

AN ACT to revise the law by combining multiple enactments and making technical corrections.

**Be it enacted by the People of the State of Illinois,
represented in the General Assembly:**

Section 1. Nature of this Act.

(a) This Act may be cited as the First 2025 General Revisory Act.

(b) This Act is not intended to make any substantive change in the law. It reconciles conflicts that have arisen from multiple amendments and enactments and makes technical corrections and revisions in the law.

This Act revises and, where appropriate, renumbers certain Sections that have been added or amended by more than one Public Act. In certain cases in which a repealed Act or Section has been replaced with a successor law, this Act may incorporate amendments to the repealed Act or Section into the successor law. This Act also corrects errors, revises cross-references, and deletes obsolete text.

(c) In this Act, the reference at the end of each amended Section indicates the sources in the Session Laws of Illinois that were used in the preparation of the text of that Section. The text of the Section included in this Act is intended to include the different versions of the Section found in the Public Acts included in the list of sources, but may not

include other versions of the Section to be found in Public Acts not included in the list of sources. The list of sources is not a part of the text of the Section.

(d) Public Acts 103-584 through 103-1059 were considered in the preparation of the combining revisories included in this Act. Many of those combining revisories contain no striking or underscoring because no additional changes are being made in the material that is being combined.

(5 ILCS 375/10) (from Ch. 127, par. 530)

Sec. 10. Contributions by the State and members.

(a) The State shall pay the cost of basic non-contributory group life insurance and, subject to member paid contributions set by the Department or required by this Section and except as provided in this Section, the basic program of group health benefits on each eligible member, except a member, not otherwise covered by this Act, who has retired as a participating member under Article 2 of the Illinois Pension Code but is ineligible for the retirement annuity under Section 2-119 of the Illinois Pension Code, and part of each eligible member's and retired member's premiums for health

insurance coverage for enrolled dependents as provided by Section 9. The State shall pay the cost of the basic program of group health benefits only after benefits are reduced by the amount of benefits covered by Medicare for all members and dependents who are eligible for benefits under Social Security or the Railroad Retirement system or who had sufficient Medicare-covered government employment, except that such reduction in benefits shall apply only to those members and dependents who (1) first become eligible for such Medicare coverage on or after July 1, 1992; or (2) are Medicare-eligible members or dependents of a local government unit which began participation in the program on or after July 1, 1992; or (3) remain eligible for, but no longer receive Medicare coverage which they had been receiving on or after July 1, 1992. The Department may determine the aggregate level of the State's contribution on the basis of actual cost of medical services adjusted for age, sex or geographic or other demographic characteristics which affect the costs of such programs.

The cost of participation in the basic program of group health benefits for the dependent or survivor of a living or deceased retired employee who was formerly employed by the University of Illinois in the Cooperative Extension Service and would be an annuitant but for the fact that he or she was made ineligible to participate in the State Universities Retirement System by clause (4) of subsection (a) of Section

15-107 of the Illinois Pension Code shall not be greater than the cost of participation that would otherwise apply to that dependent or survivor if he or she were the dependent or survivor of an annuitant under the State Universities Retirement System.

(a-2) (Blank).

(a-3) (Blank).

(a-4) (Blank).

(a-5) (Blank).

(a-6) (Blank).

(a-7) (Blank).

(a-8) Any annuitant, survivor, or retired employee may waive or terminate coverage in the program of group health benefits. Any such annuitant, survivor, or retired employee who has waived or terminated coverage may enroll or re-enroll in the program of group health benefits only during the annual benefit choice period, as determined by the Director; except that in the event of termination of coverage due to nonpayment of premiums, the annuitant, survivor, or retired employee may not re-enroll in the program.

(a-8.5) Beginning on July 1, 2012 (the effective date of Public Act 97-695) ~~this amendatory Act of the 97th General Assembly~~, the Director of Central Management Services shall, on an annual basis, determine the amount that the State shall contribute toward the basic program of group health benefits

on behalf of annuitants (including individuals who (i) participated in the General Assembly Retirement System, the State Employees' Retirement System of Illinois, the State Universities Retirement System, the Teachers' Retirement System of the State of Illinois, or the Judges Retirement System of Illinois and (ii) qualify as annuitants under subsection (b) of Section 3 of this Act), survivors (including individuals who (i) receive an annuity as a survivor of an individual who participated in the General Assembly Retirement System, the State Employees' Retirement System of Illinois, the State Universities Retirement System, the Teachers' Retirement System of the State of Illinois, or the Judges Retirement System of Illinois and (ii) qualify as survivors under subsection (q) of Section 3 of this Act), and retired employees (as defined in subsection (p) of Section 3 of this Act). The remainder of the cost of coverage for each annuitant, survivor, or retired employee, as determined by the Director of Central Management Services, shall be the responsibility of that annuitant, survivor, or retired employee.

Contributions required of annuitants, survivors, and retired employees shall be the same for all retirement systems and shall also be based on whether an individual has made an election under Section 15-135.1 of the Illinois Pension Code. Contributions may be based on annuitants', survivors', or retired employees' Medicare eligibility, but may not be based

on Social Security eligibility.

(a-9) No later than May 1 of each calendar year, the Director of Central Management Services shall certify in writing to the Executive Secretary of the State Employees' Retirement System of Illinois the amounts of the Medicare supplement health care premiums and the amounts of the health care premiums for all other retirees who are not Medicare eligible.

A separate calculation of the premiums based upon the actual cost of each health care plan shall be so certified.

The Director of Central Management Services shall provide to the Executive Secretary of the State Employees' Retirement System of Illinois such information, statistics, and other data as he or she may require to review the premium amounts certified by the Director of Central Management Services.

The Department of Central Management Services, or any successor agency designated to procure health care ~~healthcare~~ contracts pursuant to this Act, is authorized to establish funds, separate accounts provided by any bank or banks as defined by the Illinois Banking Act, or separate accounts provided by any savings and loan association or associations as defined by the Illinois Savings and Loan Act of 1985 to be held by the Director, outside the State treasury, for the purpose of receiving the transfer of moneys from the Local Government Health Insurance Reserve Fund. The Department may promulgate rules further defining the methodology for the

transfers. Any interest earned by moneys in the funds or accounts shall inure to the Local Government Health Insurance Reserve Fund. The transferred moneys, and interest accrued thereon, shall be used exclusively for transfers to administrative service organizations or their financial institutions for payments of claims to claimants and providers under the self-insurance health plan. The transferred moneys, and interest accrued thereon, shall not be used for any other purpose including, but not limited to, reimbursement of administration fees due the administrative service organization pursuant to its contract or contracts with the Department.

(a-10) To the extent that participation, benefits, or premiums under this Act are based on a person's service credit under an Article of the Illinois Pension Code, service credit terminated in exchange for an accelerated pension benefit payment under Section 14-147.5, 15-185.5, or 16-190.5 of that Code shall be included in determining a person's service credit for the purposes of this Act.

(b) State employees who become eligible for this program on or after January 1, 1980 in positions normally requiring actual performance of duty not less than 1/2 of a normal work period but not equal to that of a normal work period, shall be given the option of participating in the available program. If the employee elects coverage, the State shall contribute on behalf of such employee to the cost of the employee's benefit

and any applicable dependent supplement, that sum which bears the same percentage as that percentage of time the employee regularly works when compared to normal work period.

(c) The basic non-contributory coverage from the basic program of group health benefits shall be continued for each employee not in pay status or on active service by reason of (1) leave of absence due to illness or injury, (2) authorized educational leave of absence or sabbatical leave, or (3) military leave. This coverage shall continue until expiration of authorized leave and return to active service, but not to exceed 24 months for leaves under item (1) or (2). This 24-month limitation and the requirement of returning to active service shall not apply to persons receiving ordinary or accidental disability benefits or retirement benefits through the appropriate State retirement system or benefits under the Workers' Compensation Act or the Workers' Occupational Diseases ~~Occupational Disease~~ Act.

(d) The basic group life insurance coverage shall continue, with full State contribution, where such person is (1) absent from active service by reason of disability arising from any cause other than self-inflicted, (2) on authorized educational leave of absence or sabbatical leave, or (3) on military leave.

(e) Where the person is in non-pay status for a period in excess of 30 days or on leave of absence, other than by reason of disability, educational or sabbatical leave, or military

leave, such person may continue coverage only by making personal payment equal to the amount normally contributed by the State on such person's behalf. Such payments and coverage may be continued: (1) until such time as the person returns to a status eligible for coverage at State expense, but not to exceed 24 months or (2) until such person's employment or annuitant status with the State is terminated (exclusive of any additional service imposed pursuant to law).

(f) The Department shall establish by rule the extent to which other employee benefits will continue for persons in non-pay status or who are not in active service.

(g) The State shall not pay the cost of the basic non-contributory group life insurance, program of health benefits and other employee benefits for members who are survivors as defined by paragraphs (1) and (2) of subsection (q) of Section 3 of this Act. The costs of benefits for these survivors shall be paid by the survivors or by the University of Illinois Cooperative Extension Service, or any combination thereof. However, the State shall pay the amount of the reduction in the cost of participation, if any, resulting from the amendment to subsection (a) made by Public Act 91-617 ~~this amendatory Act of the 91st General Assembly~~.

(h) Those persons occupying positions with any department as a result of emergency appointments pursuant to Section 8b.8 of the Personnel Code who are not considered employees under this Act shall be given the option of participating in the

programs of group life insurance, health benefits and other employee benefits. Such persons electing coverage may participate only by making payment equal to the amount normally contributed by the State for similarly situated employees. Such amounts shall be determined by the Director. Such payments and coverage may be continued until such time as the person becomes an employee pursuant to this Act or such person's appointment is terminated.

(i) Any unit of local government within the State of Illinois may apply to the Director to have its employees, annuitants, and their dependents provided group health coverage under this Act on a non-insured basis. To participate, a unit of local government must agree to enroll all of its employees, who may select coverage under any group health benefits plan made available by the Department under the health benefits program established under this Section or a health maintenance organization that has contracted with the State to be available as a health care provider for employees as defined in this Act. A unit of local government must remit the entire cost of providing coverage under the health benefits program established under this Section or, for coverage under a health maintenance organization, an amount determined by the Director based on an analysis of the sex, age, geographic location, or other relevant demographic variables for its employees, except that the unit of local government shall not be required to enroll those of its

employees who are covered spouses or dependents under the State group health benefits plan or another group policy or plan providing health benefits as long as (1) an appropriate official from the unit of local government attests that each employee not enrolled is a covered spouse or dependent under this plan or another group policy or plan, and (2) at least 50% of the employees are enrolled and the unit of local government remits the entire cost of providing coverage to those employees, except that a participating school district must have enrolled at least 50% of its full-time employees who have not waived coverage under the district's group health plan by participating in a component of the district's cafeteria plan. A participating school district is not required to enroll a full-time employee who has waived coverage under the district's health plan, provided that an appropriate official from the participating school district attests that the full-time employee has waived coverage by participating in a component of the district's cafeteria plan. For the purposes of this subsection, "participating school district" includes a unit of local government whose primary purpose is education as defined by the Department's rules.

Employees of a participating unit of local government who are not enrolled due to coverage under another group health policy or plan may enroll in the event of a qualifying change in status, special enrollment, special circumstance as defined by the Director, or during the annual benefit choice period

~~Benefit Choice Period.~~ A participating unit of local government may also elect to cover its annuitants. Dependent coverage shall be offered on an optional basis, with the costs paid by the unit of local government, its employees, or some combination of the two as determined by the unit of local government. The unit of local government shall be responsible for timely collection and transmission of dependent premiums.

The Director shall annually determine monthly rates of payment, subject to the following constraints:

(1) In the first year of coverage, the rates shall be equal to the amount normally charged to State employees for elected optional coverages or for enrolled dependents coverages or other contributory coverages, or contributed by the State for basic insurance coverages on behalf of its employees, adjusted for differences between State employees and employees of the local government in age, sex, geographic location or other relevant demographic variables, plus an amount sufficient to pay for the additional administrative costs of providing coverage to employees of the unit of local government and their dependents.

(2) In subsequent years, a further adjustment shall be made to reflect the actual prior years' claims experience of the employees of the unit of local government.

In the case of coverage of local government employees under a health maintenance organization, the Director shall

annually determine for each participating unit of local government the maximum monthly amount the unit may contribute toward that coverage, based on an analysis of (i) the age, sex, geographic location, and other relevant demographic variables of the unit's employees and (ii) the cost to cover those employees under the State group health benefits plan. The Director may similarly determine the maximum monthly amount each unit of local government may contribute toward coverage of its employees' dependents under a health maintenance organization.

Monthly payments by the unit of local government or its employees for group health benefits plan or health maintenance organization coverage shall be deposited into ~~in~~ the Local Government Health Insurance Reserve Fund.

The Local Government Health Insurance Reserve Fund is hereby created as a nonappropriated trust fund to be held outside the State treasury ~~Treasury~~, with the State Treasurer as custodian. The Local Government Health Insurance Reserve Fund shall be a continuing fund not subject to fiscal year limitations. The Local Government Health Insurance Reserve Fund is not subject to administrative charges or charge-backs, including but not limited to those authorized under Section 8h of the State Finance Act. All revenues arising from the administration of the health benefits program established under this Section shall be deposited into the Local Government Health Insurance Reserve Fund. Any interest earned

on moneys in the Local Government Health Insurance Reserve Fund shall be deposited into the Fund. All expenditures from this Fund shall be used for payments for health care benefits for local government and rehabilitation facility employees, annuitants, and dependents, and to reimburse the Department or its administrative service organization for all expenses incurred in the administration of benefits. No other State funds may be used for these purposes.

A local government employer's participation or desire to participate in a program created under this subsection shall not limit that employer's duty to bargain with the representative of any collective bargaining unit of its employees.

(j) Any rehabilitation facility within the State of Illinois may apply to the Director to have its employees, annuitants, and their eligible dependents provided group health coverage under this Act on a non-insured basis. To participate, a rehabilitation facility must agree to enroll all of its employees and remit the entire cost of providing such coverage for its employees, except that the rehabilitation facility shall not be required to enroll those of its employees who are covered spouses or dependents under this plan or another group policy or plan providing health benefits as long as (1) an appropriate official from the rehabilitation facility attests that each employee not enrolled is a covered spouse or dependent under this plan or

another group policy or plan, and (2) at least 50% of the employees are enrolled and the rehabilitation facility remits the entire cost of providing coverage to those employees. Employees of a participating rehabilitation facility who are not enrolled due to coverage under another group health policy or plan may enroll in the event of a qualifying change in status, special enrollment, special circumstance as defined by the Director, or during the annual benefit choice period ~~Benefit Choice Period~~. A participating rehabilitation facility may also elect to cover its annuitants. Dependent coverage shall be offered on an optional basis, with the costs paid by the rehabilitation facility, its employees, or some combination of the 2 as determined by the rehabilitation facility. The rehabilitation facility shall be responsible for timely collection and transmission of dependent premiums.

The Director shall annually determine quarterly rates of payment, subject to the following constraints:

(1) In the first year of coverage, the rates shall be equal to the amount normally charged to State employees for elected optional coverages or for enrolled dependents coverages or other contributory coverages on behalf of its employees, adjusted for differences between State employees and employees of the rehabilitation facility in age, sex, geographic location or other relevant demographic variables, plus an amount sufficient to pay for the additional administrative costs of providing

coverage to employees of the rehabilitation facility and their dependents.

(2) In subsequent years, a further adjustment shall be made to reflect the actual prior years' claims experience of the employees of the rehabilitation facility.

Monthly payments by the rehabilitation facility or its employees for group health benefits shall be deposited into ~~in~~ the Local Government Health Insurance Reserve Fund.

(k) Any domestic violence shelter or service within the State of Illinois may apply to the Director to have its employees, annuitants, and their dependents provided group health coverage under this Act on a non-insured basis. To participate, a domestic violence shelter or service must agree to enroll all of its employees and pay the entire cost of providing such coverage for its employees. The domestic violence shelter shall not be required to enroll those of its employees who are covered spouses or dependents under this plan or another group policy or plan providing health benefits as long as (1) an appropriate official from the domestic violence shelter attests that each employee not enrolled is a covered spouse or dependent under this plan or another group policy or plan and (2) at least 50% of the employees are enrolled and the domestic violence shelter remits the entire cost of providing coverage to those employees. Employees of a participating domestic violence shelter who are not enrolled due to coverage under another group health policy or plan may

enroll in the event of a qualifying change in status, special enrollment, or special circumstance as defined by the Director or during the annual benefit choice period ~~Benefit Choice Period~~. A participating domestic violence shelter may also elect to cover its annuitants. Dependent coverage shall be offered on an optional basis, with employees, or some combination of the 2 as determined by the domestic violence shelter or service. The domestic violence shelter or service shall be responsible for timely collection and transmission of dependent premiums.

The Director shall annually determine rates of payment, subject to the following constraints:

(1) In the first year of coverage, the rates shall be equal to the amount normally charged to State employees for elected optional coverages or for enrolled dependents coverages or other contributory coverages on behalf of its employees, adjusted for differences between State employees and employees of the domestic violence shelter or service in age, sex, geographic location or other relevant demographic variables, plus an amount sufficient to pay for the additional administrative costs of providing coverage to employees of the domestic violence shelter or service and their dependents.

(2) In subsequent years, a further adjustment shall be made to reflect the actual prior years' claims experience of the employees of the domestic violence shelter or

service.

Monthly payments by the domestic violence shelter or service or its employees for group health insurance shall be deposited into ~~in~~ the Local Government Health Insurance Reserve Fund.

(1) A public community college or entity organized pursuant to the Public Community College Act may apply to the Director initially to have only annuitants not covered prior to July 1, 1992 by the district's health plan provided health coverage under this Act on a non-insured basis. The community college must execute a 2-year contract to participate in the Local Government Health Plan. Any annuitant may enroll in the event of a qualifying change in status, special enrollment, special circumstance as defined by the Director, or during the annual benefit choice period ~~Benefit Choice Period~~.

The Director shall annually determine monthly rates of payment subject to the following constraints: for those community colleges with annuitants only enrolled, first year rates shall be equal to the average cost to cover claims for a State member adjusted for demographics, Medicare participation, and other factors; and in the second year, a further adjustment of rates shall be made to reflect the actual first year's claims experience of the covered annuitants.

(1-5) The provisions of subsection (1) become inoperative on July 1, 1999.

(m) The Director shall adopt any rules deemed necessary for implementation of this amendatory Act of 1989 (Public Act 86-978).

(n) Any child advocacy center within the State of Illinois may apply to the Director to have its employees, annuitants, and their dependents provided group health coverage under this Act on a non-insured basis. To participate, a child advocacy center must agree to enroll all of its employees and pay the entire cost of providing coverage for its employees. The child advocacy center shall not be required to enroll those of its employees who are covered spouses or dependents under this plan or another group policy or plan providing health benefits as long as (1) an appropriate official from the child advocacy center attests that each employee not enrolled is a covered spouse or dependent under this plan or another group policy or plan and (2) at least 50% of the employees are enrolled and the child advocacy center remits the entire cost of providing coverage to those employees. Employees of a participating child advocacy center who are not enrolled due to coverage under another group health policy or plan may enroll in the event of a qualifying change in status, special enrollment, or special circumstance as defined by the Director or during the annual benefit choice period ~~Benefit Choice Period~~. A participating child advocacy center may also elect to cover its annuitants. Dependent coverage shall be offered on an optional basis, with the costs paid by the child advocacy

center, its employees, or some combination of the 2 as determined by the child advocacy center. The child advocacy center shall be responsible for timely collection and transmission of dependent premiums.

The Director shall annually determine rates of payment, subject to the following constraints:

(1) In the first year of coverage, the rates shall be equal to the amount normally charged to State employees for elected optional coverages or for enrolled dependents coverages or other contributory coverages on behalf of its employees, adjusted for differences between State employees and employees of the child advocacy center in age, sex, geographic location, or other relevant demographic variables, plus an amount sufficient to pay for the additional administrative costs of providing coverage to employees of the child advocacy center and their dependents.

(2) In subsequent years, a further adjustment shall be made to reflect the actual prior years' claims experience of the employees of the child advocacy center.

Monthly payments by the child advocacy center or its employees for group health insurance shall be deposited into the Local Government Health Insurance Reserve Fund.

Section 35. The State Employee Health Savings Account Law

is amended by changing Section 10-10 as follows:

(5 ILCS 377/10-10)

Sec. 10-10. Application; authorized contributions.

(a) Beginning in calendar year 2012, each employer shall make available to each eligible individual a health savings account program, if that individual chooses to enroll in the program except that, for an employer who provides coverage pursuant to any one or more of subsections (i) through (n) of Section 10 of the State Employees Group Insurance Act of 1971 ~~State Employee Group Insurance Act~~, that employer may make available a health savings account program. An employer who makes a health savings account program available shall annually deposit an amount equal to one-third of the annual deductible into an eligible individual's health savings account. Unused funds in a health savings account shall become the property of the account holder at the end of a taxable year.

(b) Beginning in calendar year 2012, an eligible individual may deposit contributions into a health savings account in accordance with the restrictions set forth in subsection (e) of Section 10-5.

Section 40. The First Responders Suicide Prevention Act is

amended by changing Section 40 as follows:

(5 ILCS 840/40)

Sec. 40. Task Force recommendations.

(a) Task Force members shall recommend that agencies and organizations guarantee access to mental health and wellness services, including, but not limited to, peer support programs and providing ongoing education related to the ever-evolving concept of mental health wellness. These recommendations could be accomplished by:

(1) Revising agencies' and organizations' employee assistance programs (EAPs).

(2) Urging health care providers to replace outdated healthcare plans and include more progressive options catering to the needs and disproportionate risks shouldered by our first responders.

(3) Allocating funding or resources for public service announcements (PSA) and messaging campaigns aimed at raising awareness of available assistance options.

(4) Encouraging agencies and organizations to attach lists of all available resources to training manuals and continuing education requirements.

(b) Task Force members shall recommend agencies and organizations sponsor or facilitate first responders with specialized training in the areas of psychological fitness, depressive disorders, early detection, and mitigation best

practices. Such trainings could be accomplished by:

(1) Assigning, appointing, or designating one member of an agency or organization to attend specialized training(s) sponsored by an accredited agency, association, or organization recognized in their fields of study.

(2) Seeking sponsorships or conducting fund-raisers, to host annual or semiannual on-site visits from qualified clinicians or physicians to provide early detection training techniques, or to provide regular access to mental health professionals.

(3) Requiring a minimum number of hours of disorders and wellness training be incorporated into reoccurring, annual or biannual training standards, examinations, and curriculums, taking into close consideration respective agency or organization size, frequency, and number of all current federal and state mandatory examinations and trainings expected respectively.

(4) Not underestimating the crucial importance of a balanced diet, sleep, mindfulness-based stress reduction techniques, moderate and vigorous intensity activities, and recreational hobbies, which have been scientifically proven to play a major role in brain health and mental wellness.

(c) Task Force members shall recommend that administrators and leadership personnel solicit training services from

evidence-based, data driven organizations. Organizations with personnel trained on the analytical review and interpretation of specific fields related to the nature of first responders' exploits, such as PTSD, substance abuse, and chronic state of duress. Task Force members shall further recommend funding for expansion and messaging campaigns of preliminary self-diagnosing technologies like the one described above. These objectives could be met by:

(1) Contacting an accredited agency, association, or organization recognized in the field or fields of specific study. Unbeknownst to the majority, many of the agencies and organizations listed above receive grants and allocations to assist communities with the very issues being discussed in this Section.

(2) Normalizing help-seeking behaviors for both first responders and their families through regular messaging and peer support outreach, beginning with academy curricula and continuing education throughout individuals' careers.

(3) Funding and implementing PSA campaigns that provide clear and concise calls to action about mental health and wellness, resiliency, help-seeking, treatment, and recovery.

(4) Promoting and raising awareness of not-for-profit organizations currently available to assist individuals in search of care and treatment. Organizations have intuitive

user-friendly sites, most of which have mobile applications, so first responders can access at a moment's notice. However, because of limited funds, these organizations have a challenging time of getting the word out there about their existence.

(5) Expanding Family and Medical Leave Act protections for individuals voluntarily seeking preventative treatment.

(6) Promoting and ensuring complete patient confidentiality protections.

(d) Task Force members shall recommend that agencies and organizations incorporate the following training components into already existing modules and educational curriculums. Doing so could be done by:

(1) Bolstering academy and school curricula by requiring depressive disorder training catered to PTSD, substance abuse, and early detection techniques training, taking into close consideration respective agency or organization size, and the frequency and number of all current federal and state mandatory examinations and trainings expected respectively.

(2) Continuing to allocate or match federal and state funds to maintain Mobile Training Units (MTUs).

(3) Incorporating a state certificate for peer support training into already existing statewide curriculums and mandatory examinations, annual State Fire Marshal

examinations, and physical fitness examinations. The subject matter of the certificate should have an emphasis on mental health and wellness, as well as familiarization with topics ranging from clinical social work, clinical psychology, clinical behaviorist, and clinical psychiatry.

(4) Incorporating and performing statewide mental health check-ins during the same times as already mandated trainings. These checks are not to be compared or used as measures of fitness for duty evaluations or structured psychological examinations.

(5) Recommending comprehensive and evidence-based training on the importance of preventative measures on the topics of sleep, nutrition, mindfulness, and physical movement.

(6) Law enforcement agencies should provide training on the Firearm Owners ~~Owner's~~ Identification Card Act, including seeking relief from the Illinois State Police under Section 10 of the Firearm Owners Identification Card Act and a FOID card being a continued condition of employment under Section 7.2 of the Uniform Peace Officers' Disciplinary Act.

Section 45. The Election Code is amended by changing Sections 16-3, 17-5, 17-12, and 28-3 and the heading of

Article 29 as follows:

(10 ILCS 5/16-3) (from Ch. 46, par. 16-3)

Sec. 16-3. (a) The names of all candidates to be voted for in each election district or precinct shall be printed on one ballot, except as is provided in Sections 16-6, 16-6.1, and 21-1.01 of this Code and except as otherwise provided in this Code with respect to the odd year regular elections and the emergency referenda. The lettering of candidate names on a ballot shall be in both capital and lowercase letters in conformance with standard English language guidelines, unless compliance is not feasible due to the election system utilized by the election authority. All nominations of any political party shall be placed under the party appellation or title of such party as designated in the certificates of nomination or petitions. The names of all independent candidates shall be printed upon the ballot in a column or columns under the heading "independent" arranged under the names or titles of the respective offices for which such independent candidates shall have been nominated and so far as practicable, the name or names of any independent candidate or candidates for any office shall be printed upon the ballot opposite the name or names of any candidate or candidates for the same office contained in any party column or columns upon said ballot. The ballot shall contain no other names, except that in cases of electors for President and Vice-President of the United

States, the names of the candidates for President and Vice-President may be added to the party designation and words calculated to aid the voter in his choice of candidates may be added, such as "Vote for one," or "Vote for not more than three".⁴ If no candidate or candidates file for an office and if no person or persons file a declaration as a write-in candidate for that office, then below the title of that office the election authority instead shall print "No Candidate". When an electronic voting system is used which utilizes a ballot label booklet, the candidates and questions shall appear on the pages of such booklet in the order provided by this Code; and, in any case where candidates for an office appear on a page which does not contain the name of any candidate for another office, and where less than 50% of the page is utilized, the name of no candidate shall be printed on the lowest 25% of such page. On the back or outside of the ballot, so as to appear when folded, shall be printed the words "Official Ballot", followed by the designation of the polling place for which the ballot is prepared, the date of the election and a facsimile of the signature of the election authority who has caused the ballots to be printed. The ballots shall be of plain white paper, through which the printing or writing cannot be read. However, ballots for use at the nonpartisan and consolidated elections may be printed on different color paper, except blue paper, whenever necessary or desirable to facilitate distinguishing between

ballots for different political subdivisions. In the case of nonpartisan elections for officers of a political subdivision, unless the statute or an ordinance adopted pursuant to Article VII of the Constitution providing the form of government therefor requires otherwise, the column listing such nonpartisan candidates shall be printed with no appellation or circle at its head. The party appellation or title, or the word "independent" at the head of any column provided for independent candidates, shall be printed in letters not less than one-fourth of an inch in height and a circle one-half inch in diameter shall be printed at the beginning of the line in which such appellation or title is printed, provided, however, that no such circle shall be printed at the head of any column or columns provided for such independent candidates. The names of candidates shall be printed in letters not less than one-eighth nor more than one-fourth of an inch in height, and at the beginning of each line in which a name of a candidate is printed a square shall be printed, the sides of which shall be not less than one-fourth of an inch in length. However, the names of the candidates for Governor and Lieutenant Governor on the same ticket shall be printed within a bracket and a single square shall be printed in front of the bracket. The list of candidates of the several parties and any such list of independent candidates shall be placed in separate columns on the ballot in such order as the election authorities charged with the printing of the ballots shall decide; provided, that

the names of the candidates of the several political parties, certified by the State Board of Elections to the several county clerks shall be printed by the county clerk of the proper county on the official ballot in the order certified by the State Board of Elections. Any county clerk refusing, neglecting or failing to print on the official ballot the names of candidates of the several political parties in the order certified by the State Board of Elections, and any county clerk who prints or causes to be printed upon the official ballot the name of a candidate, for an office to be filled by the Electors of the entire State, whose name has not been duly certified to him upon a certificate signed by the State Board of Elections shall be guilty of a Class C misdemeanor.

(b) When an electronic voting system is used which utilizes a ballot card, on the inside flap of each ballot card envelope there shall be printed a form for write-in voting which shall be substantially as follows:

WRITE-IN VOTES

(See card of instructions for specific information.
Duplicate form below by hand for additional write-in votes.)

.....

Title of Office

()

Name of Candidate

Write-in lines equal to the number of candidates for which

a voter may vote shall be printed for an office only if one or more persons filed declarations of intent to be write-in candidates or qualify to file declarations to be write-in candidates under Sections 17-16.1 and 18-9.1 when the certification of ballot contains the words "OBJECTION PENDING".

(c) When an electronic voting system is used which uses a ballot sheet, the instructions to voters on the ballot sheet shall refer the voter to the card of instructions for specific information on write-in voting. Below each office appearing on such ballot sheet there shall be a provision for the casting of a write-in vote. Write-in lines equal to the number of candidates for which a voter may vote shall be printed for an office only if one or more persons filed declarations of intent to be write-in candidates or qualify to file declarations to be write-in candidates under Sections 17-16.1 and 18-9.1 when the certification of ballot contains the words "OBJECTION PENDING".

(d) When such electronic system is used, there shall be printed on the back of each ballot card, each ballot card envelope, and the first page of the ballot label when a ballot label is used, the words "Official Ballot," followed by the number of the precinct or other precinct identification, which may be stamped, in lieu thereof and, as applicable, the number and name of the township, ward or other election district for which the ballot card, ballot card envelope, and ballot label

are prepared, the date of the election and a facsimile of the signature of the election authority who has caused the ballots to be printed. The back of the ballot card shall also include a method of identifying the ballot configuration such as a listing of the political subdivisions and districts for which votes may be cast on that ballot, or a number code identifying the ballot configuration or color coded ballots, except that where there is only one ballot configuration in a precinct, the precinct identification, and any applicable ward identification, shall be sufficient. Ballot card envelopes used in punch card systems shall be of paper through which no writing or punches may be discerned and shall be of sufficient length to enclose all voting positions. However, the election authority may provide ballot card envelopes on which no precinct number or township, ward or other election district designation, or election date are preprinted, if space and a preprinted form are provided below the space provided for the names of write-in candidates where such information may be entered by the judges of election. Whenever an election authority utilizes ballot card envelopes on which the election date and precinct is not preprinted, a judge of election shall mark such information for the particular precinct and election on the envelope in ink before tallying and counting any write-in vote written thereon. If some method of insuring ballot secrecy other than an envelope is used, such information must be provided on the ballot itself.

(e) In the designation of the name of a candidate on the ballot, the candidate's given name or names, initial or initials, a nickname by which the candidate is commonly known, or a combination thereof, may be used in addition to the candidate's surname. If a candidate has changed his or her name, whether by a statutory or common law procedure in Illinois or any other jurisdiction, within 3 years before the last day for filing the petition for nomination, nomination papers, or certificate of nomination for that office, whichever is applicable, then (i) the candidate's name on the ballot must be followed by "formerly known as (list all prior names during the 3-year period) until name changed on (list date of each such name change)" and (ii) the petition, papers, or certificate must be accompanied by the candidate's affidavit stating the candidate's previous names during the period specified in (i) and the date or dates each of those names was changed; failure to meet these requirements shall be grounds for denying certification of the candidate's name for the ballot or removing the candidate's name from the ballot, as appropriate, but these requirements do not apply to name changes resulting from adoption to assume an adoptive parent's or parents' surname, marriage or civil union to assume a spouse's surname, or dissolution of marriage or civil union or declaration of invalidity of marriage or civil union to assume a former surname or a name change that conforms the candidate's name to his or her gender identity. No other

designation such as a political slogan, title, or degree or nickname suggesting or implying possession of a title, degree or professional status, or similar information may be used in connection with the candidate's surname. For purposes of this Section, a "political slogan" is defined as any word or words expressing or connoting a position, opinion, or belief that the candidate may espouse, including, but not limited to, any word or words conveying any meaning other than that of the personal identity of the candidate. A candidate may not use a political slogan as part of his or her name on the ballot, notwithstanding that the political slogan may be part of the candidate's name.

(f) The State Board of Elections, a local election official, or an election authority shall remove any candidate's name designation from a ballot that is inconsistent with subsection (e) of this Section. In addition, the State Board of Elections, a local election official, or an election authority shall not certify to any election authority any candidate name designation that is inconsistent with subsection (e) of this Section.

(g) If the State Board of Elections, a local election official, or an election authority removes a candidate's name designation from a ballot under subsection (f) of this Section, then the aggrieved candidate may seek appropriate relief in circuit court.

Where voting machines or electronic voting systems are

used, the provisions of this Section may be modified as required or authorized by Article 24 or Article 24A, whichever is applicable.

Nothing in this Section shall prohibit election authorities from using or reusing ballot card envelopes which were printed before January 1, 1986 (the effective date of Public Act 84-820).

of election shall enter the name of the voter, and his number, as above provided in this Section ~~section~~, and the judge to whom the ballots are delivered shall immediately put the ballots into the ballot box ~~but, in the case of an election for Representatives in the General Assembly pursuant to Article 8A, the official representative ballot shall be placed in the separate ballot box provided for such purpose~~. (10 ILCS 5/28-3) (from Ch. 46, par. 28-3)

Sec. 28-3. Form of petition for public question. Petitions for the submission of public questions shall consist of sheets of uniform size and each sheet shall contain, above the space for signature, an appropriate heading, giving the information as to the question of public policy to be submitted, and specifying the state at large or the political subdivision or district or precinct or combination of precincts or other territory in which it is to be submitted and, where by law the public question must be submitted at a particular election, the election at which it is to be submitted. In the case of a petition for the submission of a public question described in subsection (b) of Section 28-6, the heading shall also specify the regular election at which the question is to be submitted and include the precincts included in the territory concerning which the public question is to be submitted, as well as a common description of such territory in plain and nonlegal language, such description to describe the territory by reference to streets, natural or artificial landmarks, addresses or any other method which would enable a voter signing the petition to be informed of the territory concerning which the question is to be submitted. The heading of each sheet shall be the same. Such petition shall be signed by the registered voters of the political subdivision or

district or precinct or combination of precincts in which the question of public policy is to be submitted in their own proper persons only, and opposite the signature of each signer his residence address shall be written or printed, which residence address shall include the street address or rural route number of the signer, as the case may be, as well as the signer's county, and city, village or town, and state; provided that the county or city, village or town, and state of residence of such electors may be printed on the petition forms where all of the electors signing the petition reside in the same county or city, village or town, and state. Standard abbreviations may be used in writing the residence address, including street number, if any. No signature shall be valid or be counted in considering the validity or sufficiency of such petition unless the requirements of this Section are complied with.

At the bottom of each sheet of such petition shall be added a circulator's statement, signed by a person 18 years of age or older who is a citizen of the United States, stating the street address or rural route number, as the case may be, as well as the county, city, village or town, and state; certifying that the signatures on that sheet of the petition were signed in his or her presence and are genuine, and that to the best of his or her knowledge and belief the persons so signing were at the time of signing the petition registered voters of the political subdivision or district or precinct or combination

of precincts in which the question of public policy is to be submitted and that their respective residences are correctly stated therein. Such statement shall be sworn to before some officer authorized to administer oaths in this State.

Such sheets, before being filed with the proper officer or board, shall be bound securely and numbered consecutively. The sheets shall not be fastened by pasting them together end to end, so as to form a continuous strip or roll. All petition sheets which are filed with the proper local election officials, election authorities or the State Board of Elections shall be the original sheets which have been signed by the voters and by the circulator, and not photocopies or duplicates of such sheets. A petition, when presented or filed, shall not be withdrawn, altered, or added to, and no signature shall be revoked except by revocation in writing presented or filed with the board or officer with whom the petition is required to be presented or filed, and before the presentment or filing of such petition, except as may otherwise be provided in another statute which authorize the public question. Whoever forges any name of a signer upon any petition shall be deemed guilty of a forgery, and on conviction thereof, shall be punished accordingly.

In addition to the foregoing requirements, a petition proposing an amendment to Article IV of the Constitution pursuant to Section 3 of Article XIV of the Constitution or a petition proposing a question of public policy to be submitted

to the voters of the entire State shall be in conformity with the requirements of Section 28-9 of this Article.

If multiple sets of petitions for submission of the same public questions are filed, the State Board of Elections, appropriate election authority or local election official where the petitions are filed shall within 2 business days notify the proponent of his or her multiple petition filings and that proponent has 3 business days after receipt of the notice to notify the State Board of Elections, appropriate election authority or local election official that he or she may cancel prior sets of petitions. If the proponent notifies the State Board of Elections, appropriate election authority or local election official, the last set of petitions filed shall be the only petitions to be considered valid by the State Board of Elections, appropriate election authority or local election official. If the proponent fails to notify the State Board of Elections, appropriate election authority or local election official then only the first set of petitions filed shall be valid and all subsequent petitions shall be void.

Section 60. The Illinois Identification Card Act is amended by changing Sections 4, 5, and 12 as follows:

(15 ILCS 335/4)

Sec. 4. Identification card.

(a) In accordance with the requirements of this Section, the Secretary of State shall issue a standard Illinois

Identification Card, as well as a mobile Illinois Identification Card, to any natural person who is a resident of the State of Illinois who applies for such a card, or renewal thereof. No identification card shall be issued to any person who holds a valid foreign state identification card, license, or permit unless the person first surrenders to the Secretary of State the valid foreign state identification card, license, or permit. The card shall be prepared and supplied by the Secretary of State and shall include a photograph and signature or mark of the applicant. However, the Secretary of State may provide by rule for the issuance of Illinois Identification Cards without photographs if the applicant has a bona fide religious objection to being photographed or to the display of his or her photograph. The Illinois Identification Card may be used for identification purposes in any lawful situation only by the person to whom it was issued. As used in this Act, "photograph" means any color photograph or digitally produced and captured image of an applicant for an identification card. As used in this Act, "signature" means the name of a person as written by that person and captured in a manner acceptable to the Secretary of State.

(a-5) If an applicant for an identification card has a current driver's license or instruction permit issued by the Secretary of State, the Secretary may require the applicant to utilize the same residence address and name on the

identification card, driver's license, and instruction permit records maintained by the Secretary. The Secretary may promulgate rules to implement this provision.

(a-10) If the applicant is a judicial officer as defined in Section 1-10 of the Judicial Privacy Act or a peace officer, the applicant may elect to have his or her office or work address listed on the card instead of the applicant's residence or mailing address. The Secretary may promulgate rules to implement this provision. For the purposes of this subsection (a-10), "peace officer" means any person who by virtue of his or her office or public employment is vested by law with a duty to maintain public order or to make arrests for a violation of any penal statute of this State, whether that duty extends to all violations or is limited to specific violations.

(a-15) The Secretary of State may provide for an expedited process for the issuance of an Illinois Identification Card. The Secretary shall charge an additional fee for the expedited issuance of an Illinois Identification Card, to be set by rule, not to exceed \$75. All fees collected by the Secretary for expedited Illinois Identification Card service shall be deposited into the Secretary of State Special Services Fund. The Secretary may adopt rules regarding the eligibility, process, and fee for an expedited Illinois Identification Card. If the Secretary of State determines that the volume of expedited identification card requests received on a given day

exceeds the ability of the Secretary to process those requests in an expedited manner, the Secretary may decline to provide expedited services, and the additional fee for the expedited service shall be refunded to the applicant.

(a-20) The Secretary of State shall issue a standard Illinois Identification Card to a person committed to the Department of Corrections, the Department of Juvenile Justice, a Federal Bureau of Prisons facility located in Illinois, or a county jail or county department of corrections as follows: ~~if the person has a social security number,~~

(1) A committed person who has previously held an Illinois Identification Card or an Illinois driver's license shall submit an Identification Card verification form to the Secretary of State, including a photograph taken by the correctional facility, proof of residency upon discharge, and a social security number, if the committed person has a social security number. If the committed person does not have a social security number and is eligible for a social security number, the Secretary of State shall not issue a standard Illinois Identification Card until the committed person obtains a social security number. If the committed person's photograph and demographic information matches an existing Illinois Identification Card or Illinois driver's license and the Secretary of State verifies the applicant's social security number with the Social Security Administration,

the Secretary of State shall issue the committed person a standard Illinois Identification Card. If the photograph or demographic information matches an existing Illinois Identification Card or Illinois driver's license in another person's name or identity, a standard Illinois Identification Card shall not be issued until the committed person submits a certified birth certificate and social security card to the Secretary of State and the Secretary of State verifies the identity of the committed person. If the Secretary of State cannot find a match to an existing Illinois Identification Card or Illinois driver's license, the committed person may apply for a standard Illinois Identification card as described in paragraph (2).

(2) A committed person who has not previously held an Illinois Identification Card or Illinois driver's license or for whom a match cannot be found as described in paragraph (1) shall submit an Illinois Identification Card verification form, including a photograph taken by the correctional facility, a certified birth certificate, proof of residency upon discharge, and a social security number, if the committed has a social security number. If the committed person does not have a social security number and is eligible for a social security number, the Secretary of State shall not issue a standard Illinois Identification Card until the committed person obtains a

social security number. If the Secretary of State verifies the applicant's social security number with the Social Security Administration, the Secretary of State shall issue the committed person a standard Illinois Identification Card.

The Illinois Identification Card verification form described in this subsection shall be prescribed by the Secretary of State. The Secretary of State and correctional facilities in this State shall establish a secure method to transfer the form.

(a-25) The Secretary of State shall issue a limited-term Illinois Identification Card valid for 90 days to a committed person upon release on parole, mandatory supervised release, aftercare release, final discharge, or pardon from the Department of Corrections, the Department of Juvenile Justice, a Federal Bureau of Prisons facility located in Illinois, or a county jail or county department of corrections, if the released person does not obtain a standard Illinois Identification Card as described in subsection (a-20) prior to release but does present a Secretary of State prescribed Identification Card verification form completed by the correctional facility, verifying the released person's date of birth, social security number, if the person has a social security number, and his or her Illinois residence address. The verification form must have been completed no more than 30 days prior to the date of application for the Illinois

Identification Card.

Prior to the expiration of the 90-day period of the limited-term Illinois Identification Card, if the released person submits to the Secretary of State a certified copy of his or her birth certificate and his or her social security card, if the person has a social security number, or other documents authorized by the Secretary, a standard Illinois Identification Card shall be issued. A limited-term Illinois Identification Card may not be renewed.

This subsection shall not apply to a released person who was unable to obtain a standard Illinois Identification Card because his or her photograph or demographic information matched an existing Illinois Identification Card or Illinois driver's license in another person's name or identity or to a released person who does not have a social security number and is eligible for a social security number.

(a-30) The Secretary of State shall issue a standard Illinois Identification Card to a person upon conditional release or absolute discharge from the custody of the Department of Human Services, if the person presents a certified copy of his or her birth certificate, social security card, if the person has a social security number, or other documents authorized by the Secretary, and a document proving his or her Illinois residence address. The Secretary of State shall issue a standard Illinois Identification Card to a person prior to his or her conditional release or absolute

discharge if personnel from the Department of Human Services bring the person to a Secretary of State location with the required documents. Documents proving residence address may include any official document of the Department of Human Services showing the person's address after release and a Secretary of State prescribed verification form, which may be executed by personnel of the Department of Human Services.

(a-35) The Secretary of State shall issue a limited-term Illinois Identification Card valid for 90 days to a person upon conditional release or absolute discharge from the custody of the Department of Human Services, if the person is unable to present a certified copy of his or her birth certificate and social security card, if the person has a social security number, or other documents authorized by the Secretary, but does present a Secretary of State prescribed verification form completed by the Department of Human Services, verifying the person's date of birth and social security number, if the person has a social security number, and a document proving his or her Illinois residence address. The verification form must have been completed no more than 30 days prior to the date of application for the Illinois Identification Card. The Secretary of State shall issue a limited-term Illinois Identification Card to a person no sooner than 14 days prior to his or her conditional release or absolute discharge if personnel from the Department of Human Services bring the person to a Secretary of State location

with the required documents. Documents proving residence address shall include any official document of the Department of Human Services showing the person's address after release and a Secretary of State prescribed verification form, which may be executed by personnel of the Department of Human Services.

(b) The Secretary of State shall issue a special Illinois Identification Card, which shall be known as an Illinois Person with a Disability Identification Card, to any natural person who is a resident of the State of Illinois, who is a person with a disability as defined in Section 4A of this Act, who applies for such card, or renewal thereof. No Illinois Person with a Disability Identification Card shall be issued to any person who holds a valid foreign state identification card, license, or permit unless the person first surrenders to the Secretary of State the valid foreign state identification card, license, or permit. The Secretary of State shall charge no fee to issue such card. The card shall be prepared and supplied by the Secretary of State, and shall include a photograph and signature or mark of the applicant, a designation indicating that the card is an Illinois Person with a Disability Identification Card, and shall include a comprehensible designation of the type and classification of the applicant's disability as set out in Section 4A of this Act. However, the Secretary of State may provide by rule for the issuance of Illinois Person with a Disability

Identification Cards without photographs if the applicant has a bona fide religious objection to being photographed or to the display of his or her photograph. If the applicant so requests, the card shall include a description of the applicant's disability and any information about the applicant's disability or medical history which the Secretary determines would be helpful to the applicant in securing emergency medical care. If a mark is used in lieu of a signature, such mark shall be affixed to the card in the presence of 2 ~~two~~ witnesses who attest to the authenticity of the mark. The Illinois Person with a Disability Identification Card may be used for identification purposes in any lawful situation by the person to whom it was issued.

The Illinois Person with a Disability Identification Card may be used as adequate documentation of disability in lieu of a physician's determination of disability, a determination of disability from a physician assistant, a determination of disability from an advanced practice registered nurse, or any other documentation of disability whenever any State law requires that a person with a disability provide such documentation of disability, however an Illinois Person with a Disability Identification Card shall not qualify the cardholder to participate in any program or to receive any benefit which is not available to all persons with like disabilities. Notwithstanding any other provisions of law, an Illinois Person with a Disability Identification Card, or

evidence that the Secretary of State has issued an Illinois Person with a Disability Identification Card, shall not be used by any person other than the person named on such card to prove that the person named on such card is a person with a disability or for any other purpose unless the card is used for the benefit of the person named on such card, and the person named on such card consents to such use at the time the card is so used.

An optometrist's determination of a visual disability under Section 4A of this Act is acceptable as documentation for the purpose of issuing an Illinois Person with a Disability Identification Card.

When medical information is contained on an Illinois Person with a Disability Identification Card, the Office of the Secretary of State shall not be liable for any actions taken based upon that medical information.

(c) The Secretary of State shall provide that each original or renewal Illinois Identification Card or Illinois Person with a Disability Identification Card issued to a person under the age of 21 shall be of a distinct nature from those Illinois Identification Cards or Illinois Person with a Disability Identification Cards issued to individuals 21 years of age or older. The color designated for Illinois Identification Cards or Illinois Person with a Disability Identification Cards for persons under the age of 21 shall be at the discretion of the Secretary of State.

(c-1) Each original or renewal Illinois Identification Card or Illinois Person with a Disability Identification Card issued to a person under the age of 21 shall display the date upon which the person becomes 18 years of age and the date upon which the person becomes 21 years of age.

(c-3) The General Assembly recognizes the need to identify military veterans living in this State for the purpose of ensuring that they receive all of the services and benefits to which they are legally entitled, including healthcare, education assistance, and job placement. To assist the State in identifying these veterans and delivering these vital services and benefits, the Secretary of State is authorized to issue Illinois Identification Cards and Illinois Person with a Disability Identification Cards with the word "veteran" appearing on the face of the cards. This authorization is predicated on the unique status of veterans. The Secretary may not issue any other identification card which identifies an occupation, status, affiliation, hobby, or other unique characteristics of the identification card holder which is unrelated to the purpose of the identification card.

(c-5) Beginning on or before July 1, 2015, the Secretary of State shall designate a space on each original or renewal identification card where, at the request of the applicant, the word "veteran" shall be placed. The veteran designation shall be available to a person identified as a veteran under subsection (b) of Section 5 of this Act who was discharged or

separated under honorable conditions.

(d) The Secretary of State may issue a Senior Citizen discount card, to any natural person who is a resident of the State of Illinois who is 60 years of age or older and who applies for such a card or renewal thereof. The card shall be issued in every county and applications shall be made available at, but not limited to, nutrition sites, senior citizen centers and Area Agencies on Aging. The applicant, upon receipt of such card and prior to its use for any purpose, shall have affixed thereon in the space provided therefor his signature or mark.

(e) The Secretary of State, in his or her discretion, may designate on each Illinois Identification Card or Illinois Person with a Disability Identification Card a space where the card holder may place a sticker or decal, issued by the Secretary of State, of uniform size as the Secretary may specify, that shall indicate in appropriate language that the card holder has renewed his or her Illinois Identification Card or Illinois Person with a Disability Identification Card.

(f)(1) The Secretary of State may issue a mobile identification card to an individual who is otherwise eligible to hold a physical credential in addition to, and not instead of, an identification card if the Secretary of State has issued an identification card to the person. The data elements that are used to build an electronic credential must match the

individual's current Department record.

(2) The Secretary may enter into agreements or contract with an agency of the State, another state, the United States, or a third party to facilitate the issuance, use, and verification of a mobile identification card issued by the Secretary or another state.

(3) Any mobile identification card issued by the Secretary shall be in accordance with the most recent AAMVA standards.

(4) The Secretary shall design the mobile identification card in a manner that allows the credential holder to maintain physical possession of the device on which the mobile identification card is accessed during verification.

(g) The verification process shall be implemented to require:

(1) the relying parties to authenticate electronic credentials in accordance with applicable AAMVA standards prior to acceptance of the electronic credential;

(2) the Secretary to ensure that electronic credential data is subject to all jurisdictional data security and privacy protection laws and regulations; and

(3) the relying parties to request only electronic credential data elements that are necessary to complete the transaction for which data is being requested.

Sec. 5-717. Military portability licensure for service members and service members' spouses.

(a) In this Section:

"Division" means the Division of Professional Regulation of the Department of Financial and Professional Regulation or

the Division of Real Estate of the Department of Financial and Professional Regulation.

"Service member" means any person who, at the time of application under this Section, is an active duty member of the United States Armed Forces or any reserve component of the United States Armed Forces, the Coast Guard, or the National Guard of any state, commonwealth, or territory of the United States or the District of Columbia.

(b) The Department of Financial and Professional Regulation is authorized to issue a professional portability license to (1) a service member who is an out-of-state licensee and is under official United States military orders to relocate to the State of Illinois or (2) an out-of-state licensee whose spouse is a service member under official United States military orders to relocate to the State of Illinois. The service member or the service member's spouse need not reside in this State at the time of application. Notwithstanding any other law to the contrary, the portability license shall be issued by the Division only if the applicant fulfills all the requirements of this Section and Section 2105-135 of the Department of Professional Regulation Law of the Civil Administrative Code of Illinois.

(c) The portability license shall be issued after a complete application is submitted to the Division that

includes proof of the following:

(1) The applicant is a service member or the spouse of a service member.

(2) The applicant or applicant's spouse is assigned to a duty station in this State, has established legal residence or will reside in this State pursuant to military relocation orders after the date of application, and can provide an official copy of those orders.

(3) The applicant's license is in good standing and is not subject to a disciplinary order encumbering the license in any other state, commonwealth, district, or territory of the United States or any foreign jurisdiction where the applicant holds a license and practices in the same profession with the same or similar scope of practice for which the applicant is applying, and the applicant can submit official verification of good standing and disciplinary history from each of those licensing authorities. For health care professional applicants, the Division's review of good standing is governed by this subsection, subsection (h), and all other applicable State laws and rules.

(4) The applicant was actively licensed in the same profession with the same or similar scope of practice for which the applicant is applying for at least 2 years immediately preceding the relocation.

(5) A complete set of the applicant's fingerprints has

been submitted to the Illinois State Police for statewide and national criminal history checks, if applicable to the requirements of the professional regulatory Act. The applicant shall pay the fee to the Illinois State Police or to the vendor for electronic fingerprint processing. No license shall be issued to an applicant if any review of criminal history or disclosure would cause the denial of an application for licensure under the applicable licensing Act.

(6) The applicant has submitted the application for portability licensure and paid the required, nonrefundable initial application fee for that profession under its respective Act and rules.

(d) Service members or the spouses of service members granted portability licenses under this Section shall submit to the jurisdiction of the Division for purposes of the laws and rules administered, related standards of practice, and disciplinary authority. A license granted under this Section is subject to all statutes, rules, and regulations governing the license. This includes compliance with renewal and continuing education requirements of the licensing act and rules adopted during the period of licensure.

(e) Notwithstanding any other law, if the Division finds that the applicant failed to meet the requirements of subsection (c) or provided inaccurate or misleading information on the application, the Division may suspend the

license pending further investigation or notice to discipline the portability license.

(f)(1) The duration of the portability license is from issuance through the next renewal period for that regulated profession. At the time of the license's renewal, the service member or the service member's spouse may apply for another portability license if the military orders continue or are extended past the renewal date or if new orders are given for duty in this State. While the portability license is held, the service member or the service member's spouse may apply for full licensure by examination, endorsement, or reciprocity pursuant to the service member's or the service member's spouse's respective professional licensing Act or rules.

(2) Once a portability license has expired or is not renewed, the service member or the service member's spouse cannot continue practicing in this State until the service member or the service member's spouse obtains licensure by examination, endorsement, or reciprocity, which includes completion and passage of all pre-license education and examination requirements under the applicable professional licensing Act and rules.

(g) An individual is ineligible to apply under this Section if:

(2) the license the individual is seeking is subject

to an interstate compact; or

(3) the individual seeks a real estate appraiser license.

(h) All service members and the spouses of service members who apply under this Section and Section 5-715 who are licensed in another jurisdiction as health care professionals, and who are seeking a health care professional license regulated by the Division and subject to the applicable licensing Acts shall not be denied an initial or renewal license:

(1) if the applicant has a prior, current, or pending disciplinary action in another jurisdiction solely based on providing, authorizing, recommending, aiding, assisting, referring for, or otherwise participating in health care services that are not unlawful in this State and consistent with the standards of conduct in Illinois;

(2) if the applicant has a prior, current, or pending disciplinary action in another jurisdiction solely based on violating another jurisdiction or state's laws prohibiting the provision of, authorization of, recommendation of, aiding or assisting in, referring for, or participation in any health care service if that service as provided is not unlawful under the laws of this State and is consistent with the standards of conduct in Illinois; or

(3) based solely upon the applicant providing,

authorizing, recommending, aiding, assisting, referring for, or otherwise participating in health care services that are not unlawful in this State and consistent with the standards of conduct in Illinois.

(20 ILCS 105/4.02)

Sec. 4.02. Community Care Program. The Department shall establish a program of services to prevent unnecessary institutionalization of persons age 60 and older in need of long term care or who are established as persons who suffer from Alzheimer's disease or a related disorder under the

Alzheimer's Disease Assistance Act, thereby enabling them to remain in their own homes or in other living arrangements. Such preventive services, which may be coordinated with other programs for the aged, may include, but are not limited to, any or all of the following:

- (k-7) medication management;
- (k-8) emergency home response;
- (l) other nonmedical social services that may enable the person to become self-supporting; or
- (m) (blank).

The Department shall establish eligibility standards for such services. In determining the amount and nature of services for which a person may qualify, consideration shall

not be given to the value of cash, property, or other assets held in the name of the person's spouse pursuant to a written agreement dividing marital property into equal but separate shares or pursuant to a transfer of the person's interest in a home to his spouse, provided that the spouse's share of the marital property is not made available to the person seeking such services.

The Department shall require as a condition of eligibility that all new financially eligible applicants apply for and enroll in medical assistance under Article V of the Illinois Public Aid Code in accordance with rules promulgated by the Department.

The Department shall, in conjunction with the Department of Public Aid (now Department of Healthcare and Family Services), seek appropriate amendments under Sections 1915 and 1924 of the Social Security Act. The purpose of the amendments shall be to extend eligibility for home and community based services under Sections 1915 and 1924 of the Social Security Act to persons who transfer to or for the benefit of a spouse those amounts of income and resources allowed under Section 1924 of the Social Security Act. Subject to the approval of such amendments, the Department shall extend the provisions of Section 5-4 of the Illinois Public Aid Code to persons who, but for the provision of home or community-based services, would require the level of care provided in an institution, as is provided for in federal law. Those persons no longer found to

be eligible for receiving noninstitutional services due to changes in the eligibility criteria shall be given 45 days notice prior to actual termination. Those persons receiving notice of termination may contact the Department and request the determination be appealed at any time during the 45 day notice period. The target population identified for the purposes of this Section are persons age 60 and older with an identified service need. Priority shall be given to those who are at imminent risk of institutionalization. The services shall be provided to eligible persons age 60 and older to the extent that the cost of the services together with the other personal maintenance expenses of the persons are reasonably related to the standards established for care in a group facility appropriate to the person's condition. These noninstitutional ~~non-institutional~~ services, pilot projects, or experimental facilities may be provided as part of or in addition to those authorized by federal law or those funded and administered by the Department of Human Services. The Departments of Human Services, Healthcare and Family Services, Public Health, Veterans' Affairs, and Commerce and Economic Opportunity and other appropriate agencies of State, federal, and local governments shall cooperate with the Department on Aging in the establishment and development of the noninstitutional ~~non-institutional~~ services. The Department shall require an annual audit from all personal assistant and home care aide vendors contracting with the Department under

this Section. The annual audit shall assure that each audited vendor's procedures are in compliance with Department's financial reporting guidelines requiring an administrative and employee wage and benefits cost split as defined in administrative rules. The audit is a public record under the Freedom of Information Act. The Department shall execute, relative to the nursing home prescreening project, written inter-agency agreements with the Department of Human Services and the Department of Healthcare and Family Services, to effect the following: (1) intake procedures and common eligibility criteria for those persons who are receiving noninstitutional ~~non-institutional~~ services; and (2) the establishment and development of noninstitutional ~~non-institutional~~ services in areas of the State where they are not currently available or are undeveloped. On and after July 1, 1996, all nursing home prescreenings for individuals 60 years of age or older shall be conducted by the Department.

As part of the Department on Aging's routine training of case managers and case manager supervisors, the Department may include information on family futures planning for persons who are age 60 or older and who are caregivers of their adult children with developmental disabilities. The content of the training shall be at the Department's discretion.

The Department is authorized to establish a system of recipient copayment for services provided under this Section, such copayment to be based upon the recipient's ability to pay

but in no case to exceed the actual cost of the services provided. Additionally, any portion of a person's income which is equal to or less than the federal poverty standard shall not be considered by the Department in determining the copayment. The level of such copayment shall be adjusted whenever necessary to reflect any change in the officially designated federal poverty standard.

The Department, or the Department's authorized representative, may recover the amount of moneys expended for services provided to or in behalf of a person under this Section by a claim against the person's estate or against the estate of the person's surviving spouse, but no recovery may be had until after the death of the surviving spouse, if any, and then only at such time when there is no surviving child who is under age 21 or blind or who has a permanent and total disability. This paragraph, however, shall not bar recovery, at the death of the person, of moneys for services provided to the person or in behalf of the person under this Section to which the person was not entitled; provided that such recovery shall not be enforced against any real estate while it is occupied as a homestead by the surviving spouse or other dependent, if no claims by other creditors have been filed against the estate, or, if such claims have been filed, they remain dormant for failure of prosecution or failure of the claimant to compel administration of the estate for the purpose of payment. This paragraph shall not bar recovery from

the estate of a spouse, under Sections 1915 and 1924 of the Social Security Act and Section 5-4 of the Illinois Public Aid Code, who precedes a person receiving services under this Section in death. All moneys for services paid to or in behalf of the person under this Section shall be claimed for recovery from the deceased spouse's estate. "Homestead", as used in this paragraph, means the dwelling house and contiguous real estate occupied by a surviving spouse or relative, as defined by the rules and regulations of the Department of Healthcare and Family Services, regardless of the value of the property.

The Department shall increase the effectiveness of the existing Community Care Program by:

- (1) ensuring that in-home services included in the care plan are available on evenings and weekends;

- (2) ensuring that care plans contain the services that eligible participants need based on the number of days in a month, not limited to specific blocks of time, as identified by the comprehensive assessment tool selected by the Department for use statewide, not to exceed the total monthly service cost maximum allowed for each service; the Department shall develop administrative rules to implement this item (2);

- (3) ensuring that the participants have the right to choose the services contained in their care plan and to direct how those services are provided, based on administrative rules established by the Department;

(4) (blank);

(5) ensuring that homemakers can provide personal care services that may or may not involve contact with clients, including, but not limited to:

- (A) bathing;
- (B) grooming;
- (C) toileting;
- (D) nail care;
- (E) transferring;
- (F) respiratory services;
- (G) exercise; or
- (H) positioning;

(6) ensuring that homemaker program vendors are not restricted from hiring homemakers who are family members of clients or recommended by clients; the Department may not, by rule or policy, require homemakers who are family members of clients or recommended by clients to accept assignments in homes other than the client;

(7) ensuring that the State may access maximum federal matching funds by seeking approval for the Centers for Medicare and Medicaid Services for modifications to the State's home and community based services waiver and additional waiver opportunities, including applying for enrollment in the Balance Incentive Payment Program by May 1, 2013, in order to maximize federal matching funds; this shall include, but not be limited to, modification that

reflects all changes in the Community Care Program services and all increases in the services cost maximum;

(8) ensuring that the determination of need tool accurately reflects the service needs of individuals with Alzheimer's disease and related dementia disorders;

(9) ensuring that services are authorized accurately and consistently for the Community Care Program (CCP); the Department shall implement a Service Authorization policy directive; the purpose shall be to ensure that eligibility and services are authorized accurately and consistently in the CCP program; the policy directive shall clarify service authorization guidelines to Care Coordination Units and Community Care Program providers no later than May 1, 2013;

(10) working in conjunction with Care Coordination Units, the Department of Healthcare and Family Services, the Department of Human Services, Community Care Program providers, and other stakeholders to make improvements to the Medicaid claiming processes and the Medicaid enrollment procedures or requirements as needed, including, but not limited to, specific policy changes or rules to improve the up-front enrollment of participants in the Medicaid program and specific policy changes or rules to insure more prompt submission of bills to the federal government to secure maximum federal matching dollars as promptly as possible; the Department on Aging

shall have at least 3 meetings with stakeholders by January 1, 2014 in order to address these improvements;

(11) requiring home care service providers to comply with the rounding of hours worked provisions under the federal Fair Labor Standards Act (FLSA) and as set forth in 29 CFR 785.48(b) by May 1, 2013;

(12) implementing any necessary policy changes or promulgating any rules, no later than January 1, 2014, to assist the Department of Healthcare and Family Services in moving as many participants as possible, consistent with federal regulations, into coordinated care plans if a care coordination plan that covers long term care is available in the recipient's area; and

(13) (blank).

By January 1, 2009 or as soon after the end of the Cash and Counseling Demonstration Project as is practicable, the Department may, based on its evaluation of the demonstration project, promulgate rules concerning personal assistant services, to include, but need not be limited to, qualifications, employment screening, rights under fair labor standards, training, fiduciary agent, and supervision requirements. All applicants shall be subject to the provisions of the Health Care Worker Background Check Act.

The Department shall develop procedures to enhance availability of services on evenings, weekends, and on an emergency basis to meet the respite needs of caregivers.

Procedures shall be developed to permit the utilization of services in successive blocks of 24 hours up to the monthly maximum established by the Department. Workers providing these services shall be appropriately trained.

No ~~September 23, 1991 (Public Act 87-729)~~ person may perform chore/housekeeping and home care aide services under a program authorized by this Section unless that person has been issued a certificate of pre-service to do so by his or her employing agency. The employing agency shall be required to retain records of all staff pre-service and in-service training, and shall provide such records to the Department upon request and upon termination of the employer's contract with the Department. In addition, the employing agency is responsible for the issuance of certifications of in-service training completed to their employees.

The Department is required to develop a system to ensure that persons working as home care aides and personal assistants receive increases in their wages when the federal

minimum wage is increased by requiring vendors to certify that they are meeting the federal minimum wage statute for home care aides and personal assistants. An employer that cannot ensure that the minimum wage increase is being given to home care aides and personal assistants shall be denied any increase in reimbursement costs.

(20 ILCS 105/4.04) (from Ch. 23, par. 6104.04)

Sec. 4.04. Long Term Care Ombudsman Program. The purpose of the Long Term Care Ombudsman Program is to ensure that older

persons and persons with disabilities receive quality services. This is accomplished by providing advocacy services for residents of long term care facilities and participants receiving home care and community-based care. Managed care is increasingly becoming the vehicle for delivering health and long-term services and supports to seniors and persons with disabilities, including dual eligible participants. The additional ombudsman authority will allow advocacy services to be provided to Illinois participants for the first time and will produce a cost savings for the State of Illinois by supporting the rebalancing efforts of the Patient Protection and Affordable Care Act.

(a) Long Term Care Ombudsman Program. The Department shall establish a Long Term Care Ombudsman Program, through the Office of State Long Term Care Ombudsman ("the Office"), in accordance with the provisions of the Older Americans Act of 1965, as now or hereafter amended. The Long Term Care Ombudsman Program is authorized, subject to sufficient appropriations, to advocate on behalf of older persons and persons with disabilities residing in their own homes or community-based settings, relating to matters which may adversely affect the health, safety, welfare, or rights of such individuals.

(b) Definitions. As used in this Section, unless the context requires otherwise:

(iv) Inspect and copy the clinical and other records of a participant or resident, regardless of age, with the express written consent of the participant or resident, or if consent is given orally, visually, or through the use of auxiliary aids and services, such consent is documented contemporaneously by a representative of the Office in accordance with such procedures;

(v) Observe all areas of the long term care facility or supportive living facilities, assisted living or shared housing establishment except the living area of any resident who protests the observation; and

(vi) Subject to permission of the participant or resident requesting services or his or her representative, enter a home or community-based setting.

(2) "Long Term Care Facility" means (i) any facility as defined by Section 1-113 of the Nursing Home Care Act, as now or hereafter amended; (ii) any skilled nursing facility or a nursing facility which meets the requirements of Section 1819(a), (b), (c), and (d) or Section 1919(a), (b), (c), and (d) of the Social Security Act, as now or hereafter amended (42 U.S.C. 1395i-3(a), (b), (c), and (d) and 42 U.S.C. 1396r(a), (b), (c), and (d)); (iii) any facility as defined by Section 1-113 of the ID/DD Community Care Act, as now or hereafter amended; (iv) any facility as defined by Section 1-113 of MC/DD Act, as now or hereafter amended; and (v) any facility licensed under Section 4-105 or 4-201 of the Specialized Mental Health Rehabilitation Act of 2013, as now or hereafter amended.

The State Ombudsman, at his or her discretion, may disclose resident or participant information if it is in the best interest of the resident or participant. The Department shall establish procedures for the disclosure of program records by the State Ombudsman. The procedures shall prohibit the disclosure of the identity of any complainant, resident, participant, witness, or employee of a long term care provider in case records unless:

The report shall also provide information on interventions that would be effective in reducing the rate of fatal or

nonfatal drug overdose and on the current substance use disorder treatment capacity within the State. The report shall include an analysis of drug overdose information reported to the Department of Public Health pursuant to subsection (e) of Section 3-3013 of the Counties Code, Section 6.14g of the Hospital Licensing Act, and subsection (j) of Section 22-30 of the School Code.

(b) Programs; drug overdose prevention.

(1) The Department may establish a program to provide for the production and publication, in electronic and other formats, of drug overdose prevention, recognition, and response literature. The Department may develop and

disseminate curricula for use by professionals, organizations, individuals, or committees interested in the prevention of fatal and nonfatal drug overdose, including, but not limited to, drug users, jail and prison personnel, jail and prison inmates, drug treatment professionals, emergency medical personnel, hospital staff, families and associates of drug users, peace officers, firefighters, public safety officers, needle exchange program staff, and other persons. The literature shall provide information and resources for substance use disorder treatment.

The Department may establish or authorize programs for prescribing, dispensing, or distributing opioid antagonists for the treatment of drug overdose and for dispensing and distributing fentanyl test strips to further promote harm reduction efforts and prevent an overdose. Such programs may include the prescribing of opioid antagonists for the treatment of drug overdose to a person who is not at risk of opioid overdose but who, in the judgment of the health care professional, may be in a position to assist another individual during an

opioid-related drug overdose and who has received basic instruction on how to administer an opioid antagonist.

(2) The Department may provide advice to State and local officials on the growing drug overdose crisis, including the prevalence of drug overdose incidents, programs promoting the disposal of unused prescription drugs, trends in drug overdose incidents, and solutions to the drug overdose crisis.

(3) The Department may support drug overdose prevention, recognition, and response projects by facilitating the acquisition of opioid antagonist medication approved for opioid overdose reversal, facilitating the acquisition of opioid antagonist medication approved for opioid overdose reversal, providing trainings in overdose prevention best practices, facilitating the acquisition of fentanyl test strips to test for the presence of fentanyl, a fentanyl analog, or a drug adulterant within a controlled substance, connecting programs to medical resources, establishing a statewide standing order for the acquisition of needed medication, establishing learning collaboratives between localities and programs, and assisting programs in navigating any regulatory requirements for establishing or expanding such programs.

(4) In supporting best practices in drug overdose prevention programming, the Department may promote the

following programmatic elements:

(A) Training individuals who currently use drugs in the administration of opioid antagonists approved for the reversal of an opioid overdose and in the use of fentanyl test strips to test for the presence of fentanyl, a fentanyl analog, or a drug adulterant within a controlled substance.

(B) Directly distributing opioid antagonists approved for the reversal of an opioid overdose rather than providing prescriptions to be filled at a pharmacy.

(c) Grants.

(1) The Department may award grants, in accordance with this subsection, to create or support local drug overdose prevention, recognition, and response projects. Local health departments, correctional institutions, hospitals, universities, community-based organizations, and faith-based organizations may apply to the Department for a grant under this subsection at the time and in the

manner the Department prescribes. Eligible grant activities include, but are not limited to, purchasing and distributing opioid antagonists and fentanyl test strips, hiring peer recovery specialists or other community members to conduct community outreach, and hosting public health fairs or events to distribute opioid antagonists and fentanyl test strips, promote harm reduction activities, and provide linkages to community partners.

(2) In awarding grants, the Department shall consider the overall rate of opioid overdose, the rate of increase in opioid overdose, and racial disparities in opioid overdose experienced by the communities to be served by grantees. The Department shall encourage all grant applicants to develop interventions that will be effective and viable in their local areas.

(3) (Blank).

(3.5) Any hospital licensed under the Hospital Licensing Act or organized under the University of Illinois Hospital Act shall be deemed to have met the standards and requirements set forth in this Section to enroll in the drug overdose prevention program upon completion of the enrollment process except that proof of a standing order and attestation of programmatic requirements shall be waived for enrollment purposes. Reporting mandated by enrollment shall be necessary to carry out or attain eligibility for associated resources

under this Section for drug overdose prevention projects operated on the licensed premises of the hospital and operated by the hospital or its designated agent. The Department shall streamline hospital enrollment for drug overdose prevention programs by accepting such deemed status under this Section in order to reduce barriers to hospital participation in drug overdose prevention, recognition, or response projects. Subject to appropriation, any hospital under this paragraph and any other organization deemed eligible by the Department shall be enrolled to receive fentanyl test strips from the Department and distribute fentanyl test strips upon enrollment in the Drug Overdose Prevention Program.

(4) In addition to moneys appropriated by the General Assembly, the Department may seek grants from private foundations, the federal government, and other sources to fund the grants under this Section and to fund an evaluation of the programs supported by the grants.

Patient information may be provided by the health care professional or a community-based organization, substance use disorder program, or other organization with which the health care professional establishes a written agreement that includes

a description of how the organization will provide patient information, how employees or volunteers providing information will be trained, and standards for documenting the provision of patient information to patients. Provision of patient information shall be documented in the patient's medical record or through similar means as determined by agreement between the health care professional and the organization. The Department, in consultation with statewide organizations representing physicians, pharmacists, advanced practice registered nurses, physician assistants, substance use disorder programs, and other interested groups, shall develop and disseminate to health care professionals, community-based organizations, substance use disorder programs, and other organizations training materials in video, electronic, or other formats to facilitate the provision of such patient information.

(4) For the purposes of this subsection:

(a) For the purpose of ensuring effective statewide planning, development, and utilization of resources for the day care of children, operated under various auspices, the Department of Human Services, or any State agency that assumes these responsibilities, is designated to coordinate all day care activities for children of the State and shall develop or continue, and shall update every year, a State comprehensive day-care plan for submission to the Governor that identifies high-priority areas and groups, relating them to available resources and identifying the most effective approaches to the use of existing day care services. The State comprehensive day-care plan shall be made available to the General Assembly following the Governor's approval of the plan.

The plan shall include methods and procedures for the development of additional day care resources for children to meet the goal of reducing short-run and long-run dependency and to provide necessary enrichment and stimulation to the education of young children. Recommendations shall be made for State policy on optimum use of private and public, local, State and federal resources, including an estimate of the resources needed for the licensing and regulation of day care facilities.

A written report shall be submitted to the Governor and the General Assembly annually on April 15. The report shall include an evaluation of developments over the preceding

fiscal year, including cost-benefit analyses of various arrangements. Beginning with the report in 1990 submitted by the Department's predecessor agency and every 2 years thereafter, the report shall also include the following:

(4) Appropriately monitor any federal asset or

resource limits for the Supplemental Security Income benefits and ensure that the youth's best interest is served by using or conserving the benefits in a way that avoids violating any federal asset or resource limits that would affect the youth's eligibility to receive the benefits, including, but not limited to: +

(A) establishing an ABLE account authorized by Section 529A of the Internal Revenue Code of 1986, for the youth and conserving the youth's benefits in that account in a manner that appropriately avoids any federal asset or resource limits;

Sec. 7.3b. Case plan requirements for hair-related needs of youth in care.

(a) Purposes. Hair plays an important role in fostering youths' connection to their race, culture, and identity. Hair care ~~Haircare~~ promotes positive messages of self-worth, comfort, and affection. Because these messages typically are developed through interactions with family and community

(b) Definitions. As used in this Section:

(c) Hair care ~~Hairecare~~ plan. Every case plan shall include a hair care plan ~~Hairecare Plan~~ for each youth in care that is developed in consultation with the youth based upon the youth's developmental abilities, as well as with the youth's parents or caregivers or appropriate child care facility staff if not contrary to the youth's wishes, and that outlines any training or resources required by the caregiver or appropriate child care facility staff to meet the hair care ~~hairecare~~ needs

of the youth. At a minimum, the hair care plan ~~Haircare Plan~~ must address:

(1) necessary hair care ~~haircare~~ steps to be taken to preserve the youth's desired connection to the youth's race, culture, gender, religion, and identity;

(2) necessary steps to be taken specific to the youth's hair care ~~haircare~~ needs during emergency and health situations; and

(3) the desires of the youth as they pertain to the youth's hair care ~~haircare~~.

A youth's hair care plan ~~Haircare Plan~~ must be reviewed at the same time as the case plan review required under Section 6a as well as during monthly visits to ensure compliance with the hair care plan ~~Haircare Plan~~ and identify any needed changes.

(d) By June 1, 2025, the Department shall develop training and resources to make available for caregivers and appropriate child care facility staff to provide culturally competent hair care ~~haircare~~ to youth in care.

(e) By June 1, 2025, the Department must adopt rules to facilitate the implementation of this Section.

Section 110. The Economic Development Area Tax Increment

Allocation Act is amended by changing Section 8 as follows:

(20 ILCS 620/8) (from Ch. 67 1/2, par. 1008)

Sec. 8. Issuance of obligations for economic development project costs. Obligations secured by the special tax allocation fund provided for in Section 7 of this Act for an economic development project area may be issued to provide for economic development project costs. Those obligations, when so issued, shall be retired in the manner provided in the ordinance authorizing the issuance of the obligations by the receipts of taxes levied as specified in Section 6 of this Act against the taxable property included in the economic development project area and by other revenue designated or pledged by the municipality. A municipality may in the ordinance pledge all or any part of the funds in and to be deposited in the special tax allocation fund created pursuant to Section 7 of this Act to the payment of the economic development project costs and obligations. Whenever a municipality pledges all of the funds to the credit of a special tax allocation fund to secure obligations issued or to be issued to pay economic development project costs, the municipality may specifically provide that funds remaining to the credit of such special tax allocation fund after the payment of such obligations shall be accounted for annually and shall be deemed to be "surplus" funds, and such "surplus" funds shall be distributed as hereinafter provided. Whenever a

municipality pledges less than all of the monies to the credit of a special tax allocation fund to secure obligations issued or to be issued to pay economic development project costs, the municipality shall provide that monies to the credit of the special tax allocation fund and not subject to such pledge or otherwise encumbered or required for payment of contractual obligations for specific economic development project costs shall be calculated annually and shall be deemed to be "surplus" funds, and such "surplus" funds shall be distributed as hereinafter provided. All funds to the credit of a special tax allocation fund which are deemed to be "surplus" funds shall be distributed annually within 180 days of the close of the municipality's fiscal year by being paid by the municipal treasurer to the county collector. The county collector shall thereafter make distribution to the respective taxing districts in the same manner and proportion as the most recent distribution by the county collector to those taxing districts of real property taxes from real property in the economic development project area.

Without limiting the foregoing in this Section, the municipality may, in addition to obligations secured by the special tax allocation fund, pledge for a period not greater than the term of the obligations towards payment of those obligations any part or any combination of the following: (i) net revenues of all or part of any economic development project; (ii) taxes levied and collected on any or all

property in the municipality, including, specifically, taxes levied or imposed by the municipality in a special service area pursuant to "An Act to provide the manner of levying or imposing taxes for the provision of special services to areas within the boundaries of home rule units and non-home rule municipalities and counties", approved September 21, 1973, as now or hereafter amended; (iii) the full faith and credit of the municipality; (iv) a mortgage on part or all of the economic development project; or (v) any other taxes or anticipated receipts that the municipality may lawfully pledge.

Such obligations may be issued in one or more series bearing interest at such rate or rates as the corporate authorities of the municipality shall determine by ordinance, which rate or rates may be variable or fixed, without regard to any limitations contained in any law now in effect or hereafter adopted. Such obligations shall bear such date or dates, mature at such time or times not exceeding 38 years from their respective dates, but in no event exceeding 38 years from the date of establishment of the economic development project area, be in such denomination, be in such form, whether coupon, registered or book-entry, carry such registration, conversion and exchange privileges, be executed in such manner, be payable in such medium of payment at such place or places within or without the State of Illinois, contain such covenants, terms and conditions, be subject to

redemption with or without premium, be subject to defeasance upon such terms, and have such rank or priority, as such ordinance shall provide. Obligations issued pursuant to this Act may be sold at public or private sale at such price as shall be determined by the corporate authorities of the municipalities. Such obligations may, but need not, be issued utilizing the provisions of any one or more of the omnibus bond Acts specified in Section 1.33 of the Statute on Statutes ~~"An Act to revise the law in relation to the construction of the statutes", approved March 5, 1874, as now or hereafter amended~~. No referendum approval of the electors shall be required as a condition to the issuance of obligations pursuant to this Act except as provided in this Section.

Whenever a municipality issues bonds for the purpose of financing economic development project costs, the municipality may provide by ordinance for the appointment of a trustee, which may be any trust company within the State, and for the establishment of the funds or accounts to be maintained by such trustee as the municipality shall deem necessary to provide for the security and payment of the bonds. If the municipality provides for the appointment of a trustee, the trustee shall be considered the assignee of any payments assigned by the municipality pursuant to the ordinance and this Section. Any amounts paid to the trustee as assignee shall be deposited in the funds or accounts established pursuant to the trust agreement, and shall be held by the

trustee in trust for the benefit of the holders of the bonds, and the holders shall have a lien on and a security interest in those bonds or accounts so long as the bonds remain outstanding and unpaid. Upon retirement of the bonds, the trustee shall pay over any excess amounts held to the municipality for deposit in the special tax allocation fund.

In the event the municipality authorizes the issuance of obligations pursuant to the authority of this Act secured by the full faith and credit of the municipality, or pledges ad valorem taxes pursuant to clause (ii) of the second paragraph of this Section, which obligations are other than obligations which may be issued under home rule powers provided by Article VII, Section 6 of the Illinois Constitution or which ad valorem taxes are other than ad valorem taxes which may be pledged under home rule powers provided by Article VII, Section 6 of the Illinois Constitution or which are levied in a special service area pursuant to "An Act to provide the manner of levying or imposing taxes for the provision of special services to areas within the boundaries of home rule units and non-home rule municipalities and counties", approved September 21, 1973, as now or hereafter amended, the ordinance authorizing the issuance of those obligations or pledging those taxes shall be published within 10 days after the ordinance has been adopted, in one or more newspapers having a general circulation within the municipality. The publication of the ordinance shall be accompanied by a notice of: (1) the

specific number of voters required to sign a petition requesting the question of the issuance of the obligations or pledging such ad valorem taxes to be submitted to the electors; (2) the time within which the petition must be filed; and (3) the date of the prospective referendum. The municipal clerk shall provide a petition form to any individual requesting one.

If no petition is filed with the municipal clerk, as hereinafter provided in this Section, within 21 days after the publication of the ordinance, the ordinance shall be in effect. However, if, within that 21-day ~~21-day~~ period, a petition is filed with the municipal clerk, signed by electors numbering not less than 15% of the number of electors voting for the mayor or president at the last general municipal election, asking that the question of issuing obligations using full faith and credit of the municipality as security for the cost of paying for economic development project costs, or of pledging such ad valorem taxes for the payment of those obligations, or both, be submitted to the electors of the municipality, the municipality shall not be authorized to issue obligations of the municipality using the full faith and credit of the municipality as security or pledging such ad valorem taxes for the payment of those obligations, or both, until the proposition has been submitted to and approved by a majority of the voters voting on the proposition at a regularly scheduled election. The municipality shall certify

the proposition to the proper election authorities for submission in accordance with the general election law.

The ordinance authorizing the obligations may provide that the obligations shall contain a recital that they are issued pursuant to this Act, which recital shall be conclusive evidence of their validity and of the regularity of their issuance.

In the event the municipality authorizes issuance of obligations pursuant to this Act secured by the full faith and credit of the municipality, the ordinance authorizing the obligations may provide for the levy and collection of a direct annual tax upon all taxable property within the municipality sufficient to pay the principal thereof and interest thereon as it matures, which levy may be in addition to and exclusive of the maximum of all other taxes authorized to be levied by the municipality, which levy, however, shall be abated to the extent that monies from other sources are available for payment of the obligations and the municipality certifies the amount of those monies available to the county clerk.

A certified copy of the ordinance shall be filed with the county clerk of each county in which any portion of the municipality is situated, and shall constitute the authority for the extension and collection of the taxes to be deposited in the special tax allocation fund.

A municipality may also issue its obligations to refund,

in whole or in part, obligations theretofore issued by the municipality under the authority of this Act, whether at or prior to maturity. However, the last maturity of the refunding obligations shall not be expressed to mature later than 38 years from the date of the ordinance establishing the economic development project area.

In the event a municipality issues obligations under home rule powers or other legislative authority, the proceeds of which are pledged to pay for economic development project costs, the municipality may, if it has followed the procedures in conformance with this Act, retire those obligations from funds in the special tax allocation fund in amounts and in such manner as if those obligations had been issued pursuant to the provisions of this Act.

No obligations issued pursuant to this Act shall be regarded as indebtedness of the municipality issuing those obligations or any other taxing district for the purpose of any limitation imposed by law.

Obligations issued pursuant to this Act shall not be subject to the provisions of the Bond Authorization Act ~~"An Act to authorize public corporations to issue bonds, other evidences of indebtedness and tax anticipation warrants subject to interest rate limitations set forth therein", approved May 26, 1970, as amended.~~

The taxpayer must

meet any other criteria for certification set by the Department.

The Department shall determine the period during which the exemption from the Electricity Excise Tax Law and the charges imposed under Section 9-222 of the Public Utilities Act are in effect, which shall not exceed 30 years from the date of the taxpayer's initial receipt of certification from the Department under this Section.

Upon certification by the Department under this Section, the Department shall notify the Department of Revenue of the certification. The Department of Revenue shall notify the public utilities of the exempt status of any taxpayer certified for exemption under this Act from the electricity

Section 120. The Department of Human Services Act is amended by changing Section 1-75 as follows:

(20 ILCS 1305/1-75)

(Section scheduled to be repealed on July 1, 2026)

Sec. 1-75. Off-Hours Child Care Program.

(a) Legislative intent. The General Assembly finds that:

(1) Finding child care can be a challenge for firefighters, paramedics, police officers, nurses, and other third shift workers across the State who often work non-typical work hours. This can impact home life, school, bedtime routines, job safety, and the mental health of some of our most critical frontline ~~front-line~~ workers and their families.

(2) There is a need for increased options for off-hours child care in the State. A majority of the State's child care facilities do not provide care outside of normal work hours, with just 3,251 day care homes and 435 group day care homes that provide night care.

(3) Illinois has a vested interest in ensuring that

our first responders and working families can provide their children with appropriate care during off hours to improve the morale of existing first responders and to improve recruitment into the future.

(b) As used in this Section, "first responders" means emergency medical services personnel as defined in the Emergency Medical Services (EMS) Systems Act, firefighters, law enforcement officers, and, as determined by the Department, any other workers who, on account of their work schedule, need child care outside of the hours when licensed child care facilities typically operate.

(c) Subject to appropriation, the Department of Human Services shall establish and administer an Off-Hours Child Care Program to help first responders and other workers identify and access off-hours, night, or sleep time child care. Services funded under the program must address the child care needs of first responders. Funding provided under the program may also be used to cover any capital and operating expenses related to the provision of off-hours, night, or sleep time child care for first responders. Funding awarded under this Section shall be funded through appropriations from the Off-Hours Child Care Program Fund created under subsection (d). The Department shall implement the program by July 1, 2023. The Department may adopt any rules necessary to implement the program.

(d) The Off-Hours Child Care Program Fund is created as a

special fund in the State treasury. The Fund shall consist of any moneys appropriated to the Department of Human Services for the Off-Hours Child Care Program. Moneys in the Fund shall be expended for the Off-Hours Child Care Program and for no other purpose. All interest earned on moneys in the Fund shall be deposited into the Fund.

(e) This Section is repealed on July 1, 2026.

Section 155. The Criminal Identification Act is amended by changing Section 5.2 as follows:

(20 ILCS 2630/5.2)

Sec. 5.2. Expungement, sealing, and immediate sealing.

(a) General Provisions.

(1) Definitions. In this Act, words and phrases have the meanings set forth in this subsection, except when a particular context clearly requires a different meaning.

(A) The following terms shall have the meanings ascribed to them in the following Sections of the Unified Code of Corrections:

Business Offense, Section 5-1-2.

Charge, Section 5-1-3.

Court, Section 5-1-6.

Defendant, Section 5-1-7.

Felony, Section 5-1-9.

Imprisonment, Section 5-1-10.

Judgment, Section 5-1-12.

Misdemeanor, Section 5-1-14.

Offense, Section 5-1-15.

Parole, Section 5-1-16.

Petty Offense, Section 5-1-17.

Probation, Section 5-1-18.

Sentence, Section 5-1-19.

Supervision, Section 5-1-21.

Victim, Section 5-1-22.

(B) As used in this Section, "charge not initiated by arrest" means a charge (as defined by Section 5-1-3 of the Unified Code of Corrections) brought against a defendant where the defendant is not arrested prior to or as a direct result of the charge.

(C) "Conviction" means a judgment of conviction or sentence entered upon a plea of guilty or upon a verdict or finding of guilty of an offense, rendered by a legally constituted jury or by a court of competent jurisdiction authorized to try the case without a jury. An order of supervision successfully completed by the petitioner is not a conviction. An order of qualified probation (as defined in subsection (a)(1)(J)) successfully completed by the petitioner is not a conviction. An order of supervision or an order of qualified probation that is terminated unsatisfactorily is a conviction, unless the unsatisfactory termination is reversed, vacated, or modified and the judgment of conviction, if any, is reversed or vacated.

(D) "Criminal offense" means a petty offense, business offense, misdemeanor, felony, or municipal

ordinance violation (as defined in subsection (a)(1)(H)). As used in this Section, a minor traffic offense (as defined in subsection (a)(1)(G)) shall not be considered a criminal offense.

(E) "Expunge" means to physically destroy the records or return them to the petitioner and to obliterate the petitioner's name from any official index or public record, or both. Nothing in this Act shall require the physical destruction of the circuit court file, but such records relating to arrests or charges, or both, ordered expunged shall be impounded as required by subsections (d)(9)(A)(ii) and (d)(9)(B)(ii).

(F) As used in this Section, "last sentence" means the sentence, order of supervision, or order of qualified probation (as defined by subsection (a)(1)(J)), for a criminal offense (as defined by subsection (a)(1)(D)) that terminates last in time in any jurisdiction, regardless of whether the petitioner has included the criminal offense for which the sentence or order of supervision or qualified probation was imposed in his or her petition. If multiple sentences, orders of supervision, or orders of qualified probation terminate on the same day and are last in time, they shall be collectively considered the "last sentence" regardless of whether

they were ordered to run concurrently.

(G) "Minor traffic offense" means a petty offense, business offense, or Class C misdemeanor under the Illinois Vehicle Code or a similar provision of a municipal or local ordinance.

(G-5) "Minor Cannabis Offense" means a violation of Section 4 or 5 of the Cannabis Control Act concerning not more than 30 grams of any substance containing cannabis, provided the violation did not include a penalty enhancement under Section 7 of the Cannabis Control Act and is not associated with an arrest, conviction or other disposition for a violent crime as defined in subsection (c) of Section 3 of the Rights of Crime Victims and Witnesses Act.

(H) "Municipal ordinance violation" means an offense defined by a municipal or local ordinance that is criminal in nature and with which the petitioner was charged or for which the petitioner was arrested and released without charging.

(I) "Petitioner" means an adult or a minor prosecuted as an adult who has applied for relief under this Section.

(J) "Qualified probation" means an order of probation under Section 10 of the Cannabis Control Act, Section 410 of the Illinois Controlled Substances Act, Section 70 of the Methamphetamine Control and

Community Protection Act, Section 5-6-3.3 or 5-6-3.4 of the Unified Code of Corrections, Section 12-4.3(b)(1) and (2) of the Criminal Code of 1961 (as those provisions existed before their deletion by Public Act 89-313), Section 10-102 of the Illinois Alcoholism and Other Drug Dependency Act, Section 40-10 of the Substance Use Disorder Act, or Section 10 of the Steroid Control Act. For the purpose of this Section, "successful completion" of an order of qualified probation under Section 10-102 of the Illinois Alcoholism and Other Drug Dependency Act and Section 40-10 of the Substance Use Disorder Act means that the probation was terminated satisfactorily and the judgment of conviction was vacated.

(K) "Seal" means to physically and electronically maintain the records, unless the records would otherwise be destroyed due to age, but to make the records unavailable without a court order, subject to the exceptions in Sections 12 and 13 of this Act. The petitioner's name shall also be obliterated from the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but any index issued by the circuit court clerk before the entry of the order to seal shall not be affected.

(L) "Sexual offense committed against a minor"

includes, but is not limited to, the offenses of indecent solicitation of a child or criminal sexual abuse when the victim of such offense is under 18 years of age.

(M) "Terminate" as it relates to a sentence or order of supervision or qualified probation includes either satisfactory or unsatisfactory termination of the sentence, unless otherwise specified in this Section. A sentence is terminated notwithstanding any outstanding financial legal obligation.

(2) Minor Traffic Offenses. Orders of supervision or convictions for minor traffic offenses shall not affect a petitioner's eligibility to expunge or seal records pursuant to this Section.

(2.5) Commencing 180 days after July 29, 2016 (the effective date of Public Act 99-697), the law enforcement agency issuing the citation shall automatically expunge, on or before January 1 and July 1 of each year, the law enforcement records of a person found to have committed a civil law violation of subsection (a) of Section 4 of the Cannabis Control Act or subsection (c) of Section 3.5 of the Drug Paraphernalia Control Act in the law enforcement agency's possession or control and which contains the final satisfactory disposition which pertain to the person issued a citation for that offense. The law enforcement agency shall provide by rule the process for access,

review, and to confirm the automatic expungement by the law enforcement agency issuing the citation. Commencing 180 days after July 29, 2016 (the effective date of Public Act 99-697), the clerk of the circuit court shall expunge, upon order of the court, or in the absence of a court order on or before January 1 and July 1 of each year, the court records of a person found in the circuit court to have committed a civil law violation of subsection (a) of Section 4 of the Cannabis Control Act or subsection (c) of Section 3.5 of the Drug Paraphernalia Control Act in the clerk's possession or control and which contains the final satisfactory disposition which pertain to the person issued a citation for any of those offenses.

(3) Exclusions. Except as otherwise provided in subsections (b)(5), (b)(6), (b)(8), (e), (e-5), and (e-6) of this Section, the court shall not order:

(A) the sealing or expungement of the records of arrests or charges not initiated by arrest that result in an order of supervision for or conviction of: (i) any sexual offense committed against a minor; (ii) Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance; or (iii) Section 11-503 of the Illinois Vehicle Code or a similar provision of a local ordinance, unless the arrest or charge is for a misdemeanor violation of subsection (a) of Section 11-503 or a similar

provision of a local ordinance, that occurred prior to the offender reaching the age of 25 years and the offender has no other conviction for violating Section 11-501 or 11-503 of the Illinois Vehicle Code or a similar provision of a local ordinance.

(B) the sealing or expungement of records of minor traffic offenses (as defined in subsection (a)(1)(G)), unless the petitioner was arrested and released without charging.

(C) the sealing of the records of arrests or charges not initiated by arrest which result in an order of supervision or a conviction for the following offenses:

(i) offenses included in Article 11 of the Criminal Code of 1961 or the Criminal Code of 2012 or a similar provision of a local ordinance, except Section 11-14 and a misdemeanor violation of Section 11-30 of the Criminal Code of 1961 or the Criminal Code of 2012, or a similar provision of a local ordinance;

(ii) Section 11-1.50, 12-3.4, 12-15, 12-30, 26-5, or 48-1 of the Criminal Code of 1961 or the Criminal Code of 2012, or a similar provision of a local ordinance;

(iii) Section 12-3.1 or 12-3.2 of the Criminal Code of 1961 or the Criminal Code of 2012, or

Section 125 of the Stalking No Contact Order Act,
or Section 219 of the Civil No Contact Order Act,
or a similar provision of a local ordinance;

(iv) Class A misdemeanors or felony offenses
under the Humane Care for Animals Act; or

(v) any offense or attempted offense that
would subject a person to registration under the
Sex Offender Registration Act.

(D) (blank).

(b) Expungement.

(1) A petitioner may petition the circuit court to
expunge the records of his or her arrests and charges not
initiated by arrest when each arrest or charge not
initiated by arrest sought to be expunged resulted in: (i)
acquittal, dismissal, or the petitioner's release without
charging, unless excluded by subsection (a)(3)(B); (ii) a
conviction which was vacated or reversed, unless excluded
by subsection (a)(3)(B); (iii) an order of supervision and
such supervision was successfully completed by the
petitioner, unless excluded by subsection (a)(3)(A) or
(a)(3)(B); or (iv) an order of qualified probation (as
defined in subsection (a)(1)(J)) and such probation was
successfully completed by the petitioner.

(1.5) When a petitioner seeks to have a record of
arrest expunged under this Section, and the offender has
been convicted of a criminal offense, the State's Attorney

may object to the expungement on the grounds that the records contain specific relevant information aside from the mere fact of the arrest.

(2) Time frame for filing a petition to expunge.

(A) When the arrest or charge not initiated by arrest sought to be expunged resulted in an acquittal, dismissal, the petitioner's release without charging, or the reversal or vacation of a conviction, there is no waiting period to petition for the expungement of such records.

(A-5) In anticipation of the successful completion of a problem-solving court, pre-plea diversion, or post-plea diversion program, a petition for expungement may be filed 61 days before the anticipated dismissal of the case or any time thereafter. Upon successful completion of the program and dismissal of the case, the court shall review the petition of the person graduating from the program and shall grant expungement if the petitioner meets all requirements as specified in any applicable statute.

(B) When the arrest or charge not initiated by arrest sought to be expunged resulted in an order of supervision, successfully completed by the petitioner, the following time frames will apply:

(i) Those arrests or charges that resulted in orders of supervision under Section 3-707, 3-708,

3-710, or 5-401.3 of the Illinois Vehicle Code or a similar provision of a local ordinance, or under Section 11-1.50, 12-3.2, or 12-15 of the Criminal Code of 1961 or the Criminal Code of 2012, or a similar provision of a local ordinance, shall not be eligible for expungement until 5 years have passed following the satisfactory termination of the supervision.

(i-5) Those arrests or charges that resulted in orders of supervision for a misdemeanor violation of subsection (a) of Section 11-503 of the Illinois Vehicle Code or a similar provision of a local ordinance, that occurred prior to the offender reaching the age of 25 years and the offender has no other conviction for violating Section 11-501 or 11-503 of the Illinois Vehicle Code or a similar provision of a local ordinance shall not be eligible for expungement until the petitioner has reached the age of 25 years.

(ii) Those arrests or charges that resulted in orders of supervision for any other offenses shall not be eligible for expungement until 2 years have passed following the satisfactory termination of the supervision.

(C) When the arrest or charge not initiated by arrest sought to be expunged resulted in an order of

qualified probation, successfully completed by the petitioner, such records shall not be eligible for expungement until 5 years have passed following the satisfactory termination of the probation.

(3) Those records maintained by the Illinois State Police for persons arrested prior to their 17th birthday shall be expunged as provided in Section 5-915 of the Juvenile Court Act of 1987.

(4) Whenever a person has been arrested for or convicted of any offense, in the name of a person whose identity he or she has stolen or otherwise come into possession of, the aggrieved person from whom the identity was stolen or otherwise obtained without authorization, upon learning of the person having been arrested using his or her identity, may, upon verified petition to the chief judge of the circuit wherein the arrest was made, have a court order entered nunc pro tunc by the Chief Judge to correct the arrest record, conviction record, if any, and all official records of the arresting authority, the Illinois State Police, other criminal justice agencies, the prosecutor, and the trial court concerning such arrest, if any, by removing his or her name from all such records in connection with the arrest and conviction, if any, and by inserting in the records the name of the offender, if known or ascertainable, in lieu of the aggrieved's name. The records of the circuit court clerk

shall be sealed until further order of the court upon good cause shown and the name of the aggrieved person obliterated on the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but the order shall not affect any index issued by the circuit court clerk before the entry of the order. Nothing in this Section shall limit the Illinois State Police or other criminal justice agencies or prosecutors from listing under an offender's name the false names he or she has used.

(5) Whenever a person has been convicted of criminal sexual assault, aggravated criminal sexual assault, predatory criminal sexual assault of a child, criminal sexual abuse, or aggravated criminal sexual abuse, the victim of that offense may request that the State's Attorney of the county in which the conviction occurred file a verified petition with the presiding trial judge at the petitioner's trial to have a court order entered to seal the records of the circuit court clerk in connection with the proceedings of the trial court concerning that offense. However, the records of the arresting authority and the Illinois State Police concerning the offense shall not be sealed. The court, upon good cause shown, shall make the records of the circuit court clerk in connection with the proceedings of the trial court concerning the offense available for public inspection.

(6) If a conviction has been set aside on direct review or on collateral attack and the court determines by clear and convincing evidence that the petitioner was factually innocent of the charge, the court that finds the petitioner factually innocent of the charge shall enter an expungement order for the conviction for which the petitioner has been determined to be innocent as provided in subsection (b) of Section 5-5-4 of the Unified Code of Corrections.

(7) Nothing in this Section shall prevent the Illinois State Police from maintaining all records of any person who is admitted to probation upon terms and conditions and who fulfills those terms and conditions pursuant to Section 10 of the Cannabis Control Act, Section 410 of the Illinois Controlled Substances Act, Section 70 of the Methamphetamine Control and Community Protection Act, Section 5-6-3.3 or 5-6-3.4 of the Unified Code of Corrections, Section 12-4.3 or subdivision (b)(1) of Section 12-3.05 of the Criminal Code of 1961 or the Criminal Code of 2012, Section 10-102 of the Illinois Alcoholism and Other Drug Dependency Act, Section 40-10 of the Substance Use Disorder Act, or Section 10 of the Steroid Control Act.

(8) If the petitioner has been granted a certificate of innocence under Section 2-702 of the Code of Civil Procedure, the court that grants the certificate of

innocence shall also enter an order expunging the conviction for which the petitioner has been determined to be innocent as provided in subsection (h) of Section 2-702 of the Code of Civil Procedure.

(c) Sealing.

(1) Applicability. Notwithstanding any other provision of this Act to the contrary, and cumulative with any rights to expungement of criminal records, this subsection authorizes the sealing of criminal records of adults and of minors prosecuted as adults. Subsection (g) of this Section provides for immediate sealing of certain records.

(2) Eligible Records. The following records may be sealed:

(A) All arrests resulting in release without charging;

(B) Arrests or charges not initiated by arrest resulting in acquittal, dismissal, or conviction when the conviction was reversed or vacated, except as excluded by subsection (a) (3) (B);

(C) Arrests or charges not initiated by arrest resulting in orders of supervision, including orders of supervision for municipal ordinance violations, successfully completed by the petitioner, unless excluded by subsection (a) (3);

(D) Arrests or charges not initiated by arrest resulting in convictions, including convictions on

municipal ordinance violations, unless excluded by subsection (a) (3);

(E) Arrests or charges not initiated by arrest resulting in orders of first offender probation under Section 10 of the Cannabis Control Act, Section 410 of the Illinois Controlled Substances Act, Section 70 of the Methamphetamine Control and Community Protection Act, or Section 5-6-3.3 of the Unified Code of Corrections; and

(F) Arrests or charges not initiated by arrest resulting in felony convictions unless otherwise excluded by subsection (a) paragraph (3) of this Section.

(3) When Records Are Eligible to Be Sealed. Records identified as eligible under subsection (c) (2) may be sealed as follows:

(A) Records identified as eligible under subsections (c) (2) (A) and (c) (2) (B) may be sealed at any time.

(B) Except as otherwise provided in subparagraph (E) of this paragraph (3), records identified as eligible under subsection (c) (2) (C) may be sealed 2 years after the termination of petitioner's last sentence (as defined in subsection (a) (1) (F)).

(C) Except as otherwise provided in subparagraph (E) of this paragraph (3), records identified as

eligible under subsections (c)(2)(D), (c)(2)(E), and (c)(2)(F) may be sealed 3 years after the termination of the petitioner's last sentence (as defined in subsection (a)(1)(F)). Convictions requiring public registration under the Arsonist Registry Act, the Sex Offender Registration Act, or the Murderer and Violent Offender Against Youth Registration Act may not be sealed until the petitioner is no longer required to register under that relevant Act.

(D) Records identified in subsection (a)(3)(A)(iii) may be sealed after the petitioner has reached the age of 25 years.

(E) Records identified as eligible under subsection (c)(2)(C), (c)(2)(D), (c)(2)(E), or (c)(2)(F) may be sealed upon termination of the petitioner's last sentence if the petitioner earned a high school diploma, associate's degree, career certificate, vocational technical certification, or bachelor's degree, or passed the high school level Test of General Educational Development, during the period of his or her sentence or mandatory supervised release. This subparagraph shall apply only to a petitioner who has not completed the same educational goal prior to the period of his or her sentence or mandatory supervised release. If a petition for sealing eligible records filed under this subparagraph

is denied by the court, the time periods under subparagraph (B) or (C) shall apply to any subsequent petition for sealing filed by the petitioner.

(4) Subsequent felony convictions. A person may not have subsequent felony conviction records sealed as provided in this subsection (c) if he or she is convicted of any felony offense after the date of the sealing of prior felony convictions as provided in this subsection (c). The court may, upon conviction for a subsequent felony offense, order the unsealing of prior felony conviction records previously ordered sealed by the court.

(5) Notice of eligibility for sealing. Upon entry of a disposition for an eligible record under this subsection (c), the petitioner shall be informed by the court of the right to have the records sealed and the procedures for the sealing of the records.

(d) Procedure. The following procedures apply to expungement under subsections (b), (e), and (e-6) and sealing under subsections (c) and (e-5):

(1) Filing the petition. Upon becoming eligible to petition for the expungement or sealing of records under this Section, the petitioner shall file a petition requesting the expungement or sealing of records with the clerk of the court where the arrests occurred or the charges were brought, or both. If arrests occurred or charges were brought in multiple jurisdictions, a petition

must be filed in each such jurisdiction. The petitioner shall pay the applicable fee, except no fee shall be required if the petitioner has obtained a court order waiving fees under Supreme Court Rule 298 or it is otherwise waived.

(1.5) County fee waiver pilot program. From August 9, 2019 (the effective date of Public Act 101-306) through December 31, 2020, in a county of 3,000,000 or more inhabitants, no fee shall be required to be paid by a petitioner if the records sought to be expunged or sealed were arrests resulting in release without charging or arrests or charges not initiated by arrest resulting in acquittal, dismissal, or conviction when the conviction was reversed or vacated, unless excluded by subsection (a)(3)(B). The provisions of this paragraph (1.5), other than this sentence, are inoperative on and after January 1, 2022.

(2) Contents of petition. The petition shall be verified and shall contain the petitioner's name, date of birth, current address and, for each arrest or charge not initiated by arrest sought to be sealed or expunged, the case number, the date of arrest (if any), the identity of the arresting authority, and such other information as the court may require. During the pendency of the proceeding, the petitioner shall promptly notify the circuit court clerk of any change of his or her address. If the

petitioner has received a certificate of eligibility for sealing from the Prisoner Review Board under paragraph (10) of subsection (a) of Section 3-3-2 of the Unified Code of Corrections, the certificate shall be attached to the petition.

(3) Drug test. The petitioner must attach to the petition proof that the petitioner has taken within 30 days before the filing of the petition a test showing the absence within his or her body of all illegal substances as defined by the Illinois Controlled Substances Act and the Methamphetamine Control and Community Protection Act if he or she is petitioning to:

(A) seal felony records under clause (c) (2) (E);

(B) seal felony records for a violation of the Illinois Controlled Substances Act, the Methamphetamine Control and Community Protection Act, or the Cannabis Control Act under clause (c) (2) (F);

(C) seal felony records under subsection (e-5); or

(D) expunge felony records of a qualified probation under clause (b) (1) (iv).

(4) Service of petition. The circuit court clerk shall promptly serve a copy of the petition and documentation to support the petition under subsection (e-5) or (e-6) on the State's Attorney or prosecutor charged with the duty of prosecuting the offense, the Illinois State Police, the arresting agency and the chief legal officer of the unit

of local government effecting the arrest.

(5) Objections.

(A) Any party entitled to notice of the petition may file an objection to the petition. All objections shall be in writing, shall be filed with the circuit court clerk, and shall state with specificity the basis of the objection. Whenever a person who has been convicted of an offense is granted a pardon by the Governor which specifically authorizes expungement, an objection to the petition may not be filed.

(B) Objections to a petition to expunge or seal must be filed within 60 days of the date of service of the petition.

(6) Entry of order.

(A) The Chief Judge of the circuit wherein the charge was brought, any judge of that circuit designated by the Chief Judge, or in counties of less than 3,000,000 inhabitants, the presiding trial judge at the petitioner's trial, if any, shall rule on the petition to expunge or seal as set forth in this subsection (d) (6).

(B) Unless the State's Attorney or prosecutor, the Illinois State Police, the arresting agency, or the chief legal officer files an objection to the petition to expunge or seal within 60 days from the date of service of the petition, the court shall enter an

order granting or denying the petition.

(C) Notwithstanding any other provision of law, the court shall not deny a petition for sealing under this Section because the petitioner has not satisfied an outstanding legal financial obligation established, imposed, or originated by a court, law enforcement agency, or a municipal, State, county, or other unit of local government, including, but not limited to, any cost, assessment, fine, or fee. An outstanding legal financial obligation does not include any court ordered restitution to a victim under Section 5-5-6 of the Unified Code of Corrections, unless the restitution has been converted to a civil judgment. Nothing in this subparagraph (C) waives, rescinds, or abrogates a legal financial obligation or otherwise eliminates or affects the right of the holder of any financial obligation to pursue collection under applicable federal, State, or local law.

(D) Notwithstanding any other provision of law, the court shall not deny a petition to expunge or seal under this Section because the petitioner has submitted a drug test taken within 30 days before the filing of the petition to expunge or seal that indicates a positive test for the presence of cannabis within the petitioner's body. In this subparagraph (D), "cannabis" has the meaning ascribed to it in

Section 3 of the Cannabis Control Act.

(7) Hearings. If an objection is filed, the court shall set a date for a hearing and notify the petitioner and all parties entitled to notice of the petition of the hearing date at least 30 days prior to the hearing. Prior to the hearing, the State's Attorney shall consult with the Illinois State Police as to the appropriateness of the relief sought in the petition to expunge or seal. At the hearing, the court shall hear evidence on whether the petition should or should not be granted, and shall grant or deny the petition to expunge or seal the records based on the evidence presented at the hearing. The court may consider the following:

(A) the strength of the evidence supporting the defendant's conviction;

(B) the reasons for retention of the conviction records by the State;

(C) the petitioner's age, criminal record history, and employment history;

(D) the period of time between the petitioner's arrest on the charge resulting in the conviction and the filing of the petition under this Section; and

(E) the specific adverse consequences the petitioner may be subject to if the petition is denied.

(8) Service of order. After entering an order to

expunge or seal records, the court must provide copies of the order to the Illinois State Police, in a form and manner prescribed by the Illinois State Police, to the petitioner, to the State's Attorney or prosecutor charged with the duty of prosecuting the offense, to the arresting agency, to the chief legal officer of the unit of local government effecting the arrest, and to such other criminal justice agencies as may be ordered by the court.

(9) Implementation of order.

(A) Upon entry of an order to expunge records pursuant to subsection (b) (2) (A) or (b) (2) (B) (ii), or both:

(i) the records shall be expunged (as defined in subsection (a) (1) (E)) by the arresting agency, the Illinois State Police, and any other agency as ordered by the court, within 60 days of the date of service of the order, unless a motion to vacate, modify, or reconsider the order is filed pursuant to paragraph (12) of subsection (d) of this Section;

(ii) the records of the circuit court clerk shall be impounded until further order of the court upon good cause shown and the name of the petitioner obliterated on the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but

the order shall not affect any index issued by the circuit court clerk before the entry of the order; and

(iii) in response to an inquiry for expunged records, the court, the Illinois State Police, or the agency receiving such inquiry, shall reply as it does in response to inquiries when no records ever existed.

(B) Upon entry of an order to expunge records pursuant to subsection (b) (2) (B) (i) or (b) (2) (C), or both:

(i) the records shall be expunged (as defined in subsection (a) (1) (E)) by the arresting agency and any other agency as ordered by the court, within 60 days of the date of service of the order, unless a motion to vacate, modify, or reconsider the order is filed pursuant to paragraph (12) of subsection (d) of this Section;

(ii) the records of the circuit court clerk shall be impounded until further order of the court upon good cause shown and the name of the petitioner obliterated on the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but the order shall not affect any index issued by the circuit court clerk before the entry of the order;

(iii) the records shall be impounded by the Illinois State Police within 60 days of the date of service of the order as ordered by the court, unless a motion to vacate, modify, or reconsider the order is filed pursuant to paragraph (12) of subsection (d) of this Section;

(iv) records impounded by the Illinois State Police may be disseminated by the Illinois State Police only as required by law or to the arresting authority, the State's Attorney, and the court upon a later arrest for the same or a similar offense or for the purpose of sentencing for any subsequent felony, and to the Department of Corrections upon conviction for any offense; and

(v) in response to an inquiry for such records from anyone not authorized by law to access such records, the court, the Illinois State Police, or the agency receiving such inquiry shall reply as it does in response to inquiries when no records ever existed.

(B-5) Upon entry of an order to expunge records under subsection (e-6):

(i) the records shall be expunged (as defined in subsection (a)(1)(E)) by the arresting agency and any other agency as ordered by the court, within 60 days of the date of service of the order,

unless a motion to vacate, modify, or reconsider the order is filed under paragraph (12) of subsection (d) of this Section;

(ii) the records of the circuit court clerk shall be impounded until further order of the court upon good cause shown and the name of the petitioner obliterated on the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but the order shall not affect any index issued by the circuit court clerk before the entry of the order;

(iii) the records shall be impounded by the Illinois State Police within 60 days of the date of service of the order as ordered by the court, unless a motion to vacate, modify, or reconsider the order is filed under paragraph (12) of subsection (d) of this Section;

(iv) records impounded by the Illinois State Police may be disseminated by the Illinois State Police only as required by law or to the arresting authority, the State's Attorney, and the court upon a later arrest for the same or a similar offense or for the purpose of sentencing for any subsequent felony, and to the Department of Corrections upon conviction for any offense; and

(v) in response to an inquiry for these

records from anyone not authorized by law to access the records, the court, the Illinois State Police, or the agency receiving the inquiry shall reply as it does in response to inquiries when no records ever existed.

(C) Upon entry of an order to seal records under subsection (c), the arresting agency, any other agency as ordered by the court, the Illinois State Police, and the court shall seal the records (as defined in subsection (a)(1)(K)). In response to an inquiry for such records, from anyone not authorized by law to access such records, the court, the Illinois State Police, or the agency receiving such inquiry shall reply as it does in response to inquiries when no records ever existed.

(D) The Illinois State Police shall send written notice to the petitioner of its compliance with each order to expunge or seal records within 60 days of the date of service of that order or, if a motion to vacate, modify, or reconsider is filed, within 60 days of service of the order resolving the motion, if that order requires the Illinois State Police to expunge or seal records. In the event of an appeal from the circuit court order, the Illinois State Police shall send written notice to the petitioner of its compliance with an Appellate Court or Supreme Court

judgment to expunge or seal records within 60 days of the issuance of the court's mandate. The notice is not required while any motion to vacate, modify, or reconsider, or any appeal or petition for discretionary appellate review, is pending.

(E) Upon motion, the court may order that a sealed judgment or other court record necessary to demonstrate the amount of any legal financial obligation due and owing be made available for the limited purpose of collecting any legal financial obligations owed by the petitioner that were established, imposed, or originated in the criminal proceeding for which those records have been sealed. The records made available under this subparagraph (E) shall not be entered into the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act and shall be immediately re-impounded upon the collection of the outstanding financial obligations.

(F) Notwithstanding any other provision of this Section, a circuit court clerk may access a sealed record for the limited purpose of collecting payment for any legal financial obligations that were established, imposed, or originated in the criminal proceedings for which those records have been sealed.

(10) Fees. The Illinois State Police may charge the

petitioner a fee equivalent to the cost of processing any order to expunge or seal records. Notwithstanding any provision of the Clerks of Courts Act to the contrary, the circuit court clerk may charge a fee equivalent to the cost associated with the sealing or expungement of records by the circuit court clerk. From the total filing fee collected for the petition to seal or expunge, the circuit court clerk shall deposit \$10 into the Circuit Court Clerk Operation and Administrative Fund, to be used to offset the costs incurred by the circuit court clerk in performing the additional duties required to serve the petition to seal or expunge on all parties. The circuit court clerk shall collect and remit the Illinois State Police portion of the fee to the State Treasurer and it shall be deposited in the State Police Services Fund. If the record brought under an expungement petition was previously sealed under this Section, the fee for the expungement petition for that same record shall be waived.

(11) Final Order. No court order issued under the expungement or sealing provisions of this Section shall become final for purposes of appeal until 30 days after service of the order on the petitioner and all parties entitled to notice of the petition.

(12) Motion to Vacate, Modify, or Reconsider. Under Section 2-1203 of the Code of Civil Procedure, the petitioner or any party entitled to notice may file a

motion to vacate, modify, or reconsider the order granting or denying the petition to expunge or seal within 60 days of service of the order. If filed more than 60 days after service of the order, a petition to vacate, modify, or reconsider shall comply with subsection (c) of Section 2-1401 of the Code of Civil Procedure. Upon filing of a motion to vacate, modify, or reconsider, notice of the motion shall be served upon the petitioner and all parties entitled to notice of the petition.

(13) Effect of Order. An order granting a petition under the expungement or sealing provisions of this Section shall not be considered void because it fails to comply with the provisions of this Section or because of any error asserted in a motion to vacate, modify, or reconsider. The circuit court retains jurisdiction to determine whether the order is voidable and to vacate, modify, or reconsider its terms based on a motion filed under paragraph (12) of this subsection (d).

(14) Compliance with Order Granting Petition to Seal Records. Unless a court has entered a stay of an order granting a petition to seal, all parties entitled to notice of the petition must fully comply with the terms of the order within 60 days of service of the order even if a party is seeking relief from the order through a motion filed under paragraph (12) of this subsection (d) or is appealing the order.

(15) Compliance with Order Granting Petition to Expunge Records. While a party is seeking relief from the order granting the petition to expunge through a motion filed under paragraph (12) of this subsection (d) or is appealing the order, and unless a court has entered a stay of that order, the parties entitled to notice of the petition must seal, but need not expunge, the records until there is a final order on the motion for relief or, in the case of an appeal, the issuance of that court's mandate.

(16) The changes to this subsection (d) made by Public Act 98-163 apply to all petitions pending on August 5, 2013 (the effective date of Public Act 98-163) and to all orders ruling on a petition to expunge or seal on or after August 5, 2013 (the effective date of Public Act 98-163).

(e) Whenever a person who has been convicted of an offense is granted a pardon by the Governor which specifically authorizes expungement, he or she may, upon verified petition to the Chief Judge of the circuit where the person had been convicted, any judge of the circuit designated by the Chief Judge, or in counties of less than 3,000,000 inhabitants, the presiding trial judge at the defendant's trial, have a court order entered expunging the record of arrest from the official records of the arresting authority and order that the records of the circuit court clerk and the Illinois State Police be sealed until further order of the court upon good cause shown

or as otherwise provided herein, and the name of the defendant obliterated from the official index requested to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act in connection with the arrest and conviction for the offense for which he or she had been pardoned but the order shall not affect any index issued by the circuit court clerk before the entry of the order. All records sealed by the Illinois State Police may be disseminated by the Illinois State Police only to the arresting authority, the State's Attorney, and the court upon a later arrest for the same or similar offense or for the purpose of sentencing for any subsequent felony. Upon conviction for any subsequent offense, the Department of Corrections shall have access to all sealed records of the Illinois State Police pertaining to that individual. Upon entry of the order of expungement, the circuit court clerk shall promptly mail a copy of the order to the person who was pardoned.

(e-5) Whenever a person who has been convicted of an offense is granted a certificate of eligibility for sealing by the Prisoner Review Board which specifically authorizes sealing, he or she may, upon verified petition to the Chief Judge of the circuit where the person had been convicted, any judge of the circuit designated by the Chief Judge, or in counties of less than 3,000,000 inhabitants, the presiding trial judge at the petitioner's trial, have a court order entered sealing the record of arrest from the official records

of the arresting authority and order that the records of the circuit court clerk and the Illinois State Police be sealed until further order of the court upon good cause shown or as otherwise provided herein, and the name of the petitioner obliterated from the official index requested to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act in connection with the arrest and conviction for the offense for which he or she had been granted the certificate but the order shall not affect any index issued by the circuit court clerk before the entry of the order. All records sealed by the Illinois State Police may be disseminated by the Illinois State Police only as required by this Act or to the arresting authority, a law enforcement agency, the State's Attorney, and the court upon a later arrest for the same or similar offense or for the purpose of sentencing for any subsequent felony. Upon conviction for any subsequent offense, the Department of Corrections shall have access to all sealed records of the Illinois State Police pertaining to that individual. Upon entry of the order of sealing, the circuit court clerk shall promptly mail a copy of the order to the person who was granted the certificate of eligibility for sealing.

(e-6) Whenever a person who has been convicted of an offense is granted a certificate of eligibility for expungement by the Prisoner Review Board which specifically authorizes expungement, he or she may, upon verified petition

to the Chief Judge of the circuit where the person had been convicted, any judge of the circuit designated by the Chief Judge, or in counties of less than 3,000,000 inhabitants, the presiding trial judge at the petitioner's trial, have a court order entered expunging the record of arrest from the official records of the arresting authority and order that the records of the circuit court clerk and the Illinois State Police be sealed until further order of the court upon good cause shown or as otherwise provided herein, and the name of the petitioner obliterated from the official index requested to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act in connection with the arrest and conviction for the offense for which he or she had been granted the certificate but the order shall not affect any index issued by the circuit court clerk before the entry of the order. All records sealed by the Illinois State Police may be disseminated by the Illinois State Police only as required by this Act or to the arresting authority, a law enforcement agency, the State's Attorney, and the court upon a later arrest for the same or similar offense or for the purpose of sentencing for any subsequent felony. Upon conviction for any subsequent offense, the Department of Corrections shall have access to all expunged records of the Illinois State Police pertaining to that individual. Upon entry of the order of expungement, the circuit court clerk shall promptly mail a copy of the order to the person who was granted the certificate

of eligibility for expungement.

(f) Subject to available funding, the Illinois Department of Corrections shall conduct a study of the impact of sealing, especially on employment and recidivism rates, utilizing a random sample of those who apply for the sealing of their criminal records under Public Act 93-211. At the request of the Illinois Department of Corrections, records of the Illinois Department of Employment Security shall be utilized as appropriate to assist in the study. The study shall not disclose any data in a manner that would allow the identification of any particular individual or employing unit. The study shall be made available to the General Assembly no later than September 1, 2010.

(g) Immediate Sealing.

(1) Applicability. Notwithstanding any other provision of this Act to the contrary, and cumulative with any rights to expungement or sealing of criminal records, this subsection authorizes the immediate sealing of criminal records of adults and of minors prosecuted as adults.

(2) Eligible Records. Arrests or charges not initiated by arrest resulting in acquittal or dismissal with prejudice, except as excluded by subsection (a)(3)(B), that occur on or after January 1, 2018 (the effective date of Public Act 100-282), may be sealed immediately if the petition is filed with the circuit court clerk on the same day and during the same hearing in which the case is

disposed.

(3) When Records are Eligible to be Immediately Sealed. Eligible records under paragraph (2) of this subsection (g) may be sealed immediately after entry of the final disposition of a case, notwithstanding the disposition of other charges in the same case.

(4) Notice of Eligibility for Immediate Sealing. Upon entry of a disposition for an eligible record under this subsection (g), the defendant shall be informed by the court of his or her right to have eligible records immediately sealed and the procedure for the immediate sealing of these records.

(5) Procedure. The following procedures apply to immediate sealing under this subsection (g).

(A) Filing the Petition. Upon entry of the final disposition of the case, the defendant's attorney may immediately petition the court, on behalf of the defendant, for immediate sealing of eligible records under paragraph (2) of this subsection (g) that are entered on or after January 1, 2018 (the effective date of Public Act 100-282). The immediate sealing petition may be filed with the circuit court clerk during the hearing in which the final disposition of the case is entered. If the defendant's attorney does not file the petition for immediate sealing during the hearing, the defendant may file a petition for sealing

at any time as authorized under subsection (c) (3) (A) .

(B) Contents of Petition. The immediate sealing petition shall be verified and shall contain the petitioner's name, date of birth, current address, and for each eligible record, the case number, the date of arrest if applicable, the identity of the arresting authority if applicable, and other information as the court may require.

(C) Drug Test. The petitioner shall not be required to attach proof that he or she has passed a drug test.

(D) Service of Petition. A copy of the petition shall be served on the State's Attorney in open court. The petitioner shall not be required to serve a copy of the petition on any other agency.

(E) Entry of Order. The presiding trial judge shall enter an order granting or denying the petition for immediate sealing during the hearing in which it is filed. Petitions for immediate sealing shall be ruled on in the same hearing in which the final disposition of the case is entered.

(F) Hearings. The court shall hear the petition for immediate sealing on the same day and during the same hearing in which the disposition is rendered.

(G) Service of Order. An order to immediately seal eligible records shall be served in conformance with

subsection (d) (8) .

(H) Implementation of Order. An order to immediately seal records shall be implemented in conformance with subsections (d) (9) (C) and (d) (9) (D) .

(I) Fees. The fee imposed by the circuit court clerk and the Illinois State Police shall comply with paragraph (1) of subsection (d) of this Section.

(J) Final Order. No court order issued under this subsection (g) shall become final for purposes of appeal until 30 days after service of the order on the petitioner and all parties entitled to service of the order in conformance with subsection (d) (8) .

(K) Motion to Vacate, Modify, or Reconsider. Under Section 2-1203 of the Code of Civil Procedure, the petitioner, State's Attorney, or the Illinois State Police may file a motion to vacate, modify, or reconsider the order denying the petition to immediately seal within 60 days of service of the order. If filed more than 60 days after service of the order, a petition to vacate, modify, or reconsider shall comply with subsection (c) of Section 2-1401 of the Code of Civil Procedure.

(L) Effect of Order. An order granting an immediate sealing petition shall not be considered void because it fails to comply with the provisions of this Section or because of an error asserted in a

motion to vacate, modify, or reconsider. The circuit court retains jurisdiction to determine whether the order is voidable, and to vacate, modify, or reconsider its terms based on a motion filed under subparagraph (L) of this subsection (g).

(M) Compliance with Order Granting Petition to Seal Records. Unless a court has entered a stay of an order granting a petition to immediately seal, all parties entitled to service of the order must fully comply with the terms of the order within 60 days of service of the order.

(h) Sealing or vacation and expungement of trafficking victims' crimes.

(1) A trafficking victim, as defined by paragraph (10) of subsection (a) of Section 10-9 of the Criminal Code of 2012, may petition for vacation and expungement or immediate sealing of his or her criminal record upon the completion of his or her last sentence if his or her participation in the underlying offense was a result of human trafficking under Section 10-9 of the Criminal Code of 2012 or a severe form of trafficking under the federal Trafficking Victims Protection Act.

(1.5) A petition under paragraph (1) shall be prepared, signed, and filed in accordance with Supreme Court Rule 9. The court may allow the petitioner to attend any required hearing remotely in accordance with local

rules. The court may allow a petition to be filed under seal if the public filing of the petition would constitute a risk of harm to the petitioner.

(2) A petitioner under this subsection (h), in addition to the requirements provided under paragraph (4) of subsection (d) of this Section, shall include in his or her petition a clear and concise statement that: (A) he or she was a victim of human trafficking at the time of the offense; and (B) that his or her participation in the offense was a result of human trafficking under Section 10-9 of the Criminal Code of 2012 or a severe form of trafficking under the federal Trafficking Victims Protection Act.

(3) If an objection is filed alleging that the petitioner is not entitled to vacation and expungement or immediate sealing under this subsection (h), the court shall conduct a hearing under paragraph (7) of subsection (d) of this Section and the court shall determine whether the petitioner is entitled to vacation and expungement or immediate sealing under this subsection (h). A petitioner is eligible for vacation and expungement or immediate relief under this subsection (h) if he or she shows, by a preponderance of the evidence, that: (A) he or she was a victim of human trafficking at the time of the offense; and (B) that his or her participation in the offense was a result of human trafficking under Section 10-9 of the

Criminal Code of 2012 or a severe form of trafficking under the federal Trafficking Victims Protection Act.

(i) Minor Cannabis Offenses under the Cannabis Control Act.

(1) Expungement of Arrest Records of Minor Cannabis Offenses.

(A) The Illinois State Police and all law enforcement agencies within the State shall automatically expunge all criminal history records of an arrest, charge not initiated by arrest, order of supervision, or order of qualified probation for a Minor Cannabis Offense committed prior to June 25, 2019 (the effective date of Public Act 101-27) if:

(i) One year or more has elapsed since the date of the arrest or law enforcement interaction documented in the records; and

(ii) No criminal charges were filed relating to the arrest or law enforcement interaction or criminal charges were filed and subsequently dismissed or vacated or the arrestee was acquitted.

(B) If the law enforcement agency is unable to verify satisfaction of condition (ii) in paragraph (A), records that satisfy condition (i) in paragraph (A) shall be automatically expunged.

(C) Records shall be expunged by the law

enforcement agency under the following timelines:

(i) Records created prior to June 25, 2019 (the effective date of Public Act 101-27), but on or after January 1, 2013, shall be automatically expunged prior to January 1, 2021;

(ii) Records created prior to January 1, 2013, but on or after January 1, 2000, shall be automatically expunged prior to January 1, 2023;

(iii) Records created prior to January 1, 2000 shall be automatically expunged prior to January 1, 2025.

In response to an inquiry for expunged records, the law enforcement agency receiving such inquiry shall reply as it does in response to inquiries when no records ever existed; however, it shall provide a certificate of disposition or confirmation that the record was expunged to the individual whose record was expunged if such a record exists.

(D) Nothing in this Section shall be construed to restrict or modify an individual's right to have that individual's records expunged except as otherwise may be provided in this Act, or diminish or abrogate any rights or remedies otherwise available to the individual.

(2) Pardons Authorizing Expungement of Minor Cannabis Offenses.

(A) Upon June 25, 2019 (the effective date of Public Act 101-27), the Department of State Police shall review all criminal history record information and identify all records that meet all of the following criteria:

(i) one or more convictions for a Minor Cannabis Offense;

(ii) the conviction identified in paragraph (2) (A) (i) did not include a penalty enhancement under Section 7 of the Cannabis Control Act; and

(iii) the conviction identified in paragraph (2) (A) (i) is not associated with a conviction for a violent crime as defined in subsection (c) of Section 3 of the Rights of Crime Victims and Witnesses Act.

(B) Within 180 days after June 25, 2019 (the effective date of Public Act 101-27), the Department of State Police shall notify the Prisoner Review Board of all such records that meet the criteria established in paragraph (2) (A).

(i) The Prisoner Review Board shall notify the State's Attorney of the county of conviction of each record identified by State Police in paragraph (2) (A) that is classified as a Class 4 felony. The State's Attorney may provide a written objection to the Prisoner Review Board on the sole

basis that the record identified does not meet the criteria established in paragraph (2) (A). Such an objection must be filed within 60 days or by such later date set by the Prisoner Review Board in the notice after the State's Attorney received notice from the Prisoner Review Board.

(ii) In response to a written objection from a State's Attorney, the Prisoner Review Board is authorized to conduct a non-public hearing to evaluate the information provided in the objection.

(iii) The Prisoner Review Board shall make a confidential and privileged recommendation to the Governor as to whether to grant a pardon authorizing expungement for each of the records identified by the Department of State Police as described in paragraph (2) (A).

(C) If an individual has been granted a pardon authorizing expungement as described in this Section, the Prisoner Review Board, through the Attorney General, shall file a petition for expungement with the Chief Judge of the circuit or any judge of the circuit designated by the Chief Judge where the individual had been convicted. Such petition may include more than one individual. Whenever an individual who has been convicted of an offense is

granted a pardon by the Governor that specifically authorizes expungement, an objection to the petition may not be filed. Petitions to expunge under this subsection (i) may include more than one individual. Within 90 days of the filing of such a petition, the court shall enter an order expunging the records of arrest from the official records of the arresting authority and order that the records of the circuit court clerk and the Illinois State Police be expunged and the name of the defendant obliterated from the official index requested to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act in connection with the arrest and conviction for the offense for which the individual had received a pardon but the order shall not affect any index issued by the circuit court clerk before the entry of the order. Upon entry of the order of expungement, the circuit court clerk shall promptly provide a copy of the order and a certificate of disposition to the individual who was pardoned to the individual's last known address or by electronic means (if available) or otherwise make it available to the individual upon request.

(D) Nothing in this Section is intended to diminish or abrogate any rights or remedies otherwise available to the individual.

(3) Any individual may file a motion to vacate and expunge a conviction for a misdemeanor or Class 4 felony violation of Section 4 or Section 5 of the Cannabis Control Act. Motions to vacate and expunge under this subsection (i) may be filed with the circuit court, Chief Judge of a judicial circuit or any judge of the circuit designated by the Chief Judge. The circuit court clerk shall promptly serve a copy of the motion to vacate and expunge, and any supporting documentation, on the State's Attorney or prosecutor charged with the duty of prosecuting the offense. When considering such a motion to vacate and expunge, a court shall consider the following: the reasons to retain the records provided by law enforcement, the petitioner's age, the petitioner's age at the time of offense, the time since the conviction, and the specific adverse consequences if denied. An individual may file such a petition after the completion of any non-financial sentence or non-financial condition imposed by the conviction. Within 60 days of the filing of such motion, a State's Attorney may file an objection to such a petition along with supporting evidence. If a motion to vacate and expunge is granted, the records shall be expunged in accordance with subparagraphs (d)(8) and (d)(9)(A) of this Section. An agency providing civil legal aid, as defined by Section 15 of the Public Interest Attorney Assistance Act, assisting individuals seeking to

file a motion to vacate and expunge under this subsection may file motions to vacate and expunge with the Chief Judge of a judicial circuit or any judge of the circuit designated by the Chief Judge, and the motion may include more than one individual. Motions filed by an agency providing civil legal aid concerning more than one individual may be prepared, presented, and signed electronically.

(4) Any State's Attorney may file a motion to vacate and expunge a conviction for a misdemeanor or Class 4 felony violation of Section 4 or Section 5 of the Cannabis Control Act. Motions to vacate and expunge under this subsection (i) may be filed with the circuit court, Chief Judge of a judicial circuit or any judge of the circuit designated by the Chief Judge, and may include more than one individual. Motions filed by a State's Attorney concerning more than one individual may be prepared, presented, and signed electronically. When considering such a motion to vacate and expunge, a court shall consider the following: the reasons to retain the records provided by law enforcement, the individual's age, the individual's age at the time of offense, the time since the conviction, and the specific adverse consequences if denied. Upon entry of an order granting a motion to vacate and expunge records pursuant to this Section, the State's Attorney shall notify the Prisoner Review Board within 30

days. Upon entry of the order of expungement, the circuit court clerk shall promptly provide a copy of the order and a certificate of disposition to the individual whose records will be expunged to the individual's last known address or by electronic means (if available) or otherwise make available to the individual upon request. If a motion to vacate and expunge is granted, the records shall be expunged in accordance with subparagraphs (d)(8) and (d)(9)(A) of this Section.

(5) In the public interest, the State's Attorney of a county has standing to file motions to vacate and expunge pursuant to this Section in the circuit court with jurisdiction over the underlying conviction.

(6) If a person is arrested for a Minor Cannabis Offense as defined in this Section before June 25, 2019 (the effective date of Public Act 101-27) and the person's case is still pending but a sentence has not been imposed, the person may petition the court in which the charges are pending for an order to summarily dismiss those charges against him or her, and expunge all official records of his or her arrest, plea, trial, conviction, incarceration, supervision, or expungement. If the court determines, upon review, that: (A) the person was arrested before June 25, 2019 (the effective date of Public Act 101-27) for an offense that has been made eligible for expungement; (B) the case is pending at the time; and (C) the person has not

been sentenced of the minor cannabis violation eligible for expungement under this subsection, the court shall consider the following: the reasons to retain the records provided by law enforcement, the petitioner's age, the petitioner's age at the time of offense, the time since the conviction, and the specific adverse consequences if denied. If a motion to dismiss and expunge is granted, the records shall be expunged in accordance with subparagraph (d) (9) (A) of this Section.

(7) A person imprisoned solely as a result of one or more convictions for Minor Cannabis Offenses under this subsection (i) shall be released from incarceration upon the issuance of an order under this subsection.

(8) The Illinois State Police shall allow a person to use the access and review process, established in the Illinois State Police, for verifying that his or her records relating to Minor Cannabis Offenses of the Cannabis Control Act eligible under this Section have been expunged.

(9) No conviction vacated pursuant to this Section shall serve as the basis for damages for time unjustly served as provided in the Court of Claims Act.

(10) Effect of Expungement. A person's right to expunge an expungeable offense shall not be limited under this Section. The effect of an order of expungement shall be to restore the person to the status he or she occupied

before the arrest, charge, or conviction.

(11) Information. The Illinois State Police shall post general information on its website about the expungement process described in this subsection (i).

(j) Felony Prostitution Convictions.

(1) Any individual may file a motion to vacate and expunge a conviction for a prior Class 4 felony violation of prostitution. Motions to vacate and expunge under this subsection (j) may be filed with the circuit court, Chief Judge of a judicial circuit, or any judge of the circuit designated by the Chief Judge. When considering the motion to vacate and expunge, a court shall consider the following:

(A) the reasons to retain the records provided by law enforcement;

(B) the petitioner's age;

(C) the petitioner's age at the time of offense; and

(D) the time since the conviction, and the specific adverse consequences if denied. An individual may file the petition after the completion of any sentence or condition imposed by the conviction. Within 60 days of the filing of the motion, a State's Attorney may file an objection to the petition along with supporting evidence. If a motion to vacate and expunge is granted, the records shall be expunged in

accordance with subparagraph (d)(9)(A) of this Section. An agency providing civil legal aid, as defined in Section 15 of the Public Interest Attorney Assistance Act, assisting individuals seeking to file a motion to vacate and expunge under this subsection may file motions to vacate and expunge with the Chief Judge of a judicial circuit or any judge of the circuit designated by the Chief Judge, and the motion may include more than one individual.

(2) Any State's Attorney may file a motion to vacate and expunge a conviction for a Class 4 felony violation of prostitution. Motions to vacate and expunge under this subsection (j) may be filed with the circuit court, Chief Judge of a judicial circuit, or any judge of the circuit court designated by the Chief Judge, and may include more than one individual. When considering the motion to vacate and expunge, a court shall consider the following reasons:

- (A) the reasons to retain the records provided by law enforcement;
- (B) the petitioner's age;
- (C) the petitioner's age at the time of offense;
- (D) the time since the conviction; and

Sec. 2705-440. Intercity Rail Service.

(a) For the purposes of providing intercity railroad passenger service within this State and throughout the United States, the Department is authorized to enter into agreements with any state, state agency, unit ~~units~~ of local government or political subdivision ~~subdivisions~~, the Commuter Rail Division of the Regional Transportation Authority (or a public corporation on behalf of that Division), architecture or engineering firm ~~firms~~, the National Railroad Passenger Corporation, any carrier, or any individual, corporation, partnership, or public or private entity. The cost related to such services shall be borne in such proportion as, by agreement or contract the parties may desire.

(b) In providing any intercity railroad passenger service as provided in this Section, the Department shall have the following additional powers:

(1) to enter into trackage use agreements with rail carriers;

(1.5) to freely lease or otherwise contract for any purpose any of the locomotives, passenger railcars, and other rolling stock equipment or accessions to any state or state agency, public or private entity, or quasi-public entities;

(2) to enter into haulage agreements with rail carriers;

(3) to lease or otherwise contract for use, maintenance, servicing, and repair of any needed locomotives, rolling stock, stations, or other facilities, the lease or contract having a term not to exceed 50 years (but any multi-year contract shall recite that the contract is subject to termination and cancellation, without any penalty, acceleration payment, or other recoupment mechanism, in any fiscal year for which the General Assembly fails to make an adequate appropriation to cover the contract obligation);

(4) to enter into management agreements;

(5) to include in any contract indemnification of carriers or other parties for any liability with regard to intercity railroad passenger service;

(6) to obtain insurance for any losses or claims with respect to the service;

(7) to promote the use of the service;

(8) to make grants to any body politic and corporate, any unit of local government, or the Commuter Rail

Division of the Regional Transportation Authority to cover all or any part of any capital or operating costs of the service and to enter into agreements with respect to those grants;

(9) to set any fares or make other regulations with respect to the service, consistent with any contracts for the service; and

(10) to otherwise enter into any contracts necessary or convenient to provide rail services, operate or maintain locomotives, passenger railcars, and other rolling stock equipment or accessions, including the lease or use of such locomotives, railcars, equipment, or accessions.

(c) All service provided under this Section shall be exempt from all regulations by the Illinois Commerce Commission (other than for safety matters). To the extent the service is provided by the Commuter Rail Division of the Regional Transportation Authority (or a public corporation on behalf of that Division), it shall be exempt from safety regulations of the Illinois Commerce Commission to the extent the Commuter Rail Division adopts its own safety regulations.

(d) In connection with any powers exercised under this Section, the Department

(1) shall not have the power of eminent domain; and

(2) shall not directly operate any railroad service with its own employees.

(e) Any contract with the Commuter Rail Division of the Regional Transportation Authority (or a public corporation on behalf of the Division) under this Section shall provide that all costs in excess of revenue received by the Division generated from intercity rail service provided by the Division shall be fully borne by the Department, and no funds for operation of commuter rail service shall be used, directly or indirectly, or for any period of time, to subsidize the intercity rail operation. If at any time the Division does not have sufficient funds available to satisfy the requirements of this Section, the Division shall forthwith terminate the operation of intercity rail service. The payments made by the Department to the Division for the intercity rail passenger service shall not be made in excess of those costs or as a subsidy for costs of commuter rail operations. This shall not prevent the contract from providing for efficient coordination of service and facilities to promote cost effective operations of both intercity rail passenger service and commuter rail services with cost allocations as provided in this paragraph.

(f) Whenever the Department enters into an agreement with any carrier for the Department's payment of such railroad required maintenance expenses necessary for intercity passenger service, the Department may deposit such required maintenance funds into an escrow account. Whenever the Department enters into an agreement with any State or State agency, any public or private entity or quasi-public entity

for the lease, rental or use of locomotives, passenger railcars, and other rolling stock equipment or accessions, the Department may deposit such receipts into a separate escrow account. For purposes of this subsection, "escrow account" ~~an~~ ~~escrow account~~ means any fiduciary account established with (i) any banking corporation which is both organized under the Illinois Banking Act and authorized to accept and administer trusts in this State, or (ii) any national banking association which has its principal place of business in this State and which also is authorized to accept and administer trusts in this State. The funds in any required maintenance escrow account may be withdrawn by the carrier or entity in control of the railroad being maintained, only with the consent of the Department, pursuant to a written maintenance agreement and pursuant to a maintenance plan that shall be updated each year. The funds in an escrow account holding lease payments, use fees, or rental payments may be withdrawn by the Department, only with the consent of the Midwest Fleet Pool Board and deposited into the High-Speed Rail Rolling Stock Fund. The moneys deposited in the escrow accounts shall be invested and reinvested, pursuant to the direction of the Department, in bonds and other interest bearing obligations of this State, or in such accounts, certificates, bills, obligations, shares, pools, or other securities as are authorized for the investment of public funds under the Public Funds Investment Act. Escrow accounts created under this

subsection shall not have terms that exceed 20 years. At the end of the term of an escrow account holding lease payments, use fees, or rental payments, the remaining balance shall be deposited in the High-Speed Rail Rolling Stock Fund, a special fund that is created in the State treasury ~~Treasury~~. Moneys in the High-Speed Rail Rolling Stock Fund may be used for any purpose related to locomotives, passenger railcars, and other rolling stock equipment. The Department shall prepare a report for presentation to the Comptroller and the Treasurer each year that shows the amounts deposited and withdrawn, the purposes for withdrawal, the balance, and the amounts derived from investment.

(g) Whenever the Department enters into an agreement with any carrier, State or State agency, any public or private entity, or quasi-public entity for costs related to procurement and maintenance of locomotives, passenger railcars, and other rolling stock equipment or accessions, the Department shall deposit such receipts into the High-Speed Rail Rolling Stock Fund. Additionally, the Department may make payments into the High-Speed Rail Rolling Stock Fund for the State's share of the costs related to locomotives, passenger railcars, and other rolling stock equipment.

No single grant for a capital expenditure shall exceed \$300,000. No single grant for a non-capital expenditure shall exceed \$100,000. In awarding such grants, preference shall be given to hospitals that serve a significant number of Medicaid recipients, but do not qualify for disproportionate share hospital adjustment payments under the Illinois Public Aid Code. (g) The Illinois Emergency Management Agency is authorized to make grants to various higher education institutions, public K-12 school districts, area vocational centers as designated by the State Board of Education, inter-district special education cooperatives, regional safe schools, and nonpublic K-12 schools for safety and security improvements. For the purpose of this subsection (g), "higher education institution" means a public university, a public community

college, or an independent, not-for-profit or for-profit higher education institution located in this State. To be eligible for a grant under the program, the Agency must determine that the organization is at a high risk of being subject to threats, attacks, or acts of terrorism based on the organization's profile, ideology, mission, or beliefs. Eligible security improvements shall include all eligible preparedness activities under the federal Nonprofit Security Grant Program, including, but not limited

to, physical security upgrades, security training exercises, preparedness training exercises, contracting with security personnel, and any other security upgrades deemed eligible by the Director. Eligible security improvements shall not duplicate, in part or in whole, a project included under any awarded federal grant or in a pending federal application. The Director shall establish procedures and forms by which applicants may apply for a grant and procedures for distributing grants to recipients. Any security improvements awarded shall remain at the physical property listed in the grant application, unless authorized by Agency rule or approved by the Agency in writing. The procedures shall require each applicant to do the following:

- (1) identify and substantiate prior or current threats, attacks, or acts of terrorism against the not-for-profit organization;

- (2) indicate the symbolic or strategic value of one or more sites that renders the site a possible target of a threat, attack, or act of terrorism;

(6) submit any other relevant information as may be required by the Director.

The Agency is authorized to use funds appropriated for the grant program described in this subsection (g-5) to administer the program. Any Agency Notice of Opportunity for Funding, proposed or final rulemaking, guidance, training opportunity, or other resource related to the grant program must be published on the Agency's publicly available website, and any announcements related to funding shall be shared with all State legislative offices, the Governor's office, emergency services and disaster agencies mandated or required pursuant to subsections (b) through (d) of Section 10, and any other State agencies as determined by the Agency. Subject to appropriation, the grant application period shall be open for no less than 45 calendar days during the first application cycle each fiscal year, unless the Agency determines that a shorter period is necessary to avoid conflicts with the annual federal Nonprofit Security Grant Program funding cycle. Additional application cycles may be conducted during the same

fiscal year, subject to availability of funds. Upon request, Agency staff shall provide reasonable assistance to any applicant in completing a grant application or meeting a post-award requirement.

In addition to any advance payment rules or procedures adopted by the Agency, the Agency shall adopt rules or procedures by which grantees under this subsection (g-5) may receive a working capital advance of initial start-up costs and up to 2 months of program expenses, not to exceed 25% of the total award amount, if, during the application process, the grantee demonstrates a need for funds to commence a project. The remaining funds must be paid through reimbursement after the grantee presents sufficient supporting documentation of expenditures for eligible activities.

(h) Except as provided in Section 17.5 of this Act, any moneys received by the Agency from donations or sponsorships unrelated to a disaster shall be deposited in the Emergency Planning and Training Fund and used by the Agency, subject to appropriation, to effectuate planning and training activities. Any moneys received by the Agency from donations during a disaster and intended for disaster response or recovery shall be deposited into the Disaster Response and Recovery Fund and used for disaster response and recovery pursuant to the Disaster Relief Act.

(i) The Illinois Emergency Management Agency may by rule assess and collect reasonable fees for attendance at

Agency-sponsored conferences to enable the Agency to carry out the requirements of this Act. Any moneys received under this subsection shall be deposited in the Emergency Planning and Training Fund and used by the Agency, subject to appropriation, for planning and training activities.

(j) The Illinois Emergency Management Agency is authorized to make grants to other State agencies, public universities, units of local government, and statewide mutual aid organizations to enhance statewide emergency preparedness and response.

(k) Subject to appropriation from the Emergency Planning and Training Fund, the Illinois Emergency Management Agency and Office of Homeland Security shall obtain training services and support for local emergency services and support for local emergency services and disaster agencies for training, exercises, and equipment related to carbon dioxide pipelines and sequestration, and, subject to the availability of funding, shall provide \$5,000 per year to the Illinois Fire Service Institute for first responder training required under Section 4-615 of the Public Utilities Act. Amounts in the Emergency Planning and Training Fund will be used by the Illinois Emergency Management Agency and Office of Homeland Security for administrative costs incurred in carrying out the requirements of this subsection. To carry out the purposes of this subsection, the Illinois Emergency Management Agency and Office of Homeland Security may accept moneys from all

authorized sources into the Emergency Planning and Training Fund, including, but not limited to, transfers from the Carbon Dioxide Sequestration Administrative Fund and the Public Utility Fund.

The Department shall keep careful records of the income and expenses resulting from the imposition of fees, shall keep records

as to the attendance at each historic site, and shall report to the Governor and General Assembly by January 31 after the close of each year. The report shall include information on costs, expenses, attendance, comments by visitors, and any other information the Department may believe pertinent, including:

Section 190. The Illinois Housing Development Act is amended by changing Section 16 as follows:

(20 ILCS 3805/16) (from Ch. 67 1/2, par. 316)

Sec. 16. The notes and bonds issued under this Act shall be authorized by resolution of the members of the Authority, shall bear such date or dates, and shall mature at such time or

times, in the case of any note, or any renewal thereof, not exceeding 15 years (or such longer time not exceeding 25 years if the Authority shall determine, with respect to notes issued in anticipation of bonds, that a longer maturity date is required in order to assure the ability to issue the bonds), from the date of issue of such original note, and in the case of any bond not exceeding 50 years from the date of issue, as the resolution may provide. The bonds may be issued as serial bonds or as term bonds or as a combination thereof. The notes and bonds shall bear interest at such rate or rates as shall be determined by the members of the Authority by the resolution authorizing issuance of the bonds and notes provided, however, that notes and bonds issued after July 1, 1983, shall bear interest at such rate or rates not exceeding the greater of (i) the maximum rate established in the Bond Authorization Act ~~"An Act to authorize public corporations to issue bonds, other evidences of indebtedness and tax anticipation warrants subject to interest rate limitations set forth therein", approved May 26, 1970,~~ as from time to time in effect; (ii) 11% per annum; or (iii) 70% of the prime commercial rate in effect at the time the contract is made. In the event the Authority issues notes or bonds not exempt from income taxation under the Internal Revenue Code of 1954, as amended, such notes or bonds shall bear interest at a rate or rates as shall be determined by the members of the Authority by the resolution authorizing issuance of the bonds and notes. Prime commercial

rate means such prime rate as from time to time is publicly announced by the largest commercial banking institution located in this State, measured in terms of total assets. A contract is made with respect to notes or bonds when the Authority is contractually obligated to issue and sell such notes or bonds to a purchaser who is contractually obligated to purchase them. The notes and bonds shall be in such denominations, be in such form, either coupon or registered, carry such registration privileges, be executed in such manner, be payable in such medium of payment, at such place or places and be subject to such terms of redemption as such resolution or resolutions may provide. The notes and bonds of the Authority may be sold by the Authority, at public or private sale, at such price or prices as the Authority shall determine.

In lieu of establishing the rate at which notes or bonds of the Authority shall bear interest and the price at which the notes or bonds shall be sold, the resolution authorizing their issuance may set maximum and minimum prices, interest rates, and annual interest cost to the Authority for that issue of notes or bonds (computed as the resolution shall provide), such that the difference between the maximum and minimum annual interest cost shall not exceed 1% of the principal amount of the notes or bonds. Such a resolution shall authorize any 2 ~~two~~ of the Chairman, Treasurer, or Director (or in the Director's absence, the Deputy Director) to

establish the actual price and interest rate within the range established by the resolution. In lieu of establishing the dates, maturities, or other terms of the notes or bonds, the resolution authorizing their issuance may authorize any 2 ~~two~~ of the Chairman, Treasurer, or Director (or in the Director's absence, the Deputy Director) to establish such dates, maturities, and other terms within ranges or criteria established by the resolution.

In connection with the issuance of its notes and bonds, the Authority may enter into arrangements to provide additional security and liquidity for the notes and bonds. These may include, without limitation, letters of credit, lines of credit by which the Authority may borrow funds to pay or redeem its notes or bonds, and purchase or remarketing arrangements for assuring the ability of owners of the Authority's notes and bonds to sell or to have redeemed their notes and bonds. The Authority may enter into contracts and may agree to pay fees to persons providing such arrangements, but only under circumstances in which the total interest paid or to be paid on the notes or bonds, together with the fees for the arrangements (being treated as if interest), would not, taken together, cause the notes or bonds to bear interest, calculated to their absolute maturity, at a rate in excess of the maximum rate allowed by this Act.

The resolution of the Authority authorizing the issuance of its notes or bonds may provide that interest rates may vary

from time to time depending upon criteria established by the Authority, which may include, without limitation, a variation in interest rates as may be necessary to cause notes or bonds to be remarketable from time to time at a price equal to their principal amount (or compound accredited value in case of original issue discount bonds), and may provide for appointment of a national banking association, bank, trust company, investment bank, or other financial institution to serve as a remarketing agent in that connection. The resolution of the Authority authorizing the issuance of its notes or bonds may provide that alternative interest rates or provisions will apply during such times as the notes or bonds are held by a person providing a letter of credit or other credit enhancement arrangement for those notes or bonds. Notwithstanding any other provisions of law, there shall be no statutory limitation on the interest rates which such variable rate notes and bonds may bear from time to time.

In addition to the other authorizations contained in this Section, the Authority may adopt a resolution or resolutions granting to any 2 ~~two~~ of the Chairman, Treasurer, or Director (or in the Director's absence, the Deputy Director) the power to authorize issuance of notes or bonds, or both, on behalf of the Authority from time to time without further resolution of the Authority. Any such resolution shall contain a statement of the maximum aggregate amount of notes or bonds that may be outstanding at any one time pursuant to the authorization

granted in such resolution. Such resolution shall also contain a statement of the period of time during which such notes or bonds of the Authority may be so issued. Such resolution shall also delegate specifically or generally to the persons empowered to authorize issuance of the notes or bonds the authority to establish or approve any or all matters relating to the issuance and sale of the notes or bonds, which may include the interest rates, if any, which the notes or bonds shall bear and the prices (including premiums or discounts, if any) at which they shall be issued and sold, or the criteria upon which such interest rates and prices may vary, the appointment of remarketing agents, the approval of alternative interest rates, whether there shall be any statutory or other limitation on the interest rates which such notes or bonds may bear (treating as if interest the fees for any arrangements to provide additional security and liquidity for the notes and bonds), and the dates, maturities, and other terms and conditions on which the notes or bonds shall be issued and sold. Any or all of such matters may vary from issue to issue and within an issue. Any such resolution may set forth the criteria by which any or all of the matters entrusted to the persons designated in such resolution are to be established or approved, and may grant the power to authorize issuance of notes or bonds which are exempt from income taxation under the Internal Revenue Code of 1954, as amended, or which are not exempt.

Notwithstanding any other provision of law, and in addition to any other authority provided by law, with respect to mortgage or other loans made by it, the Authority may require payments of principal, make interest charges, and impose prepayment premiums or penalties (in addition to any fees or charges made by the Authority) so that such principal, interest and premiums or penalties are sufficient to enable the Authority to pay when due all principal, interest, and redemption premiums or penalties on any notes or bonds issued by the Authority to finance or continue the financing of such loans (including a proportionate share of such bonds or notes issued to fund reserves or to cover any discount) and to make any required deposits in any reserve funds; and any contract relating to any mortgage or other loan made by the Authority may provide for changes during its term in the rate at which interest shall be paid, to the extent the changes are provided for in order to enable the Authority to make payments with respect to bonds or notes as provided in this Section.

The Illinois Compiled Statutes, including the statutes themselves and the organizational and numbering scheme, shall be an official compilation of the general Acts of Illinois and shall be entirely in the public domain for purposes of federal copyright law.

(b) The compilation document that is filed under subsection (a) shall divide the general Acts into major topic areas and into chapters within those areas; the document shall list the general Acts by title or short title, but need not contain the text of the statutes or specify individual Sections of Acts. Chapters shall be numbered. Each Act shall be assigned to a chapter and shall be ordered within that chapter. An Act prefix number shall be designated for each Act within each chapter. Chapters may be divided into subheadings. Citation to a section of ILCS shall be in the form "X ILCS Y/Z(A)", where X is the chapter number, Y is the Act prefix number, Z is the Section number of the Act, Y/Z is the section number in the chapter of ILCS, and A is the year of publication, if applicable.

(c) The Legislative Reference Bureau shall make additions, deletions, and changes to the organizational or numbering scheme of the Illinois Compiled Statutes by filing appropriate

documents with the Index Department ~~Division~~ of the Office of the Secretary of State. The Legislative Reference Bureau shall also provide copies of the documents that are filed to each individual or entity that delivers a written request for copies to the Legislative Reference Bureau; the Legislative Reference Bureau, by resolution, may establish and charge a reasonable fee for providing copies. The additions, deletions, and changes to the organizational or numbering scheme of the Illinois Compiled Statutes shall take effect 30 days after filing with the Index Department ~~Division~~.

(d) Omission of an effective Act or Section of an Act from ILCS does not alter the effectiveness of that Act or Section. Inclusion of a repealed Act or Section of an Act in ILCS does not affect the repeal of that Act or Section.

(e) In order to allow for an efficient transition to the organizational and numbering scheme of the Illinois Compiled Statutes, the State, units of local government, school districts, and other governmental entities may, for a reasonable period of time, continue to use forms, computer software, systems, and data, published rules, and any other electronically stored information and printed documents that contain references to the Illinois Revised Statutes. However, reports of criminal, traffic, and other offenses and violations that are part of a state-wide reporting system shall continue to be made by reference to the Illinois Revised Statutes until July 1, 1994, and on and after that date shall

be made by reference to the Illinois Compiled Statutes, except that an earlier conversion date may be established by agreement among all of the following: the Supreme Court, the Secretary of State, the Director of State Police, the Circuit Clerk of Cook County, and the Circuit Clerk of DuPage County, or the designee of each. References to the Illinois Revised Statutes are deemed to be references to the corresponding provisions of the Illinois Compiled Statutes.

(f) The Legislative Reference Bureau, with the assistance of the Legislative Information System, shall make its electronically stored database of the statutes and the compilation available in an electronically stored medium to those who request it; the Legislative Reference Bureau, by resolution, shall establish and charge a reasonable fee for providing the information.

(g) Amounts received under this Section shall be deposited into the General Assembly Computer Equipment Revolving Fund.

(h) The Legislative Reference Bureau shall select subjects and chapters of the statutory law that it considers most in need of a revision and present to the next regular session of the General Assembly bills covering those revisions. In connection with those revisions, the Legislative Reference Bureau has full authority and responsibility to recommend the revision, simplification, and rearrangement of existing statutory law and the elimination from that law of obsolete, superseded, duplicated, and unconstitutional statutes or parts

of statutes, but shall make no other changes in the substance of existing statutes, except to the extent those changes in substance are necessary for coherent revision, simplification, rearrangement, or elimination. Revisions reported to the General Assembly may be accompanied by explanatory statements of changes in existing statutes or parts of statutes that those revisions, if enacted, would effect.

Except as provided in this paragraph, beginning with fiscal year 1991 and thereafter, no Road Fund monies shall be appropriated to the Illinois State Police for the purposes of this Section in excess of its total fiscal year 1990 Road Fund appropriations for those purposes unless otherwise provided in Section 5g of this Act. Section 230. The Local Government Debt Reform Act is amended by changing Section 17 as follows:

(30 ILCS 350/17) (from Ch. 17, par. 6917)

Sec. 17. Leases and installment contracts.

(a) Interest not debt; debt on leases and installment contracts. Interest on bonds shall not be included in any computation of indebtedness of a governmental unit for the purpose of any statutory provision or limitation. For bonds consisting of leases and installment or financing contracts:7

(1) that portion of payments made by a governmental unit under the terms of a bond designated as interest in the bond or the ordinance authorizing such bond shall be treated as interest for purposes of this Section;7

(2) where portions of payments due under the terms of a bond have not been designated as interest in the bond or the ordinance authorizing such bond, and all or a portion of such payments is to be used for the payment of principal of and interest on other bonds of the governmental unit or bonds issued by another unit of local government, such as a public building commission, the payments equal to interest due on such corresponding bonds shall be treated as interest for purposes of this Section;7 and

(3) where portions of payments due under the terms of a bond have not been designated as interest in the bond or ordinance authorizing such bond and no portion of any such payment is to be used for the payment of principal of and interest on other bonds of the governmental unit or another unit of local government, a portion of each payment due under the terms of such bond shall be treated as interest for purposes of this Section; such portion

shall be equal in amount to the interest that would have been paid on a notional obligation of the governmental unit (bearing interest at the highest rate permitted by law for bonds of the governmental unit at the time the bond was issued or, if no such limit existed, 12%) on which the payments of principal and interest were due at the same times and in the same amounts as payments are due under the terms of the bonds.

The rule set forth in this Section shall be applicable to all interest no matter when earned or accrued or at what interval paid, and whether or not a bond bears interest which compounds at certain intervals. For purposes of bonds sold at amounts less than 95% of their stated value at maturity, interest for purposes of this Section includes the difference between the amount set forth on the face of the bond as the original principal amount and the bond's stated value at maturity.

This subsection may be made applicable to bonds issued prior to the effective date of this Act by passage of an ordinance to such effect by the governing body of a governmental unit.

(b) Purchase or lease of property. The governing body of each governmental unit may purchase or lease either real or personal property, including investments, investment agreements, or investment services, through agreements that provide that the consideration for the purchase or lease may

be paid through installments made at stated intervals for a period of no more than 20 years or another period of time authorized by law, whichever is greater; provided, however, that investments, investment agreements, or investment services purchased in connection with a bond issue may be paid through installments made at stated intervals for a period of time not in excess of the maximum term of such bond issue. Each governmental unit may issue certificates evidencing the indebtedness incurred under the lease or agreement. The governing body may provide for the treasurer, comptroller, finance officer, or other officer of the governing body charged with financial administration to act as counter-party to any such lease or agreement, as nominee lessor or seller. When the lease or agreement is executed by the officer of the governmental unit authorized by the governing body to bind the governmental unit thereon by the execution thereof and is filed with and executed by the nominee lessor or seller, the lease or agreement shall be sufficiently executed so as to permit the governmental unit to issue certificates evidencing the indebtedness incurred under the lease or agreement. The certificates shall be valid whether or not an appropriation with respect thereto is included in any annual or supplemental budget adopted by the governmental unit. From time to time, as the governing body executes contracts for the purpose of acquiring and constructing the services or real or personal property that is a part of the subject of the lease or

agreement, including financial, legal, architectural, and engineering services related to the lease or agreement, the contracts shall be filed with the nominee officer, and that officer shall identify the contracts to the lease or agreement; that identification shall permit the payment of the contract from the proceeds of the certificates; and the nominee officer shall duly apply or cause to be applied proceeds of the certificates to the payment of the contracts. The governing body of each governmental unit may sell, lease, convey, and reacquire either real or personal property, or any interest in real or personal property, upon any terms and conditions and in any manner, as the governing body shall determine, if the governmental unit will lease, acquire by purchase agreement, or otherwise reacquire the property, as authorized by this subsection or any other applicable law.

All indebtedness incurred under this subsection, when aggregated with the existing indebtedness of the governmental unit, may not exceed the debt limits provided by applicable law.

Section 235. The Build Illinois Bond Act is amended by changing Section 6 as follows:

(30 ILCS 425/6) (from Ch. 127, par. 2806)

Sec. 6. Conditions for issuance and sale of Bonds;

~~requirements Bonds requirements~~ for Bonds; master Bonds
~~master~~ and supplemental indentures; credit indentures ~~credit~~
and liquidity enhancement.

(a) Bonds shall be issued and sold from time to time, in one or more series, in such amounts and at such prices as directed by the Governor, upon recommendation by the Director of the Governor's Office of Management and Budget. Bonds shall be payable only from the specific sources and secured in the manner provided in this Act. Bonds shall be in such form, in such denominations, mature on such dates within 25 years from their date of issuance, be subject to optional or mandatory redemption, bear interest payable at such times and at such rate or rates, fixed or variable, and be dated as shall be fixed and determined by the Director of the Governor's Office of Management and Budget in an order authorizing the issuance and sale of any series of Bonds, which order shall be approved by the Governor and is herein called a "Bond Sale Order"; provided, however, that interest payable at fixed rates shall not exceed that permitted in the Bond Authorization Act ~~"An Act to authorize public corporations to issue bonds, other evidences of indebtedness and tax anticipation warrants subject to interest rate limitations set forth therein", approved May 26, 1970, as now or hereafter amended,~~ and interest payable at variable rates shall not exceed the maximum rate permitted in the Bond Sale Order. Said Bonds shall be payable at such place or places, within or without the

State of Illinois, and may be made registrable as to either principal only or as to both principal and interest, as shall be specified in the Bond Sale Order. Bonds may be callable or subject to purchase and retirement or remarketing as fixed and determined in the Bond Sale Order. Bonds (i) except for refunding Bonds satisfying the requirements of Section 15 of this Act must be issued with principal or mandatory redemption amounts in equal amounts, with the first maturity issued occurring within the fiscal year in which the Bonds are issued or within the next succeeding fiscal year, except that Bonds issued during fiscal year 2025 may be issued with principal or mandatory redemption amounts in unequal amounts, and (ii) must mature or be subject to mandatory redemption each fiscal year thereafter up to 25 years, except for refunding Bonds satisfying the requirements of Section 15 of this Act and sold during fiscal year 2009, 2010, or 2011 which must mature or be subject to mandatory redemption each fiscal year thereafter up to 16 years.

All Bonds authorized under this Act shall be issued pursuant to a master trust indenture ("Master Indenture") executed and delivered on behalf of the State by the Director of the Governor's Office of Management and Budget, such Master Indenture to be in substantially the form approved in the Bond Sale Order authorizing the issuance and sale of the initial series of Bonds issued under this Act. Such initial series of Bonds may, and each subsequent series of Bonds shall, also be

issued pursuant to a supplemental trust indenture ("Supplemental Indenture") executed and delivered on behalf of the State by the Director of the Governor's Office of Management and Budget, each such Supplemental Indenture to be in substantially the form approved in the Bond Sale Order relating to such series. The Master Indenture and any Supplemental Indenture shall be entered into with a bank or trust company in the State of Illinois having trust powers and possessing capital and surplus of not less than \$100,000,000. Such indentures shall set forth the terms and conditions of the Bonds and provide for payment of and security for the Bonds, including the establishment and maintenance of debt service and reserve funds, and for other protections for holders of the Bonds. The term "reserve funds" as used in this Act shall include funds and accounts established under indentures to provide for the payment of principal of and premium and interest on Bonds, to provide for the purchase, retirement, or defeasance of Bonds, to provide for fees of trustees, registrars, paying agents, and other fiduciaries and to provide for payment of costs of and debt service payable in respect of credit or liquidity enhancement arrangements, interest rate swaps or guarantees, or financial futures contracts and indexing and remarketing agents' services.

In the case of any series of Bonds bearing interest at a variable interest rate ("Variable Rate Bonds"), in lieu of determining the rate or rates at which such series of Variable

Rate Bonds shall bear interest and the price or prices at which such Variable Rate Bonds shall be initially sold or remarketed (in the event of purchase and subsequent resale), the Bond Sale Order may provide that such interest rates and prices may vary from time to time depending on criteria established in such Bond Sale Order, which criteria may include, without limitation, references to indices or variations in interest rates as may, in the judgment of a remarketing agent, be necessary to cause Bonds of such series to be remarketable from time to time at a price equal to their principal amount (or compound accreted value in the case of original issue discount Bonds), and may provide for appointment of indexing agents and a bank, trust company, investment bank, or other financial institution to serve as remarketing agent in that connection. The Bond Sale Order may provide that alternative interest rates or provisions for establishing alternative interest rates, different security or claim priorities, or different call or amortization provisions will apply during such times as Bonds of any series are held by a person providing credit or liquidity enhancement arrangements for such Bonds as authorized in subsection (b) of Section 6 of this Act.

(b) In connection with the issuance of any series of Bonds, the State may enter into arrangements to provide additional security and liquidity for such Bonds, including, without limitation, bond or interest rate insurance or letters

of credit, lines of credit, bond purchase contracts, or other arrangements whereby funds are made available to retire or purchase Bonds, thereby assuring the ability of owners of the Bonds to sell or redeem their Bonds. The State may enter into contracts and may agree to pay fees to persons providing such arrangements, but only under circumstances where the Director of the Bureau of the Budget (now Governor's Office of Management and Budget) certifies that he reasonably expects the total interest paid or to be paid on the Bonds, together with the fees for the arrangements (being treated as if interest), would not, taken together, cause the Bonds to bear interest, calculated to their stated maturity, at a rate in excess of the rate which the Bonds would bear in the absence of such arrangements. Any bonds, notes, or other evidences of indebtedness issued pursuant to any such arrangements for the purpose of retiring and discharging outstanding Bonds shall constitute refunding Bonds under Section 15 of this Act. The State may participate in and enter into arrangements with respect to interest rate swaps or guarantees or financial futures contracts for the purpose of limiting or restricting interest rate risk; provided that such arrangements shall be made with or executed through banks having capital and surplus of not less than \$100,000,000 or insurance companies holding the highest policyholder rating accorded insurers by A.M. Best & Co. or any comparable rating service or government bond dealers reporting to, trading with, and recognized as primary

dealers by a Federal Reserve Bank and having capital and surplus of not less than \$100,000,000, or other persons whose debt securities are rated in the highest long-term categories by both Moody's Investors' Services, Inc. and Standard & Poor's Corporation. Agreements incorporating any of the foregoing arrangements may be executed and delivered by the Director of the Governor's Office of Management and Budget on behalf of the State in substantially the form approved in the Bond Sale Order relating to such Bonds.

(c) "Build America Bonds" in this Section means Bonds authorized by Section 54AA of the Internal Revenue Code of 1986, as amended ("Internal Revenue Code"), and bonds issued from time to time to refund or continue to refund "Build America Bonds".

(30 ILCS 500/20-60)

Sec. 20-60. Duration of contracts.

(a) Maximum duration. A contract may be entered into for any period of time deemed to be in the best interests of the State but not exceeding 10 years inclusive, beginning January 1, 2010, of proposed contract renewals; provided, however, in connection with the issuance of certificates of participation or bonds, the governing board of a public institution of higher education may enter into contracts in excess of 10 years but not to exceed 30 years for the purpose of financing or refinancing real or personal property. Third parties may lease State-owned communications infrastructure, including dark fiber networks, conduit, and excess communication tower capacity, for any period of time deemed to be in the best interest of the State, but not exceeding 20 years. The length

of a lease for real property or capital improvements shall be in accordance with the provisions of Section 40-25. The length of energy conservation program contracts or energy savings contracts or leases shall be in accordance with the provisions of Section 25-45. A contract for bond or mortgage insurance awarded by the Illinois Housing Development Authority, however, may be entered into for any period of time less than or equal to the maximum period of time that the subject bond or mortgage may remain outstanding. Contracts may be entered into that extend beyond the active term of the award, so long as the contract was entered into prior to the award expiration date and does not exceed 10 years.

(b) Subject to appropriation. All contracts made or entered into shall recite that they are subject to termination and cancellation in any year for which the General Assembly fails to make an appropriation to make payments under the terms of the contract.

(c) The chief procurement officer shall file a proposed extension or renewal of a contract with the Procurement Policy Board and the Commission on Equity and Inclusion prior to entering into any extension or renewal if the cost associated with the extension or renewal exceeds \$249,999. The Procurement Policy Board or the Commission on Equity and Inclusion may object to the proposed extension or renewal within 14 calendar days and require a hearing before the Board or the Commission on Equity and Inclusion prior to entering

into the extension or renewal. If the Procurement Policy Board or the Commission on Equity and Inclusion does not object within 14 calendar days or takes affirmative action to recommend the extension or renewal, the chief procurement officer may enter into the extension or renewal of a contract. This subsection does not apply to any emergency procurement, any procurement under Article 40, or any procurement exempted by Section 1-10(b) of this Code. If any State agency contract is paid for in whole or in part with federal-aid funds, grants, or loans and the provisions of this subsection would result in the loss of those federal-aid funds, grants, or loans, then the contract is exempt from the provisions of this subsection in order to remain eligible for those federal-aid funds, grants, or loans, and the State agency shall file notice of this exemption with the Procurement Policy Board or the Commission on Equity and Inclusion prior to entering into the proposed extension or renewal. Nothing in this subsection permits a chief procurement officer to enter into an extension or renewal in violation of subsection (a). By August 1 each year, the Procurement Policy Board and the Commission on Equity and Inclusion shall each file a report with the General Assembly identifying for the previous fiscal year (i) the proposed extensions or renewals that were filed and whether such extensions and renewals were objected to and (ii) the contracts exempt from this subsection.

(d) Notwithstanding the provisions of subsection (a) of

this Section, the Department of Innovation and Technology may enter into leases for dark fiber networks for any period of time deemed to be in the best interests of the State but not exceeding 20 years inclusive. The Department of Innovation and Technology may lease dark fiber networks from third parties only for the primary purpose of providing services (i) to the offices of Governor, Lieutenant Governor, Attorney General, Secretary of State, Comptroller, or Treasurer and State agencies, as defined under Section 5-15 of the Civil Administrative Code of Illinois or (ii) for anchor institutions, as defined in Section 7 of the Illinois Century Network Act. Dark fiber network lease contracts shall be subject to all other provisions of this Code and any applicable rules or requirements, including, but not limited to, publication of lease solicitations, use of standard State contracting terms and conditions, and approval of vendor certifications and financial disclosures.

(35 ILCS 5/203) (from Ch. 120, par. 2-203)

(2) Modifications. The adjusted gross income referred to in paragraph (1) shall be modified by adding thereto the sum of the following amounts:

(B) An amount equal to the amount of tax imposed by this Act to the extent deducted from gross income in the computation of adjusted gross income for the taxable year;

(C) An amount equal to the amount received during the taxable year as a recovery or refund of real property taxes paid with respect to the taxpayer's principal residence under the Revenue Act of 1939 and for which a deduction was previously taken under subparagraph (L) of this paragraph (2) prior to July

1, 1991, the retrospective application date of Article 4 of Public Act 87-17. In the case of multi-unit or multi-use structures and farm dwellings, the taxes on the taxpayer's principal residence shall be that portion of the total taxes for the entire property which is attributable to such principal residence;

(D) An amount equal to the amount of the capital gain deduction allowable under the Internal Revenue Code, to the extent deducted from gross income in the computation of adjusted gross income;

(D-5) An amount, to the extent not included in adjusted gross income, equal to the amount of money withdrawn by the taxpayer in the taxable year from a medical care savings account and the interest earned on the account in the taxable year of a withdrawal pursuant to subsection (b) of Section 20 of the Medical Care Savings Account Act or subsection (b) of Section 20 of the Medical Care Savings Account Act of 2000;

(D-10) For taxable years ending after December 31, 1997, an amount equal to any eligible remediation costs that the individual deducted in computing adjusted gross income and for which the individual claims a credit under subsection (1) of Section 201;

on the taxpayer's federal income tax return for the taxable year under subsection (k) of Section 168 of the Internal Revenue Code;

(D-16) If the taxpayer sells, transfers, abandons, or otherwise disposes of property for which the taxpayer was required in any taxable year to make an addition modification under subparagraph (D-15), then an amount equal to the aggregate amount of the deductions taken in all taxable years under subparagraph (Z) with respect to that property.

If the taxpayer continues to own property through the last day of the last tax year for which a subtraction is allowed with respect to that property under subparagraph (Z) and for which the taxpayer was allowed in any taxable year to make a subtraction modification under subparagraph (Z), then an amount equal to that subtraction modification.

The taxpayer is required to make the addition modification under this subparagraph only once with respect to any one piece of property;

fact that foreign person's business activity outside the United States is 80% or more of the foreign person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income under Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the interest was paid, accrued, or incurred.

(b) the transaction giving rise to the interest expense between the taxpayer and the person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects an arm's-length interest rate and terms; or

(iii) the taxpayer can establish, based on clear and convincing evidence, that the interest paid, accrued, or incurred relates to a contract or agreement entered into at arm's-length rates and terms and the principal purpose for the payment is not federal or Illinois tax avoidance; or

(iv) an item of interest paid, accrued, or incurred, directly or indirectly, to a person if

the taxpayer establishes by clear and convincing evidence that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f).

(D-18) An amount equal to the amount of intangible expenses and costs otherwise allowed as a deduction in computing base income, and that were paid, accrued, or incurred, directly or indirectly, (i) for taxable years ending on or after December 31, 2004, to a foreign person who would be a member of the same unitary business group but for the fact that the foreign person's business activity outside the United States is 80% or more of that person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that

the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income under Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the intangible expenses and costs were directly or indirectly paid, incurred, or accrued. The preceding sentence does not apply to the extent that the same dividends caused a reduction to the addition modification required under Section 203(a)(2)(D-17) of this Act. As used in this subparagraph, the term "intangible expenses and costs" includes (1) expenses, losses, and costs for, or related to, the direct or indirect acquisition, use, maintenance or management, ownership, sale, exchange, or any other disposition of intangible property; (2) losses incurred, directly or indirectly, from factoring transactions or discounting

(ii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, if the taxpayer can establish, based on a preponderance of the evidence, both of the following:

(a) the person during the same taxable year paid, accrued, or incurred, the intangible expense or cost to a person that is not a related member, and

(b) the transaction giving rise to the intangible expense or cost between the

taxpayer and the person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects arm's-length terms; or

(iii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, from a transaction with a person if the taxpayer establishes by clear and convincing evidence, that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f);

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act;

(D-19) For taxable years ending on or after December 31, 2008, an amount equal to the amount of insurance premium expenses and costs otherwise allowed

as a deduction in computing base income, and that were paid, accrued, or incurred, directly or indirectly, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income under Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the premiums and costs were directly or indirectly paid, incurred, or accrued. The preceding sentence does not apply to the extent that the same dividends caused a reduction to the addition modification required under Section 203(a)(2)(D-17) or Section 203(a)(2)(D-18) of this Act;

(D-20) For taxable years beginning on or after January 1, 2002 and ending on or before December 31,

the United States is 80% or more of the foreign person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income pursuant to Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the interest was paid, accrued, or incurred.

This paragraph shall not apply to the following:

(i) an item of interest paid, accrued, or incurred, directly or indirectly, to a person who is subject in a foreign country or state, other than a state which requires mandatory unitary reporting, to a tax on or measured by net income

(a) the person, during the same taxable year, paid, accrued, or incurred, the interest to a person that is not a related member, and

(b) the transaction giving rise to the interest expense between the taxpayer and the person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects an arm's-length interest rate and terms; or

(iii) the taxpayer can establish, based on clear and convincing evidence, that the interest paid, accrued, or incurred relates to a contract or agreement entered into at arm's-length rates and terms and the principal purpose for the payment is not federal or Illinois tax avoidance; or

(iv) an item of interest paid, accrued, or incurred, directly or indirectly, to a person if the taxpayer establishes by clear and convincing

evidence that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f).

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act;

(E-13) An amount equal to the amount of intangible expenses and costs otherwise allowed as a deduction in computing base income, and that were paid, accrued, or incurred, directly or indirectly, (i) for taxable years ending on or after December 31, 2004, to a foreign person who would be a member of the same unitary business group but for the fact that the foreign person's business activity outside the United States is 80% or more of that person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27)

from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income pursuant to Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the intangible expenses and costs were directly or indirectly paid, incurred, or accrued. The preceding sentence shall not apply to the extent that the same dividends caused a reduction to the addition modification required under Section 203(b)(2)(E-12) of this Act. As used in this subparagraph, the term "intangible expenses and costs" includes (1) expenses, losses, and costs for, or related to, the direct or indirect acquisition, use, maintenance or management, ownership, sale, exchange, or any other disposition of intangible property; (2) losses incurred, directly or indirectly, from factoring transactions or discounting transactions; (3) royalty, patent, technical, and

copyright fees; (4) licensing fees; and (5) other similar expenses and costs. For purposes of this subparagraph, "intangible property" includes patents, patent applications, trade names, trademarks, service marks, copyrights, mask works, trade secrets, and similar types of intangible assets.

This paragraph shall not apply to the following:

(i) any item of intangible expenses or costs paid, accrued, or incurred, directly or indirectly, from a transaction with a person who is subject in a foreign country or state, other than a state which requires mandatory unitary reporting, to a tax on or measured by net income with respect to such item; or

(ii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, if the taxpayer can establish, based on a preponderance of the evidence, both of the following:

(a) the person during the same taxable year paid, accrued, or incurred, the intangible expense or cost to a person that is not a related member, and

(b) the transaction giving rise to the intangible expense or cost between the taxpayer and the person did not have as a

principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects arm's-length terms; or

(iii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, from a transaction with a person if the taxpayer establishes by clear and convincing evidence, that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f);

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act;

(E-14) For taxable years ending on or after December 31, 2008, an amount equal to the amount of insurance premium expenses and costs otherwise allowed as a deduction in computing base income, and that were

paid, accrued, or incurred, directly or indirectly, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income under Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the premiums and costs were directly or indirectly paid, incurred, or accrued. The preceding sentence does not apply to the extent that the same dividends caused a reduction to the addition modification required under Section 203(b)(2)(E-12) or Section 203(b)(2)(E-13) of this Act;

(E-15) For taxable years beginning after December 31, 2008, any deduction for dividends paid by a captive real estate investment trust that is allowed

(E-21) the amount that is claimed as a federal deduction when computing the taxpayer's federal taxable income for the taxable year and that is

for tax years ending on or after December 31, 2011, amounts disallowed as deductions by Section 45G(e)(3) of the Internal Revenue Code and, for taxable years ending on or after December 31, 2008, any amount included in gross income under Section 87 of the Internal Revenue Code and the policyholders' share of tax-exempt interest of a life insurance company under Section 807(a)(2)(B) of the Internal Revenue Code (in the case of a life insurance company with gross income from a decrease in reserves for the tax year) or Section 807(b)(1)(B) of the Internal Revenue Code (in the case of a life insurance company allowed a deduction for an increase in reserves for the tax year); the provisions of this subparagraph are exempt from the provisions of Section 250;

To determine the portion of a loan or loans that is secured by property eligible for a Section 201(f) investment credit to the borrower, the entire principal amount of the loan or loans between the taxpayer and the borrower should be

divided into the basis of the Section 201(f) investment credit property which secures the loan or loans, using for this purpose the original basis of such property on the date that it was placed in service in the River Edge Redevelopment Zone. The subtraction modification available to the taxpayer in any year under this subsection shall be that portion of the total interest paid by the borrower with respect to such loan attributable to the eligible property as calculated under the previous sentence. This subparagraph (M) is exempt from the provisions of Section 250;

The aggregate amount deducted under this subparagraph in all taxable years for any one piece of property may not exceed the amount of the bonus depreciation deduction taken on that property on the taxpayer's federal income tax return under subsection (k) of Section 168 of the Internal Revenue Code. not to exceed the addition modification required to be made for the same taxable year under Section 203(b)(2)(E-12) for interest paid, accrued, or incurred, directly or indirectly, to the same person. This subparagraph (W) is exempt from the provisions of Section 250;

(X) An amount equal to the income from intangible property taken into account for the taxable year (net of the deductions allocable thereto) with respect to transactions with (i) a foreign person who would be a member of the taxpayer's unitary business group but for the fact that the foreign person's business activity outside the United States is 80% or more of that person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304, but not to exceed the addition modification required to be made for the same taxable year under Section 203(b)(2)(E-13) for intangible expenses and costs paid, accrued, or incurred, directly or indirectly, to the same foreign person. This subparagraph (X) is

exempt from the provisions of Section 250;

(c) Trusts and estates.

(1) In general. In the case of a trust or estate, base income means an amount equal to the taxpayer's taxable income for the taxable year as modified by paragraph (2).

(B) In the case of (i) an estate, \$600; (ii) a trust which, under its governing instrument, is required to distribute all of its income currently, \$300; and (iii) any other trust, \$100, but in each such case, only to the extent such amount was deducted in the computation of taxable income;

(e), the amount by which addition modifications other than those provided by this subparagraph (E) exceeded subtraction modifications in such taxable year, with the following limitations applied in the order that they are listed:

(i) the addition modification relating to the net operating loss carried back or forward to the taxable year from any taxable year ending prior to December 31, 1986 shall be reduced by the amount of addition modification under this subparagraph (E) which related to that net operating loss and which was taken into account in calculating the base income of an earlier taxable year, and

(ii) the addition modification relating to the net operating loss carried back or forward to the taxable year from any taxable year ending prior to December 31, 1986 shall not exceed the amount of such carryback or carryforward;

For taxable years in which there is a net operating loss carryback or carryforward from more than one other taxable year ending prior to December 31, 1986, the addition modification provided in this subparagraph (E) shall be the sum of the amounts computed independently under the preceding provisions of this subparagraph (E) for each such taxable year;

(F) For taxable years ending on or after January

subparagraph (R) with respect to that property.

If the taxpayer continues to own property through the last day of the last tax year for which a subtraction is allowed with respect to that property under subparagraph (R) and for which the taxpayer was allowed in any taxable year to make a subtraction modification under subparagraph (R), then an amount equal to that subtraction modification.

The taxpayer is required to make the addition modification under this subparagraph only once with respect to any one piece of property;

(G-12) An amount equal to the amount otherwise allowed as a deduction in computing base income for interest paid, accrued, or incurred, directly or indirectly, (i) for taxable years ending on or after December 31, 2004, to a foreign person who would be a member of the same unitary business group but for the fact that the foreign person's business activity outside the United States is 80% or more of the foreign person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different

subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income pursuant to Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the interest was paid, accrued, or incurred.

This paragraph shall not apply to the following:

(i) an item of interest paid, accrued, or incurred, directly or indirectly, to a person who is subject in a foreign country or state, other than a state which requires mandatory unitary reporting, to a tax on or measured by net income with respect to such interest; or

(ii) an item of interest paid, accrued, or incurred, directly or indirectly, to a person if the taxpayer can establish, based on a preponderance of the evidence, both of the following:

(a) the person, during the same taxable year, paid, accrued, or incurred, the interest

to a person that is not a related member, and

(b) the transaction giving rise to the interest expense between the taxpayer and the person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects an arm's-length interest rate and terms; or

(iii) the taxpayer can establish, based on clear and convincing evidence, that the interest paid, accrued, or incurred relates to a contract or agreement entered into at arm's-length rates and terms and the principal purpose for the payment is not federal or Illinois tax avoidance; or

(iv) an item of interest paid, accrued, or incurred, directly or indirectly, to a person if the taxpayer establishes by clear and convincing evidence that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f).

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective

date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act;

(G-13) An amount equal to the amount of intangible expenses and costs otherwise allowed as a deduction in computing base income, and that were paid, accrued, or incurred, directly or indirectly, (i) for taxable years ending on or after December 31, 2004, to a foreign person who would be a member of the same unitary business group but for the fact that the foreign person's business activity outside the United States is 80% or more of that person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary

business group (including amounts included in gross income pursuant to Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the intangible expenses and costs were directly or indirectly paid, incurred, or accrued. The preceding sentence shall not apply to the extent that the same dividends caused a reduction to the addition modification required under Section 203(c)(2)(G-12) of this Act. As used in this subparagraph, the term "intangible expenses and costs" includes: (1) expenses, losses, and costs for or related to the direct or indirect acquisition, use, maintenance or management, ownership, sale, exchange, or any other disposition of intangible property; (2) losses incurred, directly or indirectly, from factoring transactions or discounting transactions; (3) royalty, patent, technical, and copyright fees; (4) licensing fees; and (5) other similar expenses and costs. For purposes of this subparagraph, "intangible property" includes patents, patent applications, trade names, trademarks, service marks, copyrights, mask works, trade secrets, and similar types of intangible assets.

This paragraph shall not apply to the following:

- (i) any item of intangible expenses or costs

paid, accrued, or incurred, directly or indirectly, from a transaction with a person who is subject in a foreign country or state, other than a state which requires mandatory unitary reporting, to a tax on or measured by net income with respect to such item; or

(ii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, if the taxpayer can establish, based on a preponderance of the evidence, both of the following:

(a) the person during the same taxable year paid, accrued, or incurred, the intangible expense or cost to a person that is not a related member, and

(b) the transaction giving rise to the intangible expense or cost between the taxpayer and the person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects arm's-length terms; or

(iii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, from a transaction with a person if the taxpayer establishes by clear and convincing

evidence, that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f);

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act;

(G-14) For taxable years ending on or after December 31, 2008, an amount equal to the amount of insurance premium expenses and costs otherwise allowed as a deduction in computing base income, and that were paid, accrued, or incurred, directly or indirectly, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph

shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income under Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the premiums and costs were directly or indirectly paid, incurred, or accrued. The preceding sentence does not apply to the extent that the same dividends caused a reduction to the addition modification required under Section 203(c)(2)(G-12) or Section 203(c)(2)(G-13) of this Act;

(G-15) An amount equal to the credit allowable to the taxpayer under Section 218(a) of this Act, determined without regard to Section 218(c) of this Act;

(L) With the exception of any amounts subtracted under subparagraph (K), an amount equal to the sum of all amounts disallowed as deductions by (i) Sections 171(a)(2) and 265(a)(2) of the Internal Revenue Code, and all amounts of expenses allocable to interest and disallowed as deductions by Section 265(a)(1) of the Internal Revenue Code; and (ii) for taxable years ending on or after August 13, 1999, Sections 171(a)(2), 265, 280C, and 832(b)(5)(B)(i) of the Internal Revenue Code, plus, (iii) for taxable years ending on or after December 31, 2011, Section 45G(e)(3) of the Internal Revenue Code and, for taxable years ending on or after December 31, 2008, any amount included in gross income under Section 87 of the Internal Revenue Code; the provisions of this subparagraph are exempt from the provisions of Section 250;

(P) An amount equal to the amount of the deduction used to compute the federal income tax credit for restoration of substantial amounts held under claim of right for the taxable year pursuant to Section 1341 of the Internal Revenue Code;

(Q) For taxable year 1999 and thereafter, an amount equal to the amount of any (i) distributions, to the extent includible in gross income for federal income tax purposes, made to the taxpayer because of his or her status as a victim of persecution for racial

for federal income tax purposes. This paragraph is exempt from the provisions of Section 250;

(R) For taxable years 2001 and thereafter, for the taxable year in which the bonus depreciation deduction is taken on the taxpayer's federal income tax return under subsection (k) of Section 168 of the Internal Revenue Code and for each applicable taxable year thereafter, an amount equal to "x", where:

(2) for taxable years ending on or before December 31, 2005, "x" equals "y" multiplied by 30 and then divided by 70 (or "y" multiplied by 0.429); and

(i) for property on which a bonus depreciation deduction of 30% of the adjusted basis was taken, "x" equals "y" multiplied by 30 and then divided by 70 (or "y" multiplied by 0.429);

(ii) for property on which a bonus depreciation deduction of 50% of the adjusted basis was taken, "x" equals "y" multiplied by 1.0;

(iii) for property on which a bonus depreciation deduction of 100% of the adjusted basis was taken in a taxable year ending on or after December 31, 2021, "x" equals the depreciation deduction that would be allowed on that property if the taxpayer had made the election under Section 168(k)(7) of the Internal Revenue Code to not claim bonus depreciation on that property; and

The aggregate amount deducted under this subparagraph in all taxable years for any one piece of property may not exceed the amount of the bonus

(S) If the taxpayer sells, transfers, abandons, or otherwise disposes of property for which the taxpayer was required in any taxable year to make an addition modification under subparagraph (G-10), then an amount equal to that addition modification.

If the taxpayer continues to own property through the last day of the last tax year for which a subtraction is allowed with respect to that property under subparagraph (R) and for which the taxpayer was required in any taxable year to make an addition modification under subparagraph (G-10), then an amount equal to that addition modification.

The taxpayer is allowed to take the deduction under this subparagraph only once with respect to any one piece of property.

This subparagraph (S) is exempt from the provisions of Section 250;

This subparagraph (T) is exempt from the provisions of Section 250;

(U) An amount equal to the interest income taken into account for the taxable year (net of the deductions allocable thereto) with respect to transactions with (i) a foreign person who would be a member of the taxpayer's unitary business group but for the fact the foreign person's business activity outside the United States is 80% or more of that person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily

required to apportion business income under different subsections of Section 304, but not to exceed the addition modification required to be made for the same taxable year under Section 203(c)(2)(G-12) for interest paid, accrued, or incurred, directly or indirectly, to the same person. This subparagraph (U) is exempt from the provisions of Section 250;

(V) An amount equal to the income from intangible property taken into account for the taxable year (net of the deductions allocable thereto) with respect to transactions with (i) a foreign person who would be a member of the taxpayer's unitary business group but for the fact that the foreign person's business activity outside the United States is 80% or more of that person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304, but not to exceed the addition modification required to be made for the same taxable year under Section 203(c)(2)(G-13) for intangible expenses and costs paid, accrued, or incurred, directly or indirectly, to

the same foreign person. This subparagraph (V) is exempt from the provisions of Section 250;

(W) in the case of an estate, an amount equal to all amounts included in such total pursuant to the provisions of Section 111 of the Internal Revenue Code as a recovery of items previously deducted by the decedent from adjusted gross income in the computation of taxable income. This subparagraph (W) is exempt from Section 250;

(X) an amount equal to the refund included in such total of any tax deducted for federal income tax purposes, to the extent that deduction was added back under subparagraph (F). This subparagraph (X) is exempt from the provisions of Section 250;

(Y) For taxable years ending on or after December 31, 2011, in the case of a taxpayer who was required to add back any insurance premiums under Section 203(c)(2)(G-14), such taxpayer may elect to subtract that part of a reimbursement received from the insurance company equal to the amount of the expense or loss (including expenses incurred by the insurance company) that would have been taken into account as a deduction for federal income tax purposes if the expense or loss had been uninsured. If a taxpayer makes the election provided for by this subparagraph (Y), the insurer to which the premiums were paid must

add back to income the amount subtracted by the taxpayer pursuant to this subparagraph (Y). This subparagraph (Y) is exempt from the provisions of Section 250;

(Z) For taxable years beginning after December 31, 2018 and before January 1, 2026, the amount of excess business loss of the taxpayer disallowed as a deduction by Section 461(l)(1)(B) of the Internal Revenue Code; and

(AA) For taxable years beginning on or after January 1, 2023, for any cannabis establishment operating in this State and licensed under the Cannabis Regulation and Tax Act or any cannabis cultivation center or medical cannabis dispensing organization operating in this State and licensed under the Compassionate Use of Medical Cannabis Program Act, an amount equal to the deductions that were disallowed under Section 280E of the Internal Revenue Code for the taxable year and that would not be added back under this subsection. The provisions of this subparagraph (AA) are exempt from the provisions of Section 250.

(3) Limitation. The amount of any modification otherwise required under this subsection shall, under regulations prescribed by the Department, be adjusted by any amounts included therein which were properly paid,

credited, or required to be distributed, or permanently set aside for charitable purposes pursuant to Internal Revenue Code Section 642(c) during the taxable year.

(d) Partnerships.

(1) In general. In the case of a partnership, base income means an amount equal to the taxpayer's taxable income for the taxable year as modified by paragraph (2).

(2) Modifications. The taxable income referred to in paragraph (1) shall be modified by adding thereto the sum of the following amounts:

(A) An amount equal to all amounts paid or accrued to the taxpayer as interest or dividends during the taxable year to the extent excluded from gross income in the computation of taxable income;

(B) An amount equal to the amount of tax imposed by this Act to the extent deducted from gross income for the taxable year;

(C) The amount of deductions allowed to the partnership pursuant to Section 707 (c) of the Internal Revenue Code in calculating its taxable income;

(D) An amount equal to the amount of the capital gain deduction allowable under the Internal Revenue Code, to the extent deducted from gross income in the computation of taxable income;

(D-5) For taxable years 2001 and thereafter, an amount equal to the bonus depreciation deduction taken on the taxpayer's federal income tax return for the taxable year under subsection (k) of Section 168 of the Internal Revenue Code;

(D-6) If the taxpayer sells, transfers, abandons, or otherwise disposes of property for which the taxpayer was required in any taxable year to make an addition modification under subparagraph (D-5), then an amount equal to the aggregate amount of the deductions taken in all taxable years under subparagraph (O) with respect to that property.

If the taxpayer continues to own property through the last day of the last tax year for which a subtraction is allowed with respect to that property under subparagraph (O) and for which the taxpayer was allowed in any taxable year to make a subtraction modification under subparagraph (O), then an amount equal to that subtraction modification.

The taxpayer is required to make the addition modification under this subparagraph only once with respect to any one piece of property;

(D-7) An amount equal to the amount otherwise allowed as a deduction in computing base income for interest paid, accrued, or incurred, directly or indirectly, (i) for taxable years ending on or after

December 31, 2004, to a foreign person who would be a member of the same unitary business group but for the fact the foreign person's business activity outside the United States is 80% or more of the foreign person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income pursuant to Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the interest was paid, accrued, or incurred.

This paragraph shall not apply to the following:

- (i) an item of interest paid, accrued, or incurred, directly or indirectly, to a person who

is subject in a foreign country or state, other than a state which requires mandatory unitary reporting, to a tax on or measured by net income with respect to such interest; or

(ii) an item of interest paid, accrued, or incurred, directly or indirectly, to a person if the taxpayer can establish, based on a preponderance of the evidence, both of the following:

(a) the person, during the same taxable year, paid, accrued, or incurred, the interest to a person that is not a related member, and

(b) the transaction giving rise to the interest expense between the taxpayer and the person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects an arm's-length interest rate and terms; or

(iii) the taxpayer can establish, based on clear and convincing evidence, that the interest paid, accrued, or incurred relates to a contract or agreement entered into at arm's-length rates and terms and the principal purpose for the payment is not federal or Illinois tax avoidance; or

(iv) an item of interest paid, accrued, or incurred, directly or indirectly, to a person if the taxpayer establishes by clear and convincing evidence that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f).

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act; and

(D-8) An amount equal to the amount of intangible expenses and costs otherwise allowed as a deduction in computing base income, and that were paid, accrued, or incurred, directly or indirectly, (i) for taxable years ending on or after December 31, 2004, to a foreign person who would be a member of the same unitary business group but for the fact that the foreign person's business activity outside the United States is 80% or more of that person's total business activity and (ii) for taxable years ending on or after

December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income pursuant to Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the intangible expenses and costs were directly or indirectly paid, incurred or accrued. The preceding sentence shall not apply to the extent that the same dividends caused a reduction to the addition modification required under Section 203(d)(2)(D-7) of this Act. As used in this subparagraph, the term "intangible expenses and costs" includes (1) expenses, losses, and costs for, or related to, the direct or indirect acquisition, use, maintenance or management, ownership, sale, exchange, or any other disposition of

intangible property; (2) losses incurred, directly or indirectly, from factoring transactions or discounting transactions; (3) royalty, patent, technical, and copyright fees; (4) licensing fees; and (5) other similar expenses and costs. For purposes of this subparagraph, "intangible property" includes patents, patent applications, trade names, trademarks, service marks, copyrights, mask works, trade secrets, and similar types of intangible assets;

This paragraph shall not apply to the following:

(i) any item of intangible expenses or costs paid, accrued, or incurred, directly or indirectly, from a transaction with a person who is subject in a foreign country or state, other than a state which requires mandatory unitary reporting, to a tax on or measured by net income with respect to such item; or

(ii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, if the taxpayer can establish, based on a preponderance of the evidence, both of the following:

(a) the person during the same taxable year paid, accrued, or incurred, the intangible expense or cost to a person that is not a related member, and

(b) the transaction giving rise to the intangible expense or cost between the taxpayer and the person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects arm's-length terms; or

(iii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, from a transaction with a person if the taxpayer establishes by clear and convincing evidence, that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f);

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act;

(D-9) For taxable years ending on or after

December 31, 2008, an amount equal to the amount of insurance premium expenses and costs otherwise allowed as a deduction in computing base income, and that were paid, accrued, or incurred, directly or indirectly, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income under Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the premiums and costs were directly or indirectly paid, incurred, or accrued. The preceding sentence does not apply to the extent that the same dividends caused a reduction to the addition modification required under Section 203(d)(2)(D-7) or Section 203(d)(2)(D-8) of this Act;

(D-10) An amount equal to the credit allowable to

the taxpayer under Section 218(a) of this Act, determined without regard to Section 218(c) of this Act;

(D-11) For taxable years ending on or after December 31, 2017, an amount equal to the deduction allowed under Section 199 of the Internal Revenue Code for the taxable year;

(D-12) the amount that is claimed as a federal deduction when computing the taxpayer's federal taxable income for the taxable year and that is attributable to an endowment gift for which the taxpayer receives a credit under the Illinois Gives Tax Credit Act;

and by deducting from the total so obtained the following amounts:

(E) The valuation limitation amount;

(F) An amount equal to the amount of any tax imposed by this Act which was refunded to the taxpayer and included in such total for the taxable year;

(G) An amount equal to all amounts included in taxable income as modified by subparagraphs (A), (B), (C) and (D) which are exempt from taxation by this State either by reason of its statutes or Constitution or by reason of the Constitution, treaties or statutes of the United States; provided that, in the case of any statute of this State that exempts income derived from

bonds or other obligations from the tax imposed under this Act, the amount exempted shall be the interest net of bond premium amortization;

(H) Any income of the partnership which constitutes personal service income as defined in Section 1348(b)(1) of the Internal Revenue Code (as in effect December 31, 1981) or a reasonable allowance for compensation paid or accrued for services rendered by partners to the partnership, whichever is greater; this subparagraph (H) is exempt from the provisions of Section 250;

(I) An amount equal to all amounts of income distributable to an entity subject to the Personal Property Tax Replacement Income Tax imposed by subsections (c) and (d) of Section 201 of this Act including amounts distributable to organizations exempt from federal income tax by reason of Section 501(a) of the Internal Revenue Code; this subparagraph (I) is exempt from the provisions of Section 250;

(J) With the exception of any amounts subtracted under subparagraph (G), an amount equal to the sum of all amounts disallowed as deductions by (i) Sections 171(a)(2) and 265(a)(2) of the Internal Revenue Code, and all amounts of expenses allocable to interest and disallowed as deductions by Section 265(a)(1) of the Internal Revenue Code; and (ii) for taxable years

ending on or after August 13, 1999, Sections 171(a)(2), 265, 280C, and 832(b)(5)(B)(i) of the Internal Revenue Code, plus, (iii) for taxable years ending on or after December 31, 2011, Section 45G(e)(3) of the Internal Revenue Code and, for taxable years ending on or after December 31, 2008, any amount included in gross income under Section 87 of the Internal Revenue Code; the provisions of this subparagraph are exempt from the provisions of Section 250;

This subparagraph (K) is exempt from the provisions of Section 250;

(L) An amount equal to any contribution made to a job training project established pursuant to the Real Property Tax Increment Allocation Redevelopment Act;

(M) An amount equal to those dividends included in such total that were paid by a corporation that conducts business operations in a federally designated Foreign Trade Zone or Sub-Zone and that is designated a High Impact Business located in Illinois; provided

that dividends eligible for the deduction provided in subparagraph (K) of paragraph (2) of this subsection shall not be eligible for the deduction provided under this subparagraph (M);

(N) An amount equal to the amount of the deduction used to compute the federal income tax credit for restoration of substantial amounts held under claim of right for the taxable year pursuant to Section 1341 of the Internal Revenue Code;

(O) For taxable years 2001 and thereafter, for the taxable year in which the bonus depreciation deduction is taken on the taxpayer's federal income tax return under subsection (k) of Section 168 of the Internal Revenue Code and for each applicable taxable year thereafter, an amount equal to "x", where:

(1) "y" equals the amount of the depreciation deduction taken for the taxable year on the taxpayer's federal income tax return on property for which the bonus depreciation deduction was taken in any year under subsection (k) of Section 168 of the Internal Revenue Code, but not including the bonus depreciation deduction;

(2) for taxable years ending on or before December 31, 2005, "x" equals "y" multiplied by 30 and then divided by 70 (or "y" multiplied by 0.429); and

(3) for taxable years ending after December 31, 2005:

(i) for property on which a bonus depreciation deduction of 30% of the adjusted basis was taken, "x" equals "y" multiplied by 30 and then divided by 70 (or "y" multiplied by 0.429);

on the property (that is, $100(\text{bonus}\%)$) and then divided by 100 times 1 minus the percentage bonus depreciation on the property (that is, $100(1-\text{bonus}\%)$).

The aggregate amount deducted under this subparagraph in all taxable years for any one piece of property may not exceed the amount of the bonus depreciation deduction taken on that property on the taxpayer's federal income tax return under subsection (k) of Section 168 of the Internal Revenue Code. This subparagraph (O) is exempt from the provisions of Section 250;

This subparagraph (R) is exempt from Section 250;

(S) An amount equal to the income from intangible property taken into account for the taxable year (net of the deductions allocable thereto) with respect to transactions with (i) a foreign person who would be a member of the taxpayer's unitary business group but for the fact that the foreign person's business activity outside the United States is 80% or more of that person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being

included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304, but not to exceed the addition modification required to be made for the same taxable year under Section 203(d)(2)(D-8) for intangible expenses and costs paid, accrued, or incurred, directly or indirectly, to the same person. This subparagraph (S) is exempt from Section 250;

(T) For taxable years ending on or after December 31, 2011, in the case of a taxpayer who was required to add back any insurance premiums under Section 203(d)(2)(D-9), such taxpayer may elect to subtract that part of a reimbursement received from the insurance company equal to the amount of the expense or loss (including expenses incurred by the insurance company) that would have been taken into account as a deduction for federal income tax purposes if the expense or loss had been uninsured. If a taxpayer makes the election provided for by this subparagraph (T), the insurer to which the premiums were paid must add back to income the amount subtracted by the taxpayer pursuant to this subparagraph (T). This subparagraph (T) is exempt from the provisions of Section 250; and

(U) For taxable years beginning on or after

January 1, 2023, for any cannabis establishment operating in this State and licensed under the Cannabis Regulation and Tax Act or any cannabis cultivation center or medical cannabis dispensing organization operating in this State and licensed under the Compassionate Use of Medical Cannabis Program Act, an amount equal to the deductions that were disallowed under Section 280E of the Internal Revenue Code for the taxable year and that would not be added back under this subsection. The provisions of this subparagraph (U) are exempt from the provisions of Section 250.

(e) Gross income; adjusted gross income; taxable income.

(1) In general. Subject to the provisions of paragraph (2) and subsection (b)(3), for purposes of this Section and Section 803(e), a taxpayer's gross income, adjusted gross income, or taxable income for the taxable year shall mean the amount of gross income, adjusted gross income or taxable income properly reportable for federal income tax purposes for the taxable year under the provisions of the Internal Revenue Code. Taxable income may be less than zero. However, for taxable years ending on or after December 31, 1986, net operating loss carryforwards from taxable years ending prior to December 31, 1986, may not exceed the sum of federal taxable income for the taxable

year before net operating loss deduction, plus the excess of addition modifications over subtraction modifications for the taxable year. For taxable years ending prior to December 31, 1986, taxable income may never be an amount in excess of the net operating loss for the taxable year as defined in subsections (c) and (d) of Section 172 of the Internal Revenue Code, provided that when taxable income of a corporation (other than a Subchapter S corporation), trust, or estate is less than zero and addition modifications, other than those provided by subparagraph (E) of paragraph (2) of subsection (b) for corporations or subparagraph (E) of paragraph (2) of subsection (c) for trusts and estates, exceed subtraction modifications, an addition modification must be made under those subparagraphs for any other taxable year to which the taxable income less than zero (net operating loss) is applied under Section 172 of the Internal Revenue Code or under subparagraph (E) of paragraph (2) of this subsection (e) applied in conjunction with Section 172 of the Internal Revenue Code.

(2) Special rule. For purposes of paragraph (1) of this subsection, the taxable income properly reportable for federal income tax purposes shall mean:

(A) Certain life insurance companies. In the case of a life insurance company subject to the tax imposed by Section 801 of the Internal Revenue Code, life

insurance company taxable income, plus the amount of distribution from pre-1984 policyholder surplus accounts as calculated under Section 815a of the Internal Revenue Code;

(B) Certain other insurance companies. In the case of mutual insurance companies subject to the tax imposed by Section 831 of the Internal Revenue Code, insurance company taxable income;

(C) Regulated investment companies. In the case of a regulated investment company subject to the tax imposed by Section 852 of the Internal Revenue Code, investment company taxable income;

(D) Real estate investment trusts. In the case of a real estate investment trust subject to the tax imposed by Section 857 of the Internal Revenue Code, real estate investment trust taxable income;

(E) Consolidated corporations. In the case of a corporation which is a member of an affiliated group of corporations filing a consolidated income tax return for the taxable year for federal income tax purposes, taxable income determined as if such corporation had filed a separate return for federal income tax purposes for the taxable year and each preceding taxable year for which it was a member of an affiliated group. For purposes of this subparagraph, the taxpayer's separate taxable income shall be

determined as if the election provided by Section 243(b)(2) of the Internal Revenue Code had been in effect for all such years;

(F) Cooperatives. In the case of a cooperative corporation or association, the taxable income of such organization determined in accordance with the provisions of Section 1381 through 1388 of the Internal Revenue Code, but without regard to the prohibition against offsetting losses from patronage activities against income from nonpatronage activities; except that a cooperative corporation or association may make an election to follow its federal income tax treatment of patronage losses and nonpatronage losses. In the event such election is made, such losses shall be computed and carried over in a manner consistent with subsection (a) of Section 207 of this Act and apportioned by the apportionment factor reported by the cooperative on its Illinois income tax return filed for the taxable year in which the losses are incurred. The election shall be effective for all taxable years with original returns due on or after the date of the election. In addition, the cooperative may file an amended return or returns, as allowed under this Act, to provide that the election shall be effective for losses incurred or carried forward for taxable years occurring prior to

the date of the election. Once made, the election may only be revoked upon approval of the Director. The Department shall adopt rules setting forth requirements for documenting the elections and any resulting Illinois net loss and the standards to be used by the Director in evaluating requests to revoke elections. Public Act 96-932 is declaratory of existing law;

(G) Subchapter S corporations. In the case of: (i) a Subchapter S corporation for which there is in effect an election for the taxable year under Section 1362 of the Internal Revenue Code, the taxable income of such corporation determined in accordance with Section 1363(b) of the Internal Revenue Code, except that taxable income shall take into account those items which are required by Section 1363(b)(1) of the Internal Revenue Code to be separately stated; and (ii) a Subchapter S corporation for which there is in effect a federal election to opt out of the provisions of the Subchapter S Revision Act of 1982 and have applied instead the prior federal Subchapter S rules as in effect on July 1, 1982, the taxable income of such corporation determined in accordance with the federal Subchapter S rules as in effect on July 1, 1982; and

(H) Partnerships. In the case of a partnership,

taxable income determined in accordance with Section 703 of the Internal Revenue Code, except that taxable income shall take into account those items which are required by Section 703(a)(1) to be separately stated but which would be taken into account by an individual in calculating his taxable income.

(3) Recapture of business expenses on disposition of asset or business. Notwithstanding any other law to the contrary, if in prior years income from an asset or business has been classified as business income and in a later year is demonstrated to be non-business income, then all expenses, without limitation, deducted in such later year and in the 2 immediately preceding taxable years related to that asset or business that generated the non-business income shall be added back and recaptured as business income in the year of the disposition of the asset or business. Such amount shall be apportioned to Illinois using the greater of the apportionment fraction computed for the business under Section 304 of this Act for the taxable year or the average of the apportionment fractions computed for the business under Section 304 of this Act for the taxable year and for the 2 immediately preceding taxable years.

(f) Valuation limitation amount.

(1) In general. The valuation limitation amount

referred to in subsections (a) (2) (G), (c) (2) (I) and (d) (2) (E) is an amount equal to:

(A) The sum of the pre-August 1, 1969 appreciation amounts (to the extent consisting of gain reportable under the provisions of Section 1245 or 1250 of the Internal Revenue Code) for all property in respect of which such gain was reported for the taxable year; plus

(B) The lesser of (i) the sum of the pre-August 1, 1969 appreciation amounts (to the extent consisting of capital gain) for all property in respect of which such gain was reported for federal income tax purposes for the taxable year, or (ii) the net capital gain for the taxable year, reduced in either case by any amount of such gain included in the amount determined under subsection (a) (2) (F) or (c) (2) (H).

(2) Pre-August 1, 1969 appreciation amount.

(A) If the fair market value of property referred to in paragraph (1) was readily ascertainable on August 1, 1969, the pre-August 1, 1969 appreciation amount for such property is the lesser of (i) the excess of such fair market value over the taxpayer's basis (for determining gain) for such property on that date (determined under the Internal Revenue Code as in effect on that date), or (ii) the total gain realized and reportable for federal income tax purposes in

respect of the sale, exchange or other disposition of such property.

(B) If the fair market value of property referred to in paragraph (1) was not readily ascertainable on August 1, 1969, the pre-August 1, 1969 appreciation amount for such property is that amount which bears the same ratio to the total gain reported in respect of the property for federal income tax purposes for the taxable year, as the number of full calendar months in that part of the taxpayer's holding period for the property ending July 31, 1969 bears to the number of full calendar months in the taxpayer's entire holding period for the property.

(C) The Department shall prescribe such regulations as may be necessary to carry out the purposes of this paragraph.

(g) Double deductions. Unless specifically provided otherwise, nothing in this Section shall permit the same item to be deducted more than once.

(h) Legislative intention. Except as expressly provided by this Section there shall be no modifications or limitations on the amounts of income, gain, loss or deduction taken into account in determining gross income, adjusted gross income or taxable income for federal income tax purposes for the taxable

year, or in the amount of such items entering into the computation of base income and net income under this Act for such taxable year, whether in respect of property values as of August 1, 1969 or otherwise.

Sec. 241. Credit for quantum computing campuses.

(a) A taxpayer who has been awarded a credit by the Department of Commerce and Economic Opportunity under Section 605-1115 ~~605-115~~ of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois is entitled to a credit against the taxes imposed under subsections (a) and (b) of Section 201 of this Act. The amount of the credit shall be 20% of the wages paid by the taxpayer during the taxable year to a full-time or part-time employee of a construction contractor employed in the construction of an eligible facility located on a quantum computing campus designated under Section 605-1115 ~~605-115~~ of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

(b) In no event shall a credit under this Section reduce the taxpayer's liability to less than zero. If the amount of the credit exceeds the tax liability for the year, the excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The tax credit shall be applied to the earliest year for which there is a tax liability. If there are credits for more than one year that are available to offset a liability, the earlier credit shall be applied first.

(c) A person claiming the credit allowed under this Section shall attach to its Illinois income tax return for the taxable year for which the credit is allowed a copy of the tax credit certificate issued by the Department of Commerce and Economic Opportunity.

(d) Partners and shareholders of Subchapter S corporations are entitled to a credit under this Section as provided in Section 251.

(e) As used in this Section, "eligible facility" means a building used primarily to house one or more of the following: a quantum computer operator; a research facility; a data center; a manufacturer and assembler of quantum computers and component parts; a cryogenic or refrigeration facility; or any other facility determined, by industry and academic leaders, to be fundamental to the research and development of quantum computing for practical solutions.

(f) This Section is exempt from the provisions of Section

250.

Sec. 242 ~~241~~. Music and Musicians Tax Credits and Jobs Act. Taxpayers who have been awarded a credit under the Music and Musicians Tax Credits and Jobs Act are entitled to a credit against the taxes imposed by subsections (a) and (b) of Section 201 of this Act in an amount determined by the Department of Commerce and Economic Opportunity under that Act. The credit shall be claimed in the taxable year in which the tax credit award certificate is issued, and the certificate shall be attached to the return. If the taxpayer is a partnership or Subchapter S corporation, the credit shall be allowed to the partners or shareholders in accordance with the provisions of Section 251.

The credit may not reduce the taxpayer's liability to less than zero. If the amount of the credit exceeds the tax liability for the year, the excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a tax liability. If there are credits from more than one tax year that are available to offset a liability, the earlier credit shall be applied first.

The tax credit shall be applied to the earliest year for which there is a tax liability. Sec. 244. Child tax credit.

(a) For the taxable years beginning on or after January 1, 2024, each individual taxpayer who has at least one qualifying child who is younger than 12 years of age as of the last day of the taxable year is entitled to a credit against the tax imposed by subsections (a) and (b) of Section 201. For tax years beginning on or after January 1, 2024 and before January 1, 2025, the credit shall be equal to 20% of the credit allowed to the taxpayer under Section 212 of this Act for that taxable year. For tax years beginning on or after January 1, 2025, the amount of the credit shall be equal to 40% of the credit allowed to the taxpayer under Section 212 of this Act for that taxable year.

(d) As used in this Section, "qualifying child" has the meaning given to that term in Section 152 of the Internal

Revenue Code.

(e) This Section is exempt from the provisions of Section 250.

(35 ILCS 5/304) (from Ch. 120, par. 3-304)

Sec. 304. Business income of persons other than residents.

(a) In general. The business income of a person other than a resident shall be allocated to this State if such person's business income is derived solely from this State. If a person other than a resident derives business income from this State and one or more other states, then, for tax years ending on or before December 30, 1998, and except as otherwise provided by this Section, such person's business income shall be apportioned to this State by multiplying the income by a fraction, the numerator of which is the sum of the property factor (if any), the payroll factor (if any) and 200% of the sales factor (if any), and the denominator of which is 4 reduced by the number of factors other than the sales factor which have a denominator of zero and by an additional 2 if the sales factor has a denominator of zero. For tax years ending on or after December 31, 1998, and except as otherwise provided by this Section, persons other than residents who derive business income from this State and one or more other states shall compute their apportionment factor by weighting their property, payroll, and sales factors as provided in subsection

(h) of this Section.

(1) Property factor.

(A) The property factor is a fraction, the numerator of which is the average value of the person's real and tangible personal property owned or rented and used in the trade or business in this State during the taxable year and the denominator of which is the average value of all the person's real and tangible personal property owned or rented and used in the trade or business during the taxable year.

(B) Property owned by the person is valued at its original cost. Property rented by the person is valued at 8 times the net annual rental rate. Net annual rental rate is the annual rental rate paid by the person less any annual rental rate received by the person from sub-rentals.

(C) The average value of property shall be determined by averaging the values at the beginning and ending of the taxable year, but the Director may require the averaging of monthly values during the taxable year if reasonably required to reflect properly the average value of the person's property.

(2) Payroll factor.

(A) The payroll factor is a fraction, the numerator of which is the total amount paid in this State during the taxable year by the person for compensation, and the

denominator of which is the total compensation paid everywhere during the taxable year.

(B) Compensation is paid in this State if:

(i) The individual's service is performed entirely within this State;

(ii) The individual's service is performed both within and without this State, but the service performed without this State is incidental to the individual's service performed within this State; or

(iii) For tax years ending prior to December 31, 2020, some of the service is performed within this State and either the base of operations, or if there is no base of operations, the place from which the service is directed or controlled is within this State, or the base of operations or the place from which the service is directed or controlled is not in any state in which some part of the service is performed, but the individual's residence is in this State. For tax years ending on or after December 31, 2020, compensation is paid in this State if some of the individual's service is performed within this State, the individual's service performed within this State is nonincidental to the individual's service performed without this State, and the individual's service is performed within this State for more than 30 working days during the tax year. The amount of compensation

paid in this State shall include the portion of the individual's total compensation for services performed on behalf of his or her employer during the tax year which the number of working days spent within this State during the tax year bears to the total number of working days spent both within and without this State during the tax year. For purposes of this paragraph:

(a) The term "working day" means all days during the tax year in which the individual performs duties on behalf of his or her employer. All days in which the individual performs no duties on behalf of his or her employer (e.g., weekends, vacation days, sick days, and holidays) are not working days.

(b) A working day is spent within this State if:

(1) the individual performs service on behalf of the employer and a greater amount of time on that day is spent by the individual performing duties on behalf of the employer within this State, without regard to time spent traveling, than is spent performing duties on behalf of the employer without this State; or

(2) the only service the individual performs on behalf of the employer on that day

is traveling to a destination within this State, and the individual arrives on that day.

(c) Working days spent within this State do not include any day in which the employee is performing services in this State during a disaster period solely in response to a request made to his or her employer by the government of this State, by any political subdivision of this State, or by a person conducting business in this State to perform disaster or emergency-related services in this State. For purposes of this item (c):

"Declared State disaster or emergency" means a disaster or emergency event (i) for which a Governor's proclamation of a state of emergency has been issued or (ii) for which a Presidential declaration of a federal major disaster or emergency has been issued.

"Disaster period" means a period that begins 10 days prior to the date of the Governor's proclamation or the President's declaration (whichever is earlier) and extends for a period of 60 calendar days after the end of the declared disaster or emergency period.

"Disaster or emergency-related services" means repairing, renovating, installing,

building, or rendering services or conducting other business activities that relate to infrastructure that has been damaged, impaired, or destroyed by the declared State disaster or emergency.

"Infrastructure" means property and equipment owned or used by a public utility, communications network, broadband and Internet ~~internet~~ service provider, cable and video service provider, electric or gas distribution system, or water pipeline that provides service to more than one customer or person, including related support facilities. "Infrastructure" includes, but is not limited to, real and personal property such as buildings, offices, power lines, cable lines, poles, communications lines, pipes, structures, and equipment.

(iv) Compensation paid to nonresident professional athletes.

(a) General. The Illinois source income of a nonresident individual who is a member of a professional athletic team includes the portion of the individual's total compensation for services performed as a member of a professional athletic team during the taxable year which the number of duty days spent

within this State performing services for the team in any manner during the taxable year bears to the total number of duty days spent both within and without this State during the taxable year.

(b) Travel days. Travel days that do not involve either a game, practice, team meeting, or other similar team event are not considered duty days spent in this State. However, such travel days are considered in the total duty days spent both within and without this State.

(c) Definitions. For purposes of this subpart (iv):

(1) The term "professional athletic team" includes, but is not limited to, any professional baseball, basketball, football, soccer, or hockey team.

(2) The term "member of a professional athletic team" includes those employees who are active players, players on the disabled list, and any other persons required to travel and who travel with and perform services on behalf of a professional athletic team on a regular basis. This includes, but is not limited to, coaches, managers, and trainers.

(3) Except as provided in items (C) and (D) of this subpart (3), the term "duty days" means all

days during the taxable year from the beginning of the professional athletic team's official pre-season training period through the last game in which the team competes or is scheduled to compete. Duty days shall be counted for the year in which they occur, including where a team's official pre-season training period through the last game in which the team competes or is scheduled to compete, occurs during more than one tax year.

(A) Duty days shall also include days on which a member of a professional athletic team performs service for a team on a date that does not fall within the foregoing period (e.g., participation in instructional leagues, the "All Star Game", or promotional "caravans"). Performing a service for a professional athletic team includes conducting training and rehabilitation activities, when such activities are conducted at team facilities.

(B) Also included in duty days are game days, practice days, days spent at team meetings, promotional caravans, preseason training camps, and days served with the team through all post-season games in which the

team competes or is scheduled to compete.

(C) Duty days for any person who joins a team during the period from the beginning of the professional athletic team's official pre-season training period through the last game in which the team competes, or is scheduled to compete, shall begin on the day that person joins the team. Conversely, duty days for any person who leaves a team during this period shall end on the day that person leaves the team. Where a person switches teams during a taxable year, a separate duty-day calculation shall be made for the period the person was with each team.

(D) Days for which a member of a professional athletic team is not compensated and is not performing services for the team in any manner, including days when such member of a professional athletic team has been suspended without pay and prohibited from performing any services for the team, shall not be treated as duty days.

(E) Days for which a member of a professional athletic team is on the disabled list and does not conduct rehabilitation activities at facilities of the team, and is

not otherwise performing services for the team in Illinois, shall not be considered duty days spent in this State. All days on the disabled list, however, are considered to be included in total duty days spent both within and without this State.

(4) The term "total compensation for services performed as a member of a professional athletic team" means the total compensation received during the taxable year for services performed:

(A) from the beginning of the official pre-season training period through the last game in which the team competes or is scheduled to compete during that taxable year; and

(B) during the taxable year on a date which does not fall within the foregoing period (e.g., participation in instructional leagues, the "All Star Game", or promotional caravans).

This compensation shall include, but is not limited to, salaries, wages, bonuses as described in this subpart, and any other type of compensation paid during the taxable year to a member of a professional athletic team for services performed in that year. This compensation

does not include strike benefits, severance pay, termination pay, contract or option year buy-out payments, expansion or relocation payments, or any other payments not related to services performed for the team.

For purposes of this subparagraph, "bonuses" included in "total compensation for services performed as a member of a professional athletic team" subject to the allocation described in Section 302(c)(1) are: bonuses earned as a result of play (i.e., performance bonuses) during the season, including bonuses paid for championship, playoff or "bowl" games played by a team, or for selection to all-star league or other honorary positions; and bonuses paid for signing a contract, unless the payment of the signing bonus is not conditional upon the signee playing any games for the team or performing any subsequent services for the team or even making the team, the signing bonus is payable separately from the salary and any other compensation, and the signing bonus is nonrefundable.

(3) Sales factor.

(A) The sales factor is a fraction, the numerator of which is the total sales of the person in this State during the taxable year, and the denominator of which is the

total sales of the person everywhere during the taxable year.

(B) Sales of tangible personal property are in this State if:

(i) The property is delivered or shipped to a purchaser, other than the United States government, within this State regardless of the f. o. b. point or other conditions of the sale; or

(ii) The property is shipped from an office, store, warehouse, factory or other place of storage in this State and either the purchaser is the United States government or the person is not taxable in the state of the purchaser; provided, however, that premises owned or leased by a person who has independently contracted with the seller for the printing of newspapers, periodicals or books shall not be deemed to be an office, store, warehouse, factory or other place of storage for purposes of this Section. Sales of tangible personal property are not in this State if the seller and purchaser would be members of the same unitary business group but for the fact that either the seller or purchaser is a person with 80% or more of total business activity outside of the United States and the property is purchased for resale.

(B-1) Patents, copyrights, trademarks, and similar

items of intangible personal property.

(i) Gross receipts from the licensing, sale, or other disposition of a patent, copyright, trademark, or similar item of intangible personal property, other than gross receipts governed by paragraph (B-7) of this item (3), are in this State to the extent the item is utilized in this State during the year the gross receipts are included in gross income.

(ii) Place of utilization.

(I) A patent is utilized in a state to the extent that it is employed in production, fabrication, manufacturing, or other processing in the state or to the extent that a patented product is produced in the state. If a patent is utilized in more than one state, the extent to which it is utilized in any one state shall be a fraction equal to the gross receipts of the licensee or purchaser from sales or leases of items produced, fabricated, manufactured, or processed within that state using the patent and of patented items produced within that state, divided by the total of such gross receipts for all states in which the patent is utilized.

(II) A copyright is utilized in a state to the extent that printing or other publication originates in the state. If a copyright is

utilized in more than one state, the extent to which it is utilized in any one state shall be a fraction equal to the gross receipts from sales or licenses of materials printed or published in that state divided by the total of such gross receipts for all states in which the copyright is utilized.

(III) Trademarks and other items of intangible personal property governed by this paragraph (B-1) are utilized in the state in which the commercial domicile of the licensee or purchaser is located.

(iii) If the state of utilization of an item of property governed by this paragraph (B-1) cannot be determined from the taxpayer's books and records or from the books and records of any person related to the taxpayer within the meaning of Section 267(b) of the Internal Revenue Code, 26 U.S.C. 267, the gross receipts attributable to that item shall be excluded from both the numerator and the denominator of the sales factor.

(B-2) Gross receipts from the license, sale, or other disposition of patents, copyrights, trademarks, and similar items of intangible personal property, other than gross receipts governed by paragraph (B-7) of this item (3), may be included in the numerator or denominator of the sales factor only if gross receipts from licenses, sales, or other disposition of such items comprise more

than 50% of the taxpayer's total gross receipts included in gross income during the tax year and during each of the 2 immediately preceding tax years; provided that, when a taxpayer is a member of a unitary business group, such determination shall be made on the basis of the gross receipts of the entire unitary business group.

(B-5) For taxable years ending on or after December 31, 2008, except as provided in subsections (ii) through (vii), receipts from the sale of telecommunications service or mobile telecommunications service are in this State if the customer's service address is in this State.

(i) For purposes of this subparagraph (B-5), the following terms have the following meanings:

"Ancillary services" means services that are associated with or incidental to the provision of "telecommunications services", including, but not limited to, "detailed telecommunications billing", "directory assistance", "vertical service", and "voice mail services".

"Air-to-Ground Radiotelephone service" means a radio service, as that term is defined in 47 CFR 22.99, in which common carriers are authorized to offer and provide radio telecommunications service for hire to subscribers in aircraft.

"Call-by-call Basis" means any method of charging for telecommunications services where the price is

measured by individual calls.

"Communications Channel" means a physical or virtual path of communications over which signals are transmitted between or among customer channel termination points.

"Conference bridging service" means an "ancillary service" that links two or more participants of an audio or video conference call and may include the provision of a telephone number. "Conference bridging service" does not include the "telecommunications services" used to reach the conference bridge.

"Customer Channel Termination Point" means the location where the customer either inputs or receives the communications.

"Detailed telecommunications billing service" means an "ancillary service" of separately stating information pertaining to individual calls on a customer's billing statement.

"Directory assistance" means an "ancillary service" of providing telephone number information, and/or address information.

"Home service provider" means the facilities based carrier or reseller with which the customer contracts for the provision of mobile telecommunications services.

"Mobile telecommunications service" means

commercial mobile radio service, as defined in Section 20.3 of Title 47 of the Code of Federal Regulations as in effect on June 1, 1999.

"Place of primary use" means the street address representative of where the customer's use of the telecommunications service primarily occurs, which must be the residential street address or the primary business street address of the customer. In the case of mobile telecommunications services, "place of primary use" must be within the licensed service area of the home service provider.

"Post-paid telecommunication service" means the telecommunications service obtained by making a payment on a call-by-call basis either through the use of a credit card or payment mechanism such as a bank card, travel card, credit card, or debit card, or by charge made to a telephone number which is not associated with the origination or termination of the telecommunications service. A post-paid calling service includes telecommunications service, except a prepaid wireless calling service, that would be a prepaid calling service except it is not exclusively a telecommunication service.

"Prepaid telecommunication service" means the right to access exclusively telecommunications services, which must be paid for in advance and which

enables the origination of calls using an access number or authorization code, whether manually or electronically dialed, and that is sold in predetermined units or dollars of which the number declines with use in a known amount.

"Prepaid Mobile telecommunication service" means a telecommunications service that provides the right to utilize mobile wireless service as well as other non-telecommunication services, including, but not limited to, ancillary services, which must be paid for in advance that is sold in predetermined units or dollars of which the number declines with use in a known amount.

"Private communication service" means a telecommunication service that entitles the customer to exclusive or priority use of a communications channel or group of channels between or among termination points, regardless of the manner in which such channel or channels are connected, and includes switching capacity, extension lines, stations, and any other associated services that are provided in connection with the use of such channel or channels.

"Service address" means:

(a) The location of the telecommunications equipment to which a customer's call is charged and from which the call originates or terminates,

regardless of where the call is billed or paid;

(b) If the location in line (a) is not known, service address means the origination point of the signal of the telecommunications services first identified by either the seller's telecommunications system or in information received by the seller from its service provider where the system used to transport such signals is not that of the seller; and

(c) If the locations in line (a) and line (b) are not known, the service address means the location of the customer's place of primary use.

"Telecommunications service" means the electronic transmission, conveyance, or routing of voice, data, audio, video, or any other information or signals to a point, or between or among points. The term "telecommunications service" includes such transmission, conveyance, or routing in which computer processing applications are used to act on the form, code or protocol of the content for purposes of transmission, conveyance or routing without regard to whether such service is referred to as voice over Internet protocol services or is classified by the Federal Communications Commission as enhanced or value added. "Telecommunications service" does not include:

(a) Data processing and information services

that allow data to be generated, acquired, stored, processed, or retrieved and delivered by an electronic transmission to a purchaser when such purchaser's primary purpose for the underlying transaction is the processed data or information;

(b) Installation or maintenance of wiring or equipment on a customer's premises;

(c) Tangible personal property;

(d) Advertising, including, but not limited to, directory advertising;

(e) Billing and collection services provided to third parties;

(f) Internet access service;

(g) Radio and television audio and video programming services, regardless of the medium, including the furnishing of transmission, conveyance and routing of such services by the programming service provider. Radio and television audio and video programming services shall include, but not be limited to, cable service as defined in 47 USC 522(6) and audio and video programming services delivered by commercial mobile radio service providers, as defined in 47 CFR 20.3;

(h) "Ancillary services"; or

(i) Digital products "delivered

electronically", including, but not limited to, software, music, video, reading materials or ringtones ~~ring tones~~.

"Vertical service" means an "ancillary service" that is offered in connection with one or more "telecommunications services", which offers advanced calling features that allow customers to identify callers and to manage multiple calls and call connections, including "conference bridging services".

"Voice mail service" means an "ancillary service" that enables the customer to store, send or receive recorded messages. "Voice mail service" does not include any "vertical services" that the customer may be required to have in order to utilize the "voice mail service".

(ii) Receipts from the sale of telecommunications service sold on an individual call-by-call basis are in this State if either of the following applies:

(a) The call both originates and terminates in this State.

(b) The call either originates or terminates in this State and the service address is located in this State.

(iii) Receipts from the sale of postpaid telecommunications service at retail are in this State if the origination point of the telecommunication

signal, as first identified by the service provider's telecommunication system or as identified by information received by the seller from its service provider if the system used to transport telecommunication signals is not the seller's, is located in this State.

(iv) Receipts from the sale of prepaid telecommunications service or prepaid mobile telecommunications service at retail are in this State if the purchaser obtains the prepaid card or similar means of conveyance at a location in this State. Receipts from recharging a prepaid telecommunications service or mobile telecommunications service is in this State if the purchaser's billing information indicates a location in this State.

(v) Receipts from the sale of private communication services are in this State as follows:

(a) 100% of receipts from charges imposed at each channel termination point in this State.

(b) 100% of receipts from charges for the total channel mileage between each channel termination point in this State.

(c) 50% of the total receipts from charges for service segments when those segments are between 2 customer channel termination points, 1 of which is located in this State and the other is located

outside of this State, which segments are separately charged.

(d) The receipts from charges for service segments with a channel termination point located in this State and in two or more other states, and which segments are not separately billed, are in this State based on a percentage determined by dividing the number of customer channel termination points in this State by the total number of customer channel termination points.

(vi) Receipts from charges for ancillary services for telecommunications service sold to customers at retail are in this State if the customer's primary place of use of telecommunications services associated with those ancillary services is in this State. If the seller of those ancillary services cannot determine where the associated telecommunications are located, then the ancillary services shall be based on the location of the purchaser.

(vii) Receipts to access a carrier's network or from the sale of telecommunication services or ancillary services for resale are in this State as follows:

(a) 100% of the receipts from access fees attributable to intrastate telecommunications service that both originates and terminates in

this State.

(b) 50% of the receipts from access fees attributable to interstate telecommunications service if the interstate call either originates or terminates in this State.

(c) 100% of the receipts from interstate end user access line charges, if the customer's service address is in this State. As used in this subdivision, "interstate end user access line charges" includes, but is not limited to, the surcharge approved by the federal communications commission and levied pursuant to 47 CFR 69.

(d) Gross receipts from sales of telecommunication services or from ancillary services for telecommunications services sold to other telecommunication service providers for resale shall be sourced to this State using the apportionment concepts used for non-resale receipts of telecommunications services if the information is readily available to make that determination. If the information is not readily available, then the taxpayer may use any other reasonable and consistent method.

(B-7) For taxable years ending on or after December 31, 2008, receipts from the sale of broadcasting services are in this State if the broadcasting services are

received in this State. For purposes of this paragraph (B-7), the following terms have the following meanings:

"Advertising revenue" means consideration received by the taxpayer in exchange for broadcasting services or allowing the broadcasting of commercials or announcements in connection with the broadcasting of film or radio programming, from sponsorships of the programming, or from product placements in the programming.

"Audience factor" means the ratio that the audience or subscribers located in this State of a station, a network, or a cable system bears to the total audience or total subscribers for that station, network, or cable system. The audience factor for film or radio programming shall be determined by reference to the books and records of the taxpayer or by reference to published rating statistics provided the method used by the taxpayer is consistently used from year to year for this purpose and fairly represents the taxpayer's activity in this State.

"Broadcast" or "broadcasting" or "broadcasting services" means the transmission or provision of film or radio programming, whether through the public airwaves, by cable, by direct or indirect satellite transmission, or by any other means of communication, either through a station, a network, or a cable

system.

"Film" or "film programming" means the broadcast on television of any and all performances, events, or productions, including, but not limited to, news, sporting events, plays, stories, or other literary, commercial, educational, or artistic works, either live or through the use of video tape, disc, or any other type of format or medium. Each episode of a series of films produced for television shall constitute a separate "film" notwithstanding that the series relates to the same principal subject and is produced during one or more tax periods.

"Radio" or "radio programming" means the broadcast on radio of any and all performances, events, or productions, including, but not limited to, news, sporting events, plays, stories, or other literary, commercial, educational, or artistic works, either live or through the use of an audio tape, disc, or any other format or medium. Each episode in a series of radio programming produced for radio broadcast shall constitute a separate "radio programming" notwithstanding that the series relates to the same principal subject and is produced during one or more tax periods.

(i) In the case of advertising revenue from broadcasting, the customer is the advertiser and

the service is received in this State if the commercial domicile of the advertiser is in this State.

(ii) In the case where film or radio programming is broadcast by a station, a network, or a cable system for a fee or other remuneration received from the recipient of the broadcast, the portion of the service that is received in this State is measured by the portion of the recipients of the broadcast located in this State. Accordingly, the fee or other remuneration for such service that is included in the Illinois numerator of the sales factor is the total of those fees or other remuneration received from recipients in Illinois. For purposes of this paragraph, a taxpayer may determine the location of the recipients of its broadcast using the address of the recipient shown in its contracts with the recipient or using the billing address of the recipient in the taxpayer's records.

(iii) In the case where film or radio programming is broadcast by a station, a network, or a cable system for a fee or other remuneration from the person providing the programming, the portion of the broadcast service that is received by such station, network, or cable system in this

State is measured by the portion of recipients of the broadcast located in this State. Accordingly, the amount of revenue related to such an arrangement that is included in the Illinois numerator of the sales factor is the total fee or other total remuneration from the person providing the programming related to that broadcast multiplied by the Illinois audience factor for that broadcast.

(iv) In the case where film or radio programming is provided by a taxpayer that is a network or station to a customer for broadcast in exchange for a fee or other remuneration from that customer the broadcasting service is received at the location of the office of the customer from which the services were ordered in the regular course of the customer's trade or business. Accordingly, in such a case the revenue derived by the taxpayer that is included in the taxpayer's Illinois numerator of the sales factor is the revenue from such customers who receive the broadcasting service in Illinois.

(v) In the case where film or radio programming is provided by a taxpayer that is not a network or station to another person for broadcasting in exchange for a fee or other

remuneration from that person, the broadcasting service is received at the location of the office of the customer from which the services were ordered in the regular course of the customer's trade or business. Accordingly, in such a case the revenue derived by the taxpayer that is included in the taxpayer's Illinois numerator of the sales factor is the revenue from such customers who receive the broadcasting service in Illinois.

(B-8) Gross receipts from winnings under the Illinois Lottery Law from the assignment of a prize under Section 13.1 of the Illinois Lottery Law are received in this State. This paragraph (B-8) applies only to taxable years ending on or after December 31, 2013.

(B-9) For taxable years ending on or after December 31, 2019, gross receipts from winnings from pari-mutuel wagering conducted at a wagering facility licensed under the Illinois Horse Racing Act of 1975 or from winnings from gambling games conducted on a riverboat or in a casino or organization gaming facility licensed under the Illinois Gambling Act are in this State.

(B-10) For taxable years ending on or after December 31, 2021, gross receipts from winnings from sports wagering conducted in accordance with the Sports Wagering Act are in this State.

(C) For taxable years ending before December 31, 2008,

sales, other than sales governed by paragraphs (B), (B-1), (B-2), and (B-8) are in this State if:

(i) The income-producing activity is performed in this State; or

(ii) The income-producing activity is performed both within and without this State and a greater proportion of the income-producing activity is performed within this State than without this State, based on performance costs.

(C-5) For taxable years ending on or after December 31, 2008, sales, other than sales governed by paragraphs (B), (B-1), (B-2), (B-5), and (B-7), are in this State if any of the following criteria are met:

(i) Sales from the sale or lease of real property are in this State if the property is located in this State.

(ii) Sales from the lease or rental of tangible personal property are in this State if the property is located in this State during the rental period. Sales from the lease or rental of tangible personal property that is characteristically moving property, including, but not limited to, motor vehicles, rolling stock, aircraft, vessels, or mobile equipment are in this State to the extent that the property is used in this State.

(iii) In the case of interest, net gains (but not

less than zero) and other items of income from intangible personal property, the sale is in this State if:

(a) in the case of a taxpayer who is a dealer in the item of intangible personal property within the meaning of Section 475 of the Internal Revenue Code, the income or gain is received from a customer in this State. For purposes of this subparagraph, a customer is in this State if the customer is an individual, trust or estate who is a resident of this State and, for all other customers, if the customer's commercial domicile is in this State. Unless the dealer has actual knowledge of the residence or commercial domicile of a customer during a taxable year, the customer shall be deemed to be a customer in this State if the billing address of the customer, as shown in the records of the dealer, is in this State; or

(b) in all other cases, if the income-producing activity of the taxpayer is performed in this State or, if the income-producing activity of the taxpayer is performed both within and without this State, if a greater proportion of the income-producing activity of the taxpayer is performed within this State than in any other state, based on

performance costs.

(iv) Sales of services are in this State if the services are received in this State. For the purposes of this section, gross receipts from the performance of services provided to a corporation, partnership, or trust may only be attributed to a state where that corporation, partnership, or trust has a fixed place of business. If the state where the services are received is not readily determinable or is a state where the corporation, partnership, or trust receiving the service does not have a fixed place of business, the services shall be deemed to be received at the location of the office of the customer from which the services were ordered in the regular course of the customer's trade or business. If the ordering office cannot be determined, the services shall be deemed to be received at the office of the customer to which the services are billed. If the taxpayer is not taxable in the state in which the services are received, the sale must be excluded from both the numerator and the denominator of the sales factor. The Department shall adopt rules prescribing where specific types of service are received, including, but not limited to, publishing, and utility service.

(D) For taxable years ending on or after December 31, 1995, the following items of income shall not be included

in the numerator or denominator of the sales factor: dividends; amounts included under Section 78 of the Internal Revenue Code; and Subpart F income as defined in Section 952 of the Internal Revenue Code. No inference shall be drawn from the enactment of this paragraph (D) in construing this Section for taxable years ending before December 31, 1995.

(E) Paragraphs (B-1) and (B-2) shall apply to tax years ending on or after December 31, 1999, provided that a taxpayer may elect to apply the provisions of these paragraphs to prior tax years. Such election shall be made in the form and manner prescribed by the Department, shall be irrevocable, and shall apply to all tax years; provided that, if a taxpayer's Illinois income tax liability for any tax year, as assessed under Section 903 prior to January 1, 1999, was computed in a manner contrary to the provisions of paragraphs (B-1) or (B-2), no refund shall be payable to the taxpayer for that tax year to the extent such refund is the result of applying the provisions of paragraph (B-1) or (B-2) retroactively. In the case of a unitary business group, such election shall apply to all members of such group for every tax year such group is in existence, but shall not apply to any taxpayer for any period during which that taxpayer is not a member of such group.

(b) Insurance companies.

(1) In general. Except as otherwise provided by paragraph (2), business income of an insurance company for a taxable year shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the direct premiums written for insurance upon property or risk in this State, and the denominator of which is the direct premiums written for insurance upon property or risk everywhere. For purposes of this subsection, the term "direct premiums written" means the total amount of direct premiums written, assessments and annuity considerations as reported for the taxable year on the annual statement filed by the company with the Illinois Director of Insurance in the form approved by the National Convention of Insurance Commissioners or such other form as may be prescribed in lieu thereof.

(2) Reinsurance. If the principal source of premiums written by an insurance company consists of premiums for reinsurance accepted by it, the business income of such company shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the sum of (i) direct premiums written for insurance upon property or risk in this State, plus (ii) premiums written for reinsurance accepted in respect of property or risk in this State, and the denominator of which is the sum of (iii) direct premiums written for insurance upon property or risk everywhere, plus (iv) premiums written for

reinsurance accepted in respect of property or risk everywhere. For purposes of this paragraph, premiums written for reinsurance accepted in respect of property or risk in this State, whether or not otherwise determinable, may, at the election of the company, be determined on the basis of the proportion which premiums written for reinsurance accepted from companies commercially domiciled in Illinois bears to premiums written for reinsurance accepted from all sources, or, alternatively, in the proportion which the sum of the direct premiums written for insurance upon property or risk in this State by each ceding company from which reinsurance is accepted bears to the sum of the total direct premiums written by each such ceding company for the taxable year. The election made by a company under this paragraph for its first taxable year ending on or after December 31, 2011, shall be binding for that company for that taxable year and for all subsequent taxable years, and may be altered only with the written permission of the Department, which shall not be unreasonably withheld.

(c) Financial organizations.

(1) In general. For taxable years ending before December 31, 2008, business income of a financial organization shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is its business income from sources within this

State, and the denominator of which is its business income from all sources. For the purposes of this subsection, the business income of a financial organization from sources within this State is the sum of the amounts referred to in subparagraphs (A) through (E) following, but excluding the adjusted income of an international banking facility as determined in paragraph (2):

(A) Fees, commissions or other compensation for financial services rendered within this State;

(B) Gross profits from trading in stocks, bonds or other securities managed within this State;

(C) Dividends, and interest from Illinois customers, which are received within this State;

(D) Interest charged to customers at places of business maintained within this State for carrying debit balances of margin accounts, without deduction of any costs incurred in carrying such accounts; and

(E) Any other gross income resulting from the operation as a financial organization within this State.

In computing the amounts referred to in paragraphs (A) through (E) of this subsection, any amount received by a member of an affiliated group (determined under Section 1504(a) of the Internal Revenue Code but without reference to whether any such corporation is an "includible corporation" under Section 1504(b) of the Internal Revenue

Code) from another member of such group shall be included only to the extent such amount exceeds expenses of the recipient directly related thereto.

(2) International Banking Facility. For taxable years ending before December 31, 2008:

(A) Adjusted Income. The adjusted income of an international banking facility is its income reduced by the amount of the floor amount.

(B) Floor Amount. The floor amount shall be the amount, if any, determined by multiplying the income of the international banking facility by a fraction, not greater than one, which is determined as follows:

(i) The numerator shall be:

The average aggregate, determined on a quarterly basis, of the financial organization's loans to banks in foreign countries, to foreign domiciled borrowers (except where secured primarily by real estate) and to foreign governments and other foreign official institutions, as reported for its branches, agencies and offices within the state on its "Consolidated Report of Condition", Schedule A, Lines 2.c., 5.b., and 7.a., which was filed with the Federal Deposit Insurance Corporation and other regulatory authorities, for the year 1980, minus

The average aggregate, determined on a quarterly basis, of such loans (other than loans of an international banking facility), as reported by the financial institution for its branches, agencies and offices within the state, on the corresponding Schedule and lines of the Consolidated Report of Condition for the current taxable year, provided, however, that in no case shall the amount determined in this clause (the subtrahend) exceed the amount determined in the preceding clause (the minuend); and

(ii) the denominator shall be the average aggregate, determined on a quarterly basis, of the international banking facility's loans to banks in foreign countries, to foreign domiciled borrowers (except where secured primarily by real estate) and to foreign governments and other foreign official institutions, which were recorded in its financial accounts for the current taxable year.

(C) Change to Consolidated Report of Condition and in Qualification. In the event the Consolidated Report of Condition which is filed with the Federal Deposit Insurance Corporation and other regulatory authorities is altered so that the information required for determining the floor amount is not found on Schedule A, lines 2.c., 5.b. and 7.a., the financial

institution shall notify the Department and the Department may, by regulations or otherwise, prescribe or authorize the use of an alternative source for such information. The financial institution shall also notify the Department should its international banking facility fail to qualify as such, in whole or in part, or should there be any amendment or change to the Consolidated Report of Condition, as originally filed, to the extent such amendment or change alters the information used in determining the floor amount.

(3) For taxable years ending on or after December 31, 2008, the business income of a financial organization shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is its gross receipts from sources in this State or otherwise attributable to this State's marketplace and the denominator of which is its gross receipts everywhere during the taxable year. "Gross receipts" for purposes of this subparagraph (3) means gross income, including net taxable gain on disposition of assets, including securities and money market instruments, when derived from transactions and activities in the regular course of the financial organization's trade or business. The following examples are illustrative:

(i) Receipts from the lease or rental of real or tangible personal property are in this State if the

property is located in this State during the rental period. Receipts from the lease or rental of tangible personal property that is characteristically moving property, including, but not limited to, motor vehicles, rolling stock, aircraft, vessels, or mobile equipment are from sources in this State to the extent that the property is used in this State.

(ii) Interest income, commissions, fees, gains on disposition, and other receipts from assets in the nature of loans that are secured primarily by real estate or tangible personal property are from sources in this State if the security is located in this State.

(iii) Interest income, commissions, fees, gains on disposition, and other receipts from consumer loans that are not secured by real or tangible personal property are from sources in this State if the debtor is a resident of this State.

(iv) Interest income, commissions, fees, gains on disposition, and other receipts from commercial loans and installment obligations that are not secured by real or tangible personal property are from sources in this State if the proceeds of the loan are to be applied in this State. If it cannot be determined where the funds are to be applied, the income and receipts are from sources in this State if the office of the borrower from which the loan was negotiated in

the regular course of business is located in this State. If the location of this office cannot be determined, the income and receipts shall be excluded from the numerator and denominator of the sales factor.

(v) Interest income, fees, gains on disposition, service charges, merchant discount income, and other receipts from credit card receivables are from sources in this State if the card charges are regularly billed to a customer in this State.

(vi) Receipts from the performance of services, including, but not limited to, fiduciary, advisory, and brokerage services, are in this State if the services are received in this State within the meaning of subparagraph (a) (3) (C-5) (iv) of this Section.

(vii) Receipts from the issuance of travelers checks and money orders are from sources in this State if the checks and money orders are issued from a location within this State.

(viii) For tax years ending before December 31, 2024, receipts from investment assets and activities and trading assets and activities are included in the receipts factor as follows:

(1) Interest, dividends, net gains (but not less than zero) and other income from investment assets and activities from trading assets and

activities shall be included in the receipts factor. Investment assets and activities and trading assets and activities include, but are not limited to: investment securities; trading account assets; federal funds; securities purchased and sold under agreements to resell or repurchase; options; futures contracts; forward contracts; notional principal contracts such as swaps; equities; and foreign currency transactions. With respect to the investment and trading assets and activities described in subparagraphs (A) and (B) of this paragraph, the receipts factor shall include the amounts described in such subparagraphs.

(A) The receipts factor shall include the amount by which interest from federal funds sold and securities purchased under resale agreements exceeds interest expense on federal funds purchased and securities sold under repurchase agreements.

(B) The receipts factor shall include the amount by which interest, dividends, gains and other income from trading assets and activities, including, but not limited to, assets and activities in the matched book, in the arbitrage book, and foreign currency

transactions, exceed amounts paid in lieu of interest, amounts paid in lieu of dividends, and losses from such assets and activities.

(2) The numerator of the receipts factor includes interest, dividends, net gains (but not less than zero), and other income from investment assets and activities and from trading assets and activities described in paragraph (1) of this subsection that are attributable to this State.

(A) The amount of interest, dividends, net gains (but not less than zero), and other income from investment assets and activities in the investment account to be attributed to this State and included in the numerator is determined by multiplying all such income from such assets and activities by a fraction, the numerator of which is the gross income from such assets and activities which are properly assigned to a fixed place of business of the taxpayer within this State and the denominator of which is the gross income from all such assets and activities.

(B) The amount of interest from federal funds sold and purchased and from securities purchased under resale agreements and securities sold under repurchase agreements

attributable to this State and included in the numerator is determined by multiplying the amount described in subparagraph (A) of paragraph (1) of this subsection from such funds and such securities by a fraction, the numerator of which is the gross income from such funds and such securities which are properly assigned to a fixed place of business of the taxpayer within this State and the denominator of which is the gross income from all such funds and such securities.

(C) The amount of interest, dividends, gains, and other income from trading assets and activities, including, but not limited to, assets and activities in the matched book, in the arbitrage book and foreign currency transactions (but excluding amounts described in subparagraphs (A) or (B) of this paragraph), attributable to this State and included in the numerator is determined by multiplying the amount described in subparagraph (B) of paragraph (1) of this subsection by a fraction, the numerator of which is the gross income from such trading assets and activities which are properly assigned to a fixed place of business of the

taxpayer within this State and the denominator of which is the gross income from all such assets and activities.

(D) Properly assigned, for purposes of this paragraph (2) of this subsection, means the investment or trading asset or activity is assigned to the fixed place of business with which it has a preponderance of substantive contacts. An investment or trading asset or activity assigned by the taxpayer to a fixed place of business without the State shall be presumed to have been properly assigned if:

(i) the taxpayer has assigned, in the regular course of its business, such asset or activity on its records to a fixed place of business consistent with federal or state regulatory requirements;

(ii) such assignment on its records is based upon substantive contacts of the asset or activity to such fixed place of business; and

(iii) the taxpayer uses such records reflecting assignment of such assets or activities for the filing of all state and local tax returns for which an assignment of such assets or activities to a fixed

place of business is required.

(E) The presumption of proper assignment of an investment or trading asset or activity provided in subparagraph (D) of paragraph (2) of this subsection may be rebutted upon a showing by the Department, supported by a preponderance of the evidence, that the preponderance of substantive contacts regarding such asset or activity did not occur at the fixed place of business to which it was assigned on the taxpayer's records. If the fixed place of business that has a preponderance of substantive contacts cannot be determined for an investment or trading asset or activity to which the presumption in subparagraph (D) of paragraph (2) of this subsection does not apply or with respect to which that presumption has been rebutted, that asset or activity is properly assigned to the state in which the taxpayer's commercial domicile is located. For purposes of this subparagraph (E), it shall be presumed, subject to rebuttal, that taxpayer's commercial domicile is in the state of the United States or the District of Columbia to which the greatest number of employees are

regularly connected with the management of the investment or trading income or out of which they are working, irrespective of where the services of such employees are performed, as of the last day of the taxable year.

(ix) For tax years ending on or after December 31, 2024, receipts from investment assets and activities and trading assets and activities are included in the receipts factor as follows:

(1) Interest, dividends, net gains (but not less than zero), and other income from investment assets and activities from trading assets and activities shall be included in the receipts factor. Investment assets and activities and trading assets and activities include, but are not limited to the following: investment securities; trading account assets; federal funds; securities purchased and sold under agreements to resell or repurchase; options; futures contracts; forward contracts; notional principal contracts, such as swaps; equities; and foreign currency transactions. With respect to the investment and trading assets and activities described in subparagraphs (A) and (B) of this paragraph, the receipts factor shall include the amounts described in those subparagraphs.

(A) The receipts factor shall include the amount by which interest from federal funds sold and securities purchased under resale agreements exceeds interest expense on federal funds purchased and securities sold under repurchase agreements.

(B) The receipts factor shall include the amount by which interest, dividends, gains and other income from trading assets and activities, including, but not limited to, assets and activities in the matched book, in the arbitrage book, and foreign currency transactions, exceed amounts paid in lieu of interest, amounts paid in lieu of dividends, and losses from such assets and activities.

(2) The numerator of the receipts factor includes interest, dividends, net gains (but not less than zero), and other income from investment assets and activities and from trading assets and activities described in paragraph (1) of this subsection that are attributable to this State.

(A) The amount of interest, dividends, net gains (but not less than zero), and other income from investment assets and activities in the investment account to be attributed to this State and included in the numerator is

determined by multiplying all of the income from those assets and activities by a fraction, the numerator of which is the total receipts included in the numerator pursuant to items (i) through (vii) of this subparagraph (3) and the denominator of which is all total receipts included in the denominator, other than interest, dividends, net gains (but not less than zero), and other income from investment assets and activities and trading assets and activities.

(B) The amount of interest from federal funds sold and purchased and from securities purchased under resale agreements and securities sold under repurchase agreements attributable to this State and included in the numerator is determined by multiplying the amount described in subparagraph (A) of paragraph (1) of this subsection from such funds and such securities by a fraction, the numerator of which is the total receipts included in the numerator pursuant to items (i) through (vii) of this subparagraph (3) and the denominator of which is all total receipts included in the denominator, other than interest, dividends, net gains (but not less

than zero), and other income from investment assets and activities and trading assets and activities.

(C) The amount of interest, dividends, gains, and other income from trading assets and activities, including, but not limited to, assets and activities in the matched book, in the arbitrage book and foreign currency transactions (but excluding amounts described in subparagraphs (A) or (B) of this paragraph), attributable to this State and included in the numerator is determined by multiplying the amount described in subparagraph (B) of paragraph (1) of this subsection by a fraction, the numerator of which is the total receipts included in the numerator pursuant to items (i) through (vii) of this subparagraph (3) and the denominator of which is all total receipts included in the denominator, other than interest, dividends, net gains (but not less than zero), and other income from investment assets and activities and trading assets and activities.

(4) (Blank).

(5) (Blank).

(c-1) Federally regulated exchanges. For taxable years

ending on or after December 31, 2012, business income of a federally regulated exchange shall, at the option of the federally regulated exchange, be apportioned to this State by multiplying such income by a fraction, the numerator of which is its business income from sources within this State, and the denominator of which is its business income from all sources. For purposes of this subsection, the business income within this State of a federally regulated exchange is the sum of the following:

(1) Receipts attributable to transactions executed on a physical trading floor if that physical trading floor is located in this State.

(2) Receipts attributable to all other matching, execution, or clearing transactions, including without limitation receipts from the provision of matching, execution, or clearing services to another entity, multiplied by (i) for taxable years ending on or after December 31, 2012 but before December 31, 2013, 63.77%; and (ii) for taxable years ending on or after December 31, 2013, 27.54%.

(3) All other receipts not governed by subparagraphs (1) or (2) of this subsection (c-1), to the extent the receipts would be characterized as "sales in this State" under item (3) of subsection (a) of this Section.

"Federally regulated exchange" means (i) a "registered entity" within the meaning of 7 U.S.C. Section 1a(40) (A), (B),

or (C), (ii) an "exchange" or "clearing agency" within the meaning of 15 U.S.C. Section 78c (a) (1) or (23), (iii) any such entities regulated under any successor regulatory structure to the foregoing, and (iv) all taxpayers who are members of the same unitary business group as a federally regulated exchange, determined without regard to the prohibition in Section 1501(a) (27) of this Act against including in a unitary business group taxpayers who are ordinarily required to apportion business income under different subsections of this Section; provided that this subparagraph (iv) shall apply only if 50% or more of the business receipts of the unitary business group determined by application of this subparagraph (iv) for the taxable year are attributable to the matching, execution, or clearing of transactions conducted by an entity described in subparagraph (i), (ii), or (iii) of this paragraph.

In no event shall the Illinois apportionment percentage computed in accordance with this subsection (c-1) for any taxpayer for any tax year be less than the Illinois apportionment percentage computed under this subsection (c-1) for that taxpayer for the first full tax year ending on or after December 31, 2013 for which this subsection (c-1) applied to the taxpayer.

(d) Transportation services. For taxable years ending before December 31, 2008, business income derived from furnishing transportation services shall be apportioned to this State in accordance with paragraphs (1) and (2):

(1) Such business income (other than that derived from transportation by pipeline) shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the revenue miles of the person in this State, and the denominator of which is the revenue miles of the person everywhere. For purposes of this paragraph, a revenue mile is the transportation of 1 passenger or 1 net ton of freight the distance of 1 mile for a consideration. Where a person is engaged in the transportation of both passengers and freight, the fraction above referred to shall be determined by means of an average of the passenger revenue mile fraction and the freight revenue mile fraction, weighted to reflect the person's

(A) relative railway operating income from total passenger and total freight service, as reported to the Interstate Commerce Commission, in the case of transportation by railroad, and

(B) relative gross receipts from passenger and freight transportation, in case of transportation other than by railroad.

(2) Such business income derived from transportation by pipeline shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the revenue miles of the person in this State, and the denominator of which is the revenue miles of the

person everywhere. For the purposes of this paragraph, a revenue mile is the transportation by pipeline of 1 barrel of oil, 1,000 cubic feet of gas, or of any specified quantity of any other substance, the distance of 1 mile for a consideration.

(3) For taxable years ending on or after December 31, 2008, business income derived from providing transportation services other than airline services shall be apportioned to this State by using a fraction, (a) the numerator of which shall be (i) all receipts from any movement or shipment of people, goods, mail, oil, gas, or any other substance (other than by airline) that both originates and terminates in this State, plus (ii) that portion of the person's gross receipts from movements or shipments of people, goods, mail, oil, gas, or any other substance (other than by airline) that originates in one state or jurisdiction and terminates in another state or jurisdiction, that is determined by the ratio that the miles traveled in this State bears to total miles everywhere and (b) the denominator of which shall be all revenue derived from the movement or shipment of people, goods, mail, oil, gas, or any other substance (other than by airline). Where a taxpayer is engaged in the transportation of both passengers and freight, the fraction above referred to shall first be determined separately for passenger miles and freight miles. Then an

average of the passenger miles fraction and the freight miles fraction shall be weighted to reflect the taxpayer's:

(A) relative railway operating income from total passenger and total freight service, as reported to the Surface Transportation Board, in the case of transportation by railroad; and

(B) relative gross receipts from passenger and freight transportation, in case of transportation other than by railroad.

(4) For taxable years ending on or after December 31, 2008, business income derived from furnishing airline transportation services shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the revenue miles of the person in this State, and the denominator of which is the revenue miles of the person everywhere. For purposes of this paragraph, a revenue mile is the transportation of one passenger or one net ton of freight the distance of one mile for a consideration. If a person is engaged in the transportation of both passengers and freight, the fraction above referred to shall be determined by means of an average of the passenger revenue mile fraction and the freight revenue mile fraction, weighted to reflect the person's relative gross receipts from passenger and freight airline transportation.

(e) Combined apportionment. Where 2 or more persons are engaged in a unitary business as described in subsection (a)(27) of Section 1501, a part of which is conducted in this State by one or more members of the group, the business income attributable to this State by any such member or members shall be apportioned by means of the combined apportionment method.

(f) Alternative allocation. If the allocation and apportionment provisions of subsections (a) through (e) and of subsection (h) do not, for taxable years ending before December 31, 2008, fairly represent the extent of a person's business activity in this State, or, for taxable years ending on or after December 31, 2008, fairly represent the market for the person's goods, services, or other sources of business income, the person may petition for, or the Director may, without a petition, permit or require, in respect of all or any part of the person's business activity, if reasonable:

- (1) Separate accounting;
- (2) The exclusion of any one or more factors;
- (3) The inclusion of one or more additional factors which will fairly represent the person's business activities or market in this State; or
- (4) The employment of any other method to effectuate an equitable allocation and apportionment of the person's business income.

(g) Cross-reference ~~Cross-reference~~. For allocation of business income by residents, see Section 301(a).

(h) For tax years ending on or after December 31, 1998, the apportionment factor of persons who apportion their business income to this State under subsection (a) shall be equal to:

(1) for tax years ending on or after December 31, 1998 and before December 31, 1999, $16 \frac{2}{3}\%$ of the property factor plus $16 \frac{2}{3}\%$ of the payroll factor plus $66 \frac{2}{3}\%$ of the sales factor;

(2) for tax years ending on or after December 31, 1999 and before December 31, 2000, $8 \frac{1}{3}\%$ of the property factor plus $8 \frac{1}{3}\%$ of the payroll factor plus $83 \frac{1}{3}\%$ of the sales factor;

(3) for tax years ending on or after December 31, 2000, the sales factor.

If, in any tax year ending on or after December 31, 1998 and before December 31, 2000, the denominator of the payroll, property, or sales factor is zero, the apportionment factor computed in paragraph (1) or (2) of this subsection for that year shall be divided by an amount equal to 100% minus the percentage weight given to each factor whose denominator is equal to zero.

(35 ILCS 5/704A)

Sec. 704A. Employer's return and payment of tax withheld.

(a) In general, every employer who deducts and withholds

or is required to deduct and withhold tax under this Act on or after January 1, 2008 shall make those payments and returns as provided in this Section.

(b) Returns. Every employer shall, in the form and manner required by the Department, make returns with respect to taxes withheld or required to be withheld under this Article 7 for each quarter beginning on or after January 1, 2008, on or before the last day of the first month following the close of that quarter.

(c) Payments. With respect to amounts withheld or required to be withheld on or after January 1, 2008:

(1) Semi-weekly payments. For each calendar year, each employer who withheld or was required to withhold more than \$12,000 during the one-year period ending on June 30 of the immediately preceding calendar year, payment must be made:

(A) on or before each Friday of the calendar year, for taxes withheld or required to be withheld on the immediately preceding Saturday, Sunday, Monday, or Tuesday;

(B) on or before each Wednesday of the calendar year, for taxes withheld or required to be withheld on the immediately preceding Wednesday, Thursday, or Friday.

Beginning with calendar year 2011, payments made under this paragraph (1) of subsection (c) must be made by

electronic funds transfer.

(2) Semi-weekly payments. Any employer who withholds or is required to withhold more than \$12,000 in any quarter of a calendar year is required to make payments on the dates set forth under item (1) of this subsection (c) for each remaining quarter of that calendar year and for the subsequent calendar year.

(3) Monthly payments. Each employer, other than an employer described in items (1) or (2) of this subsection, shall pay to the Department, on or before the 15th day of each month the taxes withheld or required to be withheld during the immediately preceding month.

(4) Payments with returns. Each employer shall pay to the Department, on or before the due date for each return required to be filed under this Section, any tax withheld or required to be withheld during the period for which the return is due and not previously paid to the Department.

(d) Regulatory authority. The Department may, by rule:

(1) Permit employers, in lieu of the requirements of subsections (b) and (c), to file annual returns due on or before January 31 of the year for taxes withheld or required to be withheld during the previous calendar year and, if the aggregate amounts required to be withheld by the employer under this Article 7 (other than amounts required to be withheld under Section 709.5) do not exceed \$1,000 for the previous calendar year, to pay the taxes

required to be shown on each such return no later than the due date for such return.

(2) Provide that any payment required to be made under subsection (c)(1) or (c)(2) is deemed to be timely to the extent paid by electronic funds transfer on or before the due date for deposit of federal income taxes withheld from, or federal employment taxes due with respect to, the wages from which the Illinois taxes were withheld.

(3) Designate one or more depositories to which payment of taxes required to be withheld under this Article 7 must be paid by some or all employers.

(4) Increase the threshold dollar amounts at which employers are required to make semi-weekly payments under subsection (c)(1) or (c)(2).

(e) Annual return and payment. Every employer who deducts and withholds or is required to deduct and withhold tax from a person engaged in domestic service employment, as that term is defined in Section 3510 of the Internal Revenue Code, may comply with the requirements of this Section with respect to such employees by filing an annual return and paying the taxes required to be deducted and withheld on or before the 15th day of the fourth month following the close of the employer's taxable year. The Department may allow the employer's return to be submitted with the employer's individual income tax return or to be submitted with a return due from the employer under Section 1400.2 of the Unemployment Insurance Act.

(f) Magnetic media and electronic filing. With respect to taxes withheld in calendar years prior to 2017, any W-2 Form that, under the Internal Revenue Code and regulations promulgated thereunder, is required to be submitted to the Internal Revenue Service on magnetic media or electronically must also be submitted to the Department on magnetic media or electronically for Illinois purposes, if required by the Department.

With respect to taxes withheld in 2017 and subsequent calendar years, the Department may, by rule, require that any return (including any amended return) under this Section and any W-2 Form that is required to be submitted to the Department must be submitted on magnetic media or electronically.

The due date for submitting W-2 Forms shall be as prescribed by the Department by rule.

(g) For amounts deducted or withheld after December 31, 2009, a taxpayer who makes an election under subsection (f) of Section 5-15 of the Economic Development for a Growing Economy Tax Credit Act for a taxable year shall be allowed a credit against payments due under this Section for amounts withheld during the first calendar year beginning after the end of that taxable year equal to the amount of the credit for the incremental income tax attributable to full-time employees of the taxpayer awarded to the taxpayer by the Department of Commerce and Economic Opportunity under the Economic Development for a Growing Economy Tax Credit Act for the

taxable year and credits not previously claimed and allowed to be carried forward under Section 211(4) of this Act as provided in subsection (f) of Section 5-15 of the Economic Development for a Growing Economy Tax Credit Act. The credit or credits may not reduce the taxpayer's obligation for any payment due under this Section to less than zero. If the amount of the credit or credits exceeds the total payments due under this Section with respect to amounts withheld during the calendar year, the excess may be carried forward and applied against the taxpayer's liability under this Section in the succeeding calendar years as allowed to be carried forward under paragraph (4) of Section 211 of this Act. The credit or credits shall be applied to the earliest year for which there is a tax liability. If there are credits from more than one taxable year that are available to offset a liability, the earlier credit shall be applied first. Each employer who deducts and withholds or is required to deduct and withhold tax under this Act and who retains income tax withholdings under subsection (f) of Section 5-15 of the Economic Development for a Growing Economy Tax Credit Act must make a return with respect to such taxes and retained amounts in the form and manner that the Department, by rule, requires and pay to the Department or to a depository designated by the Department those withheld taxes not retained by the taxpayer. For purposes of this subsection (g), the term taxpayer shall include taxpayer and members of the taxpayer's unitary

business group as defined under paragraph (27) of subsection (a) of Section 1501 of this Act. This Section is exempt from the provisions of Section 250 of this Act. No credit awarded under the Economic Development for a Growing Economy Tax Credit Act for agreements entered into on or after January 1, 2015 may be credited against payments due under this Section.

(g-1) For amounts deducted or withheld after December 31, 2024, a taxpayer who makes an election under the Reimagining Energy and Vehicles in Illinois Act shall be allowed a credit against payments due under this Section for amounts withheld during the first quarterly reporting period beginning after the certificate is issued equal to the portion of the REV Illinois Credit attributable to the incremental income tax attributable to new employees and retained employees as certified by the Department of Commerce and Economic Opportunity pursuant to an agreement with the taxpayer under the Reimagining Energy and Vehicles in Illinois Act for the taxable year. The credit or credits may not reduce the taxpayer's obligation for any payment due under this Section to less than zero. If the amount of the credit or credits exceeds the total payments due under this Section with respect to amounts withheld during the quarterly reporting period, the excess may be carried forward and applied against the taxpayer's liability under this Section in the succeeding quarterly reporting period as allowed to be carried forward under paragraph (4) of Section 211 of this Act. The credit or

credits shall be applied to the earliest quarterly reporting period for which there is a tax liability. If there are credits from more than one quarterly reporting period that are available to offset a liability, the earlier credit shall be applied first. Each employer who deducts and withholds or is required to deduct and withhold tax under this Act and who retains income tax withholdings this subsection must make a return with respect to such taxes and retained amounts in the form and manner that the Department, by rule, requires and pay to the Department or to a depository designated by the Department those withheld taxes not retained by the taxpayer. For purposes of this subsection (g-1), the term taxpayer shall include taxpayer and members of the taxpayer's unitary business group as defined under paragraph (27) of subsection (a) of Section 1501 of this Act. This Section is exempt from the provisions of Section 250 of this Act.

(g-2) For amounts deducted or withheld after December 31, 2024, a taxpayer who makes an election under the Manufacturing Illinois Chips for Real Opportunity (MICRO) Act shall be allowed a credit against payments due under this Section for amounts withheld during the first quarterly reporting period beginning after the certificate is issued equal to the portion of the MICRO Illinois Credit attributable to the incremental income tax attributable to new employees and retained employees as certified by the Department of Commerce and Economic Opportunity pursuant to an agreement with the

taxpayer under the Manufacturing Illinois Chips for Real Opportunity (MICRO) Act for the taxable year. The credit or credits may not reduce the taxpayer's obligation for any payment due under this Section to less than zero. If the amount of the credit or credits exceeds the total payments due under this Section with respect to amounts withheld during the quarterly reporting period, the excess may be carried forward and applied against the taxpayer's liability under this Section in the succeeding quarterly reporting period as allowed to be carried forward under paragraph (4) of Section 211 of this Act. The credit or credits shall be applied to the earliest quarterly reporting period for which there is a tax liability. If there are credits from more than one quarterly reporting period that are available to offset a liability, the earlier credit shall be applied first. Each employer who deducts and withholds or is required to deduct and withhold tax under this Act and who retains income tax withholdings this subsection must make a return with respect to such taxes and retained amounts in the form and manner that the Department, by rule, requires and pay to the Department or to a depository designated by the Department those withheld taxes not retained by the taxpayer. For purposes of this subsection, the term taxpayer shall include taxpayer and members of the taxpayer's unitary business group as defined under paragraph (27) of subsection (a) of Section 1501 of this Act. This Section is exempt from the provisions of Section 250 of this

Act.

(h) An employer may claim a credit against payments due under this Section for amounts withheld during the first calendar year ending after the date on which a tax credit certificate was issued under Section 35 of the Small Business Job Creation Tax Credit Act. The credit shall be equal to the amount shown on the certificate, but may not reduce the taxpayer's obligation for any payment due under this Section to less than zero. If the amount of the credit exceeds the total payments due under this Section with respect to amounts withheld during the calendar year, the excess may be carried forward and applied against the taxpayer's liability under this Section in the 5 succeeding calendar years. The credit shall be applied to the earliest year for which there is a tax liability. If there are credits from more than one calendar year that are available to offset a liability, the earlier credit shall be applied first. This Section is exempt from the provisions of Section 250 of this Act.

(i) Each employer with 50 or fewer full-time equivalent employees during the reporting period may claim a credit against the payments due under this Section for each qualified employee in an amount equal to the maximum credit allowable. The credit may be taken against payments due for reporting periods that begin on or after January 1, 2020, and end on or before December 31, 2027. An employer may not claim a credit for an employee who has worked fewer than 90 consecutive days

immediately preceding the reporting period; however, such credits may accrue during that 90-day period and be claimed against payments under this Section for future reporting periods after the employee has worked for the employer at least 90 consecutive days. In no event may the credit exceed the employer's liability for the reporting period. Each employer who deducts and withholds or is required to deduct and withhold tax under this Act and who retains income tax withholdings under this subsection must make a return with respect to such taxes and retained amounts in the form and manner that the Department, by rule, requires and pay to the Department or to a depository designated by the Department those withheld taxes not retained by the employer.

For each reporting period, the employer may not claim a credit or credits for more employees than the number of employees making less than the minimum or reduced wage for the current calendar year during the last reporting period of the preceding calendar year. Notwithstanding any other provision of this subsection, an employer shall not be eligible for credits for a reporting period unless the average wage paid by the employer per employee for all employees making less than \$55,000 during the reporting period is greater than the average wage paid by the employer per employee for all employees making less than \$55,000 during the same reporting period of the prior calendar year.

For purposes of this subsection (i):

"Compensation paid in Illinois" has the meaning ascribed to that term under Section 304(a)(2)(B) of this Act.

"Employer" and "employee" have the meaning ascribed to those terms in the Minimum Wage Law, except that "employee" also includes employees who work for an employer with fewer than 4 employees. Employers that operate more than one establishment pursuant to a franchise agreement or that constitute members of a unitary business group shall aggregate their employees for purposes of determining eligibility for the credit.

"Full-time equivalent employees" means the ratio of the number of paid hours during the reporting period and the number of working hours in that period.

"Maximum credit" means the percentage listed below of the difference between the amount of compensation paid in Illinois to employees who are paid not more than the required minimum wage reduced by the amount of compensation paid in Illinois to employees who were paid less than the current required minimum wage during the reporting period prior to each increase in the required minimum wage on January 1. If an employer pays an employee more than the required minimum wage and that employee previously earned less than the required minimum wage, the employer may include the portion that does not exceed the required minimum wage as compensation paid in Illinois to employees who are paid not more than the required minimum wage.

(1) 25% for reporting periods beginning on or after January 1, 2020 and ending on or before December 31, 2020;

(2) 21% for reporting periods beginning on or after January 1, 2021 and ending on or before December 31, 2021;

(3) 17% for reporting periods beginning on or after January 1, 2022 and ending on or before December 31, 2022;

(4) 13% for reporting periods beginning on or after January 1, 2023 and ending on or before December 31, 2023;

(5) 9% for reporting periods beginning on or after January 1, 2024 and ending on or before December 31, 2024;

(6) 5% for reporting periods beginning on or after January 1, 2025 and ending on or before December 31, 2025.

The amount computed under this subsection may continue to be claimed for reporting periods beginning on or after January 1, 2026 and:

(A) ending on or before December 31, 2026 for employers with more than 5 employees; or

(B) ending on or before December 31, 2027 for employers with no more than 5 employees.

"Qualified employee" means an employee who is paid not more than the required minimum wage and has an average wage paid per hour by the employer during the reporting period equal to or greater than his or her average wage paid per hour by the employer during each reporting period for the immediately preceding 12 months. A new qualified employee is deemed to have earned the required minimum wage in the

preceding reporting period.

"Reporting period" means the quarter for which a return is required to be filed under subsection (b) of this Section.

(j) For reporting periods beginning on or after January 1, 2023, if a private employer grants all of its employees the option of taking a paid leave of absence of at least 30 days for the purpose of serving as an organ donor or bone marrow donor, then the private employer may take a credit against the payments due under this Section in an amount equal to the amount withheld under this Section with respect to wages paid while the employee is on organ donation leave, not to exceed \$1,000 in withholdings for each employee who takes organ donation leave. To be eligible for the credit, such a leave of absence must be taken without loss of pay, vacation time, compensatory time, personal days, or sick time for at least the first 30 days of the leave of absence. The private employer shall adopt rules governing organ donation leave, including rules that (i) establish conditions and procedures for requesting and approving leave and (ii) require medical documentation of the proposed organ or bone marrow donation before leave is approved by the private employer. A private employer must provide, in the manner required by the Department, documentation from the employee's medical provider, which the private employer receives from the employee, that verifies the employee's organ donation. The private employer must also provide, in the manner required by

the Department, documentation that shows that a qualifying organ donor leave policy was in place and offered to all qualifying employees at the time the leave was taken. For the private employer to receive the tax credit, the employee taking organ donor leave must allow for the applicable medical records to be disclosed to the Department. If the private employer cannot provide the required documentation to the Department, then the private employer is ineligible for the credit under this Section. A private employer must also provide, in the form required by the Department, any additional documentation or information required by the Department to administer the credit under this Section. The credit under this subsection (j) shall be taken within one year after the date upon which the organ donation leave begins. If the leave taken spans into a second tax year, the employer qualifies for the allowable credit in the later of the 2 years. If the amount of credit exceeds the tax liability for the year, the excess may be carried and applied to the tax liability for the 3 taxable years following the excess credit year. The tax credit shall be applied to the earliest year for which there is a tax liability. If there are credits for more than one year that are available to offset liability, the earlier credit shall be applied first.

Nothing in this subsection (j) prohibits a private employer from providing an unpaid leave of absence to its employees for the purpose of serving as an organ donor or bone

marrow donor; however, if the employer's policy provides for fewer than 30 days of paid leave for organ or bone marrow donation, then the employer shall not be eligible for the credit under this Section.

As used in this subsection (j):

"Organ" means any biological tissue of the human body that may be donated by a living donor, including, but not limited to, the kidney, liver, lung, pancreas, intestine, bone, skin, or any subpart of those organs.

"Organ donor" means a person from whose body an organ is taken to be transferred to the body of another person.

"Private employer" means a sole proprietorship, corporation, partnership, limited liability company, or other entity with one or more employees. "Private employer" does not include a municipality, county, State agency, or other public employer.

This subsection (j) is exempt from the provisions of Section 250 of this Act.

(k) For reporting periods beginning on or after January 1, 2025 and before January 1, 2027, an employer may claim a credit against payments due under this Section for amounts withheld during the first reporting period to occur after the date on which a tax credit certificate is issued for a non-profit theater production under Section 10 of the Live Theater Production Tax Credit Act. The credit shall be equal to the amount shown on the certificate, but may not reduce the

taxpayer's obligation for any payment due under this Article to less than zero. If the amount of the credit exceeds the total amount due under this Article with respect to amounts withheld during the first reporting period to occur after the date on which a tax credit certificate is issued, the excess may be carried forward and applied against the taxpayer's liability under this Section for reporting periods that occur in the 5 succeeding calendar years. The excess credit shall be applied to the earliest reporting period for which there is a payment due under this Article. If there are credits from more than one reporting period that are available to offset a liability, the earlier credit shall be applied first. The Department of Revenue, in cooperation with the Department of Commerce and Economic Opportunity, shall adopt rules to enforce and administer the provisions of this subsection.

(1) ~~(*)~~ A taxpayer who is issued a certificate under the Local Journalism Sustainability Act for a taxable year shall be allowed a credit against payments due under this Section as provided in that Act.

Upon review of the final project scope, timeline, budget, and AUP, the Department shall issue a tax credit certificate reflecting a percentage of the total construction job wages paid throughout the completion of the project.

Upon 7 business days' notice, the taxpayer shall make available for inspection and copying at a location within this State during reasonable hours, the records identified in

paragraph (1) of this Section to the taxpayer in charge of the project, its officers and agents, and to federal, State, or local law enforcement agencies and prosecutors.

Section 280. The Manufacturing Illinois Chips for Real

Opportunity (MICRO) Act is amended by changing Section 110-20 as follows:

(35 ILCS 45/110-20)

Sec. 110-20. Manufacturing Illinois Chips for Real Opportunity (MICRO) Program; project applications.

(a) The Manufacturing Illinois Chips for Real Opportunity (MICRO) Program is hereby established and shall be administered by the Department. The Program will provide financial incentives to eligible semiconductor manufacturers, microchip manufacturers, quantum computer manufacturers, and companies that primarily engage in research and development in the manufacturing of quantum computers, semiconductors, or microchips. For the purposes of this Section, a company is primarily engaged in research and development in the manufacturing of quantum computers, semiconductors, or microchips if at least 50% of its business activities involve research and development in the manufacturing of quantum computers, semiconductors, or microchips.➤

(b) Any taxpayer planning a project to be located in Illinois may request consideration for designation of its project as a MICRO project, by formal written letter of request or by formal application to the Department, in which the applicant states its intent to make at least a specified level of investment and intends to hire a specified number of full-time employees at a designated location in Illinois. As

circumstances require, the Department shall require a formal application from an applicant and a formal letter of request for assistance.

(c) In order to qualify for credits under the Program ~~program~~, an applicant must:

(1) for a semiconductor manufacturer, a microchip manufacturer, a quantum computer manufacturer, or a company focusing on research and development in the manufacturing of quantum computers, semiconductors, or microchips:

(3) for a semiconductor manufacturer, a microchip manufacturer, a quantum computer manufacturer, a company focusing on research and development in the manufacturing of quantum computers, semiconductors, or microchips, or a semiconductor or microchip component parts manufacturer that does not qualify ~~quality~~ under paragraph (2) above:

(A) make an investment of at least \$2,500,000 in capital improvements at the project site;

(B) to be placed in service within the State within a 48-month period after approval of the application; and

(C) create at least 50 new full-time employee jobs or new full-time employees equivalent to 10% of the number of full-time employees employed by the applicant world-wide on the date the application is filed with the Department; or

(4) for a semiconductor manufacturer, quantum computer manufacturer, microchip manufacturer, or semiconductor or microchip component parts manufacturer with existing

operations in Illinois that intends to convert or expand, in whole or in part, the existing facility from traditional manufacturing to semiconductor manufacturing, quantum computer manufacturing, or microchip manufacturing or semiconductor, quantum computer, or microchip component parts manufacturing, or a company focusing on research and development in the manufacturing of quantum computers, semiconductors, or microchips:

(A) make an investment of at least \$100,000,000 in capital improvements at the project site;

(B) to be placed in service within the State within a 60-month period after approval of the application; and

(C) create the lesser of 75 new full-time employee jobs or new full-time employee jobs equivalent to 10% of the Statewide baseline applicable to the taxpayer and any related member at the time of application.

(d) For any applicant creating the full-time employee jobs noted in subsection (c), those jobs must have a total compensation equal to or greater than 120% of the average wage paid to full-time employees in the county where the project is located, as determined by the Department.

(e) Each applicant must outline its hiring plan and commitment to recruit and hire full-time employee positions at the project site. The hiring plan may include a partnership with an institution of higher education to provide

internships, including, but not limited to, internships supported by the Clean Jobs Workforce Network Program, or full-time permanent employment for students at the project site. Additionally, the applicant may create or utilize participants from apprenticeship programs that are approved by and registered with the United States Department of Labor's Bureau of Apprenticeship and Training. The applicant ~~Applicant~~ may apply for apprenticeship education expense credits in accordance with the provisions set forth in 14 Ill. Adm. ~~Admin.~~ Code 522. Each applicant is required to report annually, on or before April 15, on the diversity of its workforce in accordance with Section 110-50 of this Act. For existing facilities of applicants under paragraph (3) of subsection (b) above, if the taxpayer expects a reduction in force due to its transition to manufacturing semiconductors, microchips, or semiconductor or microchip component parts, the plan submitted under this Section must outline the taxpayer's plan to assist with retraining its workforce aligned with the taxpayer's adoption of new technologies and anticipated efforts to retrain employees through employment opportunities within the taxpayer's workforce.

(f) A taxpayer may not enter into more than one agreement under this Act with respect to a single address or location for the same period of time. Also, a taxpayer may not enter into an agreement under this Act with respect to a single address or location for the same period of time for which the taxpayer

currently holds an active agreement under the Economic Development for a Growing Economy Tax Credit Act. This provision does not preclude the applicant from entering into an additional agreement after the expiration or voluntary termination of an earlier agreement under this Act or under the Economic Development for a Growing Economy Tax Credit Act to the extent that the taxpayer's application otherwise satisfies the terms and conditions of this Act and is approved by the Department. An applicant with an existing agreement under the Economic Development for a Growing Economy Tax Credit Act may submit an application for an agreement under this Act after it terminates any existing agreement under the Economic Development for a Growing Economy Tax Credit Act with respect to the same address or location.

Section 290. The Use Tax Act is amended by changing Sections 2, 3-5, and 3-10 as follows:

(35 ILCS 105/2) (from Ch. 120, par. 439.2)

Sec. 2. Definitions. As used in this Act:

"Use" means the exercise by any person of any right or power over tangible personal property incident to the ownership of that property, or, on and after January 1, 2025, incident to the possession or control of, the right to possess or control, or a license to use that property through a lease, except that it does not include the sale of such property in any form as tangible personal property in the regular course of business to the extent that such property is not first subjected to a use for which it was purchased, and does not include the use of such property by its owner for demonstration purposes: Provided that the property purchased is deemed to be purchased for the purpose of resale, despite first being used, to the extent to which it is resold as an ingredient of an intentionally produced product or by-product of manufacturing. "Use" does not mean the demonstration use or interim use of tangible personal property by a retailer before he sells that tangible personal property. On and after January 1, 2025, the lease of tangible personal property to a lessee by a retailer who is subject to tax on lease receipts under Public Act 103-592 ~~this amendatory Act of the 103rd General Assembly~~ does not qualify as demonstration use or interim use of that

property. For watercraft or aircraft, if the period of demonstration use or interim use by the retailer exceeds 18 months, the retailer shall pay on the retailers' original cost price the tax imposed by this Act, and no credit for that tax is permitted if the watercraft or aircraft is subsequently sold by the retailer. "Use" does not mean the physical incorporation of tangible personal property, to the extent not first subjected to a use for which it was purchased, as an ingredient or constituent, into other tangible personal property (a) which is sold in the regular course of business or (b) which the person incorporating such ingredient or constituent therein has undertaken at the time of such purchase to cause to be transported in interstate commerce to destinations outside the State of Illinois: Provided that the property purchased is deemed to be purchased for the purpose of resale, despite first being used, to the extent to which it is resold as an ingredient of an intentionally produced product or by-product of manufacturing.

"Lease" means a transfer of the possession or control of, the right to possess or control, or a license to use, but not title to, tangible personal property for a fixed or indeterminate term for consideration, regardless of the name by which the transaction is called. "Lease" does not include a lease entered into merely as a security agreement that does not involve a transfer of possession or control from the lessor to the lessee.

On and after January 1, 2025, the term "sale", when used in this Act, includes a lease.

"Watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

"Purchase at retail" means the acquisition of the ownership of, the title to, the possession or control of, the right to possess or control, or a license to use, tangible personal property through a sale at retail.

"Purchaser" means anyone who, through a sale at retail, acquires the ownership of, the title to, the possession or control of, the right to possess or control, or a license to use, tangible personal property for a valuable consideration.

"Sale at retail" means any transfer of the ownership of or title to tangible personal property to a purchaser, for the purpose of use, and not for the purpose of resale in any form as tangible personal property to the extent not first subjected to a use for which it was purchased, for a valuable consideration: Provided that the property purchased is deemed to be purchased for the purpose of resale, despite first being used, to the extent to which it is resold as an ingredient of an intentionally produced product or by-product of manufacturing. For this purpose, slag produced as an incident to manufacturing pig iron or steel and sold is considered to be an intentionally produced by-product of manufacturing. "Sale

at retail" includes any such transfer made for resale unless made in compliance with Section 2c of the Retailers' Occupation Tax Act, as incorporated by reference into Section 12 of this Act. Transactions whereby the possession of the property is transferred but the seller retains the title as security for payment of the selling price are sales.

"Sale at retail" shall also be construed to include any Illinois florist's sales transaction in which the purchase order is received in Illinois by a florist and the sale is for use or consumption, but the Illinois florist has a florist in another state deliver the property to the purchaser or the purchaser's donee in such other state.

Nonreusable tangible personal property that is used by persons engaged in the business of operating a restaurant, cafeteria, or drive-in is a sale for resale when it is transferred to customers in the ordinary course of business as part of the sale of food or beverages and is used to deliver, package, or consume food or beverages, regardless of where consumption of the food or beverages occurs. Examples of those items include, but are not limited to nonreusable, paper and plastic cups, plates, baskets, boxes, sleeves, buckets or other containers, utensils, straws, placemats, napkins, doggie bags, and wrapping or packaging materials that are transferred to customers as part of the sale of food or beverages in the ordinary course of business.

The purchase, employment, and transfer of such tangible

personal property as newsprint and ink for the primary purpose of conveying news (with or without other information) is not a purchase, use, or sale of tangible personal property.

"Selling price" means the consideration for a sale valued in money whether received in money or otherwise, including cash, credits, property other than as hereinafter provided, and services, but, prior to January 1, 2020 and beginning again on January 1, 2022, not including the value of or credit given for traded-in tangible personal property where the item that is traded-in is of like kind and character as that which is being sold; beginning January 1, 2020 and until January 1, 2022, "selling price" includes the portion of the value of or credit given for traded-in motor vehicles of the First Division as defined in Section 1-146 of the Illinois Vehicle Code of like kind and character as that which is being sold that exceeds \$10,000. "Selling price" shall be determined without any deduction on account of the cost of the property sold, the cost of materials used, labor or service cost, or any other expense whatsoever, but does not include interest or finance charges which appear as separate items on the bill of sale or sales contract nor charges that are added to prices by sellers on account of the seller's tax liability under the Retailers' Occupation Tax Act, or on account of the seller's duty to collect, from the purchaser, the tax that is imposed by this Act, or, except as otherwise provided with respect to any cigarette tax imposed by a home rule unit, on account of the

seller's tax liability under any local occupation tax administered by the Department, or, except as otherwise provided with respect to any cigarette tax imposed by a home rule unit on account of the seller's duty to collect, from the purchasers, the tax that is imposed under any local use tax administered by the Department. Effective December 1, 1985, "selling price" shall include charges that are added to prices by sellers on account of the seller's tax liability under the Cigarette Tax Act, on account of the seller's duty to collect, from the purchaser, the tax imposed under the Cigarette Use Tax Act, and on account of the seller's duty to collect, from the purchaser, any cigarette tax imposed by a home rule unit.

The provisions of this paragraph, which provides only for an alternative meaning of "selling price" with respect to the sale of certain motor vehicles incident to the contemporaneous lease of those motor vehicles, continue in effect and are not changed by the tax on leases implemented by Public Act 103-592 ~~this amendatory Act of the 103rd General Assembly~~. Notwithstanding any law to the contrary, for any motor vehicle, as defined in Section 1-146 of the Vehicle Code, that is sold on or after January 1, 2015 for the purpose of leasing the vehicle for a defined period that is longer than one year and (1) is a motor vehicle of the second division that: (A) is a self-contained motor vehicle designed or permanently converted to provide living quarters for recreational, camping, or travel use, with direct walk through access to the

living quarters from the driver's seat; (B) is of the van configuration designed for the transportation of not less than 7 nor more than 16 passengers; or (C) has a gross vehicle weight rating of 8,000 pounds or less or (2) is a motor vehicle of the first division, "selling price" or "amount of sale" means the consideration received by the lessor pursuant to the lease contract, including amounts due at lease signing and all monthly or other regular payments charged over the term of the lease. Also included in the selling price is any amount received by the lessor from the lessee for the leased vehicle that is not calculated at the time the lease is executed, including, but not limited to, excess mileage charges and charges for excess wear and tear. For sales that occur in Illinois, with respect to any amount received by the lessor from the lessee for the leased vehicle that is not calculated at the time the lease is executed, the lessor who purchased the motor vehicle does not incur the tax imposed by the Use Tax Act on those amounts, and the retailer who makes the retail sale of the motor vehicle to the lessor is not required to collect the tax imposed by this Act or to pay the tax imposed by the Retailers' Occupation Tax Act on those amounts. However, the lessor who purchased the motor vehicle assumes the liability for reporting and paying the tax on those amounts directly to the Department in the same form (Illinois Retailers' Occupation Tax, and local retailers' occupation taxes, if applicable) in which the retailer would have reported and paid

such tax if the retailer had accounted for the tax to the Department. For amounts received by the lessor from the lessee that are not calculated at the time the lease is executed, the lessor must file the return and pay the tax to the Department by the due date otherwise required by this Act for returns other than transaction returns. If the retailer is entitled under this Act to a discount for collecting and remitting the tax imposed under this Act to the Department with respect to the sale of the motor vehicle to the lessor, then the right to the discount provided in this Act shall be transferred to the lessor with respect to the tax paid by the lessor for any amount received by the lessor from the lessee for the leased vehicle that is not calculated at the time the lease is executed; provided that the discount is only allowed if the return is timely filed and for amounts timely paid. The "selling price" of a motor vehicle that is sold on or after January 1, 2015 for the purpose of leasing for a defined period of longer than one year shall not be reduced by the value of or credit given for traded-in tangible personal property owned by the lessor, nor shall it be reduced by the value of or credit given for traded-in tangible personal property owned by the lessee, regardless of whether the trade-in value thereof is assigned by the lessee to the lessor. In the case of a motor vehicle that is sold for the purpose of leasing for a defined period of longer than one year, the sale occurs at the time of the delivery of the vehicle, regardless of the due date of any

lease payments. A lessor who incurs a Retailers' Occupation Tax liability on the sale of a motor vehicle coming off lease may not take a credit against that liability for the Use Tax the lessor paid upon the purchase of the motor vehicle (or for any tax the lessor paid with respect to any amount received by the lessor from the lessee for the leased vehicle that was not calculated at the time the lease was executed) if the selling price of the motor vehicle at the time of purchase was calculated using the definition of "selling price" as defined in this paragraph. Notwithstanding any other provision of this Act to the contrary, lessors shall file all returns and make all payments required under this paragraph to the Department by electronic means in the manner and form as required by the Department. This paragraph does not apply to leases of motor vehicles for which, at the time the lease is entered into, the term of the lease is not a defined period, including leases with a defined initial period with the option to continue the lease on a month-to-month or other basis beyond the initial defined period.

The phrase "like kind and character" shall be liberally construed (including, but not limited to, any form of motor vehicle for any form of motor vehicle, or any kind of farm or agricultural implement for any other kind of farm or agricultural implement), while not including a kind of item which, if sold at retail by that retailer, would be exempt from retailers' occupation tax and use tax as an isolated or

occasional sale.

"Department" means the Department of Revenue.

"Person" means any natural individual, firm, partnership, association, joint stock company, joint adventure, public or private corporation, limited liability company, or a receiver, executor, trustee, guardian, or other representative appointed by order of any court.

"Retailer" means and includes every person engaged in the business of making sales, including, on and after January 1, 2025, leases, at retail as defined in this Section. With respect to leases, a "retailer" also means a "lessor", except as otherwise provided in this Act.

A person who holds himself or herself out as being engaged (or who habitually engages) in selling tangible personal property at retail is a retailer hereunder with respect to such sales (and not primarily in a service occupation) notwithstanding the fact that such person designs and produces such tangible personal property on special order for the purchaser and in such a way as to render the property of value only to such purchaser, if such tangible personal property so produced on special order serves substantially the same function as stock or standard items of tangible personal property that are sold at retail.

A person whose activities are organized and conducted primarily as a not-for-profit service enterprise, and who engages in selling tangible personal property at retail

(whether to the public or merely to members and their guests) is a retailer with respect to such transactions, excepting only a person organized and operated exclusively for charitable, religious or educational purposes either (1) to the extent of sales by such person to its members, students, patients, or inmates of tangible personal property to be used primarily for the purposes of such person, or (2) to the extent of sales by such person of tangible personal property which is not sold or offered for sale by persons organized for profit. The selling of school books and school supplies by schools at retail to students is not "primarily for the purposes of" the school which does such selling. This paragraph does not apply to nor subject to taxation occasional dinners, social, or similar activities of a person organized and operated exclusively for charitable, religious, or educational purposes, whether or not such activities are open to the public.

A person who is the recipient of a grant or contract under Title VII of the Older Americans Act of 1965 (P.L. 92-258) and serves meals to participants in the federal Nutrition Program for the Elderly in return for contributions established in amount by the individual participant pursuant to a schedule of suggested fees as provided for in the federal Act is not a retailer under this Act with respect to such transactions.

Persons who engage in the business of transferring tangible personal property upon the redemption of trading

stamps are retailers hereunder when engaged in such business.

The isolated or occasional sale of tangible personal property at retail by a person who does not hold himself out as being engaged (or who does not habitually engage) in selling such tangible personal property at retail or a sale through a bulk vending machine does not make such person a retailer hereunder. However, any person who is engaged in a business which is not subject to the tax imposed by the Retailers' Occupation Tax Act because of involving the sale of or a contract to sell real estate or a construction contract to improve real estate, but who, in the course of conducting such business, transfers tangible personal property to users or consumers in the finished form in which it was purchased, and which does not become real estate, under any provision of a construction contract or real estate sale or real estate sales agreement entered into with some other person arising out of or because of such nontaxable business, is a retailer to the extent of the value of the tangible personal property so transferred. If, in such transaction, a separate charge is made for the tangible personal property so transferred, the value of such property, for the purposes of this Act, is the amount so separately charged, but not less than the cost of such property to the transferor; if no separate charge is made, the value of such property, for the purposes of this Act, is the cost to the transferor of such tangible personal property.

"Retailer maintaining a place of business in this State", or any like term, means and includes any of the following retailers:

(1) A retailer having or maintaining within this State, directly or by a subsidiary, an office, distribution house, sales house, warehouse, or other place of business, or any agent or other representative operating within this State under the authority of the retailer or its subsidiary, irrespective of whether such place of business or agent or other representative is located here permanently or temporarily, or whether such retailer or subsidiary is licensed to do business in this State. However, the ownership of property that is located at the premises of a printer with which the retailer has contracted for printing and that consists of the final printed product, property that becomes a part of the final printed product, or copy from which the printed product is produced shall not result in the retailer being deemed to have or maintain an office, distribution house, sales house, warehouse, or other place of business within this State.

(1.1) A retailer having a contract with a person located in this State under which the person, for a commission or other consideration based upon the sale of tangible personal property by the retailer, directly or indirectly refers potential customers to the retailer by

providing to the potential customers a promotional code or other mechanism that allows the retailer to track purchases referred by such persons. Examples of mechanisms that allow the retailer to track purchases referred by such persons include, but are not limited to, the use of a link on the person's Internet website, promotional codes distributed through the person's hand-delivered or mailed material, and promotional codes distributed by the person through radio or other broadcast media. The provisions of this paragraph (1.1) shall apply only if the cumulative gross receipts from sales of tangible personal property by the retailer to customers who are referred to the retailer by all persons in this State under such contracts exceed \$10,000 during the preceding 4 quarterly periods ending on the last day of March, June, September, and December. A retailer meeting the requirements of this paragraph (1.1) shall be presumed to be maintaining a place of business in this State but may rebut this presumption by submitting proof that the referrals or other activities pursued within this State by such persons were not sufficient to meet the nexus standards of the United States Constitution during the preceding 4 quarterly periods.

(1.2) Beginning July 1, 2011, a retailer having a contract with a person located in this State under which:

(35 ILCS 105/3-10) from Ch. 120, par. 439.33-10

Sec. 3-10. Rate of tax. Unless otherwise provided in this Section, the tax imposed by this Act is at the rate of 6.25% of either the selling price or the fair market value, if any, of the tangible personal property, which, on and after January 1, 2025, includes leases of tangible personal property. In all cases where property functionally used or consumed is the same as the property that was purchased at retail, then the tax is imposed on the selling price of the property. In all cases where property functionally used or consumed is a by-product or waste product that has been refined, manufactured, or produced from property purchased at retail, then the tax is imposed on the lower of the fair market value, if any, of the specific property so used in this State or on the selling price of the property purchased at retail. For purposes of this Section "fair market value" means the price at which property would change hands between a willing buyer and a willing seller, neither being under any compulsion to buy or sell and

both having reasonable knowledge of the relevant facts. The fair market value shall be established by Illinois sales by the taxpayer of the same property as that functionally used or consumed, or if there are no such sales by the taxpayer, then comparable sales or purchases of property of like kind and character in Illinois.

Beginning on August 6, 2010 through August 15, 2010, and beginning again on August 5, 2022 through August 14, 2022, with respect to sales tax holiday items as defined in Section 3-6 of this Act, the tax is imposed at the rate of 1.25%.

With respect to gasohol, the tax imposed by this Act applies to (i) 70% of the proceeds of sales made on or after January 1, 1990, and before July 1, 2003, (ii) 80% of the proceeds of sales made on or after July 1, 2003 and on or before July 1, 2017, (iii) 100% of the proceeds of sales made after July 1, 2017 and prior to January 1, 2024, (iv) 90% of the proceeds of sales made on or after January 1, 2024 and on or before December 31, 2028, and (v) 100% of the proceeds of sales made after December 31, 2028. If, at any time, however, the tax under this Act on sales of gasohol is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of gasohol made during that time.

With respect to mid-range ethanol blends, the tax imposed by this Act applies to (i) 80% of the proceeds of sales made on or after January 1, 2024 and on or before December 31, 2028 and (ii) 100% of the proceeds of sales made thereafter. If, at any time, however, the tax under this Act on sales of mid-range ethanol blends is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of mid-range ethanol blends made during that time.

With respect to majority blended ethanol fuel, the tax imposed by this Act does not apply to the proceeds of sales made on or after July 1, 2003 and on or before December 31, 2028 but applies to 100% of the proceeds of sales made thereafter.

With respect to biodiesel blends with no less than 1% and no more than 10% biodiesel, the tax imposed by this Act applies to (i) 80% of the proceeds of sales made on or after July 1, 2003 and on or before December 31, 2018 and (ii) 100% of the proceeds of sales made after December 31, 2018 and before January 1, 2024. On and after January 1, 2024 and on or before December 31, 2030, the taxation of biodiesel, renewable diesel, and biodiesel blends shall be as provided in Section 3-5.1. If, at any time, however, the tax under this Act on sales of biodiesel blends with no less than 1% and no more than 10% biodiesel is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of biodiesel blends with no less than 1% and no more than 10%

biodiesel made during that time.

With respect to biodiesel and biodiesel blends with more than 10% but no more than 99% biodiesel, the tax imposed by this Act does not apply to the proceeds of sales made on or after July 1, 2003 and on or before December 31, 2023. With respect to prescription and nonprescription medicines, drugs, medical appliances, products classified as Class III medical devices by the United States Food and Drug Administration that are used for cancer treatment pursuant to a prescription, as well as any accessories and components related to those devices, modifications to a motor vehicle for the purpose of rendering it usable by a person with a disability, and insulin, blood sugar testing materials, syringes, and needles used by human diabetics, the tax is imposed at the rate of 1%. For the purposes of this Section, until September 1, 2009: the term "soft drinks" means any complete, finished, ready-to-use, non-alcoholic drink, whether carbonated or not, including, but not limited to, soda water, cola, fruit juice, vegetable juice, carbonated water, and all other preparations commonly known as soft drinks of whatever kind or description that are contained in any closed or sealed bottle, can, carton, or container, regardless of size; but "soft drinks" does not include coffee, tea, non-carbonated water, infant formula, milk or milk products as defined in the Grade A Pasteurized Milk and Milk Products Act, or drinks containing 50% or more natural fruit or vegetable juice.

than 50% of vegetable or fruit juice by volume.

Notwithstanding any other provisions of this Act, beginning September 1, 2009, "food for human consumption that is to be consumed off the premises where it is sold" does not include candy. For purposes of this Section, "candy" means a preparation of sugar, honey, or other natural or artificial sweeteners in combination with chocolate, fruits, nuts or other ingredients or flavorings in the form of bars, drops, or pieces. "Candy" does not include any preparation that contains flour or requires refrigeration.

Notwithstanding any other provisions of this Act, beginning September 1, 2009, "nonprescription medicines and drugs" does not include grooming and hygiene products. For purposes of this Section, "grooming and hygiene products"

includes, but is not limited to, soaps and cleaning solutions, shampoo, toothpaste, mouthwash, antiperspirants, and sun tan lotions and screens, unless those products are available by prescription only, regardless of whether the products meet the definition of "over-the-counter-drugs". For the purposes of this paragraph, "over-the-counter-drug" means a drug for human use that contains a label that identifies the product as a drug as required by 21 CFR 201.66. The "over-the-counter-drug" label includes:

(A) a "Drug Facts" panel; or

If the property that is purchased at retail from a retailer is acquired outside Illinois and used outside Illinois before being brought to Illinois for use here and is

taxable under this Act, the "selling price" on which the tax is computed shall be reduced by an amount that represents a reasonable allowance for depreciation for the period of prior out-of-state use. No depreciation is allowed in cases where the tax under this Act is imposed on lease receipts.

If, at any time, however, the tax under this Act on sales of gasohol, as defined in the Use Tax Act, is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of gasohol made during that time.

On and after January 1, 2024 and on or before December 31, 2030, the taxation of biodiesel, renewable diesel, and biodiesel blends shall be as provided in Section 3-5.1 of the Use Tax Act. If, at any time, however, the tax under this Act on sales of biodiesel blends, as defined in the Use Tax Act, with no less than 1% and no more than 10% biodiesel is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of biodiesel blends with no less than 1% and no more than 10% biodiesel made during that time.

Sec. 9. Each serviceman required or authorized to collect the tax herein imposed shall pay to the Department the amount of such tax (except as otherwise provided) at the time when he is required to file his return for the period during which such tax was collected, less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or \$5 per calendar year, whichever is greater, which is allowed to reimburse the serviceman for expenses incurred in collecting the tax,

keeping records, preparing and filing returns, remitting the tax, and supplying data to the Department on request. Beginning with returns due on or after January 1, 2025, the vendor's discount allowed in this Section, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, and the Use Tax Act, including any local tax administered by the Department and reported on the same return, shall not exceed \$1,000 per month in the aggregate. When determining the discount allowed under this Section, servicemen shall include the amount of tax that would have been due at the 1% rate but for the 0% rate imposed under Public Act 102-700 ~~this amendatory Act of the 102nd General Assembly~~. The discount under this Section is not allowed for the 1.25% portion of taxes paid on aviation fuel that is subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133. The discount allowed under this Section is allowed only for returns that are filed in the manner required by this Act. The Department may disallow the discount for servicemen whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final. A serviceman need not remit that part of any tax collected by him to the extent that he is required to pay and does pay the tax imposed by the Service Occupation Tax Act with respect to his sale of service involving the incidental transfer by him of the same property.

Except as provided hereinafter in this Section, on or before the twentieth day of each calendar month, such serviceman shall file a return for the preceding calendar month in accordance with reasonable Rules and Regulations to be promulgated by the Department. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require. The return shall include the gross receipts which were received during the preceding calendar month or quarter on the following items upon which tax would have been due but for the 0% rate imposed under Public Act 102-700 ~~this amendatory Act of the 102nd General Assembly~~: (i) food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, food consisting of or infused with adult use cannabis, soft drinks, and food that has been prepared for immediate consumption); and (ii) food prepared for immediate consumption and transferred incident to a sale of service subject to this Act or the Service Occupation Tax Act by an entity licensed under the Hospital Licensing Act, the Nursing Home Care Act, the Assisted Living and Shared Housing Act, the ID/DD Community Care Act, the MC/DD Act, the Specialized Mental Health Rehabilitation Act of 2013, or the Child Care Act of 1969, or an entity that holds a permit issued pursuant to the Life Care Facilities Act. The return shall also include the amount of tax that would have been due on the items listed in the previous sentence but for the 0% rate

imposed under Public Act 102-700 ~~this amendatory Act of the 102nd General Assembly.~~

In the case of leases, except as otherwise provided in this Act, the lessor, in collecting the tax, may collect for each tax return period, only the tax applicable to that part of the selling price actually received during such tax return period.

On and after January 1, 2018, with respect to servicemen whose annual gross receipts average \$20,000 or more, all returns required to be filed pursuant to this Act shall be filed electronically. Servicemen who demonstrate that they do not have access to the Internet or demonstrate hardship in filing electronically may petition the Department to waive the electronic filing requirement.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in business as a serviceman in this State;
3. The total amount of taxable receipts received by

him during the preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;

4. The amount of credit provided in Section 2d of this Act;

5. The amount of tax due;

5-5. The signature of the taxpayer; and

6. Such other reasonable information as the Department may require.

Each serviceman required or authorized to collect the tax imposed by this Act on aviation fuel transferred as an incident of a sale of service in this State during the preceding calendar month shall, instead of reporting and paying tax on aviation fuel as otherwise required by this Section, report and pay such tax on a separate aviation fuel tax return. The requirements related to the return shall be as otherwise provided in this Section. Notwithstanding any other provisions of this Act to the contrary, servicemen collecting tax on aviation fuel shall file all aviation fuel tax returns and shall make all aviation fuel tax payments by electronic means in the manner and form required by the Department. For purposes of this Section, "aviation fuel" means jet fuel and aviation gasoline.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be

due on the return shall be deemed assessed.

Notwithstanding any other provision of this Act to the contrary, servicemen subject to tax on cannabis shall file all cannabis tax returns and shall make all cannabis tax payments by electronic means in the manner and form required by the Department.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of \$150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of \$100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of \$50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of \$200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the

immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

If the serviceman is otherwise required to file a monthly return and if the serviceman's average monthly tax liability to the Department does not exceed \$200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February, and March of a given year being due by April 20 of such year; with the return for

April, May, and June of a given year being due by July 20 of such year; with the return for July, August, and September of a given year being due by October 20 of such year, and with the return for October, November, and December of a given year being due by January 20 of the following year.

If the serviceman is otherwise required to file a monthly or quarterly return and if the serviceman's average monthly tax liability to the Department does not exceed \$50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a serviceman may file his return, in the case of any serviceman who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such serviceman shall file a final return under this Act with the Department not more than one $\pm$ month after discontinuing such business.

Where a serviceman collects the tax with respect to the selling price of property which he sells and the purchaser thereafter returns such property and the serviceman refunds the selling price thereof to the purchaser, such serviceman shall also refund, to the purchaser, the tax so collected from

the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the serviceman may deduct the amount of the tax so refunded by him to the purchaser from any other Service Use Tax, Service Occupation Tax, retailers' occupation tax, or use tax which such serviceman may be required to pay or remit to the Department, as shown by such return, provided that the amount of the tax to be deducted shall previously have been remitted to the Department by such serviceman. If the serviceman shall not previously have remitted the amount of such tax to the Department, he shall be entitled to no deduction hereunder upon refunding such tax to the purchaser.

Any serviceman filing a return hereunder shall also include the total tax upon the selling price of tangible personal property purchased for use by him as an incident to a sale of service, and such serviceman shall remit the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable servicemen, who are required to file returns hereunder and also under the Service Occupation Tax Act, to furnish all the return information required by both Acts on the one form.

Where the serviceman has more than one business registered with the Department under separate registration hereunder, such serviceman shall not file each return that is due as a

single return covering all such registered businesses, but shall file separate returns for each such registered business.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Tax Reform Fund, a special fund in the State treasury ~~Treasury~~, the net revenue realized for the preceding month from the 1% tax imposed under this Act.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund 20% of the net revenue realized for the preceding month from the 6.25% general rate on transfers of tangible personal property, other than (i) tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government and (ii) aviation fuel sold on or after December 1, 2019. This exception for aviation fuel only applies for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

For aviation fuel sold on or after December 1, 2019, each month the Department shall pay into the State Aviation Program Fund 20% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of aviation fuel, less an amount estimated by the Department to be required for refunds of the 20% portion of the tax on aviation fuel under this Act, which amount shall be deposited into the Aviation Fuel Sales Tax Refund Fund. The Department shall only pay moneys into the State Aviation Program Fund and the

Aviation Fuel Sales Tax Refund Fund under this Act for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

Beginning August 1, 2000, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act shall not exceed \$18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the

average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Beginning July 1, 2015, of the remainder of the moneys received by the Department under the Use Tax Act, this Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act, each month the Department shall deposit \$500,000 into the State Crime Laboratory Fund.

thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the

Sec. 3-10. Rate of tax. Unless otherwise provided in this Section, the tax imposed by this Act is at the rate of 6.25% of the "selling price", as defined in Section 2 of the Service Use Tax Act, of the tangible personal property, including, on and after January 1, 2025, tangible personal property transferred by lease. For the purpose of computing this tax, in no event shall the "selling price" be less than the cost price to the serviceman of the tangible personal property transferred. The selling price of each item of tangible personal property transferred as an incident of a sale of service may be shown as a distinct and separate item on the serviceman's billing to the service customer. If the selling price is not so shown, the selling price of the tangible personal property is deemed to be 50% of the serviceman's entire billing to the service customer. When, however, a serviceman contracts to design, develop, and produce special order machinery or equipment, the tax imposed by this Act shall be based on the serviceman's cost price of the tangible personal property transferred incident to the completion of the contract.

Beginning on July 1, 2000 and through December 31, 2000, with respect to motor fuel, as defined in Section 1.1 of the Motor Fuel Tax Law, and gasohol, as defined in Section 3-40 of the Use Tax Act, the tax is imposed at the rate of 1.25%.

With respect to gasohol, as defined in the Use Tax Act, the tax imposed by this Act shall apply to (i) 70% of the cost price of property transferred as an incident to the sale of service on or after January 1, 1990, and before July 1, 2003, (ii) 80% of the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before July 1, 2017, (iii) 100% of the selling price of property transferred as an incident to the sale of service after July 1, 2017 and prior to January 1, 2024, (iv) 90% of the selling price of property transferred as an incident to the sale of service on or after January 1, 2024 and on or before December 31, 2028, and (v) 100% of the selling price of property transferred as an incident to the sale of service after December 31, 2028. If, at any time, however, the tax under this Act on sales of gasohol, as defined in the Use Tax Act, is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of gasohol made during that time.

With respect to mid-range ethanol blends, as defined in Section 3-44.3 of the Use Tax Act, the tax imposed by this Act applies to (i) 80% of the selling price of property transferred as an incident to the sale of service on or after January 1, 2024 and on or before December 31, 2028 and (ii) 100% of the selling price of property transferred as an incident to the sale of service after December 31, 2028. If, at any time, however, the tax under this Act on sales of mid-range

ethanol blends is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the selling price of mid-range ethanol blends transferred as an incident to the sale of service during that time.

With respect to majority blended ethanol fuel, as defined in the Use Tax Act, the tax imposed by this Act does not apply to the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2028 but applies to 100% of the selling price thereafter.

With respect to biodiesel blends, as defined in the Use Tax Act, with no less than 1% and no more than 10% biodiesel, the tax imposed by this Act applies to (i) 80% of the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2018 and (ii) 100% of the proceeds of the selling price after December 31, 2018 and before January 1, 2024. On and after January 1, 2024 and on or before December 31, 2030, the taxation of biodiesel, renewable diesel, and biodiesel blends shall be as provided in Section 3-5.1 of the Use Tax Act. If, at any time, however, the tax under this Act on sales of biodiesel blends, as defined in the Use Tax Act, with no less than 1% and no more than 10% biodiesel is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of biodiesel blends with no less than 1% and no more than 10% biodiesel made during that time.

With respect to biodiesel, as defined in the Use Tax Act, and biodiesel blends, as defined in the Use Tax Act, with more than 10% but no more than 99% biodiesel material, the tax imposed by this Act does not apply to the proceeds of the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2023. Until July 1, 2022 and from July 1, 2023 through December 31, 2025, the tax shall be imposed at the rate of 1% on food prepared for immediate consumption and transferred incident to a sale of service subject to this Act or the Service Use Tax Act by an entity licensed under the Hospital Licensing Act, the Nursing Home Care Act, the Assisted Living and Shared

Housing Act, the ID/DD Community Care Act, the MC/DD Act, the Specialized Mental Health Rehabilitation Act of 2013, or the Child Care Act of 1969, or an entity that holds a permit issued pursuant to the Life Care Facilities Act. Until July 1, 2022 and from July 1, 2023 through December 31, 2025, the tax shall also be imposed at the rate of 1% on food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, food consisting of or infused with adult use cannabis, soft drinks, and food that has been prepared for immediate consumption and is not otherwise included in this paragraph).

On and after January 1, 2026, food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, food consisting of or infused with adult use cannabis, soft drinks, candy, and food that has been prepared for immediate consumption and is not otherwise included in this paragraph) is exempt from the tax imposed by this Act.

The tax shall be imposed at the rate of 1% on prescription and nonprescription medicines, drugs, medical appliances, products classified as Class III medical devices by the United States Food and Drug Administration that are used for cancer treatment pursuant to a prescription, as well as any accessories and components related to those devices, modifications to a motor vehicle for the purpose of rendering it usable by a person with a disability, and insulin, blood sugar testing materials, syringes, and needles used by human

the title to, the possession or control of, the right to possess or control, or a license to use tangible personal property to a purchaser, for the purpose of use or consumption, and not for the purpose of resale in any form as tangible personal property to the extent not first subjected to a use for which it was purchased, for a valuable consideration: Provided that the property purchased is deemed to be purchased for the purpose of resale, despite first being used, to the extent to which it is resold as an ingredient of an intentionally produced product or byproduct of manufacturing. For this purpose, slag produced as an incident to manufacturing pig iron or steel and sold is considered to be an intentionally produced byproduct of manufacturing. Transactions whereby the possession of the property is transferred but the seller retains the title as security for payment of the selling price shall be deemed to be sales.

"Sale at retail" shall be construed to include any transfer of the ownership of, the title to, the possession or control of, the right to possess or control, or a license to use tangible personal property to a purchaser, for use or consumption by any other person to whom such purchaser may transfer the tangible personal property without a valuable consideration, and to include any transfer, whether made for or without a valuable consideration, for resale in any form as tangible personal property unless made in compliance with Section 2c of this Act.

Sales of tangible personal property, which property, to the extent not first subjected to a use for which it was purchased, as an ingredient or constituent, goes into and forms a part of tangible personal property subsequently the subject of a "Sale at retail", are not sales at retail as defined in this Act: Provided that the property purchased is deemed to be purchased for the purpose of resale, despite first being used, to the extent to which it is resold as an ingredient of an intentionally produced product or byproduct of manufacturing.

"Sale at retail" shall be construed to include any Illinois florist's sales transaction in which the purchase order is received in Illinois by a florist and the sale is for use or consumption, but the Illinois florist has a florist in another state deliver the property to the purchaser or the purchaser's donee in such other state.

Nonreusable tangible personal property that is used by persons engaged in the business of operating a restaurant, cafeteria, or drive-in is a sale for resale when it is transferred to customers in the ordinary course of business as part of the sale of food or beverages and is used to deliver, package, or consume food or beverages, regardless of where consumption of the food or beverages occurs. Examples of those items include, but are not limited to nonreusable, paper and plastic cups, plates, baskets, boxes, sleeves, buckets or other containers, utensils, straws, placemats, napkins, doggie

bags, and wrapping or packaging materials that are transferred to customers as part of the sale of food or beverages in the ordinary course of business.

The purchase, employment and transfer of such tangible personal property as newsprint and ink for the primary purpose of conveying news (with or without other information) is not a purchase, use or sale of tangible personal property.

A person whose activities are organized and conducted primarily as a not-for-profit service enterprise, and who engages in selling tangible personal property at retail (whether to the public or merely to members and their guests) is engaged in the business of selling tangible personal property at retail with respect to such transactions, excepting only a person organized and operated exclusively for charitable, religious or educational purposes either (1), to the extent of sales by such person to its members, students, patients or inmates of tangible personal property to be used primarily for the purposes of such person, or (2), to the extent of sales by such person of tangible personal property which is not sold or offered for sale by persons organized for profit. The selling of school books and school supplies by schools at retail to students is not "primarily for the purposes of" the school which does such selling. The provisions of this paragraph shall not apply to nor subject to taxation occasional dinners, socials or similar activities of a person organized and operated exclusively for charitable,

religious or educational purposes, whether or not such activities are open to the public.

A person who is the recipient of a grant or contract under Title VII of the Older Americans Act of 1965 (P.L. 92-258) and serves meals to participants in the federal Nutrition Program for the Elderly in return for contributions established in amount by the individual participant pursuant to a schedule of suggested fees as provided for in the federal Act is not engaged in the business of selling tangible personal property at retail with respect to such transactions.

"Lease" means a transfer of the possession or control of, the right to possess or control, or a license to use, but not title to, tangible personal property for a fixed or indeterminate term for consideration, regardless of the name by which the transaction is called. "Lease" does not include a lease entered into merely as a security agreement that does not involve a transfer of possession or control from the lessor to the lessee.

On and after January 1, 2025, the term "sale", when used in this Act, includes a lease.

"Purchaser" means anyone who, through a sale at retail, acquires the ownership of, the title to, the possession or control of, the right to possess or control, or a license to use tangible personal property for a valuable consideration.

"Reseller of motor fuel" means any person engaged in the business of selling or delivering or transferring title of

motor fuel to another person other than for use or consumption. No person shall act as a reseller of motor fuel within this State without first being registered as a reseller pursuant to Section 2c or a retailer pursuant to Section 2a.

"Selling price" or the "amount of sale" means the consideration for a sale valued in money whether received in money or otherwise, including cash, credits, property, other than as hereinafter provided, and services, but, prior to January 1, 2020 and beginning again on January 1, 2022, not including the value of or credit given for traded-in tangible personal property where the item that is traded-in is of like kind and character as that which is being sold; beginning January 1, 2020 and until January 1, 2022, "selling price" includes the portion of the value of or credit given for traded-in motor vehicles of the First Division as defined in Section 1-146 of the Illinois Vehicle Code of like kind and character as that which is being sold that exceeds \$10,000. "Selling price" shall be determined without any deduction on account of the cost of the property sold, the cost of materials used, labor or service cost or any other expense whatsoever, but does not include charges that are added to prices by sellers on account of the seller's tax liability under this Act, or on account of the seller's duty to collect, from the purchaser, the tax that is imposed by the Use Tax Act, or, except as otherwise provided with respect to any cigarette tax imposed by a home rule unit, on account of the seller's tax

liability under any local occupation tax administered by the Department, or, except as otherwise provided with respect to any cigarette tax imposed by a home rule unit on account of the seller's duty to collect, from the purchasers, the tax that is imposed under any local use tax administered by the Department. Effective December 1, 1985, "selling price" shall include charges that are added to prices by sellers on account of the seller's tax liability under the Cigarette Tax Act, on account of the sellers' duty to collect, from the purchaser, the tax imposed under the Cigarette Use Tax Act, and on account of the seller's duty to collect, from the purchaser, any cigarette tax imposed by a home rule unit.

The provisions of this paragraph, which provides only for an alternative meaning of "selling price" with respect to the sale of certain motor vehicles incident to the contemporaneous lease of those motor vehicles, continue in effect and are not changed by the tax on leases implemented by Public Act 103-592 ~~this amendatory Act of the 103rd General Assembly~~. Notwithstanding any law to the contrary, for any motor vehicle, as defined in Section 1-146 of the Illinois Vehicle Code, that is sold on or after January 1, 2015 for the purpose of leasing the vehicle for a defined period that is longer than one year and (1) is a motor vehicle of the second division that: (A) is a self-contained motor vehicle designed or permanently converted to provide living quarters for recreational, camping, or travel use, with direct walk through

access to the living quarters from the driver's seat; (B) is of the van configuration designed for the transportation of not less than 7 nor more than 16 passengers; or (C) has a gross vehicle weight rating of 8,000 pounds or less or (2) is a motor vehicle of the first division, "selling price" or "amount of sale" means the consideration received by the lessor pursuant to the lease contract, including amounts due at lease signing and all monthly or other regular payments charged over the term of the lease. Also included in the selling price is any amount received by the lessor from the lessee for the leased vehicle that is not calculated at the time the lease is executed, including, but not limited to, excess mileage charges and charges for excess wear and tear. For sales that occur in Illinois, with respect to any amount received by the lessor from the lessee for the leased vehicle that is not calculated at the time the lease is executed, the lessor who purchased the motor vehicle does not incur the tax imposed by the Use Tax Act on those amounts, and the retailer who makes the retail sale of the motor vehicle to the lessor is not required to collect the tax imposed by the Use Tax Act or to pay the tax imposed by this Act on those amounts. However, the lessor who purchased the motor vehicle assumes the liability for reporting and paying the tax on those amounts directly to the Department in the same form (Illinois Retailers' Occupation Tax, and local retailers' occupation taxes, if applicable) in which the retailer would have reported and paid

such tax if the retailer had accounted for the tax to the Department. For amounts received by the lessor from the lessee that are not calculated at the time the lease is executed, the lessor must file the return and pay the tax to the Department by the due date otherwise required by this Act for returns other than transaction returns. If the retailer is entitled under this Act to a discount for collecting and remitting the tax imposed under this Act to the Department with respect to the sale of the motor vehicle to the lessor, then the right to the discount provided in this Act shall be transferred to the lessor with respect to the tax paid by the lessor for any amount received by the lessor from the lessee for the leased vehicle that is not calculated at the time the lease is executed; provided that the discount is only allowed if the return is timely filed and for amounts timely paid. The "selling price" of a motor vehicle that is sold on or after January 1, 2015 for the purpose of leasing for a defined period of longer than one year shall not be reduced by the value of or credit given for traded-in tangible personal property owned by the lessor, nor shall it be reduced by the value of or credit given for traded-in tangible personal property owned by the lessee, regardless of whether the trade-in value thereof is assigned by the lessee to the lessor. In the case of a motor vehicle that is sold for the purpose of leasing for a defined period of longer than one year, the sale occurs at the time of the delivery of the vehicle, regardless of the due date of any

lease payments. A lessor who incurs a Retailers' Occupation Tax liability on the sale of a motor vehicle coming off lease may not take a credit against that liability for the Use Tax the lessor paid upon the purchase of the motor vehicle (or for any tax the lessor paid with respect to any amount received by the lessor from the lessee for the leased vehicle that was not calculated at the time the lease was executed) if the selling price of the motor vehicle at the time of purchase was calculated using the definition of "selling price" as defined in this paragraph. Notwithstanding any other provision of this Act to the contrary, lessors shall file all returns and make all payments required under this paragraph to the Department by electronic means in the manner and form as required by the Department. This paragraph does not apply to leases of motor vehicles for which, at the time the lease is entered into, the term of the lease is not a defined period, including leases with a defined initial period with the option to continue the lease on a month-to-month or other basis beyond the initial defined period.

The phrase "like kind and character" shall be liberally construed (including but not limited to any form of motor vehicle for any form of motor vehicle, or any kind of farm or agricultural implement for any other kind of farm or agricultural implement), while not including a kind of item which, if sold at retail by that retailer, would be exempt from retailers' occupation tax and use tax as an isolated or

occasional sale.

"Gross receipts" from the sales of tangible personal property at retail means the total selling price or the amount of such sales, as hereinbefore defined. In the case of charge and time sales, the amount thereof shall be included only as and when payments are received by the seller. In the case of leases, except as otherwise provided in this Act, the amount thereof shall be included only as and when gross receipts are received by the lessor. Receipts or other consideration derived by a seller from the sale, transfer or assignment of accounts receivable to a wholly owned subsidiary will not be deemed payments prior to the time the purchaser makes payment on such accounts.

"Department" means the Department of Revenue.

"Person" means any natural individual, firm, partnership, association, joint stock company, joint adventure, public or private corporation, limited liability company, or a receiver, executor, trustee, guardian or other representative appointed by order of any court.

The isolated or occasional sale of tangible personal property at retail by a person who does not hold himself out as being engaged (or who does not habitually engage) in selling such tangible personal property at retail, or a sale through a bulk vending machine, does not constitute engaging in a business of selling such tangible personal property at retail within the meaning of this Act; provided that any person who is

engaged in a business which is not subject to the tax imposed by this Act because of involving the sale of or a contract to sell real estate or a construction contract to improve real estate or a construction contract to engineer, install, and maintain an integrated system of products, but who, in the course of conducting such business, transfers tangible personal property to users or consumers in the finished form in which it was purchased, and which does not become real estate or was not engineered and installed, under any provision of a construction contract or real estate sale or real estate sales agreement entered into with some other person arising out of or because of such nontaxable business, is engaged in the business of selling tangible personal property at retail to the extent of the value of the tangible personal property so transferred. If, in such a transaction, a separate charge is made for the tangible personal property so transferred, the value of such property, for the purpose of this Act, shall be the amount so separately charged, but not less than the cost of such property to the transferor; if no separate charge is made, the value of such property, for the purposes of this Act, is the cost to the transferor of such tangible personal property. Construction contracts for the improvement of real estate consisting of engineering, installation, and maintenance of voice, data, video, security, and all telecommunication systems do not constitute engaging in a business of selling tangible personal property at retail

within the meaning of this Act if they are sold at one specified contract price.

A person who holds himself or herself out as being engaged (or who habitually engages) in selling tangible personal property at retail is a person engaged in the business of selling tangible personal property at retail hereunder with respect to such sales (and not primarily in a service occupation) notwithstanding the fact that such person designs and produces such tangible personal property on special order for the purchaser and in such a way as to render the property of value only to such purchaser, if such tangible personal property so produced on special order serves substantially the same function as stock or standard items of tangible personal property that are sold at retail.

Persons who engage in the business of transferring tangible personal property upon the redemption of trading stamps are engaged in the business of selling such property at retail and shall be liable for and shall pay the tax imposed by this Act on the basis of the retail value of the property transferred upon redemption of such stamps.

"Bulk vending machine" means a vending machine, containing unsorted confections, nuts, toys, or other items designed primarily to be used or played with by children which, when a coin or coins of a denomination not larger than \$0.50 are inserted, are dispensed in equal portions, at random and without selection by the customer.

"Remote retailer" means a retailer that does not maintain within this State, directly or by a subsidiary, an office, distribution house, sales house, warehouse or other place of business, or any agent or other representative operating within this State under the authority of the retailer or its subsidiary, irrespective of whether such place of business or agent is located here permanently or temporarily or whether such retailer or subsidiary is licensed to do business in this State.

"Retailer maintaining a place of business in this State" has the meaning given to that term in Section 2 of the Use Tax Act.

"Marketplace" means a physical or electronic place, forum, platform, application, or other method by which a marketplace seller sells or offers to sell items.

"Marketplace facilitator" means a person who, pursuant to an agreement with an unrelated third-party marketplace seller, directly or indirectly through one or more affiliates facilitates a retail sale by an unrelated third-party ~~third party~~ marketplace seller by:

- (1) listing or advertising for sale by the marketplace seller in a marketplace, tangible personal property that is subject to tax under this Act; and

- (2) either directly or indirectly, through agreements or arrangements with third parties, collecting payment from the customer and transmitting that payment to the

marketplace seller regardless of whether the marketplace facilitator receives compensation or other consideration in exchange for its services.

A person who provides advertising services, including listing products for sale, is not considered a marketplace facilitator, so long as the advertising service platform or forum does not engage, directly or indirectly through one or more affiliated persons, in the activities described in paragraph (2) of this definition of "marketplace facilitator".

"Marketplace facilitator" does not include any person licensed under the Auction License Act. This exemption does not apply to any person who is an Internet auction listing service, as defined by the Auction License Act.

"Marketplace seller" means a person who ~~that~~ makes sales through a marketplace operated by an unrelated third-party ~~third-party~~ marketplace facilitator.

Sec. 2. Tax imposed.

(a) A tax is imposed upon persons engaged in the business of selling at retail, which, on and after January 1, 2025, includes leasing, tangible personal property, including computer software, and including photographs, negatives, and

positives that are the product of photoprocessing, but not including products of photoprocessing produced for use in motion pictures for public commercial exhibition. Beginning January 1, 2001, prepaid telephone calling arrangements shall be considered tangible personal property subject to the tax imposed under this Act regardless of the form in which those arrangements may be embodied, transmitted, or fixed by any method now known or hereafter developed.

The imposition of the tax under this Act on persons engaged in the business of leasing tangible personal property applies to leases in effect, entered into, or renewed on or after January 1, 2025. In the case of leases, except as otherwise provided in this Act, the lessor must remit, for each tax return period, only the tax applicable to that part of the selling price actually received during such tax return period.

The inclusion of leases in the tax imposed under this Act by Public Act 103-592 ~~this amendatory Act of the 103rd General Assembly~~ does not, however, extend to motor vehicles, watercraft, aircraft, and semitrailers, as defined in Section 1-187 of the Illinois Vehicle Code, that are required to be registered with an agency of this State. The taxation of these items shall continue in effect as prior to the effective date of the changes made to this Section by Public Act 103-592 ~~this amendatory Act of the 103rd General Assembly~~ (i.e., dealers owe retailers' occupation tax, lessors owe use tax, and

lessees are not subject to retailers' occupation or use tax).

Sales of (1) electricity delivered to customers by wire; (2) natural or artificial gas that is delivered to customers through pipes, pipelines, or mains; and (3) water that is delivered to customers through pipes, pipelines, or mains are not subject to tax under this Act. The provisions of Public Act 98-583 ~~this amendatory Act of the 98th General Assembly~~ are declaratory of existing law as to the meaning and scope of this Act.

(b) Beginning on January 1, 2021, a remote retailer is engaged in the occupation of selling at retail in Illinois for purposes of this Act, if:

(1) the cumulative gross receipts from sales of tangible personal property to purchasers in Illinois are \$100,000 or more; or

(2) the retailer enters into 200 or more separate transactions for the sale of tangible personal property to purchasers in Illinois.

Remote retailers that meet or exceed the threshold in either paragraph (1) or (2) above shall be liable for all applicable State retailers' and locally imposed retailers' occupation taxes administered by the Department on all retail sales to Illinois purchasers.

The remote retailer shall determine on a quarterly basis, ending on the last day of March, June, September, and December, whether he or she meets the criteria of either

paragraph (1) or (2) of this subsection for the preceding 12-month period. If the retailer meets the criteria of either paragraph (1) or (2) for a 12-month period, he or she is considered a retailer maintaining a place of business in this State and is required to collect and remit the tax imposed under this Act and all retailers' occupation tax imposed by local taxing jurisdictions in Illinois, provided such local taxes are administered by the Department, and to file all applicable returns for one year. At the end of that one-year period, the retailer shall determine whether the retailer met the criteria of either paragraph (1) or (2) for the preceding 12-month period. If the retailer met the criteria in either paragraph (1) or (2) for the preceding 12-month period, he or she is considered a retailer maintaining a place of business in this State and is required to collect and remit all applicable State and local retailers' occupation taxes and file returns for the subsequent year. If, at the end of a one-year period, a retailer that was required to collect and remit the tax imposed under this Act determines that he or she did not meet the criteria in either paragraph (1) or (2) during the preceding 12-month period, then the retailer shall subsequently determine on a quarterly basis, ending on the last day of March, June, September, and December, whether he or she meets the criteria of either paragraph (1) or (2) for the preceding 12-month period.

(b-2) Beginning on January 1, 2025, a retailer maintaining

a place of business in this State that makes retail sales of tangible personal property to Illinois customers from a location or locations outside of Illinois is engaged in the occupation of selling at retail in Illinois for the purposes of this Act. Those retailers are liable for all applicable State and locally imposed retailers' occupation taxes administered by the Department on retail sales made by those retailers to Illinois customers from locations outside of Illinois.

(b-5) For the purposes of this Section, neither the gross receipts from nor the number of separate transactions for sales of tangible personal property to purchasers in Illinois that a remote retailer makes through a marketplace facilitator shall be included for the purposes of determining whether he or she has met the thresholds of subsection (b) of this Section so long as the remote retailer has received certification from the marketplace facilitator that the marketplace facilitator is legally responsible for payment of tax on such sales.

(b-10) A remote retailer that is required to collect taxes imposed under the Use Tax Act on retail sales made to Illinois purchasers or a retailer maintaining a place of business in this State that is required to collect taxes imposed under the Use Tax Act on retail sales made to Illinois purchasers shall be liable to the Department for such taxes, except when the remote retailer or retailer maintaining a place of business in this State is relieved of the duty to remit such taxes by

virtue of having paid to the Department taxes imposed by this Act in accordance with this Section upon his or her gross receipts from such sales.

(c) Marketplace facilitators engaged in the business of selling at retail tangible personal property in Illinois. Beginning January 1, 2021, a marketplace facilitator is engaged in the occupation of selling at retail tangible personal property in Illinois for purposes of this Act if, during the previous 12-month period:

(1) the cumulative gross receipts from sales of tangible personal property on its own behalf or on behalf of marketplace sellers to purchasers in Illinois equals \$100,000 or more; or

(2) the marketplace facilitator enters into 200 or more separate transactions on its own behalf or on behalf of marketplace sellers for the sale of tangible personal property to purchasers in Illinois, regardless of whether the marketplace facilitator or marketplace sellers for whom such sales are facilitated are registered as retailers in this State.

A marketplace facilitator who meets either paragraph (1) or (2) of this subsection is required to remit the applicable State retailers' occupation taxes under this Act and local retailers' occupation taxes administered by the Department on all taxable sales of tangible personal property made by the marketplace facilitator or facilitated for marketplace sellers

to customers in this State. A marketplace facilitator selling or facilitating the sale of tangible personal property to customers in this State is subject to all applicable procedures and requirements of this Act.

The marketplace facilitator shall determine on a quarterly basis, ending on the last day of March, June, September, and December, whether he or she meets the criteria of either paragraph (1) or (2) of this subsection for the preceding 12-month period. If the marketplace facilitator meets the criteria of either paragraph (1) or (2) for a 12-month period, he or she is considered a retailer maintaining a place of business in this State and is required to remit the tax imposed under this Act and all retailers' occupation tax imposed by local taxing jurisdictions in Illinois, provided such local taxes are administered by the Department, and to file all applicable returns for one year. At the end of that one-year period, the marketplace facilitator shall determine whether it met the criteria of either paragraph (1) or (2) for the preceding 12-month period. If the marketplace facilitator met the criteria in either paragraph (1) or (2) for the preceding 12-month period, it is considered a retailer maintaining a place of business in this State and is required to collect and remit all applicable State and local retailers' occupation taxes and file returns for the subsequent year. If at the end of a one-year period a marketplace facilitator that was required to collect and remit the tax imposed under this Act

determines that he or she did not meet the criteria in either paragraph (1) or (2) during the preceding 12-month period, the marketplace facilitator shall subsequently determine on a quarterly basis, ending on the last day of March, June, September, and December, whether he or she meets the criteria of either paragraph (1) or (2) for the preceding 12-month period.

A marketplace facilitator shall be entitled to any credits, deductions, or adjustments to the sales price otherwise provided to the marketplace seller, in addition to any such adjustments provided directly to the marketplace facilitator. This Section pertains to, but is not limited to, adjustments such as discounts, coupons, and rebates. In addition, a marketplace facilitator shall be entitled to the retailers' discount provided in Section 3 of the Retailers' Occupation Tax Act on all marketplace sales, and the marketplace seller shall not include sales made through a marketplace facilitator when computing any retailers' discount on remaining sales. Marketplace facilitators shall report and remit the applicable State and local retailers' occupation taxes on sales facilitated for marketplace sellers separately from any sales or use tax collected on taxable retail sales made directly by the marketplace facilitator or its affiliates.

The marketplace facilitator is liable for the remittance of all applicable State retailers' occupation taxes under this

Act and local retailers' occupation taxes administered by the Department on sales through the marketplace and is subject to audit on all such sales. The Department shall not audit marketplace sellers for their marketplace sales where a marketplace facilitator remitted the applicable State and local retailers' occupation taxes unless the marketplace facilitator seeks relief as a result of incorrect information provided to the marketplace facilitator by a marketplace seller as set forth in this Section. The marketplace facilitator shall not be held liable for tax on any sales made by a marketplace seller that take place outside of the marketplace and which are not a part of any agreement between a marketplace facilitator and a marketplace seller. In addition, marketplace facilitators shall not be held liable to State and local governments of Illinois for having charged and remitted an incorrect amount of State and local retailers' occupation tax if, at the time of the sale, the tax is computed based on erroneous data provided by the State in database files on tax rates, boundaries, or taxing jurisdictions or incorrect information provided to the marketplace facilitator by the marketplace seller.

(d) A marketplace facilitator shall:

(1) certify to each marketplace seller that the marketplace facilitator assumes the rights and duties of a retailer under this Act with respect to sales made by the marketplace seller through the marketplace; and

(2) remit taxes imposed by this Act as required by this Act for sales made through the marketplace.

(e) A marketplace seller shall retain books and records for all sales made through a marketplace in accordance with the requirements of this Act.

(f) A marketplace facilitator is subject to audit on all marketplace sales for which it is considered to be the retailer, but shall not be liable for tax or subject to audit on sales made by marketplace sellers outside of the marketplace.

(g) A marketplace facilitator required to collect taxes imposed under the Use Tax Act on marketplace sales made to Illinois purchasers shall be liable to the Department for such taxes, except when the marketplace facilitator is relieved of the duty to remit such taxes by virtue of having paid to the Department taxes imposed by this Act in accordance with this Section upon his or her gross receipts from such sales.

(h) Nothing in this Section shall allow the Department to collect retailers' occupation taxes from both the marketplace facilitator and marketplace seller on the same transaction.

(i) If, for any reason, the Department is prohibited from enforcing the marketplace facilitator's duty under this Act to remit taxes pursuant to this Section, the duty to remit such taxes remains with the marketplace seller.

(j) Nothing in this Section affects the obligation of any consumer to remit use tax for any taxable transaction for

which a certified service provider acting on behalf of a remote retailer or a marketplace facilitator does not collect and remit the appropriate tax.

(k) Nothing in this Section shall allow the Department to collect the retailers' occupation tax from both the marketplace facilitator and the marketplace seller.

(35 ILCS 120/2-5)

Sec. 2-5. Exemptions. Gross receipts from proceeds from the sale, which, on and after January 1, 2025, includes the lease, of the following tangible personal property are exempt from the tax imposed by this Act:

(1) Farm chemicals.

(2) Farm machinery and equipment, both new and used, including that manufactured on special order, certified by the purchaser to be used primarily for production agriculture or State or federal agricultural programs, including individual replacement parts for the machinery and equipment, including machinery and equipment purchased for lease, and including implements of husbandry defined in Section 1-130 of the Illinois Vehicle Code, farm machinery and agricultural chemical and fertilizer spreaders, and nurse wagons required to be registered under Section 3-809 of the Illinois Vehicle Code, but

excluding other motor vehicles required to be registered under the Illinois Vehicle Code. Horticultural polyhouses or hoop houses used for propagating, growing, or overwintering plants shall be considered farm machinery and equipment under this item (2). Agricultural chemical tender tanks and dry boxes shall include units sold separately from a motor vehicle required to be licensed and units sold mounted on a motor vehicle required to be licensed, if the selling price of the tender is separately stated.

Farm machinery and equipment shall include precision farming equipment that is installed or purchased to be installed on farm machinery and equipment including, but not limited to, tractors, harvesters, sprayers, planters, seeders, or spreaders. Precision farming equipment includes, but is not limited to, soil testing sensors, computers, monitors, software, global positioning and mapping systems, and other such equipment.

Farm machinery and equipment also includes computers, sensors, software, and related equipment used primarily in the computer-assisted operation of production agriculture facilities, equipment, and activities such as, but not limited to, the collection, monitoring, and correlation of animal and crop data for the purpose of formulating animal diets and agricultural chemicals.

Beginning on January 1, 2024, farm machinery and

equipment also includes electrical power generation equipment used primarily for production agriculture.

This item (2) is exempt from the provisions of Section 2-70.

(3) Until July 1, 2003, distillation machinery and equipment, sold as a unit or kit, assembled or installed by the retailer, certified by the user to be used only for the production of ethyl alcohol that will be used for consumption as motor fuel or as a component of motor fuel for the personal use of the user, and not subject to sale or resale.

Beginning on July 1, 2017, graphic arts machinery and equipment is included in the manufacturing and assembling machinery and equipment exemption under paragraph (14).

(5) A motor vehicle that is used for automobile renting, as defined in the Automobile Renting Occupation

These organizations include, but are not limited to, music and dramatic arts organizations such as symphony orchestras and theatrical groups, arts and cultural service organizations, local arts councils, visual arts organizations, and media arts organizations. Sec. 2-10. Rate of tax. Unless otherwise provided in this Section, the tax imposed by this Act is at the rate of 6.25% of gross receipts from sales, which, on and after January 1, 2025, includes leases, of tangible personal property made in the course of business.

Beginning on July 1, 2000 and through December 31, 2000, with respect to motor fuel, as defined in Section 1.1 of the Motor Fuel Tax Law, and gasohol, as defined in Section 3-40 of the Use Tax Act, the tax is imposed at the rate of 1.25%.

Beginning on August 6, 2010 through August 15, 2010, and beginning again on August 5, 2022 through August 14, 2022, with respect to sales tax holiday items as defined in Section 2-8 of this Act, the tax is imposed at the rate of 1.25%.

Within 14 days after July 1, 2000 (the effective date of Public Act 91-872), each retailer of motor fuel and gasohol shall cause the following notice to be posted in a prominently visible place on each retail dispensing device that is used to dispense motor fuel or gasohol in the State of Illinois: "As of July 1, 2000, the State of Illinois has eliminated the State's share of sales tax on motor fuel and gasohol through December 31, 2000. The price on this pump should reflect the

elimination of the tax." The notice shall be printed in bold print on a sign that is no smaller than 4 inches by 8 inches. The sign shall be clearly visible to customers. Any retailer who fails to post or maintain a required sign through December 31, 2000 is guilty of a petty offense for which the fine shall be \$500 per day per each retail premises where a violation occurs.

With respect to gasohol, as defined in the Use Tax Act, the tax imposed by this Act applies to (i) 70% of the proceeds of sales made on or after January 1, 1990, and before July 1, 2003, (ii) 80% of the proceeds of sales made on or after July 1, 2003 and on or before July 1, 2017, (iii) 100% of the proceeds of sales made after July 1, 2017 and prior to January 1, 2024, (iv) 90% of the proceeds of sales made on or after January 1, 2024 and on or before December 31, 2028, and (v) 100% of the proceeds of sales made after December 31, 2028. If, at any time, however, the tax under this Act on sales of gasohol, as defined in the Use Tax Act, is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of gasohol made during that time.

With respect to mid-range ethanol blends, as defined in Section 3-44.3 of the Use Tax Act, the tax imposed by this Act applies to (i) 80% of the proceeds of sales made on or after January 1, 2024 and on or before December 31, 2028 and (ii) 100% of the proceeds of sales made after December 31, 2028. If, at any time, however, the tax under this Act on sales of

mid-range ethanol blends is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of mid-range ethanol blends made during that time.

With respect to majority blended ethanol fuel, as defined in the Use Tax Act, the tax imposed by this Act does not apply to the proceeds of sales made on or after July 1, 2003 and on or before December 31, 2028 but applies to 100% of the proceeds of sales made thereafter.

With respect to biodiesel blends, as defined in the Use Tax Act, with no less than 1% and no more than 10% biodiesel, the tax imposed by this Act applies to (i) 80% of the proceeds of sales made on or after July 1, 2003 and on or before December 31, 2018 and (ii) 100% of the proceeds of sales made after December 31, 2018 and before January 1, 2024. On and after January 1, 2024 and on or before December 31, 2030, the taxation of biodiesel, renewable diesel, and biodiesel blends shall be as provided in Section 3-5.1 of the Use Tax Act. If, at any time, however, the tax under this Act on sales of biodiesel blends, as defined in the Use Tax Act, with no less than 1% and no more than 10% biodiesel is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of biodiesel blends with no less than 1% and no more than 10% biodiesel made during that time.

With respect to biodiesel, as defined in the Use Tax Act, and biodiesel blends, as defined in the Use Tax Act, with more than 10% but no more than 99% biodiesel, the tax imposed by

this Act does not apply to the proceeds of sales made on or after July 1, 2003 and on or before December 31, 2023. On and after January 1, 2024 and on or before December 31, 2030, the taxation of biodiesel, renewable diesel, and biodiesel blends shall be as provided in Section 3-5.1 of the Use Tax Act.

Until July 1, 2022 and from July 1, 2023 through December 31, 2025, with respect to food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, food consisting of or infused with adult use cannabis, soft drinks, and food that has been prepared for immediate consumption), the tax is imposed at the rate of 1%. Beginning July 1, 2022 and until July 1, 2023, with respect to food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, food consisting of or infused with adult use cannabis, soft drinks, and food that has been prepared for immediate consumption), the tax is imposed at the rate of 0%. On and after January 1, 2026, food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, food consisting of or infused with adult use cannabis, soft drinks, candy, and food that has been prepared for immediate consumption) is exempt from the tax imposed by this Act.

With respect to prescription and nonprescription medicines, drugs, medical appliances, products classified as Class III medical devices by the United States Food and Drug

Administration that are used for cancer treatment pursuant to a prescription, as well as any accessories and components related to those devices, modifications to a motor vehicle for the purpose of rendering it usable by a person with a disability, and insulin, blood sugar testing materials, syringes, and needles used by human diabetics, the tax is imposed at the rate of 1%. For the purposes of this Section, until September 1, 2009: the term "soft drinks" means any complete, finished, ready-to-use, non-alcoholic drink, whether carbonated or not, including, but not limited to, soda water, cola, fruit juice, vegetable juice, carbonated water, and all other preparations commonly known as soft drinks of whatever kind or description that are contained in any closed or sealed bottle, can, carton, or container, regardless of size; but "soft drinks" does not include coffee, tea, non-carbonated water, infant formula, milk or milk products as defined in the Grade A Pasteurized Milk and Milk Products Act, or drinks containing 50% or more natural fruit or vegetable juice.

Notwithstanding any other provisions of this Act, beginning September 1, 2009, "soft drinks" means non-alcoholic beverages that contain natural or artificial sweeteners. "Soft drinks" does not include beverages that contain milk or milk products, soy, rice or similar milk substitutes, or greater than 50% of vegetable or fruit juice by volume.

Until August 1, 2009, and notwithstanding any other provisions of this Act, "food for human consumption that is to

be consumed off the premises where it is sold" includes all food sold through a vending machine, except soft drinks and food products that are dispensed hot from a vending machine, regardless of the location of the vending machine. Beginning August 1, 2009, and notwithstanding any other provisions of this Act, "food for human consumption that is to be consumed off the premises where it is sold" includes all food sold through a vending machine, except soft drinks, candy, and food products that are dispensed hot from a vending machine, regardless of the location of the vending machine.

Notwithstanding any other provisions of this Act, beginning September 1, 2009, "food for human consumption that is to be consumed off the premises where it is sold" does not include candy. For purposes of this Section, "candy" means a preparation of sugar, honey, or other natural or artificial sweeteners in combination with chocolate, fruits, nuts or other ingredients or flavorings in the form of bars, drops, or pieces. "Candy" does not include any preparation that contains flour or requires refrigeration.

Notwithstanding any other provisions of this Act, beginning September 1, 2009, "nonprescription medicines and drugs" does not include grooming and hygiene products. For purposes of this Section, "grooming and hygiene products" includes, but is not limited to, soaps and cleaning solutions, shampoo, toothpaste, mouthwash, antiperspirants, and sun tan lotions and screens, unless those products are available by

prescription only, regardless of whether the products meet the definition of "over-the-counter-drugs". For the purposes of this paragraph, "over-the-counter-drug" means a drug for human use that contains a label that identifies the product as a drug as required by 21 CFR 201.66. The "over-the-counter-drug" label includes:

(A) a "Drug Facts" panel; or

Beginning on January 1, 2014 (the effective date of Public Act 98-122), "prescription and nonprescription medicines and drugs" includes medical cannabis purchased from a registered dispensing organization under the Compassionate Use of Medical Cannabis Program Act.

As used in this Section, "adult use cannabis" means cannabis subject to tax under the Cannabis Cultivation Privilege Tax Law and the Cannabis Purchaser Excise Tax Law and does not include cannabis subject to tax under the Compassionate Use of Medical Cannabis Program Act.

Sec. 2-12. Location where retailer is deemed to be engaged in the business of selling. The purpose of this Section is to specify where a retailer is deemed to be engaged in the business of selling tangible personal property for the purposes of this Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act, and for the purpose of collecting any other local retailers' occupation tax administered by the Department. This Section applies only with respect to the particular selling activities described in the following paragraphs. The provisions of this Section are not intended to, and shall not be interpreted to, affect where a retailer is deemed to be engaged in the business of selling with respect to any activity that is not specifically described in the following paragraphs.

(1) If a purchaser who is present at the retailer's place of business, having no prior commitment to the retailer, agrees to purchase and makes payment for tangible personal property at the retailer's place of business, then the transaction shall be deemed an over-the-counter sale occurring at the retailer's same place of business where the purchaser was present and made payment for that tangible personal property if the retailer regularly stocks the purchased tangible personal property or similar tangible personal property in the quantity, or similar quantity, for sale at the retailer's

same place of business and then either (i) the purchaser takes possession of the tangible personal property at the same place of business or (ii) the retailer delivers or arranges for the tangible personal property to be delivered to the purchaser.

(2) If a purchaser, having no prior commitment to the retailer, agrees to purchase tangible personal property and makes payment over the phone, in writing, or via the Internet and takes possession of the tangible personal property at the retailer's place of business, then the sale shall be deemed to have occurred at the retailer's place of business where the purchaser takes possession of the property if the retailer regularly stocks the item or similar items in the quantity, or similar quantities, purchased by the purchaser.

(3) A retailer is deemed to be engaged in the business of selling food, beverages, or other tangible personal property through a vending machine at the location where the vending machine is located at the time the sale is made if (i) the vending machine is a device operated by coin, currency, credit card, token, coupon or similar device; (2) the food, beverage or other tangible personal property is contained within the vending machine and dispensed from the vending machine; and (3) the purchaser takes possession of the purchased food, beverage or other tangible personal property immediately.

(4) Minerals. A producer of coal or other mineral mined in Illinois is deemed to be engaged in the business of selling at the place where the coal or other mineral mined in Illinois is extracted from the earth. With respect to minerals (i) the term "extracted from the earth" means the location at which the coal or other mineral is extracted from the mouth of the mine, and (ii) a "mineral" includes not only coal, but also oil, sand, stone taken from a quarry, gravel and any other thing commonly regarded as a mineral and extracted from the earth. This paragraph does not apply to coal or another mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the United States Constitution as a sale in interstate or foreign commerce.

(5) A retailer selling tangible personal property to a nominal lessee or bailee pursuant to a lease with a dollar or other nominal option to purchase is engaged in the business of selling at the location where the property is first delivered to the lessee or bailee for its intended use.

(5.5) Lease transactions. The lease of tangible personal property that is subject to the tax on leases under Public Act 103-592 ~~this amendatory Act of the 103rd General Assembly~~ is sourced as follows:

(i) For a lease that requires recurring periodic

payments and for which the property is delivered to the lessee by the lessor, each periodic payment is sourced to the primary property location for each period covered by the payment. The primary property location shall be as indicated by an address for the property provided by the lessee that is available to the lessor from its records maintained in the ordinary course of business, when use of this address does not constitute bad faith. The property location is not altered by intermittent use at different locations, such as use of business property that accompanies employees on business trips and service calls.

(ii) For all other leases, including a lease that does not require recurring periodic payments and any lease for which the lessee takes possession of the property at the lessor's place of business, the payment is sourced as otherwise provided under this Act for sales at retail other than leases.

(6) Beginning on January 1, 2021, a remote retailer making retail sales of tangible personal property that meet or exceed the thresholds established in paragraph (1) or (2) of subsection (b) of Section 2 of this Act is engaged in the business of selling at the Illinois location to which the tangible personal property is shipped or delivered or at which possession is taken by the purchaser.

(7) Beginning January 1, 2021, a marketplace facilitator facilitating sales of tangible personal property that meet or exceed one of the thresholds established in paragraph (1) or (2) of subsection (c) of Section 2 of this Act is deemed to be engaged in the business of selling at the Illinois location to which the tangible personal property is shipped or delivered or at which possession is taken by the purchaser when the sale is made by a marketplace seller on the marketplace facilitator's marketplace.

(8) Beginning on January 1, 2025, for sales that would otherwise be sourced outside of this State, a retailer maintaining a place of business in this State that makes retail sales of tangible personal property to Illinois customers from a location or locations outside of Illinois is engaged in the business of selling at the Illinois location to which the tangible personal property is shipped or delivered or at which possession is taken by the purchaser.

Section 310. The Hotel Operators' Occupation Tax Act is amended by changing Sections 2 and 6 as follows:

(35 ILCS 145/2) (from Ch. 120, par. 481b.32)

Sec. 2. Definitions. As used in this Act, unless the context otherwise requires:

(1) "Hotel" means any building or buildings in which the public may, for a consideration, obtain living quarters, sleeping or housekeeping accommodations. The term includes, but is not limited to, inns, motels, tourist homes or courts, lodging houses, rooming houses and apartment houses, retreat centers, conference centers, and hunting lodges. For the purposes of re-renters of hotel rooms only, "hotel" does not include a short-term rental.

(2) "Operator" means any person engaged in the business of renting, leasing, or letting rooms in a hotel.

(3) "Occupancy" means the use or possession, or the right to the use or possession, of any room or rooms in a hotel for any purpose, or the right to the use or possession of the furnishings or to the services and accommodations accompanying the use and possession of the room or rooms.

(4) "Room" or "rooms" means any living quarters, sleeping or housekeeping accommodations.

(5) "Permanent resident" means any person who occupied or has the right to occupy any room or rooms, regardless of whether or not it is the same room or rooms, in a hotel for at least 30 consecutive days.

(6) "Rent" or "rental" means the consideration received for occupancy, valued in money, whether received in money or otherwise, including all receipts, cash, credits, and property

or services of any kind or nature. "Rent" or "rental" includes any fee, charge, or commission received from a guest by a re-renter of hotel rooms specifically in connection with the re-rental of hotel rooms, but does not include any fee, charge, or commission received from a short-term rental by a hosting platform.

(7) "Department" means the Department of Revenue.

(8) "Person" means any natural individual, firm, partnership, association, joint stock company, joint adventure, public or private corporation, limited liability company, or a receiver, executor, trustee, guardian, or other representative appointed by order of any court.

(9) "Re-renter of hotel rooms" means a person who is not employed by the hotel operator but who, either directly or indirectly, through agreements or arrangements with third parties, collects or processes the payment of rent for a hotel room located in this State and (i) obtains the right or authority to grant control of, access to, or occupancy of a hotel room in this State to a guest of the hotel or (ii) facilitates the booking of a hotel room located in this State. A person who obtains those rights or authorities is not considered a re-renter of a hotel room if the person operates under a shared hotel brand with the operator.

(10) "Hosting platform" or "platform" means a person who provides an online application, software, website, or system through which a short-term rental located in this State is

advertised or held out to the public as available to rent for occupancy. For purposes of this definition, "short-term rental" means an owner-occupied, tenant-occupied, or non-owner-occupied dwelling, including, but not limited to, an apartment, house, cottage, or condominium, located in this State, where: (i) at least one room in the dwelling is rented to an occupant for a period of less than 30 consecutive days; and (ii) all accommodations are reserved in advance; provided, however, that a dwelling shall be considered a single room if rented as such.

(11) "Shared hotel brand" means an identifying trademark that a hotel operator is expressly licensed to operate under in accordance with the terms of a hotel franchise or management agreement.

(35 ILCS 145/6) (from Ch. 120, par. 481b.36)

Sec. 6. Returns; allocation of proceeds.

(a) Except as provided hereinafter in this Section, on or before the last day of each calendar month, every person engaged as a hotel operator in this State during the preceding calendar month shall file a return with the Department, stating:

1. the name of the operator;
2. his residence address and the address of his principal place of business and the address of the

principal place of business (if that is a different address) from which he engages in business as a hotel operator in this State (including, if required by the Department, the address of each hotel from which rental receipts were received);

3. total amount of rental receipts received by him during the preceding calendar month from engaging in business as a hotel operator during such preceding calendar month;

4. total amount of rental receipts received by him during the preceding calendar month from renting, leasing or letting rooms to permanent residents during such preceding calendar month;

5. total amount of other exclusions from gross rental receipts allowed by this Act;

6. gross rental receipts which were received by him during the preceding calendar month and upon the basis of which the tax is imposed;

7. the amount of tax due;

8. credit for any reimbursement of tax paid by a re-renter of hotel rooms to hotel operators for rentals purchased for re-rental, as provided in Section 3-3 of this Act;

9. such other reasonable information as the Department may require.

If the operator's average monthly tax liability to the

Department does not exceed \$200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 30 of such year; with the return for April, May and June of a given year being due by July 31 of such year; with the return for July, August and September of a given year being due by October 31 of such year, and with the return for October, November and December of a given year being due by January 31 of the following year.

If the operator's average monthly tax liability to the Department does not exceed \$50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 31 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which an operator may file his return, in the case of any operator who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such operator shall file a final return under this Act with the Department not more than one ± month after discontinuing such business.

Where the same person has more than one ± business registered with the Department under separate registrations under this Act, such person shall not file each return that is

due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

In his return, the operator shall determine the value of any consideration other than money received by him in connection with engaging in business as a hotel operator and he shall include such value in his return. Such determination shall be subject to review and revision by the Department in the manner hereinafter provided for the correction of returns.

Where the operator is a corporation, the return filed on behalf of such corporation shall be signed by the president, vice-president, secretary or treasurer or by the properly accredited agent of such corporation.

The person filing the return herein provided for shall, at the time of filing such return, pay to the Department the amount of tax herein imposed. The operator filing the return under this Section shall, at the time of filing such return, pay to the Department the amount of tax imposed by this Act less a discount of 2.1% or \$25 per calendar year, whichever is greater, which is allowed to reimburse the operator for the expenses incurred in keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request.

If any payment provided for in this Section exceeds the operator's liabilities under this Act, as shown on an original return, the Department may authorize the operator to credit

such excess payment against liability subsequently to be remitted to the Department under this Act, in accordance with reasonable rules adopted by the Department. If the Department subsequently determines that all or any part of the credit taken was not actually due to the operator, the operator's discount shall be reduced by an amount equal to the difference between the discount as applied to the credit taken and that actually due, and that operator shall be liable for penalties and interest on such difference.

(b) Until July 1, 2024, the Department shall deposit the total net revenue realized from the tax imposed under this Act as provided in this subsection (b). Beginning on July 1, 2024, the Department shall deposit the total net revenue realized from the tax imposed under this Act as provided in subsection (c).

Of the remaining 60%: (i) \$5,000,000 shall be deposited into the Illinois Sports Facilities Fund and credited to the Subsidy Account each fiscal year by making monthly deposits in the amount of 1/8 of \$5,000,000 plus cumulative deficiencies in such deposits for prior months, and (ii) an amount equal to the then applicable Advance Amount, as defined in subsection (d), shall be deposited into the Illinois Sports Facilities Fund and

credited to the Advance Account each fiscal year by making monthly deposits in the amount of 1/8 of the then applicable Advance Amount plus any cumulative deficiencies in such deposits for prior months. (The deposits of the then applicable Advance Amount during each fiscal year shall be treated as advances of funds to the Illinois Sports Facilities Authority for its corporate purposes to the extent paid to the Authority or its trustee and shall be repaid into the General Revenue Fund in the State treasury ~~Treasury~~ by the State Treasurer on behalf of the Authority pursuant to Section 19 of the Illinois Sports Facilities Authority Act, as amended. If in any fiscal year the full amount of the then applicable Advance Amount is not repaid into the General Revenue Fund, then the deficiency shall be paid from the amount in the Local Government Distributive Fund that would otherwise be allocated to the City of Chicago under the State Revenue Sharing Act.)

Of the remaining 60% of the amount of total net revenue beginning on August 1, 2011 through June 30, 2023, from the tax imposed by subsection (a) of Section 3 after all required deposits into the Illinois Sports Facilities Fund, an amount equal to 8% of the net revenue realized from this Act during the preceding month shall be deposited as follows: 18% of such amount shall be deposited into the Chicago Travel Industry Promotion Fund for the purposes described in subsection (n) of Section 5 of the Metropolitan Pier and Exposition Authority Act and the remaining 82% of such amount shall be deposited

(1) an amount equal to 8% of the net revenue realized under this Act for the preceding month shall be deposited as follows: 82% to the Local Tourism Fund and 18% to the Chicago Travel Industry Promotion Fund; and

(2) an amount equal to 4.5% of the net revenue realized under this Act for the preceding month shall be deposited as follows: 55% to the Chicago Travel Industry Promotion Fund and 45% to the International Tourism Fund.

After making all these deposits, any remaining net revenue realized from the tax imposed under subsection (a) of Section

3 shall be deposited into the Tourism Promotion Fund in the State treasury ~~Treasury~~. All moneys received by the Department from the additional tax imposed under subsection (b) of Section 3 shall be deposited into the Build Illinois Fund in the State treasury ~~Treasury~~.

(c) Beginning on July 1, 2024, the total net revenue realized from the tax imposed under this Act for the preceding month shall be deposited each month as follows:

(1) 50% shall be deposited into the Build Illinois Fund; and

(2) the remaining 50% shall be deposited in the following order of priority:

(A) First:

Such annual return to the Department shall include a statement of gross receipts as shown by the operator's last State income tax return. If the total receipts of the business as reported in the State income tax return do not agree with the gross receipts reported to the Department for the same period, the operator shall attach to his annual information return a schedule showing a reconciliation of the 2 amounts and the reasons for the difference. The operator's annual information return to the Department shall also disclose payroll information of the operator's business during the year covered by such return and any additional reasonable information which the Department deems would be helpful in determining the accuracy of the monthly, quarterly or annual tax returns by

such operator as hereinbefore provided for in this Section.

If the annual information return required by this Section is not filed when and as required the taxpayer shall be liable for a penalty in an amount determined in accordance with Section 3-4 of the Uniform Penalty and Interest Act until such return is filed as required, the penalty to be assessed and collected in the same manner as any other penalty provided for in this Act.

Section 315. The Automobile Renting Occupation and Use Tax Act is amended by changing Sections 2 and 6 as follows:

(35 ILCS 155/2) (from Ch. 120, par. 1702)

Sec. 2. Definitions. As used in this Act:

"Renting" means any transfer of the possession or right to possession of an automobile to a user for a valuable consideration for a period of one year or less.

"Renting" does not include making a charge for the use of an automobile where the rentor, either himself or through an agent, furnishes a service of operating an automobile so that the rentor remains in possession of the automobile, because this does not constitute a transfer of possession or right to possession of the automobile.

"Renting" does not include the making of a charge by an automobile dealer for the use of an automobile as a demonstrator in connection with the dealer's business of selling, where the charge is merely made to recover the costs of operating the automobile as a demonstrator and is not intended as a rental or leasing charge in the ordinary sense.

"Renting" does not include peer-to-peer car sharing, as defined in Section 5 of the Car-Sharing Program Act, if tax due on the automobile under the Retailers' Occupation Tax Act or Use Tax Act was paid upon the purchase of the automobile or when the automobile was brought into Illinois. The car-sharing program shall ask a shared-vehicle ~~shared-vehicle~~ owner if the shared-vehicle ~~shared-vehicle~~ owner paid applicable taxes at the time of purchase. Notwithstanding any law to the contrary, the car-sharing program shall have the right to rely on the

shared-vehicle ~~shared-vehicle~~ owner's response and to be held legally harmless for such reliance.

"Automobile" means (1) any motor vehicle of the first division, or (2) a motor vehicle of the second division which: (A) is a self-contained motor vehicle designed or permanently converted to provide living quarters for recreational, camping or travel use, with direct walk through access to the living quarters from the driver's seat; (B) is of the van configuration designed for the transportation of not less than 7 nor more than 16 passengers, as defined in Section 1-146 of the Illinois Vehicle Code; or (C) has a Gross Vehicle Weight Rating, as defined in Section 1-124.5 of the Illinois Vehicle Code, of 8,000 pounds or less.

"Department" means the Department of Revenue.

"Person" means any natural individual, firm, partnership, association, joint stock company, joint adventure, public or private corporation, limited liability company, or a receiver, executor, trustee, conservator, or other representative appointed by order of any court.

"Rentor" means any person, firm, corporation, or association engaged in the business of renting or leasing automobiles to users. For this purpose, the objective of making a profit is not necessary to make the renting activity a business.

"Rentor" does not include a car-sharing program or a shared-vehicle owner, as defined in Section 5 of the

Car-Sharing Program Act, if tax due on the automobile under the Retailers' Occupation Tax Act or Use Tax Act was paid upon the purchase of the automobile or when the automobile was brought into Illinois. The car-sharing program shall ask a shared-vehicle ~~shared-vehicle~~ owner if the shared-vehicle ~~shared-vehicle~~ owner paid applicable taxes at the time of purchase. Notwithstanding any law to the contrary, the car-sharing program shall have the right to rely on the shared-vehicle ~~shared-vehicle~~ owner's response and to be held legally harmless for such reliance.

"Rentee" means any user to whom the possession, or the right to possession, of an automobile is transferred for a valuable consideration for a period of one year or less, whether paid for by the "rentee" or by someone else.

"Rentee" does not include a shared-vehicle driver, as defined in Section 5 of the Car-Sharing Program Act, if tax due on the automobile under the Retailers' Occupation Tax Act or Use Tax Act was paid upon the purchase of the automobile or when the automobile was brought into Illinois. The car-sharing program shall ask a shared-vehicle ~~shared-vehicle~~ owner if the shared-vehicle ~~shared-vehicle~~ owner paid applicable taxes at the time of purchase. Notwithstanding any law to the contrary, the car-sharing program shall have the right to rely on the shared-vehicle ~~shared-vehicle~~ owner's response and to be held legally harmless for such reliance.

"Gross receipts" from the renting of tangible personal

property or "rent" means the total rental price or leasing price. In the case of rental transactions in which the consideration is paid to the rentor on an installment basis, the amounts of such payments shall be included by the rentor in gross receipts or rent only as and when payments are received by the rentor.

"Gross receipts" does not include receipts received by an automobile dealer from a manufacturer or service contract provider for the use of an automobile by a person while that person's automobile is being repaired by that automobile dealer and the repair is made pursuant to a manufacturer's warranty or a service contract where a manufacturer or service contract provider reimburses that automobile dealer pursuant to a manufacturer's warranty or a service contract and the reimbursement is merely made to recover the costs of operating the automobile as a loaner vehicle.

"Rental price" means the consideration for renting or leasing an automobile valued in money, whether received in money or otherwise, including cash credits, property and services, and shall be determined without any deduction on account of the cost of the property rented, the cost of materials used, labor or service cost, or any other expense whatsoever, but does not include charges that are added by a rentor on account of the rentor's tax liability under this Act or on account of the rentor's duty to collect, from the rentee, the tax that is imposed by Section 4 of this Act. The phrase

"rental price" does not include compensation paid to a rentor by a rentee in consideration of the waiver by the rentor of any right of action or claim against the rentee for loss or damage to the automobile rented and also does not include a separately stated charge for insurance or recovery of refueling costs or other separately stated charges that are not for the use of tangible personal property.

"Rental price" does not include consideration paid for peer-to-peer car sharing to a shared-vehicle owner or a car-sharing program, as those terms are defined in Section 5 of the Car-Sharing Program Act, if tax due on the automobile under the Retailers' Occupation Tax Act or Use Tax Act was paid upon the purchase of the automobile or when the automobile was brought into Illinois. The car-sharing program shall ask a shared-vehicle ~~shared-vehicle~~ owner if the shared-vehicle ~~shared-vehicle~~ owner paid applicable taxes at the time of purchase. Notwithstanding any law to the contrary, the car-sharing program shall have the right to rely on the shared-vehicle ~~shared-vehicle~~ owner's response and to be held legally harmless for such reliance.

(35 ILCS 155/6)

Sec. 6. Applicability. The taxes imposed by Sections 3 and 4 of this Act do not apply to any amounts paid or received for peer-to-peer car sharing, as defined in Section 5 of the

Car-Sharing Program Act, or the privilege of sharing a shared vehicle through a car-sharing program, as defined in Section 5 of the Car-Sharing Program Act, if the shared-vehicle ~~shared vehicle~~ owner paid applicable taxes upon the purchase of the automobile.

As used in this Section, "applicable taxes" means, with respect to vehicles purchased in Illinois, the retailers' occupation tax levied under the Retailers' Occupation Tax Act or the use tax levied under the Use Tax Act. "Applicable taxes", with respect to vehicles not purchased in Illinois, refers to the sales, use, excise, or other generally applicable tax that is due upon the purchase of a vehicle in the jurisdiction in which the vehicle was purchased.

Notwithstanding any law to the contrary, the car-sharing program shall have the right to rely on the shared-vehicle ~~shared vehicle~~ owner's response and to be held legally harmless for such reliance.

A debt service extension base established or increased at any time pursuant to any provision of this Law, except Section

"Aggregate extension base" means the taxing district's last preceding aggregate extension as adjusted under Sections 18-135, 18-215, 18-230, 18-206, and 18-233. Beginning with levy year 2022, for taxing districts that are specified in

Section 18-190.7, the taxing district's aggregate extension base shall be calculated as provided in Section 18-190.7. An adjustment under Section 18-135 shall be made for the 2007 levy year and all subsequent levy years whenever one or more counties within which a taxing district is located (i) used estimated valuations or rates when extending taxes in the taxing district for the last preceding levy year that resulted in the over or under extension of taxes, or (ii) increased or decreased the tax extension for the last preceding levy year as required by Section 18-135(c). Whenever an adjustment is required under Section 18-135, the aggregate extension base of the taxing district shall be equal to the amount that the aggregate extension of the taxing district would have been for the last preceding levy year if either or both (i) actual, rather than estimated, valuations or rates had been used to calculate the extension of taxes for the last levy year, or (ii) the tax extension for the last preceding levy year had not been adjusted as required by subsection (c) of Section 18-135.

Notwithstanding any other provision of law, for levy year 2012, the aggregate extension base for West Northfield School District No. 31 in Cook County shall be \$12,654,592.

Notwithstanding any other provision of law, for the purpose of calculating the limiting rate for levy year 2023, the last preceding aggregate extension base for Homewood School District No. 153 in Cook County shall be \$19,535,377.

Notwithstanding any other provision of law, for levy year

2022, the aggregate extension base of a home equity assurance program that levied at least \$1,000,000 in property taxes in levy year 2019 or 2020 under the Home Equity Assurance Act shall be the amount that the program's aggregate extension base for levy year 2021 would have been if the program had levied a property tax for levy year 2021.

"Levy year" has the same meaning as "year" under Section 1-155.

"New property" means (i) the assessed value, after final board of review or board of appeals action, of new improvements or additions to existing improvements on any parcel of real property that increase the assessed value of that real property during the levy year multiplied by the equalization factor issued by the Department under Section 17-30, (ii) the assessed value, after final board of review or board of appeals action, of real property not exempt from real estate taxation, which real property was exempt from real estate taxation for any portion of the immediately preceding levy year, multiplied by the equalization factor issued by the Department under Section 17-30, including the assessed value, upon final stabilization of occupancy after new construction is complete, of any real property located within the boundaries of an otherwise or previously exempt military reservation that is intended for residential use and owned by or leased to a private corporation or other entity, (iii) in counties that classify in accordance with Section 4 of Article

IX of the Illinois Constitution, an incentive property's additional assessed value resulting from a scheduled increase in the level of assessment as applied to the first year final board of review market value, and (iv) any increase in assessed value due to oil or gas production from an oil or gas well required to be permitted under the Hydraulic Fracturing Regulatory Act that was not produced in or accounted for during the previous levy year. "Qualified airport authority" means an airport authority organized under the Airport Authorities Act and located in a county bordering on the State of Wisconsin and having a population in excess of 200,000 and not greater than 500,000.

"Recovered tax increment value" means, except as otherwise provided in this paragraph, the amount of the current year's equalized assessed value, in the first year after a municipality terminates the designation of an area as a redevelopment project area previously established under the Tax Increment Allocation Redevelopment Act in the Illinois Municipal Code, previously established under the Industrial Jobs Recovery Law in the Illinois Municipal Code, previously established under the Economic Development Project Area Tax Increment Act of 1995, or previously established under the

Economic Development Area Tax Increment Allocation Act, of each taxable lot, block, tract, or parcel of real property in the redevelopment project area over and above the initial equalized assessed value of each property in the redevelopment project area. For the taxes which are extended for the 1997 levy year, the recovered tax increment value for a non-home rule taxing district that first became subject to this Law for the 1995 levy year because a majority of its 1994 equalized assessed value was in an affected county or counties shall be increased if a municipality terminated the designation of an area in 1993 as a redevelopment project area previously established under the Tax Increment Allocation Redevelopment Act in the Illinois Municipal Code, previously established under the Industrial Jobs Recovery Law in the Illinois Municipal Code, or previously established under the Economic Development Area Tax Increment Allocation Act, by an amount equal to the 1994 equalized assessed value of each taxable lot, block, tract, or parcel of real property in the redevelopment project area over and above the initial equalized assessed value of each property in the redevelopment project area. In the first year after a municipality removes a taxable lot, block, tract, or parcel of real property from a redevelopment project area established under the Tax Increment Allocation Redevelopment Act in the Illinois Municipal Code, the Industrial Jobs Recovery Law in the Illinois Municipal Code, or the Economic Development Area Tax Increment

Allocation Act, "recovered tax increment value" means the amount of the current year's equalized assessed value of each taxable lot, block, tract, or parcel of real property removed from the redevelopment project area over and above the initial equalized assessed value of that real property before removal from the redevelopment project area.

Except as otherwise provided in this Section, "limiting rate" means a fraction the numerator of which is the last preceding aggregate extension base times an amount equal to one plus the extension limitation defined in this Section and the denominator of which is the current year's equalized assessed value of all real property in the territory under the jurisdiction of the taxing district during the prior levy year. For those taxing districts that reduced their aggregate extension for the last preceding levy year, except for school districts that reduced their extension for educational purposes pursuant to Section 18-206, the highest aggregate extension in any of the last 3 preceding levy years shall be used for the purpose of computing the limiting rate. The denominator shall not include new property or the recovered tax increment value. If a new rate, a rate decrease, or a limiting rate increase has been approved at an election held after March 21, 2006, then (i) the otherwise applicable limiting rate shall be increased by the amount of the new rate or shall be reduced by the amount of the rate decrease, as the case may be, or (ii) in the case of a limiting rate increase,

the limiting rate shall be equal to the rate set forth in the proposition approved by the voters for each of the years specified in the proposition, after which the limiting rate of the taxing district shall be calculated as otherwise provided. In the case of a taxing district that obtained referendum approval for an increased limiting rate on March 20, 2012, the limiting rate for tax year 2012 shall be the rate that generates the approximate total amount of taxes extendable for that tax year, as set forth in the proposition approved by the voters; this rate shall be the final rate applied by the county clerk for the aggregate of all capped funds of the district for tax year 2012.

Sec. 18-250. Additions to forfeited taxes and unpaid special assessments; fee for estimate.

(a) When any property has been forfeited for taxes or special assessments, the clerk shall compute the amount of back taxes and special assessments, interest, statutory costs, and printer's fees remaining due, with one year's interest on all taxes forfeited, and enter them upon the collector's books

as separate items. Except as otherwise provided in Section 21-375, the aggregate so computed shall be collected in the same manner as the taxes on other property for that year. The county clerk shall examine the forfeitures, and strike all errors and make corrections as necessary. For counties with fewer than 3,000,000 inhabitants, interest added to forfeitures under this Section shall be at the rate of 12% per year. For counties with 3,000,000 or more inhabitants, interest added to forfeitures under this Section shall accrue at the rate of (i) 12% per year if the forfeiture is for a tax year before tax year 2023 or (ii) 0.75% per month, or portion thereof, if the forfeiture is for tax year 2023 or any tax year thereafter.

(b) In counties with 3,000,000 or more inhabitants, taxes first extended for prior years, or previously extended for prior years for which application for judgment and order of sale is not already pending, shall be added to the tax of the current year, with interest and costs as provided by law. Forfeitures shall not be so added, but they shall remain a lien on the property upon which they were charged until paid or sold as provided by law. There shall be added to such forfeitures annually the same interest as would be added if forfeited annually, until paid or sold, and the addition of each year's interest shall be considered a separate forfeiture. Forfeitures may be redeemed in the manner provided in Section 21-370 or 21-375. Taxes and special assessments for which

application for judgment and order of sale is pending, or entered but not enforced for any reason, shall not be added to the tax for the current year. However, if the taxes and special assessments remain unpaid, the property⁷ shall be advertised and sold under judgments and orders of sale to be entered in pending applications, or already entered in prior applications, including judgments and orders of sale under which the purchaser fails to complete his or her purchase.

(c) In counties with 3,000,000 or more inhabitants, on or before January 1, 2001 and during each year thereafter, the county clerk shall compute the amount of taxes on each property that remain due or forfeited for any year prior to the current year and have not become subject to Sections 20-180 through 20-190, and the clerk shall enter the same upon the collector's warrant books of the current and all following years as separate items in a suitable column. The county clerk shall examine the collector's warrant books and the Tax Judgment, Sale, Redemption and Forfeiture records for the appropriate years and may take any other actions as the clerk finds to be necessary or convenient in order to comply with this subsection. On and after January 1, 2001, any taxes for any year remaining due or forfeited against real property in such county not entered on the current collector's warrant books shall be deemed uncollectible and void, but shall not be subject to the posting or other requirements of Sections 20-180 through 20-190.

(d) In counties with 100,000 or more inhabitants, the county clerk shall, when making the annual collector's books, in a suitable column, insert and designate previous forfeitures of general taxes by the word "forfeiture", to be stamped opposite each property forfeited at the last previous tax sale for general taxes and not redeemed or purchased previous to the completion of the collector's books. The collectors of general taxes shall stamp upon all bills rendered and receipts given the information on the collector's books regarding forfeiture of general taxes, and the stamped notation shall also refer the recipient to the county clerk for full information. The county clerk shall be allowed to collect from the person requesting an estimate of costs of redemption of a forfeited property, the fee provided by law.

(35 ILCS 200/22-15)

Sec. 22-15. Service of notice. The purchaser or his or her assignee shall give the notice required by Section 22-10 by causing it to be published in a newspaper as set forth in Section 22-20. In addition, the notice shall be served upon owners who reside on any part of the subject property by leaving a copy of the notice with those owners personally. The notice must be served by a sheriff (or if he or she is disqualified, by a coroner) of the county in which the property, or any part thereof, is located or, by a person who

is licensed or registered as a private detective under the Private Detective, Private Alarm, Private Security, Fingerprint Vendor, and Locksmith Act of 2004.

In counties of 3,000,000 or more inhabitants, if the notice required by Section 22-10 is to be served by the sheriff, no sale in error may be declared pursuant to Section 22-50 or subparagraph (5) of subsection (a) of Section 21-310 based upon the sheriff's failure to serve the notice in accordance with this Section unless the notice and service list for the first service attempt is delivered by the purchaser or assignee to the sheriff at least 5 months prior to the expiration of the period of redemption. Purchasers or assignees may request that the sheriff make additional service attempts to the same entities and locations, and the sheriff may make those additional attempts within the noticing period established in Section 22-10, but the sheriff's failure to make such additional service attempts is not grounds for a sale in error under Section 22-50 or subparagraph (5) of subsection (a) of Section 21-310.

In counties of 3,000,000 or more inhabitants, if the purchaser or assignee requests that the sheriff make an additional service attempt upon an entity or to a location that was not included on the service list for the first attempt, then the purchaser or assignee must deliver the notice and service list for the additional service attempt to the sheriff at least 4 months before the expiration of the

period of redemption. If the purchaser or assignee delivers the notice and service list for an additional service attempt upon an entity or to a location that was not included on the service list for the first attempt to the sheriff at least 4 months before the expiration of the period of redemption, then the sheriff's failure to serve the notice in accordance with this Section may be grounds for a sale in error under Section 22-50 but not under subparagraph (5) of subsection (a) of Section 21-310. If the purchaser or assignee fails to deliver the notice and service list for an additional service attempt upon an entity or to a location that was not included on the first service list to the sheriff at least 4 months prior to the expiration of the period of redemption, then the sheriff's failure to serve that additional notice in accordance with this Section is not grounds for a sale in error under either Section 22-50 or subparagraph (5) of subsection (a) of Section 21-310.

In counties of 3,000,000 or more inhabitants where a taxing district is a petitioner for tax deed pursuant to Section 21-90, in lieu of service by the sheriff or coroner the notice may be served by a special process server appointed by the circuit court as provided in this Section. The taxing district may move prior to filing one or more petitions for tax deed for appointment of such a special process server. The court, upon being satisfied that the person named in the motion is at least 18 years of age and is capable of serving

notice as required under this Code, shall enter an order appointing such person as a special process server for a period of one year. The appointment may be renewed for successive periods of one year each by motion and order, and a copy of the original and any subsequent order shall be filed in each tax deed case in which a notice is served by the appointed person. Delivery of the notice to and service of the notice by the special process server shall have the same force and effect as its delivery to and service by the sheriff or coroner.

The same form of notice shall also be served, in the manner set forth under Sections 2-203, 2-204, 2-205, 2-205.1, and 2-211 of the Code of Civil Procedure, upon all other owners and parties interested in the property, if upon diligent inquiry they can be found in the county, and upon the occupants of the property.

If the property sold has more than 4 dwellings or other rental units, and has a managing agent or party who collects rents, that person shall be deemed the occupant and shall be served with notice instead of the occupants of the individual units. If the property has no dwellings or rental units, but economic or recreational activities are carried on therein, the person directing such activities shall be deemed the occupant. Holders of rights of entry and possibilities of reverter shall not be deemed parties interested in the property.

When a party interested in the property is a trustee, notice served upon the trustee shall be deemed to have been served upon any beneficiary or note holder thereunder unless the holder of the note is disclosed of record.

When a judgment is a lien upon the property sold, the holder of the lien shall be served with notice if the name of the judgment debtor as shown in the transcript, certified copy or memorandum of judgment filed of record is identical, as to given name and surname, with the name of the party interested as it appears of record.

If any owner or party interested, upon diligent inquiry and effort, cannot be found or served with notice in the county as provided in this Section, and the person in actual occupancy and possession is tenant to, or in possession under the owners or the parties interested in the property, then service of notice upon the tenant, occupant or person in possession shall be deemed service upon the owners or parties interested.

If any owner or party interested, upon diligent inquiry and effort, cannot be found or served with notice in the county, then the person making the service shall cause a copy of the notice to be sent by registered or certified mail, return receipt requested, to that party at his or her residence, if ascertainable.

The changes to this Section made by Public Act 95-477 apply only to matters in which a petition for tax deed is filed

on or after June 1, 2008 (the effective date of Public Act 95-477).

(35 ILCS 200/22-40)

Sec. 22-40. Issuance of deed; possession.

(a) To obtain an order for issuance of tax deed, the petitioner must provide sufficient evidence that:

(1) the redemption period has expired and the property has not been redeemed;

(2) all taxes and special assessments which became due and payable subsequent to the sale have been paid, unless the county or its agent, as trustee pursuant to Section 21-90, is the petitioner;

(3) all forfeitures and sales which occur subsequent to the sale are paid or redeemed, unless the county or its agent, as trustee pursuant to Section 21-90, is the petitioner;

(4) the notices required by law have been given, and all advancements of public funds under the police power made by a county, city, village, or town under Section 22-35 have been paid; and

(5) the petitioner has complied with all the provisions of law entitling him or her to a deed.

Upon receipt of sufficient evidence of the requirements under this subsection (a), the court shall find that the

petitioner complied with those requirements and shall enter an order directing the county clerk, on the production of the tax certificate and a certified copy of the order, to issue to the purchaser or its assignee a tax deed. The court shall insist on strict compliance with Section 22-10 through 22-25. Prior to the entry of an order directing the issuance of a tax deed, the petitioner shall furnish the court with a report of proceedings of the evidence received on the application for tax deed and the report of proceedings shall be filed and made a part of the court record.

(b) Except as provided in subsection (e), if taxes for years prior to the year or years sold are or become delinquent subsequent to the date of sale, the court shall find that the lien of those delinquent taxes has been or will be merged into the tax deed grantee's title if the court determines that the tax deed grantee or any prior holder of the certificate of purchase, or any person or entity under common ownership or control with any such grantee or prior holder of the certificate of purchase, was at no time the holder of any certificate of purchase for the years sought to be merged. If delinquent taxes are merged into the tax deed pursuant to this subsection, the court shall enter an order declaring which specific taxes have been or will be merged into the tax deed title and directing the county treasurer and county clerk to reflect that declaration in the warrant and judgment records; provided, that no such order shall be effective until a tax

deed has been issued and timely recorded. Nothing contained in this Section shall relieve any owner liable for delinquent property taxes under this Code from the payment of the taxes that have been merged into the title upon issuance of the tax deed.

(c) The county clerk is entitled to a fee of \$10 in counties of 3,000,000 or more inhabitants and \$5 in counties with less than 3,000,000 inhabitants for the issuance of the tax deed, with the exception of deeds issued to the county pursuant to its authority under Section 21-90. The clerk may not include in a tax deed more than one property as listed, assessed and sold in one description, except in cases where several properties are owned by one person.

Upon application, the court shall ~~enter~~ enter an order to place the tax deed grantee or the grantee's successor in interest in possession of the property and may enter orders and grant relief as may be necessary or desirable to maintain the grantee or the grantee's successor in interest in possession.

(d) The court shall retain jurisdiction to enter orders pursuant to subsections (b) and (c) of this Section. Public Act 92-223 ~~This amendatory Act of the 92nd General Assembly~~ and Public Act 95-477 ~~this amendatory Act of the 95th General Assembly~~ shall be construed as being declarative of existing law and not as a new enactment.

(e) Prior to the issuance of any tax deed under this Section, the petitioner must redeem all taxes and special

assessments on the property that are subject to a pending tax petition filed by a county or its assignee pursuant to Section 21-90.

(f) If, for any reason, a purchaser fails to obtain an order for tax deed within the required time period and no sale in error was granted or redemption paid, then the certificate shall be forfeited to the county, as trustee, pursuant to Section 21-90.

Section 325. The Telecommunications Excise Tax Act is amended by changing Section 2 as follows:

(35 ILCS 630/2) (from Ch. 120, par. 2002)

Sec. 2. As used in this Article, unless the context clearly requires otherwise:

(a) "Gross charge" means the amount paid for the act or privilege of originating or receiving telecommunications in this State and for all services and equipment provided in connection therewith by a retailer, valued in money whether paid in money or otherwise, including cash, credits, services, and property of every kind or nature, and shall be determined without any deduction on account of the cost of such telecommunications, the cost of materials used, labor or service costs, or any other expense whatsoever. In case credit is extended, the amount thereof shall be included only as and

when paid. "Gross charges" for private line service shall include charges imposed at each channel termination point within this State, charges for the channel mileage between each channel termination point within this State, and charges for that portion of the interstate inter-office channel provided within Illinois. Charges for that portion of the interstate inter-office channel provided in Illinois shall be determined by the retailer as follows: (i) for interstate inter-office channels having 2 channel termination points, only one of which is in Illinois, 50% of the total charge imposed; or (ii) for interstate inter-office channels having more than 2 channel termination points, one or more of which are in Illinois, an amount equal to the total charge multiplied by a fraction, the numerator of which is the number of channel termination points within Illinois and the denominator of which is the total number of channel termination points. Prior to January 1, 2004, any method consistent with this paragraph or other method that reasonably apportions the total charges for interstate inter-office channels among the states in which channel terminations points are located shall be accepted as a reasonable method to determine the charges for that portion of the interstate inter-office channel provided within Illinois for that period. However, "gross charges" shall not include any of the following:

- (1) Any amounts added to a purchaser's bill because of

a charge made pursuant to (i) the tax imposed by this Article; (ii) charges added to customers' bills pursuant to the provisions of Section ~~Sections~~ 9-221 or 9-222 of the Public Utilities Act, as amended, or any similar charges added to customers' bills by retailers who are not subject to rate regulation by the Illinois Commerce Commission for the purpose of recovering any of the tax liabilities or other amounts specified in such provisions of such Act; (iii) the tax imposed by Section 4251 of the Internal Revenue Code; (iv) 911 surcharges; or (v) the tax imposed by the Simplified Municipal Telecommunications Tax Act.

(2) Charges for a sent collect telecommunication received outside of the State.

(3) Charges for leased time on equipment or charges for the storage of data or information for subsequent retrieval or the processing of data or information intended to change its form or content. Such equipment includes, but is not limited to, the use of calculators, computers, data processing equipment, tabulating equipment, or accounting equipment and also includes the usage of computers under a time-sharing agreement.

(4) Charges for customer equipment, including such equipment that is leased or rented by the customer from any source, wherein such charges are disaggregated and separately identified from other charges.

(5) Charges to business enterprises certified under Section 9-222.1 of the Public Utilities Act, as amended, or under Section 95 of the Reimagining Energy and Vehicles in Illinois Act, to the extent of such exemption and during the period of time specified by the Department of Commerce and Economic Opportunity.

(5.1) Charges to business enterprises certified under the Manufacturing Illinois Chips for Real Opportunity (MICRO) Act, to the extent of the exemption and during the period of time specified by the Department of Commerce and Economic Opportunity.

(5.2) Charges to entities certified under Section 605-1115 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois to the extent of the exemption and during the period of time specified by the Department of Commerce and Economic Opportunity.

(6) Charges for telecommunications and all services and equipment provided in connection therewith between a parent corporation and its wholly owned subsidiaries or between wholly owned subsidiaries when the tax imposed under this Article has already been paid to a retailer and only to the extent that the charges between the parent corporation and wholly owned subsidiaries or between wholly owned subsidiaries represent expense allocation between the corporations and not the generation of profit

for the corporation rendering such service.

(7) Bad debts. Bad debt means any portion of a debt that is related to a sale at retail for which gross charges are not otherwise deductible or excludable that has become worthless or uncollectable, as determined under applicable federal income tax standards. If the portion of the debt deemed to be bad is subsequently paid, the retailer shall report and pay the tax on that portion during the reporting period in which the payment is made.

(8) Charges paid by inserting coins in coin-operated telecommunication devices.

(9) Amounts paid by telecommunications retailers under the Telecommunications Municipal Infrastructure Maintenance Fee Act.

(10) Charges for nontaxable services or telecommunications if (i) those charges are aggregated with other charges for telecommunications that are taxable, (ii) those charges are not separately stated on the customer bill or invoice, and (iii) the retailer can reasonably identify the nontaxable charges on the retailer's books and records kept in the regular course of business. If the nontaxable charges cannot reasonably be identified, the gross charge from the sale of both taxable and nontaxable services or telecommunications billed on a combined basis shall be attributed to the taxable services or telecommunications. The burden of proving nontaxable

charges shall be on the retailer of the telecommunications.

(b) "Amount paid" means the amount charged to the taxpayer's service address in this State regardless of where such amount is billed or paid.

(c) "Telecommunications", in addition to the meaning ordinarily and popularly ascribed to it, includes, without limitation, messages or information transmitted through use of local, toll, and wide area telephone service; private line services; channel services; telegraph services; teletypewriter; computer exchange services; cellular mobile telecommunications service; specialized mobile radio; stationary 2-way ~~two-way~~ radio; paging service; or any other form of mobile and portable one-way or 2-way ~~two-way~~ communications; or any other transmission of messages or information by electronic or similar means, between or among points by wire, cable, fiber optics ~~fiber-optics~~, laser, microwave, radio, satellite, or similar facilities. As used in this Act, "private line" means a dedicated non-traffic sensitive service for a single customer, that entitles the customer to exclusive or priority use of a communications channel or group of channels, from one or more specified locations to one or more other specified locations. The definition of "telecommunications" shall not include value added services in which computer processing applications are used to act on the form, content, code, and protocol of the

information for purposes other than transmission. "Telecommunications" shall not include purchases of telecommunications by a telecommunications service provider for use as a component part of the service provided by him to the ultimate retail consumer who originates or terminates the taxable end-to-end communications. Carrier access charges, right of access charges, charges for use of inter-company facilities, and all telecommunications resold in the subsequent provision of, used as a component of, or integrated into end-to-end telecommunications service shall be non-taxable as sales for resale.

(d) "Interstate telecommunications" means all telecommunications that either originate or terminate outside this State.

(e) "Intrastate telecommunications" means all telecommunications that originate and terminate within this State.

(f) "Department" means the Department of Revenue of the State of Illinois.

(g) "Director" means the Director of Revenue for the Department of Revenue of the State of Illinois.

(h) "Taxpayer" means a person who individually or through his agents, employees, or permittees engages in the act or privilege of originating or receiving telecommunications in this State and who incurs a tax liability under this Article.

(i) "Person" means any natural individual, firm, trust,

estate, partnership, association, joint stock company, joint venture, corporation, limited liability company, or a receiver, trustee, guardian or other representative appointed by order of any court, the federal ~~Federal~~ and State governments, including State universities created by statute or any city, town, county, or other political subdivision of this State.

(j) "Purchase at retail" means the acquisition, consumption, or use of telecommunication through a sale at retail.

(k) "Sale at retail" means the transmitting, supplying, or furnishing of telecommunications and all services and equipment provided in connection therewith for a consideration to persons other than the federal ~~Federal~~ and State governments, and State universities created by statute and other than between a parent corporation and its wholly owned subsidiaries or between wholly owned subsidiaries for their use or consumption and not for resale.

(l) "Retailer" means and includes every person engaged in the business of making sales at retail as defined in this Article. The Department may, in its discretion, upon application, authorize the collection of the tax hereby imposed by any retailer not maintaining a place of business within this State, who, to the satisfaction of the Department, furnishes adequate security to insure collection and payment of the tax. Such retailer shall be issued, without charge, a

permit to collect such tax. When so authorized, it shall be the duty of such retailer to collect the tax upon all of the gross charges for telecommunications in this State in the same manner and subject to the same requirements as a retailer maintaining a place of business within this State. The permit may be revoked by the Department at its discretion.

(m) "Retailer maintaining a place of business in this State", or any like term, means and includes any retailer having or maintaining within this State, directly or by a subsidiary, an office, distribution facilities, transmission facilities, sales office, warehouse or other place of business, or any agent or other representative operating within this State under the authority of the retailer or its subsidiary, irrespective of whether such place of business or agent or other representative is located here permanently or temporarily, or whether such retailer or subsidiary is licensed to do business in this State.

(n) "Service address" means the location of telecommunications equipment from which the telecommunications services are originated or at which telecommunications services are received by a taxpayer. In the event this may not be a defined location, as in the case of mobile phones, paging systems, maritime systems, "service address" means the customer's place of primary use as defined in the Mobile Telecommunications Sourcing Conformity Act. For air-to-ground systems and the like, "service address" shall mean the

location of a taxpayer's primary use of the telecommunications equipment as defined by telephone number, authorization code, or location in Illinois where bills are sent.

(o) "Prepaid telephone calling arrangements" mean the right to exclusively purchase telephone or telecommunications services that must be paid for in advance and enable the origination of one or more intrastate, interstate, or international telephone calls or other telecommunications using an access number, an authorization code, or both, whether manually or electronically dialed, for which payment to a retailer must be made in advance, provided that, unless recharged, no further service is provided once that prepaid amount of service has been consumed. Prepaid telephone calling arrangements include the recharge of a prepaid calling arrangement. For purposes of this subsection, "recharge" means the purchase of additional prepaid telephone or telecommunications services whether or not the purchaser acquires a different access number or authorization code. "Prepaid telephone calling arrangement" does not include an arrangement whereby a customer purchases a payment card and pursuant to which the service provider reflects the amount of such purchase as a credit on an invoice issued to that customer under an existing subscription plan.

Section 330. The Telecommunications Infrastructure Maintenance Fee Act is amended by changing Section 10 as follows:

(35 ILCS 635/10)

Sec. 10. Definitions. In this Act:

(a) "Gross charges" means the amount paid to a telecommunications retailer for the act or privilege of originating or receiving telecommunications in this State and for all services rendered in connection therewith, valued in money whether paid in money or otherwise, including cash, credits, services, and property of every kind or nature, and shall be determined without any deduction on account of the cost of such telecommunications, the cost of the materials used, labor or service costs, or any other expense whatsoever. In case credit is extended, the amount thereof shall be included only as and when paid. "Gross charges" for private line service shall include charges imposed at each channel termination point within this State, charges for the channel mileage between each channel termination point within this State, and charges for that portion of the interstate inter-office channel provided within Illinois. Charges for that portion of the interstate inter-office channel provided in Illinois shall be determined by the retailer as follows:

(i) for interstate inter-office channels having 2 channel

termination points, only one of which is in Illinois, 50% of the total charge imposed; or (ii) for interstate inter-office channels having more than 2 channel termination points, one or more of which are in Illinois, an amount equal to the total charge multiplied by a fraction, the numerator of which is the number of channel termination points within Illinois and the denominator of which is the total number of channel termination points. Prior to January 1, 2004, any method consistent with this paragraph or other method that reasonably apportions the total charges for interstate inter-office channels among the states in which channel terminations points are located shall be accepted as a reasonable method to determine the charges for that portion of the interstate inter-office channel provided within Illinois for that period. However, "gross charges" shall not include any of the following:

(1) Any amounts added to a purchaser's bill because of a charge made under: (i) the fee imposed by this Section, (ii) additional charges added to a purchaser's bill under Section 9-221 or 9-222 of the Public Utilities Act, (iii) the tax imposed by the Telecommunications Excise Tax Act, (iv) 911 surcharges, (v) the tax imposed by Section 4251 of the Internal Revenue Code, or (vi) the tax imposed by the Simplified Municipal Telecommunications Tax Act.

(2) Charges for a sent collect telecommunication received outside of this State.

(3) Charges for leased time on equipment or charges for the storage of data or information or subsequent retrieval or the processing of data or information intended to change its form or content. Such equipment includes, but is not limited to, the use of calculators, computers, data processing equipment, tabulating equipment, or accounting equipment and also includes the usage of computers under a time-sharing agreement.

(4) Charges for customer equipment, including such equipment that is leased or rented by the customer from any source, wherein such charges are disaggregated and separately identified from other charges.

(5) Charges to business enterprises certified under Section 9-222.1 of the Public Utilities Act to the extent of such exemption and during the period of time specified by the Department of Commerce and Economic Opportunity.

(5.1) Charges to business enterprises certified under Section 95 of the Reimagining Energy and Vehicles in Illinois Act, to the extent of the exemption and during the period of time specified by the Department of Commerce and Economic Opportunity.

(5.2) Charges to business enterprises certified under Section 110-95 of the Manufacturing Illinois Chips for Real Opportunity (MICRO) Act, to the extent of the exemption and during the period of time specified by the Department of Commerce and Economic Opportunity.

(5.3) Charges to entities certified under Section 605-1115 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois to the extent of the exemption and during the period of time specified by the Department of Commerce and Economic Opportunity.

(6) Charges for telecommunications and all services and equipment provided in connection therewith between a parent corporation and its wholly owned subsidiaries or between wholly owned subsidiaries, and only to the extent that the charges between the parent corporation and wholly owned subsidiaries or between wholly owned subsidiaries represent expense allocation between the corporations and not the generation of profit other than a regulatory required profit for the corporation rendering such services.

(7) Bad debts ("bad debt" means any portion of a debt that is related to a sale at retail for which gross charges are not otherwise deductible or excludable that has become worthless or uncollectible, as determined under applicable federal income tax standards; if the portion of the debt deemed to be bad is subsequently paid, the retailer shall report and pay the tax on that portion during the reporting period in which the payment is made).

(8) Charges paid by inserting coins in coin-operated telecommunication devices.

(9) Charges for nontaxable services or telecommunications if (i) those charges are aggregated with other charges for telecommunications that are taxable, (ii) those charges are not separately stated on the customer bill or invoice, and (iii) the retailer can reasonably identify the nontaxable charges on the retailer's books and records kept in the regular course of business. If the nontaxable charges cannot reasonably be identified, the gross charge from the sale of both taxable and nontaxable services or telecommunications billed on a combined basis shall be attributed to the taxable services or telecommunications. The burden of proving nontaxable charges shall be on the retailer of the telecommunications.

(a-5) "Department" means the Illinois Department of Revenue.

(b) "Telecommunications" includes, but is not limited to, messages or information transmitted through use of local, toll, and wide area telephone service, channel services, telegraph services, teletypewriter service, computer exchange services, private line services, specialized mobile radio services, or any other transmission of messages or information by electronic or similar means, between or among points by wire, cable, fiber optics, laser, microwave, radio, satellite, or similar facilities. Unless the context clearly requires otherwise, "telecommunications" shall also include wireless

telecommunications as hereinafter defined. "Telecommunications" shall not include value added services in which computer processing applications are used to act on the form, content, code, and protocol of the information for purposes other than transmission. "Telecommunications" shall not include purchase of telecommunications by a telecommunications service provider for use as a component part of the service provided by him or her to the ultimate retail consumer who originates or terminates the end-to-end communications. Retailer access charges, right of access charges, charges for use of intercompany facilities, and all telecommunications resold in the subsequent provision and used as a component of, or integrated into, end-to-end telecommunications service shall not be included in gross charges as sales for resale. "Telecommunications" shall not include the provision of cable services through a cable system as defined in the Cable Communications Act of 1984 (47 U.S.C. Sections 521 and following) as now or hereafter amended or through an open video system as defined in the Rules of the Federal Communications Commission (47 C.D.F. 76.1550 and following) as now or hereafter amended. Beginning January 1, 2001, prepaid telephone calling arrangements shall not be considered "telecommunications" subject to the tax imposed under this Act. For purposes of this Section, "prepaid telephone calling arrangements" means that term as defined in Section 2-27 of the Retailers' Occupation Tax Act.

(c) "Wireless telecommunications" includes cellular mobile telephone services, personal wireless services as defined in Section 704(C) of the Telecommunications Act of 1996 (Public Law No. 104-104) as now or hereafter amended, including all commercial mobile radio services, and paging services.

(d) "Telecommunications retailer" or "retailer" or "carrier" means and includes every person engaged in the business of making sales of telecommunications at retail as defined in this Section. The Department may, in its discretion, upon applications, authorize the collection of the fee hereby imposed by any retailer not maintaining a place of business within this State, who, to the satisfaction of the Department, furnishes adequate security to insure collection and payment of the fee. When so authorized, it shall be the duty of such retailer to pay the fee upon all of the gross charges for telecommunications in the same manner and subject to the same requirements as a retailer maintaining a place of business within this State.

(e) "Retailer maintaining a place of business in this State", or any like term, means and includes any retailer having or maintaining within this State, directly or by a subsidiary, an office, distribution facilities, transmission facilities, sales office, warehouse, or other place of business, or any agent or other representative operating within this State under the authority of the retailer or its subsidiary, irrespective of whether such place of business or

agent or other representative is located here permanently or temporarily, or whether such retailer or subsidiary is licensed to do business in this State.

(f) "Sale of telecommunications at retail" means the transmitting, supplying, or furnishing of telecommunications and all services rendered in connection therewith for a consideration, other than between a parent corporation and its wholly owned subsidiaries or between wholly owned subsidiaries, when the gross charge made by one such corporation to another such corporation is not greater than the gross charge paid to the retailer for their use or consumption and not for sale.

(g) "Service address" means the location of telecommunications equipment from which telecommunications services are originated or at which telecommunications services are received. If this is not a defined location, as in the case of wireless telecommunications, paging systems, maritime systems, "service address" means the customer's place of primary use as defined in the Mobile Telecommunications Sourcing Conformity Act. For air-to-ground systems, and the like, "service address" shall mean the location of the customer's primary use of the telecommunications equipment as defined by the location in Illinois where bills are sent.

Section 335. The Illinois Pension Code is amended by changing Sections 9-169.2, 13-309, 13-310, and 15-112 as follows:

(40 ILCS 5/9-169.2)

Sec. 9-169.2. Minimum required employer contribution. The minimum required employer contribution for a specified year, as set forth in the annual actuarial report required under Section 9-169.1, shall be the amount determined by the Fund's actuary to be equal to the sum of: (i) the projected normal cost for pensions for that fiscal year based on the entry age actuarial cost method, plus (ii) a projected unfunded actuarial accrued liability amortization payment for pensions for the fiscal year, plus (iii) projected expenses for that fiscal year, plus (iv) interest to adjust for payment pattern during the fiscal year, less (v) projected employee contributions for that fiscal year.

The minimum required employer contribution for the next year shall be submitted annually by the county on or before June 14 of each year unless another time frame is agreed upon by the county and the Fund.

For the purposes of this Section:

"5-Year smoothed actuarial value of assets" means the value of assets as determined by a method that spreads the effect of each year's investment return in excess of or below the expected return.

"Entry age actuarial cost method" means a method of determining the normal cost and is determined as a level percentage of pay that, if paid from entry age to the assumed retirement age, assuming all the actuarial assumptions are exactly met by experience and no changes in assumptions or benefit provisions, would accumulate to a fund sufficient to pay all benefits provided by the Fund.

"Layered amortization" means a technique that separately layers the different components of the unfunded actuarial accrued liabilities to be amortized over a fixed period not to exceed 30 years.

"Projected expenses" means the projected administrative expenses for the cost of administering ~~administering~~ the Fund.

"Projected normal costs for pensions" means the cost of the benefits that accrue during the year for active members under the entry age actuarial cost method.

"Unfunded actuarial accrued liability amortization payment" means the annual contribution equal to the difference between the values of assets and the accrued liabilities of the plan, calculated by an actuary, needed to amortize the Fund's liabilities over a period of 30 years starting in 2017, with layered amortization of the Fund's unexpected unfunded actuarial accrued liability amortization payment following 2017 in periods of 30 years, with amortization payments increasing 2% per year, and reflecting a discount rate for all

liabilities consistent with the assumed investment rate of return on fund assets and a 5-year smoothed actuarial value of assets.

(40 ILCS 5/13-309) (from Ch. 108 1/2, par. 13-309)

Sec. 13-309. Duty disability benefit.

(a) Any employee who becomes disabled, which disability is the result of an injury or illness compensable under the Illinois Workers' Compensation Act or the Illinois Workers' Occupational Diseases Act, is entitled to a duty disability benefit during the period of disability for which the employee does not receive any part of salary, or any part of a retirement annuity under this Article; except that in the case of an employee who first enters service on or after June 13, 1997 and becomes disabled before August 18, 2005 (the effective date of Public Act 94-621), a duty disability benefit is not payable for the first 3 days of disability that would otherwise be payable under this Section if the disability does not continue for at least 11 additional days. The changes made to this Section by Public Act 94-621 are prospective only and do not entitle an employee to a duty disability benefit for the first 3 days of any disability that occurred before that effective date and did not continue for at least 11 additional days. This benefit shall be 75% of salary at the date disability begins. However, if the

disability in any measure resulted from any physical defect or disease which existed at the time such injury was sustained or such illness commenced, the duty disability benefit shall be 50% of salary.

Unless the employer acknowledges that the disability is a result of injury or illness compensable under the Workers' Compensation Act or the Workers' Occupational Diseases Act, the duty disability benefit shall not be payable until the issue of compensability under those Acts is finally adjudicated. The period of disability shall be as determined by the Illinois Workers' Compensation Commission or acknowledged by the employer.

An employee in service before June 13, 1997 shall also receive a child's disability benefit during the period of disability of \$10 per month for each unmarried natural or adopted child of the employee under 18 years of age.

The first payment shall be made not later than one month after the benefit is granted, and subsequent payments shall be made at least monthly. The Board shall by rule prescribe for the payment of such benefits on the basis of the amount of salary lost during the period of disability.

(b) The benefit shall be allowed only if all of the following requirements are met by the employee:

(1) Application is made to the Board.

(2) A medical report is submitted by at least one licensed health care professional as part of the

employee's application.

(3) The employee is examined by at least one licensed health care professional appointed by the Board and found to be in a disabled physical condition and shall be re-examined at least annually thereafter during the continuance of disability. The employee need not be examined by a licensed health care professional appointed by the Board if the attorney for the district certifies in writing that the employee is entitled to receive compensation under the Workers' Compensation Act or the Workers' Occupational Diseases Act. The Board may require other evidence of disability.

(c) The benefit shall terminate when:

(1) The employee returns to work or receives a retirement annuity paid wholly or in part under this Article;

(2) The disability ceases;

(3) The employee attains age 65, but if the employee becomes disabled at age 60 or later, benefits may be extended for a period of no more than 5 years after disablement;

(4) The employee (i) refuses to submit to reasonable examinations by licensed health care professionals appointed by the Board, (ii) fails or refuses to consent to and sign an authorization allowing the Board to receive copies of or to examine the employee's medical and

hospital records, or (iii) fails or refuses to provide complete information regarding any other employment for compensation he or she has received since becoming disabled; or

(5) The employee willfully and continuously refuses to follow medical advice and treatment to enable the employee to return to work. However, this provision does not apply to an employee who relies in good faith on treatment by prayer through spiritual means alone in accordance with the tenets and practice of a recognized church or religious denomination, by a duly accredited practitioner thereof.

In the case of a duty disability recipient who returns to work, the employee must make application to the Retirement Board within 2 years from the date the employee last received duty disability benefits in order to become again entitled to duty disability benefits based on the injury for which a duty disability benefit was theretofore paid.

(40 ILCS 5/13-310) (from Ch. 108 1/2, par. 13-310)

Sec. 13-310. Ordinary disability benefit.

(a) Any employee who becomes disabled as the result of any cause other than injury or illness incurred in the performance of duty for the employer or any other employer, or while engaged in self-employment activities, shall be entitled to an

ordinary disability benefit. The eligible period for this benefit shall be 25% of the employee's total actual service prior to the date of disability with a cumulative maximum period of 5 years.

(b) The benefit shall be allowed only if the employee files an application in writing with the Board, and a medical report is submitted by at least one licensed health care professional as part of the employee's application.

The benefit is not payable for any disability which begins during any period of unpaid leave of absence. No benefit shall be allowed for any period of disability prior to 30 days before application is made, unless the Board finds good cause for the delay in filing the application. The benefit shall not be paid during any period for which the employee receives or is entitled to receive any part of salary.

The benefit is not payable for any disability which begins during any period of absence from duty other than allowable vacation time in any calendar year. An employee whose disability begins during any such ineligible period of absence from service may not receive benefits until the employee recovers from the disability and is in service for at least 15 consecutive working days after such recovery.

In the case of an employee who first enters service on or after June 13, 1997, an ordinary disability benefit is not payable for the first 3 days of disability that would otherwise be payable under this Section if the disability does

not continue for at least 11 additional days.

Beginning on August 18, 2005 (the effective date of Public Act 94-621) ~~this amendatory Act of the 94th General Assembly,~~ an employee who first entered service on or after June 13, 1997 is also eligible for ordinary disability benefits on the 31st day after the last day worked, provided all sick leave is exhausted.

(c) The benefit shall be 50% of the employee's salary at the date of disability, and shall terminate when the earliest of the following occurs:

(1) The employee returns to work or receives a retirement annuity paid wholly or in part under this Article;

(2) The disability ceases;

(3) The employee willfully and continuously refuses to follow medical advice and treatment to enable the employee to return to work. However, this provision does not apply to an employee who relies in good faith on treatment by prayer through spiritual means alone in accordance with the tenets and practice of a recognized church or religious denomination, by a duly accredited practitioner thereof;

(4) The employee (i) refuses to submit to a reasonable physical examination within 30 days of application by a licensed health care professional appointed by the Board, (ii) in the case of chronic alcoholism, the employee

refuses to join a rehabilitation program licensed by the Department of Public Health of the State of Illinois and certified by the Joint Commission on the Accreditation of Hospitals, (iii) fails or refuses to consent to and sign an authorization allowing the Board to receive copies of or to examine the employee's medical and hospital records, or (iv) fails or refuses to provide complete information regarding any other employment for compensation he or she has received since becoming disabled; or

(5) The eligibility ~~eligible~~ period for this benefit has been exhausted.

The first payment of the benefit shall be made not later than one month after the same has been granted, and subsequent payments shall be made at least monthly.

years of service in which the employee's earnings were the highest, whichever is greater. For any other employee, the average annual earnings during the 4 consecutive academic years of service in which his or her earnings were the highest. For an employee with less than 48 months or 4 consecutive academic years of service, the average earnings during his or her entire period of service. The earnings of an employee with more than 36 months of service under item (a) of Section 15-113.1 prior to the date of becoming a participant are, for such period, considered equal to the average earnings during the last 36 months of such service.

(b) This subsection (b) applies to a Tier 2 member.

For an employee who is paid on an hourly basis or who receives an annual salary in installments during 12 months of each academic year, the average annual earnings obtained by dividing by 8 the total earnings of the employee during the 96 consecutive months in which the total earnings were the highest within the last 120 months prior to termination.

For an employee with less than 96 consecutive months or 8 consecutive academic years of service, whichever is necessary, the average earnings during his or her entire period of service.

(c) For an employee on leave of absence with pay, or on

leave of absence without pay who makes contributions during such leave, earnings are assumed to be equal to the basic compensation on the date the leave began.

(d) For an employee on disability leave, earnings are assumed to be equal to the basic compensation on the date disability occurs or the average earnings during the 24 months immediately preceding the month in which disability occurs, whichever is greater.

(e) For a Tier 1 member who retires on or after August 22, 1997 (the effective date of Public Act 90-511) ~~this amendatory Act of 1997~~ with at least 20 years of service as a firefighter or police officer under this Article, the final rate of earnings shall be the annual rate of earnings received by the participant on his or her last day as a firefighter or police officer under this Article, if that is greater than the final rate of earnings as calculated under the other provisions of this Section.

(f) If a Tier 1 member is an employee for at least 6 months during the academic year in which his or her employment is terminated, the annual final rate of earnings shall be 25% of the sum of (1) the annual basic compensation for that year, and (2) the amount earned during the 36 months immediately preceding that year, if this is greater than the final rate of earnings as calculated under the other provisions of this Section.

(g) In the determination of the final rate of earnings for

an employee, that part of an employee's earnings for any academic year beginning after June 30, 1997, which exceeds the employee's earnings with that employer for the preceding year by more than 20% ~~20 percent~~ shall be excluded; in the event that an employee has more than one employer this limitation shall be calculated separately for the earnings with each employer. In making such calculation, only the basic compensation of employees shall be considered, without regard to vacation or overtime or to contracts for summer employment. Beginning September 1, 2024, this subsection (g) also applies to an employee who has been employed at 1/2 time or less for 3 or more years.

(h) The following are not considered as earnings in determining the final rate of earnings: (1) severance or separation pay, (2) retirement pay, (3) payment for unused sick leave, and (4) payments from an employer for the period used in determining the final rate of earnings for any purpose other than (i) services rendered, (ii) leave of absence or vacation granted during that period, and (iii) vacation of up to 56 work days allowed upon termination of employment; except that, if the benefit has been collectively bargained between the employer and the recognized collective bargaining agent pursuant to the Illinois Educational Labor Relations Act, payment received during a period of up to 2 academic years for unused sick leave may be considered as earnings in accordance with the applicable collective bargaining agreement, subject

to the 20% increase limitation of this Section. Any unused sick leave considered as earnings under this Section shall not be taken into account in calculating service credit under Section 15-113.4.

(i) Intermittent periods of service shall be considered as consecutive in determining the final rate of earnings.

Section 355. The Illinois Police Training Act is amended by changing Section 8.2 and by setting forth, renumbering, and changing multiple versions of Section 10.25 as follows:

(50 ILCS 705/8.2)

Sec. 8.2. Part-time law enforcement officers.

(a) A person hired to serve as a part-time law enforcement officer must obtain from the Board a certificate (i) attesting to the officer's successful completion of the part-time police training course; (ii) attesting to the officer's satisfactory completion of a training program of similar content and number of hours that has been found acceptable by the Board under the provisions of this Act; or (iii) a training waiver attesting to the Board's determination that the part-time police training course is unnecessary because of the person's prior law enforcement experience obtained in Illinois, in any other state, or with an agency of the federal government. A person hired on or after March 14, 2002 (the effective date of Public Act 92-533) ~~this amendatory Act of the 92nd General Assembly~~ must obtain this certificate within 18 months after the initial date of hire as a probationary part-time law enforcement officer in the State of Illinois. The probationary part-time law enforcement officer must be enrolled and

accepted into a Board-approved course within 6 months after active employment by any department in the State. A person hired on or after January 1, 1996 and before March 14, 2002 ~~(the effective date of Public Act 92-533) this amendatory Act of the 92nd General Assembly~~ must obtain this certificate within 18 months after the date of hire. A person hired before January 1, 1996 must obtain this certificate within 24 months after January 1, 1996 ~~(the effective date of Public Act 89-170) this amendatory Act of 1995~~. Agencies seeking a reciprocity waiver for training completed outside of Illinois must conduct a thorough background check and provide verification of the officer's prior training. After review and satisfaction of all requested conditions, the officer shall be awarded an equivalency certificate satisfying the requirements of this Section. Within 60 days after January 1, 2024 ~~(the effective date of Public Act 103-389) this amendatory Act of the 103rd General Assembly~~, the Board shall adopt uniform rules providing for a waiver process for a person previously employed and qualified as a law enforcement or county corrections officer under federal law or the laws of any other state, or who has completed a basic law enforcement officer or correctional officer academy who would be qualified to be employed as a law enforcement officer or correctional officer by the federal government or any other state. These rules shall address the process for evaluating prior training credit, a description and list of the courses typically

required for reciprocity candidates to complete prior to taking the exam, and a procedure for employers seeking a pre-activation determination for a reciprocity training waiver. The rules shall provide that any eligible person previously trained as a law enforcement or county corrections officer under federal law or the laws of any other state shall successfully complete the following prior to the approval of a waiver:

- (1) a training program or set of coursework approved by the Board on the laws of this State relevant to the duties and training requirements of law enforcement and county correctional officers;

- (2) firearms training; and

- (3) successful passage of the equivalency certification examination.

The employing agency may seek an extension waiver from the Board extending the period for compliance. An extension waiver shall be issued only for good and justifiable reasons, and the probationary part-time law enforcement officer may not practice as a part-time law enforcement officer during the extension waiver period. If training is required and not completed within the applicable time period, as extended by any waiver that may be granted, then the officer must forfeit the officer's position.

An individual who is not certified by the Board or whose certified status is inactive shall not function as a law

enforcement officer, be assigned the duties of a law enforcement officer by an agency, or be authorized to carry firearms under the authority of the employer, except that sheriffs who are elected are exempt from the requirement of certified status. Failure to be in accordance with this Act shall cause the officer to forfeit the officer's position.

(a-5) A part-time probationary law enforcement officer shall be allowed to complete 6 ~~six~~ months of a part-time police training course and function as a law enforcement officer as permitted by this subsection with a waiver from the Board, provided the part-time law enforcement officer is still enrolled in the training course. If the part-time probationary law enforcement officer withdraws from the course for any reason or does not complete the course within the applicable time period, as extended by any waiver that may be granted, then the officer must forfeit the officer's position. A probationary law enforcement officer must function under the following rules:

(1) A law enforcement agency may not grant a person status as a law enforcement officer unless the person has been granted an active law enforcement officer certification by the Board.

(2) A part-time probationary law enforcement officer shall not be used as a permanent replacement for a full-time law enforcement officer.

(3) A part-time probationary law enforcement officer

shall be directly supervised at all times by a Board-certified ~~Board-certified~~ law enforcement officer. Direct supervision requires oversight and control with the supervisor having final decision-making authority as to the actions of the recruit during duty hours.

(b) Inactive status. A person who has an inactive law enforcement officer certification has no law enforcement authority.

(1) A law enforcement officer's certification becomes inactive upon termination, resignation, retirement, or separation from the employing agency for any reason. The Board shall reactivate ~~re-activate~~ a certification upon written application from the law enforcement officer's employing agency that shows the law enforcement officer: (i) has accepted a part-time law enforcement position with that a law enforcement agency, (ii) is not the subject of a decertification proceeding, and (iii) meets all other criteria for reactivation ~~re-activation~~ required by the Board.

The Board may refuse to reactivate ~~re-activate~~ the certification of a law enforcement officer who was involuntarily terminated for good cause by the officer's employing agency for conduct subject to decertification under this Act or resigned or retired after receiving notice of a law enforcement agency's investigation.

(2) A law enforcement agency may place an officer who

is currently certified on inactive status by sending a written request to the Board. A law enforcement officer whose certificate has been placed on inactive status shall not function as a law enforcement officer until the officer has completed any requirements for reactivating the certificate as required by the Board. A request for inactive status in this subsection shall be in writing, accompanied by verifying documentation, and shall be submitted to the Board by the law enforcement officer's employing agency.

(3) Certification that has become inactive under paragraph (2) of this subsection (b) ~~7~~ shall be reactivated by written notice from the law enforcement officer's law enforcement agency upon a showing that the law enforcement officer is: (i) employed in a part-time law enforcement position with the same law enforcement agency, (ii) not the subject of a decertification proceeding, and (iii) meets all other criteria for reactivation ~~re-activation~~ required by the Board. The Board may also establish special training requirements to be completed as a condition for reactivation ~~re-activation~~.

The Board shall review a notice for reactivation from a law enforcement agency and provide a response within 30 days. The Board may extend this review. A law enforcement officer shall be allowed to be employed as a part-time law enforcement officer while the law enforcement officer

reactivation waiver is under review.

A law enforcement officer who is refused reactivation or an employing agency of a law enforcement officer who is refused reactivation under this Section may request a hearing in accordance with the hearing procedures as outlined in subsection (h) of Section 6.3 of this Act.

(4) Notwithstanding paragraph (3) of this Section, a law enforcement officer whose certification has become inactive under paragraph (2) may have the officer's employing agency submit a request for a waiver of training requirements to the Board in writing and accompanied by any verifying documentation. A grant of a waiver is within the discretion of the Board. Within 7 days of receiving a request for a waiver under this section, the Board shall notify the law enforcement officer and the chief administrator of the law enforcement officer's employing agency, whether the request has been granted, denied, or if the Board will take additional time for information. A law enforcement agency or law enforcement officer, whose request for a waiver under this subsection is denied, is entitled to request a review of the denial by the Board. The law enforcement agency must request a review within 20 days after the waiver being denied. The burden of proof shall be on the law enforcement agency to show why the law enforcement officer is entitled to a waiver of the legislatively required training and eligibility

requirements.

(c) The part-time police training course referred to in this Section shall be of similar content and the same number of hours as the courses for full-time officers and shall be provided by Mobile Team In-Service Training Units under the Intergovernmental Law Enforcement Officer's In-Service Training Act or by another approved program or facility in a manner prescribed by the Board.

(d) Within 14 days, a law enforcement officer shall report to the Board: (1) any name change; (2) any change in employment; or (3) the filing of any criminal indictment or charges against the officer alleging that the officer committed any offense as enumerated in Section 6.1 of this Act.

(e) All law enforcement officers must report the completion of the training requirements required in this Act in compliance with Section 8.4 of this Act.

(e-1) Each employing agency shall allow and provide an opportunity for a law enforcement officer to complete the requirements in this Act. All mandated training shall be provided for at no cost to the employees. Employees shall be paid for all time spent attending mandated training.

(e-2) Each agency, academy, or training provider shall maintain proof of a law enforcement officer's completion of legislatively required training in a format designated by the Board. The report of training shall be submitted to the Board

within 30 days following completion of the training. A copy of the report shall be submitted to the law enforcement officer. Upon receipt of a properly completed report of training, the Board will make the appropriate entry into the training records of the law enforcement officer.

(f) For the purposes of this Section, the Board shall adopt rules defining what constitutes employment on a part-time basis.

(g) Notwithstanding any provision of law to the contrary, the changes made to this Section by Public Act 102-694 ~~this amendatory Act of the 102nd General Assembly~~ and Public Act 101-652 take effect July 1, 2022.

The Board may consult with the Department of Public Health or Department of Human Services to develop and update the curriculum as needed. The course must include instruction in autism-informed responses, procedures, and techniques, which may include, but are not limited to:

(1) recognizing the signs and symptoms of an autism spectrum disorder;

(2) responding to the needs of a victim with an autism spectrum disorder;

(3) interview and interrogation techniques for an individual with an autism spectrum disorder; and

(4) techniques for differentiating an individual with an autism spectrum disorder from a person who is being belligerent and uncooperative.

The Board must, within a reasonable amount of time, update this course, from time to time, to conform with national

trends and best practices.

Section 370. The Small Wireless Facilities Deployment Act is amended by changing Section 15 as follows:

(50 ILCS 840/15) (was 50 ILCS 835/15)

(Section scheduled to be repealed on January 1, 2030)

Sec. 15. Regulation of small wireless facilities.

(a) This Section applies to activities of a wireless provider within or outside rights-of-way.

(b) Except as provided in this Section, an authority may not prohibit, regulate, or charge for the collocation of small wireless facilities.

(c) Small wireless facilities shall be classified as permitted uses and subject to administrative review in conformance with this Act, except as provided in paragraph (5) of subsection (d) of this Section regarding height exceptions or variances, but not subject to zoning review or approval if they are collocated (i) in rights-of-way in any zone, or (ii) outside rights-of-way in property zoned exclusively for commercial or industrial use.

(d) An authority may require an applicant to obtain one or more permits to collocate a small wireless facility. An authority shall receive applications for, process, and issue permits subject to the following requirements:

(1) An authority may not directly or indirectly require an applicant to perform services unrelated to the collocation for which approval is sought, such as in-kind contributions to the authority, including reserving fiber, conduit, or utility pole space for the authority on the wireless provider's utility pole. An authority may reserve space on authority utility poles for future public safety uses or for the authority's electric utility uses, but a reservation of space may not preclude the collocation of a small wireless facility unless the authority reasonably determines that the authority utility pole cannot

accommodate both uses.

(2) An applicant shall not be required to provide more information to obtain a permit than the authority requires of a communications service provider that is not a wireless provider that requests to attach facilities to a structure; however, a wireless provider may be required to provide the following information when seeking a permit to collocate small wireless facilities on a utility pole or wireless support structure:

(A) site specific structural integrity and, for an authority utility pole, make-ready analysis prepared by a structural engineer, as that term is defined in Section 4 of the Structural Engineering Practice Act of 1989;

(B) the location where each proposed small wireless facility or utility pole would be installed and photographs of the location and its immediate surroundings depicting the utility poles or structures on which each proposed small wireless facility would be mounted or location where utility poles or structures would be installed;

(C) specifications and drawings prepared by a structural engineer, as that term is defined in Section 4 of the Structural Engineering Practice Act of 1989, for each proposed small wireless facility covered by the application as it is proposed to be

installed;

(D) the equipment type and model numbers for the antennas and all other wireless equipment associated with the small wireless facility;

(E) a proposed schedule for the installation and completion of each small wireless facility covered by the application, if approved;

(F) certification that the collocation complies with paragraph (6) to the best of the applicant's knowledge; and

(G) the wireless provider's certification from a radio engineer that it operates the small wireless facility within all applicable FCC standards.

(3) Subject to paragraph (6), an authority may not require the placement of small wireless facilities on any specific utility pole, or category of utility poles, or require multiple antenna systems on a single utility pole; however, with respect to an application for the collocation of a small wireless facility associated with a new utility pole, an authority may propose that the small wireless facility be collocated on an existing utility pole or existing wireless support structure within 200 feet of the proposed collocation, which the applicant shall accept if it has the right to use the alternate structure on reasonable terms and conditions and the alternate location and structure does not impose technical

limits or additional material costs as determined by the applicant. The authority may require the applicant to provide a written certification describing the property rights, technical limits, or material cost reasons the alternate location does not satisfy the criteria in this paragraph (3).

(4) Subject to paragraph (6), an authority may not limit the placement of small wireless facilities mounted on a utility pole or a wireless support structure by minimum horizontal separation distances.

(5) An authority may limit the maximum height of a small wireless facility to 10 feet above the utility pole or wireless support structure on which the small wireless facility is collocated. Subject to any applicable waiver, zoning, or other process that addresses wireless provider requests for an exception or variance and does not prohibit granting of such exceptions or variances, the authority may limit the height of new or replacement utility poles or wireless support structures on which small wireless facilities are collocated to the higher of:

(i) 10 feet in height above the tallest existing utility pole, other than a utility pole supporting only wireless facilities, that is in place on the date the application is submitted to the authority, that is located within 300 feet of the new or replacement utility pole or wireless support structure and that is in the same right-of-way

within the jurisdictional boundary of the authority, provided the authority may designate which intersecting right-of-way within 300 feet of the proposed utility pole or wireless support structures shall control the height limitation for such facility; or (ii) 45 feet above ground level.

(6) An authority may require that:

(A) the wireless provider's operation of the small wireless facilities does not interfere with the frequencies used by a public safety agency for public safety communications; a wireless provider shall install small wireless facilities of the type and frequency that will not cause unacceptable interference with a public safety agency's communications equipment; unacceptable interference will be determined by and measured in accordance with industry standards and the FCC's regulations addressing unacceptable interference to public safety spectrum or any other spectrum licensed by a public safety agency; if a small wireless facility causes such interference, and the wireless provider has been given written notice of the interference by the public safety agency, the wireless provider, at its own expense, shall take all reasonable steps necessary to correct and eliminate the interference, including, but not limited to, powering down the small wireless

facility and later powering up the small wireless facility for intermittent testing, if necessary; the authority may terminate a permit for a small wireless facility based on such interference if the wireless provider is not making a good faith effort to remedy the problem in a manner consistent with the abatement and resolution procedures for interference with public safety spectrum established by the FCC including 47 CFR 22.970 through 47 CFR 22.973 and 47 CFR 90.672 through 47 CFR 90.675;

(B) the wireless provider comply with requirements that are imposed by a contract between an authority and a private property owner that concern design or construction standards applicable to utility poles and ground-mounted equipment located in the right-of-way;

(C) the wireless provider comply with applicable spacing requirements in applicable codes and ordinances concerning the location of ground-mounted equipment located in the right-of-way if the requirements include a waiver, zoning, or other process that addresses wireless provider requests for exception or variance and do not prohibit granting of such exceptions or variances;

(D) the wireless provider comply with local code provisions or regulations concerning undergrounding requirements that prohibit the installation of new or

the modification of existing utility poles in a right-of-way without prior approval if the requirements include a waiver, zoning, or other process that addresses requests to install such new utility poles or modify such existing utility poles and do not prohibit the replacement of utility poles;

(E) the wireless provider comply with generally applicable standards that are consistent with this Act and adopted by an authority for construction and public safety in the rights-of-way, including, but not limited to, reasonable and nondiscriminatory wiring and cabling requirements, grounding requirements, utility pole extension requirements, acoustic regulations, and signage limitations; and shall comply with reasonable and nondiscriminatory requirements that are consistent with this Act and adopted by an authority regulating the location, size, surface area and height of small wireless facilities, or the abandonment and removal of small wireless facilities;

(F) the wireless provider not collocate small wireless facilities on authority utility poles that are part of an electric distribution or transmission system within the communication worker safety zone of the pole or the electric supply zone of the pole; however, the antenna and support equipment of the small wireless facility may be located in the

communications space on the authority utility pole and on the top of the pole, if not otherwise unavailable, if the wireless provider complies with applicable codes for work involving the top of the pole; for purposes of this subparagraph (F), the terms "communications space", "communication worker safety zone", and "electric supply zone" have the meanings given to those terms in the National Electric Safety Code as published by the Institute of Electrical and Electronics Engineers;

(G) the wireless provider comply with the applicable codes and local code provisions or regulations that concern public safety;

(H) the wireless provider comply with written design standards that are generally applicable for decorative utility poles, or reasonable stealth, concealment, and aesthetic requirements that are identified by the authority in an ordinance, written policy adopted by the governing board of the authority, a comprehensive plan, or other written design plan that applies to other occupiers of the rights-of-way, including on a historic landmark or in a historic district;

(I) subject to subsection (c) of this Section, and except for facilities excluded from evaluation for effects on historic properties under 47 CFR

1.1307(a)(4), reasonable, technically feasible, and non-discriminatory design or concealment measures in a historic district or historic landmark; any such design or concealment measures, including restrictions on a specific category of poles, may not have the effect of prohibiting any provider's technology; such design and concealment measures shall not be considered a part of the small wireless facility for purposes of the size restrictions of a small wireless facility; this paragraph may not be construed to limit an authority's enforcement of historic preservation in conformance with the requirements adopted pursuant to the Illinois State Agency Historic Resources Preservation Act or the National Historic Preservation Act of 1966, 54 U.S.C. Section 300101 et seq., and the regulations adopted to implement those laws; and

(J) When a wireless provider replaces or adds a new radio transceiver or antennas to an existing small wireless facility, certification by the wireless provider from a radio engineer that the continuing operation of the small wireless facility complies with all applicable FCC standards.

(7) Within 30 days after receiving an application, an authority must determine whether the application is complete and notify the applicant. If an application is incomplete, an authority must specifically identify the

missing information. An application shall be deemed complete if the authority fails to provide notification to the applicant within 30 days after when all documents, information, and fees specifically enumerated in the authority's permit application form are submitted by the applicant to the authority. Processing deadlines are tolled from the time the authority sends the notice of incompleteness to the time the applicant provides the missing information.

(8) An authority shall process applications as follows:

(A) an application to collocate a small wireless facility on an existing utility pole or wireless support structure shall be processed on a nondiscriminatory basis and deemed approved if the authority fails to approve or deny the application within 90 days; however, if an applicant intends to proceed with the permitted activity on a deemed approved basis, the applicant must notify the authority in writing of its intention to invoke the deemed approved remedy no sooner than 75 days after the submission of a completed application; the permit shall be deemed approved on the latter of the 90th day after submission of the complete application or the 10th day after the receipt of the deemed approved notice by the authority; the receipt of the deemed

approved notice shall not preclude the authority's denial of the permit request within the time limits as provided under this Act; and

(B) an application to collocate a small wireless facility that includes the installation of a new utility pole shall be processed on a nondiscriminatory basis and deemed approved if the authority fails to approve or deny the application within 120 days; however, if an applicant intends to proceed with the permitted activity on a deemed approved basis, the applicant must notify the authority in writing of its intention to invoke the deemed approved remedy no sooner than 105 days after the submission of a completed application; the permit shall be deemed approved on the latter of the 120th day after submission of the complete application or the 10th day after the receipt of the deemed approved notice by the authority; the receipt of the deemed approved notice shall not preclude the authority's denial of the permit request within the time limits as provided under this Act.

(9) An authority shall approve an application unless the application does not meet the requirements of this Act. If an authority determines that applicable codes, local code provisions or regulations that concern public safety, or the requirements of paragraph (6) require that

the utility pole or wireless support structure be replaced before the requested collocation, approval may be conditioned on the replacement of the utility pole or wireless support structure at the cost of the provider. The authority must document the basis for a denial, including the specific code provisions or application conditions on which the denial was based, and send the documentation to the applicant on or before the day the authority denies an application. The applicant may cure the deficiencies identified by the authority and resubmit the revised application once within 30 days after notice of denial is sent to the applicant without paying an additional application fee. The authority shall approve or deny the revised application within 30 days after the applicant resubmits the application or it is deemed approved; however, the applicant must notify the authority in writing of its intention to proceed with the permitted activity on a deemed approved basis, which may be submitted with the resubmitted application. Any subsequent review shall be limited to the deficiencies cited in the denial. However, this revised application cure does not apply if the cure requires the review of a new location, new or different structure to be collocated upon, new antennas, or other wireless equipment associated with the small wireless facility.

(10) The time period for applications may be further

tolled by:

(A) the express agreement in writing by both the applicant and the authority; or

(B) a local, State, or federal disaster declaration or similar emergency that causes the delay.

(11) An applicant seeking to collocate small wireless facilities within the jurisdiction of a single authority shall be allowed, at the applicant's discretion, to file a consolidated application and receive a single permit for the collocation of up to 25 small wireless facilities if the collocations each involve substantially the same type of small wireless facility and substantially the same type of structure. If an application includes multiple small wireless facilities, the authority may remove small wireless facility collocations from the application and treat separately small wireless facility collocations for which incomplete information has been provided or that do not qualify for consolidated treatment or that are denied. The authority may issue separate permits for each collocation that is approved in a consolidated application.

(12) Collocation for which a permit is granted shall be completed within 180 days after issuance of the permit, unless the authority and the wireless provider agree to extend this period or a delay is caused by make-ready work

for an authority utility pole or by the lack of commercial power or backhaul availability at the site, provided the wireless provider has made a timely request within 60 days after the issuance of the permit for commercial power or backhaul services, and the additional time to complete installation does not exceed 360 days after issuance of the permit. Otherwise, the permit shall be void unless the authority grants an extension in writing to the applicant.

(13) The duration of a permit shall be for a period of not less than 5 years, and the permit shall be renewed for equivalent durations unless the authority makes a finding that the small wireless facilities or the new or modified utility pole do not comply with the applicable codes or local code provisions or regulations in paragraphs (6) and (9). If this Act is repealed as provided in Section 90, renewals of permits shall be subject to the applicable authority code provisions or regulations in effect at the time of renewal.

(14) An authority may not prohibit, either expressly or de facto, the (i) filing, receiving, or processing applications, or (ii) issuing of permits or other approvals, if any, for the collocation of small wireless facilities unless there has been a local, State, or federal disaster declaration or similar emergency that causes the delay.

(15) Applicants shall submit applications, supporting

information, and notices by personal delivery or as otherwise required by the authority. An authority may require that permits, supporting information, and notices be submitted by personal delivery at the authority's designated place of business, by regular mail postmarked on the date due, or by any other commonly used means, including electronic mail, as required by the authority.

(e) Application fees are subject to the following requirements:

(1) An authority may charge an application fee of up to \$650 for an application to collocate a single small wireless facility on an existing utility pole or wireless support structure and up to \$350 for each small wireless facility addressed in an application to collocate more than one small wireless facility on existing utility poles or wireless support structures.

(2) An authority may charge an application fee of \$1,000 for each small wireless facility addressed in an application that includes the installation of a new utility pole for such collocation.

(3) Notwithstanding any contrary provision of State law or local ordinance, applications pursuant to this Section must be accompanied by the required application fee.

(4) Within 2 months after the effective date of this Act, an authority shall make available application fees

consistent with this subsection, through ordinance, or in a written schedule of permit fees adopted by the authority.

(5) Notwithstanding any provision of this Act to the contrary, an authority may charge recurring rates and application fees up to the amount permitted by the Federal Communications ~~Communication~~ Commission in its Declaratory Ruling and Third Report and Order adopted on September 26, 2018 in WT Docket Nos. 17-70, 17-84 and cited as 33 FCC Rcd 9088, 9129, or any subsequent ruling, order, or guidance issued by the Federal Communication Commission regarding fees and recurring rates.

(f) An authority shall not require an application, approval, or permit, or require any fees or other charges, from a communications service provider authorized to occupy the rights-of-way, for: (i) routine maintenance; (ii) the replacement of wireless facilities with wireless facilities that are substantially similar, the same size, or smaller if the wireless provider notifies the authority at least 10 days prior to the planned replacement and includes equipment specifications for the replacement of equipment consistent with the requirements of subparagraph (D) of paragraph (2) of subsection (d) of this Section; or (iii) the installation, placement, maintenance, operation, or replacement of micro wireless facilities that are suspended on cables that are strung between existing utility poles in compliance with

applicable safety codes. However, an authority may require a permit to work within rights-of-way for activities that affect traffic patterns or require lane closures.

(g) Nothing in this Act authorizes a person to collocate small wireless facilities on: (1) property owned by a private party or property owned or controlled by a unit of local government that is not located within rights-of-way, subject to subsection (j) of this Section, or a privately owned utility pole or wireless support structure without the consent of the property owner; (2) property owned, leased, or controlled by a park district, forest preserve district, or conservation district for public park, recreation, or conservation purposes without the consent of the affected district, excluding the placement of facilities on rights-of-way located in an affected district that are under the jurisdiction and control of a different unit of local government as provided by the Illinois Highway Code; or (3) property owned by a rail carrier registered under Section 18c-7201 of the Illinois Vehicle Code, Metra Commuter Rail or any other public commuter rail service, or an electric utility as defined in Section 16-102 of the Public Utilities Act, without the consent of the rail carrier, public commuter rail service, or electric utility. The provisions of this Act do not apply to an electric or gas public utility or such utility's wireless facilities if the facilities are being used, developed, and maintained consistent with the provisions

of subsection (i) of Section 16-108.5 of the Public Utilities Act.

For the purposes of this subsection, "public utility" has the meaning given to that term in Section 3-105 of the Public Utilities Act. Nothing in this Act shall be construed to relieve any person from any requirement (1) to obtain a franchise or a State-issued authorization to offer cable service or video service or (2) to obtain any required permission to install, place, maintain, or operate communications facilities, other than small wireless facilities subject to this Act.

(h) Agreements between authorities and wireless providers that relate to the collocation of small wireless facilities in the right-of-way, including the collocation of small wireless facilities on authority utility poles, that are in effect on the effective date of this Act remain in effect for all small wireless facilities collocated on the authority's utility poles pursuant to applications submitted to the authority before the effective date of this Act, subject to applicable termination provisions. Such agreements entered into after the effective date of the Act shall comply with the Act.

(i) An authority shall allow the collocation of small wireless facilities on authority utility poles subject to the following:

(1) An authority may not enter into an exclusive arrangement with any person for the right to attach small

wireless facilities to authority utility poles.

(2) The rates and fees for collocations on authority utility poles shall be nondiscriminatory regardless of the services provided by the collocating person.

(3) An authority may charge an annual recurring rate to collocate a small wireless facility on an authority utility pole located in a right-of-way that equals (i) \$270 per year or (ii) the actual, direct, and reasonable costs related to the wireless provider's use of space on the authority utility pole. Rates for collocation on authority utility poles located outside of a right-of-way are not subject to these limitations. In any controversy concerning the appropriateness of a cost-based rate for an authority utility pole located within a right-of-way, the authority shall have the burden of proving that the rate does not exceed the actual, direct, and reasonable costs for the applicant's proposed use of the authority utility pole. Nothing in this paragraph (3) prohibits a wireless provider and an authority from mutually agreeing to an annual recurring rate of less than \$270 to collocate a small wireless facility on an authority utility pole.

(4) Authorities or other persons owning or controlling authority utility poles within the right-of-way shall offer rates, fees, and other terms that comply with subparagraphs (A) through (E) of this paragraph (4). Within 2 months after the effective date of this Act, an

authority or a person owning or controlling authority utility poles shall make available, through ordinance or an authority utility pole attachment agreement, license or other agreement that makes available to wireless providers, the rates, fees, and terms for the collocation of small wireless facilities on authority utility poles that comply with this Act and with subparagraphs (A) through (E) of this paragraph (4). In the absence of such an ordinance or agreement that complies with this Act, and until such a compliant ordinance or agreement is adopted, wireless providers may collocate small wireless facilities and install utility poles under the requirements of this Act.

(A) The rates, fees, and terms must be nondiscriminatory, competitively neutral, and commercially reasonable, and may address, among other requirements, the requirements in subparagraphs (A) through (I) of paragraph (6) of subsection (d) of this Section; subsections (e), (i), and (k) of this Section; Section 30; and Section 35, and must comply with this Act.

(B) For authority utility poles that support aerial facilities used to provide communications services or electric service, wireless providers shall comply with the process for make-ready work under 47 U.S.C. 224 and its implementing regulations, and the

authority shall follow a substantially similar process for make-ready work except to the extent that the timing requirements are otherwise addressed in this Act. The good-faith estimate of the person owning or controlling the authority utility pole for any make-ready work necessary to enable the pole to support the requested collocation shall include authority utility pole replacement, if necessary.

(C) For authority utility poles that do not support aerial facilities used to provide communications services or electric service, the authority shall provide a good-faith estimate for any make-ready work necessary to enable the authority utility pole to support the requested collocation, including pole replacement, if necessary, within 90 days after receipt of a complete application. Make-ready work, including any authority utility pole replacement, shall be completed within 60 days of written acceptance of the good-faith estimate by the applicant at the wireless provider's sole cost and expense. Alternatively, if the authority determines that applicable codes or public safety regulations require the authority utility pole to be replaced to support the requested collocation, the authority may require the wireless provider to replace the authority utility pole at the wireless provider's sole cost and

expense.

(D) The authority shall not require more make-ready work than required to meet applicable codes or industry standards. Make-ready work may include work needed to accommodate additional public safety communications needs that are identified in a documented and approved plan for the deployment of public safety equipment as specified in paragraph (1) of subsection (d) of this Section and included in an existing or preliminary authority or public service agency budget for attachment within one year of the application. Fees for make-ready work, including any authority utility pole replacement, shall not exceed actual costs or the amount charged to communications service providers for similar work and shall not include any consultants' fees or expenses for authority utility poles that do not support aerial facilities used to provide communications services or electric service. Make-ready work, including any pole replacement, shall be completed within 60 days of written acceptance of the good-faith estimate by the wireless provider, at its sole cost and expense.

(E) A wireless provider that has an existing agreement with the authority on the effective date of the Act may accept the rates, fees, and terms that an authority makes available under this Act for the

collocation of small wireless facilities or the installation of new utility poles for the collocation of small wireless facilities that are the subject of an application submitted 2 or more years after the effective date of the Act as provided in this paragraph (4) by notifying the authority that it opts to accept such rates, fees, and terms. The existing agreement remains in effect, subject to applicable termination provisions, for the small wireless facilities the wireless provider has collocated on the authority's utility poles pursuant to applications submitted to the authority before the wireless provider provides such notice and exercises its option under this subparagraph.

(5) Notwithstanding any provision of this Act to the contrary, an authority may charge recurring rates and application fees up to the amount permitted by the Federal Communications ~~Communication~~ Commission in its Declaratory Ruling and Third Report and Order adopted on September 26, 2018 in WT Docket Nos. 17-70, 17-84 and cited as 33 FCC Rcd 9088, 9129, or any subsequent ruling, order, or guidance issued by the Federal Communication Commission regarding fees and recurring rates.

(j) An authority shall authorize the collocation of small wireless facilities on utility poles owned or controlled by the authority that are not located within rights-of-way to the

same extent the authority currently permits access to utility poles for other commercial projects or uses. The collocations shall be subject to reasonable and nondiscriminatory rates, fees, and terms as provided in an agreement between the authority and the wireless provider.

(k) Nothing in this Section precludes an authority from adopting reasonable rules with respect to the removal of abandoned small wireless facilities. A small wireless facility that is not operated for a continuous period of 12 months shall be considered abandoned and the owner of the facility must remove the small wireless facility within 90 days after receipt of written notice from the authority notifying the owner of the abandonment. The notice shall be sent by certified or registered mail, return receipt requested, by the authority to the owner at the last known address of the owner. If the small wireless facility is not removed within 90 days of such notice, the authority may remove or cause the removal of the facility pursuant to the terms of its pole attachment agreement for authority utility poles or through whatever actions are provided for abatement of nuisances or by other law for removal and cost recovery. An authority may require a wireless provider to provide written notice to the authority if it sells or transfers small wireless facilities subject to this Act within the jurisdictional boundary of the authority. Such notice shall include the name and contact information of the new wireless provider.

(1) Nothing in this Section requires an authority to install or maintain any specific utility pole or to continue to install or maintain utility poles in any location if the authority makes a non-discriminatory decision to eliminate above-ground utility poles of a particular type generally, such as electric utility poles, in all or a significant portion of its geographic jurisdiction. For authority utility poles with collocated small wireless facilities in place when an authority makes a decision to eliminate above-ground utility poles of a particular type generally, the authority shall either (i) continue to maintain the authority utility pole or install and maintain a reasonable alternative utility pole or wireless support structure for the collocation of the small wireless facility, or (ii) offer to sell the utility pole to the wireless provider at a reasonable cost or allow the wireless provider to install its own utility pole so it can maintain service from that location.

under the laws of the State.

(5) "Corrections official" means the official that is responsible for oversight of a correctional institution, or his or her designee.

(6) "Committed person" means any person incarcerated or detained in any facility who is accused of, convicted of, sentenced for, or adjudicated delinquent for, violations of criminal law or the terms and conditions of parole, probation, pretrial release, or diversionary program, and any person detained under the immigration laws of the United States at any correctional facility.

(7) "Extraordinary circumstance" means an extraordinary medical or security circumstance, including a substantial flight risk, that dictates restraints be used to ensure the safety and security of the committed person, the staff of the correctional institution or medical facility, other committed persons, or the public.

(8) "Participant"± means an individual placed into an electronic monitoring program, as defined by Section 5-8A-2 of the Unified Code of Corrections.

(b) A county department of corrections shall not apply security restraints to a committed person that has been determined by a qualified medical professional to be pregnant or otherwise is known by the county department of corrections to be pregnant or in postpartum recovery unless the corrections official makes an individualized determination

that the committed person presents a substantial flight risk or some other extraordinary circumstance that dictates security restraints be used to ensure the safety and security of the committed person, committed person's child or unborn child, the staff of the county department of corrections or medical facility, other committed persons, or the public. The protections set out in clauses (b)(3) and (b)(4) of this Section shall apply to security restraints used pursuant to this subsection. The corrections official shall immediately remove all restraints upon the written or oral request of medical personnel. The corrections official shall immediately remove all approved electronic monitoring devices, as that term is defined in Section 5-8A-2 of the Unified Code of Corrections, of a pregnant participant during labor and delivery or earlier upon the written or oral request of medical personnel. Oral requests made by medical personnel shall be verified in writing as promptly as reasonably possible.

(1) Qualified authorized health staff shall have the authority to order therapeutic restraints for a pregnant or postpartum committed person who is a danger to the committed person, the committed person's child, unborn child, or other persons due to a psychiatric or medical disorder. Therapeutic restraints may only be initiated, monitored, and discontinued by qualified and authorized health staff and used to safely limit a committed person's

mobility for psychiatric or medical reasons. No order for therapeutic restraints shall be written unless medical or mental health personnel, after personally observing and examining the committed person, are clinically satisfied that the use of therapeutic restraints is justified and permitted in accordance with hospital policies and applicable State law. Metal handcuffs or shackles are not considered therapeutic restraints.

(2) Whenever therapeutic restraints are used by medical personnel, Section 2-108 of the Mental Health and Developmental Disabilities Code shall apply.

(3) Leg irons, shackles, or waist shackles shall not be used on any pregnant or postpartum committed person regardless of security classification. Except for therapeutic restraints under clause (b)(2), no restraints of any kind may be applied to committed persons during labor.

(4) When a pregnant or postpartum committed person must be restrained, restraints used shall be the least restrictive restraints possible to ensure the safety and security of the committed person, the committed person's child, unborn child, the staff of the county department of corrections or medical facility, other committed persons, or the public, and in no case shall include leg irons, shackles, or waist shackles.

(5) Upon the pregnant committed person's entry into a

hospital room, and completion of initial room inspection, a corrections official shall be posted immediately outside the hospital room, unless requested to be in the room by medical personnel attending to the committed person's medical needs.

(6) The county department of corrections shall provide adequate corrections personnel to monitor the pregnant committed person during the committed person's transport to and from the hospital and during the committed person's stay at the hospital.

(7) Where the county department of corrections requires committed person safety assessments, a corrections official may enter the hospital room to conduct periodic committed person safety assessments, except during a medical examination or the delivery process.

(8) (Blank).

(c) Enforcement. No later than 30 days before the end of each fiscal year, the county sheriff or corrections official of the correctional institution where a pregnant or postpartum committed person has been restrained pursuant to this Section during that previous fiscal year, shall submit a written report to the Jail and Detention Standards Unit of the Department of Corrections, in a form and manner prescribed by the Department, that includes an account of every instance of restraint pursuant to this Section. The written report shall

state the date, time, location, and rationale for each instance in which restraints are used. The written report shall not contain any individually identifying information of any committed person. Such reports shall be made available for public inspection.

(d) Data reporting. No later than 30 days before the end of each fiscal year, each county sheriff shall submit a written report to the Jail and Detention Standards Unit of the Department of Corrections, in a form and manner prescribed by the Department, that includes the number of pregnant committed persons in custody each year and the number of people who deliver or miscarry while in custody. (55 ILCS 5/5-1009) (from Ch. 34, par. 5-1009)

Sec. 5-1009. Limitation on home rule powers. Except as provided in Sections 5-1006, 5-1006.5, 5-1006.8, 5-1006.9, 5-1007, and 5-1008, on and after September 1, 1990, no home rule county has the authority to impose, pursuant to its home rule authority, a retailers' occupation tax, service occupation tax, use tax, sales tax, or other tax on the use,

sale, or purchase of tangible personal property based on the gross receipts from such sales or the selling or purchase price of said tangible personal property. Notwithstanding the foregoing, this Section does not preempt any home rule imposed tax such as the following: (1) a tax on alcoholic beverages, whether based on gross receipts, volume sold, or any other measurement; (2) a tax based on the number of units of cigarettes or tobacco products; (3) a tax, however measured, based on the use of a hotel or motel room or similar facility; (4) a tax, however measured, on the sale or transfer of real property; (5) a tax, however measured, on lease receipts; (6) a tax on food prepared for immediate consumption and on alcoholic beverages sold by a business which provides for on premise consumption of said food or alcoholic beverages; or (7) other taxes not based on the selling or purchase price or gross receipts from the use, sale, or purchase of tangible personal property. This Section does not preempt a home rule county from imposing a tax, however measured, on the use, for consideration, of a parking lot, garage, or other parking facility.

On and after December 1, 2019, no home rule county has the authority to impose, pursuant to its home rule authority, a tax, however measured, on sales of aviation fuel, as defined in Section 3 of the Retailers' Occupation Tax Act, unless the tax revenue is expended for airport-related purposes. For purposes of this Section, "airport-related purposes" has the

meaning ascribed in Section 6z-20.2 of the State Finance Act. Aviation fuel shall be excluded from tax only for so long as the revenue use requirements of 49 U.S.C. 47017(b) and 49 U.S.C. 47133 are binding on the county.

This Section is a limitation, pursuant to subsection (g) of Section 6 of Article VII of the Illinois Constitution, on the power of home rule units to tax. The changes made to this Section by Public Act 101-10 are a denial and limitation of home rule powers and functions under subsection (g) of Section 6 of Article VII of the Illinois Constitution.

(55 ILCS 5/5-1069)

(Text of Section before amendment by P.A. 103-808)

Sec. 5-1069. Group life, health, accident, hospital, and medical insurance.

(a) The county board of any county may arrange to provide, for the benefit of employees of the county, group life, health, accident, hospital, and medical insurance, or any one or any combination of those types of insurance, or the county board may self-insure, for the benefit of its employees, all or a portion of the employees' group life, health, accident, hospital, and medical insurance, or any one or any combination of those types of insurance, including a combination of self-insurance and other types of insurance authorized by this

Section, provided that the county board complies with all other requirements of this Section. The insurance may include provision for employees who rely on treatment by prayer or spiritual means alone for healing in accordance with the tenets and practice of a well recognized religious denomination. The county board may provide for payment by the county of a portion or all of the premium or charge for the insurance with the employee paying the balance of the premium or charge, if any. If the county board undertakes a plan under which the county pays only a portion of the premium or charge, the county board shall provide for withholding and deducting from the compensation of those employees who consent to join the plan the balance of the premium or charge for the insurance.

(b) If the county board does not provide for self-insurance or for a plan under which the county pays a portion or all of the premium or charge for a group insurance plan, the county board may provide for withholding and deducting from the compensation of those employees who consent thereto the total premium or charge for any group life, health, accident, hospital, and medical insurance.

(c) The county board may exercise the powers granted in this Section only if it provides for self-insurance or, where it makes arrangements to provide group insurance through an insurance carrier, if the kinds of group insurance are obtained from an insurance company authorized to do business

in the State of Illinois. The county board may enact an ordinance prescribing the method of operation of the insurance program.

(d) If a county, including a home rule county, is a self-insurer for purposes of providing health insurance coverage for its employees, the insurance coverage shall include screening by low-dose mammography for all women 35 years of age or older for the presence of occult breast cancer unless the county elects to provide mammograms itself under Section 5-1069.1. The coverage shall be as follows:

(1) A baseline mammogram for women 35 to 39 years of age.

(2) An annual mammogram for women 40 years of age or older.

(3) A mammogram at the age and intervals considered medically necessary by the woman's health care provider for women under 40 years of age and having a family history of breast cancer, prior personal history of breast cancer, positive genetic testing, or other risk factors.

(4) For a group policy of accident and health insurance that is amended, delivered, issued, or renewed on or after January 1, 2020 (the effective date of Public Act 101-580) ~~this amendatory Act of the 101st General Assembly~~, a comprehensive ultrasound screening of an entire breast or breasts if a mammogram demonstrates heterogeneous or dense breast tissue or when medically

necessary as determined by a physician licensed to practice medicine in all of its branches, advanced practice registered nurse, or physician assistant.

(5) For a group policy of accident and health insurance that is amended, delivered, issued, or renewed on or after January 1, 2020 (the effective date of Public Act 101-580) ~~this amendatory Act of the 101st General Assembly~~, a diagnostic mammogram when medically necessary, as determined by a physician licensed to practice medicine in all its branches, advanced practice registered nurse, or physician assistant.

A policy subject to this subsection shall not impose a deductible, coinsurance, copayment, or any other cost-sharing requirement on the coverage provided; except that this sentence does not apply to coverage of diagnostic mammograms to the extent such coverage would disqualify a high-deductible health plan from eligibility for a health savings account pursuant to Section 223 of the Internal Revenue Code (26 U.S.C. 223).

For purposes of this subsection:

"Diagnostic mammogram" means a mammogram obtained using diagnostic mammography.

"Diagnostic mammography" means a method of screening that is designed to evaluate an abnormality in a breast, including an abnormality seen or suspected on a screening mammogram or a subjective or objective abnormality otherwise detected in the

breast.

"Low-dose mammography" means the x-ray examination of the breast using equipment dedicated specifically for mammography, including the x-ray tube, filter, compression device, and image receptor, with an average radiation exposure delivery of less than one rad per breast for 2 views of an average size breast. The term also includes digital mammography.

(d-5) Coverage as described by subsection (d) shall be provided at no cost to the insured and shall not be applied to an annual or lifetime maximum benefit.

(d-10) When health care services are available through contracted providers and a person does not comply with plan provisions specific to the use of contracted providers, the requirements of subsection (d-5) are not applicable. When a person does not comply with plan provisions specific to the use of contracted providers, plan provisions specific to the use of non-contracted providers must be applied without distinction for coverage required by this Section and shall be at least as favorable as for other radiological examinations covered by the policy or contract.

(d-15) If a county, including a home rule county, is a self-insurer for purposes of providing health insurance coverage for its employees, the insurance coverage shall include mastectomy coverage, which includes coverage for prosthetic devices or reconstructive surgery incident to the mastectomy. Coverage for breast reconstruction in connection

with a mastectomy shall include:

- (1) reconstruction of the breast upon which the mastectomy has been performed;
- (2) surgery and reconstruction of the other breast to produce a symmetrical appearance; and
- (3) prostheses and treatment for physical complications at all stages of mastectomy, including lymphedemas.

Care shall be determined in consultation with the attending physician and the patient. The offered coverage for prosthetic devices and reconstructive surgery shall be subject to the deductible and coinsurance conditions applied to the mastectomy, and all other terms and conditions applicable to other benefits. When a mastectomy is performed and there is no evidence of malignancy then the offered coverage may be limited to the provision of prosthetic devices and reconstructive surgery to within 2 years after the date of the mastectomy. As used in this Section, "mastectomy" means the removal of all or part of the breast for medically necessary reasons, as determined by a licensed physician.

A county, including a home rule county, that is a self-insurer for purposes of providing health insurance coverage for its employees, may not penalize or reduce or limit the reimbursement of an attending provider or provide incentives (monetary or otherwise) to an attending provider to induce the provider to provide care to an insured in a manner

inconsistent with this Section.

(d-20) The requirement that mammograms be included in health insurance coverage as provided in subsections (d) through (d-15) is an exclusive power and function of the State and is a denial and limitation under Article VII, Section 6, subsection (h) of the Illinois Constitution of home rule county powers. A home rule county to which subsections (d) through (d-15) apply must comply with every provision of those subsections.

(d-25) If a county, including a home rule county, is a self-insurer for purposes of providing health insurance coverage, the insurance coverage shall include joint mental health therapy services for any member of the sheriff's office, including the sheriff, and any spouse or partner of the member who resides with the member.

The joint mental health therapy services provided under this subsection shall be performed by a physician licensed to practice medicine in all of its branches, a licensed clinical psychologist, a licensed clinical social worker, a licensed clinical professional counselor, a licensed marriage and family therapist, a licensed social worker, or a licensed professional counselor.

This subsection is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State.

(e) The term "employees" as used in this Section includes elected or appointed officials but does not include temporary employees.

(f) The county board may, by ordinance, arrange to provide group life, health, accident, hospital, and medical insurance, or any one or a combination of those types of insurance, under this Section to retired former employees and retired former elected or appointed officials of the county.

(g) Rulemaking authority to implement this amendatory Act of the 95th General Assembly, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.

(h) If a county, including a home rule county, is a self-insurer for purposes of providing health insurance coverage for its employees, the insurance coverage shall include, on and after June 1, 2025, mental health counseling for any county employee who is a first responder without imposing a deductible, coinsurance, copayment, or any other cost-sharing requirement on the coverage provided, except that this subsection does not apply to the extent such coverage would disqualify a high-deductible health plan from eligibility for a health savings account pursuant to Section 223 of the Internal Revenue Code.

The requirement that mental health counseling be included in health insurance coverage as provided in this subsection is an exclusive power and function of the State and is a denial and limitation under Article VII, Section 6, subsection (h) of the Illinois Constitution of home rule county powers.

As used in this subsection:

"First responders" means police and corrections officers, deputy sheriffs, firefighters, emergency medical services personnel, as that term is defined in Section 3.5 of the Emergency Medical Services (EMS) Systems Act, dispatched pursuant to a 9-1-1 call, emergency medical dispatchers, as that term is defined in Section 3.70 of the Emergency Medical Services (EMS) Systems Act, public safety telecommunicators, as that term is defined in Section 2 of the Emergency Telephone System Act, and mental health professionals employed and dispatched by any unit of local government in response to emergency crisis calls received on public emergency service lines instead of or in conjunction with law enforcement.

"Mental health counseling" means counseling therapy sessions provided by a clinical social worker, professional counselor, or licensed psychologist.

(Text of Section after amendment by P.A. 103-808)

Sec. 5-1069. Group life, health, accident, hospital, and

medical insurance.

(a) The county board of any county may arrange to provide, for the benefit of employees of the county, group life, health, accident, hospital, and medical insurance, or any one or any combination of those types of insurance, or the county board may self-insure, for the benefit of its employees, all or a portion of the employees' group life, health, accident, hospital, and medical insurance, or any one or any combination of those types of insurance, including a combination of self-insurance and other types of insurance authorized by this Section, provided that the county board complies with all other requirements of this Section. The insurance may include provision for employees who rely on treatment by prayer or spiritual means alone for healing in accordance with the tenets and practice of a well recognized religious denomination. The county board may provide for payment by the county of a portion or all of the premium or charge for the insurance with the employee paying the balance of the premium or charge, if any. If the county board undertakes a plan under which the county pays only a portion of the premium or charge, the county board shall provide for withholding and deducting from the compensation of those employees who consent to join the plan the balance of the premium or charge for the insurance.

(b) If the county board does not provide for self-insurance or for a plan under which the county pays a

portion or all of the premium or charge for a group insurance plan, the county board may provide for withholding and deducting from the compensation of those employees who consent thereto the total premium or charge for any group life, health, accident, hospital, and medical insurance.

(c) The county board may exercise the powers granted in this Section only if it provides for self-insurance or, where it makes arrangements to provide group insurance through an insurance carrier, if the kinds of group insurance are obtained from an insurance company authorized to do business in the State of Illinois. The county board may enact an ordinance prescribing the method of operation of the insurance program.

(d) If a county, including a home rule county, is a self-insurer for purposes of providing health insurance coverage for its employees, the insurance coverage shall include screening by low-dose mammography for all patients 35 years of age or older for the presence of occult breast cancer unless the county elects to provide mammograms itself under Section 5-1069.1. The coverage shall be as follows:

(1) A baseline mammogram for patients 35 to 39 years of age.

(2) An annual mammogram for patients 40 years of age or older.

(3) A mammogram at the age and intervals considered medically necessary by the patient's health care provider

for patients under 40 years of age and having a family history of breast cancer, prior personal history of breast cancer, positive genetic testing, or other risk factors.

(4) For a group policy of accident and health insurance that is amended, delivered, issued, or renewed on or after January 1, 2020 (the effective date of Public Act 101-580), a comprehensive ultrasound screening of an entire breast or breasts if a mammogram demonstrates heterogeneous or dense breast tissue or when medically necessary as determined by a physician licensed to practice medicine in all of its branches, advanced practice registered nurse, or physician assistant.

(4.5) For a group policy of accident and health insurance that is amended, delivered, issued, or renewed on or after January 1, 2026 (the effective date of Public Act 103-808) ~~this amendatory Act of the 103rd General Assembly~~, molecular breast imaging (MBI) and magnetic resonance imaging of an entire breast or breasts if a mammogram demonstrates heterogeneous or dense breast tissue or when medically necessary as determined by a physician licensed to practice medicine in all of its branches, advanced practice registered nurse, or physician assistant.

(5) For a group policy of accident and health insurance that is amended, delivered, issued, or renewed on or after January 1, 2020 (the effective date of Public

Act 101-580), a diagnostic mammogram when medically necessary, as determined by a physician licensed to practice medicine in all its branches, advanced practice registered nurse, or physician assistant.

A policy subject to this subsection shall not impose a deductible, coinsurance, copayment, or any other cost-sharing requirement on the coverage provided; except that this sentence does not apply to coverage of diagnostic mammograms to the extent such coverage would disqualify a high-deductible health plan from eligibility for a health savings account pursuant to Section 223 of the Internal Revenue Code (26 U.S.C. 223).

For purposes of this subsection:

"Diagnostic mammogram" means a mammogram obtained using diagnostic mammography.

"Diagnostic mammography" means a method of screening that is designed to evaluate an abnormality in a breast, including an abnormality seen or suspected on a screening mammogram or a subjective or objective abnormality otherwise detected in the breast.

"Low-dose mammography" means the x-ray examination of the breast using equipment dedicated specifically for mammography, including the x-ray tube, filter, compression device, and image receptor, with an average radiation exposure delivery of less than one rad per breast for 2 views of an average size breast. The term also includes digital mammography.

(d-5) Coverage as described by subsection (d) shall be provided at no cost to the insured and shall not be applied to an annual or lifetime maximum benefit.

(d-10) When health care services are available through contracted providers and a person does not comply with plan provisions specific to the use of contracted providers, the requirements of subsection (d-5) are not applicable. When a person does not comply with plan provisions specific to the use of contracted providers, plan provisions specific to the use of non-contracted providers must be applied without distinction for coverage required by this Section and shall be at least as favorable as for other radiological examinations covered by the policy or contract.

(d-15) If a county, including a home rule county, is a self-insurer for purposes of providing health insurance coverage for its employees, the insurance coverage shall include mastectomy coverage, which includes coverage for prosthetic devices or reconstructive surgery incident to the mastectomy. Coverage for breast reconstruction in connection with a mastectomy shall include:

(2) surgery and reconstruction of the other breast to produce a symmetrical appearance; and

(3) prostheses and treatment for physical complications at all stages of mastectomy, including

lymphedemas.

Care shall be determined in consultation with the attending physician and the patient. The offered coverage for prosthetic devices and reconstructive surgery shall be subject to the deductible and coinsurance conditions applied to the mastectomy, and all other terms and conditions applicable to other benefits. When a mastectomy is performed and there is no evidence of malignancy then the offered coverage may be limited to the provision of prosthetic devices and reconstructive surgery to within 2 years after the date of the mastectomy. As used in this Section, "mastectomy" means the removal of all or part of the breast for medically necessary reasons, as determined by a licensed physician.

A county, including a home rule county, that is a self-insurer for purposes of providing health insurance coverage for its employees, may not penalize or reduce or limit the reimbursement of an attending provider or provide incentives (monetary or otherwise) to an attending provider to induce the provider to provide care to an insured in a manner inconsistent with this Section.

(d-20) The requirement that mammograms be included in health insurance coverage as provided in subsections (d) through (d-15) is an exclusive power and function of the State and is a denial and limitation under Article VII, Section 6, subsection (h) of the Illinois Constitution of home rule county powers. A home rule county to which subsections (d)

through (d-15) apply must comply with every provision of those subsections.

(d-25) If a county, including a home rule county, is a self-insurer for purposes of providing health insurance coverage, the insurance coverage shall include joint mental health therapy services for any member of the sheriff's office, including the sheriff, and any spouse or partner of the member who resides with the member.

The joint mental health therapy services provided under this subsection shall be performed by a physician licensed to practice medicine in all of its branches, a licensed clinical psychologist, a licensed clinical social worker, a licensed clinical professional counselor, a licensed marriage and family therapist, a licensed social worker, or a licensed professional counselor.

This subsection is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State.

(e) The term "employees" as used in this Section includes elected or appointed officials but does not include temporary employees.

(f) The county board may, by ordinance, arrange to provide group life, health, accident, hospital, and medical insurance, or any one or a combination of those types of insurance, under this Section to retired former employees and retired former

elected or appointed officials of the county.

(g) Rulemaking authority to implement this amendatory Act of the 95th General Assembly, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.

(h) If a county, including a home rule county, is a self-insurer for purposes of providing health insurance coverage for its employees, the insurance coverage shall include, on and after June 1, 2025, mental health counseling for any county employee who is a first responder without imposing a deductible, coinsurance, copayment, or any other cost-sharing requirement on the coverage provided, except that this subsection does not apply to the extent such coverage would disqualify a high-deductible health plan from eligibility for a health savings account pursuant to Section 223 of the Internal Revenue Code.

The requirement that mental health counseling be included in health insurance coverage as provided in this subsection is an exclusive power and function of the State and is a denial and limitation under Article VII, Section 6, subsection (h) of the Illinois Constitution of home rule county powers.

As used in this subsection:

"First responders" means police and corrections officers,

deputy sheriffs, firefighters, emergency medical services personnel, as that term is defined in Section 3.5 of the Emergency Medical Services (EMS) Systems Act, dispatched pursuant to a 9-1-1 call, emergency medical dispatchers, as that term is defined in Section 3.70 of the Emergency Medical Services (EMS) Systems Act, public safety telecommunicators, as that term is defined in Section 2 of the Emergency Telephone System Act, and mental health professionals employed and dispatched by any unit of local government in response to emergency crisis calls received on public emergency service lines instead of or in conjunction with law enforcement.

"Mental health counseling" means counseling therapy sessions provided by a clinical social worker, professional counselor, or licensed psychologist.

The requirement that health benefits be covered as provided in this Section is an exclusive power and function of the State and is a denial and limitation under Article VII, Section 6, subsection (h) of the Illinois Constitution. A home rule county to which this Section applies must comply with every provision of this Section.

Rulemaking authority to implement Public Act 95-1045, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.

(a) As used in this Section:

"Commercial solar energy facility" means a "commercial solar energy system" as defined in Section 10-720 of the Property Tax Code. "Commercial solar energy facility" does not mean a utility-scale solar energy facility being constructed at a site that was eligible to participate in a procurement event conducted by the Illinois Power Agency pursuant to subsection (c-5) of Section 1-75 of the Illinois Power Agency Act.

"Commercial wind energy facility" means a wind energy conversion facility of equal or greater than 500 kilowatts in total nameplate generating capacity. "Commercial wind energy facility" includes a wind energy conversion facility seeking an extension of a permit to construct granted by a county or municipality before January 27, 2023 (the effective date of Public Act 102-1123).

"Facility owner" means (i) a person with a direct ownership interest in a commercial wind energy facility or a commercial solar energy facility, or both, regardless of whether the person is involved in acquiring the necessary rights, permits, and approvals or otherwise planning for the construction and operation of the facility, and (ii) at the time the facility is being developed, a person who is acting as a developer of the facility by acquiring the necessary rights, permits, and approvals or by planning for the construction and operation of the facility, regardless of whether the person will own or operate the facility.

"Nonparticipating property" means real property that is not a participating property.

"Nonparticipating residence" means a residence that is located on nonparticipating property and that is existing and occupied on the date that an application for a permit to develop the commercial wind energy facility or the commercial solar energy facility is filed with the county.

"Occupied community building" means any one or more of the following buildings that is existing and occupied on the date that the application for a permit to develop the commercial wind energy facility or the commercial solar energy facility is filed with the county: a school, place of worship, day care facility, public library, or community center.

"Participating property" means real property that is the subject of a written agreement between a facility owner and

the owner of the real property that provides the facility owner an easement, option, lease, or license to use the real property for the purpose of constructing a commercial wind energy facility, a commercial solar energy facility, or supporting facilities. "Participating property" also includes real property that is owned by a facility owner for the purpose of constructing a commercial wind energy facility, a commercial solar energy facility, or supporting facilities.

"Participating residence" means a residence that is located on participating property and that is existing and occupied on the date that an application for a permit to develop the commercial wind energy facility or the commercial solar energy facility is filed with the county.

"Wind tower" includes the wind turbine tower, nacelle, and

blades.

(b) Notwithstanding any other provision of law or whether the county has formed a zoning commission and adopted formal zoning under Section 5-12007, a county may establish standards for commercial wind energy facilities, commercial solar energy facilities, or both. The standards may include all of the requirements specified in this Section but may not include requirements for commercial wind energy facilities or commercial solar energy facilities that are more restrictive than specified in this Section. A county may also regulate the siting of commercial wind energy facilities with standards that are not more restrictive than the requirements specified in this Section in unincorporated areas of the county that are outside the zoning jurisdiction of a municipality and that are outside the 1.5-mile radius surrounding the zoning jurisdiction of a municipality.

(c) If a county has elected to establish standards under subsection (b), before the county grants siting approval or a special use permit for a commercial wind energy facility or a commercial solar energy facility, or modification of an approved siting or special use permit, the county board of the county in which the facility is to be sited or the zoning board of appeals for the county shall hold at least one public hearing. The public hearing shall be conducted in accordance with the Open Meetings Act and shall be held not more than 60 days after the filing of the application for the facility. The

county shall allow interested parties to a special use permit an opportunity to present evidence and to cross-examine witnesses at the hearing, but the county may impose reasonable restrictions on the public hearing, including reasonable time limitations on the presentation of evidence and the cross-examination of witnesses. The county shall also allow public comment at the public hearing in accordance with the Open Meetings Act. The county shall make its siting and permitting decisions not more than 30 days after the conclusion of the public hearing. Notice of the hearing shall be published in a newspaper of general circulation in the county. A facility owner must enter into an agricultural impact mitigation agreement with the Department of Agriculture prior to the date of the required public hearing. A commercial wind energy facility owner seeking an extension of a permit granted by a county prior to July 24, 2015 (the effective date of Public Act 99-132) must enter into an agricultural impact mitigation agreement with the Department of Agriculture prior to a decision by the county to grant the permit extension. Counties may allow test wind towers or test solar energy systems to be sited without formal approval by the county board.

(d) A county with an existing zoning ordinance in conflict with this Section shall amend that zoning ordinance to be in compliance with this Section within 120 days after January 27, 2023 (the effective date of Public Act 102-1123).

(e) A county may require:

(1) a wind tower of a commercial wind energy facility to be sited as follows, with setback distances measured from the center of the base of the wind tower:

Setback Description	Setback Distance
Occupied Community Buildings	2.1 times the maximum blade tip height of the wind tower to the nearest point on the outside wall of the structure
Participating Residences	1.1 times the maximum blade tip height of the wind tower to the nearest point on the outside wall of the structure
Nonparticipating Residences	2.1 times the maximum blade tip height of the wind tower to the nearest point on the outside wall of the structure
Boundary Lines of Participating Property	None
Boundary Lines of	1.1 times the maximum blade tip

Nonparticipating Property	height of the wind tower to the nearest point on the property line of the nonparticipating property

Public Road Rights-of-Way	1.1 times the maximum blade tip height of the wind tower to the center point of the public road right-of-way

Overhead Communication and Electric Transmission and Distribution Facilities (Not Including Overhead Utility Service Lines to Individual Houses or Outbuildings)	1.1 times the maximum blade tip height of the wind tower to the nearest edge of the property line, easement, or right-of-way containing the overhead line

Overhead Utility Service Lines to Individual Houses or Outbuildings	None

Fish and Wildlife Areas and Illinois Nature Preserve Commission Protected Lands	2.1 times the maximum blade tip height of the wind tower to the nearest point on the property line of the fish and

wildlife area or protected
land

This Section does not exempt or excuse compliance with electric facility clearances approved or required by the National Electrical Code, the ~~The~~ National Electrical Safety Code, the Illinois Commerce Commission, and the Federal Energy Regulatory Commission~~7~~ and their designees or successors~~;~~.

(2) a wind tower of a commercial wind energy facility to be sited so that industry standard computer modeling indicates that any occupied community building or nonparticipating residence will not experience more than 30 hours per year of shadow flicker under planned operating conditions;

(3) a commercial solar energy facility to be sited as follows, with setback distances measured from the nearest edge of any component of the facility:

Setback Description	Setback Distance
Occupied Community Buildings and Dwellings on Nonparticipating Properties	150 feet from the nearest point on the outside wall of the structure

Public Road Rights-of-Way	50 feet from the nearest edge
Boundary Lines of Nonparticipating Property	50 feet to the nearest point on the property line of the nonparticipating property

(4) a commercial solar energy facility to be sited so that the facility's perimeter is enclosed by fencing having a height of at least 6 feet and no more than 25 feet; and

(5) a commercial solar energy facility to be sited so that no component of a solar panel has a height of more than 20 feet above ground when the solar energy facility's arrays are at full tilt.

The requirements set forth in this subsection (e) may be waived subject to the written consent of the owner of each affected nonparticipating property.

(f) A county may not set a sound limitation for wind towers in commercial wind energy facilities or any components in commercial solar energy facilities that is more restrictive than the sound limitations established by the Illinois Pollution Control Board under 35 Ill. Adm. Code Parts 900, 901, and 910.

(g) A county may not place any restriction on the installation or use of a commercial wind energy facility or a commercial solar energy facility unless it adopts an ordinance that complies with this Section. A county may not establish siting standards for supporting facilities that preclude development of commercial wind energy facilities or commercial solar energy facilities.

A request for siting approval or a special use permit for a commercial wind energy facility or a commercial solar energy facility, or modification of an approved siting or special use permit, shall be approved if the request is in compliance with the standards and conditions imposed in this Act, the zoning ordinance adopted consistent with this Code, and the conditions imposed under State and federal statutes and regulations.

(h) A county may not adopt zoning regulations that disallow, permanently or temporarily, commercial wind energy facilities or commercial solar energy facilities from being developed or operated in any district zoned to allow agricultural or industrial uses.

(i) A county may not require permit application fees for a commercial wind energy facility or commercial solar energy facility that are unreasonable. All application fees imposed by the county shall be consistent with fees for projects in the county with similar capital value and cost.

(j) Except as otherwise provided in this Section, a county

shall not require standards for construction, decommissioning, or deconstruction of a commercial wind energy facility or commercial solar energy facility or related financial assurances that are more restrictive than those included in the Department of Agriculture's standard wind farm agricultural impact mitigation agreement, template 81818, or standard solar agricultural impact mitigation agreement, version 8.19.19, as applicable and in effect on December 31, 2022. The amount of any decommissioning payment shall be in accordance with the financial assurance required by those agricultural impact mitigation agreements.

(j-5) A commercial wind energy facility or a commercial solar energy facility shall file a farmland drainage plan with the county and impacted drainage districts outlining how surface and subsurface drainage of farmland will be restored during and following construction or deconstruction of the facility. The plan is to be created independently by the facility developer and shall include the location of any potentially impacted drainage district facilities to the extent this information is publicly available from the county or the drainage district, plans to repair any subsurface drainage affected during construction or deconstruction using procedures outlined in the agricultural impact mitigation agreement entered into by the commercial wind energy facility owner or commercial solar energy facility owner, and procedures for the repair and restoration of surface drainage

affected during construction or deconstruction. All surface and subsurface damage shall be repaired as soon as reasonably practicable.

(k) A county may not condition approval of a commercial wind energy facility or commercial solar energy facility on a property value guarantee and may not require a facility owner to pay into a neighboring property devaluation escrow account.

(l) A county may require certain vegetative screening surrounding a commercial wind energy facility or commercial solar energy facility but may not require earthen berms or similar structures.

(m) A county may set blade tip height limitations for wind towers in commercial wind energy facilities but may not set a blade tip height limitation that is more restrictive than the height allowed under a Determination of No Hazard to Air Navigation by the Federal Aviation Administration under 14 CFR Part 77.

(n) A county may require that a commercial wind energy facility owner or commercial solar energy facility owner provide:

(1) the results and recommendations from consultation with the Illinois Department of Natural Resources that are obtained through the Ecological Compliance Assessment Tool (EcoCAT) or a comparable successor tool; and

(2) the results of the United States Fish and Wildlife Service's Information for Planning and Consulting

environmental review or a comparable successor tool that is consistent with (i) the "U.S. Fish and Wildlife Service's Land-Based Wind Energy Guidelines" and (ii) any applicable United States Fish and Wildlife Service solar wildlife guidelines that have been subject to public review.

(o) A county may require a commercial wind energy facility or commercial solar energy facility to adhere to the recommendations provided by the Illinois Department of Natural Resources in an EcoCAT natural resource review report under 17 Ill. Adm. Code Part 1075.

(p) A county may require a facility owner to:

(1) demonstrate avoidance of protected lands as identified by the Illinois Department of Natural Resources and the Illinois Nature Preserve Commission; or

(2) consider the recommendations of the Illinois Department of Natural Resources for setbacks from protected lands, including areas identified by the Illinois Nature Preserve Commission.

(q) A county may require that a facility owner provide evidence of consultation with the Illinois State Historic Preservation Office to assess potential impacts on State-registered historic sites under the Illinois State Agency Historic Resources Preservation Act.

(r) To maximize community benefits, including, but not limited to, reduced stormwater runoff, flooding, and erosion

at the ground mounted solar energy system, improved soil health, and increased foraging habitat for game birds, songbirds, and pollinators, a county may (1) require a commercial solar energy facility owner to plant, establish, and maintain for the life of the facility vegetative ground cover, consistent with the goals of the Pollinator-Friendly Solar Site Act and (2) require the submittal of a vegetation management plan that is in compliance with the agricultural impact mitigation agreement in the application to construct and operate a commercial solar energy facility in the county if the vegetative ground cover and vegetation management plan comply with the requirements of the underlying agreement with the landowner or landowners where the facility will be constructed.

No later than 90 days after January 27, 2023 (the effective date of Public Act 102-1123), the Illinois Department of Natural Resources shall develop guidelines for vegetation management plans that may be required under this subsection for commercial solar energy facilities. The guidelines must include guidance for short-term and long-term property management practices that provide and maintain native and non-invasive naturalized perennial vegetation to protect the health and well-being of pollinators.

(s) If a facility owner enters into a road use agreement with the Illinois Department of Transportation, a road district, or other unit of local government relating to a

commercial wind energy facility or a commercial solar energy facility, the road use agreement shall require the facility owner to be responsible for (i) the reasonable cost of improving roads used by the facility owner to construct the commercial wind energy facility or the commercial solar energy facility and (ii) the reasonable cost of repairing roads used by the facility owner during construction of the commercial wind energy facility or the commercial solar energy facility so that those roads are in a condition that is safe for the driving public after the completion of the facility's construction. Roadways improved in preparation for and during the construction of the commercial wind energy facility or commercial solar energy facility shall be repaired and restored to the improved condition at the reasonable cost of the developer if the roadways have degraded or were damaged as a result of construction-related activities.

The road use agreement shall not require the facility owner to pay costs, fees, or charges for road work that is not specifically and uniquely attributable to the construction of the commercial wind energy facility or the commercial solar energy facility. Road-related fees, permit fees, or other charges imposed by the Illinois Department of Transportation, a road district, or other unit of local government under a road use agreement with the facility owner shall be reasonably related to the cost of administration of the road use agreement.

(s-5) The facility owner shall also compensate landowners for crop losses or other agricultural damages resulting from damage to the drainage system caused by the construction of the commercial wind energy facility or the commercial solar energy facility. The commercial wind energy facility owner or commercial solar energy facility owner shall repair or pay for the repair of all damage to the subsurface drainage system caused by the construction of the commercial wind energy facility or the commercial solar energy facility in accordance with the agriculture impact mitigation agreement requirements for repair of drainage. The commercial wind energy facility owner or commercial solar energy facility owner shall repair or pay for the repair and restoration of surface drainage caused by the construction or deconstruction of the commercial wind energy facility or the commercial solar energy facility as soon as reasonably practicable.

(t) Notwithstanding any other provision of law, a facility owner with siting approval from a county to construct a commercial wind energy facility or a commercial solar energy facility is authorized to cross or impact a drainage system, including, but not limited to, drainage tiles, open drainage ditches, culverts, and water gathering vaults, owned or under the control of a drainage district under the Illinois Drainage Code without obtaining prior agreement or approval from the drainage district in accordance with the farmland drainage plan required by subsection (j-5).

(u) The amendments to this Section adopted in Public Act 102-1123 do not apply to: (1) an application for siting approval or for a special use permit for a commercial wind energy facility or commercial solar energy facility if the application was submitted to a unit of local government before January 27, 2023 (the effective date of Public Act 102-1123); (2) a commercial wind energy facility or a commercial solar energy facility if the facility owner has submitted an agricultural impact mitigation agreement to the Department of Agriculture before January 27, 2023 (the effective date of Public Act 102-1123); or (3) a commercial wind energy or commercial solar energy development on property that is located within an enterprise zone certified under the Illinois Enterprise Zone Act, that was classified as industrial by the appropriate zoning authority on or before January 27, 2023, and that is located within 4 miles of the intersection of Interstate 88 and Interstate 39.

(a) A veteran with a disability or the veteran's caregiver shall not be charged any building permit fee for improvements to the residence of the veteran with a disability if the

improvements are required to accommodate a disability of the veteran. Nothing in this subsection changes the obligation of any person to submit to the county applications, forms, or other paperwork to obtain a building permit. A veteran or caregiver must provide proof of veteran status and attest to the fact that the improvements to the residence are required to accommodate the veteran's disability. Proof of veteran status is to be construed liberally, and veteran status shall include service in the Armed Forces of the United States, National Guard, or the reserves of the Armed Forces of the United States.

a fence energized by a battery that is not more than 12 volts of direct current that interfaces with an alarm system in a manner that enables the fence to cause the connected alarm system to transmit a signal intended to notify law enforcement of a potential intrusion.

(b) Notwithstanding any other law, a county may not require a permit or other approval for the installation, maintenance, placement, replacement, or servicing of a battery-charged fence if (i) the battery-charged fence is located on nonresidential property completely surrounded by a nonelectric perimeter fence or wall that is not less than 5 feet in height and does not exceed 10 feet in height or 2 feet higher than the nonelectric perimeter fence or wall, whichever is higher, and (ii) any electrical charge produced on contact does not exceed energizer characteristics set for electric fences by the International Electrotechnical Commission.

(c) Any battery-charged fence installed under this Section must have conspicuous signs located on the fence placed not less than 30 feet apart that read: "WARNING: ELECTRIC FENCE".

(d) A home rule county may not regulate battery-charged fencing in a manner inconsistent with this Section. This Section is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State.

Sec. 5-15017. Revenue bonds. In order to pay the cost of the construction, acquisition by condemnation, purchase, or otherwise of any waterworks properties, or sewage facilities, or a combination thereof, or waste management facilities, as the case may be, and the improvement or extension from time to time thereof, including engineering, inspection, legal and financial fees and costs, working capital, interest on such bonds during construction and for a reasonable period thereafter, establishment of reserves to secure such bonds and all other expenditures of such county incidental and necessary or convenient thereto, the county board may issue and sell revenue bonds payable solely from the income and revenue derived from the operation of the waterworks properties, or sewage facilities, or a combination thereof, or waste management facilities, as the case may be, and may also from time to time issue revenue bonds for the purpose of paying, refunding, or redeeming revenue bonds before, after, or at their maturity, including paying redemption premiums or interest accruing or to accrue on the bonds being paid or redeemed or for paying any other costs in connection with any such payment or redemption. All such bonds shall be authorized by ordinance to be adopted by the board, which shall be separate and distinct as applies to waterworks properties and as applied to sewage facilities except where the system is

combined. Such bonds shall bear such date or dates, mature at such time or serially at such times not exceeding 40 years from their respective dates, may bear interest at such rate or rates not exceeding the maximum rate established in the Bond Authorization Act ~~"An Act to authorize public corporations to issue bonds, other evidences of indebtedness and tax anticipation warrants subject to interest rate limitations set forth therein"~~, approved May 26, 1970, as from time to time in effect, may be in such form, may carry such registration privileges, may be executed in such manner, may be payable at such place or places, may be subject to redemption in such manner, and upon such terms with or without premium as is stated on the face thereof, and may be executed in such manner by such officers, and may contain such terms and covenants, all as provided by the ordinance authorizing the issue.

Such bonds shall be sold in such manner as the board shall determine, and if issued to bear interest at the maximum rate specified in this Section shall be sold for not less than par and accrued interest; however, the selling price of any bonds bearing less than such maximum rate, shall be such that the interest cost of the money received from the sale of the bonds shall not exceed such maximum rate, computed to absolute maturity, according to standard tables of bond values.

Notwithstanding the form or tenor thereof, and in the absence of expressed recitals on the face thereof that the bonds are non-negotiable, all such bonds shall be negotiable

instruments.

To secure payment of any and all such bonds such ordinance shall set forth the covenants and undertakings of the county in connection with the issuance thereof, and the issuance of additional bonds payable from the revenues or income to be derived from the operation of the waterworks properties or sewage facilities, or waste management facilities, as the case may be, as well as the use and operation thereof, and for the use and disposition for waterworks, and sewerage, and waste management purposes of investment earnings on funds and accounts created with respect to the revenue bonds.

In case any officer whose signature appears on the bond or coupons attached thereto shall cease to be such officer before the delivery of the bonds to the purchaser, such signature shall nevertheless be valid and sufficient for all purposes to the same effect as if he had remained in office until the delivery of the bonds.

Under no circumstances shall any bonds issued or any other obligation, except as set forth in Section 5-15003, incurred pursuant to the provisions of this Division be or become an indebtedness or an obligation of the county payable from taxes and shall not in any event constitute an indebtedness of such county within the meaning of the constitutional provisions or limitations, and such fact shall be plainly stated on the face of each bond.

In order to provide moneys with which to meet ordinary and necessary disbursements for salaries and other corporate purposes, such fund and the moneys therein may be transferred, in whole or in part, to the general corporate fund of the county and so disbursed therefrom (a) in anticipation of the collection of any taxes lawfully levied for general corporate purposes, (b) in anticipation of the receipt of moneys to be derived from fees and commissions to be earned by the county clerk and the

Sec. 10-4-2. Group insurance.

(a) The corporate authorities of any municipality may arrange to provide, for the benefit of employees of the municipality, group life, health, accident, hospital, and

medical insurance, or any one or any combination of those types of insurance, and may arrange to provide that insurance for the benefit of the spouses or dependents of those employees. The insurance may include provision for employees or other insured persons who rely on treatment by prayer or spiritual means alone for healing in accordance with the tenets and practice of a well recognized religious denomination. The corporate authorities may provide for payment by the municipality of a portion of the premium or charge for the insurance with the employee paying the balance of the premium or charge. If the corporate authorities undertake a plan under which the municipality pays a portion of the premium or charge, the corporate authorities shall provide for withholding and deducting from the compensation of those municipal employees who consent to join the plan the balance of the premium or charge for the insurance.

(b) If the corporate authorities do not provide for a plan under which the municipality pays a portion of the premium or charge for a group insurance plan, the corporate authorities may provide for withholding and deducting from the compensation of those employees who consent thereto the premium or charge for any group life, health, accident, hospital, and medical insurance.

(c) The corporate authorities may exercise the powers granted in this Section only if the kinds of group insurance are obtained from an insurance company authorized to do

business in the State of Illinois, or are obtained through an intergovernmental joint self-insurance pool as authorized under the Intergovernmental Cooperation Act. The corporate authorities may enact an ordinance prescribing the method of operation of the insurance program.

(d) If a municipality, including a home rule municipality, is a self-insurer for purposes of providing health insurance coverage for its employees, the insurance coverage shall include screening by low-dose mammography for all women 35 years of age or older for the presence of occult breast cancer unless the municipality elects to provide mammograms itself under Section 10-4-2.1. The coverage shall be as follows:

(1) A baseline mammogram for women 35 to 39 years of age.

(2) An annual mammogram for women 40 years of age or older.

(3) A mammogram at the age and intervals considered medically necessary by the woman's health care provider for women under 40 years of age and having a family history of breast cancer, prior personal history of breast cancer, positive genetic testing, or other risk factors.

(4) For a group policy of accident and health insurance that is amended, delivered, issued, or renewed on or after January 1, 2020 (the effective date of Public Act 101-580) ~~this amendatory Act of the 101st General Assembly,~~ a comprehensive ultrasound screening of an

entire breast or breasts if a mammogram demonstrates heterogeneous or dense breast tissue or when medically necessary as determined by a physician licensed to practice medicine in all of its branches.

(5) For a group policy of accident and health insurance that is amended, delivered, issued, or renewed on or after January 1, 2020 (the effective date of Public Act 101-580) ~~this amendatory Act of the 101st General Assembly~~, a diagnostic mammogram when medically necessary, as determined by a physician licensed to practice medicine in all its branches, advanced practice registered nurse, or physician assistant.

A policy subject to this subsection shall not impose a deductible, coinsurance, copayment, or any other cost-sharing requirement on the coverage provided; except that this sentence does not apply to coverage of diagnostic mammograms to the extent such coverage would disqualify a high-deductible health plan from eligibility for a health savings account pursuant to Section 223 of the Internal Revenue Code (26 U.S.C. 223).

For purposes of this subsection:

"Diagnostic mammogram" means a mammogram obtained using diagnostic mammography.

"Diagnostic mammography" means a method of screening that is designed to evaluate an abnormality in a breast, including an abnormality seen or suspected on a screening mammogram or a

subjective or objective abnormality otherwise detected in the breast.

"Low-dose mammography" means the x-ray examination of the breast using equipment dedicated specifically for mammography, including the x-ray tube, filter, compression device, and image receptor, with an average radiation exposure delivery of less than one rad per breast for 2 views of an average size breast. The term also includes digital mammography.

(d-5) Coverage as described by subsection (d) shall be provided at no cost to the insured and shall not be applied to an annual or lifetime maximum benefit.

(d-10) When health care services are available through contracted providers and a person does not comply with plan provisions specific to the use of contracted providers, the requirements of subsection (d-5) are not applicable. When a person does not comply with plan provisions specific to the use of contracted providers, plan provisions specific to the use of non-contracted providers must be applied without distinction for coverage required by this Section and shall be at least as favorable as for other radiological examinations covered by the policy or contract.

(d-15) If a municipality, including a home rule municipality, is a self-insurer for purposes of providing health insurance coverage for its employees, the insurance coverage shall include mastectomy coverage, which includes coverage for prosthetic devices or reconstructive surgery

incident to the mastectomy. Coverage for breast reconstruction in connection with a mastectomy shall include:

(1) reconstruction of the breast upon which the mastectomy has been performed;

(2) surgery and reconstruction of the other breast to produce a symmetrical appearance; and

(3) prostheses and treatment for physical complications at all stages of mastectomy, including lymphedemas.

Care shall be determined in consultation with the attending physician and the patient. The offered coverage for prosthetic devices and reconstructive surgery shall be subject to the deductible and coinsurance conditions applied to the mastectomy, and all other terms and conditions applicable to other benefits. When a mastectomy is performed and there is no evidence of malignancy then the offered coverage may be limited to the provision of prosthetic devices and reconstructive surgery to within 2 years after the date of the mastectomy. As used in this Section, "mastectomy" means the removal of all or part of the breast for medically necessary reasons, as determined by a licensed physician.

A municipality, including a home rule municipality, that is a self-insurer for purposes of providing health insurance coverage for its employees, may not penalize or reduce or limit the reimbursement of an attending provider or provide incentives (monetary or otherwise) to an attending provider to

induce the provider to provide care to an insured in a manner inconsistent with this Section.

(d-20) The requirement that mammograms be included in health insurance coverage as provided in subsections (d) through (d-15) is an exclusive power and function of the State and is a denial and limitation under Article VII, Section 6, subsection (h) of the Illinois Constitution of home rule municipality powers. A home rule municipality to which subsections (d) through (d-15) apply must comply with every provision of those subsections.

(d-25) If a municipality, including a home rule municipality, is a self-insurer for purposes of providing health insurance coverage for its employees, the insurance coverage shall include joint mental health therapy services for any member of the municipality's police department or fire department and any spouse or partner of the member who resides with the member.

The joint mental health therapy services provided under this subsection shall be performed by a physician licensed to practice medicine in all of its branches, a licensed clinical psychologist, a licensed clinical social worker, a licensed clinical professional counselor, a licensed marriage and family therapist, a licensed social worker, or a licensed professional counselor.

This subsection is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the

concurrent exercise by home rule units of powers and functions exercised by the State.

(e) Rulemaking authority to implement Public Act 95-1045, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.

undertake a plan under which the municipality pays a portion of the premium or charge, the corporate authorities shall provide for withholding and deducting from the compensation of those municipal employees who consent to join the plan the balance of the premium or charge for the insurance.

(b) If the corporate authorities do not provide for a plan under which the municipality pays a portion of the premium or charge for a group insurance plan, the corporate authorities may provide for withholding and deducting from the compensation of those employees who consent thereto the premium or charge for any group life, health, accident, hospital, and medical insurance.

Sec. 11-13-28. Building permit fee for veterans with a disability.

(a) A veteran with a disability or the veteran's caregiver shall not be charged any building permit fee for improvements to the residence of the veteran with a disability if the improvements are required to accommodate a disability of the veteran. Nothing in this subsection changes the obligation of any person to submit to the municipality applications, forms, or other paperwork to obtain a building permit. A veteran or caregiver must provide proof of veteran status and attest to the fact that the improvements to the residence are required to accommodate the veteran's disability. Proof of veteran status is to be construed liberally, and veteran status shall include service in the Armed Forces of the United States, National Guard, or the reserves of the Armed Forces of the United States.

(b) What constitutes proof of veteran status shall be determined by the municipality. The Illinois Department of Veterans' Affairs may not adjudicate any dispute arising under subsection ~~paragraph~~ (a).

(c) A home rule municipality may not regulate building permit fees in a manner inconsistent with this Section. This Section is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State.

Sec. 11-13-29 ~~11-13-28~~. Battery-charged fences.

(a) As used in this Section, "battery-charged fence" means a fence energized by a battery that is not more than 12 volts of direct current that interfaces with an alarm system in a manner that enables the fence to cause the connected alarm system to transmit a signal intended to notify law enforcement of a potential intrusion.

(b) Notwithstanding any other law, a municipality may not require a permit or other approval for the installation, maintenance, placement, replacement, or servicing of a battery-charged fence if (i) the battery-charged fence is located on nonresidential property completely surrounded by a nonelectric perimeter fence or wall that is not less than 5 feet in height and does not exceed 10 feet in height or 2 feet higher than the nonelectric perimeter fence or wall, whichever is higher, and (ii) any electrical charge produced on contact does not exceed energizer characteristics set for electric fences by the International Electrotechnical Commission.

(c) Any battery-charged fence installed under this Section must have conspicuous signs located on the fence placed not less than 30 feet apart that read: "WARNING: ELECTRIC FENCE".

(d) A home rule municipality may not regulate battery-charged fencing in a manner inconsistent with this

Section. This Section is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State.

(65 ILCS 5/11-19-1) (from Ch. 24, par. 11-19-1)

Sec. 11-19-1. Contracts.

(a) Any city, village, or incorporated town may make contracts with any other city, village, or incorporated town or with any person, corporation, or county, or any agency created by intergovernmental agreement, for more than one year and not exceeding 30 years relating to the collection and final disposition, or relating solely to either the collection or final disposition of garbage, refuse and ashes. A municipality may contract with private industry to operate a designated facility for the disposal, treatment, or recycling of solid waste, and may enter into contracts with private firms or local governments for the delivery of waste to such facility. In regard to a contract involving a garbage, refuse, or garbage and refuse incineration facility, the 30-year ~~30 year~~ contract limitation imposed by this Section shall be computed so that the 30 years shall not begin to run until the date on which the facility actually begins accepting garbage or refuse. The payments required in regard to any contract entered into under this Division 19 shall not be regarded as

indebtedness of the city, village, or incorporated town, as the case may be, for the purpose of any debt limitation imposed by any law. On and after January 1, 2018 (the effective date of Public Act 100-316) ~~this amendatory Act of the 100th General Assembly~~, a municipality with a population of less than 1,000,000 shall not enter into any new contracts with any other unit of local government, by intergovernmental agreement or otherwise, or with any corporation or person relating to the collecting and final disposition of general construction or demolition debris; except that this sentence does not apply to a municipality with a population of less than 1,000,000 that is a party to: (1) a contract relating to the collecting and final disposition of general construction or demolition debris on January 1, 2018 (the effective date of Public Act 100-316) ~~this amendatory Act of the 100th General Assembly~~; or (2) the renewal or extension of a contract relating to the collecting and final disposition of general construction or demolition debris irrespective of whether the contract automatically renews, is amended, or is subject to a new request for proposal after January 1, 2018 (the effective date of Public Act 100-316) ~~this amendatory Act of the 100th General Assembly~~.

(a-5) If a municipality with a population of less than 1,000,000 located in a county as defined in the Solid Waste and Recycling Program Act has never awarded a franchise to a private entity for the collection of waste from

non-residential locations, then the municipality may not award a franchise unless:

(1) the municipality provides prior written notice to all haulers licensed to provide waste hauling service in that municipality of the municipality's intent to issue a request for proposal under this Section;

(2) the municipality adopts an ordinance requiring each licensed hauler, for a period of no less than 36 continuous months commencing on the first day of the month following the effective date of such ordinance, to report every 6 months to the municipality the number of non-residential locations served by the hauler in the municipality and the number of non-residential locations contracting with the hauler for the recyclable materials collection service pursuant to Section 10 of the Solid Waste Hauling and Recycling Program Act; and

(3) the report to the municipality required under paragraph (2) of this subsection (a-5) for the final 6 months of that 36-month period establishes that less than 50% of the non-residential locations in the municipality contract for recyclable material collection services pursuant to Section 10 of the Solid Waste Hauling and Recycling Program Act.

All such reports shall be filed with the municipality by the hauler on or before the last day of the month following the end of the 6-month reporting period. Within 15 days after the

last day for licensed haulers to file such reports, the municipality shall post on its website: (i) the information provided by each hauler pursuant to paragraph (2) of this subsection (a-5), without identifying the hauler; and (ii) the aggregate number of non-residential locations served by all licensed haulers in the municipality and the aggregate number of non-residential locations contracting with all licensed haulers in the municipality for the recyclable materials collection service under Section 10 of the Solid Waste Hauling and Recycling Program Act.

(a-10) Beginning at the conclusion of the 36-month reporting period and thereafter, and upon written request of the municipality, each licensed hauler shall, for every 6-month period, report to the municipality (i) the number of non-residential locations served by the hauler in the municipality and the number of non-residential locations contracting with the hauler for the recyclable materials collection service pursuant to Section 10 of the Solid Waste Hauling and Recycling Program Act, (ii) an estimate of the quantity of recyclable materials, in tons, collected by the hauler in the municipality from non-residential locations contracting with the hauler for recyclable materials collection service pursuant to Section 10 of the Solid Waste Hauling and Recycling Program Act, and (iii) an estimate of the quantity of municipal waste, in tons, collected by the hauler in the municipality from those non-residential

locations. All reports for that 6-month period shall be filed with the municipality by the hauler on or before the last day of the month following the end of the 6-month reporting period. Within 15 days after the last day for licensed haulers to file such reports, the municipality shall post on its website: (i) the information provided by each hauler pursuant to this subsection (a-10), without identifying the hauler; and (ii) the aggregate number of non-residential locations served by all licensed haulers in the municipality and the aggregate number of non-residential locations contracting with all licensed haulers in the municipality for the recyclable materials collection service under Section 10 of the Solid Waste Hauling and Recycling Program Act.

A municipality subject to subsection (a-5) of this Section may not award a franchise unless 2 consecutive 6-month reports determine that less than 50% of the non-residential locations within the municipality contract for recyclable material collection service pursuant to Section 10 of the Solid Waste Hauling and Recycling Program Act.

(b) If a municipality with a population of less than 1,000,000 has never awarded a franchise to a private entity for the collection of waste from non-residential locations, then that municipality may not award such a franchise without issuing a request for proposal. The municipality may not issue a request for proposal without first: (i) holding at least one public hearing seeking comment on the advisability of issuing

a request for proposal and awarding a franchise; (ii) providing at least 30 days' written notice of the hearing, delivered by first class mail to all private entities that provide non-residential waste collection services within the municipality that the municipality is able to identify through its records; and (iii) providing at least 30 days' public notice of the hearing.

After issuing a request for proposal, the municipality may not award a franchise without first: (i) allowing at least 30 days for proposals to be submitted to the municipality; (ii) holding at least one public hearing after the receipt of proposals on whether to award a franchise to a proposed franchisee; and (iii) providing at least 30 days' public notice of the hearing. At the public hearing, the municipality must disclose and discuss the proposed franchise fee or calculation formula of such franchise fee that it will receive under the proposed franchise.

(b-5) If no request for proposal is issued within 120 days after the initial public hearing required in subsection (b), then the municipality must hold another hearing as outlined in subsection (b).

(b-10) If a municipality has not awarded a franchise within 210 days after the date that a request for proposal is issued pursuant to subsection (b), then the municipality must adhere to all of the requirements set forth in subsections (b) and (b-5).

(b-15) The franchise fee and any other fees, taxes, or charges imposed by the municipality in connection with a franchise for the collection of waste from non-residential locations must be used exclusively for costs associated with administering the franchise program.

(c) If a municipality with a population of less than 1,000,000 has never awarded a franchise to a private entity for the collection of waste from non-residential locations, then a private entity may not begin providing waste collection services to non-residential locations under a franchise agreement with that municipality at any time before the date that is 15 months after the date the ordinance or resolution approving the award of the franchise is adopted.

(d) For purposes of this Section, "waste" means garbage, refuse, or ashes as defined in Section 11-19-2.

(e) A home rule unit may not award a franchise to a private entity for the collection of waste in a manner contrary to the provisions of this Section. This Section is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State.

(f) A municipality with a population of less than 1,000,000 shall not award a franchise or contract to any private entity for the collection of general construction or demolition debris from residential or non-residential locations. This subsection does not apply to a municipality

with a population of less than 1,000,000 that is a party to:
(1) a franchise or contract with a private entity for the collection of general construction or demolition debris from residential or non-residential locations on January 1, 2018 ~~(the effective date of Public Act 100-316) this amendatory Act of the 100th General Assembly;~~ or (2) the renewal or extension of a franchise or contract with a private entity for the collection of general construction or demolition debris from residential or non-residential locations irrespective of whether the franchise or contract automatically renews, is amended, or is subject to a new request for proposal after January 1, 2018 ~~(the effective date of Public Act 100-316) this amendatory Act of the 100th General Assembly.~~

(65 ILCS 5/11-48.3-11) (from Ch. 24, par. 11-48.3-11)

Sec. 11-48.3-11. The Authority shall have continuing power to borrow money for the purpose of carrying out and performing its duties and exercising its powers under this Division.

For the purpose of evidencing the obligation of the Authority to repay any money borrowed as aforesaid, the Authority may, pursuant to ordinance adopted by the Board, from time to time issue and dispose of its interest bearing revenue bonds, and may also from time to time issue and dispose of its interest bearing revenue bonds to refund any bonds at maturity or pursuant to redemption provisions or at any time

before maturity with the consent of the holders thereof. All such bonds shall be payable solely from the revenues or income to be derived from the exhibitions, rentals, and leases and other authorized activities operated by it, and from funds, if any, received and to be received by the Authority from any other source. Such bonds may bear such date or dates, may mature at such time or times not exceeding 40 years from their respective dates, may bear interest at such rate or rates, not exceeding the maximum rate permitted by the Bond Authorization Act ~~"An Act to authorize public corporations to issue bonds, other evidences of indebtedness and tax anticipation warrants subject to interest rate limitations set forth therein", approved May 26, 1970, as now or hereafter amended~~, may be in such form, may carry such registration privileges, may be executed in such manner, may be payable at such place or places, may be made subject to redemption in such manner and upon such terms, with or without premium as is stated on the face thereof, may be executed in such manner and may contain such terms and covenants, all as may be provided in the ordinance. In case any officer whose signature appears on any bond ceases (after attaching his or her signature) to hold office, his or her signature shall nevertheless be valid and effective for all purposes. The holder or holders of any bonds or interest coupons appertaining thereto issued by the Authority may bring mandamus, injunction, civil actions, and proceedings to compel the performance and observance by the

Authority or any of its officers, agents, or employees of any contract or covenant made by the Authority with the holders of such bonds or interest coupons and to compel the Authority and any of its officers, agents, or employees to perform any duties required to be performed for the benefit of the holders of any such bonds or interest coupons by the provisions of the ordinance authorizing their issuance, or to enjoin the Authority and any of its officers, agents, or employees from taking any action in conflict with any such contract or covenant.

Notwithstanding the form and tenor of any such bonds and in the absence of any express recital on the face thereof that it is non-negotiable, all such bonds shall be negotiable instruments under the Uniform Commercial Code.

From and after the issuance of any bonds as herein provided, it shall be the duty of the corporate authorities of the Authority to fix and establish rates, charges, rents, and fees for the use of facilities acquired, constructed, reconstructed, extended, or improved with the proceeds of the sale of said bonds sufficient at all times, with other revenues of the Authority, to pay:

(a) The cost of maintaining, repairing, regulating, and operating the said facilities; and

(b) The bonds and interest thereon as they shall become due, and all sinking fund requirements and other requirements provided by the ordinance authorizing the

issuance of the bonds or as provided by any trust agreement executed to secure payment thereof.

To secure the payment of any or all of such bonds and for the purpose of setting forth the covenants and undertakings of the Authority in connection with the issuance thereof and the issuance of any additional bonds payable from such revenue income to be derived from the exhibitions, office rentals, air space leases and rentals, and other revenue, if any, the Authority may execute and deliver a trust agreement or agreements; provided that no lien upon any physical property of the Authority shall be created thereby.

A remedy for any breach or default of the terms of any such trust agreement by the Authority may be by mandamus, injunction, civil action, and proceedings in any court of competent jurisdiction to compel performance and compliance therewith, but the trust agreement may prescribe by whom or on whose behalf such action may be instituted.

Before any such bonds (excepting refunding bonds) are sold, the entire authorized issue, or any part thereof, shall be offered for sale as a unit after advertising for bids at least 3 times in a daily newspaper of general circulation published in the metropolitan area, the last publication to be at least 10 days before bids are required to be filed. Copies of such advertisement may be published in any newspaper or financial publication in the United States. All bids shall be sealed, filed, and opened as provided by ordinance and the

bonds shall be awarded to the highest and best bidder or bidders therefor. The Authority shall have the right to reject all bids and readvertise for bids in the manner provided for in the initial advertisement. If no bids are received, however, such bonds may be sold at not less than par value, without further advertising, within 60 days after the bids are required to be filed pursuant to any advertisement.

Sec. 11-61-3. The corporate authorities of each municipality having a population of less than 1,000,000 inhabitants shall have the express power to purchase or lease either real estate or personal property for public purposes through contracts which provide for the consideration for such purchase or lease to be paid through installments to be made at stated intervals during a certain period of time, but, in no case, shall such contracts provide for the consideration to be paid during a period of time in excess of 20 years nor shall such contracts provide for the payment of interest at a rate of more than that permitted in the Bond Authorization Act ~~"An Act to authorize public corporations to issue bonds, other evidences of indebtedness and tax anticipation warrants subject to interest rate limitations set forth therein", approved May 26, 1970, as amended.~~ The indebtedness incurred under this Section when aggregated with existing indebtedness

(65 ILCS 5/11-135-1) (from Ch. 24, par. 11-135-1)

Sec. 11-135-1. Any 2 or more municipalities, except cities of 500,000 or more inhabitants, may acquire either by purchase or construction a waterworks system or a common source of supply of water, or both, and may operate jointly a waterworks system or a common source of supply of water, or both, and improve and extend the same, as provided in this Division 135. The corporate authorities of the specified municipalities desiring to avail themselves of the provisions of this Division 135 shall adopt a resolution or ordinance determining and electing to acquire and operate jointly a waterworks system or a common source of supply of water, or both, as the case may be. Such resolution or ordinance may be rescinded at any time prior to the issuance and sale of revenue bonds and after the rescinding municipality has no outstanding obligation to pay a proportionate share of the costs of development, construction, or operation.

Any municipality adopting a resolution or ordinance to acquire and operate jointly a waterworks system or a common source of supply of water, or both, as the case may be, under

the provisions of this Division 135, is authorized from time to time to pay, to advance, or to obligate itself to the Commission, to bear a proportionate share of the development costs of any project proposed by the Commission, including plans, feasibility reports, and engineering, even though the project is never constructed or water is never supplied by the Commission to such municipality.

Whenever any municipality determines to pay, to advance, or to obligate itself for its proportionate share of development costs as above provided, it shall adopt an ordinance declaring its intention to do so, fix the maximum amount of its share of the cost it proposes to pay, to advance, or to obligate itself for, and the period over which it proposes to pay its obligation (not exceeding 5 years) and the maximum amount to be paid annually, if such obligation is to be paid in installments. The time of payment of any such installment obligation may be extended for a period of not exceeding five years from the final maturity date of the original obligation.

From and after such ordinance becomes effective, it shall be the duty of the municipality to include an amount sufficient to pay the annual installments of its obligation each year in the next succeeding appropriation ordinances. No prior appropriation shall be required for a municipality to authorize the payments, advances, or obligations herein provided for.

Whenever any municipality has obligated itself for development costs as herein provided and after the effective date of the ordinance under which it obligated itself for a specific amount for development costs of a project and after approval of such obligation by the Commission, the Commission is authorized to borrow funds temporarily for payment of such development costs in advance of permanent financing. The Commission may from time to time and pursuant to an appropriate resolution borrow money and issue its interim notes to evidence borrowings for such purpose, including all necessary and incidental expenses in connection therewith.

Any resolution authorizing the issuance of such notes shall describe the project and the development costs to be undertaken, specify the principal amount, rate of interest as authorized under Section 2 of the Bond Authorization Act ~~"An Act to authorize public corporations to issue bonds, other evidences of indebtedness and tax anticipation warrants subject to interest rate limitations set forth therein", approved May 26, 1970, as now or hereafter amended,~~ and the maturity date which shall coincide with the due date of the obligations or the installments thereof incurred by the respective municipalities pursuant to this Section not, however, to exceed 5 years from date.

Contemporaneously with the issuance as provided by this Division of revenue bonds, all outstanding interim notes issued for development costs of a project though they have not

then matured shall be paid, both principal and interest to date of payment, from funds derived from the sale of revenue bonds for the permanent financing of any such project for which interim notes may have been issued and such interim notes shall be surrendered and cancelled.

Any municipality adopting a resolution or ordinance to acquire and operate jointly a waterworks system or a common source of supply of water, or both, as the case may be, under the provisions of this Division 135 is further authorized from time to time, to pay, to advance, or to obligate itself to the Commission to bear ~~7~~ a proportionate share of the construction and operating costs of any project proposed by the Commission.

Whenever a municipality determines to pay, to advance, or to obligate itself for its proportionate share of construction or operating costs as above provided, it shall adopt an ordinance declaring its intention to do so, fix the maximum amount of its share of the cost it proposes to pay, to advance, or to obligate itself for, and the period over which it proposes to pay its obligation and the maximum amount to be paid annually, if such obligation is to be paid in installments. From and after such ordinance becomes effective, it shall be the duty of the municipality to include an amount sufficient to pay the annual installments of its obligation each year in the next succeeding appropriation ordinances. No prior appropriation shall be required for a municipality to authorize the payments, advances, or obligations herein

provided for.

Whenever any municipality has paid, advanced, or obligated itself for development, construction, or operating costs as herein provided, the Commission is authorized to contract with such municipality, on such terms as may be agreed, for the repayment to such municipality by the Commission of any payment or advance made by such municipality to the Commission to charge, in addition to all other charges and rates authorized under the provisions of this Division, such rates and charges for water sold by the Commission as shall be necessary to provide for such repayment. In addition, any payment or advance of such costs made by a municipality pursuant to this Section may be repaid by the Commission to the municipality from the proceeds of revenue bonds authorized to be issued by the Commission pursuant to this Division 135.

(65 ILCS 5/11-135-4) (from Ch. 24, par. 11-135-4)

Sec. 11-135-4. A commission may from time to time issue its revenue bonds in such principal amounts as the commission shall deem necessary to provide sufficient funds to carry out any of its corporate purposes and powers, including, without limitation, developing, acquiring, constructing, extending, or improving a waterworks system or common source of supply of water, or any combination thereof, the funding or refunding of the principal of, redemption premium, if any, and interest on,

any bonds issued by it whether or not such bonds or interest to be funded or refunded have or have not become due, the payment of engineering, legal, and other expenses, together with interest to a date one year subsequent to the estimated date of completion of the project, the establishment or increase of reserves to secure or to pay such bonds and interest thereon, the providing of working capital, and the payment of all other costs or expenses of the commission incident to and necessary or convenient to carry out its corporate purposes and powers. These bonds shall have all the qualities of negotiable instruments under the laws of this State and shall not constitute indebtedness of any of the municipalities constituting the commission.

Every issue of bonds of such commission shall be payable out of the revenues to be derived pursuant to contracts with the specified municipalities and participating water commissions or by virtue of the operation of any properties acquired or to be acquired or constructed. A commission may issue such types of bonds as it may determine, including bonds as to which the principal and interest are payable exclusively from the revenues from one or more projects, or from an interest therein or a right to the products and services thereof, or from one or more revenue producing contracts made by the commission, or its revenues generally. Any such bonds may be additionally secured by a pledge of any grant, subsidy, or contribution from the United States, the State of Illinois,

or any unit of local government, or any combination thereof.

Before the treasurer of the commission is entitled to receive the proceeds of the sale of such a bond issue, he shall supply a corporate surety bond in an amount equivalent to the amount of funds to be derived from the sale of the bonds, and, in addition thereto, he shall supply a separate corporate surety bond for the faithful accounting of any funds that may come into his possession in an amount equal to the amount of funds likely to come into his hands in any one year from the revenue to be derived from the operation of any of the properties of the commission. The cost of these surety bonds shall be paid by the commission.

The revenue bonds shall be issued pursuant to an ordinance or resolution, ~~and~~ may be issued in one or more series, and shall bear such date or dates, mature at such time or times within the estimated period of usefulness of the project involved and in any event not more than 50 years from the date thereof, bear interest at such rate or rates as authorized under Section 2 of the Bond Authorization Act ~~"An Act to authorize public corporations to issue bonds, other evidences of indebtedness and tax anticipation warrants subject to interest rate limitations set forth therein", approved May 26, 1970, as now or hereafter amended~~, which rates may be fixed or variable, be in such denominations, be in such form, either coupon or registered, carry such conversion, registration, and exchange privileges, have such rank or priority, be executed

in such manner, be payable in such medium of payment at such place or places within or without the State of Illinois, be subject to such terms of redemption with or without premium, and contain or be subject to such other terms as the ordinance or resolution may provide, and shall not be restricted by the provisions of any other law limiting the amounts, maturities, interest rates, or other terms of obligations of public agencies or private persons. The bonds shall be sold in such manner as the commission shall determine, at private or public sale. It shall not be necessary that the ordinance or resolution refer to plans and specifications nor that there be on file for public inspection prior to the adoption of such ordinance detailed plans and specifications of the project. This ordinance or resolution may contain such covenants and restrictions in relation to the operation of the properties under the control of the commission and the issuance of additional revenue bonds thereafter as may be deemed necessary or advisable for the assurance of payment of the bonds thereby authorized and as may be thereafter issued. It shall be plainly stated on the face of each bond that it does not constitute an indebtedness of any municipality represented by the commission within the meaning of any statutory or constitutional limitation. Upon the issuance of revenue bonds, the revenue of the commission derived pursuant to contracts entered into for the sale of water to the specified municipalities and from the operation of its properties, shall

be accounted for as provided in the ordinance or resolution authorizing the issuance of the bonds. Sec. 15.2. An Airport Authority may construct office, aircraft hangar and service buildings and appurtenant facilities upon a public airport owned and operated by the authority for the use and occupancy of the State Department of

Transportation under a lease to the State of Illinois for such purpose. The rents and charges payable thereunder shall be not greater than the total costs to the authority of constructing and maintaining said airport improvements and of funding such costs under the provisions of Sections 8.03, 8.04, 8.08, 15, 15.1, ~~and 15.1, as amended,~~ of this Act as hereinafter provided. The rentals payable to the authority under such lease, together with such non-tax revenues as are available to the authority, shall also be adequate in amount for the authority to establish and maintain a bond reserve account. Such lease shall not be effective for a longer term than is reasonably required to enable such funding to occur, and in no event shall the term thereof exceed 30 ~~thirty~~ years. Such airport improvements shall be constructed upon plans and specifications approved by the Department of Transportation. The lease of said improvements and the site thereof to the State of Illinois shall be executed by the Department of Central Management Services for the use of the Department of Transportation. Section 395. The Metropolitan Pier and Exposition Authority Act is amended by changing Section 23.1 as follows:

(70 ILCS 210/23.1) (from Ch. 85, par. 1243.1)

Sec. 23.1. Affirmative action.

(a) The Authority shall, within 90 days after the effective date of this amendatory Act of 1984, establish and maintain an affirmative action program designed to promote equal employment opportunity and eliminate the effects of past discrimination. Such program shall include a plan, including timetables where appropriate, which shall specify goals and methods for increasing participation by women and minorities in employment, ~~including employment related to the planning, organization, and staging of the games,~~ by the Authority and by parties which contract with the Authority. The Authority shall submit a detailed plan with the General Assembly prior to September 1 of each year. Such program shall also establish procedures and sanctions, which the Authority shall enforce to ensure compliance with the plan established pursuant to this Section and with State and federal laws and regulations relating to the employment of women and minorities. A determination by the Authority as to whether a party to a contract with the Authority has achieved the goals or employed the methods for increasing participation by women and minorities shall be determined in accordance with the terms of such contracts or the applicable provisions of rules and regulations of the Authority existing at the time such contract was executed, including any provisions for

consideration of good faith efforts at compliance which the Authority may reasonably adopt.

(b) The Authority shall adopt and maintain minority-owned and women-owned business enterprise procurement programs under the affirmative action program described in subsection (a) for any and all work, ~~including all contracting related to the planning, organization, and staging of the games,~~ undertaken by the Authority. That work shall include, but is not limited to, the purchase of professional services, construction services, supplies, materials, and equipment. The programs shall establish goals of awarding not less than 25% of the annual dollar value of all contracts, purchase orders, or other agreements (collectively referred to as "contracts") to minority-owned businesses and 5% of the annual dollar value of all contracts to women-owned businesses. Without limiting the generality of the foregoing, the programs shall require in connection with the prequalification or consideration of vendors for professional service contracts, construction contracts, and contracts for supplies, materials, equipment, and services that each proposer or bidder submit as part of his or her proposal or bid a commitment detailing how he or she will expend 25% or more of the dollar value of his or her contracts with one or more minority-owned businesses and 5% or more of the dollar value with one or more women-owned businesses. Bids or proposals that do not include such detailed commitments are not responsive and shall be rejected

unless the Authority deems it appropriate to grant a waiver of these requirements. In addition the Authority may, in connection with the selection of providers of professional services, reserve the right to select a minority-owned or women-owned business or businesses to fulfill the commitment to minority and woman business participation. The commitment to minority and woman business participation may be met by the contractor or professional service provider's status as a minority-owned or women-owned business, by joint venture or by subcontracting a portion of the work with or purchasing materials for the work from one or more such businesses, or by any combination thereof. Each contract shall require the contractor or provider to submit a certified monthly report detailing the status of that contractor or provider's compliance with the Authority's minority-owned and women-owned business enterprise procurement program. The Authority, after reviewing the monthly reports of the contractors and providers, shall compile a comprehensive report regarding compliance with this procurement program and file it quarterly with the General Assembly. If, in connection with a particular contract, the Authority determines that it is impracticable or excessively costly to obtain minority-owned or women-owned businesses to perform sufficient work to fulfill the commitment required by this subsection, the Authority shall reduce or waive the commitment in the contract, as may be appropriate. The Authority shall establish rules and

regulations setting forth the standards to be used in determining whether or not a reduction or waiver is appropriate. The terms "minority-owned business" and "women-owned business" have the meanings given to those terms in the Business Enterprise for Minorities, Women, and Persons with Disabilities Act.

(c) The Authority shall adopt and maintain an affirmative action program in connection with the hiring of minorities and women on the Expansion Project and on any and all construction projects, ~~including all contracting related to the planning, organization, and staging of the games,~~ undertaken by the Authority. The program shall be designed to promote equal employment opportunity and shall specify the goals and methods for increasing the participation of minorities and women in a representative mix of job classifications required to perform the respective contracts awarded by the Authority.

(d) In connection with the Expansion Project, the Authority shall incorporate the following elements into its minority-owned and women-owned business procurement programs to the extent feasible: (1) a major contractors program that permits minority-owned businesses and women-owned businesses to bear significant responsibility and risk for a portion of the project; (2) a mentor/protege program that provides financial, technical, managerial, equipment, and personnel support to minority-owned businesses and women-owned businesses; (3) an emerging firms program that includes

minority-owned businesses and women-owned businesses that would not otherwise qualify for the project due to inexperience or limited resources; (4) a small projects program that includes participation by smaller minority-owned businesses and women-owned businesses on jobs where the total dollar value is \$5,000,000 or less; and (5) a set-aside program that will identify contracts requiring the expenditure of funds less than \$50,000 for bids to be submitted solely by minority-owned businesses and women-owned businesses.

(e) The Authority is authorized to enter into agreements with contractors' associations, labor unions, and the contractors working on the Expansion Project to establish an Apprenticeship Preparedness Training Program to provide for an increase in the number of minority and women journeymen and apprentices in the building trades and to enter into agreements with Community College District 508 to provide readiness training. The Authority is further authorized to enter into contracts with public and private educational institutions and persons in the hospitality industry to provide training for employment in the hospitality industry.

(f) McCormick Place Advisory Board. There is created a McCormick Place Advisory Board composed as follows: 2 members shall be appointed by the Mayor of Chicago; 2 members shall be appointed by the Governor; 2 members shall be State Senators appointed by the President of the Senate; 2 members shall be State Senators appointed by the Minority Leader of the Senate;

The terms of all previously appointed members of the Advisory Board expire on the effective date of this amendatory Act of the 92nd General Assembly. A State Senator or State Representative member may appoint a designee to serve on the McCormick Place Advisory Board in his or her absence.

A "member of a minority group" shall mean a person who is a citizen or lawful permanent resident of the United States and who is any of the following:

(5) Native Hawaiian or Other Pacific Islander (a person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands).

Members of the McCormick Place Advisory Board shall serve 2-year terms and until their successors are appointed, except members who serve as a result of their elected position whose terms shall continue as long as they hold their designated elected positions. Vacancies shall be filled by appointment for the unexpired term in the same manner as original appointments are made. The McCormick Place Advisory Board shall elect its own chairperson.

Members of the McCormick Place Advisory Board shall serve without compensation but, at the Authority's discretion, shall be reimbursed for necessary expenses in connection with the performance of their duties.

The McCormick Place Advisory Board shall meet quarterly, or as needed, shall produce any reports it deems necessary, and shall:

(g) (Blank). ~~The Authority shall comply with subsection (e) of Section 5-42 of the Olympic Games and Paralympic Games (2016) Law. For purposes of this Section, the term "games" has the meaning set forth in the Olympic Games and Paralympic Games (2016) Law.~~

Any bond issuances under this subsection are intended to decrease the unfunded liability of the pension fund and shall not decrease the amount of the employer contributions required in any given year under Section 12-149 of the Illinois Pension Code.

The bonds authorized under this Section shall be of such denomination or denominations, may be registerable as to principal only, and shall mature serially within a period of not to exceed 20 years or, for bonds issued after July 24, 2003 (the effective date of Public Act 93-338) ~~this amendatory Act of the 93rd General Assembly~~, within a period of not to exceed 30 years, may be redeemable prior to maturity with or without premium at the option of the commissioners on such terms and conditions as the commissioners of the Chicago Park District shall fix by the ordinance authorizing the issuance of such bonds. The interest on any unexpended proceeds of bonds issued under this Section shall be credited to the Chicago Park District and shall be paid into the District's general corporate fund. The Chicago Park District may transfer such amount of interest from the general corporate fund to the aquarium and museum bond fund.

The amount of the outstanding bonded indebtedness of the Chicago Park District issued under this Section shall not be included in the bonded indebtedness of the District in determining whether or not the District has exceeded its limitation of $\frac{1}{2}$ of 1% of the assessed valuation of all taxable property in the District as last equalized and determined by the Department of Revenue for the issuance of any bonds authorized under the provisions of Section 20 of this Act without submitting the question to the legal voters for approval.

Section 490. The Chicago Park District Working Cash Fund

Act is amended by changing Sections 2 and 4 as follows:

(70 ILCS 1510/2) (from Ch. 105, par. 333.25)

Sec. 2. For the purpose of creating such working cash fund the commissioners of the Chicago Park District, without the submission thereof to the voters for approval, may incur an indebtedness and issue bonds therefor in an amount not to exceed \$40,000,000 in addition to bonds in the amount of \$25,000,000 heretofore authorized, and in addition to bonds in the amounts of \$5,000,000 and \$7,000,000 heretofore authorized, and issued for that purpose. Bonds in the amount of not to exceed \$40,000,000 may be sold in any one year and if such maximum amount shall not be so sold in the first year the balance thereof may be sold in any year thereafter at the discretion of the commissioners.

Such bonds shall be authorized by ordinance and shall be of the form and denomination, payable at the place and bear such date as may be determined by the commissioners and shall mature within not to exceed 20 years from their date or, for bonds issued after July 24, 2003 (the effective date of Public Act 93-338) ~~this amendatory Act of the 93rd General Assembly~~, within not to exceed 30 years from their date, but may be made callable on any interest payment date at the price of par and accrued interest after notice shall be given by publication or otherwise and at the time or times and in the manner as may be provided in the bond ordinance.

Such bonds may be registered as to principal and shall bear interest at the rate of not more than that permitted in the Bond Authorization Act ~~"An Act to authorize public corporations to issue bonds, other evidences of indebtedness and tax anticipation warrants subject to interest rate limitations set forth therein", approved May 26, 1970, as now or hereafter amended~~, such interest to be payable at such time and place and in such manner as may be provided in the bond ordinance.

The bonds may be signed by the facsimile signature of the President with like effect as if signed with his genuine signature and shall be signed by such other officers of the Chicago Park District as may be designated in the bond ordinance.

The validity of any bond shall remain unimpaired although one or more of the officers executing same shall have ceased to be such officer or officers before delivery thereof.

Such bonds may be sold for such price and after such advertising as shall be approved and directed by the commissioners.

Money received from the proceeds of taxes levied for payment of principal of and interest upon such bonds shall be deposited in a special fund of such municipality and designated as "Bond and Interest Sinking Fund Account of the Chicago Park District." Said fund shall be faithfully applied to the payment of the bonds and interest thereon for which such

taxes were levied.

If such money is not immediately necessary for the payment of said bonds or if the bonds cannot be purchased before maturity then said money may be invested under the direction of the commissioners in bonds or other interest bearing obligations of the United States or bonds of the State of Illinois.

The maturity date of the invested securities shall be prior to the due date of the bonds for the payment of which said money was collected. Such securities may be sold when ordered by the commissioners if necessary to obtain money to meet bond and interest payments.

Prior to the maturity of the bonds, after setting aside a sum of money equal to the amount of interest that will accrue thereon within the next 6 months period from the time it is proposed to purchase and/or redeem any such bonds, or the commissioners may require that said sum of money be equal to the amount of interest that will so accrue within the next 12 months period, the treasurer of the park district shall use the money available from the proceeds of taxes levied for the payment of the bonds first, in the purchase of such bonds at the lowest price obtainable, but not to exceed their par value and accrued interest, after sealed tenders for such purchase shall have been advertised for as may be directed by the commissioners and thereafter such money shall be used by said official in calling said bonds for payment according to their

terms of redemption.

Bonds called for payment and paid or purchased shall be marked paid and cancelled.

Whenever any bonds are so purchased and/or redeemed and cancelled, the taxes thereafter to be extended for payment of interest shall be reduced in the amount of interest that would have thereafter accrued upon such bonds so cancelled, and a resolution shall be adopted by the commissioners finding such facts and a certified copy thereof shall be filed in the office of the county clerk whereupon it shall be the duty of such official to reduce and extend such taxes in accordance therewith.

The ordinance authorizing said bonds shall prescribe all details thereof and shall provide for the levy and collection of a direct annual tax upon all the taxable property within said Chicago Park District sufficient to pay the interest upon and the principal of said bonds as the same become due, which tax shall be in addition to and exclusive of the maximum of all other taxes authorized to be levied by said park district.

A copy of the bond ordinance duly certified shall be filed in the office of the County Clerk of Cook County and shall constitute authority for the extension and collection of such bond and interest taxes as required by the constitution.

(Source: P.A. 93-338, eff. 7-24-03; revised 7-25-24.)

Sec. 4. Money shall be transferred from said working cash fund to the general corporate fund only upon the authority of the commissioners who shall from time to time by separate resolution direct the treasurer to make transfers of such sums as may be required for the purposes herein authorized. Every resolution shall set forth:

(a) The taxes in anticipation of the collection of which such transfer is to be made and from which such working cash fund is to be reimbursed;

(b) The entire amount of taxes extended or which such commissioners estimate will be extended or received for any year, in anticipation of the collection of all or part of which, such transfer is to be made;

(c) The aggregate amount of warrants theretofore issued in anticipation of the collection of such taxes under the provisions of the Warrants and Jurors Certificates Act ~~"An Act to provide for the manner of issuing warrants upon the treasurer of the state or of any county, township, city, village or other municipal corporation and jurors' certificates," approved June 27, 1913, as amended,~~ together with the amount of interest accrued and/or which such commissioners estimate will accrue thereon.

(d) The aggregate amount of moneys theretofore transferred from the working cash fund to the general corporate fund in anticipation of the collection of such taxes.

(e) The aggregate amount of receipts from taxes imposed to

replace revenue lost by units of local government and school districts as a result of the abolition of ad valorem personal property taxes, pursuant to Article IX, Section 5(c) of the Constitution of the State of Illinois, which the corporate authorities estimate will be set aside for the payment of the proportionate amount of debt service and pension or retirement obligations, as required by Section 12 of the State Revenue Sharing Act ~~"An Act in relation to State Revenue Sharing with local government entities", approved July 31, 1969, as amended.~~

The amount which any such resolution shall direct the treasurer so to transfer, in anticipation of the collection of taxes levied or to be received for any year, together with the aggregate amount of such tax anticipation warrants theretofore issued against such taxes and the amount of the interest accrued and/or estimated to accrue on such warrants, the amount estimated to be required to satisfy debt service and pension or retirement obligations, as set forth in Section 12 of the State Revenue Sharing Act ~~"An Act in relation to State revenue sharing with local government entities", approved July 31, 1969, as amended,~~ and the aggregate amount of such transfers theretofore made in anticipation of the collection of such taxes, shall not exceed ninety per cent of the actual estimated amount of said taxes extended and to be extended or to be received as set forth in said resolution.

To the extent that at any time moneys are available in the

working cash fund they shall be transferred to the general corporate fund and disbursed for the payment of salaries and other corporate expenses so as to avoid whenever possible, the issuance of tax anticipation warrants.

If a vacancy exists after the 2021 election on the board of trustees of the Fox Metro Water Reclamation District, the vacancy shall be filled by appointment by the president of the board of trustees, with the advice and consent of the members of the board of trustees, until the next regular election at which trustees of the district are elected, and shall be made a matter of record in the office of the county clerk in the county where the district is located; for a vacancy filled by appointment, the portion of the unexpired term remaining after the next regular election at which trustees of the district are elected shall be filled by election, as provided for in this paragraph.

Within 60 days after the release of Federal census statistics showing that a sanitary district having a 3-member ~~3-member~~ board of trustees contains one or more municipalities with a population over 90,000 but less than 500,000, or, for the Northern Moraine Wastewater Reclamation District, within 60 days after September 11, 2007 (the effective date of Public

Act 95-608) ~~this amendatory Act of the 95th General Assembly,~~
the appropriate appointing authority shall appoint 2 additional trustees to the board of trustees, one to hold office for 2 years and one to hold office for 3 years from the first Monday of May next after their appointment and until their successors are appointed and have qualified. The lengths of the terms of these two additional members shall be determined by lot at the first meeting of the board of trustees held after the additional members take office. The three trustees already holding office in the sanitary district shall continue to hold office for the remainders of their respective terms. Thereafter, on or before the second Monday in April of each year the appropriate appointing authority shall appoint one trustee or 2 trustees, as shall be necessary to maintain a 5-member ~~5-member~~ board of trustees, whose terms shall be for 3 years commencing the first Monday in May of the year in which they are respectively appointed.

If any sanitary district having a 5-member ~~5-member~~ board of trustees shall cease to contain one or more municipalities with a population over 90,000 but less than 500,000 according to the most recent Federal census, then, for so long as that sanitary district does not contain one or more such municipalities, on or before the second Monday in April of each year the appropriate appointing authority shall appoint one trustee whose term shall be for 3 years commencing the first Monday in May of the year in which he is appointed. In

districts which include 2 or more incorporated cities, towns, or villages, or parts of 2 or more incorporated cities, towns, or villages, all of the trustees shall not be from one incorporated city, town or village.

If a vacancy occurs on any board of trustees, the appropriate appointing authority shall within 60 days appoint a trustee who shall hold office for the remainder of the vacated term.

The appointing authority shall require each of the trustees to enter into bond, with security to be approved by the appointing authority, in such sum as the appointing authority may determine.

A majority of the board of trustees shall constitute a quorum but a smaller number may adjourn from day to day. No trustee or employee of such district shall be directly or indirectly interested in any contract, work or business of the district, or the sale of any article, the expense, price, or consideration of which is paid by such district; nor in the purchase of any real estate or property belonging to the district, or which shall be sold for taxes or assessments, or by virtue of legal process at the suit of the district. Provided, that nothing herein shall be construed as prohibiting the appointment or selection of any person as trustee or employee whose only interest in the district is as owner of real estate in the district or of contributing to the payment of taxes levied by the district. The trustees shall

have the power to provide and adopt a corporate seal for the district.

Notwithstanding any other provision in this Section, in any sanitary district created prior to November 22, 1985 (the effective date of Public Act 84-1033) ~~this amendatory Act of 1985,~~ in which a 5-member ~~five member~~ board of trustees has been appointed and which currently includes one or more municipalities with a population of over 90,000 but less than 500,000, the board of trustees shall consist of five members.

Except as otherwise provided for vacancies, in the event that the appropriate appointing authority fails to appoint a trustee under this Section, the appropriate appointing authority shall reconvene and appoint a successor on or before July 1 of that year.

Section 570. The Metropolitan Water Reclamation District Act is amended by changing Sections 9b, 9d, 9.6, and 10.1 as follows:

(70 ILCS 2605/9b) (from Ch. 42, par. 328b)

Sec. 9b. From and after April 1, 1958, the corporate authorities of any such sanitary district may by ordinance, establish a fund to be known as a "corporate working cash fund" which shall be maintained and administered in the manner provided by this Act for the purpose of enabling said corporate authorities to have in the treasury at all times sufficient money to meet demands thereon for ordinary and

necessary expenditures for corporate purposes.

The corporate authorities may incur an indebtedness and issue bonds therefor in an amount, when added to (a) proceeds from the sale of bonds previously issued to create or increase the working cash fund (b) any amounts collected from the corporate working cash levy and (c) amounts transferred from the construction working cash fund, will not exceed 90% of the amount produced by multiplying the maximum corporate tax rate permitted under this Act by the last known equalized assessed valuation of all property within the territorial boundaries of the sanitary district at the time any bonds are issued plus 90% of the last known entitlement of such district to such taxes as by law now or hereafter enacted or amended, imposed by the General Assembly of the State of Illinois to replace revenue lost by units of local government and school districts as a result of the abolition of ad valorem personal property taxes, pursuant to Article IX, Section 5(c) of the Constitution of the State of Illinois. The bonds shall mature within 20 years from the date of issuance and shall bear interest at a rate or rates not exceeding that permitted by the Bond Authorization Act ~~"An Act to authorize public corporations to issue bonds, other evidences of indebtedness and tax anticipation warrants subject to interest rate limitations set forth therein", approved May 26, 1970, as amended.~~

In order to authorize and issue such bonds, the corporate authorities shall adopt an ordinance designating the purpose

and fixing the date and the amount of the bonds proposed to be issued, the maturity thereof, the rate of interest thereon, place of payment and denomination, and provide for the levy and collection of a direct annual tax upon all the taxable property of the sanitary district sufficient to pay and discharge the principal thereof at maturity, and to pay the interest thereon as it falls due. Upon the filing in the office of the county clerk of the county where the sanitary district is located of a certified copy of any such ordinance, the county clerk shall extend the tax therein provided for.

Said bonds may be issued by the corporate authorities without submitting the question of issuance to the legal voters of such sanitary district for approval.

Before or at the time of issuing said corporate working cash fund bonds the corporate authorities shall, by ordinance provide for the collection of a direct annual tax upon all the taxable property of the sanitary district sufficient to pay and discharge the principal thereof at maturity, and to pay the interest thereon as it falls due. Upon the filing in the office of the county clerk of the county where the sanitary district is located of a certified copy of any such ordinance, the county clerk shall extend the tax therein provided for.

All moneys derived from the issuance of said corporate working cash fund bonds pursuant to this Amendatory Act of 1957, when received by the treasurer of the district, shall be set apart in the corporate working cash fund. The moneys in

such fund shall not be regarded as current assets available for appropriation and shall not be appropriated by the corporate authorities in the annual sanitary district budget, but in order to provide moneys with which to meet ordinary and necessary disbursements for salaries and other corporate purposes may be transferred, in whole or in part, to the corporate fund of the sanitary district and so disbursed therefrom in anticipation of the collection of any taxes lawfully levied for corporate purposes or in the anticipation of the receipt of such taxes, as by law now or hereafter enacted or amended, imposed by the General Assembly of the State of Illinois to replace revenue lost by units of local government and school districts as a result of the abolition of ad valorem personal property taxes, pursuant to Article IX, Section 5(c) of the Constitution of the State of Illinois. Moneys transferred to the corporate fund in anticipation of the collection of taxes shall be deemed to have been transferred in anticipation of the collection of that part of the taxes so levied which is in excess of the amount or amounts thereof required to pay any warrants or notes, and the interest thereon theretofore or thereafter issued, and such taxes levied for corporate purposes when collected shall be applied first to the payment of any such warrants or notes and the interest thereon and then to the reimbursement of the corporate working cash fund as hereinafter provided. Upon the receipt by the treasurer of the sanitary district of any taxes

in anticipation of the collection or receipt whereof moneys of the corporate working cash fund have been so transferred for disbursement, such fund shall immediately be reimbursed therefrom until the full amount so transferred has been retransferred to said fund. If the taxes in anticipation of the collection of which such transfers are made are not collected in sufficient amounts to effect a complete reimbursement of the working cash fund within the second budget year following the year in which said transfer was made, of the amounts transferred from the corporate working cash fund to the corporate fund, the deficiencies between the amounts thus transferred and the amounts repaid from collection shall be general obligations of the corporate fund until repaid either from taxes in anticipation of which transfers were made or from appropriations which may be made in the annual sanitary district budgets of sums of money to apply on such general obligations or until repaid from both the taxes in anticipation of which such transfers were made and from appropriations which may be made in the annual sanitary district budgets of sums of money to apply on such general obligations.

Moneys shall be transferred from the corporate working cash fund to the corporate fund only upon the authority of the corporate authorities, which shall by resolution direct the treasurer of the sanitary district to make such transfers. The resolution shall set forth (a) the taxes or funds in

anticipation of the collection or receipt of which the corporate working cash fund is to be reimbursed, (b) for a transfer in anticipation of the extension of real estate taxes, the entire amount of taxes extended, or which the board shall estimate will be extended, for any year by the county clerk upon the books of the collectors of State ~~state~~ and county taxes within the sanitary district in anticipation of all or part of which such transfer is to be made, (c) for a transfer in anticipation of such taxes, hereinabove referred to, to replace revenue lost by units of local government and school districts as a result of the abolition of ad valorem personal property taxes, the amount of such taxes which the board shall estimate will be received, (d) the aggregate amount of warrants or notes theretofore issued in anticipation of the collection of such taxes, (e) the aggregate amount of receipts from taxes imposed to replace revenue lost by units of local government and school districts as a result of the abolition of ad valorem personal property taxes, pursuant to Article IX, Section 5(c) of the Constitution of the State of Illinois, which the corporate authorities estimate will be set aside for the payment of the proportionate amount of debt service and pension or retirement obligations, as required by Section 12 of the State Revenue Sharing Act ~~"An Act in relation to State Revenue Sharing with local government entities", approved July 31, 1969, as amended~~, and (f) the aggregate amount of moneys theretofore transferred from the corporate

working cash fund to the corporate fund in anticipation of the collection of such taxes. The amount which the resolution shall direct the treasurer of the sanitary district so to transfer in anticipation of the collection of taxes levied or to be received for any year, together with the aggregate amount of such anticipation tax warrants or notes theretofore drawn against such taxes, the amount estimated to be required to satisfy debt service and pension or retirement obligations, as set forth in Section 12 of the State Revenue Sharing Act ~~"An Act in relation to State revenue sharing with local government entities", approved July 31, 1969, as amended,~~ and the aggregate amount of such transfers theretofore made in anticipation of the collection of such taxes shall not exceed 100% of the actual or estimated amount of such taxes extended or to be extended or to be received as set forth in the resolution. When moneys are available in the corporate working cash fund they shall be transferred to the corporate fund and disbursed for the payment of salaries and other corporate expenses so as to avoid, or reduce in amount, whenever possible, the issuance of tax anticipation warrants or notes.

Any member of the board of commissioners of said sanitary district or any officer thereof or any other person holding any other position of trust or employment under the said board, who is guilty of the wilful violation of any of the provisions of this Amendatory Act of 1957, shall be guilty of a business offense and shall be fined not exceeding \$10,000 and

shall forfeit his right to his office, trust, or employment and shall be removed therefrom. Any such member, officer, or person shall be liable for any sum that may be unlawfully diverted from the corporate working cash fund or otherwise used, to be recovered by the corporate authorities of said sanitary district or by any taxpayer in the name and for the benefit of said board of commissioners in an appropriate civil action. A taxpayer so suing shall file a bond for and shall be liable for, all costs, taxed against the board of commissioners in such a suit. Nothing herein shall bar any other remedies.

(70 ILCS 3010/2a) (from Ch. 42, par. 319.2a)

Sec. 2a. Every sanitary district has the power to construct or acquire, and to improve, extend, and operate a sewerage system. Any sanitary district that owns and operates or that may hereafter own and operate a sewerage system also has the power, when determined by its board of trustees to be

in the public interest and necessary for the protection of the public health, to enter into and perform contracts, whether long-term or short-term, with any industrial establishment for the provision and operation by the sanitary district of sewerage facilities to abate or reduce the pollution of water caused by discharges of industrial wastes by the industrial establishment and the payment periodically by the industrial establishment to the sanitary district of amounts at least sufficient, in the determination of such board of trustees, to compensate the sanitary district for the cost of providing (including payment of principal and interest charges, if any), and of operating and maintaining the sewerage facilities serving such industrial establishment.

Every sanitary district has the power to borrow money from the Reconstruction Finance Corporation, the Public Works Administration, or from any other source, for the purpose of improving or extending or for the purpose of constructing or acquiring and improving and extending a sewerage system and as evidence thereof, to issue its revenue bonds, payable solely from the revenue derived from the operation of the sewerage system by that sanitary district. These bonds may be issued for maturities not exceeding forty years from the date of the bonds, and in such amounts as may be necessary to provide sufficient funds to pay all the costs of the improvement or extension or construction or acquisition and improvement and extension of the sewerage system, including engineering, legal

and other expenses, together with interest, to a date six months subsequent to the estimated date of completion. These bonds shall bear interest at a rate not exceeding that permitted by the Bond Authorization Act ~~"An Act to authorize public corporations to issue bonds, other evidences of indebtedness and tax anticipation warrants subject to interest rate limitations set forth therein", approved May 26, 1970, as amended~~, payable semiannually. Bonds issued under this Act are negotiable instruments. They shall be executed by the presiding officer and clerk of the sanitary district and shall be sealed with the sanitary district's corporate seal. In case any officer whose signature appears on the bonds or coupons ceases to hold that office before the bonds are delivered, his signature, nevertheless, shall be valid and sufficient for all purposes, the same as though he had remained in office until the bonds were delivered. The bonds shall be sold in such manner and upon such terms as the board of trustees shall determine.

Section 590. The Sanitary Districts Corporate Notes Act is amended by changing Section 1 as follows:

(70 ILCS 3015/1) (from Ch. 42, par. 319.31)

Sec. 1. Any sanitary district, including the district organized under the Metropolitan Water Reclamation District

Act ~~"An Act to create sanitary districts and to remove obstructions in Illinois and Des Plaines Rivers", approved May 29, 1889, as amended,~~ is authorized to issue from time to time general obligation corporate notes in an amount not to exceed 85% of the corporate taxes levied for the year during which said notes are issued, provided no such notes shall be issued at any time there are tax anticipation warrants outstanding against the corporate tax levied for the year during which such notes are issued. Such notes shall mature within two years from date and shall bear interest at a rate per annum not exceeding the maximum rate authorized by the Bond Authorization Act ~~"An Act to authorize public corporations to issue bonds, other evidences of indebtedness and tax anticipation warrants subject to interest rate limitations set forth therein", approved May 26, 1970, as now or hereafter amended.~~

In order to authorize and issue such notes, the corporate authorities shall adopt an ordinance fixing the amount of notes, the date thereof, the form thereof, the maturity thereof, terms of redemption prior to maturity, rate of interest thereon, place of payment and denomination, which shall be in multiples of \$1,000, and provide for the levy and collection of a direct annual tax upon all the taxable property in the sanitary district sufficient to pay the principal of and interest on such notes to maturity. Upon the filing in the office of the county clerk ~~County Clerk~~ of the

county in which the sanitary district is located of a certified copy of such ordinance, it shall be the duty of the county clerk ~~County Clerk~~ to extend the tax therefor in addition to and in excess of all other taxes heretofore or hereafter authorized to be levied by such sanitary district.

The corporate authorities may sell such notes at private or public sale and enter into any contract or agreement necessary, appropriate, or incidental to the exercise of the powers granted by this Act, including, without limitation, contracts or agreements for the sale and purchase of such notes and the payment of costs and expenses incident thereto. The corporate authorities may pay such costs and expenses, in whole or in part, from the corporate fund.

From and after such notes have been issued as provided for by this Act, while such notes are outstanding, it shall be the duty of the county clerk ~~County Clerk~~ in computing the tax rate for corporate purposes of any such district to reduce the rate for corporate purposes by the amount levied to pay the principal of and interest on the notes authorized by this Act; provided the tax rate shall not be reduced beyond the amount necessary to reimburse any money borrowed from the working cash fund, and it shall be the duty of the clerk ~~Clerk~~ of the sanitary district annually, not less than thirty days prior to the tax extension date, to certify to the county clerk ~~County Clerk~~ the amount of money borrowed from the working cash fund to be reimbursed from the corporate tax levy.

No reimbursement shall be made to the working cash fund until there has been accumulated from the tax levy provided for the notes, an amount sufficient to pay the principal of and interest on such notes to maturity.

(2) The setting aside of loan funding deposits, debt service reserves, capitalized interest accounts, replacement or operating reserves, cost of issuance accounts and sinking funds, and the regulation, investment, and disposition thereof;

(3) Limitations on the purposes to which or the investments in which the proceeds of sale of any issue of bonds or the Authority's revenues and receipts may be applied or made;

(8) Providing for guarantees, pledges of property, letters of credit, or other security, or insurance for the benefit of bondholders; and

(9) Any other matter relating to the bonds which the Authority determines appropriate.

(C) No member of the Authority nor any person executing the bonds shall be liable personally on the bonds or subject to any personal liability by reason of the issuance of the bonds.

(3) No resolution, trust agreement, management agreement, or assistance agreement or any financing statement, continuation statement, or other instrument adopted or entered into by the Authority need be filed or recorded in any public record other than the records of the Authority in order to perfect the lien against third persons, regardless of any contrary provision of law.

(F) The Authority may issue bonds to refund, advance refund, or refinance any of its bonds then outstanding, including the payment of any redemption premium and any interest accrued or to accrue to the earliest or any subsequent date of redemption, purchase, or maturity of the bonds. Refunding or advance refunding bonds may be issued for

the public purposes of realizing savings in the effective costs of debt service, directly or through a debt restructuring, for alleviating impending or actual default, or for paying principal of, redemption premium, if any, and interest on bonds as they mature or are subject to redemption, and may be issued in one or more series in an amount in excess of that of the bonds to be refunded.

(G) At no time shall the total outstanding bonds and notes of the Authority issued under this Section 13 exceed (i) \$150,000,000 in connection with facilities owned by the Authority or in connection with other authorized corporate purposes of the Authority and (ii) \$399,000,000 in connection with facilities owned by a governmental owner other than the Authority; however, the limit on the total outstanding bond and notes set forth in this sentence shall not apply to any refunding or restructuring bonds issued by the Authority on and after June 17, 2021 (the effective date of Public Act 102-16) ~~this amendatory Act of the 102nd General Assembly~~ but prior to December 31, 2024. Bonds which are being paid or retired by issuance, sale, or delivery of bonds or notes, and bonds or notes for which sufficient funds have been deposited with the paying agent or trustee to provide for payment of principal and interest thereon, and any redemption premium, as provided in the authorizing resolution, shall not be considered outstanding for the purposes of this paragraph.

(H) The bonds and notes of the Authority shall not be

indebtedness of the City of Chicago, of the State, or of any political subdivision of the State other than the Authority. The bonds and notes of the Authority are not general obligations of the State of Illinois or the City of Chicago, or of any other political subdivision of the State other than the Authority, and are not secured by a pledge of the full faith and credit of the State of Illinois or the City of Chicago, or of any other political subdivision of the State other than the Authority, and the holders of bonds and notes of the Authority may not require the levy or imposition by the State or the City of Chicago, or any other political subdivision of the State other than the Authority, of any taxes or, except as provided in this Act, the application of revenues or funds of the State of Illinois or the City of Chicago or any other political subdivision of the State other than the Authority to the payment of bonds and notes of the Authority.

(I) In order to provide for the payment of debt service requirements (including amounts for reserve funds and to pay the costs of credit enhancements) on bonds issued pursuant to this Act, the Authority may provide in any trust agreement securing such bonds for a pledge and assignment of its right to all amounts to be received from the Illinois Sports Facilities Fund and for a pledge and assignment (subject to the terms of any management agreement or assistance agreement) of all taxes and other amounts to be received under Section 19 of this Act and may further provide by written notice to the State

Treasurer and State Comptroller (which notice shall constitute a direction to those officers) for a direct payment of these amounts to the trustee for its bondholders.

(J) The State of Illinois pledges to and agrees with the holders of the bonds and notes of the Authority issued pursuant to this Act that the State will not limit or alter the rights and powers vested in the Authority by this Act so as to impair the terms of any contract made by the Authority with such holders or in any way impair the rights and remedies of such holders until such bonds and notes, together with interest thereon, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceedings by or on behalf of such holders, are fully met and discharged. In addition, the State pledges to and agrees with the holders of the bonds and notes of the Authority issued pursuant to this Act that the State will not limit or alter the basis on which State funds are to be allocated, deposited and paid to the Authority as provided in this Act, or the use of such funds, so as to impair the terms of any such contract. The Authority is authorized to include these pledges and agreements of the State in any contract with the holders of bonds or notes issued pursuant to this Section. Nothing in Public Act 102-16 ~~this amendatory Act of the 102nd General Assembly~~ is intended to limit or alter the rights and powers of the Authority so as to impair the terms of any contract made by the Authority with the holders of the bonds

and notes of the Authority issued pursuant to this Act.

Section 610. The Regional Transportation Authority Act is amended by changing Section 4.03 as follows:

(70 ILCS 3615/4.03)

Sec. 4.03. Taxes.

(a) In order to carry out any of the powers or purposes of the Authority, the Board may, by ordinance adopted with the concurrence of 12 of the then Directors, impose throughout the metropolitan region any or all of the taxes provided in this Section. Except as otherwise provided in this Act, taxes imposed under this Section and civil penalties imposed incident thereto shall be collected and enforced by the State Department of Revenue. The Department shall have the power to administer and enforce the taxes and to determine all rights for refunds for erroneous payments of the taxes. Nothing in Public Act 95-708 is intended to invalidate any taxes currently imposed by the Authority. The increased vote requirements to impose a tax shall only apply to actions taken after January 1, 2008 (the effective date of Public Act 95-708).

(b) The Board may impose a public transportation tax upon all persons engaged in the metropolitan region in the business of selling at retail motor fuel for operation of motor vehicles upon public highways. The tax shall be at a rate not to exceed 5% of the gross receipts from the sales of motor fuel in the course of the business. As used in this Act, the term "motor fuel" shall have the same meaning as in the Motor Fuel Tax Law. The Board may provide for details of the tax. The provisions of any tax shall conform, as closely as may be practicable, to the provisions of the Municipal Retailers

Occupation Tax Act, including, without limitation, conformity to penalties with respect to the tax imposed and as to the powers of the State Department of Revenue to promulgate and enforce rules and regulations relating to the administration and enforcement of the provisions of the tax imposed, except that reference in the Act to any municipality shall refer to the Authority and the tax shall be imposed only with regard to receipts from sales of motor fuel in the metropolitan region, at rates as limited by this Section.

(c) In connection with the tax imposed under paragraph (b) of this Section, the Board may impose a tax upon the privilege of using in the metropolitan region motor fuel for the operation of a motor vehicle upon public highways, the tax to be at a rate not in excess of the rate of tax imposed under paragraph (b) of this Section. The Board may provide for details of the tax.

(d) The Board may impose a motor vehicle parking tax upon the privilege of parking motor vehicles at off-street parking facilities in the metropolitan region at which a fee is charged, and may provide for reasonable classifications in and exemptions to the tax, for administration and enforcement thereof and for civil penalties and refunds thereunder and may provide criminal penalties thereunder, the maximum penalties not to exceed the maximum criminal penalties provided in the Retailers' Occupation Tax Act. The Authority may collect and enforce the tax itself or by contract with any unit of local

government. The State Department of Revenue shall have no responsibility for the collection and enforcement unless the Department agrees with the Authority to undertake the collection and enforcement. As used in this paragraph, the term "parking facility" means a parking area or structure having parking spaces for more than 2 vehicles at which motor vehicles are permitted to park in return for an hourly, daily, or other periodic fee, whether publicly or privately owned, but does not include parking spaces on a public street, the use of which is regulated by parking meters.

(e) The Board may impose a Regional Transportation Authority Retailers' Occupation Tax upon all persons engaged in the business of selling tangible personal property at retail in the metropolitan region. In Cook County, the tax rate shall be 1.25% of the gross receipts from sales of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, food consisting of or infused with adult use cannabis, soft drinks, candy, and food that has been prepared for immediate consumption) and tangible personal property taxed at the 1% rate under the Retailers' Occupation Tax Act, and 1% of the gross receipts from other taxable sales made in the course of that business. In DuPage, Kane, Lake, McHenry, and Will counties, the tax rate shall be 0.75% of the gross receipts from all taxable sales made in the course of that business. The rate of tax imposed in DuPage, Kane, Lake, McHenry, and Will

counties under this Section on sales of aviation fuel on or after December 1, 2019 shall, however, be 0.25% unless the Regional Transportation Authority in DuPage, Kane, Lake, McHenry, and Will counties has an "airport-related purpose" and the additional 0.50% of the 0.75% tax on aviation fuel is expended for airport-related purposes. If there is no airport-related purpose to which aviation fuel tax revenue is dedicated, then aviation fuel is excluded from the additional 0.50% of the 0.75% tax. The tax imposed under this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with this Section, the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers, and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1, 1a, 1a-1, 1c, 1d, 1e, 1f, 1i, 1j, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2c, 3 (except as to the disposition of taxes and penalties collected, and except

that the retailer's discount is not allowed for taxes paid on aviation fuel that are subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 6d, 7, 8, 9, 10, 11, 12, and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

The Board and DuPage, Kane, Lake, McHenry, and Will counties must comply with the certification requirements for airport-related purposes under Section 2-22 of the Retailers' Occupation Tax Act. For purposes of this Section, "airport-related purposes" has the meaning ascribed in Section 6z-20.2 of the State Finance Act. This exclusion for aviation fuel only applies for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the Authority.

Persons subject to any tax imposed under the authority granted in this Section may reimburse themselves for their seller's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination in a single amount with State taxes that sellers are required to collect under the Use Tax Act, under any bracket schedules the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State

Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the Regional Transportation Authority tax fund established under paragraph (n) of this Section or the Local Government Aviation Trust Fund, as appropriate.

If a tax is imposed under this subsection (e), a tax shall also be imposed under subsections (f) and (g) of this Section.

For the purpose of determining whether a tax authorized under this Section is applicable, a retail sale by a producer of coal or other mineral mined in Illinois, is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the Federal Constitution as a sale in interstate or foreign commerce.

No tax shall be imposed or collected under this subsection on the sale of a motor vehicle in this State to a resident of another state if that motor vehicle will not be titled in this State.

Nothing in this Section shall be construed to authorize the Regional Transportation Authority to impose a tax upon the privilege of engaging in any business that under the Constitution of the United States may not be made the subject of taxation by this State.

(f) If a tax has been imposed under paragraph (e), a Regional Transportation Authority Service Occupation Tax shall also be imposed upon all persons engaged⁷ in the metropolitan region in the business of making sales of service⁷ who¹ as an incident to making the sales of service, transfer tangible personal property within the metropolitan region, either in the form of tangible personal property or in the form of real estate as an incident to a sale of service. In Cook County, the tax rate shall be: (1) 1.25% of the serviceman's cost price of food prepared for immediate consumption and transferred incident to a sale of service subject to the service occupation tax by an entity that is located in the metropolitan region and that is licensed under the Hospital Licensing Act, the Nursing Home Care Act, the Assisted Living and Shared Housing Act, the Specialized Mental Health Rehabilitation Act of 2013, the ID/DD Community Care Act, the MC/DD Act, or the Child Care Act of 1969, or an entity that holds a permit issued pursuant to the Life Care Facilities Act; (2) 1.25% of the selling price of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, food consisting of or infused with adult use cannabis, soft drinks, candy, and food that has been prepared for immediate consumption) and tangible personal property taxed at the 1% rate under the Service Occupation Tax Act; and (3) 1% of the selling price from other taxable sales of tangible personal property transferred. In

DuPage, Kane, Lake, McHenry, and Will counties, the rate shall be 0.75% of the selling price of all tangible personal property transferred. The rate of tax imposed in DuPage, Kane, Lake, McHenry, and Will counties under this Section on sales of aviation fuel on or after December 1, 2019 shall, however, be 0.25% unless the Regional Transportation Authority in DuPage, Kane, Lake, McHenry, and Will counties has an "airport-related purpose" and the additional 0.50% of the 0.75% tax on aviation fuel is expended for airport-related purposes. If there is no airport-related purpose to which aviation fuel tax revenue is dedicated, then aviation fuel is excluded from the additional 0.5% of the 0.75% tax.

The Board and DuPage, Kane, Lake, McHenry, and Will counties must comply with the certification requirements for airport-related purposes under Section 2-22 of the Retailers' Occupation Tax Act. For purposes of this Section, "airport-related purposes" has the meaning ascribed in Section 6z-20.2 of the State Finance Act. This exclusion for aviation fuel only applies for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the Authority.

The tax imposed under this paragraph and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this paragraph; to collect all taxes and penalties due

hereunder; to dispose of taxes and penalties collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of and compliance with this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers, and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1a-1, 2, 2a, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the Authority), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the Authority), 9 (except as to the disposition of taxes and penalties collected, and except that the returned merchandise credit for this tax may not be taken against any State tax, and except that the retailer's discount is not allowed for taxes paid on aviation fuel that are subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the Authority), the first paragraph of Section 15, 16, 17, 18, 19, and 20 of the Service Occupation Tax Act and Section 3-7 of the Uniform Penalty and

Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this paragraph may reimburse themselves for their serviceman's tax liability hereunder by separately stating the tax as an additional charge, that charge may be stated in combination in a single amount with State tax that servicemen are authorized to collect under the Service Use Tax Act, under any bracket schedules the Department may prescribe.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the Regional Transportation Authority tax fund established under paragraph (n) of this Section or the Local Government Aviation Trust Fund, as appropriate.

Nothing in this paragraph shall be construed to authorize the Authority to impose a tax upon the privilege of engaging in any business that under the Constitution of the United States may not be made the subject of taxation by the State.

(g) If a tax has been imposed under paragraph (e), a tax shall also be imposed upon the privilege of using in the metropolitan region, any item of tangible personal property that is purchased outside the metropolitan region at retail

from a retailer, and that is titled or registered with an agency of this State's government. In Cook County, the tax rate shall be 1% of the selling price of the tangible personal property, as "selling price" is defined in the Use Tax Act. In DuPage, Kane, Lake, McHenry, and Will counties, the tax rate shall be 0.75% of the selling price of the tangible personal property, as "selling price" is defined in the Use Tax Act. The tax shall be collected from persons whose Illinois address for titling or registration purposes is given as being in the metropolitan region. The tax shall be collected by the Department of Revenue for the Regional Transportation Authority. The tax must be paid to the State, or an exemption determination must be obtained from the Department of Revenue, before the title or certificate of registration for the property may be issued. The tax or proof of exemption may be transmitted to the Department by way of the State agency with which, or the State officer with whom, the tangible personal property must be titled or registered if the Department and the State agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

The Department shall have full power to administer and enforce this paragraph; to collect all taxes, penalties, and interest due hereunder; to dispose of taxes, penalties, and interest collected in the manner hereinafter provided; and to determine all rights to credit memoranda or refunds arising on

account of the erroneous payment of tax, penalty, or interest hereunder. In the administration of and compliance with this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers, and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms and employ the same modes of procedure, as are prescribed in Sections 2 (except the definition of "retailer maintaining a place of business in this State"), 3 through 3-80 (except provisions pertaining to the State rate of tax, and except provisions concerning collection or refunding of the tax by retailers), 4, 11, 12, 12a, 14, 15, 19 (except the portions pertaining to claims by retailers and except the last paragraph concerning refunds), 20, 21, and 22 of the Use Tax Act, and are not inconsistent with this paragraph, as fully as if those provisions were set forth herein.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the Regional Transportation Authority tax fund established under paragraph (n) of this Section.

(g-5) If, on January 1, 2025, a unit of local government

has in effect a tax under subsections (e), (f), and (g), or if, after January 1, 2025, a unit of local government imposes a tax under subsections (e), (f), and (g), then that tax applies to leases of tangible personal property in effect, entered into, or renewed on or after that date in the same manner as the tax under this Section and in accordance with the changes made by Public Act 103-592 ~~this amendatory Act of the 103rd General Assembly.~~

(h) The Authority may impose a replacement vehicle tax of \$50 on any passenger car as defined in Section 1-157 of the Illinois Vehicle Code purchased within the metropolitan region by or on behalf of an insurance company to replace a passenger car of an insured person in settlement of a total loss claim. The tax imposed may not become effective before the first day of the month following the passage of the ordinance imposing the tax and receipt of a certified copy of the ordinance by the Department of Revenue. The Department of Revenue shall collect the tax for the Authority in accordance with Sections 3-2002 and 3-2003 of the Illinois Vehicle Code.

The Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes collected hereunder.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR

Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly transfer to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to the Authority. The amount to be paid to the Authority shall be the amount collected hereunder during the second preceding calendar month by the Department, less any amount determined by the Department to be necessary for the payment of refunds, and less any amounts that are transferred to the STAR Bonds Revenue Fund. Within 10 days after receipt by the Comptroller of the disbursement certification to the Authority provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for that amount in accordance with the directions contained in the certification.

(i) The Board may not impose any other taxes except as it may from time to time be authorized by law to impose.

(j) A certificate of registration issued by the State Department of Revenue to a retailer under the Retailers' Occupation Tax Act or under the Service Occupation Tax Act shall permit the registrant to engage in a business that is taxed under the tax imposed under paragraphs (b), (e), (f) or

(g) of this Section and no additional registration shall be required under the tax. A certificate issued under the Use Tax Act or the Service Use Tax Act shall be applicable with regard to any tax imposed under paragraph (c) of this Section.

(k) The provisions of any tax imposed under paragraph (c) of this Section shall conform as closely as may be practicable to the provisions of the Use Tax Act, including, without limitation, conformity as to penalties with respect to the tax imposed and as to the powers of the State Department of Revenue to promulgate and enforce rules and regulations relating to the administration and enforcement of the provisions of the tax imposed. The taxes shall be imposed only on use within the metropolitan region and at rates as provided in the paragraph.

(l) The Board in imposing any tax as provided in paragraphs (b) and (c) of this Section, shall, after seeking the advice of the State Department of Revenue, provide means for retailers, users or purchasers of motor fuel for purposes other than those with regard to which the taxes may be imposed as provided in those paragraphs to receive refunds of taxes improperly paid, which provisions may be at variance with the refund provisions as applicable under the Municipal Retailers Occupation Tax Act. The State Department of Revenue may provide for certificates of registration for users or purchasers of motor fuel for purposes other than those with regard to which taxes may be imposed as provided in paragraphs (b) and (c) of this Section to facilitate the reporting and

nontaxability of the exempt sales or uses.

(m) Any ordinance imposing or discontinuing any tax under this Section shall be adopted and a certified copy thereof filed with the Department on or before June 1, whereupon the Department of Revenue shall proceed to administer and enforce this Section on behalf of the Regional Transportation Authority as of September 1 next following such adoption and filing. Beginning January 1, 1992, an ordinance or resolution imposing or discontinuing the tax hereunder shall be adopted and a certified copy thereof filed with the Department on or before the first day of July, whereupon the Department shall proceed to administer and enforce this Section as of the first day of October next following such adoption and filing. Beginning January 1, 1993, an ordinance or resolution imposing, increasing, decreasing, or discontinuing the tax hereunder shall be adopted and a certified copy thereof filed with the Department, whereupon the Department shall proceed to administer and enforce this Section as of the first day of the first month to occur not less than 60 days following such adoption and filing. Any ordinance or resolution of the Authority imposing a tax under this Section and in effect on August 1, 2007 shall remain in full force and effect and shall be administered by the Department of Revenue under the terms and conditions and rates of tax established by such ordinance or resolution until the Department begins administering and enforcing an increased tax under this Section as authorized by

Public Act 95-708. The tax rates authorized by Public Act 95-708 are effective only if imposed by ordinance of the Authority.

(n) Except as otherwise provided in this subsection (n), the State Department of Revenue shall, upon collecting any taxes as provided in this Section, pay the taxes over to the State Treasurer as trustee for the Authority. The taxes shall be held in a trust fund outside the State Treasury. If an airport-related purpose has been certified, taxes and penalties collected in DuPage, Kane, Lake, McHenry and Will counties on aviation fuel sold on or after December 1, 2019 from the 0.50% of the 0.75% rate shall be immediately paid over by the Department to the State Treasurer, ex officio, as trustee, for deposit into the Local Government Aviation Trust Fund. The Department shall only pay moneys into the Local Government Aviation Trust Fund under this Act for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the Authority. On or before the 25th day of each calendar month, the State Department of Revenue shall prepare and certify to the Comptroller of the State of Illinois and to the Authority (i) the amount of taxes collected in each county other than Cook County in the metropolitan region, (not including, if an airport-related purpose has been certified, the taxes and penalties collected from the 0.50% of the 0.75% rate on aviation fuel sold on or after December 1, 2019 that are deposited into the Local

Government Aviation Trust Fund) (ii) the amount of taxes collected within the City of Chicago, and (iii) the amount collected in that portion of Cook County outside of Chicago, each amount less the amount necessary for the payment of refunds to taxpayers located in those areas described in items (i), (ii), and (iii), and less 1.5% of the remainder, which shall be transferred from the trust fund into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the Authority, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this subsection. Within 10 days after receipt by the Comptroller of the certification of the amounts, the Comptroller shall cause an order to be drawn for the transfer of the amount certified into the Tax Compliance and Administration Fund and the payment of two-thirds of the amounts certified in item (i) of this subsection to the Authority and one-third of the amounts certified in item (i) of this subsection to the respective counties other than Cook County and the amount certified in items (ii) and (iii) of this subsection to the Authority.

In addition to the disbursement required by the preceding paragraph, an allocation shall be made in July 1991 and each year thereafter to the Regional Transportation Authority. The allocation shall be made in an amount equal to the average monthly distribution during the preceding calendar year

(excluding the 2 months of lowest receipts) and the allocation shall include the amount of average monthly distribution from the Regional Transportation Authority Occupation and Use Tax Replacement Fund. The distribution made in July 1992 and each year thereafter under this paragraph and the preceding paragraph shall be reduced by the amount allocated and disbursed under this paragraph in the preceding calendar year. The Department of Revenue shall prepare and certify to the Comptroller for disbursement the allocations made in accordance with this paragraph.

(o) Failure to adopt a budget ordinance or otherwise to comply with Section 4.01 of this Act or to adopt a Five-year Capital Program or otherwise to comply with paragraph (b) of Section 2.01 of this Act shall not affect the validity of any tax imposed by the Authority otherwise in conformity with law.

(p) At no time shall a public transportation tax or motor vehicle parking tax authorized under paragraphs (b), (c), and (d) of this Section be in effect at the same time as any retailers' occupation, use or service occupation tax authorized under paragraphs (e), (f), and (g) of this Section is in effect.

Any taxes imposed under the authority provided in paragraphs (b), (c), and (d) shall remain in effect only until the time as any tax authorized by paragraph (e), (f), or (g) of this Section is ~~are~~ imposed and becomes effective. Once any tax authorized by paragraph (e), (f), or (g) is imposed the

Board may not reimpose taxes as authorized in paragraphs (b), (c), and (d) of the Section unless any tax authorized by paragraph (e), (f), or (g) of this Section becomes ineffective by means other than an ordinance of the Board.

(q) Any existing rights, remedies and obligations (including enforcement by the Regional Transportation Authority) arising under any tax imposed under paragraph (b), (c), or (d) of this Section shall not be affected by the imposition of a tax under paragraph (e), (f), or (g) of this Section.

Sec. 1D-1. Block grant funding.

(a) For fiscal year 1996 and each fiscal year thereafter, the State Board of Education shall award to a school district

having a population exceeding 500,000 inhabitants a general education block grant and an educational services block grant, determined as provided in this Section, in lieu of distributing to the district separate State funding for the programs described in subsections (b) and (c). The provisions of this Section, however, do not apply to any federal funds that the district is entitled to receive. In accordance with Section 2-3.32, all block grants are subject to an audit. Therefore, block grant receipts and block grant expenditures shall be recorded to the appropriate fund code for the designated block grant.

(b) The general education block grant shall include the following programs: REI Initiative, Summer Bridges, K-6 Comprehensive Arts, School Improvement Support, Urban Education, Scientific Literacy, Substance Abuse Prevention, Second Language Planning, Staff Development, Outcomes and Assessment, K-6 Reading Improvement, 7-12 Continued Reading Improvement, Truants' Optional Education, Hispanic Programs, Agriculture Education, Report Cards, and Criminal Background Investigations. The general education block grant shall also include Preschool Education, Parental Training, and Prevention Initiative through June 30, 2026. Notwithstanding any other provision of law, all amounts paid under the general education block grant from State appropriations to a school district in a city having a population exceeding 500,000 inhabitants shall be appropriated and expended by the board of that district for

any of the programs included in the block grant or any of the board's lawful purposes. Beginning in Fiscal Year 2018, at least 25% of any additional Preschool Education, Parental Training, and Prevention Initiative program funding over and above the previous fiscal year's allocation shall be used to fund programs for children ages 0-3. Beginning in Fiscal Year 2018, funding for Preschool Education, Parental Training, and Prevention Initiative programs above the allocation for these programs in Fiscal Year 2017 must be used solely as a supplement for these programs and may not supplant funds received from other sources.

(b-5) Beginning in Fiscal Year 2027, the Department of Early Childhood shall award a block grant for Preschool Education, Parental Training, and Prevention Initiative to a school district having a population exceeding 500,000 inhabitants. The grants are subject to audit. Therefore, block grant receipts and block grant expenditures shall be recorded to the appropriate fund code for the designated block grant. Notwithstanding any other provision of law, all amounts paid under the block grant from State appropriations to a school district in a city having a population exceeding 500,000 inhabitants shall be appropriated and expended by the board of that district for any of the programs included in the block grant or any of the board's lawful purposes. The district is not required to file any application or other claim in order to receive the block grant to which it is entitled under this

Section. The Department of Early Childhood shall make payments to the district of amounts due under the district's block grant on a schedule determined by the Department. A school district to which this Section applies shall report to the Department of Early Childhood on its use of the block grant in such form and detail as the Department may specify. In addition, the report must include the following description for the district, which must also be reported to the General Assembly: block grant allocation and expenditures by program; population and service levels by program; and administrative expenditures by program. The Department shall ensure that the reporting requirements for the district are the same as for all other school districts in this State. Beginning in Fiscal Year 2018, at least 25% of any additional Preschool Education, Parental Training, and Prevention Initiative program funding over and above the previous fiscal year's allocation shall be used to fund programs for children ages 0-3. Beginning in Fiscal Year 2018, funding for Preschool Education, Parental Training, and Prevention Initiative programs above the allocation for these programs in Fiscal Year 2017 must be used solely as a supplement for these programs and may not supplant funds received from other sources.

(c) The educational services block grant shall include the following programs: Regular and Vocational Transportation, State Lunch and Free Breakfast Program, Special Education (Personnel, Transportation, Orphanage, Private Tuition),

funding for children requiring special education services, Summer School, Educational Service Centers, and Administrator's Academy. This subsection (c) does not relieve the district of its obligation to provide the services required under a program that is included within the educational services block grant. It is the intention of the General Assembly in enacting the provisions of this subsection (c) to relieve the district of the administrative burdens that impede efficiency and accompany single-program funding. The General Assembly encourages the board to pursue mandate waivers pursuant to Section 2-3.25g.

The funding program included in the educational services block grant for funding for children requiring special education services in each fiscal year shall be treated in that fiscal year as a payment to the school district in respect of services provided or costs incurred in the prior fiscal year, calculated in each case as provided in this Section. Nothing in this Section shall change the nature of payments for any program that, apart from this Section, would be or, prior to adoption or amendment of this Section, was on the basis of a payment in a fiscal year in respect of services provided or costs incurred in the prior fiscal year, calculated in each case as provided in this Section.

(d) For fiscal year 1996 and each fiscal year thereafter, the amount of the district's block grants shall be determined as follows: (i) with respect to each program that is included

within each block grant, the district shall receive an amount equal to the same percentage of the current fiscal year appropriation made for that program as the percentage of the appropriation received by the district from the 1995 fiscal year appropriation made for that program, and (ii) the total amount that is due the district under the block grant shall be the aggregate of the amounts that the district is entitled to receive for the fiscal year with respect to each program that is included within the block grant that the State Board of Education shall award the district under this Section for that fiscal year. In the case of the Summer Bridges program, the amount of the district's block grant shall be equal to 44% of the amount of the current fiscal year appropriation made for that program.

(e) The district is not required to file any application or other claim in order to receive the block grants to which it is entitled under this Section. The State Board of Education shall make payments to the district of amounts due under the district's block grants on a schedule determined by the State Board of Education.

(f) A school district to which this Section applies shall report to the State Board of Education on its use of the block grants in such form and detail as the State Board of Education may specify. In addition, the report must include the following description for the district, which must also be reported to the General Assembly: block grant allocation and

expenditures by program; population and service levels by program; and administrative expenditures by program. The State Board of Education shall ensure that the reporting requirements for the district are the same as for all other school districts in this State.

(g) This paragraph provides for the treatment of block grants under Article 1C for purposes of calculating the amount of block grants for a district under this Section. Those block grants under Article 1C are, for this purpose, treated as included in the amount of appropriation for the various programs set forth in paragraph (b) above. The appropriation in each current fiscal year for each block grant under Article 1C shall be treated for these purposes as appropriations for the individual program included in that block grant. The proportion of each block grant so allocated to each such program included in it shall be the proportion which the appropriation for that program was of all appropriations for such purposes now in that block grant, in fiscal 1995.

Payments to the school district under this Section with respect to each program for which payments to school districts generally, as of the date of this amendatory Act of the 92nd General Assembly, are on a reimbursement basis shall continue to be made to the district on a reimbursement basis, pursuant to the provisions of this Code governing those programs.

(h) Notwithstanding any other provision of law, any school district receiving a block grant under this Section may

classify all or a portion of the funds that it receives in a particular fiscal year from any block grant authorized under this Code or from general State aid pursuant to Section 18-8.05 of this Code (other than supplemental general State aid) as funds received in connection with any funding program for which it is entitled to receive funds from the State in that fiscal year (including, without limitation, any funding program referred to in subsection (c) of this Section), regardless of the source or timing of the receipt. The district may not classify more funds as funds received in connection with the funding program than the district is entitled to receive in that fiscal year for that program. Any classification by a district must be made by a resolution of its board of education. The resolution must identify the amount of any block grant or general State aid to be classified under this subsection (h) and must specify the funding program to which the funds are to be treated as received in connection therewith. This resolution is controlling as to the classification of funds referenced therein. A certified copy of the resolution must be sent to the State Superintendent of Education. The resolution shall still take effect even though a copy of the resolution has not been sent to the State Superintendent of Education in a timely manner. No classification under this subsection (h) by a district shall affect the total amount or timing of money the district is entitled to receive under this Code. No classification under

this subsection (h) by a district shall in any way relieve the district from or affect any requirements that otherwise would apply with respect to the block grant as provided in this Section, including any accounting of funds by source, reporting expenditures by original source and purpose, reporting requirements, or requirements of provision of services.

Sec. 1D-1. Block grant funding.

(a) For fiscal year 1996 through fiscal year 2017, the State Board of Education shall award to a school district having a population exceeding 500,000 inhabitants a general education block grant and an educational services block grant, determined as provided in this Section, in lieu of distributing to the district separate State funding for the programs described in subsections (b) and (c). The provisions of this Section, however, do not apply to any federal funds that the district is entitled to receive. In accordance with Section 2-3.32, all block grants are subject to an audit. Therefore, block grant receipts and block grant expenditures shall be recorded to the appropriate fund code for the designated block grant.

(b) The general education block grant shall include the following programs: REI Initiative, Summer Bridges, Preschool

At Risk, K-6 Comprehensive Arts, School Improvement Support, Urban Education, Scientific Literacy, Substance Abuse Prevention, Second Language Planning, Staff Development, Outcomes and Assessment, K-6 Reading Improvement, 7-12 Continued Reading Improvement, Truants' Optional Education, Hispanic Programs, Agriculture Education, Report Cards, and Criminal Background Investigations. The general education block grant shall also include Preschool Education, Parental Training, and Prevention Initiative through June 30, 2026. Notwithstanding any other provision of law, all amounts paid under the general education block grant from State appropriations to a school district in a city having a population exceeding 500,000 inhabitants shall be appropriated and expended by the board of that district for any of the programs included in the block grant or any of the board's lawful purposes.

(b-5) Beginning in Fiscal Year 2027, the Department of Early Childhood shall award a block grant for Preschool Education, Parental Training, and Prevention Initiative to a school district having a population exceeding 500,000 inhabitants. The grants are subject to audit. Therefore, block grant receipts and block grant expenditures shall be recorded to the appropriate fund code for the designated block grant. Notwithstanding any other provision of law, all amounts paid under the block grant from State appropriations to a school district in a city having a population exceeding 500,000

inhabitants shall be appropriated and expended by the board of that district for any of the programs included in the block grant or any of the board's lawful purposes. The district is not required to file any application or other claim in order to receive the block grant to which it is entitled under this Section. The Department of Early Childhood shall make payments to the district of amounts due under the district's block grant on a schedule determined by the Department. A school district to which this Section applies shall report to the Department of Early Childhood on its use of the block grant in such form and detail as the Department may specify. In addition, the report must include the following description for the district, which must also be reported to the General Assembly: block grant allocation and expenditures by program; population and service levels by program; and administrative expenditures by program. The Department shall ensure that the reporting requirements for the district are the same as for all other school districts in this State. Beginning in Fiscal Year 2018, at least 25% of any additional Preschool Education, Parental Training, and Prevention Initiative program funding over and above the previous fiscal year's allocation shall be used to fund programs for children ages 0-3. Beginning in Fiscal Year 2018, funding for Preschool Education, Parental Training, and Prevention Initiative programs above the allocation for these programs in Fiscal Year 2017 must be used solely as a supplement for these programs and may not supplant

funds received from other sources. ~~(b-10).~~

(c) The educational services block grant shall include the following programs: Regular and Vocational Transportation, State Lunch and Free Breakfast Program, Special Education (Personnel, Transportation, Orphanage, Private Tuition), funding for children requiring special education services, Summer School, Educational Service Centers, and Administrator's Academy. This subsection (c) does not relieve the district of its obligation to provide the services required under a program that is included within the educational services block grant. It is the intention of the General Assembly in enacting the provisions of this subsection (c) to relieve the district of the administrative burdens that impede efficiency and accompany single-program funding. The General Assembly encourages the board to pursue mandate waivers pursuant to Section 2-3.25g.

The funding program included in the educational services block grant for funding for children requiring special education services in each fiscal year shall be treated in that fiscal year as a payment to the school district in respect of services provided or costs incurred in the prior fiscal year, calculated in each case as provided in this Section. Nothing in this Section shall change the nature of payments for any program that, apart from this Section, would be or, prior to adoption or amendment of this Section, was on the basis of a payment in a fiscal year in respect of services

provided or costs incurred in the prior fiscal year, calculated in each case as provided in this Section.

(d) For fiscal year 1996 through fiscal year 2017, the amount of the district's block grants shall be determined as follows: (i) with respect to each program that is included within each block grant, the district shall receive an amount equal to the same percentage of the current fiscal year appropriation made for that program as the percentage of the appropriation received by the district from the 1995 fiscal year appropriation made for that program, and (ii) the total amount that is due the district under the block grant shall be the aggregate of the amounts that the district is entitled to receive for the fiscal year with respect to each program that is included within the block grant that the State Board of Education shall award the district under this Section for that fiscal year. In the case of the Summer Bridges program, the amount of the district's block grant shall be equal to 44% of the amount of the current fiscal year appropriation made for that program.

(e) The district is not required to file any application or other claim in order to receive the block grants to which it is entitled under this Section. The State Board of Education shall make payments to the district of amounts due under the district's block grants on a schedule determined by the State Board of Education.

(f) A school district to which this Section applies shall

report to the State Board of Education on its use of the block grants in such form and detail as the State Board of Education may specify. In addition, the report must include the following description for the district, which must also be reported to the General Assembly: block grant allocation and expenditures by program; population and service levels by program; and administrative expenditures by program. The State Board of Education shall ensure that the reporting requirements for the district are the same as for all other school districts in this State.

(g) Through fiscal year 2017, this paragraph provides for the treatment of block grants under Article 1C for purposes of calculating the amount of block grants for a district under this Section. Those block grants under Article 1C are, for this purpose, treated as included in the amount of appropriation for the various programs set forth in paragraph (b) above. The appropriation in each current fiscal year for each block grant under Article 1C shall be treated for these purposes as appropriations for the individual program included in that block grant. The proportion of each block grant so allocated to each such program included in it shall be the proportion which the appropriation for that program was of all appropriations for such purposes now in that block grant, in fiscal 1995.

Payments to the school district under this Section with respect to each program for which payments to school districts

generally, as of the date of this amendatory Act of the 92nd General Assembly, are on a reimbursement basis shall continue to be made to the district on a reimbursement basis, pursuant to the provisions of this Code governing those programs.

(h) Notwithstanding any other provision of law, any school district receiving a block grant under this Section may classify all or a portion of the funds that it receives in a particular fiscal year from any block grant authorized under this Code or from general State aid pursuant to Section 18-8.05 of this Code (other than supplemental general State aid) as funds received in connection with any funding program for which it is entitled to receive funds from the State in that fiscal year (including, without limitation, any funding program referred to in subsection (c) of this Section), regardless of the source or timing of the receipt. The district may not classify more funds as funds received in connection with the funding program than the district is entitled to receive in that fiscal year for that program. Any classification by a district must be made by a resolution of its board of education. The resolution must identify the amount of any block grant or general State aid to be classified under this subsection (h) and must specify the funding program to which the funds are to be treated as received in connection therewith. This resolution is controlling as to the classification of funds referenced therein. A certified copy of the resolution must be sent to the State Superintendent of

Education. The resolution shall still take effect even though a copy of the resolution has not been sent to the State Superintendent of Education in a timely manner. No classification under this subsection (h) by a district shall affect the total amount or timing of money the district is entitled to receive under this Code. No classification under this subsection (h) by a district shall in any way relieve the district from or affect any requirements that otherwise would apply with respect to the block grant as provided in this Section, including any accounting of funds by source, reporting expenditures by original source and purpose, reporting requirements, or requirements of provision of services.

Sec. 2-3.25f. State interventions.

(a) The State Board of Education shall provide technical assistance to schools in school improvement status to assist with the development and implementation of Improvement Plans.

Schools or school districts that fail to make reasonable efforts to implement an approved Improvement Plan may suffer loss of State funds by school district, attendance center, or program as the State Board of Education deems appropriate.

(a-5) (Blank).

(b) Schools that receive Targeted Support or Comprehensive Support designations shall enter a 4-year cycle of school improvement status. If, at the end of the 4-year cycle, the school fails to meet the exit criteria specified in the State Plan referenced in subsection (b) of Section 2-3.25a of this Code, the school shall escalate to a more intensive intervention. Targeted Support schools that remain Targeted for one or more of the same student groups as in the initial identification after completion of a 4-year cycle of Targeted School Improvement shall be redesignated as Comprehensive Support schools, as provided in paragraph (2.5) of subsection (a) of Section 2-3.25d-5 of this Code. Comprehensive Support schools that remain in the lowest-performing 5% after completion of a 4-year cycle of Comprehensive School Improvement shall be redesignated as Intensive Support schools and shall escalate through more rigorous, tiered support, developed in consultation with the Balanced Accountability Measure Committee and other relevant stakeholder groups, which may ultimately result in the (i) change of recognition status of the school district or school to nonrecognized or (ii) authorization for the State Superintendent of Education to direct the reassignment of pupils or direct the reassignment or replacement of school or school district personnel. If a school district is nonrecognized in its entirety, for any reason, including those not related to performance in the accountability system, it shall automatically be dissolved on

July 1 following that nonrecognition and its territory realigned with another school district or districts by the regional board of school trustees in accordance with the procedures set forth in Section 7-11 of the School Code. The effective date of the nonrecognition of a school shall be July 1 following the nonrecognition.

(b-5) The State Board of Education shall also develop a system to provide assistance and resources to lower performing school districts. At a minimum, the State Board shall identify school districts to receive Intensive, Comprehensive, and Targeted Support. The school district shall provide the exclusive bargaining representative with a 5-day notice that the district has had one or more schools within the district identified as being in Comprehensive or Intensive School Improvement Status. In addition, the State Board may, by rule, develop other categories of low-performing schools and school districts to receive services.

The State Board of Education shall work with districts with one or more schools in Comprehensive or Intensive School Improvement Status, through technical assistance and professional development, based on the results of the needs assessment under Section 2-3.25d-5 of this Code, to develop and implement a continuous improvement plan that would increase outcomes for students. The plan for continuous improvement shall be based on the results of the needs assessment and shall be used to determine the types of

services that are to be provided to each Comprehensive and Intensive School. Potential services may include, but are not limited to, monitoring adult and student practices, reviewing and reallocating district resources, developing a district and school leadership team, providing access to curricular content area specialists, and providing online resources and professional development.

The support provided by a vendor or learning partner approved to support a school's continuous improvement plan related to English language arts must be based on the comprehensive literacy plan for the State developed by the State Board of Education under Section 2-3.200 ~~2-3.196, as added by Public Act 103-402.~~

The State Board of Education may require districts with one or more Comprehensive or Intensive Schools identified as having deficiencies in one or more core functions of the needs assessment to undergo an accreditation process.

(c) All federal requirements apply to schools and school districts utilizing federal funds under Title I, Part A of the federal Elementary and Secondary Education Act of 1965.

These rules shall include, but are not limited to, a list of all school courses and course codes derived from the State Board of Education's Illinois State Course Catalog and Illinois Virtual Course Catalog that are designated as and qualify as globally focused coursework.

If the provider of the online course determines and can demonstrate that a student meets all of the criteria required to earn State Global Scholar Certification, then the school district or nonpublic school shall designate that the student has earned State Global Scholar Certification on the student's diploma and transcript.

A school district or nonpublic school shall provide, upon the request of a student, evidence to the student that the student has completed at least 6 globally focused courses required to earn State Global Scholar Certification for the student to submit to the provider of the online course.

A student enrolled in a school district or nonpublic school that awarded State Global Scholar Certification prior

to the 2026-2027 school year and offered a course to complete the capstone project requirement prior to the 2026-2027 school year may not earn State Global Scholar Certification remotely under this subsection (h).

Upon the adoption and passage of such resolution and the election or appointment by the school board of its own school treasurer: (1) the trustees of schools in such township shall no longer have or exercise any powers and duties with respect to the school

district governed by such school board or with respect to the school business, operations or assets of such school district; and (2) all books and records of the township trustees relating to the school business and affairs of such school district shall be transferred and delivered to the school board of such school district. The changes made to this Section by Public Act 100-921 ~~this~~

~~amendatory Act of the 100th General Assembly~~ are prospective only, starting from August 17, 2018 (the effective date of Public Act 100-921) ~~this amendatory Act of the 100th General Assembly~~, and shall not affect any legal action pending on August 17, 2018 (the effective date of Public Act 100-921) ~~this amendatory Act of the 100th General Assembly~~ in the Illinois courts in which Lyons Township High School District 204 is a listed party.

Notwithstanding subsections (a) and (c), the school boards of Glenbrook High School District 225, Northbrook Elementary School District 27, Northbrook School District 28, Sunset Ridge School District 29, Northbrook/Glenview School District 30, West Northfield School District 31, and Glenview Community Consolidated School District 34 may, by proper resolution, withdraw from the jurisdiction and authority of the trustees of schools of Northfield and Maine Townships and the township treasurer, provided that the school board shall, upon the adoption and passage of the resolution, elect or appoint its own school treasurer as provided in Section 8-1 of this Code. Upon the adoption and passage of the resolution and the election or appointment by the school board of its own school treasurer: (1) the trustees of schools in the township or townships shall no longer have or exercise any powers or duties with respect to the school district or with respect to the school business, operations, or assets of the school district; (2) all books and records of the trustees of schools

and all moneys, securities, loanable funds, and other assets relating to the school business and affairs of the school district shall be transferred and delivered to the school board; and (3) all legal title to and all right, title, and interest formerly held by the trustees of schools in any common school lands, school buildings, or school sites used and occupied by the school board and all rights of property and causes of action pertaining to or constituting a part of the common school lands, buildings, or sites shall be deemed transferred by operation of law to and shall vest in the school board.

(c) Notwithstanding the provisions of subsection (a), the offices of township treasurer and trustee of schools of any township located in a Class II county school unit shall be abolished as provided in this subsection if all of the following conditions are met:

(1) During the same 30-day ~~30-day~~ period, each school board of each elementary and unit school district that is subject to the jurisdiction and authority of the township treasurer and trustees of schools of the township in which those offices are sought to be abolished gives written notice by certified mail, return receipt requested to the township treasurer and trustees of schools of that township of the date of a meeting of the school board, to be held not more than 90 nor less than 60 days after the date when the notice is given, at which meeting the school

board is to consider and vote upon the question of whether there shall be submitted to the electors of the school district a proposition to abolish the offices of township treasurer and trustee of schools of that township. None of the notices given under this paragraph to the township treasurer and trustees of schools of a township shall be deemed sufficient or in compliance with the requirements of this paragraph unless all of those notices are given within the same 30-day ~~30-day~~ period.

(2) Each school board of each elementary and unit school district that is subject to the jurisdiction and authority of the township treasurer and trustees of schools of the township in which those offices are sought to be abolished, by the affirmative vote of at least 5 members of the school board at a school board meeting of which notice is given as required by paragraph (1) of this subsection, adopts a resolution requiring the secretary of the school board to certify to the proper election authorities for submission to the electors of the school district at the next consolidated election in accordance with the general election law a proposition to abolish the offices of township treasurer and trustee of schools of that township. None of the resolutions adopted under this paragraph by any elementary or unit school districts that are subject to the jurisdiction and authority of the township treasurer and trustees of schools of the township

in which those offices are sought to be abolished shall be deemed in compliance with the requirements of this paragraph or sufficient to authorize submission of the proposition to abolish those offices to a referendum of the electors in any such school district unless all of the school boards of all of the elementary and unit school districts that are subject to the jurisdiction and authority of the township treasurer and trustees of schools of that township adopt such a resolution in accordance with the provisions of this paragraph.

(3) The school boards of all of the elementary and unit school districts that are subject to the jurisdiction and authority of the township treasurer and trustees of schools of the township in which those offices are sought to be abolished submit a proposition to abolish the offices of township treasurer and trustee of schools of that township to the electors of their respective school districts at the same consolidated election in accordance with the general election law, the ballot in each such district to be in substantially the following form:

OFFICIAL BALLOT

Shall the offices of township

treasurer and

YES

trustee of

schools of Township

NO

Range be abolished?

(4) At the consolidated election at which the proposition to abolish the offices of township treasurer and trustee of schools of a township is submitted to the electors of each elementary and unit school district that is subject to the jurisdiction and authority of the township treasurer and trustee of schools of that township, a majority of the electors voting on the proposition in each such elementary and unit school district votes in favor of the proposition as submitted to them.

If in each elementary and unit school district that is subject to the jurisdiction and authority of the township treasurer and trustees of schools of the township in which those offices are sought to be abolished a majority of the electors in each such district voting at the consolidated election on the proposition to abolish the offices of township treasurer and trustee of schools of that township votes in favor of the proposition as submitted to them, the proposition shall be deemed to have passed; but if in any such elementary or unit school district a majority of the electors voting on that proposition in that district fails to vote in favor of the proposition as submitted to them, then notwithstanding the vote of the electors in any other such elementary or unit school district on that proposition the proposition shall not

be deemed to have passed in any of those elementary or unit school districts, and the offices of township treasurer and trustee of schools of the township in which those offices were sought to be abolished shall not be abolished, unless in each of those elementary and unit school districts remaining subject to the jurisdiction and authority of the township treasurer and trustees of schools of that township proceedings are again initiated to abolish those offices and all of the proceedings and conditions prescribed in paragraphs (1) through (4) of this subsection are repeated and met in each of those elementary and unit school districts.

Notwithstanding the foregoing provisions of this Section or any other provision of the School Code, the offices of township treasurer and trustee of schools of a township that has a population of less than 200,000 and that contains a unit school district and is located in a Class II county school unit shall also be abolished as provided in this subsection if all of the conditions set forth in paragraphs (1), (2), and (3) of this subsection are met and if the following additional condition is met:

The electors in all of the school districts subject to the jurisdiction and authority of the township treasurer and trustees of schools of the township in which those offices are sought to be abolished shall vote at the consolidated election on the proposition to abolish the offices of township treasurer and trustee of schools of

that township. If a majority of the electors in all of the school districts combined voting on the proposition vote in favor of the proposition, then the proposition shall be deemed to have passed; but if a majority of the electors voting on the proposition in all of the school district fails to vote in favor of the proposition as submitted to them, then the proposition shall not be deemed to have passed and the offices of township treasurer and trustee of schools of the township in which those offices were sought to be abolished shall not be abolished, unless and until the proceedings detailed in paragraphs (1) through (3) of this subsection and the conditions set forth in this paragraph are met.

If the proposition to abolish the offices of township treasurer and trustee of schools of a township is deemed to have passed at the consolidated election as provided in this subsection, those offices shall be deemed abolished by operation of law effective on January 1 of the calendar year immediately following the calendar year in which that consolidated election is held, provided that if after the election, the trustees of schools by resolution elect to abolish the offices of township treasurer and trustee of schools effective on July 1 immediately following the election, then the offices shall be abolished on July 1 immediately following the election. On the date that the offices of township treasurer and trustee of schools of a

township are deemed abolished by operation of law, the school board of each elementary and unit school district and the school board of each high school district that is subject to the jurisdiction and authority of the township treasurer and trustees of schools of that township at the time those offices are abolished: (i) shall appoint its own school treasurer as provided in Section 8-1; and (ii) unless the term of the contract of a township treasurer expires on the date that the office of township treasurer is abolished, shall pay to the former township treasurer its proportionate share of any aggregate compensation that, were the office of township treasurer not abolished at that time, would have been payable to the former township treasurer after that date over the remainder of the term of the contract of the former township treasurer that began prior to but ends after that date. In addition, on the date that the offices of township treasurer and trustee of schools of a township are deemed abolished as provided in this subsection, the school board of each elementary school, high school, and unit school district that until that date is subject to the jurisdiction and authority of the township treasurer and trustees of schools of that township shall be deemed by operation of law to have agreed and assumed to pay and, when determined, shall pay to the Illinois Municipal Retirement Fund a proportionate share of the unfunded liability existing in that Fund at the time these offices are abolished in that calendar year for all annuities

or other benefits then or thereafter to become payable from that Fund with respect to all periods of service performed prior to that date as a participating employee in that Fund by persons serving during those periods of service as a trustee of schools, township treasurer or regular employee in the office of the township treasurer of that township. That unfunded liability shall be actuarially determined by the board of trustees of the Illinois Municipal Retirement Fund, and the board of trustees shall thereupon notify each school board required to pay a proportionate share of that unfunded liability of the aggregate amount of the unfunded liability so determined. The amount so paid to the Illinois Municipal Retirement Fund by each of those school districts shall be credited to the account of the township in that Fund. For each elementary school, high school, and unit school district under the jurisdiction and authority of a township treasurer and trustees of schools of a township in which those offices are abolished as provided in this subsection, each such district's proportionate share of the aggregate compensation payable to the former township treasurer as provided in this paragraph and each such district's proportionate share of the aggregate amount of the unfunded liability payable to the Illinois Municipal Retirement Fund as provided in this paragraph shall be computed in accordance with the ratio that the number of pupils in average daily attendance in each such district for the school year last ending prior to the date on which the

offices of township treasurer and trustee of schools of that township are abolished bears to the aggregate number of pupils in average daily attendance in all of those districts as so reported for that school year.

Upon abolition of the offices of township treasurer and trustee of schools of a township as provided in this subsection: (i) the regional board of school trustees, in its corporate capacity, shall be deemed the successor in interest to the former trustees of schools of that township with respect to the common school lands and township loanable funds of the township; (ii) all right, title, and interest existing or vested in the former trustees of schools of that township in the common school lands and township loanable funds of the township, and all records, moneys, securities and other assets, rights of property and causes of action pertaining to or constituting a part of those common school lands or township loanable funds, shall be transferred to and deemed vested by operation of law in the regional board of school trustees, which shall hold legal title to, manage, and operate all common school lands and township loanable funds of the township, receive the rents, issues, and profits therefrom, and have and exercise with respect thereto the same powers and duties as are provided by this Code to be exercised by regional boards of school trustees when acting as township land commissioners in counties having at least 220,000 but fewer than 2,000,000 inhabitants; (iii) the regional board of school

trustees shall select to serve as its treasurer with respect to the common school lands and township loanable funds of the township a person from time to time also serving as the appointed school treasurer of any school district that was subject to the jurisdiction and authority of the township treasurer and trustees of schools of that township at the time those offices were abolished, and the person selected to also serve as treasurer of the regional board of school trustees shall have his compensation for services in that capacity fixed by the regional board of school trustees, to be paid from the township loanable funds, and shall make to the regional board of school trustees the reports required to be made by treasurers of township land commissioners, give bond as required by treasurers of township land commissioners, and perform the duties and exercise the powers of treasurers of township land commissioners; (iv) the regional board of school trustees shall designate in the manner provided by Section 8-7, insofar as applicable, a depository for its treasurer, and the proceeds of all rents, issues, and profits from the common school lands and township loanable funds of that township shall be deposited and held in the account maintained for those purposes with that depository and shall be expended and distributed therefrom as provided in Section 15-24 and other applicable provisions of this Code; and (v) whenever there is vested in the trustees of schools of a township at the time that office is abolished under this subsection the legal

title to any school buildings or school sites used or occupied for school purposes by any elementary school, high school, or unit school district subject to the jurisdiction and authority of those trustees of school at the time that office is abolished, the legal title to those school buildings and school sites shall be deemed transferred by operation of law to and invested in the school board of that school district, in its corporate capacity under Section 10-22.35B of this Code, the same to be held, sold, exchanged, leased, or otherwise transferred in accordance with applicable provisions of this Code.

Notwithstanding Section 2-3.25g of this Code, a waiver of a mandate established under this Section may not be requested.

(d) Notwithstanding any other provision of law, any school district that forms a part of a Class II county school unit may, by a resolution adopted by at least two-thirds of the members of the school board of a school district, withdraw a school district from the jurisdiction and authority of the trustees of schools of the township in which such school district is located and from the jurisdiction and authority of the township treasurer of the township in which such school district is located, provided that the school board of the school district shall, upon the adoption and passage of such resolution, thereupon elect or appoint its own school treasurer as provided in Section 8-1 of this Code. The appointed school treasurer may include a township treasurer.

The school board may enter into a contractual or intergovernmental agreement with an appointed school treasurer for school treasurer services.

Upon adoption and passage of the resolution and the election or appointment by the school board of its own school treasurer commencing with the first day of the succeeding fiscal year, but not prior to July 1, 2025: (1) the trustees of schools in the township or townships shall no longer have or exercise any powers or duties with respect to the school district or with respect to the school business, operations, or assets of the school district; (2) all books and records of the trustees of schools and all moneys, securities, loanable funds, and other assets relating to the school business and affairs of the school district shall be transferred and delivered to the school board; and (3) all legal title to and all right, title, and interest formerly held by the trustees of schools in any common school lands, school buildings, or school sites used and occupied by the school board and all rights of property and causes of action pertaining to or constituting a part of the common school lands, buildings, or sites shall be deemed transferred by operation of law to and shall vest in the school board.

Trustees who serve on the board as a result of appointment or election at the time of the reorganization shall continue to serve as a member of the trustees of schools, with no greater or lesser authority than any other trustee, until such time as their elected term expires.

Each trustee of schools appointed by a board of education or board of school directors shall be entitled to indemnification and protection against claims and suits by the board that appointed that trustee of schools for acts or omissions as a trustee of schools in the same manner and to the same extent as the trustee of schools is entitled to indemnification and protection for acts or omissions as a member of the board of education or board of school directors under Section 10-20.20 of this Code.

(105 ILCS 5/10-22.6) (from Ch. 122, par. 10-22.6)

(Text of Section before amendment by P.A. 102-466)

Sec. 10-22.6. Suspension or expulsion of students; school searches.

(a) To expel students guilty of gross disobedience or misconduct, including gross disobedience or misconduct perpetuated by electronic means, pursuant to subsection (b-20) of this Section, and no action shall lie against them for such expulsion. Expulsion shall take place only after the parents have been requested to appear at a meeting of the board, or with a hearing officer appointed by it, to discuss their child's behavior. Such request shall be made by registered or certified mail and shall state the time, place and purpose of the meeting. The board, or a hearing officer appointed by it, at such meeting shall state the reasons for dismissal and the date on which the expulsion is to become effective. If a hearing officer is appointed by the board, the hearing officer shall report to the board a written summary of the evidence heard at the meeting and the board may take such action thereon as it finds appropriate. If the board acts to expel a student, the written expulsion decision shall detail the specific reasons why removing the student from the learning environment is in the best interest of the school. The expulsion decision shall also include a rationale as to the specific duration of the expulsion. An expelled student may be immediately transferred to an alternative program in the manner provided in Article 13A or 13B of this Code. A student must not be denied transfer because of the expulsion, except in cases in which such transfer is deemed to cause a threat to the safety of students or staff in the alternative program.

(b) To suspend or by policy to authorize the superintendent of the district or the principal, assistant principal, or dean of students of any school to suspend students guilty of gross disobedience or misconduct, or to suspend students guilty of gross disobedience or misconduct on the school bus from riding the school bus, pursuant to subsections (b-15) and (b-20) of this Section, and no action shall lie against them for such suspension. The board may by policy authorize the superintendent of the district or the principal, assistant principal, or dean of students of any school to suspend students guilty of such acts for a period not to exceed 10 school days. If a student is suspended due to gross disobedience or misconduct on a school bus, the board may suspend the student in excess of 10 school days for safety reasons.

Any suspension shall be reported immediately to the parents or guardian of a student along with a full statement of the reasons for such suspension and a notice of their right to a review. The school board must be given a summary of the notice, including the reason for the suspension and the suspension length. Upon request of the parents or guardian, the school board or a hearing officer appointed by it shall review such action of the superintendent or principal, assistant principal, or dean of students. At such review, the parents or guardian of the student may appear and discuss the suspension with the board or its hearing officer. If a hearing

officer is appointed by the board, he shall report to the board a written summary of the evidence heard at the meeting. After its hearing or upon receipt of the written report of its hearing officer, the board may take such action as it finds appropriate. If a student is suspended pursuant to this subsection (b), the board shall, in the written suspension decision, detail the specific act of gross disobedience or misconduct resulting in the decision to suspend. The suspension decision shall also include a rationale as to the specific duration of the suspension.

(b-5) Among the many possible disciplinary interventions and consequences available to school officials, school exclusions, such as out-of-school suspensions and expulsions, are the most serious. School officials shall limit the number and duration of expulsions and suspensions to the greatest extent practicable, and it is recommended that they use them only for legitimate educational purposes. To ensure that students are not excluded from school unnecessarily, it is recommended that school officials consider forms of non-exclusionary discipline prior to using out-of-school suspensions or expulsions.

(b-10) Unless otherwise required by federal law or this Code, school boards may not institute zero-tolerance policies by which school administrators are required to suspend or expel students for particular behaviors.

(b-15) Out-of-school suspensions of 3 days or less may be

used only if the student's continuing presence in school would pose a threat to school safety or a disruption to other students' learning opportunities. For purposes of this subsection (b-15), "threat to school safety or a disruption to other students' learning opportunities" shall be determined on a case-by-case basis by the school board or its designee. School officials shall make all reasonable efforts to resolve such threats, address such disruptions, and minimize the length of suspensions to the greatest extent practicable.

(b-20) Unless otherwise required by this Code, out-of-school suspensions of longer than 3 days, expulsions, and disciplinary removals to alternative schools may be used only if other appropriate and available behavioral and disciplinary interventions have been exhausted and the student's continuing presence in school would either (i) pose a threat to the safety of other students, staff, or members of the school community or (ii) substantially disrupt, impede, or interfere with the operation of the school. For purposes of this subsection (b-20), "threat to the safety of other students, staff, or members of the school community" and "substantially disrupt, impede, or interfere with the operation of the school" shall be determined on a case-by-case basis by school officials. For purposes of this subsection (b-20), the determination of whether "appropriate and available behavioral and disciplinary interventions have been exhausted" shall be made by school officials. School officials

shall make all reasonable efforts to resolve such threats, address such disruptions, and minimize the length of student exclusions to the greatest extent practicable. Within the suspension decision described in subsection (b) of this Section or the expulsion decision described in subsection (a) of this Section, it shall be documented whether other interventions were attempted or whether it was determined that there were no other appropriate and available interventions.

(b-25) Students who are suspended out-of-school for longer than 3 school days shall be provided appropriate and available support services during the period of their suspension. For purposes of this subsection (b-25), "appropriate and available support services" shall be determined by school authorities. Within the suspension decision described in subsection (b) of this Section, it shall be documented whether such services are to be provided or whether it was determined that there are no such appropriate and available services.

A school district may refer students who are expelled to appropriate and available support services.

A school district shall create a policy to facilitate the re-engagement of students who are suspended out-of-school, expelled, or returning from an alternative school setting. In consultation with stakeholders deemed appropriate by the State Board of Education, the State Board of Education shall draft and publish guidance for the re-engagement of students who are suspended out-of-school, expelled, or returning from an

alternative school setting in accordance with this Section and Section 13A-4 on or before July 1, 2025.

(b-30) A school district shall create a policy by which suspended students, including those students suspended from the school bus who do not have alternate transportation to school, shall have the opportunity to make up work for equivalent academic credit. It shall be the responsibility of a student's parent or guardian to notify school officials that a student suspended from the school bus does not have alternate transportation to school.

(c) A school board must invite a representative from a local mental health agency to consult with the board at the meeting whenever there is evidence that mental illness may be the cause of a student's expulsion or suspension.

(c-5) School districts shall make reasonable efforts to provide ongoing professional development to all school personnel, school board members, and school resource officers, on the requirements of this Section and Section 10-20.14, the adverse consequences of school exclusion and justice-system involvement, effective classroom management strategies, culturally responsive discipline, trauma-responsive learning environments, as defined in subsection (b) of Section 3-11, the appropriate and available supportive services for the promotion of student attendance and engagement, and developmentally appropriate disciplinary methods that promote positive and healthy school climates.

(d) The board may expel a student for a definite period of time not to exceed 2 calendar years, as determined on a case-by-case basis. A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of not less than one year:

(1) A firearm. For the purposes of this Section, "firearm" means any gun, rifle, shotgun, weapon as defined by Section 921 of Title 18 of the United States Code, firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act, or firearm as defined in Section 24-1 of the Criminal Code of 2012. The expulsion period under this subdivision (1) may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

(2) A knife, brass knuckles or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including "look alike" of any firearm as defined in subdivision (1) of this subsection (d). The expulsion requirement under this subdivision (2) may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

Expulsion or suspension shall be construed in a manner consistent with the federal Individuals with Disabilities

Education Act. A student who is subject to suspension or expulsion as provided in this Section may be eligible for a transfer to an alternative school program in accordance with Article 13A of the School Code.

(d-5) The board may suspend or by regulation authorize the superintendent of the district or the principal, assistant principal, or dean of students of any school to suspend a student for a period not to exceed 10 school days or may expel a student for a definite period of time not to exceed 2 calendar years, as determined on a case-by-case basis, if (i) that student has been determined to have made an explicit threat on an Internet website against a school employee, a student, or any school-related personnel, (ii) the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and (iii) the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of the individual's duties or employment status or status as a student inside the school.

(e) To maintain order and security in the schools, school authorities may inspect and search places and areas such as lockers, desks, parking lots, and other school property and equipment owned or controlled by the school, as well as personal effects left in those places and areas by students,

without notice to or the consent of the student, and without a search warrant. As a matter of public policy, the General Assembly finds that students have no reasonable expectation of privacy in these places and areas or in their personal effects left in these places and areas. School authorities may request the assistance of law enforcement officials for the purpose of conducting inspections and searches of lockers, desks, parking lots, and other school property and equipment owned or controlled by the school for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs. If a search conducted in accordance with this Section produces evidence that the student has violated or is violating either the law, local ordinance, or the school's policies or rules, such evidence may be seized by school authorities, and disciplinary action may be taken. School authorities may also turn over such evidence to law enforcement authorities.

(f) Suspension or expulsion may include suspension or expulsion from school and all school activities and a prohibition from being present on school grounds.

(g) A school district may adopt a policy providing that if a student is suspended or expelled for any reason from any public or private school in this or any other state, the student must complete the entire term of the suspension or expulsion in an alternative school program under Article 13A of this Code or an alternative learning opportunities program

under Article 13B of this Code before being admitted into the school district if there is no threat to the safety of students or staff in the alternative program.

(h) School officials shall not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties.

(i) A student may not be issued a monetary fine or fee as a disciplinary consequence, though this shall not preclude requiring a student to provide restitution for lost, stolen, or damaged property.

(j) Subsections (a) through (i) of this Section shall apply to elementary and secondary schools, charter schools, special charter districts, and school districts organized under Article 34 of this Code.

(k) The expulsion of students enrolled in programs funded under Section 1C-2 of this Code is subject to the requirements under paragraph (7) of subsection (a) of Section 2-3.71 of this Code.

(l) An in-school suspension program provided by a school district for any students in kindergarten through grade 12 may focus on promoting non-violent conflict resolution and positive interaction with other students and school personnel. A school district may employ a school social worker or a licensed mental health professional to oversee an in-school suspension program in kindergarten through grade 12.

Sec. 10-22.6. Suspension or expulsion of students; school searches.

(a) To expel students guilty of gross disobedience or misconduct, including gross disobedience or misconduct perpetuated by electronic means, pursuant to subsection (b-20) of this Section, and no action shall lie against them for such expulsion. Expulsion shall take place only after the parents or guardians have been requested to appear at a meeting of the board, or with a hearing officer appointed by it, to discuss their child's behavior. Such request shall be made by registered or certified mail and shall state the time, place and purpose of the meeting. The board, or a hearing officer appointed by it, at such meeting shall state the reasons for dismissal and the date on which the expulsion is to become effective. If a hearing officer is appointed by the board, the hearing officer shall report to the board a written summary of the evidence heard at the meeting and the board may take such action thereon as it finds appropriate. If the board acts to expel a student, the written expulsion decision shall detail the specific reasons why removing the student from the learning environment is in the best interest of the school. The expulsion decision shall also include a rationale as to the specific duration of the expulsion. An expelled student

may be immediately transferred to an alternative program in the manner provided in Article 13A or 13B of this Code. A student must not be denied transfer because of the expulsion, except in cases in which such transfer is deemed to cause a threat to the safety of students or staff in the alternative program.

(b) To suspend or by policy to authorize the superintendent of the district or the principal, assistant principal, or dean of students of any school to suspend students guilty of gross disobedience or misconduct, or to suspend students guilty of gross disobedience or misconduct on the school bus from riding the school bus, pursuant to subsections (b-15) and (b-20) of this Section, and no action shall lie against them for such suspension. The board may by policy authorize the superintendent of the district or the principal, assistant principal, or dean of students of any school to suspend students guilty of such acts for a period not to exceed 10 school days. If a student is suspended due to gross disobedience or misconduct on a school bus, the board may suspend the student in excess of 10 school days for safety reasons.

Any suspension shall be reported immediately to the parents or guardians of a student along with a full statement of the reasons for such suspension and a notice of their right to a review. The school board must be given a summary of the notice, including the reason for the suspension and the

suspension length. Upon request of the parents or guardians, the school board or a hearing officer appointed by it shall review such action of the superintendent or principal, assistant principal, or dean of students. At such review, the parents or guardians of the student may appear and discuss the suspension with the board or its hearing officer. If a hearing officer is appointed by the board, he shall report to the board a written summary of the evidence heard at the meeting. After its hearing or upon receipt of the written report of its hearing officer, the board may take such action as it finds appropriate. If a student is suspended pursuant to this subsection (b), the board shall, in the written suspension decision, detail the specific act of gross disobedience or misconduct resulting in the decision to suspend. The suspension decision shall also include a rationale as to the specific duration of the suspension.

(b-5) Among the many possible disciplinary interventions and consequences available to school officials, school exclusions, such as out-of-school suspensions and expulsions, are the most serious. School officials shall limit the number and duration of expulsions and suspensions to the greatest extent practicable, and it is recommended that they use them only for legitimate educational purposes. To ensure that students are not excluded from school unnecessarily, it is recommended that school officials consider forms of non-exclusionary discipline prior to using out-of-school

suspensions or expulsions.

(b-10) Unless otherwise required by federal law or this Code, school boards may not institute zero-tolerance policies by which school administrators are required to suspend or expel students for particular behaviors.

(b-15) Out-of-school suspensions of 3 days or less may be used only if the student's continuing presence in school would pose a threat to school safety or a disruption to other students' learning opportunities. For purposes of this subsection (b-15), "threat to school safety or a disruption to other students' learning opportunities" shall be determined on a case-by-case basis by the school board or its designee. School officials shall make all reasonable efforts to resolve such threats, address such disruptions, and minimize the length of suspensions to the greatest extent practicable.

(b-20) Unless otherwise required by this Code, out-of-school suspensions of longer than 3 days, expulsions, and disciplinary removals to alternative schools may be used only if other appropriate and available behavioral and disciplinary interventions have been exhausted and the student's continuing presence in school would either (i) pose a threat to the safety of other students, staff, or members of the school community or (ii) substantially disrupt, impede, or interfere with the operation of the school. For purposes of this subsection (b-20), "threat to the safety of other students, staff, or members of the school community" and

"substantially disrupt, impede, or interfere with the operation of the school" shall be determined on a case-by-case basis by school officials. For purposes of this subsection (b-20), the determination of whether "appropriate and available behavioral and disciplinary interventions have been exhausted" shall be made by school officials. School officials shall make all reasonable efforts to resolve such threats, address such disruptions, and minimize the length of student exclusions to the greatest extent practicable. Within the suspension decision described in subsection (b) of this Section or the expulsion decision described in subsection (a) of this Section, it shall be documented whether other interventions were attempted or whether it was determined that there were no other appropriate and available interventions.

(b-25) Students who are suspended out-of-school for longer than 3 school days shall be provided appropriate and available support services during the period of their suspension. For purposes of this subsection (b-25), "appropriate and available support services" shall be determined by school authorities. Within the suspension decision described in subsection (b) of this Section, it shall be documented whether such services are to be provided or whether it was determined that there are no such appropriate and available services.

A school district may refer students who are expelled to appropriate and available support services.

A school district shall create a policy to facilitate the

re-engagement of students who are suspended out-of-school, expelled, or returning from an alternative school setting. In consultation with stakeholders deemed appropriate by the State Board of Education, the State Board of Education shall draft and publish guidance for the re-engagement of students who are suspended out-of-school, expelled, or returning from an alternative school setting in accordance with this Section and Section 13A-4 on or before July 1, 2025.

(b-30) A school district shall create a policy by which suspended students, including those students suspended from the school bus who do not have alternate transportation to school, shall have the opportunity to make up work for equivalent academic credit. It shall be the responsibility of a student's parents or guardians to notify school officials that a student suspended from the school bus does not have alternate transportation to school.

(b-35) In all suspension review hearings conducted under subsection (b) or expulsion hearings conducted under subsection (a), a student may disclose any factor to be considered in mitigation, including his or her status as a parent, expectant parent, or victim of domestic or sexual violence, as defined in Article 26A. A representative of the parent's or guardian's choice, or of the student's choice if emancipated, must be permitted to represent the student throughout the proceedings and to address the school board or its appointed hearing officer. With the approval of the

student's parent or guardian, or of the student if emancipated, a support person must be permitted to accompany the student to any disciplinary hearings or proceedings. The representative or support person must comply with any rules of the school district's hearing process. If the representative or support person violates the rules or engages in behavior or advocacy that harasses, abuses, or intimidates either party, a witness, or anyone else in attendance at the hearing, the representative or support person may be prohibited from further participation in the hearing or proceeding. A suspension or expulsion proceeding under this subsection (b-35) must be conducted independently from any ongoing criminal investigation or proceeding, and an absence of pending or possible criminal charges, criminal investigations, or proceedings may not be a factor in school disciplinary decisions.

(b-40) During a suspension review hearing conducted under subsection (b) or an expulsion hearing conducted under subsection (a) that involves allegations of sexual violence by the student who is subject to discipline, neither the student nor his or her representative shall directly question nor have direct contact with the alleged victim. The student who is subject to discipline or his or her representative may, at the discretion and direction of the school board or its appointed hearing officer, suggest questions to be posed by the school board or its appointed hearing officer to the alleged victim.

(c) A school board must invite a representative from a local mental health agency to consult with the board at the meeting whenever there is evidence that mental illness may be the cause of a student's expulsion or suspension.

(c-5) School districts shall make reasonable efforts to provide ongoing professional development to all school personnel, school board members, and school resource officers on the requirements of this Section and Section 10-20.14, the adverse consequences of school exclusion and justice-system involvement, effective classroom management strategies, culturally responsive discipline, trauma-responsive learning environments, as defined in subsection (b) of Section 3-11, the appropriate and available supportive services for the promotion of student attendance and engagement, and developmentally appropriate disciplinary methods that promote positive and healthy school climates.

(d) The board may expel a student for a definite period of time not to exceed 2 calendar years, as determined on a case-by-case basis. A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of not less than one year:

(1) A firearm. For the purposes of this Section, "firearm" means any gun, rifle, shotgun, weapon as defined by Section 921 of Title 18 of the United States Code,

firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act, or firearm as defined in Section 24-1 of the Criminal Code of 2012. The expulsion period under this subdivision (1) may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

(2) A knife, brass knuckles or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including "look alike" of any firearm as defined in subdivision (1) of this subsection (d). The expulsion requirement under this subdivision (2) may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

Expulsion or suspension shall be construed in a manner consistent with the federal Individuals with Disabilities Education Act. A student who is subject to suspension or expulsion as provided in this Section may be eligible for a transfer to an alternative school program in accordance with Article 13A of the School Code.

(d-5) The board may suspend or by regulation authorize the superintendent of the district or the principal, assistant principal, or dean of students of any school to suspend a student for a period not to exceed 10 school days or may expel a student for a definite period of time not to exceed 2 calendar years, as determined on a case-by-case basis, if (i)

that student has been determined to have made an explicit threat on an Internet website against a school employee, a student, or any school-related personnel, (ii) the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and (iii) the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of the individual's duties or employment status or status as a student inside the school.

(e) To maintain order and security in the schools, school authorities may inspect and search places and areas such as lockers, desks, parking lots, and other school property and equipment owned or controlled by the school, as well as personal effects left in those places and areas by students, without notice to or the consent of the student, and without a search warrant. As a matter of public policy, the General Assembly finds that students have no reasonable expectation of privacy in these places and areas or in their personal effects left in these places and areas. School authorities may request the assistance of law enforcement officials for the purpose of conducting inspections and searches of lockers, desks, parking lots, and other school property and equipment owned or controlled by the school for illegal drugs, weapons, or other illegal or dangerous substances or materials, including

searches conducted through the use of specially trained dogs. If a search conducted in accordance with this Section produces evidence that the student has violated or is violating either the law, local ordinance, or the school's policies or rules, such evidence may be seized by school authorities, and disciplinary action may be taken. School authorities may also turn over such evidence to law enforcement authorities.

(f) Suspension or expulsion may include suspension or expulsion from school and all school activities and a prohibition from being present on school grounds.

(g) A school district may adopt a policy providing that if a student is suspended or expelled for any reason from any public or private school in this or any other state, the student must complete the entire term of the suspension or expulsion in an alternative school program under Article 13A of this Code or an alternative learning opportunities program under Article 13B of this Code before being admitted into the school district if there is no threat to the safety of students or staff in the alternative program. A school district that adopts a policy under this subsection (g) must include a provision allowing for consideration of any mitigating factors, including, but not limited to, a student's status as a parent, expectant parent, or victim of domestic or sexual violence, as defined in Article 26A.

(h) School officials shall not advise or encourage students to drop out voluntarily due to behavioral or academic

difficulties.

(i) A student may not be issued a monetary fine or fee as a disciplinary consequence, though this shall not preclude requiring a student to provide restitution for lost, stolen, or damaged property.

(j) Subsections (a) through (i) of this Section shall apply to elementary and secondary schools, charter schools, special charter districts, and school districts organized under Article 34 of this Code.

(k) Through June 30, 2026, the expulsion of students enrolled in programs funded under Section 1C-2 of this Code is subject to the requirements under paragraph (7) of subsection (a) of Section 2-3.71 of this Code.

(k-5) On and after July 1, 2026, the expulsion of children enrolled in programs funded under Section 15-25 of the Department of Early Childhood Act is subject to the requirements of paragraph (7) of subsection (a) of Section 15-30 of the Department of Early Childhood Act.

(l) An in-school suspension program provided by a school district for any students in kindergarten through grade 12 may focus on promoting non-violent conflict resolution and positive interaction with other students and school personnel. A school district may employ a school social worker or a licensed mental health professional to oversee an in-school suspension program in kindergarten through grade 12.

(a) Each school district shall have a policy that allows for accelerated placement that includes or incorporates by reference the following components:

(1) a provision that provides that participation in accelerated placement is not limited to those children who have been identified as gifted and talented, but rather is open to all children who demonstrate high ability and who may benefit from accelerated placement;

(2) a fair and equitable decision-making process that involves multiple persons and includes a student's parents or guardians;

(3) procedures for notifying parents or guardians of a child of a decision affecting that child's participation in an accelerated placement program; and

(4) an assessment process that includes multiple valid, reliable indicators.

(a-5) By no later than the beginning of the 2023-2024 school year, a school district's accelerated placement policy shall allow for the automatic enrollment, in the following school term, of a student into the next most rigorous level of advanced coursework offered by the high school if the student meets or exceeds State standards in English language arts, mathematics, or science on a State assessment administered under Section 2-3.64a-5 as follows:

(1) A student who exceeds State standards in English language arts shall be automatically enrolled into the

next most rigorous level of advanced coursework in English, social studies, humanities, or related subjects.

(2) A student who exceeds State standards in mathematics shall be automatically enrolled into the next most rigorous level of advanced coursework in mathematics.

(3) A student who exceeds State standards in science shall be automatically enrolled into the next most rigorous level of advanced coursework in science.

(a-10) By no later than the beginning of the 2027-2028 school year, a school district's accelerated placement policy shall allow for automatic eligibility, in the following school term, for a student to enroll in the next most rigorous level of advanced coursework offered by the high school if the student meets State standards in English language arts, mathematics, or science on a State assessment administered under Section 2-3.64a-5 as follows:

(1) A student who meets State standards in English language arts shall be automatically eligible to enroll in the next most rigorous level of advanced coursework in English, social studies, humanities, or related subjects.

(2) A student who meets State standards in mathematics shall be automatically eligible to enroll in the next most rigorous level of advanced coursework in mathematics.

(3) A student who meets State standards in science shall be automatically eligible to enroll in the next most rigorous level of advanced coursework in science.

(a-15) For a student entering grade 12, the next most rigorous level of advanced coursework in English language arts or mathematics shall be a dual credit course, as defined in the Dual Credit Quality Act, an Advanced Placement course, as defined in Section 10 of the College and Career Success for All Students Act, or an International Baccalaureate course; otherwise, the next most rigorous level of advanced coursework under this subsection (a-15) may include a dual credit course, as defined in the Dual Credit Quality Act, an Advanced Placement course, as defined in Section 10 of the College and Career Success for All Students Act, an International Baccalaureate course, an honors class, an enrichment opportunity, a gifted program, or another program offered by the district.

A school district may use the student's most recent State assessment results to determine whether a student meets or exceeds State standards. For a student entering grade 9, results from the State assessment taken in grades 6 through 8 may be used. For other high school grades, the results from a locally selected, nationally normed assessment may be used instead of the State assessment if those results are the most recent.

(a-20) A school district's accelerated placement policy may allow for the waiver of a course or unit of instruction completion requirement if (i) completion of the course or unit of instruction is required by this Code or rules adopted by the

State Board of Education as a prerequisite to receiving a high school diploma and (ii) the school district has determined that the student has demonstrated mastery of or competency in the content of the course or unit of instruction. The school district shall maintain documentation of this determination of mastery or competency for each student, that shall include identification of the learning standards or competencies reviewed, the methods of measurement used, student performance, the date of the determination, and identification of the district personnel involved in the determination process.

(a-25) A school district's accelerated placement policy must include a process through which the parent or guardian of each student who meets State standards is provided notification in writing of the student's eligibility for enrollment in accelerated courses. This notification must provide details on the procedures for the parent or guardian to enroll or not enroll the student in accelerated courses, in writing, on forms the school district makes available. If no course selection is made by the parent or guardian in accordance with procedures set forth by the school district, the student shall be automatically enrolled in the next most rigorous level of coursework. A school district must provide the parent or guardian of a student eligible for enrollment under subsection (a-5) or (a-10) with the option to instead have the student enroll in alternative coursework that better

aligns with the student's postsecondary education or career goals. If applicable, a school district must provide notification to a student's parent or guardian that the student will receive a waiver of a course or unit of instruction completion requirement under subsection ~~subsections~~ (a-5) or (a-10).

Nothing in subsection (a-5) or (a-10) may be interpreted to preclude other students from enrolling in advanced coursework per the policy of a school district.

(a-30) Nothing in this Section shall prohibit the implementation of policies that allow for automatic enrollment of students who meet standards on State assessments into the next most rigorous level of advanced coursework offered by a high school.

(b) Further, a school district's accelerated placement policy may include or incorporate by reference, but need not be limited to, the following components:

(1) procedures for annually informing the community at-large, including parents or guardians, community-based organizations, and providers of out-of-school programs, about the accelerated placement program and the methods used for the identification of children eligible for accelerated placement, including strategies to reach groups of students and families who have been historically underrepresented in accelerated placement programs and advanced coursework;

(2) a process for referral that allows for multiple referrers, including a child's parents or guardians; other referrers may include licensed education professionals, the child, with the written consent of a parent or guardian, a peer, through a licensed education professional who has knowledge of the referred child's abilities, or, in case of possible early entrance, a preschool educator, pediatrician, or psychologist who knows the child;

(3) a provision that provides that children participating in an accelerated placement program and their parents or guardians will be provided a written plan detailing the type of acceleration the child will receive and strategies to support the child;

(4) procedures to provide support and promote success for students who are newly enrolled in an accelerated placement program;

(5) a process for the school district to review and utilize disaggregated data on participation in an accelerated placement program to address gaps among demographic groups in accelerated placement opportunities; and

(6) procedures to promote equity, which may incorporate one or more of the following evidence-based practices:

(A) the use of multiple tools to assess

exceptional potential and provide several pathways into advanced academic programs when assessing student need for advanced academic or accelerated programming;

(B) providing enrichment opportunities starting in the early grades to address achievement gaps that occur at school entry and provide students with opportunities to demonstrate their advanced potential;

(C) the use of universal screening combined with local school-based norms for placement in accelerated and advanced learning programs;

(D) developing a continuum of services to identify and develop talent in all learners ranging from enriched learning experiences, such as problem-based learning, performance tasks, critical thinking, and career exploration, to accelerated placement and advanced academic programming; and

(E) providing professional learning in gifted education for teachers and other appropriate school personnel to appropriately identify and challenge students from diverse cultures and backgrounds who may benefit from accelerated placement or advanced academic programming.

(c) The State Board of Education shall adopt rules to determine data to be collected and disaggregated by demographic group regarding accelerated placement, including the rates of students who participate in and successfully

complete advanced coursework, and a method of making the information available to the public.

(d) On or before November 1, 2022, following a review of disaggregated data on the participation and successful completion rates of students enrolled in an accelerated placement program, each school district shall develop a plan to expand access to its accelerated placement program and to ensure the teaching capacity necessary to meet the increased demand.

Sec. 18-8.15. Evidence-Based Funding for student success for the 2017-2018 and subsequent school years.

(a) General provisions.

(1) The purpose of this Section is to ensure that, by June 30, 2027 and beyond, this State has a kindergarten through grade 12 public education system with the capacity to ensure the educational development of all persons to the limits of their capacities in accordance with Section 1 of Article X of the Constitution of the State of Illinois. To accomplish that objective, this Section creates a method of funding public education that is evidence-based; is sufficient to ensure every student

receives a meaningful opportunity to learn irrespective of race, ethnicity, sexual orientation, gender, or community-income level; and is sustainable and predictable. When fully funded under this Section, every school shall have the resources, based on what the evidence indicates is needed, to:

(A) provide all students with a high quality education that offers the academic, enrichment, social and emotional support, technical, and career-focused programs that will allow them to become competitive workers, responsible parents, productive citizens of this State, and active members of our national democracy;

(B) ensure all students receive the education they need to graduate from high school with the skills required to pursue post-secondary education and training for a rewarding career;

(C) reduce, with a goal of eliminating, the achievement gap between at-risk and non-at-risk students by raising the performance of at-risk students and not by reducing standards; and

(D) ensure this State satisfies its obligation to assume the primary responsibility to fund public education and simultaneously relieve the disproportionate burden placed on local property taxes to fund schools.

(2) The Evidence-Based Funding formula under this Section shall be applied to all Organizational Units in this State. The Evidence-Based Funding formula outlined in this Act is based on the formula outlined in Senate Bill 1 of the 100th General Assembly, as passed by both legislative chambers. As further defined and described in this Section, there are 4 major components of the Evidence-Based Funding model:

(A) First, the model calculates a unique Adequacy Target for each Organizational Unit in this State that considers the costs to implement research-based activities, the unit's student demographics, and regional wage differences.

(B) Second, the model calculates each Organizational Unit's Local Capacity, or the amount each Organizational Unit is assumed to contribute toward its Adequacy Target from local resources.

(C) Third, the model calculates how much funding the State currently contributes to the Organizational Unit and adds that to the unit's Local Capacity to determine the unit's overall current adequacy of funding.

(D) Finally, the model's distribution method allocates new State funding to those Organizational Units that are least well-funded, considering both Local Capacity and State funding, in relation to their

Adequacy Target.

(3) An Organizational Unit receiving any funding under this Section may apply those funds to any fund so received for which that Organizational Unit is authorized to make expenditures by law.

(4) As used in this Section, the following terms shall have the meanings ascribed in this paragraph (4):

"Adequacy Target" is defined in paragraph (1) of subsection (b) of this Section.

"Adjusted EAV" is defined in paragraph (4) of subsection (d) of this Section.

"Adjusted Local Capacity Target" is defined in paragraph (3) of subsection (c) of this Section.

"Adjusted Operating Tax Rate" means a tax rate for all Organizational Units, for which the State Superintendent shall calculate and subtract for the Operating Tax Rate a transportation rate based on total expenses for transportation services under this Code, as reported on the most recent Annual Financial Report in Pupil Transportation Services, function 2550 in both the Education and Transportation funds and functions 4110 and 4120 in the Transportation fund, less any corresponding fiscal year State of Illinois scheduled payments excluding net adjustments for prior years for regular, vocational, or special education transportation reimbursement pursuant to Section 29-5 or subsection (b) of Section 14-13.01 of

this Code divided by the Adjusted EAV. If an Organizational Unit's corresponding fiscal year State of Illinois scheduled payments excluding net adjustments for prior years for regular, vocational, or special education transportation reimbursement pursuant to Section 29-5 or subsection (b) of Section 14-13.01 of this Code exceed the total transportation expenses, as defined in this paragraph, no transportation rate shall be subtracted from the Operating Tax Rate.

"Allocation Rate" is defined in paragraph (3) of subsection (g) of this Section.

"Alternative School" means a public school that is created and operated by a regional superintendent of schools and approved by the State Board.

"Applicable Tax Rate" is defined in paragraph (1) of subsection (d) of this Section.

"Assessment" means any of those benchmark, progress monitoring, formative, diagnostic, and other assessments, in addition to the State accountability assessment, that assist teachers' needs in understanding the skills and meeting the needs of the students they serve.

"Assistant principal" means a school administrator duly endorsed to be employed as an assistant principal in this State.

"At-risk student" means a student who is at risk of not meeting the Illinois Learning Standards or not

graduating from elementary or high school and who demonstrates a need for vocational support or social services beyond that provided by the regular school program. All students included in an Organizational Unit's Low-Income Count, as well as all English learner and disabled students attending the Organizational Unit, shall be considered at-risk students under this Section.

"Average Student Enrollment" or "ASE" for fiscal year 2018 means, for an Organizational Unit, the greater of the average number of students (grades K through 12) reported to the State Board as enrolled in the Organizational Unit on October 1 in the immediately preceding school year, plus the pre-kindergarten students who receive special education services of 2 or more hours a day as reported to the State Board on December 1 in the immediately preceding school year, or the average number of students (grades K through 12) reported to the State Board as enrolled in the Organizational Unit on October 1, plus the pre-kindergarten students who receive special education services of 2 or more hours a day as reported to the State Board on December 1, for each of the immediately preceding 3 school years. For fiscal year 2019 and each subsequent fiscal year, "Average Student Enrollment" or "ASE" means, for an Organizational Unit, the greater of the average number of students (grades K through 12) reported to the State Board as enrolled in the Organizational Unit on

October 1 and March 1 in the immediately preceding school year, plus the pre-kindergarten students who receive special education services as reported to the State Board on October 1 and March 1 in the immediately preceding school year, or the average number of students (grades K through 12) reported to the State Board as enrolled in the Organizational Unit on October 1 and March 1, plus the pre-kindergarten students who receive special education services as reported to the State Board on October 1 and March 1, for each of the immediately preceding 3 school years. For the purposes of this definition, "enrolled in the Organizational Unit" means the number of students reported to the State Board who are enrolled in schools within the Organizational Unit that the student attends or would attend if not placed or transferred to another school or program to receive needed services. For the purposes of calculating "ASE", all students, grades K through 12, excluding those attending kindergarten for a half day and students attending an alternative education program operated by a regional office of education or intermediate service center, shall be counted as 1.0. All students attending kindergarten for a half day shall be counted as 0.5, unless in 2017 by June 15 or by March 1 in subsequent years, the school district reports to the State Board of Education the intent to implement full-day kindergarten district-wide for all students, then all

students attending kindergarten shall be counted as 1.0. Special education pre-kindergarten students shall be counted as 0.5 each. If the State Board does not collect or has not collected both an October 1 and March 1 enrollment count by grade or a December 1 collection of special education pre-kindergarten students as of August 31, 2017 (the effective date of Public Act 100-465), it shall establish such collection for all future years. For any year in which a count by grade level was collected only once, that count shall be used as the single count available for computing a 3-year average ASE. Funding for programs operated by a regional office of education or an intermediate service center must be calculated using the Evidence-Based Funding formula under this Section for the 2019-2020 school year and each subsequent school year until separate adequacy formulas are developed and adopted for each type of program. ASE for a program operated by a regional office of education or an intermediate service center must be determined by the March 1 enrollment for the program. For the 2019-2020 school year, the ASE used in the calculation must be the first-year ASE and, in that year only, the assignment of students served by a regional office of education or intermediate service center shall not result in a reduction of the March enrollment for any school district. For the 2020-2021 school year, the ASE must be the greater of the current-year ASE or the 2-year

average ASE. Beginning with the 2021-2022 school year, the ASE must be the greater of the current-year ASE or the 3-year average ASE. School districts shall submit the data for the ASE calculation to the State Board within 45 days of the dates required in this Section for submission of enrollment data in order for it to be included in the ASE calculation. For fiscal year 2018 only, the ASE calculation shall include only enrollment taken on October 1. In recognition of the impact of COVID-19, the definition of "Average Student Enrollment" or "ASE" shall be adjusted for calculations under this Section for fiscal years 2022 through 2024. For fiscal years 2022 through 2024, the enrollment used in the calculation of ASE representing the 2020-2021 school year shall be the greater of the enrollment for the 2020-2021 school year or the 2019-2020 school year.

"Summer school" means academic and enrichment programs provided to students during the summer months outside of the regular school year.

"Supervisory aide" means a non-licensed staff member who helps in supervising students of an Organizational Unit, but does so outside of the classroom, in situations such as, but not limited to, monitoring hallways and playgrounds, supervising lunchrooms, or supervising students when being transported in buses serving the Organizational Unit.

"Target Ratio" is defined in paragraph (4) of

subsection (g).

"Tier 1", "Tier 2", "Tier 3", and "Tier 4" are defined in paragraph (3) of subsection (g).

"Tier 1 Aggregate Funding", "Tier 2 Aggregate Funding", "Tier 3 Aggregate Funding", and "Tier 4 Aggregate Funding" are defined in paragraph (1) of subsection (g).

(b) Adequacy Target calculation.

(1) Each Organizational Unit's Adequacy Target is the sum of the Organizational Unit's cost of providing Essential Elements, as calculated in accordance with this subsection (b), with the salary amounts in the Essential Elements multiplied by a Regionalization Factor calculated pursuant to paragraph (3) of this subsection (b).

(2) The Essential Elements are attributable on a pro rata basis related to defined subgroups of the ASE of each Organizational Unit as specified in this paragraph (2), with investments and FTE positions pro rata funded based on ASE counts in excess of or less than the thresholds set forth in this paragraph (2). The method for calculating attributable pro rata costs and the defined subgroups thereto are as follows:

(A) Core class size investments. Each Organizational Unit shall receive the funding required to support that number of FTE core teacher positions as is needed to keep the respective class sizes of the

Organizational Unit to the following maximum numbers:

(i) For grades kindergarten through 3, the Organizational Unit shall receive funding required to support one FTE core teacher position for every 15 Low-Income Count students in those grades and one FTE core teacher position for every 20 non-Low-Income Count students in those grades.

(ii) For grades 4 through 12, the Organizational Unit shall receive funding required to support one FTE core teacher position for every 20 Low-Income Count students in those grades and one FTE core teacher position for every 25 non-Low-Income Count students in those grades.

The number of non-Low-Income Count students in a grade shall be determined by subtracting the Low-Income students in that grade from the ASE of the Organizational Unit for that grade.

(B) Specialist teacher investments. Each Organizational Unit shall receive the funding needed to cover that number of FTE specialist teacher positions that correspond to the following percentages:

(i) if the Organizational Unit operates an elementary or middle school, then 20.00% of the number of the Organizational Unit's core teachers, as determined under subparagraph (A) of this

paragraph (2); and

(ii) if such Organizational Unit operates a high school, then 33.33% of the number of the Organizational Unit's core teachers.

(C) Instructional facilitator investments. Each Organizational Unit shall receive the funding needed to cover one FTE instructional facilitator position for every 200 combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 12 students of the Organizational Unit.

(D) Core intervention teacher (tutor) investments. Each Organizational Unit shall receive the funding needed to cover one FTE teacher position for each prototypical elementary, middle, and high school.

(E) Substitute teacher investments. Each Organizational Unit shall receive the funding needed to cover substitute teacher costs that is equal to 5.70% of the minimum pupil attendance days required under Section 10-19 of this Code for all full-time equivalent core, specialist, and intervention teachers, school nurses, special education teachers and instructional assistants, instructional facilitators, and summer school and extended day teacher positions, as determined under this paragraph (2), at a salary rate of 33.33% of the average salary for grade K through 12 teachers and 33.33% of the

average salary of each instructional assistant position.

(F) Core school counselor investments. Each Organizational Unit shall receive the funding needed to cover one FTE school counselor for each 450 combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 5 students, plus one FTE school counselor for each 250 grades 6 through 8 ASE middle school students, plus one FTE school counselor for each 250 grades 9 through 12 ASE high school students.

(H) Supervisory aide investments. Each Organizational Unit shall receive the funding needed to cover one FTE for each 225 combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 5 students, plus one FTE for each 225 ASE middle school students, plus one FTE for each 200 ASE high school students.

(I) Librarian investments. Each Organizational Unit shall receive the funding needed to cover one FTE

librarian for each prototypical elementary school, middle school, and high school and one FTE aide or media technician for every 300 combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 12 students.

(J) Principal investments. Each Organizational Unit shall receive the funding needed to cover one FTE principal position for each prototypical elementary school, plus one FTE principal position for each prototypical middle school, plus one FTE principal position for each prototypical high school.

(K) Assistant principal investments. Each Organizational Unit shall receive the funding needed to cover one FTE assistant principal position for each prototypical elementary school, plus one FTE assistant principal position for each prototypical middle school, plus one FTE assistant principal position for each prototypical high school.

(L) School site staff investments. Each Organizational Unit shall receive the funding needed for one FTE position for each 225 ASE of pre-kindergarten children with disabilities and all kindergarten through grade 5 students, plus one FTE position for each 225 ASE middle school students, plus one FTE position for each 200 ASE high school students.

(M) Gifted investments. Each Organizational Unit shall receive \$40 per kindergarten through grade 12 ASE.

(N) Professional development investments. Each Organizational Unit shall receive \$125 per student of the combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 12 students for trainers and other professional development-related expenses for supplies and materials.

(O) Instructional material investments. Each Organizational Unit shall receive \$190 per student of the combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 12 students to cover instructional material costs.

(P) Assessment investments. Each Organizational Unit shall receive \$25 per student of the combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 12 students to cover assessment costs.

(Q) Computer technology and equipment investments. Each Organizational Unit shall receive \$285.50 per student of the combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 12 students to cover computer technology and equipment costs. For the 2018-2019 school year and

subsequent school years, Organizational Units assigned to Tier 1 and Tier 2 in the prior school year shall receive an additional \$285.50 per student of the combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 12 students to cover computer technology and equipment costs in the Organizational Unit's Adequacy Target. The State Board may establish additional requirements for Organizational Unit expenditures of funds received pursuant to this subparagraph (Q), including a requirement that funds received pursuant to this subparagraph (Q) may be used only for serving the technology needs of the district. It is the intent of Public Act 100-465 that all Tier 1 and Tier 2 districts receive the addition to their Adequacy Target in the following year, subject to compliance with the requirements of the State Board.

(R) Student activities investments. Each Organizational Unit shall receive the following funding amounts to cover student activities: \$100 per kindergarten through grade 5 ASE student in elementary school, plus \$200 per ASE student in middle school, plus \$675 per ASE student in high school.

(S) Maintenance and operations investments. Each Organizational Unit shall receive \$1,038 per student of the combined ASE of pre-kindergarten children with

disabilities and all kindergarten through grade 12 students for day-to-day maintenance and operations expenditures, including salary, supplies, and materials, as well as purchased services, but excluding employee benefits. The proportion of salary for the application of a Regionalization Factor and the calculation of benefits is equal to \$352.92.

(T) Central office investments. Each Organizational Unit shall receive \$742 per student of the combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 12 students to cover central office operations, including administrators and classified personnel charged with managing the instructional programs, business and operations of the school district, and security personnel. The proportion of salary for the application of a Regionalization Factor and the calculation of benefits is equal to \$368.48.

(U) Employee benefit investments. Each Organizational Unit shall receive 30% of the total of all salary-calculated elements of the Adequacy Target, excluding substitute teachers and student activities investments, to cover benefit costs. For central office and maintenance and operations investments, the benefit calculation shall be based upon the salary proportion of each investment. If at any time the

responsibility for funding the employer normal cost of teacher pensions is assigned to school districts, then that amount certified by the Teachers' Retirement System of the State of Illinois to be paid by the Organizational Unit for the preceding school year shall be added to the benefit investment. For any fiscal year in which a school district organized under Article 34 of this Code is responsible for paying the employer normal cost of teacher pensions, then that amount of its employer normal cost plus the amount for retiree health insurance as certified by the Public School Teachers' Pension and Retirement Fund of Chicago to be paid by the school district for the preceding school year that is statutorily required to cover employer normal costs and the amount for retiree health insurance shall be added to the 30% specified in this subparagraph (U). The Teachers' Retirement System of the State of Illinois and the Public School Teachers' Pension and Retirement Fund of Chicago shall submit such information as the State Superintendent may require for the calculations set forth in this subparagraph (U).

(V) Additional investments in low-income students. In addition to and not in lieu of all other funding under this paragraph (2), each Organizational Unit shall receive funding based on the average teacher

salary for grades K through 12 to cover the costs of:

- (i) one FTE intervention teacher (tutor) position for every 125 Low-Income Count students;
- (ii) one FTE pupil support staff position for every 125 Low-Income Count students;
- (iii) one FTE extended day teacher position for every 120 Low-Income Count students; and
- (iv) one FTE summer school teacher position for every 120 Low-Income Count students.

(W) Additional investments in English learner students. In addition to and not in lieu of all other funding under this paragraph (2), each Organizational Unit shall receive funding based on the average teacher salary for grades K through 12 to cover the costs of:

- (i) one FTE intervention teacher (tutor) position for every 125 English learner students;
- (ii) one FTE pupil support staff position for every 125 English learner students;
- (iii) one FTE extended day teacher position for every 120 English learner students;
- (iv) one FTE summer school teacher position for every 120 English learner students; and
- (v) one FTE core teacher position for every 100 English learner students.

(X) Special education investments. Each

Organizational Unit shall receive funding based on the average teacher salary for grades K through 12 to cover special education as follows:

(i) one FTE teacher position for every 141 combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 12 students;

(ii) one FTE instructional assistant for every 141 combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 12 students; and

(iii) one FTE psychologist position for every 1,000 combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 12 students.

(3) For calculating the salaries included within the Essential Elements, the State Superintendent shall annually calculate average salaries to the nearest dollar using the employment information system data maintained by the State Board, limited to public schools only and excluding special education and vocational cooperatives, schools operated by the Department of Juvenile Justice, and charter schools, for the following positions:

(A) Teacher for grades K through 8.

(B) Teacher for grades 9 through 12.

(C) Teacher for grades K through 12.

- (D) School counselor for grades K through 8.
- (E) School counselor for grades 9 through 12.
- (F) School counselor for grades K through 12.
- (G) Social worker.
- (H) Psychologist.
- (I) Librarian.
- (J) Nurse.
- (K) Principal.
- (L) Assistant principal.

For the purposes of this paragraph (3), "teacher" includes core teachers, specialist and elective teachers, instructional facilitators, tutors, special education teachers, pupil support staff teachers, English learner teachers, extended day teachers, and summer school teachers. Where specific grade data is not required for the Essential Elements, the average salary for corresponding positions shall apply. For substitute teachers, the average teacher salary for grades K through 12 shall apply.

For calculating the salaries included within the Essential Elements for positions not included within EIS Data, the following salaries shall be used in the first year of implementation of Evidence-Based Funding:

- (i) school site staff, \$30,000; and
- (ii) non-instructional assistant, instructional assistant, library aide, library media tech, or

supervisory aide: \$25,000.

In the second and subsequent years of implementation of Evidence-Based Funding, the amounts in items (i) and (ii) of this paragraph (3) shall annually increase by the ECI.

The salary amounts for the Essential Elements determined pursuant to subparagraphs (A) through (L), (S) and (T), and (V) through (X) of paragraph (2) of subsection (b) of this Section shall be multiplied by a Regionalization Factor.

(c) Local Capacity calculation.

(1) Each Organizational Unit's Local Capacity represents an amount of funding it is assumed to contribute toward its Adequacy Target for purposes of the Evidence-Based Funding formula calculation. "Local Capacity" means either (i) the Organizational Unit's Local Capacity Target as calculated in accordance with paragraph (2) of this subsection (c) if its Real Receipts are equal to or less than its Local Capacity Target or (ii) the Organizational Unit's Adjusted Local Capacity, as calculated in accordance with paragraph (3) of this subsection (c) if Real Receipts are more than its Local Capacity Target.

(2) "Local Capacity Target" means, for an Organizational Unit, that dollar amount that is obtained by multiplying its Adequacy Target by its Local Capacity

Ratio.

(A) An Organizational Unit's Local Capacity Percentage is the conversion of the Organizational Unit's Local Capacity Ratio, as such ratio is determined in accordance with subparagraph (B) of this paragraph (2), into a cumulative distribution resulting in a percentile ranking to determine each Organizational Unit's relative position to all other Organizational Units in this State. The calculation of Local Capacity Percentage is described in subparagraph (C) of this paragraph (2).

(B) An Organizational Unit's Local Capacity Ratio in a given year is the percentage obtained by dividing its Adjusted EAV or PTELL EAV, whichever is less, by its Adequacy Target, with the resulting ratio further adjusted as follows:

(i) for Organizational Units serving grades kindergarten through 12 and Hybrid Districts, no further adjustments shall be made;

(ii) for Organizational Units serving grades kindergarten through 8, the ratio shall be multiplied by $9/13$;

(iii) for Organizational Units serving grades 9 through 12, the Local Capacity Ratio shall be multiplied by $4/13$; and

(iv) for an Organizational Unit with a

different grade configuration than those specified in items (i) through (iii) of this subparagraph (B), the State Superintendent shall determine a comparable adjustment based on the grades served.

(C) The Local Capacity Percentage is equal to the percentile ranking of the district. Local Capacity Percentage converts each Organizational Unit's Local Capacity Ratio to a cumulative distribution resulting in a percentile ranking to determine each Organizational Unit's relative position to all other Organizational Units in this State. The Local Capacity Percentage cumulative distribution resulting in a percentile ranking for each Organizational Unit shall be calculated using the standard normal distribution of the score in relation to the weighted mean and weighted standard deviation and Local Capacity Ratios of all Organizational Units. If the value assigned to any Organizational Unit is in excess of 90%, the value shall be adjusted to 90%. For Laboratory Schools, the Local Capacity Percentage shall be set at 10% in recognition of the absence of EAV and resources from the public university that are allocated to the Laboratory School. For a regional office of education or an intermediate service center operating one or more alternative education programs, the Local Capacity Percentage must be set at 10% in recognition

of the absence of EAV and resources from school districts that are allocated to the regional office of education or intermediate service center. The weighted mean for the Local Capacity Percentage shall be determined by multiplying each Organizational Unit's Local Capacity Ratio times the ASE for the unit creating a weighted value, summing the weighted values of all Organizational Units, and dividing by the total ASE of all Organizational Units. The weighted standard deviation shall be determined by taking the square root of the weighted variance of all Organizational Units' Local Capacity Ratio, where the variance is calculated by squaring the difference between each unit's Local Capacity Ratio and the weighted mean, then multiplying the variance for each unit times the ASE for the unit to create a weighted variance for each unit, then summing all units' weighted variance and dividing by the total ASE of all units.

(D) For any Organizational Unit, the Organizational Unit's Adjusted Local Capacity Target shall be reduced by either (i) the school board's remaining contribution pursuant to paragraph (ii) of subsection (b-4) of Section 16-158 of the Illinois Pension Code in a given year or (ii) the board of education's remaining contribution pursuant to paragraph (iv) of subsection (b) of Section 17-129 of

the Illinois Pension Code absent the employer normal cost portion of the required contribution and amount allowed pursuant to subdivision (3) of Section 17-142.1 of the Illinois Pension Code in a given year. In the preceding sentence, item (i) shall be certified to the State Board of Education by the Teachers' Retirement System of the State of Illinois and item (ii) shall be certified to the State Board of Education by the Public School Teachers' Pension and Retirement Fund of the City of Chicago.

(3) If an Organizational Unit's Real Receipts are more than its Local Capacity Target, then its Local Capacity shall equal an Adjusted Local Capacity Target as calculated in accordance with this paragraph (3). The Adjusted Local Capacity Target is calculated as the sum of the Organizational Unit's Local Capacity Target and its Real Receipts Adjustment. The Real Receipts Adjustment equals the Organizational Unit's Real Receipts less its Local Capacity Target, with the resulting figure multiplied by the Local Capacity Percentage.

As used in this paragraph (3), "Real Percent of Adequacy" means the sum of an Organizational Unit's Real Receipts, CPPRT, and Base Funding Minimum, with the resulting figure divided by the Organizational Unit's Adequacy Target.

(d) Calculation of Real Receipts, EAV, and Adjusted EAV

for purposes of the Local Capacity calculation.

(1) An Organizational Unit's Real Receipts are the product of its Applicable Tax Rate and its Adjusted EAV. An Organizational Unit's Applicable Tax Rate is its Adjusted Operating Tax Rate for property within the Organizational Unit.

(2) The State Superintendent shall calculate the equalized assessed valuation, or EAV, of all taxable property of each Organizational Unit as of September 30 of the previous year in accordance with paragraph (3) of this subsection (d). The State Superintendent shall then determine the Adjusted EAV of each Organizational Unit in accordance with paragraph (4) of this subsection (d), which Adjusted EAV figure shall be used for the purposes of calculating Local Capacity.

(3) To calculate Real Receipts and EAV, the Department of Revenue shall supply to the State Superintendent the value as equalized or assessed by the Department of Revenue of all taxable property of every Organizational Unit, together with (i) the applicable tax rate used in extending taxes for the funds of the Organizational Unit as of September 30 of the previous year and (ii) the limiting rate for all Organizational Units subject to property tax extension limitations as imposed under PTELL.

(A) The Department of Revenue shall add to the equalized assessed value of all taxable property of

each Organizational Unit situated entirely or partially within a county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code (i) an amount equal to the total amount by which the homestead exemption allowed under Section 15-176 or 15-177 of the Property Tax Code for real property situated in that Organizational Unit exceeds the total amount that would have been allowed in that Organizational Unit if the maximum reduction under Section 15-176 was (I) \$4,500 in Cook County or \$3,500 in all other counties in tax year 2003 or (II) \$5,000 in all counties in tax year 2004 and thereafter and (ii) an amount equal to the aggregate amount for the taxable year of all additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of \$30,000 or less. The county clerk of any county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code shall annually calculate and certify to the Department of Revenue for each Organizational Unit all homestead exemption amounts under Section 15-176 or 15-177 of the Property Tax Code and all amounts of additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of \$30,000 or less. It is the intent of this subparagraph (A) that if the general homestead

exemption for a parcel of property is determined under Section 15-176 or 15-177 of the Property Tax Code rather than Section 15-175, then the calculation of EAV shall not be affected by the difference, if any, between the amount of the general homestead exemption allowed for that parcel of property under Section 15-176 or 15-177 of the Property Tax Code and the amount that would have been allowed had the general homestead exemption for that parcel of property been determined under Section 15-175 of the Property Tax Code. It is further the intent of this subparagraph (A) that if additional exemptions are allowed under Section 15-175 of the Property Tax Code for owners with a household income of less than \$30,000, then the calculation of EAV shall not be affected by the difference, if any, because of those additional exemptions.

(B) With respect to any part of an Organizational Unit within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Division 74.4 of Article 11 of the Illinois Municipal Code, or the Industrial Jobs Recovery Law, Division 74.6 of Article 11 of the Illinois Municipal Code, no part of the current EAV of real property located in any such project area that is

attributable to an increase above the total initial EAV of such property shall be used as part of the EAV of the Organizational Unit, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the EAV of the Organizational Unit, the total initial EAV or the current EAV, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(B-5) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value, as equalized or assessed by the Department of Revenue, for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades kindergarten through 12, by 2.30% for a district maintaining grades kindergarten through 8, or by 1.05% for a district maintaining grades 9 through 12 and adjusted by an amount computed by dividing the amount of any abatement of taxes under subsection (a) of Section 18-165 of the Property Tax Code by the same percentage rates for district type as specified in this subparagraph (B-5).

(C) For Organizational Units that are Hybrid Districts, the State Superintendent shall use the lesser of the adjusted equalized assessed valuation for property within the partial elementary unit district for elementary purposes, as defined in Article 11E of this Code, or the adjusted equalized assessed valuation for property within the partial elementary unit district for high school purposes, as defined in Article 11E of this Code.

(D) If a school district's boundaries span multiple counties, then the Department of Revenue shall send to the State Board, for the purposes of calculating Evidence-Based Funding, the limiting rate and individual rates by purpose for the county that contains the majority of the school district's equalized assessed valuation.

(4) An Organizational Unit's Adjusted EAV shall be the average of its EAV over the immediately preceding 3 years or the lesser of its EAV in the immediately preceding year or the average of its EAV over the immediately preceding 3 years if the EAV in the immediately preceding year has declined by 10% or more when comparing the 2 most recent years. In the event of Organizational Unit reorganization, consolidation, or annexation, the Organizational Unit's Adjusted EAV for the first 3 years after such change shall be as follows: the most current EAV shall be used in the

first year, the average of a 2-year EAV or its EAV in the immediately preceding year if the EAV declines by 10% or more when comparing the 2 most recent years for the second year, and the lesser of a 3-year average EAV or its EAV in the immediately preceding year if the Adjusted EAV declines by 10% or more when comparing the 2 most recent years for the third year. For any school district whose EAV in the immediately preceding year is used in calculations, in the following year, the Adjusted EAV shall be the average of its EAV over the immediately preceding 2 years or the immediately preceding year if that year represents a decline of 10% or more when comparing the 2 most recent years.

"PTELL EAV" means a figure calculated by the State Board for Organizational Units subject to PTELL as described in this paragraph (4) for the purposes of calculating an Organizational Unit's Local Capacity Ratio. Except as otherwise provided in this paragraph (4), the PTELL EAV of an Organizational Unit shall be equal to the product of the equalized assessed valuation last used in the calculation of general State aid under Section 18-8.05 of this Code (now repealed) or Evidence-Based Funding under this Section and the Organizational Unit's Extension Limitation Ratio. If an Organizational Unit has approved or does approve an increase in its limiting rate, pursuant to Section 18-190 of the Property Tax Code, affecting the

Base Tax Year, the PTELL EAV shall be equal to the product of the equalized assessed valuation last used in the calculation of general State aid under Section 18-8.05 of this Code (now repealed) or Evidence-Based Funding under this Section multiplied by an amount equal to one plus the percentage increase, if any, in the Consumer Price Index for All Urban Consumers for all items published by the United States Department of Labor for the 12-month calendar year preceding the Base Tax Year, plus the equalized assessed valuation of new property, annexed property, and recovered tax increment value and minus the equalized assessed valuation of disconnected property.

As used in this paragraph (4), "new property" and "recovered tax increment value" shall have the meanings set forth in the Property Tax Extension Limitation Law.

(e) Base Funding Minimum calculation.

(1) For the 2017-2018 school year, the Base Funding Minimum of an Organizational Unit or a Specially Funded Unit shall be the amount of State funds distributed to the Organizational Unit or Specially Funded Unit during the 2016-2017 school year prior to any adjustments and specified appropriation amounts described in this paragraph (1) from the following Sections, as calculated by the State Superintendent: Section 18-8.05 of this Code (now repealed); Section 5 of Article 224 of Public Act 99-524 (equity grants); Section 14-7.02b of this Code

(funding for children requiring special education services); Section 14-13.01 of this Code (special education facilities and staffing), except for reimbursement of the cost of transportation pursuant to Section 14-13.01; Section 14C-12 of this Code (English learners); and Section 18-4.3 of this Code (summer school), based on an appropriation level of \$13,121,600. For a school district organized under Article 34 of this Code, the Base Funding Minimum also includes (i) the funds allocated to the school district pursuant to Section 1D-1 of this Code attributable to funding programs authorized by the Sections of this Code listed in the preceding sentence and (ii) the difference between (I) the funds allocated to the school district pursuant to Section 1D-1 of this Code attributable to the funding programs authorized by Section 14-7.02 (non-public special education reimbursement), subsection (b) of Section 14-13.01 (special education transportation), Section 29-5 (transportation), Section 2-3.80 (agricultural education), Section 2-3.66 (truants' alternative education), Section 2-3.62 (educational service centers), and Section 14-7.03 (special education - orphanage) of this Code and Section 15 of the Childhood Hunger Relief Act (free breakfast program) and (II) the school district's actual expenditures for its non-public special education, special education transportation,

transportation programs, agricultural education, truants' alternative education, services that would otherwise be performed by a regional office of education, special education orphanage expenditures, and free breakfast, as most recently calculated and reported pursuant to subsection (f) of Section 1D-1 of this Code. The Base Funding Minimum for Glenwood Academy shall be \$952,014. For programs operated by a regional office of education or an intermediate service center, the Base Funding Minimum must be the total amount of State funds allocated to those programs in the 2018-2019 school year and amounts provided pursuant to Article 34 of Public Act 100-586 and Section 3-16 of this Code. All programs established after June 5, 2019 (the effective date of Public Act 101-10) and administered by a regional office of education or an intermediate service center must have an initial Base Funding Minimum set to an amount equal to the first-year ASE multiplied by the amount of per pupil funding received in the previous school year by the lowest funded similar existing program type. If the enrollment for a program operated by a regional office of education or an intermediate service center is zero, then it may not receive Base Funding Minimum funds for that program in the next fiscal year, and those funds must be distributed to Organizational Units under subsection (g).

(2) For the 2018-2019 and subsequent school years, the

Base Funding Minimum of Organizational Units and Specially Funded Units shall be the sum of (i) the amount of Evidence-Based Funding for the prior school year, (ii) the Base Funding Minimum for the prior school year, and (iii) any amount received by a school district pursuant to Section 7 of Article 97 of Public Act 100-21.

For the 2022-2023 school year, the Base Funding Minimum of Organizational Units shall be the amounts recalculated by the State Board of Education for Fiscal Year 2019 through Fiscal Year 2022 that were necessary due to average student enrollment errors for districts organized under Article 34 of this Code, plus the Fiscal Year 2022 property tax relief grants provided under Section 2-3.170 of this Code, ensuring each Organizational Unit has the correct amount of resources for Fiscal Year 2023 Evidence-Based Funding calculations and that Fiscal Year 2023 Evidence-Based Funding Distributions are made in accordance with this Section.

(3) Subject to approval by the General Assembly as provided in this paragraph (3), an Organizational Unit that meets all of the following criteria, as determined by the State Board, shall have District Intervention Money added to its Base Funding Minimum at the time the Base Funding Minimum is calculated by the State Board:

(A) The Organizational Unit is operating under an Independent Authority under Section 2-3.25f-5 of this

Code for a minimum of 4 school years or is subject to the control of the State Board pursuant to a court order for a minimum of 4 school years.

(B) The Organizational Unit was designated as a Tier 1 or Tier 2 Organizational Unit in the previous school year under paragraph (3) of subsection (g) of this Section.

(C) The Organizational Unit demonstrates sustainability through a 5-year financial and strategic plan.

(D) The Organizational Unit has made sufficient progress and achieved sufficient stability in the areas of governance, academic growth, and finances.

As part of its determination under this paragraph (3), the State Board may consider the Organizational Unit's summative designation, any accreditations of the Organizational Unit, or the Organizational Unit's financial profile, as calculated by the State Board.

If the State Board determines that an Organizational Unit has met the criteria set forth in this paragraph (3), it must submit a report to the General Assembly, no later than January 2 of the fiscal year in which the State Board makes its determination, on the amount of District Intervention Money to add to the Organizational Unit's Base Funding Minimum. The General Assembly must review the State Board's report and may approve or disapprove, by

joint resolution, the addition of District Intervention Money. If the General Assembly fails to act on the report within 40 calendar days from the receipt of the report, the addition of District Intervention Money is deemed approved. If the General Assembly approves the amount of District Intervention Money to be added to the Organizational Unit's Base Funding Minimum, the District Intervention Money must be added to the Base Funding Minimum annually thereafter.

For the first 4 years following the initial year that the State Board determines that an Organizational Unit has met the criteria set forth in this paragraph (3) and has received funding under this Section, the Organizational Unit must annually submit to the State Board, on or before November 30, a progress report regarding its financial and strategic plan under subparagraph (C) of this paragraph (3). The plan shall include the financial data from the past 4 annual financial reports or financial audits that must be presented to the State Board by November 15 of each year and the approved budget financial data for the current year. The plan shall be developed according to the guidelines presented to the Organizational Unit by the State Board. The plan shall further include financial projections for the next 3 fiscal years and include a discussion and financial summary of the Organizational Unit's facility needs. If the Organizational Unit does not

demonstrate sufficient progress toward its 5-year plan or if it has failed to file an annual financial report, an annual budget, a financial plan, a deficit reduction plan, or other financial information as required by law, the State Board may establish a Financial Oversight Panel under Article 1H of this Code. However, if the Organizational Unit already has a Financial Oversight Panel, the State Board may extend the duration of the Panel.

(f) Percent of Adequacy and Final Resources calculation.

(1) The Evidence-Based Funding formula establishes a Percent of Adequacy for each Organizational Unit in order to place such units into tiers for the purposes of the funding distribution system described in subsection (g) of this Section. Initially, an Organizational Unit's Preliminary Resources and Preliminary Percent of Adequacy are calculated pursuant to paragraph (2) of this subsection (f). Then, an Organizational Unit's Final Resources and Final Percent of Adequacy are calculated to account for the Organizational Unit's poverty concentration levels pursuant to paragraphs (3) and (4) of this subsection (f).

(2) An Organizational Unit's Preliminary Resources are equal to the sum of its Local Capacity Target, CPPRT, and Base Funding Minimum. An Organizational Unit's Preliminary Percent of Adequacy is the lesser of (i) its Preliminary

Resources divided by its Adequacy Target or (ii) 100%.

(3) Except for Specially Funded Units, an Organizational Unit's Final Resources are equal to the sum of its Local Capacity, CPPRT, and Adjusted Base Funding Minimum. The Base Funding Minimum of each Specially Funded Unit shall serve as its Final Resources, except that the Base Funding Minimum for State-approved charter schools shall not include any portion of general State aid allocated in the prior year based on the per capita tuition charge times the charter school enrollment.

(4) An Organizational Unit's Final Percent of Adequacy is its Final Resources divided by its Adequacy Target. An Organizational Unit's Adjusted Base Funding Minimum is equal to its Base Funding Minimum less its Supplemental Grant Funding, with the resulting figure added to the product of its Supplemental Grant Funding and Preliminary Percent of Adequacy.

(g) Evidence-Based Funding formula distribution system.

(1) In each school year under the Evidence-Based Funding formula, each Organizational Unit receives funding equal to the sum of its Base Funding Minimum and the unit's allocation of New State Funds determined pursuant to this subsection (g). To allocate New State Funds, the Evidence-Based Funding formula distribution system first places all Organizational Units into one of 4 tiers in accordance with paragraph (3) of this subsection (g),

based on the Organizational Unit's Final Percent of Adequacy. New State Funds are allocated to each of the 4 tiers as follows: Tier 1 Aggregate Funding equals 50% of all New State Funds, Tier 2 Aggregate Funding equals 49% of all New State Funds, Tier 3 Aggregate Funding equals 0.9% of all New State Funds, and Tier 4 Aggregate Funding equals 0.1% of all New State Funds. Each Organizational Unit within Tier 1 or Tier 2 receives an allocation of New State Funds equal to its tier Funding Gap, as defined in the following sentence, multiplied by the tier's Allocation Rate determined pursuant to paragraph (4) of this subsection (g). For Tier 1, an Organizational Unit's Funding Gap equals the tier's Target Ratio, as specified in paragraph (5) of this subsection (g), multiplied by the Organizational Unit's Adequacy Target, with the resulting amount reduced by the Organizational Unit's Final Resources. For Tier 2, an Organizational Unit's Funding Gap equals the tier's Target Ratio, as described in paragraph (5) of this subsection (g), multiplied by the Organizational Unit's Adequacy Target, with the resulting amount reduced by the Organizational Unit's Final Resources and its Tier 1 funding allocation. To determine the Organizational Unit's Funding Gap, the resulting amount is then multiplied by a factor equal to one minus the Organizational Unit's Local Capacity Target percentage. Each Organizational Unit within Tier 3 or Tier

4 receives an allocation of New State Funds equal to the product of its Adequacy Target and the tier's Allocation Rate, as specified in paragraph (4) of this subsection (g).

(2) To ensure equitable distribution of dollars for all Tier 2 Organizational Units, no Tier 2 Organizational Unit shall receive fewer dollars per ASE than any Tier 3 Organizational Unit. Each Tier 2 and Tier 3 Organizational Unit shall have its funding allocation divided by its ASE. Any Tier 2 Organizational Unit with a funding allocation per ASE below the greatest Tier 3 allocation per ASE shall get a funding allocation equal to the greatest Tier 3 funding allocation per ASE multiplied by the Organizational Unit's ASE. Each Tier 2 Organizational Unit's Tier 2 funding allocation shall be multiplied by the percentage calculated by dividing the original Tier 2 Aggregate Funding by the sum of all Tier 2 Organizational Units' Tier 2 funding allocation after adjusting districts' funding below Tier 3 levels.

(3) Organizational Units are placed into one of 4 tiers as follows:

(A) Tier 1 consists of all Organizational Units, except for Specially Funded Units, with a Percent of Adequacy less than the Tier 1 Target Ratio. The Tier 1 Target Ratio is the ratio level that allows for Tier 1 Aggregate Funding to be distributed, with the Tier 1

Allocation Rate determined pursuant to paragraph (4) of this subsection (g).

(B) Tier 2 consists of all Tier 1 Units and all other Organizational Units, except for Specially Funded Units, with a Percent of Adequacy of less than 0.90.

(C) Tier 3 consists of all Organizational Units, except for Specially Funded Units, with a Percent of Adequacy of at least 0.90 and less than 1.0.

(D) Tier 4 consists of all Organizational Units with a Percent of Adequacy of at least 1.0.

(4) The Allocation Rates for Tiers 1 through 4 are determined as follows:

(A) The Tier 1 Allocation Rate is 30%.

(B) The Tier 2 Allocation Rate is the result of the following equation: Tier 2 Aggregate Funding, divided by the sum of the Funding Gaps for all Tier 2 Organizational Units, unless the result of such equation is higher than 1.0. If the result of such equation is higher than 1.0, then the Tier 2 Allocation Rate is 1.0.

(C) The Tier 3 Allocation Rate is the result of the following equation: Tier 3 Aggregate Funding, divided by the sum of the Adequacy Targets of all Tier 3 Organizational Units.

(D) The Tier 4 Allocation Rate is the result of the

following equation: Tier 4 Aggregate Funding, divided by the sum of the Adequacy Targets of all Tier 4 Organizational Units.

(5) A tier's Target Ratio is determined as follows:

(A) The Tier 1 Target Ratio is the ratio level that allows for Tier 1 Aggregate Funding to be distributed with the Tier 1 Allocation Rate.

(B) The Tier 2 Target Ratio is 0.90.

(C) The Tier 3 Target Ratio is 1.0.

(6) If, at any point, the Tier 1 Target Ratio is greater than 90%, then all Tier 1 funding shall be allocated to Tier 2 and no Tier 1 Organizational Unit's funding may be identified.

(7) In the event that all Tier 2 Organizational Units receive funding at the Tier 2 Target Ratio level, any remaining New State Funds shall be allocated to Tier 3 and Tier 4 Organizational Units.

(8) If any Specially Funded Units, excluding Glenwood Academy, recognized by the State Board do not qualify for direct funding following the implementation of Public Act 100-465 from any of the funding sources included within the definition of Base Funding Minimum, the unqualified portion of the Base Funding Minimum shall be transferred to one or more appropriate Organizational Units as determined by the State Superintendent based on the prior year ASE of the Organizational Units.

(8.5) If a school district withdraws from a special education cooperative, the portion of the Base Funding Minimum that is attributable to the school district may be redistributed to the school district upon withdrawal. The school district and the cooperative must include the amount of the Base Funding Minimum that is to be reapportioned in their withdrawal agreement and notify the State Board of the change with a copy of the agreement upon withdrawal.

(9) The Minimum Funding Level is intended to establish a target for State funding that will keep pace with inflation and continue to advance equity through the Evidence-Based Funding formula. The target for State funding of New Property Tax Relief Pool Funds is \$50,000,000 for State fiscal year 2019 and subsequent State fiscal years. The Minimum Funding Level is equal to \$350,000,000. In addition to any New State Funds, no more than \$50,000,000 New Property Tax Relief Pool Funds may be counted toward the Minimum Funding Level. If the sum of New State Funds and applicable New Property Tax Relief Pool Funds are less than the Minimum Funding Level, than funding for tiers shall be reduced in the following manner:

(A) First, Tier 4 funding shall be reduced by an amount equal to the difference between the Minimum Funding Level and New State Funds until such time as

Tier 4 funding is exhausted.

(B) Next, Tier 3 funding shall be reduced by an amount equal to the difference between the Minimum Funding Level and New State Funds and the reduction in Tier 4 funding until such time as Tier 3 funding is exhausted.

(C) Next, Tier 2 funding shall be reduced by an amount equal to the difference between the Minimum Funding Level and New State Funds and the reduction in Tier 4 and Tier 3.

(D) Finally, Tier 1 funding shall be reduced by an amount equal to the difference between the Minimum Funding level and New State Funds and the reduction in Tier 2, 3, and 4 funding. In addition, the Allocation Rate for Tier 1 shall be reduced to a percentage equal to the Tier 1 Allocation Rate set by paragraph (4) of this subsection (g), multiplied by the result of New State Funds divided by the Minimum Funding Level.

(9.5) For State fiscal year 2019 and subsequent State fiscal years, if New State Funds exceed \$300,000,000, then any amount in excess of \$300,000,000 shall be dedicated for purposes of Section 2-3.170 of this Code up to a maximum of \$50,000,000.

(10) In the event of a decrease in the amount of the appropriation for this Section in any fiscal year after implementation of this Section, the Organizational Units

receiving Tier 1 and Tier 2 funding, as determined under paragraph (3) of this subsection (g), shall be held harmless by establishing a Base Funding Guarantee equal to the per pupil kindergarten through grade 12 funding received in accordance with this Section in the prior fiscal year. Reductions shall be made to the Base Funding Minimum of Organizational Units in Tier 3 and Tier 4 on a per pupil basis equivalent to the total number of the ASE in Tier 3-funded and Tier 4-funded Organizational Units divided by the total reduction in State funding. The Base Funding Minimum as reduced shall continue to be applied to Tier 3 and Tier 4 Organizational Units and adjusted by the relative formula when increases in appropriations for this Section resume. In no event may State funding reductions to Organizational Units in Tier 3 or Tier 4 exceed an amount that would be less than the Base Funding Minimum established in the first year of implementation of this Section. If additional reductions are required, all school districts shall receive a reduction by a per pupil amount equal to the aggregate additional appropriation reduction divided by the total ASE of all Organizational Units.

(11) The State Superintendent shall make minor adjustments to the distribution formula set forth in this subsection (g) to account for the rounding of percentages to the nearest tenth of a percentage and dollar amounts to the nearest whole dollar.

(h) State Superintendent administration of funding and district submission requirements.

(1) The State Superintendent shall, in accordance with appropriations made by the General Assembly, meet the funding obligations created under this Section.

(2) The State Superintendent shall calculate the Adequacy Target for each Organizational Unit under this Section. No Evidence-Based Funding shall be distributed within an Organizational Unit without the approval of the unit's school board.

(3) Annually, the State Superintendent shall calculate and report to each Organizational Unit the unit's aggregate financial adequacy amount, which shall be the sum of the Adequacy Target for each Organizational Unit. The State Superintendent shall calculate and report separately for each Organizational Unit the unit's total State funds allocated for its students with disabilities. The State Superintendent shall calculate and report separately for each Organizational Unit the amount of funding and applicable FTE calculated for each Essential Element of the unit's Adequacy Target.

(4) Annually, the State Superintendent shall calculate and report to each Organizational Unit the amount the unit must expend on special education and bilingual education and computer technology and equipment for Organizational Units assigned to Tier 1 or Tier 2 that received an

additional \$285.50 per student computer technology and equipment investment grant to their Adequacy Target pursuant to the unit's Base Funding Minimum, Special Education Allocation, Bilingual Education Allocation, and computer technology and equipment investment allocation.

(5) Moneys distributed under this Section shall be calculated on a school year basis, but paid on a fiscal year basis, with payments beginning in August and extending through June. Unless otherwise provided, the moneys appropriated for each fiscal year shall be distributed in 22 equal payments at least 2 times monthly to each Organizational Unit. If moneys appropriated for any fiscal year are distributed other than monthly, the distribution shall be on the same basis for each Organizational Unit.

(6) Any school district that fails, for any given school year, to maintain school as required by law or to maintain a recognized school is not eligible to receive Evidence-Based Funding. In case of non-recognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion that the enrollment in the attendance center or centers bears to the enrollment of the school district. "Recognized school" means any public school that meets the standards for recognition by the State Board. A school district or attendance center

not having recognition status at the end of a school term is entitled to receive State aid payments due upon a legal claim that was filed while it was recognized.

(7) School district claims filed under this Section are subject to Sections 18-9 and 18-12 of this Code, except as otherwise provided in this Section.

(8) Each fiscal year, the State Superintendent shall calculate for each Organizational Unit an amount of its Base Funding Minimum and Evidence-Based Funding that shall be deemed attributable to the provision of special educational facilities and services, as defined in Section 14-1.08 of this Code, in a manner that ensures compliance with maintenance of State financial support requirements under the federal Individuals with Disabilities Education Act. An Organizational Unit must use such funds only for the provision of special educational facilities and services, as defined in Section 14-1.08 of this Code, and must comply with any expenditure verification procedures adopted by the State Board.

(9) All Organizational Units in this State must submit annual spending plans, as part of the budget submission process, no later than October 31 of each year to the State Board. The spending plan shall describe how each Organizational Unit will utilize the Base Funding Minimum and Evidence-Based Funding it receives from this State under this Section with specific identification of the

intended utilization of Low-Income, English learner, and special education resources. Additionally, the annual spending plans of each Organizational Unit shall describe how the Organizational Unit expects to achieve student growth and how the Organizational Unit will achieve State education goals, as defined by the State Board, and shall indicate which stakeholder groups the Organizational Unit engaged with to inform its annual spending plans. The State Superintendent may, from time to time, identify additional requisites for Organizational Units to satisfy when compiling the annual spending plans required under this subsection (h). The format and scope of annual spending plans shall be developed by the State Superintendent and the State Board of Education. School districts that serve students under Article 14C of this Code shall continue to submit information as required under Section 14C-12 of this Code. Annual spending plans required under this subsection (h) shall be integrated into annual school district budgets completed pursuant to Section 17-1 or Section 34-43. Organizational Units that do not submit a budget to the State Board shall be provided with a separate planning template developed by the State Board. The State Board shall create an Evidence-Based Funding spending plan tool to make Evidence-Based Funding spending plan data for each Organizational Unit available on the State Board's website no later than December 31,

2025, with annual updates thereafter. The tool shall allow for the selection and review of each Organizational Unit's planned use of Evidence-Based Funding.

(10) No later than January 1, 2018, the State Superintendent shall develop a 5-year strategic plan for all Organizational Units to help in planning for adequacy funding under this Section. The State Superintendent shall submit the plan to the Governor and the General Assembly, as provided in Section 3.1 of the General Assembly Organization Act. The plan shall include recommendations for:

(A) a framework for collaborative, professional, innovative, and 21st century learning environments using the Evidence-Based Funding model;

(B) ways to prepare and support this State's educators for successful instructional careers;

(C) application and enhancement of the current financial accountability measures, the approved State plan to comply with the federal Every Student Succeeds Act, and the Illinois Balanced Accountability Measures in relation to student growth and elements of the Evidence-Based Funding model; and

(D) implementation of an effective school adequacy funding system based on projected and recommended funding levels from the General Assembly.

(11) On an annual basis, the State Superintendent must

recalibrate all of the following per pupil elements of the Adequacy Target and applied to the formulas, based on the study of average expenses and as reported in the most recent annual financial report:

(A) Gifted under subparagraph (M) of paragraph (2) of subsection (b).

(B) Instructional materials under subparagraph (O) of paragraph (2) of subsection (b).

(C) Assessment under subparagraph (P) of paragraph (2) of subsection (b).

(D) Student activities under subparagraph (R) of paragraph (2) of subsection (b).

(E) Maintenance and operations under subparagraph (S) of paragraph (2) of subsection (b).

(F) Central office under subparagraph (T) of paragraph (2) of subsection (b).

(i) Professional Review Panel.

(1) A Professional Review Panel is created to study and review topics related to the implementation and effect of Evidence-Based Funding, as assigned by a joint resolution or Public Act of the General Assembly or a motion passed by the State Board of Education. The Panel must provide recommendations to and serve the Governor, the General Assembly, and the State Board. The State Superintendent or his or her designee must serve as a voting member and chairperson of the Panel. The State

Superintendent must appoint a vice chairperson from the membership of the Panel. The Panel must advance recommendations based on a three-fifths majority vote of Panel members present and voting. A minority opinion may also accompany any recommendation of the Panel. The Panel shall be appointed by the State Superintendent, except as otherwise provided in paragraph (2) of this subsection (i) and include the following members:

(A) Two appointees that represent district superintendents, recommended by a statewide organization that represents district superintendents.

(B) Two appointees that represent school boards, recommended by a statewide organization that represents school boards.

(C) Two appointees from districts that represent school business officials, recommended by a statewide organization that represents school business officials.

(D) Two appointees that represent school principals, recommended by a statewide organization that represents school principals.

(E) Two appointees that represent teachers, recommended by a statewide organization that represents teachers.

(F) Two appointees that represent teachers, recommended by another statewide organization that

represents teachers.

(G) Two appointees that represent regional superintendents of schools, recommended by organizations that represent regional superintendents.

(H) Two independent experts selected solely by the State Superintendent.

(I) Two independent experts recommended by public universities in this State.

(J) One member recommended by a statewide organization that represents parents.

(K) Two representatives recommended by collective impact organizations that represent major metropolitan areas or geographic areas in Illinois.

(L) One member from a statewide organization focused on research-based education policy to support a school system that prepares all students for college, a career, and democratic citizenship.

(M) One representative from a school district organized under Article 34 of this Code.

The State Superintendent shall ensure that the membership of the Panel includes representatives from school districts and communities reflecting the geographic, socio-economic, racial, and ethnic diversity of this State. The State Superintendent shall additionally ensure that the membership of the Panel includes representatives with expertise in bilingual education and

special education. Staff from the State Board shall staff the Panel.

(2) In addition to those Panel members appointed by the State Superintendent, 4 members of the General Assembly shall be appointed as follows: one member of the House of Representatives appointed by the Speaker of the House of Representatives, one member of the Senate appointed by the President of the Senate, one member of the House of Representatives appointed by the Minority Leader of the House of Representatives, and one member of the Senate appointed by the Minority Leader of the Senate. There shall be one additional member appointed by the Governor. All members appointed by legislative leaders or the Governor shall be non-voting, ex officio members.

(3) The Panel must study topics at the direction of the General Assembly or State Board of Education, as provided under paragraph (1). The Panel may also study the following topics at the direction of the chairperson:

(A) The format and scope of annual spending plans referenced in paragraph (9) of subsection (h) of this Section.

(B) The Comparable Wage Index under this Section.

(C) Maintenance and operations, including capital maintenance and construction costs.

(D) "At-risk student" definition.

(E) Benefits.

(F) Technology.

(G) Local Capacity Target.

(H) Funding for Alternative Schools, Laboratory Schools, safe schools, and alternative learning opportunities programs.

(I) Funding for college and career acceleration strategies.

(J) Special education investments.

(K) Early childhood investments, in collaboration with the Illinois Early Learning Council.

(4) (Blank).

(5) Within 5 years after the implementation of this Section, and every 5 years thereafter, the Panel shall complete an evaluative study of the entire Evidence-Based Funding model, including an assessment of whether or not the formula is achieving State goals. The Panel shall report to the State Board, the General Assembly, and the Governor on the findings of the study.

(6) (Blank).

(7) To ensure that (i) the Adequacy Target calculation under subsection (b) accurately reflects the needs of students living in poverty or attending schools located in areas of high poverty, (ii) racial equity within the Evidence-Based Funding formula is explicitly explored and advanced, and (iii) the funding goals of the formula distribution system established under this Section are

sufficient to provide adequate funding for every student and to fully fund every school in this State, the Panel shall review the Essential Elements under paragraph (2) of subsection (b). The Panel shall consider all of the following in its review:

(A) The financial ability of school districts to provide instruction in a foreign language to every student and whether an additional Essential Element should be added to the formula to ensure that every student has access to instruction in a foreign language.

(B) The adult-to-student ratio for each Essential Element in which a ratio is identified. The Panel shall consider whether the ratio accurately reflects the staffing needed to support students living in poverty or who have traumatic backgrounds.

(C) Changes to the Essential Elements that may be required to better promote racial equity and eliminate structural racism within schools.

(D) The impact of investing \$350,000,000 in additional funds each year under this Section and an estimate of when the school system will become fully funded under this level of appropriation.

(E) Provide an overview of alternative funding structures that would enable the State to become fully funded at an earlier date.

(F) The potential to increase efficiency and to find cost savings within the school system to expedite the journey to a fully funded system.

(G) The appropriate levels for reenrolling and graduating high-risk high school students who have been previously out of school. These outcomes shall include enrollment, attendance, skill gains, credit gains, graduation or promotion to the next grade level, and the transition to college, training, or employment, with an emphasis on progressively increasing the overall attendance.

(H) The evidence-based or research-based practices that are shown to reduce the gaps and disparities experienced by African American students in academic achievement and educational performance, including practices that have been shown to reduce disparities in disciplinary rates, drop-out rates, graduation rates, college matriculation rates, and college completion rates.

On or before December 31, 2021, the Panel shall report to the State Board, the General Assembly, and the Governor on the findings of its review. This paragraph (7) is inoperative on and after July 1, 2022.

(8) On or before April 1, 2024, the Panel must submit a report to the General Assembly on annual adjustments to Glenwood Academy's base-funding minimum in a similar

fashion to school districts under this Section.

(j) References. Beginning July 1, 2017, references in other laws to general State aid funds or calculations under Section 18-8.05 of this Code (now repealed) shall be deemed to be references to evidence-based model formula funds or calculations under this Section.

Sec. 19-1. Debt limitations of school districts.

(a) School districts shall not be subject to the provisions limiting their indebtedness prescribed in the Local Government Debt Limitation Act.

No school districts maintaining grades K through 8 or 9 through 12 shall become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding 6.9% on the value of the taxable property therein to be ascertained by the last assessment for State and county taxes or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage

in effect on January 1, 1979, previous to the incurring of such indebtedness.

No school districts maintaining grades K through 12 shall become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding 13.8% on the value of the taxable property therein to be ascertained by the last assessment for State and county taxes or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979, previous to the incurring of such indebtedness.

No partial elementary unit district, as defined in Article 11E of this Code, shall become indebted in any manner or for any purpose in an amount, including existing indebtedness, in the aggregate exceeding 6.9% of the value of the taxable property of the entire district, to be ascertained by the last assessment for State and county taxes, plus an amount, including existing indebtedness, in the aggregate exceeding 6.9% of the value of the taxable property of that portion of the district included in the elementary and high school classification, to be ascertained by the last assessment for State and county taxes. Moreover, no partial elementary unit district, as defined in Article 11E of this Code, shall become indebted on account of bonds issued by the district for high school purposes in the aggregate exceeding 6.9% of the value

of the taxable property of the entire district, to be ascertained by the last assessment for State and county taxes, nor shall the district become indebted on account of bonds issued by the district for elementary purposes in the aggregate exceeding 6.9% of the value of the taxable property for that portion of the district included in the elementary and high school classification, to be ascertained by the last assessment for State and county taxes.

Notwithstanding the provisions of any other law to the contrary, in any case in which the voters of a school district have approved a proposition for the issuance of bonds of such school district at an election held prior to January 1, 1979, and all of the bonds approved at such election have not been issued, the debt limitation applicable to such school district during the calendar year 1979 shall be computed by multiplying the value of taxable property therein, including personal property, as ascertained by the last assessment for State and county taxes, previous to the incurring of such indebtedness, by the percentage limitation applicable to such school district under the provisions of this subsection (a).

(a-5) After January 1, 2018, no school district may issue bonds under Sections 19-2 through 19-7 of this Code and rely on an exception to the debt limitations in this Section unless it has complied with the requirements of Section 21 of the Bond Issue Notification Act and the bonds have been approved by referendum.

(b) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, additional indebtedness may be incurred in an amount not to exceed the estimated cost of acquiring or improving school sites or constructing and equipping additional building facilities under the following conditions:

(1) Whenever the enrollment of students for the next school year is estimated by the board of education to increase over the actual present enrollment by not less than 35% or by not less than 200 students or the actual present enrollment of students has increased over the previous school year by not less than 35% or by not less than 200 students and the board of education determines that additional school sites or building facilities are required as a result of such increase in enrollment; and

(2) When the Regional Superintendent of Schools having jurisdiction over the school district and the State Superintendent of Education concur in such enrollment projection or increase and approve the need for such additional school sites or building facilities and the estimated cost thereof; and

(3) When the voters in the school district approve a proposition for the issuance of bonds for the purpose of acquiring or improving such needed school sites or constructing and equipping such needed additional building facilities at an election called and held for that

purpose. Notice of such an election shall state that the amount of indebtedness proposed to be incurred would exceed the debt limitation otherwise applicable to the school district. The ballot for such proposition shall state what percentage of the equalized assessed valuation will be outstanding in bonds if the proposed issuance of bonds is approved by the voters; or

(4) Notwithstanding the provisions of paragraphs (1) through (3) of this subsection (b), if the school board determines that additional facilities are needed to provide a quality educational program and not less than 2/3 of those voting in an election called by the school board on the question approve the issuance of bonds for the construction of such facilities, the school district may issue bonds for this purpose; or

(5) Notwithstanding the provisions of paragraphs (1) through (3) of this subsection (b), if (i) the school district has previously availed itself of the provisions of paragraph (4) of this subsection (b) to enable it to issue bonds, (ii) the voters of the school district have not defeated a proposition for the issuance of bonds since the referendum described in paragraph (4) of this subsection (b) was held, (iii) the school board determines that additional facilities are needed to provide a quality educational program, and (iv) a majority of those voting in an election called by the school board on the question

approve the issuance of bonds for the construction of such facilities, the school district may issue bonds for this purpose.

In no event shall the indebtedness incurred pursuant to this subsection (b) and the existing indebtedness of the school district exceed 15% of the value of the taxable property therein to be ascertained by the last assessment for State and county taxes, previous to the incurring of such indebtedness or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979.

The indebtedness provided for by this subsection (b) shall be in addition to and in excess of any other debt limitation.

(c) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, in any case in which a public question for the issuance of bonds of a proposed school district maintaining grades kindergarten through 12 received at least 60% of the valid ballots cast on the question at an election held on or prior to November 8, 1994, and in which the bonds approved at such election have not been issued, the school district pursuant to the requirements of Section 11A-10 (now repealed) may issue the total amount of bonds approved at such election for the purpose stated in the question.

(d) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, a school district that meets

all the criteria set forth in paragraphs (1) and (2) of this subsection (d) may incur an additional indebtedness in an amount not to exceed \$4,500,000, even though the amount of the additional indebtedness authorized by this subsection (d), when incurred and added to the aggregate amount of indebtedness of the district existing immediately prior to the district incurring the additional indebtedness authorized by this subsection (d), causes the aggregate indebtedness of the district to exceed the debt limitation otherwise applicable to that district under subsection (a):

(1) The additional indebtedness authorized by this subsection (d) is incurred by the school district through the issuance of bonds under and in accordance with Section 17-2.11a for the purpose of replacing a school building which, because of mine subsidence damage, has been closed as provided in paragraph (2) of this subsection (d) or through the issuance of bonds under and in accordance with Section 19-3 for the purpose of increasing the size of, or providing for additional functions in, such replacement school buildings, or both such purposes.

(2) The bonds issued by the school district as provided in paragraph (1) above are issued for the purposes of construction by the school district of a new school building pursuant to Section 17-2.11, to replace an existing school building that, because of mine subsidence damage, is closed as of the end of the 1992-93 school year

pursuant to action of the regional superintendent of schools of the educational service region in which the district is located under Section 3-14.22 or are issued for the purpose of increasing the size of, or providing for additional functions in, the new school building being constructed to replace a school building closed as the result of mine subsidence damage, or both such purposes.

(e) (Blank).

(f) Notwithstanding the provisions of subsection (a) of this Section or of any other law, bonds in not to exceed the aggregate amount of \$5,500,000 and issued by a school district meeting the following criteria shall not be considered indebtedness for purposes of any statutory limitation and may be issued in an amount or amounts, including existing indebtedness, in excess of any heretofore or hereafter imposed statutory limitation as to indebtedness:

(1) At the time of the sale of such bonds, the board of education of the district shall have determined by resolution that the enrollment of students in the district is projected to increase by not less than 7% during each of the next succeeding 2 school years.

(2) The board of education shall also determine by resolution that the improvements to be financed with the proceeds of the bonds are needed because of the projected enrollment increases.

(3) The board of education shall also determine by

resolution that the projected increases in enrollment are the result of improvements made or expected to be made to passenger rail facilities located in the school district.

Notwithstanding the provisions of subsection (a) of this Section or of any other law, a school district that has availed itself of the provisions of this subsection (f) prior to July 22, 2004 (the effective date of Public Act 93-799) may also issue bonds approved by referendum up to an amount, including existing indebtedness, not exceeding 25% of the equalized assessed value of the taxable property in the district if all of the conditions set forth in items (1), (2), and (3) of this subsection (f) are met.
