We were supposed to have temps this year to help with spot checks but it never came to fruition for various reasons (wrong people, timing, etc.). This closeout is more intense, as we are requiring agencies to provide documentation for their expenditures. Going through the receipts will take more time, which we really don't have.

Were there temps hired for closeouts last year?

Hi Toni,
The NRI team and I are working on completing the closeout process for our grantees. We have required them to submit receipts for the 4th quarter for all expenditures. That said, we will need 2-3 temps for 30 days to assist with reconciliation of reports so that we can determine spent and unspent amounts for all 176 grantees. We had cubicles equipped with phones and computers designated for us in the area formerly occupied by CMS on the 4th floor.

Please let me know what I need to do to secure the aforementioned resources. The temps should start no later than November 28th, as the majority of reports are due on November 30th and we'll need time to train them.

Thanks,
Lorri
