HB-4457 JOYCE-HULTGREN.

New Act

Creates the Ice Cream Truck Worker Registration Act. Requires ice cream truck workers to obtain an Ice Cream Truck Worker Identification Card from the Department of State Police. Sets forth rules and procedures for obtaining an identification card. Provides that an application for an identification card shall be denied if the applicant (i) has ever been convicted of any sex offense, (ii) is a registered sex offender, or (iii) has ever been convicted of any homicide offense. Contains other ice cream truck worker requirements. Provides that an ice cream truck owner, upon the request of the municipality or county within which the ice cream truck is to operate, must provide copies of all Ice Cream Truck Worker Identification Cards for employees. Effective immediately.

FISCAL NOTE (Illinois State Police)

The fiscal impact to the Illinois State Police would be significant, approaching \$900,000. The Bureau of Identification would have to develop application forms, purchase identification card making equipment, hire four personnel to process applications, issue identification cards, conduct appeal proceedings, and establish and maintain the state wide registration database. This would cost the Illinois State Police approximately \$280,000 in salaries and fringe benefits, \$15,000 for two identification card making machines and supplies, \$100,000 for personal computers, software, office equipment and office space construction, \$5,000 for forms and other materials for a total cost of approximately \$400,000. The personnel costs would be an ongoing expense. Cost figures are based on an estimate of 10,000 ice cream truck workers being required to undergo the registration process each year. Additionally, a system similar to the Firearm Owner's Identification Program would have to be created at a significant cost.

HOUSE AMENDMENT NO. 1

Deletes everything after the enacting clause. Reinserts the provisions of the bill as introduced with the following changes. Provides that the Department of Financial and Professional Regulation (instead of the Department of State Police) shall be responsible for the administration of the Ice Cream Truck Worker Registration Act, including the issuance of identification cards and the establishment of rules concerning the Act, but that the criminal history records check shall still be performed by the Department of State Police. Provides that the Department of State Police shall provide information concerning any criminal charges and their disposition, now and hereafter filed, against an applicant to the Department of Financial and Professional Regulation. Effective immediately.

HB-4666 TURNER AND MOLARO.

- 20 ILCS 2105/2105-400
- 20 ILCS 2310/2310-625

Amends the Department of Professional Regulation Law and the Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois. In a Section allowing the Director of Professional Regulation to suspend certain licensing requirements after the proclamation of a disaster by the Governor for persons working for the Illinois Emergency Management Agency (IEMA) and the Department of Public Health, provides that working for IEMA may also include working for an emergency services and disaster agency accredited by IEMA and that working for the Department of Public Health may also include working for a local public health department. Makes corresponding changes to a Section granting similar license suspension powers to the Director of Public Health. Effective immediately.

FISCAL NOTE (Emergency Management Agency)

The liability to the State is not determined because one could not speculate whether or not the state would be sued. However, it is reasonable to expect that in a major response to an incident that some volunteers working for IEMA may be injured, which

could result in a workers compensation claim. It is also possible that some volunteers could be sued in tort actions by third parties, which would invoke the liability provisions of section 8(d) of the Court of Claims Act.

New Act

Creates the Safe Homes Act. Provides that a victim of domestic violence or sexual violence has certain rights with respect to the victim's dwelling unit. Provides that, depending upon the circumstances, the victim can obtain relief that includes: requiring that the landlord change the locks, allowing the victim to change the locks if the landlord does not act, terminating the lease, and imposing penalties on a landlord for certain violations. Provides definitions. Places obligations on landlords, tenants, and perpetrators of domestic or sexual violence. Effective immediately.

HOUSE AMENDMENT NO. 1

Deletes everything and re-inserts provisions creating the Safe Homes Act, with these changes and additions: Adds findings. Adds and changes definitions. Adds certain definitions that apply only to public housing, makes various provisions of the Act applicable to public housing tenants, excludes public housing from the application of various provisions of the Act, and provides that public housing authorities have no obligation to provide certain remedies. Makes various changes regarding nondiscrimination, changing locks, early termination of leases, the right to possession, the right to vacate, and other matters. Provides that, if a court finds that a violation of the Act occurred or is about to occur by an act or omission of the landlord, the court may award to the plaintiff actual damages, attorney's fees, costs, and injunctive and other appropriate relief. Effective immediately.

HOUSE AMENDMENT NO. 2

Deletes everything after the enacting clause. Reinserts provisions similar to those of House Amendment No. 1, creating the Safe Homes Act, but with changes that include the following: (1) provides that the Act does not apply to public housing, and deletes provisions concerning public housing only; (2) deletes provisions concerning victim protection and nondiscrimination; (3) revises provisions concerning circumstances under which a protected tenant may change the locks on a dwelling unit or terminate the rental agreement early, according to whether the perpetrator of the domestic or sexual violence is a leaseholder; and (4) deletes provisions concerning a non-leaseholder victim's right of possession and a protected tenant's right to vacate following domestic or sexual violence. Effective immediately.

SENATE COMMITTEE AMENDMENT NO. 1

Deletes everything after the enacting clause. Creates the Safe Homes Act. Provides purposes of the Act. Provides definitions of "domestic violence", "landlord", "sexual violence", and "tenant". Provides that in an action by a landlord against a tenant for rent, the tenant has an affirmative defense and is not be liable for rent if the court finds, by a preponderance of the

evidence that (i) at the time the tenant vacated the premises, the tenant or a member of tenant's household was under a credible imminent threat of domestic or sexual violence at the premises, and (ii) the tenant gave notice to the landlord prior to or within 3 days of vacating that the reason for vacating was a credible imminent threat of domestic or sexual violence against the tenant or a member of the tenant's household. Provides in an action by a landlord against a tenant to recover rent for breach of lease, a tenant has an affirmative defense and is not liable for rent if the court finds by a preponderance of the evidence that (i) tenant or a member of tenant's household was a victim of sexual violence on the premises and the tenant vacated the premises because of the sexual violence; (ii) the tenant gave written notice to the landlord prior to or within 3 days of vacating the premises that the sexual violence was the reason for vacating the premises; (iii) the tenant provided evidence to the landlord supporting the claim of the sexual violence; and (iv) the sexual violence occurred not more than 30 days prior to the date of the written notice to the landlord. Provides that the Act is not a defense against an action for rent for a period of time before the tenant vacated the landlord's premises. Provides procedure as to when locks can be changed by a tenant and when a landlord has a duty to change the locks. Provides that the tenant may seek injunctive relief ordering the landlord to allow the tenant to change the locks. Provides that a tenant who changes locks without giving a copy to the landlord within 48 hours is liable for any damages to the dwelling or building that could have been prevented had landlord had access. Provides that there can be no waiver or modification of the Act's requirements by any agreement. Provides that public housing is excluded.

SENATE FLOOR AMENDMENT NO. 2

Deletes everything after the enacting clause. Reinserts provisions similar to those of Senate Amendment No. 1 with the following changes. In the definition of "sexual violence", includes "sexual abuse" (instead of "abuse") and "non-consensual sexual conduct" (instead of "non-consensual conduct"). Redefines "tenant" as a person who has entered into an oral or written lease (instead of a written lease) with a landlord whereby the person is the lessee under the lease. Makes various changes to the tenant's affirmative defenses to a landlord's action for rent. Provides that the Act is not a defense against an action for rent for a period of time before the tenant gave the required notice and vacated the landlord's premises. Adds reasonable attorney's fees and costs to the relief available to a tenant who seeks injunctive relief against the landlord to get the locks changed. Provides that the Act does not apply to public housing assisted under the U.S. Housing Act of 1937, except for the tenant-based Housing Choice program, and that public housing includes dwelling units in mixed-finance projects assisted through a public housing authority's funds. Makes other changes. Effective immediately.

Amends the Grow Our Own Teacher Education Act. Changes the name of the Act to the Grow Your Own Teacher Act. Defines "developmental classes" and makes changes to the definition of "parent and community leaders" and "schools serving a substantial percentage of low-income students". Replaces references to "student" and "participant" with "candidate" throughout the Act. Provides that the State Board shall establish criteria that address the inclusion in the planned program of strategies derived from community organizing that will help candidates develop tools for working with parents and other community members. Provides for partial loan forgiveness for shortened periods of service in hard-to-staff schools or hard-to-staff teaching positions. Provides that school districts may use those portions of the grant money designated for the expenses of supporting the work experiences of candidates and providing mentors for graduates or other applicable public funds to pay participants in programs under the initiative for student teaching required by an accredited teacher preparation program. Provides that one member of the consortium may expend funds to cover the salary of a site-based cohort coordinator and that grant funds may be expended to pay directly for required developmental classes for candidates beginning a program. Makes other changes. Effective January 1, 2007.

HOUSE AMENDMENT NO. 1

Makes an exception for existing cohorts with respect to the requirement that the first programs under the Grow Your Own Teacher Education Initiative be awarded grants in such a way as to allow candidates to begin their work at the beginning of the 2006-2007 school year. Changes the effective date to an immediate effective date (instead of January 1, 2007).

Authorizes the animal control warden to find a dog vicious if (i) the dog without justification, attacks a person and causes serious physical injury or death, (ii) the dog is found to be a "dangerous dog" upon 3 separate occasions, or (iii) the animal control warden determines that the dog constitutes an undue danger to the public. (now, only a circuit court may determine that a dog is "vicious"). Sets forth certain factors that must be considered in determining whether the dog is an undue danger, including: (i) the circumstances of the dog's infraction; (ii) whether the dog's behavior was justified; (iii) the breed, prior history, and physical characteristics of the dog; (iv) the recommendation of a certified applied behaviorist, a board certified veterinary behaviorist, or another recognized expert in the field; (v) the report of the investigating animal control warden, deputy administrator, or law enforcement officer; and (vi) Department guidelines. Requires that the animal control warden give notice of the infraction that is the basis of the investigation to the owner and conduct a thorough investigation prior to a vicious determination. Provides that the owner of a dog found to be vicious by the animal control warden shall be subject to a fine in the amount of \$5,000, for each vicious finding, to be assessed by local law enforcement. Sets forth conditions for appealing vicious dog determinations. Provides that the court proceeding for determining a dog vicious shall be an available remedy in addition to and independent of the determination of the animal control warden. Authorizes the finder of fact to consider the breed of the dog in any determination as to whether an individual dog is vicious. Sets forth that in adopting the guidelines, the Department shall follow the rulemaking procedures of the Illinois Administrative Procedure Act. Makes other changes. Effective immediately.

Amends the State Finance Act. Excludes moneys received by the Department of Financial and Professional Regulation under the Illinois Credit Union Act from those moneys required to be deposited into the Financial Institution Fund. Makes certain provisions concerning transfers to the General Revenue Fund inapplicable to (i) any fund established under the Illinois Credit Union Act, the Illinois Banking Act, the Illinois Savings and Loan Act of 1985, or the Savings Bank Act and (ii) the Professions Indirect Cost Fund. Limits transfers and expenditures from those funds to specified purposes. Prohibits the allocation or transfer of additional amounts generated by certain fee increases with respect to or from the Credit Union Fund. Amends the Illinois Banking Act, the Illinois Savings and Loan Act of 1985, and the Savings Bank Act. With respect to the moneys in each of the Bank and Trust Company Fund, the Savings and Residential Finance Regulatory Fund, and the Credit Union Fund, (i) exempts those moneys from assignment or transfer except for unappropriated administrative expenses and (ii) provides that the moneys remain the property of and must be held in trust for the financial institutions from which they were collected. For FY08, requires the Commissioner of Banks and Real Estate (now, the Director of the Division of Banks and Real Estate) to adopt rules to adjust regulatory fee rates in the specified manner. Amends the Illinois Credit Union Act. Provides that the regulatory fee paid by a credit union to the Department of Financial and Professional Regulation shall be the lesser of (i) the rate pursuant to the regulatory fee schedule or (ii) a rate established in a manner proportionately consistent with the rates in the regulatory fee schedule and that would fund the actual administrative and operational expenses of the Credit Union Section. Increases rates in the regulatory fee schedule for credit unions with total assets over \$5,000,000. Requires the Director of Financial and Professional Regulation to adjust the fee schedule for the next fiscal year. Provides that the fee schedule may be increased by no more than 5% annually if necessary to defray the actual (now, estimated) administrative and operational expenses of the Credit Union Section (now, the Department). Prohibits any increase in the fee schedule if the amount remaining in the Credit Union Fund at the end of the fiscal year is equal to or greater than 25% of the actual administrative and operational expenses for the preceding fiscal year. Requires the Director to base the regulatory fee for the next fiscal year on the credit union's total assets as of December 31 of the preceding calendar year. Beginning on July 1, 2005, requires a credit union to pay the regulatory fee in quarterly installments due and payable on the due date for the call report for the preceding quarter (now, a credit union is required to pay the regulatory fee in full no later than March 1 of each calendar year). Provides for a regulatory fee cap of \$125,000 (now, \$187,500). Effective immediately.

Amends the Counties Code, the Abuse Prevention Review Team Act, the Nursing Home Care Act, and the Probation and Probation Officers Act. Provides that all deaths in licensed long-term care facilities and all deaths in hospitals in cases in which the deceased had been transferred to the hospital from a long-term care facility within the preceding 5 days must be reported to the coroner of the county in which the facility is located; requires that the coroner be notified immediately (instead of promptly) in the case of certain deaths. Repeals a provision repealing the Abuse Prevention Review Team Act on July 1, 2006. Requires a nursing home to request a criminal history background check on all residents; requires a nursing home to fax a

resident's name and criminal history information to the Department of Public Health if the resident is an identified offender. Requires the Department of Public Health to conduct an Identified Offender Risk Analysis with respect to a nursing home resident who is an identified offender. Authorizes the Director of Public Health to waive certain requirements concerning notice to nursing home residents, employees, and visitors that an identified offender is a resident of the nursing home. Deletes a requirement that a probation officer provide copies of certain reports to certain facilities and State agencies. Makes other changes. Effective immediately.

Amends the Property Tax Code. Re-enacts the Senior Citizens Assessment Freeze Homestead Exemption. The exemption was created by Public Act 88-669, which has been held to be unconstitutional as a violation of the single subject clause of the Illinois Constitution. Includes validation provisions. Increases the maximum reduction for the Senior Citizens Homestead Exemption from \$3,000 to \$3,500 for taxable years 2006 and thereafter. Increases the maximum income limitation in the Senior Citizens Assessment Freeze Homestead Exemption from \$45,000 to \$50,000 for taxable years 2006 and thereafter. Amends the Senior Citizens Real Estate Tax Deferral Act. Increases the maximum income limitation under the Act from \$40,000 to \$45,000

for taxable years 2006 and thereafter. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

HOUSING AFFORDABILITY IMPACT NOTE (Housing Development Authority)

While the increased income limits will help more Illinois seniors decrease the cost of owning a single family residence, there is insufficient information to calculate an exact dollar amount due to varying property tax rates and assessed valuations.

FISCAL NOTE (Dept. of Revenue)

There are approximately 698,000 properties with Senior Citizen Homestead Exemptions for 2005 taxes, payable in 2006. A \$500 increase from \$3,000 to \$3,500 would reduce the tax base by \$349 million statewide. At the statewide average property tax rate of 7.64%, those taxpayers would save \$26.7 million. Many counties, particularly those subject to PTELL, would be able to raise tax rates to offset any losses. However, in many counties, the increased exemption would reduce the rate of growth in property taxes. The increase from \$45,000 to \$50,000 in the income limit for the Senior Citizens Assessment Freeze Homestead Exemption would increase the number of eligible by an estimated 15,000 taxpayers, based on information from income tax returns. The first year impact would be minimal, but the loss would grow over time as an increased number of assessments were frozen. At current levels, the assessment freeze reduces taxes by approximately \$600 per taxpayer. The 15,000 additional eligible taxpayers would reduce local property taxes about \$9 million statewide. When the income limit for the Senior Citizens Real Estate Tax Deferral Act was increased from \$25,000 to \$40,000, the number of participants remained flat. Increasing the income limit from \$40,000 to \$45,000 is not expected to have noticeable effect on local governments.

SENATE FLOOR AMENDMENT NO. 2

Deletes everything after the enacting clause. Reinserts the provisions of the engrossed bill with the following changes: In the Senior Citizens Assessment Freeze Homestead Exemption provisions, sets forth the amount of the exemption for which an applicant is eligible to receive based upon the applicant's household income. In the Senior Citizens Real Estate Tax Deferral Act, increases the maximum income limitation under the Act to \$50,000 (instead of \$45,000 as provided in the engrossed bill). Effective immediately.

- 35 ILCS 5/509
- 35 ILCS 5/510
- 410 ILCS 45/10.1

Deletes everything after the enacting clause. Replaces with the bill as amended by House Amendment No. 1 with the following changes. Further amends the Illinois Procurement Code to prohibit willful and knowing violators of the Lead Poisoning Prevention Act from doing business with the State or a State agency until the violation is mitigated (rather than a complete prohibition). Deletes provisions relating to the Lead Poisoning Screening, Prevention, and Abatement Fund checkoff. Further amends the Lead Poisoning Prevention Act. Makes changes in the definition of "lead bearing substance". Requires the warning statement posted where supplies intended for the removal of paint are offered to contain a statement that dry sanding and dry scraping of paint in dwellings built before 1978 is dangerous (rather than prohibited) and to contain the phone number and Internet website address (rather than the phone number) of the Department of Public Health or delegate agency. Provides that a violation of the requirement to post a warning statement is a petty offense. Removes a provision allowing the Department to inspect more units as it deems necessary. Provides that once the Department determines that a lead hazard has been mitigated, the owner of a dwelling unit or residential building may remove notices of the lead hazard. Removes a provision requiring a Notice of Discovery of Lead Hazards to be filed with the Office of the Recorder of Deeds when the owner of a property fails to complete mitigation activities. Removes provisions concerning Attorney General and State's Attorney publishing of violators of the Act and establishing a continuing legal education program. Makes other changes. Effective immediately.

Requires the Department to provide sample brochures and to make the brochures available in hard copy and via download from the Department's Internet website. Provides that a commercial establishment shall be deemed to be in compliance with the warning statement requirement if the commercial establishment displays lead poisoning prevention posters or provides brochures to its customers that meet the minimum requirements of the Section but come from a source other than the Department. Provides that a violation of the requirement to post a warning statement shall cause the Department to issue a written warning for a first offense and shall be a petty offense for a second or subsequent offense if the violation occurs at the same location within 12 months after the first offense (rather than a violation is a petty offense). In a Section concerning inspection of buildings occupied by a person testing positive for lead poisoning, removes a provision requiring the Department to inspect units where (i) children under the age of 6 reside, at the request of a parent or guardian of the child or (ii) a pregnant woman resides, at the pregnant woman's request. Requires the Department to make the owner of a building aware of any financial assistance programs that may be available for lead mitigation whenever the Department issues a mitigation notice. Requires the notice posted by building owners who have received a mitigation notice to indicate whether mitigation notices have been issued for 2 or more dwelling units within a 5-year period of time. Provides that once the owner has complied with a mitigation notice or mitigation order issued by the Department (rather than once the Department determines that a lead hazard has been mitigated), the owner may remove the notices. HB-4952 WINTERS, LYONS, TRYON AND MENDOZA.

625 ILCS 5/3-806 from Ch. 95 1/2, par. 3-806

Amends the Illinois Vehicle Code. Beginning with the 2007 registration year, with respect to motor vehicles of the first division manufactured in model year 2007 and thereafter other than motorcycles, motor driven cycles, and pedalcycles, changes the annual registration fee to: (i) \$38 for motor vehicles within each vehicle class that are rated within the top third of the fuel economy ratings for that class; (ii) \$78 for motor vehicles within each vehicle class that are rated within the middle third of the fuel economy ratings for that class; and (iii) \$118 for motor vehicles within each vehicle class that are rated within the bottom third of the fuel economy ratings for that class (now, with respect to all motor vehicles of the first division other than motorcycles, motor driven cycles, and pedalcycles, the annual registration fee is \$78). Bases the vehicle classes and the fuel economy ratings on those determined by the U.S. Department of Energy and the U.S. Environmental Protection Agency. Provides that the provisions apply only to motor vehicles registered for the first time in the 2007 model year. Requires that the fee remains the same for the life of the vehicle. Requires the Secretary of State to post on its website a fuel economy rating for each make and model of motor vehicle to which the provisions apply and the applicable registration fees for those motor vehicles.

HOUSE AMENDMENT NO. 1

Provides that the annual registration fee for a vehicle to which the new fee schedule applies depends on its annual fuel cost (rather than its fuel economy) rating, as determined by the Department of Energy and the U.S. Environmental Protection Agency. Provides that, if any vehicle to which the new fee schedule applies is registered before January 1 of the calendar year that corresponds to the vehicle's model year, the registration fee for the vehicle for that registration year is a uniform \$78. Provides that, beginning with the next registration year, the

new fee schedule will apply to the vehicle. Provides that, if a vehicle to which the new fee schedule applies is capable of operating on a mixture of gasoline and ethanol, the vehicle's fuel economy rating shall be determined by its annual fuel cost when operated on gasoline, rather than its annual fuel cost when operated on a mixture of gasoline and ethanol. Provides that, if a person acquires a vehicle to which the new fee schedule applies and disposes of his or her previously registered vehicle before the applicable registration year has expired, the person's registration shall continue until the end of the applicable registration year, and he or she shall not be entitled to a refund on his or her registration fee and shall not be required to pay any additional registration fee. Provides that the registration fee for the vehicle for the next registration year shall be determined by the new fee schedule.

Amends the Code of Civil Procedure. Provides that proper venue shall be: (1) in the county of residence of all defendants (instead of the county of residence of any defendant who is joined in the action); (2) in the county of residence of all plaintiffs at the time of the most significant act or omission or the most significant event or transaction occurred out of which the cause of action arose; (3) in the county in which the most significant act or omission or the most significant event or transaction occurred (instead of the county in which the transaction or some part of the transaction occurred) out of which the cause of action arose; (4) in the county in which the most significant act or omission or the most significant event or transaction occurred out of which the cause of action arose, where there is more than one defendant and the defendants reside in different counties or outside the State; or (5) in the county in which the most significant act or omission or the most significant event or transaction occurred out of which the cause of action arose, where there is more than one plaintiff and the plaintiffs resided in different counties or outside the State at the time of the most significant act or omission or the most significant event or transaction occurred out of which the cause of action arose. Removes language allowing the cause of action to be commenced in any county when all of the defendants are nonresidents of the State. Provides that when venue is based on the defendant's or defendants' residence, and additional defendants or third party defendants are added to the claim or cause of action, venue remains proper only if all defendants and third party defendants are residents of the county where the claim or cause of action is filed. Requires that, if the additional defendants or third party defendants are not residents of the same county, upon motion of any party, the claim or cause of action shall be transferred to the county where the most significant act or omission or the most significant event or transaction occurred out of which the cause of action arose. Provides that, if there is no proper venue in this State for any reason, the claim or cause of action shall be dismissed without prejudice. Lists factors that the court shall consider when determining whether to dismiss a cause of action or transfer the cause of action to another venue. Provides that where more than one plaintiff is joined, each plaintiff shall independently establish proper venue. Makes other changes. Effective immediately.

Amends the Code of Civil Procedure. Provides that joint and several liability does not exist in actions arising out of bodily injury, death, or damage to property based on negligence or product liability. (At present, defendants who are found liable are jointly and severally liable for plaintiff's medical expenses; any defendant whose fault is less than 25% of the total fault attributable to the plaintiff is severally liable with any third party defendant, except for the plaintiff's employer; and, any defendant whose fault is 25% or greater of the total fault attributable to the plaintiff is jointly and severally liable for all other damages with any third party defendant, except for the plaintiff's employer). Provides that the trier of fact determines each defendant's respective liability, each party's percentage of contributory fault, and the plaintiff's damages. Provides that a defendant is responsible to pay that percentage of the plaintiff's damages represented by that defendant's portion of all contributory fault, except that a plaintiff cannot recover damages when the plaintiff's contributory fault exceeds 50%. Provides that no defendant is jointly and severally liable for plaintiff's damages. Amends the Joint Tortfeasor Contribution Act. Repeals provision that states that if a tortfeasor's obligation is uncollectible, the other tortfeasors shall pay, pro rata, the unpaid obligation. Repeals provision that states that the Joint Tortfeasor Contribution Act does not affect a plaintiff's right to recover the full amount of a tort judgment from any defendant.

- 410 ILCS 70/2 from Ch. 111 1/2, par. 87-2
- 410 ILCS 70/2.1 from Ch. 111 1/2, par. 87-2.1
- 410 ILCS 70/8.5 new

Amends the Sexual Assault Survivors Emergency Treatment Act. Requires the Department of

Public Health to submit a report to the General Assembly containing information on hospitals that have submitted a plan to provide emergency services to sexual assault survivors to the Department and to post the report on its Internet website. Changes the maximum fine for failure to submit a Plan of Correction or to implement the Plan of Correction to \$1,000 (now, \$100.00) per day. Requires the Department to accept and investigate any complaint of a hospital not providing services required by the Act. Effective immediately.

HOUSE AMENDMENT NO. 1

Deletes everything after the enacting clause. Replaces with the bill as introduced with the following changes. Requires the report to contain a list of hospitals that have failed to submit an acceptable Plan of Correction within the time required by the Act (rather than information on the Department of Public Health's site reviews of hospitals that have submitted plans) and a list of hospitals at which the periodic site review required by the Act has been conducted. Requires the Department to update the report on its Internet website when a hospital listed as noncompliant because of a failure to submit an acceptable Plan of Correction submits and implements the required Plan of Correction. Changes the maximum fine for failure to submit a Plan of Correction or to implement the Plan of Correction to \$500 (rather than \$1,000) per day. Requires the Department to implement a complaint system through which the Department may receive complaints of violations of the Act (rather than to accept and investigate any complaint of a hospital not providing services required by the Act). Makes other changes. Effective immediately.

Lists what must be contained in the report. Provides that information collected in the burn injury reports that could identify the hospital, any health care professional, hospital staff, or the patient shall remain confidential and only be divulged as needed in the investigation or prosecution of a criminal offense. Provides that persons complying with the Act in good faith are not subject to civil or criminal liability or discipline for unprofessional conduct.

SENATE COMMITTEE AMENDMENT NO. 1

Adds reference to:

5 ILCS 80/4.19a new

Replaces everything after the enacting clause. Reinserts the provisions of the original bill with the following changes. Permits (instead of requires) a hospital's administrator, manager, superintendent, or his or her designee (instead of all hospitals) to make an oral report to the State Fire Marshal in a timely manner as soon as treatment permits (instead of an immediate oral report and later a written report) for every case of a burn injury treated in a hospital that meets the listed criteria. Requires the State Fire Marshal to establish a toll-free number for burn reporting. Provides exceptions to the burn injury reporting requirements. Removes the 4 hour time limit for making the oral report. Limits the reporting requirements to hospitals that treat a patient initially for a burn injury. Provides that no information shall be included in the report naming or identifying any health care professional or hospital staff. Requires the Office of the State Fire Marshal to conduct a public information campaign working in conjunction with hospitals, physicians, and law enforcement to inform hospitals of the opportunity to report burn injuries to the toll-free number maintained by the Office pursuant to the Act. Makes other changes. Amends the Regulatory Sunset Act. Provides that the Burn Injury Reporting Act is repealed on January 1, 2009.

SENATE FLOOR AMENDMENT NO. 2

325 ILCS 5/4 from Ch. 23, par. 2054

Amends the Abused and Neglected Child Reporting Act. Provides that "school personnel" who are mandated reporters of child abuse or neglect include administrators and both certified and non-certified school employees. Provides that any school board member who has actual knowledge that a child enrolled in the school district of which he or she is a board member is an abused child as defined in the Act shall immediately report that knowledge to DCFS or cause such a report to be made to DCFS. Provides that within one year after the effective date of this amendatory Act or within one year after becoming a mandated reporter, whichever is later, a person mandated to report suspected abuse or neglect under the Act must do one of the following: (1) read the requirements of the Act concerning mandated reporters, or read a document prepared by or approved by DCFS concerning child abuse and neglect and the making of reports under the Act; or (2) sign a statement, on a form prescribed by or approved by DCFS, to the effect that the person understands his or her responsibilities as a mandated reporter. Makes it a Class 4 felony to fail to make a report to DCFS after receiving 2 or more reports of the same act, incident, or occurrence of child abuse or neglect. Effective immediately.

HOUSE AMENDMENT NO. 1

Replaces the bill's amendatory provisions concerning school board members; provides that if an allegation is raised to a school board member during the course of a school board meeting that a child who is enrolled in the school district is an abused child, the member must direct or cause the school board to direct the superintendent of the district or other equivalent school administrator to comply with the requirements of the Abused and Neglected Child Reporting Act concerning the reporting of child abuse (instead of providing that a school board member who has actual knowledge of child abuse shall immediately report that knowledge to the Department of Children and Family Services or cause such a report to be made to the Department). Deletes the bill's amendatory changes concerning criminal penalties for violations of the Act's reporting requirements.

HOUSE AMENDMENT NO. 2

Deletes amendatory provisions requiring a mandated reporter to (1) read the requirements of the Act concerning mandated reporters or read a document prepared by or approved by DCFS concerning child abuse and neglect and the making of reports under the Act or (2) sign a statement that the person understands his or her responsibilities as a mandated reporter.

Amends the Disabilities Services Act of 2003. Provides that the purpose of the Act is to further develop and implement (rather than create an advisory committee to develop and implement) a Disability Services Plan that ensures compliance by the State of Illinois with the Americans with Disabilities Act and the Olmstead decision. Sets forth that services to persons with disabilities shall be provided in the most integrated setting appropriate to the needs and choices of the person with the disability and his or her guardian in accordance with an individual service or treatment plan developed with the person with the disability. Defines "most integrated setting" to mean the setting that enables a person with a disability to interact with nondisabled persons to the fullest extent possible and that is appropriate to meet the needs and choices of the person with the disability and his or her guardian. Requires the comprehensive evaluation and diagnosis of a person determined probably eligible for disability services to include an assessment of skills, abilities, and potential for community residential placement from among a full array of residential options, including in-home supports, job training, and work placement (now, potential for residential and work placement). Changes the requirements for the services provided to persons with disabilities including: family or individual support services, residential services, education, vocational habilitation and rehabilitation, employment, independent service coordination, mental health supports, and assistive technology devices and services for persons with disabilities. Authorizes the advisory committee to consult with other State officials when their expertise and resources are relevant to the resolution of a particular issue. Sets forth that the Governor, with the assistance of the advisory committee and the Secretary of Human Services, shall submit the Disability Services Plan to the General Assembly by March 31, 2006 (now, Governor responsible for the completion of the plan). Provides for annual reports of changes to the Plan to the General Assembly. Sets forth certain requirements for the Disability Services Plan. Provides due process protections for a person claiming to be aggrieved by a determination of an agency regarding eligibility for a disability service, the provision of a disability service, or a change in or termination of a disability service under the Act. Sets forth that a person with a disability shall not be denied a disability service because of sex, race, religion, ethnic origin, marital status, ability to pay (except where contrary to law), or criminal record. Makes other changes. Effective immediately.

HOUSE AMENDMENT NO. 1

- Adds reference to:
 - 20 ILCS 2407/22 new

Further amends the Disability Services Act of 2003. Provides that the purpose of the Act is to develop a more comprehensive system of community supports and services that will enable persons with disabilities to transition to the most appropriate integrated setting possible in accordance with their needs, preferences, and capacity to be served in that setting. Sets forth

that the intent of the Act is to provide a framework for steps to be undertaken by the State of Illinois that will ensure successful implementation of the Olmstead decision. Requires, by January 1, 2007, the Department of Human Services, the Department of Healthcare and Family Services, and the Department on Aging to cooperatively arrange for the implementation of assessments of the readiness of individuals with disabilities to effect appropriate and medically necessary transitions to the most integrated setting possible, taking into consideration the individual's needs, preferences, and capacity to be served in that setting. Creates the Mercury Switch Removal Act. Provides that mercury switches removed from end-of-life vehicles must be managed in accordance with the Environmental Protection Act and regulations adopted thereunder. Requires vehicle recyclers, vehicle crushers, and scrap metal recyclers that remove mercury switches to maintain certain records and make reports relating to the mercury switches removed. Requires manufacturers of vehicles in Illinois that contain mercury switches to begin a mercury switch collection program, within 60 days of the effective date of this Act, that facilitates the removal of mercury switches from end-of-life vehicles prior to the vehicles being flattened, crushed, shredded, or otherwise processed for recycling. Sets forth that these programs must, to the extent practicable, use the currently available vehicle recycling infrastructure and be designed to achieve a capture rate of not less than (i) 35% for the period of July 1, 2006, through June 30, 2007; (ii) 50% for the period of July 1, 2007, through June 30, 2008; and (iii) 70% for the period of July 1, 2008, through June 30, 2009 and for each subsequent period of July 1 through June 30. Sets forth certain requirements for these collection programs including that each manufacturer adopt an implementation plan for their mercury switch collection program. Provides that if the required capture rates are not met, the Agency shall provide notice to the manufacturers subject to the collection requirements, and that beginning 30 days after the Agency first provides notice, a vehicle recycler that sells, gives, or otherwise conveys an end-of-life vehicle to an on-site or off-site vehicle crusher or a scrap metal recycler must remove all mercury switches from the vehicle prior to its conveyance, and that manufacturers subject to these collection requirements must provide to vehicle recyclers, vehicle crushers, and scrap metal recyclers (i) \$2.00 for each mercury switch removed by the vehicle recycler, vehicle crusher, or the scrap metal recycler, (ii) the costs of the containers in which the mercury switches are collected, and (iii) the costs of packaging and transporting the mercury switches off-site. Provides civil penalties for violations of the Act. Authorizes periodic reviews of these programs. Repeals the Act on January 1, 2018. Contains other provisions. Effective immediately.

FISCAL NOTE (Housing Development Authority)

This legislation will have no effect on constructing, purchasing, owning, or selling a single-family residence.

FISCAL NOTE (Illinois Environmental Protection Agency)

HB 5578 will not impose any significant fiscal impact on the Illinois EPA. The Agency would be required to review the mercury switch collection program developed by the automakers and assist with educational outreach efforts to promote the program. Existing resources would be used to conduct these activities.

STATE DEBT IMPACT NOTE (Commission on Gov't Forecasting and Accountability)

HB 5578 would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

JUDICIAL NOTE (Admin Office of the Illinois Courts)

Based on a review of the bill, it has been determined that this legislation may cause a minimal increase in judicial workloads. However, the bill would not increase the number of judges needed in the state.

HOUSING AFFORDABILITY IMPACT NOTE (Housing Development Authority)

This legislation will have no effect on constructing, purchasing, owning, or selling a single-family residence.

PENSION NOTE (Comm. on Gov. Forecasting & Accountability)

Would not impact any public pension fund or retirement system in Illinois.

BALANCED BUDGET NOTE (Gov. Office of Management & Budget)

It is unclear from the bill whether the compensation made by the manufacturers will be paid directly to vehicle crushers, recyclers, or scrap metal recyclers or through the agency. Therefore, we cannot estimate if HB 5578 will bring any new revenue, except for the penalties.

HOUSE AMENDMENT NO. 3

Provides that for civil penalties for failure to perform any duty imposed by this Act, the manufacturer must "willfully or knowingly" fail to perform these duties. Sets forth that second or subsequent violations shall result in a civil penalty not to exceed \$5,000 (instead of \$10,000). Provides that the manufacturers' duty to indemnify vehicle recyclers, vehicle crushers, and scrap metal recyclers for liabilities arising from releases from a mercury switch under the Act is subject to that switch being managed in accordance with the Environmental Protection Act and regulations adopted thereunder prior to transfer under the manufacturer's collection program. Changes the Act's repealer date to January 1, 2011 (instead of January 1, 2018).

FISCAL NOTE (H-AM 3) (Ill. Environmental Protection Agency)

HB 5578 will not impose any significant fiscal impact on the Illinois EPA. The Agency would be required to review the mercury switch collection program developed by the automakers and assist with educational outreach efforts to promote the program. Existing resources would be used to conduct these activities.

HOME RULE NOTE (H-AM 3) (Dept. of Commerce & Econ Opportunity)

Does not pre-empt home rule authority.

STATE MANDATES FISCAL NOTE (H-AM 3) (Dept. of Commerce & Econ Opportunity)

Does not create a state mandate under the State Mandates Act.

STATE DEBT IMPACT NOTE (H-AM 3) (Com. on Gov. Forecasting & Accountability)

Would not change the amount of authorization for any type of state-issued or state-supported bond, and therefore would not affect the level of State indebtedness.

JUDICIAL NOTE (H-AM 3) (Admin. Office of the Illinois Courts)

Would neither increase nor decrease the number of judges needed in the state.

PENSION NOTE (H-AM 3) (Com. on Gov. Forecasting & Accountability)

Would not impact any public pension fund or retirement system in Illinois.

HOUSING AFFORDABILITY IMPACT NOTE (H-AM 3)(Housing Development Authority)

This legislation will have no effect on constructing, purchasing, owning, or selling a single-family residence.

Amends the Electric Service Customer Choice and Rate Relief Law of 1997 in the Public Utilities Act. Provides that the "mandatory transition period" extends through the date on which the Illinois Commerce Commission has approved declarations of competitive service for all classes of service offered in the service areas of all electric utilities that, on December 31, 2005, served at least 100,000 customers (now, the mandatory transition period extends through January 1, 2007). Prohibits the Commission from taking certain actions prior to 2010 (now, the prohibition is during the mandatory transition period) with respect to (i) initiating, authorizing, or ordering any change by way of increase or (ii) in approving an application for a merger, imposing a condition requiring any filing for an increase, decrease, or change in or other review of an electric utility's rates or enforcing such a condition. Deletes a provision prohibiting the Commission from initiating, authorizing, or ordering any change by way of a decrease. Deletes a provision that provides that the Commission is not prohibited from approving the application of an electric utility to implement an alternative to rate of return regulation or a regulatory mechanism that rewards or penalizes the utility through adjustment of rates based on utility performance. Provides that, during the remainder of the mandatory transition period, if any, the Commission may modify rates. Requires the Commission to hold a hearing on any petition by an electric utility requesting the Commission to declare a tariffed service provided by the utility to be a competitive service (now, the Commission shall hold a hearing if the Commission deems it necessary). Provides that the Commission shall only declare the class of tariffed service to be a competitive service if the electric utility demonstrates that at least 33% of the customers in the electric utility's service area that are eligible to take the class of tariffed service instead take service from alternative retail electric suppliers and that at least 3 alternative retail electric suppliers provide service that is comparable to the class of tariffed service to those customers in the utility's service area that do not take service from the electric utility (now, the Commission is required to declare the service to be a competitive service for an identifiable customer segment or group of customers or a clearly defined geographical area within the electric utility's service area if the service or a reasonably equivalent substitute service is reasonably available to the customer segment or group or in the defined geographical area at a reasonable price from one or more other providers other than the electric utility or an affiliate and the utility has lost or is reasonably likely to lose business for the service to the other provider or providers). Requires the Commission to make its determination and issue its final order declaring or refusing to declare the service to be a competitive service within 180 (now, 120) days after the date the petition is filed. Deletes provisions that, if the Commission fails to make the determination within that time results within that time period, the petition is deemed to be granted. Effective immediately.

New Act

Creates the FY07 Cost of Doing Business Adjustment Act. Provides that retroactive to July 1, 2006, a 3% increase shall be included in all purchase of care contracts and grant agreements paid under specified line items in the fiscal year 2007 State budget for the Department of Human Services, including early intervention, family case management, and domestic violence. Effective immediately.

FISCAL NOTE (Department of Human Services)

The language authorizes a 3% COLA to be included in all purchase of care contracts and grant agreements paid under specified line items in the fiscal year 2007 State budget for the Department of Human Services. The cost to implement the 3% COLA is \$6.5 million, net cost to the State after Medicaid claim is \$4.9 million. The bill does not include any appropriation to support the COLA.

FISCAL NOTE (Dept. of Healthcare & Family Services)

The 3% rate adjustment included in House Bill 5839, as introduced, will cost the Department of Healthcare and Family Services' Medical Assistance Program approximately \$28 million annually (\$14.3 million net of federal financial participation). Federal financial participation (FFP) is not available for retroactive rate adjustments. Therefore, for any rate adjustments made in FY07, FFP will not be available until necessary State plan amendments and public notice requirements are met. These requirements will not decrease the gross cost of the included retroactive rate increase, but will significantly decrease the amount of FFP available to offset its net State cost. The legislation will require the Department to adjust its physician and transportation reimbursements as well as rates paid to providers of Medicaid therapies for 0-3 year olds and to school-based health centers. HB 5839 does not provide additional funding for the mandated rate adjustments.

Requires the Commission to make its determination and issue its final order declaring or refusing to declare the service to be a competitive service within 180 (now, 120) days after the date the petition is filed.
