Thank you Dr. Hasbrouck,

The comments from the AG's office are highlighted in red. You will see that references for direct reporting to the governor's office have been removed. We believe it is important to follow the statute and this is the way the IVPA Statute is written. If everyone is in agreement, I will set a call with IDPH and the AG's office to discuss distribution. Thank you,

Wendy

Importance: High

All,

See my edits (highlighted in yellow). I want to remind the group that I spent 5 years working in the area of violence prevention at the CDC and have a solid background in violence prevention, speaking, publishing, programs, and research (see select list of my publications below). More important than that, I still have several contacts at CDC in the Division of Violence Prevention. I am willing to circulate the finalized Job Announcement to my CDC colleagues who can then disseminate to all their grantees/contacts that work in this area. As you know, CDC supports many states and Centers of Excellence in this area.

That said, we have an opportunity to recruit a regional or national leader for this position!

Thanks,

LaMar
