**Report on Internal Control Over Financial Reporting  
and on Compliance and Other Matters Based on  
an Audit of Financial Statements Performed in  
Accordance with *Government Auditing Standards***

**Independent Auditor's Report**

Honorable Frank J. Mautino  
Auditor General  
State of Illinois

and

Board of Trustees  
University of Illinois

As Special Assistant Auditors for the Auditor General, we have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the business-type activities, fiduciary activities, and the aggregate discretely presented component units of the University of Illinois (University), a component unit of the State of Illinois, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the University's basic financial statements, and have issued our report thereon dated January 19, 2024. That report includes an emphasis of matter relating to restatements of opening net position for the implementation of Governmental Accounting Standards Board's Statement No. 96, *Subscription-Based Information Technology Agreements*.

The financial statements of the University of Illinois Foundation; University of Illinois Alumni Association; Wolcott, Wood, and Taylor, Inc.; Prairieland Energy, Inc.; Illinois Ventures, LLC; the University of Illinois Research Park, LLC; Illinois Global Gateway, LLC; and Shield T3, LLC, component units of the University, were not audited in accordance with *Government Auditing Standards* and, accordingly, this report does not include reporting on internal control or compliance and other matters associated with these component units.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the University's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, we do not express an opinion on the effectiveness of the University's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying Schedule of Findings, we identified certain deficiencies in internal control that we consider to be material weaknesses and a significant deficiency.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies described in the accompanying Schedule of Findings and Questioned Costs as items 2023-001 and 2023-002 to be material weaknesses.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompanying Schedule of Findings and Questioned Costs as item 2023-003 to be a significant deficiency.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the University's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **University's Responses to the Findings**

*Government Auditing Standards* requires the auditor to perform limited procedures on the University's responses to the findings identified in our audit and described in the accompanying Schedule of Findings and Questioned Costs. The University's responses were not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the responses.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

RSM US LLP

**Report on Compliance for  
Each Major Federal Program; Report on Internal Control  
Over Compliance; Report on Schedule of Expenditures of  
Federal Awards Required by the Uniform Guidance; and  
Report on Schedule of Federal and Nonfederal Financial Activity**

**Independent Auditor's Report**

Honorable Frank J. Mautino  
Auditor General, State of Illinois

and

Board of Trustees  
University of Illinois

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

As Special Assistant Auditors for the Auditor General, we have audited the University of Illinois' (University) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the University's major federal programs for the year ended June 30, 2023. The University's major federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, the University complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the University and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the University's compliance with the compliance requirements referred to above.

***Other Matter — Component Units Not Included in the Compliance Audit***

The University's basic financial statements include the operations of the University of Illinois Foundation; University of Illinois Alumni Association; Wolcott, Wood, and Taylor, Inc.; Prairieland Energy, Inc.; Illinois Ventures, LLC; the University of Illinois Research Park, LLC; Illinois Global Gateway, LLC; and Shield T3, LLC, component units of the University, which are not included in the University's schedule of expenditures of federal awards during the year ended June 30, 2023. Our audit, as described below, did not include the operations of these component units because the component units did not expend federal funding during the year ended June 30, 2023.

### ***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the University's federal programs.

### ***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the University's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the University's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the University's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the University's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### ***Other Matters***

The results of our auditing procedures disclosed instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying Schedule of Findings and Questioned Costs as items 2023-004 through 2023-009. Our opinion on each major federal program is not modified with respect to these matters.

*Government Auditing Standards* requires the auditor to perform limited procedures on the University's responses to the noncompliance findings identified in our compliance audit described in the accompanying Schedule of Findings and Questioned Costs. The University's responses were not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

## **Report on Internal Control Over Compliance**

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be significant deficiencies.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying Schedule of Findings and Questioned Costs as items 2023-004 through 2023-009 to be significant deficiencies.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

*Government Auditing Standards* requires the auditor to perform limited procedures on the University's responses to the internal control over compliance findings identified in our compliance audit described in the accompanying Schedule of Findings and Questioned Costs. The University's responses were not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

## **Report on Schedule of Expenditures of Federal Awards Required by Uniform Guidance and the Report on Schedule of Federal and Nonfederal Financial Activity**

We have audited the financial statements of the business-type activities, fiduciary activities, and the aggregate discretely presented component units of the University of Illinois, a component unit of the State of Illinois, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the University's basic financial statements. We issued our report thereon dated January 19, 2024, which contained unmodified opinions on those financial statements. That report includes an emphasis of matter relating to restatements of opening net position for the implementation of Governmental Accounting Standards Board's Statement No. 96, *Subscription-Based Information Technology Arrangements*. Our report was modified to include a reference to other auditors. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. In addition, the accompanying schedule of federal and nonfederal financial activity is presented for the purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures

of federal awards and the schedule of federal and nonfederal financial activity are fairly stated in all material respects in relation to the basic financial statements as a whole.

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
SUMMARY OF AUDITOR'S RESULTS  
For the Year Ended June 30, 2023**

**Financial Statements**

Type of report the auditor issued on whether the financial statements audited were prepared in accordance with GAAP: *Unmodified*

Internal control over financial reporting:

- Material weakness(es) identified?  Yes  No
- Significant deficiency(ies) identified?  Yes  None Reported

Noncompliance material to the financial statements noted?  Yes  No

**Federal Awards**

Internal control over major federal programs:

- Material weakness(es) identified?  Yes  No
- Significant deficiency(ies) identified?  Yes  None Reported

Type of auditor's report issued on compliance for major federal programs: *Unmodified*

Any audit findings disclosed that are required to be reported in accordance with 2 C.F.R. § 200.516(a)?  Yes  No

Identification of major federal programs:

Assistance Listing Number(s)	Name of Federal Program or Cluster
Various	Student Financial Assistance Cluster
84.425C/84.425D/84.425F/84.425J/84.425M	COVID 19 - Education Stabilization Fund
20.106	COVID 19 - Airport Improvement Program
93.224	Health Center Program
97.045	Cooperating Technical Partners

Dollar threshold used to distinguish between type A and type B programs: **\$4,504,504**

Auditee qualified as a low risk auditee?  Yes  No

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
CURRENT FINDINGS – GOVERNMENT AUDITING STANDARDS  
For the Year Ended June 30, 2023**

**Finding 2023-001      Inadequate Internal Controls over Revenue and Expense Accruals for Grant Subawards**

The University of Illinois (University) did not maintain appropriate control over accounting for grant subawards.

During our test work over revenues and expenditures, it was noted that payments to subrecipients of grant funds, and the related reimbursements from the federal government, were not recorded in a consistent manner when applicable eligibility requirements were met. Upon discovery of this inconsistency, the University re-analyzed related accounts and determined that accounts receivable and accounts payable were both overstated by approximately \$40,000,000, and federal grant revenue and research expenses were overstated by \$3,000,000. There was no impact to opening or closing net position. Management elected to record the adjustment for the estimated amount of the error.

GASB Codification N50, *Nonexchange Transactions*, states that providers should recognize liabilities (or a decrease in assets) and expenses from government-mandated or voluntary nonexchange transactions, and recipients should recognize receivables (or a decrease in liabilities) and revenues (net of estimated uncollectible amounts), when all applicable eligibility requirements, including time requirements, are met.

The Fiscal Control and Internal Auditing Act (30 ILCS 10/3001) required the University to establish and maintain a system, or systems, of internal fiscal and administrative controls. The University's system of internal controls should include procedures to ensure eligibility requirements are evaluated and met prior to recording related expenses and revenues, as well as to ensure assets are appropriately classified as restricted or unrestricted.

University officials indicated their historical interpretation of the applicable accounting guidance required expenses to be recognized based on service dates.

Failure to properly review eligibility requirements related to subrecipient awards could result in a material misstatement of the University's financial statements. (Finding Code No. 2023-001, 2022-003, 2021-005, 2020-002, 2019-001, 2018-001, 2017-001, 2016-001, 2015-001, 2014-001, 2013-001, 12-01, 11-01, 10-03, 09-03)

**Recommendation**

We recommend the University continue to review its process for ensuring transactions are recognized in the correct fiscal year.

**University Response**

Accepted. The University has already implemented the necessary corrective action by updating its accounting policy related to the timing of expense recognition for grant subawards effective for fiscal year 2023.

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
CURRENT FINDINGS – GOVERNMENT AUDITING STANDARDS  
For the Year Ended June 30, 2023**

**Finding 2023-002      Weaknesses in Controls over Electronic Health Record System**

The University of Illinois (University) had not implemented adequate internal controls over their Electronic Health Record System (EHR).

The University maintains an EHR that contains patient medical records and data. Additionally, it supports billing and transaction workflows which feed into the financial statements.

During our testing of the EHR, we noted:

- 28 of 40 (70%) EHR users' access were not timely terminated upon separation from the University. It was determined the University's departments were not timely notifying Human Resources, which in turn did not timely notify the Information Technology security team. As a result, users' access to EHR was not timely disabled. Access was disabled 8 to 181 days after the user had separated from the University.
- A comprehensive review of EHR user access was not performed during the fiscal year.

The Security and Privacy Controls for Information Systems and Organizations (Special Publication 800-53, Fifth Revision) published by National Institute of Standards and Technology (NIST), Access Control Section, promotes controls for ensuring access to system resources are appropriate.

The University's Account Access Controls-Terminations and Disable Policy, Account Access Controls section, states separated employee's computer system access is to be revoked within 7 days after termination.

University Management indicated that the complexity and decentralized nature of EHR access did not allow the University to implement a comprehensive review of access and delayed the notifications of employee separation.

Failure to terminate separated employees' access could result in unauthorized access to the EHR and data. (Finding Code No. 2023-002, 2022-004)

**Recommendation**

We recommend the University terminate separated users' access within 7 business days of the last day of employment and conduct annual reviews of user access.

**University Response**

Accepted. Hospital Information Services has implemented an automated process to be proactive in removing access to the EPIC system, however this process relies on timely human resources processes. The University will continue to work towards improving notification processes for timelier removal of access to systems. Additionally, the UI Hospital developed an access review process during the fall of 2023 and began an access review of the EPIC system in November that is expected to be completed by early 2024.

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
CURRENT FINDINGS – GOVERNMENT AUDITING STANDARDS  
For the Year Ended June 30, 2023**

**Finding 2023-003      Inadequate Controls over Classification of Restricted Assets**

The University of Illinois (University) did not maintain appropriate control over classifying assets as restricted.

During our review of restricted classifications, we discovered amounts relating to unrestricted endowment funds that were being classified as restricted, which resulted in the overstatement of restricted assets and related net position of \$14,331,380. Management elected to record the adjustment for this error.

GASB Codification 2200, *Annual Comprehensive Financial Report*, states that assets should only be classified as restricted when restrictions on asset use change the nature or normal understanding of the availability of the asset. It also states that restricted assets should be reflected as restricted net position.

The Fiscal Control and Internal Auditing Act (30 ILCS 10/3001) required the University to establish and maintain a system, or systems, of internal fiscal and administrative controls. The University's system of internal controls should include procedures to ensure assets are appropriately classified as restricted or unrestricted.

University officials indicated the unrestricted endowment funds being classified as restricted net position was due to an oversight in the financial reporting process.

Failure to properly review the classification of restricted assets could result in a material misstatement of the University's financial statements. (Finding Code No. 2023-003)

**Recommendation**

We recommend the University review year end closing entries related to restricted classifications so that all entries are properly identified and recorded for presentation in the University's financial statements.

**University Response**

Accepted. The necessary corrective action to address the recommendation in this finding has been implemented.

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
CURRENT FINDINGS – FEDERAL COMPLIANCE AND QUESTIONED COSTS  
For the Year Ended June 30, 2023**

**Federal Agency:** US Department of Homeland Security (DHS) and US Department of Education (ED)

**ALN #s:** 97.045; 84.425C; 84.425D; and 84.425F

**Award Numbers:** DHS EMC-2019-CA-00009; DHS EMC-2018-CA-00010; IBHE GEERF 601-GEE-2200-UIC; 826 DOE ISBE Loyola Partnership; and 831 DE UIS HEERF Institution; Federal Award Year 2022 - 2023

**Questioned Costs:** None

**2023-004. Finding: Reporting**

The University of Illinois' controls in place did not ensure certain reporting requirements were submitted timely, and in some cases, were not properly reviewed for accuracy.

Out of the seven Cooperating Technical Partners quarterly performance reports tested, the University of Illinois Urbana-Champaign did not submit two reports (29%) within the required timeframe. Two reports for the quarter ended December 31, 2022 were due by January 30, 2023, however, were submitted February 3, 2023. The sample was not intended to be, and was not, a statistically valid sample.

The Cooperating Technical Partners grant program requires submission of quarterly performance reports 30 days after the end of each quarter.

Out of the four Governor's Emergency Education Relief Fund quarterly reports submitted by the University of Illinois Chicago under the Education Stabilization Fund, one report (25%) was not submitted within the required timeframe. The report for the quarter ended March 31, 2023 was due by May 1, 2023, however was submitted May 8, 2023.

The Governor's Emergency Education Relief Fund, Elementary and Second Emergency Relief Fund and Higher Education Emergency Relief Fund require submission of quarterly financial reports 30 days after the end of each quarter.

Out of the four Elementary and Second School Emergency Relief Fund quarterly reports required to be submitted by the University of Illinois Springfield, four reports (100%) have not been submitted.

Out of the four Higher Education Emergency Relief Fund quarterly reports required to be submitted by the University of Illinois Springfield, one report (25%) did not contain sufficient evidence the report was reviewed prior to submission.

The University of Illinois Springfield did not accurately report their methodology for conducting direct outreach to financial aid applicants for the Higher Education Emergency Relief Fund required within the 2022 annual report which was submitted timely on March 24, 2023.

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
CURRENT FINDINGS – FEDERAL COMPLIANCE AND QUESTIONED COSTS  
For the Year Ended June 30, 2023**

**2023-004. Finding: Reporting (Continued)**

The Higher Education Emergency Relief Fund requires the reporting of the methodology for conducting direct outreach to financial aid applicants in the annual report.

Uniform Grant Guidance (2 CFR 200.303) requires nonfederal entities receiving Federal awards establish and maintain internal controls designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements. Effective internal controls should include procedures to ensure reports are submitted timely.

University of Illinois Urbana-Champaign officials stated reporting was late due to other project priorities and a change in the report template.

University of Illinois Chicago officials stated due to miscommunication within the department the progress report was submitted after the deadline.

University of Illinois Springfield officials stated the Elementary and Second School Emergency Relief Fund quarterly reports were not submitted due to miscommunication with the sponsor regarding reporting requirements. Additionally, University officials stated for the Higher Education Emergency Relief Fund, an oversight led to the insufficient review prior to submission and a misunderstanding of the requirement led to not disclosing the methodology of direct outreach to financial aid recipients in the report.

Without proper program reporting processes and procedures, the submission of late reports or inaccurate reporting is noncompliance with Federal regulation and could result in the loss of future funding. (Finding Code No. 2023-004; 2022-007)

**Recommendation:**

We recommend the University of Illinois Urbana-Champaign, the University of Illinois Chicago, and the University of Illinois Springfield review current processes and procedures to ensure reporting requirements are completed timely.

**University Response:**

Accepted. The University will take steps identified to address the recommendation in this finding.

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
CURRENT FINDINGS – FEDERAL COMPLIANCE AND QUESTIONED COSTS  
For the Year Ended June 30, 2023**

**Federal Agency:** US Health & Human Services (HHS)

**Program Name:** Health Center Program

**ALN #:** 93.224

**Award Number:** HRSA 5 U1OHA29293-08; Federal Award Year 2022 - 2023

**Questioned Costs:** None

**2023-005. Finding: Federal Funding Accountability and Transparency Act Reporting**

University of Illinois Chicago did not timely report subaward data to the Federal Funding Accountability and Transparency Act Subaward Reporting System (FSRS) under the Health Center Program and the controls in place did not identify the error.

One out of eight subaward obligations/modifications tested was not reported in FSRS within the last day of the month following the month in which the subaward/subaward amendment obligation was made. The subaward was reported 168 days late.

<b>Transactions Tested</b>	<b>Subaward not reported</b>	<b>Report not timely</b>	<b>Subaward amount incorrect</b>	<b>Subaward missing key elements</b>
8	0	1	0	0
<b>Dollar Amount of Tested Transactions</b>	<b>Subaward not reported</b>	<b>Report not timely</b>	<b>Subaward amount incorrect</b>	<b>Subaward missing key elements</b>
\$ 1,834,937	\$ 0	\$ 205,557	\$ 0	\$ 0

Under the requirements of the Federal Funding Accountability and Transparency Act (Pub. L. No. 109-282), as amended by section 6202 of Public Law 110-252, hereafter referred as the "Transparency Act" which are codified in 2 CFR Part 170, recipients (i.e., direct recipients) of grants or cooperative agreements are required to report first-tier subawards of \$30,000 or more to the FSRS. The non-federal entity is required to report each obligating action to FSRS. The action must be reported in FSRS no later than the last day of the month following the month in which the subaward/subaward amendment is made.

Uniform Grant Guidance (2 CFR 200.303) requires nonfederal entities receiving Federal awards establish and maintain internal controls designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements. Effective internal controls should include procedures to ensure reports are submitted timely.

University officials stated the dollar amount obligated with this subaward modification was not recorded in the internal system due to human error. Since the funding was not recorded, a Federal Funding Accountability and Transparency Act reporting was not triggered.

Without proper program reporting policies and procedures, the submission of late reports is noncompliance with Federal regulation and could result in the loss of future funding. (Finding Code No. 2023-005; 2022-009)

**STATE OF ILLINOIS

CURRENT FINDINGS – FEDERAL COMPLIANCE AND QUESTIONED COSTS  
For the Year Ended June 30, 2023**

**2023-005. Finding: Federal Funding Accountability and Transparency Act Reporting (Continued)**

**Recommendation:**

We recommend the University of Illinois Chicago review current processes and procedures to ensure Federal Funding Accountability and Transparency Act reporting requirements are completed timely.

**University Response:**

Accepted. The human error was caught and rectified during a subsequent amendment on the next subaward. The University will take steps to address the recommendation in this finding.

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
CURRENT FINDINGS – FEDERAL COMPLIANCE AND QUESTIONED COSTS  
For the Year Ended June 30, 2023**

**Federal Agencies:** US Department of Energy (DOE); and US Health and Human Services (HHS)

**Program Names:** Research & Development Cluster: Office of Science and Financial Assistance Program; Health Center Program Cluster; and HIV-Related Training and Technical Assistance Program

**ALN #s:** 81.049; 93.224; and 93.145

**Award Numbers:** DOE DE-SC0018420; and 675 HRSA 5U1OHA29293-07; Federal Award Year 2022 - 2023

**Questioned Costs:** None

**2023-006. Finding: Cash Management – Timeliness of Subrecipient Payments**

The University of Illinois Urbana-Champaign and the University of Illinois Chicago did not make certain subrecipient payments timely and did not have controls in place to prevent late payments.

Out of twelve subrecipient payments tested which were made by the University of Illinois at Urbana-Champaign under the Research & Development Cluster, seven payments (58%) were not submitted within 30 days after receipt of the billing from the subrecipient. The payments ranged from 34-197 days after receipt of the billing from the subrecipients. The sample was not intended to be, and was not, a statistically valid sample.

Out of fourteen subrecipient payments tested which were made by the University of Illinois Chicago under the Health Center Program Cluster and HIV-Related Training and Technical Assistance Program, three payments (21%) were not submitted within 30 days after receipt of the billing from the subrecipient. The payments ranged from 37-51 days after the receipt of billing from the subrecipients. The sample was not intended to be, and was not, a statistically valid sample.

Under Uniform Guidance (2 CFR 200.305(b)(3)), when the reimbursement method is used, the Federal awarding agency or pass-through entity must make payment within 30 calendar days after receipt of the billing, unless the Federal awarding agency or pass-through entity reasonably believes the request to be improper.

Uniform Grant Guidance (2 CFR 200.303) requires nonfederal entities receiving Federal awards establish and maintain internal controls designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements. Effective internal controls should include procedures to ensure subrecipient payments are made timely.

University of Illinois Urbana-Champaign officials stated continued staffing issues and the multi-layered review and approval process contributed to untimely subrecipient payments.

University of Illinois Chicago officials stated the administering unit was delayed in submitting invoices due to competing priorities. Additionally, the central approving offices contributed to the delay in one payment due to fiscal year-end close responsibilities.

Without proper program cash management processes and procedures, late subrecipient payments could result in the loss of future funding. (Finding Code No. 2023-006; 2022-008)

For the Year Ended June 30, 2023**

**Federal Agency:** US Department of Education (ED)

**Program Name:** Student Financial Assistance Cluster: Federal Direct Student Loans

**ALN #:** 84.268

**Award Numbers:** N/A; Federal Award Year 2022 - 2023

**Questioned Costs:** None

**2023-007. Finding: Errors in Reporting for NSLDS**

The University of Illinois Chicago did not properly report an enrollment change for certain students who received federal student aid to the National Student Loan Data System (NSLDS) and the internal controls in place did not identify the errors.

Out of the twenty students tested at the University of Illinois Chicago, we noted two (10%) students in which the University did not report the correct enrollment effective date to the NSLDS at the Program-Level.

The sample was not intended to be, and was not, a statistically valid sample.

The Code of Federal Regulations (34 CFR 685.309) requires enrollment status changes for students be reported to NSLDS within 30 days or within 60 days if the student with the status change will be reported on a scheduled transmission within 60 days of the change in status. Regulations require the status include an accurate effective date.

According to the NSLDS Enrollment Reporting Guide, a student's Program-Level enrollment status should be reported with the same enrollment status as student's Campus-Level enrollment status for all programs the student is enrolled in at a location, even if the student is not currently taking coursework which applies to a particular program. If the student has withdrawn or graduated from an academic program, a "terminal enrollment status" of 'W' or 'G,' as appropriate, should be reported for the program, even if the student is still taking coursework applicable to other programs in which the student is enrolled.

Uniform Grant Guidance (2 CFR 200.303) requires nonfederal entities receiving Federal awards establish and maintain internal controls designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements. Effective internal controls should include procedures to ensure enrollment reporting is completed properly.

University officials stated there was a production defect with the version of the NSLDS reporting process the University was running which caused the wrong enrollment status to be reported.

If the NSLDS system is not updated with the student information, overawards could occur should the student transfer to another institution and the student may not properly enter the repayment period. (Finding Code No. 2023-007; 2022-006; 2021-010; 2020-006)

SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
CURRENT FINDINGS – FEDERAL COMPLIANCE AND QUESTIONED COSTS  
For the Year Ended June 30, 2023**

**Federal Agency:** US Department of Education (ED)

**Program Name:** Student Financial Assistance Cluster: Federal Direct Student Loans and Federal Pell Grant Program

**ALN #:** 84.063 and 84.268

**Award Numbers:** N/A; Federal Award Year 2022 - 2023

**Questioned Costs:** \$681

**2023-008. Finding: Error in Return of Title IV Funds Calculation**

The University of Illinois Urbana-Champaign did not use the correct withdrawal date in the return of Title IV funds calculation for a student, which resulted in a shortage of \$681 due to the Department of Education. The University's internal control related to the review of return of Title IV funds did not identify the data entry error.

Out of the fifteen students tested at the University of Illinois Urbana-Champaign, we noted one (7%) student in which the return of Title IV funds calculation was performed incorrectly.

The sample was not intended to be, and was not, a statistically valid sample.

According to the Code of Federal Regulations (34 CFR 668.22), when a recipient of Title IV grant or loan assistance withdraws from an institution during a payment period or period of enrollment in which the recipient began attendance, the institution must determine the amount of Title IV grant or loan assistance the student earned as of the student's withdrawal date.

Uniform Grant Guidance (2 CFR 200.303) requires nonfederal entities receiving Federal awards establish and maintain internal controls designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements. Effective internal controls should include procedures to ensure return of Title IV calculations are performed accurately.

University officials stated a data entry error occurred when inputting the effective withdrawal date in the student information system.

The use of incorrect withdrawal dates in the return of Title IV funds calculations could result in the need to return additional funds to the Department of Education or to the student. (Finding Code No. 2023-008)

**Recommendation:**

We recommend the University of Illinois Urbana-Champaign review current processes for the return of Title IV funds calculations and implement procedures to ensure calculations are done accurately.

**University Response:**

Accepted. The University will take steps to address the recommendation in this finding.

**Questioned Costs:** N/A

**2023-009. Finding: Lack of Subrecipient Monitoring**

The University of Illinois Springfield did not properly perform required subrecipient monitoring procedures on a certain subrecipient and the internal controls in place failed to ensure all monitoring procedures were performed.

For one out of two subrecipients tested, the University of Illinois Springfield did not properly perform subrecipient monitoring procedures. The incorrect agreement template was used which did not allow for the required data elements and a risk evaluation was not performed in order to ensure accountability of for-profit subrecipients under the Education Stabilization Fund.

Uniform Grant Guidance (2 CFR 200.331 and 2 CFR 200.332) requires all pass-through entities to: identify the award and applicable requirements, evaluate risk, monitor the activities of the subrecipient, and ensure accountability of for-profit subrecipients.

Uniform Grant Guidance (2 CFR 200.303) requires nonfederal entities receiving Federal awards establish and maintain internal controls designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements. Effective internal controls should include procedures to ensure that subrecipient monitoring is performed over all subawards.

University officials stated due to staff turnover and workload, the agreement template issued was incorrect and a risk assessment was not conducted for the subrecipient.

Lack of properly documented evidence of subrecipient monitoring policies and procedures may result in the loss of future funding. (Finding Code No. 2023-009)

**Recommendation:**

We recommend the University of Illinois Springfield review current processes and procedures to ensure subrecipient monitoring is performed for all subawards.

**University Response:**

Accepted. The University will take steps to address the recommendation in this finding.

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
PRIOR FINDINGS NOT REPEATED  
For the Year Ended June 30, 2023**

**A. Inadequate Internal Controls over Census Data**

During the prior audit, the University of Illinois (University) did not have adequate internal control over reporting its census data and did not have a reconciliation process to provide assurance census data submitted to its pension and other postemployment benefits (OPEB) plans was complete and accurate.

During the current audit, the University implemented controls over reporting of census data, including a reconciliation of data with the plans. Current year census data testing did not identify financially significant issues. The exceptions identified this year will be reported within the State Compliance Examination. (Finding Code No. 2022-001, 2021-001, 2020-001)

**B. Inadequate Controls over Fiduciary Fund Accruals**

During the prior audit, the University of Illinois (the University) did not have controls in place to ensure that addition and deduction accruals were appropriately identified and recorded in the fiduciary fund statements.

During the current audit, our testing over fiduciary fund accruals did not identify any errors. (Finding Code No. 2022-002, 2021-004)

**C. Excess Cash - SFA**

During the prior audit, the University of Illinois Chicago had one instance of excess cash for the Direct Loan program.

During the current audit, our testing over excess cash did not identify any errors. (Finding Code No. 2022-005, 2021-012)

**D. Inadequate Support for Procurement**

During the prior audit, the University of Illinois Chicago did not maintain adequate records for procurement transactions in the Research and Development Cluster and for procurement transactions in the HIV-Related Training and Technical Assistance program.

During the current audit, our testing over procurement did not identify any errors. (Finding Code No. 2022-010)

Schedule of Expenditures of Federal Awards presentation:

See also the notes to the Schedule of Expenditures of Federal Awards;  
these notes are an integral part of this Schedule.

**University of Illinois**  
**Notes to Schedule of Expenditures of Federal Awards**  
**June 30, 2023**

**Note 1. Basis of Presentation**

The accompanying Schedule of Expenditures of Federal Awards (the "Schedule") includes the federal award activity of the University of Illinois (University) under programs of the federal government for the fiscal year ended June 30, 2023. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirement, Cost Principles, and Audit Requirements for Federal Awards ("Uniform Guidance"). Because the Schedule presents only a selected portion of the operations of the University, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the University.

The schedule designates federal awards as direct and pass-through. Direct awards represent federal funding awarded directly to the University by a federal agency, pass-through awards are federal awards passed through a non-federal entity. Pass-through identifying information is presented when available and when applicable.

**Note 2. Summary of Significant Accounting Policies**

Expenditures reported on the Schedule are presented on a modified cash basis of accounting. The methodology for determining federal awards expended is:

Direct costs are reported as federal expenditures on a cash basis, with the following exceptions:

1. Academic Year (nine-month) faculty salaries charged to sponsored projects are earned over nine months and paid over twelve months.
2. Salaries and wages earned between the last payroll date in June and June 30 are accrued and included as a current year federal expenditure.
3. Payroll related fringe benefits costs that are charged on an actuarial basis are included as a current year federal expenditure.

Indirect costs are assessed as a percentage of direct costs and are included as a current year federal expenditure.

Expenditures reported on the Schedule meet the cost principles contained Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

**Note 3. Federal De Minimis Indirect Cost Rate**

The University of Illinois has not elected to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance. The University has approved federally recognized indirect cost rates negotiated between the University and the Federal Government.

**Note 4. Federal Student Loan Programs**

As disclosed in the Schedule of Expenditures of Federal Awards for the year ended June 30, 2023, the Federal Direct Student Loans Program (ALN 84.268) administered by the University of Illinois awarded approximately \$201.04 million at Urbana, \$253.9 million at Chicago, and \$14.3 million at Springfield.

In addition, the University of Illinois administers a series of loan programs as part of the Student Financial Assistance Cluster program. Loan balances subject to continuing compliance requirements during the year ended June 30, 2023 under the Federal Perkins Loan Program (Perkins), Health Professional Student Loans (HPSL), Primary Care Loans (PCL), Loans for Disadvantaged Students (LDS), Nursing Student Loan Program (Nursing), Nursing Faculty Loan Program (NFLP) were as follows:

	<b>Perkins (84.038)</b>	<b>HPSL (93.342)</b>	<b>PCL (93.342)</b>	<b>LDS (93.342)</b>	<b>Nursing (93.364)</b>	<b>NFLP (93.264)</b>
Beginning loan balances	11,477,925	9,709,244	207,771	1,676,324	876,701	60,118
New loans issued	0	1,281,912	0	681,000	86,000	0
Federal capital contributions	0	0	0	1,050,000	0	0
Administrative cost allowance	0	0	0	0	0	0
<b>Total</b>	<b>11,477,925</b>	<b>10,991,156</b>	<b>207,771</b>	<b>3,407,324</b>	<b>962,701</b>	<b>60,118</b>

The total loan balances outstanding at June 30, 2023 were approximately \$7.2 million for Perkins, \$9.74 million for HPSL, \$194.6 thousand for PCL, \$2.25 million for LDS, \$870 thousand for Nursing, and \$60 thousand for NFLP.

*Perkins = Federal Perkins Loan Program  
 HPSL = Health Professions Student Loans  
 PCL = Primary Care Loans  
 LDS = Loans to Disadvantaged Students  
 Nursing = Nursing Student Loans Program  
 NFLP = Nurse Faculty Loan Program*

**Note 5. Federal Insurance Disclosure**

Federally funded medical malpractice insurance was in effect under the Federal Tort Claims Act for Health Resources and Services Administration Deeming Notice Number 1-F00000300-21-01 from July 01, 2022 through December 31, 2022 and Deeming Notice Number 1- F00000300-22-01 from January 01, 2023 to June 30, 2023.

**Note 6. Federal Depository Library**

The University's "Government Information" library (Urbana), "Albert E. Jenner Jr. Memorial Law Library" (Urbana), "Richard J. Daley Library" (Chicago), "Louis L. Biro Law Library" (Chicago) and "Norris L. Brookens Library" (Springfield) serve as depository libraries in the U.S. Government Publishing Office's Federal Depository Library. The Federal Depository Library Program gives the public free access to government information. The University is the legal custodian of government publications received under this program; however, these publications remain the property of the federal government.

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
SCHEDULE OF FEDERAL AND NONFEDERAL FINANCIAL ACTIVITY  
For the Year Ended June 30, 2023  
(in thousands)**

The following schedules are used to determine the University's Single Audit costs in accordance with the Uniform Guidance (2 C.F.R. § 200.425).

Schedule A - Federal financial component:

Total federal expenditures reported on the SEFA schedule	\$ <u>1,501,501</u>
Total Schedule A	\$ <u><u>1,501,501</u></u>

Schedule B - Total financial component:

Total operating expenses (from financial statements)	\$ 6,279,096
Total nonoperating expenses	58,795
Total new loans made	472,699
Amount of federal loan balances at beginning of year	24,008
Other noncash federal award expenditures	<u>-</u>
Total Schedule B	\$ <u><u>6,834,598</u></u>

	<u>Amount</u>	<u>Percentage</u>	
Schedule C:			
Total Schedule A	\$ 1,501,501	22.0%	%
Total nonfederal expenses	<u>5,333,097</u>	<u>78.0%</u>	%
Total Schedule C	<u><u>\$ 6,834,598</u></u>	<u><u>100.00%</u></u>	%

These schedules are used to determine the University's single audit costs in accordance with Uniform Guidance.

See accompanying independent auditor's report.
