Hello again all,

Crisis averted. Someone just phoned in Hector Ortiz' contact information to me. Unless Mr. Ortiz is not the right contact for VHSD, I should have the connection I was looking for [& my mother can now stop yelling at me from the living room!].

Hector, please see my previous message below & contact me at your earliest convenience.

Hope you all had a great weekend.

Thanks,

Hello all,

I'm trying to locate a contact for Virtual High School. Are any of you still involved?

I'm seeking someone to attend & provide info. at a resource fair for 100 NRI reentry case managers & project coordinators.
They are from about 40 agencies throughout Cook County who provide services for juvenile & young adult parolees.
Most of them are very interested in becoming VHSD host sites. A couple of them already are.

The resource fair is on Mon. 5/21/12, 9am-1pm at the Martin Luther King Community Center at 4313 S. Cottage Grove.

I'm sorry this is so last minute, but I haven't been able to reach Miguel Millett [or anyone else] about this since he resigned
from Youth Network Council.

Even having someone for an hour or 2 would be great. Is there someone you could please pass this request on to?

My contact info. is below:

Thank you.
