Hi team – here is revised report –

Billy, can you ask socorro to share with the commission?

Emily, can you start working on taking out the watermarks, and formatting so we can get it printed and bound (I know we are awaiting a few things from ISP, but Chima, can you complete the calculations for the increased FTIP fees) – also, I decided that since I can't oppose Concealed Carry right now, I am going to be more aggressive on the FOID, I increased it to $20.00 for five years – oh well - that however means you have to do some more calculations, I indicated 50% of that revenue for management of the program and 50% for the data infrastructure for MH records…

Susan, can you put my electronic signature on the letter?

I want to get this to Governor next week, it has been long enough – Billy should we work with Gov's press office to see when to schedule something? I am also copying my PIOs

Thanks
Tere
