Toni –

I don't think it is necessary to have the group meeting, at least for now. I will want to meet with you when we get more detailed information from IVPA. I saw that you had sent out an alternative date for the meeting and we can still meet as a group as we had originally planned if you want at the new time you have suggested, so please advise.

Regardless of whether we have the group meeting, I wanted to address the issue of staff. You may recall that when I brought that up, Jack suggested that a possible solution would be to IGA with IVPA to bring their project manager here. Unless I misunderstood, Jack's suggestion was that Lori stay on as an IVPA employee but work out of ICJIA's office. Barbara suggested as an alternative that the IGA would provide that Lori becomes a ICJIA employee. She would prefer it that way and I would too but that would mean ICJIA would need an increase in headcount. I did not know whether that would even be possible and so I spoke with Jared, who said that it would be possible and he would assist in increasing our headcount for the project manager and necessary monitors. Is that all right with you?

As to the source of the monitors, we had spoken of getting monitors either from IVPA or from DCEO. Barbara said that her grant monitors are going to be pretty tied up between the audit of NRI that has already commenced and the closeout of the IVPA NRI grants. Under those circumstances would it be more appropriate to look at DCEO?

Jack, since you and Barb have already met and begun sharing information do we still need to meet as a group?
