Hi, Everyone:

I wanted to make sure that you all had a copy of the press release that went out today and the One pager for SNW and NRI combined. Both are attached. I hope tomorrow that you will commit a part of your day to either going to Springfield or attending the Rally at Thompson Center at noon.

Khaleelah Muhammad

A true revolution of values will soon cause us to question the fairness and justice of many of our past and present policies. On the one hand, we are called to play the Good Samaritan on life's roadside, but that will be only an initial act. One day we must come to see that the whole Jericho Road must be transformed so that men and women will not be constantly beaten and robbed as they make their journey on life's highway. True compassion is more than flinging a coin to a beggar. It comes to see that an edifice which produces beggars needs restructuring.
--Dr. Martin Luther King, Jr.

Subject: Re: HB 2168

Hi Pamela-
As a followup to our conversation of Friday--

Senate Passed SB 2428 (IVPA Budget) with NRI @ 33.5m and Safety NetWorks @ 3.6m (pg 48 line 10)
House Passed HB 2168 (IVPA Budget) with NRI @ 10m and Safety NetWorks @ 0 (pg 101 line 12)

The next step is for each chamber to consider the Budget Bill sent over from

then other chamber, and then to:
--- accept the other chamber's bill, which would then be passed and go to the governor.(which won't happen)
OR
---amend as they see fit, in which case the bills would go BACK to their house of origin for a concurrence vote--also unlikely to happen, as there is no consensus at this point between the houses.

In the event that the bills are amended, sent back, and not agreed upon, the leadership and select legislators will develop the final budget which will then have to pass both houses.

Your strategy should be to try and get the House to accept the amounts budgeted for the Safety Nets and NRI (the higher amounts) and not change those in their amendment of the Senate Bill. And, to work with the Senate to have them amend the House version to the levels in the Senate Bill. Thus, your lines will be the same in both versions, which should reduce the chances of an issue as to their amount in the final negotiations.

As I said on the phone, the House is scheduled to return to Session 3Pm on Monday, and the Senate at 4PM. Many of the legislators will probably come in late and go straight to the floor; it is also expected that the session will be short and they will go their own ways till Tuesday AM, probably reconvening about 11 on Tuesday as they have been.
Thus, Tuesday or Wednesday might be better for your efforts.
At present, the House Appropriations Public Safety Committee is scheduled to meet on Wednesday at either 2PM (or immediately after session depending on how long they go that day) in Room 114 of the Capitol. We do not know if they will be considering the Senate Budget Bills at that time, but this is the committee that hears IVPA's budget. I am attaching a list of those members for you. Senate committees have not yet posted schedules.

I am also forwarding your Information to Howard Lathan, who David mentioned to you in the meeting. Mr. Lathan oversees our NRI programs, and should be familiar

to St.Sabina's from other projects we have been co-involved in. He will most likely contact you Monday when we are back in our offices at CAP.

I hope this all helps, and look forward to seeing you in Springfield. We all have a rough job advocating for our programs in these tight budgets, but the work we do in the community is too important to let it slide. Best of luck to you
