Billy, I appreciate you coordinating all of this info and I know it's a lot to manage. If you haven't yet received all of the info, you might want to contact each agency one on one. Every time I try to coordinate big groups I find people are less responsive to group emails. A pain I know but just a thought.

Jim is trying to pull all providers located within the zip codes which Jeff provided. As I previously advised, OCA will be able to identify the provider and current funding for the program attachments included with their contracts. If greater program details are needed, and to identify not just providers with their headquarters in those communities, but also providers who service those community areas per Mr. Ocasio's email below, that will likely need to be provided by the program divisions.

Is this information for FY11 and/or FY10?

Jim, can you advise when you believe you can have a list of providers within the identified zip codes, their programs (per Attachment) and funding?

Thanks.

Jeff from CHP is working w/ OCA to get them (Billy) what they need. It was beyond what CHP could provide but I know they are working on this as quickly as they can.

Good morning Director's,

Let me first thank those of you who have already submit your information, it has been very helpful.

For those of you who haven't, please do we can not go forward without your info.

For all of you, we need to expand the search to include all organizations, not just the ones with their headquarters in those communities, but the ones who service those community areas.

We need all funding areas not just violence prevention. The Governor's plan will call for a holistic approach to neighborhood recovery.

Thank you and we need this ASAP.

Directors,

We are working on the Governor's Anti-violence plan. In formulating our plan, it would be beneficial if we knew what not-for-profits agencies our being funded in the following communities:

1. Roseland
2. North Lawndale
3. Humboldt Park
4. Englewood

We would need the names of the organizations, amount of funding and to address what issues. We want to show that there is capacity/assets within these communities. Feel free to call me on my cell [redacted]

Thank you,
