Economic Development for a Growing
Economy (EDGE) Tax Credit Program
Annual Report

Illinois
Department of Commerce
& Economic Opportunity

JB Pritzker, Governor

July 1, 2020

Dear Governor Pritzker and Members of the General Assembly:

As you know, the Economic Development for a Growing Economy (EDGE) Tax Credit Program is a local economic development tool that aims to promote job creation in Illinois through the award of tax credits to eligible businesses. As provided for in the EDGE Act, I am submitting an annual report summarizing the status of the program.

Our department remains committed to ensuring that the EDGE program delivers on the intended benefits of ensuring continued economic growth and creating long-term opportunities for communities. We appreciate your feedback, as always, to ensure our programs continue to advance our shared goals of seeing all Illinois communities prosper.

If you have any questions, please do not hesitate to reach out to our team directly.

Sincerely,

A handwritten signature in black ink, appearing to read "Erin B. Guthrie".

**ECONOMIC DEVELOPMENT FOR A GROWING ECONOMY (“EDGE”)
TAX CREDIT PROGRAM CALENDAR YEAR 2019 REPORT**

The EDGE Tax Credit Program is one of the most impactful business incentives offered by the Illinois Department of Commerce and Economic Opportunity (“DCEO” or the “Department”). EDGE is a targeted tax incentive program that provides tax credits for businesses that create new full-time jobs, retain existing full-time jobs and make capital investments in Illinois and is designed to help areas of Illinois that are in direct competition with other states for jobs and development.

The following report identifies the guidelines and accomplishments of the EDGE Tax Credit Program.

EDGE ELIGIBILITY REQUIREMENTS

The EDGE Tax Credit Program (the “EDGE Program”) is intended to help Illinois compete with other states for the location of job creation or retention projects. The Department operates and administers the EDGE Program. Based on a review of a written application submitted by a company interested in the EDGE Program and other due diligence performed by DCEO, the Department is authorized to designate qualified businesses as “eligible” and enter into EDGE Tax Credit Agreements with such companies. Eligible businesses may claim a nonrefundable and non-transferable tax credit against state income taxes. (The amount of the tax credit is calculated based on the income taxes paid by new employees and the retained employees, as well as certain eligible training costs for new employees.)

1999 EDGE Legislation (sunset April 30, 2017)

Requirements *(applies to all agreements executed by the Department on or before April 30, 2017)*

Designation is contingent upon the business undertaking a development project that, among other requirements:

- For companies with employment of 100 or more:
 - Involves at least 25 new Full-Time Employees within the State as a direct result of the project and at least \$5 million in capital investment placed in service in Illinois; or
 - Involves at least 50 new Full-Time Employees as a direct result of the project and at least \$2.5 million in capital investment placed in service in Illinois.
- For companies with employment of less than 100:
 - Involves at least five (5) new Full-Time Employees as a direct result of the project and at least \$1 million in capital investment placed in service in Illinois.
- The Director had discretion under the prior EDGE statute to award EDGE, despite not fulfilling these jobs creation requirements and capital investment, if at least one (1) of the following conditions were met: (a) the applicant is located in a distressed community with an employment rate which is higher than the State’s average; (b) the applicant is located in an area with limited economic development prospects as evidenced by prior and current development activities; (c) approval would support a business with potential to generate additional growth in the area and create jobs as a result of spin-off business; or (d) approval would avert loss of one of the area’s major sources of employment.
- All companies eligible for the EDGE Program were required to make the following showings:
 - Substantiates that a viable project site exists outside of Illinois (“out-of-state option”); and
 - Identifies that a cost differential between the out-of-state option and Illinois site exists and without EDGE tax credit assistance, the applicant will not locate the project in Illinois.

Benefits

Benefits include income tax credits for job creation and retention in amounts up to 100% of applicable Illinois employee payroll withholding.

2017 EDGE Legislation

Requirements *(applies to all agreements executed by the Department on or after September 18, 2017)*

Designation is contingent upon the business undertaking a development project that, among other requirements:

- For companies with world-wide employment of more than 100 full-time employees:
 - Involves (a) hiring new full-time employees equal to the lesser of ten percent (10%) of world-wide employment or 50 new full-time employees within the State as a direct result of the project; and (b) at least \$2.5 million in capital investment placed in service in Illinois.
- For companies with world-wide employment of 100 or less full-time employees:
 - Involves (a) hiring new full-time employees equal to the lesser of five percent (5%) of world-wide employment or 50 new Full-Time Employees within the State as a direct result of the project; and (b) while no minimum capital investment is required, future cumulative tax credits cannot exceed capital investment in the project.
- All companies eligible for the EDGE Program are required to make, among others, the following showings:
 - Substantiates that a viable project site exists outside of Illinois (“out-of-state option”); and
 - Identifies that a cost differential between the out-of-state option and Illinois site exists and without EDGE tax credit assistance, the applicant will not locate the project in Illinois (referred to herein as the “But For Test”).

Benefits

Benefits include income tax credits for job creation and retention in the following amounts:

- New Job Creation & Project Investment-Base Credits:
 - The lesser of (a) 50% of Illinois payroll withholding of new full-time jobs at the project and 10% of eligible training costs of new full-time employees at the project; or (b) 100% of the Illinois payroll withholding for new full-time employees at the project.
- New Job Creation Credits & Project Investment-Companies in “Underserved Areas”:
 - The lesser of (a) 75% of Illinois payroll withholding of new full-time jobs at the project and 10% of eligible training costs of new full-time employees at the project; or (b) 100% of the Illinois payroll withholding for new full-time employees at the project.
- The 2017 legislation also specifically grants the Department discretion to award credits for retained employees as part of an EDGE agreement under certain circumstances. Such an award entitles the benefitted company to receive 25% of Illinois payroll withholding for retained employees. Beginning in August 2019, DCEO began exercising this discretion to award credits for retained employees for new projects located in underserved areas.
- The Department also instituted an adjustable jobs cap for new EDGE agreements to better quantify the expected EDGE benefits companies may receive.

COMPETITORS' TAX CREDIT PROGRAMS

Illinois' primary competitors for business locations and expansions are the bordering states of Kentucky, Indiana, Iowa, Missouri and Wisconsin. These states have adopted similar tax credit programs as incentives for businesses locating or expanding operations. However, other non-border states have become increasingly aggressive in seeking to relocate business from Illinois as well. The table below shows the similarities of the programs and highlights the advantage of the Illinois EDGE Tax Credit Program. The table illustrates that the EDGE Tax Credit Program is somewhat competitive with those of bordering states. Other competing states in which Illinois was chosen as the final project site include the following: Arizona, Arkansas, Colorado, Connecticut, Florida, Kansas, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Nebraska, Nevada, New Jersey, New York, North Carolina, North Dakota, Oklahoma, Pennsylvania, South Carolina, Tennessee, Texas, Virginia, and West Virginia.

Selected State EDGE-like Comparison

State	Structure	Requirements	Retention	Transferable	"But-for"
Indiana (EDGE)	Credit based on percentage of expected increased tax withholdings generated by new jobs created	No minimum for jobs created; duration of credit may not exceed 10 years. Business must remain established in IN for at least 2 years after receiving final tax credit	Provision for retention includes stiffer guidelines	Yes	No
Iowa (High Quality Jobs Program)	Provides tax credits and/or direct financial assistance which includes loans, tax exemptions and/or refunds	In order to participate, eligible businesses must meet certain wage threshold requirements; the amount of the potential tax incentives varies by amount of investment in relation to the number of jobs created/retained	Retained jobs can qualify the business for the incentives, though wage thresholds apply	Yes	No
Kentucky (Business Investment Program)	Provides corporate income tax credits and wage assessments (subsidies drawn from employee wages)	Create a minimum of 10 new full-time jobs for Kentucky residents. Maintain an annual average of at least 10 new, full-time jobs for Kentucky residents	No provision for job retention	No	No

Missouri (Missouri Works Program)	Benefits are either the retention of State withholding tax and/or State tax credits	Minimum of 2 new jobs or retention of 50; these are paired with minimum new capital investment requirements and wage thresholds	Retention requirements differ slightly from creation requirements	Yes	Yes
Ohio (JobsOhio Economic Dev. Program)	Reimbursement based grants for business expansion/job creation	Requires the creation of new jobs during a 3 year period; limited specifics provided	May consider providing grant assistance for job retention	No; grants are provided as opposed to tax credits	No; grants are provided as opposed to tax credits
Wisconsin (Economic Dev. Tax Credits)	Transferable tax credit against Wisconsin tax liability	Limited specifics provided; credits are based on number of jobs created/retained, capital investment placed, wage range and training costs	Yes, credits are provided for job retention activities	No	Yes, tax credits can be transferred
California (California Competes Tax Credit)	Credit against corporate income tax liability	Credit amount based on many factors including: number of jobs created & retained, capital investment, compensation of the jobs, etc.	Yes, credits are provided for job retention activities	No	No
Georgia (EDGE)	Grant & loans for business expansion and job creation & retention activities	Assisted businesses will be held accountable for agreed upon capital investment and number of created or retained jobs	Yes, retention of jobs is eligible for grant consideration	No; grants & loans are provided as opposed to tax credits	No; grants & loans are provided as opposed to tax credits
New York (Excelsior Jobs program)	Four fully refundable tax credits against various New York taxes	Job requirements differ depending on the industry; anywhere from 10 new jobs for a tech company to 300 new jobs and \$6 million capital investment for a larger firm	Yes. Limited specifics provided, but job retention is an eligible activity	Yes	No
