Hi Toni:

I am planning to attend this meeting. Is there something more I should review in advance of this meeting? I was hoping to go to the meeting about NRI that was scheduled late last month but could not due to a family emergency. I do hope that if there is anything I or the U of C Crime Lab can do to be helpful you will let me know. Also, if you ever have a few minutes, there is a data issue I'd like to get you thoughts on.

Take care,
Roseanna
