Subject: Neighborhood Stabilization Event
Importance: High

Hello, (please note all of this may change by the morning!)
On Monday at 12:30 pm the Governor will be announcing the neighborhood stabilization program at Kennedy King College. The exact location at the college is not finalized yet, but those details will be firmed up tomorrow morning by Lou and Maggie.

We have divided up the lists of people to call and the coordinators for each of those lists are as follows:

Chima: Anti Violence Commission, IVPA Board (via Barbara Shaw) and Aldermen (via Barbara Shaw)

Joey: African American Ministers

Malcolm: Real life example of people who will benefit.

Billy, can you please coordinate with the key Hispanic churches?

Lindsay—Please include legislators. I will send you a separate note with the areas that need to be included.

Calls will start tomorrow morning. If there are changes to the program, please let this entire email chain know. I'm on furlough tomorrow but can be available on either cell all day long. Thanks.

Sara Barnett
Director of Outreach, Economic Initiatives
Office of Governor Pat Quinn
