Thank you so much Barbara for including me on this team.

Unfortunately I will be out of state on vacation that day but would love to be able to call into this meeting if that option is made available.

This money presents a wonderful opportunity to collaborate with djj, our new 2nd chance grant and the ARRA grant to fully implement a meaningful pilot of the djj re entry plan that will be capable of delivering a complete array of services to youth and families per their individualized case plan/re entry plan.

I am excited about the possibilities

Karrie
