

AN ACT concerning regulation.

**Be it enacted by the People of the State of Illinois,  
represented in the General Assembly:**

Section 5. The State Employees Group Insurance Act of 1971 is amended by changing Section 6.11A as follows:

(5 ILCS 375/6.11A)

Sec. 6.11A. Physical therapy and occupational therapy.

(a) The program of health benefits provided under this Act shall provide coverage for medically necessary physical therapy and occupational therapy when that therapy is ordered for the treatment of autoimmune diseases or referred for the same purpose by (i) a physician licensed under the Medical Practice Act of 1987, (ii) a physician ~~physician's~~ assistant licensed under the Physician ~~Physician's~~ Assistant Practice Act of 1987, or (iii) an advanced practice nurse licensed under the Nurse Practice Act.

(b) For the purpose of this Section, "medically necessary" means any care, treatment, intervention, service, or item that will or is reasonably expected to:

(i) prevent the onset of an illness, condition, injury, disease, or disability;

(ii) reduce or ameliorate the physical, mental, or developmental effects of an illness, condition, injury,

disease, or disability; or

(iii) assist the achievement or maintenance of maximum functional activity in performing daily activities.

(c) The coverage required under this Section shall be subject to the same deductible, coinsurance, waiting period, cost sharing limitation, treatment limitation, calendar year maximum, or other limitations as provided for other physical or rehabilitative or occupational therapy benefits covered by the policy.

(d) Upon request of the reimbursing insurer, the provider of the physical therapy or occupational therapy shall furnish medical records, clinical notes, or other necessary data that substantiate that initial or continued treatment is medically necessary. When treatment is anticipated to require continued services to achieve demonstrable progress, the insurer may request a treatment plan consisting of the diagnosis, proposed treatment by type, proposed frequency of treatment, anticipated duration of treatment, anticipated outcomes stated as goals, and proposed frequency of updating the treatment plan.

(e) When making a determination of medical necessity for treatment, an insurer must make the determination in a manner consistent with the manner in which that determination is made with respect to other diseases or illnesses covered under the policy, including an appeals process. During the appeals process, any challenge to medical necessity may be viewed as

reasonable only if the review includes a licensed health care professional with the same category of license as the professional who ordered or referred the service in question and with expertise in the most current and effective treatment. (Source: P.A. 96-1227, eff. 1-1-11; 97-604, eff. 8-26-11.)

Section 10. The Election Code is amended by changing Sections 19-12.1 and 19-13 as follows:

(10 ILCS 5/19-12.1) (from Ch. 46, par. 19-12.1)

Sec. 19-12.1. Any qualified elector who has secured an Illinois Person with a Disability Identification Card in accordance with the Illinois Identification Card Act, indicating that the person named thereon has a Class 1A or Class 2 disability or any qualified voter who has a permanent physical incapacity of such a nature as to make it improbable that he will be able to be present at the polls at any future election, or any voter who is a resident of (i) a federally operated veterans' home, hospital, or facility located in Illinois or (ii) a facility licensed or certified pursuant to the Nursing Home Care Act, the Specialized Mental Health Rehabilitation Act of 2013, the ID/DD Community Care Act, or the MC/DD Act and has a condition or disability of such a nature as to make it improbable that he will be able to be present at the polls at any future election, may secure a voter's identification card for persons with disabilities or a

nursing home resident's identification card, which will enable him to vote under this Article as a physically incapacitated or nursing home voter. For the purposes of this Section, "federally operated veterans' home, hospital, or facility" means the long-term care facilities at the Jesse Brown VA Medical Center, Illiana Health Care System, Edward Hines, Jr. VA Hospital, Marion VA Medical Center, and Captain James A. Lovell Federal Health Care Center.

Application for a voter's identification card for persons with disabilities or a nursing home resident's identification card shall be made either: (a) in writing, with voter's sworn affidavit, to the county clerk or board of election commissioners, as the case may be, and shall be accompanied by the affidavit of the attending physician, advanced practice nurse, or a physician assistant specifically describing the nature of the physical incapacity or the fact that the voter is a nursing home resident and is physically unable to be present at the polls on election days; or (b) by presenting, in writing or otherwise, to the county clerk or board of election commissioners, as the case may be, proof that the applicant has secured an Illinois Person with a Disability Identification Card indicating that the person named thereon has a Class 1A or Class 2 disability. Upon the receipt of either the sworn-to application and the physician's, advanced practice nurse's, or a physician assistant's affidavit or proof that the applicant has secured an Illinois Person with a Disability Identification

Card indicating that the person named thereon has a Class 1A or Class 2 disability, the county clerk or board of election commissioners shall issue a voter's identification card for persons with disabilities or a nursing home resident's identification card. Such identification cards shall be issued for a period of 5 years, upon the expiration of which time the voter may secure a new card by making application in the same manner as is prescribed for the issuance of an original card, accompanied by a new affidavit of the attending physician, advanced practice nurse, or a physician assistant. The date of expiration of such five-year period shall be made known to any interested person by the election authority upon the request of such person. Applications for the renewal of the identification cards shall be mailed to the voters holding such cards not less than 3 months prior to the date of expiration of the cards.

Each voter's identification card for persons with disabilities or nursing home resident's identification card shall bear an identification number, which shall be clearly noted on the voter's original and duplicate registration record cards. In the event the holder becomes physically capable of resuming normal voting, he must surrender his voter's identification card for persons with disabilities or nursing home resident's identification card to the county clerk or board of election commissioners before the next election.

The holder of a voter's identification card for persons with disabilities or a nursing home resident's identification

card may make application by mail for an official ballot within the time prescribed by Section 19-2. Such application shall contain the same information as is included in the form of application for ballot by a physically incapacitated elector prescribed in Section 19-3 except that it shall also include the applicant's voter's identification card for persons with disabilities card number and except that it need not be sworn to. If an examination of the records discloses that the applicant is lawfully entitled to vote, he shall be mailed a ballot as provided in Section 19-4. The ballot envelope shall be the same as that prescribed in Section 19-5 for voters with physical disabilities, and the manner of voting and returning the ballot shall be the same as that provided in this Article for other vote by mail ballots, except that a statement to be subscribed to by the voter but which need not be sworn to shall be placed on the ballot envelope in lieu of the affidavit prescribed by Section 19-5.

Any person who knowingly subscribes to a false statement in connection with voting under this Section shall be guilty of a Class A misdemeanor.

For the purposes of this Section, "nursing home resident" includes a resident of (i) a federally operated veterans' home, hospital, or facility located in Illinois or (ii) a facility licensed under the ID/DD Community Care Act, the MC/DD Act, or the Specialized Mental Health Rehabilitation Act of 2013. For the purposes of this Section, "federally operated veterans'

home, hospital, or facility" means the long-term care facilities at the Jesse Brown VA Medical Center, Illiana Health Care System, Edward Hines, Jr. VA Hospital, Marion VA Medical Center, and Captain James A. Lovell Federal Health Care Center. (Source: P.A. 98-104, eff. 7-22-13; 98-1171, eff. 6-1-15; 99-143, eff. 7-27-15; 99-180, eff. 7-29-15; revised 10-14-15.)

(10 ILCS 5/19-13) (from Ch. 46, par. 19-13)

Sec. 19-13. Any qualified voter who has been admitted to a hospital, nursing home, or rehabilitation center due to an illness or physical injury not more than 14 days before an election shall be entitled to personal delivery of a vote by mail ballot in the hospital, nursing home, or rehabilitation center subject to the following conditions:

(1) The voter completes the Application for Physically Incapacitated Elector as provided in Section 19-3, stating as reasons therein that he is a patient in ..... (name of hospital/home/center), ..... located at, ..... (address of hospital/home/center), ..... (county, city/village), was admitted for ..... (nature of illness or physical injury), on ..... (date of admission), and does not expect to be released from the hospital/home/center on or before the day of election or, if released, is expected to be homebound on the day of the election and unable to travel to the polling place.

(2) The voter's physician, advanced practice nurse, or

physician assistant completes a Certificate of Attending Health Care Professional ~~Physician~~ in a form substantially as follows:

CERTIFICATE OF ATTENDING HEALTH CARE PROFESSIONAL ~~PHYSICIAN~~

I state that I am a physician, advanced practice nurse, or physician assistant, duly licensed to practice in the State of .....; that ..... is a patient in ..... (name of hospital/home/center), located at ..... (address of hospital/home/center), ..... (county, city/village); that such individual was admitted for ..... (nature of illness or physical injury), on ..... (date of admission); and that I have examined such individual in the State in which I am licensed to practice ~~medicine~~ and do not expect such individual to be released from the hospital/home/center on or before the day of election or, if released, to be able to travel to the polling place on election day.

Under penalties as provided by law pursuant to Section 29-10 of The Election Code, the undersigned certifies that the statements set forth in this certification are true and correct.

(Signature) .....

(Date licensed) .....

(3) Any person who is registered to vote in the same precinct as the admitted voter or any legal relative of the admitted voter may present such voter's vote by mail ballot

application, completed as prescribed in paragraph 1, accompanied by the physician's, advanced practice nurse's, or a physician assistant's certificate, completed as prescribed in paragraph 2, to the election authority. Such precinct voter or relative shall execute and sign an affidavit furnished by the election authority attesting that he is a registered voter in the same precinct as the admitted voter or that he is a legal relative of the admitted voter and stating the nature of the relationship. Such precinct voter or relative shall further attest that he has been authorized by the admitted voter to obtain his or her vote by mail ballot from the election authority and deliver such ballot to him in the hospital, home, or center.

Upon receipt of the admitted voter's application, physician's, advanced practice nurse's, or a physician assistant's certificate, and the affidavit of the precinct voter or the relative, the election authority shall examine the registration records to determine if the applicant is qualified to vote and, if found to be qualified, shall provide the precinct voter or the relative the vote by mail ballot for delivery to the applicant.

Upon receipt of the vote by mail ballot, the admitted voter shall mark the ballot in secret and subscribe to the certifications on the vote by mail ballot return envelope. After depositing the ballot in the return envelope and securely sealing the envelope, such voter shall give the envelope to the

precinct voter or the relative who shall deliver it to the election authority in sufficient time for the ballot to be delivered by the election authority to the election authority's central ballot counting location before 7 p.m. on election day.

Upon receipt of the admitted voter's vote by mail ballot, the ballot shall be counted in the manner prescribed in this Article.

Section 15. The Alcoholism and Other Drug Abuse and Dependency Act is amended by changing Section 5-23 as follows:

(20 ILCS 301/5-23)

Sec. 5-23. Drug Overdose Prevention Program.

(a) Reports of drug overdose.

(1) The Director of the Division of Alcoholism and Substance Abuse shall publish annually a report on drug overdose trends statewide that reviews State death rates from available data to ascertain changes in the causes or rates of fatal and nonfatal drug overdose. The report shall also provide information on interventions that would be effective in reducing the rate of fatal or nonfatal drug overdose and shall include an analysis of drug overdose information reported to the Department of Public Health pursuant to subsection (e) of Section 3-3013 of the Counties Code, Section 6.14g of the Hospital Licensing Act,

and subsection (j) of Section 22-30 of the School Code.

(2) The report may include:

(A) Trends in drug overdose death rates.

(B) Trends in emergency room utilization related to drug overdose and the cost impact of emergency room utilization.

(C) Trends in utilization of pre-hospital and emergency services and the cost impact of emergency services utilization.

(D) Suggested improvements in data collection.

(E) A description of other interventions effective in reducing the rate of fatal or nonfatal drug overdose.

(F) A description of efforts undertaken to educate the public about unused medication and about how to properly dispose of unused medication, including the number of registered collection receptacles in this State, mail-back programs, and drug take-back events.

(b) Programs; drug overdose prevention.

(1) The Director may establish a program to provide for the production and publication, in electronic and other formats, of drug overdose prevention, recognition, and response literature. The Director may develop and disseminate curricula for use by professionals, organizations, individuals, or committees interested in the prevention of fatal and nonfatal drug overdose,

including, but not limited to, drug users, jail and prison personnel, jail and prison inmates, drug treatment professionals, emergency medical personnel, hospital staff, families and associates of drug users, peace officers, firefighters, public safety officers, needle exchange program staff, and other persons. In addition to information regarding drug overdose prevention, recognition, and response, literature produced by the Department shall stress that drug use remains illegal and highly dangerous and that complete abstinence from illegal drug use is the healthiest choice. The literature shall provide information and resources for substance abuse treatment.

The Director may establish or authorize programs for prescribing, dispensing, or distributing opioid antagonists for the treatment of drug overdose. Such programs may include the prescribing of opioid antagonists for the treatment of drug overdose to a person who is not at risk of opioid overdose but who, in the judgment of the health care professional, may be in a position to assist another individual during an opioid-related drug overdose and who has received basic instruction on how to administer an opioid antagonist.

(2) The Director may provide advice to State and local officials on the growing drug overdose crisis, including the prevalence of drug overdose incidents, programs

promoting the disposal of unused prescription drugs, trends in drug overdose incidents, and solutions to the drug overdose crisis.

(c) Grants.

(1) The Director may award grants, in accordance with this subsection, to create or support local drug overdose prevention, recognition, and response projects. Local health departments, correctional institutions, hospitals, universities, community-based organizations, and faith-based organizations may apply to the Department for a grant under this subsection at the time and in the manner the Director prescribes.

(2) In awarding grants, the Director shall consider the necessity for overdose prevention projects in various settings and shall encourage all grant applicants to develop interventions that will be effective and viable in their local areas.

(3) The Director shall give preference for grants to proposals that, in addition to providing life-saving interventions and responses, provide information to drug users on how to access drug treatment or other strategies for abstaining from illegal drugs. The Director shall give preference to proposals that include one or more of the following elements:

(A) Policies and projects to encourage persons, including drug users, to call 911 when they witness a

potentially fatal drug overdose.

(B) Drug overdose prevention, recognition, and response education projects in drug treatment centers, outreach programs, and other organizations that work with, or have access to, drug users and their families and communities.

(C) Drug overdose recognition and response training, including rescue breathing, in drug treatment centers and for other organizations that work with, or have access to, drug users and their families and communities.

(D) The production and distribution of targeted or mass media materials on drug overdose prevention and response, the potential dangers of keeping unused prescription drugs in the home, and methods to properly dispose of unused prescription drugs.

(E) Prescription and distribution of opioid antagonists.

(F) The institution of education and training projects on drug overdose response and treatment for emergency services and law enforcement personnel.

(G) A system of parent, family, and survivor education and mutual support groups.

(4) In addition to moneys appropriated by the General Assembly, the Director may seek grants from private foundations, the federal government, and other sources to

fund the grants under this Section and to fund an evaluation of the programs supported by the grants.

(d) Health care professional prescription of opioid antagonists.

(1) A health care professional who, acting in good faith, directly or by standing order, prescribes or dispenses an opioid antagonist to: (a) a patient who, in the judgment of the health care professional, is capable of administering the drug in an emergency, or (b) a person who is not at risk of opioid overdose but who, in the judgment of the health care professional, may be in a position to assist another individual during an opioid-related drug overdose and who has received basic instruction on how to administer an opioid antagonist shall not, as a result of his or her acts or omissions, be subject to: (i) any disciplinary or other adverse action under the Medical Practice Act of 1987, the Physician Assistant Practice Act of 1987, the Nurse Practice Act, the Pharmacy Practice Act, or any other professional licensing statute or (ii) any criminal liability, except for willful and wanton misconduct.

(2) A person who is not otherwise licensed to administer an opioid antagonist may in an emergency administer without fee an opioid antagonist if the person has received the patient information specified in paragraph (4) of this subsection and believes in good faith

that another person is experiencing a drug overdose. The person shall not, as a result of his or her acts or omissions, be (i) liable for any violation of the Medical Practice Act of 1987, the Physician Assistant Practice Act of 1987, the Nurse Practice Act, the Pharmacy Practice Act, or any other professional licensing statute, or (ii) subject to any criminal prosecution or civil liability, except for willful and wanton misconduct.

(3) A health care professional prescribing an opioid antagonist to a patient shall ensure that the patient receives the patient information specified in paragraph (4) of this subsection. Patient information may be provided by the health care professional or a community-based organization, substance abuse program, or other organization with which the health care professional establishes a written agreement that includes a description of how the organization will provide patient information, how employees or volunteers providing information will be trained, and standards for documenting the provision of patient information to patients. Provision of patient information shall be documented in the patient's medical record or through similar means as determined by agreement between the health care professional and the organization. The Director of the Division of Alcoholism and Substance Abuse, in consultation with statewide organizations representing

physicians, pharmacists, advanced practice nurses, physician assistants, substance abuse programs, and other interested groups, shall develop and disseminate to health care professionals, community-based organizations, substance abuse programs, and other organizations training materials in video, electronic, or other formats to facilitate the provision of such patient information.

(4) For the purposes of this subsection:

"Opioid antagonist" means a drug that binds to opioid receptors and blocks or inhibits the effect of opioids acting on those receptors, including, but not limited to, naloxone hydrochloride or any other similarly acting drug approved by the U.S. Food and Drug Administration.

"Health care professional" means a physician licensed to practice medicine in all its branches, a licensed physician assistant with prescriptive authority, a licensed advanced practice nurse with prescriptive authority, ~~or~~ an advanced practice nurse or physician assistant who practices in a hospital, hospital affiliate, or ambulatory surgical treatment center and possesses appropriate clinical privileges in accordance with the Nurse Practice Act, or a pharmacist licensed to practice pharmacy under the Pharmacy Practice Act.

"Patient" includes a person who is not at risk of opioid overdose but who, in the judgment of the physician, advanced practice nurse, or physician assistant, may be in

a position to assist another individual during an overdose and who has received patient information as required in paragraph (2) of this subsection on the indications for and administration of an opioid antagonist.

"Patient information" includes information provided to the patient on drug overdose prevention and recognition; how to perform rescue breathing and resuscitation; opioid antagonist dosage and administration; the importance of calling 911; care for the overdose victim after administration of the overdose antagonist; and other issues as necessary.

(e) Drug overdose response policy.

(1) Every State and local government agency that employs a law enforcement officer or fireman as those terms are defined in the Line of Duty Compensation Act must possess opioid antagonists and must establish a policy to control the acquisition, storage, transportation, and administration of such opioid antagonists and to provide training in the administration of opioid antagonists. A State or local government agency that employs a fireman as defined in the Line of Duty Compensation Act but does not respond to emergency medical calls or provide medical services shall be exempt from this subsection.

(2) Every publicly or privately owned ambulance, special emergency medical services vehicle, non-transport vehicle, or ambulance assist vehicle, as described in the

Emergency Medical Services (EMS) Systems Act, which responds to requests for emergency services or transports patients between hospitals in emergency situations must possess opioid antagonists.

(3) Entities that are required under paragraphs (1) and (2) to possess opioid antagonists may also apply to the Department for a grant to fund the acquisition of opioid antagonists and training programs on the administration of opioid antagonists.

(Source: P.A. 99-173, eff. 7-29-15; 99-480, eff. 9-9-15; revised 10-19-15.)

Section 20. The Department of Central Management Services Law of the Civil Administrative Code of Illinois is amended by changing Section 405-105 as follows:

(20 ILCS 405/405-105) (was 20 ILCS 405/64.1)

Sec. 405-105. Fidelity, surety, property, and casualty insurance. The Department shall establish and implement a program to coordinate the handling of all fidelity, surety, property, and casualty insurance exposures of the State and the departments, divisions, agencies, branches, and universities of the State. In performing this responsibility, the Department shall have the power and duty to do the following:

(1) Develop and maintain loss and exposure data on all State property.

(2) Study the feasibility of establishing a self-insurance plan for State property and prepare estimates of the costs of reinsurance for risks beyond the realistic limits of the self-insurance.

(3) Prepare a plan for centralizing the purchase of property and casualty insurance on State property under a master policy or policies and purchase the insurance contracted for as provided in the Illinois Purchasing Act.

(4) Evaluate existing provisions for fidelity bonds required of State employees and recommend changes that are appropriate commensurate with risk experience and the determinations respecting self-insurance or reinsurance so as to permit reduction of costs without loss of coverage.

(5) Investigate procedures for inclusion of school districts, public community college districts, and other units of local government in programs for the centralized purchase of insurance.

(6) Implement recommendations of the State Property Insurance Study Commission that the Department finds necessary or desirable in the performance of its powers and duties under this Section to achieve efficient and comprehensive risk management.

(7) Prepare and, in the discretion of the Director, implement a plan providing for the purchase of public liability insurance or for self-insurance for public liability or for a combination of purchased insurance and

self-insurance for public liability (i) covering the State and drivers of motor vehicles owned, leased, or controlled by the State of Illinois pursuant to the provisions and limitations contained in the Illinois Vehicle Code, (ii) covering other public liability exposures of the State and its employees within the scope of their employment, and (iii) covering drivers of motor vehicles not owned, leased, or controlled by the State but used by a State employee on State business, in excess of liability covered by an insurance policy obtained by the owner of the motor vehicle or in excess of the dollar amounts that the Department shall determine to be reasonable. Any contract of insurance let under this Law shall be by bid in accordance with the procedure set forth in the Illinois Purchasing Act. Any provisions for self-insurance shall conform to subdivision (11).

The term "employee" as used in this subdivision (7) and in subdivision (11) means a person while in the employ of the State who is a member of the staff or personnel of a State agency, bureau, board, commission, committee, department, university, or college or who is a State officer, elected official, commissioner, member of or ex officio member of a State agency, bureau, board, commission, committee, department, university, or college, or a member of the National Guard while on active duty pursuant to orders of the Governor of the State of

Illinois, or any other person while using a licensed motor vehicle owned, leased, or controlled by the State of Illinois with the authorization of the State of Illinois, provided the actual use of the motor vehicle is within the scope of that authorization and within the course of State service.

Subsequent to payment of a claim on behalf of an employee pursuant to this Section and after reasonable advance written notice to the employee, the Director may exclude the employee from future coverage or limit the coverage under the plan if (i) the Director determines that the claim resulted from an incident in which the employee was grossly negligent or had engaged in willful and wanton misconduct or (ii) the Director determines that the employee is no longer an acceptable risk based on a review of prior accidents in which the employee was at fault and for which payments were made pursuant to this Section.

The Director is authorized to promulgate administrative rules that may be necessary to establish and administer the plan.

Appropriations from the Road Fund shall be used to pay auto liability claims and related expenses involving employees of the Department of Transportation, the Illinois State Police, and the Secretary of State.

(8) Charge, collect, and receive from all other agencies of the State government fees or monies equivalent

to the cost of purchasing the insurance.

(9) Establish, through the Director, charges for risk management services rendered to State agencies by the Department. The State agencies so charged shall reimburse the Department by vouchers drawn against their respective appropriations. The reimbursement shall be determined by the Director as amounts sufficient to reimburse the Department for expenditures incurred in rendering the service.

The Department shall charge the employing State agency or university for workers' compensation payments for temporary total disability paid to any employee after the employee has received temporary total disability payments for 120 days if the employee's treating physician, advanced practice nurse, or physician assistant has issued a release to return to work with restrictions and the employee is able to perform modified duty work but the employing State agency or university does not return the employee to work at modified duty. Modified duty shall be duties assigned that may or may not be delineated as part of the duties regularly performed by the employee. Modified duties shall be assigned within the prescribed restrictions established by the treating physician and the physician who performed the independent medical examination. The amount of all reimbursements shall be deposited into the Workers' Compensation Revolving Fund which is hereby created as a

revolving fund in the State treasury. In addition to any other purpose authorized by law, moneys in the Fund shall be used, subject to appropriation, to pay these or other temporary total disability claims of employees of State agencies and universities.

Beginning with fiscal year 1996, all amounts recovered by the Department through subrogation in workers' compensation and workers' occupational disease cases shall be deposited into the Workers' Compensation Revolving Fund created under this subdivision (9).

(10) Establish rules, procedures, and forms to be used by State agencies in the administration and payment of workers' compensation claims. For claims filed prior to July 1, 2013, the Department shall initially evaluate and determine the compensability of any injury that is the subject of a workers' compensation claim and provide for the administration and payment of such a claim for all State agencies. For claims filed on or after July 1, 2013, the Department shall retain responsibility for certain administrative payments including, but not limited to, payments to the private vendor contracted to perform services under subdivision (10b) of this Section, payments related to travel expenses for employees of the Office of the Attorney General, and payments to internal Department staff responsible for the oversight and management of any contract awarded pursuant to subdivision (10b) of this

Section. Through December 31, 2012, the Director may delegate to any agency with the agreement of the agency head the responsibility for evaluation, administration, and payment of that agency's claims. Neither the Department nor the private vendor contracted to perform services under subdivision (10b) of this Section shall be responsible for providing workers' compensation services to the Illinois State Toll Highway Authority or to State universities that maintain self-funded workers' compensation liability programs.

(10a) By April 1 of each year prior to calendar year 2013, the Director must report and provide information to the State Workers' Compensation Program Advisory Board concerning the status of the State workers' compensation program for the next fiscal year. Information that the Director must provide to the State Workers' Compensation Program Advisory Board includes, but is not limited to, documents, reports of negotiations, bid invitations, requests for proposals, specifications, copies of proposed and final contracts or agreements, and any other materials concerning contracts or agreements for the program. By the first of each month prior to calendar year 2013, the Director must provide updated, and any new, information to the State Workers' Compensation Program Advisory Board until the State workers' compensation program for the next fiscal year is determined.

(10b) No later than January 1, 2013, the chief procurement officer appointed under paragraph (4) of subsection (a) of Section 10-20 of the Illinois Procurement Code (hereinafter "chief procurement officer"), in consultation with the Department of Central Management Services, shall procure one or more private vendors to administer the program providing payments for workers' compensation liability with respect to the employees of all State agencies. The chief procurement officer may procure a single contract applicable to all State agencies or multiple contracts applicable to one or more State agencies. If the chief procurement officer procures a single contract applicable to all State agencies, then the Department of Central Management Services shall be designated as the agency that enters into the contract and shall be responsible for the contract. If the chief procurement officer procures multiple contracts applicable to one or more State agencies, each agency to which the contract applies shall be designated as the agency that shall enter into the contract and shall be responsible for the contract. If the chief procurement officer procures contracts applicable to an individual State agency, the agency subject to the contract shall be designated as the agency responsible for the contract.

(10c) The procurement of private vendors for the administration of the workers' compensation program for

State employees is subject to the provisions of the Illinois Procurement Code and administration by the chief procurement officer.

(10d) Contracts for the procurement of private vendors for the administration of the workers' compensation program for State employees shall be based upon, but limited to, the following criteria: (i) administrative cost, (ii) service capabilities of the vendor, and (iii) the compensation (including premiums, fees, or other charges). A vendor for the administration of the workers' compensation program for State employees shall provide services, including, but not limited to:

(A) providing a web-based case management system and provide access to the Office of the Attorney General;

(B) ensuring claims adjusters are available to provide testimony or information as requested by the Office of the Attorney General;

(C) establishing a preferred provider program for all State agencies and facilities; and

(D) authorizing the payment of medical bills at the preferred provider discount rate.

(10e) By September 15, 2012, the Department of Central Management Services shall prepare a plan to effectuate the transfer of responsibility and administration of the workers' compensation program for State employees to the

selected private vendors. The Department shall submit a copy of the plan to the General Assembly.

(11) Any plan for public liability self-insurance implemented under this Section shall provide that (i) the Department shall attempt to settle and may settle any public liability claim filed against the State of Illinois or any public liability claim filed against a State employee on the basis of an occurrence in the course of the employee's State employment; (ii) any settlement of such a claim is not subject to fiscal year limitations and must be approved by the Director and, in cases of settlements exceeding \$100,000, by the Governor; and (iii) a settlement of any public liability claim against the State or a State employee shall require an unqualified release of any right of action against the State and the employee for acts within the scope of the employee's employment giving rise to the claim.

Whenever and to the extent that a State employee operates a motor vehicle or engages in other activity covered by self-insurance under this Section, the State of Illinois shall defend, indemnify, and hold harmless the employee against any claim in tort filed against the employee for acts or omissions within the scope of the employee's employment in any proper judicial forum and not settled pursuant to this subdivision (11), provided that this obligation of the State of Illinois shall not exceed a

maximum liability of \$2,000,000 for any single occurrence in connection with the operation of a motor vehicle or \$100,000 per person per occurrence for any other single occurrence, or \$500,000 for any single occurrence in connection with the provision of medical care by a licensed physician, advanced practice nurse, or physician assistant employee.

Any claims against the State of Illinois under a self-insurance plan that are not settled pursuant to this subdivision (11) shall be heard and determined by the Court of Claims and may not be filed or adjudicated in any other forum. The Attorney General of the State of Illinois or the Attorney General's designee shall be the attorney with respect to all public liability self-insurance claims that are not settled pursuant to this subdivision (11) and therefore result in litigation. The payment of any award of the Court of Claims entered against the State relating to any public liability self-insurance claim shall act as a release against any State employee involved in the occurrence.

(12) Administer a plan the purpose of which is to make payments on final settlements or final judgments in accordance with the State Employee Indemnification Act. The plan shall be funded through appropriations from the General Revenue Fund specifically designated for that purpose, except that indemnification expenses for

employees of the Department of Transportation, the Illinois State Police, and the Secretary of State shall be paid from the Road Fund. The term "employee" as used in this subdivision (12) has the same meaning as under subsection (b) of Section 1 of the State Employee Indemnification Act. Subject to sufficient appropriation, the Director shall approve payment of any claim, without regard to fiscal year limitations, presented to the Director that is supported by a final settlement or final judgment when the Attorney General and the chief officer of the public body against whose employee the claim or cause of action is asserted certify to the Director that the claim is in accordance with the State Employee Indemnification Act and that they approve of the payment. In no event shall an amount in excess of \$150,000 be paid from this plan to or for the benefit of any claimant.

(13) Administer a plan the purpose of which is to make payments on final settlements or final judgments for employee wage claims in situations where there was an appropriation relevant to the wage claim, the fiscal year and lapse period have expired, and sufficient funds were available to pay the claim. The plan shall be funded through appropriations from the General Revenue Fund specifically designated for that purpose.

Subject to sufficient appropriation, the Director is authorized to pay any wage claim presented to the Director

that is supported by a final settlement or final judgment when the chief officer of the State agency employing the claimant certifies to the Director that the claim is a valid wage claim and that the fiscal year and lapse period have expired. Payment for claims that are properly submitted and certified as valid by the Director shall include interest accrued at the rate of 7% per annum from the forty-fifth day after the claims are received by the Department or 45 days from the date on which the amount of payment is agreed upon, whichever is later, until the date the claims are submitted to the Comptroller for payment. When the Attorney General has filed an appearance in any proceeding concerning a wage claim settlement or judgment, the Attorney General shall certify to the Director that the wage claim is valid before any payment is made. In no event shall an amount in excess of \$150,000 be paid from this plan to or for the benefit of any claimant.

Nothing in Public Act 84-961 shall be construed to affect in any manner the jurisdiction of the Court of Claims concerning wage claims made against the State of Illinois.

(14) Prepare and, in the discretion of the Director, implement a program for self-insurance for official fidelity and surety bonds for officers and employees as authorized by the Official Bond Act.

Section 25. The Foster Parent Law is amended by changing Section 1-15 as follows:

(20 ILCS 520/1-15)

Sec. 1-15. Foster parent rights. A foster parent's rights include, but are not limited to, the following:

(1) The right to be treated with dignity, respect, and consideration as a professional member of the child welfare team.

(2) The right to be given standardized pre-service training and appropriate ongoing training to meet mutually assessed needs and improve the foster parent's skills.

(3) The right to be informed as to how to contact the appropriate child placement agency in order to receive information and assistance to access supportive services for children in the foster parent's care.

(4) The right to receive timely financial reimbursement commensurate with the care needs of the child as specified in the service plan.

(5) The right to be provided a clear, written understanding of a placement agency's plan concerning the placement of a child in the foster parent's home. Inherent in this right is the foster parent's responsibility to support activities that will promote the child's right to

relationships with his or her own family and cultural heritage.

(6) The right to be provided a fair, timely, and impartial investigation of complaints concerning the foster parent's licensure, to be provided the opportunity to have a person of the foster parent's choosing present during the investigation, and to be provided due process during the investigation; the right to be provided the opportunity to request and receive mediation or an administrative review of decisions that affect licensing parameters, or both mediation and an administrative review; and the right to have decisions concerning a licensing corrective action plan specifically explained and tied to the licensing standards violated.

(7) The right, at any time during which a child is placed with the foster parent, to receive additional or necessary information that is relevant to the care of the child.

(7.5) The right to be given information concerning a child (i) from the Department as required under subsection (u) of Section 5 of the Children and Family Services Act and (ii) from a child welfare agency as required under subsection (c-5) of Section 7.4 of the Child Care Act of 1969.

(8) The right to be notified of scheduled meetings and staffings concerning the foster child in order to actively

participate in the case planning and decision-making process regarding the child, including individual service planning meetings, administrative case reviews, interdisciplinary staffings, and individual educational planning meetings; the right to be informed of decisions made by the courts or the child welfare agency concerning the child; the right to provide input concerning the plan of services for the child and to have that input given full consideration in the same manner as information presented by any other professional on the team; and the right to communicate with other professionals who work with the foster child within the context of the team, including therapists, physicians, attending health care professionals, and teachers.

(9) The right to be given, in a timely and consistent manner, any information a case worker has regarding the child and the child's family which is pertinent to the care and needs of the child and to the making of a permanency plan for the child. Disclosure of information concerning the child's family shall be limited to that information that is essential for understanding the needs of and providing care to the child in order to protect the rights of the child's family. When a positive relationship exists between the foster parent and the child's family, the child's family may consent to disclosure of additional information.

(10) The right to be given reasonable written notice of (i) any change in a child's case plan, (ii) plans to terminate the placement of the child with the foster parent, and (iii) the reasons for the change or termination in placement. The notice shall be waived only in cases of a court order or when the child is determined to be at imminent risk of harm.

(11) The right to be notified in a timely and complete manner of all court hearings, including notice of the date and time of the court hearing, the name of the judge or hearing officer hearing the case, the location of the hearing, and the court docket number of the case; and the right to intervene in court proceedings or to seek mandamus under the Juvenile Court Act of 1987.

(12) The right to be considered as a placement option when a foster child who was formerly placed with the foster parent is to be re-entered into foster care, if that placement is consistent with the best interest of the child and other children in the foster parent's home.

(13) The right to have timely access to the child placement agency's existing appeals process and the right to be free from acts of harassment and retaliation by any other party when exercising the right to appeal.

(14) The right to be informed of the Foster Parent Hotline established under Section 35.6 of the Children and Family Services Act and all of the rights accorded to

foster parents concerning reports of misconduct by Department employees, service providers, or contractors, confidential handling of those reports, and investigation by the Inspector General appointed under Section 35.5 of the Children and Family Services Act.

Section 30. The Regional Integrated Behavioral Health Networks Act is amended by changing Section 20 as follows:

(20 ILCS 1340/20)

Sec. 20. Steering Committee and Networks.

(a) To achieve these goals, the Department of Human Services shall convene a Regional Integrated Behavioral Health Networks Steering Committee (hereinafter "Steering Committee") comprised of State agencies involved in the provision, regulation, or financing of health, mental health, substance abuse, rehabilitation, and other services. These include, but shall not be limited to, the following agencies:

(1) The Department of Healthcare and Family Services.

(2) The Department of Human Services and its Divisions of Mental Illness and Alcoholism and Substance Abuse Services.

(3) The Department of Public Health, including its Center for Rural Health.

The Steering Committee shall include a representative from

each Network. The agencies of the Steering Committee are directed to work collaboratively to provide consultation, advice, and leadership to the Networks in facilitating communication within and across multiple agencies and in removing regulatory barriers that may prevent Networks from accomplishing the goals. The Steering Committee collectively or through one of its member Agencies shall also provide technical assistance to the Networks.

(b) There also shall be convened Networks in each of the Department of Human Services' regions comprised of representatives of community stakeholders represented in the Network, including when available, but not limited to, relevant trade and professional associations representing hospitals, community providers, public health care, hospice care, long term care, law enforcement, emergency medical service, physicians, advanced practice nurses, and physician assistants trained in psychiatry; an organization that advocates on behalf of federally qualified health centers, an organization that advocates on behalf of persons suffering with mental illness and substance abuse disorders, an organization that advocates on behalf of persons with disabilities, an organization that advocates on behalf of persons who live in rural areas, an organization that advocates on behalf of persons who live in medically underserved areas; and others designated by the Steering Committee or the Networks. A member from each Network may choose a representative who may serve on the Steering

Committee.

Section 35. The Mental Health and Developmental Disabilities Administrative Act is amended by changing Sections 5.1, 14, and 15.4 as follows:

(20 ILCS 1705/5.1) (from Ch. 91 1/2, par. 100-5.1)

Sec. 5.1. The Department shall develop, by rule, the procedures and standards by which it shall approve medications for clinical use in its facilities. A list of those drugs approved pursuant to these procedures shall be distributed to all Department facilities.

Drugs not listed by the Department may not be administered in facilities under the jurisdiction of the Department, provided that an unlisted drug may be administered as part of research with the prior written consent of the Secretary specifying the nature of the permitted use and the physicians authorized to prescribe the drug. Drugs, as used in this Section, mean psychotropic and narcotic drugs.

No physician, advanced practice nurse, or physician assistant in the Department shall sign a prescription in blank, nor permit blank prescription forms to circulate out of his possession or control.

(Source: P.A. 89-507, eff. 7-1-97.)

(20 ILCS 1705/14) (from Ch. 91 1/2, par. 100-14)

Sec. 14. Chester Mental Health Center. To maintain and operate a facility for the care, custody, and treatment of persons with mental illness or habilitation of persons with developmental disabilities hereinafter designated, to be known as the Chester Mental Health Center.

Within the Chester Mental Health Center there shall be confined the following classes of persons, whose history, in the opinion of the Department, discloses dangerous or violent tendencies and who, upon examination under the direction of the Department, have been found a fit subject for confinement in that facility:

(a) Any male person who is charged with the commission of a crime but has been acquitted by reason of insanity as provided in Section 5-2-4 of the Unified Code of Corrections.

(b) Any male person who is charged with the commission of a crime but has been found unfit under Article 104 of the Code of Criminal Procedure of 1963.

(c) Any male person with mental illness or developmental disabilities or person in need of mental treatment now confined under the supervision of the Department or hereafter admitted to any facility thereof or committed thereto by any court of competent jurisdiction.

If and when it shall appear to the facility director of the Chester Mental Health Center that it is necessary to confine

persons in order to maintain security or provide for the protection and safety of recipients and staff, the Chester Mental Health Center may confine all persons on a unit to their rooms. This period of confinement shall not exceed 10 hours in a 24 hour period, including the recipient's scheduled hours of sleep, unless approved by the Secretary of the Department. During the period of confinement, the persons confined shall be observed at least every 15 minutes. A record shall be kept of the observations. This confinement shall not be considered seclusion as defined in the Mental Health and Developmental Disabilities Code.

The facility director of the Chester Mental Health Center may authorize the temporary use of handcuffs on a recipient for a period not to exceed 10 minutes when necessary in the course of transport of the recipient within the facility to maintain custody or security. Use of handcuffs is subject to the provisions of Section 2-108 of the Mental Health and Developmental Disabilities Code. The facility shall keep a monthly record listing each instance in which handcuffs are used, circumstances indicating the need for use of handcuffs, and time of application of handcuffs and time of release therefrom. The facility director shall allow the Illinois Guardianship and Advocacy Commission, the agency designated by the Governor under Section 1 of the Protection and Advocacy for Persons with Developmental Disabilities Act, and the Department to examine and copy such record upon request.

The facility director of the Chester Mental Health Center may authorize the temporary use of transport devices on a civil recipient when necessary in the course of transport of the civil recipient outside the facility to maintain custody or security. The decision whether to use any transport devices shall be reviewed and approved on an individualized basis by a physician, an advanced practice nurse, or a physician assistant based upon a determination of the civil recipient's: (1) history of violence, (2) history of violence during transports, (3) history of escapes and escape attempts, (4) history of trauma, (5) history of incidents of restraint or seclusion and use of involuntary medication, (6) current functioning level and medical status, and (7) prior experience during similar transports, and the length, duration, and purpose of the transport. The least restrictive transport device consistent with the individual's need shall be used. Staff transporting the individual shall be trained in the use of the transport devices, recognizing and responding to a person in distress, and shall observe and monitor the individual while being transported. The facility shall keep a monthly record listing all transports, including those transports for which use of transport devices was not sought, those for which use of transport devices was sought but denied, and each instance in which transport devices are used, circumstances indicating the need for use of transport devices, time of application of transport devices, time of release from those devices, and any

adverse events. The facility director shall allow the Illinois Guardianship and Advocacy Commission, the agency designated by the Governor under Section 1 of the Protection and Advocacy for Persons with Developmental Disabilities Act, and the Department to examine and copy the record upon request. This use of transport devices shall not be considered restraint as defined in the Mental Health and Developmental Disabilities Code. For the purpose of this Section "transport device" means ankle cuffs, handcuffs, waist chains or wrist-waist devices designed to restrict an individual's range of motion while being transported. These devices must be approved by the Division of Mental Health, used in accordance with the manufacturer's instructions, and used only by qualified staff members who have completed all training required to be eligible to transport patients and all other required training relating to the safe use and application of transport devices, including recognizing and responding to signs of distress in an individual whose movement is being restricted by a transport device.

If and when it shall appear to the satisfaction of the Department that any person confined in the Chester Mental Health Center is not or has ceased to be such a source of danger to the public as to require his subjection to the regimen of the center, the Department is hereby authorized to transfer such person to any State facility for treatment of persons with mental illness or habilitation of persons with

developmental disabilities, as the nature of the individual case may require.

Subject to the provisions of this Section, the Department, except where otherwise provided by law, shall, with respect to the management, conduct and control of the Chester Mental Health Center and the discipline, custody and treatment of the persons confined therein, have and exercise the same rights and powers as are vested by law in the Department with respect to any and all of the State facilities for treatment of persons with mental illness or habilitation of persons with developmental disabilities, and the recipients thereof, and shall be subject to the same duties as are imposed by law upon the Department with respect to such facilities and the recipients thereof.

The Department may elect to place persons who have been ordered by the court to be detained under the Sexually Violent Persons Commitment Act in a distinct portion of the Chester Mental Health Center. The persons so placed shall be separated and shall not comingle with the recipients of the Chester Mental Health Center. The portion of Chester Mental Health Center that is used for the persons detained under the Sexually Violent Persons Commitment Act shall not be a part of the mental health facility for the enforcement and implementation of the Mental Health and Developmental Disabilities Code nor shall their care and treatment be subject to the provisions of the Mental Health and Developmental Disabilities Code. The

changes added to this Section by this amendatory Act of the 98th General Assembly are inoperative on and after June 30, 2015.

(Source: P.A. 98-79, eff. 7-15-13; 98-356, eff. 8-16-13; 98-756, eff. 7-16-14; 99-143, eff. 7-27-15.)

(20 ILCS 1705/15.4)

Sec. 15.4. Authorization for nursing delegation to permit direct care staff to administer medications.

(a) This Section applies to (i) all programs for persons with a developmental disability in settings of 16 persons or fewer that are funded or licensed by the Department of Human Services and that distribute or administer medications and (ii) all intermediate care facilities for persons with developmental disabilities with 16 beds or fewer that are licensed by the Department of Public Health. The Department of Human Services shall develop a training program for authorized direct care staff to administer medications under the supervision and monitoring of a registered professional nurse. This training program shall be developed in consultation with professional associations representing (i) physicians licensed to practice medicine in all its branches, (ii) registered professional nurses, and (iii) pharmacists.

(b) For the purposes of this Section:

"Authorized direct care staff" means non-licensed persons who have successfully completed a medication administration

training program approved by the Department of Human Services and conducted by a nurse-trainer. This authorization is specific to an individual receiving service in a specific agency and does not transfer to another agency.

"Medications" means oral and topical medications, insulin in an injectable form, oxygen, epinephrine auto-injectors, and vaginal and rectal creams and suppositories. "Oral" includes inhalants and medications administered through enteral tubes, utilizing aseptic technique. "Topical" includes eye, ear, and nasal medications. Any controlled substances must be packaged specifically for an identified individual.

"Insulin in an injectable form" means a subcutaneous injection via an insulin pen pre-filled by the manufacturer. Authorized direct care staff may administer insulin, as ordered by a physician, advanced practice nurse, or physician assistant, if: (i) the staff has successfully completed a Department-approved advanced training program specific to insulin administration developed in consultation with professional associations listed in subsection (a) of this Section, and (ii) the staff consults with the registered nurse, prior to administration, of any insulin dose that is determined based on a blood glucose test result. The authorized direct care staff shall not: (i) calculate the insulin dosage needed when the dose is dependent upon a blood glucose test result, or (ii) administer insulin to individuals who require blood glucose monitoring greater than 3 times daily, unless directed

to do so by the registered nurse.

"Nurse-trainer training program" means a standardized, competency-based medication administration train-the-trainer program provided by the Department of Human Services and conducted by a Department of Human Services master nurse-trainer for the purpose of training nurse-trainers to train persons employed or under contract to provide direct care or treatment to individuals receiving services to administer medications and provide self-administration of medication training to individuals under the supervision and monitoring of the nurse-trainer. The program incorporates adult learning styles, teaching strategies, classroom management, and a curriculum overview, including the ethical and legal aspects of supervising those administering medications.

"Self-administration of medications" means an individual administers his or her own medications. To be considered capable to self-administer their own medication, individuals must, at a minimum, be able to identify their medication by size, shape, or color, know when they should take the medication, and know the amount of medication to be taken each time.

"Training program" means a standardized medication administration training program approved by the Department of Human Services and conducted by a registered professional nurse for the purpose of training persons employed or under contract to provide direct care or treatment to individuals receiving

services to administer medications and provide self-administration of medication training to individuals under the delegation and supervision of a nurse-trainer. The program incorporates adult learning styles, teaching strategies, classroom management, curriculum overview, including ethical-legal aspects, and standardized competency-based evaluations on administration of medications and self-administration of medication training programs.

(c) Training and authorization of non-licensed direct care staff by nurse-trainers must meet the requirements of this subsection.

(1) Prior to training non-licensed direct care staff to administer medication, the nurse-trainer shall perform the following for each individual to whom medication will be administered by non-licensed direct care staff:

(A) An assessment of the individual's health history and physical and mental status.

(B) An evaluation of the medications prescribed.

(2) Non-licensed authorized direct care staff shall meet the following criteria:

(A) Be 18 years of age or older.

(B) Have completed high school or have a high school equivalency certificate.

(C) Have demonstrated functional literacy.

(D) Have satisfactorily completed the Health and Safety component of a Department of Human Services

authorized direct care staff training program.

(E) Have successfully completed the training program, pass the written portion of the comprehensive exam, and score 100% on the competency-based assessment specific to the individual and his or her medications.

(F) Have received additional competency-based assessment by the nurse-trainer as deemed necessary by the nurse-trainer whenever a change of medication occurs or a new individual that requires medication administration enters the program.

(3) Authorized direct care staff shall be re-evaluated by a nurse-trainer at least annually or more frequently at the discretion of the registered professional nurse. Any necessary retraining shall be to the extent that is necessary to ensure competency of the authorized direct care staff to administer medication.

(4) Authorization of direct care staff to administer medication shall be revoked if, in the opinion of the registered professional nurse, the authorized direct care staff is no longer competent to administer medication.

(5) The registered professional nurse shall assess an individual's health status at least annually or more frequently at the discretion of the registered professional nurse.

(d) Medication self-administration shall meet the

following requirements:

(1) As part of the normalization process, in order for each individual to attain the highest possible level of independent functioning, all individuals shall be permitted to participate in their total health care program. This program shall include, but not be limited to, individual training in preventive health and self-medication procedures.

(A) Every program shall adopt written policies and procedures for assisting individuals in obtaining preventative health and self-medication skills in consultation with a registered professional nurse, advanced practice nurse, physician assistant, or physician licensed to practice medicine in all its branches.

(B) Individuals shall be evaluated to determine their ability to self-medicate by the nurse-trainer through the use of the Department's required, standardized screening and assessment instruments.

(C) When the results of the screening and assessment indicate an individual not to be capable to self-administer his or her own medications, programs shall be developed in consultation with the Community Support Team or Interdisciplinary Team to provide individuals with self-medication administration.

(2) Each individual shall be presumed to be competent

to self-administer medications if:

(A) authorized by an order of a physician licensed to practice medicine in all its branches, an advanced practice nurse, or a physician assistant; and

(B) approved to self-administer medication by the individual's Community Support Team or Interdisciplinary Team, which includes a registered professional nurse or an advanced practice nurse.

(e) Quality Assurance.

(1) A registered professional nurse, advanced practice nurse, licensed practical nurse, physician licensed to practice medicine in all its branches, physician assistant, or pharmacist shall review the following for all individuals:

(A) Medication orders.

(B) Medication labels, including medications listed on the medication administration record for persons who are not self-medicating to ensure the labels match the orders issued by the physician licensed to practice medicine in all its branches, advanced practice nurse, or physician assistant.

(C) Medication administration records for persons who are not self-medicating to ensure that the records are completed appropriately for:

(i) medication administered as prescribed;

(ii) refusal by the individual; and

(iii) full signatures provided for all initials used.

(2) Reviews shall occur at least quarterly, but may be done more frequently at the discretion of the registered professional nurse or advanced practice nurse.

(3) A quality assurance review of medication errors and data collection for the purpose of monitoring and recommending corrective action shall be conducted within 7 days and included in the required annual review.

(f) Programs using authorized direct care staff to administer medications are responsible for documenting and maintaining records on the training that is completed.

(g) The absence of this training program constitutes a threat to the public interest, safety, and welfare and necessitates emergency rulemaking by the Departments of Human Services and Public Health under Section 5-45 of the Illinois Administrative Procedure Act.

(h) Direct care staff who fail to qualify for delegated authority to administer medications pursuant to the provisions of this Section shall be given additional education and testing to meet criteria for delegation authority to administer medications. Any direct care staff person who fails to qualify as an authorized direct care staff after initial training and testing must within 3 months be given another opportunity for retraining and retesting. A direct care staff person who fails to meet criteria for delegated authority to administer

medication, including, but not limited to, failure of the written test on 2 occasions shall be given consideration for shift transfer or reassignment, if possible. No employee shall be terminated for failure to qualify during the 3-month time period following initial testing. Refusal to complete training and testing required by this Section may be grounds for immediate dismissal.

(i) No authorized direct care staff person delegated to administer medication shall be subject to suspension or discharge for errors resulting from the staff person's acts or omissions when performing the functions unless the staff person's actions or omissions constitute willful and wanton conduct. Nothing in this subsection is intended to supersede paragraph (4) of subsection (c).

(j) A registered professional nurse, advanced practice nurse, physician licensed to practice medicine in all its branches, or physician assistant shall be on duty or on call at all times in any program covered by this Section.

(k) The employer shall be responsible for maintaining liability insurance for any program covered by this Section.

(l) Any direct care staff person who qualifies as authorized direct care staff pursuant to this Section shall be granted consideration for a one-time additional salary differential. The Department shall determine and provide the necessary funding for the differential in the base. This subsection (l) is inoperative on and after June 30, 2000.

(Source: P.A. 98-718, eff. 1-1-15; 98-901, eff. 8-15-14; 99-78, eff. 7-20-15; 99-143, eff. 7-27-15.)

Section 40. The Department of Professional Regulation Law of the Civil Administrative Code of Illinois is amended by changing Section 2105-360 as follows:

(20 ILCS 2105/2105-360)

Sec. 2105-360. Licensing exemptions for athletic team health care professionals.

(a) Definitions. For purposes of this Section:

"Athletic team" means any professional or amateur level group from outside the State of Illinois organized for the purpose of engaging in athletic events that employs the services of a health care professional.

"Health care professional" means a physician, physician assistant, physical therapist, athletic trainer, or acupuncturist.

(b) Notwithstanding any other provision of law, a health care professional who is licensed to practice in another state or country shall be exempt from licensure requirements under the applicable Illinois professional Act while practicing his or her profession in this State if all of the following conditions are met:

(1) The health care professional has an oral or written agreement with an athletic team to provide health care

services to the athletic team members, coaching staff, and families traveling with the athletic team for a specific sporting event to take place in this State.

(2) The health care professional may not provide care or consultation to any person residing in this State other than a person described in paragraph (1) of this subsection (b) unless the care is covered under the Good Samaritan Act.

(c) The exemption from licensure shall remain in force while the health care professional is traveling with the athletic team, but shall be no longer than 10 days per individual sporting event.

(d) The Secretary, upon prior written request by the health care professional, may grant the health care professional additional time of up to 20 additional days per sporting event. The total number of days the health care professional may be exempt, including additional time granted upon request, may not exceed 30 days per sporting event.

(e) A health care professional who is exempt from licensure requirements under this Section is not authorized to practice at a health care clinic or facility, including an acute care facility.

(Source: P.A. 99-206, eff. 9-1-15.)

Section 45. The Department of Public Health Act is amended by changing Sections 7 and 8.2 as follows:

(20 ILCS 2305/7) (from Ch. 111 1/2, par. 22.05)

Sec. 7. The Illinois Department of Public Health shall adopt rules requiring that upon death of a person who had or is suspected of having an infectious or communicable disease that could be transmitted through contact with the person's body or bodily fluids, the body shall be labeled "Infection Hazard", or with an equivalent term to inform persons having subsequent contact with the body, including any funeral director or embalmer, to take suitable precautions. Such rules shall require that the label shall be prominently displayed on and affixed to the outer wrapping or covering of the body if the body is wrapped or covered in any manner. Responsibility for such labeling shall lie with the attending physician, advanced practice nurse, or physician assistant who certifies death, or if the death occurs in a health care facility, with such staff member as may be designated by the administrator of the facility. The Department may adopt rules providing for the safe disposal of human remains. To the extent feasible without endangering the public's health, the Department shall respect and accommodate the religious beliefs of individuals in implementing this Section.

(Source: P.A. 93-829, eff. 7-28-04.)

(20 ILCS 2305/8.2)

Sec. 8.2. Osteoporosis Prevention and Education Program.

(a) The Department of Public Health, utilizing available federal funds, State funds appropriated for that purpose, or other available funding as provided for in this Section, shall establish, promote, and maintain an Osteoporosis Prevention and Education Program to promote public awareness of the causes of osteoporosis, options for prevention, the value of early detection, and possible treatments (including the benefits and risks of those treatments). The Department may accept, for that purpose, any special grant of money, services, or property from the federal government or any of its agencies or from any foundation, organization, or medical school.

(b) The program shall include the following:

(1) Development of a public education and outreach campaign to promote osteoporosis prevention and education, including, but not limited to, the following subjects:

(A) The cause and nature of the disease.

(B) Risk factors.

(C) The role of hysterectomy.

(D) Prevention of osteoporosis, including nutrition, diet, and physical exercise.

(E) Diagnostic procedures and appropriate indications for their use.

(F) Hormone replacement, including benefits and risks.

(G) Environmental safety and injury prevention.

(H) Availability of osteoporosis diagnostic

treatment services in the community.

(2) Development of educational materials to be made available for consumers, particularly targeted to high-risk groups, through local health departments, local physicians, advanced practice nurses, or physician assistants, other providers (including, but not limited to, health maintenance organizations, hospitals, and clinics), and women's organizations.

(3) Development of professional education programs for health care providers to assist them in understanding research findings and the subjects set forth in paragraph (1).

(4) Development and maintenance of a list of current providers of specialized services for the prevention and treatment of osteoporosis. Dissemination of the list shall be accompanied by a description of diagnostic procedures, appropriate indications for their use, and a cautionary statement about the current status of osteoporosis research, prevention, and treatment. The statement shall also indicate that the Department does not license, certify, or in any other way approve osteoporosis programs or centers in this State.

(c) The State Board of Health shall serve as an advisory board to the Department with specific respect to the prevention and education activities related to osteoporosis described in this Section. The State Board of Health shall assist the

Department in implementing this Section.

(Source: P.A. 88-622, eff. 1-1-95.)

Section 50. The Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois is amended by changing Sections 2310-345, 2310-397, 2310-410, 2310-425, and 2310-600 and by renumbering and changing Section 2310-685 (as added by Public Act 99-424) as follows:

(20 ILCS 2310/2310-345) (was 20 ILCS 2310/55.49)

Sec. 2310-345. Breast cancer; written summary regarding early detection and treatment.

(a) From funds made available for this purpose, the Department shall publish, in layman's language, a standardized written summary outlining methods for the early detection and diagnosis of breast cancer. The summary shall include recommended guidelines for screening and detection of breast cancer through the use of techniques that shall include but not be limited to self-examination, clinical breast exams, and diagnostic radiology.

(b) The summary shall also suggest that women seek mammography services from facilities that are certified to perform mammography as required by the federal Mammography Quality Standards Act of 1992.

(c) The summary shall also include the medically viable alternative methods for the treatment of breast cancer,

including, but not limited to, hormonal, radiological, chemotherapeutic, or surgical treatments or combinations thereof. The summary shall contain information on breast reconstructive surgery, including, but not limited to, the use of breast implants and their side effects. The summary shall inform the patient of the advantages, disadvantages, risks, and dangers of the various procedures. The summary shall include (i) a statement that mammography is the most accurate method for making an early detection of breast cancer, however, no diagnostic tool is 100% effective, (ii) the benefits of clinical breast exams, and (iii) instructions for performing breast self-examination and a statement that it is important to perform a breast self-examination monthly.

(c-5) The summary shall specifically address the benefits of early detection and review the clinical standard recommendations by the Centers for Disease Control and Prevention and the American Cancer Society for mammography, clinical breast exams, and breast self-exams.

(c-10) The summary shall also inform individuals that public and private insurance providers shall pay for clinical breast exams as part of an exam, as indicated by guidelines of practice.

(c-15) The summary shall also inform individuals, in layman's terms, of the meaning and consequences of "dense breast tissue" under the guidelines of the Breast Imaging Reporting and Data System of the American College of Radiology

and potential recommended follow-up tests or studies.

(d) In developing the summary, the Department shall consult with the Advisory Board of Cancer Control, the Illinois State Medical Society and consumer groups. The summary shall be updated by the Department every 2 years.

(e) The summaries shall additionally be translated into Spanish, and the Department shall conduct a public information campaign to distribute the summaries to the Hispanic women of this State in order to inform them of the importance of early detection and mammograms.

(f) The Department shall distribute the summary to hospitals, public health centers, ~~and~~ physicians, and other health care professionals who are likely to perform or order diagnostic tests for breast disease or treat breast cancer by surgical or other medical methods. Those hospitals, public health centers, ~~and~~ physicians, and other health care professionals shall make the summaries available to the public. The Department shall also distribute the summaries to any person, organization, or other interested parties upon request. The summaries may be duplicated by any person, provided the copies are identical to the current summary prepared by the Department.

(g) The summary shall display, on the inside of its cover, printed in capital letters, in bold face type, the following paragraph:

"The information contained in this brochure regarding

recommendations for early detection and diagnosis of breast disease and alternative breast disease treatments is only for the purpose of assisting you, the patient, in understanding the medical information and advice offered by your physician. This brochure cannot serve as a substitute for the sound professional advice of your physician. The availability of this brochure or the information contained within is not intended to alter, in any way, the existing physician-patient relationship, nor the existing professional obligations of your physician in the delivery of medical services to you, the patient."

(h) The summary shall be updated when necessary.

(20 ILCS 2310/2310-397) (was 20 ILCS 2310/55.90)

Sec. 2310-397. Prostate and testicular cancer program.

(a) The Department, subject to appropriation or other available funding, shall conduct a program to promote awareness and early detection of prostate and testicular cancer. The program may include, but need not be limited to:

(1) Dissemination of information regarding the incidence of prostate and testicular cancer, the risk factors associated with prostate and testicular cancer, and the benefits of early detection and treatment.

(2) Promotion of information and counseling about treatment options.

(3) Establishment and promotion of referral services and screening programs.

Beginning July 1, 2004, the program must include the development and dissemination, through print and broadcast media, of public service announcements that publicize the importance of prostate cancer screening for men over age 40.

(b) Subject to appropriation or other available funding, a Prostate Cancer Screening Program shall be established in the Department of Public Health.

(1) The Program shall apply to the following persons and entities:

(A) uninsured and underinsured men 50 years of age and older;

(B) uninsured and underinsured men between 40 and 50 years of age who are at high risk for prostate cancer, upon the advice of a physician, advanced practice nurse, or physician assistant or upon the request of the patient; and

(C) non-profit organizations providing assistance to persons described in subparagraphs (A) and (B).

(2) Any entity funded by the Program shall coordinate with other local providers of prostate cancer screening, diagnostic, follow-up, education, and advocacy services to avoid duplication of effort. Any entity funded by the Program shall comply with any applicable State and federal standards regarding prostate cancer screening.

(3) Administrative costs of the Department shall not exceed 10% of the funds allocated to the Program. Indirect costs of the entities funded by this Program shall not exceed 12%. The Department shall define "indirect costs" in accordance with applicable State and federal law.

(4) Any entity funded by the Program shall collect data and maintain records that are determined by the Department to be necessary to facilitate the Department's ability to monitor and evaluate the effectiveness of the entities and the Program. Commencing with the Program's second year of operation, the Department shall submit an Annual Report to the General Assembly and the Governor. The report shall describe the activities and effectiveness of the Program and shall include, but not be limited to, the following types of information regarding those served by the Program:

(A) the number; and

(B) the ethnic, geographic, and age breakdown.

(5) The Department or any entity funded by the Program shall collect personal and medical information necessary to administer the Program from any individual applying for services under the Program. The information shall be confidential and shall not be disclosed other than for purposes directly connected with the administration of the Program or except as otherwise provided by law or pursuant to prior written consent of the subject of the information.

(6) The Department or any entity funded by the program

may disclose the confidential information to medical personnel and fiscal intermediaries of the State to the extent necessary to administer the Program, and to other State public health agencies or medical researchers if the confidential information is necessary to carry out the duties of those agencies or researchers in the investigation, control, or surveillance of prostate cancer.

(c) The Department shall adopt rules to implement the Prostate Cancer Screening Program in accordance with the Illinois Administrative Procedure Act.

(Source: P.A. 98-87, eff. 1-1-14.)

(20 ILCS 2310/2310-410) (was 20 ILCS 2310/55.42)

Sec. 2310-410. Sickle cell disease. To conduct a public information campaign for physicians, advanced practice nurses, physician assistants, hospitals, health facilities, public health departments, and the general public on sickle cell disease, methods of care, and treatment modalities available; to identify and catalogue sickle cell resources in this State for distribution and referral purposes; and to coordinate services with the established programs, including State, federal, and voluntary groups.

(Source: P.A. 91-239, eff. 1-1-00.)

(20 ILCS 2310/2310-425) (was 20 ILCS 2310/55.66)

Sec. 2310-425. Health care summary for women.

(a) From funds made available from the General Assembly for this purpose, the Department shall publish in plain language, in both an English and a Spanish version, a pamphlet providing information regarding health care for women which shall include the following:

(1) A summary of the various medical conditions, including cancer, sexually transmitted diseases, endometriosis, or other similar diseases or conditions widely affecting women's reproductive health, that may require a hysterectomy or other treatment.

(2) A summary of the recommended schedule and indications for physical examinations, including "pap smears" or other tests designed to detect medical conditions of the uterus and other reproductive organs.

(3) A summary of the widely accepted medical treatments, including viable alternatives, that may be prescribed for the medical conditions specified in paragraph (1).

(b) In developing the summary the Department shall consult with the Illinois State Medical Society, Illinois Society of Advanced Practice Nurses, the Illinois Academy of Physician Assistants, and consumer groups. The summary shall be updated by the Department every 2 years.

(c) The Department shall distribute the summary to hospitals, public health centers, and health care

professionals ~~physicians~~ who are likely to treat medical conditions described in paragraph (1) of subsection (a). Those hospitals, public health centers, and physicians shall make the summaries available to the public. The Department shall also distribute the summaries to any person, organization, or other interested parties upon request. The summary may be duplicated by any person provided the copies are identical to the current summary prepared by the Department.

(d) The summary shall display on the inside of its cover, printed in capital letters and bold face type, the following paragraph:

"The information contained in this brochure is only for the purpose of assisting you, the patient, in understanding the medical information and advice offered by your health care professional ~~physician~~. This brochure cannot serve as a substitute for the sound professional advice of your health care professional ~~physician~~. The availability of this brochure or the information contained within is not intended to alter, in any way, the existing health care professional-patient ~~physician-patient~~ relationship, nor the existing professional obligations of your health care professional ~~physician~~ in the delivery of medical services to you, the patient."

(Source: P.A. 91-239, eff. 1-1-00.)

(20 ILCS 2310/2310-600)

Sec. 2310-600. Advance directive information.

(a) The Department of Public Health shall prepare and publish the summary of advance directives law, as required by the federal Patient Self-Determination Act, and related forms. Publication may be limited to the World Wide Web. The summary required under this subsection (a) must include the Department of Public Health Uniform POLST form.

(b) The Department of Public Health shall publish Spanish language versions of the following:

(1) The statutory Living Will Declaration form.

(2) The Illinois Statutory Short Form Power of Attorney for Health Care.

(3) The statutory Declaration of Mental Health Treatment Form.

(4) The summary of advance directives law in Illinois.

(5) The Department of Public Health Uniform POLST form. Publication may be limited to the World Wide Web.

(b-5) In consultation with a statewide professional organization representing physicians licensed to practice medicine in all its branches, statewide organizations representing physician assistants, advanced practice nurses, nursing homes, registered professional nurses, and emergency medical systems, and a statewide organization representing hospitals, the Department of Public Health shall develop and publish a uniform form for practitioner cardiopulmonary resuscitation (CPR) or life-sustaining treatment orders that may be utilized in all settings. The form shall meet the

published minimum requirements to nationally be considered a practitioner orders for life-sustaining treatment form, or POLST, and may be referred to as the Department of Public Health Uniform POLST form. This form does not replace a physician's or other practitioner's authority to make a do-not-resuscitate (DNR) order.

(c) (Blank).

(d) The Department of Public Health shall publish the Department of Public Health Uniform POLST form reflecting the changes made by this amendatory Act of the 98th General Assembly no later than January 1, 2015.

(Source: P.A. 98-1110, eff. 8-26-14; 99-319, eff. 1-1-16.)

(20 ILCS 2310/2310-690)

Sec. 2310-690 ~~2310-685~~. Cytomegalovirus public education.

(a) In this Section:

"CMV" means cytomegalovirus.

"Health care professional and provider" means any physician, advanced practice nurse, physician assistant, hospital facility, or other person that is licensed or otherwise authorized to deliver health care services.

(b) The Department shall develop or approve and publish informational materials for women who may become pregnant, expectant parents, and parents of infants regarding:

(1) the incidence of CMV;

(2) the transmission of CMV to pregnant women and women

who may become pregnant;

(3) birth defects caused by congenital CMV;

(4) methods of diagnosing congenital CMV; and

(5) available preventive measures to avoid the infection of women who are pregnant or may become pregnant.

(c) The Department shall publish the information required under subsection (b) on its Internet website.

(d) The Department shall publish information to:

(1) educate women who may become pregnant, expectant parents, and parents of infants about CMV; and

(2) raise awareness of CMV among health care professionals and providers who provide care to expectant mothers or infants.

(e) The Department may solicit and accept the assistance of any relevant health care professional ~~medical~~ associations or community resources, including faith-based resources, to promote education about CMV under this Section.

(f) If a newborn infant fails the 2 initial hearing screenings in the hospital, then the hospital performing that screening shall provide to the parents of the newborn infant information regarding: (i) birth defects caused by congenital CMV; (ii) testing opportunities and options for CMV, including the opportunity to test for CMV before leaving the hospital; and (iii) early intervention services. Health care professionals and providers may, but are not required to, use the materials developed by the Department for distribution to

parents of newborn infants.

(Source: P.A. 99-424, eff. 1-1-16; revised 9-28-15.)

Section 55. The Comprehensive Healthcare Workforce Planning Act is amended by changing Section 15 as follows:

(20 ILCS 2325/15)

Sec. 15. Members.

(a) The following 10 persons or their designees shall be members of the Council: the Director of the Department; a representative of the Governor's Office; the Secretary of Human Services; the Directors of the Departments of Commerce and Economic Opportunity, Employment Security, Financial and Professional Regulation, and Healthcare and Family Services; and the Executive Director of the Board of Higher Education, the Executive Director of the Illinois Community College Board, and the State Superintendent of Education.

(b) The Governor shall appoint 9 ~~8~~ additional members, who shall be healthcare workforce experts, including representatives of practicing physicians, nurses, pharmacists, and dentists, physician assistants, State and local health professions organizations, schools of medicine and osteopathy, nursing, dental, physician assistants, allied health, and public health; public and private teaching hospitals; health insurers, business; and labor. The Speaker of the Illinois House of Representatives, the President of the Illinois Senate,

the Minority Leader of the Illinois House of Representatives, and the Minority Leader of the Illinois Senate may each appoint 2 representatives to the Council. Members appointed under this subsection (b) shall serve 4-year terms and may be reappointed.

(c) The Director of the Department shall serve as Chair of the Council. The Governor shall appoint a healthcare workforce expert from the non-governmental sector to serve as Vice-Chair. (Source: P.A. 97-424, eff. 7-1-12; 98-719, eff. 1-1-15.)

Section 60. The Community Health Worker Advisory Board Act is amended by changing Section 10 as follows:

(20 ILCS 2335/10)

Sec. 10. Advisory Board.

(a) There is created the Advisory Board on Community Health Workers. The Board shall consist of 16 ~~15~~ members appointed by the Director of Public Health. The Director shall make the appointments to the Board within 90 days after the effective date of this Act. The members of the Board shall represent different racial and ethnic backgrounds and have the qualifications as follows:

(1) four members who currently serve as community health workers in Cook County, one of whom shall have served as a health insurance marketplace navigator;

(2) two members who currently serve as community health workers in DuPage, Kane, Lake, or Will County;

(3) one member who currently serves as a community health worker in Bond, Calhoun, Clinton, Jersey, Macoupin, Madison, Monroe, Montgomery, Randolph, St. Clair, or Washington County;

(4) one member who currently serves as a community health worker in any other county in the State;

(5) one member who is a physician licensed to practice medicine in Illinois;

(6) one member who is a physician assistant;

(7) ~~(6)~~ one member who is a licensed nurse or advanced practice nurse;

(8) ~~(7)~~ one member who is a licensed social worker, counselor, or psychologist;

(9) ~~(8)~~ one member who currently employs community health workers;

(10) ~~(9)~~ one member who is a health policy advisor with experience in health workforce policy;

(11) ~~(10)~~ one member who is a public health professional with experience with community health policy;  
and

(12) ~~(11)~~ one representative of a community college, university, or educational institution that provides training to community health workers.

(b) In addition, the following persons or their designees shall serve as ex officio, non-voting members of the Board: the Executive Director of the Illinois Community College Board, the

Director of Children and Family Services, the Director of Aging, the Director of Public Health, the Director of Employment Security, the Director of Commerce and Economic Opportunity, the Secretary of Financial and Professional Regulation, the Director of Healthcare and Family Services, and the Secretary of Human Services.

(c) The voting members of the Board shall select a chairperson from the voting members of the Board. The Board shall consult with additional experts as needed. Members of the Board shall serve without compensation. The Department shall provide administrative and staff support to the Board. The meetings of the Board are subject to the provisions of the Open Meetings Act.

(d) The Board shall consider the core competencies of a community health worker, including skills and areas of knowledge that are essential to bringing about expanded health and wellness in diverse communities and reducing health disparities. As relating to members of communities and health teams, the core competencies for effective community health workers may include, but are not limited to:

- (1) outreach methods and strategies;
- (2) client and community assessment;
- (3) effective community-based and participatory methods, including research;
- (4) culturally competent communication and care;
- (5) health education for behavior change;

(6) support, advocacy, and health system navigation for clients;

(7) application of public health concepts and approaches;

(8) individual and community capacity building and mobilization; and

(9) writing, oral, technical, and communication skills.

(Source: P.A. 98-796, eff. 7-31-14.)

Section 65. The Illinois Housing Development Act is amended by changing Section 7.30 as follows:

(20 ILCS 3805/7.30)

Sec. 7.30. Foreclosure Prevention Program.

(a) The Authority shall establish and administer a Foreclosure Prevention Program. The Authority shall use moneys in the Foreclosure Prevention Program Fund, and any other funds appropriated for this purpose, to make grants to (i) approved counseling agencies for approved housing counseling and (ii) approved community-based organizations for approved foreclosure prevention outreach programs. The Authority shall promulgate rules to implement this Program and may adopt emergency rules as soon as practicable to begin implementation of the Program.

(b) Subject to appropriation and the annual receipt of

funds, the Authority shall make grants from the Foreclosure Prevention Program Fund derived from fees paid as specified in subsection (a) of Section 15-1504.1 of the Code of Civil Procedure as follows:

(1) 25% of the moneys in the Fund shall be used to make grants to approved counseling agencies that provide services in Illinois outside of the City of Chicago. Grants shall be based upon the number of foreclosures filed in an approved counseling agency's service area, the capacity of the agency to provide foreclosure counseling services, and any other factors that the Authority deems appropriate.

(2) 25% of the moneys in the Fund shall be distributed to the City of Chicago to make grants to approved counseling agencies located within the City of Chicago for approved housing counseling or to support foreclosure prevention counseling programs administered by the City of Chicago.

(3) 25% of the moneys in the Fund shall be used to make grants to approved community-based organizations located outside of the City of Chicago for approved foreclosure prevention outreach programs.

(4) 25% of the moneys in the Fund shall be used to make grants to approved community-based organizations located within the City of Chicago for approved foreclosure prevention outreach programs, with priority given to programs that provide door-to-door outreach.

(b-1) Subject to appropriation and the annual receipt of funds, the Authority shall make grants from the Foreclosure Prevention Program Graduated Fund derived from fees paid as specified in paragraph (1) of subsection (a-5) of Section 15-1504.1 of the Code of Civil Procedure, as follows:

(1) 30% shall be used to make grants for approved housing counseling in Cook County outside of the City of Chicago;

(2) 25% shall be used to make grants for approved housing counseling in the City of Chicago;

(3) 30% shall be used to make grants for approved housing counseling in DuPage, Kane, Lake, McHenry, and Will Counties; and

(4) 15% shall be used to make grants for approved housing counseling in Illinois in counties other than Cook, DuPage, Kane, Lake, McHenry, and Will Counties provided that grants to provide approved housing counseling to borrowers residing within these counties shall be based, to the extent practicable, (i) proportionately on the amount of fees paid to the respective clerks of the courts within these counties and (ii) on any other factors that the Authority deems appropriate.

The percentages set forth in this subsection (b-1) shall be calculated after deduction of reimbursable administrative expenses incurred by the Authority, but shall not be greater than 4% of the annual appropriated amount.

(b-5) As used in this Section:

"Approved community-based organization" means a not-for-profit entity that provides educational and financial information to residents of a community through in-person contact. "Approved community-based organization" does not include a not-for-profit corporation or other entity or person that provides legal representation or advice in a civil proceeding or court-sponsored mediation services, or a governmental agency.

"Approved foreclosure prevention outreach program" means a program developed by an approved community-based organization that includes in-person contact with residents to provide (i) pre-purchase and post-purchase home ownership counseling, (ii) education about the foreclosure process and the options of a mortgagor in a foreclosure proceeding, and (iii) programs developed by an approved community-based organization in conjunction with a State or federally chartered financial institution.

"Approved counseling agency" means a housing counseling agency approved by the U.S. Department of Housing and Urban Development.

"Approved housing counseling" means in-person counseling provided by a counselor employed by an approved counseling agency to all borrowers, or documented telephone counseling where a hardship would be imposed on one or more borrowers. A hardship shall exist in instances in which the borrower is

confined to his or her home due to a medical condition, as verified in writing by a physician, advanced practice nurse, or physician assistant, or the borrower resides 50 miles or more from the nearest approved counseling agency. In instances of telephone counseling, the borrower must supply all necessary documents to the counselor at least 72 hours prior to the scheduled telephone counseling session.

(c) (Blank).

(c-5) Where the jurisdiction of an approved counseling agency is included within more than one of the geographic areas set forth in this Section, the Authority may elect to fully fund the applicant from one of the relevant geographic areas.

(Source: P.A. 97-1164, eff. 6-1-13; 98-20, eff. 6-11-13.)

Section 70. The Illinois Health Information Exchange and Technology Act is amended by changing Section 15 as follows:

(20 ILCS 3860/15)

(Section scheduled to be repealed on January 1, 2021)

Sec. 15. Governance of the Illinois Health Information Exchange Authority.

(a) The Authority shall consist of and be governed by one Executive Director and 8 directors who are hereby authorized to carry out the provisions of this Act and to exercise the powers conferred under this Act.

(b) The Executive Director and 8 directors shall be

appointed to 3-year staggered terms by the Governor with the advice and consent of the Senate. Of the members first appointed after the effective date of this Act, 3 shall be appointed for a term of one year, 3 shall be appointed for a term of 2 years, and 3 shall be appointed for a term of 3 years. The Executive Director and directors may serve successive terms and, in the event the term of the Executive Director or a director expires, he or she shall serve in the expired term until a new Executive Director or director is appointed and qualified. Vacancies shall be filled for the unexpired term in the same manner as original appointments. The Governor may remove a director or the Executive Director for incompetency, dereliction of duty, malfeasance, misfeasance, or nonfeasance in office or any other good cause. The Executive Director shall be compensated at an annual salary of 75% of the salary of the Governor.

(c) The Executive Director and directors shall be chosen with due regard to broad geographic representation and shall be representative of a broad spectrum of health care providers and stakeholders, including representatives from any of the following fields or groups: health care consumers, consumer advocates, physicians, physician assistants, nurses, hospitals, federally qualified health centers as defined in Section 1905(1)(2)(B) of the Social Security Act and any subsequent amendments thereto, health plans or third-party payors, employers, long-term care providers, pharmacists,

State and local public health entities, outpatient diagnostic service providers, behavioral health providers, home health agency organizations, health professional schools in Illinois, health information technology, or health information research.

(d) The directors of the Illinois Department of Healthcare and Family Services, the Illinois Department of Public Health, and the Illinois Department of Insurance and the Secretary of the Illinois Department of Human Services, or their designees, and a designee of the Office of the Governor, shall serve as ex-officio members of the Authority.

(e) The Authority is authorized to conduct its business by a majority of the appointed members. The Authority may adopt bylaws in order to conduct meetings. The bylaws may permit the Authority to meet by telecommunication or electronic communication.

(f) The Authority shall appoint an Illinois Health Information Exchange Authority Advisory Committee ("Advisory Committee") with representation from any of the fields or groups listed in subsection (c) of this Section. The purpose of the Advisory Committee shall be to advise and provide recommendations to the Authority regarding the ILHIE. The Advisory Committee members shall serve 2-year terms. The Authority may establish other advisory committees and subcommittees to conduct the business of the Authority.

(g) Directors of the Authority, members of the Advisory Committee, and any other advisory committee and subcommittee

members may be reimbursed for ordinary and contingent travel and meeting expenses for their service at the rate approved for State employee travel.

(Source: P.A. 96-1331, eff. 7-27-10.)

Section 75. The Property Tax Code is amended by changing Sections 15-168 and 15-172 as follows:

(35 ILCS 200/15-168)

Sec. 15-168. Homestead exemption for persons with disabilities.

(a) Beginning with taxable year 2007, an annual homestead exemption is granted to persons with disabilities in the amount of \$2,000, except as provided in subsection (c), to be deducted from the property's value as equalized or assessed by the Department of Revenue. The person with a disability shall receive the homestead exemption upon meeting the following requirements:

(1) The property must be occupied as the primary residence by the person with a disability.

(2) The person with a disability must be liable for paying the real estate taxes on the property.

(3) The person with a disability must be an owner of record of the property or have a legal or equitable interest in the property as evidenced by a written instrument. In the case of a leasehold interest in

property, the lease must be for a single family residence.

A person who has a disability during the taxable year is eligible to apply for this homestead exemption during that taxable year. Application must be made during the application period in effect for the county of residence. If a homestead exemption has been granted under this Section and the person awarded the exemption subsequently becomes a resident of a facility licensed under the Nursing Home Care Act, the Specialized Mental Health Rehabilitation Act of 2013, the ID/DD Community Care Act, or the MC/DD Act, then the exemption shall continue (i) so long as the residence continues to be occupied by the qualifying person's spouse or (ii) if the residence remains unoccupied but is still owned by the person qualified for the homestead exemption.

(b) For the purposes of this Section, "person with a disability" means a person unable to engage in any substantial gainful activity by reason of a medically determinable physical or mental impairment which can be expected to result in death or has lasted or can be expected to last for a continuous period of not less than 12 months. Persons with disabilities filing claims under this Act shall submit proof of disability in such form and manner as the Department shall by rule and regulation prescribe. Proof that a claimant is eligible to receive disability benefits under the Federal Social Security Act shall constitute proof of disability for purposes of this Act. Issuance of an Illinois Person with a Disability

Identification Card stating that the claimant is under a Class 2 disability, as defined in Section 4A of the Illinois Identification Card Act, shall constitute proof that the person named thereon is a person with a disability for purposes of this Act. A person with a disability not covered under the Federal Social Security Act and not presenting an Illinois Person with a Disability Identification Card stating that the claimant is under a Class 2 disability shall be examined by a physician, advanced practice nurse, or physician assistant designated by the Department, and his status as a person with a disability determined using the same standards as used by the Social Security Administration. The costs of any required examination shall be borne by the claimant.

(c) For land improved with (i) an apartment building owned and operated as a cooperative or (ii) a life care facility as defined under Section 2 of the Life Care Facilities Act that is considered to be a cooperative, the maximum reduction from the value of the property, as equalized or assessed by the Department, shall be multiplied by the number of apartments or units occupied by a person with a disability. The person with a disability shall receive the homestead exemption upon meeting the following requirements:

(1) The property must be occupied as the primary residence by the person with a disability.

(2) The person with a disability must be liable by contract with the owner or owners of record for paying the

apportioned property taxes on the property of the cooperative or life care facility. In the case of a life care facility, the person with a disability must be liable for paying the apportioned property taxes under a life care contract as defined in Section 2 of the Life Care Facilities Act.

(3) The person with a disability must be an owner of record of a legal or equitable interest in the cooperative apartment building. A leasehold interest does not meet this requirement.

If a homestead exemption is granted under this subsection, the cooperative association or management firm shall credit the savings resulting from the exemption to the apportioned tax liability of the qualifying person with a disability. The chief county assessment officer may request reasonable proof that the association or firm has properly credited the exemption. A person who willfully refuses to credit an exemption to the qualified person with a disability is guilty of a Class B misdemeanor.

(d) The chief county assessment officer shall determine the eligibility of property to receive the homestead exemption according to guidelines established by the Department. After a person has received an exemption under this Section, an annual verification of eligibility for the exemption shall be mailed to the taxpayer.

In counties with fewer than 3,000,000 inhabitants, the

chief county assessment officer shall provide to each person granted a homestead exemption under this Section a form to designate any other person to receive a duplicate of any notice of delinquency in the payment of taxes assessed and levied under this Code on the person's qualifying property. The duplicate notice shall be in addition to the notice required to be provided to the person receiving the exemption and shall be given in the manner required by this Code. The person filing the request for the duplicate notice shall pay an administrative fee of \$5 to the chief county assessment officer. The assessment officer shall then file the executed designation with the county collector, who shall issue the duplicate notices as indicated by the designation. A designation may be rescinded by the person with a disability in the manner required by the chief county assessment officer.

(e) A taxpayer who claims an exemption under Section 15-165 or 15-169 may not claim an exemption under this Section.

(Source: P.A. 98-104, eff. 7-22-13; 99-143, eff. 7-27-15; 99-180, eff. 7-29-15; revised 10-20-15.)

(35 ILCS 200/15-172)

Sec. 15-172. Senior Citizens Assessment Freeze Homestead Exemption.

(a) This Section may be cited as the Senior Citizens Assessment Freeze Homestead Exemption.

(b) As used in this Section:

"Applicant" means an individual who has filed an application under this Section.

"Base amount" means the base year equalized assessed value of the residence plus the first year's equalized assessed value of any added improvements which increased the assessed value of the residence after the base year.

"Base year" means the taxable year prior to the taxable year for which the applicant first qualifies and applies for the exemption provided that in the prior taxable year the property was improved with a permanent structure that was occupied as a residence by the applicant who was liable for paying real property taxes on the property and who was either (i) an owner of record of the property or had legal or equitable interest in the property as evidenced by a written instrument or (ii) had a legal or equitable interest as a lessee in the parcel of property that was single family residence. If in any subsequent taxable year for which the applicant applies and qualifies for the exemption the equalized assessed value of the residence is less than the equalized assessed value in the existing base year (provided that such equalized assessed value is not based on an assessed value that results from a temporary irregularity in the property that reduces the assessed value for one or more taxable years), then that subsequent taxable year shall become the base year until a new base year is established under the terms of this paragraph. For taxable year 1999 only, the Chief County Assessment Officer

shall review (i) all taxable years for which the applicant applied and qualified for the exemption and (ii) the existing base year. The assessment officer shall select as the new base year the year with the lowest equalized assessed value. An equalized assessed value that is based on an assessed value that results from a temporary irregularity in the property that reduces the assessed value for one or more taxable years shall not be considered the lowest equalized assessed value. The selected year shall be the base year for taxable year 1999 and thereafter until a new base year is established under the terms of this paragraph.

"Chief County Assessment Officer" means the County Assessor or Supervisor of Assessments of the county in which the property is located.

"Equalized assessed value" means the assessed value as equalized by the Illinois Department of Revenue.

"Household" means the applicant, the spouse of the applicant, and all persons using the residence of the applicant as their principal place of residence.

"Household income" means the combined income of the members of a household for the calendar year preceding the taxable year.

"Income" has the same meaning as provided in Section 3.07 of the Senior Citizens and Persons with Disabilities Property Tax Relief Act, except that, beginning in assessment year 2001, "income" does not include veteran's benefits.

"Internal Revenue Code of 1986" means the United States Internal Revenue Code of 1986 or any successor law or laws relating to federal income taxes in effect for the year preceding the taxable year.

"Life care facility that qualifies as a cooperative" means a facility as defined in Section 2 of the Life Care Facilities Act.

"Maximum income limitation" means:

- (1) \$35,000 prior to taxable year 1999;
- (2) \$40,000 in taxable years 1999 through 2003;
- (3) \$45,000 in taxable years 2004 through 2005;
- (4) \$50,000 in taxable years 2006 and 2007; and
- (5) \$55,000 in taxable year 2008 and thereafter.

"Residence" means the principal dwelling place and appurtenant structures used for residential purposes in this State occupied on January 1 of the taxable year by a household and so much of the surrounding land, constituting the parcel upon which the dwelling place is situated, as is used for residential purposes. If the Chief County Assessment Officer has established a specific legal description for a portion of property constituting the residence, then that portion of property shall be deemed the residence for the purposes of this Section.

"Taxable year" means the calendar year during which ad valorem property taxes payable in the next succeeding year are levied.

(c) Beginning in taxable year 1994, a senior citizens assessment freeze homestead exemption is granted for real property that is improved with a permanent structure that is occupied as a residence by an applicant who (i) is 65 years of age or older during the taxable year, (ii) has a household income that does not exceed the maximum income limitation, (iii) is liable for paying real property taxes on the property, and (iv) is an owner of record of the property or has a legal or equitable interest in the property as evidenced by a written instrument. This homestead exemption shall also apply to a leasehold interest in a parcel of property improved with a permanent structure that is a single family residence that is occupied as a residence by a person who (i) is 65 years of age or older during the taxable year, (ii) has a household income that does not exceed the maximum income limitation, (iii) has a legal or equitable ownership interest in the property as lessee, and (iv) is liable for the payment of real property taxes on that property.

In counties of 3,000,000 or more inhabitants, the amount of the exemption for all taxable years is the equalized assessed value of the residence in the taxable year for which application is made minus the base amount. In all other counties, the amount of the exemption is as follows: (i) through taxable year 2005 and for taxable year 2007 and thereafter, the amount of this exemption shall be the equalized assessed value of the residence in the taxable year for which

application is made minus the base amount; and (ii) for taxable year 2006, the amount of the exemption is as follows:

(1) For an applicant who has a household income of \$45,000 or less, the amount of the exemption is the equalized assessed value of the residence in the taxable year for which application is made minus the base amount.

(2) For an applicant who has a household income exceeding \$45,000 but not exceeding \$46,250, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.8.

(3) For an applicant who has a household income exceeding \$46,250 but not exceeding \$47,500, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.6.

(4) For an applicant who has a household income exceeding \$47,500 but not exceeding \$48,750, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.4.

(5) For an applicant who has a household income exceeding \$48,750 but not exceeding \$50,000, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.2.

When the applicant is a surviving spouse of an applicant for a prior year for the same residence for which an exemption under this Section has been granted, the base year and base amount for that residence are the same as for the applicant for the prior year.

Each year at the time the assessment books are certified to the County Clerk, the Board of Review or Board of Appeals shall give to the County Clerk a list of the assessed values of improvements on each parcel qualifying for this exemption that were added after the base year for this parcel and that increased the assessed value of the property.

In the case of land improved with an apartment building owned and operated as a cooperative or a building that is a life care facility that qualifies as a cooperative, the maximum reduction from the equalized assessed value of the property is limited to the sum of the reductions calculated for each unit occupied as a residence by a person or persons (i) 65 years of age or older, (ii) with a household income that does not exceed the maximum income limitation, (iii) who is liable, by contract with the owner or owners of record, for paying real property taxes on the property, and (iv) who is an owner of record of a legal or equitable interest in the cooperative apartment building, other than a leasehold interest. In the instance of a cooperative where a homestead exemption has been granted under this Section, the cooperative association or its management firm shall credit the savings resulting from that exemption

only to the apportioned tax liability of the owner who qualified for the exemption. Any person who willfully refuses to credit that savings to an owner who qualifies for the exemption is guilty of a Class B misdemeanor.

When a homestead exemption has been granted under this Section and an applicant then becomes a resident of a facility licensed under the Assisted Living and Shared Housing Act, the Nursing Home Care Act, the Specialized Mental Health Rehabilitation Act of 2013, the ID/DD Community Care Act, or the MC/DD Act, the exemption shall be granted in subsequent years so long as the residence (i) continues to be occupied by the qualified applicant's spouse or (ii) if remaining unoccupied, is still owned by the qualified applicant for the homestead exemption.

Beginning January 1, 1997, when an individual dies who would have qualified for an exemption under this Section, and the surviving spouse does not independently qualify for this exemption because of age, the exemption under this Section shall be granted to the surviving spouse for the taxable year preceding and the taxable year of the death, provided that, except for age, the surviving spouse meets all other qualifications for the granting of this exemption for those years.

When married persons maintain separate residences, the exemption provided for in this Section may be claimed by only one of such persons and for only one residence.

For taxable year 1994 only, in counties having less than 3,000,000 inhabitants, to receive the exemption, a person shall submit an application by February 15, 1995 to the Chief County Assessment Officer of the county in which the property is located. In counties having 3,000,000 or more inhabitants, for taxable year 1994 and all subsequent taxable years, to receive the exemption, a person may submit an application to the Chief County Assessment Officer of the county in which the property is located during such period as may be specified by the Chief County Assessment Officer. The Chief County Assessment Officer in counties of 3,000,000 or more inhabitants shall annually give notice of the application period by mail or by publication. In counties having less than 3,000,000 inhabitants, beginning with taxable year 1995 and thereafter, to receive the exemption, a person shall submit an application by July 1 of each taxable year to the Chief County Assessment Officer of the county in which the property is located. A county may, by ordinance, establish a date for submission of applications that is different than July 1. The applicant shall submit with the application an affidavit of the applicant's total household income, age, marital status (and if married the name and address of the applicant's spouse, if known), and principal dwelling place of members of the household on January 1 of the taxable year. The Department shall establish, by rule, a method for verifying the accuracy of affidavits filed by applicants under this Section, and the Chief County Assessment

Officer may conduct audits of any taxpayer claiming an exemption under this Section to verify that the taxpayer is eligible to receive the exemption. Each application shall contain or be verified by a written declaration that it is made under the penalties of perjury. A taxpayer's signing a fraudulent application under this Act is perjury, as defined in Section 32-2 of the Criminal Code of 2012. The applications shall be clearly marked as applications for the Senior Citizens Assessment Freeze Homestead Exemption and must contain a notice that any taxpayer who receives the exemption is subject to an audit by the Chief County Assessment Officer.

Notwithstanding any other provision to the contrary, in counties having fewer than 3,000,000 inhabitants, if an applicant fails to file the application required by this Section in a timely manner and this failure to file is due to a mental or physical condition sufficiently severe so as to render the applicant incapable of filing the application in a timely manner, the Chief County Assessment Officer may extend the filing deadline for a period of 30 days after the applicant regains the capability to file the application, but in no case may the filing deadline be extended beyond 3 months of the original filing deadline. In order to receive the extension provided in this paragraph, the applicant shall provide the Chief County Assessment Officer with a signed statement from the applicant's physician, advanced practice nurse, or physician assistant stating the nature and extent of the

condition, that, in the physician's, advanced practice nurse's, or physician assistant's opinion, the condition was so severe that it rendered the applicant incapable of filing the application in a timely manner, and the date on which the applicant regained the capability to file the application.

Beginning January 1, 1998, notwithstanding any other provision to the contrary, in counties having fewer than 3,000,000 inhabitants, if an applicant fails to file the application required by this Section in a timely manner and this failure to file is due to a mental or physical condition sufficiently severe so as to render the applicant incapable of filing the application in a timely manner, the Chief County Assessment Officer may extend the filing deadline for a period of 3 months. In order to receive the extension provided in this paragraph, the applicant shall provide the Chief County Assessment Officer with a signed statement from the applicant's physician, advanced practice nurse, or physician assistant stating the nature and extent of the condition, and that, in the physician's, advanced practice nurse's, or physician assistant's opinion, the condition was so severe that it rendered the applicant incapable of filing the application in a timely manner.

In counties having less than 3,000,000 inhabitants, if an applicant was denied an exemption in taxable year 1994 and the denial occurred due to an error on the part of an assessment official, or his or her agent or employee, then beginning in

taxable year 1997 the applicant's base year, for purposes of determining the amount of the exemption, shall be 1993 rather than 1994. In addition, in taxable year 1997, the applicant's exemption shall also include an amount equal to (i) the amount of any exemption denied to the applicant in taxable year 1995 as a result of using 1994, rather than 1993, as the base year, (ii) the amount of any exemption denied to the applicant in taxable year 1996 as a result of using 1994, rather than 1993, as the base year, and (iii) the amount of the exemption erroneously denied for taxable year 1994.

For purposes of this Section, a person who will be 65 years of age during the current taxable year shall be eligible to apply for the homestead exemption during that taxable year. Application shall be made during the application period in effect for the county of his or her residence.

The Chief County Assessment Officer may determine the eligibility of a life care facility that qualifies as a cooperative to receive the benefits provided by this Section by use of an affidavit, application, visual inspection, questionnaire, or other reasonable method in order to insure that the tax savings resulting from the exemption are credited by the management firm to the apportioned tax liability of each qualifying resident. The Chief County Assessment Officer may request reasonable proof that the management firm has so credited that exemption.

Except as provided in this Section, all information

received by the chief county assessment officer or the Department from applications filed under this Section, or from any investigation conducted under the provisions of this Section, shall be confidential, except for official purposes or pursuant to official procedures for collection of any State or local tax or enforcement of any civil or criminal penalty or sanction imposed by this Act or by any statute or ordinance imposing a State or local tax. Any person who divulges any such information in any manner, except in accordance with a proper judicial order, is guilty of a Class A misdemeanor.

Nothing contained in this Section shall prevent the Director or chief county assessment officer from publishing or making available reasonable statistics concerning the operation of the exemption contained in this Section in which the contents of claims are grouped into aggregates in such a way that information contained in any individual claim shall not be disclosed.

(d) Each Chief County Assessment Officer shall annually publish a notice of availability of the exemption provided under this Section. The notice shall be published at least 60 days but no more than 75 days prior to the date on which the application must be submitted to the Chief County Assessment Officer of the county in which the property is located. The notice shall appear in a newspaper of general circulation in the county.

Notwithstanding Sections 6 and 8 of the State Mandates Act,

no reimbursement by the State is required for the implementation of any mandate created by this Section.

Section 80. The Missing Persons Identification Act is amended by changing Section 5 as follows:

(50 ILCS 722/5)

Sec. 5. Missing person reports.

(a) Report acceptance. All law enforcement agencies shall accept without delay any report of a missing person. Acceptance of a missing person report filed in person may not be refused on any ground. No law enforcement agency may refuse to accept a missing person report:

- (1) on the basis that the missing person is an adult;
- (2) on the basis that the circumstances do not indicate foul play;
- (3) on the basis that the person has been missing for a short period of time;
- (4) on the basis that the person has been missing a long period of time;
- (5) on the basis that there is no indication that the missing person was in the jurisdiction served by the law enforcement agency at the time of the disappearance;
- (6) on the basis that the circumstances suggest that

the disappearance may be voluntary;

(7) on the basis that the reporting individual does not have personal knowledge of the facts;

(8) on the basis that the reporting individual cannot provide all of the information requested by the law enforcement agency;

(9) on the basis that the reporting individual lacks a familial or other relationship with the missing person;

(9-5) on the basis of the missing person's mental state or medical condition; or

(10) for any other reason.

(b) Manner of reporting. All law enforcement agencies shall accept missing person reports in person. Law enforcement agencies are encouraged to accept reports by phone or by electronic or other media to the extent that such reporting is consistent with law enforcement policies or practices.

(c) Contents of report. In accepting a report of a missing person, the law enforcement agency shall attempt to gather relevant information relating to the disappearance. The law enforcement agency shall attempt to gather at the time of the report information that shall include, but shall not be limited to, the following:

(1) the name of the missing person, including alternative names used;

(2) the missing person's date of birth;

(3) the missing person's identifying marks, such as

birthmarks, moles, tattoos, and scars;

(4) the missing person's height and weight;

(5) the missing person's gender;

(6) the missing person's race;

(7) the missing person's current hair color and true or natural hair color;

(8) the missing person's eye color;

(9) the missing person's prosthetics, surgical implants, or cosmetic implants;

(10) the missing person's physical anomalies;

(11) the missing person's blood type, if known;

(12) the missing person's driver's license number, if known;

(13) the missing person's social security number, if known;

(14) a photograph of the missing person; recent photographs are preferable and the agency is encouraged to attempt to ascertain the approximate date the photograph was taken;

(15) a description of the clothing the missing person was believed to be wearing;

(16) a description of items that might be with the missing person, such as jewelry, accessories, and shoes or boots;

(17) information on the missing person's electronic communications devices, such as cellular telephone numbers

and e-mail addresses;

(18) the reasons why the reporting individual believes that the person is missing;

(19) the name and location of the missing person's school or employer, if known;

(20) the name and location of the missing person's dentist or primary care physician or provider, or both, if known;

(21) any circumstances that may indicate that the disappearance was not voluntary;

(22) any circumstances that may indicate that the missing person may be at risk of injury or death;

(23) a description of the possible means of transportation of the missing person, including make, model, color, license number, and Vehicle Identification Number of a vehicle;

(24) any identifying information about a known or possible abductor or person last seen with the missing person, or both, including:

(A) name;

(B) a physical description;

(C) date of birth;

(D) identifying marks;

(E) the description of possible means of transportation, including make, model, color, license number, and Vehicle Identification Number of a

vehicle;

(F) known associates;

(25) any other information that may aid in locating the missing person; and

(26) the date of last contact.

(d) Notification and follow up action.

(1) Notification. The law enforcement agency shall notify the person making the report, a family member, or other person in a position to assist the law enforcement agency in its efforts to locate the missing person of the following:

(A) general information about the handling of the missing person case or about intended efforts in the case to the extent that the law enforcement agency determines that disclosure would not adversely affect its ability to locate or protect the missing person or to apprehend or prosecute any person criminally involved in the disappearance;

(B) that the person should promptly contact the law enforcement agency if the missing person remains missing in order to provide additional information and materials that will aid in locating the missing person such as the missing person's credit cards, debit cards, banking information, and cellular telephone records; and

(C) that any DNA samples provided for the missing

person case are provided on a voluntary basis and will be used solely to help locate or identify the missing person and will not be used for any other purpose.

The law enforcement agency, upon acceptance of a missing person report, shall inform the reporting citizen of one of 2 resources, based upon the age of the missing person. If the missing person is under 18 years of age, contact information for the National Center for Missing and Exploited Children shall be given. If the missing person is age 18 or older, contact information for the National Center for Missing Adults shall be given.

Agencies handling the remains of a missing person who is deceased must notify the agency handling the missing person's case. Documented efforts must be made to locate family members of the deceased person to inform them of the death and location of the remains of their family member.

The law enforcement agency is encouraged to make available informational materials, through publications or electronic or other media, that advise the public about how the information or materials identified in this subsection are used to help locate or identify missing persons.

(2) Follow up action. If the person identified in the missing person report remains missing after 30 days, and the additional information and materials specified below have not been received, the law enforcement agency shall attempt to obtain:

(A) DNA samples from family members or from the missing person along with any needed documentation, or both, including any consent forms, required for the use of State or federal DNA databases, including, but not limited to, the Local DNA Index System (LDIS), State DNA Index System (SDIS), and National DNA Index System (NDIS);

(B) an authorization to release dental or skeletal x-rays of the missing person;

(C) any additional photographs of the missing person that may aid the investigation or an identification; the law enforcement agency is not required to obtain written authorization before it releases publicly any photograph that would aid in the investigation or identification of the missing person;

(D) dental information and x-rays; and

(E) fingerprints.

(3) All DNA samples obtained in missing person cases shall be immediately forwarded to the Department of State Police for analysis. The Department of State Police shall establish procedures for determining how to prioritize analysis of the samples relating to missing person cases.

(4) This subsection shall not be interpreted to preclude a law enforcement agency from attempting to obtain the materials identified in this subsection before the expiration of the 30-day period.

(Source: P.A. 99-244, eff. 1-1-16.)

Section 85. The Counties Code is amended by changing Sections 3-14049, 3-15003.6, 5-1069, and 5-21001 as follows:

(55 ILCS 5/3-14049) (from Ch. 34, par. 3-14049)

Sec. 3-14049. Appointment of physicians and nurses for the poor and mentally ill persons. The appointment, employment and removal by the Board of Commissioners of Cook County<sup>7</sup> of all physicians and surgeons, advanced practice nurses, physician assistants, and nurses for the care and treatment of the sick, poor, mentally ill or persons in need of mental treatment of said county shall be made only in conformity with rules prescribed by the County Civil Service Commission to accomplish the purposes of this Section.

The Board of Commissioners of Cook County may provide that all such physicians and surgeons who serve without compensation shall be appointed for a term to be fixed by the Board, and that the physicians and surgeons usually designated and known as interns shall be appointed for a term to be fixed by the Board: Provided, that there may also, at the discretion of the board, be a consulting staff of physicians and surgeons, which staff may be appointed by the president, subject to the approval of the board, and provided further, that the Board may contract with any recognized training school or any program for health professionals for health care services ~~the nursing~~ of

any or all of such sick or mentally ill or persons in need of mental treatment.

(Source: P.A. 86-962.)

(55 ILCS 5/3-15003.6)

Sec. 3-15003.6. Pregnant female prisoners.

(a) Definitions. For the purpose of this Section:

(1) "Restraints" means any physical restraint or mechanical device used to control the movement of a prisoner's body or limbs, or both, including, but not limited to, flex cuffs, soft restraints, hard metal handcuffs, a black box, Chubb cuffs, leg irons, belly chains, a security (tether) chain, or a convex shield, or shackles of any kind.

(2) "Labor" means the period of time before a birth and shall include any medical condition in which a woman is sent or brought to the hospital for the purpose of delivering her baby. These situations include: induction of labor, prodromal labor, pre-term labor, prelabor rupture of membranes, the 3 stages of active labor, uterine hemorrhage during the third trimester of pregnancy, and caesarian delivery including pre-operative preparation.

(3) "Post-partum" means, as determined by her physician, advanced practice nurse, or physician assistant, the period immediately following delivery, including the entire period a woman is in the hospital or

infirmary after birth.

(4) "Correctional institution" means any entity under the authority of a county law enforcement division of a county of more than 3,000,000 inhabitants that has the power to detain or restrain, or both, a person under the laws of the State.

(5) "Corrections official" means the official that is responsible for oversight of a correctional institution, or his or her designee.

(6) "Prisoner" means any person incarcerated or detained in any facility who is accused of, convicted of, sentenced for, or adjudicated delinquent for, violations of criminal law or the terms and conditions of parole, probation, pretrial release, or diversionary program, and any person detained under the immigration laws of the United States at any correctional facility.

(7) "Extraordinary circumstance" means an extraordinary medical or security circumstance, including a substantial flight risk, that dictates restraints be used to ensure the safety and security of the prisoner, the staff of the correctional institution or medical facility, other prisoners, or the public.

(b) A county department of corrections shall not apply security restraints to a prisoner that has been determined by a qualified medical professional to be pregnant and is known by the county department of corrections to be pregnant or in

postpartum recovery, which is the entire period a woman is in the medical facility after birth, unless the corrections official makes an individualized determination that the prisoner presents a substantial flight risk or some other extraordinary circumstance that dictates security restraints be used to ensure the safety and security of the prisoner, her child or unborn child, the staff of the county department of corrections or medical facility, other prisoners, or the public. The protections set out in clauses (b) (3) and (b) (4) of this Section shall apply to security restraints used pursuant to this subsection. The corrections official shall immediately remove all restraints upon the written or oral request of medical personnel. Oral requests made by medical personnel shall be verified in writing as promptly as reasonably possible.

(1) Qualified authorized health staff shall have the authority to order therapeutic restraints for a pregnant or postpartum prisoner who is a danger to herself, her child, unborn child, or other persons due to a psychiatric or medical disorder. Therapeutic restraints may only be initiated, monitored and discontinued by qualified and authorized health staff and used to safely limit a prisoner's mobility for psychiatric or medical reasons. No order for therapeutic restraints shall be written unless medical or mental health personnel, after personally observing and examining the prisoner, are clinically

satisfied that the use of therapeutic restraints is justified and permitted in accordance with hospital policies and applicable State law. Metal handcuffs or shackles are not considered therapeutic restraints.

(2) Whenever therapeutic restraints are used by medical personnel, Section 2-108 of the Mental Health and Developmental Disabilities Code shall apply.

(3) Leg irons, shackles or waist shackles shall not be used on any pregnant or postpartum prisoner regardless of security classification. Except for therapeutic restraints under clause (b)(2), no restraints of any kind may be applied to prisoners during labor.

(4) When a pregnant or postpartum prisoner must be restrained, restraints used shall be the least restrictive restraints possible to ensure the safety and security of the prisoner, her child, unborn child, the staff of the county department of corrections or medical facility, other prisoners, or the public, and in no case shall include leg irons, shackles or waist shackles.

(5) Upon the pregnant prisoner's entry into a hospital room, and completion of initial room inspection, a corrections official shall be posted immediately outside the hospital room, unless requested to be in the room by medical personnel attending to the prisoner's medical needs.

(6) The county department of corrections shall provide

adequate corrections personnel to monitor the pregnant prisoner during her transport to and from the hospital and during her stay at the hospital.

(7) Where the county department of corrections requires prisoner safety assessments, a corrections official may enter the hospital room to conduct periodic prisoner safety assessments, except during a medical examination or the delivery process.

(8) Upon discharge from a medical facility, postpartum prisoners shall be restrained only with handcuffs in front of the body during transport to the county department of corrections. A corrections official shall immediately remove all security restraints upon written or oral request by medical personnel. Oral requests made by medical personnel shall be verified in writing as promptly as reasonably possible.

(c) Enforcement. No later than 30 days before the end of each fiscal year, the county sheriff or corrections official of the correctional institution where a pregnant prisoner has been restrained during that previous fiscal year, shall submit a written report to the Illinois General Assembly and the Office of the Governor that includes an account of every instance of prisoner restraint pursuant to this Section. The written report shall state the date, time, location and rationale for each instance in which restraints are used. The written report shall not contain any individually identifying information of any

prisoner. Such reports shall be made available for public inspection.

(Source: P.A. 97-660, eff. 6-1-12.)

(55 ILCS 5/5-1069) (from Ch. 34, par. 5-1069)

Sec. 5-1069. Group life, health, accident, hospital, and medical insurance.

(a) The county board of any county may arrange to provide, for the benefit of employees of the county, group life, health, accident, hospital, and medical insurance, or any one or any combination of those types of insurance, or the county board may self-insure, for the benefit of its employees, all or a portion of the employees' group life, health, accident, hospital, and medical insurance, or any one or any combination of those types of insurance, including a combination of self-insurance and other types of insurance authorized by this Section, provided that the county board complies with all other requirements of this Section. The insurance may include provision for employees who rely on treatment by prayer or spiritual means alone for healing in accordance with the tenets and practice of a well recognized religious denomination. The county board may provide for payment by the county of a portion or all of the premium or charge for the insurance with the employee paying the balance of the premium or charge, if any. If the county board undertakes a plan under which the county pays only a portion of the premium or charge, the county board

shall provide for withholding and deducting from the compensation of those employees who consent to join the plan the balance of the premium or charge for the insurance.

(b) If the county board does not provide for self-insurance or for a plan under which the county pays a portion or all of the premium or charge for a group insurance plan, the county board may provide for withholding and deducting from the compensation of those employees who consent thereto the total premium or charge for any group life, health, accident, hospital, and medical insurance.

(c) The county board may exercise the powers granted in this Section only if it provides for self-insurance or, where it makes arrangements to provide group insurance through an insurance carrier, if the kinds of group insurance are obtained from an insurance company authorized to do business in the State of Illinois. The county board may enact an ordinance prescribing the method of operation of the insurance program.

(d) If a county, including a home rule county, is a self-insurer for purposes of providing health insurance coverage for its employees, the insurance coverage shall include screening by low-dose mammography for all women 35 years of age or older for the presence of occult breast cancer unless the county elects to provide mammograms itself under Section 5-1069.1. The coverage shall be as follows:

- (1) A baseline mammogram for women 35 to 39 years of age.

(2) An annual mammogram for women 40 years of age or older.

(3) A mammogram at the age and intervals considered medically necessary by the woman's health care provider for women under 40 years of age and having a family history of breast cancer, prior personal history of breast cancer, positive genetic testing, or other risk factors.

(4) A comprehensive ultrasound screening of an entire breast or breasts if a mammogram demonstrates heterogeneous or dense breast tissue, when medically necessary as determined by a physician licensed to practice medicine in all of its branches, advanced practice nurse, or physician assistant.

For purposes of this subsection, "low-dose mammography" means the x-ray examination of the breast using equipment dedicated specifically for mammography, including the x-ray tube, filter, compression device, and image receptor, with an average radiation exposure delivery of less than one rad per breast for 2 views of an average size breast. The term also includes digital mammography.

(d-5) Coverage as described by subsection (d) shall be provided at no cost to the insured and shall not be applied to an annual or lifetime maximum benefit.

(d-10) When health care services are available through contracted providers and a person does not comply with plan provisions specific to the use of contracted providers, the

requirements of subsection (d-5) are not applicable. When a person does not comply with plan provisions specific to the use of contracted providers, plan provisions specific to the use of non-contracted providers must be applied without distinction for coverage required by this Section and shall be at least as favorable as for other radiological examinations covered by the policy or contract.

(d-15) If a county, including a home rule county, is a self-insurer for purposes of providing health insurance coverage for its employees, the insurance coverage shall include mastectomy coverage, which includes coverage for prosthetic devices or reconstructive surgery incident to the mastectomy. Coverage for breast reconstruction in connection with a mastectomy shall include:

(1) reconstruction of the breast upon which the mastectomy has been performed;

(2) surgery and reconstruction of the other breast to produce a symmetrical appearance; and

(3) prostheses and treatment for physical complications at all stages of mastectomy, including lymphedemas.

Care shall be determined in consultation with the attending physician and the patient. The offered coverage for prosthetic devices and reconstructive surgery shall be subject to the deductible and coinsurance conditions applied to the mastectomy, and all other terms and conditions applicable to

other benefits. When a mastectomy is performed and there is no evidence of malignancy then the offered coverage may be limited to the provision of prosthetic devices and reconstructive surgery to within 2 years after the date of the mastectomy. As used in this Section, "mastectomy" means the removal of all or part of the breast for medically necessary reasons, as determined by a licensed physician.

A county, including a home rule county, that is a self-insurer for purposes of providing health insurance coverage for its employees, may not penalize or reduce or limit the reimbursement of an attending provider or provide incentives (monetary or otherwise) to an attending provider to induce the provider to provide care to an insured in a manner inconsistent with this Section.

(d-20) The requirement that mammograms be included in health insurance coverage as provided in subsections (d) through (d-15) is an exclusive power and function of the State and is a denial and limitation under Article VII, Section 6, subsection (h) of the Illinois Constitution of home rule county powers. A home rule county to which subsections (d) through (d-15) apply must comply with every provision of those subsections.

(e) The term "employees" as used in this Section includes elected or appointed officials but does not include temporary employees.

(f) The county board may, by ordinance, arrange to provide

group life, health, accident, hospital, and medical insurance, or any one or a combination of those types of insurance, under this Section to retired former employees and retired former elected or appointed officials of the county.

(g) Rulemaking authority to implement this amendatory Act of the 95th General Assembly, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.

(55 ILCS 5/5-21001) (from Ch. 34, par. 5-21001)

Sec. 5-21001. Establishment and maintenance of county home. In any county which establishes and maintains a county sheltered care home or a county nursing home for the care of infirm or chronically ill persons, as provided in Section 5-1005, the County Board shall have power:

1. To acquire in the name of the county by purchase, grant, gift, or legacy, a suitable tract or tracts of land upon which to erect and maintain the home, and in connection therewith a farm or acreage for the purpose of providing supplies for the home and employment for such patients as are able to work and benefit thereby.

The board shall expend not more than \$20,000 for the

purchase of any such land or the erection of buildings without a 2/3 vote of all its members in counties of 300,000 or more population, or a favorable vote of at least a majority of all its members in counties under 300,000 population.

2. To receive in the name of the county, gifts and legacies to aid in the erection or maintenance of the home.

3. To appoint a superintendent and all necessary employees for the management and control of the home and to prescribe their compensation and duties.

4. To arrange for physicians' or other health care professionals' services and other medical care for the patients in the home and prescribe the compensation and duties of physicians so designated.

5. To control the admission and discharge of patients in the home.

6. To fix the rate per day, week, or month which it will charge for care and maintenance of the patients. Rates so established may vary according to the amount of care required, but the rates shall be uniform for all persons or agencies purchasing care in the home except rates for persons who are able to purchase their own care may approximate actual cost.

7. To make all rules and regulations for the management of the home and of the patients therein.

8. To make appropriations from the county treasury for the purchase of land and the erection of buildings for the home, and to defray the expenses necessary for the care and

maintenance of the home and for providing maintenance, personal care and nursing services to the patients therein, and to cause an amount sufficient for those purposes to be levied upon the taxable property of the counties and collected as other taxes and further providing that in counties with a population of not more than 1,000,000 to levy and collect annually a tax of not to exceed .1% of the value, as equalized or assessed by the Department of Revenue, of all the taxable property in the county for these purposes. The tax shall be in addition to all other taxes which the county is authorized to levy on the aggregate valuation of the property within the county and shall not be included in any limitation of the tax rate upon which taxes are required to be extended, but shall be excluded therefrom and in addition thereto. The tax shall be levied and collected in like manner as the general taxes of the county, and when collected, shall be paid into a special fund in the county treasury and used only as herein authorized. No such tax shall be levied or increased from a rate lower than the maximum rate in any such county until the question of levying such tax has first been submitted to the voters of such county at an election held in such county, and has been approved by a majority of such voters voting thereon. The corporate authorities shall certify the question of levying such tax to the proper election officials, who shall submit the question to the voters at an election held in accordance with the general election law.

The proposition shall be in substantially the following form:

-----

Shall ..... County be authorized  
to levy and collect a tax at a rate not YES  
to exceed .1% for the purpose of -----  
..... (purchasing, maintaining) a NO  
county nursing home?  
-----

If a majority of votes cast on the question are in favor, the county shall be authorized to levy the tax.

If the county has levied such tax at a rate lower than the maximum rate set forth in this Section, the county board may increase the rate of the tax, but not to exceed such maximum rate, by certifying the proposition of such increase to the proper election officials for submission to the voters of the county at a regular election in accordance with the general election law. The proposition shall be in substantially the following form:

-----

Shall the maximum rate  
of the tax levied by..... YES  
County for the purpose of.....  
(purchasing, maintaining) a -----  
county nursing home be  
increased from..... to NO

..... (not to exceed .1%)

-----  
If a majority of all the votes cast upon the proposition are in favor thereof, the county board may levy the tax at a rate not to exceed the rate set forth in this Section.

9. Upon the vote of a 2/3 majority of all the members of the board, to sell, dispose of or lease for any term, any part of the home properties in such manner and upon such terms as it deems best for the interest of the county, and to make and execute all necessary conveyances thereof in the same manner as other conveyances of real estate may be made by a county. However, if the home was erected after referendum approval by the voters of the county, it shall not be sold or disposed of except after referendum approval thereof by a majority of the voters of the county voting thereon.

If the home was erected after referendum approval by the voters of the county, the county nursing home may be leased upon the vote of a 3/5 majority of all the members of the board.

10. To operate a sheltered care home as a part of a county nursing home provided that a license to do so is obtained pursuant to the Nursing Home Care Act, as amended.

Section 90. The Illinois Municipal Code is amended by changing Sections 10-1-38.1 and 10-2.1-18 as follows:

(65 ILCS 5/10-1-38.1) (from Ch. 24, par. 10-1-38.1)

Sec. 10-1-38.1. When the force of the Fire Department or of the Police Department is reduced, and positions displaced or abolished, seniority shall prevail, and the officers and members so reduced in rank, or removed from the service of the Fire Department or of the Police Department shall be considered furloughed without pay from the positions from which they were reduced or removed.

Such reductions and removals shall be in strict compliance with seniority and in no event shall any officer or member be reduced more than one rank in a reduction of force. Officers and members with the least seniority in the position to be reduced shall be reduced to the next lower rated position. For purposes of determining which officers and members will be reduced in rank, seniority shall be determined by adding the time spent at the rank or position from which the officer or member is to be reduced and the time spent at any higher rank or position in the Department. For purposes of determining which officers or members in the lowest rank or position shall be removed from the Department in the event of a layoff, length of service in the Department shall be the basis for determining seniority, with the least senior such officer or member being the first so removed and laid off. Such officers or members laid off shall have their names placed on an appropriate reemployment list in the reverse order of dates of layoff.

If any positions which have been vacated because of reduction in forces or displacement and abolition of positions, are reinstated, such members and officers of the Fire Department or of the Police Department as are furloughed from the said positions shall be notified by registered mail of such reinstatement of positions and shall have prior right to such positions if otherwise qualified, and in all cases seniority shall prevail. Written application for such reinstated position must be made by the furloughed person within 30 days after notification as above provided and such person may be required to submit to examination by physicians, advanced practice nurses, or physician assistants of both the commission and the appropriate pension board to determine his physical fitness.
