 225 ILCS 227/90

Deletes everything after the enacting clause. Amends the Pyrotechnic Operator Licensing Act by changing the short title to the Pyrotechnic Distributor and Operator Licensing Act and amends the Illinois Explosives Act to reflect that change. Defines "1.3G fireworks", "BATFE", "consumer fireworks", "facility", "flame effect", "pyrotechnic distributor", and "special effects fireworks". Provides that "display fireworks" means 1.3G or special effects fireworks (rather than any substance or article defined as a Division 1.3G or 1.4 explosive by the United States Department of Transportation). Provides for licensure requirements and rules for a pyrotechnic distributor (in addition to a lead pyrotechnic operator). Provides that the rules of the State Fire Marshal shall be based on nationally recognized standards, such as those of the National Fire Protection Association (NFPA) 1126 guidelines for proximate audience displays (rather than indoor displays) and NFPA 160 guidelines for flame effect displays. Provides that the State Fire Marshal shall conduct the training and examination of pyrotechnic operators and pyrotechnic distributors or may delegate the responsibility to train and examine pyrotechnic distributors and operators to the Department of Natural Resources. Provides that after January 1, 2006, all pyrotechnic displays must comply with the requirements set forth in the Act and no person may engage in pyrotechnic distribution or act as a lead operator in a pyrotechnic display without first applying for and obtaining a license (now, after April 1, 2005, no individual may act as a lead operator in a pyrotechnic display without applying for and obtaining a license). Provides that applicants for a license must submit to the Office of the State Fire Marshal a license fee set by the Office and proof of having the requisite knowledge, either through training, examination, or continuing education, as established by Office rule. Removes the requirement that applicants for a lead pyrotechnic operator's license pass the examination presented by the Office. Provides that in order to be qualified to receive a license under the Act, a person must have, or have applied for, a BATFE explosives license or a Letter of Clearance from the BATFE. Provides that no pyrotechnic distributor shall allow any person in the pyrotechnic distributor's employ to act as a lead pyrotechnic operator until the person has obtained a lead pyrotechnic operator's license from the Office of the State Fire Marshal. Makes other changes. Effective immediately.

Deletes everything after the enacting clause. Amends the Coal Mining Act. Defines "lifeline cord", "self-contained self-rescue (SCSR) device", "surface supervisor of an underground mine", "tag-line", "rescue chamber", and "cache". Provides that the Department of Natural Resources shall use the telecommunications center maintained by the Illinois Emergency Management Agency to notify agents of the Department and other State, federal, and local agencies in the event of an emergency in or about any coal mine. Provides that the 4 mine rescue stations that are required to serve the coal fields of the State must be certified by the Mine Safety and Health Administration of the U.S. Department of Labor. Provides that rescue teams shall be based out of each mine rescue station and that every mine operator must provide employees to serve on a rescue team. Provides that an operator must require each person underground to carry a SCSR device on his or her person or, alternatively, a SCSR device must be kept within 25 feet of the person underground. Requires the provision of rescue chambers and materials for barricade within mines. Provides that tag-lines must be provided in every working section of a mine and on any vehicle capable of hauling 4 or more people within the mine. Prohibits methane extraction from sealed areas of active mines or abandoned mines that are attached to active working mines. Provides that at least one of the 2 travelable passageways designated as escape ways in a working section of a mine must be equipped with a lifeline cord. Provides that the return air passageway to the surface must be marked with reflectors or other appropriate signage, as approved by the Department. Provides that a vehicle suitable for transporting all persons underground working on a unit and injured persons shall be maintained in each underground working section (now, a vehicle suitable for transporting injured persons must be maintained on each underground working section where workers are working for use in case of accident). Requires the operator of a mine to provide wireless emergency communication devices and wireless tracking devices that must be worn by each person underground. Provides criminal penalties for any person who, without the authorization of the operator or the Mining Board, knowingly removes or attempts to remove from a mine or mine site or knowingly tampers with or attempts to tamper with any SCSR device, battery-powered strobe light, wireless emergency communication device, or wireless tracking device. Requires the Mining Board and the Department to work in consultation with the mining industry to study communication and tracking systems technology. Sets forth provisions concerning general surface supervisors and independent contractor supervisors. Makes other changes. Effective immediately.

SENATE FLOOR AMENDMENT NO. 2

Deletes everything after the enacting clause. Reinserts the provisions of the bill, as amended by Senate Amendment 1, with the following changes. Requires an operator to provide for an adequate number of SCSR devices to be maintained in all rescue chambers and caches located

throughout a mine (instead of requiring an operator to provide a minimum of SCSR devices in each cache located within a mine and requiring caches to be located no more than 4,000 feet apart throughout a mine). Provides that rescue chambers approved by the Mining Board must be provided at suitable locations (instead of 3,000 feet apart) throughout a mine. Replaces the provision concerning communication and tracking systems technology with a provision requiring the Director of the Office of Mines and Minerals to establish a Mine Technology Task Force to review and make recommendations to the Mining Board concerning mine safety technologies. Provides that rescue chambers, wireless emergency communications devices, and wireless tracking devices must be provided in each underground mine once this equipment is federally approved and commercially available. Provides that each applicant for a certificate as a general surface supervisor of an underground mine must have a minimum of 2 years of work experience at a coal mine surface facility (instead of an underground coal mine surface facility) or coal preparation plant. Effective immediately.

SENATE FLOOR AMENDMENT NO. 3

Provides that each group represented on the Mine Technology Task Force shall submit the name of its representative to the Director. Provides that rescue chambers, wireless emergency communications devices, and wireless tracking devices must be provided in each underground mine within 90 days after the equipment is federally approved (instead of once the equipment is federally approved and commercially available). Provides that to the extent any of the devices have already been federally approved, the operator shall provide the equipment in each underground mine within 90 days after the effective date of this amendatory Act.

HOUSE AMENDMENT NO. 1

Deletes everything after the enacting clause. Reinserts the provisions of the engrossed bill with the following changes. Makes a change to the definition of "self-contained self-rescue (SCSR) device". Removes the provision requiring an operator to provide an adequate number of SCSR devices to be maintained in all rescue chambers and caches throughout a mine. Adds a provision requiring an operator to provide at least one SCSR device for each person underground, in addition to the device already required by this amendatory Act, that provides protection for a period of one hour or longer and to provide additional SCSR devices for all persons using a mantrip or mobile equipment if such transportation is used to enter or exit the mine. Provides that if the required SCSR devices are not adequate to provide enough oxygen for all persons to safely evacuate the mine under mine emergency conditions, the mine operator must provide additional SCSR devices in the primary and alternate escapeways to ensure safe evacuation for all persons underground through both primary and alternate escapeways; includes requirements for the SCSR storage plan. Requires the Mining Board to determine the time needed for safe evacuation from each of those locations at 1,000 foot intervals. Provides that, beginning January 31, 2007, an operator must provide a minimum of 30 SCSR devices in each cache located within a mine, in addition to federal Mine Safety and Health Administration requirements, and that caches must be located no more than 4,000 feet apart throughout a mine. Provides that, beginning January 31, 2007, rescue chambers approved by the Mining Board must be provided and located within 3,000 feet of each working section of a mine. Requires an operator to submit a plan for approval concerning the construction and maintenance of the required rescue chambers. Sets forth requirements for methane extraction from sealed areas of active mines or abandoned mines that are attached to active working mines (instead of prohibiting such methane extraction). Provides that the membership of the Mine Technology Task Force shall include representatives of an organization representing mine employees (instead of representatives of the United Mine Workers of America). Provides for a temporary waiver of the requirement that rescue chambers, wireless emergency communication devices, and wireless tracking devices be provided. Effective immediately.

HOUSE AMENDMENT NO. 2

Provides that the Mining Board must adopt and impose a plan for the daily inspection of certain required SCSR devices to ensure that the devices perform their designated functions each working day and provides that certain additional required SCSR devices must be inspected every 90 days to ensure that the devices perform their designated functions, in addition to meeting all federal Mine Safety and Health Administration requirements (instead of requiring the Mining Board to adopt and impose all federal requirements concerning the testing and storage of the SCSR devices).

Changes all references from the Physical Therapy Licensing and Disciplinary Committee and the Physical Therapy Examining Committee to the Physical Therapy Licensing and Disciplinary Board. Changes the definition of "physical therapy" to mean and include (A) examining, evaluating, and testing individuals who may have mechanical, physiological, or developmental impairments, functional limitations, disabilities, or other health and movement-related conditions, classifying these disorders, determining a rehabilitation prognosis and plan of therapeutic intervention, and assessing the on-going effects of the interventions, (B) alleviating impairments, functional limitations, or disabilities by designing, implementing, and modifying therapeutic interventions for the purposes of preventing, correcting, or alleviating a physical or mental impairment, functional limitation, or disability, (C) reducing the risk of injury, impairment, functional limitation, or disability, including the promotion and maintenance of fitness, health, and wellness, and (D) engaging in administration, consultation, education, and research. Removes provisions concerning the initial terms and appointments of members of the Physical Therapy Licensing and Disciplinary Committee. Changes references to a physical therapy assistant program to a physical therapist assistant program. Provides that a person must have graduated from and attained an associate's degree from an approved physical therapist assistant program in order to be qualified to receive a license as a physical therapist assistant (now, a person is required to have graduated from a 2-year college level physical therapy assistant program). Provides that following notification of eligibility for examination, an applicant who fails to take the examination for a license under the Act within 60 days of the notification shall forfeit his or her fee and right to practice as a physical therapist or physical therapist assistant (now, an applicant who fails to take the next-scheduled examination forfeits his fee and right to practice) until such time as the applicant has passed the appropriate examination.

Replaces everything after the enacting clause. Amends the Counties Code, the Illinois Municipal Code, and the Affordable Housing Planning and Appeal Act. Provides that counties and municipalities may use their zoning powers to promote the creation and preservation of affordable housing. In the Affordable Housing Planning and Appeal Act: (1) provides that upon recalculation of the non-exempt list of local governments using new decennial census data, any local government determined for the first time to be non-exempt by the Illinois Housing Development Authority shall have 18 months from the date of notification of its non-exempt status to approve an affordable housing plan; (2) authorizes local governments to adopt certain measures to promote the goals of the Act and to maximize the creation of affordable housing throughout the State, including (i) creation of a housing trust fund, (ii) creation of a community land trust, and (iii) acceptance of donations of money or land; (3) provides that a non-exempt local government may enter into intergovernmental agreements with local governments within 10 miles of its corporate boundaries in order to create affordable housing units to meet the goals of the Act, and provides that these provisions are inoperative on and after January 1, 2010; (4) makes changes in connection with appeals to the State Housing Appeals Board, including providing that (A) if a developer proves by a preponderance of the evidence that the local government's decision was based on an intent to prohibit or render infeasible the development of affordable housing, then the local government's decision will be deemed to be arbitrary and unreasonable and without substantial relation to the public health, safety, or welfare and (B) an appeal to the Appellate Court of a final ruling by the State Housing Appeals Board may be heard only in the Appellate Court for the District in which the local government involved in the appeal is located; (5) provides that a Housing Appeals Board must be created before January 1, 2008 (instead of July 1, 2006); and (6) changes the provisions concerning the adoption of rules by the Illinois Housing Development Authority. Makes other changes. Effective

immediately.

HOUSE AMENDMENT NO. 1

In provisions amending the Counties Code and the Illinois Municipal Code: (i) provides that zoning powers may be used to require (instead of promote) the creation and preservation of affordable housing and (ii) authorizes incentives to developers who are creating, establishing, or preserving (instead of building) affordable housing. In provisions amending the Affordable Housing Planning and Appeal Act: (1) makes changes in the definitions of "development" and "housing trust fund"; (2) authorizes local governments to individually or jointly create or participate in a housing trust fund or otherwise provide funding or support for the purpose of supporting affordable housing (instead of simply authorizing a local government to create a housing trust fund); (3) authorizes loans (as well as grants) to not-for-profit organizations that are engaged (instead of actively engaged) in addressing affordable housing needs; (4) provides that all intergovernmental agreements entered into to create affordable housing units to meet the goals of the Act must also specify the anticipated number of newly created affordable housing units that are to be credited to each local government participating in the agreement for purposes of complying with the Act; (5) deletes a statement that amendatory provisions concerning intergovernmental agreements between local governments are inoperative on and after January 1, 2010; (6) in references to a determination of a local government's non-exempt status for the first time based on a recalculation of decennial census data, adds "after 2010"; (7) provides that in a proceeding before the State Housing Appeals Board, the affordable housing developer bears the burden of demonstrating that the proposed affordable housing development (i) has been unfairly denied or (ii) has had unreasonable conditions placed upon it by the decision of the local government (instead of demonstrating that the decision of the local government was arbitrary and unreasonable and without substantial relation to the public health, safety, or welfare); and (8) makes other changes.

30 ILCS 105/5.595

Replaces everything after the enacting clause. Amends the Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act. Replaces the provisions concerning the pharmaceutical assistance program. Effective January 1, 2006, provides for a new program of pharmaceutical assistance to the aged and disabled, entitled the Illinois Seniors and Disabled Drug Coverage Program ("the new program"), which shall be administered by the Department of Healthcare and Family Services and the Department on Aging. Provides that to become a beneficiary under the new program, a person must (1) be either age 65 or older or disabled, (2) be domiciled in this State, (3) enroll with a qualified Medicare Part D Prescription Drug Plan if eligible, and (4) have a maximum household income of less than specified

amounts depending on household size. Provides that all individuals enrolled as of December 31, 2005, in the pharmaceutical assistance program under the Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act and all individuals enrolled as of December 31, 2005, in the SeniorCare Medicaid waiver program operated under the Illinois Public Aid Code shall be automatically enrolled in the new program. Divides the new program beneficiaries into 4 "eligibility groups". Provides that the program shall cover the cost of covered prescription drugs in excess of the beneficiary co-payments (\$2 for each prescription of a generic drug and \$5 for each prescription of a brand-name drug) that are not covered by Medicare. Provides a new definition of "covered prescription drug" for purposes of the new program. Provides that any person otherwise eligible for pharmaceutical assistance under the new program whose covered drugs are covered by any other public program is ineligible for assistance under the new program to the extent that the cost of those drugs is covered by the other program. Sets forth conditions of participation in the new program for pharmacies. Amends the Senior Citizens and Disabled Persons Prescription Drug Discount Program Act. Changes the short title of the Act to the Illinois Prescription Drug Discount Program Act. Makes changes in the legislative findings. Provides that the prescription drug discount program is for "Illinois residents" instead of only senior citizens and disabled persons. Provides for administration of the Act by the Department of Healthcare and Family Services (successor agency to the Department of Public Aid) instead of the Department of Central Management Services. Changes the requirements that a proposal for administering the program must meet, including requirements that a proposal specify (i) the amount of the discount based on the average wholesale price of the covered medications and (ii) administrative fees charged by the administering entity. Eliminates provisions (i) setting forth limits on the amounts paid for medications by persons enrolled in the program and (ii) specifying the formula for calculating the amounts paid by the program administrator to pharmacies. Provides for a program enrollment fee to be determined by the Director of Healthcare and Family Services (instead of \$25), and makes changes concerning collection of the enrollment fee. Provides that to be eligible to participate in the program, a person must be a resident of Illinois and must have household income equal to or less than 300% of the Federal Poverty Level. Eliminates a provision that any person who is eligible for pharmaceutical assistance under the Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act is presumed to be eligible for this program. Makes other changes. Amends the State Finance Act; changes the name of the Senior Citizens and Disabled Persons Prescription Drug Discount Program Fund to the Illinois Prescription Drug Discount Program Fund. Effective January 1, 2006.

Replaces everything after the enacting clause. Amends the Mental Health and Developmental Disabilities Code. Provides that whenever a patient refuses mental health or developmental disability services, the physician shall determine and state in writing the reasons why the recipient did not meet the criteria for involuntary treatment (that is, that the services are necessary to prevent the recipient from causing serious and imminent physical harm to the recipient or others and no less restrictive alternative is available) and whether the recipient meets the standard for authorized involuntary treatment under the appropriate provisions of the Code. Provides that if the physician determines that the recipient meets the standard for authorized involuntary treatment, the facility director shall petition the court for authorized involuntary treatment unless it is determined that such a petition is not warranted. Provides that in determining whether a person meets the specified criteria for authorized involuntary treatment, the court may consider evidence of the person's history of serious violence, repeated past pattern of specific behavior, actions related to the person's illness, or past outcomes of various treatment options. Requires the Department of Human Services (DHS) to conduct annual trainings for clinical personnel on the appropriate use of authorized involuntary treatment. Provides that each facility director of a State-operated mental health facility shall prepare a quarterly report stating the number of persons who were determined to meet the standard for authorized involuntary treatment but for whom it was determined that the filing of such a petition was not warranted; requires DHS to publish an annual report. Provides that a recipient's treatment plan must include a written assessment of whether or not the recipient is in need of psychotropic medications. Effective immediately.

Effective immediately.

SENATE COMMITTEE AMENDMENT NO. 1

Deletes everything after the enacting clause. Amends the Motor Fuel Tax Law. In a provision concerning refunds, allows claims for taxes paid for undyed diesel fuel used by tugs and spotter equipment that is owned by a taxpayer and that is used for shifting vehicles or parcels on private or airport property. In the Illinois Income Tax Act, provides for the allowance of the income tax credits for partners, shareholders of Subchapter S corporations, and owners of limited liability companies that are treated as a partnership. STATE DEBT IMPACT NOTE (H-AM 1)(Comm on Gov't Forecasting & Accountability)

PENSION NOTE (H-AM 1)(Comm on Gov't Forecasting & Accountability)

SB 1279 (H-AM 1) would not impact any public pension fund or retirement system in Illinois.

HOME RULE NOTE (H-AM 1)Dept of Commerce and Economic Opportunity)

SB 1279 (H-AM 1) does not pre-empt home rule authority.

Additionally, the Illinois Department of Revenue would incur administrative costs associated with the administration of the new tax credits of approximately \$50,000 to \$100,000 in fiscal year 2007 and approximately \$25,000 to \$75,000 each year thereafter.

405 ILCS 30/4.5 new

Amends the Community Services Act. Provides that whenever any appropriation, or any portion of an appropriation, for any fiscal year relating to the funding of any State-operated facility operated by the Office of Developmental Disabilities within the Department of Human Services or any mental health facility operated by the Office of Mental Health within the Department is reduced because of any of the following reasons, those moneys must be directed toward providing other services and supports for persons with developmental disabilities or mental health needs: (1) closing of a State-operated facility; (2) reduction of the number of units or available beds in a State-operated facility; or (3) reduction in the number of staff at a State-operated facility. Provides that in determining whether any savings are realized from closure of a State-operated facility or a reduction in the number of units, available beds, or staff, sufficient moneys shall be made available to ensure that there is an appropriate level of staffing and that life, safety, and care concerns are addressed so as to provide for the remaining persons with developmental disabilities or mental illness at State-operated facilities. Provides that the plan for using any savings realized from such a closure or reduction must be shared and discussed with advocates, advocacy organizations, labor organizations, and advisory groups whose mission includes advocacy for persons with developmental disabilities or persons with mental illness. Effective immediately.

FISCAL NOTE (Department of Human Services)

Under the bill, no overall savings would accrue as a result of any policy change regarding the DHS State Operated Facilities, regardless of the reason for the change. \$565,821,500 or 15% of the General Revenue FY 2006 Budget Request is related directly to the State Operated Facilities. The entire amount of the State Operated Facilities Budget Request would be unavailable for any savings opportunities, regardless of the reason for the savings. For example, the FY 2006 Budget Request assumes \$16,804,400 in savings attributable to the reduction of headcount and efficiency savings related CMS procurement efficiencies, facilities management, and IT procurement. This amount would no longer be a savings to the state, but be re-directed immediately to the appropriate community funding.

Amends the Department of Commerce and Economic Opportunity Law. Creates the Military Base Support and Economic Development Committee within the Department of Commerce and Economic Opportunity to make reports and act as a communications center for issues relating to military base closures in the State. Provides conditions for membership on the Committee. Sets forth a list of issues pertaining to base closures that the Committee shall advise the Department upon. Provides that the Committee, in cooperation with the Department, shall make an annual report to the Governor and General Assembly concerning the progress of military base retention and economic development efforts in areas of the State where a military base has closed or may close. Requires the Committee to serve as a central information clearinghouse for military base closing and retention activities. Effective immediately.

HOUSE AMENDMENT NO. 1

Deletes everything after the enacting clause. Reinserts the provisions of the engrossed bill. Further amends the Department of Commerce and Economic Opportunity Law. Creates the Interagency Military Base Support and Economic Development Committee within the Department of Commerce and Economic Opportunity to coordinate the State's activities on and to act as a communications center for issues relating to military base closures in the State. Provides that membership on the Committee shall be composed of 18 members (instead of 13) with

representatives from the Department of Commerce and Economic Opportunity, the Department of Transportation, the Department of Natural Resources, the Environmental Protection Agency, the Department of Revenue, and the Department of Military Affairs serving on the Committee (removes the Lieutenant Governor from the Committee). Provides that the 8 public members representing counties near current or former base locations shall be appointed by the chair of the Committee in consultation with the full Commission (rather than being appointed by the Governor). Provides that the Director of Commerce and Economic Opportunity shall serve as chair of the Committee (instead of the Governor appointing the chair). Provides that the expenses necessary to carry out the function of the Committee shall be shared among the members' agencies pursuant to an interagency agreement from funds appropriated for this purpose or from existing funds within the budgets of the members' agencies. Sets forth that each member of the Committee must request reimbursement from his or her individual agency for actual and necessary expenses incurred while performing his or her duties as a member of the Committee and that public members shall be reimbursed from funds appropriated to the Department for that purpose. Provides that the Committee, in cooperation with the Department, shall keep the Governor and General Assembly informed concerning the progress of military base reuse, retention, realignment, and economic development efforts in the State (instead of annually reporting on these efforts to these entities). Effective immediately.

HOUSE AMENDMENT NO. 2

Provides that the Lieutenant Governor shall serve as chair of the Interagency Military Base Support and Economic Development Committee and that the Director of Commerce and Economic Opportunity shall serve as vice-chair and shall oversee the administration of the Committee and its function. Senate Bill 1445 (H-AM 1) would neither increase nor decrease the number of judges needed in the State.

STATE MANDATES FISCAL NOTE (H-AM 1) (Dept. of Commerce & Econ Opportunity)

Does create a local government organization and structure mandate for which reimbursement of the increased costs to units of local government is not required under the State Mandates Act.

- 10 ILCS 5/9-9.5

Deletes everything after the enacting clause. Amends the Election Code. Makes changes in provisions concerning: disclosure on or in campaign communications; education programs in early and grace period voting; early voting procedures; counting of all absentee, early, grace period, and provisional ballots at each election authority's central ballot counting location rather than in precincts; signature verification of in person absentee, early, and grace period voters at the time of voting; signature verification of absentee ballot applicants and absentee ballots other than in person absentee ballots; each election authority's transmission of voter names and information to the State Board of Elections within one day after casting early and grace period ballots; restrictions on in-person absentee voting at the offices of municipal, township, and road district clerks; prohibition against revocation of early and grace period ballots in order to vote on election day; revocation of absentee ballots under certain circumstances in order to vote early or on election day; an early voter's right to a new ballot upon rejection of a ballot by optical scan technology voting equipment; notice and hearing procedures with respect to certain absentee voters whose ballots are rejected; pollwatchers at early voting polling places; and testing and approval of voting equipment. Effective immediately.

FISCAL NOTE (H-AM 2) (State Board of Elections)

Requires the State Board of Elections, subject to appropriation, to develop and implement an educational program to inform the public about early and grace period voting: \$43,200. Within one day after a voter casts a grace period or early voter ballot, the election authority shall transmit such information to the State Board of Elections. The Board shall maintain those names and that information in an electronic format on its website, arranged by county and accessible to State and local political committees. These numbers are predicated on a fully automated upload and handling process. If election authorities insist on using paper, the cost to implement and maintain this initiative would go significantly higher: \$46,000 to implement and \$31,000 annually thereafter. On or before the 21st day after an election, the election authority shall transmit to the State Board of Elections the number of absentee ballots, precinct by precinct, that were requested, received, counted, rejected, and counted following review. On or before the 28th day after an election, the Board shall compile the information and make such information available to the public. Once again this is predicated on a fully automated upload and data handling process. Using that assumption, our costs would be: \$101,000 to implement and \$81,000 annually thereafter.

This legislation would neither increase nor decrease the number of judges needed in the State.

PENSION NOTE (H-AM 2) (Com. on Gov. Forecasting & Accountability)

This legislation would not impact any public pension fund or retirement system in Illinois.

BALANCED BUDGET NOTE (H-AM 2) (Gov. Office of Management & Budget)

No material impact to the State's budget.

HOME RULE NOTE (H-AM 2)(Dept of Commerce and Economic Opportunity)

This legislation does not pre-empt home rule authority.

STATE MANDATES FISCAL NOTE (H-AM 2)(Dept of Commerce and Economic Opportunity)

5 ILCS 375/3 from Ch. 127, par. 523

Amends the State Employees Group Insurance Act of 1971. Permits human service providers who receive at least 51% of their operating funds from the State to opt for coverage of their employees as State employees.

SENATE FLOOR AMENDMENT NO. 1

Deletes everything after the enacting clause. Reinserts the contents of the bill as introduced with the following changes. Permits human service providers who receive an average of at least 51% of their operating funds from the State for the 3 years prior to the provider's application for coverage (rather than providers who receive at least 51% of their operating funds from the State) to opt for coverage of their employees as State employees. Provides that providers opting for inclusion of their employees within the term "employee" are responsible for paying the employer share of premiums under the program. Provides that the amendatory provisions are inoperable after December 31, 2009. Effective January 1, 2006.

FISCAL NOTE (Department of Central Management Services)

Preliminary estimates provided by the Department of Human Services place the number of eligible employees between 60,000 and 70,000. Assuming those enrollment figures and the current projections of FY 2006 liabilities for the State Employees Group Insurance Program, CMS projects the annual fiscal impact to be between \$572.0 million and \$667.4 million.

SENATE COMMITTEE AMENDMENT NO. 1

Deletes reference to:

730 ILCS 125/2

Adds reference to:

730 ILCS 125/5

from Ch. 75, par. 105

Deletes everything after the enacting clause. Amends the County Jail Act. Provides that if a person who has been convicted of a felony and has violated mandatory supervised release for that felony is incarcerated in a county jail pending the resolution of the violation of mandatory supervised release, the Illinois Department of Corrections shall pay the county in which that jail is located one-half of the cost of incarceration, as calculated by the Governor's Office of Management and Budget and the county's chief financial officer, for each day that the person

remains in the county jail. Provides that calculation of the per diem cost shall be agreed upon prior to the passage of the annual State budget.

GOVERNOR AMENDATORY VETO MESSAGE

Recommends that the Illinois Department of Corrections shall be responsible for the payment of one-half of the costs of incarceration to the county in which the jail is located only if the person is incarcerated in the county jail solely pending the resolution of the violation of mandatory supervised release and not incarcerated in conjunction with new or pending criminal charges and subject to notice provisions and appropriations for this purpose and only if the Department fails to retrieve the person within 72 hours of receiving notice by the county that the person is being held. Recommends that if the Department fails to retrieve the person within 72 hours of receiving notice, the Department shall be responsible for the payment from the time the county originally began to hold the person. Recommends that the costs of incarceration be calculated by the Illinois Department of Corrections rather than by the Governor's Office of Management and Budget.

New Act

Creates the Consular Identification Document Act. Defines "consular identification document" as an official identification card issued by a foreign government through its consular offices to identify a foreign national who is living outside of that nation. Provides that each State agency and officer and unit of local government, when requiring members of the public to provide identification, shall accept a consular identification document as valid identification of a person, with specified exceptions. Provides that a State agency or officer or a unit of local government is not prohibited from requiring; additional information from persons in order to verify a current address or other facts that would enable the State agency or officer or unit of local government to fulfill its responsibilities, with specified exceptions; fingerprints for identification purposes under circumstances where the State agency or officer or unit of local government also requires fingerprints from persons who have a driver's license or Illinois Identification Card; or additional evidence of identification if the State agency or officer or unit of local government reasonably believes that the consular identification document is forged, fraudulent, or altered, or the holder does not appear to be the same person on the consular identification document. Provides that the use by a State agency or officer or a unit of local government of information collected from, or appearing on, a consular identification document is subject to the same privacy and disclosure limitations that apply to the Illinois Identification Card.

SENATE FLOOR AMENDMENT NO. 1

Deletes everything and re-inserts similar provisions with these additions: provides, in the definition of "consular identification document", that a foreign government must require an individual to provide proof of nationality, proof of identity, and proof of residence in the consular district to obtain a consular identification document and that a foreign government must include specified security features and data in the consular identification document; requires an issuing consulate to file with the Department of State Police a copy of the issuing consulate's consular identification document and a certification of the procedures used to comply with specified requirements; provides that a consular identification document shall be accepted for purposes of identification only and does not convey an independent right to receive benefits of any type; provides that a consular identification document may not be accepted as identification for obtaining a driver's license or registering to vote; and provides that a consular identification document does not establish or indicate lawful immigration status and may not be viewed as valid for that purpose, nor does a consular identification document establish a foreign national's right to be in the United States or remain in the United States.

SB-1627 RONEN-DEMUIZO, MARTINEZ, COLLINS, LINK, SANDOVAL, MEEKS AND SCHOENBERG-HUNTER.

New Act

Creates the Family Military Leave Act. Provides that every employee who has been employed by the same employer for 12 consecutive months shall be entitled to up to 30 days of family military leave during the time federal or State deployment orders are in effect, subject to certain conditions. Provides that the employee shall give at least 14 days notice of the intended date upon which the family military leave will commence if leave will consist of 5 or more consecutive work days. Provides that any employee who exercises the right to family military leave under the Act, upon expiration of the leave, shall be entitled to be restored by the employer to the position held by the employee when the leave commenced or to a position with equivalent seniority status, employee benefits, pay and other terms and conditions of employment. Provides that during any family military leave taken under the Act, the employer shall make it possible for employees to continue their benefits at the employee's expense. Prohibits certain actions by the employer. Provides that a civil action may be brought in the circuit court having jurisdiction by an employee to enforce the Act. Effective immediately.

SENATE COMMITTEE AMENDMENT NO. 1

Provides that an employee is entitled to up to 30 days of unpaid military leave during the time federal or State deployment orders are in effect, subject to certain conditions (instead of every employee who have been employed by the same employer for 12 consecutive months shall be entitled to up to 30 days of family military leave during the time federal or State deployment orders are in effect). Provides that an employee shall not take leave as provided under the Act unless he or she has exhausted all accrued vacation leave, personal leave, compensatory leave, and any other leave that may be granted to the employee, except sick leave and disability leave.

HOUSE AMENDMENT NO. 1

Removes a sole proprietorship and the requirement of employing 15 or more employees in the State from the definition of "employer". Provides that any employer that employs between 15 and 50 employees shall provide up to 15 days of unpaid family military leave to an employee during the time federal or State deployment orders are in effect. Provides that, where able, the employee shall consult with the employer to schedule the leave so as to not unduly disrupt the operations of the employer.

Amends the State Officials and Employees Ethics Act. Creates the Higher Education Inspector General, appointed by the Illinois Board of Higher Education, for the public institutions of higher education (now, under the Executive Inspector General appointed by the Governor).

SENATE COMMITTEE AMENDMENT NO. 1

Adds reference to:
5 ILCS 430/1-5

Changes references from a public institution of higher learning as defined in the Higher

Education Cooperation Act to a public institution of higher education as defined in that Act.

FISCAL NOTE (Office of Executive Inspector General)

This bill creates an independent office, the Office of Higher Education Inspector General, by removing the institutions of higher learning from under the jurisdiction of the Office of Executive Inspector General for the Agencies for the Illinois Governor ("OEIG") to the Office of Higher Education Inspector General. It is estimated that this Office will require a staff of four to five employees: a Higher Education Inspector General, an Attorney, one or two Investigators, and an Administrative staff member. The estimated budget will be \$450,000. This budget estimation is based upon an analysis of the Governor's Office of Management and Budget of the past experiences of the creation of the five Offices of Executive Inspector General. The funding for this new Office of Higher Education Inspector General will come from a line item in the budget for the OEIG that is designated for Higher Education issues and investigations. That specific line item is for \$450,000 and will be moved out of the budget for the OEIG to create the budget for the Office of Higher Education Inspector General.

- 35 ILCS 200/18-190
- 35 ILCS 200/18-205
- 35 ILCS 200/18-230

Amends the Property Tax Extension Limitation Law of the Property Tax Code. Sets forth procedures that taxing districts must follow when seeking referendum approval after April 5, 2005 to increase (i) the maximum authorized tax rate for any fund for which the taxing district is authorized by statute to levy taxes and which rate is limited by prior referendum or statutory authorization and which rate is authorized by statute to be increased for a limited or unlimited number of years by direct (and not back door) referendum, except for increases that require an equal corresponding tax rate decrease for another fund or (ii) the maximum extended tax rate applicable only to the next taxes to be either levied or extended for any fund notwithstanding the limiting rate that would otherwise be applicable for such taxing district. Sets forth requirements for form of ballot propositions and referendum notices. Sets forth procedures for setting the new tax rates. Provides that a taxing district is limited to an extension limitation (instead of "extension increase") of 5% or the percentage increase in the Consumer Price Index during the 12-month calendar year preceding the levy year, whichever is less.

HOUSE AMENDMENT NO. 1

Adds reference to:

35 ILCS 200/18-125

35 ILCS 200/18-185

Deletes everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes: Makes changes to the form of propositions for rate referenda held after March 21, 2006. Makes changes to the procedures for setting new tax rates for an increase or decrease approved after March 21, 2006. Provides that taxing districts that approved a rate increase proposition before March 22, 2006 may opt, instead, to be governed by the same procedures that taxing districts must follow whenever seeking referendum approval after March 21, 2006. Makes other changes. Effective immediately.

HOUSE AMENDMENT NO. 2

Deletes everything after the enacting clause. Reinserts the provisions of the bill, as amended, with the following changes: Deletes provisions concerning referendum approvals for increases of specific tax rates. Makes additional changes to the form of propositions for rate referenda held after March 21, 2006. Deletes provisions that taxing districts that approved a rate increase proposition before March 22, 2006 may opt, instead, to be governed by the same procedures that taxing districts must follow whenever seeking referendum approval after March 21, 2006. Makes other changes. Effective immediately.

HOUSE AMENDMENT NO. 3

Deletes everything after the enacting clause. Reinserts the provisions of the bill, as amended by House Amendment No. 2, but further amends the Property Tax Code to add additional language that must be included with a ballot proposition to increase a limiting rate stating that, if the proposition is approved, the aggregate extension for each levy year for which the increase will apply will be determined by the limiting rate set forth in the proposition, rather than the otherwise applicable limiting rate calculated under the provisions of the Property Tax Extension Limitation Law. Effective immediately.

LAND CONVEYANCE APPRAISAL NOTE (H-AM 3)(Department of Transportation)

SB 1682 (H-AM 3) will not impact any public pension fund or retirement system in Illinois.

Amends the Election Code. Provides that casting a provisional ballot in the incorrect precinct does not invalidate that ballot's votes. Requires the State Board of Elections to adopt rules for the counting of those votes. Provides that the provisional voter's affidavit serves as a change of address request for registration purposes if it bears an address different from the election authority's record. With respect to electronic voting systems, removes the requirement that a vendor's computer codes must be kept confidential. Makes those codes public records but permits a vendor to retain copyrights. With respect to reviewing the computer codes of electronic voting systems, requires that the State Board of Elections shall provide sufficiently qualified human and capital resources for conducting reviews and that the resources shall have no affiliation with voting systems vendors. With respect to audit trails of direct recording electronic voting systems, requires that all test results, documentation, and other records used to plan, execute, and review the results of testing and verification shall be public records. With respect to direct recording electronic voting systems, removes the option that the permanent paper record of a vote may be self-contained within the voting device and requires that the paper record be printed in a clear and readily readable format that can be easily reviewed by the voter.

SENATE FLOOR AMENDMENT NO. 2

- Adds reference to:
- 10 ILCS 5/18A-5
- 10 ILCS 5/24C-2.5 new

Deletes everything after the enacting clause. Reinserts Senate Bill 1683 with the following

changes: Requires that computer codes of commercial, off the shelf software be placed in escrow with the State Board and that all codes placed in escrow also be available via the Internet. With respect to direct recording electronic voting systems, requires that a voter-verifiable paper ballot be produced and that the paper ballot is the official ballot that must be counted by means other than the equipment that produces it. Requires a random audit of the system consisting of a recount of the ballots in 5% of an election authority's precincts. Requires that the test plans, as well as the test results, pertaining to the system are public records and must be available on the Internet. Redefines a "computer program" to include displays of information or graphics. With respect to provisional ballots, removes the bill's provisions that the State Board of Elections must adopt rules for counting ballots cast in the incorrect precinct. Requires that a person cast a provisional ballot if the person (i) registered by mail and (ii) is required by law to produce identification when voting but fails to do so. Provides that the first procedure for a person to obtain and cast a provisional ballot is verification by an election judge that the person's address is within the precinct's boundaries. If the address is outside the precinct boundaries, requires that the judge (i) inform the person of that fact, (ii) provide the person with the election authority's telephone number to determine the proper polling place, and (iii) instruct the person to go to that polling place to vote. Specifies that a provisional voter's affidavit must include only those items of requires information that are available. Changes the form of the provisional voter's affidavit. Requires that provisional ballots cast after 7 p.m. by court order must be kept separate from other provisional ballots. When an election authority is determining the validity of a provisional ballot, provides that the affidavit must include at least the voter's (i) first and last names, (ii) house number and street name, and (iii) signature or mark. Provides that when an election authority determines that one of the specified source of information yields relevant information, the election authority need not obtain information from all the other sources but may obtain information until satisfied that the provisional voter is registered and entitled to vote. Adds an immediate effective date.

FISCAL NOTE (State Board of Elections)

The fiscal impact of this bill is difficult to estimate. The way the bill is currently written, it mandates that the SBE test every voting machine (NOT the program that is loaded on to these machines. For example, in Cook County and Chicago alone, there are over 5,000 machines; we would need over 100 people working around the clock for years, not just prior to an election, to satisfy this mandate.

40 ILCS 5/7-109.3 from Ch. 108 1/2, par. 7-109.3

30 ILCS 805/8.29 new

Amends the Illinois Municipal (IMRF) Article of the Pension Code to remove language requiring an affirmative resolution from the employer before airport police may become eligible for the sheriff's law enforcement employee formula. Makes park police eligible for the sheriff's law enforcement employee formula. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (Government Forecasting & Accountability)

Would increase employer contributions for some airport authorities and park districts, as some IMRF members that are currently covered by the regular IMRF formula would instead be eligible for the SLEP formula.

SENATE FLOOR AMENDMENT NO. 1

40 ILCS 5/7-132 from Ch. 108 1/2, par. 7-132
30 ILCS 805/8.29 new

Amends the Illinois Municipal Retirement Fund (IMRF) Article of the Pension Code. Requires participation by all full-time municipal police officers who do not participate in an Article 3 police pension fund. Makes these police officers eligible for the sheriff's law enforcement (SLEP) formula. Excludes Chicago. Pre-empts home rule powers. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (Government Forecasting & Accountability)

The fiscal impact would vary among municipalities. If the employer does not currently participate in IMRF, the cost of providing retirement benefits to police could be substantial. Would also increase the cost for municipalities that currently offer police officers the IMRF regular formula, as this bill requires all IMRF-covered police officers to be covered by SLEP formula.

30 ILCS 805/8.29 new

Amends the Illinois Municipal Retirement Fund (IMRF) Article of the Illinois Pension Code. Increases the retirement formula for sheriff's law enforcement employees (SLEPs) to 2.5% of the final rate of earnings for each year of SLEP service. Increases the maximum pension payable to a SLEP from 75% to 80% of the final rate of earnings. Removes the 2-year service requirement for earning new benefits after a return to service as a SLEP. Makes these changes apply to persons in service on or after July 1, 2004. Also increases the additional employee contribution paid by SLEPs to 2.5% of salary. Eliminates the reduction in benefit imposed on a surviving spouse who is more than 5 years younger than the deceased member, for the surviving spouse of any member who dies on or after the effective date. Allows a SLEP to convert up to 10 years of non-SLEP service credit into SLEP credit by paying the difference in employee and employer contributions, plus interest. Makes the additional unfunded liability for all changes subject to a full 30-year amortization period. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (Government Forecasting & Accountability)

The Fund's actuaries have not yet determined the fiscal impact. Similar legislation in March 2004 would have increased accrued liabilities of the Fund by \$36.2 Million and increased average annual costs by 1.18% of payroll when the benefit increases are calculated individually.

HOUSE AMENDMENT NO. 3

Replaces everything after the enacting clause with the engrossed bill with the following changes: (i) allows the employer, by resolution or ordinance, to provide for amortization of the additional unfunded liability over a 35-year or 40-year period; (ii) increases the additional employee contribution paid by SLEPS to 3%; and (iii) removes the effective date provision.

Provides that a compliance management system documented by a regulated entity as reflecting the regulated entity's due diligence in preventing, detecting, and correcting violations may serve as a substitute for an environmental audit in connection with self-disclosure of non-compliance. Repeals a Section of the Act relating to environmental audit privileges. Effective Immediately.

SENATE FLOOR AMENDMENT NO. 1

Further amends the Environmental Protection Act. Provides that "potential route" does not include injection wells used to mitigate groundwater contamination that are installed and used in accordance with (previously if expressly authorized by and conducted in accordance with) a

corrective action plan or remedial plan approved by the Agency under the Act.

HOUSE AMENDMENT NO. 1

220 ILCS 5/16-107

Amends the Public Utilities Act. Requires each electric utility to file, on or before February 1, 2006, a tariff or tariffs which allow residential retail customers in the electric utility's service area to elect real-time pricing beginning January 1, 2007. Sets forth information required to be included in the tariff. Requires an electric utility providing real-time pricing to install an appropriate meter for customers who elect to use real-time pricing and in all new service locations unless the customer requests a watt-hour meter. Requires the electric utility to contract with an Illinois nonprofit corporation to develop a program of consumer outreach, education, and enrollment concerning real-time pricing and to establish and administer information and technical and customer assistance for management of electricity use. Authorizes the electric utility to impose a uniform charge on all residential customers in order to recover its reasonable costs in complying with the real-time pricing provisions. Defines "real-time pricing" to mean tariffed retail charges for delivered electric power and energy that vary hour-to-hour (now, that vary on an hour-to-hour basis for non-residential retail customers and that vary on a periodic basis during the day for residential retail customers) and that are determined from prices posted by the Independent System Operator or by a comparable methodology approved by the Illinois Commerce Commission. Effective immediately.

SENATE COMMITTEE AMENDMENT NO. 1

Deletes a provision requiring each electric utility providing real-time pricing to install a meter capable of recording hourly interval energy use in all new service locations unless a watt-hour meter is specifically requested by the customer.

HOUSE AMENDMENT NO. 1

Replaces everything after the enacting clause. Amends the Public Utilities Act. Requires each electric utility to file a tariff or tariffs allowing residential retail customers in the electric utility's service area to elect real-time pricing beginning January 1, 2007. Provides that the Commission may, after notice and hearing, approve the tariff or tariffs, provided that the Commission finds that the potential for demand reductions will result in net economic benefits to all residential customers of the electric utility. Sets forth information required to be included in the tariff. Requires an electric utility providing real-time pricing to install an appropriate meter for customers who elect to use real-time pricing. Requires the electric utility to contract with a program administrator to develop a program of consumer outreach, education, and enrollment concerning real-time pricing and to establish and administer information and technical and customer assistance for management of electricity use. Authorizes an electric utility to recover reasonable costs incurred in complying with such an order by imposing a uniform charge, included in its customer charge, on the residential customers in its service territory. Defines "real-time pricing" to mean tariffed retail charges for delivered electric power and energy that vary hour-to-hour (now, that vary on an hour-to-hour basis for non-residential retail customers and that vary on a periodic basis during the day for residential retail customers) and that are determined from wholesale market prices using a methodology approved by the Commission. Makes other changes. Effective immediately.

HOUSE AMENDMENT NO. 3

Replaces everything after the enacting clause with the bill as amended by House Amendment No. 1, with the following changes: Requires that electric utilities file the real-time pricing tariff beginning January 2, 2007 (was, January 1, 2007). Provides that a customer who elects real-time pricing shall remain on such rate for a minimum of 12 months. Provides that the Illinois Commerce Commission shall, in examining economic benefits from demand reductions, consider certain factors. Makes changes concerning the contents of the tariff. Deletes everything after the enacting clause. Amends the Electric Service Customer Choice and Rate Relief Law of 1997 in the Public Utilities Act. Provides that the "mandatory transition period" extends through the date on which the Illinois Commerce Commission has approved declarations of competitive service for all classes of service offered in the service areas of all electric utilities that, on December 31, 2005, served at least 100,000 customers (now, the mandatory transition period extends through January 1, 2007). Prohibits the Commission from taking certain actions prior to 2010 (now, the prohibition is during the mandatory transition period) with respect to (i) initiating, authorizing, or ordering any change by way of increase or (ii) in approving an application for a merger, imposing a condition requiring any filing for an increase, decrease, or change in or other review of an electric utility's rates or enforcing such a condition. Deletes a provision prohibiting the Commission from initiating, authorizing, or ordering any change by way of a decrease. Deletes a provision that provides that the Commission is not prohibited from approving the application of an electric utility to implement an alternative to rate of return regulation or a regulatory mechanism that rewards or penalizes the utility through adjustment of rates based on utility performance. Provides that, during the remainder of the mandatory transition period, if any, the Commission may modify rates. Requires the Commission to hold a hearing on any petition by an electric utility requesting the Commission to declare a tariffed service provided by the utility to be a competitive service (now, the Commission shall hold a hearing if the Commission deems it necessary). Provides that the Commission shall declare the class of tariffed service to be a competitive service only if the electric utility demonstrates that at least 33% of the customers in the electric utility's service area that are eligible to take the class of tariffed service instead take service from alternative retail electric suppliers and that at least 3 alternative retail electric suppliers provide service that is comparable to the class of tariffed service to those customers in the utility's service area that do not take service from the electric utility (now, the Commission is required to declare the service to be a competitive service for an identifiable customer segment or group of customers or a clearly defined geographical area within the electric utility's service area if the service or a reasonably equivalent substitute service is reasonably available to the customer segment or group or in the defined geographical area at a reasonable price from one or more other providers other than the electric utility or an affiliate and the utility has lost or is reasonably likely to lose business for the service to the other provider or providers). Requires the Commission to make its determination and issue its final order declaring or refusing to declare the service to be a competitive service within 180 (now, 120) days after the date the petition is filed. Deletes provisions that, if the Commission fails to make the determination within that time results within that time period, the petition is deemed to be granted. Effective immediately.

STATE MANDATES FISCAL NOTE, HOUSE AMENDMENT NO. 1 (H-AM 1)(Dept. of Commerce & Economic Opportunity)

In the opinion of the Department of Commerce and Economic Opportunity, SB 1714 (H-AM 1) does not create a State mandate under the State Mandates Act.

FISCAL NOTE, HOUSE AMENDMENT NO. 1 (H-AM 1)(Illinois Commerce Commission)

The Illinois Commerce Commission estimates no fiscal impact from SB 1714 (H-AM 1). HOUSING AFFORDABILITY IMPACT NOTE, HOUSE AMENDMENT NO. 1 (H-AM 1)(Housing Development Authority)

This bill amends the present act by extending the "mandatory transition period" through 2010, thereby extending a rate freeze for many homeowners. While a rate freeze may keep utility costs from increasing in the short term, there is insufficient information to determine a dollar amount due to rate variations across the State.

SB-1770 DELEO.

820 ILCS 405/2103.1 from Ch. 48, par. 663.1

Amends the Unemployment Insurance Act. Provides that all remaining funds in the Employment Security Administrative Fund shall be transferred to the clearing account on July 1, 2005 or as soon thereafter as is reasonably practicable, and, upon the transfer of the funds, the Employment Security Administrative Fund is abolished. Provides that the provisions establishing the Employment Security Administrative Fund are repealed on January 1, 2006. Effective July 1, 2005.

FISCAL NOTE (Department of Employment Security)

SB 1770 eliminates the Employment Security Administrative Fund, which was established in 1990 from a one-time revenue source and used for initiatives designed to decrease and prevent unemployment. At one point the fund held over \$11 million, but it has now been virtually exhausted and there are no prospects of replenishing it. The only fiscal impact of the bill is that the remaining balance in ESAF (\$3,268.05 as of May 5, 2005) would be transferred to the Unemployment Trust Fund, which is dedicated to paying unemployment benefits to jobless workers.

SB-1771 DELEO.

820 ILCS 405/1403 from Ch. 48, par. 553

Amends the Unemployment Insurance Act. Provides that, on July 1, 2005 or as soon thereafter as may be reasonably practicable, all remaining funds in the State Employees' Unemployment Benefit Fund shall be transferred to the clearing account, and provides that the State Employees' Unemployment Benefit Fund is abolished upon the transfer of those funds. Provides that, on and after July 1, 2005, transfers to the clearing account for payment of benefits to individuals with respect to whom the State or its wholly owned instrumentalities is the last employer shall be made directly from such funds and accounts as the appropriations to the Department of Employment Security authorize, as designated by the Director of Employment Security. Eliminates certain language regarding transfers in 1989 and earlier years, and makes other changes. Effective July 1, 2005.

FISCAL NOTE (Department of Employment Security)

SB 1771 has no impact on state employees' or former state employees' rights to unemployment benefits. It simply reduces a two-step process to a one-step process. The only fiscal impact of the bill is that the remaining balance in the State Employees' Unemployment Benefit Fund (\$36,568.29 as of May 5, 2005) would be transferred to the Unemployment Trust Fund.

New Act

35 ILCS 5/203

from Ch. 120, par. 2-203

35 ILCS 5/216 new

Deletes everything after the enacting clause. Creates the Lifelong Learning Act. Requires participating employers to make matching contributions to an eligible employee's lifelong learning account. Sets forth procedures and requirements concerning the establishment of, contribution to, and withdrawals from a lifelong learning account. Amends the Illinois Income Tax Act. Allows an income tax credit for contributions made by an employer to a lifelong learning account. Allows an employee to deduct from his or her base income an amount equal to the amount that he or she deposits into his or her lifelong learning account and requires an employee to add to his or her base income the amount equal to the amount withdrawn from a lifelong learning account. Effective immediately.

FISCAL NOTE (S-AM 1)(Dept. of Commerce and Economic Opportunity)

The fiscal impact of Senate Bill 1815 (S-AM 1) on the Department of Commerce and Economic Opportunity is estimated to be \$1 million for ten new headcount to: adopt rules necessary and appropriate for the administration of this Act; develop forms for application, notifications, contracts, etc.; assist applicants under the provisions of the Act; gather information and conduct inquiries; review and approve applications for accredited plan certificates; approve trustees, custodians, and fiduciaries; collect and monitor penalties for nonqualified withdrawals; and produce a program evaluation by January 30, 2007. This fiscal note does not address the impact of this legislation on any other agency, or on state tax collections.

FISCAL NOTE (S-AM 1) Department of Revenue)

The Department of Revenue cannot determine a fiscal impact regarding the deduction except that it would have a negative impact on income revenues. Additionally, Senate Bill 1815 would impose minimal processing costs on the Department of Revenue.

SENATE FLOOR AMENDMENT NO. 2

Provides that the implementation of the Lifelong Learning Act is subject to appropriation and at the option of the Department of Commerce and Economic Opportunity. Provides that the Department of Commerce and Economic Opportunity may (instead of "must") report to the General Assembly concerning the evaluation of the Act. Provides that 15% (instead of an amount of not more than 15%) of the amount of an unqualified withdrawal must (instead of "may") be withheld as a penalty, and the Department may establish the percentage rate of the penalty or change the basis of the penalty if the Department determines that it is necessary to do so in order to discourage nonqualified withdrawals. Requires employers to file a report concerning their lifelong learning plans with the Department. Sets forth conditions under which the Department may revoke an Accredited Lifelong Learning Plan Certificate. Provides that applicants for an accredited plan certificate must meet all (instead of a preponderance of) the conditions set forth in the Department's review of the application. Makes other changes.

FISCAL NOTE (Department of Revenue)

The Department of Revenue cannot determine the fiscal impact of this legislation on the Department of Transportation.

FISCAL NOTE (Department of Transportation)

The additional increase to IDOT's expenditures would be substantial in that a system would need to be created to verify the correctness of the VIN submitted to IDOT. Currently, IDOT has no need for such an accurate VIN. Development of a system that would be useful in this VIN program would be costly. Computer programming costs range from \$60 for two hours to \$120 for four hours depending on data parameters requested, \$200 to \$250 to run the job on the CMS mainframe, and \$5 to produce on electronic media formats (CD's, magnetic tape, etc.).

Amends the Illinois Vehicle Code, the Automotive Repair Act, and the Automotive Collision Repair Act. Provides that, when a vehicle is towed or hauled away, the relocater or possessor of the vehicle must, within 10 days of relocation, notify the registered owner and any lienholders of the vehicle, via certified mail, return receipt requested, that the vehicle has been relocated. Provides that, if notification is not provided during that time, the relocater or possessor of the vehicle is entitled to recover from the lienholder not more than 10 days of storage charges. Provides that, if notification is provided within 10 days, the relocater or possessor of the vehicle is entitled to recover from the lienholder charges for the number of days in storage. Provides that the relocater or possessor of the vehicle is entitled to charge the lienholder for the reasonable costs of a title search necessary to identify the lienholder. Provides that no vehicle shall be released to the owner, lienholder, or other legally entitled person until all authorized charges have been paid. Provides that a lienholder is entitled to one free inspection of the vehicle, with proper notice and during regular business hours. Effective January 1, 2006.

SENATE FLOOR AMENDMENT NO. 1

Deletes everything after the enacting clause. Re-inserts the provisions of the original bill, with changes. Provides that if the Secretary of State does not provide to the relocater or possessor of the relocated vehicle the name and address of the registered owner and any lienholders of the vehicle within 10 days after the relocater or possessor took possession of the vehicle, the required notice must be sent no later than 3 business days after the information has been furnished to the relocater or possessor of the relocated vehicle. Provides that, if notification to the owner, lienholder, or other legally entitled person is not given within the required period, storage charges may not exceed those either for 10 days or for the period ending 3 business days after the Secretary of State provided the relocater or possessor of the vehicle with ownership in lienholder information. Provides in the Automotive Repair Act and the Automotive Collision Repair Act, that if a consumer fails to remove a vehicle within 15 (rather than 10) days of being notified the repairs are complete, the automotive repair facility must request vehicle owner or lienholder information from the Secretary of State (rather than must send notification to the owner or lienholder that the vehicle is being held and a statement and documentation of charges). Provides that notification and a statement of charges must be sent to the owner and lienholder, within 3 business days after owner or lienholder information is received from the Secretary of State. Provides that documentation of the charges must be provided without charge if requested by the owner or lienholder. Provides that if the required notice is not sent, the repairer may claim storage or holding charges for the first 15 days after notification that repairs were complete.

Amends the Environmental Protection Act. Includes additional materials within the definition of "coal combustion by-product" (CCB). Provides that, in certain circumstances, the EPA must (instead of "may") make written beneficial use determinations that coal-combustion waste is a CCB. Sets forth the procedures for the application for and approval and renewal of a beneficial use determination. Provides that CCB for which a beneficial use determination is approved shall be considered CCB for as long as it is used in accordance with the approval and any conditions of the approval.

SENATE FLOOR AMENDMENT NO. 1

Provides that the more stringent regulations of coal combustion by-product (CCB) provided under this Section do not apply to CCB used for mine subsidence, mine fire control, mine sealing, and mine reclamation (previously this use was included in the class of CCB uses subject to the stricter regulations). Eliminates boron, chloride, sulfate, and phenol from a list of Class I groundwater parameters that certain CCB uses may not exceed.

HOUSE AMENDMENT NO. 1

Provides that the use of coal combustion by-product (CCB) in mine subsidence, mine fire control, mine sealing, and mine reclamation is a restricted CCB use subject to certain conditions. Deletes a list of elements for which restricted CCB uses may not exceed Class I Groundwater Standards. Requires users of CCB for mine subsidence, mine fire control, mine sealing, and mine reclamation to provide notification to the Agency for each project using CCB including documenting the quantity of CCB used and certifying compliance with the conditions of the Act. Provides that an Agency beneficial use determination enables the use of CCB in mine subsidence, mine fire control, mine sealing, and mine reclamation without complying with certain otherwise necessary conditions. Provides that written beneficial use determination applications for the use of CCB at sites governed by the federal Surface Mining Control and Reclamation Act of 1977 shall be reviewed and approved by the Office of Mines and Minerals within the Department of Natural Resources pursuant to provisions of the Illinois Administrative Code. Requires that appeals from these determinations shall be made pursuant to the Illinois Administrative Review Law.

Amends the Electric Service Customer Choice and Rate Relief Law of 1997 of the Public

Utilities Act. Provides that, at such time as the Board of Governors of the Federal Reserve System includes neither the nominal yields of 30-year U.S. Treasury bonds nor the Treasury Long-Term Average Rate (25 years and above) in its weekly H.15 Statistical Release or successor publication, the nominal yields of 20-year U.S. Treasury bonds published by the Board of Governors of the Federal Reserve System in its weekly H.15 Statistical Release or successor publication shall instead be used to establish a rate for the purpose of calculating the Index defined in subsection (e) of Section 16-111 of the Act, and at such time, such yields of 20-year U.S. Treasury bonds shall also be used in place of the yields of 30-year U.S. Treasury bonds in the rate of return calculation required by subsection (d) of Section 16-111. Effective January 1, 2006.

HOUSE AMENDMENT NO. 1

Adds reference to:
220 ILCS 5/16-111

Deletes everything after the enacting clause. Amends the Electric Service Customer Choice and Rate Relief Law of 1997 in the Public Utilities Act. Provides that certain rates of calculation shall be established by reference to the weekly H.15 Statistical Release or successor publication of the Board of Governors of the Federal Reserve System. Provides that, of each of the following that are published in that weekly Statistical Release or successor publication, the lowest shall be used: (i) monthly average nominal yields of 20-year U.S. Treasury Bonds, (ii) Monthly Average Nominal Treasury Long-Term Treasury Rates (25 years and above), and (iii) monthly average nominal yields of 30-year U.S. Treasury bonds. Deletes a provision requiring the use of the 30-year U.S. Treasury bond rate until it ceases to be included in that publication and thereafter the Monthly Treasury Long-Term Average Rate (25 years and above) in establishing those rates of calculation. Makes corresponding changes.

Deletes everything after the enacting clause. Amends the Mechanics Lien Act. Provides that an agreement to waive any right to enforce or claim any lien under the Act where the agreement is in anticipation of and consideration for the awarding of a contract to perform or supply materials for an improvement upon real property is against public policy and unenforceable. Provides for notice requirements for an owner-occupied single-family residence. Provides that if the owners of the property are persons living together, the required statement is conclusively presumed given to each owner if it is given to one of them. Provides that any notice given after 60 days by the subcontractor shall preserve his or her lien but only to the extent that the owner has not been prejudiced by payments made before the receipt of the notice. Provides that a statement that a party is a subcontractor shall not constitute an admission by a lien claimant that its status is that of a subcontractor if it is later determined that the party with whom the lien claimant contracted was the owner or an agent or owner. Provides requirements for service of notice. Removes language allowing for the waiving or subordination of a subcontractor's lien to that of another party, except in cases where there is a showing of actual notice to the subcontractor entered in the contract. Raises the civil penalty for failure to acknowledge satisfaction or release of a lien upon written demand of the listed parties to \$2,500 (instead of \$25). Makes other changes.

- 320 ILCS 42/25

Amends the Older Adult Services Act. Provides that no later than January 1, 2006 and every January 1 thereafter, the Department on Aging and the Illinois Housing Development

Authority shall file with the Governor and the General Assembly a plan that establishes goals for the number of affordable housing units to be made available to the frail elderly in the next fiscal year. Requires that the plan: (i) detail the number of new units of housing to be created, the number of units made accessible through rehabilitation and renovation, and the number of new supportive living units to be created and certified; and (ii) include recommendations for statutory or policy changes needed to reduce barriers to the establishment of affordable housing units for the frail elderly. Effective immediately.

SENATE COMMITTEE AMENDMENT NO. 1

Adds the Department of Public Aid as an agency that must file a plan for affordable housing for the frail elderly.

SENATE COMMITTEE AMENDMENT NO. 2

Replaces everything after the enacting clause. Amends the Older Adult Services Act. Provides that the restructuring of older adult services shall include an affordable housing component. Provides that the Department on Aging and the Departments of Public Health and Public Aid shall utilize the recommendations of Illinois' Annual Comprehensive Housing Plan, as developed by the Affordable Housing Task Force, in their efforts to address the affordable housing needs of older adults. Effective immediately.

FISCAL NOTE (S-AM 1) (Department of Revenue)

Does not have a fiscal impact on the Department of Revenue. The Illinois Department of Revenue cannot determine the fiscal impact that it will have on the Department on Aging, the Department of Public Aid, or the Illinois Housing Development Authority.

FISCAL NOTE (S-AM 2) (Department of Revenue)

Does not have a fiscal impact on the Department of Revenue. The Illinois Department of Revenue cannot determine the fiscal impact that it will have on the Department on Aging, the Department of Public Aid, or the Illinois Housing Development Authority.

FISCAL NOTE (S-AM 1 & 2)(Housing Development Authority)

Senate Bill 1967, as originally filed, would have required IHDA to develop and file a plan which would establish production goals for the number of housing units to be made available to the frail elderly in the next fiscal year, detailing the number of units by new construction and rehabilitation, as well as for supportive living units. Given the content of Senate Amendment 2, it references the existing housing plan required by the Governors Executive Order 2003-18, which primarily addresses the targeting and allocation of existing State administered programs and resources among priority populations, one of those being low income seniors. As such, this amendment as written is not deemed to have any noted fiscal impact on existing IHDA resources or staffing. The Executive Order required plan is actually more comprehensive in its coverage of elderly housing needs.

FISCAL NOTE (S-AM 1 & 2) (Dept. on Aging)

Does not pose any additional spending or staff pressures on IDoA.

FISCAL NOTE (S-AM 1) (Dept. of Public Aid)

This amendment has a minimal administrative impact on the Department.

FISCAL NOTE (S-AM 2) (Dept. of Public Aid)

This amendment has minimal administrative impact on the Department.

Deletes everything after the enacting clause. Creates the FY2007 Budget Implementation (Finance) Act. Amends various Acts to make changes in State programs that are necessary to implement the Governor's FY2007 budget recommendation concerning finance. Effective

immediately.

STATE MANDATES FISCAL NOTE (H-AM 2)(Dept of Commerce & Economic Opportunity)

This legislation does not impose requirements on units of local government, therefore, does not create a State mandate under the State Mandates Act.

HOME RULE NOTE (H-AM 2) (Dept. of Commerce & Econ Opportunity.)

Does not pre-empt home rule authority.

BALANCED BUDGET NOTE (H-AM 2)(Gov's Office of Mgmt and Budget)

The Governor's Office of Management and Budget estimates that this bill, if enacted into law, will allow the State to enact a balanced budget in fiscal year 2007.

FISCAL NOTE (H-AM 2)(Gov's Office of Mgmt and Budget)

The Governor's Office of Management and Budget estimates that this bill, if enacted into law, will have a fiscal impact of at least \$240 million, which will be necessary to enact a balanced budget.

STATE DEBT IMPACT NOTE (H-AM 2) (Com. on Gov. Forecasting & Accountability)

Would not affect the level of state indebtedness.

PENSION NOTE (H-AM 2) (Com. on Gov. Forecasting & Accountability)

Pension Stabilization Fund: According to the Commission's FY 2007 Revenue Forecast, general funds revenues are expected to grow by 2.7% over estimated FY 2006 receipts. Therefore, no transfer of funds to the Pension Stabilization Fund would occur in FY 2007. Alternative Retirement Cancellation Payment: The State Employees' Retirement System would realize an actuarial gain when some members chose the ARCP payment, as accrued liability associated with that member, which would be eliminated, would be larger than the enhanced refund. The same ARCP payment option was offered to members of SERS in 2005, and 293 SERS members choose to participate. The system made ARCP payments of \$12.2 million and \$14.6 million in SERS liability was eliminated. Chicago Transit Authority Pension Funding: The Chicago Transit Authority Pension Fund's actuary has determined that the fund's assets will be exhausted by 2012 without significant increased contributions and changes to the funding structure and benefit levels.

JUDICIAL NOTE (H-AM 2)(Admin Office of the Illinois Courts)

This legislation would neither increase nor decrease the number of judges needed in the State of Illinois.

HOUSING AFFORDABILITY IMPACT NOTE (H-AM 2)(Housing Development Authority)

This legislation will have no effect on constructing, purchasing, owning, or selling a single-family residence.

JUDICIAL NOTE (H-AM 2)(Admin Office of the Illinois Courts)

Based on a review of this bill, it has been determined that this legislation would neither increase nor decrease the number of judges needed in the State.

405 ILCS 5/1-119 from Ch. 91 1/2, par. 1-119

405 ILCS 5/3-811.5 new

Amends the Mental Health and Developmental Disabilities Code. Adds persons included within the definition of "person subject to involuntary admission", including: (1) a person with mental illness who, because of the nature of his or her illness, is unable to understand his or her need for treatment and who, if not treated, is at risk of suffering or continuing to suffer mental deterioration or emotional deterioration, or both, to the point that the person is at risk of engaging in dangerous conduct; and (2) a person who has been adjudged to be subject to authorized involuntary treatment and with respect to whom (A) outpatient treatment has been shown to be ineffective because the person is unable or unwilling to comply with his or her treatment plan and (B) inpatient admission is likely to be effective in implementing the person's treatment plan and is otherwise in the person's best interests. Provides that at any time before the conclusion of a hearing on involuntary admission and the entry of the court's findings, a respondent may enter into an agreement to be subject to an order for alternative treatment or care and custody, if certain conditions are met. Provides that an agreed order for care and custody may grant the custodian the authority to admit a respondent to a hospital if the respondent fails to comply with the conditions of the agreed order. Provides that an agreed

order for alternative treatment or care and custody does not constitute a finding that the respondent is a person subject to involuntary admission. Provides that a respondent may not be cited for contempt for violating the terms and conditions of his or her agreed order for care and custody. Makes other changes.

SENATE FLOOR AMENDMENT NO. 1

Provides that "dangerous conduct" means threatening behavior or conduct that places another individual in reasonable expectation of being harmed (instead of acts or omissions that place the individual or others in risk of harm, including threatening behavior or conduct that places another individual in reasonable expectation of being harmed). Provides that a "person subject to involuntary admission" includes a person with mental illness who, if not treated, is reasonably expected to suffer or continue to suffer (instead of at risk of suffering or continuing to suffer) mental deterioration or emotional deterioration, or both, to the point that the person is reasonably expected to engage in dangerous conduct (instead of at risk of engaging in dangerous conduct). Deletes a provision that a "person subject to involuntary admission" includes a person who has been adjudged to be subject to authorized involuntary treatment and with respect to whom (i) outpatient treatment has been shown to be ineffective and (ii) inpatient admission is likely to be effective in implementing the person's treatment plan.

In provisions concerning the Department of Public Aid's data warehouse concerning medical and related services, provides that the Department shall perform all necessary administrative functions to expand its linearly-scalable data warehouse to encompass other healthcare data sources at both the Department of Human Services and the Department of Public Health. Provides that the Department shall leverage the inherent capabilities of the data warehouse to accomplish this expansion with marginal additional technical administration. Provides that the purpose of this expansion is to allow for programmatic review and analysis including the interrelatedness among the various healthcare programs in order to ascertain effectiveness toward, and ultimate impact on, clients. Requires the task force to report by December 31, 2005, and repeals the task force provisions on January 1, 2006. Effective immediately.

Provides that if an applicant fails to obtain a license under the Act within 3 years after filing his or her initial application for original licensure, the application shall be denied. Removes a provision that provides that if an applicant neglects, fails, or refuses to take an examination or fails to pass an examination for a license under the Act within 2 exam cycles after receiving a temporary license, the application will be denied. Provides that the Department of Financial and Professional Regulation may, rather than shall, issue a license to a person with certain qualifications. Sets forth additional qualifications for licensure. Provides for the issuance of a temporary letter of authorization to practice as a genetic counselor, rather than a temporary license. Makes changes to provisions concerning license renewal and continuing education requirements, fees and the deposit of fees, endorsement, and the Illinois Administrative Procedure Act. Adds a provision concerning inactive status of a license. Provides that it shall be grounds for discipline for an individual to provide genetic counseling services to individuals, couples, groups, or families without a written referral. HOUSE AMENDMENT NO. 1

Defines "referral" and, in certain provisions, removes the requirement that referrals be written. Provides that in clinical settings, genetic counselors who serve as a liaison between family members of a patient and a genetic research project may, with the consent of the patient, provide information to family members for the purpose of gathering additional information, as it relates to the patient, without a referral. Provides that in non-clinical settings where no patient is being treated, genetic counselors who serve as a liaison between a genetic research project and participants in that genetic research project may provide genetic counseling services to the participants, without a referral. Removes the provision concerning a temporary letter of authorization to practice. Provides that a temporary license may be issued to an individual who has made application to the Department of Financial and Professional Regulation, has submitted evidence to the Department of admission to the certifying examination administered by the American Board of Genetic Counseling or the American Board of Medical Genetics or either of its successor agencies, has met all of the requirements for licensure under the Act, except the examination requirement, and has met any other condition established by rule. Provides that the holder of a temporary license shall practice only under the supervision of a qualified supervisor. Provides that, under certain circumstances, the Department may issue a license as a genetic counselor to an applicant licensed under the laws of another state, a U.S.

territory, or another country (now, the Department may only issue a license to an applicant licensed under the laws of another state). Makes other changes.

HOUSE AMENDMENT NO. 2

Provides that the bill may be referred to as the Illinois Patriot Plan. Creates the Military

Personnel Cellular Phone Contract Termination Act; provides that any member of the armed services or reserve forces of the United States or member of the Illinois National Guard (a "service member") who is deployed on active duty, or the spouse of that service member, may terminate, without penalty, a cellular phone contract that meets specified requirements. Amends the Department of Central Management Services Law of the Civil Administrative Code of Illinois; provides that the Department may enter into a contract to purchase bulk long distance telephone services and make them available at cost, or may make bulk long distance telephone services available at cost under any existing contract the Department has entered into, to members of the immediate family of service members deployed on active duty so that those family members can communicate with the person so deployed. Amends the Illinois Insurance Code; provides that an individual life insurance policy insuring the life of a service member shall not lapse or be forfeited for the nonpayment of premiums during the service member's period of military service or during the 2-year period subsequent to the end of the service member's period of military service. Amends the Illinois Municipal Code and the Public Utilities Act; provides that no municipal or public utility company or electric cooperative shall stop gas or electricity from entering the residential premises of any residential consumer who is a service member deployed on active duty for nonpayment for gas or electricity supplied to the residential premises. Amends the Code of Civil Procedure; provides that in an action for possession of residential premises of a tenant or mobile home park resident who is a service member deployed on active duty or of any member of the tenant's or resident's immediate family, the court may stay the proceedings for a period of 90 days or adjust the rental obligation to preserve the parties' interests. Amends the Interest Act; provides that no creditor in connection with an obligation entered into on or after the effective date of this amendatory Act shall charge or collect from a service member who is deployed on active duty, or the spouse of that service member, interest or finance charges exceeding 6% per annum during the period that the member is deployed on active duty. Amends the Motor Vehicle Leasing Act; provides that any service member who is deployed on active duty for a period of not less than 180 days, or the spouse of that service member, may terminate any motor vehicle lease that meets certain specified requirements. Effective immediately.

SENATE FLOOR AMENDMENT NO. 2

Replaces everything after the enacting clause with provisions substantially similar to those of Senate Bill 2060, but with changes that include the following: (1) provides that in order to be eligible for the various protections included in the bill, a service member must provide a copy of the military or gubernatorial orders calling the service member to active duty or further extending the service member's period of active duty; (2) in the provisions amending the Illinois Municipal Code and the Public Utilities Act, prohibits a municipality, utility company, or electric cooperative from stopping gas or electricity from entering the residential premises of which a service member was a primary occupant immediately before the service member was deployed on active duty (instead of the residential premises of any residential consumer who is a service member deployed on active duty); and (3) limits the applicability of the provisions amending the Interest Act to obligations entered into on or after the effective date of this amendatory Act but prior to the service member's deployment on active duty (instead of only obligations entered into on or after the effective date of this amendatory Act). Effective immediately.

HOUSE AMENDMENT NO. 1

In provisions amending the Code of Civil Procedure with respect to an action for possession, deletes a provision that the amendatory changes do not apply to landlords or mobile home park operators operating less than 4 residential premises. In provisions amending the Interest Act, (1) adds a reference to the amendatory provisions concerning limitations on interest rates in the case of military personnel and (2) makes the limitation on interest rates for military personnel subject to the federal Servicemembers Civil Relief Act.

Creates the Carbon Monoxide Alarm Detector Act. Provides that every dwelling unit shall be equipped with at least one approved carbon monoxide alarm in an operating condition within 15 feet of every room used for sleeping purposes. Provides that the carbon monoxide alarm may be combined with smoke detecting devices provided that the combined unit complies with the respective provisions of the administrative code, reference standards, and departmental rules relating to both smoke detecting devices and carbon monoxide alarms and provided that the combined unit contains voice annunciation that clearly differentiates the hazard. Provides that it shall be the responsibility of the owner of a structure to supply and install all required alarms. Allows certain types of carbon monoxide alarms to be installed. Provides that willful failure to install or maintain in operating condition any carbon monoxide alarm required by the Act is a Class B misdemeanor. Provides that tampering with, removing, destroying, disconnecting, or removing the batteries from any installed carbon monoxide alarm, except in the course of inspection, maintenance, or replacement of the detector, is a Class A misdemeanor in the case of a first conviction, and a Class 4 felony in the case of a second or subsequent conviction.

Amends the Regulatory Sunset Act to extend the repeal of the Illinois Physical Therapy Act to January 1, 2016. Amends the Physical Therapy Act. Changes all references from the Physical Therapy Licensing and Disciplinary Committee and the Physical Therapy Examining Committee to the Physical Therapy Licensing and Disciplinary Board. Changes the definition of "physical therapy" to mean and include (A) examining, evaluating, and testing individuals who may have mechanical, physiological, or developmental impairments, functional limitations, disabilities, or other health and movement-related conditions, determining a treatment diagnosis for these

disorders and rehabilitation prognosis and plan of therapeutic intervention, and assessing the ongoing effects of the interventions, (B) alleviating impairments, functional limitations, or disabilities by designing, implementing, and modifying therapeutic interventions for the purposes of preventing, correcting, or alleviating a physical or mental impairment, functional limitation, or disability, (C) reducing the risk of injury, impairment, functional limitation, or disability, including the promotion and maintenance of fitness, health, and wellness, and (D) engaging in administration, consultation, education, and research. Provides that a majority of Board members then appointed constitutes a quorum and that a majority vote of the quorum is required for a Board decision. Changes references to a physical therapy assistant program to a physical therapist assistant program. Provides that a person must have graduated from and attained an associate's degree from an approved physical therapist assistant program in order to be qualified to receive a license as a physical therapist assistant (now, a person is required to have graduated from a 2-year college level physical therapy assistant program). Provides that following notification of eligibility for examination, an applicant who fails to take the examination for a license under the Act within 60 days of the notification shall forfeit his or her fee and right to practice as a physical therapist or physical therapist assistant until such time as the applicant has passed the appropriate examination (now, an applicant who fails to take the next-scheduled examination forfeits his fee and right to practice). Effective immediately.

SENATE COMMITTEE AMENDMENT NO. 1

Provides that "physical therapy" means classifying certain disorders and determining a rehabilitation prognosis and plan of therapeutic intervention (rather than determining a treatment diagnosis for certain disorders and a rehabilitation prognosis and plan of therapeutic intervention). Provides that physical therapy does not include chiropractic technique or determination of a differential diagnosis (rather than a differential medical diagnosis), provided that the limitation on determining a differential diagnosis (rather than a differential medical diagnosis) shall not in any manner limit a physical therapist licensed under the Act from performing an evaluation pursuant to the license. Removes the provision that provides that a majority of Physical Therapy Licensing and Disciplinary Board members then appointed constitutes a quorum and that a majority vote of the quorum is required for a Board decision.

SENATE FLOOR AMENDMENT NO. 2

Further amends the Physical Therapy Act. Removes provisions concerning the initial terms and appointments of members of the Physical Therapy Licensing and Disciplinary Committee.

35 ILCS 5/304 from Ch. 120, par. 3-304

Amends the Illinois Income Tax Act. With respect to the apportionment of business income for persons other than residents, provides that for tax years ending on or after December 31, 2005 the income shall be apportioned using the property factor, payroll factor, and sales factor. Effective immediately.

FISCAL NOTE (Department of Revenue)

Tax liability, by recalculating how positive business income is apportioned, would have been \$99.7 million higher for tax year 1999, using property, payroll, and double-weighted sales method versus sales only. However, since 1999 some businesses have seen dramatic increase or decrease in business income, some new businesses have been created while some existing businesses have closed or merged with other businesses, some businesses have increased or decreased their nexus to Illinois, and some businesses have changed from Type C corporations to Type S corporations, limited liability companies, or partnerships, which means that the current actual revenue impact may be noticeably higher or lower than \$99.7 million.
