HOUSE COMMITTEE AMENDMENT NO. 1

In provisions amending the Illinois Pre-Need Cemetery Sales Act, provides that an agreement or contract for or a private sale of a casket, urn, or floral arrangement shall not be deemed a pre-need sales contract or a pre-need sale under specified circumstances.

FISCAL NOTE, HOUSE COMMITTEE AMENDMENT NO. 1 (Office of the Comptroller)

HB 3486 (H-AM 1) will have no direct fiscal impact on the Office of the Comptroller. In regards to allowing for pre-need sales funds to be deposited without corporate fiduciary protections, we believe this change would put funds at greater risk and potentially expose consumers to higher or hidden fees associated with these deposits. Therefore, there would be a negative fiscal impact on consumers.

FISCAL NOTE, HOUSE COMMITTEE AMENDMENT NO. 1 (Financial & Professional Regulation)

The Illinois Department of Financial and Professional Regulation anticipates HB 3486 (H-AM 1) to have a fiscal impact of \$207,238 based off costs projected for additional staffing needs.

Amends the Illinois Procurement Code. Requires bidders to obtain an equal pay certificate before a purchasing agency may issue a contract to the bidder. Provides for the Department of Employment Security to issue the certificates. Specifies information to be included in an application for an equal pay certificate. Requires bidders to comply with the Equal Pay Act of 2003, Equal Wage Act, Illinois Human Rights Act, and Title VII of the Civil Rights Act of 1964. Amends the State Finance Act to create the Equal Pay Certificate Fund. Provides for moneys in the Fund to be used to administer the equal pay certificate requirements.

FISCAL NOTE (Dept. of Employment Security)

Fiscal Overview for HB 3539 is as follows: (1) Initial Start Costs = \$7.5 million to \$11 million to develop a fully functioning Equal Pay Certification platform, which includes an online application component, an interagency connection to the Department of Human Rights, and a revenue collection component, as well as 6-10 full-time equivalents for the creation and establishment of rules, policies, procedures, etc., for reporting, appeals, and

adjudication. We derived this estimate based on our startup experience with our Adeptia Work Opportunity Tax Credit system. We believe a similar effort will be needed to develop the Equal Pay Certification platform; (2) Ongoing Costs \$1.5 million to \$3.5 million to administer the Equal Pay Certification program annually. Approximately 12-16 full time equivalents would be needed to administer and manage the day-to-day operations of this program. This estimate includes the cost of hiring a program administrator, administrative assistant, technical assistance specialist, IT contractors, and wage and hour investigators to implement the provisions of the bill, as well as an office to handle administrative appeals. The vast majority of the ongoing costs would be salaries, fringe benefits, one-time expenditures, and other ongoing operating expenses (lease space, technology hardware and software, telephones, etc.); (3) Revenue = \$1.25 million to \$3 million from application filing fees annually. The bill requires that revenues from the application fees are deposited into the Equal Pay Certification Fund, a special fund created in the State Treasury to help cover the costs of administering the program. Based on these assumptions, revenues from this program will not be sufficient to cover the costs of the program. (NOTE) The cost and revenue estimates provided herein are based primarily on our experience implementing the Adeptia WOTC technology platform and administering programs related to the Department of Employment Security. Specific costs estimates are difficult to estimate without more specific program structure and input from other State departments, such as the Chief Procurement Offices for General Services, Higher Education, Transportation, and Capital Development, as well as the Department of Human Rights. It is also important to emphasize that current federal funding guidelines do not authorize the State to use federal funds to subsidize the cost of this Equal Pay Certification program.

HB-3540 WALLACE.

305 ILCS 5/9A-11 from Ch. 23, par. 9A-11

Amends the Illinois Public Aid Code. Requires the Department of Human Services to provide child care services to all children who are eligible for assistance and are: (A) under age 13; or (B) under age 19 and (i) are under court supervision or (ii) have physical or mental incapacities as documented by a statement from a local health provider or other health professional. Effective July 1, 2017.

FISCAL NOTE, HOUSE FLOOR AMENDMENT NO. 1 (Dept. of Human Services)

HB 3540 (H-AM 1) requires the Department of Human Services to provide services to

all children who are eligible for assistance and are under age 13, or under age 19 and are under court supervision or have physical or mental incapacities as documented by a statement from a health provider. This language is not needed as these populations are already eligible under administrative rule. The bill also removes language authorizing the Department to lower eligibility thresholds, create waitlists, raise copays and other actions to manage the program and control costs. Putting these eligibility requirements in statute and taking away the Department's management tools will limit the State's ability to manage and control costs of the program when the state lacks fiscal resources to support higher caseloads. Due to the removal of language authorizing the state to manage the costs of the Child Care Program the Department is unable to determine the fiscal impact of HB 3540 (H-AM 1).

FISCAL NOTE (Dept. of Human Services)

HB 3540 does not have a fiscal impact to the Department of Human Services.

HB-3656 BOURNE - SEVERIN - MEIER - SWANSON - REICK AND PHILLIPS.

New Act

Creates the Flue Gas Desulfurization (FGD) Task Force Act. Creates the FGD Task Force to study the cost benefits of and make recommendations for the construction of new stacks at coal-fired power plants with flue gas desulfurization scrubber technology and the conversion of existing stacks at coal-fired power plants to flue gas desulfurization scrubber technology for the

purpose of safely burning more Illinois-mined coal. Provides for the membership of the Task Force and provides that members shall serve without compensation. Requires the Task Force to report its findings and recommendations to the General Assembly by December 31, 2017. Requires the Department of Natural Resources and the Illinois Environmental Protection Agency to provide administrative and other support to the Task Force. Repeals the Act on January 1, 2019. Effective immediately.

SENATE FLOOR AMENDMENT NO. 1

Replaces everything after the enacting clause. Reinserts the provisions of the engrossed bill with the following changes: Provides that the FGD Task Force is created to increase the amount of Illinois Basin coal use in generation units (rather than to study the cost benefits of and make recommendations for the construction of new stacks at coal-fired power plants with flue gas desulfurization scrubber technology and the conversion of existing stacks at coal-fired power plants to flue gas desulfurization scrubber technology for the purpose of safely burning more Illinois-mined coal). Provides that the FGD Task Force shall identify and evaluate the costs, benefits, and barriers of new and modified FGD, or other post-combustion sulfur dioxide emission control technologies, and other capital improvements, that would be necessary for generation units to comply with specified federal standards while improving the ability of those generation units to meet specified guidelines for wastewater discharges and enhancing the marketability of the generation units' FGD byproducts. Provides that the Governor shall appoint 3 (rather than 2) members with the additional member being a representative of an electricity generator that owns multiple coal-fueled electric generation plants with FGD or similar technologies. Expands the definition of "FGD" to include other technologies that can be used to lower sulfur dioxide emissions. Effective immediately.

30 ILCS 105/5.878 new
 730 ILCS 5/5-4.5-110 new
 730 ILCS 5/5-8-9 new

Amends the Unified Code of Corrections. Provides that in the case of a person who is, at the time of the effective date of the amendatory Act, incarcerated for a felony offense under the Cannabis Control Act, the Illinois Controlled Substances Act, or the Methamphetamine Control and Community Protection Act that has been subsequently reclassified as a misdemeanor, the sentencing court, the Director of Corrections, or the incarcerated person may make a motion to recall the original sentence issued and re-sentence the person to a misdemeanor sentence. Creates the Justice Reinvestment Fund in the State treasury for: (1) addressing the destabilizing effects that high incarceration rates have had on families and communities; (2) targeting the community conditions that perpetuate the cycle of crime; (3) providing formerly incarcerated persons a better chance to succeed outside of prison; and (4) providing support to victims. Provides that on or before August 31, 2018, and on or before August 31 of the next 9 fiscal years thereafter, the Comptroller shall transfer from the General Revenue Fund to the Justice Reinvestment Fund 85% of the total savings calculated by the Sentencing Policy Advisory Council from the reduction of the prison population as a result of the reduced sentences provided by the amendatory Act. Amends the State Finance Act to make conforming changes.

HOUSE COMMITTEE AMENDMENT NO. 1

Deletes reference to:

730 ILCS 5/5-4.5-110 new

Deletes the provision allowing a person who is, at the time of the effective date of the bill, incarcerated for a felony offense under the Cannabis Control Act, the Illinois Controlled Substances Act, or the Methamphetamine Control and Community Protection Act that has been subsequently reclassified as a misdemeanor, to make a motion to recall the original sentence issued and re-sentence the person to a misdemeanor sentence. Provides that on or before August 31, 2018, and on or before August 31 of the next 9 fiscal years thereafter, the Comptroller shall transfer from the General Revenue Fund to the Justice Reinvestment Fund 85% of the total savings calculated by the Sentencing Policy Advisory Council from costs savings from criminal justice reforms enacted into law (rather than savings from the reduction of the prison population as a result of the reduced sentences provided by the deleted provision). Amends the State Finance Act to make conforming changes.

HB-3735 CONROY - TABARES, HARRIS, GREG, D'AMICO, MUSSMAN, ANDRADE, SENTE AND SIMS.

730 ILCS 5/5-5-3.2

Amends the Unified Code of Corrections. Provides that it is an aggravating factor in sentencing that the defendant committed a crime of violence or criminal damage to property in a woman's health clinic or on the real property comprising the clinic or who intimidates persons attending the clinic or physicians or nurses at the clinic performing services at the clinic. Defines "woman's health clinic" and "crime of violence".

STATE DEBT IMPACT NOTE (Government Forecasting & Accountability)

HB 3735 would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

JUDICIAL NOTE (Admin Office of the Illinois Courts)

This legislation would neither increase nor decrease the number of judges needed in the State.

HOUSING AFFORDABILITY IMPACT NOTE (Housing Development Authority)

This bill will have no effect on the cost of constructing, purchasing, owning, or selling a single-family residence.

PENSION NOTE (Government Forecasting & Accountability)

HB 3735 will not impact any public pension fund or retirement system in Illinois.

CORRECTIONAL NOTE (Dept of Corrections)

HB 3735 has a corrections population impact of 3 offenders and a fiscal impact of \$144,100 over the first ten years after enactment.

HOME RULE NOTE (Dept. of Commerce & Economic Opportunity)

This legislation does not pre-empt home rule authority.

STATE MANDATES FISCAL NOTE (Dept. of Commerce & Economic Opportunity)

This legislation does not create a State mandate.

BALANCED BUDGET NOTE (Office of Management and Budget)

The fiscal impact of this bill is estimated to be minimal but depends on judicial utilization of the factor described in House Bill 3735 in increasing penalties. The fiscal impact is also dependent on the number of offenders convicted of crimes whose sentences would be eligible to be increased under House Bill 3735. Due to the uncertainty in judicial utilization of the newly proposed factor in House Bill 3735 and low number of offenders anticipated to be affected by House Bill 3735, the fiscal impact of House Bill 3735 is minimal.

LAND CONVEYANCE APPRAISAL NOTE (Dept. of Transportation)

The Illinois Department of Transportation has determined that no land conveyance is necessary for this bill.

FISCAL NOTE (Dept of Corrections)

These enhancements would result in an increase of 3 offenders with \$144,100 in additional costs over the first ten years after enactment. However, the impact of this legislation is dependent on how many arrests take place, how offenders would be prosecuted and sentenced to prison, and how judges would use factors in aggravation to

increase penalties. Therefore, the full impact of this legislation is unknown.

FISCAL NOTE (Capital Development Board)

The Capital Development Board (CDB) estimates a fiscal impact of approximately \$1,800,000 annually associated with additional software and staff to monitor construction sites and enforce the new requirements contained in this legislation. The annual cost includes approximately 8 employees to handle all aspects of this bill. Each employee would cost CDB approximately \$200,000 after factoring in the personal services, pension, social security, group insurance, travel and required software licenses. A new software platform for tracking the man-hours requirement would also need to be developed, which has an estimated cost of up to \$200,000 annually.

515 ILCS 5/20-45 from Ch. 56, par. 20-45
 520 ILCS 5/3.2 from Ch. 61, par. 3.2

Amends the Fish and Aquatic Life Code and the Wildlife Code. Provides that the respective fees for resident fishing, combination sportsmen, and hunting licenses are waived for current and retired State, municipal, and local law enforcement officers.

LAND CONVEYANCE APPRAISAL NOTE (Dept. of Transportation)

The Illinois Department of Transportation has determined that no Land Conveyance is required for this bill.

JUDICIAL NOTE (Admin Office of the Illinois Courts)

This legislation would neither increase nor decrease the number of judges needed in the State.

STATE DEBT IMPACT NOTE (Government Forecasting & Accountability)

HB 3750 would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

HOUSING AFFORDABILITY IMPACT NOTE (Housing Development Authority)

This bill will have no effect on the cost of constructing, purchasing, owning, or selling a single-family residence.

CORRECTIONAL NOTE (Dept. of Corrections)

HB 3750 has no fiscal or population impact on the Department of Corrections.

PENSION NOTE (Government Forecasting & Accountability)

HB 3750 will not impact any public pension fund or retirement system in Illinois.

FISCAL NOTE (Dept. of Natural Resources)

Loss of both license sale revenue (hunting/fishing) and federal reimbursement funding totals approximately \$96,095 annually. This estimate does not include the annual impact by retired officers. The Illinois Department of Natural Resources' Wildlife and Fisheries divisions DO NOT receive General Revenue Funds from the State of Illinois. Revenue for conservation work, aquatic habitat enhancement, fish stocking and research is generated by the sale of licenses, stamps, permits and other fees. Eroding the pool of funds available by making hunting and fishing privileges free to certain classes of hunters and anglers would continue to reduce the Department's capacity .

BALANCED BUDGET NOTE (Office of Management and Budget)

In total, estimated revenue to the state would be reduced by more than \$100,000 annually if House Bill 3750 were to become law due to less revenues in hunting and fishing license sales and federal reimbursement. According to the Department of Natural Resources, the loss of hunting license revenue for active police officers is estimated at \$37,000 annually. This includes an estimated \$12,000 directly from license revenue, plus \$25,000 in federal apportionment funding. Additionally, the Department of Natural Resources estimates the loss of fishing license revenue for active police officers to be \$59,095 annually. This includes an estimated \$33,450 due to the loss in license revenues plus \$25,645 in lost federal apportionment funds. Based on active police officers, the estimated loss in revenue would be \$96,095. House Bill 3750 includes waivers for both active and retired officers, however at this time the fiscal impact can only be estimated for active law enforcement officers. As such, the fiscal impact of House Bill 3750 is likely to be greater than the above estimates due to the non-inclusion of retired law enforcement officers in the estimates. According to the Department of Natural Resources, conservation work, aquatic habitat enhancement, fish stocking, and research is funded by the sale of licenses, stamps, permits and other fees. Reducing the pool of funds available by making hunting and fishing privileges free to certain classes of hunters and anglers would reduce the capacity of the Department of Natural Resources to fund these duties and if continued could require reductions in service or general funds to support these functions.

STATE MANDATES FISCAL NOTE (Dept. of Commerce & Economic Opportunity)

This legislation does not create a State mandate.

HOME RULE NOTE (Dept. of Commerce & Economic Opportunity)

This legislation does not pre-empt home rule authority.

Amends the Alcoholism and Other Drug Abuse and Dependency Act. Requires the Department of Human Services, upon request, to provide DUI service providers licensed by the State and any court, as defined, with copies of identification and arrest data the Department receives from federal, State, and local law enforcement agencies. Establishes the DUI Service Provider Effectiveness Program Exploratory Committee to create an audit and evaluation process that permits the evaluation of treatment and intervention outcomes of licensed DUI service providers so that persons interested in DUI treatment or intervention services can make informed decisions concerning provider selection and courts can better determine which DUI service providers to keep on their approved-provider lists. Contains provisions concerning membership on the Committee, initial appointments, voting rights, reporting requirements, and other matters. Requires the Committee to prepare and publish in a central publication information obtained through the audit and evaluation process established by the Committee, but not before performing certain tasks, including the development of: (i) a process and statistical method of outcome analysis and research that targets DUI recidivism as a measure of the treatment or intervention effectiveness of each DUI service provider; and (ii) a standardized method or process by which a court may consult and collaborate with a DUI service provider whose program of DUI treatment or intervention services fails to meet or adequately address the needs of clients residing within the court's judicial circuit. Amends the Illinois Vehicle Code. Adds a requirement concerning DUI treatment review surveys. Effective immediately.

HOUSE COMMITTEE AMENDMENT NO. 1

Deletes reference to:

20 ILCS 301/5-10

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes: Removes a provision that requires the Department of Human Services, upon request, to provide DUI service providers licensed by the State and any court, as defined, with copies of identification and arrest data the Department receives from federal, State, and local law enforcement agencies. Redefines "DUI" to mean a conviction under a specified provision of the Illinois Vehicle Code (rather than to mean driving under the influence of alcohol or other substances which may cause impairment of driving ability). In provisions

concerning the DUI Service Provider Effectiveness Program Exploratory Committee established in the introduced bill, provides that vacancies on the Committee shall be filled by individuals possessing the same membership requirements as the original appointee whom the replacement is taking the place of (rather than in the same manner as the original appointments). Makes changes to provisions concerning: (i) absent and substitute members; survival analysis studies; the collection of information for survival analysis studies and outcome analysis and research studies; an auditing and evaluation process to be developed by the Department in order to verify information on the resources provided by DUI service providers and included in the central publication; and other matters. Requires the Committee to dissolve upon submitting its report to the General Assembly and the Department of Human Services as required in the provisions of the introduced bill. Permits the Department to modify, add, or remove information collected and published within the central publication as well as modify the auditing and evaluation measures used in analyzing such information for the central publication upon the dissolution of the Committee. Effective immediately.

FISCAL NOTE (Dept. of Human Services)

The Department of Human Services currently funds DUI services from the Drunk and Drugged Driving Prevention Fund. For every dollar that the Department has to divert to support the driving abstract fee, a corresponding dollar of service will need to be reduced. Without additional revenue streams, the Department will have no choice but to reduce services. During FY16, the Department funded approximately 6,600 risk assessments and risk educational programs at a cost of \$884.0K. If the Department has to fund 6,600 driving abstracts at \$12 each, the cost would be an estimated \$79,200. This would decrease available service dollars by 9% and would reduce the number of assessments and educational programs available to an estimated 587 individuals. The costs associated with this proposal are estimated based on the Department's current income eligibility guidelines. If these income thresholds are not maintained, then the Department would be responsible for additional individuals that would not qualify for State funded Addiction Treatment Services under the current rules.

HOUSE FLOOR AMENDMENT NO. 2

Adds the Director of the Illinois State Police, or his or her designee, to the list of members on the DUI Service Provider Effectiveness Program Exploratory Committee.

Amends the Criminal Identification Act. Requires that applications for certification, registration, and licensure must contain specific language that states that the applicant is not obligated to disclose sealed or expunged records of conviction or arrest and prohibits entities authorized to grant professional licenses, certifications, and registrations from asking if an applicant has had records sealed or expunged. Provides that certain sealed or impounded felony records shall not be disseminated in connection with an application for a professional or business license, registration, or certification, except specified health care worker licenses. Amends various professional licensing Acts with the following changes: Provides that the licensing agency must find that a license applicant has not committed certain acts or has been sufficiently rehabilitated to approve the application. In provisions concerning license denial, nonrenewal, or revocation for conviction of a felony, allows the licensing agency to issue a license with monitoring requirements and provides for an exception if an individual demonstrates to the licensing agency sufficient rehabilitation to warrant the public trust. Provides that the licensing agency shall not require applicants to report certain criminal history information and the licensing agency shall not consider the information. Requires the licensing agency to consider certain mitigating factors and evidence of rehabilitation for license applicants. Requires the licensing agency, upon denial of a license, to provide the applicant certain information concerning the denial. HOUSE COMMITTEE AMENDMENT NO. 2

Deletes reference to:

20 ILCS 2360/13

210 ILCS 50/3.50

210 ILCS 50/3.51 new

Replaces everything after the enacting clause. Reinserts the introduced bill with changes that include the following. Makes changes to the list of information that must be included in a notice of denial if the applicable State agency refuses to issue a license to an applicant. Specifies that the applicable State agency shall consider certain factors and evidence to determine whether a prior conviction will impair the ability of the applicant to engage in the position for which a license is sought. Makes changes to reporting requirements. Removes provisions specifying that it is the affirmative obligation of the applicable State agency to demonstrate that a prior conviction would impair the ability of the applicant to engage in the licensed practice. In provisions amending the Illinois Lottery Law, provides that the Department of the Lottery may grant a license to a person convicted of a felony where such conviction will impair the person's ability to engage in the licensed position when a period of 5 years after the conviction or 3 years since release from confinement, whichever is later, has elapsed without a subsequent conviction. In provisions amending the Criminal Identification Act concerning the effect of expungement or sealing records, provides that the entity authorized to grant a license shall include, in an application for licensure, specific language stating that the applicant is not obligated to disclose sealed or expunged records of a conviction or arrest; however, if the inclusion of that language in an application for licensure is not practical, the entity shall publish on its website instructions specifying that applicants are not obligated to disclose sealed or expunged records of a conviction or arrest (rather than applications for licensure must contain specific language which states that the applicant is not obligated to disclose sealed or expunged records of conviction or arrest). Removes provisions relating to the retention and release of sealed records. Removes provisions amending the Emergency Medical Services (EMS) Systems Act. In provisions amending the Dietitian Nutritionist Practice Act concerning applicant convictions, provides that when reviewing, for the purposes of licensure, a conviction of any felony or a misdemeanor directly related to the practice of the profession of an applicant, the Department of Financial and Professional Regulation shall consider the applicant's successful completion of sentence. In provisions amending the Illinois Horse Meat Act concerning applicant provisions, provides that the Department of Agriculture shall not require applicants to report certain information and shall not consider certain criminal history records (rather than certain information shall not be requested, inquired into, or considered) in

connection with an application for a license under the Act. Makes other changes. Effective January 1, 2018.

In the State Universities and Downstate Teachers Articles, shifts certain costs to the local employer. Creates the Underrepresented Groups in Academia Task Force within the Board of Higher Education to examine strategies to grow underrepresented groups in institutions of higher education and to ascertain the viability of increasing the number of laboratory schools in the State and creating State-owned and operated trade schools.

FISCAL NOTE (Illinois Board of Higher Education)

According to House Joint Resolution 2, members of the Underrepresented Groups in Academia Task Force shall serve without compensation. Although some costs might be incurred to the Illinois Board of Higher Education in order to provide support for the Task Force, such costs would most likely be minimal. Expanding services and programs for underrepresented students can provide opportunities for a more marketable skill set that lends itself to enhancing the growth and economic viability of the State of Illinois. The Illinois Board of Higher Education has also been in discussions about developing a conference specifically focused on assisting underrepresented student populations at both public and private institutions. The Underrepresented Groups in Academia Task Force could help to promote this cause as well and/or connect its work to such a forum.

STATE DEBT IMPACT NOTE (Government Forecasting & Accountability)

This legislation would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

Creates the Trade Policy Task Force within the Illinois Department of Commerce and Economic Opportunity - Office of Trade and Investment to (1) analyze important issues relative to the growth of international trade from and to Illinois; (2) make recommendations to Congress, the United States Trade Representative, and the White House National Trade Council regarding trade policies that best serve Illinois; and (3) promote the exportation of goods and services from Illinois and the importation of goods and services into Illinois.

STATE DEBT IMPACT NOTE (Government Forecasting & Accountability)

This legislation would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

HJR-0020 WINGER, D'AMICO AND MUSSMAN.

States the belief that O'Hare International Airport's noise monitoring technology should be

coupled with artificial-intelligence software to match the noises perceived by each station at each time to specific individual flight operations and the operations of individual airlines and to gauge the compliance of each individual airline firm with the guidelines set down in the Fly Quiet Program. Calls for a measurable improvement in Fly Quiet compliance no later than January 1, 2017, with further improvements to follow. Urges the Aviation Department of the City of Chicago to select a trusted third party that represents the interests of O'Hare International Airport's noise neighbors and to share the information enumerated in this resolution with this third party. Urges the Aviation Department and the trusted third party to collaborate to develop a rank-ordered chart of each airline firm's compliance with Fly Quiet Program guidelines. Urges the Aviation Department and the trusted third party to give the charts explicit and formal consideration as elements in any decisions made, subsequent to the start of the generation of this data and these charts, on the reallocation of departure gates and support facilities at O'Hare International Airport.

GOVERNOR AMENDATORY VETO MESSAGE

Recommends changes to the Chicago Teacher Article of the Illinois Pension Code. Specifies that for State fiscal year 2018, the State shall contribute \$221,300,000 to the Chicago Teachers' Pension Fund. Beginning in State fiscal year 2019, provides that the State shall contribute an amount, to be determined by the Fund, equal to the employer normal cost for that fiscal year for all teachers hired before either (i) the implementation date of certain alternative benefits for members of the Downstate Teacher Article or (ii) the resolution or ordinance date for certain alternative benefits under the Chicago Teacher Article, whichever is earlier, plus the amount allowed under a specified provision to defray health insurance costs for all employees. Provides that the amount shall be reduced by the employer normal cost of the increase in benefits associated with the portion of salary in excess of the amount of the salary set for the Governor. Terminates an additional State contribution to the Fund equal to 0.544% of the Fund's total teacher payroll. Adds provisions concerning certification of the amount of the contribution and the submission of vouchers for the payment of State contributions to the Fund. Recommends changes to the State Pension Funds Continuing Appropriation Act to add a continuing appropriation for those State contributions to the Fund. Recommends changes to the School Code. In provisions concerning maximum reimbursement per credit hour for adult basic education, removes the consumer price index multiplier. Removes references to "Base Tax Year's Extension", "ECI", "Extension Limitation Ratio", "Minimum Funding Level", "Preceding Tax Year", "Preceding Tax

Year's Extension", and "PTELL EAV". In the definition of "employee benefits", removes the inclusion of costs associated with statutorily required payment of pension normal costs. In the definition of "Organizational Unit CWI", sets forth a maximum Organizational Unit CWI of 1.04. In the calculation of employee benefit investments, removes provisions concerning the certification and calculation of employer normal cost of teacher pensions for all school districts. Requires the State Superintendent of Education to calculate certain average salaries once (rather than annually). Removes a limitation that certain salary calculations shall only be applied in the first year of implementation of Evidence-Based Funding; removes calculation provisions for subsequent years. Removes provisions for the calculation of the Chicago school district's Adjusted Local Capacity Target. Removes provisions exempting portions of an Organizational Unit within a redevelopment project area from calculations of the Unit's EAV; removes corresponding changes in other Acts. Removes provisions that included specified block grants in the calculation of the Chicago school district's Base Funding Minimum. Limits provisions specifying that the Base Funding Minimum for Organizational Units shall be the sum of the amount of Evidence-Based Funding for the prior school year and the Base Funding Minimum for the prior school year to the 2018-2019 and 2019-2020 school years. Provides that beginning with the 2020-2021 school year, the Base Funding Minimum shall be the sum of the Evidence-Based Funding for the prior school year and the Base Funding Minimum for the prior school year divided by the Organizational Unit's ASE for the prior school year multiplied by the Organizational Unit's ASE for the current school year.
