This communication comes as an invitation to celebrate the employment of six young men from the South Shore community. These employment situations came about as a result of your waving the age requirement for a targeted group of young men the South Shore Chamber, Inc. had recruited off the streets and were trying to put into employment situations. As a result of your cooperation six of these participants have realized permanent employment through a local business in the South Shore community. Please find attached an invitation for you and Ms. Irving to attend this celebration and tour the training center. Thank you.
