Hi Barbara,

As you are aware, my letter to the governor's office was not just an inquiry about the status of our NRI contract. It expressed our concern for IVPA's letter stating "…reminder that any expenses incurred after June 30th and before execution of the new contract, will not be covered by NRI funds". TLOC was never notified by your office nor were our Lead Agencies given any directive from IVPA to have TLOC suspend services prior to June 30th. Therefore, we continued to daily receive and serve our communities clients.

Today, I received a call from our Peter Nicholson, Program Coordinator for Lead Agent Southland Healthcare Forum, conveying the message from Lorri Jenkins to inform me that no funds would be paid to TLOC for expenses incurred during the month of July. Therefore, our position is just in reaching out to the Governor to protect our vulnerable clients and dedicated staff. Thanks Twin

Hi, Twin.

We were recently informed by the governor's office that you sent a letter inquiring about the status of your NRI contracts. As you know, we are working with your Lead Agencies regarding fiscal concerns and will request that they get back to you on this early next week.

Thanks,
Barbara
