When an appointment or expiration date is denoted as "--", it means one of the following:

- The date is not specified in the law, or a date is specified in the law, but we do not know when the original appointment was made;
- the appointment authority did not specify a date in its letter of appointment;
- the appointee is an ex officio member who is serving for an unspecified term; or

Note on Senate confirmation

When an appointment or group of appointments need to be confirmed by the Senate, in the heading of the section with that appointment(s) it will note "Confirmation Required."

When an appointment does not require Senate confirmation, the entry will be left blank.

Note on vacancies

Public Act 86-1324 (25 ILCS 110/1) requires anyone authorized by law to make an appointment to any agency, board, commission, or other body of state government to report the appointment to the Legislative Research Unit. Governor

00658 Rehabilitation Advisory Council, State

Authority

20 ILCS 5/5-550

Terms

3 years. No members, other than vocational rehabilitation administrator and representative of the Client Assistance Program, shall serve for more than 2 consecutive terms as a representative of one of the 13 enumerated categories. If an individual, other than the vocation rehabilitation administrator and representative of the Client Assistance Program, has completed 2 consecutive terms and is eligible to seek an appointment as a representative of other categories, that individual may be appointed as a representative of one of those other categories after a meaningful break, as defined by the Council through its by-laws. Vacancies for unexpired terms shall be filled. Individuals appointed to fill an unexpired term shall complete remainder of the vacated term. When initial term is completed, the individual may be re-appointed for one more term. If an excessive number of expired terms and vacated terms combine to place an undue burden on the Council, the appointing authority may appoint members for terms of 1-3 years, with the numbers of terms expiring each year distributed as equally as possible.
