

1 AN ACT concerning health.

2 **Be it enacted by the People of the State of Illinois,**
3 **represented in the General Assembly:**

4 Section 5. The Solid Waste Planning and Recycling Act is
5 amended by adding Section 4.5 as follows:

6 (415 ILCS 15/4.5 new)

7 Sec. 4.5. Statewide Materials Management Advisory
8 Committee; Report.

9 (a) The Statewide Materials Management Advisory Committee
10 is hereby created.

11 (b) The Advisory Committee shall:

12 (1) investigate and provide recommendations for
13 expanding waste reduction, recycling, reuse, and
14 composting in Illinois in a manner that protects the
15 environment, as well as public health and safety, and
16 promotes economic development;

17 (2) investigate and provide recommendations for the
18 form and contents of county waste management plans adopted
19 under this Act; and

20 (3) prepare a report as required under Section 4.6 of
21 this Act.

22 (c) The Advisory Committee shall be composed of the
23 following:

1 (1) The Director of the Agency, or his or her designee,
2 who shall serve as an ex officio and nonvoting member.

3 (2) 25 voting members appointed by the Director of the
4 Agency, as follows:

5 (A) one member representing a municipality with a
6 population of more than 1,000,000;

7 (B) one member representing a county with a
8 population of more than 1,000,000;

9 (C) two members representing counties with a
10 population of at least 200,000 but not more than
11 1,000,000;

12 (D) two members representing counties with a
13 population of at least 85,000 but not more than
14 200,000;

15 (E) two members representing counties with a
16 population of less than 85,000;

17 (F) two members representing the solid waste
18 management industry;

19 (G) two members representing the recycling
20 industry;

21 (H) two members representing providers of general
22 construction and demolition debris recycling services;

23 (I) two members representing environmental
24 interest groups;

25 (J) two members representing manufacturers in the
26 State;

1 (K) two members representing retailers in the
2 State;

3 (L) two members representing producers of compost;
4 and

5 (M) three members representing producers of end
6 products generated through recycling.

7 (d) The Director of the Agency shall appoint all members of
8 the Advisory Committee by no later than January 1, 2020.

9 (e) The initial meeting of the Advisory Committee shall be
10 convened by the Director of the Agency, or his or her designee,
11 no later than March 1, 2020. At the initial meeting, the voting
12 members shall select co-chairs. Subsequent meetings shall
13 convene at the call of the co-chairs.

14 (f) A simple majority of those appointed shall constitute a
15 quorum. The affirmative vote of a majority of those present and
16 voting shall be necessary for Advisory Committee action.

17 (g) Members of the Advisory Committee shall receive no
18 compensation for their services.

19 (h) The Agency shall provide administrative assistance and
20 technical support to the Advisory Committee. The Agency may
21 obtain assistance from outside experts to assist in preparation
22 of the Plan. Funding for the Plan and assistance from outside
23 experts shall be obtained from the Solid Waste Management Fund.

24 (i) On or before July 1, 2021, the Advisory Committee shall
25 prepare and submit a report to the General Assembly summarizing
26 its work.

1 (j) The report shall include, at a minimum, the following
2 information:

3 (1) an estimate of the amount and composition of waste
4 generated annually in Illinois with 2018 as the base year;

5 (2) an estimate of the amount of waste disposed of
6 annually in Illinois with 2018 as the base year;

7 (3) an estimate of the amount of material diverted from
8 landfills annually in Illinois with 2018 as the base year;

9 (4) an analysis of the markets available for materials
10 diverted from Illinois landfills;

11 (5) recommended materials in the municipal waste
12 stream that could be targeted to maximize waste diversion;

13 (6) recommended actions that could be taken to increase
14 landfill diversion rates and the costs associated with
15 those actions;

16 (7) recommended education and public outreach programs
17 that could maximize waste diversion;

18 (8) recommended diversion rates that are achievable by
19 2025, 2030, and 2035; and

20 (9) a database and map of permitted facilities,
21 including, but not limited to, landfills, garbage transfer
22 stations, landscape waste transfer stations, construction
23 and demolition debris recycling facilities, recycling
24 facilities, compost sites, and scrap metal recycling
25 facilities.

26 (k) In addition, the report shall also include, at a

1 minimum, the following recommendations for waste management
2 plans required under this Act:

3 (1) recommended elements for counties to include in
4 waste management plans required under this Act;

5 (2) a recommended standard methodology for counties to
6 use to determine the annual waste generation rate in the
7 county;

8 (3) a recommended standard methodology for counties to
9 use to determine the annual disposal rate in the county;

10 (4) a recommended standard methodology for counties to
11 use to determine the annual diversion rate in the county;

12 (5) recommended standard actions that can be taken by
13 counties to increase landfill diversion rates;

14 (6) recommended education and public outreach programs
15 that could maximize waste diversion within the county; and

16 (7) recommended standard content for waste management
17 plans required under this Act.

18 (1) The report may include a list of nonpermitted
19 facilities that are involved in waste disposal, materials
20 recycling, or composting.

21 (m) This Section is repealed on July 1, 2022.

22 Section 99. Effective date. This Act takes effect upon
23 becoming law.
