207 Statehouse
Springfield, IL 62706

Dear Governor Pritzker:

Pursuant to Public Act 88-593, as amended, at a meeting held January 12, 2021, the Board of Trustees of the State Employees' Retirement System (SERS) certified an FY 2022 State contribution rate of 56.169% of projected payroll, or \$2,574,820,000. The FY 2022 certification includes \$2,470,303,000 for the State contribution to SERS and \$104,517,000 for debt service on the 2003 pension obligation bonds. Of the \$2,470,303,000 for the State contribution to SERS, \$611,137,000 is for the employer's portion of the expected FY 2022 normal cost. The remaining \$1,859,166,000 is due to the unfunded liabilities.

Consistent with the Governmental Accounting Standards Board (GASB) Statement No. 67, the SERS Board of Trustees adopted a funding policy, or Actuarially Determined Contribution (ADC) policy in 2015. The ADC provides for annual contributions that are equal to the annual normal cost of benefits earned plus amortization of the unfunded actuarial liability over a 25-year period as a level percent of payroll. The remaining amortization period is 20 years. The FY 2022 ADC is \$2,976,657,067, or \$506.4 million higher than the amount calculated under the statutory funding plan.

The ADC is used in financial reporting but does not affect the certified employer contributions to SERS, is certified by the Board pursuant to the statutory funding plan.

Attached is the FY 2020 actuarial valuation along with the FY 2022 certification letter prepared by the System's actuaries. The actuarial valuation, membership data used in the valuation, and all calculations have been reviewed by the State Actuary.

Very truly yours,

Timothy Blair
Executive Secretary
