1 AMENDMENT TO SENATE BILL 2382

2 AMENDMENT NO. _____. Amend Senate Bill 2382 by replacing
3 everything after the enacting clause with the following:

4 "Section 1. Findings; intent. According to the
5 Congressional Research Service reporting, approximately 35% to
6 60% of children placed in foster care have at least one chronic
7 or acute physical health condition that requires treatment,
8 including growth failure, asthma, obesity, vision impairment,
9 hearing loss, neurological problems, and complex chronic
10 illnesses; as many as 50% to 75% show behavioral or social
11 competency issues that may warrant mental health services; many
12 of these physical and mental health care issues persist and,
13 relative to their peers in the general population, children who
14 leave foster care for adoption and those who age out of care
15 continue to have greater health needs.

16 Federal child welfare policy requires states to develop
17 strategies to address the health care needs of each child in

1 foster care and mandates coordination of state child welfare
2 and Medicaid agencies to ensure that the health care needs of
3 children in foster care are properly identified and treated.

4 The Department of Children and Family Services is
5 responsible for ensuring safety, family permanence, and
6 well-being for the children placed in its custody and
7 protecting these children from further trauma by ensuring
8 timely access to appropriate placements and services,
9 especially those children with complex emotional and
10 behavioral needs who are at much greater risk for not achieving
11 the fundamental child welfare goals of safety, permanence, and
12 well-being.

13 The Department remains under federal court oversight
14 pursuant to the B.H. Consent Decree, in part, for failure to
15 provide constitutionally sufficient services and placements
16 for children with psychological, behavioral, or emotional
17 challenges; the 2015 court-appointed Expert Panel found too
18 many children in the class experience multiple disruptions of
19 placement, services, and relationships; these children and
20 their families endure indeterminate waits, month upon month,
21 for services the child and family need, without a concrete plan
22 or timeframe; these disruptions and delays and the inaction of
23 Department officials exacerbate children's already serious and
24 chronic mental health problems; the Department's approach to
25 treatment and its system of practice has been one shaped by
26 crises, practitioner preferences, tradition, and system

1 expediency.

2 The American Academy of Pediatrics cautions that the
3 effects of managed care on children's access to services and
4 actual health outcomes are not yet clear; it outlines design
5 and implementation principles if managed care is to be
6 implemented for children.

7 It is the intent of the General Assembly to ensure that
8 children are provided a system of health care with full and
9 inclusive access to physical and behavioral health services
10 necessary for them to thrive.

11 The General Assembly finds it necessary to protect youth in
12 care by requiring the Department to plan the use of managed
13 care services transparently, collaboratively, and deliberately
14 to ensure quality outcomes and accountable oversight.

15 Section 5. The Children and Family Services Act is amended
16 by adding Section 5.45 as follows:

17 (20 ILCS 505/5.45 new)

18 Sec. 5.45. Managed care plan services.

19 (a) As used in this Section:

20 "Caregiver" means an individual or entity directly
21 providing the day-to-day care of a child ensuring the child's
22 safety and well-being.

23 "Child" means a child placed in the care of the Department
24 pursuant to the Juvenile Court Act of 1987.

1 "Council" means the Child Welfare Medicaid Managed Care
2 Steering and Implementation Oversight Council.

3 "Department" means the Department of Children and Family
4 Services, or any successor State agency.

5 "Director" means the Director of Children and Family
6 Services.

7 "Managed care organization" has the meaning ascribed to
8 that term in Section 5-30.1 of the Illinois Public Aid Code.

9 "Medicaid managed care plan" means a health care plan
10 operated by a managed care organization under the Medical
11 Assistance Program established in Article V of the Illinois
12 Public Aid Code.

13 (b) Every child who is in the care of the Department
14 pursuant to the Juvenile Court Act of 1987 shall receive the
15 necessary services required by this Act and the Juvenile Court
16 Act of 1987, including any child enrolled in a Medicaid managed
17 care plan.

18 (c) The Department shall not relinquish its authority or
19 diminish its responsibility to determine, provide, or
20 authorize necessary services that are in the best interest of a
21 child even if those services are directly or indirectly:

22 (1) provided by a managed care organization, another
23 State agency, or other third parties;

24 (2) coordinated through a managed care organization,
25 another State agency, or other third parties; or

26 (3) paid for by a managed care organization, another

1 State agency, or other third parties.

2 (d) The Department shall:

3 (1) implement and enforce measures to prevent
4 enrollment in Medicaid managed care plans from disrupting
5 service delivery or hindering continuity of treatment for
6 any child;

7 (2) establish a single point of contact for health care
8 coverage inquiries and dispute resolution systemwide
9 without transferring this responsibility to a third party
10 such as a managed care coordinator;

11 (3) not require participation in Medicaid managed care
12 plans for any child; and

13 (4) develop and review managed care contract measures,
14 quality assurance activities, and performance delivery
15 evaluations in consultation with the Council; and

16 (5) post on its website:

17 (A) a link to any rule adopted or procedures
18 changed to address the provisions of this Section, if
19 applicable;

20 (B) each managed care organization's contract,
21 enrollee handbook, and directory;

22 (C) the State's current Health Care Oversight and
23 Coordination Plan developed in accordance with federal
24 requirements; and

25 (D) the transition plan required under subsection
26 (f), including:

1 (i) the public comments submitted to the
2 Department or the Council for consideration in
3 development of the transition plan;

4 (ii) a list and explanation of any
5 recommendations of the Council that the Director
6 or Director of Healthcare and Family Services
7 declined to adopt or implement; and

8 (iii) the Department's attestation that
9 implementation of the transition plan will not
10 impact its ability to comply with current class
11 action litigation.

12 (e) The Child Welfare Medicaid Managed Care Steering and
13 Implementation Oversight Council is established to advise the
14 Department on the transition and implementation of managed care
15 for children. The Director of Children and Family Services and
16 the Director of Healthcare and Family Services shall serve as
17 co-chairpersons of the Council. The Directors shall jointly
18 appoint members to the Council who are stakeholders from the
19 child welfare community, including:

20 (1) 3 non-voting members who are employees of the
21 Department of Children and Family Services who have
22 responsibility in the areas of (i) managed care services,
23 (ii) performance monitoring and oversight, (iii) placement
24 operations, and (iv) budget revenue maximization;

25 (2) 3 non-voting members who are employees of the
26 Department of Healthcare and Family Services who have

1 responsibility in the areas of (i) managed care
2 contracting, (ii) performance monitoring and oversight,
3 (iii) children's behavioral health, and (iv) budget
4 revenue maximization;

5 (3) at least one representative of youth in care;

6 (4) at least one representative of managed care
7 organizations;

8 (5) at least one representative of child welfare
9 providers;

10 (6) at least one representative of a trade association
11 with expertise in child welfare;

12 (7) at least one representative of parents of children
13 in out-of-home care;

14 (8) at least one representative of universities or
15 research institutions;

16 (9) at least one pediatric expert;

17 (10) at least one court stakeholder;

18 (11) at least one representative of caregivers of youth
19 in care;

20 (12) at least one child and adolescent psychiatrist or
21 psychologist;

22 (13) at least one representative of substance abuse and
23 mental health providers with expertise in serving children
24 involved in child welfare and their families;

25 (14) at least one representative of trade associations
26 with expertise in substance abuse and mental health;

1 (15) a member of the Medicaid Advisory Committee;

2 (16) a private sector member of the Child Welfare
3 Advisory Committee; and

4 (17) other child advocates.

5 To the greatest extent possible, the co-chairpersons shall
6 appoint members who reflect the geographic diversity of the
7 State and include members who represent rural service areas.
8 Members shall serve 2-year terms. If a vacancy occurs in the
9 Council membership, the vacancy shall be filled in the same
10 manner as the original appointment for the remainder of the
11 unexpired term. The Council shall hold meetings, as it deems
12 appropriate, in the northern, central, and southern regions of
13 the State to solicit public comments to develop its
14 recommendations. The Department of Children and Family
15 Services shall provide administrative support to the Council.
16 Council members shall serve without compensation.

17 (f) Prior to placing any child in managed care, the
18 Department of Children and Family Services and the Department
19 of Healthcare and Family Services, in consultation with the
20 Council, must develop, adopt, and submit to the General
21 Assembly a comprehensive transition plan for the provision of
22 health care services to children enrolled in Medicaid managed
23 care plans. The transition plan shall address, but is not
24 limited to, the following:

25 (1) an assessment of existing network adequacy, plans
26 to address gaps in network before transition to managed

1 care, and ongoing network evaluation;

2 (2) an assessment of child welfare provider
3 capacity-building needs, system infrastructure gaps, and
4 steps to be taken to prepare and train organizations,
5 caregivers, frontline staff, and managed care
6 organizations;

7 (3) the identification of administrative changes
8 necessary for successful transition to managed care, and
9 the timeframes to make changes;

10 (4) defined roles, responsibilities, and lines of
11 authority for care coordination, placement providers,
12 service providers, and each State agency involved in
13 management and oversight of managed care services;

14 (5) data used to establish baseline performance and
15 quality of care, which shall be used to evaluate outcomes
16 and identify ongoing areas for improvement;

17 (6) a process and timeline for stakeholder input into
18 managed care contract development;

19 (7) a dispute resolution process, including the rights
20 of enrollees and representatives of enrollees under the
21 dispute process and timeframes for dispute resolution
22 determinations and remedies;

23 (8) the relationship of the dispute resolution process
24 described in paragraph (7) to the administrative review
25 process under the Administrative Review Law;

26 (9) an initial enrollment process and enrollment

1 process for those children entering or exiting the
2 Department's care after the implementation of managed
3 care;

4 (10) protections to ensure the continued provision of
5 health care services if a child's residence or legal
6 guardian changes;

7 (11) a method that the Department shall use to ensure a
8 reasonable rate is utilized for Medicaid managed care plans
9 to meet the specialized needs of children in the
10 Department's care;

11 (12) the notification process and timeframes to inform
12 managed care plan enrollees, enrollees' caregivers, and
13 enrollees' legal representation of any changes in health
14 care coverage or a change in a child's managed care
15 provider;

16 (13) defined pre-clearance requirements for
17 prescriptions, goods, and services in emergency and
18 non-emergency situations, if applicable;

19 (14) the Department's role and responsibility to
20 ensure implementation of a robust, responsive beneficiary
21 support system that has the capacity to provide assistance
22 in navigating the Medicaid managed care system to all
23 current and prospective beneficiaries and their
24 representatives, including, but not limited to:

25 (A) establishing a single point of contact
26 systemwide;

1 (B) defining informational notice requirements;

2 (C) explanation of enrollment and disenrollment
3 rights;

4 (D) education on grievance process and
5 requirements for timely responses; and

6 (E) key beneficiary protections; and

7 (15) any limitations to the Department's ability to
8 ensure implementation of the beneficiary support system
9 described in paragraph (14).

10 (g) Prior to implementing the transition plan described in
11 subsection (f), the Department shall submit to the
12 Chairpersons, Vice-Chairpersons, and Minority Spokespersons of
13 the House and Senate Human Services Committees, or to any
14 successor committees:

15 (1) the transition plan; and

16 (2) notice of any Council recommendations that the
17 Director of Children and Family Services or the Director of
18 Healthcare and Family Services declined to adopt or
19 implement. This notice shall include: (i) the Council's
20 recommendation that the Director of Children and Family
21 Services or the Director of Healthcare and Family Services
22 declined to adopt or implement; (ii) the justification for
23 declining to adopt or implement the recommendation; and
24 (iii) an attestation from the Director of Children and
25 Family Services or the Director of Healthcare and Family
26 Services that failure to adopt or implement the

1 recommendation does not contradict any court order or
2 conflict with federal funding requirements.

3 (h) Reports.

4 (1) On or before February 1, 2019, and on or before
5 each February 1 thereafter, the Department shall submit a
6 report to the House and Senate Human Services Committees,
7 or to any successor committees, on measures of access to
8 and the quality of health care services for children
9 enrolled in Medicaid managed care plans, including, but not
10 limited to, data showing whether:

11 (A) children enrolled in Medicaid managed care
12 plans have continuity of care across placement types,
13 geographic regions, and specialty service needs;

14 (B) each child is receiving the early periodic
15 screening, diagnosis, and treatment services as
16 required by federal law, including, but not limited to,
17 regular preventative care and timely specialty care;

18 (C) children are assigned to health homes;

19 (D) each child has a health care oversight and
20 coordination plan as required by federal law;

21 (E) there exist complaints and grievances
22 indicating gaps or barriers in service delivery;

23 (F) the Council and other stakeholders have and
24 continue to be engaged in quality improvement
25 initiatives;

26 (G) there exist disenrollment trends and related

1 reasons such as poor quality of care, lack of access to
2 services covered by the managed care organization,
3 lack of access to providers experienced in addressing
4 enrollees' needs, limitations of in-network and
5 out-of-network coverage, or any other factors.

6 The report shall be prepared in consultation with the
7 Council and other agencies, organizations, or individuals
8 the Director deems appropriate in order to obtain
9 comprehensive and objective information about the managed
10 care plan operation.

11 (2) During each legislative session, the House and
12 Senate Human Services Committees shall hold hearings to
13 take public testimony about managed care implementation
14 for children in the care of, adopted from, or placed in
15 guardianship by the Department. The Department shall
16 present testimony, including information provided in the
17 report required under paragraph (1), the Department's
18 compliance with the provisions of this Section, and any
19 recommendations for statutory changes to improve health
20 care for children in the Department's care.

21 (i) If any provision of this Section or its application to
22 any person or circumstance is held invalid, the invalidity of
23 that provision or application does not affect other provisions
24 or applications of this Section that can be given effect
25 without the invalid provision or application.

1 Section 99. Effective date. This Act takes effect upon
2 becoming law.".
