Illinois Department of Commerce & Economic Opportunity

Bruce Rauner, Governor

June 29, 2018

Dear Members of the General Assembly,

The following report fulfills the statutory directive that the Department of Commerce and Economic Opportunity (DCEO) report to the members of the General Assembly on the status of the Economic Development for a Growing Economy (EDGE) Tax Credit Program.

The EDGE Tax Credit Program is a local economic development tool that aims to promote job creation in Illinois through the award of tax credits to eligible businesses.

Since the EDGE Tax Credit Act was passed by the General Assembly in 1999 and legislation re-established the credit in 2017, DCEO has received 1,194 EDGE Tax Credit applications, of which 924 have been approved.

I trust that the following EDGE Tax Credit Annual Report for calendar year 2017 will be both informative and useful.

Sincerely,

A handwritten signature in cursive script that reads "Sean McCarthy".

Sean McCarthy
Director
Illinois Department of Commerce & Economic Opportunity

ECONOMIC DEVELOPMENT FOR A GROWING ECONOMY (EDGE) TAX CREDIT PROGRAM CALENDAR YEAR 2017 REPORT

The EDGE Tax Credit Program is a targeted incentive program that provides tax credits for businesses that create new full-time jobs, retain existing full-time jobs and make capital investments in Illinois. The EDGE Tax Credit Program is designed to help areas of Illinois that are in direct competition with other states for jobs and development.

The following report identifies the guidelines and accomplishments of the EDGE Tax Credit Program.

EDGE ELIGIBILITY REQUIREMENTS

The EDGE Tax Credit Program is intended to help Illinois compete with other states for the location of job creation or retention projects.

The Illinois EDGE Tax Credit Program is operated by the Illinois Department of Commerce and Economic Opportunity. Based on the review of a written application submitted by an interested company, the Department is authorized to designate qualified businesses as “eligible”. Eligible businesses may claim a nonrefundable and non-transferable tax credit against its state income taxes. (The amount of the tax credit is calculated based on the income taxes paid by new employees and the retained employees.)

1999 EDGE Legislation (sunset April 30, 2017)

Requirements *(applies to all agreements executed by the Department on or before April 30, 2017)*

Designation is contingent upon the business undertaking a development project that, among other requirements:

- For companies with employment of 100 or more:
 - Involves at least 25 New Full-Time Employees within the State as a direct result of the project and at least \$5 million investment in Capital Improvements placed in service in Illinois; or
 - Involves at least 50 New Full-Time Employees as a direct result of the project and at least \$2.5 million investment in Capital Improvements placed in service in Illinois.
- For companies with employment of less than 100:
Involves at least five (5) New Full-Time Employees as a direct result of the project and at least \$1 million investment in Capital Improvements placed in service in Illinois; or
- Companies which will not create requisite amount of jobs or will not meet the requisite level of capital investments, but will fulfill at least one (1) of the following conditions: the applicant is located in a distressed community with an employment rate which is higher than the State’s average; the applicant is located in an area with limited economic development prospects as evidenced by prior and current development activities; approval would support a business with potential to generate additional growth in the area and create jobs as a result of spin-off business; or approval would avert loss of one of the area’s major sources of employment; and
- Substantiates that a viable project site exists outside of Illinois (“out-of-state option”); and
- Identifies that a cost differential between the out-of-state option and Illinois site exists and without EDGE tax credit assistance, the applicant will not locate the project in Illinois.

Benefits

Benefits include income tax credits for job creation and retention in amounts up to 100% of Illinois applicable employee payroll withholding.

2017 EDGE Legislation (Signed by Governor Rauner September 18, 2017)

Requirements *(applies to all agreements executed by the Department beginning September 18, 2017)*

Designation is contingent upon the business undertaking a development project that, among other requirements:

- Involves New Full-Time Employees equal to the lesser of: Five percent (5%) of World-Wide Employment or 50 New Full-Time Employees within the State as a direct result of the project and that future cumulative tax credits not exceed the project's Capital Investment; or
- If the applicant has more than 100 employees, the project involves New Full-Time Employees equal to the lesser of: Ten percent (10%) of World-Wide Employment or 50 New Full-Time Employees as a direct result of the project and at least \$2.5 million investment in Capital Improvements placed in service in Illinois; and
- Substantiates that a viable project site exists outside of Illinois ("out-of-state option"); and
- Identifies that a cost differential between the out-of-state option and Illinois site exists and without EDGE tax credit assistance, the applicant will not locate the project in Illinois.

Benefits

Benefits include income tax credits for job creation and retention in the lesser out of the following:

- New Job Creation & Job Training.
50% of Illinois payroll withholding of New Full-Time jobs at the project; plus, ten percent (10%) of eligible training costs of New Full-Time employees at the project; or
- One hundred percent (100%) of Illinois payroll withholding of new full-time jobs at the project.
- New Job Creation Credits & Project Investment-Companies in "Underserved Areas"
For projects located in an Underserved Area, an additional 25% of Illinois payroll for companies claim 50% of withholding of New Full-Time jobs is available if any one of the statutory poverty, federal free lunch, Supplemental Nutrition Assistance Program (SNAP), or employment criteria are met.

COMPETITORS' TAX CREDIT PROGRAMS

Illinois' primary competitors for business locations and expansions are the bordering states of Kentucky, Indiana, Iowa, Missouri and Wisconsin. These states have similarly adopted tax credits as incentives for businesses locating or expanding operations. However, other no-border states have become increasingly aggressive in seeking to relocate business from Illinois as well. The table below shows the similarities of the programs and highlights the advantage of the Illinois EDGE Tax Credit Program. The table illustrates that the EDGE Tax Credit Program is somewhat competitive with those of bordering states. Other competing states in which Illinois was chosen as the final project site include the following: Arizona, Arkansas, Colorado, Connecticut, Florida, Kansas, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Nebraska, Nevada, New Jersey, New York, North Carolina, North Dakota, Oklahoma, Pennsylvania, South Carolina, Tennessee, Texas, Virginia, and West Virginia.

Selected State EDGE-like Comparison

Anywhere from 10 new jobs for a tech company to 300 new jobs and \$6 million capital investment for a larger firm.	Yes. Limited specifics provided, but job retention is an eligible activity.	Yes	No

GOVERNOR RAUNER'S CHANGES TO EDGE POLICY

Since taking office, Governor Rauner and the Illinois Department of Commerce and Economic Opportunity have implemented policies to ensure a more fiscally-responsible approach to EDGE agreements in order to balance investment in Illinois with taxpayer benefits.

Policy changes include:

1. No longer supporting "Special EDGE" tax credit agreements.
2. No longer providing tax credits for job retention, only for capital investment and net new job creation.
3. Requiring that tax credits can only be obtained for jobs created above a baseline of all existing employees located within the State and at the project. This policy eliminates the possibility of an employer reducing statewide employment levels through layoffs or site closures at facilities other than the project site and still receiving tax credits for the facility listed in the EDGE agreement.
4. Prohibiting more than one tax credit on the same facility.
5. Focusing on marketing the assets of the State, rather than leading with our incentives.

Please note since the Economic Development for a Growing Economy Tax Credit Act was passed by the General Assembly in 1999 it has since expired and been re-established in 2017. The current EDGE statute codifies several of Governor Rauner's policies, including making EDGE agreements publicly available by promptly posting them on the Department's website."
