Speaker Madigan: "The House shall come to order. The Members shall be in their chairs. We ask the Members and our guests in the gallery to turn off laptop computers, cell phones and pagers, and we ask our guests in the gallery to rise and join us for the invocation and the Pledge of Allegiance. We shall be led in prayer today by the Reverend Keith Manley, who is the pastor of the Grace Family Church in Rockford. Reverend Manley is the guest of Representative Charles Jefferson."

Reverend Manley: "Can we bow for a moment of prayer. Almighty God, we come before You today to ask Your blessings upon this Assembly of men and women who have come to serve the great State of Illinois. Father, at a time when the eyes of our nation have been focused upon our state, we, as Your people, are grateful that Your eyes are upon us, as well, that Your hand is not too short to save us nor Your ear too dull to hear when we cry out for Your assistance. Give these men and women today Your wisdom to perform their duties in a way that will bring You honor. Bless our state and this House today. In Your name we pray, Amen."

Speaker Madigan: "We shall be led in the Pledge of Allegiance by Representative Boland."

Boland - et al: "I pledge allegiance to the flag of the United States of America and to the republic for which it stands, one nation under God, indivisible, with liberty and justice for all."

Speaker Madigan: "Roll Call for Attendance. Representative Currie."

Currie: "Thank you, Speaker. Please let the record show that Representative Fritchey is ill and excused today."

Speaker Madigan: "Mr. Bost."

Bost: "Thank you, Mr. Speaker. Let the record reflect that Representative Mathias is excused on the Republican side of the aisle."

Speaker Madigan: "The Clerk shall take the record. There being 113 Members responding to the Attendance Roll Call, there is a quorum present. Mr. Clerk. The Chair recognizes Representative Currie. Would the Members please take their seats."

Currie: "Thank you, Speaker and to my colleagues I rise on a point of personal privilege. Many are making much of the delay between the arrival of Senator Burriss's most recent documents presented to the House Special Investigative Committee and its dissemination to Members and to the public. As the document was sent to me, here is the story. I'd had a call from Senator Burriss's lawyer alerting me that information in response to unanswered and outstanding questions from the committee to the Senator was on its way. After a week in Springfield, I picked up the documents along with the rest of the week's mail from my district office at the end of the day Friday. I brought many papers, including the material from Senator Burriss, to Springfield on Monday. I glanced at the document and saw a list of Senator Burriss's lobbying clients. This was information that the committee had requested him to submit. Without a closer look, I assumed the entire document was a routine response to committee questions. I searched out

staff Monday morning to check the information against our questions and to begin the distribution of the document, but a miscommunications mishap... there was a miscommunication and that mishap meant staff didn't actually get the document in hand until late Wednesday, the day before a state holiday and the start of a four-day staff weekend. In the meantime, Senator Burris's office released the document to the public on Friday, February 13. It was clearly his expectation and mine that the document would become part of the public record of the Special Investigative Committee. Any suggestion that I engaged in a deliberate cover-up, that I purposely delayed the distribution of the information is totally false. Any suggestion that I should do a better job of reading my mail in a timely fashion is a suggestion I enthusiastically, and more than a little ruefully, embrace."

Speaker Madigan: "Mr. Durkin."

Durkin: "Thank you, Mr. Speaker. And if you don't mind, I'd... if Representative Currie would entertain a question."

Currie: "It would not be my intention to do so. I have a letter from you that arrived this morning at 9:10 a.m. and I'm more than happy to answer that letter and I will do so at my earliest opportunity."

Durkin: "Okay. Thank you. As I made reference in the committee this morning, I had reservations about the Impeachment Committee. We were told it was going to be very much like the Heiple Committee, where there would be... it would be a partnership, but it wasn't. There was a chair, I was the ranking Member; it was an uneven split.

We got past that. We worked quite well together, Representative Currie and I, and on a lot... on the most important issues that are facing this state. And we've had multiple conversations during the month of December and January, Christmas Eve, long conversations and I was honored to be part of this great committee. We kept the committee open for a few reasons: one, it was to ensure that we would have... we'd have to vote again to impeach because of a question of whether or not our action can carry over into a new General Assembly for the trial. Two, was to await perhaps a tape from the U.S. Attorney's Office. And three, any other evidence which we think would be relevant for the trial. The attorney for Mr. Burris on Sunday stated that he reached out to Representative Currie on the 23rd about additional... I'm not quite sure, but he wanted to supplement the record and I don't know exactly the context or the own... exactly what Mr. Wright said, but he was going to provide additional information to the committee. At that point, I should have been notified. It should have been brought to my attention and we should have worked on this collaboratively how to respond to Mr. Wright. And that I'm very disappointed about. But let me add... I will state this, I certainly hope that the documents that I do see now under Special Investigated... Special Investigative Committee, that is the February 4, affidavit and client list of Roland Burris, the transcript of testimony and let me see... not that... the January 5 affidavit to... of Roland Burris. They haven't been given anything. It's not quite... I'm not quite sure if they're part of the

official record or placed into evidence. I have reservations about putting any new evidence into the record at this point 'cause the committee's closed down. We have nothing further to do. But let me talk to you a little bit about there's a... there's a perjury investigation that's going to undertaken by the state's attorney of Sangamon County and under the perjury statute, Subsection (c), there's a clause called admission of falsity. It states where contradictory statements are made in the same continuous trial or hearing, you can make that argument that it is a hearing, an admission by the offender in that same continuous trial of the falsity of the contradictory statement shall bar prosecution; therefore, under the provisions of this code. I do not want the latest submissions to be placed in evidence; I don't... do not want any argument to be made that this latest submission by Senator Burris in effect cures what I believe was untruthful testimony before that committee, so we do that. A sharp lawyer's going to be able to state that section (c) has kicked in, it's been triggered and it could perhaps bar any prosecution for perjury if the state's attorney does find that. The role of this committee, again, was to take in new evidence. It was not to be used to rehabilitate a witness who may have perjured testimony."

Speaker Madigan: "Mr. Bost."

Bost: "Thank you, Mr. Speaker, if I could. Ladies and Gentlemen, I don't know how you've been dealing with this in your district, but I'm a little concerned because, once again, the State of Illinois has a black eye on the

embarrassment of not coming forward with information. If Mr. Burris had this information, he was asked clearly in committee and then all of a sudden, it was later, after his appointment, after all of this that it comes out. Now, folks, you're not that naïve, you can't be, to believe that this wasn't... if not telling the whole truth, just kind of blocked a little bit so that we could go ahead and get him appointed to that seat. I'm not wearing the collar for this in my district, you are. There's a problem here, folks. The ethics and the operation of this government here in the State of Illinois is an embarrassment and this just goes to show it even more. Folks, the committee was working well when information was given. Now, for whatever reason, information was not transferred to both sides of the aisle; information that could have been vitally important for the appointment of this Senate seat. Ladies and Gentlemen, each of you know that I myself am not an attorney, but I don't have to be an attorney to realize certain things were kind of held up. Now, the rule of law may all of a sudden, there may be a trick in the rules here that says, okay, Mr. Burris did not perjure himself. But I believe that there was a lack of willingness to disclose all the information and I also believe, that delaying the information being given out by the committee and those that headed up the committee, reeks, to say the least. Ladies and Gentlemen, and I'll also say this, because I'm speaking as the Representative of the 115th District, if Mr. Burris perjured himself, he should step down immediately."

Speaker Madigan: "Mr. Stephens."

Stephens: "Thank you, Mr. Speaker. Did I understand correctly that the Majority Leader is not going to answer any questions, today? Is it just this subject matter or.. That's an unusual position to take for the Majority Leader."

Speaker Madigan: "Are you putting the question to the Majority Leader?"

Stephens: "Yes. Majority Leader, are you going to answer questions? But this is a question, so.."

Speaker Madigan: "Representative Currie, have you heard the question?"

Currie: "I had said that I was not going to answer the questions that were part of a letter that I just received. I don't know what question Mr. Stephens wants to ask. I don't know whether the Speaker would encourage a colloquy with no particular legislative item on the agenda."

Stephens: "Well, first of all, Mr. Speaker. Since that's been made clear, I would ask that Representative Durkin be recognized again under this order, if I can be so bold. The... Because there are questions that might not be in the letter. So, my understanding is that the Majority Leader will answer questions except those that are in said letter."

Currie: "No, no.."

Speaker Madigan: "Representative Currie, you may wish to restate for Mr. Stephens."

Currie: "I said that, as to the questions that were in a letter I received just a little while ago, I will answer those questions in writing. I don't know what other questions

you might want to ask, but if you want to ask a different question, you might give it a try."

Stephens: "You know, Representative, given another tarnish that you have been party to bringing to our state, I don't know if today's a good day to... to try to be so brutal here on the House Floor. I... I, again, would ask the Speaker to recognize Representative Durkin for the purposes of questions, understanding that you don't want to answer questions that he has presented to you in writing, previous. Thank you, Mr. Speaker."

Speaker Madigan: "Mr. Sacia."

Sacia: "Thank you, Mr. Speaker. Personal privilege."

Speaker Madigan: "State your point."

Sacia: "Ladies and Gentlemen, I was among the 21 Members of the Impeachment Committee. Using the words of Representative Durkin, I certainly was honored to be a part of that. I had, throughout my 28 years experience as an FBI agent, the opportunity to sit in on numerous wiretap, Title IIIs is how they're referred to and the information that came to us on that Impeachment Committee, as we all know, was overwhelmingly damaging to our former Governor. When Mr. Burris appeared before us, several things stood out in my mind. This man is the former Attorney General of the State of Illinois, the highest law enforcement officer in the State of Illinois, previously. He understands legal questions. He certainly understood simple questions. Representative Durkin asked simple, sensible, on target questions, that were very, very much evaded. I've had the privilege of serving with many of you nearly 7 years. I am

not an angry person. I am so angry and so indignant about what Senator Burris did to that committee, it overwhelms me. It overwhelms me because as the former highest law enforcement officer in this state, he couldn't remember having contacts. Actually, he said he didn't have any contacts other than friendly conversations with those in the inner circle of former Governor Blagojevich. The most disappointing part of Senator... I'm sorry... of Representative Jim Durkin's questions was he was interrupted, he was castigated. How dare you ask these hard questions? It isn't fair; it isn't right. This is a good, honorable man. Yeah, right. What an embarrassment to all of us. Not only to the Impeachment Committee, not only to the General Assembly, but 12.8 million people in this state were duped right on top of one duping. What a shame, Ladies and Gentlemen, that this has happened to us and now, he travels the state on a listening tour, but he refuses to listen to questions. Face it, Ladies and Gentlemen, Senator Burris won. He wanted more than anything in the world to be a United States Senator and he knew, you bet he knew, he'd known only too well that if he would have been honest and candid with us that appointment never would have happened. Senator Reid, Senator Dick Durbin, were all over that thing. They didn't like it at all because it came from former Governor Rod Blagojevich. Now, they're stuck with him. I call upon the United States Senate to have an ethics investigation about this man and do what is right. If he won't resign, throw him out. Thank you."

Speaker Madigan: "Mr. Eddy."

Eddy: "Thank you, Mr. Speaker. I won't attempt to ask questions. I do want to make a comment regarding one of Leader Currie's statements and everyone in here is busy, everybody in here has piles and piles of mail, everybody in here has opportunities to misplace, not read, et cetera, et cetera, et cetera. But I got to tell you something, if the committee had been structured in such a way from the beginning that Representative Durkin would have been given the same level of courtesy, respect, and received at the same time the affidavit that was sent to Representative Currie, perhaps between the two of them one of them would have been alarmed. One of them would have read it in a manner that would have saved all of us this embarrassment. The very rules that were set up in the investigative committee, which allowed for one individual to be responsible, is the same type of situation we're facing with another investigative committee that is supposedly going to look into ethics in this state. It is a mistake to allow a committee structure that would find us in this position. Part of the problem is that that committee structure allowed this mistake to happen. Never mind the bus that just went by and ran over a bunch of staff, that's just another bus. We've got a lot of busses, like a fleet of busses around here. Everybody's throwing each other under busses. The bottom line is, the bottom line is there was an opportunity with that committee to set it up in such a manner that Representative Durkin, as the ranking Member on Republican side, would have had that information. We begged for that opportunity. Not because of any political

reasons, it's the right thing to do. Committees like this should not be set up so that one individual has that kind of power and responsibility. That's not democracy. That's a dictatorship. We shouldn't have allowed it then; we shouldn't allow it with the next committee. And as for Senator Burriss, if he has any shred of decency about him at this point, he will resign from that seat. He will allow a special elec... we will allow, through some type of a legislation, a special election to take place because, Ladies and Gentlemen, that is the only way that this cesspool can be cleaned up. This is so tainted, this is so dirty that the only disinfectant that will work is the will of the people. And why we're afraid of it, I don't have any idea. I don't have any idea why we continue to be afraid of an election in a democracy. We've got a lot of work to do here. The people of the State of Illinois are watching us. I mean, you can... as Lincoln said, you can... you can fool some of the people some of the time and you can even fool all of the people some of the time, but you're not fooling the people in the State of Illinois. Representative Bost is right. Where I come from a lie is a lie and the truth is the truth and we didn't get the truth. Final point, we have to make sure that that committee cease to function in a manner that will allow the state's attorney of this county to do his job. And Representative Durkin's point about the do-over, the mulligan that exists in law when you lie or withhold information from a jury or a trial or a committee, we cannot let that be the hole that this guy runs out of. Thank you."

Speaker Madigan: "Mr. Black."

Black: "Thank you very much, Mr. Speaker. Inquiry of the Chair."

Speaker Madigan: "State your inquiry."

Black: "Yes. I was going through the Calendar and I'm not sure where it would appear or under what title, but I didn't see any reference. Has another affidavit been filed today? I don't see it on the Calendar. So, do I take it to mean no... no affidavit has been filed late last night or today regarding the Special Investigative Committee? So, we have no affidavit today, just the last few days, right?"

Speaker Madigan: "Mr. Black, I can only speak from my own knowledge and the answer would be no."

Black: "Oh, well, thank you very much, Mr. Speaker and Ladies and Gentlemen of the House. Can you smell it? Are you invigorated? Take a deep breath. Close your mouth and take a deep breath through your nose. Ladies and Gentlemen, the smell of reform is in the air. Isn't that invigorating? Isn't that a delightful thing to have taking place in the great State of Illinois? Or wait a minute, maybe that's the smell of reform decomposing. Something smells bad in this chamber today. I'm not sure what it is. Perhaps it's my sandwich that I'm not eating on the House Floor, because it's against the rules and I wouldn't break the rules, not that some people, evidently, are above breaking the rules. I'll say one thing, the federal stimulus... I still don't know everything that's in it... but by golly, in this area, the State of Illinois stimulus is having a tremendous effect. Mr. Speaker, there's full

employment for comedy writers on late night television shows. Thanks to what the State of Illinois, the material that we're giving them and the late night television hosts, they're fully employed and Saturday Night Live has been reinvigorated. Their rankings and ratings are going to the top, thanks to what we in the State of Illinois are providing these people. Are you as tired of this as I am? Are your constituents as tired of this as mine are? We are the laughing stock of the country if, in fact, not the world. And so what do we do on the first day that the Joint Committee on Government Reform meets, are we really going to do anything or are we going to continue to talk a good show and do the opposite? Ladies and Gentlemen, it's not too late to set up a special election; we could do so. We were called down here several weeks ago to do that and then you on your side of the aisle changed your mind and said, no, no, no, no. We're fully capable of... of having an appointment of which we can all be proud. Let me tell you what I think we need to do so we can all be proud. Let's reconstitute the Joint Committee on Government Reform. It's not too late to bring that back and reconstitute it. Let's have the same number of Republicans as Democrats on that committee. Let's have cochairs, so what we're going through today and over the weekend doesn't have to happen again. We could do that; it's been done in the past. Thank goodness one of the things we can't seem to influence in this state is the impact of a free press. Would any of this have come to light had it not been for a reporter of the Chicago Sun-Times who called this into play. I wonder

if Mr. Durkin would have ever been notified of a conversation the chairman of the Special Investigative Committee had with Senator Burris's lawyer. I wonder if Representative Durkin would have ever known that, in fact, Senator Burris had filed an additional affidavit had it not been for a story that was broken by a member of the press in the Chicago Sun-Times. Ladies and Gentlemen of the House, enough is enough. Last week Speaker Madigan said he would take responsibility for the rules and the conduct of the House. And Mr. Speaker, you know I have.. I hold you in high regard and I have great respect for the position that you hold and for the abilities that you have. You can do better, Mr. Speaker. You can truly make the Joint Committee on Reform a bipartisan committee. Let me summarize what the Attorney General of the State of Illinois said today in the Joint Committee on Government Reform. 'The culture of secrecy that began in the Blagojevich administration must stop.' I agree wholeheartedly. But that means the culture of secrecy that has been the currency of the Illinois political system for far too long must stop and it must stop now. You can stop it. We can all stop it. But it's going to take more than your words; it's going to take your action and if we can't get action from the top of the administrative.. the control of this chamber, then let it begin with each individual Member on both sides of the aisle. Enough is enough. Do you think this just splashes your side of the aisle? Are you the only people that should be embarrassed? Au contraire. It doesn't work that way. We all are

embarrassed. We're all lessened by what has transpired. I've known Mr. Burris for a number of years, met him years and years ago. I think he is a decent man, from what I have known of him in the past, but now he is caught up in a tsunami, if you will, of public perception, of questions, of snide remarks. Can he, in fact, be effective in the time he has left in the United States Senate? Senator Burris, you're the only one probably that can answer that question and I hope you look yourself in mirror and you answer, whether you now have been a victim of the culture of secrecy in this state, a culture of pay-to-play, a culture of let's take care of our own. If we're going to have reform, let's have one Party control that reform. Don't open the process. Good heavens, we may find some things out that we don't want the public to know. Well, the public is demanding that they be let in. We're not going to stop this and we shouldn't even try. Enough is enough. Haven't we all been embarrassed enough? Let's do what we were called down here more than eight weeks ago. We can still set up the special election, we can still make the Joint Committee on Government Reform bipartisan, we can stop this culture of secrecy, we can stop it here today, but we need action. We're prepared to file the necessary legislation that would do this, but why would it even take that. Why don't we just agree today to stop what has become a perpetual embarrassment on the State of Illinois. We can do it today if you're willing to do so. You don't want to ask questions today. You're only going to respond to questions in writing. What are you going to tell your

constituents who sent you here? You'll only respond to their questions in writing? I'm getting these calls and I'm sure you are as well. What are we going to do about it? That's what they want to know. The time is now, today is the day, let's start. Mr. Speaker, I'll follow your lead or you can follow mine or however we want to work it out, but the time for talk is over. The time for action is now. Let's stop it; let's change it. We can do so if you are willing to work with us to do it."

Speaker Madigan: "Mr. Rose."

Rose: "Thank you, Mr. Speaker. A point of personal privilege."

Speaker Madigan: "State your point."

Rose: "Ladies and Gentlemen, the last two weeks, I thought, actually were wonderful, 'cause for the first time in six years we were back to the job we were elected to do. People would say, how's it going and I'd say, oh, wow, it's like you got this weight lifted off your shoulders and we're focused on real issues. We're focused on the budget problems, we're focused on the... on those promises and issues we were elected to do in the first place and then this happens. Forget the fact that you find out about it by reading about it in the paper over the weekend, you didn't, as a Member of the committee, know the document even existed. But then you go back and you think about the hearing itself. Time and again, questions that were asked by Members on our side of the aisle were interrupted. Interrupted, shut off, time and again. And at the time I thought, wow, these guys are really star-struck, when I heard the first one. They... they're sort of struck by this

figure, Mr. Burris, sitting in front of them and they're star-struck. Then I started, as the interruptions grew and more Members jumped in to interrupt, you started thinking, wow, they're actually trying to keep him from answering questions. And I would just submit, to everyone, go out and read the transcript and look at how many times questions were interrupted. Look at how many times paths were prevented from going down. And then ask yourself, whether that contributed to where we are today. The other thing that I would say is... I found interesting, at one point in time after being interrupted, I finally told Mr. Burris that I didn't think he was answering my questions. And then he said, 'Well, I'm trying to be truthful.' Well, we all know how that turned out. Thank you, Mr. Speaker."

Speaker Madigan: "Mr. Durkin."

Durkin: "Mr. Speaker, inquiry of the Chair. I just make a request that the February 4, 2009, affidavit and client list of Roland Burris be removed from the Web site. I want to make it perfectly clear that it's not part of the official record. Based on my comments earlier, it was never moved into evidence and I do not want to, at least, create some type of argument that it is part of the official record. It's on the Web site. I would ask that it be removed based on my concerns under subsection (c) of the perjury statute. If you want to take that under advisement, that's fine, but I would ask that you consider that request."

Speaker Madigan: "We'll take it under advisement."

Davis, M.: "Thank you, Mr. Speaker. Mr. Speaker, I served on the Impeachment Committee. I was one of 21 members who sat every day listening to testimony, requesting documents from our Leader Barbara Flynn Currie, who did an excellent job, her cochair Dunkin... Durkin who helped. I think the important and really significant issue here is, what was the charge of our committee? The charge of that committee was to determine if there was enough documentation and evidence to send the former Governor to trial in the State Senate. We listened to testimony and we decided that he did, there were enough charges that were validated. We looked at enough documentation. We heard from enough witnesses to say there is enough information that's valid to send this to trial. The trial was in the Senate. That was the only role of that committee. The committee was not charged with the truthfulness of Roland Burris. The committee was not charged with is this person eligible or significant or honest enough to sit on the United States Senate? That was not our job. Our job was to see if there were enough documented, validated charges against Governor Blagojevich and the committee did that. There was nothing said by Roland Burris that could have or did change the

result of that committee hearing. Roland Burris, in no way, changed the result of what the committee decided. Mr. Speaker, there are so many issues facing Illinois; I'll give you just a few: weatherization assistance from the stimulus package, state energy program from the stimulus package, child care development grant, Pell grant, unemployment increased benefits and the State of Illinois, due to the fabulous Democrats in the United States Government, we'll have an opportunity to spend this stimulus money. Much of this money is under an umbrella of time and if you don't have a program developed, you have a great possibility of not being able to use that money. I ask, Mr. Speaker and Members of this Body, that we remain truthful to what we're sworn to do and that's uphold the Constitution of the State of Illinois, appropriate funds for these programs and let the Senate take care of itself. 'approved for floor consideration' is House Resolution 80, offered by Representative Franks."

Speaker Madigan: "Mr. Clerk, read the Resolution."

Clerk Mahoney: "House Resolution 80, offered by Representative Franks, urges the Sangamon County State's Attorney to immediately begin an inquiry and investigation to determine, based on Rod Blagojevich's claim, if any State Laws were violated, and if any Legislator or Legislators, together or alone, sought to trade their services in exchange for Governor Rod Blagojevich hiring a legislative secretary."

Speaker Madigan: "Mr. Franks."

Franks: "Thank you, Mr. Speaker. I... I filed this Resolution today because I'm deeply troubled like many of my colleagues on the allegations of misuse of state resources, the fact that we haven't had an open and honest and transparent government. Illinois has had a horrible black eye throughout not only our state but our country. I think that citizens have lost faith in our government. They don't trust their Leaders and they're right. We need to do much better. We need to... we need to clean up our mess. I'll be talking later about what I think we should be doing with Senator Burris's situation, but I think we need to address this as well. I listened to our former Governor go on a lot of talk shows, and TV, radio and he was calling out and making allegations of impropriety by Members of the General Assembly. Maybe there's some semblance of truth there. Perhaps there has been some improprieties where there's been state resources expended for personal gain.

Therefore, I've filed this House Resolution in the spirit that we all have to help clean up government and to make it more open and accessible and accountable in asking the Sangamon County State's Attorney to do an investigation to determine whether there was impropriety by any Member or Members of the Illinois General Assembly. I'd be happy to answer any questions."

Speaker Madigan: "Mr. Cross."

Cross: "Thank you, Mr. Speaker. We are... I'm not sure everybody knows what's been filed by Representative Franks. You might want to take a look at this. If it's... if it... Oh, it's not on the computer yet. Well, why don't we wait a second or we can... it was read into the record. It's a request for an inquiry based on some comments that former Governor Blagojevich made on the radio about some conversations he had about a Legislator. Now, a couple points that ought to be made: first of all, what this is really about is the Minority Party had the audacity to question how the impeachment process was handled, the Minority Party had the audacity to question the fact that you withheld vital information for nine days, the Minority Party had the audacity to question whether or not you were protecting Senator Burris, the Minority Party had the audacity to question whether or not you were protecting your own Party, the Minority Party had the audacity to question whether or not you withheld this information for nine days so the economic stimulus package could pass in Washington, D.C. But heaven forbid, if the Minority Party dares to ask any question or question the veracity of the

Majority Party, we're going to teach you a lesson. This sure is an example of open, honest and transparent government. We have come a long way. We've learned a lot from Rod Blagojevich. We learned a lot in the last two weeks. We learned a lot about how government was run. We're going to show you, Minority Party, you dare ask a question that we don't like, we're going to come out here and teach you a lesson. Well, let's talk about the lesson you're teaching us. Let's make sure that we're all clear about this. Every time that Rod Blagojevich opens his mouth from here on out and any allegation he makes from here on out or any allegation he made in the past about anything, anybody in this chamber said or did, anybody that in this chamber said or did, on your side of the aisle as well, we will take a Resolution, we will file it and we'll ask the Sangamon County State's Attorney whether or not it's appropriate for them to look into a case. So, anything Rod Blagojevich says on a radio show, on a talk show, on The View, Don and Roma, Larry King Live, whatever it may be, we're going to take that information as truth and we're going to ask us... we're going... we're going to use the criminal justice system... we're going to use the criminal justice system and ask the criminal justice system to take a look at something that Rod Blagojevich said. That's fine, Representative, we're willing to take that and let's... 'cause my guess is Rod Blagojevich ain't through talking. But apparently, based on this... this Resolution that you filed, what he says, wherever he says it, is truthful. Whenever he says it, wherever he says it,

STATE OF ILLINOIS  
96th GENERAL ASSEMBLY  
HOUSE OF REPRESENTATIVES  
TRANSCRIPTION DEBATE

13th Legislative Day

2/18/2009

however he says it, when he says it, is gospel, it's truthful and then we should ask for a criminal investigation. That's fine. We can live with that. And we're going to go back through the record over the last six months, the last two years, the last four years and track down everything he has said about Members on your side of the aisle and in your Party and we're going to ask for a criminal investigation, if that's the game we're going to play. But what this is really about... what this is really about is not only slapping the Minority Party around because they dared to ask us a question. What this is really also about is diverting attention from the real issue at hand. The real issue at hand is that you covered up... you covered up an affidavit sent to you by Senator Burris's attorney. You covered up a document that was sent to you that outlined his lobbyist clients that's not an accurate statement. You covered up the fact that you had conversations with Roland Burris's attorney and didn't share that with the Minority spokesman of the Party. You covered up a whole host of things in the interest of protecting Senator Burris, because that information is in complete contradiction... is a complete contradiction to the testimony he gave the House Impeachment Committee on January 8, a complete contradiction. So, let's cover up and let's divert attention from the cover-up associated with your Party, the cover-up that you perpetuated. You've refused to answer questions we ask you. Thank God for the Chicago Sun-Times 'cause we never would have known about this information. It was destined to a back room; it was

HOUSE OF REPRESENTATIVES

13th Legislative Day

2/18/2009

destined to a file cabinet; it was destined to somebody's file, never to be seen in public, if not for the Chicago Sun-Times. So, thank goodness, we are now a state that's open, transparent, concerned about doing the right thing. Thank goodness, we've learned from Rod Blagojevich. Oh, wait a minute, we haven't. You've protected Rod Blagojevich's Democrats for six years; you're protecting Roland Burris the day of the Impeachment Committee; you continue to protect Roland Burris. If this is the way you want to run government, fine. If this is the way you want to show the people of the State of Illinois that you got it, fine. But this is going to start, Mr. Franks, a process that opens, I think, you and others to a whole lot of scrutiny and if that's the road you want to go down, sobeit. Thank you."

Speaker Madigan: "Mr. Franks."

Franks: "Thank you, Mr. Speaker. In response to the previous speaker, I filed this because I really did want to know. I did not believe it was partisan at all and quite frankly, I have no idea who the former Governor may have been referring to, but apparently you have a much better idea that it's somebody on your side of the aisle than I ever would have known. I had no clue and this is not a witch hunt. I've certainly... this was not filed in retaliation at all. I'm concerned that you think that it was, because it wasn't. And I... we need to work together. We have a lot of serious business that needs to be done. Obviously, this will cause more problems than it will solve. I presume if the state's attorney wishes to look into it, he can read

the allegations and make his own determination. As a result, Speaker, I'd like to take this Resolution out of the record."

Speaker Madigan: "The matter shall be taken out of the record. The Chair recognizes Representative Nekritz on House Resolution 30. Nekritz on House Resolution 30."

Nekritz: "Thank you, Mr. Speaker. I move to table House Resolution 30."

Speaker Madigan: "Are you the Chief Sponsor? You've all heard the Lady's Motion. Is there leave? Leave is granted. Representative Annazette Collins for a Motion. Mr. Washington, are you prepared? Mr. Washington on a point of... Representative Collins."

Collins: "Well, thank you, Mr. Speaker. I would like to suspend the requirements for posting for a hearing next Monday on the 23rd for Juvenile Justice Committee on Reform for a hearing for the Juvenile Justice."

Speaker Madigan: "I take it you heard the Gentleman's objection? So, you may want to talk with Mr. Black."

Collins: "Ah, no. I think we've... we've asked the... we put a call into the Minority Spokesperson for that committee, Representative Reboletti."

Speaker Madigan: "Representative, there's an objection at this time. Mr. Washington. Representative Currie."

Currie: "Thank you, Speaker. Just to correct the record. I had earlier said that Representative Fritchey was ill and would be excused today, but my information was not accurate. He is not to be excused today and I assume he's not even ill."

Speaker Madigan: "Mr. Washington."

Washington: "Thank you, Mr. Speaker. Mr. Speaker, I would like to share some information with the Body during this month of Black History. And this is for one of our Illinois's citizens that we just lost, and that's Miss Katherine Dunham. Miss Dunham was a world-renowned choreographer, anthropologist and she was the person responsible a lot of the dance steps of Gene Kelly and many of the popular people who we know have made it in the movie industry. I had the pleasure of being one of Miss Dunham's drummers in East St. Louis and got a chance to play for some of the things she did. But I wanted to share that Katherine Dunham was born on June 22, 1909, in Chicago to an African-American father and a French-Canadian mother. She sang in the local Methodist Church in Joliet, but for a financial crisis at her church she might never had sung anything but gospel songs. At the age of eight, she amazed and scandalized the elders of her church by doing a performance of decidedly nonreligious songs. Miss Dunham was not without her fanfare and was invited numerous times to the White House to receive high recognition with Jimmy Stewart and the like. Miss Dunham also had a home in Port-au-Prince, Haiti, which she really loved, the people of Haiti, the fact that is was so impoverished, but she felt that the spirit of the people of Haiti encased the spirit of the choreography and later became known as the Katherine Dunham Technique. And so on this day, we take great pride in honoring one of our late Illinois's citizens, but someone who did so much for the world in terms of choreography and

anthropology, none other than Miss Katherine Dunham. Thank you, Mr. Speaker."

Speaker Madigan: "Representative Tracy."

Tracy: "Thank you, Mr. Speaker. A point of personal privilege."

Speaker Madigan: "Ladies and Gentlemen, this concerns a Death Resolution for a soldier. Will all Members rise."

Tracy: "Thank you. I wanted to ask a moment of silence to recognize two soldiers, National Guardsmen, one by the name of Christopher Sweet of Springfield, age 28 and one of my constituents, James Dorsey, 23 of Beardstown, who were buried yesterday. Governor Quinn attended their funerals and I wanted to aknow... memorialize them with a moment of silence for their service to our state and our country. Thank you, all."

Speaker Madigan: "If everyone could remain standing. Mr. Eddy."

Eddy: "Thank you, Mr. Speaker. Unfortunately, I have a similar request of the Body. We have received word that Staff Sergeant Jason Burkholder of Marshall, Illinois, was killed Sunday, February 8, in Kabul, Afghanistan, while serving as part of a police member team with the Illinois National Guard. He was assigned to Headquarters Company, 2nd Battalion, 130th Infantry in Marion, Illinois, and was part of the 33rd Infantry Brigade Combat Team training Afghan police. That unit was headquartered out of Urbana. Staff Sergeant Burkholder is a constituent of mine from Marshall, Illinois. And I would once again ask that the Body, out of

respect and reverence, take a moment of silence in his memory. Thank you."

Speaker Madigan: "Mr. Clerk, Agreed Resolutions."

Clerk Mahoney: "On the Order of Agreed Resolutions is House Resolution 70, offered by Representative Bellock. House Resolution 71, offered by Representative Currie. House Resolution 72, offered by Representative Currie. House Resolution 73, offered by Representative Currie. House Resolution 75, offered by Representative Coladipietro. House Resolution 76, offered by Representative Dunkin."

Speaker Madigan: "Representative Currie moves for the adoption of the Agreed Resolutions. Those in favor say 'aye'; those opposed say 'no'. The 'ayes' have it. The Agreed Resolutions are adopted. The Chair recognizes Representative Nekritz."

Nekritz: "Mr. Speaker, for purposes of an announcement. House Elections Committee will be canceled this week. Thank you."

Speaker Madigan: "Mr. Clerk, do you have any other cancelations of committees?"

Clerk Mahoney: "The Environmental Health Committee has been canceled. That was to be at 2 p.m. And Biotechnology, that was to be at 4 p.m., has also been canceled."

Speaker Madigan: "Mr. Black."

Black: "Thank you very much, Mr. Speaker. A point of personal privilege."

Speaker Madigan: "State your point."

Black: "Thank you. I have had my speak light on for some time. I do appreciate you recognizing me. Ladies and Gentlemen

of the House, it's come to my attention, after the Rules Committee when Chairman Currie was leaving the room and one could not help but overhear her remarks, and I don't know if it was directed at me or my side of the aisle, but she intimated that we had done enough today attacking peoples' credibility and integrity, I assume, she meant on her side of the aisle. Now, let me just say and I think I can speak... well, certainly speak for myself and perhaps even I think speak for Members on our side of the aisle as well. I certainly did not question her integrity or her credibility. I have worked with this Lady for 23 years. No one was any happier than I when she was named Majority Leader. I have cosponsored legislation with her over the years, some of it very controversial and not embraced by my side of the aisle, but I thought she was right and I thought the issue was right and I was more than happy to join her in some legislative initiatives in the past. Mr. Speaker, it's not our intent to question the integrity or the credibility of anybody on your side of the aisle, but I can tell you what... what I'm questioning and that's the integrity of the process of this House. For 23 years I have maintained sometimes not as calmly and rationally as I perhaps should have, but to me the integrity of this process goes far beyond any of us as individuals. And when we ask that the process, the legislative process, be followed, I think that enhances all of our standing. I certainly think it enhances what we're supposed to do on behalf of the people of the State of Illinois. So, if the Majority Leader, who I respect, felt that some of us were

attacking her I hope that she will accept my remarks as clarification. I don't think we were. I certainly don't think it was our intent. I can tell her without the doubt it was not my intent and I don't think that I did. What I am questioning is the integrity of the legislative process. What this chamber can be is what we should strive to make it every day. I used to wonder... Well, I'll save that for another day. I read a lot of columns in the Chicago media and I used to wonder, how does the City of Chicago work, how is dissent often squashed or discouraged? I'm beginning to find out now and perhaps I can amplify that at some point in the future. But Mr. Speaker, for the record, I appreciate you taking House Resolution #80 out of the record. I would add that if that comes back it is the intent in placing it on the record of the House, that our side of the aisle will ask for a record vote on House Resolution 80. We will also ask that the Sponsor tell us exactly when that Resolution was filed and I think you'll find that it was filed today within minutes of the discussion that began on the House Floor. The Gentleman is serious about his Resolution. I would suggest that he file the proper Motion with the Ethics Committee and that can be looked into. To bring it directly to the floor, to impune the integrity of whoever it is or whoever it might be or whoever it isn't, I don't think that solves anything nor does it save or address the integrity of this process. I said it earlier, I'll say it again, enough is enough. We'll join with you; we'll work with you; we'd like to be equal partners; we'd like to see bipartisan effort on

reform. What we've seen today is not the way to get it. I thank you for your indulgence, Mr. Speaker."

Stephens: "Mr. Speaker, well, tom... when we meet tomorrow, will you be... will the Rules Committee meet and immediately discharge to the House Floor Resolutions that we file in the morning?"

Speaker Madigan: "That's a decision to be made by the Rules Committee."

Stephens: "Will... will you... will they meet? Whose decision... is that..."

Speaker Madigan: "Well, again, it's the... it's up to the chair of the Rules Committee."

Stephens: "Well, the reason I ask, Mr. Speaker, is that there seemed to be an awful hurry to get a Resolution here to the House Floor and I have plans and several Members on our side have discussed a Health Facilities Planning Board Resolution and whether there's been any impropriety by any member with that board. And I thought we could... I just like to plan ahead is all. I'm wondering and with all of your years of experience in acumen in the process I wonder if you could give me some advice about that. Can you help me get that Resolution called tomorrow?"
