I think it would be great to have the Chair of the Governor's Anti-Violence Commission speak. Billy, what do you think?

Hi Toni. Hope your day is going well. As follow up to my response to this e-mail last week, is anyone pursuing this event as a possible speaking engagement with the governor? It's coming soon (August 28th). He could simply state support of the effort by the group and the church, and suggest that other communities also host such an event. This could also serve as follow up to the bill signing and community walk in Roseland and as a prelude to an announcement next month about the Neighborhood Recovery Plan? Later will include as a recommended model activity for each of the 4 community areas. Please advise. Thanks.
