I think Bishop Porter has a great program that should definitely be a partner agency. However, I think we must also take into consideration that he has his eye on the mayoral seat. I'm not in the office today, but I will look into Maywood's NRI plans when I'm back. I would also like to set up some checks and balances for the lead agencies to insure that they are making effective partnerships.

Toni Irving
Deputy Chief of Staff
Governor Pat Quinn

Senator Lightford has expressed concern regarding NRI and the money going to the Village of Maywood. She says they have no youth programs and have been fighting with the Park District. I know there is some local politics that we are dealing with in Maywood, but we should look into this. What is the Village's plan for NRI. Also, Bishop Claude Porter, who runs the local community action agency, has been discussing this with Senator Lightford. Please keep me updated. Thanks.
