The Illinois Tollway's 2018 Annual Report highlights the progress made in continuing the delivery of the Move Illinois capital construction program as well as providing a superior driving experience for our customers. We're proud of the work we've completed as we continue to look towards the future, building solutions to our regional transportation issues. As we begin work on two of the most complex projects in Tollway history, the construction of I-490 and the rebuilding and widening of the Central Tri-State, we continue to identify new ways to deliver congestion relief and improve the quality of life in northern Illinois.

We remain more committed than ever to achieving our agency goals. With an ongoing emphasis on diversity, the environment and economic development, we look to continue to lead the way to a brighter, stronger and more interconnected future. Sincerely,

Kevin Artl
Acting Executive Director
