Toni –

I emailed you last week about this. Jared wants me to enter an IGA giving DHS a $1.7 million grant out of the NRI for a summer jobs program. I explained to him when we spoke about it last week that the ICJIA approps bill gave us authority only to make grants to community organizations not governmental agencies. As I indicated in the last email, Jared says that Jack Lavin is on board with this, but nothing about it was mentioned when we met, so I really need some guidance from you. I will hold off calling Jared until I have spoken with you.

Jack

Jack,
Could you please give me a call when you have a minute? I'm needing your review and signature on the attached document.

Thanks,

Jared Brunk
