HB-0242 WINTERS-MATHIAS.

35 ILCS 505/8 from Ch. 120, par. 424

Amends the Motor Fuel Tax Law. Provides that road districts located in Cook County qualify for an allocation of motor fuel tax funds if the road district levied certain taxes for road and bridge purposes in an amount that will require the extension of the tax against the taxable property in the road district at a rate of not less than either .08% of the value thereof or an amount equal to or greater than \$12,000 per mile of road under the jurisdiction of the road district, whichever is less (instead of "in an amount that will require the extension of the tax against the taxable property in the road district at a rate of not less than .08% of the value thereof").

HOUSE AMENDMENT NO. 1

Deletes everything after the enacting clause. Amends the Motor Fuel Tax Law. Provides that beginning July 1, 2006, an allocation of tax receipts shall be made for any road district if it levied a tax for road and bridge purposes, and if the amount of the tax levy requires the extension of the tax against the taxable property in the road district at a rate that is less than 0.08% of the value thereof, then the amount of the allocation for the road district shall be a percentage of the maximum allotment equal to the percentage obtained by dividing the rate extended by the district by 0.08%. Provides that in DuPage County, no allocation shall be made for any road district unless it levied a tax for road and bridge purposes in an amount which will require the extension of such tax against the taxable property in any such road district at a rate of not less than either 0.08% of the value thereof, based upon the assessment for the year immediately prior to the year in which such tax was levied and as equalized by the Department of Revenue or an amount equal to or greater than \$12,000 per mile of road under the jurisdiction of the road district, whichever is less. Provides that if any road district has levied a special tax for road purposes under certain Sections of the Illinois Highway Code, that levy entitles the road district for a full or proportionate allotment depending on the rate of the levy. Provides that if a township has transferred to the road and bridge fund money which, when added to the amount of any tax levy of the road district would be the equivalent of a tax levy requiring extension at a rate of at least 0.08% or, in DuPage County, an amount equal to or greater than \$12,000 per mile of road under the jurisdiction of the road district, whichever is less, then the transfer, together with any such tax levy, shall qualify the road district for a full, rather than proportionate, allotment. Provides that in counties in which a property tax extension limitation is imposed under the Property Tax Extension Limitation Law, road districts may retain their entitlement to a full motor fuel tax allotment if, at the time the property tax extension limitation was imposed, the road district was levying a road and bridge tax at a rate sufficient to entitle it to a motor fuel tax allotment and continues to levy the maximum allowable amount after the imposition of the property tax extension limitation. Effective January 1, 2006.

- 725 ILCS 205/9 from Ch. 38, par. 105-9

Amends the Sexually Dangerous Persons Act. Provides that at the hearing to determine whether a sexually dangerous person or criminal sexual psychopathic person has recovered, the Attorney General or State's Attorney who filed the original application shall represent the State

and shall have the right to have the applicant examined by an expert or professional person of the State's choice. Provides that the applicant may retain experts to perform an examination as well. Provides that if a person has previously filed an application in writing setting forth facts showing that the sexually dangerous person or criminal sexual psychopathic person has recovered and the court determined either at a hearing or following a jury trial that the applicant is still a sexually dangerous person, no additional application may be filed for one year after a finding that the person is still sexually dangerous. Makes other changes.

Provides that a law enforcement officer, DCFS employee, or physician may take or retain temporary protective custody of a child without the consent of the person responsible for the child's welfare if he or she has reason to believe that the child is in imminent danger of injury or death (instead of if he or she has reason to believe that the child cannot be cared for at home or in the custody of the person responsible for the child's welfare without endangering the child's health or safety and there is not time to apply for a temporary custody order). If there is no such imminent danger, requires a warrant to take the child into temporary protective custody. Provides that restaurants and similar retail food establishments shall obtain nutritional information from an independent nutrition testing laboratory and shall use analytic methods and express nutrient content in a manner consistent with the Illinois Food, Drug, and Cosmetic Act. Provides that menu items that come in different flavors and varieties but are listed as a single menu item shall be listed on menus and menu boards. Provides that nothing in the Act shall preclude restaurants and similar food establishments from voluntarily providing additional nutritional information. Replaces references to "lot" in some provisions with "interment, entombment, or inurnment right" and in the remaining provisions with "interment right, entombment rights in a community mausoleum or lawn crypt section, or inurnment right in a community columbarium". Raises the fine for violation of the cemetery rules to not less than \$100 nor more than \$500 for each offense (instead of not less than \$5 nor more than \$100 for each offense). Authorizes the cemetery authority (instead of the board of directors of the society or association) to make by-laws, rules, and regulations for the governing of the cemetery authority, to appoint policemen to protect the cemetery, and to invest funds. Provides that, unless a specific agreement has been

STATE MANDATES FISCAL NOTE (Illinois Community College Board)

In the opinion of the Illinois Community College Board, HB 274 may create a fiscal impact on the community colleges of Illinois. Community college districts in Illinois rely on property taxes for a large portion of their funding. That funding stream could be affected by the proposed legislation, which may reduce the amount of taxes collected for community college district funding; but to what extent is not known at this time.

Amends the Illinois Procurement Code. Requires the purchase or lease of motor vehicles assembled in Illinois if the cost is not more than 10% greater than the purchase or lease of motor vehicles that are not assembled in Illinois but otherwise meet contract specifications.

FISCAL NOTE (Department of Transportation)

Passage of this bill would require no immediate expenditures by DOT. However, the Department would need to cover a potential 10% increase in costs for future purchasing of vehicles. This would amount to \$1,500 to \$2,000 for a typical station wagon. For every 10 vehicles purchased, the Department would lose the ability to purchase the 11th vehicle, since the preference is rolled into the purchase of the 10 vehicles.

FISCAL NOTE (Central Management Services)

The Department of Central Management Services anticipates a fiscal impact from this bill, as amended, to be slightly less than a million dollars.

HOUSE AMENDMENT NO. 1

Deletes reference to:

30 ILCS 805/8.29 new

Deletes everything. Reinserts the bill with the following changes: Provides that the bill may be referred to as the Anna Cieslewicz Act. In the new Act, exempts farm dogs from the requirement that they be registered and that a fee be collected upon their registration. Requires the Department of Public Health to award grants to counties and municipalities that offer sterilization services. Requires that 20% of the special fund be set aside for those grants. In the Animal Control Act, removes the requirement that a county board require registration of dogs and cats. Exempts farm dogs from any registration required by a county. Removes the change to the State Mandates Act.

HOUSE AMENDMENT NO. 2

Repeals the new Act December 31, 2012. Makes conforming changes in the amendatory provisions of the other Acts.

STATE MANDATES FISCAL NOTE (H-AM 1&2) (Dept. of Commerce and Econ Opportunity)

In the opinion of DCEO, House Bill 315 (H-AM 1 & 2) creates a service mandate for which 50%-100% of the increased costs to units of local government is required under the State Mandates Act.

FISCAL NOTE (Department of Public Health)

The estimated full year fiscal impact of House Bill 315 is approximately \$226,000. These costs are related to the implementation activities of the Illinois Department of Public Health and the development of a database to track compliance at the local level, accept receipts from the newly created funds and provide reimbursement for local veterinarians providing services.

FISCAL NOTE (Illinois Department of Revenue)

There are currently nine tax checkoffs on the IL-1040 tax form. The IL-1040 could accommodate ten tax checkoffs before the Department of Revenue would have to expand it to include a separate schedule for tax checkoffs. If a tax checkoff does not collect at least \$100,000 by October 1, it is dropped from the form for the following year. If the number of tax checkoffs added this year plus the number of existing checkoffs that remain on the form for next year is greater than ten, the Department of Revenue would have to expand the IL-1040 to include a schedule for the tax checkoffs, which would cost the Department of Revenue approximately \$40,000 per year.

HB-0341 MILLNER.

430 ILCS 65/3.1

Amends the Firearm Owners Identification Card Act. Provides that if the receipt of a firearm does not violate federal or State law, the Department of State Police shall: (1) assign a unique identification number to the transfer; (2) provide the licensee with the number; and (3) destroy all records of the system with respect to the call, other than the identifying number and the date the number was assigned, and all records of the system relating to the person or the transfer within 24 hours. Provides that if the transfer of a firearm is denied by the Department of State Police, the Department of State Police may keep the records of a denial until the denial is appealed and overturned, or as long as necessary for a criminal prosecution. Provides that approvals issued by the Department of State Police for the purchase of a firearm are valid for 30 days from the date of issue. Provides that the Department of State Police may not retain, copy, or distribute any information previously collected under the dial up system. Effective immediately.

HOUSE AMENDMENT NO. 1

Adds reference to:

430 ILCS 65/1.1	from Ch. 38, par. 83-1.1
430 ILCS 65/3	from Ch. 38, par. 83-3

430 ILCS 65/5	from Ch. 38, par. 83-5
720 ILCS 5/24-11 new	

Deletes everything after the enacting clause. Reinserts the provisions of the bill with the following exceptions: (1) provides that if a transfer of a firearm takes place at a gun show, the record of transfer must include the unique identification number assigned to the transfer by the Department of State Police; (2) provides that records of firearms transfers maintained by the Department of State Police must be destroyed within 90 days rather than 24 hours of the transfer; (3) provides that \$1 of the application fee for a Firearm Owner's Identification Card shall be deposited into the State Police Services Fund rather than the General Revenue Fund; and (4) amends the Criminal Code of 1961 to provide for home rule preemption of local governmental regulation of the acquisition, possession, transportation, storage, purchase, sale, or other dealings in firearms and ammunition in a manner other than as provided by State law in municipalities of less than 2,000,000 inhabitants. Effective immediately.

HOME RULE NOTE (H-AM 1)(Dept. of Commerce and Economic Opportunity)

In the opinion of DCEO, House Bill 341 (H-AM 1) pre-empts home rule authority. However, the legislation provides for an exception for the City of Chicago, and also provides an exception in which a unit of local government may also establish zoning and security requirements for the retail sale of firearms by federally licensed firearms dealers.

FISCAL NOTE (H-AM 1) (Illinois State Police)

Fiscal impact to the Illinois State Police would be \$740,000 to implement the bill, in addition to a \$70,000 annual maintenance cost for electronic process after the first year.
 JUDICIAL NOTE (H-AM 1) (Admin Office of the Illinois Courts)

Would neither increase nor decrease the number of judges needed in the state.

STATE MANDATES FISCAL NOTE (H-AM 1)(Dept. of Commerce and Economic Opportunity)

In the opinion of the Department of Commerce and Economic Opportunity, House Bill 341 (H-AM 1) creates a local government organization and structure mandate for which reimbursement of the increased costs to units of local government is not required under the State Mandates Act.

105 ILCS 5/2-3.25g from Ch. 122, par. 2-3.25g

Amends the School Code. In provisions concerning the waiver or modification of mandates within the School Code and rules, provides that an application for a waiver from or modification to a physical education mandate must be made by the particular school involved, not by the school district or joint agreement. Provides that a waiver from or modification to a physical education mandate may not be requested if the school district has received, within the last 10 years, a grant under the School Construction Law to build a new building or to upgrade an existing physical education facility, unless the school district is seeking the waiver or modification to operate under a block schedule. Instead of allowing the General Assembly to disapprove a waiver from or modification to a physical education mandate, provides that if the State Board of Education's mandate waiver report contains a request for a waiver from or modification to a physical education mandate, then the General Assembly must approve the request by adoption of a joint resolution pertaining only to that particular request, otherwise the waiver shall be deemed disapproved. 305 ILCS 5/14-8.1 new

Amends the Illinois Public Aid Code. Provides that, for inpatient and outpatient services provided on or after January 1, 2006, in addition to rates paid for inpatient and outpatient hospital services, the Department shall pay each hospital (except for county providers and hospitals licensed under the University of Illinois Hospital Act) an amount as determined by rule of the Department, to reimburse the hospital for the reasonable costs of complying with the Language Assistance Services Act that are attributable to serving Medicaid recipients. Effective immediately.

FISCAL NOTE (Department of Public Aid)

House Bill 382 is effective on January 1, 2006 in the second half of FY06. Hospital reimbursement for reasonable costs complying with the Language Assistance Service Act is estimated at \$39 million annually. This number is based on the assumption that 50% of the Hispanic and Asian population currently enrolled in Medicaid do not speak English. It is also assumed that 9% of the Medicaid population is deaf. Rates for language translation and deaf interpreter services were based on current hourly rates provided by IDHS. Language Assistance Services are eligible for Federal match.

- 210 ILCS 85/7 from Ch. 111 1/2, par. 148
- 210 ILCS 135/6 from Ch. 91 1/2, par. 1706

Replaces everything after the enacting clause. Creates the Health Care Workplace Violence Prevention Act. Defines "health care workplace" to mean a hospital licensed under the Hospital Licensing Act or organized under the University of Illinois Hospital Act, or a mental health facility or developmental disability facility as defined in the Mental Health and Developmental Disabilities Code. Provides that by July 1, 2006, every health care workplace must adopt and implement a plan to reasonably prevent and protect employees from violence at that setting. Requires a health care workplace to file the plan with the Department of Labor, and requires that Department to forward a copy of the plan to the State agency that regulates the workplace or contracts with the workplace for the delivery of health care services. Requires a health care workplace to provide violence prevention training to its employees by July 1, 2007. Requires a health care workplace to keep a record of violent acts occurring at the workplace and to report those violent acts to the Department of Labor for forwarding to the appropriate regulatory agency; also requires a health care workplace to report such violent acts to the appropriate law enforcement agency. In the case of a report of a violent act occurring at a State-operated mental health or developmental disability facility under the jurisdiction of the Department of Human Services (DHS), requires the Department of Labor to forward a copy of the report to the Department of State Police and to the DHS Inspector General. Authorizes the Director of Labor to order a health care workplace to comply with the Act and to impose a civil penalty against a health care workplace. Provides that a hospital shall be deemed to be in compliance with the violence prevention plan requirements if it has complied with national accreditation standards and completes reports of incidents of violence that are available for review by the Department of Public Health. Amends the Illinois State Auditing Act to require that the program audit of State-operated mental health and developmental disability facilities include an examination of reports of suspected abuse of facility staff by patients or residents. Amends the Community Living Facilities Licensing Act, the Hospital Licensing Act, and the Community-Integrated Living Arrangements Licensure and Certification Act to authorize sanctions against a licensed entity for a violation of the Health Care Workplace Violence Prevention Act. Effective immediately.

HOUSE AMENDMENT NO. 4

Deletes reference to:

- 210 ILCS 85/7 new

Adds reference to:

20 ILCS 1705/72 new

Replaces everything after the enacting clause with provisions substantially similar to those of House Bill 399 as amended by House Amendment No. 1, but with changes that include the following: (1) provides that "abuse" also means a perceived immediate, threatened, or impending risk of physical injury; (2) deletes hospitals from the definition of "health care workplace", and provides that "health care workplace" does not include, and shall not be construed to include, any office of a physician licensed to practice medicine in all its branches, an advanced practice nurse, or a physician assistant, regardless of the form of such office; (3) provides that violence prevention training must address the protection of confidentiality in accordance with HIPAA and other related provisions of law; (4) eliminates "a physical assault with mild soreness, surface abrasions, scratches, or small bruises" as a type of abuse that must be described; (5) eliminates provisions for reporting violent acts to the Department of Labor and for the investigation of such violent acts; (6) eliminates provisions for issuance of an order to comply with the Health Care Workplace Violence Prevention Act and for a civil penalty for noncompliance; (7) eliminates provisions concerning circumstances under which a hospital shall be deemed to be in compliance with the Act; (8) amends the Mental Health and Developmental Disabilities Administrative Act to require the Department of Human Services, within 6 months after the effective date of this amendatory Act, to adopt rules prescribing procedures for reporting, investigating, and responding to violent acts against employees of facilities under the Department's jurisdiction; (9) eliminates failure to file a review of or changes to a workplace violence prevention plan and failure to report a violent act under the Health Care Workplace Violence Prevention Act as grounds for discipline under the Community Living Facilities Licensing Act and the Community-Integrated Living Arrangements Licensure and Certification Act; and (10) eliminates provisions amending the Hospital Licensing Act. Effective immediately.

FISCAL NOTE (H-AM 1) (Department of Human Services)

House Bill 399 (H-AM 1) creates additional workload for the Department of Human Services State-Operated Facilities, both Mental Health and Developmental Disabilities, that the programs do not have the resources to address. Each State operated facility would require an additional staff person in order to meet the record keeping and reporting requirements of the legislation. This would require eighteen (18) additional headcount at an average salary with fringes of \$50,000, for a cost of \$900,000.

FISCAL NOTE (H-AM 1) (Department of Public Health)

Minimal fiscal impact.

FISCAL NOTE (H-AM 1) (Budget Office)

This would require eighteen (18) additional headcount at an average salary with fringes of \$50,000, for a cost of \$900,000.

FISCAL NOTE (H-AM 1) (Department of Labor)

This legislation creates significant new responsibilities for the Department of Labor that cannot be administered with existing resources and staff. The fiscal impact is as follows: Personnel = \$683,000; Fringes = \$150,000; Travel \$39,000; Commodities = \$9,000; Printing = \$30,000; EDP Equipment = \$32,000; Telecommunications = \$12,000; Total = \$955,000.

FISCAL NOTE (H-AM 1) (Department of Human Services)

This would require eighteen (18) additional headcount at an average salary with fringes of \$50,000, for a cost of \$900,000.

SENATE FLOOR AMENDMENT NO. 1

In the Health Care Workplace Violence Prevention Act, deletes the definition of "abuse" and replaces references to "abuse" in the Act with references to "violent acts". Provides that "violence" or "violent act" means any act by a patient or resident (instead of a person) that causes or threatens to cause an injury to another person (instead of causes abuse of another person). Adds "a violent act requiring employee response, in the course of which an employee is injured" as a type of violent act that must be included in a health care workplace's records, and changes another such category to "a verbal or physical threat that presents imminent danger" (instead of imminent danger to an employee). In the Illinois State Auditing Act, (i) requires examination of a facility's records concerning reports of violent acts against (instead of suspected abuse of) facility staff by patients or residents and (ii) requires the Auditor General to report findings concerning violent acts against staff by patients or residents (instead of concerning abuse of facility staff).

SENATE FLOOR AMENDMENT NO. 3

Replaces everything after the enacting clause with provisions similar to those of House

Bill 399, as amended by Senate Amendment No. 1, creating the Health Care Workplace Violence Prevention Act and amending the Mental Health and Developmental Disabilities Administrative Act, the Illinois State Auditing Act, the Community Living Facilities Licensing Act, and the Community-Integrated Living Arrangements Licensure and Certification Act, but with changes that include the following: (1) deletes references to the Department of Labor and the Director of Labor and replaces them with references to the Department of Human Services (in the case of a health care workplace that is operated or regulated by the Department of Human Services) or the Department of Public Health (in the case of a health care workplace that is operated or regulated by the Department of Public Health); (2) requires the Department of Human Services and the Department of Public Health to initially implement the Health Care Workplace Violence Prevention Act as a 2-year pilot project in which only the following health care workplaces shall participate: the Chester Mental Health Center, the Alton Mental Health Center, the Douglas Singer Mental Health Center, the Andrew McFarland Mental Health Center, and the Jacksonville Developmental Center; (3) requires facilities participating in the pilot project to provide violence prevention training by July 1, 2006, and to adopt and implement a workplace violence prevention plan and begin keeping a record of violent acts by July 1, 2007; (4) requires facilities not participating in the pilot project to adopt and implement a workplace violence prevention plan by July 1, 2008 (instead of 2006), provide violence prevention training by July 1, 2009 (instead of 2007), and begin keeping a record of violent acts by July 1, 2008 (instead of 2006); and (5) requires the Governor to convene a task force to evaluate the pilot project and make a report to the General Assembly by January 1, 2008. Effective immediately.

HB-0461 BLACK-YARBROUGH-WASHINGTON-BAILEY, PHELPS AND HOLBROOK.

820 ILCS 405/611 from Ch. 48, par. 441

Amends the Unemployment Insurance Act. Provides that none of the amount received by an individual as primary social security old age and disability retirement benefits shall constitute disqualifying income.

HOME RULE NOTE (Department of Commerce and Economic Opportunity)

In the opinion of the Department of Commerce and Economic Opportunity, House Bill 461 does not pre-empt home rule authority.

STATE MANDATES FISCAL NOTE (Department of Commerce and Economic Opportunity)

In the opinion of the Department of Commerce and Economic Opportunity, House Bill 461 does not create a State mandate under the State Mandates Act.

FISCAL NOTE (Department of Employment Security)

Based on actual disqualifying income data for individuals receiving Unemployment Insurance (UI) during calendar year 2004, House Bill 461 is projected to increase unemployment benefit outlays by at least \$27 million annually. If enacted, this bill will

also presumably change the behavior of some individuals, motivating them to file UI claims that they otherwise would not have made. This behavioral change is somewhat unpredictable and would add to the annual costs by an undetermined amount. There would also be one-time costs of implementing the law change. There will be necessary software changes to the current UI Benefit Information System and its federal system TeleServe, a telephone voice response system for biweekly certification used by UI claimants. TeleServe changes would require in the voice system scripts and the capture of the responses. The estimated cost of these changes to the automated systems is approximately \$20,000. Another area of one-time implementation costs would be in the updating of information packets to claimants, a change in the video containing Benefit Rights Information, a change in the manual benefit certification forms mailed to UI claimants that do not use Tele-Serve and updated training information on the UI law change to IDES frontline staff. The IDES staff costs involved in implementing the law change can be thought of as opportunity costs. There should be no additional increment of staff needed to implement this law change but rather just a change in priority of what gets done when. The updating of information packets, informational videos and forms happens on an ongoing basis where there is a significant change in information. The proposed law change, in itself, would be a significant change in information to claimants and would trigger an update. At that time, other less significant changes would also be updated in the informational materials. The associated cost, including related contractual costs, is under \$50,000 and would not be entirely attributed to the proposed law change.

Amends the Public Utilities Act. Provides that every public utility that provides gas or electric service to residential customers as primary or secondary sources of heating must report all of the following information annually in writing to the Illinois Commerce Commission: (1) the number of accounts that are past due each month, (2) the aggregate amount of past due balances each month, (3) the number of disconnection notices issued to residential customers each month, (4) the number of residential customers disconnected each month, (5) the number of LIHEAP households reconnected each month, (6) the number of residential customers eligible for emergency services under the Energy Assistance Act each year, and (7) the aggregate amount of arrears that are written off as bad business debt each year. Requires a utility to reconnect service to LIHEAP households whose service was disconnected for nonpayment if the consumer (i) pays 20% of the outstanding bill for the household or \$250, whichever is less or (ii) agrees to a payment plan negotiated with the public utility by the local area agency on behalf of the consumer. Requires an electric or gas public utility to participate in the Percentage of Income Payment Plan established under the Energy Assistance Act and establish and implement an arrearage reduction program for consumers who are participating in the Plan. Provides that, if a public utility writes off an uncollectible account arrearage as a bad business debt on its State or federal income tax return, the utility shall cease all collection activities for that debt and write the indebtedness off of its books. Amends the Energy Assistance Act. Changes references to the Department of Commerce and Economic Opportunity to the Department of Public Aid pursuant to the transfer of powers and duties under Executive Order 3 (2004). Requires the Department of Public Aid to institute a Percentage of Income Payment Plan to ensure the affordability of heating service to low income Illinois residents. Requires that the Plan be in operation by September 1, 2005. Authorizes the Department to enter into contracts and other agreements with local agencies for the purpose of administering the Plan. Provides that monies in the Supplemental Low-Income Energy Assistance Fund be used to fund the Plan. Effective immediately.

HB-0466 COLVIN-COLLINS-DAVIS, MONIQUE-JEFFERSON-HOWARD, GRAHAM, YARBROUGH, DAVIS, WILLIAM, PATTERSON, BRADLEY, RICHARD, YOUNGE, RITA AND FRANKS.

305 ILCS 20/15 new

Amends the Energy Assistance Act. Provides that no later than August 1 of each year, the Director of Revenue shall calculate the total amount of tax paid pursuant to the Gas Revenue Tax Act by persons eligible to receive assistance from the Low Income Home Energy Assistance Program during the 12-month period ending the previous June 30 and the total amount of Energy Assistance Charges paid by such persons during that same period. Provides that no later than September 1 of each year, the Director of Revenue shall cause an amount equal to the amount calculated under the foregoing provision in that year to be transferred from GRF to the Supplemental Low-Income Energy Assistance Fund.

HOUSE AMENDMENT NO. 1

Replaces everything after the enacting clause. Amends the Energy Assistance Act. Provides that each year, the Director of Public Aid shall determine the percentage of residential gas utility customers enrolled in the Low Income Home Energy Assistance Program for the 12 months ending the previous June 30. Provides that no later than September 15 of each year, the Director of Public Aid shall certify to the Treasurer of the State of Illinois the amount of money equaling the proportion of residential taxes paid by regulated gas utilities pursuant to the Gas Revenue Tax Act and the Gas Use Tax Act for households that received assistance from the Low Income Home Energy Assistance Program during the 12 months ending the previous June 30. Provides that the Treasurer shall transfer 50% of that amount of money into the Supplemental Low Income Energy Assistance Fund by September 30.

FISCAL NOTE (Illinois Department of Revenue)

The average Gas Revenue Tax payment per customer is approximately \$30.00 per year and the average energy assistance charge per customer is approximately \$4.80 per year. There are approximately 316,000 LIHEAP recipients. Therefore, the total amount of Gas Revenue Tax payments and energy assistance charges paid by LIHEAP recipients is estimated to be approximately \$10,996,800 per year. House Bill 466 would require that amount to be transferred each year from the General Revenue Fund to the Supplemental Low-Income Energy Assistance Fund. However, the Department of Revenue does not know who receives LIHEAP payments or the actual amount of Gas Revenue Payments and energy assistance charges that are made by those LIHEAP recipients. The Department of Revenue would incur undetermined but significant administrative costs to determine those amounts.

Act to create the income tax credit for participating businesses under the pilot program. Amends the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act; provides that, beginning January 1, 2006 and through January 31, 2006, the tax with respect to energy-efficient products is imposed under these Acts at the rate of 1.25% (eliminating the State's portion of the tax); also amends the State Finance Act to adjust the distribution with respect to this tax. Provides that the Treasurer shall transfer 100% of that amount of money into the Supplemental Low Income Energy Assistance Fund by January 31, 2006. Effective immediately.

SENATE FLOOR AMENDMENT NO. 4

Provides that the use and occupation taxes on energy-efficient products is imposed, from January 1, 2006 through January 31, 2006, at a rate of 1% (instead of 1.25%), and that the lower rate applies to those energy-efficient products that are designed for use in residential structures (instead of products for use in residential structures).

FISCAL NOTE (H-AM 1) (Dept of Commerce and Economic Opportunity)

House Bill 471 (H-AM 1) is estimated to have a fiscal impact of at least \$80,000 on the Department of Commerce and Economic Opportunity for a minimum of one (1) headcount and associated resources to administer the requirements of this legislation. This fiscal impact could increase based upon the amount of program funding provided by the General Assembly, which is unknown at this time.

30 ILCS 500/53-10
 30 ILCS 605/7.6 new

Amends the State Property Control Act to establish restrictions on and procedures for the State's awarding of naming and sponsorship rights relating to State property. Amends the Illinois Procurement Code to make corresponding changes. Effective immediately.

HOUSE AMENDMENT NO. 1

Deletes everything after the enacting clause. Reinserts the provisions of the introduced bill with these changes: makes the naming and sponsorship requirements prospective only; authorizes imprints and other identifying information as well as signs and placards; allows for periodic payment of license fees; deletes the prohibition on lobbyists and those doing business with the State from acquiring naming and sponsorship rights; requires publication in the Procurement Bulletin (rather than a newspaper); requires public institutions of higher education to consent to a license and allows that institution to designate a fund or account of the institution for deposit of fees; makes certain exceptions for donated land or buildings; allows licenses with respect to historic sites if the property is a university sports stadium and the applicable federal or State agency consents; limits the Executive Ethics Commission's review to ethical and ethics related standards imposed by the law and on avoiding the appearance of impropriety; requires the Commission to act with reasonable promptness and not to unreasonably withhold its approval; and makes the provisions subject to laws concerning blind vendors. Effective September 1, 2005.

FISCAL NOTE (H-AM 1) (Department of Central Management Services)

The Department of Central Management Services anticipates no fiscal impact from this bill.

HOUSE AMENDMENT NO. 2

Deletes everything after the enacting clause. Reinserts the provisions of House Amendment No. 1 with changes relating to properties with respect to which licenses may not be granted, license terms of 10 years (instead of 5 years), personal gifts, "official" designations, negotiation of multiple licenses as part of a single process, the administrator for property and other assets of institutions of higher education and executive branch constitutional officers, naming and sponsorship rights for small consideration, applicability to State Fairs beginning January 1, 2006, retention of records, deposit of funds, and prequalification of proposers. Exempts property of the legislative and judicial branches. Makes other changes. Effective immediately.

HOUSE AMENDMENT NO. 3

Provides that in the case of naming or sponsorship rights for a single event or a continuous series of related events, the administrator may grant multiple licenses not based on the standard of "highest and best proposals" if the end result is the most

beneficial to the State. Further provides that the Executive Ethics Commission may adopt rules authorizing the administrator to grant licenses without pre-approval, but the rules must specify, by category, those emergency and other extenuating situations in which pre-approval is waived, must provide for prompt review by the Commission after the granting of the license, and may contain other provisions the Commission deems necessary to prevent abuse of this procedure. Changes the threshold amount for licenses granted for small consideration from \$10,000 to \$25,000.

FISCAL NOTE (H-AM 2) (Central Management Services)

The Department of Central Management Services anticipates that the fiscal impact from this bill would be impossible to currently quantify due to the lack of availability of historic data concerning these proposed legislative changes. However, the Department feels that the fiscal implications of these changes have the potential to be significant.

305 ILCS 5/9A-11 from Ch. 23, par. 9A-11

Amends the Illinois Public Aid Code. In provisions concerning child care for TANF recipients, provides that in order to determine child care base reimbursement rates, the Department of Human Services shall conduct, every other year, a market rate survey of the licensed child care providers in the State. (Removes a provision concerning a market rate survey to be completed by July 1, 1998.) Provides that the Department may establish varying child care base reimbursement rates based on age classifications and groupings of counties reflective of variations in the price of child care as determined by the market rate survey. Provides that not later than the start of the first fiscal year following the effective date of this amendatory Act, all base reimbursement rates for licensed child care providers shall thereafter be set at not less than the 50th percentile and shall not exceed the 75th percentile as determined by the most recent market rate survey. Makes provision for percentile adjustments, rates for registered legally license-exempt home child care providers, and providers who serve children with a special need. Requires the Department to implement a tiered rate reimbursement system under which child care providers who attain benchmarks of higher quality child care shall receive a premium in addition to the base reimbursement rate. Provides that child care providers who accept reimbursement from the Department under these provisions may not charge a parent receiving child care assistance a rate in excess of the parent's co-payment. Removes a provision that the Department shall, by rule, set rates to be paid for the various types of child care. Effective immediately.

New Act

Creates the Mercury-Free Vaccine Act. Provides that a person who is knowingly pregnant or who is under 3 years of age shall not be vaccinated with a mercury-containing vaccine or injected with a mercury-containing product that contains more than 0.5 micrograms of mercury per 0.5 milliliter dose. Provides that a person who is knowingly pregnant or who is under 3 years of age shall not be vaccinated with a mercury-containing influenza vaccine that contains more than 1.0 microgram of mercury per 0.5 milliliter dose. Provides an exemption for the use of mercury-containing vaccines if the Department of Public Health finds that an actual or potential bio-terrorist incident or other actual or potential public health emergency, including an epidemic or shortage of supply of a vaccine that would prevent children under 3 years of age and knowingly pregnant women from receiving the needed vaccine, makes necessary the administration of a vaccine containing more mercury than the maximum level.

SENATE FLOOR AMENDMENT NO. 2

Deletes everything after the enacting clause. Creates the Mercury-Free Vaccine Act. Provides that, commencing January 1, 2007, no person shall be vaccinated with a vaccine or injected with any product that contains or, prior to dilution, had contained as an additive, thimerosal or other mercury-based product, whether at preservative or trace amount levels. Provides that the Department of Public Health may exempt the use of a vaccine from the Act if the Department finds that an actual or potential bio-terrorist incident or other actual or potential public health

emergency, including an epidemic or shortage of supply of a vaccine at a reasonable cost makes necessary the administration of a vaccine containing mercury at either preservative or trace amount levels. List the conditions that must be met to qualify for the exemption under the Act.

SENATE FLOOR AMENDMENT NO. 5

Deletes everything after the enacting clause. Creates the Mercury-Free Vaccine Act. Provides that: (1) commencing January 1, 2006, a person shall not be vaccinated with a mercury-containing vaccine that contains more than 1.25 micrograms of mercury per dose; and (2) commencing January 1, 2008, no person shall be vaccinated with a vaccine or injected with any product that contains, or prior to dilution, had contained as an additive, any mercury based product, whether at preservative or trace amount levels. Provides that the Department of Public Health may exempt the use of a vaccine from the Act if the Department makes certain findings and specified conditions are met.

Substitutes Public Funds Investment Act reference for an outdated reference. Makes related changes. Effective immediately.

FISCAL NOTE (Dept of Financial and Professional Regulation)

Based on a review of House Bill 512, the Department of Financial and Professional Regulation does not believe this legislation will create a negative fiscal impact. An implementation issue could exist regarding whether the deposits are insured, and if so, only to the insurance limit. However, the agency feels this issue can be handled by current staff. Increased revenues could be expected in the Division of Financial Institutions as the administrative fees charged to Credit Unions are assessed based on asset size. However, a correlating reduction in revenue from Banks and Savings and Loans could also occur in the Division of Banks and Real Estate. As a result, it is expected that the impact on revenues would approximate a net wash. It is difficult to estimate this impact since the amount of funds that could change from Banks and Savings and Loans to Credit Unions is not known.

20 ILCS 1805/28.9

Amends the Military Code of Illinois. Provides that on or after July 1, 2006, if the Adjutant General determines that Illinois National Guard personnel are not available to perform military funeral honors, the Adjutant General may authorize another appropriate organization to provide one or more of its members to perform those honors and, subject to appropriations for that purpose, shall authorize the payment of a \$100 stipend to the organization. Provides that the Code does not establish any entitlement to military funeral honors if the Adjutant General determines that such other appropriate personnel are not available to perform those honors or if adequate appropriated funds are not available. Effective July 1, 2006.

FISCAL NOTE (Department of Military Affairs)

The Department does not currently have any appropriated funds for military funeral honors. In the previous fiscal year, Illinois National Guard personnel were not available to provide military funeral honors for approximately 400 funerals. Based upon this experience, \$40,000 (400 funerals multiplied by \$100) would need to be appropriated to the Department of Military Affairs for this purpose.

New Act

Creates the Motor Fuel Fair Marketing Practices Act. Prohibits price gouging on the retail sale of motor fuel in response to the occurrence of a disaster. Provides that a violation of the federal Robinson-Patman Act with respect to the retail sale of motor fuel constitutes a violation of this Act. Prohibits the practice of selling motor fuel at retail prices that are below cost, where the effect is to injure or lessen competition. Provides for investigation and enforcement by the Attorney General. Provides for civil penalties for a violation of the Act. Effective July 1, 2005.

HOUSE AMENDMENT NO. 1

Deletes everything after the enacting clause. Creates the Motor Fuel Fair Marketing Practices Act with provisions different than those contained in the new Act that was created by the introduced bill. Provides that it is a violation of the Act to engage in motor fuel price gouging in response to the occurrence of a national disaster or State emergency, except where the sale is both an isolated and inadvertent incident. Provides that in certain instances it is not a violation of the Act to sell or advertise for sale motor fuel at a retail price that would constitute a below cost sale. Allows concessions of up to 5% of the motor fuel sale, provided that the concessions are not given by the motor fuel retailer or an affiliate, that the cost of the concessions are not borne by the motor fuel retailer or affiliate, and that the concessions do not reduce the pump price and net amount paid for the motor fuel at the time of the sale. Provides that if there is a concession that exceeds 5%, that otherwise meets the specified criteria, the motor fuel retailer is required to take certain actions to stop the excess portion of the concession. Provides that the Department of Revenue and the Attorney General shall have certain powers and duties under the Act. Establishes a Motor Fuel Cost Review Board. Provides the remedies and penalties for selling motor fuel below cost and price gouging.

Provides that, beginning January 1, 2006, any of the listed persons who wish to petition the court for the appointment of a confidential intermediary must include proof of registration with the Illinois Adoption Registry and Medical Information Exchange with their petition. Amends the Service Member's Employment Tenure Act. Provides that each person scheduled to begin employment with a private employer or with the State of Illinois or a political subdivision who, for the purpose of entering the military service, has left or leaves such scheduled-to-begin-employment status and actually entered the military service and who thereafter (1) receives a certificate or other evidence of honorable discharge or satisfactory completion of military service, (2) is, at the time of such discharge or completion of military service, still qualified to perform the duties of the position of employment which he or she was scheduled to begin, and (3) makes application for re-employment within 90 days after being relieved from such military service, or from hospitalization continuing after discharge for a period of not more than one year, shall be restored by the employer to the position of scheduled-to-begin-employment status which he or she left with the same increases in status, seniority, and wages that were earned during his or her term of military service by employees in like positions who were on the job at the time the returning service member entered the service, or to a position of like seniority, status, and pay, unless the employer's circumstances have so changed as to make it impossible or unreasonable to do so. Extends other protections of the Act to service members who were scheduled to begin employment at the time they entered military service. Effective immediately.

HOUSE AMENDMENT NO. 1

Deletes reference to:
 330 ILCS 60/4
 Adds reference to:
 20 ILCS 1805/22-10 new
 330 ILCS 60/4.5 new

Replaces everything after the enacting clause. Amends the Military Code of Illinois and the Service Member's Employment Tenure Act. In the Service Member's Employment Tenure Act, provides that if an employer has given an individual a date upon which that individual is to commence performing services for the employer but the individual is called to active military duty before the date on which the individual's services were to have commenced, then the employer, upon request made by the individual, shall provide the individual with a written copy

of the employment offer. Sets forth the minimum contents of the written copy of the employment offer. Provides that if an individual, upon honorable discharge from the military or satisfactory completion of his or her military service, is still qualified to perform the duties of the position for which he or she was first offered employment, and if the individual makes application with the employer within 90 days after he or she is relieved from military service, then the individual shall be given preference for employment with that employer. Provides that if circumstances have so changed as to make it impossible or unreasonable for the employer to employ the individual immediately, the individual shall remain eligible to begin such employment for a period of up to one year after the date the individual first notified the employer of his or her desire to perform such services. Provides that these provisions (i) do not apply if the original offer of work was limited to part-time employment, temporary employment, or casual labor and (ii) do not require an employer to hold a job position open or create additional employment to satisfy the requirements of these provisions. Under the Military Code of Illinois, requires the Adjutant General to give notice of these provisions and of the provisions of current law concerning restoration to a position of employment after completion of military service to persons who are called to active military duty. Effective immediately.

HOUSE AMENDMENT NO. 2

Replaces everything after the enacting clause with provisions substantially similar to those of House Amendment No. 1, amending the Military Code of Illinois and the Service Member's Employment Tenure Act, except also provides that nothing in the amendatory provisions added to the Service Member's Employment Tenure Act requires an employer to violate any employment law, collectively bargained employment recall, or other employment obligation to satisfy the requirements of those provisions.

Amends the Public Utilities Act. Makes a technical change in a Section concerning the short title and applicability of the Electric Service Customer Choice and Rate Relief Law of 1997.

HOUSE AMENDMENT NO. 1

Adds reference to:

220 ILCS 5/16-102

220 ILCS 5/16-111

220 ILCS 5/16-113

Replaces everything after the enacting clause. Amends the Electric Service Customer Choice and Rate Relief Law of 1997 in the Public Utilities Act. Provides that the "mandatory transition period" extends through the date on which the Illinois Commerce Commission has approved declarations of competitive service for all classes of service offered in the service areas of all electric utilities that, on December 31, 2005, served at least 100,000 customers (now, the mandatory transition period extends through January 1, 2007). Prohibits the Commission from taking certain actions prior to 2010 (now, the prohibition is during the mandatory transition period) with respect to (i) initiating, authorizing, or ordering any change by way of increase or (ii) in approving an application for a merger, imposing a condition requiring any filing for an increase, decrease, or change in or other review of an electric utility's rates or enforcing such a condition. Deletes a provision prohibiting the Commission from initiating, authorizing, or ordering any change by way of a decrease. Deletes a provision that provides that the Commission is not prohibited from approving the application of an electric utility to implement an alternative to rate of return regulation or a regulatory mechanism that rewards or penalizes the utility through adjustment of rates based on utility performance. Provides that, during the remainder of the mandatory transition period, if any, the Commission may modify rates. Requires the Commission to hold a hearing on any petition by an electric utility requesting the Commission to declare a tariffed service provided by the utility to be a competitive service (now, the Commission shall hold a hearing if the Commission deems it necessary). Provides that the Commission shall only declare the class of tariffed service to be a competitive service if the electric utility demonstrates that at least 33% of the customers in the electric utility's service area that are eligible to take the class of tariffed service instead take service from alternative retail electric suppliers and that at least 3 alternative retail electric suppliers provide service that is comparable to the class of tariffed service to those customers in the utility's service area that do not take service from the electric utility (now, the Commission is required to declare the service to be a competitive service for an identifiable customer segment or group of customers or a clearly defined geographical area within the electricity's service area if the service or a reasonably equivalent substitute service is reasonably available to the customer segment or group or in the defined geographical area at a reasonable price from one or more other providers other than the electric utility or an affiliate and the utility has lost or is reasonably likely to lose business for the service to the other provider or providers). Requires the Commission to make its determination and issue its final order declaring or refusing to declare the service to be a competitive service within 180 (now, 120) days after the date the petition is filed. Deletes provisions that, if the Commission fails to make the determination within that time results within that time period, the petition is deemed to be granted. Effective immediately.

New Act

Creates the Reduction of Racial and Ethnic Health Disparities Act. Subject to appropriations for that purpose, requires the Department of Public Health to establish and administer a program of grants to stimulate the development of community-based and neighborhood-based projects that will improve the health outcomes of racial and ethnic populations. Requires the Office of Minority Health within the Department to establish measurable outcomes to achieve the goal of reducing health disparities in certain priority areas, including asthma and infant mortality. Authorizes the Director of Public Health to appoint an ad hoc advisory committee to examine areas where public awareness, public education, research, and coordination regarding racial and ethnic health outcome disparities are lacking and make recommendations for closing gaps in health outcomes. Sets forth grant proposal and eligibility requirements. Requires \$1 in local matching moneys for each \$3 of a grant from the Department. Allows the provision of local matching moneys entirely through in-kind contributions in counties with a population of 50,000 or less; for counties over 50,000, requires that at least 50% of the local matching moneys be in cash. Provides that no match is required in the case of a grant to an urban area. Requires the dissemination of grants beginning no later than January 1, 2007.

HOUSE AMENDMENT NO. 1

Provides that units of local government may provide matching grants to supplement the grants made by the Department of Public Health (instead of requiring that \$1 in local matching funds be provided for each \$3 grant payment made by the State).

SENATE FLOOR AMENDMENT NO. 1

Adds a legislative finding concerning initiatives of the Departments of Human Services and Public Health. Requires the Department of Public Health to coordinate its activities under the Reduction of Racial and Ethnic Health Disparities Act with the Department of Human Services, and deletes the Healthy Start program from the list of existing community-based programs with which the Department of Public Health shall coordinate its activities under the Act. Deletes infant mortality and diabetes from the list of priority areas for which the Office of Minority Health shall establish measurable outcomes to achieve the goal of reducing health disparities. Adds a provision that, subject to the amounts appropriated for that purpose, the Department of Human Services shall continue to operate programs to reduce racial and ethnic disparities in infant mortality and diabetes.

- 740 ILCS 175/8 from Ch. 127, par. 4108

Amends the Whistleblower Reward and Protection Act. Provides that the State of Illinois shall also receive an amount for reasonable expenses that the court finds to have been necessarily incurred by the Attorney General, including reasonable attorneys' fees and costs, and the amount received by the State of Illinois, exclusive of any proceeds, reasonable expenses, reasonable attorneys' fees and costs that have been awarded to a Qui Tam plaintiff or any entity other than the State of Illinois or a State agency, shall be deposited in the Whistleblower Reward and Protection Fund created under the Act. Requires (instead of permits) the court to award all proceeds of an action or settlement of the claim to the affected governmental entity, minus reasonable expenses, attorneys' fees, costs, and proceeds that have been awarded to a Qui Tam plaintiff and minus an amount for reasonable expenses that the court finds to have been necessarily incurred by the Attorney General, including reasonable attorneys' fees and costs

(instead of such sums as it considers appropriate to the affected entity, specifying in its order the amount to be awarded to the entity from the net proceeds that are deposited in the Whistleblower Reward and Protection Fund), when an action is brought on behalf of any of the listed governmental entities that have been adversely affected by a defendant. Excludes from any payment of proceeds the reasonable expenses, reasonable attorneys' fees, and costs to a Qui Tam plaintiff or any governmental entity other than the State of Illinois from being deposited in the Whistleblower Reward and Protection Fund. Restructures the use of the money in the Fund to pay the necessary expenses incurred by the Attorney General and for the payment of awards to the State of Illinois (instead of for payment of awards to Qui Tam plaintiffs).

Creates the Department of Health Professional Regulation Act. Creates the Department of Health Professional Regulation as a department of State government. Transfers to the Department of Health Professional Regulation all of the functions of the Department of Financial and Professional Regulation in connection with specified professional regulatory Acts concerning the provision of health care. Provides for the transfer of employees, books and records, and unexpended appropriations from the Department of Financial and Professional Regulation to the Department of Health Professional Regulation. Contains other provisions to implement the transfer of functions from the Department of Financial and Professional Regulation to the Department of Health Professional Regulation. Amends the Civil Administrative Code of Illinois and various professional regulatory Acts to make conforming changes. Effective July 1, 2005.

FISCAL NOTE (Dept. of Financial and Professional Regulation)

Based on Profession Cost Study information from the Department of Financial and Professional Regulation, it is estimated that approximately \$17.7 million in appropriation would occur from the Department of Financial and Professional Regulation to the Department of Health Professional Regulation as a result of the shift on statutory responsibility for health-related professions. It is estimated that an additional \$7.3 million would be needed to cover agency startup costs to provide for ongoing administrative and support staff and to cover projected information technology, office space, equipment and infrastructure needs. It is expected that the total estimated appropriation need for the new agency would be roughly \$25 million in FY06 if this bill were enacted.

STATE MANDATES FISCAL NOTE (Department of Commerce and Economic Opportunity)

In the opinion of the Department of Commerce and Economic Opportunity, this

legislation does not create a State mandate under the State Mandates Act.

Amends the Medical Patient Rights Act. Establishes protections for patient records and procedures that must be followed before those records may be transmitted to a site outside the United States.

JUDICIAL NOTE (Admin Office of the Illinois Courts)

Based on a review of House Bill 639 it has been determined that the legislation would neither increase nor decrease the number of judges needed in the State.

STATE MANDATES FISCAL NOTE (Department of Commerce and Economic Opportunity)

In the opinion of the Department of Commerce and Economic Opportunity, House Bill 639 creates a local government organization and structure mandate for which reimbursement of the increased costs to units of local government is not required under the State Mandates Act.

FISCAL NOTE (Dept. of Financial & Professional Regulation)

The Department does not believe that HB639 will have a fiscal impact on the agency.

Amends the Personnel Code. Establishes a preference in an entrance examination of 5 points for a person if: (i) he or she has been discharged from a prison of this State; (ii) he or she has been wrongfully accused of a crime for which he or she was imprisoned; and (iii) a court of competent jurisdiction finds that the evidence that resulted in his or her conviction was erroneous or that new evidence indicates that the person did not commit the crime for which he or she was imprisoned. Amends the Court of Claims Act. Grants the court exclusive jurisdiction over claims for time unjustly served when the person was wrongfully accused of the crime for which he or she was imprisoned and a court of competent jurisdiction finds that the evidence that resulted in his or her conviction was erroneous or that new evidence indicates that the person did not commit the crime for which he or she was imprisoned (instead of jurisdiction where the persons shall receive a pardon by the Governor stating that such pardon is issued on the ground of innocence of the crime for which they were imprisoned). Increases the maximum statutory awards to a person released from prison because of these factors. Effective immediately.

HOUSE AMENDMENT NO. 1

Adds reference to:

705 ILCS 505/24.5 new

Deletes everything after the enacting clause. Reinserts the provisions of the original bill with the following changes. In the Personnel Code qualifications for a preference in entrance examinations, provides that, as a requirement for qualification, either a court of competent jurisdiction finds that the evidence that resulted in his or her conviction was erroneous or that new evidence indicates that the person did not commit the crime for which he or she was imprisoned or the accused received a pardon from the Governor stating that the pardon was issued on the ground of innocence of the crime for which he or she was imprisoned. Further amends the Court of Claims Act. Provides that claims arising out of unjust imprisonment must be automatically heard by the court within 120 days after the person unjustly imprisoned is discharged from prison (rather than heard and paid). Restores language concerning the jurisdiction of the court for claims of unjust imprisonment where the accused received a pardon from the Governor stating that the pardon was issued on the ground of innocence of the crime for which the person was imprisoned. Provides that the court must direct payment of each claim for wrongful imprisonment and the payment must be received by the claimant within 60 days after the date that the funds are appropriated for that purpose (rather than 120 days after discharge from prison). Requires that, in the case of an unjust imprisonment where a judgment has been rendered against the State in favor of a person who was wrongfully imprisoned, the county where the case for imprisonment originated shall reimburse the State for the full amount of the judgment. Makes other changes. Effective immediately.

20 ILCS 105/4.02 from Ch. 23, par. 6104.02
 20 ILCS 2405/3 from Ch. 23, par. 3434

Amends the Illinois Act on the Aging and the Disabled Persons Rehabilitation Act. Provides that subject to an increase in the rates paid to chore/housekeeping and homemaker service vendors contracting with the Department on Aging, these service vendors must pay a minimum amount into a fund providing certain health care benefits. Provides that for 2006, minimum funding must equal \$1.40 for each hour of chore/housekeeping and homemaker services performed pursuant to a vendor's contract with the Department. Allows for proportionate increases in subsequent years to reflect changes in the cost of medical services. Requires that the health care fund provide coverage to employees, certain persons under contract with the vendor and providing more than 80 hours of chore/housekeeping or homemaker service per month, and the dependents of these individuals. Provides that if a vendor fails to pay a required amount into the fund, the vendor must pay that amount to the Department. Allows the Department's annual audit to assure that audited vendors are complying with these health care benefit funding provisions. Requires the Department of Human Services under the Disabled Persons Rehabilitation Act to pay an amount into a fund to provide health care coverage for individuals who perform more than 80 hours of preventive services per month. Provides that the amount must equal \$1.40 for each hour of preventive services provided under the program. Makes other changes. Effective immediately.

FISCAL NOTE (Department of Aging)

The FY06 estimated cost of this rate increase is \$34.4 million gross, or approximately \$25.8 million net of Medicaid federal financial participation. This amount would increase annually due to growth in program service utilization and the legislator's requirement that the \$1.40 per hour be adjusted annually to reflect the medical component of the Consumer Price Index.

Amends the Illinois Public Aid Code. Provides that persons who fail to qualify for basic maintenance under the Aid to the Aged, Blind or Disabled (AABD) program on the basis of need because of excess income or assets, or both, may establish prospective eligibility for that basic maintenance by prepaying their monthly Medicaid spend-down amount to the Department of Public Aid or by having a third party pay that amount to the Department. 20 ILCS 105/4.02 from Ch. 23, par. 6104.02
 20 ILCS 2405/3 from Ch. 23, par. 3434

Amends the Illinois Act on the Aging and the Disabled Persons Rehabilitation Act. In provisions for a community care program of services to prevent unnecessary institutionalization of persons age 60 and older, persons with Alzheimer's disease and related disorders, and persons in need of long-term care who are established as blind or disabled, provides that the eligibility standards for the services must include a provision that, to be eligible for services, a person may not have assets totaling more than \$15,000 in FY06, \$17,500 in FY07, and \$20,000 in FY08 and thereafter if (i) the person is unmarried or (ii) the person is married and the person or the person's spouse meets certain criteria. Provides that if the person is married and the person's spouse does not receive community care services, the person may not have assets totaling more than the asset disregard amount used by the Department of Public Aid in determining eligibility for medical assistance under the Illinois Public Aid Code. Provides that a person who does not meet the eligibility standards for services to prevent unnecessary institutionalization because of excess assets may establish eligibility for those services by paying a monthly amount to the Department on Aging or Department of Human Services as a spend-down or deductible. Effective immediately.

FISCAL NOTE (Department of Public Aid)

The Department of Public Aid (DPA) is a pass-through agency only for Federal match for Medicaid eligible persons receiving community care and home services through the Department on Aging (DoA) and the Department of Human Services (DHS) waivers. As written, the bill may require DoA and DHS to provide the same services for non-Medicaid eligible persons. This would be at 100% cost to the State.

FISCAL NOTE (Department on Aging)

Fiscal impact to the Illinois Department on Aging: FY06 increase to \$15,000 for a \$5.0 to \$6.7 million estimated annualized 12-month cost; FY07 increase to \$17,000 for an additional \$5.1 to \$6.8 million estimated annualized 12-month cost; FY08 increase to \$20,000 for an additional \$5.2 to \$6.9 million estimated annualized 12-month cost. The full impact of this legislation, which would be realized after FY08, is estimated within the range of \$15.3 million to \$20.4 million annually. The Department estimates that few, if any, of these new costs would be claimable through the Medicaid waiver since these clients would be well above the Medicaid nonexempt asset standard of \$2,000. The Department on Aging defers to the Department of Human Services for the HSP cost impact.

FISCAL NOTE (Department of Human Services)

Less than \$1 Million

Amends the Disabled Persons Rehabilitation Act. Provides that the Department of Human Services shall establish and maintain a publicly accessible online registry of all homemakers who are currently employed through a Community Care Program homemaker provider. Sets forth the requirements for the registry, including: (i) the name of the homemaker, (ii) his or her current address, (iii) the date and location of the pre-service training completed by the individual, (iv) the date of the individual's last criminal background check, and (v) the date and location of all in-service training completed by the individual. FISCAL NOTE (Department on Aging)

Assuming the legislation is amended to amend the Illinois Act on the Aging to require the Ill. Department on Aging (IDoA) to establish and maintain a homemaker registry, the IDoA estimates the cost of this registry at approximately \$400,000, of which \$275,000 are one-time expenses. This cost reflects a one-time \$250,000 contract for a consultant to establish the web-based registry, \$25,000 for a server, and approximately \$125,000 for two staff persons to maintain the registry as well as to monitor the required informational elements (e.g., date and location of homemaker training).

New Act

Creates the Restroom Access Act. Requires a retail establishment that has a toilet facility for its employees to allow a customer to use that facility during normal business hours if the following conditions are met: (1) the customer requesting the use of the employee toilet facility suffers from an eligible medical condition or utilizes an ostomy device; (2) three or more employees of the retail establishment are working at the time the request is made; (3) the retail establishment does not normally make a restroom available to the public; (4) the employee toilet facility is not located in an area where providing access would create an obvious health or safety risk to the customer; and (5) a public restroom is not immediately accessible to the customer. Provides circumstances in which the retail establishment or an employee would not be civilly liable for any act or omission in allowing a customer to use an employee toilet facility. Provides that a retail establishment is not required to make any physical changes to an employee toilet facility. Provides a penalty of not more than \$100 for a violation of the Act. Effective immediately.

HOUSE AMENDMENT NO. 1

Provides that a "retail establishment" does not include a filling station or service station, with a structure of 800 square feet or less, that has an employee toilet facility located within that structure.

HOUSE AMENDMENT NO. 2

Provides that in addition to certain conditions being met, a retail establishment that has a toilet facility for its employees shall allow a customer to use that facility during normal business hours if the toilet facility is reasonably safe. Provides that a retail establishment or an employee of a retail establishment is not civilly liable for any act or omission in allowing a customer that has an eligible medical condition (instead of a customer) to use an employee toilet facility that is not a public restroom if the act or omission meets specified conditions.

Amends the School Code. Sets forth provisions concerning education programs for gifted and talented children. Includes provisions concerning early identification, eligibility, program supervision, monitoring, and oversight, school improvement plans, an advisory council, grants for services and materials, contracts for experimental projects and institutes, and professional development for teachers as it relates to the education of gifted and talented children. Grants rulemaking authority to the State Board of Education. Effective July 1, 2005.

HOUSE AMENDMENT NO. 1

- Deletes reference to:
- 105 ILCS 5/14A-60 new
- 105 ILCS 5/14A-65 new

Deletes everything after the enacting clause. Reinserts the contents of the bill with the following changes. Provides that the Article applies beginning with the 2006-2007 school year, rather than the 2005-2006 school year. Provides that school districts shall continue to have the authority and flexibility to design (rather than the authority and responsibility to develop) education programs for gifted and talented children in response to community needs and that these programs must comply with the requirements established in the Article by no later than September 1, 2006 in order to merit recognition by the State Board of Education and to qualify for State funding for the education of gifted and talented children, should such funding become available. Provides that a child shall be considered gifted and talented in any area of aptitude and, specifically, in language arts and mathematics, by scoring in the top 5% locally in that area of aptitude. Removes the provisions concerning early identification, eligibility, State supervision, monitoring, and oversight, annual reports, school improvement plans, and teacher certification and professional development. Sets forth minimum requirements that must be met by local programs for the education of gifted and talented children in order for the programs to be recognized by the State Board of Education and to qualify for State funding and requires the local educational agency operating the program to submit a written program description to the State Board demonstrating the fulfillment of the requirements. Sets forth the administrative functions of the State Board, including the designation of a staff person who shall be in charge of educational programs for gifted and talented children. Makes other changes. Effective immediately.

SENATE COMMITTEE AMENDMENT NO. 1

Changes certain references from recognition by the State Board of Education to approval by the State Board of Education. Provides that a local program for the education of gifted and

talented children must use a minimum of 3 assessment measures used to identify gifted and talented children in each area in which a program for gifted and talented children is established (rather than in each area of aptitude) and provide a fair and impartial appeal process within the school, school district, or cooperative of school districts operating a program (rather than within the local educational agency) for parents or guardians of aggrieved children. Provides that a local program for the education of gifted and talented children must provide a description of how gifted and talented children will be grouped and instructed in order to maximize the educational benefits the children derive from participation in the program (rather than a description of how the children will be grouped and instructed in language arts and in mathematics in order to maximize the educational benefits they derive from participation in a program addressing those areas of aptitude) and a showing that the certified teachers who are assigned to teach gifted and talented children understand the characteristics and educational needs of the children and are able to differentiate the curriculum (rather than are qualified to address the educational needs of the children and to differentiate the curriculum). Provides that initially, 4 members of the Advisory Council shall serve terms through January 1, 2007 and 3 members will serve terms through January 1, 2009. Makes other changes.

SENATE FLOOR AMENDMENT NO. 2

Adds reference to:

105 ILCS 5/10-22.3a

from Ch. 122, par. 10-22.3a

Further amends the School Code. With respect to school districts other than the Chicago school district, provides that nothing contained in the School Code may preclude an elected school board member from participating in a group health insurance program provided to an employee of the school district that the board member serves if the board member is a spouse or unmarried child of that employee.

New Act

Creates the Illinois Project Labor Agreement Act. Provides that on a project-by-project basis, a State department, director, agency, authority, or instrumentality shall include a project labor agreement on a public works project when it has been determined that a project labor agreement advances the State's interests of cost, efficiency, quality, safety, timeliness, skilled labor force, and labor stability. Defines a "project labor agreement" as a form of pre-hire collective bargaining agreement covering terms and conditions of a specific project. Provides that when it has been determined that a project labor agreement is appropriate for a particular public works project, a State department, director, agency, authority, or instrumentality responsible for implementing the project shall either: (1) in good faith negotiate a project labor agreement with labor organizations engaged in the construction industry that represent experienced and skilled construction workers; or (2) condition the award of a project manager or general contractor upon a requirement that the manager or contractor negotiate in good faith a project labor agreement with labor organizations engaged in the construction industry and, if necessary, use the Department of Labor to reach a project labor agreement. Provides that in the event that the State department, agency, authority, board, or instrumentality and the labor organizations engaged in the construction industry cannot agree to the terms of the project labor agreement, the Governor shall appoint a designee to assist the parties in reaching an agreement. Provides that the State department, authority, or instrumentality may reserve the right to approve the negotiated project labor agreement. Establishes the requirements of a project labor agreement. Provides that any decision to use a project labor agreement in connection with a public works project by a State department, director, agency, authority, board, or instrumentality shall be supported by a written, publicly disclosed finding by such department, director, agency, authority, board, or instrumentality setting forth the justification for use of the project labor agreement. Provides that the provisions of the Act are severable. Effective immediately.

HOUSE AMENDMENT NO. 1

Deletes everything after the enacting clause. Reinserts the provisions of the bill as introduced with these changes: (1) provides that the provisions of the Act apply to a State department, agency, authority, board, or instrumentality that is under the control of the Governor; (2) provides that a State department, agency, authority, board, or instrumentality shall include a project labor agreement on a public works project when it determines that it advances the State's policy to advance minority-owned and women-owned businesses and minority and female employment; and (3) deletes provision that the State department, authority, or instrumentality may reserve the right to approve the negotiated project labor agreement. Effective immediately.

HB-0916 HOFFMAN.

230 ILCS 5/27 from Ch. 8, par. 37-27

Amends the Illinois Horse Racing Act of 1975. Provides that, on and after the effective date of this amendatory Act, every organization licensee and inter-track wagering location licensee shall pay a pari-mutuel tax at the rate of 1.1% of daily pari-mutuel handle; except that each organization licensee whose track facilities are located in counties of less than 400,000 and that was operating on or before June 1, 1986 and each inter-track wagering location licensee that derives its license from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River shall instead pay a pari-mutuel tax at the rate of 0.1% of daily pari-mutuel handle. Provides that if certain circumstances occur, every organization licensee and inter-track wagering location licensee shall instead pay a pari-mutuel tax at the rate of 1.5% of daily pari-mutuel handle. Effective immediately.

FISCAL NOTE (Department of Revenue)

House Bill 916 would reduce pari-mutuel tax receipts by at least \$4.18 million per year and could reduce those tax receipts by up to \$7.88 million per year. House Bill 916 eliminates the tax on inter-track wagering licenses, which would reduce pari-mutuel tax revenues by \$4.18 million per year. House Bill 916 also reduces the pari-mutuel tax rate on organization licenses and inter-track wagering location licensees, which would reduce pari-mutuel tax revenues by an additional \$3.7 million per year if in effect for the entire year. If one of 2 triggering events occur, the tax rate on organization licensees and inter-track wagering location licensees would increase to the current 1.5% rate, which would reduce the \$3.7 million loss from the portion of pari-mutuel taxes paid by organization licensees and inter-track wagering location licensees.

Effective immediately.

730 ILCS 5/5-5-3 from Ch. 38, par. 1005-5-3

Amends the Unified Code of Corrections. Provides that a person convicted of or placed on supervision for prostitution shall be referred to a community based behavioral health continuum or care facility for addiction evaluation and treatment.

HOUSE AMENDMENT NO. 1

Makes provisions concerning addiction evaluation and treatment for a person convicted of prostitution subject to appropriations.

FISCAL NOTE (Department of Human Services)

Provides that a person convicted of or placed on supervision for prostitution shall be referred to a community based behavioral health continuum or care facility for addiction evaluation and treatment. According to Illinois State Police criminal history record information, there are an average of 1,436 individuals convicted for prostitution each year. An evaluation would require 2 hours of outpatient individual services at \$58.56 per hour and approximately 10% of these individuals would require treatment at an average rate of \$2,300 per year. If none of these individuals were able to pay for services, the additional cost to DHS would be an estimated \$500,000.

FISCAL NOTE (Dept of Corrections)

House Bill 976 mandates a person released to mandatory supervised release (MSR) after serving a sentence for prostitution to be referred to a community-based behavioral health continuum or care facility for additional evaluation and treatment. There will be associated administrative costs as Department staff must spend additional time with inmates before release and while on MSR in order to meet the requirements that are outlined in this legislation. However, the fiscal impact is expected to be minimal.

CORRECTIONAL NOTE (Dept of Corrections)

House Bill 976 mandates a person released to mandatory supervised release (MSR) after serving a sentence for prostitution to be referred to a community-based behavioral health continuum or care facility for additional evaluation and treatment. There will be associated administrative costs as Department staff must spend additional time with inmates before release and while on MSR in order to meet the requirements that are outlined in this legislation. 625 ILCS 5/12-812.2 new

Amends the Illinois Vehicle Code. Provides that any school bus purchased on or after January 1, 2006 to transport students to or from any school for grades K through 12 supported in whole or in part by State funds must be equipped to use biodiesel fuel. Provides that any school bus used to transport students to or from a school covered by the provision must use biodiesel fuel unless biodiesel fuel is unavailable in the vicinity of the school or unless the school bus is not equipped to use biodiesel fuel. Provides that the Secretary of Transportation shall adopt rules for implementing the new provision. Effective immediately.

STATE MANDATES FISCAL NOTE (Illinois State Board of Education)

The language in this bill is unclear and depending on interpretation this may negatively impact school districts financially. Currently, the bill says "any school bus purchased on or after January 1, 2006...must be equipped to use biodiesel fuel". Further in paragraph (b)(ii) the language says "unless the school bus is not equipped to use biodiesel". It is assumed that this language is alluding to the fact that many districts purchase "used" school buses; however, there is not a clear definition as to whether or not the language in (b)(ii) includes flexibility to purchase a "used" school bus that is gasoline powered on or after January 1, 2006 whether or not they would be required to retrofit the bus for biodiesel due to the fact that retrofitting costs for biodiesel would be sizable. Type 1 (big yellow school buses which have a gross weight of more than 10,000 pounds) were manufactured with both gasoline and diesel engines through 2002. After 2002, Type 1 buses were only manufactured with diesel engines. Currently, only the "mini" Type II buses (mini school buses which have a gross weight of 10,000 pounds or less) are being produced with gasoline powered engines. The proposed language is silent on whether a Type I or Type II school bus is being purchased. Hypothetically, districts could purchase "used" Type I or Type II gasoline powered school buses over the next 10 years due to turnover and replacement of current buses. In addition, ISBE must be cognizant of "supply and demand" when it comes to costs for biodiesel. Biodiesel is available in only limited markets and in those areas where it is available, the requirement in paragraph (b)(a) mandates the use of biodiesel. This will most certainly increase the price of biodiesel due to law of supply and demand. This in turn would increase the claimable amount to the state and escalate reimbursement costs. A concern is that using a biodiesel blend invalidates the manufacturer's engine warranty in many cases. The current price for regular #2 biodiesel fuel, which is used by most all school buses, is approximately \$2.15 per gallon; the cost for biodiesel fuel (B11) is approximately \$2.05 per gallon due to the fact that sales tax is eliminated by running the B11 blend.

BALANCED BUDGET NOTE (H-AM 1) (Office of Management and Budget)

Based on data provided by the Department of Human Rights, the Governor's Office of Management and Budget (GOMB) estimates that the proposed legislation will have a cost to the state of approximately \$1.6 million. The Governor's Office of Management and Budget believes that the proposed legislation will adversely impact the state budget as funding is not included in the Governor's current balanced budget proposal and no associated increase in state revenue or decrease in other appropriations has been proposed.

Adds high-speed channelized service to the types of service that require 5 surcharges per network. Adds to the Section describing the offense of interference with emergency communication a provision that states that any person who without lawful justification interrupts, prevents or otherwise interferes with a 9-1-1 call is subject to Section 26-2 of the Criminal Code (Class A misdemeanor). Amends the Criminal Code by amending the Section describing the offense of interference with emergency communication adding verbal or physical obstruction of a 9-1-1 call or prevention of an emergency communication to the offense. Adds definition of "report of a crime to a law enforcement agency" and "emergency communication" to the criminal offense. Makes the offense solely a Class A misdemeanor (now,

Class A and B for different types of interference). Repeals Section 13 of the Emergency Telephone System Act. Effective immediately.

Amends the Property Tax Code. Includes disabled persons within the provisions granting an assessment freeze homestead exemption to senior citizens. Changes the name to the Senior Citizens and Disabled Persons Assessment Freeze Homestead Exemption (now Senior Citizens Assessment Freeze Homestead Exemption). Makes corresponding changes to a cross-reference to the exemption. Amends the States Mandates Act to require implementation without reimbursement. Effective immediately.

STATE MANDATES FISCAL NOTE (Illinois State Board of Education)

The text of the bill includes an exemption from the State Mandates Act. ISBE does not have data regarding the numbers of property values of "disabled persons" who would become eligible for the exemption. It is therefore impossible to accurately estimate the increase in cost. While the administrative load would increase because of additional exemptions the increase should be negligible. The impact on State Aid in subsequent years could be considerable.

Amends the Open Meetings Act. Redefines "meeting" to include gatherings, whether in person or by telephone call, electronic means, or other means of contemporaneous interactive communication, of a majority of a quorum of the members of a public body held for the

purpose of discussing public business (now, a gathering of a majority of a quorum of the members of a public body held for the purpose of discussing public business). Provides that a majority of a quorum of the members of a public body are physically present at a meeting, then a majority of a quorum may allow a member of that body to attend a meeting by other means, subject to certain limitations. Defines "other means" as by telephone call, electronic means, or other means of contemporaneous interactive communication. Provides that a quorum of the members must be physically present for the public body to vote on the issuance of bonds. Provides that transmissions by other means made during a meeting by a member who is in attendance shall be made available to the public contemporaneously with the transmission and in such a manner or format that the public body and the public may contemporaneously hear or observe the transmission. Allows a public body to adopt rules concerning attendance at meetings by electronic means. Requires the agenda to disclose all locations at which members of the public may attend a meeting at which one or more members are present by a means other than physical presence. Requires the physical presence of the person testifying in any contested case, as defined in the Illinois Administrative Procedure Act, unless all parties waive the requirement of physical presence. Requires minutes of all public bodies to reflect whether members were physically present or present by other means. Makes other changes.

HOUSE AMENDMENT NO. 1

Adds reference to:

5 ILCS 120/2.01 from Ch. 102, par. 42.01

Deletes everything after the enacting clause. Amends the Open Meetings Act. Redefines a "meeting" to include gatherings, whether in person or by telephone call, video or audio conference, electronic means (such as e-mail, chat, and instant messaging), or other means of interactive communication, of a majority of a quorum of the members of a public body held for the purpose of discussing public business (now, a gathering of a majority of a quorum of the members of a public body held for the purpose of discussing public business). Requires that the number of public body members necessary to constitute a quorum must be physically present at a meeting and that members in excess of the number required for a quorum may participate by means of a video or audio conference. If a member attends by video or audio conference, requires the minutes reflect his or her attendance by video or audio conference. Updates references to Code of Civil Procedure citations. Specifies the conditions under which a public body member not necessary for a quorum may attend a meeting by other than physical presence and permits public bodies to adopt additional provisions by rule.

HOUSE AMENDMENT NO. 6

Adds reference to:

415 ILCS 5/5 from Ch. 111 1/2, par. 1005

Deletes everything after the enacting clause. Reinserts the provisions of House Amendment No. 1 with the following changes: Requires the physical presence of a quorum at an open meeting (now, a meeting) and exempts from this requirement State advisory boards or bodies not authorized to make binding recommendations or determinations or to take other substantive action. Permits those boards and bodies to adopt procedures for members to attend meetings by audio or video conference. Amends the Environmental Protection Act. When there is no vacancy, sets the quorum of the Pollution Control Board at 3, (now, 4) members.

30 ILCS 805/8.29 new

Amends the School Code. Requires each school district to establish a process by which each parent or guardian of a pupil is given an opportunity to enter into a school-parent compact that shall commit the parent or guardian to assist and cooperate with the educational process of his or her child. Sets forth the elements of the compact, including a description of the school and school district's responsibilities regarding curriculum and instruction, the school's and school district's commitment to assist and encourage active participation, and the parent's or guardian's commitment to share responsibility for pupil learning. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

STATE MANDATES FISCAL NOTE (Illinois State Board of Education)

(1) Requires school boards to develop a local process for implementing compacts; (2) May require opening negotiations if teachers are required to complete a compact for each student as they would interpret that as a change of working conditions; (3) Requires schools to create a NEW process that promotes meaningful and regular communication between home and school; (4) The school district will need to create and produce a Compact that contains certain obligatory duties for parent and school. Some teachers and administrators will interpret this as an individualized education plan (IEP) required for each child. It is not that when compared to Title I Compacts.

20 ILCS 1705/15f new

Amends the Mental Health and Developmental Disabilities Administrative Act. Requires each individual with mental retardation and related developmental disabilities who exhibits behavioral challenges to have an individualized behavioral support plan that: (i) is designed to meet individual needs; (ii) is non-aversive; (iii) teaches the individual new skills; (iv) provides alternatives to challenging behaviors; (v) offers opportunities for choice and social integration; and (vi) allows for environmental modifications. Provides guidelines for the implementation of the plan. Prohibits the use of aversive behavioral support, intervention techniques that cause psychological pain, and deprivation techniques. Effective immediately.

HOUSE AMENDMENT NO. 1

Deletes everything after the enacting clause. Reinserts the provisions of the bill as introduced, but makes the following changes. Defines "behavioral challenges". Effective immediately.

HOUSE AMENDMENT NO. 3

Deletes everything after the enacting clause. Reinserts the provisions of the bill as introduced, but makes the following changes. Defines "community-based residential program". Requires each individual support plan to be in the immediate and long-term best interests of the individual. Requires the plan to be based on a functional behavioral assessment (now, analysis) conducted by a professional trained in its use (now, trained in professional best practices in behavioral analysis). Prohibits certain types of interventions. Provides that the Department of Human Services is responsible for developing and promulgating rules to implement and carry out these provisions. Effective immediately.

Replaces everything after the enacting clause. Creates the FY2006 Budget Implementation (Human Services) Act for the purpose of making changes in State programs that are necessary to implement the Governor's FY2006 budget recommendations concerning human services. Amends the Illinois Administrative Procedure Act; authorizes emergency rulemaking to implement any provision of this amendatory Act or any other budget initiative for fiscal year 2006, except that the 24-month limitation on the adoption of emergency rules and certain provisions concerning JCAR do not apply to such emergency rules; and provides that the Department of Public Aid may also adopt emergency rules necessary to administer the Illinois Public Aid Code, the Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act, the Senior Citizens and Disabled Persons Prescription Drug Discount Program Act, and the Children's Health Insurance Program Act. Amends the Illinois Act on the Aging; in provisions concerning annual audits of chore/housekeeping and homemaking vendors, requires that vendors' procedures be in compliance with the Department on Aging's financial reporting guidelines requiring an administrative and employee wage and benefits cost split as defined in administrative rules (instead of requiring a 27% administrative cost split and a 73% employee wages and benefits cost split). Amends the All-Inclusive Care for the Elderly Act; provides that "frail elderly" means an individual who meets the age (as well as functional) eligibility requirements established by the Department of Public Aid (deletes references to eligibility requirements established by the Department on Aging and a requirement that the individual be age 65 or older); provides for implementation of the PACE program pursuant to the provisions of the approved Title XIX State plan (instead of as a demonstration program), and provides that specific arrangements of the risk-based financing model shall be adopted and negotiated by the federal Centers for Medicare and Medicaid Services (instead of the Health Care Financing Administration). Effective July 1, 2005.

325 ILCS 5/4 from Ch. 23, par. 2054

Amends the Abused and Neglected Child Reporting Act. Provides that a school administrator who has reasonable cause to believe that a child known to him or her in his or her official capacity may be an abused child or a neglected child and who fails to immediately report or cause a report to be made to the Department of Children and Family Services is guilty of a Class 4 felony (instead of a Class A misdemeanor) for a first offense and a Class 3 felony (instead of a Class 4 felony) for a second or subsequent offense. Effective immediately.

HOUSE AMENDMENT NO. 1

Replaces everything after the enacting clause. Amends the Abused and Neglected Child Reporting Act. Provides that any school administrator, school principal, school teacher, school board member, or other school personnel having reasonable cause to believe that a child known

to that school administrator, school principal, school teacher, school board member, or other school personnel in his or her professional capacity was the victim of a sex offense committed by a person responsible for the child's welfare shall immediately report or cause a report to be made to DCFS. Provides that a school administrator, school principal, school teacher, school board member, or other school personnel who knowingly and willfully fails to report any suspected cases involving a sex offense against a child committed by a person responsible for the child's welfare is guilty of a Class 4 felony for a first violation and a Class 3 felony for a second or subsequent violation; except that if the school administrator, school principal, school teacher, school board member, or other school personnel acted as part of a plan or scheme having as its object the prevention of discovery of a child that was the victim of a sex offense by lawful authorities for the purpose of protecting or insulating any person or entity from arrest or prosecution, the person is guilty of a Class 3 felony for a first offense and a Class 2 felony for a second or subsequent offense (regardless of whether the second or subsequent offense involves any of the same facts or persons as the first or other prior offense). Effective immediately.

STATE MANDATES FISCAL NOTE (H-AM 1)(Illinois State Board of Education)

School personnel are currently required to be Mandated Reporters under Section 5/4 of the Abused and Neglected Child Reporting Act, for any suspected child abuse, including any sex offenses. This legislation simply increases the penalties for first and subsequent violations of the Reporting law where a sex offense is suspected, including when the mandated reporter acts to prevent discovery of the suspected abuse. The penalties for willful failure to report suspected abuse other than suspected sexual abuse remain the same.

Amends the Community Services Act. Provides that whenever any appropriation, or any portion of an appropriation, for any fiscal year relating to the funding of any State-operated facility operated by the Office of Developmental Disabilities within the Department of Human Services or any mental health facility operated by the Office of Mental Health within the Department is reduced because of any of the following reasons, those moneys must be directed toward providing other services and supports for persons with developmental disabilities or mental health needs: (1) closing of a State-operated facility; (2) reduction in the number of units or available beds in a State-operated facility; or (3) reduction in the number of staff at a State-operated facility. Provides that in determining whether any savings are realized from closure of a State-operated facility or a reduction in the number of units, available beds, or staff, sufficient moneys shall be made available to ensure that there is an appropriate level of staffing and that life, safety, and care concerns are addressed so as to provide for the remaining persons with developmental disabilities or mental illness at State-operated facilities. Provides that the plan for using any savings realized from such a closure or reduction must be shared and discussed with advocates, advocacy organizations, and advisory groups whose mission includes advocacy for persons with developmental disabilities or persons with mental illness. - Amends the Department of State Police Law of the Civil Administrative Code of Illinois. Creates a Handgun Roster Board within the Department of State Police. Provides that the Board shall review the status of personalized handgun technology and report its findings to the Governor and the General Assembly on an annual basis beginning on or before July 1, 2006. Amends the Criminal Code of 1961. HOUSE AMENDMENT NO. 1

Deletes everything after the enacting clause. Inserts provisions substantially similar to those

of HB 1349, except provides that of the 10 appointed members of the Handgun Roster Board: (i) one shall be a representative of a State law enforcement agency association (instead of the Illinois Association of Chiefs of Police), (ii) one shall be a representative of a State prosecutorial association (instead of the Illinois State's Attorneys Association), (iii) one shall be a resident of the State who is a representative of a rifle association (instead of the National Rifle Association or its affiliated State association), and (iv) one shall be a representative of an organization that promotes gun violence prevention (instead of the Illinois Council Against Handgun Violence).

FISCAL NOTE (H-AM 3) (Dept of Corrections)

Corrections population impact: 5 inmates. Fiscal impact: \$1,193,000.

FISCAL NOTE (H-AM3) (Illinois State Police)

If House Bill 1349 (H-AM 3) were to become law, the fiscal impact to the Illinois State Police has not been determined. The Director of the Illinois State Police would serve as the ex officio member and Chairman of the Board. The legislation provides for appropriations to reimburse Board members for their actual expenses for services on the Board. The actual costs are unknown at this time.

In the opinion of the Department of Commerce and Economic Opportunity, House Bill 1349 (H-AM 3) does not create a State mandate under the State Mandates Act.

JUDICIAL NOTE (H-AM 3) (Admin. Office of the Illinois Courts)

Would not increase the number of judges needed in the state.

PENSION NOTE (H-AM 3) (Gov. Forecasting & Accountability)

Would not impact any public pension fund or retirement system in Illinois.

STATE DEBT IMPACT NOTE (H-AM 3) (Gov. Forecasting & Accountability)

Effective immediately.

HOUSE AMENDMENT NO. 1

HB-1357 LYONS-D'AMICO-BERRIOS-MATHIAS.

New Act

Creates the Independent Living Projects Act. Requires the Department on Aging and the Department of Human Services to contract with independent living projects in different regions of the State to demonstrate the feasibility and cost-effectiveness of using low-cost home care and other residential alternatives to nursing home care and to achieve other goals. Sets forth criteria that such projects must meet. Requires the Department to establish up to 6 projects to expand the respite care network in the State. Requires the Department to (i) evaluate the independent living projects and report to the General Assembly by February 15, 2008 and (ii) contract for a public awareness campaign. Provides for grants to public and private nonprofit agencies to establish services that strengthen a community's ability to provide a system of home and community-based services for elderly persons.

FISCAL NOTE (Department of Human Services)

This language targets both the Department of Human Services and the Department on Aging for the independent living projects, but the measure focuses on services for elderly persons and not individuals with disabilities. It seems House Bill 1357 is intended to serve individuals through the Department on Aging and not DHS.
