1 AMENDMENT TO SENATE BILL 272

2 AMENDMENT NO. _____. Amend Senate Bill 272 by replacing
3 everything after the enacting clause with the following:

4 "Section 1. Short title. This Act may be cited as the State
5 Facility Water Management Plan Act.

6 Section 5. Definitions. As used in this Act:

7 "Department" means the Department of Public Health.

8 "Facility" means a correctional institution or facility as
9 defined under Section 3-1-2 of the Unified Code of Corrections,
10 a developmental disability facility as defined under Section
11 1-107 of the Mental Health and Developmental Disabilities Code,
12 a mental health facility as defined under Section 1-114 of the
13 Mental Health and Developmental Disabilities Code, or a
14 State-operated mental health facility as defined under Section
15 1-114.1 of the Mental Health and Developmental Disabilities
16 Code.

1 Section 10. Water management plan required.

2 (a) Every facility must develop a water management plan
3 that includes:

4 (1) the establishment of a water management team;

5 (2) a complete breakdown of the potable water system at
6 the facility and the elements of the water system;

7 (3) identification of potential issues and risks to the
8 potable water system;

9 (4) potential remedies and controls for the issues and
10 risks faced by the potable water system; and

11 (5) how detected problems with the potable water system
12 will be communicated to occupants, employees, and the
13 Department.

14 Each facility shall develop a plan under this Section by
15 January 1, 2019.

16 (b) Each facility shall review its water management plan
17 annually for effectiveness. A facility shall also review its
18 water management plan at any time when one or more of the
19 following occurs:

20 (1) Legionella is detected at the facility;

21 (2) any construction, modification, or repair
22 activities that may affect a potable water system at the
23 facility is completed; or

24 (3) any other condition specified by the Department by
25 rule occurs.

1 Section 15. Legionella sampling; management plan required.
2 Each facility shall conduct a Legionella culture sampling and
3 develop a management plan for the facility's potable water
4 systems by January 1, 2019. The plan developed under this
5 Section shall include:

6 (1) provisions requiring Legionella culture sampling
7 annually and at 90-day intervals when Legionella is, or may
8 be, associated with the facility;

9 (2) provisions requiring actions in response to
10 Legionella culture analysis results, including responsive
11 actions, remediation, potential issues, and potential
12 remedies; and

13 (3) any other provisions specified by the Department by
14 rule.

15 Section 99. Effective date. This Act takes effect upon
16 becoming law.".
