History of the Council

In 1991, the General Assembly established the Illinois Motor Vehicle Theft Prevention Council, an 11-member coalition of representatives from the insurance industry, state's attorneys and law enforcement officers, which was overseen by the Illinois Criminal Justice Information Authority.

The Illinois Motor Vehicle Theft Prevention Act requires insurance companies to pay \$1 into a special trust fund for each private passenger automobile insured for physical damage coverage in Illinois.

Approximately \$6.5 million is collected annually and distributed by the Council for the purpose of reducing vehicle theft, motor vehicle theft-related crimes and insurance fraud in Illinois. The funds are designated to support law enforcement programs that increase investigation and prosecution of vehicle theft-related crimes.

Between 1991 and 2014, the annual number of motor vehicle theft offenses in Illinois dropped 70 percent from 75,214 to 22,854.

In March 2015, the Governor issued Illinois Executive Order 8, which suspended state grants for that fiscal year and led to the suspension of grant contracts issued by the Council.

The ensuing state budget impasse, which lasted through August 2017, did not provide an appropriation for the Council to use monies deposited into the trust fund.

In 2017, the General Assembly passed House Bill 2610 (Senator Munoz/Representative D'Amico), which was signed into law that August and became Public Act 100-0373. The Public Act restructured the Council, changed administrative oversight from the Illinois Criminal Justice Information Authority to the Illinois Secretary of State's office, and expanded the scope of the Council.

Today, the new Illinois Motor Vehicle Theft Prevention and Insurance Verification Council remains committed to reducing vehicle theft, motor vehicle theft-related crimes and insurance fraud, but may also consider efforts to deter, investigate and prosecute recyclable metal theft.

In addition to the prevention of vehicle thefts, the trust fund supports the Secretary of State Mandatory Insurance Verification Program, which electronically verifies the status of motor vehicle liability insurance policies and prevents uninsured motorists from renewing their vehicle registrations.

The 11-member Council appoints a 5-member Grant Review Committee to review grant proposals, budgets, and other information that must be brought before the Council in order to award grants and carry out their mission.

Statewide Motor Vehicle Theft Trends

The annual number of motor vehicle theft offenses in Illinois has dropped 64%, from 75,214 in 1991 to 26,942 in 2018. Both 2014 and 2015 produced record low levels of motor vehicle theft offenses, having dropped to 22,854 in 2014 and 22,308 in 2015. For the past decade, motor vehicle thefts have been under 40,000 for each consecutive year, which is a greater than 45% reduction since the Council's inception.

While Council supported programming has led to major reductions in motor vehicle theft offenses, it is difficult to not notice the recent trend upward again. 2016 saw a 15% increase in thefts from 22,308 to 25,595. The following year in 2017, there was yet another increase of 8% from 25,595 to 27,549. The long view of Council programming has shown dramatic reductions in motor vehicle theft, despite the periodic increases through the years. However, it is important to note that the most recent increase coincides with a lack of program funding due to Illinois Executive Order 8 and the historic state budget impasse that ensued.

Overall motor vehicle theft trends show a steady decline, but the statistics also show a need for continued law enforcement efforts.

Annual Vehicle Theft, NICB Statistics

Cook County Motor Vehicle Theft Trends

Motor vehicle thefts for Cook County in 2018 were 18,502, which represents 69% of all thefts in Illinois. Since 2008, Cook County has seen a 39% overall reduction in vehicle thefts and it reached an all-time low in 2015, with 15,963 vehicle thefts.

While there have been consecutive years of steady progress, these numbers also highlight the need for continued law enforcement efforts. During the years when program funding was suspended, there was a 18% increase to 18,798 in 2016 followed by another increase of 6% to 20,005 in 2017.

It is encouraging to see these numbers trend downward again for 2018, but a multi-faceted approach to combating motor vehicle theft that involves coordinated law enforcement efforts, an active community awareness campaign and the resources to bring about successful prosecutions will help to further reduce these numbers.

Theft numbers for other years were 16,996 (2014), 20,282 (2013), 24,754 (2012), 28,185 (2011), 27,910 (2010), 25,321 (2009), and 30,383 (2008).

The eleven counties that saw the most thefts outside of Cook County in 2018 were Will (632), DuPage (665), Lake (568), St. Clair (606), Winnebago (583), Sangamon (593), Madison (478), Kane (345), Peoria (507), Rock Island (413) and Champaign (153).

Overview of Council Programs and Activity

Program Activity

1992-2018

A variety of theft prevention efforts have been supported with Council funding since its inception in 1992. Funding emphasis had been placed upon law enforcement programs that enhanced investigation and prosecution of vehicle theft-related crimes. All programs were cooperative partnerships and nearly all involved considerable support from participating agencies.

Since 1992, programs funded by the Council expended approximately 133 million dollars. Most funds paid the salaries and benefits of personnel assigned to task forces and special investigative teams in the state. Remaining funds were utilized for equipment, commodities, travel, contractual agreements, and costs not covered by the other categories.

Due to the lack of a state budget appropriation, the Council was unable to support programs in Fiscal Year 2016 and Fiscal Year 2017. The budget impasse was not resolved until early Fiscal Year 2018, at which point legislation was passed to change administrative oversight of the Council to the Secretary of State's Office.

For 2018, the Council worked diligently to review, and offer revisions to, the [2019-2022 Statewide Motor Vehicle Theft Prevention Strategy](#), which is the document that serves as a guide to the Council in order to establish priorities of program funding for a 4-year cycle. An electronic payment system was also developed in order to streamline the collection process for insurance companies who are required to remit annual payments to the Trust Fund.

Council Activity

2019

The Full Council met 4 times throughout 2019: January 29, February 28, June 28 and November 26. Activity was centered upon development of the grant application process and testing criteria with a goal of initiating program funding by Fiscal Year 2020 (June 30, 2019).

The Grant Review Committee met 3 times throughout 2019: April 22, May 28 and October 24. It also was tasked with reviewing grant applications and voting upon suggested program funding for the Full Council to consider.

Due to an aggressive Spring schedule, the Council is pleased to report that program funding has been restored. Grant agreements were entered into in the Summer of 2019 with the goal of creating long-lasting partnerships to combat auto theft that will result in reduced criminal activity, safer communities throughout Illinois, and savings to consumers through reduced insurance premiums.

Council Funded Programs

2019

A variety of theft prevention efforts have been supported with Council funding since its inception in 1992. In 2019, the Council funded 5 programs, including four task forces and one area of specialized law enforcement. There were 41 personnel supported by, or assigned to, Council-funded programs in 2019.

Task Forces

Tri-County Auto Theft Task Force

Grantee: City of Joliet

Amount awarded in 2019 (FY20): \$842,500

Known as TCAT, the Tri-County Auto Theft Task Force serves the Joliet metropolitan area including Will, Kankakee and Grundy counties. The task force works with the police departments of Joliet, Romeoville, Kankakee, the sheriff's offices of Will and Kankakee County and the Will County State's Attorney's office. This grant allows the unit to reduce auto theft and fraud related cases in the region, identify and recover stolen vehicles, investigate incidents of insurance and title fraud, and investigate scrap and recycling yards.

Chicago Police Department's Major Auto Theft Investigative Unit

Grantee: City of Chicago

Amount awarded for 2019: \$803,946*

The Chicago Police Department's Major Auto Theft Investigative Unit serves an area of Illinois where approximately 42% of all motor vehicle theft incidents occur. This grant allows them to strengthen the Unit's personnel, equipment, and communications capability to more effectively address auto theft issues. Dedicated city-wide analysts utilize auto theft data to expand investigations into vehicular hijackings, unregulated tow operators and to assist in successful vehicle recoveries and prosecutions.

*The Illinois Office of the Comptroller redirected the FY20 grant award to the city of Chicago's pension funds.

Illinois Statewide Auto Theft Task Force

Grantee: Village of Thornton

Amount awarded for 2019: \$2,753,500

Known as ISATT, the Village of Thornton partners with the Secretary of State Police to combat auto thefts through collaboration with State, County and local law enforcement agencies. The partnership functions throughout the state, but focuses its efforts in the Northeastern Illinois region. Crimes involving auto theft, insurance fraud, rogue towing operators and recyclable metal theft are just some of the capabilities of this unit.

Metro East Auto Theft Task Force

Grantee: St. Clair Sheriff's Department

Amount awarded for 2019: \$1,457,090

Known as MEATTF, The Metro East Auto Theft Task Force combats auto theft that is unique to southern Illinois and the Illinois-Missouri border. The task force is comprised of Investigators from agencies located in St. Clair County and Monroe County and works closely with the police departments of St. Louis and St. Louis County.

Specialized Law Enforcement

Bartonville Police Department

Grantee: Village of Bartonville

Amount awarded for 2019: \$50,000

The Bartonville Police Department increased and enhanced the patrol of the corridor of Interstate 474 and U.S. Route 24, which carries a high volume of traffic to and from the City of Peoria and rural Peoria County. This grant allows for the procurement of stationary Automated License Plate Reader equipment (ALPR) in a high-traffic area to assist in reducing criminal activity, which often involves the use of stolen vehicles.

Mandatory Insurance Verification

Prior to the Motor Vehicle Theft Prevention Act, Illinois would select a small random sample of eligible registered vehicles each month and send a mailing to the vehicle owners selected, requiring that the owners provide insurance information valid on the date of selection. That information was then verified with the insurance company.

The Motor Vehicle Theft Prevention and Insurance Verification Act designated that 75% of each dollar collected the first calendar year and no more than 50% of each dollar collected for every year thereafter be utilized for the creation, implementation and maintenance of an electronic motor vehicle liability insurance policy verification program.

Funds have been utilized to create and implement an electronic verification system and programming that will verify the insurance of all registered vehicles (9-10 million vehicles) a minimum of twice per year.

The Mandatory Insurance division is currently staffed by 11 employees (10 contractual employees and one manager). Additional staffing will be required as the program begins to increase to the full volume of transactions. In FY20 the Mandatory Insurance division anticipates hiring an additional 27 employees and 10 extra help employees.

The development and implementation of the program shall be consistent with the standards and procedures of a nationwide organization whose primary membership consists of individual insurance companies and insurance trade associations. The program shall include, but is not limited to:

(1) a requirement that an insurance company authorized to sell motor vehicle liability insurance in this State shall make available, in a format designated by the Secretary that is consistent with a nationwide organization whose primary membership consists of individual insurance companies and insurance trade organizations, to the Secretary for each motor vehicle liability insurance policy issued by the company the following information:

A request for release of verification of liability insurance policy information from the Secretary shall require a court order, subpoena, or the motor vehicle owner's approval.

(f) An insurer identified by an electronic motor vehicle liability insurance policy program as insuring less than 1,000 vehicles per year shall be exempt from the reporting requirements under subsection (a) of this Section.

(g) The Secretary may adopt any rules necessary to implement this Section.

(625 ILCS 5/7-604) (from Ch. 95 1/2, par. 7-604)

Sec. 7-604. Verification of liability insurance policy.

(a) The Secretary of State may select random samples of registrations of motor vehicles subject to Section 7-601 of this Code, or owners thereof, for the purpose of verifying whether or not the motor vehicles are insured. In addition to such general random samples of motor vehicle registrations, the Secretary may select for verification other random samples, including, but not limited to registrations of motor vehicles owned by persons: whose motor vehicle registrations during the preceding 4 years have been suspended pursuant to Section 7-606 or 7-607 of this Code;

(2) who during the preceding 4 years have been convicted of violating Section 3-707, 3-708 or 3-710 of this Code while operating vehicles owned by other persons;

(3) whose driving privileges have been suspended during the preceding 4 years;

(4) who during the preceding 4 years acquired ownership of motor vehicles while the registrations of such vehicles under the previous owners were suspended pursuant to Section 7-606 or 7-607 of this Code; or

(5) who during the preceding 4 years have received a disposition of supervision under subsection (c) of Section 5-6-1 of the Unified Code of Corrections for a violation of Section 3-707, 3-708, or 3-710 of this Code.

(b) Upon receiving certification from the Department of Transportation under Section 7-201.2 of this Code of the name of an owner or operator of any motor vehicle involved in an accident, the Secretary may verify whether or not at the time of the accident such motor vehicle was covered by a liability insurance policy in accordance with Section 7-601 of this Code.

(c) In preparation for selection of random samples and their verification, the Secretary may send to owners of randomly selected motor vehicles, or to randomly selected motor vehicle owners, requests for information about their motor vehicles and liability insurance coverage. The request shall require the owner to state whether or not the motor vehicle was insured on the verification date stated in the Secretary's request and the request may require, but is not limited to, a statement by the owner of the names and addresses of insurers, policy numbers, and expiration dates of insurance coverage.

(d) Within 30 days after the Secretary mails a request, the owner to whom it is sent shall furnish the requested information to the Secretary above the owner's signed affirmation that such information is true and correct. Proof of insurance in effect on the verification date, as prescribed by the Secretary, may be considered by the Secretary to be a satisfactory response to the request for information. Any owner whose response indicates that his or her vehicle was not covered by a liability insurance policy in accordance with Section 7-601 of this Code shall be deemed to have registered or maintained registration of a motor vehicle in violation of that Section. Any owner who fails to respond to such a request shall be deemed to have registered or maintained registration of a motor vehicle in violation of Section 7-601 of this Code.

(e) If the owner responds to the request for information by asserting that his or her vehicle was covered by a liability insurance policy on the verification date stated in the Secretary's request, the Secretary may conduct a verification of the response by furnishing necessary information to the insurer named in the response. The insurer shall within 45 days inform the Secretary whether or not on the verification date stated the motor vehicle was insured by the insurer in accordance with Section 7-601 of this Code. The Secretary may by rule and regulation prescribe the procedures for verification.

(f) No random sample selected under this Section shall be categorized on the basis of race, color, religion, sex, national origin, ancestry, age, marital status, physical or mental disability, economic status or geography.

(g) (Blank).

(h) This Section shall be inoperative upon the effective date of the rules adopted by the Secretary to implement Section 7-603.5 of this Code. The Secretary shall terminate the suspension 6 months after its effective date upon payment by the owner of a reinstatement fee of \$200 and submission of proof of insurance as prescribed by the Secretary. All fees collected under this Section shall be disbursed under subsection (g) of Section 2-119 of this Code. (Source: P.A. 99-127, eff. 1-1-16.)
