Good Afternoon Toni,

I know you are probably really moving by now being back from time a brief time away.

We, Total Resource Community Development Organization (the nonprofit arm of Triedstone), have a matter that I was wondering if we can get some help with and at this point I am not quite sure where else to turn. We do a number of programs, (I have attached our scorecard to give you an ideal of the types of programs we deliver), for the IDPH. One contract began in October, 2009 and the other in January, 2010. To date, we were paid in May for work completed between October and January. Our contracts show expeditures for the majority of the contracts, but no warrants have been issued. After checking this morning, 8/1/10, we see that we are now heading into the 4th month and are still waiting for some portion of what's due to be released.

I know $45,000 doesn't seem like a lot to most, but it is to us, especially operating on a reimbursement basis. Can you help us with this or point me to someone that can help? Any help would be greatly appreciated.
