1 AMENDMENT TO SENATE BILL 2381

2 AMENDMENT NO. _____. Amend Senate Bill 2381 by replacing
3 everything after the enacting clause with the following:

4 "Section 1. Short title. This Act may be cited as the Grant
5 Information Collection Act.

6 Section 5. Definitions. For the purposes of this Act,
7 unless the context otherwise requires:

8 "Grant funds" means any public funds dispensed by a grantor
9 agency to any person or entity for obligation, expenditure, or
10 use by that person or entity for a specific purpose or purposes
11 and any funds disbursed by the State Comptroller pursuant to an
12 appropriation made by the General Assembly to a named entity or
13 person. Funds disbursed in accordance with a fee for service
14 purchase of care contract are not grant funds for purposes of
15 this Act.

16 Neither the method by which funds are dispensed whether by

1 contract, agreement, grant subsidy, letter of credit, or any
2 other method nor the purpose for which the funds are used can
3 change the character of funds which otherwise would be
4 considered grant funds as defined in this Section.

5 "Grantee" means the person or entity which may use grant
6 funds.

7 "Grantor agency" means a State agency that dispenses grant
8 funds.

9 "State agency" means State-supported universities and
10 colleges and any department, office, commission, board, or
11 authority within the Executive Department, other than the
12 Office of the Lieutenant Governor, the Office of the Attorney
13 General, the Office of the Secretary of State, the Office of
14 the Comptroller, or the Office of the Treasurer.

15 Section 10. Grant information collection. The Chief
16 Information Officer of the State, as designated by the
17 Governor, shall coordinate with each State agency to develop,
18 with any existing or newly available resources and technology,
19 appropriate systems to accurately report data containing
20 financial information. These systems shall include a module
21 that is specific to the management and administration of grant
22 funds.

23 Each grantor agency that is authorized to award grant funds
24 to an entity other than the State of Illinois shall coordinate
25 with the Chief Information Officer of the State to provide for

1 the publication, at data.illinois.gov or any other publicly
2 accessible website designated by the Chief Information
3 Officer, of data sets containing information regarding awards
4 of grant funds that the grantor agency has made during the
5 previous fiscal year. Data sets shall be published on at least
6 a quarterly basis and shall include, at a minimum, the
7 following:

8 (1) the name of the grantor agency;

9 (2) the name and postal zip code of the grantee;

10 (3) a short description of the purpose of the award of
11 grant funds;

12 (4) the amount of each award of grant funds;

13 (5) the date of each award of grant funds; and

14 (6) the duration of each award of grant funds.

15 In addition, each grantor agency shall make best efforts,
16 with available resources and technology, to make available in
17 the data sets any other data that is relevant to its award of
18 grant funds.

19 Data not subject to the requirements of this Section
20 include data to which a State agency may deny access pursuant
21 to any provision of a federal, state, or local law, rule, or
22 regulation.".
