Mah: "Thank you, Mr. Speaker. Good afternoon, colleagues. On behalf of the eight Members of the Asian American Legislative Caucus, I'd like to commemorate May as Asian American Heritage Month. And I'd love for all of you to join me in this celebration. The month of May was chosen to commemorate Asian American and Pacific Islander Heritage Month to mark the first arrival of Japanese immigrants on May 7, 1843, and also, the completion of the Transcontinental Railroad on May 10, 1869, through the incredible efforts of mostly Chinese immigrant workers. Asian Americans and Pacific Islanders are the fastest growing racial and ethnic minority group in the country. And in Illinois... Illinois is home to more than 870 thousand Asian Americans and Pacific Islanders, according to the most recent American Community Survey data. The four largest communities that represent the... represented are the South Asians, Filipino Americans, Chinese Americans, and Korean Americans. Islanders is deeply intertwined in the history of the United States and often it's fraught with discrimination, exclusion, and violence. But regardless, there are those that persevered, and they have been a vital part of our development in Illinois and in the United States in every facet of public life in the advancement of civil rights. So, whether they are soldiers, laborers, business owners, advocates, or community leaders, those in the Asian American and Pacific Islander community continue to rise to the challenges they face and serve as a force for good in the State of Illinois and the United States. So, we proudly highlight their stories during this Asian American Pacific Islander Heritage Month. Thank you."

Speaker Hoffman: "Representative Croke on House Bill 3296, as amended."

Croke: "Thank you, again, Mr. Speaker. HB3296 adjusts the fee cap for credit unions according to CPI from approximately \$140 thousand to \$210 thousand. This is an agreed Bill between IDFPR and the Credit Union League, and there is no opposition that I'm aware of. Similar to banks, just for context, credit unions pay for regulation of their industry. So, the credit union fee cap has not been adjusted since 2008 and audit findings have shown that IDFPR staffing levels for the purposes of regulation to be insufficient. Illinois already has one of the lowest ratios of regulators per credit union in the country, and we currently only have 6 examiners per 100 credit unions, compared to a state like California that has 31 regulators per 100 credit unions. As this Body well knows, we've seen what can happen when our financial industry is not properly regulated. So, this is a necessary fee adjustment to protect Illinoisans. I ask for an 'aye' vote."

Speaker Hoffman: "On this question, Leader Windhorst."

Windhorst: "Thank you, Mr. Speaker. Will the Sponsor yield?"

Speaker Hoffman: "Indicates she'll yield."

Windhorst: "Thank you. So, the fee increase that is in the Bill goes from just under 142 thousand to 210 thousand. Is that correct?"

Croke: "Yes. I would.. I would like to call this a fee adjustment versus a fee increase 'cause we're adjusting it for CPI. But, yes, that is correct."

Croke: "Prior to the Amendment, it was, I believe, in the \$600 thousand range. And I do think we're going to have to address the fee eventually, but this is what we could get when it came to agreement between IDFPR and the Credit Union League."

Windhorst: "Is there an... with the Amendment and the \$210 thousand figure, is there inflationary increases annually or does that 210 thousand remain set going forward?"

Croke: "No, that'll be... that'll remain set going forward, unless, again, we bring this issue back to the Legislature."

Windhorst: "Thank you. To the Bill."

Speaker Hoffman: "To the Bill."

Windhorst: "Just for Members on our side, this is a fee increase and those who oppose fee increases will want to vote 'no'."

Speaker Hoffman: "Representative Croke to close."

Croke: "Just want to drive home that this has not changed since 2008. We've had banks fail in other states because there was not proper regulation. It is very important that we have sufficient funds for our regulators to be able to do their jobs. And this only applies to the nine largest credit unions in the State of Illinois. This is not something that is being passed on to your average consumer. So, I... I very much believe that we need an 'aye' vote and to support this legislation so IDFPR can do their work. Thank you."

This Bill would allow IDOR to provide instead to the county or the township a lump sum and then the county or the township would then distribute those stipends and bonuses to the officials directly. Reick: "Thank you... thank you, Mr. Speaker. This Resolution is a labor of love for me that's gone on for, goodness gracious, over 60 years. What two of my favorite... two of my sports heroes growing up were Bill Russell and Billy Pierce. First baseball game I ever went to with my dad, Billy Pierce pitched against Whitey Ford. What this Resolution does is it urges the golden era committee of the Baseball Hall of Fame to put Billy Pierce in his rightful place alongside the greats of major league baseball because Billy Pierce pitched for the Chicago White Sox when the Chicago White Sox were the second-best team in baseball. And, unfortunately, this best team in baseball was the hated New York Yankees. I came out of my mother's womb hating the New York Yankees. If you take the statistics of Billy Pierce and put them up against the statistics of a fellow named Whitey Ford, you see that they're almost the same by all the metrics that... that measure pitching success in the major leagues. The only difference is the fact that Whitey Ford had a whole bunch of World Series championships and Billy Peirce only appeared in one for the White Sox and then two for the San Francisco Giants. What I'm asking you to do today is join me in telling the... that their... in telling the Baseball Hall of Fame that there has been a grave error made and that the great Billy Pierce belongs in Cooperstown with three other White Sox pitchers whose... are in... are in the Hall of Fame whose numbers are also about the same.
