Subject:	RE: Requested Changes for Lead and Providing Agencies for NRI

Good morning,
As a follow up to our meeting on Thursday regarding troubled agencies, I am also recommending that funding for Sky is the Limit and Illinois One Family One Child (IOFOC) also be reconsidered. Sky is the Limit has serious fiscal and programmatic concerns (I thought that they had been removed already). Also, IOFOC has not been a strong provider.

Please let me know if you have questions.
