – Fayette (SD 54/HD 107) / **Expiration: 2012-13 school year**
WM100-5699 – Waiver of School Code (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. For FY 2012, the district employed an interim superintendent. The hiring of a full-time superintendent with paid benefits for FY 2013 caused the district's administrative costs to exceed the 5 percent limitation.

Malden CCSD 84 – Bureau (SD 38/HD 76) / **Expiration: 2012-13 school year**
WM100-5700 – Waiver of School Code (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. For the 2011-12 school year, the district employed an interim superintendent who worked on a part-time basis. The hiring of a full-time superintendent with paid benefits for the 2012-13 school year caused the district's administrative costs to exceed the 5 percent limitation.

Maine Township HSD 207 – Cook (SD 33/HD 65) / **Expiration: 2012-13 school year**
WM100-5703 – Waiver of School Code (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. The district had been part of a special education cooperative that was dissolved in June 2012. Extensive special education services provided by staff in the cooperative were assumed by the district and charged under special area administrative services. In spite of moves to reduce increases in other functions, the new charges to the budget caused administrative expenses for the district to exceed the 5 percent limitation.

Oakland CUSD 5 – Coles (SD 55/HD 110) / **Expiration: 2012-13 school year**
WM100-5706 – Waiver of School Code (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. In order to correct prior accounting errors, the district is including special area administrative expenses properly, within administrative cost functions. This reallocation of district expenses caused administrative expenses for the district to exceed the 5 percent limitation.

St. Anne CHSD 302 – Kankakee, Iroquois (SD 40/HD 79) / **Expiration: 2012-13 school year**
WM100-5707 – Waiver of School Code (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. In FY 2013 the district reallocated the costs for its part-time special education coordinator within administrative cost functions; in the previous fiscal year the costs had been allocated incorrectly. This necessary funding reallocation caused the district's administrative costs to exceed the 5 percent limitation.

Pawnee CUSD 11 – Sangamon (SD 50/HD 99) / **Expiration: 2012-13 school year**
WM100-5709 – Waiver of School Code (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. For the 2011-12 school year, the district employed an interim superintendent who worked on a part-time basis. The hiring of a full-time superintendent with paid benefits for the 2012-13 school year caused the district's administrative costs to exceed the 5 percent limitation.

Amboy CUSD 272 – Lee (SD 45/HD 90) / **Expiration: 2012-13 school year**
WM100-5711 – Waiver of School Code (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. The district created a new administrative position to provide oversight for increasing use of technology by district students and staff. A program designed to help students use their own computers at school, coupled with the need to give staff members professional development in classroom use of technology, were factors in creating the new position. The funding necessary to attract a qualified candidate for the new position caused the district's administrative costs to exceed the 5 percent limitation.

Triad CUSD 2 – Madison (SD 54/HD 108) / **Expiration: 2012-13 school year**
WM100-5712 – Waiver of School Code (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. Triad decided to dissolve its special education cooperative and move administrative responsibilities to the district level in order to better serve its students. The former special education coordinator for Triad has become the special education director, with a shift in responsibilities entailing a pay increase and the hiring of an

administrative assistant. These additions to administrative line items caused expenses for the district to exceed the 5 percent limitation.

Indian Creek CUSD 425 – DeKalb (SD 45/HD 90) / **Expiration: 2012-13 school year**
WM100-5724 – Waiver of School Code (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. A district administrator was approved to take unpaid Family Medical Leave during FY 2012, with a corresponding drop in usual administrative expenses for that year. The administrator has since returned to the district. The increased expenses in FY 2013 caused the district's administrative costs to exceed the 5 percent limitation.

St. George CCSD 258 – Kankakee (SD 40/HD 79) / **Expiration: 2012-13 school year**
WM100-5726 – Waiver of School Code (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. For the 2011-12 school year, the district employed two part-time retired superintendents with no benefits while searching for a full-time administrator. The new superintendent receives benefits. The hiring of a full-time superintendent for the 2012-13 school year caused the district's administrative costs to exceed the 5 percent limitation.

Lake Bluff ESD 65 – Lake (SD 29/HD 58) / **Expiration: 2012-13 school year**
WM100-5730 – Waiver of School Code (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. For the 2011-12 school year, the district employed an interim superintendent who worked on a part-time basis. The hiring of a full-time superintendent with paid benefits for the 2012-13 school year caused the district's administrative costs to exceed the 5 percent limitation.

Maywood – Melrose Park – Broadview SD 89 – Cook (SD 39/HD 77) / **Expiration: 2012-13 school year**
WM100-5738 – Waiver of School Code (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. For the 2011-12 school year, the district operated with no superintendent. The hiring of a full-time superintendent with paid benefits for the 2012-13 school year caused the district's administrative costs to exceed the 5 percent limitation.

Byron CUSD 226 – Ogle (SD 45/HD 90) / **Expiration: 2012-13 school year**
WM100-5744 – Waiver of School Code (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. For the 2011-12 school year, the district employed two interim superintendents; a full-time superintendent was hired for the 2012-13 school year. In addition, the district has included special area administrative expenses within administrative cost functions for FY 2012. The combined effect of these changes caused the district's administrative costs to exceed the 5 percent limitation.

Will County SD 92 – Will (SD 43/HD 85) / **Expiration: 2012-13 school year**
WM100-5749 – Waiver of School Code (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. For the 2011-12 school year, the district employed a part-time business manager, knowing that a full-time manager would be required for the following year. A full-time business manager was hired for the 2012-13 school year. The increase in expenditures for staffing the position on a full-time basis caused the district's administrative costs to exceed the 5 percent limitation.

Petitions

Bluford CCSD 114 – Jefferson (SD 58/HD 115) / **Expiration: 2013-14 school year**
WM100-5755 – Waiver of School Code (Section 11E-35) request to allow the district, along with Webber Township HSD 204, to forward a petition for the formation of a Partial Elementary Unit District, which would not encompass the territory of Farrington CCSD 99. The request states that the Farrington district, while expressing its support for the formation of a partial elementary unit district between Bluford and Webber, does not wish to advance a consolidation issue. The two districts have shared administrators since the 2011-12 school year in order to improve the quality of K-12 education in the community. If the waiver were to be approved, the issue could be advanced to the voters of both districts.

Webber Township HSD 204 – Jefferson (SD 58/HD 115) / **Expiration: 2013-14 school year**

If the waiver were to be approved, the issue could be advanced to the voters of both districts.

Physical Education

Danville CCSD 118 – Vermilion (SD 52/HD 104) / **Expiration: 2014-15 school year**
WM100-5686 (renewal) – Waiver of School Code (Section 27-6) request to allow the district to excuse students in grades 9 through 12 from the daily physical education requirement if they have taken the course during summer school. Students in the summer session will participate daily in physical education for 130 minutes each session for six weeks. If granted, the waiver would allow students to take additional coursework during the regular school term. If granted, this is the last physical education waiver the district will be permitted to request under the law.

Ball-Chatham CUSD 5 – Sangamon (SD 50/HD 100) / **Expiration: 2014-15 school year**
WM100-5688 (renewal) – Waiver of School Code (Section 27-6) request to allow the district to excuse students in grades 9 through 12 from the daily physical education requirement for ongoing participation in show choir. The district indicates that choreography combined with singing requires students to be in "top cardio-vascular shape", and rigorous daily practice sessions during and after the school day have activity levels that are comparable to those provided in physical education classes. The waiver would allow eligible students to take additional academic classes.

Rankin CSD 98 – Tazewell (SD 46/HD 91) / **Expiration: 2014-15 school year**
WM100-5692 – Waiver of School Code (Section 27-6) request to allow the district to permit students in kindergarten through grade 8 to participate in physical education on a less-than-daily basis due to inadequate facilities. Students in kindergarten through grade 4 will participate in physical education two times a week for 45 minutes each session and students in grades 5 through 8 will participate in physical education three times a week for 45 minutes each session. All students have a period of daily recess (30 minutes for students in kindergarten through grade 4, and 20 minutes for students in grades 5 through 8). The district states its intent to provide avenues for students to participate in interscholastic activities.

Champaign CUSD 4 – Champaign (SD 52/HD 103) / **Expiration: 2014-15 school year**
WM100-5696 (renewal) – Waiver of School Code (Section 27-6) request to allow the district to excuse students in grades 9 through 12 from the daily physical education requirement for ongoing participation

in cheerleading and dance team, and to excuse students in grades 9 and 10 for ongoing participation in interscholastic athletic programs. The waiver would allow eligible students to participate in a study hall, affording them additional opportunities to meet the state's common core standards.

Jacksonville SD 117 – Morgan (SD 50/HD 100) / **Expiration: 2014-15 school year**
WM100-5721 (renewal) – Waiver of School Code (Section 27-6) request to allow the district to permit students in grades 9 through 12 to participate in physical education activities daily for two years (four semesters). The request is being made so that students can enroll in a greater variety of courses, resulting in improved student performance as students are able to take courses in their areas of interest. Under the current waiver, six elective courses have been added to the curriculum, the physical education program has been strengthened, and the district has found that enrollment in the physical education program has not decreased significantly. If granted, this is the last physical education waiver the district will be permitted to request under the law.

Belvidere CUSD 100 – Boone (SD 35/HD 69) / **Expiration: 2014-15 school year**
WM100-5723 (renewal) – Waiver of School Code (Section 27-6) request to allow the district to excuse students in grades 11 and 12 from the daily physical education requirement for enrollment in the Running Start Program at Rock Valley College. The district states that all participating students will be enrolled in a physical education course during each semester spent at Rock Valley College, but the course does not meet on a daily basis. This dual-enrollment program allows students to complete high school graduation requirements while simultaneously completing requirements for an associate's degree from the college. The waiver would also allow students in grades 9 through 12 to take physical education during summer school classes, permitting more flexibility in academic course schedules during the school year. If granted, this is the last physical education waiver the district will be permitted to request under the law.

DuPage HSD 88 – DuPage (SD 39/HD 77) / **Expiration: 2014-15 school year**
WM100-5732 (renewal) – Waiver of School Code (Section 27-6) request to allow the district to excuse students in grades 9 through 12 from the daily physical education requirement for enrollment in multiple academic intervention programs in the areas of reading, math, and English language arts. The district is in federal Corrective Action Year 5 status and offers initiatives to improve student achievement, such as increased graduation requirements and intervention programs that focus on college and career readiness.

Dunlap CUSD 323 – Peoria (SD 37/HD 73) / **Expiration: 2014-15 school year**
WM100-5733 (renewal) – Waiver of School Code (Section 27-6) request to allow the district to excuse students in grades 11 and 12 from the daily physical education requirement for ongoing participation in cheerleading or pom-pons. The daily practice sessions and performance activities exceed the amount of time the participants would be in physical education classes, and the waiver would allow these students to take additional academic courses to improve their college and career readiness skills.

Cicero SD 99 – Cook (SD 12/HD 24) / **Expiration: 2014-15 school year**
WM100-5754 (renewal) – Waiver of School Code (Section 27-6) request to allow the district to permit students in grades 1 through 6 to participate in physical education once or twice a week for 45 minutes each session rather than daily due to inadequate facilities. In addition, students have 10 minutes of classroom physical education on days when physical education is not taught, and all students have 10 minutes of daily recess. The district is stressing literacy and math education in order to best help its students improve academically.

Chaney – Monge SD 88 – Will (SD 43/HD 86) / **Expiration: 2014-15 school year**
WM100-5758 (renewal) – Waiver of School Code (Section 27-6) request to allow the district to permit students in kindergarten through grade 5 to participate in physical education daily for one quarter of the school year due to inadequate facilities. Students at each grade level also will participate in additional organized physical activities, as weather permits.

Rockford SD 205 – Winnebago (SD 34/HD 67) / **Expiration: 2014-15 school year**
WM100-5759 (renewal) – Waiver of School Code (Section 27-6) request to allow the district to excuse students in grades 9 through 10 from the daily physical education requirement in order to participate in interscholastic athletics and students in grades 9 through 12 from the daily physical education

requirement in order to take other elective courses, such as fine arts, foreign languages, technology, and advanced academic courses. Due to financial difficulties, the district has reduced its schedule to six periods a day, and it contends that the waiver will enable students to enroll in additional coursework needed for college admissions and to compete for scholarships. If granted, this is the last physical education waiver the district will be permitted to request under the law.

Sullivan CUSD 300 – Moultrie, Coles, Shelby (SD 51/HD 102) / **Expiration: 2014-15 school year**
WM100-5760 (renewal) – Waiver of School Code (Section 27-6) request to allow the district to excuse students in grades 9 through 12 from the daily physical education requirement for participation in show choir.
