Senator Morrison offered the following amendment and moved its adoption:

AMENDMENT NO. 1 TO HOUSE BILL 18

AMENDMENT NO. 1 . Amend House Bill 18 by replacing everything after the enacting clause with the following:

"Section 5. The School Code is amended by changing Sections 24A-5, 24A-7, and 34-85c as follows:

(105 ILCS 5/24A-5) (from Ch. 122, par. 24A-5)

Sec. 24A-5. Content of evaluation plans. This Section does not apply to teachers assigned to schools identified in an agreement entered into between the board of a school district operating under Article 34 of this Code and the exclusive representative of the district's teachers in accordance with Section 34-85c of this Code.

Each school district to which this Article applies shall establish a teacher evaluation plan which ensures that each teacher in contractual continued service is evaluated at least once in the course of every 2 or 3 school years as provided in this Section.

Each ~~By no later than September 1, 2012, each~~ school district shall establish a teacher evaluation plan that ensures that:

(1) each teacher not in contractual continued service is evaluated at least once every school year; and

(2) except as otherwise provided in this Section, each teacher in contractual continued service is evaluated at least once in the course of every 2 school years. However, any teacher in contractual continued service whose performance is rated as either "needs improvement" or "unsatisfactory" must be evaluated at least once in the school year following the receipt of such rating.

No later than September 1, 2022, each school district must establish a teacher evaluation plan that ensures that each teacher in contractual continued service whose performance is rated as either "excellent" or "proficient" is evaluated at least once in the course of the 3 school years after receipt of the rating and implement an informal teacher observation plan established by agency rule and by agreement of the joint committee established under subsection (b) of Section 24A-4 of this Code that ensures that each teacher in contractual continued service whose performance is rated as either "excellent" or "proficient" is informally observed at least once in the course of the 2 school years after receipt of the rating.

Notwithstanding anything to the contrary in this Section or any other Section of the School Code, a principal shall not be prohibited from evaluating any teachers within a school during his or her first year as principal of such school. If a first-year principal exercises this option in a school district where the evaluation plan provides for a teacher in contractual continued service to be evaluated once in the course of every 2 or 3 school years, as applicable, then a new 2-year or 3-year evaluation plan must be established.

The evaluation plan shall comply with the requirements of this Section and of any rules adopted by the State Board of Education pursuant to this Section.

The plan shall include a description of each teacher's duties and responsibilities and of the standards to which that teacher is expected to conform, and shall include at least the following components:

(a) personal observation of the teacher in the classroom by the evaluator, unless the teacher has no classroom duties.

(b) consideration of the teacher's attendance, planning, instructional methods, classroom management, where relevant, and competency in the subject matter taught.

(c) by no later than the applicable implementation date, consideration of student growth as a significant factor in the rating of the teacher's performance.

(d) prior to September 1, 2012, rating of the performance of teachers in contractual continued service as either:

(i) "excellent", "satisfactory" or "unsatisfactory"; or

(ii) "excellent", "proficient", "needs improvement" or "unsatisfactory".

(e) on and after September 1, 2012, rating of the performance of all teachers as "excellent", "proficient", "needs improvement" or "unsatisfactory".

(f) specification as to the teacher's strengths and weaknesses, with supporting reasons for the comments made.

(g) inclusion of a copy of the evaluation in the teacher's personnel file and provision of a copy to the teacher.

(h) within 30 school days after the completion of an evaluation rating a teacher in contractual continued service as "needs improvement", development by the evaluator, in consultation with the teacher, and taking into account the teacher's on-going professional responsibilities including his or her regular teaching assignments, of a professional development plan directed to the areas that need improvement and any supports that the district will provide to address the areas identified as needing improvement.

(i) within 30 school days after completion of an evaluation rating a teacher in contractual continued service as "unsatisfactory", development and commencement by the district of a remediation plan designed to correct deficiencies cited, provided the deficiencies are deemed remediable. In all school districts the remediation plan for unsatisfactory, tenured teachers shall provide for 90 school days of remediation within the classroom, unless an applicable collective bargaining agreement provides for a shorter duration. In all school districts evaluations issued pursuant to this Section shall be issued within 10 days after the conclusion of the respective remediation plan. However, the school board or other governing authority of the district shall not lose jurisdiction to discharge a teacher in the event the evaluation is not issued within 10 days after the conclusion of the respective remediation plan.

(j) participation in the remediation plan by the teacher in contractual continued service rated "unsatisfactory", an evaluator and a consulting teacher selected by the evaluator of the teacher who was rated "unsatisfactory", which consulting teacher is an educational employee as defined in the Educational Labor Relations Act, has at least 5 years' teaching experience, and a reasonable familiarity with the assignment of the teacher being evaluated, and who received an "excellent" rating on his or her most recent evaluation. Where no teachers who meet these criteria are available within the district, the district shall request and the applicable regional office of education shall supply, to participate in the remediation process, an individual who meets these criteria.

In a district having a population of less than 500,000 with an exclusive bargaining agent, the bargaining agent may, if it so chooses, supply a roster of qualified teachers from whom the consulting teacher is to be selected. That roster shall, however, contain the names of at least 5 teachers, each of whom meets the criteria for consulting teacher with regard to the teacher being evaluated, or the names of all teachers so qualified if that number is less than 5. In the event of a dispute as to qualification, the State Board shall determine qualification.

(k) a mid-point and final evaluation by an evaluator during and at the end of the remediation period, immediately following receipt of a remediation plan provided for under subsections (i) and (j) of this Section. Each evaluation shall assess the teacher's performance during the time period since the prior evaluation; provided that the last evaluation shall also include an overall evaluation of the teacher's performance during the remediation period. A written copy of the evaluations and ratings, in which any deficiencies in performance and recommendations for correction are identified, shall be provided to and discussed with the teacher within 10 school days after the date of the evaluation, unless an applicable collective bargaining agreement provides to the contrary. These subsequent evaluations shall be conducted by an evaluator. The consulting teacher shall provide advice to the teacher rated "unsatisfactory" on how to improve teaching skills and to successfully complete the remediation plan. The consulting teacher shall participate in developing the remediation plan, but the final decision as to the evaluation shall be done solely by the evaluator, unless an applicable collective bargaining agreement provides to the contrary. Evaluations at the conclusion of the remediation process shall be separate and distinct from the required annual evaluations of teachers and shall not be subject to the guidelines and procedures relating to those annual evaluations. The evaluator may but is not required to use the forms provided for the annual evaluation of teachers in the district's evaluation plan.

(l) reinstatement to the evaluation schedule set forth in the district's evaluation plan for any teacher in contractual continued service who achieves a rating equal to or better than "satisfactory" or "proficient" in the school year following a rating of "needs improvement" or "unsatisfactory".

(m) dismissal in accordance with subsection (d) of Section 24-12 or Section 24-16.5 or 34-85 of this Code of any teacher who fails to complete any applicable remediation plan with a rating equal to

or better than a "satisfactory" or "proficient" rating. Districts and teachers subject to dismissal hearings are precluded from compelling the testimony of consulting teachers at such hearings under subsection (d) of Section 24-12 or Section 24-16.5 or 34-85 of this Code, either as to the rating process or for opinions of performances by teachers under remediation.

(n) After the implementation date of an evaluation system for teachers in a district as specified in Section 24A-2.5 of this Code, if a teacher in contractual continued service successfully completes a remediation plan following a rating of "unsatisfactory" in an ~~annual or biennial~~ overall performance evaluation received after the foregoing implementation date and receives a subsequent rating of "unsatisfactory" in any of the teacher's ~~annual or biennial~~ overall performance evaluation ratings received during the 36-month period following the teacher's completion of the remediation plan, then the school district may forego remediation and seek dismissal in accordance with subsection (d) of Section 24-12 or Section 34-85 of this Code.

Nothing in this Section or Section 24A-4 shall be construed as preventing immediate dismissal of a teacher for deficiencies which are deemed irremediable or for actions which are injurious to or endanger the health or person of students in the classroom or school, or preventing the dismissal or non-renewal of teachers not in contractual continued service for any reason not prohibited by applicable employment, labor, and civil rights laws. Failure to strictly comply with the time requirements contained in Section 24A-5 shall not invalidate the results of the remediation plan.

Nothing contained in this amendatory Act of the 98th General Assembly repeals, supersedes, invalidates, or nullifies final decisions in lawsuits pending on the effective date of this amendatory Act of the 98th General Assembly in Illinois courts involving the interpretation of Public Act 97-8.

If the Governor has declared a disaster due to a public health emergency pursuant to Section 7 of the Illinois Emergency Management Agency Act that suspends in-person instruction, the timelines in this Section connected to the commencement and completion of any remediation plan are waived. Except if the parties mutually agree otherwise and the agreement is in writing, any remediation plan that had been in place for more than 45 days prior to the suspension of in-person instruction shall resume when in-person instruction resumes and any remediation plan that had been in place for fewer than 45 days prior to the suspension of in-person instruction shall be discontinued and a new remediation period shall begin when in-person instruction resumes. The requirements of this paragraph apply regardless of whether they are included in a school district's teacher evaluation plan.

The State Superintendent of Education shall convene a Performance Evaluation Advisory Council, which shall be staffed by the State Board of Education. Members of the Council shall be selected by the State Superintendent and include, without limitation, representatives of teacher unions and school district management, persons with expertise in performance evaluation processes and systems, as well as other

Pursuant exclusively to that agreement, teachers assigned to schools identified in that agreement shall be subject to an alternative performance evaluation plan and remediation procedures in lieu of the plan and procedures set forth in Article 24A of this Code and alternative removal for cause standards and procedures in lieu of the removal standards and procedures set forth in Section 34-85 of this Code. To the extent that the agreement provides a teacher with an opportunity for a hearing on removal for cause before an independent hearing officer in accordance with Section 34-85 or otherwise, the hearing officer shall be governed by the alternative performance evaluation plan, remediation procedures, and removal standards and procedures set forth in the agreement in making findings of fact and a recommendation.

"Section 5. The Counties Code is amended by changing Section 5-25010 as follows:

(55 ILCS 5/5-25010) (from Ch. 34, par. 5-25010)

Where there is a county health department, the County Health Fund shall be drawn upon by the proper officers of the county upon the properly authenticated vouchers of the county health department. Where there is a multiple-county health department, the County Health Fund shall be drawn upon by the treasurer of the board of health of the multiple-county health department. In counties maintaining single county health departments, each county board shall appropriate from the County Health Fund such sums of money as may be sufficient to fund the approved budget of the county health department, so long as those sums have been set out in the annual budget submitted to the county board by the county board of health and that annual budget has been approved by the county board. Section 10. The Illinois Municipal Code is amended by changing Sections 8-3-1, 8-4-1, and 8-4-25 as follows:

(65 ILCS 5/8-3-1) (from Ch. 24, par. 8-3-1)

Sec. 8-3-1. The corporate authorities may levy and collect taxes for corporate purposes. They shall do this in the following manner:

On or before the last Tuesday in December in each year, the corporate authorities shall ascertain the total amount of appropriations legally made or budgeted for and any amount deemed necessary to defray additional expenses and liabilities for all corporate purposes to be provided for by the tax levy of that year. Then, by an ordinance specifying in detail in the manner authorized for the annual appropriation ordinance or budget of the municipality, the purposes for which the appropriations, budgeting or such additional amounts deemed necessary have been made and the amount assignable for each purpose respectively, the corporate authorities shall levy upon all property subject to taxation within the municipality as that property is assessed and equalized for state and county purposes for the current year.

A certified copy of this ordinance shall be filed with the county clerk of the proper county. He shall ascertain the rate per cent which, upon the value of all property subject to taxation within the municipality, as that property is assessed or equalized by the Department of Revenue, will produce a net amount of not less than the total amount so directed to be levied. The county clerk shall extend this tax in a separate column upon the books of the collector of state and county taxes within the municipality.

However, in ascertaining the rate per cent in municipalities having a population of 500,000 or more, the county clerk shall not add to the amount of the tax so levied for any purpose any amount to cover the loss and cost of collecting the tax, except in the case of amounts levied for the payment of bonded indebtedness, or interest thereon, and in the case of amounts levied for the purposes of pension funds.

Where the corporate limits of a municipality lie partly in 2 or more counties, the corporate authorities shall ascertain the total amount of all taxable property lying within the corporate limits of that municipality in each county, as the property is assessed or equalized by the Department of Revenue for the current year, and shall certify the amount of taxable property in each county within that municipality under the seal of the municipality, to the county clerk of the county where the seat of government of the municipality is situated. That county clerk shall ascertain the rate per cent which, upon the total valuation of all property subject to taxation within that municipality, ascertained as provided in this Section, will produce a net amount not less than the total amount directed to be levied. As soon as that rate per cent is ascertained, that clerk shall certify the rate per cent under his signature and seal of office to the county clerk of each other county wherein a portion of that municipality is situated. A county clerk to whom a rate per cent is certified shall extend the tax in a separate column upon the books of the collector of state and county taxes for his county against all property in his county within the limits of that municipality.

But in municipalities with 500,000 or more inhabitants, the aggregate amount of taxes so levied exclusive of the amount levied for the payment of bonded indebtedness, or interest thereon, and exclusive of taxes levied for the payment of judgments, for which a special tax is authorized by law, and exclusive of the amounts levied for the purposes of pension funds, working cash fund, public library, ~~municipal tuberculosis sanitarium,~~ the propagation and preservation of community trees, and exclusive of taxes levied pursuant to Section 19 of the Illinois Emergency Services and Disaster Agency Act of 1975 and for the general assistance for needy persons lawfully resident therein, shall not exceed the estimated amount of taxes to be levied for each year for the purposes specified in Sections 8-2-2 through 8-2-5 and set forth in its annual appropriation ordinance and in any supplemental appropriation ordinance authorized by law for that year.

In municipalities with less than 500,000 inhabitants, the aggregate amount of taxes so levied for any one year, exclusive of the amount levied for the payment of bonded indebtedness, or interest thereon, and exclusive of taxes levied pursuant to Section 13 of the Illinois Civil Defense Act of 1951 and exclusive of taxes authorized by this Code or other Acts which by their terms provide that those taxes shall be in addition to taxes for general purposes authorized under this Section, shall not exceed the rate of .25%, or the rate limit in effect on July 1, 1967, whichever is greater, and on a permanent basis, upon the aggregate valuation of all property within the municipality subject to taxation therein, as the property is equalized or assessed by the Department of Revenue for the current year. However, if the maximum rate of such municipality for general corporate purposes is less than .20% on July 1, 1967, the corporate authorities may, without referendum, increase such maximum rate not to exceed .25%; but such maximum rate shall not be raised by more than 1/2 of such increase in any one year.

However, if the corporate authorities of a municipality with less than 500,000 inhabitants desire to levy in any one year more than .25%, or the rate limit in effect on July 1, 1967, whichever is greater, and on a permanent basis, but not more than .4375% for general corporate purposes, exclusive of the amount levied for the payment of bonded indebtedness, or interest thereon, and exclusive of taxes authorized by this Code or other Acts which by their terms provide that those taxes shall be in addition to taxes for general purposes

authorized under this Section the corporate authorities, by ordinance, stating the per cent so desired, may order a proposition for the additional amount to be submitted to the electors of that municipality at any election. The clerk shall certify the proposition to the proper election authority who shall submit the question to the electors at such election. If a majority of the votes cast on the proposition are in favor of the proposition, the corporate authorities of that municipality may levy annually for general corporate purposes, exclusive of the amount levied for the payment of bonded indebtedness, or interest thereon, and exclusive of taxes authorized by this Code or other Acts which by their terms provide that those taxes are in addition to taxes for general purposes authorized under this Section a tax in excess of .25%, or the rate in effect on July 1, 1967, whichever is greater, and on a permanent basis, but not exceeding the per cent mentioned in the proposition.

Any municipality voting after August 1, 1969, to increase its rate limitation for general corporate purposes under this Section shall establish such increased rate limitation on an ongoing basis unless otherwise changed by referendum.

In municipalities that are not home rule units, any funds on hand at the end of the fiscal year, which funds are not pledged for or allocated to a particular purpose, may by action of the corporate authorities be transferred to the capital improvement fund and accumulated therein, but the total amount accumulated in such fund may not exceed 3% of the aggregate assessed valuation of all taxable property in the municipality. Notices required in connection with the submission of public questions on or after July 1, 1999 shall be as set forth in Section 12-5 of the Election Code. JOHN W. HOLLMAN, Clerk of the House

AMENDMENT NO. 1 TO SENATE BILL 116

AMENDMENT NO. 1 . Amend Senate Bill 116 by replacing everything after the enacting clause with the following:

"Section 5. The Business Corporation Act of 1983 is amended by changing Sections 7.05, 7.15, 7.30, 11.39, 15.10, 15.35, and 15.97 and by adding Section 14.13 as follows:

(805 ILCS 5/7.05) (from Ch. 32, par. 7.05)

Sec. 7.05. Meetings of shareholders. Meetings of shareholders may be held either within or without this State, as may be provided in the by-laws or in a resolution of the board of directors pursuant to authority granted in the by-laws. In the absence of any such provision, all meetings shall be held at the principal ~~registered~~ office of the corporation in this State.

An annual meeting of the shareholders shall be held at such time as may be provided in the by-laws or in a resolution of the board of directors pursuant to authority granted in the by-laws. Failure to hold the annual meeting at the designated time shall not work a forfeiture or dissolution of the corporation nor affect the validity of corporate action. If an annual meeting has not been held within the earlier of six months after the end of the corporation's fiscal year or fifteen months after its last annual meeting and if, after a request in writing directed to the president of the corporation, a notice of meeting is not given within 60 days of such request, then any shareholder entitled to vote at an annual meeting may apply to the circuit court of the county in which the registered office or principal place of business of the corporation is located for an order directing that the meeting be held and fixing the time and place of the meeting. The court may issue such additional orders as may be necessary or appropriate for the holding of the meeting.

Unless specifically prohibited by the articles of incorporation or by-laws, a corporation may allow shareholders to participate in and act at any meeting of the shareholders by means of remote communication, including, but not limited to, ~~through the use of a~~ conference telephone or interactive technology, ~~including but not limited to~~ electronic transmission, or Internet usage, ~~or remote communication,~~ by means of which all persons participating in the meeting can communicate with each other. Shareholders participating in a shareholders' meeting by means of remote communication shall be deemed present and may vote at such a meeting if the corporation has implemented reasonable measures:

(1) to verify that each person participating remotely as a shareholder is a shareholder; and

(2) to provide to such shareholders a reasonable opportunity to participate in the meeting and to vote on matters submitted to the shareholders, including the opportunity to communicate and to read or hear the proceedings of the meeting.

A shareholder entitled to vote at a meeting of the shareholders shall be permitted to attend the meeting where space permits (in the case of a meeting at a place), and subject to the corporation's by-laws and rules governing the conduct of the meeting and the power of the chairman to regulate the orderly conduct of the

meeting. Participation in such meeting shall constitute attendance and presence in person at the meeting of the person or persons so participating.

Special meetings of the shareholders may be called by the president, by the board of directors, by the holders of not less than one-fifth of all the outstanding shares entitled to vote on the matter for which the meeting is called or by such other officers or persons as may be provided in the articles of incorporation or the by-laws. Only business within the purpose or purposes described in the meeting notice required by Section 7.15 may be conducted at a special meeting of shareholders.

If the special meeting is called by the shareholders, one or more written demands by the holders of the requisite number of votes to be cast on an issue proposed to be considered at the proposed special meeting must be signed, dated, and delivered to the corporation describing the purpose or purposes for which the proposed special meeting is to be held. No written demand by a shareholder for a special meeting shall be effective unless, within 60 days of the earliest date on which such a demand delivered to the corporation as required by this Section was signed, written demands signed by shareholders holding at least the percentage of votes specified in or fixed in accordance with the preceding paragraph of this Section have been delivered to the corporation. Unless otherwise provided in the articles of incorporation, a written demand by a shareholder for a special meeting may be revoked by a writing to that effect received by the corporation before the receipt by the corporation of demands from shareholders sufficient in number to require the holding of a special meeting. The record date for determining shareholders entitled to demand a special meeting shall be the first date on which a signed shareholder demand is delivered to the corporation.

Unless the by-laws require the meeting of shareholders to be held at a place, the board of directors may determine that any meeting of the shareholders shall not be held at any place and shall instead be held solely by means of remote communication, but only if the corporation implements the measures specified in items (1) and (2) of this Section.

If the corporation determines to make the list available on an electronic network, the corporation may take reasonable steps to ensure that such information is available only to shareholders of the corporation. Such list shall also be produced and kept open at the time and place of the meeting, or on a reasonably accessible electronic network if the meeting will be held solely by means of remote communication, and shall be subject to the inspection of any shareholder during the whole time of the meeting. The original share ledger or transfer book, or a duplicate thereof kept in this State, shall be prima facie evidence as to who are the shareholders entitled to examine such list or share ledger or transfer book or to vote at any meeting of shareholders.

Failure to comply with the requirements of this Section shall not affect the validity of any action taken at such meeting.

An officer or agent having charge of the transfer books who shall fail to prepare the list of shareholders, or keep the same on file for a period of 10 days, or produce and keep the same open for

inspection at the meeting, as provided in this Section, shall be liable to any shareholder suffering damage on account of such failure, to the extent of such damage.
