HOUSE RESOLUTION 57

Offered by Representative Greg Harris:

WHEREAS, The Illinois Department of Corrections (Department) has approximately 47,000 inmates at its 27 correctional centers; and

WHEREAS, In 2011, the Department of Healthcare and Family Services awarded a 10-year, \$1.36 billion contract to Wexford Health Sources, Inc. (Vendor) to "provide comprehensive medical and mental health services to offenders [in the custody of the Department]... in order to maintain their health status, establish innovative and cost effective medical and administrative programs, improve the quality of care, provide acceptable, cost effective levels of staffing, [and] positively impact purchasing of pharmaceutical and/or medical supplies"; and

WHEREAS, Pursuant to the solicitation for the contract awarded to the Vendor, the Vendor is required to provide services at targeted performance levels (including compliance with staffing schedules, administrative directives, and treatment protocols) with any failure to meet the target levels of performance subjecting the Vendor to payment adjustments; and

WHEREAS, Also pursuant to the solicitation, the Department is required to "[c]onduct audits to confirm

the validity of the performance guarantee results reported and enforce penalties as appropriate"; and

WHEREAS, The Department has indicated that it would "contract with a vendor outside the comprehensive medical contract to audit activities of the comprehensive medical provider"; and

WHEREAS, The Vendor is required to submit monthly utilization reports detailing inpatient hospitalization referrals, outpatient referrals, emergency services referrals, primary healthcare services utilization data, and pharmaceutical usage; and

WHEREAS, At the time the solicitation was issued, the Department was pursuing accreditation from the American Correctional Association for its facilities and projected that the accreditation would occur within 3 years; and

WHEREAS, At the time the solicitation was issued, the Department identified approximately 250 pending inmate healthcare lawsuits in which the State, its employees, or agents were named parties; and

WHEREAS, A Department administrative directive requires each correctional center to "develop a comprehensive Quality Improvement Program that provides for the systematic, on-going, objective monitoring and evaluation of the quality and appropriateness of offender care", including an internal audit of the directive to be conducted at least semi-annually; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-EIGHTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that the Auditor General is directed to conduct a management audit of the Department of Corrections' implementation of a comprehensive medical and mental health services program for adult offenders; and be it further

RESOLVED, That the audit include, but not be limited to, the following determinations:

(1) whether the Department adequately monitors the Vendor's performance and compliance with contractual requirements, including the timeliness of services, scope of services, recordkeeping, periodic reporting, staff qualifications, and staffing levels;

(2) whether the Department takes appropriate action in response to instances where the Vendor is noncompliant or where Vendor performance issues are identified;

(3) whether the Department has in place an audit program to confirm the validity of performance guarantee results and to audit the activities of the comprehensive medical provider;

(4) whether the Vendor's and the Department's processes for tracking, reviewing and recording inmate complaints, grievances, and requests pertaining to medical and mental health services are adequate;

(5) whether the billings submitted by the Vendor are adequately reviewed by the Department, and are supported and allowable under the terms of the contract;

(6) whether each correctional center has in place a Quality Improvement Program as required by Department administrative directives and whether required internal audits are being performed; and

HOUSE RESOLUTION 58

Offered by Representative Verschoore:

WHEREAS, The State of Illinois comprises part of the largest urban landscape market in the country with more than 4 million urban ash trees; Illinois' tree canopy now faces a crisis due to the Emerald Ash Borer, and that will lead to a financial crisis for the State and its many municipalities; and

WHEREAS, Mature trees provide homeowners and municipalities tremendous environmental and economic benefits; trees reduce energy costs in the summer, play a role in rainwater management, and filter air; trees represent a quantifiable value to homeowners; conservatively 5 percent of a home's value is attributable to the trees on its property; and

WHEREAS, The State of Illinois is now infested with the invasive species known as Emerald Ash Borer (EAB); most all urban ash trees in the State of Illinois will be exposed to EAB in the next 5 years and every ash tree not treated will expire shortly thereafter; and

WHEREAS, The average cost of tree removal and replacement in the State of Illinois is approximately \$1,000; this crisis will cost the State and its villages, towns, and cities \$3 billion to \$4 billion over the next several years; and

WHEREAS, Trees can be treated for a fraction of the cost of removal and replacement; and

WHEREAS, The State of Illinois needs to update its understanding of the science of treating EAB, as integrated management of EAB has evolved and improved greatly in the past 5 years; and

WHEREAS, Leading academic researchers from The University of Illinois, Michigan State University, Purdue University and Ohio State have found insecticide treatment methods to be effective, and one treatment method to be extremely effective at preserving ash trees; and

WHEREAS, The Society of Municipal Arborists (SMA), the prestigious professional organization of practicing arborists, published in May 2012 its latest findings and recommendations on the management of the Emerald Ash Borer; the SMA paper warns municipalities of a "financial tsunami" if they are not proactive and develop an EAB management paper; and

WHEREAS, The SMA found that the 2 extremes of removing trees and doing nothing is neither practical nor prudent; removing trees is not financially viable for many municipalities and does great harm to home values; doing nothing puts people and property at great risk as dead trees will come crashing down in an unpredictable fashion; and

WHEREAS, The SMA found that an integrated approach that utilizes treatment along with the removal of low-grade ash trees is the best management option; and

WHEREAS, The International Society Arboriculture, the premier tree care organization in the world, supports the findings and recommendations of the SMA that advocates conservation of the urban ash canopy as the most prudent and practical management option; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-EIGHTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we urge every village, town, and city within the State of Illinois to reevaluate its EAB management plan in light of the latest facts and recommendations presented by the leading experts in the spring of 2012; specifically, municipalities should spend the little time required to evaluate EAB management options over a 20-year period utilizing readily available and online economic models from either University of Wisconsin-Stevens Point or Purdue University; and be it further

RESOLVED, That the Illinois Department of Agriculture should publicly communicate and include on its website <http://www.agr.state.il.us> the 2012 EAB Management approach and explain the financial and environmental benefits to municipalities, citizens, and homeowners of that same approach.

HOUSE RESOLUTION 59

Offered by Representative Lilly:

WHEREAS, All citizens of Illinois should be made aware of the ever-present dangers posed by potentially harmful substances in their home, work, and play environments; and

WHEREAS, Children too often have access to over the counter and prescription medications and potentially harmful household products; and

WHEREAS, For more than 50 years, the nation has been observing National Poison Prevention Week (NPPW); the Illinois Poison Center celebrates March as Illinois Poison Prevention Month (IPPM) to help prevent unintentional poisonings and to share tips for promoting community involvement in poison prevention; and

WHEREAS, In 2013, the Illinois Poison Center, the oldest and one of the largest poison centers in the nation, will be celebrating its 60th year of providing poison prevention and treatment recommendations to the people of Illinois; and

WHEREAS, The Illinois Poison Center is a mainstay in the emergency medical care system of the State of Illinois and is recognized nationally for its contributions to poison treatment and prevention; and

WHEREAS, Nearly 50 percent of the 77,000 poisonings reported last year to the Illinois Poison Center involved children under the age of 5 and which most could have been prevented; and

WHEREAS, More than 90 percent of the exposure calls received from the public are treated over the

phone, quickly and safely by experienced, expert staff of the poison center rather than in an emergency room; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-EIGHTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we do hereby proclaim March 2013 to be POISON PREVENTION MONTH in THE STATE OF ILLINOIS and congratulate the Illinois Poison Center for providing outstanding public education and treatment advice to the State of Illinois for 60 years; and be it further

WHEREAS, Women continue to earn no more than 78 cents on the dollar compared to men; and

WHEREAS, The pay gap has been shown to start as soon as one year after college; this inequality affects not only women, but their families and society as a whole; and

WHEREAS, The pay gap between women and men has long-term effects on women's economic security; such a gap affects women's Social Security earnings, their ability to save for retirement, and their children's education; and

WHEREAS, Pay equity is closely linked to the eradication of poverty and is essential to having a highly-motivated workforce; and

WHEREAS, Equal Pay Day was originated by the National Committee on Pay Equity in 1996 as a public awareness event to illustrate the gap between men's and women's wages; the day, observed in April, symbolizes how far into the year a woman must work, on average, to earn as much as a man earned the previous year, with Tuesday being the day in which women's wages catch up to men's wages from the previous week; because women earn less on average than men, they must work longer for the same amount of pay; this wage gap is even greater for most women of color; and

WHEREAS, Equal pay is a priority for all women and for our society at large; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-EIGHTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we designate April 9, 2013 as Pay Equity Day in the State of Illinois in order to raise awareness about this endemic inequity.
