The Commission on Government Forecasting & Accountability is a bipartisan legislative support service agency that is responsible for advising the Illinois General Assembly on economic and fiscal policy issues and for providing objective policy research for legislators and legislative staff. The Commission's board is comprised of twelve legislators-split evenly between the House and Senate and between Democrats and Republicans.

The Commission has three internal units--Revenue, Pensions, and Research, each of which has a staff of analysts and researchers who analyze policy proposals, legislation, state revenues & expenditures, and benefit programs, and who provide research services to members and staff of the General Assembly. The Commission's Revenue and Pension Units annually publish a number of statutorily mandated reports as well as on-demand reports in regard to Illinois' financial and economic condition, the annual operating and capital budgets, public employee retirement systems, and other policy issues. The Research Unit fulfills research requests from legislators, legislative committees, and partisan staffs. The staff's areas of expertise include law generally, science and technology, taxation, education, local government, economics and fiscal affairs, and the political and social history of Illinois. Additionally, the Research Unit publishes the *First Reading* newsletter, *Illinois Tax Handbook for Legislators*, *Federal Funds to State Agencies*, various reports detailing appointments to State Boards and Commission, and a number of other publications.

Commission on Government
Forecasting & Accountability
Springfield, Illinois

Introduction

We are pleased to present the 2023 edition of *State Board and Commission Descriptions*. Its purpose is to inform legislators about the many opportunities for private citizens to participate in state government by serving on boards, commissions, task forces, and other bodies.

This book lists positions in state government created by Illinois or federal statute, or by Illinois executive order. No attempt has been made to cover all advisory boards created by state agencies.

The Table of Contents lists names of appointive bodies in alphabetical order; the Index by Subject lists them by subject matter. The entry for each body shows its functions and composition; required or suggested qualifications of members; length of terms; and appointing authority. Some positions are salaried; others get compensation for expenses; and others are uncompensated. Officials who are on boards by virtue of their office (*ex officio*) often designate other persons to represent them.

State Board and Commission Descriptions was compiled by Amanda Gruber, who can be contacted at (217) 782-6851.

State Board and Commission Descriptions / December 2023

Government Forecasting and Accountability, Commission on

Function

The Commission is a bipartisan legislative support service agency that is responsible for advising the Illinois General Assembly on economic and fiscal policy issues and for providing objective policy research for legislators and legislative staff. The Commission's board is comprised of twelve legislators split evenly between the House and Senate and between Democrats and Republicans.

The Commission has three internal units--Revenue, Pensions, and Research, each of which has a staff of analysts and researchers who analyze policy proposals, legislation, state revenues and expenditures, and benefit programs, and who provide research services to members and staff of the General Assembly. The Commission's Revenue and Pension Units annually publish a number of statutorily mandated reports as well as on-demand reports in regard to Illinois' financial and economic condition, the annual operating and capital budgets, public employee retirement systems, and other policy issues. The Research Unit fulfills research requests from legislators, legislative committees, and partisan staffs. The staff's areas of expertise include law generally, science and technology, taxation, education, local government, economics and fiscal affairs, and the political and social history of Illinois. Additionally, the Research Unit publishes the "First Reading" newsletter, "Illinois Tax Handbook for Legislators," "Federal Funds to State Agencies," various reports dealing with appointments to state boards and commissions, and a number of other publications.
