This was discussed and I thought the problem was ICJIA doesn't have grant-making authority. Are they talking about giving them that authority and funding them to develop the grant-making and grant-mangement infrastructure?

Adding Cristal, Toni, and Malcolm. My guess is absolutely.

John S. Kamis

Subject: Neighborhood Recovery Initiative

Rep. Cassidy, Cunningham, Arroyo and G. Harris requested a meeting today with Dir. Cutrone and they asked if ICJIA would take over the Neighborhood Recovery Initiative. Does the Governor's

Office have a problem with that?
