

1 AN ACT concerning public health.

2 **Be it enacted by the People of the State of Illinois,**  
3 **represented in the General Assembly:**

4 Section 5. The HIV/AIDS Registry Act is amended by changing  
5 Section 4 as follows:

6 (410 ILCS 310/4) (from Ch. 111 1/2, par. 7354)

7 Sec. 4. (a) The Department shall establish and maintain an  
8 HIV/AIDS Registry consisting of a record of all cases of HIV  
9 and AIDS which occur in Illinois, and such information  
10 concerning those cases as it deems necessary or appropriate in  
11 order to conduct thorough and complete epidemiological surveys  
12 of HIV and AIDS in Illinois, and to evaluate existing control  
13 and prevention measures. Notwithstanding any other provision  
14 of this subsection (a), the information concerning those cases  
15 included in the Registry shall include all CD4 test results,  
16 including counts and percentages of any value, and HIV viral  
17 load test results, both detectable and undetectable. Cases  
18 ~~included in the Registry shall be identified by a code rather~~  
19 ~~than by name.~~ To the extent feasible, the Registry shall be  
20 compatible with other national models so as to facilitate the  
21 coordination of information with other data bases.

22 (b) To facilitate the collection of information relating to  
23 cases of HIV and AIDS, the Department shall have the authority

1 to require hospitals, laboratories and other facilities which  
2 diagnose such conditions to report cases of HIV and AIDS to the  
3 Department or a local health authority if the local health  
4 authority serves a population of over 1,000,000 citizens or if  
5 the local health authority has been designated by the  
6 Department to collect such information, and to require the  
7 submission of such other information pertaining to or in  
8 connection with such reported cases as the Department deems  
9 necessary or appropriate for the purposes of this Act,  
10 including all CD4 and HIV viral load test results for those  
11 cases included in the Registry. The Department may promulgate  
12 rules or regulations specifying the types of information  
13 required, requirements for follow up of patients, frequency of  
14 reporting, methods of submitting such information and any other  
15 details deemed by the Department to be necessary or appropriate  
16 for the administration of this Act. Nothing in this Act shall  
17 be construed to compel any individual to submit to a medical  
18 examination or supervision.

19 (c) The Director shall by rule establish standards for  
20 ensuring the protection of information made confidential or  
21 privileged under law.
