My impression was that IVPA stopped paying them but that they are still working. I will check re: any sense of outstanding funds.
Re: DHS. Jerry indicated that he wasn't even sure that the service TWO provided was necessary so I think he wants a greater referendum.

Thanks. Just spoke to Michelle and she's going to get back with follow up information on what organizations have capacity to serve those clients if the contract is terminated. It seems the big decision point is whether we want to terminate the contract or allow them to continue in order to recoup the $2.5M they overcharged the state. This also applies to the IVPA grants, which should be modified to help recoup what they owe the state. Does it make sense to schedule a conference call with IVPA and DHS to discuss?
