
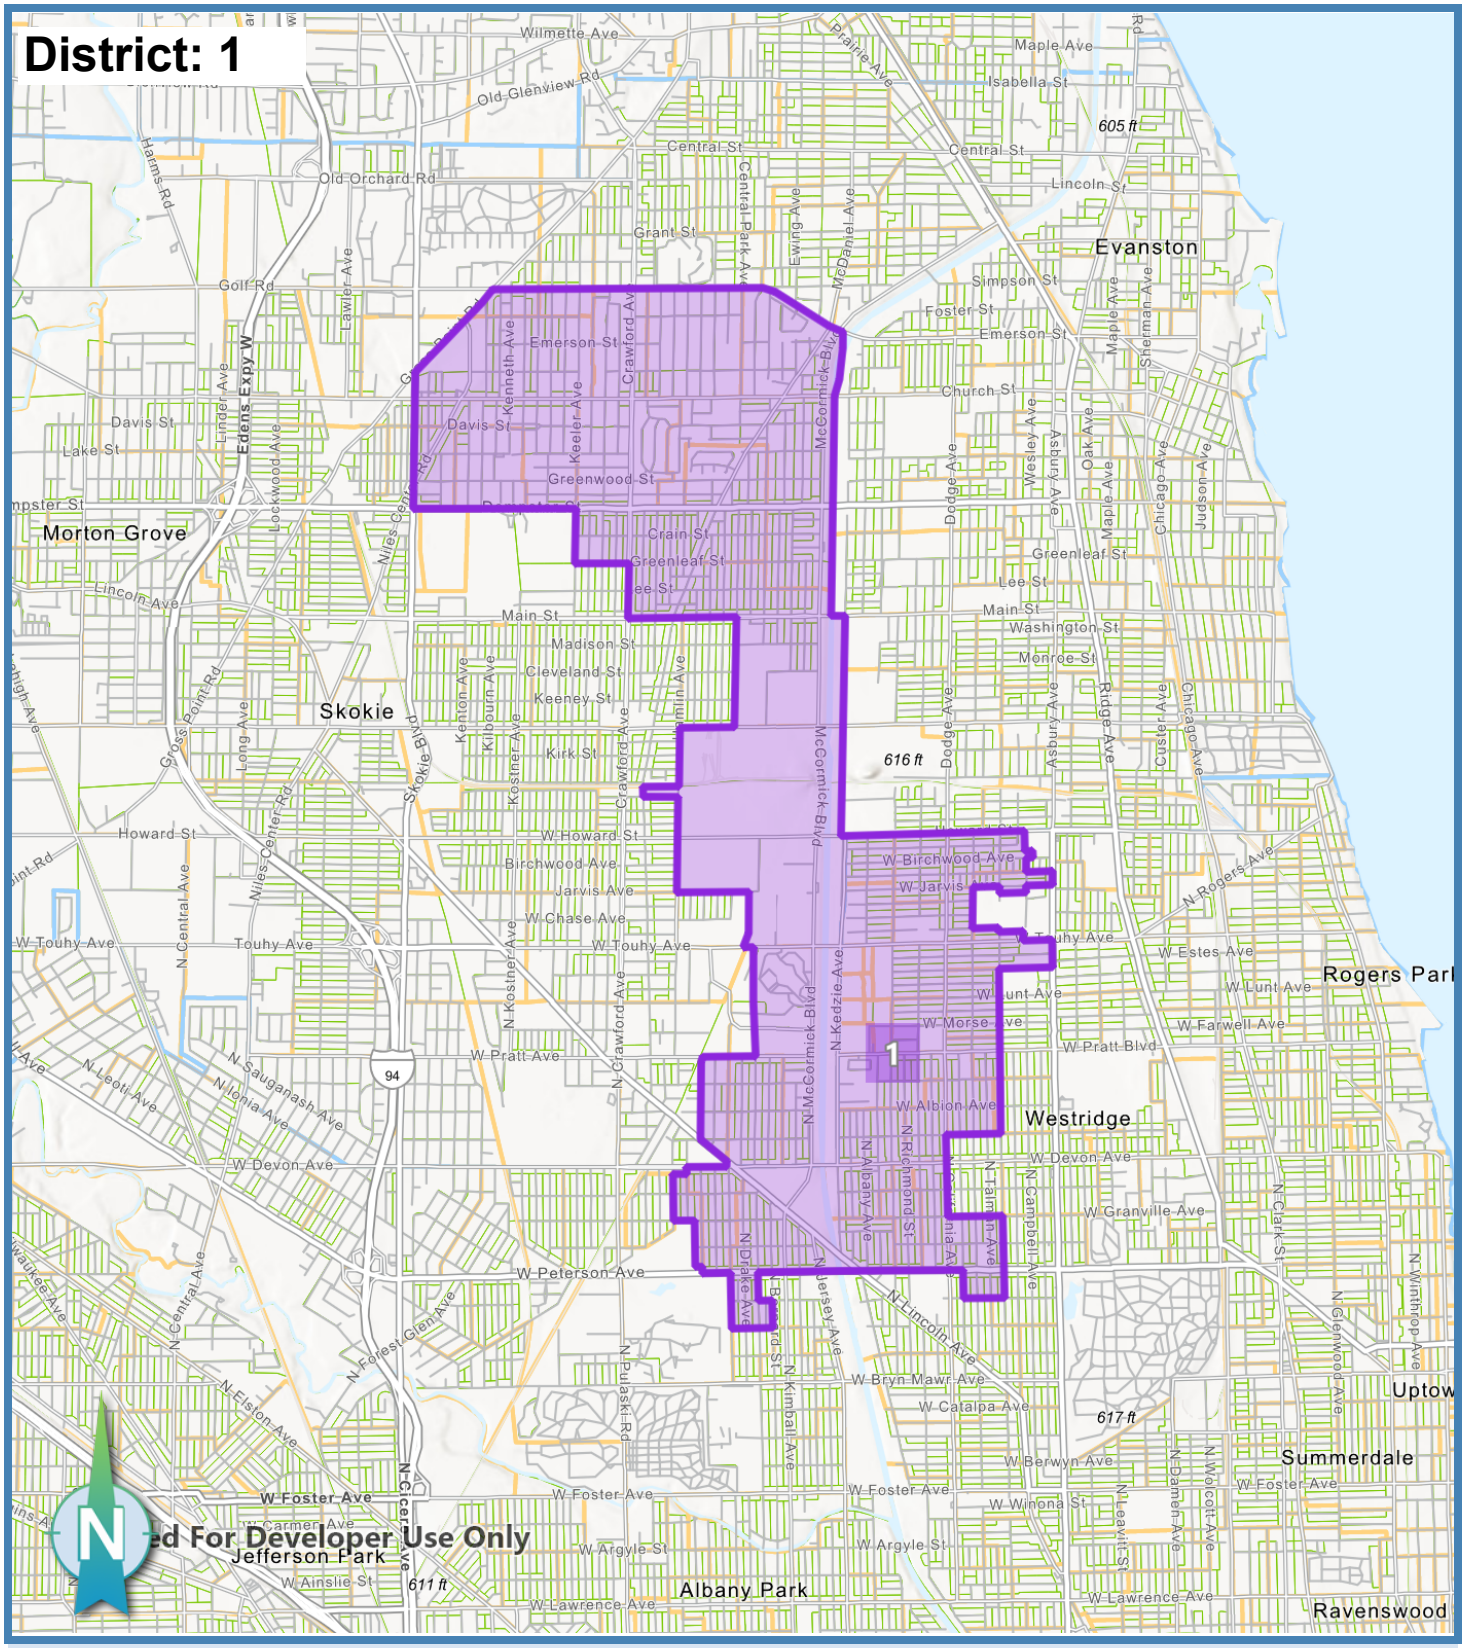

Map Title: AgudathIsrael Orthodox Jewish Community.

Description from Submitter: This is a map of where most of the Orthodox Jewish community resides and can be included in a single Senate and House district. It is not a map of an entire district, and therefore does not meet some criteria. This geographic area is currently split among three House districts and two Senate districts. We would like to keep the community together by putting the area indicated in the map in a single House and Senate district.
