(b) Adequacy Target calculation.

(1) Each Organizational Unit's Adequacy Target is the sum of the Organizational Unit's cost of providing Essential Elements, as calculated in accordance with this subsection (b), with the salary amounts in the Essential Elements multiplied by a Regionalization Factor calculated pursuant to paragraph (3) of this subsection (b).

(2) The Essential Elements are attributable on a pro rata basis related to defined subgroups of the ASE of each Organizational Unit as specified in this paragraph (2), with investments and FTE positions pro rata funded based on ASE counts in excess of or less than the thresholds set forth in this paragraph (2). The method for calculating attributable pro rata costs and the defined subgroups thereto are as follows:

(A) Core class size investments. Each Organizational Unit shall receive the funding required to support that number of FTE core teacher positions as is needed to keep the respective class sizes of the Organizational Unit to the following maximum numbers:

(i) For grades kindergarten through 3, the Organizational Unit shall receive funding required to support one FTE core teacher position for every 15 Low-Income Count students in those grades and one FTE core teacher position for every 20 non-Low-Income Count students in those grades.

(ii) For grades 4 through 12, the Organizational Unit shall receive funding required to support one FTE core teacher position for every 20 Low-Income Count students in those grades and one FTE core teacher position for every 25 non-Low-Income Count students in those grades.

(E) Substitute teacher investments. Each Organizational Unit shall receive the funding needed to cover substitute teacher costs that is equal to 5.70% of the minimum pupil attendance days required under Section 10-19 of this Code for all full-time equivalent core, specialist, and intervention teachers, school nurses, special education teachers and instructional assistants, instructional facilitators, and summer school and extended day teacher positions, as determined under this paragraph (2), at a salary rate of 33.33% of the average salary for grade K through 12 teachers and 33.33% of the average salary of each instructional assistant position.

(F) Core school counselor investments. Each Organizational Unit shall receive the funding needed to cover one FTE school counselor for each 450 combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 5 students, plus one FTE school counselor for each 250 grades 6 through 8 ASE middle school students, plus one FTE school counselor for each 250 grades 9 through 12 ASE high school students.

assigned to Tier 1 and Tier 2 in the prior school year shall receive an additional \$285.50 per student of the combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 12 students to cover computer technology and equipment costs in the Organizational Unit's Adequacy Target. The State Board may establish additional requirements for Organizational Unit expenditures of funds received pursuant to this subparagraph (Q), including a requirement that funds received pursuant to this subparagraph (Q) may be used only for serving the technology needs of the district. It is the intent of Public Act 100-465 that all Tier 1 and Tier 2 districts receive the addition to their Adequacy Target in the following year, subject to compliance with the requirements of the State Board.

(R) Student activities investments. Each Organizational Unit shall receive the following funding amounts to cover student activities: \$100 per kindergarten through grade 5 ASE student in elementary school, plus \$200 per ASE student in middle school, plus \$675 per ASE student in high school.

Each Organizational Unit shall receive \$1,038 per student of the combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 12 students for day-to-day maintenance and operations expenditures, including salary, supplies, and materials, as well as purchased services, but excluding employee benefits. The proportion of salary for the application of a Regionalization Factor and the calculation of benefits is equal to \$352.92.

(T) Central office investments. Each Organizational Unit shall receive \$742 per student of the combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 12 students to cover central office operations, including administrators and classified personnel charged with managing the instructional programs, business and operations of the school district, and security personnel. The proportion of salary for the application of a Regionalization Factor and the calculation of benefits is equal to \$368.48.

(U) Employee benefit investments. Each Organizational Unit shall receive 30% of the total of all salary-calculated elements of the Adequacy Target, excluding substitute teachers and student activities investments, to cover benefit costs. For central office and maintenance and operations investments, the benefit calculation shall be based upon the salary proportion of each investment. If at any time the responsibility for funding the employer normal cost of teacher pensions is assigned to school districts, then that amount certified by the Teachers' Retirement System of the State of Illinois to be paid by the Organizational Unit for the preceding school year shall be added to the benefit investment. For any fiscal year in which a school district organized under Article 34 of this Code is responsible for paying the employer normal cost of teacher pensions, then that amount of its employer normal cost plus the amount for retiree health insurance as certified by the Public School Teachers' Pension and Retirement Fund of Chicago to be paid by the school district for the preceding school year that is statutorily required to cover employer normal costs and the amount for retiree health insurance shall be added to the 30% specified in this subparagraph (U). The Teachers' Retirement System of the State of Illinois and the Public School Teachers' Pension and Retirement Fund of Chicago shall submit such information as the State Superintendent may require for the calculations set forth in this subparagraph (U).

(V) Additional investments in low-income students. In addition to and not in lieu of all other funding under this paragraph (2), each Organizational Unit shall receive funding based on the average teacher salary for grades K through 12 to cover the costs of:

- (ii) one FTE pupil support staff position for every 125 Low-Income Count students;
- (iii) one FTE extended day teacher position for every 120 Low-Income Count students; and
- (iv) one FTE summer school teacher position for every 120 Low-Income Count students.

(W) Additional investments in English learner students. In addition to and not in lieu of all other funding under this paragraph (2), each Organizational Unit shall receive funding based on the average teacher salary for grades K through 12 to cover the costs of:

- (i) one FTE intervention teacher (tutor) position for every 125 English learner students;
- (ii) one FTE pupil support staff position for every 125 English learner students;
- (iii) one FTE extended day teacher position for every 120 English learner students;

- (iii) one FTE psychologist position for every 1,000 combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 12 students.

(3) For calculating the salaries included within the Essential Elements, the State Superintendent shall annually calculate average salaries to the nearest dollar using the employment information system data maintained by the State Board, limited to public schools only and excluding special education and vocational cooperatives, schools operated by the Department of Juvenile Justice, and charter schools, for the following positions:

- (A) Teacher for grades K through 8.
- (B) Teacher for grades 9 through 12.
- (C) Teacher for grades K through 12.
- (D) School counselor for grades K through 8.
- (E) School counselor for grades 9 through 12.
- (F) School counselor for grades K through 12.
- (G) Social worker.
- (H) Psychologist.
- (I) Librarian.
- (J) Nurse.
- (K) Principal.
- (L) Assistant principal.

For the purposes of this paragraph (3), "teacher" includes core teachers, specialist and elective teachers, instructional facilitators, tutors, special education teachers, pupil support staff teachers, English learner teachers, extended day teachers, and summer school teachers. Where specific grade data is not required for the Essential Elements, the average salary for corresponding positions shall apply. For substitute teachers, the average teacher salary for grades K through 12 shall apply.

For calculating the salaries included within the Essential Elements for positions not included within EIS Data, the following salaries shall be used in the first year of implementation of Evidence-Based Funding:

- (i) school site staff, \$30,000; and
- (ii) non-instructional assistant, instructional assistant, library aide, library media tech, or supervisory aide: \$25,000.

In the second and subsequent years of implementation of Evidence-Based Funding, the amounts in items (i) and (ii) of this paragraph (3) shall annually increase by the ECI.

The salary amounts for the Essential Elements determined pursuant to subparagraphs (A) through (L), (S) and (T), and (V) through (X) of paragraph (2) of subsection (b) of this Section shall be multiplied by a Regionalization Factor.

(c) Local Capacity calculation.

(1) Each Organizational Unit's Local Capacity represents an amount of funding it is assumed to contribute toward its Adequacy Target for purposes of the Evidence-Based Funding formula calculation. "Local Capacity" means either (i) the Organizational Unit's Local Capacity Target as calculated in accordance with paragraph (2) of this subsection (c) if its Real Receipts are equal to or less than its Local Capacity Target or (ii) the Organizational Unit's Adjusted Local Capacity, as

calculated in accordance with paragraph (3) of this subsection (c) if Real Receipts are more than its Local Capacity Target.

(2) "Local Capacity Target" means, for an Organizational Unit, that dollar amount that is obtained by multiplying its Adequacy Target by its Local Capacity Ratio.

(A) An Organizational Unit's Local Capacity Percentage is the conversion of the Organizational Unit's Local Capacity Ratio, as such ratio is determined in accordance with subparagraph (B) of this paragraph (2), into a cumulative distribution resulting in a percentile ranking to determine each Organizational Unit's relative position to all other Organizational Units in this State. The calculation of Local Capacity Percentage is described in subparagraph (C) of this paragraph (2).

(B) An Organizational Unit's Local Capacity Ratio in a given year is the percentage obtained by dividing its Adjusted EAV or PTELL EAV, whichever is less, by its Adequacy Target, with the resulting ratio further adjusted as follows:

(i) for Organizational Units serving grades kindergarten through 12 and Hybrid Districts, no further adjustments shall be made;

(ii) for Organizational Units serving grades kindergarten through 8, the ratio shall be multiplied by 9/13;

(iii) for Organizational Units serving grades 9 through 12, the Local Capacity Ratio shall be multiplied by 4/13; and

(iv) for an Organizational Unit with a different grade configuration than those specified in items (i) through (iii) of this subparagraph (B), the State Superintendent shall determine a comparable adjustment based on the grades served.

(C) The Local Capacity Percentage is equal to the percentile ranking of the district. Local Capacity Percentage converts each Organizational Unit's Local Capacity Ratio to a cumulative distribution resulting in a percentile ranking to determine each Organizational Unit's relative position to all other Organizational Units in this State. The Local Capacity Percentage cumulative distribution resulting in a percentile ranking for each Organizational Unit shall be calculated using the standard normal distribution of the score in relation to the weighted mean and weighted standard deviation and Local Capacity Ratios of all Organizational Units. If the value assigned to any Organizational Unit is in excess of 90%, the value shall be adjusted to 90%. For Laboratory Schools, the Local Capacity Percentage shall be set at 10% in recognition of the absence of EAV and resources from the public university that are allocated to the Laboratory School. For programs operated by a regional office of education or an intermediate service center, the Local Capacity Percentage must be set at 10% in recognition of the absence of EAV and resources from school districts that are allocated to the regional office of education or intermediate service center. The weighted mean for the Local Capacity Percentage shall be determined by multiplying each Organizational Unit's Local Capacity Ratio times the ASE for the unit creating a weighted value, summing the weighted values of all Organizational Units, and dividing by the total ASE of all Organizational Units. The weighted standard deviation shall be determined by taking the square root of the weighted variance of all Organizational Units' Local Capacity Ratio, where the variance is calculated by squaring the difference between each unit's Local Capacity Ratio and the weighted mean, then multiplying the variance for each unit times the ASE for the unit to create a weighted variance for each unit, then summing all units' weighted variance and dividing by the total ASE of all units.

(D) For any Organizational Unit, the Organizational Unit's Adjusted Local Capacity Target shall be reduced by either (i) the school board's remaining contribution pursuant to paragraph (ii) of subsection (b-4) of Section 16-158 of the Illinois Pension Code in a given year or (ii) the board of education's remaining contribution pursuant to paragraph (iv) of subsection (b) of Section 17-129 of the Illinois Pension Code absent the employer normal cost portion of the required contribution and amount allowed pursuant to subdivision (3) of Section 17-142.1 of the Illinois Pension Code in a given year. In the preceding sentence, item (i) shall be certified to the State Board of Education by the Teachers' Retirement System of the State of Illinois and item (ii) shall be certified to the State Board of Education by the Public School Teachers' Pension and Retirement Fund of the City of Chicago.

(3) If an Organizational Unit's Real Receipts are more than its Local Capacity Target, then its Local Capacity shall equal an Adjusted Local Capacity Target as calculated in accordance with this

paragraph (3). The Adjusted Local Capacity Target is calculated as the sum of the Organizational Unit's Local Capacity Target and its Real Receipts Adjustment. The Real Receipts Adjustment equals the Organizational Unit's Real Receipts less its Local Capacity Target, with the resulting figure multiplied by the Local Capacity Percentage.

As used in this paragraph (3), "Real Percent of Adequacy" means the sum of an Organizational Unit's Real Receipts, CPPRT, and Base Funding Minimum, with the resulting figure divided by the Organizational Unit's Adequacy Target.

(d) Calculation of Real Receipts, EAV, and Adjusted EAV for purposes of the Local Capacity calculation.

(1) An Organizational Unit's Real Receipts are the product of its Applicable Tax Rate and its Adjusted EAV. An Organizational Unit's Applicable Tax Rate is its Adjusted Operating Tax Rate for property within the Organizational Unit.

(2) The State Superintendent shall calculate the equalized assessed valuation, or EAV, of all taxable property of each Organizational Unit as of September 30 of the previous year in accordance with paragraph (3) of this subsection (d). The State Superintendent shall then determine the Adjusted EAV of each Organizational Unit in accordance with paragraph (4) of this subsection (d), which Adjusted EAV figure shall be used for the purposes of calculating Local Capacity.

(3) To calculate Real Receipts and EAV, the Department of Revenue shall supply to the State Superintendent the value as equalized or assessed by the Department of Revenue of all taxable property of every Organizational Unit, together with (i) the applicable tax rate used in extending taxes for the funds of the Organizational Unit as of September 30 of the previous year and (ii) the limiting rate for all Organizational Units subject to property tax extension limitations as imposed under PTELL.

(A) The Department of Revenue shall add to the equalized assessed value of all taxable property of each Organizational Unit situated entirely or partially within a county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code (i) an amount equal to the total amount by which the homestead exemption allowed under Section 15-176 or 15-177 of the Property Tax Code for real property situated in that Organizational Unit exceeds the total amount that would have been allowed in that Organizational Unit if the maximum reduction under Section 15-176 was (I) \$4,500 in Cook County or \$3,500 in all other counties in tax year 2003 or (II) \$5,000 in all counties in tax year 2004 and thereafter and (ii) an amount equal to the aggregate amount for the taxable year of all additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of \$30,000 or less. The county clerk of any county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code shall annually calculate and certify to the Department of Revenue for each Organizational Unit all homestead exemption amounts under Section 15-176 or 15-177 of the Property Tax Code and all amounts of additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of \$30,000 or less. It is the intent of this subparagraph (A) that if the general homestead exemption for a parcel of property is determined under Section 15-176 or 15-177 of the Property Tax Code rather than Section 15-175, then the calculation of EAV shall not be affected by the difference, if any, between the amount of the general homestead exemption allowed for that parcel of property under Section 15-176 or 15-177 of the Property Tax Code and the amount that would have been allowed had the general homestead exemption for that parcel of property been determined under Section 15-175 of the Property Tax Code. It is further the intent of this subparagraph (A) that if additional exemptions are allowed under Section 15-175 of the Property Tax Code for owners with a household income of less than \$30,000, then the calculation of EAV shall not be affected by the difference, if any, because of those additional exemptions.

(B) With respect to any part of an Organizational Unit within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Division 74.4 of Article 11 of the Illinois Municipal Code, or the Industrial Jobs Recovery Law, Division 74.6 of Article 11 of the Illinois Municipal Code, no part of the current EAV of real property located in any such project area that is attributable to an increase above the total initial EAV of such property shall be used as part of the EAV of the Organizational Unit, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation

Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the EAV of the Organizational Unit, the total initial EAV or the current EAV, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(B-5) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value, as equalized or assessed by the Department of Revenue, for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades kindergarten through 12, by 2.30% for a district maintaining grades kindergarten through 8, or by 1.05% for a district maintaining grades 9 through 12 and adjusted by an amount computed by dividing the amount of any abatement of taxes under subsection (a) of Section 18-165 of the Property Tax Code by the same percentage rates for district type as specified in this subparagraph (B-5).

(C) For Organizational Units that are Hybrid Districts, the State Superintendent shall use the lesser of the adjusted equalized assessed valuation for property within the partial elementary unit district for elementary purposes, as defined in Article 11E of this Code, or the adjusted equalized assessed valuation for property within the partial elementary unit district for high school purposes, as defined in Article 11E of this Code.

(4) An Organizational Unit's Adjusted EAV shall be the average of its EAV over the immediately preceding 3 years or its EAV in the immediately preceding year if the EAV in the immediately preceding year has declined by 10% or more compared to the 3-year average. In the event of Organizational Unit reorganization, consolidation, or annexation, the Organizational Unit's Adjusted EAV for the first 3 years after such change shall be as follows: the most current EAV shall be used in the first year, the average of a 2-year EAV or its EAV in the immediately preceding year if the EAV declines by 10% or more compared to the 2-year average for the second year, and a 3-year average EAV or its EAV in the immediately preceding year if the Adjusted EAV declines by 10% or more compared to the 3-year average for the third year. For any school district whose EAV in the immediately preceding year is used in calculations, in the following year, the Adjusted EAV shall be the average of its EAV over the immediately preceding 2 years or the immediately preceding year if that year represents a decline of 10% or more compared to the 2-year average.

"PTELL EAV" means a figure calculated by the State Board for Organizational Units subject to PTELL as described in this paragraph (4) for the purposes of calculating an Organizational Unit's Local Capacity Ratio. Except as otherwise provided in this paragraph (4), the PTELL EAV of an Organizational Unit shall be equal to the product of the equalized assessed valuation last used in the calculation of general State aid under Section 18-8.05 of this Code (now repealed) or Evidence-Based Funding under this Section and the Organizational Unit's Extension Limitation Ratio. If an Organizational Unit has approved or does approve an increase in its limiting rate, pursuant to Section 18-190 of the Property Tax Code, affecting the Base Tax Year, the PTELL EAV shall be equal to the product of the equalized assessed valuation last used in the calculation of general State aid under Section 18-8.05 of this Code (now repealed) or Evidence-Based Funding under this Section multiplied by an amount equal to one plus the percentage increase, if any, in the Consumer Price Index for All Urban Consumers for all items published by the United States Department of Labor for the 12-month calendar year preceding the Base Tax Year, plus the equalized assessed valuation of new property, annexed property, and recovered tax increment value and minus the equalized assessed valuation of disconnected property.

As used in this paragraph (4), "new property" and "recovered tax increment value" shall have the meanings set forth in the Property Tax Extension Limitation Law.

(e) Base Funding Minimum calculation.

(1) For the 2017-2018 school year, the Base Funding Minimum of an Organizational Unit or a Specially Funded Unit shall be the amount of State funds distributed to the Organizational Unit or Specially Funded Unit during the 2016-2017 school year prior to any adjustments and specified appropriation amounts described in this paragraph (1) from the following Sections, as calculated by the State Superintendent: Section 18-8.05 of this Code (now repealed); Section 5 of Article 224 of Public Act 99-524 (equity grants); Section 14-7.02b of this Code (funding for children requiring special education services); Section 14-13.01 of this Code (special education facilities and staffing), except for reimbursement of the cost of transportation pursuant to Section 14-13.01; Section 14C-12

of this Code (English learners); and Section 18-4.3 of this Code (summer school), based on an appropriation level of \$13,121,600. For a school district organized under Article 34 of this Code, the Base Funding Minimum also includes (i) the funds allocated to the school district pursuant to Section 1D-1 of this Code attributable to funding programs authorized by the Sections of this Code listed in the preceding sentence and (ii) the difference between (I) the funds allocated to the school district pursuant to Section 1D-1 of this Code attributable to the funding programs authorized by Section 14-7.02 (non-public special education reimbursement), subsection (b) of Section 14-13.01 (special education transportation), Section 29-5 (transportation), Section 2-3.80 (agricultural education), Section 2-3.66 (truants' alternative education), Section 2-3.62 (educational service centers), and Section 14-7.03 (special education - orphanage) of this Code and Section 15 of the Childhood Hunger Relief Act (free breakfast program) and (II) the school district's actual expenditures for its non-public special education, special education transportation, transportation programs, agricultural education, truants' alternative education, services that would otherwise be performed by a regional office of education, special education orphanage expenditures, and free breakfast, as most recently calculated and reported pursuant to subsection (f) of Section 1D-1 of this Code. The Base Funding Minimum for Glenwood Academy shall be \$625,500. For programs operated by a regional office of education or an intermediate service center, the Base Funding Minimum must be the total amount of State funds allocated to those programs in the 2018-2019 school year and amounts provided pursuant to Article 34 of Public Act 100-586 and Section 3-16 of this Code. All programs established after June 5, 2019 (the effective date of Public Act 101-10) and administered by a regional office of education or an intermediate service center must have an initial Base Funding Minimum set to an amount equal to the first-year ASE multiplied by the amount of per pupil funding received in the previous school year by the lowest funded similar existing program type. If the enrollment for a program operated by a regional office of education or an intermediate service center is zero, then it may not receive Base Funding Minimum funds for that program in the next fiscal year, and those funds must be distributed to Organizational Units under subsection (g).

(2) For the 2018-2019 and subsequent school years, the Base Funding Minimum of Organizational Units and Specially Funded Units shall be the sum of (i) the amount of Evidence-Based Funding for the prior school year, (ii) the Base Funding Minimum for the prior school year, and (iii) any amount received by a school district pursuant to Section 7 of Article 97 of Public Act 100-21.

For the 2022-2023 school year, the Base Funding Minimum of Organizational Units shall be the amounts recalculated by the State Board of Education for Fiscal Year 2019 through Fiscal Year 2022 that were necessary due to average student enrollment errors for districts organized under Article 34 of this Code, plus the Fiscal Year 2022 property tax relief grants provided under Section 2-3.170 of this Code, ensuring each Organizational Unit has the correct amount of resources for Fiscal Year 2023 Evidence-Based Funding calculations and that Fiscal Year 2023 Evidence-Based Funding Distributions are made in accordance with this Section.

(3) Subject to approval by the General Assembly as provided in this paragraph (3), an Organizational Unit that meets all of the following criteria, as determined by the State Board, shall have District Intervention Money added to its Base Funding Minimum at the time the Base Funding Minimum is calculated by the State Board:

(A) The Organizational Unit is operating under an Independent Authority under Section 2-3.25f-5 of this Code for a minimum of 4 school years or is subject to the control of the State Board pursuant to a court order for a minimum of 4 school years.

(B) The Organizational Unit was designated as a Tier 1 or Tier 2 Organizational Unit in the previous school year under paragraph (3) of subsection (g) of this Section.

(C) The Organizational Unit demonstrates sustainability through a 5-year financial and strategic plan.

(D) The Organizational Unit has made sufficient progress and achieved sufficient stability in the areas of governance, academic growth, and finances.

As part of its determination under this paragraph (3), the State Board may consider the Organizational Unit's summative designation, any accreditations of the Organizational Unit, or the Organizational Unit's financial profile, as calculated by the State Board.

If the State Board determines that an Organizational Unit has met the criteria set forth in this paragraph (3), it must submit a report to the General Assembly, no later than January 2 of the fiscal

year in which the State Board makes its determination, on the amount of District Intervention Money to add to the Organizational Unit's Base Funding Minimum. The General Assembly must review the State Board's report and may approve or disapprove, by joint resolution, the addition of District Intervention Money. If the General Assembly fails to act on the report within 40 calendar days from the receipt of the report, the addition of District Intervention Money is deemed approved. If the General Assembly approves the amount of District Intervention Money to be added to the Organizational Unit's Base Funding Minimum, the District Intervention Money must be added to the Base Funding Minimum annually thereafter.

For the first 4 years following the initial year that the State Board determines that an Organizational Unit has met the criteria set forth in this paragraph (3) and has received funding under this Section, the Organizational Unit must annually submit to the State Board, on or before November 30, a progress report regarding its financial and strategic plan under subparagraph (C) of this paragraph (3). The plan shall include the financial data from the past 4 annual financial reports or financial audits that must be presented to the State Board by November 15 of each year and the approved budget financial data for the current year. The plan shall be developed according to the guidelines presented to the Organizational Unit by the State Board. The plan shall further include financial projections for the next 3 fiscal years and include a discussion and financial summary of the Organizational Unit's facility needs. If the Organizational Unit does not demonstrate sufficient progress toward its 5-year plan or if it has failed to file an annual financial report, an annual budget, a financial plan, a deficit reduction plan, or other financial information as required by law, the State Board may establish a Financial Oversight Panel under Article 1H of this Code. However, if the Organizational Unit already has a Financial Oversight Panel, the State Board may extend the duration of the Panel.

(f) Percent of Adequacy and Final Resources calculation.

(1) The Evidence-Based Funding formula establishes a Percent of Adequacy for each Organizational Unit in order to place such units into tiers for the purposes of the funding distribution system described in subsection (g) of this Section. Initially, an Organizational Unit's Preliminary Resources and Preliminary Percent of Adequacy are calculated pursuant to paragraph (2) of this subsection (f). Then, an Organizational Unit's Final Resources and Final Percent of Adequacy are calculated to account for the Organizational Unit's poverty concentration levels pursuant to paragraphs (3) and (4) of this subsection (f).

(2) An Organizational Unit's Preliminary Resources are equal to the sum of its Local Capacity Target, CPPRT, and Base Funding Minimum. An Organizational Unit's Preliminary Percent of Adequacy is the lesser of (i) its Preliminary Resources divided by its Adequacy Target or (ii) 100%.

(3) Except for Specially Funded Units, an Organizational Unit's Final Resources are equal to the sum of its Local Capacity, CPPRT, and Adjusted Base Funding Minimum. The Base Funding Minimum of each Specially Funded Unit shall serve as its Final Resources, except that the Base Funding Minimum for State-approved charter schools shall not include any portion of general State aid allocated in the prior year based on the per capita tuition charge times the charter school enrollment.

(4) An Organizational Unit's Final Percent of Adequacy is its Final Resources divided by its Adequacy Target. An Organizational Unit's Adjusted Base Funding Minimum is equal to its Base Funding Minimum less its Supplemental Grant Funding, with the resulting figure added to the product of its Supplemental Grant Funding and Preliminary Percent of Adequacy.

(g) Evidence-Based Funding formula distribution system.

(1) In each school year under the Evidence-Based Funding formula, each Organizational Unit receives funding equal to the sum of its Base Funding Minimum and the unit's allocation of New State Funds determined pursuant to this subsection (g). To allocate New State Funds, the Evidence-Based Funding formula distribution system first places all Organizational Units into one of 4 tiers in accordance with paragraph (3) of this subsection (g), based on the Organizational Unit's Final Percent of Adequacy. New State Funds are allocated to each of the 4 tiers as follows: Tier 1 Aggregate Funding equals 50% of all New State Funds, Tier 2 Aggregate Funding equals 49% of all New State Funds, Tier 3 Aggregate Funding equals 0.9% of all New State Funds, and Tier 4 Aggregate Funding equals 0.1% of all New State Funds. Each Organizational Unit within Tier 1 or Tier 2 receives an allocation of New State Funds equal to its tier Funding Gap, as defined in the following sentence, multiplied by the tier's Allocation Rate determined pursuant to paragraph (4) of this subsection (g).

For Tier 1, an Organizational Unit's Funding Gap equals the tier's Target Ratio, as specified in paragraph (5) of this subsection (g), multiplied by the Organizational Unit's Adequacy Target, with the resulting amount reduced by the Organizational Unit's Final Resources. For Tier 2, an Organizational Unit's Funding Gap equals the tier's Target Ratio, as described in paragraph (5) of this subsection (g), multiplied by the Organizational Unit's Adequacy Target, with the resulting amount reduced by the Organizational Unit's Final Resources and its Tier 1 funding allocation. To determine the Organizational Unit's Funding Gap, the resulting amount is then multiplied by a factor equal to one minus the Organizational Unit's Local Capacity Target percentage. Each Organizational Unit within Tier 3 or Tier 4 receives an allocation of New State Funds equal to the product of its Adequacy Target and the tier's Allocation Rate, as specified in paragraph (4) of this subsection (g).

(2) To ensure equitable distribution of dollars for all Tier 2 Organizational Units, no Tier 2 Organizational Unit shall receive fewer dollars per ASE than any Tier 3 Organizational Unit. Each Tier 2 and Tier 3 Organizational Unit shall have its funding allocation divided by its ASE. Any Tier 2 Organizational Unit with a funding allocation per ASE below the greatest Tier 3 allocation per ASE shall get a funding allocation equal to the greatest Tier 3 funding allocation per ASE multiplied by the Organizational Unit's ASE. Each Tier 2 Organizational Unit's Tier 2 funding allocation shall be multiplied by the percentage calculated by dividing the original Tier 2 Aggregate Funding by the sum of all Tier 2 Organizational Units' Tier 2 funding allocation after adjusting districts' funding below Tier 3 levels.

(3) Organizational Units are placed into one of 4 tiers as follows:

(A) Tier 1 consists of all Organizational Units, except for Specially Funded Units, with a Percent of Adequacy less than the Tier 1 Target Ratio. The Tier 1 Target Ratio is the ratio level that allows for Tier 1 Aggregate Funding to be distributed, with the Tier 1 Allocation Rate determined pursuant to paragraph (4) of this subsection (g).

(B) Tier 2 consists of all Tier 1 Units and all other Organizational Units, except for Specially Funded Units, with a Percent of Adequacy of less than 0.90.

(C) Tier 3 consists of all Organizational Units, except for Specially Funded Units, with a Percent of Adequacy of at least 0.90 and less than 1.0.

(D) Tier 4 consists of all Organizational Units with a Percent of Adequacy of at least 1.0.

(4) The Allocation Rates for Tiers 1 through 4 are determined as follows:

(A) The Tier 1 Allocation Rate is 30%.

(B) The Tier 2 Allocation Rate is the result of the following equation: Tier 2 Aggregate Funding, divided by the sum of the Funding Gaps for all Tier 2 Organizational Units, unless the result of such equation is higher than 1.0. If the result of such equation is higher than 1.0, then the Tier 2 Allocation Rate is 1.0.

(C) The Tier 3 Allocation Rate is the result of the following equation: Tier 3 Aggregate Funding, divided by the sum of the Adequacy Targets of all Tier 3 Organizational Units.

(D) The Tier 4 Allocation Rate is the result of the following equation: Tier 4 Aggregate Funding, divided by the sum of the Adequacy Targets of all Tier 4 Organizational Units.

(5) A tier's Target Ratio is determined as follows:

(A) The Tier 1 Target Ratio is the ratio level that allows for Tier 1 Aggregate Funding to be distributed with the Tier 1 Allocation Rate.

(B) The Tier 2 Target Ratio is 0.90.

(C) The Tier 3 Target Ratio is 1.0.

(6) If, at any point, the Tier 1 Target Ratio is greater than 90%, then all Tier 1 funding shall be allocated to Tier 2 and no Tier 1 Organizational Unit's funding may be identified.

(7) In the event that all Tier 2 Organizational Units receive funding at the Tier 2 Target Ratio level, any remaining New State Funds shall be allocated to Tier 3 and Tier 4 Organizational Units.

(8) If any Specially Funded Units, excluding Glenwood Academy, recognized by the State Board do not qualify for direct funding following the implementation of Public Act 100-465 from any of the funding sources included within the definition of Base Funding Minimum, the unqualified portion of the Base Funding Minimum shall be transferred to one or more appropriate Organizational Units as determined by the State Superintendent based on the prior year ASE of the Organizational Units.

(8.5) If a school district withdraws from a special education cooperative, the portion of the Base Funding Minimum that is attributable to the school district may be redistributed to the school district

upon withdrawal. The school district and the cooperative must include the amount of the Base Funding Minimum that is to be reapportioned in their withdrawal agreement and notify the State Board of the change with a copy of the agreement upon withdrawal.

(9) The Minimum Funding Level is intended to establish a target for State funding that will keep pace with inflation and continue to advance equity through the Evidence-Based Funding formula. The target for State funding of New Property Tax Relief Pool Funds is \$50,000,000 for State fiscal year 2019 and subsequent State fiscal years. The Minimum Funding Level is equal to \$350,000,000. In addition to any New State Funds, no more than \$50,000,000 New Property Tax Relief Pool Funds may be counted toward the Minimum Funding Level. If the sum of New State Funds and applicable New Property Tax Relief Pool Funds are less than the Minimum Funding Level, than funding for tiers shall be reduced in the following manner:

(A) First, Tier 4 funding shall be reduced by an amount equal to the difference between the Minimum Funding Level and New State Funds until such time as Tier 4 funding is exhausted.

(B) Next, Tier 3 funding shall be reduced by an amount equal to the difference between the Minimum Funding Level and New State Funds and the reduction in Tier 4 funding until such time as Tier 3 funding is exhausted.

(C) Next, Tier 2 funding shall be reduced by an amount equal to the difference between the Minimum Funding Level and New State Funds and the reduction in Tier 4 and Tier 3.

(D) Finally, Tier 1 funding shall be reduced by an amount equal to the difference between the Minimum Funding level and New State Funds and the reduction in Tier 2, 3, and 4 funding. In addition, the Allocation Rate for Tier 1 shall be reduced to a percentage equal to the Tier 1 Allocation Rate set by paragraph (4) of this subsection (g), multiplied by the result of New State Funds divided by the Minimum Funding Level.

(9.5) For State fiscal year 2019 and subsequent State fiscal years, if New State Funds exceed \$300,000,000, then any amount in excess of \$300,000,000 shall be dedicated for purposes of Section 2-3.170 of this Code up to a maximum of \$50,000,000.

(10) In the event of a decrease in the amount of the appropriation for this Section in any fiscal year after implementation of this Section, the Organizational Units receiving Tier 1 and Tier 2 funding, as determined under paragraph (3) of this subsection (g), shall be held harmless by establishing a Base Funding Guarantee equal to the per pupil kindergarten through grade 12 funding received in accordance with this Section in the prior fiscal year. Reductions shall be made to the Base Funding Minimum of Organizational Units in Tier 3 and Tier 4 on a per pupil basis equivalent to the total number of the ASE in Tier 3-funded and Tier 4-funded Organizational Units divided by the total reduction in State funding. The Base Funding Minimum as reduced shall continue to be applied to Tier 3 and Tier 4 Organizational Units and adjusted by the relative formula when increases in appropriations for this Section resume. In no event may State funding reductions to Organizational Units in Tier 3 or Tier 4 exceed an amount that would be less than the Base Funding Minimum established in the first year of implementation of this Section. If additional reductions are required, all school districts shall receive a reduction by a per pupil amount equal to the aggregate additional appropriation reduction divided by the total ASE of all Organizational Units.

(11) The State Superintendent shall make minor adjustments to the distribution formula set forth in this subsection (g) to account for the rounding of percentages to the nearest tenth of a percentage and dollar amounts to the nearest whole dollar.

(h) State Superintendent administration of funding and district submission requirements.

(1) The State Superintendent shall, in accordance with appropriations made by the General Assembly, meet the funding obligations created under this Section.

(2) The State Superintendent shall calculate the Adequacy Target for each Organizational Unit and Net State Contribution Target for each Organizational Unit under this Section. No Evidence-Based Funding shall be distributed within an Organizational Unit without the approval of the unit's school board.

(3) Annually, the State Superintendent shall calculate and report to each Organizational Unit the unit's aggregate financial adequacy amount, which shall be the sum of the Adequacy Target for each Organizational Unit. The State Superintendent shall calculate and report separately for each Organizational Unit the unit's total State funds allocated for its students with disabilities. The State

Superintendent shall calculate and report separately for each Organizational Unit the amount of funding and applicable FTE calculated for each Essential Element of the unit's Adequacy Target.

(4) Annually, the State Superintendent shall calculate and report to each Organizational Unit the amount the unit must expend on special education and bilingual education and computer technology and equipment for Organizational Units assigned to Tier 1 or Tier 2 that received an additional \$285.50 per student computer technology and equipment investment grant to their Adequacy Target pursuant to the unit's Base Funding Minimum, Special Education Allocation, Bilingual Education Allocation, and computer technology and equipment investment allocation.

(5) Moneys distributed under this Section shall be calculated on a school year basis, but paid on a fiscal year basis, with payments beginning in August and extending through June. Unless otherwise provided, the moneys appropriated for each fiscal year shall be distributed in 22 equal payments at least 2 times monthly to each Organizational Unit. If moneys appropriated for any fiscal year are distributed other than monthly, the distribution shall be on the same basis for each Organizational Unit.

(6) Any school district that fails, for any given school year, to maintain school as required by law or to maintain a recognized school is not eligible to receive Evidence-Based Funding. In case of non-recognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion that the enrollment in the attendance center or centers bears to the enrollment of the school district. "Recognized school" means any public school that meets the standards for recognition by the State Board. A school district or attendance center not having recognition status at the end of a school term is entitled to receive State aid payments due upon a legal claim that was filed while it was recognized.

(7) School district claims filed under this Section are subject to Sections 18-9 and 18-12 of this Code, except as otherwise provided in this Section.

(8) Each fiscal year, the State Superintendent shall calculate for each Organizational Unit an amount of its Base Funding Minimum and Evidence-Based Funding that shall be deemed attributable to the provision of special educational facilities and services, as defined in Section 14-1.08 of this Code, in a manner that ensures compliance with maintenance of State financial support requirements under the federal Individuals with Disabilities Education Act. An Organizational Unit must use such funds only for the provision of special educational facilities and services, as defined in Section 14-1.08 of this Code, and must comply with any expenditure verification procedures adopted by the State Board.

(9) All Organizational Units in this State must submit annual spending plans by the end of September of each year to the State Board as part of the annual budget process, which shall describe how each Organizational Unit will utilize the Base Funding Minimum and Evidence-Based Funding it receives from this State under this Section with specific identification of the intended utilization of Low-Income, English learner, and special education resources. Additionally, the annual spending plans of each Organizational Unit shall describe how the Organizational Unit expects to achieve student growth and how the Organizational Unit will achieve State education goals, as defined by the State Board. The State Superintendent may, from time to time, identify additional requisites for Organizational Units to satisfy when compiling the annual spending plans required under this subsection (h). The format and scope of annual spending plans shall be developed by the State Superintendent and the State Board of Education. School districts that serve students under Article 14C of this Code shall continue to submit information as required under Section 14C-12 of this Code.

(10) No later than January 1, 2018, the State Superintendent shall develop a 5-year strategic plan for all Organizational Units to help in planning for adequacy funding under this Section. The State Superintendent shall submit the plan to the Governor and the General Assembly, as provided in Section 3.1 of the General Assembly Organization Act. The plan shall include recommendations for:

(A) a framework for collaborative, professional, innovative, and 21st century learning environments using the Evidence-Based Funding model;

(B) ways to prepare and support this State's educators for successful instructional careers;

(C) application and enhancement of the current financial accountability measures, the approved State plan to comply with the federal Every Student Succeeds Act, and the Illinois Balanced Accountability Measures in relation to student growth and elements of the Evidence-Based Funding model; and

(D) implementation of an effective school adequacy funding system based on projected and recommended funding levels from the General Assembly.

(11) On an annual basis, the State Superintendent must recalibrate all of the following per pupil elements of the Adequacy Target and applied to the formulas, based on the study of average expenses and as reported in the most recent annual financial report:

(A) Gifted under subparagraph (M) of paragraph (2) of subsection (b).

(B) Instructional materials under subparagraph (O) of paragraph (2) of subsection (b).

(C) Assessment under subparagraph (P) of paragraph (2) of subsection (b).

(D) Student activities under subparagraph (R) of paragraph (2) of subsection (b).

(E) Maintenance and operations under subparagraph (S) of paragraph (2) of subsection

(b).

(F) Central office under subparagraph (T) of paragraph (2) of subsection (b).

(i) Professional Review Panel.

(1) A Professional Review Panel is created to study and review topics related to the implementation and effect of Evidence-Based Funding, as assigned by a joint resolution or Public Act of the General Assembly or a motion passed by the State Board of Education. The Panel must provide recommendations to and serve the Governor, the General Assembly, and the State Board. The State Superintendent or his or her designee must serve as a voting member and chairperson of the Panel. The State Superintendent must appoint a vice chairperson from the membership of the Panel. The Panel must advance recommendations based on a three-fifths majority vote of Panel members present and voting. A minority opinion may also accompany any recommendation of the Panel. The Panel shall be appointed by the State Superintendent, except as otherwise provided in paragraph (2) of this subsection (i) and include the following members:

(A) Two appointees that represent district superintendents, recommended by a statewide organization that represents district superintendents.

(B) Two appointees that represent school boards, recommended by a statewide organization that represents school boards.

(C) Two appointees from districts that represent school business officials, recommended by a statewide organization that represents school business officials.

(D) Two appointees that represent school principals, recommended by a statewide organization that represents school principals.

(K) Two representatives recommended by collective impact organizations that represent major metropolitan areas or geographic areas in Illinois.

(L) One member from a statewide organization focused on research-based education policy to support a school system that prepares all students for college, a career, and democratic citizenship.

(M) One representative from a school district organized under Article 34 of this Code.

The State Superintendent shall ensure that the membership of the Panel includes representatives from school districts and communities reflecting the geographic, socio-economic, racial, and ethnic diversity of this State. The State Superintendent shall additionally ensure that the membership of the Panel includes representatives with expertise in bilingual education and special education. Staff from the State Board shall staff the Panel.

(2) In addition to those Panel members appointed by the State Superintendent, 4 members of the General Assembly shall be appointed as follows: one member of the House of Representatives appointed by the Speaker of the House of Representatives, one member of the Senate appointed by the President of the Senate, one member of the House of Representatives appointed by the Minority Leader of the House of Representatives, and one member of the Senate appointed by the Minority

Leader of the Senate. There shall be one additional member appointed by the Governor. All members appointed by legislative leaders or the Governor shall be non-voting, ex officio members.

(3) The Panel must study topics at the direction of the General Assembly or State Board of Education, as provided under paragraph (1). The Panel may also study the following topics at the direction of the chairperson:

(A) The format and scope of annual spending plans referenced in paragraph (9) of subsection (h) of this Section.

(B) The Comparable Wage Index under this Section.

(C) Maintenance and operations, including capital maintenance and construction costs.

(D) "At-risk student" definition.

(E) Benefits.

(F) Technology.

(G) Local Capacity Target.

(H) Funding for Alternative Schools, Laboratory Schools, safe schools, and alternative learning opportunities programs.

(J) Special education investments.

(K) Early childhood investments, in collaboration with the Illinois Early Learning Council.

(4) (Blank).

(5) Within 5 years after the implementation of this Section, and every 5 years thereafter, the Panel shall complete an evaluative study of the entire Evidence-Based Funding model, including an assessment of whether or not the formula is achieving State goals. The Panel shall report to the State Board, the General Assembly, and the Governor on the findings of the study.

(6) (Blank).

(7) To ensure that (i) the Adequacy Target calculation under subsection (b) accurately reflects the needs of students living in poverty or attending schools located in areas of high poverty, (ii) racial equity within the Evidence-Based Funding formula is explicitly explored and advanced, and (iii) the funding goals of the formula distribution system established under this Section are sufficient to provide adequate funding for every student and to fully fund every school in this State, the Panel shall review the Essential Elements under paragraph (2) of subsection (b). The Panel shall consider all of the following in its review:

(A) The financial ability of school districts to provide instruction in a foreign language to every student and whether an additional Essential Element should be added to the formula to ensure that every student has access to instruction in a foreign language.

(B) The adult-to-student ratio for each Essential Element in which a ratio is identified. The Panel shall consider whether the ratio accurately reflects the staffing needed to support students living in poverty or who have traumatic backgrounds.

(C) Changes to the Essential Elements that may be required to better promote racial equity and eliminate structural racism within schools.

(D) The impact of investing \$350,000,000 in additional funds each year under this Section and an estimate of when the school system will become fully funded under this level of appropriation.

(E) Provide an overview of alternative funding structures that would enable the State to become fully funded at an earlier date.

(F) The potential to increase efficiency and to find cost savings within the school system to expedite the journey to a fully funded system.

(G) The appropriate levels for reenrolling and graduating high-risk high school students who have been previously out of school. These outcomes shall include enrollment, attendance, skill gains, credit gains, graduation or promotion to the next grade level, and the transition to college, training, or employment, with an emphasis on progressively increasing the overall attendance.

(H) The evidence-based or research-based practices that are shown to reduce the gaps and disparities experienced by African American students in academic achievement and educational performance, including practices that have been shown to reduce disparities ~~parities~~ in

disciplinary rates, drop-out rates, graduation rates, college matriculation rates, and college completion rates.

On or before December 31, 2021, the Panel shall report to the State Board, the General Assembly, and the Governor on the findings of its review. This paragraph (7) is inoperative on and after July 1, 2022.

(j) References. Beginning July 1, 2017, references in other laws to general State aid funds or calculations under Section 18-8.05 of this Code (now repealed) shall be deemed to be references to evidence-based model formula funds or calculations under this Section.

Section 5-78. The School Construction Law is amended by adding Section 5-500 as follows:  
(105 ILCS 230/5-500 new)

Sec. 5-500. Emergency funding eligibility.

(a) The State Board of Education shall classify destruction or disrepair of a public school as an emergency that is eligible for emergency funding if the public school (i) does not otherwise meet the minimum enrollment requirements to be eligible for emergency funding, (ii) has a majority-minority student population, and (iii) is located within a municipality with a population of less than 5,000 outside of Cook County and the destruction or disrepair occurred during the time in which proclamations issued by the Governor during the 2019-2020, 2020-2021, and 2021-2022 school years declaring a disaster due to a public health emergency pursuant to Section 7 of the Illinois Emergency Management Agency Act were in effect.

(b) Notwithstanding any other provisions of law to the contrary, any school district that receives funding pursuant to subsection (a) is exempt from providing local matching funds.

Section 5-80. The Board of Higher Education Act is amended by adding Section 9.41 as follows:  
(110 ILCS 205/9.41 new)

Sec. 9.41. Board of Higher Education State Contracts and Grants Fund; creation. The Board of Higher Education State Contracts and Grants Fund is created as a special fund in the State treasury. The Board shall deposit into the Fund moneys received from grants, awards, or other financial activities from state or local government agencies, and, where appropriate, other funds made available through contracts with state or local government agencies. Moneys in the Fund may be used by the Board, subject to appropriation, for grants, awards, contracts, and other purposes in accordance with this Act.

Section 5-82. The Public Community College Act is amended by adding Section 2-12.2 as follows:  
(110 ILCS 805/2-12.2 new)

Sec. 2-12.2. Pipeline for the Advancement of the Healthcare Workforce. The State Board shall develop a funding formula to distribute funds for the Illinois Pipeline for the Advancement of the Healthcare (PATH) Workforce Program, a program that is hereby established and designed to create, support, and expand opportunities of individuals enrolled at a public community college in a healthcare pathway, to obtain credentials, certificates, and degrees that allow them to enter into or advance their careers in the healthcare industry. The State Board shall adopt rules as necessary to implement the funding formula and distribute the funds to Illinois community colleges.

Section 5-85. The Higher Education Student Assistance Act is amended by changing Sections 35, 38, and 77 as follows:

(110 ILCS 947/35)

Sec. 35. Monetary award program.

(a) The Commission shall, each year, receive and consider applications for grant assistance under this Section. Subject to a separate appropriation for such purposes, an applicant is eligible for a grant under this Section when the Commission finds that the applicant:

(1) is a resident of this State and a citizen or permanent resident of the United States; ~~and~~

(2) is enrolled or has been accepted for enrollment in a qualified institution for the purpose of obtaining a degree, certificate, or other credential offered by the institution, as applicable; and

(3) in the absence of grant assistance, will be deterred by financial considerations from completing an educational program at the qualified institution of his or her choice.

(b) The Commission shall award renewals only upon the student's application and upon the Commission's finding that the applicant:

- (1) has remained a student in good standing;
- (2) remains a resident of this State; and
- (3) is in a financial situation that continues to warrant assistance.

(c) All grants shall be applicable only to tuition and necessary fee costs. The Commission shall determine the grant amount for each student, which shall not exceed the smallest of the following amounts:

(1) subject to appropriation, \$5,468 for fiscal year 2009, \$5,968 for fiscal year 2010, ~~and~~ \$6,468 for fiscal year 2011 and each fiscal year thereafter through fiscal year 2022, and \$8,508 for fiscal year 2023 and each fiscal year thereafter, or such lesser amount as the Commission finds to be available, during an academic year;

(2) the amount which equals 2 semesters or 3 quarters tuition and other necessary fees required generally by the institution of all full-time undergraduate students; or

(3) such amount as the Commission finds to be appropriate in view of the applicant's financial resources.

Subject to appropriation, the maximum grant amount for students not subject to subdivision (1) of this subsection (c) must be increased by the same percentage as any increase made by law to the maximum grant amount under subdivision (1) of this subsection (c).

"Tuition and other necessary fees" as used in this Section include the customary charge for instruction and use of facilities in general, and the additional fixed fees charged for specified purposes, which are required generally of nongrant recipients for each academic period for which the grant applicant actually enrolls, but do not include fees payable only once or breakage fees and other contingent deposits which are refundable in whole or in part. The Commission may prescribe, by rule not inconsistent with this Section, detailed provisions concerning the computation of tuition and other necessary fees.

(d) No applicant, including those presently receiving scholarship assistance under this Act, is eligible for monetary award program consideration under this Act after receiving a baccalaureate degree or the equivalent of 135 semester credit hours of award payments.

(d-5) In this subsection (d-5), "renewing applicant" means a student attending an institution of higher learning who received a Monetary Award Program grant during the prior academic year. Beginning with the processing of applications for the 2020-2021 academic year, the Commission shall annually publish a priority deadline date for renewing applicants. Subject to appropriation, a renewing applicant who files by the published priority deadline date shall receive a grant if he or she continues to meet the eligibility requirements under this Section. A renewing applicant's failure to apply by the priority deadline date established under this subsection (d-5) shall not disqualify him or her from receiving a grant if sufficient funding is available to provide awards after that date.

(e) The Commission, in determining the number of grants to be offered, shall take into consideration past experience with the rate of grant funds unclaimed by recipients. The Commission shall notify applicants that grant assistance is contingent upon the availability of appropriated funds.

(e-5) The General Assembly finds and declares that it is an important purpose of the Monetary Award Program to facilitate access to college both for students who pursue postsecondary education immediately following high school and for those who pursue postsecondary education later in life, particularly Illinoisans who are dislocated workers with financial need and who are seeking to improve their economic position through education. For the 2015-2016 and 2016-2017 academic years, the Commission shall give additional and specific consideration to the needs of dislocated workers with the intent of allowing applicants who are dislocated workers an opportunity to secure financial assistance even if applying later than the general pool of applicants. The Commission's consideration shall include, in determining the number of grants to be offered, an estimate of the resources needed to serve dislocated workers who apply after the Commission initially suspends award announcements for the upcoming regular academic year, but prior to the beginning of that academic year. For the purposes of this subsection (e-5), a dislocated worker is defined as in the federal Workforce Innovation and Opportunity Act.

(f) (Blank).

(g) The Commission shall determine the eligibility of and make grants to applicants enrolled at qualified for-profit institutions in accordance with the criteria set forth in this Section. The eligibility of applicants enrolled at such for-profit institutions shall be limited as follows:

(1) Beginning with the academic year 1997, only to eligible first-time freshmen and first-time transfer students who have attained an associate degree.

(2) Beginning with the academic year 1998, only to eligible freshmen students, transfer students who have attained an associate degree, and students who receive a grant under paragraph (1) for the academic year 1997 and whose grants are being renewed for the academic year 1998.

(3) Beginning with the academic year 1999, to all eligible students.

(h) The Commission may award a grant to an eligible applicant enrolled at an Illinois public institution of higher learning in a program that will culminate in the award of an occupational or career and technical certificate as that term is defined in 23 Ill. Adm. Code 1501.301.

(i) The Commission may adopt rules to implement this Section.

- (1) that he or she has been a resident of this State for at least one year prior to application and is a citizen or a lawful permanent resident alien of the United States;

- (3) that he or she agrees to meet the nurse educator employment obligation.

(b) If in any year the number of qualified applicants exceeds the number of scholarships to be awarded under this Section, the Department shall, in consultation with the Illinois Nursing Workforce Center Advisory Board, consider the following factors in granting priority in awarding scholarships:

(1) Financial need, as shown on a standardized financial needs assessment form used by an approved institution, of students who will pursue their education on a full-time or close to full-time basis and who already have a diploma in nursing and are pursuing a higher degree.

(2) A student's status as a registered nurse who is pursuing a graduate degree in nursing to pursue employment in an approved institution that educates licensed practical nurses and that educates registered nurses in undergraduate and graduate nursing programs.

(3) A student's merit, as shown through his or her grade point average, class rank, experience as a nurse, including supervisory experience, experience as a nurse in the United States military, and other academic and extracurricular activities.

(c) Unless otherwise indicated, scholarships under this Section shall be awarded to recipients at approved institutions for a period of up to 3 years.

(d) Within 12 months after graduation from a graduate degree in nursing program for nurse educators, any recipient who accepted a scholarship under this Section shall begin meeting the required nurse educator employment obligation. In order to defer his or her continuous employment obligation, a recipient must request the deferment in writing from the Department. A recipient shall receive a deferment if he or she notifies the Department, within 30 days after enlisting, that he or she is spending up to 4 years in military service. A recipient shall receive a deferment if he or she notifies the Department, within 30 days after enrolling, that he or she is enrolled in an academic program leading to a graduate degree in nursing. The recipient must begin meeting the required nurse educator employment obligation no later than 6 months after the end of the deferment or deferments.

Any person who fails to fulfill the nurse educator employment obligation shall pay to the Department an amount equal to the amount of scholarship funds received per year for each unfulfilled year of the nurse educator employment obligation, together with interest at 7% per year on the unpaid balance. Payment must begin within 6 months following the date of the occurrence initiating the repayment. All repayments must be completed within 6 years from the date of the occurrence initiating the repayment. However, this repayment obligation may be deferred and re-evaluated every 6 months when the failure to fulfill the nurse educator employment obligation results from involuntarily leaving the profession due to a decrease in the number of nurses employed in this State or when the failure to fulfill the nurse educator employment obligation results from total and permanent disability. The repayment obligation shall be excused if the failure to fulfill the nurse educator employment obligation results from the death or adjudication as incompetent of the person holding the scholarship. No claim for repayment may be filed against the estate of such a decedent or incompetent.

The Department may allow a nurse educator employment obligation fulfillment alternative if the nurse educator scholarship recipient is unsuccessful in finding work as a nurse educator. The Department shall maintain a database of all available nurse educator positions in this State.

(e) Each person applying for a scholarship under this Section must be provided with a copy of this Section at the time of application for the benefits of this scholarship.

(f) Rulemaking authority to implement this ~~amendatory Act of the 96th General Assembly, if any,~~ is conditioned on the rules being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.

Scholarship amounts for students pursuing associate, baccalaureate, or graduate degrees in nursing at a college or university shall include 75% of the weighted tuition and fees charged by public universities in Illinois plus the uniform living allowance reported in the weighted MAP budget. Scholarship amounts for students in practical nursing programs shall include 75% of the average of tuition charges at all practical nursing programs plus the uniform living allowance reported in the weighted MAP budget. The Department may provide that scholarships shall be on a quarterly or semi-annual basis and shall be contingent upon the student's diligently pursuing nursing studies and being a student in good standing. Scholarship awards may be provided to part-time students; the amount shall be determined by applying the proportion represented by the part-time enrollment to full-time enrollment ratio to the average per-term scholarship amount for a student in the same nursing degree category.

For the imposition of the privilege tax in this subsection (a-5), amounts paid pursuant to item (1) of subsection (b) of Section 56 of the Illinois Horse Racing Act of 1975 shall not be included in the determination of adjusted gross receipts.

Notwithstanding the provisions of this subsection (a-5), for the first 10 years that the privilege tax is imposed under this subsection (a-5), the privilege tax shall be imposed on the modified annual adjusted gross receipts of a riverboat or casino conducting gambling operations in the City of East St. Louis, unless:

(1) the riverboat or casino fails to employ at least 450 people, except no minimum employment shall be required during 2020 and 2021 or during periods that the riverboat or casino is closed on orders of State officials for public health emergencies or other emergencies not caused by the riverboat or casino;

(2) the riverboat or casino fails to maintain operations in a manner consistent with this Act or is not a viable riverboat or casino subject to the approval of the Board; or

(3) the owners licensee is not an entity in which employees participate in an employee stock ownership plan or in which the owners licensee sponsors a 401(k) retirement plan and makes a matching employer contribution equal to at least one-quarter of the first 12% or one-half of the first 6% of each participating employee's contribution, not to exceed any limitations under federal laws and regulations.

As used in this subsection (a-5), "modified annual adjusted gross receipts" means:

(A) for calendar year 2020, the annual adjusted gross receipts for the current year minus the difference between an amount equal to the average annual adjusted gross receipts from a riverboat or casino conducting gambling operations in the City of East St. Louis for 2014, 2015, 2016, 2017, and 2018 and the annual adjusted gross receipts for 2018;

(B) for calendar year 2021, the annual adjusted gross receipts for the current year minus the difference between an amount equal to the average annual adjusted gross receipts from a riverboat or casino conducting gambling operations in the City of East St. Louis for 2014, 2015, 2016, 2017, and 2018 and the annual adjusted gross receipts for 2019; and

(C) for calendar years 2022 through 2029, the annual adjusted gross receipts for the current year minus the difference between an amount equal to the average annual adjusted gross receipts from a riverboat or casino conducting gambling operations in the City of East St. Louis for 3 years preceding the current year and the annual adjusted gross receipts for the immediately preceding year.

(a-6) From June 28, 2019 (the effective date of Public Act 101-31) until June 30, 2023, an owners licensee that conducted gambling operations prior to January 1, 2011 shall receive a dollar-for-dollar credit against the tax imposed under this Section for any renovation or construction costs paid by the owners licensee, but in no event shall the credit exceed \$2,000,000.

Additionally, from June 28, 2019 (the effective date of Public Act 101-31) until December 31, ~~2024~~ ~~2022~~, an owners licensee that (i) is located within 15 miles of the Missouri border, and (ii) has at least 3 riverboats, casinos, or their equivalent within a 45-mile radius, may be authorized to relocate to a new location with the approval of both the unit of local government designated as the home dock and the Board, so long as the new location is within the same unit of local government and no more than 3 miles away from its original location. Such owners licensee shall receive a credit against the tax imposed under this Section equal to 8% of the total project costs, as approved by the Board, for any renovation or construction costs paid by the owners licensee for the construction of the new facility, provided that the new facility is operational by July 1, ~~2024~~ ~~2022~~. In determining whether or not to approve a relocation, the Board must consider the extent to which the relocation will diminish the gaming revenues received by other Illinois gaming facilities.

(a-7) Beginning in the initial adjustment year and through the final adjustment year, if the total obligation imposed pursuant to either subsection (a-5) or (a-6) will result in an owners licensee receiving less after-tax adjusted gross receipts than it received in calendar year 2018, then the total amount of privilege taxes that the owners licensee is required to pay for that calendar year shall be reduced to the extent necessary so that the after-tax adjusted gross receipts in that calendar year equals the after-tax adjusted gross receipts in calendar year 2018, but the privilege tax reduction shall not exceed the annual adjustment cap. If pursuant to this subsection (a-7), the total obligation imposed pursuant to either subsection (a-5) or (a-6) shall be reduced, then the owners licensee shall not receive a refund from the State at the end of the subject calendar year but instead shall be able to apply that amount as a credit against any payments it owes to the State in the following calendar year to satisfy its total obligation under either subsection (a-5) or (a-6). The credit for the final adjustment year shall occur in the calendar year following the final adjustment year.

If an owners licensee that conducted gambling operations prior to January 1, 2019 expands its riverboat or casino, including, but not limited to, with respect to its gaming floor, additional non-gaming amenities such as restaurants, bars, and hotels and other additional facilities, and incurs construction and other costs related to such expansion from June 28, 2019 (the effective date of Public Act 101-31) until June 28, 2024 (the 5th anniversary of the effective date of Public Act 101-31), then for each \$15,000,000 spent for any such construction or other costs related to expansion paid by the owners licensee, the final adjustment year shall be extended by one year and the annual adjustment cap shall increase by 0.2% of adjusted gross receipts during each calendar year until and including the final adjustment year. No further modifications to the final adjustment year or annual adjustment cap shall be made after \$75,000,000 is incurred in construction or other costs related to expansion so that the final adjustment year shall not extend beyond the 9th calendar year after the initial adjustment year, not including the initial adjustment year, and the annual adjustment cap shall not exceed 4% of adjusted gross receipts in a particular calendar year. Construction and other costs related to expansion shall include all project related costs, including, but not limited to, all hard and soft costs, financing costs, on or off-site ground, road or utility work, cost of gaming equipment and all other personal property, initial fees assessed for each incremental gaming position, and the cost of incremental land acquired for such expansion. Soft costs shall include, but not be limited to, legal fees, architect, engineering and design costs, other consultant costs, insurance cost, permitting costs, and pre-opening costs related to the expansion, including, but not limited to, any of the following: marketing, real estate taxes, personnel, training, travel and out-of-pocket expenses, supply, inventory, and other costs, and any other project related soft costs.

To be eligible for the tax credits in subsection (a-6), all construction contracts shall include a requirement that the contractor enter into a project labor agreement with the building and construction trades council with geographic jurisdiction of the location of the proposed gaming facility.

Notwithstanding any other provision of this subsection (a-7), this subsection (a-7) does not apply to an owners licensee unless such owners licensee spends at least \$15,000,000 on construction and other costs related to its expansion, excluding the initial fees assessed for each incremental gaming position.

This subsection (a-7) does not apply to owners licensees authorized pursuant to subsection (e-5) of Section 7 of this Act.

For purposes of this subsection (a-7):

"Building and construction trades council" means any organization representing multiple construction entities that are monitoring or attentive to compliance with public or workers' safety laws, wage and hour requirements, or other statutory requirements or that are making or maintaining collective bargaining agreements.

"Initial adjustment year" means the year commencing on January 1 of the calendar year immediately following the earlier of the following:

(1) the commencement of gambling operations, either in a temporary or permanent facility, with respect to the owners license authorized under paragraph (1) of subsection (e-5) of Section 7 of this Act; or

(2) June 28, 2021 (24 months after the effective date of Public Act 101-31);

provided the initial adjustment year shall not commence earlier than June 28, 2020 (12 months after the effective date of Public Act 101-31).

"Final adjustment year" means the 2nd calendar year after the initial adjustment year, not including the initial adjustment year, and as may be extended further as described in this subsection (a-7).

"Annual adjustment cap" means 3% of adjusted gross receipts in a particular calendar year, and as may be increased further as otherwise described in this subsection (a-7).

(a-8) Riverboat gambling operations conducted by a licensed manager on behalf of the State are not subject to the tax imposed under this Section.

(a-9) Beginning on January 1, 2020, the calculation of gross receipts or adjusted gross receipts, for the purposes of this Section, for a riverboat, a casino, or an organization gaming facility shall not include the dollar amount of non-cashable vouchers, coupons, and electronic promotions redeemed by wagerers upon the riverboat, in the casino, or in the organization gaming facility up to and including an amount not to exceed 20% of a riverboat's, a casino's, or an organization gaming facility's adjusted gross receipts.

The Illinois Gaming Board shall submit to the General Assembly a comprehensive report no later than March 31, 2023 detailing, at a minimum, the effect of removing non-cashable vouchers, coupons, and electronic promotions from this calculation on net gaming revenues to the State in calendar years 2020 through 2022, the increase or reduction in wagerers as a result of removing non-cashable vouchers, coupons, and electronic promotions from this calculation, the effect of the tax rates in subsection (a-5) on net gaming revenues to this State, and proposed modifications to the calculation.

(a-10) The taxes imposed by this Section shall be paid by the licensed owner or the organization gaming licensee to the Board not later than 5:00 o'clock p.m. of the day after the day when the wagers were made.

(a-15) If the privilege tax imposed under subsection (a-3) is no longer imposed pursuant to item (i) of the last paragraph of subsection (a-3), then by June 15 of each year, each owners licensee, other than an owners licensee that admitted 1,000,000 persons or fewer in calendar year 2004, must, in addition to the payment of all amounts otherwise due under this Section, pay to the Board a reconciliation payment in the amount, if any, by which the licensed owner's base amount exceeds the amount of net privilege tax paid by the licensed owner to the Board in the then current State fiscal year. A licensed owner's net privilege tax obligation due for the balance of the State fiscal year shall be reduced up to the total of the amount paid by the licensed owner in its June 15 reconciliation payment. The obligation imposed by this subsection (a-15) is binding on any person, firm, corporation, or other entity that acquires an ownership interest in any such owners license. The obligation imposed under this subsection (a-15) terminates on the earliest of: (i) July 1, 2007, (ii) the first day after August 23, 2005 (the effective date of Public Act 94-673) that riverboat gambling operations are conducted pursuant to a dormant license, (iii) the first day that riverboat gambling operations are conducted under the authority of an owners license that is in addition to the 10 owners licenses initially authorized under this Act, or (iv) the first day that a licensee under the Illinois Horse Racing Act of 1975 conducts gaming operations with slot machines or other electronic gaming devices. The Board must reduce the obligation imposed under this subsection (a-15) by an amount the Board deems reasonable for any of the following reasons: (A) an act or acts of God, (B) an act of bioterrorism or terrorism or a bioterrorism or terrorism threat that was investigated by a law enforcement agency, or (C) a condition beyond the control of the owners licensee that does not result from any act or omission by the owners licensee or any of its agents and that poses a hazardous threat to the health and safety of patrons. If an owners licensee pays an amount in excess of its liability under this Section, the Board shall apply the overpayment to future payments required under this Section.

For purposes of this subsection (a-15):

"Act of God" means an incident caused by the operation of an extraordinary force that cannot be foreseen, that cannot be avoided by the exercise of due care, and for which no person can be held liable.

"Base amount" means the following:

- For a riverboat in Alton, \$31,000,000.
- For a riverboat in East Peoria, \$43,000,000.
- For the Empress riverboat in Joliet, \$86,000,000.
- For a riverboat in Metropolis, \$45,000,000.
- For the Harrah's riverboat in Joliet, \$114,000,000.

- For a riverboat in East St. Louis, \$48,500,000.
- For a riverboat in Elgin, \$198,000,000.

"Dormant license" has the meaning ascribed to it in subsection (a-3).

"Net privilege tax" means all privilege taxes paid by a licensed owner to the Board under this Section, less all payments made from the State Gaming Fund pursuant to subsection (b) of this Section.

The changes made to this subsection (a-15) by Public Act 94-839 are intended to restate and clarify the intent of Public Act 94-673 with respect to the amount of the payments required to be made under this subsection by an owners licensee to the Board.

(b) From the tax revenue from riverboat or casino gambling deposited in the State Gaming Fund under this Section, an amount equal to 5% of adjusted gross receipts generated by a riverboat or a casino, other than a riverboat or casino designated in paragraph (1), (3), or (4) of subsection (e-5) of Section 7, shall be paid monthly, subject to appropriation by the General Assembly, to the unit of local government in which the casino is located or that is designated as the home dock of the riverboat. Notwithstanding anything to the contrary, beginning on the first day that an owners licensee under paragraph (1), (2), (3), (4), (5), or (6) of subsection (e-5) of Section 7 conducts gambling operations, either in a temporary facility or a permanent facility, and for 2 years thereafter, a unit of local government designated as the home dock of a riverboat whose license was issued before January 1, 2019, other than a riverboat conducting gambling operations in the City of East St. Louis, shall not receive less under this subsection (b) than the amount the unit of local government received under this subsection (b) in calendar year 2018. (305 ILCS 5/5-5.01a)

Sec. 5-5.01a. Supportive living facilities program.

(a) The Department shall establish and provide oversight for a program of supportive living facilities that seek to promote resident independence, dignity, respect, and well-being in the most cost-effective manner.

A supportive living facility is (i) a free-standing facility or (ii) a distinct physical and operational entity within a mixed-use building that meets the criteria established in subsection (d). A supportive living facility integrates housing with health, personal care, and supportive services and is a designated setting that offers residents their own separate, private, and distinct living units.

Sites for the operation of the program shall be selected by the Department based upon criteria that may include the need for services in a geographic area, the availability of funding, and the site's ability to meet the standards.

(b) Beginning July 1, 2014, subject to federal approval, the Medicaid rates for supportive living facilities shall be equal to the supportive living facility Medicaid rate effective on June 30, 2014 increased by 8.85%. Once the assessment imposed at Article V-G of this Code is determined to be a permissible tax under Title XIX of the Social Security Act, the Department shall increase the Medicaid rates for supportive living facilities effective on July 1, 2014 by 9.09%. The Department shall apply this increase retroactively to coincide with the imposition of the assessment in Article V-G of this Code in accordance with the approval for federal financial participation by the Centers for Medicare and Medicaid Services.

The Medicaid rates for supportive living facilities effective on July 1, 2017 must be equal to the rates in effect for supportive living facilities on June 30, 2017 increased by 2.8%.

The Medicaid rates for supportive living facilities effective on July 1, 2018 must be equal to the rates in effect for supportive living facilities on June 30, 2018.

Subject to federal approval, the Medicaid rates for supportive living services on and after July 1, 2019 and through December 31, 2022, must be at least 54.3% of the average total nursing facility services per

diem for the geographic areas defined by the Department while maintaining the rate differential for dementia care and must be updated whenever the total nursing facility service per diems are updated. Beginning January 1, 2023, upon the implementation of the Patient Driven Payment Model, Medicaid rates for supportive living services must be at least 54.3% of the average total nursing services per diem rate for the geographic areas. For purposes of this provision, the average total nursing services per diem rate shall include all add-ons for nursing facilities for the geographic area provided for in Section 5-5.2. The rate differential for dementia care must be maintained in these rates and the rates shall be updated whenever nursing facility per diem rates are updated.

(c) The Department may adopt rules to implement this Section. Rules that establish or modify the services, standards, and conditions for participation in the program shall be adopted by the Department in consultation with the Department on Aging, the Department of Rehabilitation Services, and the Department of Mental Health and Developmental Disabilities (or their successor agencies).

(d) Subject to federal approval by the Centers for Medicare and Medicaid Services, the Department shall accept for consideration of certification under the program any application for a site or building where distinct parts of the site or building are designated for purposes other than the provision of supportive living services, but only if:

- (1) those distinct parts of the site or building are not designated for the purpose of providing assisted living services as required under the Assisted Living and Shared Housing Act;
- (2) those distinct parts of the site or building are completely separate from the part of the building used for the provision of supportive living program services, including separate entrances;
- (3) those distinct parts of the site or building do not share any common spaces with the part of the building used for the provision of supportive living program services; and
- (4) those distinct parts of the site or building do not share staffing with the part of the building used for the provision of supportive living program services.

(e) Facilities or distinct parts of facilities which are selected as supportive living facilities and are in good standing with the Department's rules are exempt from the provisions of the Nursing Home Care Act and the Illinois Health Facilities Planning Act.

(f) Section 9817 of the American Rescue Plan Act of 2021 (Public Law 117-2) authorizes a 10% enhanced federal medical assistance percentage for supportive living services for a 12-month period from April 1, 2021 through March 31, 2022. Subject to federal approval, including the approval of any necessary waiver amendments or other federally required documents or assurances, for a 12-month period the Department must pay a supplemental \$26 per diem rate to all supportive living facilities with the additional federal financial participation funds that result from the enhanced federal medical assistance percentage from April 1, 2021 through March 31, 2022. The Department may issue parameters around how the supplemental payment should be spent, including quality improvement activities. The Department may alter the form, methods, or timeframes concerning the supplemental per diem rate to comply with any subsequent changes to federal law, changes made by guidance issued by the federal Centers for Medicare and Medicaid Services, or other changes necessary to receive the enhanced federal medical assistance percentage.

Federal sources dedicated to pandemic related payments include, but are not limited to, funds distributed to the State of Illinois from the Coronavirus Relief Fund pursuant to the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") and from the Coronavirus State Fiscal Recovery Fund pursuant to Section 9901 of the American Rescue Plan Act of 2021, that are appropriated to the Department during Fiscal Years 2020, 2021, and 2022 for purposes permitted by those federal laws and related federal guidance.

- (1) Pandemic related stability payments for these providers shall be separate and apart from any rate methodology otherwise defined in this Code to the extent permitted in accordance with Section 5001 of the CARES Act and Section 9901 of the American Rescue Plan Act of 2021 and any related federal guidance.

(5) Pandemic related stability payments made from moneys received from the Coronavirus Relief Fund will be distributed to providers based on a methodology to be administered by the Department with amounts determined by a calculation of total federal pandemic related funds appropriated by the Illinois General Assembly for this purpose. Providers receiving the pandemic related stability payments will attest to their increased costs, declining revenues, and receipt of additional pandemic related funds directly from the federal government.

(6) Of the payments provided for by this Section made from moneys received from the Coronavirus Relief Fund, a minimum of 30% shall be allotted for health care providers that serve the ZIP codes located in the most disproportionately impacted areas of Illinois, based on positive COVID-19 cases based on data collected by the Department of Public Health and provided to the Department of Healthcare and Family Services.

(7) From funds appropriated, directly or indirectly, from moneys received by the State from the Coronavirus State Fiscal Recovery Fund for Fiscal Years 2021 and 2022, the Department shall expend such funds only for purposes permitted by Section 9901 of the American Rescue Plan Act of 2021 and related federal guidance. (D) No portion of these funds shall be spent on volunteer or temporary staff, and these funds shall not be used to make retroactive premium payments before the effective date of this amendatory Act of the 102nd General Assembly.

(E) The Department shall require each recipient under this paragraph to submit appropriate documentation acknowledging compliance with State and federal law. The provider shall maintain the certification in its records. The provider shall also maintain documentation of all non-emergency ambulance services for the period covered by the certification. The provider shall produce the certification and supporting documentation upon demand by the Department or its representative. Failure to comply shall result in recovery of any payments made by the Department.

(d) Premium Pay Initiative. Subject to paragraph (c) of this Section, the Department shall establish a Premium Pay Initiative to distribute awards to each Qualifying Ground Ambulance Service Provider for the purpose of providing premium pay to eligible workers.

(1) Financial assistance pursuant to this paragraph (d) shall be scaled based on a process determined by the Department. The amount awarded to each Qualifying Ground Ambulance Service Provider shall be up to \$13 per hour for each eligible worker employed.

(2) The financial assistance awarded shall only be expended for premium pay for eligible workers, which must be in addition to any wages or remuneration the eligible worker has already received and shall be subject to the other requirements and limitations set forth in the ARPA and related federal guidance.

(3) Upon receipt of funds, the Qualifying Ground Ambulance Service Provider shall distribute funds such that an eligible worker receives an amount up to \$13 per hour but no more than \$25,000 for the duration of the program. The Qualifying Ground Ambulance Service Provider shall provide a written certification to the Department acknowledging compliance with this paragraph (d).

(4) No portion of these funds shall be spent on volunteer staff.

(5) These funds shall not be used to make retroactive premium payments prior to the effective date of this amendatory Act of the 102nd General Assembly.

(6) The Department shall require each Qualifying Ground Ambulance Service Provider that receives funds under this paragraph (d) to submit appropriate documentation acknowledging compliance with State and federal law on an annual basis.

(e) COVID-19 Response Support Initiative. Subject to paragraph (c) of this Section and based on an application filed by a Qualifying Ground Ambulance Service Provider, the Department shall establish the Ground Ambulance COVID-19 Response Support Initiative. The purpose of the award shall be to reimburse Qualifying Ground Ambulance Service Providers for eligible expenses under Section 9901 of the ARPA related to the public health impacts of the COVID-19 public health emergency, including but not limited to costs related to COVID-19 testing for patients, COVID-19 prevention and treatment equipment, medical supplies, personal protective equipment, and other emergency medical response treatments.

(1) The award shall be for eligible expenditures incurred no earlier than May 1, 2022 and no later than June 30, 2023.

(1) Funds awarded under this paragraph (f) shall not be expended for premium pay to eligible workers.

(2) Each Qualifying Ground Ambulance Service Provider that receives funds under this paragraph (f) shall comply with paragraph (c) of this Section.

(3) The Department shall require each Qualifying Ground Ambulance Service Provider that receives funds under this paragraph (f) to submit appropriate documentation acknowledging compliance with State and federal law on an annual basis.

Sec. 6. Eligibility, conditions of participation, and energy assistance.

(a) Any person who is a resident of the State of Illinois and whose household income is not greater than an amount determined annually by the Department, in consultation with the Policy Advisory Council, may apply for assistance pursuant to this Act in accordance with regulations promulgated by the Department. In setting the annual eligibility level, the Department shall consider the amount of available funding and may not set a limit higher than 150% of the federal nonfarm poverty level as established by the federal Office of Management and Budget or 60% of the State median income for the current State fiscal year as established by the U.S. Department of Health and Human Services; except that for the period from the effective date of this amendatory Act of the 101st General Assembly through June 30, 2021, the Department may establish limits not higher than 200% of that poverty level. The Department, in consultation with the Policy Advisory Council, may adjust the percentage of poverty level annually in accordance with federal guidelines and based on funding availability.

(b) Applicants who qualify for assistance pursuant to subsection (a) of this Section shall, subject to appropriation from the General Assembly and subject to availability of funds to the Department, receive energy assistance as provided by this Act. The Department, upon receipt of monies authorized pursuant to this Act for energy assistance, shall commit funds for each qualified applicant in an amount determined by the Department. In determining the amounts of assistance to be provided to or on behalf of a qualified applicant, the Department shall ensure that the highest amounts of assistance go to households with the greatest energy costs in relation to household income. The Department shall include factors such as energy costs, household size, household income, and region of the State when determining individual household benefits. In setting assistance levels, the Department shall attempt to provide assistance to approximately the same number of households who participated in the 1991 Residential Energy Assistance Partnership

Program. Such assistance levels shall be adjusted annually on the basis of funding availability and energy costs. In promulgating rules for the administration of this Section the Department shall assure that a minimum of 1/3 of funds available for benefits to eligible households with the lowest incomes and that elderly households, households with children under the age of 6 years old, and households with persons with disabilities are offered a priority application period.

(c) If the applicant is not a customer of record of an energy provider for energy services or an applicant for such service, such applicant shall receive a direct energy assistance payment in an amount established by the Department for all such applicants under this Act; provided, however, that such an applicant must have rental expenses for housing greater than 30% of household income.

(c-1) This subsection shall apply only in cases where: (1) the applicant is not a customer of record of an energy provider because energy services are provided by the owner of the unit as a portion of the rent; (2) the applicant resides in housing subsidized or developed with funds provided under the Rental Housing Support Program Act or under a similar locally funded rent subsidy program, or is the voucher holder who resides in a rental unit within the State of Illinois and whose monthly rent is subsidized by the tenant-based Housing Choice Voucher Program under Section 8 of the U.S. Housing Act of 1937; and (3) the rental expenses for housing are no more than 30% of household income. In such cases, the household may apply for an energy assistance payment under this Act and the owner of the housing unit shall cooperate with the applicant by providing documentation of the energy costs for that unit. Any compensation paid to the energy provider who supplied energy services to the household shall be paid on behalf of the owner of the housing unit providing energy services to the household. The Department shall report annually to the General Assembly on the number of households receiving energy assistance under this subsection and the cost of such assistance. The provisions of this subsection (c-1), other than this sentence, are inoperative after August 31, 2012.

(d) If the applicant is a customer of an energy provider, such applicant shall receive energy assistance in an amount established by the Department for all such applicants under this Act, such amount to be paid by the Department to the energy provider supplying winter energy service to such applicant. Such applicant shall:

(i) make all reasonable efforts to apply to any other appropriate source of public energy assistance; and

(ii) sign a waiver permitting the Department to receive income information from any public or private agency providing income or energy assistance and from any employer, whether public or private.

(e) Any qualified applicant pursuant to this Section may receive or have paid on such applicant's behalf an emergency assistance payment to enable such applicant to obtain access to winter energy services. Any such payments shall be made in accordance with regulations of the Department.

(f) The Department may, if sufficient funds are available, provide additional benefits to certain qualified applicants:

(i) for the reduction of past due amounts owed to energy providers; ~~and~~

(ii) to assist the household in responding to excessively high summer temperatures or energy costs. Households containing elderly members, children, a person with a disability, or a person with a medical need for conditioned air shall receive priority for receipt of such benefits; and-

(iii) for the installation of energy conservation measures, health and safety measures, healthy home measures, home improvement measures to help alleviate deferrals from weatherization activities, and renewable energy retrofits.

(Section scheduled to be repealed on January 1, 2025)

Sec. 13. Supplemental Low-Income Energy Assistance Fund.

(a) The Supplemental Low-Income Energy Assistance Fund is hereby created as a special fund in the State Treasury. The Supplemental Low-Income Energy Assistance Fund is authorized to receive moneys from voluntary donations from individuals, foundations, corporations, and other sources, moneys received pursuant to Section 17, and, by statutory deposit, the moneys collected pursuant to this Section. The Fund is also authorized to receive voluntary donations from individuals, foundations, corporations, and other sources. Subject to appropriation, the Department shall use moneys from the Supplemental Low-Income Energy Assistance Fund for: (i) payments to electric or gas public utilities, municipal electric or gas utilities, and electric cooperatives on behalf of their customers who are participants in the program authorized by

Sections 4 and 18 of this Act; ~~(ii) for the provision of weatherization services, including, but not limited to, the installation of energy conservation measures, health and safety measures, healthy home measures, home improvement measures to alleviate the deferrals of certain projects, including, but not limited to, roofs and foundation repairs, and renewable energy retrofits; and (iii) for administration of the Supplemental Low-Income Energy Assistance Fund.~~ All other deposits outside of the Energy Assistance Charge as set forth in subsection (b) are not subject to the percentage restrictions related to administrative and weatherization expenses provided in this subsection. The yearly expenditures for weatherization may not exceed 10% of the amount collected during the year pursuant to this Section, except when unspent funds from the Supplemental Low-Income Energy Assistance Fund are reallocated from a previous year; any unspent balance of the 10% weatherization allowance may be utilized for weatherization expenses in the year they are reallocated. The yearly administrative expenses of the Supplemental Low-Income Energy Assistance Fund may not exceed 13% of the amount collected during that year pursuant to this Section, except when unspent funds from the Supplemental Low-Income Energy Assistance Fund are reallocated from a previous year; any unspent balance of the 13% administrative allowance may be utilized for administrative expenses in the year they are reallocated. Of the 13% administrative allowance, no less than 8% shall be provided to Local Administrative Agencies for administrative expenses.

(b) Notwithstanding the provisions of Section 16-111 of the Public Utilities Act but subject to subsection (k) of this Section, each public utility, electric cooperative, as defined in Section 3.4 of the Electric Supplier Act, and municipal utility, as referenced in Section 3-105 of the Public Utilities Act, that is engaged in the delivery of electricity or the distribution of natural gas within the State of Illinois shall, effective January 1, 2021, assess each of its customer accounts a monthly Energy Assistance Charge for the Supplemental Low-Income Energy Assistance Fund. The delivering public utility, municipal electric or gas utility, or electric or gas cooperative for a self-assessing purchaser remains subject to the collection of the fee imposed by this Section. The monthly charge shall be as follows:

- (1) Base Energy Assistance Charge per month on each account for residential electrical service;
- (2) Base Energy Assistance Charge per month on each account for residential gas service;
- (3) Ten times the Base Energy Assistance Charge per month on each account for non-residential electric service which had less than 10 megawatts of peak demand during the previous calendar year;
- (4) Ten times the Base Energy Assistance Charge per month on each account for non-residential gas service which had distributed to it less than 4,000,000 therms of gas during the previous calendar year;
- (5) Three hundred and seventy-five times the Base Energy Assistance Charge per month on each account for non-residential electric service which had 10 megawatts or greater of peak demand during the previous calendar year; and
- (6) Three hundred and seventy-five times the Base Energy Assistance Charge per month on each account for non-residential gas service which had 4,000,000 or more therms of gas distributed to it during the previous calendar year.

The Base Energy Assistance Charge shall be \$0.48 per month for the calendar year beginning January 1, 2022 and shall increase by \$0.16 per month for any calendar year, provided no less than 80% of the previous State fiscal year's available Supplemental Low-Income Energy Assistance Fund funding was exhausted. The maximum Base Energy Assistance Charge shall not exceed \$0.96 per month for any calendar year.

The incremental change to such charges imposed by Public Act 99-933 and this amendatory Act of the 102nd General Assembly shall not (i) be used for any purpose other than to directly assist customers and (ii) be applicable to utilities serving less than 100,000 customers in Illinois on January 1, 2021. The incremental change to such charges imposed by this amendatory Act of the 102nd General Assembly are intended to increase utilization of the Percentage of Income Payment Plan (PIPP or PIP Plan) and shall be applied such that PIP Plan enrollment is at least doubled, as compared to 2020 enrollment, by 2024.

In addition, electric and gas utilities have committed, and shall contribute, a one-time payment of \$22 million to the Fund, within 10 days after the effective date of the tariffs established pursuant to Sections 16-111.8 and 19-145 of the Public Utilities Act to be used for the Department's cost of implementing the programs described in Section 18 of this amendatory Act of the 96th General Assembly, the Arrearage Reduction Program described in Section 18, and the programs described in Section 8-105 of the Public Utilities Act. If a utility elects not to file a rider within 90 days after the effective date of this amendatory Act of the 96th General Assembly, then the contribution from such utility shall be made no later than February 1, 2010.

(c) For purposes of this Section:

(1) "residential electric service" means electric utility service for household purposes delivered to a dwelling of 2 or fewer units which is billed under a residential rate, or electric utility service for household purposes delivered to a dwelling unit or units which is billed under a residential rate and is registered by a separate meter for each dwelling unit;

(2) "residential gas service" means gas utility service for household purposes distributed to a dwelling of 2 or fewer units which is billed under a residential rate, or gas utility service for household purposes distributed to a dwelling unit or units which is billed under a residential rate and is registered by a separate meter for each dwelling unit;

(3) "non-residential electric service" means electric utility service which is not residential electric service; and

(4) "non-residential gas service" means gas utility service which is not residential gas service.

(d) Within 30 days after the effective date of this amendatory Act of the 96th General Assembly, each public utility engaged in the delivery of electricity or the distribution of natural gas shall file with the Illinois Commerce Commission tariffs incorporating the Energy Assistance Charge in other charges stated in such tariffs, which shall become effective no later than the beginning of the first billing cycle following such filing.

(e) The Energy Assistance Charge assessed by electric and gas public utilities shall be considered a charge for public utility service.

(f) By the 20th day of the month following the month in which the charges imposed by the Section were collected, each public utility, municipal utility, and electric cooperative shall remit to the Department of Revenue all moneys received as payment of the Energy Assistance Charge on a return prescribed and furnished by the Department of Revenue showing such information as the Department of Revenue may reasonably require; provided, however, that a utility offering an Arrearage Reduction Program or Supplemental Arrearage Reduction Program pursuant to Section 18 of this Act shall be entitled to net those amounts necessary to fund and recover the costs of such Programs as authorized by that Section that is no more than the incremental change in such Energy Assistance Charge authorized by Public Act 96-33. If a customer makes a partial payment, a public utility, municipal utility, or electric cooperative may elect either: (i) to apply such partial payments first to amounts owed to the utility or cooperative for its services and then to payment for the Energy Assistance Charge or (ii) to apply such partial payments on a pro-rata basis between amounts owed to the utility or cooperative for its services and to payment for the Energy Assistance Charge.

If any payment provided for in this Section exceeds the distributor's liabilities under this Act, as shown on an original return, the Department may authorize the distributor to credit such excess payment against liability subsequently to be remitted to the Department under this Act, in accordance with reasonable rules adopted by the Department. If the Department subsequently determines that all or any part of the credit taken was not actually due to the distributor, the distributor's discount shall be reduced by an amount equal to the difference between the discount as applied to the credit taken and that actually due, and that distributor shall be liable for penalties and interest on such difference.

(g) The Department of Revenue shall deposit into the Supplemental Low-Income Energy Assistance Fund all moneys remitted to it in accordance with subsection (f) of this Section. The utilities shall coordinate with the Department to establish an equitable and practical methodology for implementing this subsection (g) beginning with the 2010 program year.

(h) On or before December 31, 2002, the Department shall prepare a report for the General Assembly on the expenditure of funds appropriated from the Low-Income Energy Assistance Block Grant Fund for the program authorized under Section 4 of this Act.

(i) The Department of Revenue may establish such rules as it deems necessary to implement this Section.

(j) The Department of Commerce and Economic Opportunity may establish such rules as it deems necessary to implement this Section.

(k) The charges imposed by this Section shall only apply to customers of municipal electric or gas utilities and electric or gas cooperatives if the municipal electric or gas utility or electric or gas cooperative makes an affirmative decision to impose the charge. If a municipal electric or gas utility or an electric cooperative makes an affirmative decision to impose the charge provided by this Section, the municipal electric or gas utility or electric cooperative shall inform the Department of Revenue in writing of such decision when it begins to impose the charge. If a municipal electric or gas utility or electric or gas

cooperative does not assess this charge, the Department may not use funds from the Supplemental Low-Income Energy Assistance Fund to provide benefits to its customers under the program authorized by Section 4 of this Act.

In its use of federal funds under this Act, the Department may not cause a disproportionate share of those federal funds to benefit customers of systems which do not assess the charge provided by this Section.

This Section is repealed on January 1, 2025 unless renewed by action of the General Assembly.

The Agency shall deposit all fees collected into the Solid Waste Management Fund. If a site is contiguous to one or more landfills owned or operated by the same person, the volumes permanently disposed of by each landfill shall be combined for purposes of determining the fee under this subsection. (1) If more than 150,000 cubic yards of non-hazardous solid waste is permanently disposed of at a site in a calendar year, the owner or operator shall either pay a fee of 95 cents per cubic yard or, alternatively, the owner or operator may weigh the quantity of the solid waste permanently disposed of with a device for which certification has been obtained under the Weights and Measures Act and pay a fee of \$2.00 per ton of solid waste permanently disposed of. In no case shall the fee collected or paid by the owner or operator under this paragraph exceed \$1.55 per cubic yard or \$3.27 per ton.

(2) If more than 100,000 cubic yards but not more than 150,000 cubic yards of non-hazardous waste is permanently disposed of at a site in a calendar year, the owner or operator shall pay a fee of \$52,630.

(3) If more than 50,000 cubic yards but not more than 100,000 cubic yards of non-hazardous solid waste is permanently disposed of at a site in a calendar year, the owner or operator shall pay a fee of \$23,790.

(4) If more than 10,000 cubic yards but not more than 50,000 cubic yards of non-hazardous solid waste is permanently disposed of at a site in a calendar year, the owner or operator shall pay a fee of \$7,260.

(5) If not more than 10,000 cubic yards of non-hazardous solid waste is permanently disposed of at a site in a calendar year, the owner or operator shall pay a fee of \$1050.

(c) (Blank).

(d) The Agency shall establish rules relating to the collection of the fees authorized by this Section. Such rules shall include, but not be limited to:

- (1) necessary records identifying the quantities of solid waste received or disposed;
- (2) the form and submission of reports to accompany the payment of fees to the Agency;
- (3) the time and manner of payment of fees to the Agency, which payments shall not be more often than quarterly; and
- (4) procedures setting forth criteria establishing when an owner or operator may measure by weight or volume during any given quarter or other fee payment period.

(e) Pursuant to appropriation, all monies in the Solid Waste Management Fund shall be used by the Agency for the purposes set forth in this Section and in the Illinois Solid Waste Management Act, including for the costs of fee collection and administration, and for the administration of (1) the Consumer Electronics Recycling Act and (2) until January 1, 2020, the Electronic Products Recycling and Reuse Act.

(f) The Agency is authorized to enter into such agreements and to promulgate such rules as are necessary to carry out its duties under this Section and the Illinois Solid Waste Management Act.

(g) On the first day of January, April, July, and October of each year, beginning on July 1, 1996, the State Comptroller and Treasurer shall transfer \$500,000 from the Solid Waste Management Fund to the Hazardous Waste Fund. Moneys transferred under this subsection (g) shall be used only for the purposes set forth in item (1) of subsection (d) of Section 22.2.

(h) The Agency is authorized to provide financial assistance to units of local government for the performance of inspecting, investigating and enforcement activities pursuant to Section 4(r) at nonhazardous solid waste disposal sites.

(i) The Agency is authorized to conduct household waste collection and disposal programs.

(j) A unit of local government, as defined in the Local Solid Waste Disposal Act, in which a solid waste disposal facility is located may establish a fee, tax, or surcharge with regard to the permanent disposal of solid waste. All fees, taxes, and surcharges collected under this subsection shall be utilized for solid waste management purposes, including long-term monitoring and maintenance of landfills, planning, implementation, inspection, enforcement and other activities consistent with the Solid Waste Management Act and the Local Solid Waste Disposal Act, or for any other environment-related purpose, including, but not limited to, an environment-related public works project, but not for the construction of a new pollution control facility other than a household hazardous waste facility. However, the total fee, tax or surcharge imposed by all units of local government under this subsection (j) upon the solid waste disposal facility shall not exceed:

(1) 60¢ per cubic yard if more than 150,000 cubic yards of non-hazardous solid waste is permanently disposed of at the site in a calendar year, unless the owner or operator weighs the quantity of the solid waste received with a device for which certification has been obtained under the Weights and Measures Act, in which case the fee shall not exceed \$1.27 per ton of solid waste permanently disposed of.

(2) \$33,350 if more than 100,000 cubic yards, but not more than 150,000 cubic yards, of non-hazardous waste is permanently disposed of at the site in a calendar year.

(3) \$15,500 if more than 50,000 cubic yards, but not more than 100,000 cubic yards, of non-hazardous solid waste is permanently disposed of at the site in a calendar year.

(4) \$4,650 if more than 10,000 cubic yards, but not more than 50,000 cubic yards, of non-hazardous solid waste is permanently disposed of at the site in a calendar year.

(5) \$650 if not more than 10,000 cubic yards of non-hazardous solid waste is permanently disposed of at the site in a calendar year.

The corporate authorities of the unit of local government may use proceeds from the fee, tax, or surcharge to reimburse a highway commissioner whose road district lies wholly or partially within the corporate limits of the unit of local government for expenses incurred in the removal of nonhazardous, nonfluid municipal waste that has been dumped on public property in violation of a State law or local ordinance.

For the disposal of solid waste from general construction or demolition debris recovery facilities as defined in subsection (a-1) of Section 3.160, the total fee, tax, or surcharge imposed by all units of local government under this subsection (j) upon the solid waste disposal facility shall not exceed 50% of the applicable amount set forth above. A unit of local government, as defined in the Local Solid Waste Disposal Act, in which a general construction or demolition debris recovery facility is located may establish a fee, tax, or surcharge on the general construction or demolition debris recovery facility with regard to the permanent disposal of solid waste by the general construction or demolition debris recovery facility at a solid waste disposal facility, provided that such fee, tax, or surcharge shall not exceed 50% of the applicable amount set forth above, based on the total amount of solid waste transported from the general construction or demolition debris recovery facility for disposal at solid waste disposal facilities, and the unit of local government and fee shall be subject to all other requirements of this subsection (j).

A county or Municipal Joint Action Agency that imposes a fee, tax, or surcharge under this subsection may use the proceeds thereof to reimburse a municipality that lies wholly or partially within its boundaries

for expenses incurred in the removal of nonhazardous, nonfluid municipal waste that has been dumped on public property in violation of a State law or local ordinance.

If the fees are to be used to conduct a local sanitary landfill inspection or enforcement program, the unit of local government must enter into a written delegation agreement with the Agency pursuant to subsection (r) of Section 4. The unit of local government and the Agency shall enter into such a written delegation agreement within 60 days after the establishment of such fees. At least annually, the Agency shall conduct an audit of the expenditures made by units of local government from the funds granted by the Agency to the units of local government for purposes of local sanitary landfill inspection and enforcement programs, to ensure that the funds have been expended for the prescribed purposes under the grant.

The fees, taxes or surcharges collected under this subsection (j) shall be placed by the unit of local government in a separate fund, and the interest received on the moneys in the fund shall be credited to the fund. (k) In accordance with the findings and purposes of the Illinois Solid Waste Management Act, beginning January 1, 1989 the fee under subsection (b) and the fee, tax or surcharge under subsection (j) shall not apply to:

(625 ILCS 5/6-206.1) (from Ch. 95 1/2, par. 6-206.1)

Sec. 6-206.1. Monitoring Device Driving Permit. Declaration of Policy. It is hereby declared a policy of the State of Illinois that the driver who is impaired by alcohol, other drug or drugs, or intoxicating compound or compounds is a threat to the public safety and welfare. Therefore, to provide a deterrent to such practice, a statutory summary driver's license suspension is appropriate. It is also recognized that driving is a privilege and therefore, that the granting of driving privileges, in a manner consistent with public safety, is warranted during the period of suspension in the form of a monitoring device driving permit. A person who drives and fails to comply with the requirements of the monitoring device driving permit commits a violation of Section 6-303 of this Code.

The following procedures shall apply whenever a first offender, as defined in Section 11-500 of this Code, is arrested for any offense as defined in Section 11-501 or a similar provision of a local ordinance and is subject to the provisions of Section 11-501.1:

(a) Upon mailing of the notice of suspension of driving privileges as provided in subsection (h) of Section 11-501.1 of this Code, the Secretary shall also send written notice informing the person that he or she will be issued a monitoring device driving permit (MDDP). The notice shall include, at minimum, information summarizing the procedure to be followed for issuance of the MDDP, installation of the breath alcohol ignition installation device (BAIID), as provided in this Section, exemption from BAIID installation requirements, and procedures to be followed by those seeking indigent status, as provided in this Section. The notice shall also include information summarizing the procedure to be followed if the person wishes to decline issuance of the MDDP. A copy of the notice shall also be sent to the court of venue together with the notice of suspension of driving privileges, as provided in subsection (h) of Section 11-501. However, a MDDP shall not be issued if the Secretary finds that:

- (1) the offender's driver's license is otherwise invalid;
- (2) death or great bodily harm to another resulted from the arrest for Section 11-501;
- (3) the offender has been previously convicted of reckless homicide or aggravated driving under the influence involving death; or
- (4) the offender is less than 18 years of age.

Any offender participating in the MDDP program must pay the Secretary a MDDP Administration Fee in an amount not to exceed \$30 per month, to be deposited into the Monitoring Device Driving Permit Administration Fee Fund. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees. The offender must have an ignition interlock device installed within 14 days of the date the Secretary issues the MDDP. The ignition interlock device provider must notify the Secretary, in a manner and form prescribed by the Secretary, of the installation. If the Secretary does not receive notice of installation, the Secretary shall cancel the MDDP.

Upon receipt of the notice, as provided in paragraph (a) of this Section, the person may file a petition to decline issuance of the MDDP with the court of venue. The court shall admonish the offender of all consequences of declining issuance of the MDDP including, but not limited to, the enhanced penalties for

driving while suspended. After being so admonished, the offender shall be permitted, in writing, to execute a notice declining issuance of the MDDP. This notice shall be filed with the court and forwarded by the clerk of the court to the Secretary. The offender may, at any time thereafter, apply to the Secretary for issuance of a MDDP.

(a-1) A person issued a MDDP may drive for any purpose and at any time, subject to the rules adopted by the Secretary under subsection (g). The person must, at his or her own expense, drive only vehicles equipped with an ignition interlock device as defined in Section 1-129.1, but in no event shall such person drive a commercial motor vehicle.

(a-2) Persons who are issued a MDDP and must drive employer-owned vehicles in the course of their employment duties may seek permission to drive an employer-owned vehicle that does not have an ignition interlock device. The employer shall provide to the Secretary a form, as prescribed by the Secretary, completed by the employer verifying that the employee must drive an employer-owned vehicle in the course of employment. If approved by the Secretary, the form must be in the driver's possession while operating an employer-owner vehicle not equipped with an ignition interlock device. No person may use this exemption to drive a school bus, school vehicle, or a vehicle designed to transport more than 15 passengers. No person may use this exemption to drive an employer-owned motor vehicle that is owned by an entity that is wholly or partially owned by the person holding the MDDP, or by a family member of the person holding the MDDP. No person may use this exemption to drive an employer-owned vehicle that is made available to the employee for personal use. No person may drive the exempted vehicle more than 12 hours per day, 6 days per week.

(a-3) Persons who are issued a MDDP and who must drive a farm tractor to and from a farm, within 50 air miles from the originating farm are exempt from installation of a BAIID on the farm tractor, so long as the farm tractor is being used for the exclusive purpose of conducting farm operations.

(b) (Blank).

(c) (Blank).

(c-1) If the holder of the MDDP is convicted of or receives court supervision for a violation of Section 6-206.2, 6-303, 11-204, 11-204.1, 11-401, 11-501, 11-503, 11-506 or a similar provision of a local ordinance or a similar out-of-state offense or is convicted of or receives court supervision for any offense for which alcohol or drugs is an element of the offense and in which a motor vehicle was involved (for an arrest other than the one for which the MDDP is issued), or de-installs the BAIID without prior authorization from the Secretary, the MDDP shall be cancelled.

(c-5) If the Secretary determines that the person seeking the MDDP is indigent, the Secretary shall provide the person with a written document as evidence of that determination, and the person shall provide that written document to an ignition interlock device provider. The provider shall install an ignition interlock device on that person's vehicle without charge to the person, and seek reimbursement from the Indigent BAIID Fund. If the Secretary has deemed an offender indigent, the BAIID provider shall also provide the normal monthly monitoring services and the de-installation without charge to the offender and seek reimbursement from the Indigent BAIID Fund. Any other monetary charges, such as a lockout fee or reset fee, shall be the responsibility of the MDDP holder. A BAIID provider may not seek a security deposit from the Indigent BAIID Fund.

(d) MDDP information shall be available only to the courts, police officers, and the Secretary, except during the actual period the MDDP is valid, during which time it shall be a public record.

(e) (Blank).

(f) (Blank).

(g) The Secretary shall adopt rules for implementing this Section. The rules adopted shall address issues including, but not limited to: compliance with the requirements of the MDDP; methods for determining compliance with those requirements; the consequences of noncompliance with those requirements; what constitutes a violation of the MDDP; methods for determining indigency; and the duties of a person or entity that supplies the ignition interlock device.

(h) The rules adopted under subsection (g) shall provide, at a minimum, that the person is not in compliance with the requirements of the MDDP if he or she:

(1) tampers or attempts to tamper with or circumvent the proper operation of the ignition interlock device;

(2) provides valid breath samples that register blood alcohol levels in excess of the number of times allowed under the rules;

(3) fails to provide evidence sufficient to satisfy the Secretary that the ignition interlock device has been installed in the designated vehicle or vehicles; or

(4) fails to follow any other applicable rules adopted by the Secretary.

(i) Any person or entity that supplies an ignition interlock device as provided under this Section shall, in addition to supplying only those devices which fully comply with all the rules adopted under subsection (g), provide the Secretary, within 7 days of inspection, all monitoring reports of each person who has had an ignition interlock device installed. These reports shall be furnished in a manner or form as prescribed by the Secretary.

(j) Upon making a determination that a violation of the requirements of the MDDP has occurred, the Secretary shall extend the summary suspension period for an additional 3 months beyond the originally imposed summary suspension period, during which time the person shall only be allowed to drive vehicles equipped with an ignition interlock device; provided further there are no limitations on the total number of times the summary suspension may be extended. The Secretary may, however, limit the number of extensions imposed for violations occurring during any one monitoring period, as set forth by rule. Any person whose summary suspension is extended pursuant to this Section shall have the right to contest the extension through a hearing with the Secretary, pursuant to Section 2-118 of this Code. If the summary suspension has already terminated prior to the Secretary receiving the monitoring report that shows a violation, the Secretary shall be authorized to suspend the person's driving privileges for 3 months, provided that the Secretary may, by rule, limit the number of suspensions to be entered pursuant to this paragraph for violations occurring during any one monitoring period. Any person whose license is suspended pursuant to this paragraph, after the summary suspension had already terminated, shall have the right to contest the suspension through a hearing with the Secretary, pursuant to Section 2-118 of this Code. The only permit the person shall be eligible for during this new suspension period is a MDDP.

(k) A person who has had his or her summary suspension extended for the third time, or has any combination of 3 extensions and new suspensions, entered as a result of a violation that occurred while holding the MDDP, so long as the extensions and new suspensions relate to the same summary suspension, shall have his or her vehicle impounded for a period of 30 days, at the person's own expense. A person who has his or her summary suspension extended for the fourth time, or has any combination of 4 extensions and new suspensions, entered as a result of a violation that occurred while holding the MDDP, so long as the extensions and new suspensions relate to the same summary suspension, shall have his or her vehicle subject to seizure and forfeiture. The Secretary shall notify the prosecuting authority of any third or fourth extensions or new suspension entered as a result of a violation that occurred while the person held a MDDP. Upon receipt of the notification, the prosecuting authority shall impound or forfeit the vehicle. The impoundment or forfeiture of a vehicle shall be conducted pursuant to the procedure specified in Article 36 of the Criminal Code of 2012.

(l) A person whose driving privileges have been suspended under Section 11-501.1 of this Code and who had a MDDP that was cancelled, or would have been cancelled had notification of a violation been received prior to expiration of the MDDP, pursuant to subsection (c-1) of this Section, shall not be eligible for reinstatement when the summary suspension is scheduled to terminate. Instead, the person's driving privileges shall be suspended for a period of not less than twice the original summary suspension period, or for the length of any extensions entered under subsection (j), whichever is longer. During the period of suspension, the person shall be eligible only to apply for a restricted driving permit. If a restricted driving permit is granted, the offender may only operate vehicles equipped with a BAIID in accordance with this Section.

(m) Any person or entity that supplies an ignition interlock device under this Section shall, for each ignition interlock device installed, pay 5% of the total gross revenue received for the device, including monthly monitoring fees, into the Indigent BAIID Fund. This 5% shall be clearly indicated as a separate surcharge on each invoice that is issued. The Secretary shall conduct an annual review of the fund to determine whether the surcharge is sufficient to provide for indigent users. The Secretary may increase or decrease this surcharge requirement as needed.

(n) Any person or entity that supplies an ignition interlock device under this Section that is requested to provide an ignition interlock device to a person who presents written documentation of indigency from the Secretary, as provided in subsection (c-5) of this Section, shall install the device on the person's vehicle without charge to the person and shall seek reimbursement from the Indigent BAIID Fund.

(o) The Indigent BAIID Fund is created as a special fund in the State treasury. The Secretary shall, subject to appropriation by the General Assembly, use all money in the Indigent BAIID Fund to reimburse

ignition interlock device providers who have installed devices in vehicles of indigent persons. The Secretary shall make payments to such providers every 3 months. If the amount of money in the fund at the time payments are made is not sufficient to pay all requests for reimbursement submitted during that 3 month period, the Secretary shall make payments on a pro-rata basis, and those payments shall be considered payment in full for the requests submitted. If the amount of money in the fund exceeds the amount necessary to pay all requests for reimbursement during that 3-month period, the Secretary shall disburse the excess to the providers on a pro rata basis.

(p) The Monitoring Device Driving Permit Administration Fee Fund is created as a special fund in the State treasury. The Secretary shall, subject to appropriation by the General Assembly, use the money paid into this fund to offset its administrative costs for administering MDDPs.

(q) The Secretary is authorized to prescribe such forms as it deems necessary to carry out the provisions of this Section.

(2)(a) The chief judge of each circuit shall provide full-time probation services for all counties within the circuit, in a manner consistent with the annual probation plan, the standards, policies, and regulations established by the Supreme Court. A probation district of two or more counties within a circuit may be created for the purposes of providing full-time probation services. Every county or group of counties within a circuit shall maintain a probation department which shall be under the authority of the Chief Judge of the circuit or some other judge designated by the Chief Judge. The Chief Judge, through the Probation and Court Services Department shall submit annual plans to the Division for probation and related services.

(b) The Chief Judge of each circuit shall appoint the Chief Probation Officer and all other probation officers for his or her circuit from lists of qualified applicants supplied by the Supreme Court. Candidates for chief managing officer and other probation officer positions must apply with both the Chief Judge of the circuit and the Supreme Court.

(3) A Probation and Court Service Department shall apply to the Supreme Court for funds for basic services, and may apply for funds for new and expanded programs or Individualized Services and Programs. Costs shall be reimbursed monthly based on a plan and budget approved by the Supreme Court. No Department may be reimbursed for costs which exceed or are not provided for in the approved annual plan and budget. After the effective date of this amendatory Act of 1985, each county must provide basic services in accordance with the annual plan and standards created by the division. No department may receive funds for new or expanded programs or individualized services and programs unless they are in compliance with standards as enumerated in paragraph (h) of subsection (1) of this Section, the annual plan, and standards for basic services.

(4) The Division shall reimburse the county or counties for probation services as follows:

(a) 100% of the salary of all chief managing officers designated as such by the Chief Judge and the division.

(b) 100% of the salary for all probation officer and supervisor positions approved for reimbursement by the division after April 1, 1984, to meet workload standards and to implement intensive sanction and probation supervision programs and other basic services as defined in this Act.

(c) 100% of the salary for all secure detention personnel and non-secure group home personnel approved for reimbursement after December 1, 1990. For all such positions approved for reimbursement before December 1, 1990, the counties shall be reimbursed \$1,250 per month beginning July 1, 1995, and an additional \$250 per month beginning each July 1st thereafter until the positions receive 100% salary reimbursement. Allocation of such positions will be based on comparative need considering capacity, staff/resident ratio, physical plant and program.

(d) \$1,000 per month for salaries for the remaining probation officer positions engaged in basic services and new or expanded services. All such positions shall be approved by the division in accordance with this Act and division standards.

(e) 100% of the travel expenses in accordance with Division standards for all Probation positions approved under paragraph (b) of subsection 4 of this Section.

(f) If the amount of funds reimbursed to the county under paragraphs (a) through (e) of subsection 4 of this Section on an annual basis is less than the amount the county had received during the 12 month period immediately prior to the effective date of this amendatory Act of 1985, then the Division shall reimburse the amount of the difference to the county. The effect of paragraph (b) of subsection 7 of this Section shall be considered in implementing this supplemental reimbursement provision.

(5) The Division shall provide funds beginning on April 1, 1987 for the counties to provide Individualized Services and Programs as provided in Section 16 of this Act.

(6) A Probation and Court Services Department in order to be eligible for the reimbursement must submit to the Supreme Court an application containing such information and in such a form and by such dates as the Supreme Court may require. Departments to be eligible for funding must satisfy the following conditions:

(a) The Department shall have on file with the Supreme Court an annual Probation plan for continuing, improved, and new Probation and Court Services Programs approved by the Supreme Court or its designee. This plan shall indicate the manner in which Probation and Court Services will be delivered and improved, consistent with the minimum standards and regulations for Probation and Court Services, as established by the Supreme Court. In counties with more than one Probation and Court Services Department eligible to receive funds, all Departments within that county must submit plans which are approved by the Supreme Court.

(b) The annual probation plan shall seek to generally improve the quality of probation services and to reduce the commitment of adult offenders to the Department of Corrections and to reduce the commitment of juvenile offenders to the Department of Juvenile Justice and shall require, when appropriate, coordination with the Department of Corrections, the Department of Juvenile Justice, and the Department of Children and Family Services in the development and use of community resources, information systems, case review and permanency planning systems to avoid the duplication of services.

(c) The Department shall be in compliance with standards developed by the Supreme Court for basic, new and expanded services, training, personnel hiring and promotion.

(d) The Department shall in its annual plan indicate the manner in which it will support the rights of crime victims and in which manner it will implement Article I, Section 8.1 of the Illinois Constitution and in what manner it will coordinate crime victims' support services with other criminal justice agencies within its jurisdiction, including but not limited to, the State's Attorney, the Sheriff and any municipal police department.

(7) No statement shall be verified by the Supreme Court or its designee or vouchered by the Comptroller unless each of the following conditions have been met:

(a) The probation officer is a full-time employee appointed by the Chief Judge to provide probation services or a part-time employee who serves as a detention officer.

(b) The probation officer, in order to be eligible for State reimbursement, is receiving a salary of at least \$17,000 per year, unless serving as a part-time detention officer.

(c) The probation officer is appointed or was reappointed in accordance with minimum qualifications or criteria established by the Supreme Court; however, all probation officers appointed prior to January 1, 1978, shall be exempted from the minimum requirements established by the Supreme Court. Payments shall be made to counties employing these exempted probation officers as long as they are employed in the position held on the effective date of this amendatory Act of 1985. Promotions shall be governed by minimum qualifications established by the Supreme Court.

(d) The Department has an established compensation schedule approved by the Supreme Court. The compensation schedule shall include salary ranges with necessary increments to compensate each employee. The increments shall, within the salary ranges, be based on such factors as bona fide occupational qualifications, performance, and length of service. Each position in the Department shall be placed on the compensation schedule according to job duties and responsibilities of such position. The policy and procedures of the compensation schedule shall be made available to each employee.

(8) In order to obtain full reimbursement of all approved costs, each Department must continue to employ at least the same number of probation officers and probation managers as were authorized for employment for the fiscal year which includes January 1, 1985. This number shall be designated as the base amount of the Department. No positions approved by the Division under paragraph (b) of subsection 4 will be included in the base amount. In the event that the Department employs fewer Probation officers and Probation managers than the base amount for a period of 90 days, funding received by the Department under subsection 4 of this Section may be reduced on a monthly basis by the amount of the current salaries of any positions below the base amount.

(9) Before the 15th day of each month, the treasurer of any county which has a Probation and Court Services Department, or the treasurer of the most populous county, in the case of a Probation or Court Services Department funded by more than one county, shall submit an itemized statement of all approved costs incurred in the delivery of Basic Probation and Court Services under this Act to the Supreme Court. The treasurer may also submit an itemized statement of all approved costs incurred in the delivery of new and expanded Probation and Court Services as well as Individualized Services and Programs. The Supreme Court or its designee shall verify compliance with this Section and shall examine and audit the monthly statement and, upon finding them to be correct, shall forward them to the Comptroller for payment to the county treasurer. In the case of payment to a treasurer of a county which is the most populous of counties sharing the salary and expenses of a Probation and Court Services Department, the treasurer shall divide the money between the counties in a manner that reflects each county's share of the cost incurred by the Department.

(10) The county treasurer must certify that funds received under this Section shall be used solely to maintain and improve Probation and Court Services. The county or circuit shall remain in compliance with all standards, policies and regulations established by the Supreme Court. If at any time the Supreme Court determines that a county or circuit is not in compliance, the Supreme Court shall immediately notify the Chief Judge, county board chairman and the Director of Court Services Chief Probation Officer. If after 90 days of written notice the noncompliance still exists, the Supreme Court shall be required to reduce the amount of monthly reimbursement by 10%. An additional 10% reduction of monthly reimbursement shall occur for each consecutive month of noncompliance. Except as provided in subsection 5 of Section 15, funding to counties shall commence on April 1, 1986. Funds received under this Act shall be used to provide for Probation Department expenses including those required under Section 13 of this Act. The

Mandatory Arbitration Fund may be used to provide for Probation Department expenses, including those required under Section 13 of this Act.

(11) The respective counties shall be responsible for capital and space costs, fringe benefits, clerical costs, equipment, telecommunications, postage, commodities and printing.

(12) For purposes of this Act only, probation officers shall be considered peace officers. In the exercise of their official duties, probation officers, sheriffs, and police officers may, anywhere within the State, arrest any probationer who is in violation of any of the conditions of his or her probation, conditional discharge, or supervision, and it shall be the duty of the officer making the arrest to take the probationer before the Court having jurisdiction over the probationer for further order.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on April 1, 2002 shall include a statewide increase of 2.0%, as defined by the Department. This increase terminates on July 1, 2002; beginning July 1, 2002 these rates are reduced to the level of the rates in effect on March 31, 2002, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the rates taking effect on July 1, 2001 shall be computed using the most recent cost reports on file with the Department of Public Aid no later than April 1, 2000, updated for inflation to January 1, 2001. Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, effective January 1, 2009, the per diem support component of the rates effective on January 1, 2008, computed using the most recent cost reports on file with the Department of Healthcare and Family Services no later than April 1, 2005, updated for inflation to January 1, 2006, shall be increased to the amount that would have been derived using standard Department of Healthcare and Family Services methods, procedures, and inflators.

The socio-development component of the rate shall be increased by a factor of 2.53 on the first day of the month that begins at least 45 days after January 11, 2008 (the effective date of Public Act 95-707). As of August 1, 2008, the socio-development component rate shall be equal to 6.6% of the facility's nursing component rate as of January 1, 2006, multiplied by a factor of 3.53. For services provided on or after April 1, 2011, or the first day of the month that begins at least 45 days after the effective date of this amendatory Act of the 96th General Assembly, whichever is later, the Illinois Department may by rule adjust these

These costs shall be passed through to the facility without caps or limitations, except for adjustments required under normal auditing procedures.

Rates established effective each July 1 shall govern payment for services rendered throughout that fiscal year, except that rates established on July 1, 1996 shall be increased by 6.8% for services provided on or after January 1, 1997. Such rates will be based upon the rates calculated for the year beginning July 1, 1990, and for subsequent years thereafter until June 30, 2001 shall be based on the facility cost reports for the facility fiscal year ending at any point in time during the previous calendar year, updated to the midpoint of the rate year. Reimbursement also may be made for utilization of other supportive personnel under appropriate supervision.

The Department shall develop enhanced payments to offset the additional costs incurred by a facility serving exceptional need residents and shall allocate at least \$4,000,000 of the funds collected from the assessment established by Section 5B-2 of this Code for such payments. For the purpose of this Section, "exceptional needs" means, but need not be limited to, ventilator care and traumatic brain injury care. The enhanced payments for exceptional need residents under this paragraph are not due and payable, however, until (i) the methodologies described in this paragraph are approved by the federal government in an appropriate State Plan amendment and (ii) the assessment imposed by Section 5B-2 of this Code is determined to be a permissible tax under Title XIX of the Social Security Act.

Beginning January 1, 2014 the methodologies for reimbursement of nursing facility services as provided under this Section 5-5.4 shall no longer be applicable for services provided on or after January 1, 2014.

No payment increase under this Section for the MDS methodology, exceptional care residents, or the socio-development component rate established by Public Act 96-1530 of the 96th General Assembly and funded by the assessment imposed under Section 5B-2 of this Code shall be due and payable until after the Department notifies the long-term care providers, in writing, that the payment methodologies to long-term care providers required under this Section have been approved by the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services and the waivers under 42 CFR 433.68 for the assessment imposed by this Section, if necessary, have been granted by the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services.
