Level I Trauma Centers shall provide all essential services in-house, 24 hours per day, in accordance with rules adopted by the Department pursuant to this Act. Level II and Level III Trauma Centers shall have some essential services available in-house, 24 hours per day, and other essential services readily available, 24 hours per day, in accordance with rules

adopted by the Department pursuant to this Act.

(a-5) An Acute Injury Stabilization Center shall have a basic or comprehensive emergency department capable of initial management and transfer of the acutely injured in accordance with rules adopted by the Department pursuant to this Act.

(b) The Department shall have the authority and responsibility to:

(1) Establish and enforce minimum standards for designation and re-designation of 3 levels of trauma centers that meet trauma center national standards, as modified by the Department in administrative rules;

(2) Require hospitals applying for trauma center designation to submit a plan for designation in a manner and form prescribed by the Department through rules adopted pursuant to this Act;

(3) Upon receipt of a completed plan for designation, conduct a site visit to inspect the hospital for compliance with the Department's minimum standards. Such visit shall be conducted by specially qualified personnel with experience in the delivery of emergency medical and/or trauma care. A report of the inspection shall be provided to the Director within 30 days of the completion of the site visit. The report shall note compliance or lack of compliance with the individual standards for designation;

(4) Designate applicant hospitals as Level I, Level

II, or Level III Trauma Centers which meet the minimum standards established by this Act and the Department. The Department shall designate a new trauma center only when a local or regional need for such trauma center has been identified. The Department shall request an assessment of local or regional need from the applicable EMS Region's Trauma Center Medical Directors Committee, with advice from the Regional Trauma Advisory Committee. This shall not be construed as a needs assessment for health planning or other purposes outside of this Act;

(5) Attempt to designate trauma centers in all areas of the State. There shall be at least one Level I Trauma Center serving each EMS Region, unless waived by the Department. This subsection shall not be construed to require a Level I Trauma Center to be located in each EMS Region. Level I Trauma Centers shall serve as resources for the Level II and Level III Trauma Centers and Acute Injury Stabilization Centers in the EMS Regions. The extent of such relationships shall be defined in the EMS Region Plan;

(6) Inspect designated trauma centers to assure compliance with the provisions of this Act and the rules adopted pursuant to this Act. Information received by the Department through filed reports, inspection, or as otherwise authorized under this Act shall not be disclosed publicly in such a manner as to identify individuals or

hospitals, except in proceedings involving the denial, suspension, or revocation of a trauma center designation or imposition of a fine on a trauma center;

(7) Renew trauma center designations every 2 years, after an on-site inspection, based on compliance with renewal requirements and standards for continuing operation, as prescribed by the Department through rules adopted pursuant to this Act;

(8) Refuse to issue or renew a trauma center designation, after providing an opportunity for a hearing, when findings show that it does not meet the standards and criteria prescribed by the Department;

(9) Review and determine whether a trauma center's annual morbidity and mortality rates for trauma patients significantly exceed the State average for such rates, using a uniform recording methodology based on nationally recognized standards. Such determination shall be considered as a factor in any decision by the Department to renew or refuse to renew a trauma center designation under this Act, but shall not constitute the sole basis for refusing to renew a trauma center designation;

(10) Take the following action, as appropriate, after determining that a trauma center is in violation of this Act or any rule adopted pursuant to this Act:

(A) If the Director determines that the violation presents a substantial probability that death or

serious physical harm will result and if the trauma center fails to eliminate the violation immediately or within a fixed period of time, not exceeding 10 days, as determined by the Director, the Director may immediately revoke the trauma center designation. The trauma center may appeal the revocation within 15 days after receiving the Director's revocation order⁷ by requesting a hearing as provided by Section 29 of this Act. The Director shall notify the chair of the Region's Trauma Center Medical Directors Committee and EMS Medical Directors for the appropriate EMS Systems of such trauma center designation revocation;

(B) If the Director determines that the violation does not present a substantial probability that death or serious physical harm will result, the Director shall issue a notice of violation and request a plan of correction which shall be subject to the Department's approval. The trauma center shall have 10 days after receipt of the notice of violation in which to submit a plan of correction. The Department may extend this period for up to 30 days. The plan shall include a fixed time period not in excess of 90 days within which violations are to be corrected. The plan of correction and the status of its implementation by the trauma center shall be provided, as appropriate, to the EMS Medical Directors for appropriate EMS Systems. If the

Department rejects a plan of correction, it shall send notice of the rejection and the reason for the rejection to the trauma center. The trauma center shall have 10 days after receipt of the notice of rejection in which to submit a modified plan. If the modified plan is not timely submitted, or if the modified plan is rejected, the trauma center shall follow an approved plan of correction imposed by the Department. If, after notice and opportunity for hearing, the Director determines that a trauma center has failed to comply with an approved plan of correction, the Director may suspend or revoke the trauma center designation. The trauma center shall have 15 days after receiving the Director's notice in which to request a hearing. Such hearing shall conform to the provisions of Section 3.135 of this Act;

(11) The Department may delegate authority to local health departments in jurisdictions which include a substantial number of trauma centers. The delegated authority to those local health departments shall include, but is not limited to, the authority to designate trauma centers with final approval by the Department, maintain a regional database ~~data-base~~ with concomitant reporting of trauma registry data, and monitor, inspect, and investigate trauma centers within their jurisdiction, in accordance with the requirements of this Act and the rules

promulgated by the Department;

(A) The Department shall monitor the performance of local health departments with authority delegated pursuant to this Section, based upon performance criteria established in rules promulgated by the Department;

(B) Delegated authority may be revoked for non-compliance with this ~~the~~ Act or the Department's rules. Notice of an intent to revoke shall be served upon the local health department by certified mail, stating the reasons for revocation and offering an opportunity for an administrative hearing to contest the proposed revocation. The request for a hearing must be in writing and received by the Department within 10 working days of the local health department's receipt of notification;

(C) The director of a local health department may relinquish its delegated authority upon 60 days written notification to the Director of Public Health.

Money from fines shall be deposited into the Long-Term ~~Long Term~~ Care Provider Fund.

(a-5) If a hospital demonstrates a pattern or practice of failing to substantially comply with the requirements of Section 10.10 or the hospital's written staffing plan, the hospital shall provide a plan of correction to the Department

A copy of such determination shall be sent by registered mail or served personally upon the applicant or licensee. The decision denying, suspending, or revoking a permit or a license shall become final 35 days after it is so mailed or served, unless the applicant or licensee, within such 35-day ~~35-day~~ period, petitions for review pursuant to Section 13.

(c) The procedure governing hearings authorized by this Section shall be in accordance with rules promulgated by the Department and approved by the Hospital Licensing Board. (215 ILCS 5/231.1) (from Ch. 73, par. 843.1)

Sec. 231.1. Group Life Insurance Standard Provision. No policy of group life insurance shall be delivered in this State unless it contains in substance the following provisions, or provisions which in the opinion of the Director are more favorable to the persons insured, or at least as favorable to the persons insured and more favorable to the policyholder, provided, however, (a) that provisions (F) to (K) inclusive shall not apply to policies insuring the lives of debtors; (b) that the standard provisions required for individual life insurance policies shall not apply to group life insurance policies; and (c) that if the group life insurance policy is on a plan of insurance other than the term plan, it shall contain a nonforfeiture provision which in the opinion of the Director is equitable to the insured persons

and to the policyholder, but nothing herein shall be construed to require that group life insurance policies contain the same nonforfeiture provisions as are required for individual life insurance policies:

(A) A provision that the policyholder is entitled to a grace period of 31 days for the payment of any premium due except the first, during which grace period the death benefit coverage shall continue in force, unless the policyholder shall have given the insurer written notice of discontinuance in advance of the date of discontinuance and in accordance with the terms of the policy. The policy may provide that the policyholder shall be liable to the insurer for the payment of a pro rata premium for the time the policy was in force during such grace period.

(B) A provision that validity of the policy shall not be contested, except for nonpayment of premiums, after it has been in force for 2 ~~two~~ years from its date of issue; and that no statement made by any person insured under the policy relating to his insurability shall be used in contesting the validity of the insurance with respect to which such statement was made after such insurance has been in force prior to the contest for a period of 2 ~~two~~ years during such person's lifetime nor unless it is contained in a written instrument signed by him; provided, however, that no such provision shall preclude the assertion at any time of defenses based upon provisions in the policy which relate to eligibility for

coverage.

(C) A provision that a copy of the application, if any, of the policyholder shall be attached to the policy when issued, and that all statements made by the policyholder shall be deemed representations and not warranties, and that no statement made by any person insured shall be used in any contest unless a copy of the instrument containing the statement is or has been furnished to such person or, in the event of death or incapacity of the insured person, to his beneficiary or personal representative.

(D) A provision setting forth the conditions, if any, under which the insurer reserves the right to require a person eligible for insurance to furnish evidence of individual insurability satisfactory to the insurer as a condition to part or all of his coverage.

(E) A provision specifying an equitable adjustment of premiums or of benefits or of both to be made in the event the age of a person insured has been misstated, such provision to contain a clear statement of the method of adjustment to be made.

(F) A provision that any sum becoming due by reason of the death of the person insured shall be payable to the beneficiary designated by the person insured, except that where the policy contains conditions pertaining to family status the beneficiary may be the family member specified by the policy terms, subject to the provisions of the policy in

the event there is no designated beneficiary, as to all or any part of such sum, living at the death of the person insured, and subject to any right reserved by the insurer in the policy and set forth in the certificate to pay at its option a part of such sum not exceeding \$2,000 to any person appearing to the insurer to be equitably entitled thereto by reason of having incurred funeral or other expenses incident to the last illness or death of the person insured.

(G) A provision that the insurer will issue to the policyholder for delivery to each person insured a certificate setting forth a statement as to the insurance protection to which he is entitled, to whom the insurance benefits are payable, a statement as to any dependent's coverage included in such certificate, and the rights and conditions set forth in provisions (H), (I), (J), L and (K) following.

(H) A provision that if the insurance, or any portion of it, on a person covered under the policy or on the dependent of a person covered~~7~~ ceases because of termination of employment or of membership in the class or classes eligible for coverage under the policy, such person shall be entitled to have issued to him by the insurer, without evidence of insurability, an individual policy of life insurance without disability or other supplementary benefits, unless such right to convert such coverage was provided for in the group policy and is applied for in the application for conversion, provided that an application for the individual policy shall be made, and

the first premium paid to the insurer, within 31 days after such termination, and provided further that:

(1) the individual policy may, at the option of such person, be on any one of the forms then customarily issued by the insurer at the age and for the amount applied for, except that the group policy may exclude the option to elect term insurance;

(2) the individual policy shall be in an amount equal to, unless such person chooses to elect a lesser amount, the amount of life insurance which ceases because of such termination, less the amount of any life insurance for which such person becomes eligible under the same or any other group policy within 31 days after such termination, provided that any amount of insurance which shall have matured on or before the date of such termination as an endowment payable to the person insured, whether in one sum or in installments or in the form of an annuity, shall not, for the purposes of this provision, be included in the amount which is considered to cease because of such termination; ~~and~~

(3) the premium on the individual policy shall be at the insurer's then customary rate applicable to the form and amount of the individual policy, to the class of risk to which such person then belongs, and to such person's age attained on the effective date of the individual policy; and ~~and~~

(4) if ~~if~~ any individual insured under a group life insurance policy becomes entitled under the terms of such policy to have an individual policy of life insurance issued and if such individual is not given notice of the existence of such right at least 15 days prior to the expiration date of such period, then in such event the individual shall have an additional period within which to exercise such right, but nothing herein contained shall be construed to continue any insurance beyond the period provided in such policy. This additional period shall expire 15 days next after the individual is given such notice but in no event shall such additional period extend beyond 60 days next after the expiration date of the period provided in such policy. Written notice presented to the individual or mailed by the policyholder to the last known address of the individual or mailed by the insurer to the last known address of the individual as furnished by the policyholder shall constitute notice for the purpose of this Section.

Subject to the same conditions set forth above, the conversion privilege shall be available (i) to a surviving dependent, if any, at the death of the employee or member, with respect to the coverage under the group policy which terminates by reason of such death and (ii) to the dependent of the employee or member upon termination of coverage of the dependent, while the employee or member remains under the

group policy, by reason of the dependent ceasing to be a qualified family member under the group policy.

(I) A provision, except in the case of a policy described in paragraph (B) of Section 230.1, that the termination of the employment of an employee or the membership of a member shall not terminate the insurance of such employee or member under the group policy until the expiration of such period for which the premium for such employee or member has been paid, not exceeding 31 days.

(J) A provision that from time to time all new employees or members eligible for insurance and desiring the same shall be added to the group or class thereof originally insured.

(K) A provision that if the group policy terminates or is amended so as to terminate the insurance of any class of insured persons, every person insured thereunder at the date of such termination whose insurance terminates, including the insured dependent of a covered person, and who has been so insured for at least 5 ~~five~~ years prior to such termination date shall be entitled to have issued by the insurer an individual policy of life insurance, subject to the same conditions and limitations as are provided by provision (H) above, except that the group policy may provide that the amount of such individual policy shall not exceed the smaller of (a) the amount of the person's life insurance protection ceasing because of the termination or amendment of the group policy, less the amount of any life insurance for which he is

or becomes eligible under a group policy issued or reinstated by the same or another insurer within 31 days after such termination, or (b) \$10,000.

(L) A provision that if a person insured under the group policy, or the insured dependent of a covered person, dies during the period within which the individual would have been entitled to have an individual policy issued in accordance with provisions (H) or (I) above and before such an individual policy shall have become effective, the amount of life insurance which he would have been entitled to have issued under such individual policy shall be payable as a claim under the group policy, whether or not application for the individual policy or the payment of the first premium therefor has been made.

(M) If active employment is a condition of insurance, a provision that an insured may continue coverage during the insured's total disability by timely payment to the policyholder of that portion, if any, of the premium that would have been required from the insured had total disability not occurred. The continuation shall be on a premium paying basis for a period of 6 ~~six~~ months from the date on which the total disability started, but not beyond the earlier of (a) approval by the insurer of continuation of the coverage under any disability provision which the group insurance policy may contain or (b) the discontinuance of the group insurance policy.

(N) If active employment is a condition of insurance, in the case of a policy of group life insurance replacing another policy of group life insurance in force with another insurance carrier immediately prior to the effective date of the new policy, a provision preventing loss of coverage, subject to premium payments, for those active employees who are not actively at work on the effective date of the new policy if the following conditions are met:

(1) the active employee was insured under the prior carrier's group life insurance policy immediately prior to the effective date of the policy;

(2) the active employee is not actively at work on the effective date of the new policy;

(3) the active employee is a member of an eligible class under the policy; and

(4) the active employee is not receiving or eligible to receive benefits under the prior carrier's group life insurance policy.

(O) If active employment is a condition of insurance, a provision that for active employees receiving or eligible to receive benefits under provision (N) the continued coverage will remain in effect until the earliest of the following:

(1) the date the employee returns to active work;

(2) the date that coverage under the prior carrier's group life insurance policy would have ended for any reason other than the termination of the policy;

(3) the date that coverage would otherwise end under the replacing carrier's policy;

(4) a date no less than 6 months after the replacement coverage begins; or

(5) the date the employee is covered or is eligible for coverage under the prior carrier's group policy.

(P) If active employment is a condition of insurance, a provision that the replacing carrier's obligations under provisions (N) and (O) may be limited to the amount for which the employee was covered under the prior carrier's group life insurance policy and may be reduced by any amounts payable under the prior carrier's group life insurance policy.

(Q) In the case of a policy insuring the lives of debtors, a provision that the insurer will furnish to the policyholder for delivery to each debtor insured under the policy a certificate of insurance describing the coverage and specifying that the death benefit shall first be applied to reduce or extinguish the indebtedness. Whenever the amount of insurance payable exceeds the amount of outstanding indebtedness, the excess benefit shall be payable to the person otherwise contractually or legally entitled thereto; if there be no person determined to be so entitled, such excess shall be paid to the estate of the insured person.

(215 ILCS 5/236) (from Ch. 73, par. 848)

Sec. 236. Discrimination prohibited.

(a) No life company doing business in this State shall make or permit any distinction or discrimination in favor of individuals among insured persons of the same class and equal expectation of life in the issuance of its policies, in the amount of payment of premiums or rates charged for policies of insurance, in the amount of any dividends or other benefits payable thereon, or in any other of the terms and conditions of the contracts it makes.

(b) No life company shall make or permit any distinction or discrimination against individuals with disabilities in the amount of payment of premiums or rates charged for policies of life insurance, in the amount of any dividends or death benefits payable thereon, or in any other terms and conditions of the contract it makes unless the rate differential is based on sound actuarial principles and a reasonable system of classification and is related to actual or reasonably anticipated experience directly associated with the disability.

(c) No life company shall refuse to insure, or refuse to continue to insure, or limit the amount or extent or kind of coverage available to an individual, or charge an individual a different rate for the same coverage solely because of blindness or partial blindness. With respect to all other conditions, including the underlying cause of the blindness or

partial blindness, persons who are blind or partially blind shall be subject to the same standards of sound actuarial principles or actual or reasonably anticipated experience as are sighted persons. Refusal to insure includes denial by an insurer of disability insurance coverage on the grounds that the policy defines "disability" as being presumed in the event that the insured loses his or her eyesight. However, an insurer may exclude from coverage disabilities consisting solely of blindness or partial blindness when such condition existed at the time the policy was issued.

(d) No life company shall refuse to insure or to continue to insure an individual solely because of the individual's status as a member of the United States Air Force, Army, Coast Guard, Marines, or Navy or solely because of the individual's status as a member of the National Guard or Armed Forces Reserve.

(e) An insurer or producer authorized to issue policies of insurance in this State may not make a distinction or otherwise discriminate between persons, reject an applicant, cancel a policy, or demand or require a higher rate of premium for reasons based solely upon an applicant's or insured's past lawful travel experiences or future lawful travel plans. This subsection (e) does not prohibit an insurer or producer from excluding or limiting coverage under a policy or refusing to offer the policy based upon past lawful travel or future lawful travel plans or from charging a different rate for that

coverage when that action is based upon sound actuarial principles or is related to actual or reasonably expected experience and is not based solely on the destination's inclusion on the United States Department of State's travel warning list.

(f) With respect to life insurance final expense policies, no life company authorized to issue these policies in this State shall refuse to insure an individual; refuse to continue to insure an individual ~~individual~~; limit the amount, extent, or kind of coverage available to an individual; or charge an individual a different rate for the same coverage solely on the basis that an insured or applicant has been convicted of a felony. Nothing in this subsection shall be construed to require a life company to issue or otherwise provide coverage for a life insurance policy to a person who is actively incarcerated pursuant to a felony conviction. As used in this subsection, "final expense policy" means a policy marketed and sold exclusively to cover costs associated with funeral and burial expenses.

(b) Emergency services. When a beneficiary, insured, or enrollee receives emergency services from a nonparticipating provider or a nonparticipating emergency facility, the health insurance issuer shall ensure that the beneficiary, insured, or enrollee shall incur no greater out-of-pocket costs than the beneficiary, insured, or enrollee would have incurred with a participating provider or a participating emergency facility. Any cost-sharing requirements shall be applied as though the emergency services had been received from a participating provider or a participating facility. Cost sharing shall be calculated based on the recognized amount for the emergency services. If the cost sharing for the same item or service furnished by a participating provider would have been a flat-dollar copayment, that amount shall be the cost-sharing amount unless the provider has billed a lesser total amount. In no event shall the beneficiary, insured, enrollee, or any group policyholder or plan sponsor be liable to or billed by the health insurance issuer, the nonparticipating provider, or the nonparticipating emergency facility for any amount beyond the cost sharing calculated in accordance with this subsection with respect to the emergency services delivered. If the cost sharing for the same item or service furnished by a participating provider would have been a flat-dollar copayment, that amount shall be the cost-sharing amount unless the provider has billed a lesser total amount. In no event shall the beneficiary, insured, enrollee, or any group policyholder or plan sponsor be liable to or billed by the health insurance issuer, the nonparticipating provider, or the participating health care facility for any amount beyond

the cost sharing calculated in accordance with this subsection with respect to the ancillary services delivered. In addition to ancillary services, the requirements of this paragraph shall also apply with respect to covered items or services furnished as a result of unforeseen, urgent medical needs that arise at the time an item or service is furnished, regardless of whether the nonparticipating provider satisfied the notice and consent criteria under paragraph (2) of this subsection.

(2) When a beneficiary, insured, or enrollee utilizes a participating health care facility and receives non-emergency covered health care services other than those described in paragraph (1) of this subsection from a nonparticipating provider during or resulting from the visit, the health insurance issuer shall ensure that the beneficiary, insured, or enrollee incurs no greater out-of-pocket costs than the beneficiary, insured, or enrollee would have incurred with a participating provider unless the nonparticipating provider or the participating health care facility on behalf of the nonparticipating provider satisfies the notice and consent criteria provided in 42 U.S.C. 300gg-132 and regulations promulgated thereunder. If the notice and consent criteria are not satisfied, then:

(A) any cost-sharing requirements shall be applied as though the health care services had been received

from a participating provider;

(B) cost sharing shall be calculated based on the recognized amount for the health care services; and

(C) in no event shall the beneficiary, insured, enrollee, or any group policyholder or plan sponsor be liable to or billed by the health insurance issuer, the nonparticipating provider, or the participating health care facility for any amount beyond the cost sharing calculated in accordance with this subsection with respect to the health care services delivered.

(2) Beginning on January 1, 2027, when a beneficiary, insured, or enrollee receives emergency ground ambulance services or urgent ambulance services from a nonparticipating ground ambulance service provider, the health insurance issuer shall ensure that the beneficiary, insured, or enrollee shall incur no greater out-of-pocket costs than the beneficiary, insured, or enrollee would have incurred with a participating ground ambulance provider. Any cost-sharing requirements shall be applied

as though the emergency ground ambulance services or urgent ground ambulance services had been received from a participating ground ambulance service provider. Except as otherwise provided in State or federal law, cost sharing shall be calculated based on the lesser of the policy's copayment or coinsurance for an emergency room visit or 10% of the recognized amount. For purposes of this subsection, the recognized amount shall be calculated as provided for in paragraph (3) of this subsection. Except as otherwise provided for in State or federal law, if the cost sharing for the same item or service furnished by a participating ground ambulance provider would have been a flat-dollar copayment, that amount shall be the cost-sharing amount unless the nonparticipating ground ambulance provider has billed a lesser total amount.

(3) Upon reasonable demand by a nonparticipating ground ambulance service provider and after subtracting the beneficiary's, insured's, or enrollee's cost sharing amount, a health insurance issuer shall pay the nonparticipating ground ambulance service provider as follows:

(A) for nonparticipating ground ambulance service providers subject to a unit of local government that has jurisdiction over where the service was provided, a rate that is equal to the rate established or approved by the governing body of the local government

having jurisdiction for that area or subarea; or

(B) for nonparticipating ground ambulance service providers that are not subject to the jurisdiction of a unit of local government, a rate that is equal to the lesser of (i) the negotiated rate between the nonparticipating ground ambulance service provider and the health insurance issuer; (ii) 85% of the nonparticipating ground ambulance service provider's billed charges; or (iii) the average gross charge rate in effect for the date of service in question for a base charge and, if applicable, a loaded mileage charge, the nonparticipating ground ambulance service provider has filed with the Department of Public Health in accordance with subsection (b-15).

By accepting the payment from the health insurance issuer, the nonparticipating ground ambulance service provider shall not seek any payment from the beneficiary, insured, or enrollee for any amount that exceeds the deductible, coinsurance, or copay for services provided to the beneficiary, insured, or enrollee.

(b-15) Beginning on October 1, 2026, and each October 1 thereafter, each nonparticipating ground ambulance service provider shall file annually with the Department of Public Health, in the form and manner prescribed by the Department of Public Health, its average gross charge rates and any other

information required by the Department of Public Health, by rule, for each of the following ground ambulance charge descriptions, as applicable: (1) basic life support, urgent base; (2) basic life support, emergency base; (3) advanced life support, urgent, level 1 base; (4) advanced life support, emergency, level 1 base; (5) advanced life support, emergency, level 2 base; (6) specialty care transport base; (7) emergency response, evaluation without transport base; (8) emergency response, treatment without transport base; (9) emergency response, paramedic intercept base; and (10) loaded mileage, per loaded mile charge for each of the applicable base charge descriptions services. The Department of Public Health shall publish the submitted rate information by January 1, 2027 and every January 1 thereafter. The Department of Public Health may request information from ground ambulance service providers and health insurance issuers regarding factors contributing to the network status of the ground ambulance service providers. The Department of Public Health may, upon the submission of rate information, assess a fee to each ground ambulance service provider that shall not exceed the administrative costs to complete the Department of Public Health's obligations in this subsection. The Department of Public Health may also request information from nationally recognized organizations that provide data on health care costs. The Department of Insurance shall direct the health insurance issuer to the location in which the information

reported to the Department of Public Health is stored.

(c) Notwithstanding any other provision of this Code, except when the notice and consent criteria are satisfied for the situation in paragraph (2) of subsection (b-5), any benefits a beneficiary, insured, or enrollee receives for services under the situations in subsection (b), (b-5), (b-10), or (b-15) are assigned to the nonparticipating providers, nonparticipating ground ambulance service provider, or the facility acting on their behalf. Upon receipt of the provider's bill or facility's bill, the health insurance issuer shall provide the nonparticipating provider, nonparticipating ground ambulance service provider, or the facility with a written explanation of benefits that specifies the proposed reimbursement and the applicable deductible, copayment, or coinsurance amounts owed by the insured, beneficiary, or enrollee. The health insurance issuer shall pay any reimbursement subject to this Section directly to the nonparticipating provider, nonparticipating ground ambulance service provider, or the facility.

(d) For bills assigned under subsection (c), the nonparticipating provider or the facility may bill the health insurance issuer for the services rendered, and the health insurance issuer may pay the billed amount or attempt to negotiate reimbursement with the nonparticipating provider or the facility. Within 30 calendar days after the provider or facility transmits the bill to the health insurance issuer,

the issuer shall send an initial payment or notice of denial of payment with the written explanation of benefits to the provider or facility. If attempts to negotiate reimbursement for services provided by a nonparticipating provider do not result in a resolution of the payment dispute within 30 days after receipt of written explanation of benefits by the health insurance issuer, then the health insurance issuer or nonparticipating provider or the facility may initiate binding arbitration to determine payment for services provided on a per-bill or batched-bill basis, in accordance with Section 300gg-111 of the Public Health Service Act and the regulations promulgated thereunder. The party requesting arbitration shall notify the other party arbitration has been initiated and state its final offer before arbitration. In response to this notice, the nonrequesting party shall inform the requesting party of its final offer before the arbitration occurs. Arbitration shall be initiated by filing a request with the Department of Insurance.

(e) The Department of Insurance shall publish a list of approved arbitrators or entities that shall provide binding arbitration. These arbitrators shall be American Arbitration Association or American Health Lawyers Association trained arbitrators. Both parties must agree on an arbitrator from the Department of Insurance's or its approved entity's list of arbitrators. If no agreement can be reached, then a list of 5 arbitrators shall be provided by the Department of Insurance

or the approved entity. From the list of 5 arbitrators, the health insurance issuer can veto 2 arbitrators and the provider or facility can veto 2 arbitrators. The remaining arbitrator shall be the chosen arbitrator. This arbitration shall consist of a review of the written submissions by both parties. The arbitrator shall not establish a rebuttable presumption that the qualifying payment amount should be the total amount owed to the provider or facility by the combination of the issuer and the insured, beneficiary, or enrollee. Binding arbitration shall provide for a written decision within 45 days after the request is filed with the Department of Insurance. Both parties shall be bound by the arbitrator's decision. The arbitrator's expenses and fees, together with other expenses, not including attorney's fees, incurred in the conduct of the arbitration, shall be paid as provided in the decision.

(f) (Blank).

(g) Section 368a of this Code ~~Act~~ shall not apply during the pendency of a decision under subsection (d). Upon the issuance of the arbitrator's decision, Section 368a applies with respect to the amount, if any, by which the arbitrator's determination exceeds the issuer's initial payment under subsection (c), or the entire amount of the arbitrator's determination if initial payment was denied. Any interest required to be paid to a provider under Section 368a shall not accrue until after 30 days of an arbitrator's decision as

provided in subsection (d), but in no circumstances longer than 150 days from the date the nonparticipating facility-based provider billed for services rendered.

(h) Nothing in this Section shall be interpreted to change the prudent layperson provisions with respect to emergency services under the Managed Care Reform and Patient Rights Act.

(i) Nothing in this Section shall preclude a health care provider from billing a beneficiary, insured, or enrollee for reasonable administrative fees, such as service fees for checks returned for nonsufficient funds and missed appointments.

(j) Nothing in this Section shall preclude a beneficiary, insured, or enrollee from assigning benefits to a nonparticipating provider when the notice and consent criteria are satisfied under paragraph (2) of subsection (b-5) or in any other situation not described in subsection (b) or (b-5).

(k) Except when the notice and consent criteria are satisfied under paragraph (2) of subsection (b-5), if an individual receives health care services under the situations described in subsection (b) or (b-5), no referral requirement or any other provision contained in the policy or certificate of coverage shall deny coverage, reduce benefits, or otherwise defeat the requirements of this Section for services that would have been covered with a participating provider. However, this subsection shall not be construed to preclude a provider contract with a health insurance issuer, or with an

administrator or similar entity acting on the issuer's behalf, from imposing requirements on the participating provider, participating emergency facility, or participating health care facility relating to the referral of covered individuals to nonparticipating providers.

(l) Except if the notice and consent criteria are satisfied under paragraph (2) of subsection (b-5), cost-sharing amounts calculated in conformity with this Section shall count toward any deductible or out-of-pocket maximum applicable to in-network coverage.

(m) The Department has the authority to enforce the requirements of this Section in the situations described in subsections (b) and (b-5), and in any other situation for which 42 U.S.C. Chapter 6A, Subchapter XXV, Parts D or E and regulations promulgated thereunder would prohibit an individual from being billed or liable for emergency services furnished by a nonparticipating provider or nonparticipating emergency facility or for non-emergency health care services furnished by a nonparticipating provider at a participating health care facility.

(n) This Section does not apply with respect to air ambulance services. This Section does not apply to any policy of excepted benefits or to short-term, limited-duration health insurance coverage.

(o) A home rule unit may not regulate payments for ground ambulance service in a manner inconsistent with this Section.

This subsection is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State.

(p) ~~(e)~~ Notwithstanding any other provision of law to the contrary, if a beneficiary, insured, or enrollee receives neonatal intensive care from a nonparticipating provider or nonparticipating facility, a health insurance issuer shall ensure that the beneficiary, insured, or enrollee shall incur no greater out-of-pocket costs than he or she would have incurred with a participating provider or a participating facility, as long as the nonparticipating provider or nonparticipating facility bills the neonatal intensive care as emergency services.

Coverage of U.S. Food and Drug Administration-approved treatments or medications prescribed to slow the progression of Alzheimer's disease or another related dementia pursuant to

this Section shall not be subject to step therapy.

(b) Nothing in this Section prohibits a group or individual policy of accident and health insurance or managed care plan, by contract, written policy, procedure, or any other agreement or course of conduct, from requiring a pharmacist to effect substitutions of prescription drugs consistent with Section 19.5 of the Pharmacy Practice Act, under which a pharmacist may substitute an interchangeable biologic for a prescribed biologic product, and Section 25 of the Pharmacy Practice Act, under which a pharmacist may select a generic drug determined to be therapeutically equivalent by the United States Food and Drug Administration and in accordance with the Illinois Food, Drug and Cosmetic Act.

Sec. 370c.4. Mental health and substance use parity.

(a) In this Section:

"Application" means a person's or facility's application

to become a participating provider with an insurer in at least one of the insurer's provider networks.

"Applying provider" means a provider or facility that has submitted a completed application to become a participating provider or facility with an insurer.

"Contracting process" includes the

process of verifying a provider's credentials.

"Participating provider" means any mental health or substance use disorder treatment provider that has a contract to provide mental health or substance use disorder services with an insurer.

(b) Consistent with the principles of the federal Mental Health Parity and Addiction Equity Act of 2008, and for the purposes of strengthening network adequacy for mental health and substance use disorder services and lowering out-of-network utilization, provider reimbursement rates subject to this Section shall comply with the reimbursement rate floors for all in-network mental health and substance use disorder services, including inpatient services, outpatient services, office visits, and residential care, delivered by Illinois providers and facilities using the Illinois data in the Research Triangle Institute International's study, Behavioral Health Parity - Pervasive Disparities in Access to In-Network Care Continue, Mark, T.L., & Parish, W. (April 2024). The reimbursement rate floors for in-network mental health and substance use disorder services requires that reimbursement for each service, classified by Healthcare Common Procedure Coding System (HCPCS) codes, Current Procedural Terminology (CPT) codes, Ambulatory Payment Classifications (APC), Enhanced Ambulatory Patient Groups (EAPG), Medicare Severity Diagnosis Related Groups (MS-DRG), All Patient Refined Diagnosis Related Groups (APR-DRG), and

base payment rates with adjusters and applicable outliers must be equal to or greater than the dollar amounts applicable under this subsection on the date of service for the geographic location. The reimbursement rate floor for each Healthcare Common Procedure Coding System (HCPCS) code, Current Procedural Terminology (CPT) code, Ambulatory Payment Classification (APC), Enhanced Ambulatory Patient Group (EAPG), Medicare Severity Diagnosis Related Group (MS-DRG), All Patient Refined Diagnosis Related Group (APR-DRG), and base payment rate with adjusters and applicable outliers shall apply to all group or individual policies of accident and health insurance or managed care plans that are amended, delivered, issued, or renewed on or after January 1, 2027, or any contracted third party administering the behavioral health benefits for the insurer.

(1) Except as otherwise provided in this subsection, the reimbursement rate floor for each Healthcare Common Procedure Coding System (HCPCS) code, Current Procedural Terminology (CPT) code, Ambulatory Payment Classification (APC), Enhanced Ambulatory Patient Group (EAPG), Medicare Severity Diagnosis Related Group (MS-DRG), All Patient Refined Diagnosis Related Group (APR-DRG), and base payment rate with adjusters and applicable outliers for a mental health or substance use disorder service shall be equal to the following dollar amount:

(A) (i) the average reimbursement percentage for

Illinois All Medical/Surgical Clinicians, as listed on the first line of Appendix C-13, page C-52 of the Research Triangle Institute International study, plus;

(ii) half of the difference between the average reimbursement percentage and the percentage at the 75th percentile for Illinois All Medical/Surgical Clinicians, as listed in the first line in Appendix C-13, page C-52, multiplied by;

(B) the same source of the benchmark rate that was used to calculate the percentages in items (i) and (ii) of subparagraph (A), using the updated benchmark rate for medical/surgical clinicians for the same Healthcare Common Procedure Coding System (HCPCS) or Current Procedural Terminology (CPT) code in effect on the date of service for the geographic location, except that:

(i) the source of the benchmark rate for a hospital inpatient service shall follow the formula set out by the same federal health care program for the acute inpatient operating prospective payment system in effect on the date of service for the geographic location using all applicable adjusters and outliers; and

(ii) the source of the benchmark rate for a hospital outpatient service shall follow the formula set out by the same federal health care

program for the hospital outpatient services prospective payment system in effect on the date of service for the geographic location using all applicable adjusters and outliers.

Calculation of the benchmark rate shall adhere to the methodologies used in the Research Triangle Institute ~~Institution~~ International study using comparable benefits within the same classification.

(2) If the rate benchmark set by this subsection is tied to a federal health care program, a rate floor dollar amount shall take effect on the date the federal health care program's benchmark rate takes effect. However, for any year that the benchmark rate decreases for any Healthcare Common Procedure Coding System (HCPCS) code, Current Procedural Terminology (CPT) code, Ambulatory Payment Classification (APC), Enhanced Ambulatory Patient Group (EAPG), Medicare Severity Diagnosis Related Group (MS-DRG), All Patient Refined Diagnosis Related Group (APR-DRG), and base payment rate with adjusters and applicable outliers, the reimbursement rate floor for the purposes of this Section shall remain at the level it was the previous year. Notwithstanding any other provision of this Section, all rate floor dollar amounts in effect on January 1, 2027 shall be equal to the amount described in paragraph (1). The Department has the authority to enforce and monitor the reimbursement rate floor set pursuant to

this Section.

(c) A group or individual policy of accident and health insurance or managed care plan that is amended, delivered, issued, or renewed on or after January 1, 2027, or any contracted third party administering the behavioral health benefits for the insurer, shall cover all medically necessary mental health or substance use disorder services received by the same insured on the same day from the same or different mental health or substance use provider or facility for both outpatient and inpatient care.

(d) A group or individual policy of accident and health insurance or managed care plan that is amended, delivered, issued, or renewed on or after January 1, 2027, or any contracted third party administering the behavioral health benefits for the insurer, shall cover any medically necessary mental health or substance use disorder service provided by a behavioral health trainee when the trainee is working toward clinical State licensure and is under the supervision of a fully licensed mental health or substance use disorder treatment provider who is a physician licensed to practice medicine in all its branches, licensed clinical psychologist, licensed clinical social worker, licensed clinical professional counselor, licensed marriage and family therapist, licensed speech-language pathologist, or other licensed or certified professional at a program licensed pursuant to the Substance Use Disorder Act who is engaged in

treating mental, emotional, nervous, or substance use disorders or conditions. Services provided by the trainee must be billed under the supervising clinician's rendering National Provider Identifier.

(e) A group or individual policy of accident and health insurance or managed care plan that is amended, delivered, issued, or renewed on or after January 1, 2027, or any contracted third party administering the behavioral health benefits for the insurer, shall:

(1) cover medically necessary 60-minute psychotherapy billed using the Current Procedural Terminology Code 90837 for Individual Therapy;

(2) not impose more onerous documentation requirements on the provider than is required for other psychotherapy Current Procedural Terminology (CPT) codes; and

(3) not audit the use of Current Procedural Terminology Code 90837 any more frequently than audits for the use of other psychotherapy Current Procedural Terminology (CPT) codes.

(f)(1) Any group or individual policy of accident and health insurance or managed care plan that is amended, delivered, issued, or renewed on or after January 1, 2027, or any contracted third party administering the behavioral health benefits for the insurer, shall complete the contracting process with a mental health or substance use disorder treatment provider or facility for becoming a participating

provider in the insurer's network, including the verification of the provider's credentials, within 60 days from the date of a completed application to the insurer to become a participating provider. Nothing in this paragraph (1), however, presumes or establishes a contract between an insurer and a provider.

(2) Any group or individual policy of accident and health insurance or managed care plan that is amended, delivered, issued, or renewed on or after January 1, 2027, or any contracted third party administering the behavioral health benefits for the insurer, shall reimburse a participating mental health or substance use disorder treatment provider or facility at the contracted reimbursement rate for any medically necessary services provided to an insured from the date of submission of the provider's or facility's completed application to become a participating provider with the insurer up to the effective date of the provider's contract. The provider's claims for such services shall be reimbursed only when submitted after the effective date of the provider's contract with the insurer. This paragraph (2) does not apply to a provider that does not have a completed contract with an insurer. If a provider opts to submit claims for medically necessary mental health or substance use disorder services pursuant to this paragraph (2), the provider must notify the insured following submission of the claims to the insurer that the services provided to the insured may be treated as

in-network services.

(3) Any group or individual policy of accident and health insurance or managed care plan that is amended, delivered, issued, or renewed on or after January 1, 2027, or any contracted third party administering the behavioral health benefits for the insurer, shall cover any medically necessary mental health or substance use disorder service provided by a fully licensed mental health or substance use disorder treatment provider affiliated with a mental health or substance use disorder treatment group practice who has submitted a completed application to become a participating provider with an insurer who is delivering services under the supervision of another fully licensed participating mental health or substance use disorder treatment provider within the same group practice up to the effective date of the applying provider's contract with the insurer as a participating provider. Services provided by the applying provider must be billed under the supervising licensed provider's rendering National Provider Identifier.

(4) Upon request, an insurer, or any contracted third party administering the behavioral health benefits for the insurer, shall provide an applying provider with the insurer's credentialing policies and procedures. An insurer, or any contracted third party administering the behavioral health benefits for the insurer, shall post the following nonproprietary information on its website and make that

information available to all applicants:

(A) a list of the information required to be included in an application;

(B) a checklist of the materials that must be submitted in the credentialing process; and

(C) designated contact information of a network representative, including a designated point of contact, an email address, and a telephone number, to which an applicant may address any credentialing inquiries.

(g) The Department has the same authority to enforce this Section as it has to enforce compliance with Sections 370c and 370c.1. Additionally, if the Department determines that an insurer or any contracted third party administering the behavioral health benefits for the insurer has violated this Section, the Department shall, after appropriate notice and opportunity for hearing in accordance with Section 402, by order assess a civil penalty of \$1,000 for each violation. The Department shall establish any processes or procedures necessary to monitor compliance with this Section.

(h) At the end of 2 years, 7 years, and 12 years following the implementation of subsection (b) of this Section, the Department shall review the impact of this Section on network adequacy for mental health and substance use disorder treatment and access to affordable mental health and substance use care. By no later than December 31, 2030, December 31, 2035, and December 31, 2040, the Department shall submit a

report in each of those years to the General Assembly that includes its analyses and findings. For the purpose of evaluating trends in network adequacy, the Department is granted the authority to examine out-of-network utilization and out-of-pocket costs for insureds for mental health and substance use disorder treatment and services for all plans to compare with in-network utilization for purposes of evaluating access to care. The Department shall conduct an analysis of the impact, if any, of the reimbursement rate floor for mental health and substance use disorder services on health insurance premiums across the State-regulated health insurance markets, taking into consideration the need to expand network adequacy to improve access to care.

(i) The Department of Insurance shall adopt any rules necessary to implement this Section by no later than September 1, 2026.

(j) This Section does not apply to a health care plan serving Medicaid populations that provides, arranges for, pays for, or reimburses the cost of any health care service for persons who are enrolled under the Illinois Public Aid Code or under the Children's Health Insurance Program Act.

(1) The written policies and procedures for adding providers to meet patient needs based on increases in the number of beneficiaries, changes in the patient-to-provider ratio, changes in medical and health care capabilities, and increased demand for services.

(2) The written policies and procedures for making referrals within and outside the network.

(3) The written policies and procedures on how the network plan will provide 24-hour, 7-day per week access to network-affiliated primary care, emergency services, and obstetrical and gynecological health care professionals.

An issuer shall not prohibit a preferred provider from discussing any specific or all treatment options with beneficiaries irrespective of the issuer's position on those treatment options or from advocating on behalf of beneficiaries within the utilization review, grievance, or appeals processes established by the issuer in accordance with any rights or remedies available under applicable State or federal law.

(b) Before issuing, delivering, or renewing a network plan, an issuer must file for review a description of the

services to be offered through a network plan. The description shall include all of the following:

(1) A geographic map of the area proposed to be served by the plan by county service area and zip code, including marked locations for preferred providers.

(2) As deemed necessary by the Department, the names, addresses, phone numbers, and specialties of the providers who have entered into preferred provider agreements under the network plan.

(3) The number of beneficiaries anticipated to be covered by the network plan.

(4) An Internet website and toll-free telephone number for beneficiaries and prospective beneficiaries to access current and accurate lists of preferred providers in each plan, additional information about the plan, as well as any other information required by Department rule.

(5) A description of how health care services to be rendered under the network plan are reasonably accessible and available to beneficiaries. The description shall address all of the following:

(A) the type of health care services to be provided by the network plan;

(B) the ratio of physicians and other providers to beneficiaries, by specialty and including primary care physicians and facility-based physicians when applicable under the contract, necessary to meet the

health care needs and service demands of the currently enrolled population;

(C) the travel and distance standards for plan beneficiaries in county service areas; and

(D) a description of how the use of telemedicine, telehealth, or mobile care services may be used to partially meet the network adequacy standards, if applicable.

(6) A provision ensuring that whenever a beneficiary has made a good faith effort, as evidenced by accessing the provider directory, calling the network plan, and calling the provider, to utilize preferred providers for a covered service and it is determined the issuer does not have the appropriate preferred providers due to insufficient number, type, unreasonable travel distance or delay, or preferred providers refusing to provide a covered service because it is contrary to the conscience of the preferred providers, as protected by the Health Care Right of Conscience Act, the issuer shall give the beneficiary a network exception and shall ensure, directly or indirectly, by terms contained in the payer contract, that the beneficiary will be provided the covered service at no greater cost to the beneficiary than if the service had been provided by a preferred provider. This paragraph (6) does not apply to: (A) a beneficiary who willfully chooses to access a non-preferred provider for health care

services available through the panel of preferred providers, or (B) a beneficiary enrolled in a health maintenance organization, except that the health maintenance organization must notify the beneficiary when a referral has been granted as a network exception based on any preferred provider access deficiency described in this paragraph or under the circumstances applicable in paragraph (3) of subsection (d-5). In these circumstances, the contractual requirements for non-preferred provider reimbursements shall apply unless Section 356z.3a of the Illinois Insurance Code requires otherwise. In no event shall a beneficiary who receives care at a participating health care facility be required to search for participating providers under the circumstances described in subsection (b) or (b-5) of Section 356z.3a of the Illinois Insurance Code except under the circumstances described in paragraph (2) of subsection (b-5).

(7) A provision that the beneficiary shall receive emergency care coverage such that payment for this coverage is not dependent upon whether the emergency services are performed by a preferred or non-preferred provider and the coverage shall be at the same benefit level as if the service or treatment had been rendered by a preferred provider. For purposes of this paragraph (7), "the same benefit level" means that the beneficiary is provided the covered service at no greater cost to the

beneficiary than if the service had been provided by a preferred provider. This provision shall be consistent with Section 356z.3a of the Illinois Insurance Code.

(8) A limitation that complies with subsections (d) and (e) of Section 55 of the Prior Authorization Reform Act.

(9) For a network plan to be offered through the Exchange in the individual or small group market, as well as any off-Exchange mirror of such a network plan, evidence that the network plan includes essential community providers in accordance with rules established by the Exchange that will operate in this State for the applicable plan year.

(c) The issuer shall demonstrate to the Director a minimum ratio of providers to plan beneficiaries as required by the Department for each network plan.

(1) The minimum ratio of physicians or other providers to plan beneficiaries shall be established by the Department in consultation with the Department of Public Health based upon the guidance from the federal Centers for Medicare and Medicaid Services. The Department shall not establish ratios for vision or dental providers who provide services under dental-specific or vision-specific benefits, except to the extent provided under federal law for stand-alone dental plans. The Department shall consider establishing ratios for the following physicians

or other providers:

- (A) Primary Care;
- (B) Pediatrics;
- (C) Cardiology;
- (D) Gastroenterology;
- (E) General Surgery;
- (F) Neurology;
- (G) OB/GYN;
- (H) Oncology/Radiation;
- (I) Ophthalmology;
- (J) Urology;
- (K) Behavioral Health;
- (L) Allergy/Immunology;
- (M) Chiropractic;
- (N) Dermatology;
- (O) Endocrinology;
- (P) Ears, Nose, and Throat (ENT)/Otolaryngology;
- (Q) Infectious Disease;
- (R) Nephrology;
- (S) Neurosurgery;
- (T) Orthopedic Surgery;
- (U) Physiatry/Rehabilitative;
- (V) Plastic Surgery;
- (W) Pulmonary;
- (X) Rheumatology;
- (Y) Anesthesiology;

- (Z) Pain Medicine;
- (AA) Pediatric Specialty Services;
- (BB) Outpatient Dialysis;
- (CC) HIV; and
- (DD) Genetic Medicine and Genetic Counseling.

(1.5) Beginning January 1, 2026, every issuer shall demonstrate to the Director that each in-network hospital has at least one radiologist, pathologist, anesthesiologist, and emergency room physician as a preferred provider in a network plan. The Department may, by rule, require additional types of hospital-based medical specialists to be included as preferred providers in each in-network hospital in a network plan.

(2) The Director shall establish a process for the review of the adequacy of these standards, along with an assessment of additional specialties to be included in the list under this subsection (c).

(3) Notwithstanding any other law or rule, the minimum ratio for each provider type shall be no less than any such ratio established for qualified health plans in Federally-Facilitated Exchanges by federal law or by the federal Centers for Medicare and Medicaid Services, even if the network plan is issued in the large group market or is otherwise not issued through an exchange. Federal standards for stand-alone dental plans shall only apply to such network plans. In the absence of an applicable

Department rule, the federal standards shall apply for the time period specified in the federal law, regulation, or guidance. If the Centers for Medicare and Medicaid Services establish standards that are more stringent than the standards in effect under any Department rule, the Department may amend its rules to conform to the more stringent federal standards.

(4) If the federal Centers for Medicare and Medicaid Services establishes minimum provider ratios for stand-alone dental plans in the type of exchange in use in this State for a given plan year, the Department shall enforce those standards for stand-alone dental plans for that plan year.

(d) The network plan shall demonstrate to the Director maximum travel and distance standards and appointment wait-time standards for plan beneficiaries, which shall be established by the Department in consultation with the Department of Public Health based upon the guidance from the federal Centers for Medicare and Medicaid Services. These standards shall consist of the maximum minutes or miles to be traveled by a plan beneficiary for each county type, such as large counties, metro counties, or rural counties as defined by Department rule.

The maximum travel time and distance standards must include standards for each physician and other provider category listed for which ratios have been established.

The Director shall establish a process for the review of the adequacy of these standards along with an assessment of additional specialties to be included in the list under this subsection (d).

Notwithstanding any other law or Department rule, the maximum travel time and distance standards and appointment wait-time standards shall be no greater than any such standards established for qualified health plans in Federally-Facilitated Exchanges by federal law or by the federal Centers for Medicare and Medicaid Services, even if the network plan is issued in the large group market or is otherwise not issued through an exchange. Federal standards for stand-alone dental plans shall only apply to such network plans. In the absence of an applicable Department rule, the federal standards shall apply for the time period specified in the federal law, regulation, or guidance. If the Centers for Medicare and Medicaid Services establish standards that are more stringent than the standards in effect under any Department rule, the Department may amend its rules to conform to the more stringent federal standards.

If the federal area designations for the maximum time or distance or appointment wait-time standards required are changed by the most recent Letter to Issuers in the Federally-facilitated Marketplaces, the Department shall post on its website notice of such changes and may amend its rules to conform to those designations if the Director deems

appropriate.

If the federal Centers for Medicare and Medicaid Services establishes appointment wait-time standards for qualified health plans, including stand-alone dental plans, in the type of exchange in use in this State for a given plan year, the Department shall enforce those standards for the same types of qualified health plans for that plan year. If the federal Centers for Medicare and Medicaid Services establishes time and distance standards for stand-alone dental plans in the type of exchange in use in this State for a given plan year, the Department shall enforce those standards for stand-alone dental plans for that plan year.

(d-5) (1) Every issuer shall ensure that beneficiaries have timely and proximate access to treatment for mental, emotional, nervous, or substance use disorders or conditions in accordance with the provisions of paragraph (4) of subsection (a) of Section 370c of the Illinois Insurance Code. Issuers shall use a comparable process, strategy, evidentiary standard, and other factors in the development and application of the network adequacy standards for timely and proximate access to treatment for mental, emotional, nervous, or substance use disorders or conditions and those for the access to treatment for medical and surgical conditions. As such, the network adequacy standards for timely and proximate access shall equally be applied to treatment facilities and providers for mental, emotional, nervous, or substance use disorders or

conditions and specialists providing medical or surgical benefits pursuant to the parity requirements of Section 370c.1 of the Illinois Insurance Code and the federal Paul Wellstone and Pete Domenici Mental Health Parity and Addiction Equity Act of 2008. Notwithstanding the foregoing, the network adequacy standards for timely and proximate access to treatment for mental, emotional, nervous, or substance use disorders or conditions shall, at a minimum, satisfy the following requirements:

(A) For beneficiaries residing in the metropolitan counties of Cook, DuPage, Kane, Lake, McHenry, and Will, network adequacy standards for timely and proximate access to treatment for mental, emotional, nervous, or substance use disorders or conditions means a beneficiary shall not have to travel longer than 30 minutes or 30 miles from the beneficiary's residence to receive outpatient treatment for mental, emotional, nervous, or substance use disorders or conditions. Beneficiaries shall not be required to wait longer than 10 business days between requesting an initial appointment and being seen by the facility or provider of mental, emotional, nervous, or substance use disorders or conditions for outpatient treatment or to wait longer than 20 business days between requesting a repeat or follow-up appointment and being seen by the facility or provider of mental, emotional, nervous, or substance use disorders or conditions for outpatient treatment; however, subject to

the protections of paragraph (3) of this subsection, a network plan shall not be held responsible if the beneficiary or provider voluntarily chooses to schedule an appointment outside of these required time frames.

(B) For beneficiaries residing in Illinois counties other than those counties listed in subparagraph (A) of this paragraph, network adequacy standards for timely and proximate access to treatment for mental, emotional, nervous, or substance use disorders or conditions means a beneficiary shall not have to travel longer than 60 minutes or 60 miles from the beneficiary's residence to receive outpatient treatment for mental, emotional, nervous, or substance use disorders or conditions. Beneficiaries shall not be required to wait longer than 10 business days between requesting an initial appointment and being seen by the facility or provider of mental, emotional, nervous, or substance use disorders or conditions for outpatient treatment or to wait longer than 20 business days between requesting a repeat or follow-up appointment and being seen by the facility or provider of mental, emotional, nervous, or substance use disorders or conditions for outpatient treatment; however, subject to the protections of paragraph (3) of this subsection, a network plan shall not be held responsible if the beneficiary or provider voluntarily chooses to schedule an appointment outside of these required time frames.

(2) For beneficiaries residing in all Illinois counties, network adequacy standards for timely and proximate access to treatment for mental, emotional, nervous, or substance use disorders or conditions means a beneficiary shall not have to travel longer than 60 minutes or 60 miles from the beneficiary's residence to receive inpatient or residential treatment for mental, emotional, nervous, or substance use disorders or conditions.

(3) If there is no in-network facility or provider available for a beneficiary to receive timely and proximate access to treatment for mental, emotional, nervous, or substance use disorders or conditions in accordance with the network adequacy standards outlined in this subsection, the issuer shall provide necessary exceptions to its network to ensure admission and treatment with a provider or at a treatment facility in accordance with the network adequacy standards in this subsection at the in-network benefit level.

(A) For plan or policy years beginning on or after January 1, 2026, the issuer also shall provide reasonable reimbursement to a beneficiary who has received an exception as outlined in this paragraph (3) for costs including food, lodging, and travel.

(i) Reimbursement for food and lodging shall be at the prevailing federal per diem rates then in effect, as set by the United States General Services Administration. Reimbursement for travel by vehicle

shall be reimbursed at the current Internal Revenue Service mileage standard for miles driven for transportation or travel expenses.

(ii) At the time an issuer grants an exception under this paragraph (3), the issuer shall give written notification to the beneficiary of potential eligibility for reimbursement under this subparagraph (A) and instructions on how to file a claim for such reimbursement, including a link to the claim form on the issuer's public website and a phone number for a beneficiary to request that the issuer send a hard copy of the claim form by postal mail. The Department shall create the template for the reimbursement notification form, which issuers shall fill in and post on their public website.

(iii) An issuer may require a beneficiary to submit a claim for food, travel, or lodging reimbursement within 60 days of the last date of the health care service for which travel was undertaken, and the beneficiary may appeal any denial of reimbursement claims.

(iv) An issuer may deny reimbursement for food, lodging, and travel if the provider's site of care is neither within this State nor within 100 miles of the beneficiary's residence unless, after a good faith effort, no provider can be found who is available

within those parameters to provide the medically necessary health care service within 10 business days of a request for appointment.

(B) Notwithstanding any other provision of this Section to the contrary, subparagraph (A) of this paragraph (3) does not apply to policies issued or delivered in this State that provide medical assistance under the Illinois Public Aid Code or the Children's Health Insurance Program Act.

(4) If the federal Centers for Medicare and Medicaid Services establishes or law requires more stringent standards for qualified health plans in the Federally-Facilitated Exchanges, the federal standards shall control for all network plans for the time period specified in the federal law, regulation, or guidance, even if the network plan is issued in the large group market, is issued through a different type of Exchange, or is otherwise not issued through an Exchange.

(5) If the federal Centers for Medicare and Medicaid Services establishes a more stringent standard in any county than specified in paragraph (1) or (2) of this subsection (d-5) for qualified health plans in the type of exchange in use in this State for a given plan year, the federal standard shall apply in lieu of the standard in paragraph (1) or (2) of this subsection (d-5) for qualified health plans for that plan year.

(e) Except for network plans solely offered as a group

health plan, these ratio and time and distance standards apply to the lowest cost-sharing tier of any tiered network.

(f) The network plan may consider use of other health care service delivery options, such as telemedicine or telehealth, mobile clinics, and centers of excellence, or other ways of delivering care to partially meet the requirements set under this Section.

(g) Except for the requirements set forth in subsection (d-5), issuers who are not able to comply with the provider ratios, time and distance standards, and appointment wait-time standards established under this Act or federal law may request an exception to these requirements from the Department. The Department may grant an exception in the following circumstances:

(1) if no providers or facilities meet the specific time and distance standard in a specific service area and the issuer (i) discloses information on the distance and travel time points that beneficiaries would have to travel beyond the required criterion to reach the next closest contracted provider outside of the service area and (ii) provides contact information, including names, addresses, and phone numbers for the next closest contracted provider or facility;

(2) if patterns of care in the service area do not support the need for the requested number of provider or facility type and the issuer provides data on local

patterns of care, such as claims data, referral patterns, or local provider interviews, indicating where the beneficiaries currently seek this type of care or where the physicians currently refer beneficiaries, or both; or

(3) other circumstances deemed appropriate by the Department consistent with the requirements of this Act.

(h) Issuers are required to report to the Director any material change to an approved network plan within 15 business days after the change occurs and any change that would result in failure to meet the requirements of this Act. The issuer shall submit a revised version of the portions of the network adequacy filing affected by the material change, as determined by the Director by rule, and the issuer shall attach versions with the changes indicated for each document that was revised from the previous version of the filing. Upon notice from the issuer, the Director shall reevaluate the network plan's compliance with the network adequacy and transparency standards of this Act. For every day past 15 business days that the issuer fails to submit a revised network adequacy filing to the Director, the Director may order a fine of \$5,000 per day.

(i) If a network plan is inadequate under this Act with respect to a provider type in a county, and if the network plan does not have an approved exception for that provider type in that county pursuant to subsection (g), an issuer shall cover out-of-network claims for covered health care services

received from that provider type within that county at the in-network benefit level and shall retroactively adjudicate and reimburse beneficiaries to achieve that objective if their claims were processed at the out-of-network level contrary to this subsection. Nothing in this subsection shall be construed to supersede Section 356z.3a of the Illinois Insurance Code.

(j) If the Director determines that a network is inadequate in any county and no exception has been granted under subsection (g) and the issuer does not have a process in place to comply with subsection (d-5), the Director may prohibit the network plan from being issued or renewed within that county until the Director determines that the network is adequate apart from processes and exceptions described in subsections (d-5) and (g). Nothing in this subsection shall be construed to terminate any beneficiary's health insurance coverage under a network plan before the expiration of the beneficiary's policy period if the Director makes a determination under this subsection after the issuance or renewal of the beneficiary's policy or certificate because of a material change. Policies or certificates issued or renewed in violation of this subsection may subject the issuer to a civil penalty of \$5,000 per policy.

(k) For the Department to enforce any new or modified federal standard before the Department adopts the standard by rule, the Department must, no later than May 15 before the start of the plan year, give public notice to the affected

health insurance issuers through a bulletin.

(b) For purposes of the Illinois Insurance Code, except for Sections 444 and 444.1 and Articles XIII and XIII 1/2, Health Maintenance Organizations in the following categories are deemed to be "domestic companies":

(1) a corporation authorized under the Dental Service Plan Act or the Voluntary Health Services Plans Act;

(2) a corporation organized under the laws of this State; or

(3) a corporation organized under the laws of another state, 30% or more of the enrollees of which are residents of this State, except a corporation subject to substantially the same requirements in its state of organization as is a "domestic company" under Article VIII 1/2 of the Illinois Insurance Code.

(c) In considering the merger, consolidation, or other acquisition of control of a Health Maintenance Organization pursuant to Article VIII 1/2 of the Illinois Insurance Code,

(1) the Director shall give primary consideration to

the continuation of benefits to enrollees and the financial conditions of the acquired Health Maintenance Organization after the merger, consolidation, or other acquisition of control takes effect;

(2) (i) the criteria specified in subsection (1) (b) of Section 131.8 of the Illinois Insurance Code shall not apply and (ii) the Director, in making his determination with respect to the merger, consolidation, or other acquisition of control, need not take into account the effect on competition of the merger, consolidation, or other acquisition of control;

(3) the Director shall have the power to require the following information:

(A) certification by an independent actuary of the adequacy of the reserves of the Health Maintenance Organization sought to be acquired;

(B) pro forma financial statements reflecting the combined balance sheets of the acquiring company and the Health Maintenance Organization sought to be acquired as of the end of the preceding year and as of a date 90 days prior to the acquisition, as well as pro forma financial statements reflecting projected combined operation for a period of 2 years;

(C) a pro forma business plan detailing an acquiring party's plans with respect to the operation of the Health Maintenance Organization sought to be

acquired for a period of not less than 3 years; and

(e) In considering any management contract or service agreement subject to Section 141.1 of the Illinois Insurance Code, the Director (i) shall, in addition to the criteria specified in Section 141.2 of the Illinois Insurance Code, take into account the effect of the management contract or service agreement on the continuation of benefits to enrollees and the financial condition of the health maintenance organization to be managed or serviced, and (ii) need not take into account the effect of the management contract or service agreement on competition.

(f) Except for small employer groups as defined in the Small Employer Rating, Renewability and Portability Health Insurance Act and except for medicare supplement policies as defined in Section 363 of the Illinois Insurance Code, a Health Maintenance Organization may by contract agree with a group or other enrollment unit to effect refunds or charge additional premiums under the following terms and conditions:

(i) the amount of, and other terms and conditions with respect to, the refund or additional premium are set forth in the group or enrollment unit contract agreed in advance of the period for which a refund is to be paid or additional premium is to be charged (which period shall not be less than one year); and

(ii) the amount of the refund or additional premium shall not exceed 20% of the Health Maintenance Organization's profitable or unprofitable experience with respect to the group or other enrollment unit for the period (and, for purposes of a refund or additional premium, the profitable or unprofitable experience shall be calculated taking into account a pro rata share of the Health Maintenance Organization's administrative and marketing expenses, but shall not include any refund to be made or additional premium to be paid pursuant to this subsection (f)). The Health Maintenance Organization and the group or enrollment unit may agree that the profitable or unprofitable experience may be calculated taking into account the refund period and the immediately preceding 2 plan years.

The Health Maintenance Organization shall include a statement in the evidence of coverage issued to each enrollee describing the possibility of a refund or additional premium, and upon request of any group or enrollment unit, provide to the group or enrollment unit a description of the method used

to calculate (1) the Health Maintenance Organization's profitable experience with respect to the group or enrollment unit and the resulting refund to the group or enrollment unit or (2) the Health Maintenance Organization's unprofitable experience with respect to the group or enrollment unit and the resulting additional premium to be paid by the group or enrollment unit.

In no event shall the Illinois Health Maintenance Organization Guaranty Association be liable to pay any contractual obligation of an insolvent organization to pay any refund authorized under this Section.

(g) Rulemaking authority to implement Public Act 95-1045, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.

Section 545. The Limited Health Service Organization Act is amended by changing Section 4003 as follows:

(215 ILCS 130/4003) (from Ch. 73, par. 1504-3)

Sec. 4003. Illinois Insurance Code provisions. For purposes of the Illinois Insurance Code, except for Sections 444 and 444.1 and Articles

XIII and XIII 1/2, limited health service organizations in the following categories are deemed to be domestic companies:

(1) a corporation under the laws of this State; or

(2) a corporation organized under the laws of another state, 30% or more of the enrollees of which are residents of this State, except a corporation subject to substantially the same requirements in its state of organization as is a domestic company under Article VIII 1/2 of the Illinois Insurance Code.

Section 550. The Service Contract Act is amended by changing Section 5 as follows:

(215 ILCS 152/5)

Sec. 5. Definitions. In this Act:

"Department" means the Department of Insurance.

"Director" means the Director of Insurance.

"Road hazard" means a hazard that is encountered while driving a motor vehicle, including, but not limited to, potholes, rocks, wood debris, metal parts, glass, plastic, curbs, and composite scraps.

"Service contract" means a contract or agreement whereby a service contract provider undertakes for a specified period of time, for separate and identifiable consideration, to perform the repair, replacement, or maintenance, or indemnification for such services, of any automobile, system, or consumer product in connection with the operational or structural failure due to a defect in materials or workmanship, or normal wear and tear, with or without additional provision for incidental payment or indemnity under limited circumstances, for related expenses, including, but not limited to, towing, rental, and emergency road service. Service contracts may provide for:

- (1) the repair, replacement, or maintenance of such property for damage resulting from power surges and accidental damage from handling;

- (2) the repair or replacement of tires or wheels, or both, on a motor vehicle damaged as the result of coming into contact with road hazards;

- (3) the removal of dents, dings, or creases on a motor vehicle that can be repaired using the process of paintless dent removal without affecting the existing

paint finish and without replacing vehicle body panels, sanding, bonding, or painting;

(4) the repair of chips or cracks in or the replacement of motor vehicle windshields as a result of damage caused by road hazards;

(5) the replacement of a motor vehicle key or key-fob in the event that the key or key-fob becomes inoperable or is lost or stolen;

(6) the payment of specified incidental costs in the event that a vehicle protection product fails to prevent loss or damage as specified; the reimbursement of incidental costs must be tied to the purchase of a physical product that is formulated or designed to make the specified loss or damage less likely to occur; or

(7) other services that may be approved by the Director, if not inconsistent with other provisions of this Act.

"Service contract" does ~~contracts shall~~ not include:

(i) contracts of limited duration that provide for scheduled maintenance only;

(ii) fuel additives, oil additives, or other chemical products applied to the engine, transmission, or fuel system of a motor vehicle;

(iii) coverage for the repair or replacement, or both, of damage to the interior surfaces of a vehicle, or for repair or replacement, or both, of damage to the exterior

paint or finish of a vehicle; however, such coverage may be offered in connection with the sale of a vehicle protection product; and

(iv) a vehicle product protection warranty included, for no separate and identifiable consideration, with the purchase of a vehicle protection product.

"Service contract holder" means the person who purchases a service contract or a permitted transferee.

"Service contract provider" means a person who is contractually obligated to the service contract holder under the terms of the service contract. A service contract provider does not include an insurer.

"Service contract reimbursement insurance policy" means a policy of insurance that is issued to the service contract provider to provide reimbursement to the service contract provider or to pay on behalf of the service contract provider all covered contractual obligations incurred by the service contract provider under the terms and conditions of the insured service contracts issued or sold by the service contract provider.

"System" means the heating, cooling, plumbing, electrical, ventilation, or any other similar system of a home.

"Vehicle protection product" has the same meaning as that term is defined in subsection (a) of Section 155.39 of the Illinois Insurance Code.

"Vehicle protection product warranty" has the same meaning

as that term is defined in subsection (a) of Section 155.39 of the Illinois Insurance Code.

Section 560. The Public Utilities Act is amended by changing Section 16-108.18 as follows:

(220 ILCS 5/16-108.18)

Sec. 16-108.18. Performance-based ratemaking.

(a) The General Assembly finds:

(1) That improving the alignment of utility customer and company interests is critical to ensuring equity, rapid growth of distributed energy resources, electric

vehicles, and other new technologies that substantially change the makeup of the grid and protect Illinois residents and businesses from potential economic and environmental harm from the State's energy systems.

(2) There is urgency around addressing increasing threats from climate change and assisting communities that have borne disproportionate impacts from climate change, including air pollution, greenhouse gas emissions, and energy burdens. Addressing this problem requires changes to the business model under which utilities in Illinois have traditionally functioned.

(3) Providing targeted incentives to support change through a new performance-based structure to enhance ratemaking is intended to enable alignment of utility, customer, community, and environmental goals.

(4) Though Illinois has taken some measures to move utilities to performance-based ratemaking through the establishment of performance incentives and a performance-based formula rate under the Energy Infrastructure Modernization Act, these measures have not been sufficiently transformative in urgently moving electric utilities toward the State's ambitious energy policy goals: protecting a healthy environment and climate, improving public health, and creating quality jobs and economic opportunities, including wealth building, especially in economically disadvantaged

communities and communities of color.

(5) These measures were not developed through a process to understand first what performance measures and penalties would help drive the sought-after behavior by the utilities.

(6) While the General Assembly has not made a finding that the spending related to the Energy Infrastructure and Modernization Act and its performance metrics was not reasonable, it is important to address concerns that these measures may have resulted in excess utility spending and guaranteed profits without meaningful improvements in customer experience, rate affordability, or equity.

(7) Discussions of performance incentive mechanisms must always take into account the affordability of customer rates and bills for all customers, including low-income customers.

(8) The General Assembly therefore directs the Illinois Commerce Commission to complete a transition that includes a comprehensive performance-based regulation framework for electric utilities serving more than 500,000 customers. The breadth of this framework should revise existing utility regulations to position Illinois electric utilities to effectively and efficiently achieve current and anticipated future energy needs of this State, while ensuring affordability for consumers.

(b) As used in this Section:

"Commission" means the Illinois Commerce Commission.

"Demand response" means measures that decrease peak electricity demand or shift demand from peak to off-peak periods.

"Distributed energy resources" or "DER" means a wide range of technologies that are connected to the grid including those that are located on the customer side of the customer's electric meter and can provide value to the distribution system, including, but not limited to, distributed generation, energy storage, electric vehicles, and demand response technologies.

"Economically disadvantaged communities" means areas of one or more census tracts where average household income does not exceed 80% of area median income.

"Environmental justice communities" means the definition of that term as used and as may be updated in the long-term renewable resources procurement plan by the Illinois Power Agency and its Program Administrator in the Illinois Solar for All Program.

"Equity investment eligible community" means the geographic areas throughout Illinois which would most benefit from equitable investments by the State designed to combat discrimination. Specifically, the equity investment eligible communities shall be defined as the following areas:

- (1) R3 Areas as established pursuant to Section 10-40 of the Cannabis Regulation and Tax Act, where residents

have historically been excluded from economic opportunities, including opportunities in the energy sector; and

(2) Environmental justice communities, as defined by the Illinois Power Agency pursuant to the Illinois Power Agency Act, where residents have historically been subject to disproportionate burdens of pollution, including pollution from the energy sector.

"Performance incentive mechanism" means an instrument by which utility performance is incentivized, which could include a monetary performance incentive.

"Performance metric" means a manner of measurement for a particular utility activity.

(c) Through coordinated, comprehensive system planning, ratemaking, and performance incentives, the performance-based ratemaking framework should be designed to accomplish the following objectives:

(1) maintain and improve service reliability and safety, including and particularly in environmental justice, low-income, and equity investment eligible communities;

(2) decarbonize utility systems at a pace that meets or exceeds State climate goals, while also ensuring the affordability of rates for all customers, including low-income customers;

(3) direct electric utilities to make cost-effective

investments that support achievement of Illinois' clean energy policies, including, at a minimum, investments designed to integrate distributed energy resources, comply with critical infrastructure protection standards, plans, and industry best practices, and support and take advantage of potential benefits from the electric vehicle charging and other electrification, while mitigating the impacts;

(4) choose cost-effective assets and services, whether utility-supplied or through third-party contracting, considering both economic and environmental costs and the effects on utility rates, to deliver high-quality service to customers at least cost;

(5) maintain the affordability of electric delivery services for all customers, including low-income customers;

(6) maintain and grow a diverse workforce, diverse supplier procurement base and, for relevant programs, diverse approved-vendor pools, including increased opportunities for minority-owned, female-owned, veteran-owned, and disability-owned business enterprises;

(7) improve customer service performance and engagement;

(8) address the particular burdens faced by consumers in environmental justice and equity investment eligible communities, including shareholder, consumer, and publicly

funded bill payment assistance and credit and collection policies, and ensure equitable disconnections, late fees, or arrearages as a result of utility credit and collection practices, which may include consideration of impact by zip code; and

(9) implement or otherwise enhance current supplier diversity programs to increase diverse contractor participation in professional services, subcontracting, and prime contracting opportunities with programs that address barriers to access. Supplier diversity programs shall address specific barriers related to RFP and contract access, access to capital, information technology and cybersecurity ~~cyber—security~~ access and costs, administrative burdens, and quality control with specific metrics, outcomes, and demographic data reported.

(d) Multi-Year Rate Plan.

(1) If an electric utility had a performance-based formula rate in effect under Section 16-108.5 as of December 31, 2020, then the utility may file a petition proposing tariffs implementing a 4-year Multi-Year Rate Plan as provided in this Section no later than, January 20, 2023, for delivery service rates to be effective for the billing periods January 1, 2024 through December 31, 2027. The Commission shall issue an order approving or approving as modified the utility's plan no later than December 20, 2023. The term "Multi-Year Rate Plan" refers

to a plan establishing the base rates the utility shall charge for each delivery year of the 4-year period to be covered by the plan, which shall be subject to modification only as expressly allowed in this Section.

(2) A utility proposing a Multi-Year Rate Plan shall provide a 4-year investment plan and a description of the utility's major planned investments, including, at a minimum, all investments of \$2,000,000 or greater over the plan period for an electric utility that serves more than 3,000,000 retail customers in the State or \$500,000 for an electric utility that serves less than 3,000,000 retail customers in the State but more than 500,000 retail customers in the State. The 4-year investment plan must be consistent with the Multi-Year Integrated Grid Plan described in Section 16-105.17 of this Act. The investment plan shall provide sufficiently detailed information, as required by the Commission, including, at a minimum, a description of each investment, the location of the investment, and an explanation of the need for and benefit of such an investment to the extent known.

(3) The Multi-Year Rate Plan shall be implemented through a tariff filed with the Commission consistent with the provisions of this paragraph (3) that shall apply to all delivery service customers. The Commission shall initiate and conduct an investigation of the tariff in a manner consistent with the provisions of this paragraph

(3) and the provisions of Article IX of this Act, to the extent they do not conflict with this paragraph (3). The Multi-Year Rate Plan approved by the Commission shall do the following:

(A) Provide for the recovery of the utility's forecasted rate base, based on the 4-year investment plan and the utility's Integrated Grid Plan. The forecasted rate base must include the utility's planned capital investments, with rates based on average annual plant investment, and investment-related costs, including income tax impacts, depreciation, and ratemaking adjustments and costs that are prudently incurred and reasonable in amount consistent with Commission practice and law. The process used to develop the forecasts must be iterative, rigorous, and lead to forecasts that reasonably represent the utility's investments during the forecasted period and ensure that the investments are projected to be used and useful during the annual investment period and least cost, consistent with the provisions of Articles VIII and IX of this Act.

(B) The cost of equity shall be approved by the Commission consistent with Commission practice and law.

(C) The revenue requirement shall reflect the utility's actual capital structure for the applicable

calendar year. A year-end capital structure that includes a common equity ratio of up to and including 50% of the total capital structure shall be deemed prudent and reasonable. A higher common equity ratio must be specifically approved by the Commission.

(D) (Blank).

(E) Provide for recovery of prudent and reasonable projected operating expenses, giving effect to ratemaking adjustments, consistent with Commission practice and law under Article IX of this Act. Operating expenses for years after the first year of the Multi-Year Rate Plan may be estimated by the use of known and measurable changes, expense reductions associated with planned capital investments as appropriate, and reasonable and appropriate escalators, indices, or other metrics.

(F) Amortize the amount of unprotected property-related excess accumulated deferred income taxes in rates as of January 1, 2023 over a period ending December 31, 2027, unless otherwise required to amortize the excess deferred income tax pursuant to Section 16-108.21 of this Act.

(G) Allow recovery of incentive compensation expense that is based on the achievement of operational metrics, including metrics related to budget controls, outage duration and frequency,

safety, customer service, efficiency and productivity, environmental compliance and attainment of affordability and environmental goals, and other goals and metrics approved by the Commission. Incentive compensation expense that is based on net income or an affiliate's earnings per share shall not be recoverable.

(H) To the maximum extent practicable, align the 4-year investment plan and annual capital budgets with the electric utility's Multi-Year Integrated Grid Plan.

(4) The Commission shall establish annual rates for each year of the Multi-Year Rate Plan that accurately reflect and are based only upon the utility's reasonable and prudent costs of service over the term of the plan, including the effect of all ratemaking adjustments consistent with Commission practice and law as determined by the Commission, provided that the costs are not being recovered elsewhere in rates. Tariff riders authorized by the Commission may continue outside of a plan authorized under this Section to the extent such costs are not recovered elsewhere in rates. For the first Multi-Year Rate Plan, the burden of proof shall be on the electric utility to establish the prudence of investments and expenditures and to establish that such investments consistent with and reasonably necessary to meet the

requirements of the utility's first approved Multi-Year Integrated Grid Plan described in Section 16-105.17 of this Act. For subsequent Multi-Year Rate Plans, the burden of proof shall be on the electric utility to establish the prudence of investments and expenditures and to establish that such investments are consistent with and reasonably necessary to meet the requirements of the utility's most recently approved Multi-Year Integrated Grid Plan described in Section 16-105.17 of this Act. The sole fact that a cost differs from that incurred in a prior period or that an investment is different from that described in the Multi-Year Integrated Grid Plan shall not imply the imprudence or unreasonableness of that cost or investment. The sole fact that an investment is the same or similar to that described in the Multi-Year Integrated Grid Plan shall not imply prudence and reasonableness of that investment.

(5) To facilitate public transparency, all materials, data, testimony, and schedules shall be provided to the Commission in an editable, machine-readable electronic format including .doc, .docx, .xls, .xlsx, and similar file formats, but not including .pdf or .exif. Should utilities designate any materials confidential, they shall have an affirmative duty to explain why the particular information is marked confidential. In determining prudence and reasonableness of rates, the Commission shall

make its determination based upon the record, including each public comment filed or provided orally at open meetings consistent with the Commission's rules and practices.

(6) The Commission may, by order, establish terms, conditions, and procedures for submitting and approving a Multi-Year Rate Plan necessary to implement this Section and ensure that rates remain just and reasonable during the course of the plan, including terms and procedures for rate adjustment.

(7) An electric utility that files a tariff pursuant to paragraph (3) of this subsection (d) ~~(e)~~ must submit a one-time \$300,000 filing fee at the time the Chief Clerk of the Commission accepts the filing, which shall be a recoverable expense.

(8) An electric utility operating under a Multi-Year Rate Plan shall file a new Multi-Year Rate Plan at least 300 days prior to the end of the initial Multi-Year Rate Plan unless it elects to file a general rate case pursuant to paragraph (9), and every 4 years thereafter, with a rate-effective date of the proposed tariffs such that, after the Commission suspension period, the rates would take effect immediately at the close of the final year of the initial Multi-Year Rate Plan. In subsequent Multi-Year Rate Plans, as in the initial plans, utilities and stakeholders may propose additional metrics that achieve

the outcomes described in paragraph (2) of subsection (f) of this Section.

(9) Election of Rate Case.

(A) On or before the date prescribed by subparagraph (B) of this paragraph (9) ~~of this Section~~, electric utilities that serve more than 500,000 retail customers in the State shall file either a general rate case under Section 9-201 of this Act, or a Multi-Year Rate Plan, as set forth in paragraph (1) of this subsection (d).

(B) Electric utilities described in subparagraph (A) of this paragraph (9) ~~of this Section~~ shall file their initial general rate case or Multi-Year Rate Plan, as applicable, with the Commission no later than January 20, 2023.

(C) Notwithstanding which rate filing option an electric utility elects to file on the date prescribed by subparagraph (B) of this paragraph (9) ~~of this Section~~, the electric utility shall be subject to the Multi-year Integrated Plan filing requirements.

(D) Following its initial rate filing pursuant to paragraph (2), an electric utility subject to the requirements of this Section shall thereafter be permitted to elect a different rate filing option consistent with any filing intervals established for a general rate case or Multi-Year Rate Plan, as follows:

(i) An electric utility that initially elected to file a Multi-Year Rate Plan and thereafter elects to transition to a general rate case may do so upon completion of the 4-year Multi-Year Rate Plan by filing a general rate case at the same time that the utility would have filed its subsequent Multi-Year Rate Plan, as specified in paragraph (8) of this subsection (d). Notwithstanding this election, the annual adjustment of the final year of the Multi-Year Rate Plan shall proceed as specified in paragraph (6) of subsection (f).

(ii) An electric utility that initially elected to file a general rate case and thereafter elects to transition to a Multi-Year Rate Plan may do so only at the 4-year filing intervals identified by paragraph (8) of this subsection (d).

(10) The Commission shall approve tariffs establishing rate design for all delivery service customers unless the electric utility makes the election specified in Section 16-105.5, in which case the rate design shall be subject to the provisions of that Section.

(11) The Commission shall establish requirements for annual performance evaluation reports to be submitted annually for performance metrics. Such reports shall include, but not be limited to, a description of the

utility's performance under each metric and an identification of any extraordinary events that adversely affected the utility's performance.

(12) For the first Multi-Year Rate Plan, the Commission shall consolidate its investigation with the proceeding under Section 16-105.17 to establish the Multi-Year Integrated Grid Plan no later than 45 days after plan filing.

(13) Where a rate change under a Multi-Year Rate Plan will result in a rate increase, an electric utility may propose a rate phase-in plan that the Commission shall approve with or without modification or deny in its final order approving the new delivery services rates. A proposed rate phase-in plan under this paragraph (13) must allow the new delivery services rates to be implemented in no more than 2 steps, as follows: in the first step, at least 50% of the approved rate increase must be reflected in rates, and, in the second step, 100% of the rate increase must be reflected in rates. The second step's rates must take effect no later than 12 months after the first step's rates were placed into effect. The portion of the approved rate increase not implemented in the first step shall be recorded on the electric utility's books as a regulatory asset, and shall accrue carrying costs to ensure that the utility does not recover more or less than it otherwise would because of the deferral. This portion

shall be recovered, with such carrying costs at the weighted average cost of capital, through a surcharge applied to retail customer bills that (i) begins no later than 12 months after the date on which the second step's rates went into effect and (ii) is applied over a period not to exceed 24 months. Nothing in this paragraph is intended to limit the Commission's authority to mitigate the impact of rates caused by rate plans, or any other instance on a revenue-neutral basis; nor shall it mitigate a utility's ability to make proposals to mitigate the impact of rates. When a deferral, or similar method, is used to mitigate the impact of rates, the utility should be allowed to recover carrying costs.

(14) Notwithstanding the provisions of paragraph (13), the Commission may, on its own initiative, take revenue-neutral measures to relieve the impact of rate increases on customers. Such initiatives may be taken by the Commission in the first Multi-Year Rate Plan, subsequent multi-year plans, or in other instances described in this Act.

(15) Whenever during the pendency of a Multi-Year Rate Plan, an electric utility subject to this Section becomes aware that, due to circumstances beyond its control, prudent operating practices will require the utility to make adjustments to the Multi-Year Rate Plan, the electric utility may file a petition with the Commission requesting

modification of the approved annual revenue requirements included in the Multi-Year Rate Plan. The electric utility must support its request with evidence demonstrating why a modification is necessary, due to circumstances beyond the utility's control, to follow prudent operating practices and must set forth the changes to each annual revenue requirement to be approved, and the basis for any changes in anticipated operating expenses or capital investment levels. The utility shall affirmatively address the impact of the changes on the Multi-Year Integrated Grid Plan and Multi-Year Rate Plan originally submitted and approved by the Commission. Any interested party may file an objection to the changes proposed, or offer alternatives to the utility's proposal, as supported by testimony and evidence. After notice and hearing, the Commission shall issue a final order regarding the electric utility's request no later than 180 days after the filing of the petition.

(e) Performance incentive mechanisms.

(1) The electric industry is undergoing rapid transformation, including fundamental changes in how electricity is generated, procured, and delivered and how customers are choosing to participate in the supply and delivery of electricity to and from the electric grid. Building upon the State's goals to increase the procurement of electricity from renewable energy

resources, including distributed generation and storage devices, the General Assembly finds that electric utilities should make cost-effective investments that support moving forward on Illinois' clean energy policies. It is therefore in the State's interest for the Commission to establish performance incentive mechanisms in order to better tie utility revenues to performance and customer benefits, accelerate progress on Illinois energy and other goals, ensure equity and affordability of rates for all customers, including low-income customers, and hold utilities publicly accountable.

(2) The Commission shall approve, based on the substantial evidence proffered in the proceeding initiated pursuant to this subsection performance metrics that, to the extent practicable and achievable by the electric utility, encourage cost-effective, equitable utility achievement of the outcomes described in this subsection (e) while ensuring no degradation in the significant performance improvement achieved through previously established performance metrics. For each electric utility, the Commission shall approve metrics designed to achieve incremental improvements over baseline performance values and targets, over a performance period of up to 10 years, and no less than 4 years.

(A) The Commission shall approve no more than 8 metrics, with at least one metric from each of the

categories below, for each electric utility, from items (i) through (vi) of this subparagraph (A). Upon a utility request, the Commission may approve the use of a specific, measurable, and achievable tracking metric described in paragraph (3) of this subsection (e) as a performance metric pursuant to paragraph (2) of this subsection (e).

(i) Metrics designed to ensure the utility maintains and improves the high standards of both overall and locational reliability and resiliency, and makes improvements in power quality, including and particularly in environmental justice and equity investment eligible communities.

(ii) Peak load reductions attributable to demand response programs.

(iii) Supplier diversity expansion, including diverse contractor participation in professional services, subcontracting, and prime contracting opportunities, development of programs that address the barriers to access, aligning demographics of contractors to the demographics in the utility's service territory, establish long-term mentoring relationships that develop and remove barriers to access for diverse and underserved contractors. The utilities shall provide solutions, resources, and tools to address

complex barriers of entry related to costly and time-intensive cybersecurity ~~cyber~~-security requirements, increasingly complex information technology requirements, insurance barriers, service provider sign-up process barriers, administrative process barriers, and other barriers that inhibit access to RFPs and contracts. For programs with contracts over \$1,000,000, winning bidders must demonstrate a subcontractor development or mentoring relationship with at least one of their diverse subcontracting partners for a core component of the scope of the project. The mentoring time and cost shall be taken into account in the creation of RFP and shall include a structured and measured plan by the prime contractor to increase the capabilities of the subcontractor in their proposed scope. The metric shall include reporting on all supplier diversity programs by goals, program results, demographics and geography, with separate reporting by category of minority-owned, female-owned, veteran-owned, and disability-owned business enterprise metrics. The report shall include resources and expenses committed to the programs and conversion rates of new diverse utility contractors.

(iv) Achieve affordable customer delivery service costs, with particular emphasis on keeping the bills of lower-income households, households in equity investment eligible communities, and household in environmental justice communities within a manageable portion of their income and adopting credit and collection policies that reduce disconnections for these households specifically and for customers overall to ensure equitable disconnections, late fees, or arrearages as a result of utility credit and collection practices, which may include consideration of impact by zip code.

(v) Metrics designed around the utility's timeliness to customer requests for interconnection in key milestone areas, such as: initial response, supplemental review, and system feasibility study; improved average service reliability index for those customers that have interconnected a distributed renewable energy generation device to the utility's distribution system and are lawfully taking service under an applicable tariff; offering a variety of affordable rate options, including demand response, time of use rates for delivery and supply, real-time pricing rates for supply;

comprehensive and predictable net metering, and maximizing the benefits of grid modernization and clean energy for ratepayers; and improving customer access to utility system information according to consumer demand and interest.

(vi) Metrics designed to measure the utility's customer service performance, which may include the average length of time to answer a customer's call by a customer service representative, the abandoned call rate and the relative ranking of the electric utility, by a reputable third-party organization, in customer service satisfaction when compared to other similar electric utilities in the Midwest region.

(B) Performance metrics shall include a description of the metric, a calculation method, a data collection method, annual performance targets, and any incentives or penalties for the utility's achievement of, or failure to achieve, their performance targets, provided that the total amount of potential incentives and penalties shall be symmetrical. Incentives shall be rewards or penalties or both, reflected as basis points added to, or subtracted from, the utility's cost of equity. The metrics and incentives shall apply for the entire time period covered by a Multi-Year Rate Plan. The total

for all metrics shall be equal to 40 basis points, however, the Commission may adjust the basis points upward or downward by up to 20 basis points for any given Multi-Year Rate Plan, as appropriate, but in no event may the total exceed 60 basis points or fall below 20 basis points.

(C) Metrics related to reliability shall be implemented to ensure equitable benefits to environmental justice and equity investment eligible communities, as defined in this Act.

(D) The Commission shall approve performance metrics that are reasonably within control of the utility to achieve. The Commission also shall not approve a metric that is solely expected to have the effect of reducing the workforce. Performance metrics should measure outcomes and actual, rather than projected, results where possible. Nothing in this subparagraph is intended to require that different electric utilities must be subject to the same metrics, goals, or incentives.

(E) Increases or enhancements to an existing performance goal or target shall be considered in light of other metrics, cost-effectiveness, and other factors the Commission deems appropriate. Performance metrics shall include one year of tracking data collected in a consistent manner, verifiable by an

independent evaluator in order to establish a baseline and measure outcomes and actual results against projections where possible.

(F) For the purpose of determining reasonable performance metrics and related incentives, the Commission shall develop a methodology to calculate net benefits that includes customer and societal costs and benefits and quantifies the effect on delivery rates. In determining the appropriate level of a performance incentive, the Commission shall consider: the extent to which the amount is likely to encourage the utility to achieve the performance target in the least cost manner; the value of benefits to customers, the grid, public health and safety, and the environment from achievement of the performance target, including in particular benefits to equity investment eligible community; the affordability of customer's electric bills, including low-income customers, the utility's revenue requirement, the promotion of renewable and distributed energy, and other such factors that the Commission deems appropriate. The consideration of these factors shall result in an incentive level that ensures benefits exceed costs for customers.

(G) Achievement of performance metrics are based on the assumptions that the utility will adopt or

implement the technology and equipment, and make the investments to the extent reasonably necessary to achieve the goal. If the electric utility is unable to meet the performance metrics as a result of extraordinary circumstances outside of its control, including, but not limited to, government-declared emergencies, then the utility shall be permitted to file a petition with the Commission requesting that the utility be excused from compliance with the applicable performance goal or goals and the associated financial incentives and penalties. The burden of proof shall be on the utility, consistent with Article IX, and the utility's petition shall be supported by substantial evidence. The Commission shall, after notice and hearing, enter its order approving or denying, in whole or in part, the utility's petition based on the extent to which the utility demonstrated that its achievement of the affected metrics and performance goals was hindered by extraordinary circumstances outside of the utility's control.

(3) The Commission shall approve reasonable and appropriate tracking metrics to collect and monitor data for the purpose of measuring and reporting utility performance and for establishing future performance metrics. These additional tracking metrics shall include

at least one metric from each of the following categories of performance:

(A) Minimize emissions of greenhouse gases and other air pollutants that harm human health, particularly in environmental justice and equity investment eligible communities, through minimizing total emissions by accelerating electrification of transportation, buildings, and industries where such electrification results in net reductions, across all fuels and over the life of electrification measures, of greenhouse gases and other pollutants, taking into consideration the fuel mix used to produce electricity at the relevant hour and the effect of accelerating electrification on electricity delivery services rates, supply prices, and peak demand, provided the revenues the utility receives from accelerating electrification of transportation, buildings, and industries exceed the costs.

(B) Enhance the grid's flexibility to adapt to increased deployment of nondispatchable resources, improve the ability and performance of the grid on load balancing, and offer a variety of rate plans to match consumer consumption patterns and lower consumer bills for electricity delivery and supply.

(C) Ensure rates reflect cost savings attributable to grid modernization and utilize distributed energy

resources that allow the utility to defer or forgo traditional grid investments that would otherwise be required to provide safe and reliable service.

(D) Metrics designed to create and sustain full-time-equivalent jobs and opportunities for all segments of the population and workforce, including minority-owned businesses, women-owned businesses, veteran-owned businesses, and businesses owned by a person or persons with a disability, and that do not, consistent with State and federal law, discriminate based on race or socioeconomic status as a result of Public Act 102-662.

(E) Maximize and prioritize the allocation of grid planning benefits to environmental justice and economically disadvantaged customers and communities, such that all metrics provide equitable benefits across the utility's service territory and maintain and improve utility customers' access to uninterrupted utility services.

(4) The Commission may establish new tracking and performance metrics in future Multi-Year Rate Plans to further measure achievement of the outcomes set forth in paragraph (2) of subsection (f) of this Section and the other goals and requirements of this Section.

(5) The Commission shall also evaluate metrics that were established in prior Multi-Year Rate Plans to

determine if there has been an unanticipated material change in circumstances such that adjustments are required to improve the likelihood of the outcomes described in paragraph (2) of subsection (f). For metrics that were established in prior Multi-Year Rate Plan proceedings and that the Commission elects to continue, the design of these metrics, including the goals of tracking metrics and the targets and incentive levels and structures of performance metrics, may be adjusted pursuant to the requirements in this Section. The Commission may also change, adjust, or phase out tracking and performance metrics that were established in prior Multi-Year Rate Plan proceedings if these metrics no longer meet the requirements of this Section or if they are rendered obsolete by the changing needs and technology of an evolving grid. Additionally, performance metrics that no longer require an incentive to create improved utility performance may become tracking metrics in a Multi-Year Rate Plan proceeding.

(6) The Commission shall initiate a workshop process no later than August 1, 2021, or 15 days after September 15, 2021 (the effective date of Public Act 102-662), whichever is later, for the purpose of facilitating the development of metrics for each utility. The workshop shall be coordinated by the staff of the Commission, or a facilitator retained by staff, and shall be organized and

facilitated in a manner that encourages representation from diverse stakeholders and ensures equitable opportunities for participation, without requiring formal intervention or representation by an attorney. Working with staff of the Commission the facilitator may conduct a combination of workshops specific to a utility or applicable to multiple utilities where content and stakeholders are substantially similar. The workshop process shall conclude no later than October 31, 2021. Following the workshop, the staff of the Commission, or the facilitator retained by the Staff, shall prepare and submit a report to the Commission that identifies the participants in the process, the metrics proposed during the process, any material issues that remained unresolved at the conclusions of such process, and any recommendations for workshop process improvements. Any workshop participant may file comments and reply comments in response to the Staff report.

(A) No later than January, 20, 2022, each electric utility that intends to file a petition pursuant to subsection (b) of this Section shall file a petition with the Commission seeking approval of its performance metrics, which shall include for each metric, at a minimum, (i) a detailed description, (ii) the calculation of the baseline, (iii) the performance period and overall performance goal, provided that the

performance period shall not commence prior to January 1, 2024, (iv) each annual performance goal, (v) the performance adjustment, which shall be a symmetrical basis point increase or decrease to the utility's cost of equity based on the extent to which the utility achieved the annual performance goal, and (vi) the new or modified tariff mechanism that will apply the performance adjustments. The Commission shall issue its order approving, or approving with modification, the utility's proposed performance metrics no later than September 30, 2022.

(B) No later than August 1, 2025, the Commission shall initiate a workshop process that conforms to the workshop purpose and requirements of this paragraph (6) of this Section to the extent they do not conflict. The workshop process shall conclude no later than October 31, 2025, and the staff of the Commission, or the facilitator retained by the Staff, shall prepare and submit a report consistent with the requirements described in this paragraph (6) of this Section. No later than January 20, 2026, each electric utility subject to the requirements of this Section shall file a petition that reflects, and is consistent with, the components required in this paragraph (6) of this Section, and the Commission shall issue its order approving, or approving with modification, the

utility's proposed performance metrics no later than September 30, 2026.

(f) On May 1 of each year, following the approval of the first Multi-Year Rate Plan and its initial year, the Commission shall open an annual performance evaluation proceeding to evaluate the utilities' performance on their metric targets during the year just completed, as well as the appropriate Annual Adjustment as defined in paragraph (6). The Commission shall determine the performance and annual adjustments to be applied through a surcharge in the following calendar year.

(1) On February 15 of each year, prior to the annual performance evaluation proceeding, each utility shall file a performance evaluation report with the Commission that includes a description of and all data supporting how the utility performed under each performance metric and an identification of any extraordinary events that adversely impacted the utility's performance.

(2) The metrics approved under this Section are based on the assumptions that the utility may fully implement the technology and equipment, and make the investments, required to achieve the metrics and performance goals. If the utility is unable to meet the metrics and performance goals because it was hindered by unanticipated technology or equipment implementation delays, government-declared emergencies, or other investment impediments, then the

utility shall be permitted to file a petition with the Commission on or before the date that its report is due pursuant to paragraph (1) of this subsection (f) requesting that the utility be excused from compliance with the applicable performance goal or goals. The burden of proof shall be on the utility, consistent with Article IX, and the utility's petition shall be supported by substantial evidence. No later than 90 days after the utility files its petition, the Commission shall, after notice and hearing, enter its order approving or denying, in whole or in part, the utility's petition based on the extent to which the utility demonstrated that its achievement of the affected metrics and performance goals was hindered by unanticipated technology or equipment implementation delays, or other investment impediments, that were reasonably outside of the utility's control.

(3) The electric utility shall provide for an annual independent evaluation of its performance on metrics. The independent evaluator shall review the utility's assumptions, baselines, targets, calculation methodologies, and other relevant information, especially ensuring that the utility's data for establishing baselines matches actual performance, and shall provide a report to the Commission in each annual performance evaluation describing the results. The independent evaluator shall present this report as evidence as a

nonparty participant and shall not be represented by the utility's legal counsel. The independent evaluator shall be hired through a competitive bidding process with approval of the contract by the Commission.

The Commission shall consider the report of the independent evaluator in determining the utility's achievement of performance targets. Discrepancies between the utility's assumptions, baselines, targets, or calculations and those of the independent evaluator shall be closely scrutinized by the Commission. If the Commission finds that the utility's reported data for any metric or metrics significantly and incorrectly deviates from the data reported by the independent evaluator, then the Commission shall order the utility to revise its data collection and calculation process within 60 days, with specifications where appropriate.

(4) The Commission shall, after notice and hearing in the annual performance evaluation proceeding, enter an order approving the utility's performance adjustment based on its achievement of or failure to achieve its performance targets no later than December 20 each year. The Commission-approved penalties or incentives shall be applied beginning with the next calendar year.

(5) In order to promote the transparency of utility investments during the effective period of a multi-year rate plan, inform the Commission's investigation and

adjustment of rates in the annual adjustment process, and to facilitate the participation of stakeholders in the annual adjustment process, an electric utility with an effective Multi-Year Rate Plan shall, within 90 days of the close of each quarter during the Multi-Year Rate Plan period, submit to the Commission a report that summarizes the additions to utility plant that were placed into service during the prior quarter, which for purposes of the report shall be the most recently closed fiscal quarter. The report shall also summarize the utility plant the electric utility projects it will place into service through the end of the calendar year in which the report is filed. The projections, estimates, plans, and forward-looking information that are provided in the reports pursuant to this paragraph (5) are for planning purposes and are intended to be illustrative of the investments that the utility proposes to make as of the time of submittal. Nothing in this paragraph (5) precludes, or is intended to limit, a utility's ability to modify and update its projections, estimates, plans, and forward-looking information previously submitted in order to reflect stakeholder input or other new or updated information and analysis, including, but not limited to, changes in specific investment needs, customer electric use patterns, customer applications and preferences, and commercially available equipment and technologies, however

the utility shall explain any changes or deviations between the projected investments from the quarterly reports and actual investments in the annual report. The reports submitted pursuant to this subsection are intended to be flexible planning tools, and are expected to evolve as new information becomes available. Within 7 days of receiving a quarterly report, the Commission shall timely make such report available to the public by posting it on the Commission's website. Each quarterly report shall include the following detail:

(A) The total dollar value of the additions to utility plant placed in service during the prior quarter;

(B) A list of the major investment categories the electric utility used to manage its routine standing operational activities during the prior quarter including the total dollar amount for the work reflected in each investment category in which utility plant in service is equal to or greater than \$2,000,000 for an electric utility that serves more than 3,000,000 customers in the State or \$500,000 for an electric utility that serves less than 3,000,000 customers but more than 500,000 customers in the State as of the last day of the quarterly reporting period, as well as a summary description of each investment category;

(C) A list of the projects which the electric utility has identified by a unique investment tracking number for utility plant placed in service during the prior quarter for utility plant placed in service with a total dollar value as of the last day of the quarterly reporting period that is equal to or greater than \$2,000,000 for an electric utility that serves more than 3,000,000 customers in the State or \$500,000 for an electric utility that serves less than 3,000,000 retail customers but more than \$500,000 retail customers in the State, as well as a summary of each project;

(D) The estimated total dollar value of the additions to utility plant projected to be placed in service through the end of the calendar year in which the report is filed;

(E) A list of the major investment categories the electric utility used to manage its routine standing operational activities with utility plant projected to be placed in service through the end of the calendar year in which the report is filed, including the total dollar amount for the work reflected in each investment category in which utility plant in service is projected to be equal to or greater than \$2,000,000 for an electric utility that serves more than 3,000,000 customers in the State or \$500,000 for an

electric utility that serves less than 3,000,000 retail customers but more than 500,000 retail customers in the State, as well as a summary description of each investment category; and

(F) A list of the projects for which the electric utility has identified by a unique investment tracking number for utility plant projected to be placed in service through the end of the calendar year in which the report is filed with an estimated dollar value that is equal to or greater than \$2,000,000 for an electric utility that serves more than 3,000,000 customers in the State or \$500,000 for an electric utility that serves less than 3,000,000 retails customers but more than \$500,000 retail customers in the State, as well as a summary description of each project.

(6) As part of the Annual Performance Adjustment, the electric utility shall submit evidence sufficient to support a determination of its actual revenue requirement for the applicable calendar year, consistent with the provisions of paragraphs (d) and (f) of this subsection. The electric utility shall bear the burden of demonstrating that its costs were prudent and reasonable, subject to the provisions of paragraph (4) of this subsection (f). The Commission's review of the electric utility's annual adjustment shall be based on the same

evidentiary standards, including, but not limited to, those concerning the prudence and reasonableness of the known and measurable costs forecasted to be incurred by the utility, and the used and usefulness of the actual plant investment pursuant to Section 9-211 of this Act, that the Commission applies in a proceeding to review a filing for changes in rates pursuant to Section 9-201 of this Act. The Commission shall determine the prudence and reasonableness of the actual costs incurred by the utility during the applicable calendar year, as well as determine the original cost of plant in service as of the end of the applicable calendar year. The Commission shall then determine the Annual Adjustment, which shall mean the amount by which, the electric utility's actual revenue requirement for the applicable year of the Multi-Year Rate Plan either exceeded, or was exceeded by, the revenue requirement approved by the Commission for such calendar year, plus carrying costs calculated at the weighted average cost of capital approved for the Multi-Year Rate Plan.

The Commission's determination of the electric utility's actual revenue requirement for the applicable calendar year shall be based on:

- (A) the Commission-approved used and useful, prudent and reasonable actual costs for the applicable calendar year, which shall be determined pursuant to

the following criteria:

(i) the overall level of actual costs incurred during the calendar year, provided that the Commission may not allow recovery of actual costs that are more than 105% of the approved revenue requirement calculated as provided in item (ii) of this subparagraph (A), except to the extent the Commission approves a modification of the Multi-Year Rate Plan to permit such recovery;

(ii) the calculation of 105% of the revenue requirement required by this subparagraph (A) shall exclude the revenue requirement impacts of the following volatile and fluctuating variables that occurred during the year: (i) storms and weather-related events for which the utility provides sufficient evidence to demonstrate that such expenses were not foreseeable and not in control of the utility; (ii) new business; (iii) changes in interest rates; (iv) changes in taxes; (v) facility relocations; (vi) changes in pension or post-retirement benefits costs due to fluctuations in interest rates, market returns or actuarial assumptions; (vii) amortization expenses related to costs; and (viii) changes in the timing of when an expenditure or investment is made such that it is accelerated to occur during the

applicable year or deferred to occur in a subsequent year;

(B) the year-end rate base;

(C) the cost of equity approved in the multi-year rate plan; and

(D) the electric utility's actual year-end capital structure, provided that the common equity ratio in such capital structure may not exceed the common equity ratio that was approved by the Commission in the Multi-Year Rate Plan.

(2) The Commission's determinations of the prudence and reasonableness of the costs incurred for the applicable year, and of the original cost of plant in service as of the end of the applicable calendar year, shall be final upon entry of the Commission's order and shall not be subject to collateral attack in any other Commission proceeding, case, docket, order, rule, or regulation; however, nothing in this Section shall prohibit a party from petitioning the Commission to rehear or appeal to the courts the order pursuant to the provisions of this Act.

(g) During the period leading to approval of the first Multi-Year Integrated Grid Plan, each electric utility will necessarily continue to invest in its distribution grid. Those investments will be subject to a determination of prudence and reasonableness consistent with Commission practice and law.

Any failure to conform to the Multi-Year Integrated Grid Plan ultimately approved shall not imply imprudence or unreasonableness.

(h) After calculating the Performance Adjustment and Annual Adjustment, the Commission shall order the electric utility to collect the amount in excess of the revenue requirement from customers, or issue a refund to customers, as applicable, to be applied through a surcharge beginning with the next calendar year.

Electric utilities subject to the requirements of this Section shall be permitted to file new or revised tariffs to comply with the provisions of, and Commission orders entered pursuant to, this Section.

The entry of an order by a circuit court establishing that any person holding a license under this Act is subject to involuntary admission or judicial admission as provided for in the Mental Health and Developmental Disabilities Code operates as an automatic suspension of that license. That person may have his or her license restored only upon the determination by a circuit court that the patient is no longer subject to involuntary admission or judicial admission and the issuance of an order so finding and discharging the patient and upon the Board's recommendation to the Department that the license be restored. Where the circumstances so indicate, the Board may recommend to the Department that it require an examination prior to restoring a suspended license.

The Department may refuse to issue or renew the license of any person who fails to (i) file a return or to pay the tax, penalty, or interest shown in a filed return or (ii) pay any final assessment of the tax, penalty, or interest as required by any tax Act administered by the Illinois Department of Revenue, until the time that the requirements of that tax Act are satisfied.

In enforcing this Section, the Department upon a showing of a possible violation may compel an individual licensed to practice under this Act, or who has applied for licensure under this Act, to submit to a mental or physical examination, or both, as required by and at the expense of the Department. The Department may order the examining physician to present testimony concerning the mental or physical examination of the licensee or applicant. No information shall be excluded by reason of any common law or statutory privilege relating to communications between the licensee or applicant and the examining physician. The examining physicians shall be specifically designated by the Department. The individual to be examined may have, at his or her own expense, another physician of his or her choice present during all aspects of this examination. Failure of an individual to submit to a mental or physical examination, when directed, shall be grounds for suspension of his or her license until the individual submits to the examination if the Department finds, after notice and hearing, that the refusal to submit to the

examination was without reasonable cause.

If the Department finds an individual unable to practice because of the reasons set forth in this Section, the Department may require that individual to submit to care, counseling, or treatment by physicians approved or designated by the Department, as a condition, term, or restriction for continued, restored, or renewed licensure to practice; or, in lieu of care, counseling, or treatment, the Department may file a complaint to immediately suspend, revoke, or otherwise discipline the license of the individual. An individual whose license was granted, continued, restored, renewed, disciplined, or supervised subject to such terms, conditions, or restrictions, and who fails to comply with such terms, conditions, or restrictions, shall be referred to the Secretary for a determination as to whether the individual shall have his or her license suspended immediately, pending a hearing by the Department.

In instances in which the Secretary immediately suspends a person's license under this Section, a hearing on that person's license must be convened by the Department within 30 days after the suspension and completed without appreciable delay. (e) Failure of any person to submit to a mental or physical examination without reasonable cause, when ordered, shall result in an automatic suspension of the person's license until the person submits to the examination.

(f) If the Department or Board finds a person unable to practice because of the reasons set forth in this Section, the Department or Board may require that person to submit to care, counseling, or treatment by physicians approved or designated by the Department or Board, as a condition, term, or

restriction for continued, reinstated, or renewed licensure to practice; or, in lieu of care, counseling, or treatment, the Department may file, or the Board may recommend to the Department to file, a complaint to immediately suspend, revoke, or otherwise discipline the license of the person. (g) All fines imposed shall be paid within 60 days after the effective date of the order imposing the fine or in accordance with the terms set forth in the order imposing the fine.

In instances in which the Secretary immediately suspends a person's license under this Section, a hearing on that person's license must be convened by the Department within 30 days after the suspension and completed without appreciable delay. The Department and Board shall have the authority to review the subject person's record of treatment and counseling regarding the impairment, to the extent permitted by applicable federal statutes and regulations safeguarding the confidentiality of medical records.

A person licensed under this Act and affected under this

The public health dental hygienist may not administer local anesthesia or nitrous oxide, or place, carve, or finish amalgam restorations or provide periodontal therapy under this exception. Each patient must sign a consent form that acknowledges that the care received does not take the place of a regular dental examination. The public health dental hygienist must provide the patient or guardian a written referral to a dentist for assessment of the need for further dental care at the time of treatment. Any indication or observation of a condition that could warrant the need for urgent attention must be reported immediately to the supervising dentist for appropriate assessment and treatment.

(i) A dental hygienist performing procedures listed in paragraphs (1) through (4) of subsection (a) of Section 17.1 must be under the supervision of a dentist, requiring the dentist authorizes the procedure, remains in the dental facility while the procedure is performed, and approves the work performed by the dental hygienist before dismissal of the patient, but the dentist is not required to be present at all times in the treatment room.

(Section scheduled to be repealed on January 1, 2031)

Sec. 18.1. Public health dental supervision responsibilities.

(a) When working together in a public health supervision relationship, dentists and public health dental hygienists shall enter into a public health supervision agreement. The dentist providing public health supervision must:

(1) be available to provide an appropriate level of contact, communication, collaboration, and consultation with the public health dental hygienist and must meet in-person with the public health dental hygienist at least quarterly for review and consultation;

(2) have specific standing orders or policy guidelines for procedures that are to be carried out for each location or program, although the dentist need not be present when the procedures are being performed;

(3) provide for the patient's additional necessary care in consultation with the public health dental hygienist;

(4) file agreements and notifications as required; and

(5) include procedures for creating and maintaining

dental records, including protocols for transmission of all records between the public health dental hygienist and the dentist following each treatment, which shall include a notation regarding procedures authorized by the dentist and performed by the public health dental hygienist and the location where those records are to be kept.

Each dentist and hygienist who enters into a public health supervision agreement must document and maintain a copy of any change or termination of that agreement.

Dental records shall be owned and maintained by the supervising dentist for all patients treated under public health supervision, unless the supervising dentist is an employee of a public health clinic or federally qualified health center, in which case the public health clinic or federally qualified health center shall maintain the records.

If a dentist ceases to be employed or contracted by the facility, the dentist shall notify the facility administrator that the public health supervision agreement is no longer in effect. A new public health supervision agreement is required for the public health dental hygienist to continue treating patients under public health supervision.

A dentist entering into an agreement under this Section may supervise and enter into agreements for public health supervision with 4 public health dental hygienists. This shall be in addition to the limit of 4 dental hygienists per dentist set forth in subsection (g) of Section 18 of this Act.

(b) A public health dental hygienist providing services under public health supervision may perform only those duties within the accepted scope of practice of dental hygiene, as follows:

(1) the operative procedures of dental hygiene, consisting of oral prophylactic procedures, including prophylactic cleanings, application of fluoride, and placement of sealants;

(2) the exposure and processing of x-ray films of the teeth and surrounding structures; and

(3) such other procedures and acts as shall be prescribed by rule of the Department.

Any patient treated under this subsection (b) must be examined by a dentist before additional services can be provided by a public health dental hygienist. However, if the supervising dentist, after consultation with the public health hygienist, determines that time is needed to complete an approved treatment plan on a patient eligible under this Section, then the dentist may instruct the hygienist to complete the remaining services prior to an oral examination by the dentist. Such instruction by the dentist to the hygienist shall be noted in the patient's records. Any services performed under this exception must be scheduled in a timely manner and shall not occur more than 30 days after the first appointment date.

(c) A public health dental hygienist providing services

under public health supervision must:

(1) provide to the patient, parent, or guardian a written plan for referral or an agreement for follow-up that records all conditions observed that should be called to the attention of a dentist for proper diagnosis;

(2) have each patient sign a permission slip or consent form that informs them that the service to be received does not take the place of regular dental checkups at a dental office and is meant for people who otherwise would not have access to the service;

(3) inform each patient who may require further dental services of that need;

(4) maintain an appropriate level of contact and communication with the dentist providing public health supervision; and

(5) complete an additional 4 hours of continuing education in areas specific to public health dentistry yearly.

(d) Each public health dental hygienist who has rendered services under subsections (c), (d), and (e) of this Section must complete a summary report at the completion of a program or, in the case of an ongoing program, at least annually. The report must be completed in the manner specified by the Department of Public Health Oral Health Section including information about each location where the public health dental hygienist has rendered these services. The public health

dental hygienist must submit the form to the dentist providing supervision for the dentist's signature before sending it to the Division. The Department of Public Health Oral Health Section shall compile and publicize public health dental hygienist service data annually.

(e) Public health dental hygienists providing services under public health supervision may be compensated for their work by salary, honoraria, and other mechanisms by the employing or sponsoring entity. Nothing in this Act shall preclude the entity that employs or sponsors a public health dental hygienist from seeking payment, reimbursement, or other source of funding for the services provided.

(e-5) A patient who is provided services under a supervision agreement by a public health dental hygienist as described in this Section does not need to receive a physical examination from a dentist prior to treatment if the public health dental hygienist consults with the supervising dentist prior to performing the teledentistry service.

Except for actions involving the ground numbered (26), all proceedings to suspend, revoke, place on probationary status, or take any other disciplinary action as the Department may deem proper, with regard to a license on any of the foregoing grounds, must be commenced within 5 years next after receipt

Except for the grounds numbered (8), (9), (26), and (29), no action shall be commenced more than 10 years after the date of the incident or act alleged to have violated this Section. For actions involving the ground numbered (26), a pattern of practice or other behavior includes all incidents alleged to be part of the pattern of practice or other behavior that occurred, or a report pursuant to Section 23 of this Act received, within the 10-year period preceding the filing of the complaint. The time during which the holder of the license was outside the State of Illinois shall not be included within any period of time limiting the commencement of disciplinary action by the Department.

The entry of an order or judgment by any circuit court establishing that any person holding a license under this Act

is a person in need of mental treatment operates as a suspension of that license. That person may resume his or her practice only upon the entry of a Departmental order based upon a finding by the Medical Board that the person has been determined to be recovered from mental illness by the court and upon the Medical Board's recommendation that the person be permitted to resume his or her practice.

The Department may refuse to issue or take disciplinary action concerning the license of any person who fails to file a return, or to pay the tax, penalty, or interest shown in a filed return, or to pay any final assessment of tax, penalty, or interest, as required by any tax Act administered by the Illinois Department of Revenue, until such time as the requirements of any such tax Act are satisfied as determined by the Illinois Department of Revenue.

The Department, upon the recommendation of the Medical Board, shall adopt rules which set forth standards to be used in determining:

- (a) when a person will be deemed sufficiently rehabilitated to warrant the public trust;

- (b) what constitutes dishonorable, unethical, or unprofessional conduct of a character likely to deceive, defraud, or harm the public;

- (c) what constitutes immoral conduct in the commission of any act, including, but not limited to, commission of an act of sexual misconduct related to the licensee's

practice; and

(d) what constitutes gross negligence in the practice of medicine.

However, no such rule shall be admissible into evidence in any civil action except for review of a licensing or other disciplinary action under this Act.

In enforcing this Section, the Medical Board, upon a showing of a possible violation, may compel any individual who is licensed to practice under this Act or holds a permit to practice under this Act, or any individual who has applied for licensure or a permit pursuant to this Act, to submit to a mental or physical examination and evaluation, or both, which may include a substance abuse or sexual offender evaluation, as required by the Medical Board and at the expense of the Department. The Medical Board shall specifically designate the examining physician licensed to practice medicine in all of its branches or, if applicable, the multidisciplinary team involved in providing the mental or physical examination and evaluation, or both. The multidisciplinary team shall be led by a physician licensed to practice medicine in all of its branches and may consist of one or more or a combination of physicians licensed to practice medicine in all of its branches, licensed chiropractic physicians, licensed clinical psychologists, licensed clinical social workers, licensed clinical professional counselors, and other professional and administrative staff. Any examining physician or member of the

multidisciplinary team may require any person ordered to submit to an examination and evaluation pursuant to this Section to submit to any additional supplemental testing deemed necessary to complete any examination or evaluation process, including, but not limited to, blood testing, urinalysis, psychological testing, or neuropsychological testing. The Medical Board or the Department may order the examining physician or any member of the multidisciplinary team to provide to the Department or the Medical Board any and all records, including business records, that relate to the examination and evaluation, including any supplemental testing performed. The Medical Board or the Department may order the examining physician or any member of the multidisciplinary team to present testimony concerning this examination and evaluation of the licensee, permit holder, or applicant, including testimony concerning any supplemental testing or documents relating to the examination and evaluation. No information, report, record, or other documents in any way related to the examination and evaluation shall be excluded by reason of any common law or statutory privilege relating to communication between the licensee, permit holder, or applicant and the examining physician or any member of the multidisciplinary team. No authorization is necessary from the licensee, permit holder, or applicant ordered to undergo an evaluation and examination for the examining physician or any member of the multidisciplinary team to provide information,

reports, records, or other documents or to provide any testimony regarding the examination and evaluation. The individual to be examined may have, at his or her own expense, another physician of his or her choice present during all aspects of the examination. Failure of any individual to submit to mental or physical examination and evaluation, or both, when directed, shall result in an automatic suspension, without hearing, until such time as the individual submits to the examination. If the Medical Board finds a physician unable to practice following an examination and evaluation because of the reasons set forth in this Section, the Medical Board shall require such physician to submit to care, counseling, or treatment by physicians, or other health care professionals, approved or designated by the Medical Board, as a condition for issued, continued, reinstated, or renewed licensure to practice. Any physician, whose license was granted pursuant to Section 9, 17, or 19 of this Act, or, continued, reinstated, renewed, disciplined, or supervised, subject to such terms, conditions, or restrictions who shall fail to comply with such terms, conditions, or restrictions, or to complete a required program of care, counseling, or treatment, as determined by the Chief Medical Coordinator or Deputy Medical Coordinators, shall be referred to the Secretary for a determination as to whether the licensee shall have his or her license suspended immediately, pending a hearing by the Medical Board. In instances in which the Secretary immediately suspends a

license under this Section, a hearing upon such person's license must be convened by the Medical Board within 15 days after such suspension and completed without appreciable delay. The Medical Board shall have the authority to review the subject physician's record of treatment and counseling regarding the impairment, to the extent permitted by applicable federal statutes and regulations safeguarding the confidentiality of medical records.

An individual licensed under this Act, affected under this Section, shall be afforded an opportunity to demonstrate to the Medical Board that he or she can resume practice in compliance with acceptable and prevailing standards under the provisions of his or her license.

The Medical Board, in determining mental capacity of an individual licensed under this Act, shall consider the latest recommendations of the Federation of State Medical Boards.

The Department may promulgate rules for the imposition of fines in disciplinary cases, not to exceed \$10,000 for each violation of this Act. Section 650. The Highway Advertising Control Act of 1971 is amended by changing Section 8 as follows:

(225 ILCS 440/8) (from Ch. 121, par. 508)

Sec. 8. Within 90 days of July 1, 1972, or the owner being notified of a new controlled route subject to this Act being added, each sign, except signs described by Sections 4.01, 4.02, and 4.03, must be registered with the Department by the owner of the sign, on forms obtained from the Department. Within 90 days after October 1, 1975 (the effective date of Public Act 79-1009) ~~this amendatory Act of 1975~~, each sign located beyond 660 feet of the right-of-way located outside of urban areas, visible from the main-traveled way of the highway and erected with the purpose of the message being read from such traveled way, must be registered with the Department by the owner of the sign on forms obtained from the Department. The Department shall adopt rules specifying the standards for such registration, which may require reasonable information to be furnished, including, but not limited to, the name of the owner of the land on which the sign is located and a statement that the owner has consented to the erection or maintenance of the sign. Registration must be made of each sign and shall be accompanied by a registration fee of \$5.

No sign, except signs described by Sections 4.01, 4.02, and 4.03, may be erected after July 1, 1972 (the effective date of this Act) without first obtaining a permit from the Department. The application for permit shall be on a form provided by the Department and shall contain such information as the Department may reasonably require. Upon receipt of an application and upon payment of the fee required under this

Section, the Department then issues a permit to the applicant for the erection of the sign, provided such sign will not violate any provision of this Act. The Department shall have up to 45 days to complete its review and approve the permit application or notify the applicant of any and all deficiencies necessary for the Department's approval. The applicant shall then have 45 days to correct the noted deficiencies, and the Department shall have 30 days from receipt of the notice of corrected deficiencies to make a final determination. If the application for permit has been denied, written notice of the decision shall cite the specific federal law, State law, Illinois Administrative Code section, or Code of Federal Regulations section related to the denial and state in detail why the application was denied. The application fee shall be as follows:

- (1) for signs of less than 150 square feet, \$50;
- (2) for signs of at least 150 but less than 300 square feet, \$100; and
- (3) for signs of 300 or more square feet, \$200.

If a permit application is for a sign within an area subject to the Airport Zoning Act, the Department shall notify the applicant in writing that the review process will exceed the timelines set forth in the Section. Notwithstanding, the Department shall complete its own review of the permit application pending approval under the Airport Zoning Act.

In determining the appropriateness of issuing a permit for

a municipal network sign, the Department shall waive any provision or requirement of this Act or administrative rule adopted under the authority of this Act to the extent that the waiver does not contravene the federal Highway Beautification Act of 1965, 23 U.S.C. 131, and the regulations promulgated under that Act by the Secretary of the United States Department of Transportation. Any municipal network sign applications pending on May 1, 2013 that are not affected by compliance with the federal Highway Beautification Act of 1965 shall be issued within 10 days after July 5, 2013 (the effective date of Public Act 98-56) ~~this amendatory Act of the 98th General Assembly~~. The determination of the balance of pending municipal network sign applications and issuance of approved permits shall be completed within 30 days after July 5, 2013 (the effective date of Public Act 98-56) ~~this amendatory Act of the 98th General Assembly~~. To the extent that the Secretary of the United States Department of Transportation or any court finds any permit granted pursuant to such a waiver to be inconsistent with or preempted by the federal Highway Beautification Act of 1965, 23 U.S.C. 131, and the regulations promulgated under that Act, that permit shall be void.

Upon change of ownership of a sign permit or sign registration, the new owner of the sign permit or sign registration shall notify the Department to confirm the change of ownership and supply the necessary information in writing

or on a form provided by the Department to transfer the permit or registration for such sign at no cost within 120 days after the change of ownership. The Department shall acknowledge to the new sign owner, in writing or by electronic communication, the receipt of such request within 14 calendar days after receiving the necessary information and shall complete the transfer and record the transferee as the new owner within 60 days after receiving the necessary information. Failure of the new sign owner to submit the necessary information to transfer the name of sign ownership on a sign permit within 120 calendar days may subject the permit to revocation. The Department shall issue a notice to the sign owner of failure to notify and inform the transferee of ownership that the transferee has 30 calendar days from receipt of notice to provide the necessary information required for the transfer of ownership.

Owners of registered signs shall be issued an identifying tag, which must remain securely affixed to the front face of the sign or sign structure in a conspicuous position by the owner within 60 days after receipt of the tag; owners of signs erected by permit shall be issued an identifying tag which must remain securely affixed to the front face of the sign or sign structure in a conspicuous position by the owner upon completion of the sign erection or within 10 days after receipt of the tag, whichever is ~~the~~ later.

When a sign owner intends to upgrade an existing legally ~~legal~~ permitted sign to a multiple message sign with a digital

display, the Department shall not require a new sign permit. A permit addendum application requesting authorization for the upgrade shall be made on a form provided by the Department and shall be accompanied by a \$200 fee, which shall not be subject to return upon rejection of the permit addendum application. As part of the permit addendum application, the Department shall not require a new land survey or other documentation that has previously been submitted and approved and is on file for the existing permit of the legally ~~legal~~ permitted sign. Upon receipt of the permit addendum application, the Department shall have up to 30 days to complete its initial review and either approve the addendum to the existing permit or notify the applicant of any and all deficiencies necessary for the Department's approval. The applicant shall have 30 days to correct the noted deficiencies, upon which the Department shall have 30 days after receipt of the notice of corrected deficiencies to make a final determination. If the permit application addendum is denied, written notice of the decision shall cite the specific federal law, State law, Illinois Administrative Code section, or Code of Federal Regulations section related to the denial and state in detail why the application was denied. For purposes of this Section, legal nonconforming sign structures are not eligible for this upgrade.

A person aggrieved by any action of the Department in denying an application, revoking a permit or registration, or

failing to act upon any permit within the designated time limit under this Act or the rules adopted by the Department may appeal such action to the Department. The appeal shall be filed within 30 days after receipt of the notice of denial or revocation or 30 days after the expiration of any deadline for action by the Department. Proceedings for the appeal shall commence within 30 days after the receipt of the appeal request unless the time limit is extended by agreement of the parties or granted by the administrative law judge upon a showing of good cause. If an appeal is filed due to the Department's failure to act upon a permit or other request within the designated time limit, the application or other request for action shall be denied and any other determination shall be adverse to the party seeking a decision under the Act. The record that is reviewed in cases of the Department's failure to act timely shall be limited to the communications between the parties, any documentation submitted or exchanged, and testimony of the parties. The administrative law judge's proposal may (i) remand the decision back to the Department for a decision to be made not inconsistent with the administrative law judge's findings and rulings or (ii) propose a final decision on the action requested.

(225 ILCS 458/15-15)

(Section scheduled to be repealed on January 1, 2027)

Sec. 15-15. Investigation; notice; hearing.

(a) Upon the motion of the Department or the Board or upon a complaint in writing of a person setting forth facts that, if proven, would constitute grounds for suspension, revocation, or other disciplinary action, the Department shall investigate the actions or qualifications of any person who is a licensee, applicant for licensure, unlicensed person, person rendering or offering to render appraisal services, or person holding or claiming to hold a license under this Act. If, upon investigation, the Department believes that there may be cause for suspension, revocation, or other disciplinary action, the Department shall use the services of a State certified general real estate appraiser, a State certified residential real estate appraiser, or the Coordinator to assist in determining whether grounds for disciplinary action exist prior to commencing formal disciplinary proceedings.

(b) Formal disciplinary proceedings shall commence upon the issuance of a written complaint describing the charges that are the basis of the disciplinary action and delivery of the detailed complaint to the address of record of the person charged. For an associate real estate trainee appraiser, a copy shall also be sent to the licensee's supervising appraiser of record. The Department shall notify the person to file a verified written answer within 20 days after the service of the notice and complaint. The notification shall inform the person of the right to be heard in person or by legal counsel; that the hearing will be afforded not sooner

than 20 days after service of the complaint; that failure to file an answer will result in a default being entered against the person; that the license may be suspended, revoked, or placed on probationary status; and that other disciplinary action may be taken pursuant to this Act, including limiting the scope, nature, or extent of the licensee's practice. If the person fails to file an answer after service of notice, the respective license may, at the discretion of the Department, be suspended, revoked, or placed on probationary status and the Department may take whatever disciplinary action it deems proper, including limiting the scope, nature, or extent of the person's practice, without a hearing.

(c) At the time and place fixed in the notice, the Board shall conduct a hearing of the charges, providing both the person charged and the complainant ample opportunity to present in person or by counsel such statements, testimony, evidence, and argument as may be pertinent to the charges or to a defense thereto.

(d) The Board shall present to the Secretary a written report of its findings of fact and recommendations. A copy of the report shall be served upon the person either by mail or, at the discretion of the Department, by electronic means. For associate real estate trainee appraisers, a copy shall also be sent to the licensee's supervising appraiser of record. Within 20 days after the service, the person may present the Secretary with a motion in writing for a rehearing and shall

specify the particular grounds for the request. If the person orders a transcript of the record as provided in this Act, the time elapsing thereafter and before the transcript is ready for delivery to the person shall not be counted as part of the 20 days. If the Secretary is not satisfied that substantial justice has been done, the Secretary may order a rehearing by the Board or other special committee appointed by the Secretary, may remand the matter to the Board for its reconsideration of the matter based on the pleadings and evidence presented to the Board, or may enter a final order in contravention of the Board's recommendation. Notwithstanding a person's failure to file a motion for rehearing, the Secretary shall have the right to take any of the actions specified in this subsection (d). Upon the suspension or revocation of a license, the licensee shall be required to surrender the respective license to the Department, and upon failure or refusal to do so, the Department shall have the right to seize the license.

(e) The Department has the power to issue subpoenas and subpoenas duces tecum to bring before it any person in this State, to take testimony, or to require production of any records relevant to an inquiry or hearing by the Board in the same manner as prescribed by law in judicial proceedings in the courts of this State. In a case of refusal of a witness to attend, testify, or to produce books or papers concerning a matter upon which the witness might be lawfully examined, the

circuit court of the county where the hearing is held, upon application of the Department or any party to the proceeding, may compel obedience by proceedings as for contempt.

(f) Any license that is revoked may not be restored for a minimum period of 3 years.

(g) In addition to the provisions of this Section concerning the conduct of hearings and the recommendations for discipline, the Department has the authority to negotiate disciplinary and non-disciplinary settlement agreements concerning any license issued under this Act. All such agreements shall be recorded as Consent Orders or Consent to Administrative Supervision Orders.

(h) The Secretary shall have the authority to appoint an attorney duly licensed to practice law in the State of Illinois to serve as the hearing officer in any action to suspend, revoke, or otherwise discipline any license issued by the Department. The hearing officer ~~Hearing Officer~~ shall have full authority to conduct the hearing.

(i) The Department, at its expense, shall preserve a record of all formal hearings of any contested case involving the discipline of a license. At all hearings or pre-hearing conferences, the Department and the licensee shall be entitled to have the proceedings transcribed by a certified shorthand reporter. A copy of the transcribed proceedings shall be made available to the licensee by the certified shorthand reporter upon payment of the prevailing contract copy rate.

(A) the customer's name and address;

(B) a statement that the veterinarian examined the dog or cat;

(C) the date or dates that the dog or cat was examined;

(D) the breed and age of the dog or cat, if known;

(E) a statement that the dog or cat has or had a disease, illness, or congenital or hereditary condition that is subject to remedy; and

(F) the findings of the examination or necropsy, including any lab results or copies of the results.

(g) A customer entitled to a remedy under subsection (f) of this Section may:

(1) return the dog or cat to the pet shop for a full refund of the purchase price;

(2) exchange the dog or cat for another dog or cat of comparable value chosen by the customer;

(3) retain the dog or cat and be reimbursed for reasonable veterinary fees for diagnosis and treatment of the dog or cat, not to exceed the purchase price of the dog or cat; or

(4) if the dog or cat is deceased, be reimbursed for the full purchase price of the dog or cat plus reasonable veterinary fees associated with the diagnosis and treatment of the dog or cat, not to exceed one times the purchase price of the dog or cat.

For the purposes of this subsection (g), veterinary fees

shall be considered reasonable if (i) the services provided are appropriate for the diagnosis and treatment of the disease, illness, or congenital or hereditary condition and (ii) the cost of the services is comparable to that charged for similar services by other licensed veterinarians located in close proximity to the treating veterinarian.

(h) Unless the pet shop contests a reimbursement required under subsection (g) of this Section, the reimbursement shall be made to the customer no later than 10 business days after the pet shop operator receives the veterinarian's statement under subsection (f) of this Section.

(i) To obtain a remedy under this Section, a customer shall:

(1) notify the pet shop as soon as reasonably possible and not to exceed 3 business days after a diagnosis by a licensed veterinarian of a disease, illness, or congenital or hereditary condition of the dog or cat for which the customer is seeking a remedy;

(2) provide to the pet shop a written statement provided for under subsection (f) of this Section by a licensed veterinarian within 5 business days after a diagnosis by the veterinarian;

(3) upon request of the pet shop, take the dog or cat for an examination by a second licensed veterinarian; the customer may either choose the second licensed veterinarian or allow the pet shop to choose the second

veterinarian, if the pet shop agrees to do so. The party choosing the second veterinarian shall assume the cost of the resulting examination; and

(4) if the customer requests a reimbursement of veterinary fees, provide to the pet shop an itemized bill for the disease, illness, or congenital or hereditary condition of the dog or cat for which the customer is seeking a remedy.

(j) A customer is not entitled to a remedy under this Section if:

(1) the illness or death resulted from: (A) maltreatment or neglect by the customer; (B) an injury sustained after the delivery of the dog or cat to the customer; or (C) an illness or disease contracted after the delivery of the dog or cat to the customer;

(2) the customer does not carry out the recommended treatment prescribed by the veterinarian who made the diagnosis; or

(3) the customer does not return to the pet shop all documents provided to register the dog or cat, unless the documents have already been sent to the registry organization.

(k) A pet shop may contest a remedy under this Section by having the dog or cat examined by a second licensed veterinarian pursuant to paragraph (3) of subsection (i) of this Section if the dog or cat is still living. If the dog or

cat is deceased, the pet shop may choose to have the second veterinarian review any records provided by the veterinarian who examined or treated the dog or cat for the customer before its death.

If the customer and the pet shop have not reached an agreement within 10 business days after the examination of the medical records and the dog or cat, if alive, or the dog's or cat's medical records, if deceased, by the second veterinarian, then:

(1) the customer may bring suit in a court of competent jurisdiction to resolve the dispute; or

(2) if the customer and the pet shop agree in writing, the parties may submit the dispute to binding arbitration.

If the court or arbiter finds that either party acted in bad faith in seeking or denying the requested remedy, then the offending party may be required to pay reasonable attorney's fees and court costs of the adverse party.

(l) This Section shall not apply to any adoption of dogs or cats, including those in which a pet shop or other organization rents or donates space to facilitate the adoption.

(m) If a pet shop offers its own warranty on a pet, a customer may choose to waive the remedies provided under subsection (f) of this Section in favor of choosing the warranty provided by the pet shop. If a customer waives the rights provided by subsection (f), the only remedies available

to the customer are those provided by the pet shop's warranty. For the statement to be an effective waiver of the customer's right to refund or exchange the animal under subsection (f), the pet shop must provide, in writing, a statement of the remedy under subsection (f) that the customer is waiving as well as a written copy of the pet shop's warranty. For the statement to be an effective waiver of the customer's right to refund or exchange the animal under subsection (f), it shall be substantially similar to the following language:

"I have agreed to accept the warranty provided by the pet shop in lieu of the remedies under subsection (f) of Section 3.15 of the Animal Welfare Act. I have received a copy of the pet shop's warranty and a statement of the remedies provided under subsection (f) of Section 3.15 of the Animal Welfare Act. This is a waiver pursuant to subsection (m) of Section 3.15 of the Animal Welfare Act whereby I, the customer, relinquish any and all right to return the animal for congenital and hereditary disorders provided by subsection (f) of Section 3.15 of the Animal Welfare Act. I agree that my exclusive remedy is the warranty provided by the pet shop at the time of sale.".

From December 15, 2008 (the effective date of Public Act 95-1008) until (i) 3 years after December 15, 2008 (the effective date of Public Act 95-1008), (ii) the date any organization licensee begins to operate a slot machine or video game of chance under the Illinois Horse Racing Act of 1975 or this Act, (iii) the date that payments begin under subsection (c-5) of Section 13 of this Act, (iv) the wagering tax imposed under Section 13 of this Act is increased by law to reflect a tax rate that is at least as stringent or more stringent than the tax rate contained in subsection (a-3) of Section 13, or (v) when an owners licensee holding a license issued pursuant to Section 7.1 of this Act begins conducting gaming, whichever occurs first, as a condition of licensure and as an alternative source of payment for those funds payable under subsection (c-5) of Section 13 of this Act, any owners licensee that holds or receives its owners license on or after May 26, 2006 (the effective date of Public Act 94-804), other than an owners licensee operating a riverboat with adjusted gross receipts in calendar year 2004 of less than \$200,000,000, must pay into the Horse Racing Equity Trust Fund, in addition to any other

The Board is expressly prohibited from making changes to the requirement that licensees make payment into the Horse Racing Equity Trust Fund without the express authority of the Illinois General Assembly and making any other rule to implement or interpret Public Act 95-1008. For the purposes of this paragraph, "rules" is given the meaning given to that term in Section 1-70 of the Illinois Administrative Procedure Act.

(b) In determining whether to grant an owners license to an applicant, the Board shall consider:

(1) the character, reputation, experience, and financial integrity of the applicants and of any other or separate person that either:

faith affirmative action plan of each applicant to recruit, train, and upgrade minority persons, women, and persons with a disability in all employment classifications; the Board shall further consider granting an owners license and giving preference to an applicant under this Section to applicants in which minority persons and women hold ownership interest of at least 16% and 4%, respectively;

(4.5) the extent to which the ownership of the applicant includes veterans of service in the armed forces of the United States, and the good faith affirmative action plan of each applicant to recruit, train, and upgrade veterans of service in the armed forces of the United States in all employment classifications;

municipality;

(10) the extent to which the ownership of an applicant includes the most qualified number of minority persons, women, and persons with a disability; and

(11) whether the applicant has entered into a fully executed construction project labor agreement with the applicable local building trades council.

(c) Each owners license shall specify the place where the casino shall operate or the riverboat shall operate and dock.

(d) Each applicant shall submit with his or her application, on forms provided by the Board, 2 sets of his or her fingerprints.

In the application for an owners license, the applicant shall state the dock at which the riverboat is based and the water on which the riverboat will be located. The Board shall issue 5 licenses to become effective not earlier than January 1, 1991. Three of such licenses shall authorize riverboat gambling on the Mississippi River, or, with approval by the municipality in which the riverboat was docked on August 7, 2003 and with Board approval, be authorized to relocate to a new location, in a municipality that (1) borders on the Mississippi River or is within 5 miles of the city limits of a municipality that borders on the Mississippi River

and (2) on August 7, 2003, had a riverboat conducting riverboat gambling operations pursuant to a license issued under this Act; one of which shall authorize riverboat gambling from a home dock in the city of East St. Louis; and one of which shall authorize riverboat gambling from a home dock in the City of Alton. One other license shall authorize riverboat gambling on the Illinois River in the City of East Peoria or, with Board approval, shall authorize land-based gambling operations anywhere within the corporate limits of the City of Peoria. The Board shall issue one additional license to become effective not earlier than March 1, 1992, which shall authorize riverboat gambling on the Des Plaines River in Will County. The Board may issue 4 additional licenses to become effective not earlier than March 1, 1992. In determining the water upon which riverboats will operate, the Board shall consider the economic benefit which riverboat gambling confers on the State~~7~~ and shall seek to ensure ~~assure~~ that all regions of the State share in the economic benefits of riverboat gambling.

In granting all licenses, the Board may give favorable consideration to economically depressed areas of the State, to applicants presenting plans which provide for significant economic development over a large geographic area, and to applicants who currently operate non-gambling riverboats in Illinois. The Board shall review all applications for owners licenses~~7~~ and shall inform each applicant of the Board's

decision. The Board may grant an owners license to an applicant that has not submitted the highest license bid, but if it does not select the highest bidder, the Board shall issue a written decision explaining why another applicant was selected and identifying the factors set forth in this Section that favored the winning bidder. The fee for issuance or renewal of a license pursuant to this subsection (e) shall be \$250,000.

(e-5) In addition to licenses authorized under subsection (e) of this Section:

(1) the Board may issue one owners license authorizing the conduct of casino gambling in the City of Chicago;

(2) the Board may issue one owners license authorizing the conduct of riverboat gambling in the City of Danville;

(6) the Board may issue one owners license authorizing the conduct of riverboat gambling in the unincorporated area of Williamson County adjacent to the Big Muddy River.

Except for the license authorized under paragraph (1), each application for a license pursuant to this subsection (e-5) shall be submitted to the Board no later than 120 days after June 28, 2019 (the effective date of Public Act 101-31). All applications for a license under this subsection (e-5) shall include the nonrefundable application fee and the nonrefundable background investigation fee as provided in subsection (d) of Section 6 of this Act. In the event that an applicant submits an application for a license pursuant to this subsection (e-5) prior to June 28, 2019 (the effective date of Public Act 101-31), such applicant shall submit the nonrefundable application fee and background investigation fee as provided in subsection (d) of Section 6 of this Act no later than 6 months after June 28, 2019 (the effective date of Public Act 101-31).

The Board shall consider issuing a license pursuant to paragraphs (1) through (6) of this subsection only after the corporate authority of the municipality or the county board of the county in which the riverboat or casino shall be located has certified to the Board the following:

- (i) that the applicant has negotiated with the corporate authority or county board in good faith;

- (ii) that the applicant and the corporate authority or county board have mutually agreed on the permanent location of the riverboat or casino;

- (iii) that the applicant and the corporate authority

or county board have mutually agreed on the temporary location of the riverboat or casino;

(iv) that the applicant and the corporate authority or the county board have mutually agreed on the percentage of revenues that will be shared with the municipality or county, if any;

(v) that the applicant and the corporate authority or county board have mutually agreed on any zoning, licensing, public health, or other issues that are within the jurisdiction of the municipality or county;

(vi) that the corporate authority or county board has passed a resolution or ordinance in support of the riverboat or casino in the municipality or county;

(vii) that the applicant for a license under paragraph (1) has made a public presentation concerning its casino proposal; and

(viii) that the applicant for a license under paragraph (1) has prepared a summary of its casino proposal and such summary has been posted on a public website of the municipality or the county.

At least 7 days before the corporate authority of a municipality or county board of the county submits a certification to the Board concerning items (i) through (viii) of this subsection, it shall hold a public hearing to discuss items (i) through (viii), as well as any other details concerning the proposed riverboat or casino in the

municipality or county. The corporate authority or county board must subsequently memorialize the details concerning the proposed riverboat or casino in a resolution that must be adopted by a majority of the corporate authority or county board before any certification is sent to the Board. The Board shall not alter, amend, change, or otherwise interfere with any agreement between the applicant and the corporate authority of the municipality or county board of the county regarding the location of any temporary or permanent facility.

In addition, within 10 days after June 28, 2019 (the effective date of Public Act 101-31), the Board, with consent and at the expense of the City of Chicago, shall select and retain the services of a nationally recognized casino gaming feasibility consultant. Within 45 days after June 28, 2019 (the effective date of Public Act 101-31), the consultant shall prepare and deliver to the Board a study concerning the feasibility of, and the ability to finance, a casino in the City of Chicago. The feasibility study shall be delivered to the Mayor of the City of Chicago, the Governor, the President of the Senate, and the Speaker of the House of Representatives. Ninety days after receipt of the feasibility study, the Board shall make a determination, based on the results of the feasibility study, whether to recommend to the General Assembly that the terms of the license under paragraph (1) of this subsection (e-5) should be modified. The Board may begin accepting applications for the owners license under

paragraph (1) of this subsection (e-5) upon the determination to issue such an owners license.

In addition, prior to the Board issuing the owners license authorized under paragraph (4) of this subsection (e-5), an impact study shall be completed to determine what location in the city will provide the greater impact to the region, including the creation of jobs and the generation of tax revenue.

(e-10) The licenses authorized under subsection (e-5) of this Section shall be issued within 12 months after the date the license application is submitted. If the Board does not issue the licenses within that time period, then the Board shall give a written explanation to the applicant as to why it has not reached a determination and when it reasonably expects to make a determination. The fee for the issuance or renewal of a license issued pursuant to this subsection (e-10) shall be \$250,000. Additionally, a licensee located outside of Cook County shall pay a minimum initial fee of \$17,500 per gaming position, and a licensee located in Cook County shall pay a minimum initial fee of \$30,000 per gaming position. The initial fees payable under this subsection (e-10) shall be deposited into the Rebuild Illinois Projects Fund. If at any point after June 1, 2020 there are no pending applications for a license under subsection (e-5) and not all licenses authorized under subsection (e-5) have been issued, then the Board shall reopen the license application process for those

licenses authorized under subsection (e-5) that have not been issued. The Board shall follow the licensing process provided in subsection (e-5) with all time frames tied to the last date of a final order issued by the Board under subsection (e-5) rather than the effective date of the amendatory Act.

(e-15) Each licensee of a license authorized under subsection (e-5) of this Section shall make a reconciliation payment 3 years after the date the licensee begins operating in an amount equal to 75% of the adjusted gross receipts for the most lucrative 12-month period of operations, minus an amount equal to the initial payment per gaming position paid by the specific licensee. Each licensee shall pay a \$15,000,000 reconciliation fee upon issuance of an owners license. If this calculation results in a negative amount, then the licensee is not entitled to any reimbursement of fees previously paid. This reconciliation payment may be made in installments over a period of no more than 6 years.

All payments by licensees under this subsection (e-15) shall be deposited into the Rebuild Illinois Projects Fund.

(e-20) In addition to any other revocation powers granted to the Board under this Act, the Board may revoke the owners license of a licensee which fails to begin conducting gambling within 15 months of receipt of the Board's approval of the application if the Board determines that license revocation is in the best interests of the State.

(f) The first 10 owners licenses issued under this Act

shall permit the holder to own up to 2 riverboats and equipment thereon for a period of 3 years after the effective date of the license. Holders of the first 10 owners licenses must pay the annual license fee for each of the 3 years during which they are authorized to own riverboats.

(g) Upon the termination, expiration, or revocation of each of the first 10 licenses, which shall be issued for a 3-year period, all licenses are renewable annually upon payment of the fee and a determination by the Board that the licensee continues to meet all of the requirements of this Act and the Board's rules. However, for licenses renewed on or after June 10, 2021 (the effective date of Public Act 102-13) ~~this amendatory Act of the 102nd General Assembly~~, renewal shall be for a period of 4 years.

(h) An owners license, except for an owners license issued under subsection (e-5) of this Section, shall entitle the licensee to own up to 2 riverboats.

An owners licensee of a casino or riverboat that is located in the City of Chicago pursuant to paragraph (1) of subsection (e-5) of this Section shall limit the number of gaming positions to 4,000 for such owner. An owners licensee authorized under subsection (e) or paragraph (2), (3), (4), or (5) of subsection (e-5) of this Section shall limit the number of gaming positions to 2,000 for any such owners license. An owners licensee authorized under paragraph (6) of subsection (e-5) of this Section shall limit the number of gaming

positions to 1,200 for such owner. The initial fee for each gaming position obtained on or after June 28, 2019 (the effective date of Public Act 101-31) shall be a minimum of \$17,500 for licensees not located in Cook County and a minimum of \$30,000 for licensees located in Cook County, in addition to the reconciliation payment, as set forth in subsection (e-15) of this Section. The fees under this subsection (h) shall be deposited into the Rebuild Illinois Projects Fund. The fees under this subsection (h) that are paid by an owners licensee authorized under subsection (e) shall be paid by July 1, 2021.

Each owners licensee under subsection (e) of this Section shall reserve its gaming positions within 30 days after June 28, 2019 (the effective date of Public Act 101-31). The Board may grant an extension to this 30-day period, provided that the owners licensee submits a written request and explanation as to why it is unable to reserve its positions within the 30-day period.

Each owners licensee under subsection (e-5) of this Section shall reserve its gaming positions within 30 days after issuance of its owners license. The Board may grant an extension to this 30-day period, provided that the owners licensee submits a written request and explanation as to why it is unable to reserve its positions within the 30-day period.

A licensee may operate both of its riverboats

concurrently, provided that the total number of gaming positions on both riverboats does not exceed the limit established pursuant to this subsection. Riverboats licensed to operate on the Mississippi River and the Illinois River south of Marshall County shall have an authorized capacity of at least 500 persons. Any other riverboat licensed under this Act shall have an authorized capacity of at least 400 persons.

(h-5) An owners licensee who conducted gambling operations prior to January 1, 2012 and obtains positions pursuant to Public Act 101-31 shall make a reconciliation payment 3 years after any additional gaming positions begin operating in an amount equal to 75% of the owners licensee's average gross receipts for the most lucrative 12-month period of operations minus an amount equal to the initial fee that the owners licensee paid per additional gaming position. For purposes of this subsection (h-5), "average gross receipts" means (i) the increase in adjusted gross receipts for the most lucrative 12-month period of operations over the adjusted gross receipts for 2019, multiplied by (ii) the percentage derived by dividing the number of additional gaming positions that an owners licensee had obtained by the total number of gaming positions operated by the owners licensee. If this calculation results in a negative amount, then the owners licensee is not entitled to any reimbursement of fees previously paid. This reconciliation payment may be made in installments over a period of no more than 6 years. These reconciliation payments

shall be deposited into the Rebuild Illinois Projects Fund.

(i) A licensed owner is authorized to apply to the Board for and, if approved therefor, to receive all licenses from the Board necessary for the operation of a riverboat or casino, including a liquor license, a license to prepare and serve food for human consumption, and other necessary licenses. All use, occupation, and excise taxes which apply to the sale of food and beverages in this State and all taxes imposed on the sale or use of tangible personal property apply to such sales aboard the riverboat or in the casino.

(j) The Board may issue or re-issue a license authorizing a riverboat to dock in a municipality or approve a relocation under Section 11.2 only if, prior to the issuance or re-issuance of the license or approval, the governing body of the municipality in which the riverboat will dock has by a majority vote approved the docking of riverboats in the municipality. The Board may issue or re-issue a license authorizing a riverboat to dock in areas of a county outside any municipality or approve a relocation under Section 11.2 only if, prior to the issuance or re-issuance of the license or approval, the governing body of the county has by a majority vote approved of the docking of riverboats within such areas.

(k) An owners licensee may conduct land-based gambling operations upon approval by the Board and payment of a fee of \$250,000, which shall be deposited into the State Gaming Fund.

(l) An owners licensee may conduct gaming at a temporary

facility pending the construction of a permanent facility or the remodeling or relocation of an existing facility to accommodate gaming participants for up to 24 months after the temporary facility begins to conduct gaming. No person licensed as a distributor shall be granted a non-resident dealer's license.

The importing distributor's license shall permit such licensee to purchase alcoholic liquor from Illinois licensed non-resident dealers and foreign importers only. No person licensed as an importing distributor shall be granted a non-resident dealer's license.

(d) A retailer's license shall allow the licensee to sell and offer for sale at retail, in or from the premises specified in the license, alcoholic liquor for use or consumption, but not for resale in any form except as otherwise provided in this Act. Except as provided in Section 6-16, 6-29, or 6-29.1, nothing in this Act shall deny, limit, remove, or restrict the ability of a holder of a retailer's license to transfer or ship alcoholic liquor to the purchaser for use or consumption subject to any applicable local law or ordinance. For the purposes of this Section, "shipping" means the movement of

alcoholic liquor from a licensed retailer to a consumer via a common carrier. Except as provided in Section 6-16, 6-29, or 6-29.1, nothing in this Act shall deny, limit, remove, or restrict the ability of a holder of a retailer's license to deliver alcoholic liquor to the purchaser for use or consumption. The delivery shall be made only within 12 hours from the time the alcoholic liquor leaves the licensed premises of the retailer for delivery. (1) delivery within licensed retailer's parking lot, including curbside, for pickup by the consumer;

(2) delivery by an owner, officer, director, shareholder, or employee of the licensed retailer; or

A retail licensee may use any website, mobile application, or similar platform that facilitates the sale or delivery of food, beverages, or goods and is owned or operated by the retail licensee, third-party contractor, an independent contractor, or an agent with whom the licensed retailer has contracted to facilitate deliveries or sales of alcoholic

liquors under this Section. The use of any website, mobile application, or similar platform to facilitate deliveries or sales of alcoholic liquors shall not be considered an illegal sale, resale, transfer, barter, or exchange of alcohol under this Act.

Any retail license issued to a manufacturer shall only permit the manufacturer to sell beer at retail on the premises actually occupied by the manufacturer. For the purpose of further describing the type of business conducted at a retail licensed premises, a retailer's licensee may be designated by the State Commission as (i) an on premise consumption retailer, (ii) an off premise sale retailer, or (iii) a combined on premise consumption and off premise sale retailer.

Except for a municipality with a population of more than 1,000,000 inhabitants, a home rule unit may not regulate the delivery of alcoholic liquor or require a retail licensee to obtain a separate or additional license for the delivery of alcoholic liquor. This paragraph is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State. A non-home rule municipality may not regulate the delivery of alcoholic liquor or require a retail licensee to obtain a separate or additional license for the delivery of alcoholic liquor.

Notwithstanding any other provision of this subsection (d), a retail licensee may sell alcoholic liquors to a special

event retailer licensee for resale to the extent permitted under subsection (e).

The requirements in subsection (b-5) of Section 6-29 apply only to a winery shipper licensee that ships wine via common carrier and do not apply to a winery shipper licensee or a retail licensee that delivers, or causes to be delivered, alcohol pursuant to the methods outlined in item (1), (2), or (3) of this subsection.

Except as provided in this Section, for a manufacturer with a retail license, nothing in this Section shall be construed to prohibit an on-premises consumption retailer, off-premises sale retailer, or combined on-premises consumption and off-premises sale retailer from delivering alcohol pursuant to this Section.

A retail licensee shall contract only with a third-party contractor, independent contractor, or agent to facilitate or make deliveries of alcoholic liquors that has a policy to verify the age of the person to whom the alcoholic liquor is being delivered based on the person's valid proof of identity indicating the person is age 21 or over. A retail licensee shall not be civilly liable for sales or deliveries made to intoxicated persons or persons under the age of 21 if the delivery of alcoholic liquor was conducted by a third-party contractor, independent contractor, or agent with whom the licensed retailer has contracted to make deliveries of alcoholic liquor.

(e) A special event retailer's license (not-for-profit) shall permit the licensee to purchase alcoholic liquors from an Illinois licensed distributor (unless the licensee purchases less than \$500 of alcoholic liquors for the special event, in which case the licensee may purchase the alcoholic liquors from a licensed retailer) and shall allow the licensee to sell and offer for sale, at retail, alcoholic liquors for use or consumption, but not for resale in any form and only at the location and on the specific dates designated for the special event in the license. An applicant for a special event retailer license must (i) furnish with the application: (A) a resale number issued under Section 2c of the Retailers' Occupation Tax Act or evidence that the applicant is registered under Section 2a of the Retailers' Occupation Tax Act, (B) a current, valid exemption identification number issued under Section 1g of the Retailers' Occupation Tax Act and a certification to the State Commission that the purchase of alcoholic liquors will be a tax-exempt purchase, or (C) a statement that the applicant is not registered under Section 2a of the Retailers' Occupation Tax Act, does not hold a resale number under Section 2c of the Retailers' Occupation Tax Act, and does not hold an exemption number under Section 1g of the Retailers' Occupation Tax Act, in which event the State Commission shall set forth on the special event retailer's license a statement to that effect; (ii) submit with the application proof satisfactory to the State Commission that

the applicant will provide dram shop liability insurance in the maximum limits; and (iii) show proof satisfactory to the State Commission that the applicant has obtained local authority approval.

Nothing in this Act prohibits an Illinois licensed distributor from offering credit or a refund for unused, salable alcoholic liquors to a holder of a special event retailer's license or the special event retailer's licensee from accepting the credit or refund of alcoholic liquors at the conclusion of the event specified in the license.

(f) A railroad license shall permit the licensee to import alcoholic liquors into this State from any point in the United States outside this State and to store such alcoholic liquors in this State; to make wholesale purchases of alcoholic liquors directly from manufacturers, foreign importers, distributors and importing distributors from within or outside this State; and to store such alcoholic liquors in this State; provided that the above powers may be exercised only in connection with the importation, purchase or storage of alcoholic liquors to be sold or dispensed on a club, buffet, lounge, or dining car operated on an electric, gas, or steam railway in this State; and provided further, that railroad licensees exercising the above powers shall be subject to all provisions of Article VIII of this Act as applied to importing distributors. A railroad license shall also permit the licensee to sell or dispense alcoholic liquors on any club,

buffet, lounge, or dining car operated on an electric, gas, or steam railway regularly operated by a common carrier in this State, but shall not permit the sale for resale of any alcoholic liquors to any licensee within this State. A license shall be obtained for each car in which such sales are made.

(g) A boat license shall allow the sale of alcoholic liquor in individual drinks on any passenger boat regularly operated as a common carrier on navigable waters in this State or on any riverboat operated under the Illinois Gambling Act, which boat or riverboat maintains a public dining room or restaurant thereon.

(h) A non-beverage user's license shall allow the licensee to purchase alcoholic liquor from a licensed manufacturer or importing distributor, without the imposition of any tax upon the business of such licensed manufacturer or importing distributor as to such alcoholic liquor to be used by such licensee solely for the non-beverage purposes set forth in subsection (a) of Section 8-1 of this Act, and such licenses shall be divided and classified and shall permit the purchase, possession, and use of limited and stated quantities of alcoholic liquor as follows:

A wine-maker's premises license shall allow a licensee who concurrently holds a second-class wine-maker's license to sell and offer for sale at retail in the premises specified in such license up to 100,000 gallons of the second-class wine-maker's wine that is made at the second-class wine-maker's licensed premises per year for use or consumption but not for resale in any form. A first-class wine-maker that concurrently holds a class 1 brewer license or a class 1 craft distiller license shall not be eligible to hold a wine-maker's premises license. A wine-maker's premises license shall allow a licensee that concurrently holds a first-class wine-maker's license or a second-class wine-maker's license to sell and offer for sale at retail at the premises specified in the wine-maker's premises license, for use or consumption but not for resale in any form, any beer, wine, and spirits purchased from a licensed distributor. Upon approval from the State Commission, a wine-maker's premises license shall allow the licensee to sell and offer for sale at (i) the wine-maker's licensed premises and (ii) up to 2 additional locations for use and consumption and not for

resale. Each location shall require additional licensing per location as specified in Section 5-3 of this Act. A wine-maker's premises licensee shall secure liquor liability insurance coverage in an amount at least equal to the maximum liability amounts set forth in subsection (a) of Section 6-21 of this Act.

(j) An airplane license shall permit the licensee to import alcoholic liquors into this State from any point in the United States outside this State and to store such alcoholic liquors in this State; to make wholesale purchases of alcoholic liquors directly from manufacturers, foreign importers, distributors, and importing distributors from within or outside this State; and to store such alcoholic liquors in this State; provided that the above powers may be exercised only in connection with the importation, purchase, or storage of alcoholic liquors to be sold or dispensed on an airplane; and provided further, that airplane licensees exercising the above powers shall be subject to all provisions of Article VIII of this Act as applied to importing distributors. An airplane licensee shall also permit the sale or dispensing of alcoholic liquors on any passenger airplane regularly operated by a common carrier in this State, but shall not permit the sale for resale of any alcoholic liquors to any licensee within this State. A single airplane license shall be required of an airline company if liquor service is provided on board aircraft in this State. The annual fee for

such license shall be as determined in Section 5-3.

(k) A foreign importer's license shall permit such licensee to purchase alcoholic liquor from Illinois licensed non-resident dealers only, and to import alcoholic liquor other than in bulk from any point outside the United States and to sell such alcoholic liquor to Illinois licensed importing distributors and to no one else in Illinois; provided that (i) the foreign importer registers with the State Commission every brand of alcoholic liquor that it proposes to sell to Illinois licensees during the license period, (ii) the foreign importer complies with all of the provisions of Section 6-9 of this Act with respect to registration of such Illinois licensees as may be granted the right to sell such brands at wholesale, and (iii) the foreign importer complies with the provisions of Sections 6-5 and 6-6 of this Act to the same extent that these provisions apply to manufacturers.

(l) (i) A broker's license shall be required of all persons who solicit orders for, offer to sell, or offer to supply alcoholic liquor to retailers in the State of Illinois, or who offer to retailers to ship or cause to be shipped or to make contact with distillers, craft distillers, rectifiers, brewers or manufacturers or any other party within or without the State of Illinois in order that alcoholic liquors be shipped to a distributor, importing distributor, or foreign importer, whether such solicitation or offer is consummated within or without the State of Illinois.

No holder of a retailer's license issued by the Illinois Liquor Control Commission shall purchase or receive any alcoholic liquor, the order for which was solicited or offered for sale to such retailer by a broker unless the broker is the holder of a valid broker's license.

The broker shall, upon the acceptance by a retailer of the broker's solicitation of an order or offer to sell or supply or deliver or have delivered alcoholic liquors, promptly forward to the Illinois Liquor Control Commission a notification of said transaction in such form as the State Commission may by regulations prescribe.

(ii) A broker's license shall be required of a person within this State, other than a retail licensee, who, for a fee or commission, promotes, solicits, or accepts orders for alcoholic liquor, for use or consumption and not for resale, to be shipped from this State and delivered to residents outside of this State by an express company, common carrier, or contract carrier. This Section does not apply to any person who promotes, solicits, or accepts orders for wine as specifically authorized in Section 6-29 of this Act.

A broker's license under this subsection (1) shall not entitle the holder to buy or sell any alcoholic liquors for his own account or to take or deliver title to such alcoholic liquors.

This subsection (1) shall not apply to distributors, employees of distributors, or employees of a manufacturer who

has registered the trademark, brand, or name of the alcoholic liquor pursuant to Section 6-9 of this Act, and who regularly sells such alcoholic liquor in the State of Illinois only to its registrants thereunder.

Any agent, representative, or person subject to registration pursuant to subsection (a-1) of this Section shall not be eligible to receive a broker's license.

(m) A non-resident dealer's license shall permit such licensee to ship into and warehouse alcoholic liquor into this State from any point outside of this State, and to sell such alcoholic liquor to Illinois licensed foreign importers and importing distributors and to no one else in this State; provided that (i) said non-resident dealer shall register with the Illinois Liquor Control Commission each and every brand of alcoholic liquor which it proposes to sell to Illinois licensees during the license period, (ii) it shall comply with all of the provisions of Section 6-9 hereof with respect to registration of such Illinois licensees as may be granted the right to sell such brands at wholesale by duly filing such registration statement, thereby authorizing the non-resident dealer to proceed to sell such brands at wholesale, and (iii) the non-resident dealer shall comply with the provisions of Sections 6-5 and 6-6 of this Act to the same extent that these provisions apply to manufacturers. No person licensed as a non-resident dealer shall be granted a distributor's or importing distributor's license.

(n) A brew pub license shall allow the licensee to only (i) manufacture up to 155,000 gallons of beer per year only on the premises specified in the license, (ii) make sales of the beer manufactured on the premises or, with the approval of the State Commission, beer manufactured on another brew pub licensed premises that is wholly owned and operated by the same licensee to importing distributors, distributors, and non-licensees for use and consumption, (iii) store the beer upon the premises, (iv) sell and offer for sale at retail from the licensed premises for off-premises consumption no more than 155,000 gallons per year so long as such sales are only made in-person, (v) sell and offer for sale at retail for use and consumption on the premises specified in the license any form of alcoholic liquor purchased from a licensed distributor or importing distributor, (vi) with the prior approval of the State Commission, annually transfer no more than 155,000 gallons of beer manufactured on the premises to a licensed brew pub wholly owned and operated by the same licensee, and (vii) notwithstanding item (i) of this subsection, brew pubs wholly owned and operated by the same licensee may combine each location's production limit of 155,000 gallons of beer per year and allocate the aggregate total between the wholly owned, operated, and licensed locations.

A brew pub licensee shall not under any circumstance sell or offer for sale beer manufactured by the brew pub licensee to retail licensees.

A person who holds a class 2 brewer license may simultaneously hold a brew pub license if the class 2 brewer (i) does not, under any circumstance, sell or offer for sale beer manufactured by the class 2 brewer to retail licensees; (ii) does not hold more than 3 brew pub licenses in this State; (iii) does not manufacture more than a combined 3,720,000 gallons of beer per year, including the beer manufactured at the brew pub; and (iv) is not a member of or affiliated with, directly or indirectly, a manufacturer that produces more than 3,720,000 gallons of beer per year or any other alcoholic liquor.

Notwithstanding any other provision of this Act, a licensed brewer, class 2 brewer, or non-resident dealer who before July 1, 2015 manufactured less than 3,720,000 gallons of beer per year and held a brew pub license on or before July 1, 2015 may (i) continue to qualify for and hold that brew pub license for the licensed premises and (ii) manufacture more than 3,720,000 gallons of beer per year and continue to qualify for and hold that brew pub license if that brewer, class 2 brewer, or non-resident dealer does not simultaneously hold a class 1 brewer license and is not a member of or affiliated with, directly or indirectly, a manufacturer that produces more than 3,720,000 gallons of beer per year or that produces any other alcoholic liquor.

A brew pub licensee may apply for a class 3 brewer license and, upon meeting all applicable qualifications of this Act

and relinquishing all commonly owned brew pub or retail licenses, shall be issued a class 3 brewer license. Nothing in this Act shall prohibit the issuance of a class 3 brewer license if the applicant:

(1) has a valid retail license on or before May 1, 2021;

(2) has an ownership interest in at least 2 brew pubs licenses on or before May 1, 2021;

(3) the brew pub licensee applies for a class 3 brewer license on or before October 1, 2022 and relinquishes all commonly owned brew pub licenses; and

(4) relinquishes all commonly owned retail licenses on or before December 31, 2022.

If a brew pub licensee is issued a class 3 brewer license, the class 3 brewer license shall expire on the same date as the existing brew pub license and the State Commission shall not require a class 3 brewer licensee to obtain a brewer license or, in the alternative, to pay a fee for a brewer license, until the date the brew pub license of the applicant would have expired.

(o) A caterer retailer license shall allow the holder to serve alcoholic liquors as an incidental part of a food service that serves prepared meals which excludes the serving of snacks as the primary meal, either on or off-site whether licensed or unlicensed. A caterer retailer license shall allow the holder, a distributor, or an importing distributor to

transfer any inventory to and from the holder's retail premises and shall allow the holder to purchase alcoholic liquor from a distributor or importing distributor to be delivered directly to an off-site event.

Nothing in this Act prohibits a distributor or importing distributor from offering credit or a refund for unused, salable beer to a holder of a caterer retailer license or a caterer retailer licensee from accepting a credit or refund for unused, salable beer, in the event an act of God is the sole reason an off-site event is canceled and if: (i) the holder of a caterer retailer license has not transferred alcoholic liquor from its caterer retailer premises to an off-site location; (ii) the distributor or importing distributor offers the credit or refund for the unused, salable beer that it delivered to the off-site premises and not for any unused, salable beer that the distributor or importing distributor delivered to the caterer retailer's premises; and (iii) the unused, salable beer would likely spoil if transferred to the caterer retailer's premises. A caterer retailer license shall allow the holder to transfer any inventory from any off-site location to its caterer retailer premises at the conclusion of an off-site event or engage a distributor or importing distributor to transfer any inventory from any off-site location to its caterer retailer premises at the conclusion of an off-site event, provided that the distributor or importing distributor issues bona fide

charges to the caterer retailer licensee for fuel, labor, and delivery and the distributor or importing distributor collects payment from the caterer retailer licensee prior to the distributor or importing distributor transferring inventory to the caterer retailer premises.

For purposes of this subsection (o), an "act of God" means an unforeseeable event, such as a rain or snow storm, hail, a flood, or a similar event, that is the sole cause of the cancellation of an off-site, outdoor event.

(p) An auction liquor license shall allow the licensee to sell and offer for sale at auction wine and spirits for use or consumption, or for resale by an Illinois liquor licensee in accordance with provisions of this Act. An auction liquor license will be issued to a person and it will permit the auction liquor licensee to hold the auction anywhere in the State. An auction liquor license must be obtained for each auction at least 14 days in advance of the auction date.

(q) A special use permit license shall allow an Illinois licensed retailer to transfer a portion of its alcoholic liquor inventory from its retail licensed premises to the premises specified in the license hereby created; to purchase alcoholic liquor from a distributor or importing distributor to be delivered directly to the location specified in the license hereby created; and to sell or offer for sale at retail, only in the premises specified in the license hereby created, the transferred or delivered alcoholic liquor for use

or consumption, but not for resale in any form. A special use permit license may be granted for the following time periods: one day or less; 2 or more days to a maximum of 15 days per location in any 12-month period. An applicant for the special use permit license must also submit with the application proof satisfactory to the State Commission that the applicant will provide dram shop liability insurance to the maximum limits and have local authority approval.

A special use permit license shall allow the holder to transfer any inventory from the holder's special use premises to its retail premises at the conclusion of the special use event or engage a distributor or importing distributor to transfer any inventory from the holder's special use premises to its retail premises at the conclusion of an off-site event, provided that the distributor or importing distributor issues bona fide charges to the special use permit licensee for fuel, labor, and delivery and the distributor or importing distributor collects payment from the retail licensee prior to the distributor or importing distributor transferring inventory to the retail premises.

Nothing in this Act prohibits a distributor or importing distributor from offering credit or a refund for unused, salable beer to a special use permit licensee or a special use permit licensee from accepting a credit or refund for unused, salable beer at the conclusion of the event specified in the license if: (i) the holder of the special use permit license

has not transferred alcoholic liquor from its retail licensed premises to the premises specified in the special use permit license; (ii) the distributor or importing distributor offers the credit or refund for the unused, salable beer that it delivered to the premises specified in the special use permit license and not for any unused, salable beer that the distributor or importing distributor delivered to the retailer's premises; and (iii) the unused, salable beer would likely spoil if transferred to the retailer premises.

(r) A winery shipper's license shall allow a person with a first-class or second-class wine manufacturer's license, a first-class or second-class wine-maker's license, or a limited wine manufacturer's license or who is licensed to make wine under the laws of another state to ship wine made by that licensee directly to a resident of this State who is 21 years of age or older for that resident's personal use and not for resale. Prior to receiving a winery shipper's license, an applicant for the license must provide the State Commission with a true copy of its current license in any state in which it is licensed as a manufacturer of wine. An applicant for a winery shipper's license must also complete an application form that provides any other information the State Commission deems necessary. The application form shall include all addresses from which the applicant for a winery shipper's license intends to ship wine, including the name and address of any third party, except for a common carrier, authorized to

ship wine on behalf of the manufacturer. The application form shall include an acknowledgment consenting to the jurisdiction of the State Commission, the Illinois Department of Revenue, and the courts of this State concerning the enforcement of this Act and any related laws, rules, and regulations, including authorizing the Department of Revenue and the State Commission to conduct audits for the purpose of ensuring compliance with Public Act 95-634, and an acknowledgment that the wine manufacturer is in compliance with Section 6-2 of this Act. Any third party, except for a common carrier, authorized to ship wine on behalf of a first-class or second-class wine manufacturer's licensee, a first-class or second-class wine-maker's licensee, a limited wine manufacturer's licensee, or a person who is licensed to make wine under the laws of another state shall also be disclosed by the winery shipper's licensee, and a copy of the written appointment of the third-party wine provider, except for a common carrier, to the wine manufacturer shall be filed with the State Commission as a supplement to the winery shipper's license application or any renewal thereof. The winery shipper's license holder shall affirm under penalty of perjury, as part of the winery shipper's license application or renewal, that he or she only ships wine, either directly or indirectly through a third-party provider, from the licensee's own production.

Except for a common carrier, a third-party provider

shipping wine on behalf of a winery shipper's license holder is the agent of the winery shipper's license holder and, as such, a winery shipper's license holder is responsible for the acts and omissions of the third-party provider acting on behalf of the license holder. A third-party provider, except for a common carrier, that engages in shipping wine into Illinois on behalf of a winery shipper's license holder shall consent to the jurisdiction of the State Commission and the State. Any third-party, except for a common carrier, holding such an appointment shall, by February 1 of each calendar year and upon request by the State Commission or the Department of Revenue, file with the State Commission a statement detailing each shipment made to an Illinois resident. The statement shall include the name and address of the third-party provider filing the statement, the time period covered by the statement, and the following information:

- (1) the name, address, and license number of the winery shipper on whose behalf the shipment was made;
- (2) the quantity of the products delivered; and
- (3) the date and address of the shipment.

If the Department of Revenue or the State Commission requests a statement under this paragraph, the third-party provider must provide that statement no later than 30 days after the request is made. Any books, records, supporting papers, and documents containing information and data relating to a statement under this paragraph shall be kept and preserved for

a period of 3 years, unless their destruction sooner is authorized, in writing, by the Director of Revenue, and shall be open and available to inspection by the Director of Revenue or the State Commission or any duly authorized officer, agent, or employee of the State Commission or the Department of Revenue, at all times during business hours of the day. Any person who violates any provision of this paragraph or any rule of the State Commission for the administration and enforcement of the provisions of this paragraph is guilty of a Class C misdemeanor. In case of a continuing violation, each day's continuance thereof shall be a separate and distinct offense.

The State Commission shall adopt rules as soon as practicable to implement the requirements of Public Act 99-904 and shall adopt rules prohibiting any such third-party appointment of a third-party provider, except for a common carrier, that has been deemed by the State Commission to have violated the provisions of this Act with regard to any winery shipper licensee.

A winery shipper licensee must pay to the Department of Revenue the State liquor gallonage tax under Section 8-1 for all wine that is sold by the licensee and shipped to a person in this State. For the purposes of Section 8-1, a winery shipper licensee shall be taxed in the same manner as a manufacturer of wine. A licensee who is not otherwise required to register under the Retailers' Occupation Tax Act must

register under the Use Tax Act to collect and remit use tax to the Department of Revenue for all gallons of wine that are sold by the licensee and shipped to persons in this State. If a licensee fails to remit the tax imposed under this Act in accordance with the provisions of Article VIII of this Act, the winery shipper's license shall be revoked in accordance with the provisions of Article VII of this Act. If a licensee fails to properly register and remit tax under the Use Tax Act or the Retailers' Occupation Tax Act for all wine that is sold by the winery shipper and shipped to persons in this State, the winery shipper's license shall be revoked in accordance with the provisions of Article VII of this Act.

A winery shipper licensee must collect, maintain, and submit to the State Commission on a semi-annual basis the total number of cases per resident of wine shipped to residents of this State. A winery shipper licensed under this subsection (r) must comply with the requirements of Section 6-29 of this Act.

Pursuant to paragraph (5.1) or (5.3) of subsection (a) of Section 3-12, the State Commission may receive, respond to, and investigate any complaint and impose any of the remedies specified in paragraph (1) of subsection (a) of Section 3-12.

As used in this subsection, "third-party provider" means any entity that provides fulfillment house services, including warehousing, packaging, distribution, order processing, or shipment of wine, but not the sale of wine, on behalf of a

licensed winery shipper.

(s) A craft distiller tasting permit license shall allow an Illinois licensed class 1 craft distiller or class 2 craft distiller to transfer a portion of its alcoholic liquor inventory from its class 1 craft distiller or class 2 craft distiller licensed premises to the premises specified in the license hereby created and to conduct a sampling, only in the premises specified in the license hereby created, of the transferred alcoholic liquor in accordance with subsection (c) of Section 6-31 of this Act. The transferred alcoholic liquor may not be sold or resold in any form. An applicant for the craft distiller tasting permit license must also submit with the application proof satisfactory to the State Commission that the applicant will provide dram shop liability insurance to the maximum limits and have local authority approval.

(t) A brewer warehouse permit may be issued to the holder of a class 1 brewer license or a class 2 brewer license. If the holder of the permit is a class 1 brewer licensee, the brewer warehouse permit shall allow the holder to store or warehouse up to 930,000 gallons of tax-determined beer manufactured by the holder of the permit at the premises specified on the permit. If the holder of the permit is a class 2 brewer licensee, the brewer warehouse permit shall allow the holder to store or warehouse up to 3,720,000 gallons of tax-determined beer manufactured by the holder of the permit at the premises specified on the permit. Sales to

non-licensees are prohibited at the premises specified in the brewer warehouse permit.

(u) A distilling pub license shall allow the licensee to only (i) manufacture up to 5,000 gallons of spirits per year only on the premises specified in the license, (ii) make sales of the spirits manufactured on the premises or, with the approval of the State Commission, spirits manufactured on another distilling pub licensed premises that is wholly owned and operated by the same licensee to importing distributors and distributors and to non-licensees for use and consumption, (iii) store the spirits upon the premises, (iv) sell and offer for sale at retail from the licensed premises for off-premises consumption no more than 5,000 gallons per year so long as such sales are only made in-person, (v) sell and offer for sale at retail for use and consumption on the premises specified in the license any form of alcoholic liquor purchased from a licensed distributor or importing distributor, and (vi) with the prior approval of the State Commission, annually transfer no more than 5,000 gallons of spirits manufactured on the premises to a licensed distilling pub wholly owned and operated by the same licensee.

A distilling pub licensee shall not under any circumstance sell or offer for sale spirits manufactured by the distilling pub licensee to retail licensees.

A person who holds a class 2 craft distiller license may simultaneously hold a distilling pub license if the class 2

craft distiller (i) does not, under any circumstance, sell or offer for sale spirits manufactured by the class 2 craft distiller to retail licensees; (ii) does not hold more than 3 distilling pub licenses in this State; (iii) does not manufacture more than a combined 100,000 gallons of spirits per year, including the spirits manufactured at the distilling pub; and (iv) is not a member of or affiliated with, directly or indirectly, a manufacturer that produces more than 100,000 gallons of spirits per year or any other alcoholic liquor.

(v) A craft distiller warehouse permit may be issued to the holder of a class 1 craft distiller or class 2 craft distiller license. The craft distiller warehouse permit shall allow the holder to store or warehouse up to 500,000 gallons of spirits manufactured by the holder of the permit at the premises specified on the permit. Sales to non-licensees are prohibited at the premises specified in the craft distiller warehouse permit.

(w) A beer showcase permit license shall allow an Illinois-licensed distributor to transfer a portion of its beer inventory from its licensed premises to the premises specified in the beer showcase permit license, and, in the case of a class 3 brewer, transfer only beer the class 3 brewer manufactures from its licensed premises to the premises specified in the beer showcase permit license; and to sell or offer for sale at retail, only in the premises specified in the beer showcase permit license, the transferred or delivered

beer for on or off premise consumption, but not for resale in any form and to sell to non-licensees not more than 96 fluid ounces of beer per person. A beer showcase permit license may be granted for the following time periods: one day or less; or 2 or more days to a maximum of 15 days per location in any 12-month period. An applicant for a beer showcase permit license must also submit with the application proof satisfactory to the State Commission that the applicant will provide dram shop liability insurance to the maximum limits and have local authority approval. The State Commission shall require the beer showcase applicant to comply with Section 6-27.1.

No person licensed as a non-resident dealer shall be granted a distributor's or importing distributor's license.

(n) A brew pub license shall allow the licensee to only (i) manufacture up to 155,000 gallons of beer per year only on the premises specified in the license, (ii) make sales of the beer manufactured on the premises or, with the approval of the State Commission, beer manufactured on another brew pub licensed premises that is wholly owned and operated by the same licensee to importing distributors, distributors, and non-licensees for use and consumption, (iii) store the beer upon the premises, (iv) sell and offer for sale at retail from the licensed premises for off-premises consumption no more than 155,000 gallons per year so long as such sales are only made in-person, (v) sell and offer for sale at retail for use and consumption on the premises specified in the license any form of alcoholic liquor purchased from a licensed distributor or importing distributor, (vi) with the prior approval of the State Commission, annually transfer no more than 155,000 gallons of beer manufactured on the premises to a licensed brew pub wholly owned and operated by the same licensee, and (vii) notwithstanding item (i) of this subsection, brew pubs

wholly owned and operated by the same licensee may combine each location's production limit of 155,000 gallons of beer per year and allocate the aggregate total between the wholly owned, operated, and licensed locations.

A brew pub licensee shall not under any circumstance sell or offer for sale beer manufactured by the brew pub licensee to retail licensees.

A person who holds a class 2 brewer license may simultaneously hold a brew pub license if the class 2 brewer (i) does not, under any circumstance, sell or offer for sale beer manufactured by the class 2 brewer to retail licensees; (ii) does not hold more than 3 brew pub licenses in this State; (iii) does not manufacture more than a combined 3,720,000 gallons of beer per year, including the beer manufactured at the brew pub; and (iv) is not a member of or affiliated with, directly or indirectly, a manufacturer that produces more than 3,720,000 gallons of beer per year or any other alcoholic liquor.

Notwithstanding any other provision of this Act, a licensed brewer, class 2 brewer, or non-resident dealer who before July 1, 2015 manufactured less than 3,720,000 gallons of beer per year and held a brew pub license on or before July 1, 2015 may (i) continue to qualify for and hold that brew pub license for the licensed premises and (ii) manufacture more than 3,720,000 gallons of beer per year and continue to qualify for and hold that brew pub license if that brewer,

class 2 brewer, or non-resident dealer does not simultaneously hold a class 1 brewer license and is not a member of or affiliated with, directly or indirectly, a manufacturer that produces more than 3,720,000 gallons of beer per year or that produces any other alcoholic liquor.

A brew pub licensee may apply for a class 3 brewer license and, upon meeting all applicable qualifications of this Act and relinquishing all commonly owned brew pub or retail licenses, shall be issued a class 3 brewer license. Nothing in this Act shall prohibit the issuance of a class 3 brewer license if the applicant:

(1) has a valid retail license on or before May 1, 2021;

(2) has an ownership interest in at least 2 brew pubs licenses on or before May 1, 2021;

(3) the brew pub licensee applies for a class 3 brewer license on or before October 1, 2022 and relinquishes all commonly owned brew pub licenses; and

(4) relinquishes all commonly owned retail licenses on or before December 31, 2022.

If a brew pub licensee is issued a class 3 brewer license, the class 3 brewer license shall expire on the same date as the existing brew pub license and the State Commission shall not require a class 3 brewer licensee to obtain a brewer license or, in the alternative, to pay a fee for a brewer license, until the date the brew pub license of the applicant would have

expired.

(o) A caterer retailer license shall allow the holder to serve alcoholic liquors as an incidental part of a food service that serves prepared meals which excludes the serving of snacks as the primary meal, either on or off-site whether licensed or unlicensed. A caterer retailer license shall allow the holder, a distributor, or an importing distributor to transfer any inventory to and from the holder's retail premises and shall allow the holder to purchase alcoholic liquor from a distributor or importing distributor to be delivered directly to an off-site event.

Nothing in this Act prohibits a distributor or importing distributor from offering credit or a refund for unused, salable beer to a holder of a caterer retailer license or a caterer retailer licensee from accepting a credit or refund for unused, salable beer, in the event an act of God is the sole reason an off-site event is canceled and if: (i) the holder of a caterer retailer license has not transferred alcoholic liquor from its caterer retailer premises to an off-site location; (ii) the distributor or importing distributor offers the credit or refund for the unused, salable beer that it delivered to the off-site premises and not for any unused, salable beer that the distributor or importing distributor delivered to the caterer retailer's premises; and (iii) the unused, salable beer would likely spoil if transferred to the caterer retailer's premises. A

caterer retailer license shall allow the holder to transfer any inventory from any off-site location to its caterer retailer premises at the conclusion of an off-site event or engage a distributor or importing distributor to transfer any inventory from any off-site location to its caterer retailer premises at the conclusion of an off-site event, provided that the distributor or importing distributor issues bona fide charges to the caterer retailer licensee for fuel, labor, and delivery and the distributor or importing distributor collects payment from the caterer retailer licensee prior to the distributor or importing distributor transferring inventory to the caterer retailer premises.

For purposes of this subsection (o), an "act of God" means an unforeseeable event, such as a rain or snow storm, hail, a flood, or a similar event, that is the sole cause of the cancellation of an off-site, outdoor event.

(p) An auction liquor license shall allow the licensee to sell and offer for sale at auction wine and spirits for use or consumption, or for resale by an Illinois liquor licensee in accordance with provisions of this Act. An auction liquor license will be issued to a person and it will permit the auction liquor licensee to hold the auction anywhere in the State. An auction liquor license must be obtained for each auction at least 14 days in advance of the auction date.

(q) A special use permit license shall allow an Illinois licensed retailer to transfer a portion of its alcoholic

liquor inventory from its retail licensed premises to the premises specified in the license hereby created; to purchase alcoholic liquor from a distributor or importing distributor to be delivered directly to the location specified in the license hereby created; and to sell or offer for sale at retail for consumption on or off the premises specified in the license, only in the premises specified in the license hereby created, the transferred or delivered alcoholic liquor for use or consumption, but not for resale in any form. A special use permit license may be granted for the following time periods: one day or less; 2 or more days to a maximum of 15 days per location in any 12-month period. An applicant for the special use permit license must also submit with the application proof satisfactory to the State Commission that the applicant will provide dram shop liability insurance to the maximum limits and have local authority approval.

A special use permit license shall allow the holder to transfer any inventory from the holder's special use premises to its retail premises at the conclusion of the special use event or engage a distributor or importing distributor to transfer any inventory from the holder's special use premises to its retail premises at the conclusion of an off-site event, provided that the distributor or importing distributor issues bona fide charges to the special use permit licensee for fuel, labor, and delivery and the distributor or importing distributor collects payment from the retail licensee prior to

the distributor or importing distributor transferring inventory to the retail premises.

Nothing in this Act prohibits a distributor or importing distributor from offering credit or a refund for unused, salable beer to a special use permit licensee or a special use permit licensee from accepting a credit or refund for unused, salable beer at the conclusion of the event specified in the license if: (i) the holder of the special use permit license has not transferred alcoholic liquor from its retail licensed premises to the premises specified in the special use permit license; (ii) the distributor or importing distributor offers the credit or refund for the unused, salable beer that it delivered to the premises specified in the special use permit license and not for any unused, salable beer that the distributor or importing distributor delivered to the retailer's premises; and (iii) the unused, salable beer would likely spoil if transferred to the retailer premises.

(r) A winery shipper's license shall allow a person with a first-class or second-class wine manufacturer's license, a first-class or second-class wine-maker's license, or a limited wine manufacturer's license or who is licensed to make wine under the laws of another state to ship wine made by that licensee directly to a resident of this State who is 21 years of age or older for that resident's personal use and not for resale. Prior to receiving a winery shipper's license, an applicant for the license must provide the State Commission

with a true copy of its current license in any state in which it is licensed as a manufacturer of wine. An applicant for a winery shipper's license must also complete an application form that provides any other information the State Commission deems necessary. The application form shall include all addresses from which the applicant for a winery shipper's license intends to ship wine, including the name and address of any third party, except for a common carrier, authorized to ship wine on behalf of the manufacturer. The application form shall include an acknowledgment consenting to the jurisdiction of the State Commission, the Illinois Department of Revenue, and the courts of this State concerning the enforcement of this Act and any related laws, rules, and regulations, including authorizing the Department of Revenue and the State Commission to conduct audits for the purpose of ensuring compliance with Public Act 95-634, and an acknowledgment that the wine manufacturer is in compliance with Section 6-2 of this Act. Any third party, except for a common carrier, authorized to ship wine on behalf of a first-class or second-class wine manufacturer's licensee, a first-class or second-class wine-maker's licensee, a limited wine manufacturer's licensee, or a person who is licensed to make wine under the laws of another state shall also be disclosed by the winery shipper's licensee, and a copy of the written appointment of the third-party wine provider, except for a common carrier, to the wine manufacturer shall be filed with

the State Commission as a supplement to the winery shipper's license application or any renewal thereof. The winery shipper's license holder shall affirm under penalty of perjury, as part of the winery shipper's license application or renewal, that he or she only ships wine, either directly or indirectly through a third-party provider, from the licensee's own production.

Except for a common carrier, a third-party provider shipping wine on behalf of a winery shipper's license holder is the agent of the winery shipper's license holder and, as such, a winery shipper's license holder is responsible for the acts and omissions of the third-party provider acting on behalf of the license holder. A third-party provider, except for a common carrier, that engages in shipping wine into Illinois on behalf of a winery shipper's license holder shall consent to the jurisdiction of the State Commission and the State. Any third-party, except for a common carrier, holding such an appointment shall, by February 1 of each calendar year and upon request by the State Commission or the Department of Revenue, file with the State Commission a statement detailing each shipment made to an Illinois resident. The statement shall include the name and address of the third-party provider filing the statement, the time period covered by the statement, and the following information:

- (1) the name, address, and license number of the winery shipper on whose behalf the shipment was made;

- (2) the quantity of the products delivered; and
- (3) the date and address of the shipment.

If the Department of Revenue or the State Commission requests a statement under this paragraph, the third-party provider must provide that statement no later than 30 days after the request is made. Any books, records, supporting papers, and documents containing information and data relating to a statement under this paragraph shall be kept and preserved for a period of 3 years, unless their destruction sooner is authorized, in writing, by the Director of Revenue, and shall be open and available to inspection by the Director of Revenue or the State Commission or any duly authorized officer, agent, or employee of the State Commission or the Department of Revenue, at all times during business hours of the day. Any person who violates any provision of this paragraph or any rule of the State Commission for the administration and enforcement of the provisions of this paragraph is guilty of a Class C misdemeanor. In case of a continuing violation, each day's continuance thereof shall be a separate and distinct offense.

The State Commission shall adopt rules as soon as practicable to implement the requirements of Public Act 99-904 and shall adopt rules prohibiting any such third-party appointment of a third-party provider, except for a common carrier, that has been deemed by the State Commission to have violated the provisions of this Act with regard to any winery

shipper licensee.

A winery shipper licensee must pay to the Department of Revenue the State liquor gallonage tax under Section 8-1 for all wine that is sold by the licensee and shipped to a person in this State. For the purposes of Section 8-1, a winery shipper licensee shall be taxed in the same manner as a manufacturer of wine. A licensee who is not otherwise required to register under the Retailers' Occupation Tax Act must register under the Use Tax Act to collect and remit use tax to the Department of Revenue for all gallons of wine that are sold by the licensee and shipped to persons in this State. If a licensee fails to remit the tax imposed under this Act in accordance with the provisions of Article VIII of this Act, the winery shipper's license shall be revoked in accordance with the provisions of Article VII of this Act. If a licensee fails to properly register and remit tax under the Use Tax Act or the Retailers' Occupation Tax Act for all wine that is sold by the winery shipper and shipped to persons in this State, the winery shipper's license shall be revoked in accordance with the provisions of Article VII of this Act.

A winery shipper licensee must collect, maintain, and submit to the State Commission on a semi-annual basis the total number of cases per resident of wine shipped to residents of this State. A winery shipper licensed under this subsection (r) must comply with the requirements of Section 6-29 of this Act.

Pursuant to paragraph (5.1) or (5.3) of subsection (a) of Section 3-12, the State Commission may receive, respond to, and investigate any complaint and impose any of the remedies specified in paragraph (1) of subsection (a) of Section 3-12.

(s) A craft distiller tasting permit license shall allow an Illinois licensed class 1 craft distiller or class 2 craft distiller to transfer a portion of its alcoholic liquor inventory from its class 1 craft distiller or class 2 craft distiller licensed premises to the premises specified in the license hereby created and to conduct a sampling, only in the premises specified in the license hereby created, of the transferred alcoholic liquor in accordance with subsection (c) of Section 6-31 of this Act. The transferred alcoholic liquor may not be sold or resold in any form. An applicant for the craft distiller tasting permit license must also submit with the application proof satisfactory to the State Commission that the applicant will provide dram shop liability insurance to the maximum limits and have local authority approval.

warehouse permit shall allow the holder to store or warehouse up to 930,000 gallons of tax-determined beer manufactured by the holder of the permit at the premises specified on the permit. If the holder of the permit is a class 2 brewer licensee, the brewer warehouse permit shall allow the holder to store or warehouse up to 3,720,000 gallons of tax-determined beer manufactured by the holder of the permit at the premises specified on the permit. no more than 5,000 gallons of spirits manufactured on the premises to a licensed distilling pub wholly owned and operated by the same licensee.

A distilling pub licensee shall not under any circumstance sell or offer for sale spirits manufactured by the distilling pub licensee to retail licensees.

A person who holds a class 2 craft distiller license may simultaneously hold a distilling pub license if the class 2 craft distiller (i) does not, under any circumstance, sell or offer for sale spirits manufactured by the class 2 craft distiller to retail licensees; (ii) does not hold more than 3 distilling pub licenses in this State; (iii) does not manufacture more than a combined 100,000 gallons of spirits per year, including the spirits manufactured at the distilling pub; and (iv) is not a member of or affiliated with, directly or indirectly, a manufacturer that produces more than 100,000 gallons of spirits per year or any other alcoholic liquor.

Sec. 5-5.01a. Supportive living facilities program.

(a) The Department shall establish and provide oversight for a program of supportive living facilities that seek to promote resident independence, dignity, respect, and well-being in the most cost-effective manner.

A supportive living facility is (i) a free-standing facility or (ii) a distinct physical and operational entity within a mixed-use building that meets the criteria established in subsection (d). A supportive living facility integrates housing with health, personal care, and supportive services and is a designated setting that offers residents their own separate, private, and distinct living units.

Sites for the operation of the program shall be selected by the Department based upon criteria that may include the need for services in a geographic area, the availability of funding, and the site's ability to meet the standards.

(b) Beginning July 1, 2014, subject to federal approval, the Medicaid rates for supportive living facilities shall be equal to the supportive living facility Medicaid rate effective on June 30, 2014 increased by 8.85%. Once the assessment imposed at Article V-G of this Code is determined to be a permissible tax under Title XIX of the Social Security Act, the Department shall increase the Medicaid rates for supportive living facilities effective on July 1, 2014 by 9.09%. The Department shall apply this increase retroactively to coincide with the imposition of the assessment in Article V-G of this Code in accordance with the approval for federal

financial participation by the Centers for Medicare and Medicaid Services.

The Medicaid rates for supportive living facilities effective on July 1, 2017 must be equal to the rates in effect for supportive living facilities on June 30, 2017 increased by 2.8%.

The Medicaid rates for supportive living facilities effective on July 1, 2018 must be equal to the rates in effect for supportive living facilities on June 30, 2018.

Subject to federal approval, the Medicaid rates for supportive living services on and after July 1, 2019 must be at least 54.3% of the average total nursing facility services per diem for the geographic areas defined by the Department while maintaining the rate differential for dementia care and must be updated whenever the total nursing facility service per diems are updated. Beginning July 1, 2022, upon the implementation of the Patient Driven Payment Model, Medicaid rates for supportive living services must be at least 54.3% of the average total nursing services per diem rate for the geographic areas. For purposes of this provision, the average total nursing services per diem rate shall include all add-ons for nursing facilities for the geographic area provided for in Section 5-5.2. The rate differential for dementia care must be maintained in these rates and the rates shall be updated whenever nursing facility per diem rates are updated.

Subject to federal approval, beginning January 1, 2024,

the dementia care rate for supportive living services must be no less than the non-dementia care supportive living services rate multiplied by 1.5.

(b-5) Subject to federal approval, beginning January 1, 2025, Medicaid rates for supportive living services must be at least 54.75% of the average total nursing facility per diem rate for the geographic areas defined by the Department and shall include all add-ons for nursing facilities for the geographic area provided for in Section 5-5.2.

(c) The Department may adopt rules to implement this Section. Rules that establish or modify the services, standards, and conditions for participation in the program shall be adopted by the Department in consultation with the Department on Aging, the Department of Rehabilitation Services, and the Department of Mental Health and Developmental Disabilities (or their successor agencies).

(d) Subject to federal approval by the Centers for Medicare and Medicaid Services, the Department shall accept for consideration of certification under the program any application for a site or building where distinct parts of the site or building are designated for purposes other than the provision of supportive living services, but only if:

(1) those distinct parts of the site or building are not designated for the purpose of providing assisted living services as required under the Assisted Living and Shared Housing Act;

(2) those distinct parts of the site or building are completely separate from the part of the building used for the provision of supportive living program services, including separate entrances;

(3) those distinct parts of the site or building do not share any common spaces with the part of the building used for the provision of supportive living program services; and

(4) those distinct parts of the site or building do not share staffing with the part of the building used for the provision of supportive living program services.

(e) Facilities or distinct parts of facilities which are selected as supportive living facilities and are in good standing with the Department's rules are exempt from the provisions of the Nursing Home Care Act and the Illinois Health Facilities Planning Act.

(f) Section 9817 of the American Rescue Plan Act of 2021 (Public Law 117-2) authorizes a 10% enhanced federal medical assistance percentage for supportive living services for a 12-month period from April 1, 2021 through March 31, 2022. Subject to federal approval, including the approval of any necessary waiver amendments or other federally required documents or assurances, for a 12-month period the Department must pay a supplemental \$26 per diem rate to all supportive living facilities with the additional federal financial participation funds that result from the enhanced federal

medical assistance percentage from April 1, 2021 through March 31, 2022. The Department may issue parameters around how the supplemental payment should be spent, including quality improvement activities. The Department may alter the form, methods, or timeframes concerning the supplemental per diem rate to comply with any subsequent changes to federal law, changes made by guidance issued by the federal Centers for Medicare and Medicaid Services, or other changes necessary to receive the enhanced federal medical assistance percentage.

(g) All applications for the expansion of supportive living dementia care settings involving sites not approved by the Department by January 1, 2024 may allow new elderly non-dementia units in addition to new dementia care units. The Department may approve such applications only if the application has: (1) no more than one non-dementia care unit for each dementia care unit and (2) the site is not located within 4 miles of an existing supportive living program site in Cook County (including the City of Chicago), not located within 12 miles of an existing supportive living program site in Alexander, Bond, Boone, Calhoun, Champaign, Clinton, DeKalb, DuPage, Fulton, Grundy, Henry, Jackson, Jersey, Johnson, Kane, Kankakee, Kendall, Lake, Macon, Macoupin, Madison, Marshall, McHenry, McLean, Menard, Mercer, Monroe, Peoria, Piatt, Rock Island, Sangamon, Stark, St. Clair, Tazewell, Vermilion, Will, Williamson, Winnebago, or Woodford counties, or not located within 25 miles of an existing

supportive living program site in any other county.

(h) Beginning January 1, 2025, subject to federal approval, for a person who is a resident of a supportive living facility under this Section, the monthly personal needs allowance shall be \$120 per month.

(i) As stated in the supportive living program home and community-based service waiver approved by the federal Centers for Medicare and Medicaid Services, and beginning July 1, 2025, the Department must maintain the rate add-on implemented on January 1, 2023 for the provision of 2 meals per day at no less than \$6.15 per day.

(j) Subject to federal approval, the Department shall allow a certified medication aide to administer medication in a supportive living facility. For purposes of this subsection, "certified medication aide" means a person who has met the qualifications for certification under Section 79 of the Assisted Living and Shared Housing Act and assists with medication administration while under the supervision of a registered professional nurse as authorized by Section 50-75 of the Nurse Practice Act. The Department may adopt rules to implement this subsection.

(305 ILCS 5/5A-2) (from Ch. 23, par. 5A-2)

Sec. 5A-2. Assessment.

(a)(1) Subject to Sections 5A-3 and 5A-10, for State fiscal years 2009 through 2018, or as long as continued under Section 5A-16, an annual assessment on inpatient services is imposed on each hospital provider in an amount equal to \$218.38 multiplied by the difference of the hospital's occupied bed days less the hospital's Medicare bed days, provided, however, that the amount of \$218.38 shall be increased by a uniform percentage to generate an amount equal to 75% of the State share of the payments authorized under Section 5A-12.5, with such increase only taking effect upon the date that a State share for such payments is required under federal law. For the period of April through June 2015, the amount of \$218.38 used to calculate the assessment under this paragraph shall, by emergency rule under subsection (s) of

Section 5-45 of the Illinois Administrative Procedure Act, be increased by a uniform percentage to generate \$20,250,000 in the aggregate for that period from all hospitals subject to the annual assessment under this paragraph.

(2) In addition to any other assessments imposed under this Article, effective July 1, 2016 and semi-annually thereafter through June 2018, or as provided in Section 5A-16, in addition to any federally required State share as authorized under paragraph (1), the amount of \$218.38 shall be increased by a uniform percentage to generate an amount equal to 75% of the ACA Assessment Adjustment, as defined in subsection (b-6) of this Section.

For State fiscal years 2009 through 2018, or as provided in Section 5A-16, a hospital's occupied bed days and Medicare bed days shall be determined using the most recent data available from each hospital's 2005 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on December 31, 2006, without regard to any subsequent adjustments or changes to such data. If a hospital's 2005 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Illinois Department may obtain the hospital provider's occupied bed days and Medicare bed days from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Illinois Department or

its duly authorized agents and employees.

(3) Subject to Sections 5A-3, 5A-10, and 5A-16, for State fiscal years 2019 and 2020, an annual assessment on inpatient services is imposed on each hospital provider in an amount equal to \$197.19 multiplied by the difference of the hospital's occupied bed days less the hospital's Medicare bed days. For State fiscal years 2019 and 2020, a hospital's occupied bed days and Medicare bed days shall be determined using the most recent data available from each hospital's 2015 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on March 31, 2017, without regard to any subsequent adjustments or changes to such data. If a hospital's 2015 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Illinois Department may obtain the hospital provider's occupied bed days and Medicare bed days from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Illinois Department or its duly authorized agents and employees. Notwithstanding any other provision in this Article, for a hospital provider that did not have a 2015 Medicare cost report, but paid an assessment in State fiscal year 2018 on the basis of hypothetical data, that assessment amount shall be used for State fiscal years 2019 and 2020.

(4) Subject to Sections 5A-3 and 5A-10 and to subsection

(b-8), for the period of July 1, 2020 through December 31, 2020 and calendar years 2021 through 2024, an annual assessment on inpatient services is imposed on each hospital provider in an amount equal to \$221.50 multiplied by the difference of the hospital's occupied bed days less the hospital's Medicare bed days, provided however: for the period of July 1, 2020 through December 31, 2020, (i) the assessment shall be equal to 50% of the annual amount; and (ii) the amount of \$221.50 shall be retroactively adjusted by a uniform percentage to generate an amount equal to 50% of the Assessment Adjustment, as defined in subsection (b-7). For the period of July 1, 2020 through December 31, 2020 and calendar years 2021 through 2024, a hospital's occupied bed days and Medicare bed days shall be determined using the most recent data available from each hospital's 2015 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on March 31, 2017, without regard to any subsequent adjustments or changes to such data. If a hospital's 2015 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Illinois Department may obtain the hospital provider's occupied bed days and Medicare bed days from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Illinois Department or its duly authorized agents and employees. Should the change in the

assessment methodology for fiscal years 2021 through December 31, 2022 not be approved on or before June 30, 2020, the assessment and payments under this Article in effect for fiscal year 2020 shall remain in place until the new assessment is approved. If the assessment methodology for July 1, 2020 through December 31, 2022, is approved on or after July 1, 2020, it shall be retroactive to July 1, 2020, subject to federal approval and provided that the payments authorized under Section 5A-12.7 have the same effective date as the new assessment methodology. In giving retroactive effect to the assessment approved after June 30, 2020, credit toward the new assessment shall be given for any payments of the previous assessment for periods after June 30, 2020. Notwithstanding any other provision of this Article, for a hospital provider that did not have a 2015 Medicare cost report, but paid an assessment in State Fiscal Year 2020 on the basis of hypothetical data, the data that was the basis for the 2020 assessment shall be used to calculate the assessment under this paragraph until December 31, 2023. Beginning July 1, 2022 and through December 31, 2024, a safety-net hospital that had a change of ownership in calendar year 2021, and whose inpatient utilization had decreased by 90% from the prior year and prior to the change of ownership, may be eligible to pay a tax based on hypothetical data based on a determination of financial distress by the Department. Subject to federal approval, the Department may, by January 1, 2024, develop a

hypothetical tax for a specialty cancer hospital which had a structural change of ownership during calendar year 2022 from a for-profit entity to a non-profit entity, and which has experienced a decline of 60% or greater in inpatient days of care as compared to the prior owners 2015 Medicare cost report. This change of ownership may make the hospital eligible for a hypothetical tax under the new hospital provision of the assessment defined in this Section. This new hypothetical tax may be applicable from January 1, 2024 through December 31, 2026.

(5) Subject to Sections 5A-3 and 5A-10, beginning January 1, 2025, an annual assessment on inpatient services is imposed on each hospital provider in an amount equal to \$362, or any reduction thereof in accordance with this subsection, multiplied by the difference of the hospital's occupied bed days less the hospital's Medicare bed days; however, the rate shall be \$221.50 until the Department receives federal approval and implements the reimbursement rates in subsection (r) of Section 5A-12.7. The Department may bill for the difference between the assessment rate of \$362, or any reduction thereof in accordance with this subsection, and \$221.50 no earlier than 17 calendar days after implementing the reimbursement rates in subsection (r) of Section 5A-12.7.

(A) Upon receiving federal approval for the reimbursement rates in subsection (r) of Section 5A-12.7, the Department shall bill the hospital for the incremental

difference in total tax due resulting from the increase provided in this subsection for the number of months from January 1, 2025 through the date of federal approval. The amount shall be due and payable no later than December 31, 2025 and no earlier than 17 calendar days after implementing the reimbursement rates in subsection (r) of Section 5A-12.7. The Department shall bill hospitals in the same proportional rate as the Department has implemented the inpatient reimbursement rates in subsection (r) of Section 5A-12.7.

(B) Beginning January 1, 2025, a hospital's occupied bed days and Medicare bed days shall be determined using the most recent data available from each hospital's 2015 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on March 31, 2017, without regard to any subsequent adjustments or changes to such data. If a hospital's 2015 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Department may obtain the hospital provider's occupied bed days and Medicare bed days from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Department or its duly authorized agents and employees. If the reimbursement rates in subsection (r) of Section 5A-12.7 require

reduction to comply with federal spending limits, then the tax rate of \$362 shall be reduced, in accordance with subsection (s) of Section 5A-12.7, by the same percentage reduction to payments required to comply with federal spending limits.

(6) For calendar year 2026, and for each year thereafter in which a tax is imposed under this Section, the Department may seek to obtain a waiver from the federal Centers for Medicare and Medicaid Services of the uniformity requirements in place for the tax imposed under this Section, provided that such waiver request does not risk the assessment imposed or payments authorized under this Section from continuing. Such uniformity requirements shall only be waived for not-for-profit hospitals operating as a freestanding cancer hospital that have contracted to provide services to members served by at least 50% of the managed care organizations contracted with the Department. Such tax rates imposed on a hospital shall be no more than 50% and no less than 25% of the tax imposed on all other hospitals in this State unless different rates are necessary to meet federal statistical tests necessary for continued federal financial participation. Upon federal approval of such a waiver, other tax rates imposed under this Article shall be adjusted to ensure budget neutrality.

(b) (Blank).

(b-5)(1) Subject to Sections 5A-3 and 5A-10, for the

portion of State fiscal year 2012, beginning June 10, 2012 through June 30, 2012, and for State fiscal years 2013 through 2018, or as provided in Section 5A-16, an annual assessment on outpatient services is imposed on each hospital provider in an amount equal to .008766 multiplied by the hospital's outpatient gross revenue, provided, however, that the amount of .008766 shall be increased by a uniform percentage to generate an amount equal to 25% of the State share of the payments authorized under Section 5A-12.5, with such increase only taking effect upon the date that a State share for such payments is required under federal law. For the period beginning June 10, 2012 through June 30, 2012, the annual assessment on outpatient services shall be prorated by multiplying the assessment amount by a fraction, the numerator of which is 21 days and the denominator of which is 365 days. For the period of April through June 2015, the amount of .008766 used to calculate the assessment under this paragraph shall, by emergency rule under subsection (s) of Section 5-45 of the Illinois Administrative Procedure Act, be increased by a uniform percentage to generate \$6,750,000 in the aggregate for that period from all hospitals subject to the annual assessment under this paragraph.

(2) In addition to any other assessments imposed under this Article, effective July 1, 2016 and semi-annually thereafter through June 2018, in addition to any federally required State share as authorized under paragraph (1), the

amount of .008766 shall be increased by a uniform percentage to generate an amount equal to 25% of the ACA Assessment Adjustment, as defined in subsection (b-6) of this Section.

For the portion of State fiscal year 2012, beginning June 10, 2012 through June 30, 2012, and State fiscal years 2013 through 2018, or as provided in Section 5A-16, a hospital's outpatient gross revenue shall be determined using the most recent data available from each hospital's 2009 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on June 30, 2011, without regard to any subsequent adjustments or changes to such data. If a hospital's 2009 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Department may obtain the hospital provider's outpatient gross revenue from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Department or its duly authorized agents and employees.

(3) Subject to Sections 5A-3, 5A-10, and 5A-16, for State fiscal years 2019 and 2020, an annual assessment on outpatient services is imposed on each hospital provider in an amount equal to .01358 multiplied by the hospital's outpatient gross revenue. For State fiscal years 2019 and 2020, a hospital's outpatient gross revenue shall be determined using the most recent data available from each hospital's 2015 Medicare cost report as contained in the Healthcare Cost Report Information

System file, for the quarter ending on March 31, 2017, without regard to any subsequent adjustments or changes to such data. If a hospital's 2015 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Department may obtain the hospital provider's outpatient gross revenue from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Department or its duly authorized agents and employees. Notwithstanding any other provision in this Article, for a hospital provider that did not have a 2015 Medicare cost report, but paid an assessment in State fiscal year 2018 on the basis of hypothetical data, that assessment amount shall be used for State fiscal years 2019 and 2020.

(4) Subject to Sections 5A-3 and 5A-10 and to subsection (b-8), for the period of July 1, 2020 through December 31, 2020 and calendar years 2021 through 2024, an annual assessment on outpatient services is imposed on each hospital provider in an amount equal to .01525 multiplied by the hospital's outpatient gross revenue, provided however: (i) for the period of July 1, 2020 through December 31, 2020, the assessment shall be equal to 50% of the annual amount; and (ii) the amount of .01525 shall be retroactively adjusted by a uniform percentage to generate an amount equal to 50% of the Assessment Adjustment, as defined in subsection (b-7). For the period of July 1, 2020 through December 31, 2020 and calendar years 2021 through

2024, a hospital's outpatient gross revenue shall be determined using the most recent data available from each hospital's 2015 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on March 31, 2017, without regard to any subsequent adjustments or changes to such data. If a hospital's 2015 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Illinois Department may obtain the hospital provider's outpatient revenue data from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Illinois Department or its duly authorized agents and employees. Should the change in the assessment methodology above for fiscal years 2021 through calendar year 2022 not be approved prior to July 1, 2020, the assessment and payments under this Article in effect for fiscal year 2020 shall remain in place until the new assessment is approved. If the change in the assessment methodology above for July 1, 2020 through December 31, 2022, is approved after June 30, 2020, it shall have a retroactive effective date of July 1, 2020, subject to federal approval and provided that the payments authorized under Section 12A-7 have the same effective date as the new assessment methodology. In giving retroactive effect to the assessment approved after June 30, 2020, credit toward the new assessment shall be given for any payments of the previous

assessment for periods after June 30, 2020. Notwithstanding any other provision of this Article, for a hospital provider that did not have a 2015 Medicare cost report, but paid an assessment in State Fiscal Year 2020 on the basis of hypothetical data, the data that was the basis for the 2020 assessment shall be used to calculate the assessment under this paragraph until December 31, 2023. Beginning July 1, 2022 and through December 31, 2024, a safety-net hospital that had a change of ownership in calendar year 2021, and whose inpatient utilization had decreased by 90% from the prior year and prior to the change of ownership, may be eligible to pay a tax based on hypothetical data based on a determination of financial distress by the Department.

(5) Subject to Sections 5A-3 and 5A-10, beginning January 1, 2025, an annual assessment on outpatient services is imposed on each hospital provider in an amount equal to .03273, or any reduction thereof in accordance with this subsection, multiplied by the hospital's outpatient gross revenue; however the rate shall remain .01525, until the Department receives federal approval and implements the reimbursement rates of payment in subsection (r) of Section 5A-12.7. The Department may bill for the difference between the assessment multiplier of .03273 and .01525 no earlier than 17 calendar days after the first payment based on the reimbursement rates in subsection (r) of Section 5A-12.7.

(A) Upon receiving federal approval for the

reimbursement rates in subsection (r) of Section 5A-12.7, the Department shall bill the hospital for the incremental difference in total tax due resulting from the increase provided in this subsection for the number of months from January 1, 2025 through the date of federal approval. The amount shall be due and payable no later than December 31, 2025 and no earlier than 17 calendar days after implementing the reimbursement rates in subsection (r) of Section 5A-12.7. The Department shall bill hospitals in the same proportional rate as the Department has implemented the outpatient reimbursement rates in subsection (r) of Section 5A-12.7.

(B) Beginning January 1, 2025, a hospital's outpatient gross revenue shall be determined using the most recent data available from each hospital's 2015 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on March 31, 2017, without regard to any subsequent adjustments or changes to such data. If a hospital's 2015 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Department may obtain the hospital provider's outpatient revenue data from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Department or its duly authorized agents and

employees. If the reimbursement rates in subsection (r) of Section 5A-12.7 require reduction to comply with federal spending limits, then the tax rate of .03273 shall be reduced, in accordance with subsection (s) of Section 5A-12.7, by the same percentage reduction to payments required to comply with federal spending limits.

(6) For calendar year 2026, and for each year thereafter in which a tax is imposed under this Section, the Department may seek to obtain a waiver from the federal Centers for Medicare and Medicaid Services of the uniformity requirements in place for the tax imposed under this Section, provided that such waiver request does not risk the assessment imposed or payments authorized under this Section from continuing. Such uniformity requirements shall only be waived for not-for-profit hospitals operating as a freestanding cancer hospital that have contracted to provide services to members served by at least 50% of the managed care organizations contracted with the Department. Such tax rates imposed on a hospital shall be no more than 50% and no less than 25% of the tax imposed on all other hospitals in this State unless different rates are necessary to meet federal statistical tests necessary for continued federal financial participation. Upon federal approval of such a waiver, other tax rates imposed under this Article shall be adjusted to ensure budget neutrality.

(b-6)(1) As used in this Section, "ACA Assessment

Adjustment" means:

(A) For the period of July 1, 2016 through December 31, 2016, the product of .19125 multiplied by the sum of the fee-for-service payments to hospitals as authorized under Section 5A-12.5 and the adjustments authorized under subsection (t) of Section 5A-12.2 to managed care organizations for hospital services due and payable in the month of April 2016 multiplied by 6.

(B) For the period of January 1, 2017 through June 30, 2017, the product of .19125 multiplied by the sum of the fee-for-service payments to hospitals as authorized under Section 5A-12.5 and the adjustments authorized under subsection (t) of Section 5A-12.2 to managed care organizations for hospital services due and payable in the month of October 2016 multiplied by 6, except that the amount calculated under this subparagraph (B) shall be adjusted, either positively or negatively, to account for the difference between the actual payments issued under Section 5A-12.5 for the period beginning July 1, 2016 through December 31, 2016 and the estimated payments due and payable in the month of April 2016 multiplied by 6 as described in subparagraph (A).

(C) For the period of July 1, 2017 through December 31, 2017, the product of .19125 multiplied by the sum of the fee-for-service payments to hospitals as authorized under Section 5A-12.5 and the adjustments authorized under

subsection (t) of Section 5A-12.2 to managed care organizations for hospital services due and payable in the month of April 2017 multiplied by 6, except that the amount calculated under this subparagraph (C) shall be adjusted, either positively or negatively, to account for the difference between the actual payments issued under Section 5A-12.5 for the period beginning January 1, 2017 through June 30, 2017 and the estimated payments due and payable in the month of October 2016 multiplied by 6 as described in subparagraph (B).

(D) For the period of January 1, 2018 through June 30, 2018, the product of .19125 multiplied by the sum of the fee-for-service payments to hospitals as authorized under Section 5A-12.5 and the adjustments authorized under subsection (t) of Section 5A-12.2 to managed care organizations for hospital services due and payable in the month of October 2017 multiplied by 6, except that:

(i) the amount calculated under this subparagraph (D) shall be adjusted, either positively or negatively, to account for the difference between the actual payments issued under Section 5A-12.5 for the period of July 1, 2017 through December 31, 2017 and the estimated payments due and payable in the month of April 2017 multiplied by 6 as described in subparagraph (C); and

(ii) the amount calculated under this subparagraph

(D) shall be adjusted to include the product of .19125 multiplied by the sum of the fee-for-service payments, if any, estimated to be paid to hospitals under subsection (b) of Section 5A-12.5.

(2) The Department shall complete and apply a final reconciliation of the ACA Assessment Adjustment prior to June 30, 2018 to account for:

(A) any differences between the actual payments issued or scheduled to be issued prior to June 30, 2018 as authorized in Section 5A-12.5 for the period of January 1, 2018 through June 30, 2018 and the estimated payments due and payable in the month of October 2017 multiplied by 6 as described in subparagraph (D); and

(B) any difference between the estimated fee-for-service payments under subsection (b) of Section 5A-12.5 and the amount of such payments that are actually scheduled to be paid.

The Department shall notify hospitals of any additional amounts owed or reduction credits to be applied to the June 2018 ACA Assessment Adjustment. This is to be considered the final reconciliation for the ACA Assessment Adjustment.

(3) Notwithstanding any other provision of this Section, if for any reason the scheduled payments under subsection (b) of Section 5A-12.5 are not issued in full by the final day of the period authorized under subsection (b) of Section 5A-12.5, funds collected from each hospital pursuant to subparagraph

(D) of paragraph (1) and pursuant to paragraph (2), attributable to the scheduled payments authorized under subsection (b) of Section 5A-12.5 that are not issued in full by the final day of the period attributable to each payment authorized under subsection (b) of Section 5A-12.5, shall be refunded.

(4) The increases authorized under paragraph (2) of subsection (a) and paragraph (2) of subsection (b-5) shall be limited to the federally required State share of the total payments authorized under Section 5A-12.5 if the sum of such payments yields an annualized amount equal to or less than \$450,000,000, or if the adjustments authorized under subsection (t) of Section 5A-12.2 are found not to be actuarially sound; however, this limitation shall not apply to the fee-for-service payments described in subsection (b) of Section 5A-12.5.

(b-7)(1) As used in this Section, "Assessment Adjustment" means:

(A) For the period of July 1, 2020 through December 31, 2020, the product of .3853 multiplied by the total of the actual payments made under subsections (c) through (k) of Section 5A-12.7 attributable to the period, less the total of the assessment imposed under subsections (a) and (b-5) of this Section for the period.

(B) For each calendar quarter beginning January 1, 2021 through December 31, 2022, the product of .3853

multiplied by the total of the actual payments made under subsections (c) through (k) of Section 5A-12.7 attributable to the period, less the total of the assessment imposed under subsections (a) and (b-5) of this Section for the period.

(C) Beginning on January 1, 2023, and each subsequent July 1 and January 1, the product of .3853 multiplied by the total of the actual payments made under subsections (c) through (j) and subsection (r) of Section 5A-12.7 attributable to the 6-month period immediately preceding the period to which the adjustment applies, less the total of the assessment imposed under subsections (a) and (b-5) of this Section for the 6-month period immediately preceding the period to which the adjustment applies.

(2) The Department shall calculate and notify each hospital of the total Assessment Adjustment and any additional assessment owed by the hospital or refund owed to the hospital on either a semi-annual or annual basis. Such notice shall be issued at least 30 days prior to any period in which the assessment will be adjusted. Any additional assessment owed by the hospital or refund owed to the hospital shall be uniformly applied to the assessment owed by the hospital in monthly installments for the subsequent semi-annual period or calendar year. If no assessment is owed in the subsequent year, any amount owed by the hospital or refund due to the hospital, shall be paid in a lump sum. If the calculation that is

computed under this Section could result in a decrease in the Department's federal financial participation percentage for payments authorized under Section 5A-12.7, then the Department shall instead apply a uniform percentage reduction to the payment rates outlined in subsection (r) of Section 5A-12.7 for all classes as defined in subsections (g) and (h) of Section 5A-12.7 by an amount no more than necessary to maximize federal reimbursement.

(3) The Department shall publish all details of the Assessment Adjustment calculation performed each year on its website within 30 days of completing the calculation, and also submit the details of the Assessment Adjustment calculation as part of the Department's annual report to the General Assembly.

(b-8) Notwithstanding any other provision of this Article, the Department shall reduce the assessments imposed on each hospital under subsections (a) and (b-5) by the uniform percentage necessary to reduce the total assessment imposed on all hospitals by an aggregate amount of \$240,000,000, with such reduction being applied by June 30, 2022. The assessment reduction required for each hospital under this subsection shall be forever waived, forgiven, and released by the Department.

(c) (Blank).

(d) Notwithstanding any of the other provisions of this Section, the Department is authorized to adopt rules to reduce

the rate of any annual assessment imposed under this Section, as authorized by Section 5-46.2 of the Illinois Administrative Procedure Act.

(e) Notwithstanding any other provision of this Section, any plan providing for an assessment on a hospital provider as a permissible tax under Title XIX of the federal Social Security Act and Medicaid-eligible payments to hospital providers from the revenues derived from that assessment shall be reviewed by the Illinois Department of Healthcare and Family Services, as the Single State Medicaid Agency required by federal law, to determine whether those assessments and hospital provider payments meet federal Medicaid standards. If the Department determines that the elements of the plan may meet federal Medicaid standards and a related State Medicaid Plan Amendment is prepared in a manner and form suitable for submission, that State Plan Amendment shall be submitted in a timely manner for review by the Centers for Medicare and Medicaid Services of the United States Department of Health and Human Services and subject to approval by the Centers for Medicare and Medicaid Services of the United States Department of Health and Human Services. No such plan shall become effective without approval by the Illinois General Assembly by the enactment into law of related legislation. Notwithstanding any other provision of this Section, the Department is authorized to adopt rules to reduce the rate of any annual assessment imposed under this Section. Any such rules may be

adopted by the Department under Section 5-50 of the Illinois Administrative Procedure Act.

(f) To provide for the expeditious and timely implementation of the changes made to this Section by Public Act 104-7 ~~this amendatory Act of the 104th General Assembly~~, the Department may adopt emergency rules as authorized by Section 5-45 of the Illinois Administrative Procedure Act. The adoption of emergency rules is deemed to be necessary for the public interest, safety, and welfare.

(305 ILCS 5/11-6.2)

Sec. 11-6.2. Electronic fingerprinting.

(a) The Illinois Department may implement a program to prevent multiple enrollments of aid recipients through the use of an electronic automated 2-digit fingerprint matching identification system in local offices.

The Illinois Department shall apply for any federal waivers or approvals necessary to conduct this program.

(b) The fingerprints or their electronic representations collected and maintained through the use of an automated fingerprint matching identification system as authorized by this Section may not be used, disclosed, or redisclosed for any purpose other than the prevention of multiple enrollments of aid recipients, may not be used or admitted in any criminal

or civil investigation, prosecution, or proceeding, other than a proceeding pursuant to Article VIIIA ~~VIII-A~~, and may not be disclosed in response to a subpoena or other compulsory legal process or warrant or upon the request or order of any agency, authority, division, office, or other private or public entity or person, except that nothing contained in this subsection prohibits disclosure in response to a subpoena issued by or on behalf of the applicant or recipient who is the subject of the record maintained as a part of the system. A person who knowingly makes or obtains any unauthorized disclosure of data collected and maintained under this Section through the use of an automated fingerprint matching identification system is guilty of a Class A misdemeanor. Section 735. The Senior Citizens Real Estate Tax Deferral Act is amended by changing Section 3 as follows:

(320 ILCS 30/3) (from Ch. 67 1/2, par. 453)

Sec. 3. A taxpayer may, on or before March 1 of each year, apply to the county collector of the county where his qualifying property is located, or to the official designated by a unit of local government to collect special assessments on the qualifying property, as the case may be, for a deferral of all or a part of real estate taxes payable during that year for the preceding year in the case of real estate taxes other than special assessments, or for a deferral of any installments payable during that year in the case of special assessments, on all or part of his qualifying property. The application shall be on a form prescribed by the Department and furnished by the collector, (a) showing that the applicant will be 65 years of age or older by June 1 of the year for which a tax deferral is claimed, (b) describing the property and verifying that the property is qualifying property as defined in Section 2, (c) certifying that the taxpayer has owned and occupied as his residence such property or other qualifying property in the State for at least the last 3 years except for any periods during which the taxpayer may have temporarily resided in a nursing or sheltered care home, and (d) specifying whether the deferral is for all or a part of the taxes, and, if for a part, the amount of deferral applied for.

As to qualifying property not having a separate assessed valuation, the taxpayer shall also file with the county collector a written appraisal of the property prepared by a qualified real estate appraiser together with a certificate signed by the appraiser stating that he has personally examined the property and setting forth the value of the land and the value of the buildings thereon occupied by the taxpayer as his residence. The county collector may use eligibility for the Low-Income Senior Citizens Assessment Freeze Homestead Exemption under Section 15-172 of the Property Tax Code as qualification for items (a) and (c).

The collector shall grant the tax deferral provided such deferral does not exceed funds available in the Senior Citizens Real Estate Deferred Tax Revolving Fund and provided that the owner or owners of such real property have entered into a tax deferral and recovery agreement with the collector on behalf of the county or other unit of local government, which agreement expressly states:

(1) That the total amount of taxes deferred under this Act, plus interest, for the year for which a tax deferral is claimed as well as for those previous years for which taxes are not delinquent and for which such deferral has been claimed may not exceed 80% of the taxpayer's equity interest in the property for which taxes are to be deferred and that, if the total deferred taxes plus interest equals 80% of the taxpayer's equity interest in

the property, the taxpayer shall thereafter pay the annual interest due on such deferred taxes plus interest so that total deferred taxes plus interest will not exceed such 80% of the taxpayer's equity interest in the property. Effective as of the January 1, 2011 assessment year or tax year 2012 and through the 2021 tax year, the total amount of any such deferral shall not exceed \$5,000 per taxpayer in each tax year. For the 2022 tax year and every tax year thereafter ~~after~~, the total amount of any such deferral shall not exceed \$7,500 per taxpayer in each tax year.

(2) That any real estate taxes deferred under this Act and any interest accrued thereon are a lien on the real estate and improvements thereon until paid. If the taxes deferred are for a tax year prior to 2023, then interest shall accrue at the rate of 6% per year. If the taxes deferred are for the 2023 tax year or any tax year thereafter, then interest shall accrue at the rate of 3% per year. No sale or transfer of such real property may be legally closed and recorded until the taxes which would otherwise have been due on the property, plus accrued interest, have been paid unless the collector certifies in writing that an arrangement for prompt payment of the amount due has been made with his office. The same shall apply if the property is to be made the subject of a contract of sale.

(3) That, upon the death of the taxpayer claiming the

deferral, the heirs-at-law, assignees, or legatees shall have first priority to the real property upon which taxes have been deferred by paying in full the total taxes which would otherwise have been due, plus interest. However, if such heir-at-law, assignee, or legatee is a surviving spouse, the tax deferred status of the property shall be continued during the life of that surviving spouse if the spouse is 55 years of age or older within 6 months of the date of death of the taxpayer and enters into a tax deferral and recovery agreement before the time when deferred taxes become due under this Section. Any additional taxes deferred, plus interest, on the real property under a tax deferral and recovery agreement signed by a surviving spouse shall be added to the taxes and interest which would otherwise have been due, and the payment of which has been postponed during the life of such surviving spouse, in determining the 80% equity requirement provided by this Section.

(4) That if the taxes due, plus interest, are not paid by the heir-at-law, assignee or legatee or if payment is not postponed during the life of a surviving spouse, the deferred taxes and interest shall be recovered from the estate of the taxpayer within one year of the date of his death. In addition, deferred real estate taxes and any interest accrued thereon are due within 90 days after any tax deferred property ceases to be qualifying property as

defined in Section 2.

If payment is not made when required by this Section, foreclosure proceedings may be instituted under the Property Tax Code.

(5) That any joint owner has given written prior approval for such agreement, which written approval shall be made a part of such agreement.

(6) That a guardian for a person under legal disability appointed for a taxpayer who otherwise qualifies under this Act may act for the taxpayer in complying with this Act.

(7) That a taxpayer or his agent has provided to the satisfaction of the collector, sufficient evidence that the qualifying property on which the taxes are to be deferred is insured against fire or casualty loss for at least the total amount of taxes which have been deferred.

If the taxes to be deferred are special assessments, the unit of local government making the assessments shall forward a copy of the agreement entered into pursuant to this Section and the bills for such assessments to the county collector of the county in which the qualifying property is located.

(a) Each eligible infant or toddler and that infant's or toddler's family shall receive:

(1) timely, comprehensive, multidisciplinary assessment of the unique strengths and needs of each eligible infant and toddler, and assessment of the concerns and priorities of the families to appropriately assist them in meeting their needs and identify supports and services to meet those needs; and

(2) a written Individualized Family Service Plan developed by a multidisciplinary team which includes the parent or guardian. The individualized family service plan shall be based on the multidisciplinary team's assessment of the resources, priorities, and concerns of the family and its identification of the supports and services necessary to enhance the family's capacity to meet the developmental needs of the infant or toddler, and shall include the identification of services appropriate to meet those needs, including the frequency, intensity, and method of delivering services. As soon as exceptional family circumstances no longer exist or parental consent has been obtained, the initial evaluation, the initial assessment, and the initial Plan meeting must be completed as soon as possible. With parental consent, early intervention services may commence before the completion of the comprehensive assessment and development of the Plan. All early intervention services shall be initiated as soon as possible but not later than 30 calendar days after the consent of the parent or guardian has been obtained for the individualized family service plan, in accordance with rules adopted by the lead agency.

the Plan shall be set forth in rules.

(e) The regional intake offices shall explain to each family, orally and in writing, all of the following:

(1) That the early intervention program will pay for all early intervention services set forth in the individualized family service plan that are not covered or paid under the family's public or private insurance plan or policy and not eligible for payment through any other third party payor.

(3) That the family may request, with appropriate documentation supporting the request, a determination of an exemption from private insurance use under Section 10-100.

(4) That responsibility for co-payments or co-insurance under a family's private insurance plan or policy will be transferred to the lead agency's central billing office.

(5) That families will be responsible for payments of family fees, which will be based on a sliding scale according to the State's definition of ability to pay which is comparing household size and income to the sliding scale and considering out-of-pocket medical or disaster expenses, and that these fees are payable to the

central billing office. Families who fail to provide income information shall be charged the maximum amount on the sliding scale.

(f) The individualized family service plan must state whether the family has private insurance coverage and, if the family has such coverage, must have attached to it a copy of the family's insurance identification card or otherwise include all of the following information:

(1) The name, address, and telephone number of the insurance carrier.

(i) The requirement under this subsection is intended to ensure that families of infants and toddlers with disabilities are informed about the Illinois Achieving a Better Life Experience (ABLE) account program, a financial tool that may assist families in meeting the long-term disability-related expenses of their children and improving opportunities for economic independence for their children. During the initial development of the Individual Family Service Plan and at each review meeting of the plan, the regional intake offices shall provide the parent or guardian with informational materials about the Illinois ABLE ~~(ABLE)~~ account program established under Section 16.6 of the State Treasurer Act. The informational materials shall include an overview of the

program, eligibility criteria, and other necessary information for enrollment in the Illinois ABLE account program.

(C) current or former quarries, mines, and other excavations that do not use clean construction or demolition debris as fill material.

(c) In accordance with Title VII of this Act, the Board may adopt regulations to promote the purposes of this Section. The Agency shall consult with the mining and construction industries during the development of any regulations to promote the purposes of this Section.

(1) No later than December 15, 2005, the Agency shall propose to the Board, and no later than September 1, 2006, the Board shall adopt, regulations for the use of clean construction or demolition debris as fill material in current and former quarries, mines, and other excavations. Such regulations shall include, but shall not be limited to, standards for clean construction or demolition debris fill operations and the submission and review of permits required under this Section.

(2) Until the Board adopts rules under subsection (c)(1) of this Section, all persons using clean

construction or demolition debris as fill material in a current or former quarry, mine, or other excavation shall:

(A) Assure that only clean construction or demolition debris is being used as fill material by screening each truckload of material received using a device approved by the Agency that detects volatile organic compounds. Such devices may include, but are not limited to, photo ionization detectors. All screening devices shall be operated and maintained in accordance with manufacturer's specifications. Unacceptable fill material shall be rejected from the site; and

(B) Retain for a minimum of 3 years the following information:

(i) The name of the hauler, the name of the generator, and place of origin of the debris or soil;

(ii) The approximate weight or volume of the debris or soil; and

(iii) The date the debris or soil was received.

(d) This Section applies only to clean construction or demolition debris that is not considered "waste" as provided in Section 3.160 of this Act.

(e) For purposes of this Section:

(1) The term "operator" means a person responsible for

the operation and maintenance of a clean construction or demolition debris fill operation.

(2) The term "owner" means a person who has any direct or indirect interest in a clean construction or demolition debris fill operation or in land on which a person operates and maintains a clean construction or demolition debris fill operation. A "direct or indirect interest" does not include the ownership of publicly traded stock. The "owner" is the "operator" if there is no other person who is operating and maintaining a clean construction or demolition debris fill operation.

(3) The term "clean construction or demolition debris fill operation" means a current or former quarry, mine, or other excavation where clean construction or demolition debris is used as fill material.

(4) The term "uncontaminated soil" shall have the same meaning as uncontaminated soil under Section 3.160 of this Act.

(f)(1) No later than July 30, 2011 (one year after the effective date of Public Act 96-1416) ~~this amendatory Act of the 96th General Assembly~~, the Agency shall propose to the Board, and, no later than one year after the Board's receipt of the Agency's proposal, the Board shall adopt, rules for the use of clean construction or demolition debris and uncontaminated soil as fill material at clean construction or demolition debris fill operations. The rules must include

standards and procedures necessary to protect groundwater, which may include, but shall not be limited to, the following: requirements regarding testing and certification of soil used as fill material, surface water runoff, liners or other protective barriers, monitoring (including, but not limited to, groundwater monitoring), corrective action, recordkeeping, reporting, closure and post-closure care, financial assurance, post-closure land use controls, location standards, and the modification of existing permits to conform to the requirements of this Act and Board rules. The rules may also include limits on the use of recyclable concrete and asphalt as fill material at clean construction or demolition debris fill operations, taking into account factors such as technical feasibility, economic reasonableness, and the availability of markets for such materials.

(2) Until the effective date of the Board rules adopted under subdivision (f)(1) of this Section, and in addition to any other requirements, owners and operators of clean construction or demolition debris fill operations must do all of the following in subdivisions (f)(2)(A) through (f)(2)(D) of this Section for all clean construction or demolition debris and uncontaminated soil accepted for use as fill material. The requirements in subdivisions (f)(2)(A) through (f)(2)(D) of this Section shall not limit any rules adopted by the Board.

(A) Document the following information for each load

of clean construction or demolition debris or uncontaminated soil received: (i) the name of the hauler, the address of the site of origin, and the owner and the operator of the site of origin of the clean construction or demolition debris or uncontaminated soil, (ii) the weight or volume of the clean construction or demolition debris or uncontaminated soil, and (iii) the date the clean construction or demolition debris or uncontaminated soil was received.

(B) For all soil, obtain either (i) a certification from the owner or operator of the site from which the soil was removed that the site has never been used for commercial or industrial purposes and is presumed to be uncontaminated soil or (ii) a certification from a licensed Professional Engineer or licensed Professional Geologist that the soil is uncontaminated soil. Certifications required under this subdivision (f)(2)(B) must be on forms and in a format prescribed by the Agency.

(C) Confirm that the clean construction or demolition debris or uncontaminated soil was not removed from a site as part of a cleanup or removal of contaminants, including, but not limited to, activities conducted under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended; as part of a Closure or Corrective Action under the Resource Conservation and Recovery Act, as amended; or under an Agency remediation

program, such as the Leaking Underground Storage Tank Program or Site Remediation Program, but excluding sites subject to Section 58.16 of this Act where there is no presence or likely presence of a release or a substantial threat of a release of a regulated substance at, on, or from the real property.

(D) Document all activities required under subdivision (f)(2) of this Section. Documentation of any chemical analysis must include, but is not limited to, (i) a copy of the lab analysis, (ii) accreditation status of the laboratory performing the analysis, and (iii) certification by an authorized agent of the laboratory that the analysis has been performed in accordance with the Agency's rules for the accreditation of environmental laboratories and the scope of accreditation.

(3) Owners and operators of clean construction or demolition debris fill operations must maintain all documentation required under subdivision (f)(2) of this Section for a minimum of 3 years following the receipt of each load of clean construction or demolition debris or uncontaminated soil, except that documentation relating to an appeal, litigation, or other disputed claim must be maintained until at least 3 years after the date of the final disposition of the appeal, litigation, or other disputed claim. Copies of the documentation must be made available to the Agency and to units of local government for inspection and copying during

normal business hours. The Agency may prescribe forms and formats for the documentation required under subdivision (f)(2) of this Section.

Chemical analysis conducted under subdivision (f)(2) of this Section must be conducted in accordance with the requirements of 35 Ill. Adm. Code 742, as amended, and "Test Methods for Evaluating Solid Waste, Physical/Chemical Methods", USEPA Publication No. SW-846, as amended.

(g)(1) No person shall use soil other than uncontaminated soil as fill material at a clean construction or demolition debris fill operation.

(2) No person shall use construction or demolition debris other than clean construction or demolition debris as fill material at a clean construction or demolition debris fill operation.

(415 ILCS 5/57.5)

Sec. 57.5. Underground Storage Tanks; removal; repair; abandonment.

(a) Notwithstanding the eligibility or the level of deductibility of an owner or operator under the Underground Storage Tank Fund, any owner or operator of an Underground Storage Tank may seek to remove or abandon such tank under the provisions of this Title. In order to be reimbursed under

Section 57.8, the owner or operator must comply with the provisions of this Title. In no event will an owner or operator be reimbursed for any costs which exceed the minimum requirements necessary to comply with this Title.

(b) Removal or abandonment of an Underground Storage Tank must be carried out in accordance with regulations adopted by the Office of the State Fire Marshal.

(c) The Office of the State Fire Marshal or a designated agent shall have an inspector on site at the time of removal, abandonment, or such other times the Office of the State Fire Marshal deems appropriate. At such time, the inspector shall, upon preliminary excavation of the tank site, render an opinion as to whether a release of petroleum has occurred and, if so, the owner or operator shall report the known or suspected release to the Illinois Emergency Management Agency. The owner or operator shall determine whether or not a release has occurred in conformance with the regulations adopted by the Board and the Office of the State Fire Marshal. Except that if the opinion of the Office of the State Fire Marshal inspector is that a release of petroleum has occurred and the owner or operator has reported the release to the Illinois Emergency Management Agency within 24 hours of removal of the tank, no such determination is required under this subsection. In the event the owner or operator confirms the presence of a release of petroleum, the owner or operator shall comply with Section 57.6. The inspector shall provide the owner or

operator, or a designated agent, with an "Eligibility and Deductibility Determination" form. The Office of the State Fire Marshal shall provide on-site assistance to the owner or operator or a designated agent with regard to the eligibility and deductibility procedures as provided in Section 57.9. If the Office of the State Fire Marshal is not on site, the Office of the State Fire Marshal shall provide the owner or operator with an "Eligibility and Deductibility Determination" form within 15 days after receiving notice that the confirmed release was reported by the owner or operator.

(d) In the event that a release of petroleum is confirmed under subsection (c) of this Section, the owner or operator may elect to backfill the preliminary excavation and proceed under Section 57.6.

(e) In the event that an Underground Storage Tank is found to be ineligible for payment from the Underground Storage Tank Fund, the owner or operator shall proceed under Sections 57.6 and 57.7.

(f) In the event that no release of petroleum is confirmed, the owner or operator shall proceed to complete the removal of the underground storage tank, and when appropriate, dispose of the tank and backfill the excavation or, in the alternate, abandon the underground storage tank in place. Either option shall be in accordance with regulations adopted by the Office of the State Fire Marshal. The owner or operator shall certify to the Office of the State Fire Marshal that the

tank removal or abandonment was conducted in accordance with all applicable rules and regulations, and the Office of the State Fire Marshal shall then issue a certificate of removal or abandonment to the owner or operator. If the Office of the State Fire Marshal fails to issue a certificate of removal or abandonment within 30 days of receipt of the certification, the certification shall be considered rejected by operation of law and a final action appealable to the Board. Nothing in this Title shall prohibit the Office of the State Fire Marshal from making an independent inspection of the site and challenging the veracity of the owner or operator certification.

(g) The owner or operator of an underground storage tank taken out of operation before January 2, 1974, or an underground storage tank used exclusively to store heating oil for consumptive use on the premises where stored and which serves other than a farm or residential unit shall not be required to remove or abandon in place such underground storage tank except in the case in which the Office of the State Fire Marshal has determined that a release from the underground storage tank poses a current or potential threat to human health and the environment. In that case, and upon receipt of an order from the Office of the State Fire Marshal, the owner or operator of such underground storage tank shall conduct removal and, if necessary, site investigation and corrective action in accordance with this Title and regulations promulgated by the Office of the State Fire

Marshal and the Board.

(h) In the event that a release of petroleum occurred between September 13, 1993, and August 1, 1994, for which the Office of the State Fire Marshal issued a certificate of removal or abandonment based on its determination of "no release" or "minor release," and the Office of the State Fire Marshal subsequently has rescinded that determination and required a report of a confirmed release to the Illinois Emergency Management Agency, the owner or operator may be eligible for reimbursement for the costs of site investigation and corrective action incurred on or after the date of the release but prior to the notification of the Illinois Emergency Management Agency. The date of the release shall be the date of the initial inspection by the Office of the State Fire Marshal as recorded in its inspection log. Eligibility and deductibility shall be determined in accordance with this Title, the owner or operator must comply with the provisions of this Act and its rules, and in no case shall the owner or operator be reimbursed for costs exceeding the minimum requirements of this Act and its rules.

(415 ILCS 5/57.8)

Sec. 57.8. Underground Storage Tank Fund; payment; options for State payment; deferred correction election to commence corrective action upon availability of funds. If an owner or

operator is eligible to access the Underground Storage Tank Fund pursuant to an Office of the State Fire Marshal eligibility/deductible final determination letter issued in accordance with Section 57.9, the owner or operator may submit a complete application for final or partial payment to the Agency for activities taken in response to a confirmed release. An owner or operator may submit a request for partial or final payment regarding a site no more frequently than once every 90 days.

(a) Payment after completion of corrective action measures. The owner or operator may submit an application for payment for activities performed at a site after completion of the requirements of Sections 57.6 and 57.7, or after completion of any other required activities at the underground storage tank site.

(1) In the case of any approved plan and budget for which payment is being sought, the Agency shall make a payment determination within 120 days of receipt of both the complete application for payment and the report documenting completion of the activities approved in the plan, whichever is received later. Such determination shall be considered a final decision. The Agency's review shall be limited to generally accepted auditing and accounting practices. In no case shall the Agency conduct additional review of any plan which was completed within the budget, beyond auditing for adherence to the

corrective action measures in the proposal. If the Agency fails to approve the payment application within 120 days, such application shall be deemed approved by operation of law and the Agency shall proceed to reimburse the owner or operator the amount requested in the payment application. However, in no event shall the Agency reimburse the owner or operator an amount greater than the amount approved in the plan.

(2) If sufficient funds are available in the Underground Storage Tank Fund, the Agency shall, within 60 days, forward to the Office of the State Comptroller a voucher in the amount approved under the payment application.

(3) In the case of insufficient funds, the Agency shall form a priority list for payment and shall notify persons in such priority list monthly of the availability of funds and when payment shall be made. Payment shall be made to the owner or operator at such time as sufficient funds become available for the costs associated with site investigation and corrective action and costs expended for activities performed where no proposal is required, if applicable. Such priority list shall be available to any owner or operator upon request. Priority for payment shall be determined by the date the Agency receives a complete request for partial or final payment. Upon receipt of notification from the Agency that the requirements of this

Title have been met, the Comptroller shall make payment to the owner or operator of the amount approved by the Agency, if sufficient money exists in the Fund. If there is insufficient money in the Fund, then payment shall not be made. If the owner or operator appeals a final Agency payment determination and it is determined that the owner or operator is eligible for payment or additional payment, the priority date for the payment or additional payment shall be the same as the priority date assigned to the original request for partial or final payment.

(4) Any deductible, as determined pursuant to the Office of the State Fire Marshal's eligibility and deductibility final determination in accordance with Section 57.9, shall be subtracted from any payment invoice paid to an eligible owner or operator. Only one deductible shall apply per underground storage tank site.

(5) In the event that costs are or will be incurred in addition to those approved by the Agency, or after payment, the owner or operator may submit successive plans containing amended budgets. The requirements of Section 57.7 shall apply to any amended plans.

(6) For purposes of this Section, a complete application shall consist of:

(A) A certification from a Licensed Professional Engineer or Licensed Professional Geologist as required under this Title and acknowledged by the

owner or operator.

(B) A statement of the amounts approved in the budget and the amounts actually sought for payment along with a certified statement by the owner or operator that the amounts so sought were expended in conformance with the approved budget.

(C) A copy of the Office of the State Fire Marshal's eligibility and deductibility determination.

(D) Proof that approval of the payment requested will not result in the limitations set forth in subsection (g) of this Section being exceeded.

(E) A federal taxpayer identification number and legal status disclosure certification on a form prescribed and provided by the Agency.

(F) If the Agency determined under subsection (c)(3) of Section 57.7 of this Act that corrective action must include a project labor agreement, a certification from the owner or operator that the corrective action was (i) performed under a project labor agreement that meets the requirements of Section 25 of the Project Labor Agreements Act and (ii) implemented in a manner consistent with the terms and conditions of the Project Labor Agreements Act and in full compliance with all statutes, regulations, and Executive Orders as required under that Act and the Prevailing Wage Act.

(b) Commencement of site investigation or corrective action upon availability of funds. The Board shall adopt regulations setting forth procedures based on risk to human health or the environment under which the owner or operator who has received approval for any budget plan submitted pursuant to Section 57.7, and who is eligible for payment from the Underground Storage Tank Fund pursuant to an Office of the State Fire Marshal eligibility and deductibility determination, may elect to defer site investigation or corrective action activities until funds are available in an amount equal to the amount approved in the budget. The regulations shall establish criteria based on risk to human health or the environment to be used for determining on a site-by-site basis whether deferral is appropriate. The regulations also shall establish the minimum investigatory requirements for determining whether the risk based criteria are present at a site considering deferral and procedures for the notification of owners or operators of insufficient funds, Agency review of request for deferral, notification of Agency final decisions, returning deferred sites to active status, and earmarking of funds for payment.

(c) When the owner or operator requests indemnification for payment of costs incurred as a result of a release of petroleum from an underground storage tank, if the owner or operator has satisfied the requirements of subsection (a) of this Section, the Agency shall forward a copy of the request to

the Attorney General. The Attorney General shall review and approve the request for indemnification if:

(1) there is a legally enforceable judgment entered against the owner or operator and such judgment was entered due to harm caused by a release of petroleum from an underground storage tank and such judgment was not entered as a result of fraud; or

(2) a settlement with a third party due to a release of petroleum from an underground storage tank is reasonable.

(d)(1) Notwithstanding any other provision of this Title, the Agency shall not approve payment to an owner or operator from the Fund for costs of corrective action or indemnification incurred during a calendar year in excess of the following aggregate amounts based on the number of petroleum underground storage tanks owned or operated by such owner or operator in Illinois.

Amount	Number of Tanks
\$2,000,000	fewer than 101
\$3,000,000	101 or more

(2) Costs incurred in excess of the aggregate amounts set forth in paragraph (1) of this subsection shall not be eligible for payment in subsequent years.

(3) For purposes of this subsection, requests submitted by any of the agencies, departments, boards, committees, or commissions of the State of Illinois shall be acted upon as claims from a single owner or operator.

(4) For purposes of this subsection, owner or operator includes (i) any subsidiary, parent, or joint stock company of the owner or operator and (ii) any company owned by any parent, subsidiary, or joint stock company of the owner or operator.

(e) Costs of corrective action or indemnification incurred by an owner or operator which have been paid to an owner or operator under a policy of insurance, another written agreement, or a court order are not eligible for payment under this Section. An owner or operator who receives payment under a policy of insurance, another written agreement, or a court order shall reimburse the State to the extent such payment covers costs for which payment was received from the Fund. Any monies received by the State under this subsection (e) shall be deposited into the Fund.

(f) (Blank).

(g) The Agency shall not approve any payment from the Fund to pay an owner or operator:

(1) for costs of corrective action incurred by such owner or operator in an amount in excess of \$1,500,000 per occurrence; and

(2) for costs of indemnification of such owner or operator in an amount in excess of \$1,500,000 per occurrence.

(h) Payment of any amount from the Fund for corrective action or indemnification shall be subject to the State acquiring by subrogation the rights of any owner, operator, or

other person to recover the costs of corrective action or indemnification for which the Fund has compensated such owner, operator, or person from the person responsible or liable for the release.

(i) If the Agency refuses to pay or authorizes only a partial payment, the affected owner or operator may petition the Board for a hearing in the manner provided for the review of permit decisions in Section 40 of this Act.

(j) Costs of corrective action or indemnification incurred by an owner or operator prior to July 28, 1989, shall not be eligible for payment or reimbursement under this Section.

(k) The Agency shall not pay costs of corrective action or indemnification incurred before providing notification of the release of petroleum in accordance with the provisions of this Title.

(l) Corrective action does not include legal defense costs. Legal defense costs include legal costs for seeking payment under this Title unless the owner or operator prevails before the Board in which case the Board may authorize payment of legal fees.

(m) The Agency may apportion payment of costs for plans submitted under Section 57.7 if:

(1) the owner or operator was deemed eligible to access the Fund for payment of corrective action costs for some, but not all, of the underground storage tanks at the site; and

(2) the owner or operator failed to justify all costs attributable to each underground storage tank at the site.

(n) The Agency shall not pay costs associated with a corrective action plan incurred after the Agency provides notification to the owner or operator pursuant to item (7) of subsection (b) of Section 57.7 that a revised corrective action plan is required. Costs associated with any subsequently approved corrective action plan shall be eligible for reimbursement if they meet the requirements of this Title. Sec. 1-55. Administrative citations.

(a) Any violation of a registration requirement in Section ~~Sections~~ 1-30, 1-40, or 1-45 of this Act, any violation of the reporting requirement in paragraph (4) of subsection (b) of Section 1-10 of this Act, and any violation of a plan submission requirement in Section 1-25 of this Act shall be enforceable by administrative citation issued by the Agency. Whenever Agency personnel shall, on the basis of direct observation, determine that any person has violated any of those provisions, the Agency may issue and serve, within 60 days after the observed violation, an administrative citation upon that person. Each citation shall be served upon the

Section 850. The Uranium and Thorium Mill Tailings Control Act is amended by changing Section 15 as follows:

(420 ILCS 42/15)

Sec. 15. Storage fees.

(a) Beginning January 1, 1994, an annual fee shall be imposed on the owner or operator of any property that has been used in whole or in part for the milling of source material and is being used for the storage or disposal of by-product material, equal to \$2 per cubic foot of by-product material being stored or disposed of by the facility. After a facility is cleaned up in accordance with the Agency's radiological soil clean-up criteria, no fee shall be due, imposed upon, or collected from an owner. No fee shall be imposed upon any by-product material moved to a facility in contemplation of the subsequent removal of the by-product material pursuant to law or upon any by-product material moved to a facility in contemplation of processing the material through a physical separation facility. No fees shall be collected from any State, county, municipal, or local governmental agency. In connection with settling litigation regarding the amount of the fee to be imposed, the Director may enter into an agreement with the owner or operator of any facility specifying that the fee to be imposed shall not exceed \$26,000,000 in any calendar year. The fees assessed under this Section are separate and distinct from any license fees imposed under Section 11 of the Radiation Protection Act of 1990.

The fee shall be due on June 1 of each year or at such

other times in such installments as the Director may provide by rule. To facilitate the expeditious removal of by-product material, rules establishing payment dates or schedules may be adopted as emergency rules under Section 5-45 of the Illinois Administrative Procedure Act. The fee shall be collected and administered by the Agency⁷ and shall be deposited into the General Revenue Fund.

(b) Moneys may be expended by the Agency, subject to appropriation, for the following purposes but only as the moneys relate to by-product material attributable to the owner or operator who pays the fees under subsection (a):

(1) the costs of monitoring, inspecting, and otherwise regulating the storage and disposal of by-product material, wherever located;

(2) the costs of undertaking any maintenance, decommissioning activities, cleanup, responses to radiation emergencies, or remedial action that would otherwise be required of the owner or operator by law or under a license amendment or condition in connection with by-product materials;

(3) the costs that would otherwise be required of the owner or operator, by law or under a license amendment or condition, incurred by the State arising from the transportation of the by-product material from a storage or unlicensed disposal location to a licensed permanent disposal facility; and

(4) reimbursement to the owner or operator of any facility used for the storage or disposal of by-product material for costs incurred by the owner or operator in connection with the decontamination or decommissioning of the storage or disposal facility or other properties contaminated with by-product material. However, the amount of the reimbursements paid to the owner or operator of a by-product material storage or disposal facility shall not be reduced for any amounts recovered by the owner or operator pursuant to Title X of the federal Energy Policy Act of 1992 and shall not exceed the amount of money paid by that owner or operator under subsection (a) plus the interest attributable to amounts paid by that owner or operator.

An owner or operator who incurs costs in connection with the decontamination or decommissioning of the storage or disposal facility or other properties contaminated with by-product material is entitled to have those costs promptly reimbursed as provided in this Section. In the event the owner or operator has incurred reimbursable costs for which there are not adequate moneys with which to provide reimbursement, the Director shall reduce the amount of any fee payable in the future imposed under this Act by the amount of the reimbursable expenses incurred by the owner or operator. An owner or operator of a facility shall submit requests for reimbursement to the Director in a form reasonably required by

the Director. Upon receipt of a request, the Director shall give written notice approving or disapproving each of the owner's or operator's request for reimbursement within 60 days. The Director shall approve requests for reimbursement unless the Director finds that the amount is excessive, erroneous, or otherwise inconsistent with paragraph (4) of this subsection or with any license or license amendments issued in connection with that owner's or operator's decontamination or decommissioning plan. If the Director disapproves a reimbursement request, the Director shall set forth in writing to the owner or operator the reasons for disapproval. The owner or operator may resubmit to the Agency a disapproved reimbursement request with additional information as may be required. Disapproval of a reimbursement request shall constitute final action for purposes of the Administrative Review Law unless the owner or operator resubmits the denied request within 35 days. To the extent there are funds available, the Director shall prepare and certify to the Comptroller the disbursement of the approved sums to the owners or operators or, if there are insufficient funds available, the Director shall off-set future fees otherwise payable by the owner or operator by the amount of the approved reimbursable expenses.

(c) To the extent that costs identified in parts (1), (2), and (3) of subsection ~~subsections~~ (b) are recovered by the Agency under the Radiation Protection Act of 1990 or its

rules, the Agency shall not use money under this Section to cover these costs.

(d) (Blank).

Section 855. The Illinois Radon Awareness Act is amended by changing Section 26 as follows:

(420 ILCS 46/26)

Sec. 26. Disclosure of radon hazard to current and prospective tenants.

(a) At the time of a prospective tenant's application to lease a dwelling unit, before a lease is entered into, or at any time during the leasing period, upon request, the lessor shall provide the prospective tenant or tenant of a dwelling unit with:

(1) the Illinois Emergency Management Agency pamphlet entitled "Radon Guide for Tenants" or an equivalent pamphlet approved for use by the Illinois Emergency Management Agency;

(2) copies of any records or reports pertaining to radon concentrations within the dwelling unit that indicate a radon hazard to the tenant, as provided in subsection (c); and

(3) the Disclosure of Information on Radon Hazards to

Tenants form, as set forth in subsection (f).

(b) At the commencement of the agreed leasing period, a tenant shall have 90 days to conduct his or her own radon test of the dwelling unit. If the tenant chooses to have a radon test performed, the tenant shall provide the lessor with copies of the results, including any records or reports pertaining to radon concentrations, within 10 days after receiving the results of the radon test. If the tenant's radon test provides a result in excess of the Illinois Emergency Management Agency's recommended Radon Action Level and the lessor has elected to not mitigate ~~mitigated~~ the radon hazard, the tenant may terminate the lease.

(1) Nothing in this subsection is intended to or shall be construed to imply that a tenant is not permitted to conduct a radon test of the tenant's dwelling unit following the completion of the 90-day period. Following the 90-day period the tenant may conduct further radon testing if he or she elects to; however, upon a result of a radon hazard, he or she does not have a right to terminate the lease under this Section.

(2) Nothing in this subsection is intended to or shall be construed to imply that a tenant waives any other right to terminate the lease if he or she conducts a radon test after the completion of the 90-day period under any other applicable State or federal law.

(c) If the tenant elects to conduct a radon test during the

90-day period and the results indicate a radon hazard, the lessor may hire a radon contractor to perform an additional radon test within 30 days after the tenant notifies the lessor of the results of his or her radon test. The results of a measurement by a radon contract may be used by the lessor to disprove the presence of a radon hazard. Test results are valid for a period of 2 years after the date of the testing unless any renovations, additions, or modifications are made to the building containing the dwelling unit.

(d) Nothing in this Section is intended to or shall be construed to imply an obligation of a lessor or tenant to conduct any radon testing activity or perform any radon mitigation activity.

(e) If a lessor fails to provide the prospective tenant or tenant with the documents as required in subsection (a), then, at any point during the term of the lease the tenant may elect to have a radon test conducted under this Section. If the radon test shows the existence of a radon hazard, the tenant shall provide the lessor with copies of the results of the test, including records or reports pertaining to radon concentrations, within 10 days after receiving the results of the radon test. If the lessor disputes the results of the radon test performed by the tenant, the lessor may elect, at the lessor's expense, to hire a radon contractor to perform a radon test within 30 days of the tenant notifying the lessor of the results of the tenant's radon test. The results of a

measurement by a radon contract may be used by the lessor to disprove the presence of a radon hazard. Test results are valid for a period of 2 years after the date of testing unless any renovation, addition, or substantial modifications are made to the building containing the dwelling unit. If the lessor declines to dispute the results of the tenant's radon test showing a radon hazard or does not mitigate the hazard, the tenant may, within 60 days:

(1) hire, at the tenant's expense, a radon contractor to perform radon mitigation activities. If the tenant chooses to conduct mitigation activities, the mitigation activities shall only be done with express consent of the lessor; or

(2) terminate the lease.

(f) The following Disclosure of Information on Radon Hazards to Tenants shall be provided to each tenant of a dwelling unit:

"DISCLOSURE OF INFORMATION ON RADON HAZARDS TO TENANTS

Radon Warning Statement

Each tenant in this residence or dwelling unit is notified that the property may present exposure to levels of indoor radon gas that may place the occupants at risk of developing radon-induced lung cancer. Radon, a Class-A human carcinogen, is the leading cause of death in private homes and the leading

cause of lung cancer in nonsmokers. The lessor of any residence is required to provide each tenant with any information on radon test results of the dwelling unit that present a radon hazard to the tenant.

The Illinois Emergency Management Agency (IEMA) strongly recommends that ALL rental properties have a radon test performed and radon hazards mitigated if elevated levels are found in a dwelling unit or a routinely occupied area of a multiple family residence. Elevated radon concentrations can easily be reduced by a radon contractor.

Dwelling Unit Address:

Lessor's Disclosure (initial each of the following that apply)

.... Lessor has no knowledge of elevated radon concentrations (or records or reports pertaining to elevated radon concentrations) in the dwelling unit.

.... Radon concentrations (at or above the IEMA recommended Radon Action Level 4.0 pCi/L) are known to be present within the dwelling unit.

.... Lessor has provided the tenant with copies of all available records and reports, if any, pertaining to radon concentrations within the dwelling unit.

Tenant's Acknowledgment (initial each of the following

that apply)

.... Tenant has received copies of all information listed above.

.... Tenant has received the pamphlet "Radon Guide for Tenants".

Certification of Accuracy

The following parties have reviewed the information above and each party certifies, to the best of his or her knowledge, that the information he or she provided is true and accurate.

Section 860. The Gasoline Storage Act is amended by changing Section 2 as follows:

(430 ILCS 15/2) (from Ch. 127 1/2, par. 154)

Sec. 2. Jurisdiction; regulation of tanks.

(1)(a) Except as otherwise provided in this Act, the jurisdiction of the Office of the State Fire Marshal under this Act shall be concurrent with that of municipalities and

other political subdivisions. The Office of the State Fire Marshal has power to promulgate, pursuant to the Illinois Administrative Procedure Act, reasonable rules and regulations governing the keeping, storage, transportation, sale, or use of gasoline and volatile oils. Nothing in this Act shall relieve any person, corporation, or other entity from complying with any zoning ordinance of a municipality or home rule unit enacted pursuant to Section 11-13-1 of the Illinois Municipal Code or any ordinance enacted pursuant to Section 11-8-4 of the Illinois Municipal Code.

(b) The rulemaking power shall include the power to promulgate rules providing for the issuance and revocation of permits allowing the self-service ~~self-service~~ dispensing of motor fuels as such term is defined in the Motor Fuel Tax Law in retail service stations or any other place of business where motor fuels are dispensed into the fuel tanks of motor vehicles, internal combustion engines, or portable containers. Such rules shall specify the requirements that must be met both prior and subsequent to the issuance of such permits in order to ensure ~~insure~~ the safety and welfare of the general public. The operation of such service stations without a permit shall be unlawful. The Office of the State Fire Marshal shall revoke such permit if the self-service ~~self-service~~ operation of such a service station is found to pose a significant risk to the safety and welfare of the general public.

(c) However, except in any county with a population of 1,000,000 or more, the Office of the State Fire Marshal shall not have the authority to prohibit the operation of a service station solely on the basis that it is an unattended self-service station which utilizes key or card operated self-service motor fuel dispensing devices. Nothing in this paragraph shall prohibit the Office of the State Fire Marshal from adopting reasonable rules and regulations governing the safety of self-service motor fuel dispensing devices.

(d) The State Fire Marshal shall not prohibit the dispensing or delivery of flammable or combustible motor vehicle fuels directly into the fuel tanks of vehicles from tank trucks, tank wagons, or other portable tanks. The State Fire Marshal shall adopt rules (i) for the issuance of permits for the dispensing of motor vehicle fuels in the manner described in this paragraph (d), (ii) that establish fees for permits and inspections, and provide for those fees to be deposited into the Fire Prevention Fund, (iii) that require the dispensing of motor fuel in the manner described in this paragraph (d) to meet conditions consistent with nationally recognized standards such as those of the National Fire Protection Association, and (iv) that restrict the dispensing of motor vehicle fuels in the manner described in this paragraph (d) to the following:

- (A) agriculture sites for agricultural purposes;
- (B) construction sites for refueling construction

equipment used at the construction site;

(C) sites used for the parking, operation, or maintenance of a commercial vehicle fleet, but only if the site is located in a county with 3,000,000 or more inhabitants or a county contiguous to a county with 3,000,000 or more inhabitants and the site is not normally accessible to the public;

(D) sites used for the refueling of police, fire, or emergency medical services vehicles or other vehicles that are owned, leased, or operated by (or operated under contract with) the State, a unit of local government, or a school district, or any agency of the State and that are not normally accessible to the public; and

(E) any of the following sites permitted under the Environmental Protection Act, provided that the only refueling at the sites is limited to off-road vehicles and equipment used at and for the operation of the sites:

(i) waste disposal sites;

(ii) sanitary landfills; and

(iii) municipal solid waste landfill units.

(2)(a) The Office of the State Fire Marshal shall adopt rules and regulations regarding underground storage tanks and associated piping and no municipality or other political subdivision shall adopt or enforce any ordinances or regulations regarding such underground tanks and piping other than those which are identical to the rules and regulations of

the Office of the State Fire Marshal. It is declared to be the law of this State, pursuant to paragraphs (h) and (i) of Section 6 of Article VII of the Illinois Constitution, that the establishment and enforcement of standards regarding underground storage tanks and associated piping within the jurisdiction of the Office of the State Fire Marshal is an exclusive State function which may not be exercised concurrently by a home rule unit except as expressly permitted in this Act.

(b) The Office of the State Fire Marshal may enter into written contracts with municipalities of over 500,000 in population to enforce the rules and regulations adopted under this subsection.

(3)(a) The Office of the State Fire Marshal shall have authority over underground storage tanks which contain, have contained, or are designed to contain petroleum, hazardous substances and regulated substances as those terms are used in Subtitle I of the Hazardous and Solid Waste Amendments of 1984 (P.L. 98-616), as amended by the Superfund Amendments and Reauthorization Act of 1986 (P.L. 99-499). The Office shall have the power with regard to underground storage tanks to require any person who tests, installs, repairs, replaces, relines, or removes any underground storage tank system containing, formerly containing, or which is designed to contain petroleum or other regulated substances, to obtain a permit to install, repair, replace, reline, or remove the

particular tank system, and to pay a fee set by the Office for a permit to install, repair, replace, reline, upgrade, test, or remove any portion of an underground storage tank system. All persons who do repairs above grade level for themselves need not pay a fee or be certified. All fees received by the Office from certification and permits shall be deposited in the Fire Prevention Fund for the exclusive use of the Office in administering the Underground Storage Tank program.

(b)(i) Within 120 days after the promulgation of regulations or amendments thereto by the Administrator of the United States Environmental Protection Agency to implement Section 9003 of Subtitle I of the Hazardous and Solid Waste Amendments of 1984 (P.L. 98-616) of the Resource Conservation and Recovery Act of 1976 (P.L. 94-580), as amended, the Office of the State Fire Marshal shall adopt regulations or amendments thereto which are identical in substance. The rulemaking provisions of Section 5-35 of the Illinois Administrative Procedure Act shall not apply to regulations or amendments thereto adopted pursuant to this subparagraph (i).

(ii) The Office of the State Fire Marshal may adopt additional regulations relating to an underground storage tank program that are not inconsistent with and at least as stringent as Section 9003 of Subtitle I of the Hazardous and Solid Waste Amendments of 1984 (P.L. 98-616) of the Resource Conservation and Recovery Act of 1976 (P.L. 94-580), as amended, or regulations adopted thereunder. Except as provided

otherwise in subparagraph (i) of this paragraph (b), the Office of the State Fire Marshal shall not adopt regulations relating to corrective action at underground storage tanks. Regulations adopted pursuant to this subsection shall be adopted in accordance with the procedures for rulemaking in Section 5-35 of the Illinois Administrative Procedure Act.

(c) The Office of the State Fire Marshal shall require any person, corporation, or other entity who tests an underground tank or its piping or cathodic protection for another to report the results of such test to the Office.

(d) In accordance with constitutional limitations, the Office shall have authority to enter at all reasonable times upon any private or public property for the purpose of:

(i) Inspecting and investigating to ascertain possible violations of this Act, of regulations thereunder, or of permits or terms or conditions thereof; or

(ii) In accordance with the provisions of this Act, taking whatever emergency action, that is necessary or appropriate, to ensure ~~assure~~ that the public health or safety is not threatened whenever there is a release or a substantial threat of a release of petroleum or a regulated substance from an underground storage tank.

(e) The Office of the State Fire Marshal may issue an Administrative Order to any person who it reasonably believes has violated the rules and regulations governing underground storage tanks, including the installation, repair, leak

detection, cathodic protection tank testing, removal, or release notification. Such an order shall be served by registered or certified mail or in person. Any person served with such an order may appeal such order by submitting in writing any such appeal to the Office within 10 days of the date of receipt of such order. The Office shall conduct an administrative hearing governed by the Illinois Administrative Procedure Act and enter an order to sustain, modify, or revoke such order. Any appeal from such order shall be to the circuit court of the county in which the violation took place and shall be governed by the Administrative Review Law.

(f) The Office of the State Fire Marshal shall not require the removal of an underground tank system taken out of operation before January 2, 1974, except in the case in which the office of the State Fire Marshal has determined that a release from the underground tank system poses a current or potential threat to human health and the environment. In that case, and upon receipt of an Order from the Office of the State Fire Marshal, the owner or operator of the nonoperational underground tank system shall assess the excavation zone and close the system in accordance with regulations promulgated by the Office of the State Fire Marshal.

(4)(a) The Office of the State Fire Marshal shall adopt rules and regulations regarding aboveground storage tanks and associated piping and no municipality or other political subdivision shall adopt or enforce any ordinances or

regulations regarding such aboveground tanks and piping other than those which are identical to the rules and regulations of the Office of the State Fire Marshal unless, in the interest of fire safety, the Office of the State Fire Marshal delegates such authority to municipalities, political subdivisions, or home rule units. A facility used for: (i) agricultural purposes at an agricultural site; (ii) refueling construction equipment at a construction site; or (iii) parking, operating, or maintaining a commercial vehicle fleet, may store an aggregate total of 12,000 gallons of fuel for dispensing in aboveground storage tanks, as long as the facility complies with all other requirements of the rules of the Office of the State Fire Marshal. It is declared to be the law of this State, pursuant to paragraphs (h) and (i) of Section 6 of Article VII of the Illinois Constitution, that the establishment of standards regarding aboveground storage tanks and associated piping within the jurisdiction of the Office of the State Fire Marshal is an exclusive State function which may not be exercised concurrently by a home rule unit except as expressly permitted in this Act.

(b) The Office of the State Fire Marshal shall enforce its rules and regulations concerning aboveground storage tanks and associated piping; however, municipalities may enforce any of their zoning ordinances or zoning regulations regarding aboveground tanks. The Office of the State Fire Marshal may issue an administrative order to any owner of an aboveground

storage tank and associated piping it reasonably believes to be in violation of such rules and regulations to remedy or remove any such violation. Such an order shall be served by registered or certified mail or in person. Any person served with such an order may appeal such order by submitting in writing any such appeal to the Office within 10 days of the date of receipt of such order. The Office shall conduct an administrative hearing governed by the Illinois Administrative Procedure Act and enter an order to sustain, modify or revoke such order. Any appeal from such order shall be to the circuit court of the county in which the violation took place and shall be governed by the Administrative Review Law.

(430 ILCS 65/10) (from Ch. 38, par. 83-10)

Sec. 10. Appeals; hearing; relief from firearm prohibitions.

(a) Whenever an application for a Firearm Owner's Identification Card is denied or whenever such a Card is suspended or revoked as provided for in Section 8, 8.2, or 8.3 of this Act, upon complying with the requirements of Section 9.5 of the Act, the aggrieved party may (1) file a record challenge with the Director regarding the record upon which the decision to deny or revoke the Firearm Owner's Identification Card was based under subsection (a-5); or (2) appeal to the Director of the Illinois State Police through

December 31, 2022, or beginning January 1, 2023, the Firearm Owner's Identification Card Review Board for a hearing seeking relief from such denial, suspension, or revocation unless the denial, suspension, or revocation was based upon a forcible felony, stalking, aggravated stalking, domestic battery, any violation of the Illinois Controlled Substances Act, the Methamphetamine Control and Community Protection Act, or the Cannabis Control Act that is classified as a Class 2 or greater felony, any felony violation of Article 24 of the Criminal Code of 1961 or the Criminal Code of 2012, or any adjudication as a delinquent minor for the commission of an offense that if committed by an adult would be a felony, in which case the aggrieved party may petition the circuit court in writing in the county of his or her residence for a hearing seeking relief from such denial or revocation.

(a-5) There is created a Firearm Owner's Identification Card Review Board to consider any appeal under subsection (a) beginning January 1, 2023, other than an appeal directed to the circuit court and except when the applicant is challenging the record upon which the decision to deny or revoke was based as provided in subsection (a-10).

(0.05) In furtherance of the policy of this Act that the Board shall exercise its powers and duties in an independent manner, subject to the provisions of this Act but free from the direction, control, or influence of any other agency or department of State government. All

expenses and liabilities incurred by the Board in the performance of its responsibilities hereunder shall be paid from funds which shall be appropriated to the Board by the General Assembly for the ordinary and contingent expenses of the Board.

(1) The Board shall consist of 7 members appointed by the Governor, with the advice and consent of the Senate, with 3 members residing within the First Judicial District and one member residing within each of the 4 remaining Judicial Districts. No more than 4 members shall be members of the same political party. The Governor shall designate one member as the chairperson. The members shall have actual experience in law, education, social work, behavioral sciences, law enforcement, or community affairs or in a combination of those areas.

(2) The terms of the members initially appointed after January 1, 2022 (the effective date of Public Act 102-237) shall be as follows: one of the initial members shall be appointed for a term of one year, 3 shall be appointed for terms of 2 years, and 3 shall be appointed for terms of 4 years. Thereafter, members shall hold office for 4 years, with terms expiring on the second Monday in January immediately following the expiration of their terms and every 4 years thereafter. Members may be reappointed. Vacancies in the office of member shall be filled in the same manner as the original appointment, for the remainder

of the unexpired term. The Governor may remove a member for incompetence, neglect of duty, malfeasance, or inability to serve. Members shall receive compensation in an amount equal to the compensation of members of the Executive Ethics Commission and, beginning July 1, 2023, shall be compensated from appropriations provided to the Comptroller for this purpose. Members may be reimbursed, from funds appropriated for such a purpose, for reasonable expenses actually incurred in the performance of their Board duties. The Illinois State Police shall designate an employee to serve as Executive Director of the Board and provide logistical and administrative assistance to the Board.

(3) The Board shall meet at least quarterly each year and at the call of the chairperson as often as necessary to consider appeals of decisions made with respect to applications for a Firearm Owner's Identification Card under this Act. If necessary to ensure the participation of a member, the Board shall allow a member to participate in a Board meeting by electronic communication. Any member participating electronically shall be deemed present for purposes of establishing a quorum and voting.

(4) The Board shall adopt rules for the review of appeals and the conduct of hearings. The Board shall maintain a record of its decisions and all materials considered in making its decisions. All Board decisions

and voting records shall be kept confidential and all materials considered by the Board shall be exempt from inspection except upon order of a court.

(5) In considering an appeal, the Board shall review the materials received concerning the denial or revocation by the Illinois State Police. By a vote of at least 4 members, the Board may request additional information from the Illinois State Police or the applicant or the testimony of the Illinois State Police or the applicant. The Board may require that the applicant submit electronic fingerprints to the Illinois State Police for an updated background check if the Board determines it lacks sufficient information to determine eligibility. The Board may consider information submitted by the Illinois State Police, a law enforcement agency, or the applicant. The Board shall review each denial or revocation and determine by a majority of members whether an applicant should be granted relief under subsection (c).

(6) The Board shall by order issue summary decisions. The Board shall issue a decision within 45 days of receiving all completed appeal documents from the Illinois State Police and the applicant. However, the Board need not issue a decision within 45 days if:

(A) the Board requests information from the applicant, including, but not limited to, electronic fingerprints to be submitted to the Illinois State

Police, in accordance with paragraph (5) of this subsection, in which case the Board shall make a decision within 30 days of receipt of the required information from the applicant;

(B) the applicant agrees, in writing, to allow the Board additional time to consider an appeal; or

(C) the Board notifies the applicant and the Illinois State Police that the Board needs an additional 30 days to issue a decision. The Board may only issue 2 extensions under this subparagraph (C). The Board's notification to the applicant and the Illinois State Police shall include an explanation for the extension.

(7) If the Board determines that the applicant is eligible for relief under subsection (c), the Board shall notify the applicant and the Illinois State Police that relief has been granted and the Illinois State Police shall issue the Card.

(8) Meetings of the Board shall not be subject to the Open Meetings Act and records of the Board shall not be subject to the Freedom of Information Act.

(9) The Board shall report monthly to the Governor and the General Assembly on the number of appeals received and provide details of the circumstances in which the Board has determined to deny Firearm Owner's Identification Cards under this subsection (a-5). The report shall not

contain any identifying information about the applicants.

(a-10) Whenever an applicant or cardholder is not seeking relief from a firearms prohibition under subsection (c) but rather does not believe the applicant is appropriately denied or revoked and is challenging the record upon which the decision to deny or revoke the Firearm Owner's Identification Card was based, or whenever the Illinois State Police fails to act on an application within 30 days of its receipt, the applicant shall file such challenge with the Director. The Director shall render a decision within 60 business days of receipt of all information supporting the challenge. The Illinois State Police shall adopt rules for the review of a record challenge.

(b) At least 30 days before any hearing in the circuit court, the petitioner shall serve the relevant State's Attorney with a copy of the petition. The State's Attorney may object to the petition and present evidence. At the hearing, the court shall determine whether substantial justice has been done. Should the court determine that substantial justice has not been done, the court shall issue an order directing the Illinois State Police to issue a Card. However, the court shall not issue the order if the petitioner is otherwise prohibited from obtaining, possessing, or using a firearm under federal law.

(c) Any person prohibited from possessing a firearm under Sections 24-1.1 or 24-3.1 of the Criminal Code of 2012 or

acquiring a Firearm Owner's Identification Card under Section 8 of this Act may apply to the Firearm Owner's Identification Card Review Board or petition the circuit court in the county where the petitioner resides, whichever is applicable in accordance with subsection (a) of this Section, requesting relief from such prohibition and the Board or court may grant such relief if it is established by the applicant to the court's or the Board's satisfaction that:

(0.05) when in the circuit court, the State's Attorney has been served with a written copy of the petition at least 30 days before any such hearing in the circuit court and at the hearing the State's Attorney was afforded an opportunity to present evidence and object to the petition;

(1) the applicant has not been convicted of a forcible felony under the laws of this State or any other jurisdiction within 20 years of the applicant's application for a Firearm Owner's Identification Card, or at least 20 years have passed since the end of any period of imprisonment imposed in relation to that conviction;

(2) the circumstances regarding a criminal conviction, where applicable, the applicant's criminal history and his reputation are such that the applicant will not be likely to act in a manner dangerous to public safety;

(3) granting relief would not be contrary to the public interest; and

(4) granting relief would not be contrary to federal law.

(c-5) (1) An active law enforcement officer employed by a unit of government or a Department of Corrections employee authorized to possess firearms who is denied, revoked, or has his or her Firearm Owner's Identification Card seized under subsection (e) of Section 8 of this Act may apply to the Firearm Owner's Identification Card Review Board requesting relief if the officer or employee did not act in a manner threatening to the officer or employee, another person, or the public as determined by the treating clinical psychologist or physician, and as a result of his or her work is referred by the employer for or voluntarily seeks mental health evaluation or treatment by a licensed clinical psychologist, psychiatrist, advanced practice psychiatric nurse, or qualified examiner, and:

(A) the officer or employee has not received treatment involuntarily at a mental health facility, regardless of the length of admission; or has not been voluntarily admitted to a mental health facility for more than 30 days and not for more than one incident within the past 5 years; and

(B) the officer or employee has not left the mental institution against medical advice.

(2) The Firearm Owner's Identification Card Review Board shall grant expedited relief to active law enforcement

officers and employees described in paragraph (1) of this subsection (c-5) upon a determination by the Board that the officer's or employee's possession of a firearm does not present a threat to themselves, others, or public safety. The Board shall act on the request for relief within 30 business days of receipt of:

(A) a notarized statement from the officer or employee in the form prescribed by the Board detailing the circumstances that led to the hospitalization;

(B) all documentation regarding the admission, evaluation, treatment and discharge from the treating licensed clinical psychologist or psychiatrist of the officer;

(C) a psychological fitness for duty evaluation of the person completed after the time of discharge; and

(D) written confirmation in the form prescribed by the Board from the treating licensed clinical psychologist or psychiatrist that the provisions set forth in paragraph (1) of this subsection (c-5) have been met, the person successfully completed treatment, and their professional opinion regarding the person's ability to possess firearms.

(3) Officers and employees eligible for the expedited relief in paragraph (2) of this subsection (c-5) have the burden of proof on eligibility and must provide all information required. The Board may not consider granting

expedited relief until the proof and information is received.

(4) "Clinical psychologist", "psychiatrist", "advanced practice psychiatric nurse", and "qualified examiner" shall have the same meaning as provided in Chapter I of the Mental Health and Developmental Disabilities Code.

(5) No later than January 1, 2026, the Firearm Owner's Identification Card Review Board shall establish a process by which any person who is subject to the provisions of subsection (f) of Section 8 of this Act may request expedited review from the Firearm Owner's Identification Card Review Board.

(A) The Board shall disclose to an individual requesting an expedited review any information relating to the individual that was provided by the Department under subsection (d) of Section 8.1, subject to redactions.

(B) The individual requesting expedited review may submit to the Firearm Owner's Identification Card Review Board an objection to any redaction made pursuant to subparagraph (A) of paragraph (5) of subsection (c-5) of this Section. The objection must specify the basis for the individual's belief that the redacted information is necessary for a full and fair review.

(C) In determining whether information should be unredacted, the Board may consider any relevant factor, including, but not limited to, (i) the extent to which the disclosure of such information is necessary to provide the

individual with a meaningful opportunity to understand, respond to, or rebut evidence for the basis for the denial or revocation and (ii) the safety and well-being of any person who, directly or indirectly, is the source or reporter of such information.

(D) The Board, Illinois State Police, or the employees and agents of the Board and Illinois State Police participating in this process under this Act shall not be held liable for damages in any civil action arising from the disclosure or non-disclosure of the information released to an individual as part of this process.

(c-10) (1) An applicant, who is denied, revoked, or has his or her Firearm Owner's Identification Card seized under subsection (e) of Section 8 of this Act based upon a determination of a developmental disability or an intellectual disability may apply to the Firearm Owner's Identification Card Review Board requesting relief.

(2) The Board shall act on the request for relief within 60 business days of receipt of written certification, in the form prescribed by the Board, from a physician or clinical psychologist, advanced practice psychiatric nurse, or qualified examiner, that the aggrieved party's developmental disability or intellectual disability condition is determined by a physician, clinical psychologist, or qualified to be mild. If a fact-finding conference is scheduled to obtain additional information concerning the circumstances of the

denial or revocation, the 60 business days the Director has to act shall be tolled until the completion of the fact-finding conference.

(3) The Board may grant relief if the aggrieved party's developmental disability or intellectual disability is mild as determined by a physician, clinical psychologist, advanced practice psychiatric nurse, or qualified examiner and it is established by the applicant to the Board's satisfaction that:

(A) granting relief would not be contrary to the public interest; and

(B) granting relief would not be contrary to federal law.

(4) The Board may not grant relief if the condition is determined by a physician, clinical psychologist, advanced practice psychiatric nurse, or qualified examiner to be moderate, severe, or profound.

(5) The changes made to this Section by Public Act 99-29 apply to requests for relief pending on or before July 10, 2015 (the effective date of Public Act 99-29), except that the 60-day period for the Director to act on requests pending before the effective date shall begin on July 10, 2015 (the effective date of Public Act 99-29). All appeals as provided in subsection (a-5) pending on January 1, 2023 shall be considered by the Board.

(d) When a minor is adjudicated delinquent for an offense which if committed by an adult would be a felony, the court

shall notify the Illinois State Police.

(e) The court shall review the denial of an application or the revocation of a Firearm Owner's Identification Card of a person who has been adjudicated delinquent for an offense that if committed by an adult would be a felony if an application for relief has been filed at least 10 years after the adjudication of delinquency and the court determines that the applicant should be granted relief from disability to obtain a Firearm Owner's Identification Card. If the court grants relief, the court shall notify the Illinois State Police that the disability has been removed and that the applicant is eligible to obtain a Firearm Owner's Identification Card.

(f) Any person who is subject to the disabilities of 18 U.S.C. 922(d)(4) and 922(g)(4) of the federal Gun Control Act of 1968 because of an adjudication or commitment that occurred under the laws of this State or who was determined to be subject to the provisions of subsections (e), (f), or (g) of Section 8 of this Act may apply to the Board requesting relief from that prohibition. The Board shall grant the relief if it is established by a preponderance of the evidence that the person will not be likely to act in a manner dangerous to public safety and that granting relief would not be contrary to the public interest. In making this determination, the Board shall receive evidence concerning (i) the circumstances regarding the firearms disabilities from which relief is sought; (ii) the petitioner's mental health and criminal

history records, if any; (iii) the petitioner's reputation, developed at a minimum through character witness statements, testimony, or other character evidence; and (iv) changes in the petitioner's condition or circumstances since the disqualifying events relevant to the relief sought. Notwithstanding any other provision of this Act or any other law to the contrary, the Illinois State Police shall provide the Board or any court with jurisdiction with all records relevant to the request for relief under Section 8.1. If relief is granted under this subsection or by order of a court under this Section, the Director shall as soon as practicable but in no case later than 15 business days, update, correct, modify, or remove the person's record in any database that the Illinois State Police makes available to the National Instant Criminal Background Check System and notify the United States Attorney General that the basis for the record being made available no longer applies. The Illinois State Police shall adopt rules for the administration of this Section.

Section 915. The Toll Highway Act is amended by changing Section 8.5 as follows:

(605 ILCS 10/8.5)

Sec. 8.5. Toll Highway Inspector General.

(a) The Governor shall, with the advice and consent of the Senate by three-fifths of the elected members concurring by record vote, appoint a Toll Highway Inspector General for the purpose of detection, deterrence, and prevention of fraud, corruption, and mismanagement in the Authority. The Toll Highway Inspector General shall serve a 5-year term. If, during a recess of the Senate, there is a vacancy in the office of the Toll Highway Inspector General, the Governor shall make a temporary appointment until the next meeting of the Senate when the Governor shall make a nomination to fill that office. No person rejected for the office of the Toll Highway Inspector General shall, except by the Senate's request, be nominated again for that office at the same session of the Senate or be appointed to that office during a recess of that Senate. The Governor may not appoint a relative, as defined by item (6) of Section 10-15 of the State Officials and Employees Ethics Act, as the Toll Highway Inspector General. The Toll Highway Inspector General may be removed only for cause and may be removed only by the Governor.

(b) The Toll Highway Inspector General shall have the following qualifications:

- (1) has not been convicted of any felony under the laws of this State, another state, or the United States;
- (2) has earned a baccalaureate degree from an institution of higher education; and

(3) has 5 or more years of cumulative service (i) with a federal, state, or local law enforcement agency, at least 2 years of which have been in a progressive investigatory capacity; (ii) as a federal, state, or local prosecutor; (iii) as a federal or state judge with a criminal docket; (iv) as a senior manager or executive of a federal, state, or local agency; or (v) representing any combination of (i) through (iv).

(c) The term of the initial Toll Highway Inspector General shall commence upon qualification and shall run through June 30, 2015. The initial appointments shall be made within 60 days after January 1, 2011 (the effective date of Public Act 96-1347) ~~this amendatory Act of the 96th General Assembly~~. After the initial term, each Toll Highway Inspector General shall serve for 5-year terms commencing on July 1 of the year of appointment and running through June 30 of the fifth following year. A Toll Highway Inspector General may be reappointed to one or more subsequent terms. A vacancy occurring other than at the end of a term shall be filled by the Governor only for the balance of the term of the Toll Highway Inspector General whose office is vacant. Terms shall run regardless of whether the position is filled.

(d) The Toll Highway Inspector General shall have jurisdiction over the Authority and all board members, officers, and employees of, and vendors, subcontractors, and others doing business with, the Authority. The jurisdiction of

the Toll Highway Inspector General is to investigate allegations of fraud, waste, abuse, mismanagement, misconduct, nonfeasance, misfeasance, or malfeasance. Investigations may be based on complaints from any source, including anonymous sources, and may be self-initiated, without a complaint. An investigation may not be initiated more than 5 ~~five~~ years after the most recent act of the alleged violation or of a series of alleged violations except where there is reasonable cause to believe that fraudulent concealment has occurred. To constitute fraudulent concealment sufficient to toll this limitations period, there must be an affirmative act or representation calculated to prevent discovery of the fact that a violation has occurred. The authority to investigate alleged violations of the State Officials and Employees Ethics Act by officers, employees, vendors, subcontractors, and others doing business with the Authority shall remain with the Office of the Governor's Executive Inspector General. The Toll Highway Inspector General shall refer allegations of misconduct under the State Officials and Employees Ethics Act to the Office of the Governor's Executive Inspector General for investigation. Upon completion of its investigation into such allegations, the Office of the Governor's Executive Inspector General shall report the results to the Toll Highway Inspector General, and the results of the investigation shall remain subject to any applicable confidentiality provisions in the State Officials and Employees Ethics Act. Where an

investigation into a target or targets is split between allegations of misconduct under the State Officials and Employees Ethics Act, investigated by the Office of the Governor's Executive Inspector General, and allegations that are not of misconduct under the State Officials and Employees Ethics Act, investigated by the Toll Highway Inspector General, the Toll Highway Inspector General shall take reasonable steps, including continued consultation with the Office of the Governor's Executive Inspector General, to ensure that its investigation will not interfere with or disrupt any investigation by the Office of the Governor's Executive Inspector General or law enforcement authorities. In instances in which the Toll Highway Inspector General continues to investigate other allegations associated with allegations that have been referred to the Office of the Governor's Executive Inspector General pursuant to this subsection, the Toll Highway Inspector General shall report the results of its investigation to the Office of the Governor's Executive Inspector General.

(e)(1) If the Toll Highway Inspector General, upon the conclusion of an investigation, determines that reasonable cause exists to believe that fraud, waste, abuse, mismanagement, misconduct, nonfeasance, misfeasance, or malfeasance has occurred, then the Toll Highway Inspector General shall issue a summary report of the investigation. The report shall be delivered to the appropriate authority

pursuant to paragraph (3) of subsection (f) of this Section, which shall have 20 days to respond to the report.

(2) The summary report of the investigation shall include the following:

(A) a description of any allegations or other information received by the Toll Highway Inspector General pertinent to the investigation.

(B) a description of any alleged misconduct discovered in the course of the investigation.

(C) recommendations for any corrective or disciplinary action to be taken in response to any alleged misconduct described in the report, including but not limited to a discharge.

(D) other information the Toll Highway Inspector General deems relevant to the investigation or resulting recommendations.

(3) Within 60 days after issuance of a final summary report that resulted in a suspension of at least 3 days or termination of employment, the Toll Highway Inspector General shall make the report available to the public by presenting the report to the Board of the Authority and by posting to the Authority's public website. The Toll Highway Inspector General shall redact information in the summary report that may reveal the identity of witnesses, complainants, or informants or if the Toll Highway Inspector General determines it is appropriate to protect

the identity of a person before the report is made public. The Toll Highway Inspector General may also redact any information that he or she believes should not be made public, taking into consideration the factors set forth in this subsection and paragraph (1) of subsection (k) of this Section and other factors deemed relevant by the Toll Highway Inspector General to protect the Authority and any investigations by the Toll Highway Inspector General, other inspector general offices, or law enforcement agencies. Prior to publication, the Toll Highway Inspector General shall permit the respondents and the appropriate authority pursuant to paragraph (3) of subsection (f) of this Section to review the report and the documents to be made public and offer suggestions for redaction or provide a response that shall be made public with the summary report, provided, however, that the Toll Highway Inspector General shall have the sole and final authority to decide what redactions should be made. The Toll Highway Inspector General may make available to the public any other summary report and any such responses or a redacted version of the report and responses.

(4) When the Toll Highway Inspector General concludes that there is insufficient evidence that a violation has occurred, the Toll Highway Inspector General shall close the investigation. The Toll Highway Inspector General shall provide the appropriate authority pursuant to

paragraph (3) of subsection (f) of this Section with a written statement of the Toll Highway Inspector General's decision to close the investigation. At the request of the subject of the investigation, the Toll Highway Inspector General shall provide a written statement to the subject of the investigation of the Toll Highway Inspector General's decision to close the investigation. Closure by the Toll Highway Inspector General does not bar the Toll Highway Inspector General from resuming the investigation if circumstances warrant.

(f) The Toll Highway Inspector General shall:

(1) have access to all information and personnel necessary to perform the duties of the office.

(2) have the power to subpoena witnesses and compel the production of books and papers pertinent to an investigation authorized by this Section. A subpoena may be issued under this paragraph ~~subparagraph~~ (2) only by the Toll Highway Inspector General and not by members of the Toll Highway Inspector General's staff. Any person subpoenaed by the Toll Highway Inspector General has the same rights, under Illinois law, as a person subpoenaed by a grand jury. The power to subpoena or to compel the production of books and papers, however, shall not extend to the person or documents of a labor organization or its representatives insofar as the person or documents of a labor organization relate to the function of representing

an employee subject to investigation under this Section. Subject to a person's privilege against self-incrimination, any person who fails to appear in response to a subpoena, answer any question, or produce any books or papers pertinent to an investigation under this Section, except as otherwise provided in this Section, or who knowingly gives false testimony in relation to an investigation under this Section is guilty of a Class A misdemeanor.

(3) submit reports as required by this Section and applicable administrative rules. Final reports and recommendations shall be submitted to the Authority's Executive Director and the Board of Directors for investigations not involving the Board. Final reports and recommendations shall be submitted to the Chair of the Board and to the Governor for investigations of any Board member other than the Chair of the Board. Final reports and recommendations for investigations of the Chair of the Board shall be submitted to the Governor.

(4) assist and coordinate with the ethics officer for the Authority.

(5) participate in or conduct, when appropriate, multi-jurisdictional investigations provided the investigation involves the Authority in some way, including, but not limited to, joint investigations with the Office of the Governor's Executive Inspector General,

or with State, local, or federal law enforcement authorities.

(6) serve as the Authority's primary liaison with law enforcement, investigatory, and prosecutorial agencies and, in that capacity, the Toll Highway Inspector General may request any information or assistance that may be necessary for carrying out the duties and responsibilities provided by this Section from any local, state, or federal governmental agency or unit thereof.

(7) review hiring and employment files of the Authority to ensure compliance with *Rutan v. Republican Party of Illinois*, 497 U.S. 62 (1990), and with all applicable employment laws.

(8) establish a policy that ensures the appropriate handling and correct recording of all investigations conducted by the Office, and ensures that the policy is accessible via the Internet in order that those seeking to report suspected wrongdoing are familiar with the process and that the subjects of those allegations are treated fairly.

(9) receive and investigate complaints or information from an employee of the Authority concerning the possible existence of an activity constituting a violation of law, rules, or regulations, mismanagement, abuse of authority, or substantial and specific danger to the public health and safety. Any employee of the Authority who knowingly

files a false complaint or files a complaint with reckless disregard for the truth or falsity of the facts underlying the complaint may be subject to discipline.

(10) review, coordinate, and recommend methods and procedures to increase the integrity of the Authority.

(g) Within 6 ~~six~~ months of appointment, the initial Toll Highway Inspector General shall propose rules, in accordance with the provisions of the Illinois Administrative Procedure Act, establishing minimum requirements for initiating, conducting, and completing investigations. The rules must establish criteria for determining, based upon the nature of the allegation, the appropriate method of investigation, which may include, but is not limited to, site visits, telephone contacts, personal interviews, or requests for written responses. The rules must establish the process, contents, and timing for final reports and recommendations by the Toll Highway Inspector General and for a response and any remedial, disciplinary, or both action by an individual or individuals receiving the final reports and recommendations. The rules must also clarify how the Office of the Toll Highway Inspector General shall interact with other local, state, and federal law enforcement authorities and investigations. Such rules shall provide that investigations and inquiries by the Office of the Toll Highway Inspector General must be conducted in compliance with the provisions of any collective bargaining agreement that applies to the affected employees of the

Authority and that any recommendation for discipline or other action against any employee by the Office of the Toll Highway Inspector General must comply with the provisions of any applicable collective bargaining agreement.

(h) The Office of the Toll Highway Inspector General shall be an independent office of the Authority. Within its annual budget, the Authority shall provide a clearly delineated budget for the Office of the Toll Highway Inspector General. The budget of the Office of the Toll Highway Inspector General shall be adequate to support an independent and effective office. Except with the consent of the Toll Highway Inspector General, the Authority shall not reduce the budget of the Office of the Toll Highway Inspector General by more than 10% ~~10 percent~~ (i) within any fiscal year or (ii) over the 5-year ~~five-year~~ term of each Toll Highway Inspector General. To the extent allowed by law and the Authority's policies, the Toll Highway Inspector General shall have sole responsibility for organizing the Office of the Toll Highway Inspector General within the budget established by the Toll Highway Board, including the recruitment, supervision, and discipline of the employees of that Office ~~office~~. The Toll Highway Inspector General shall report directly to the Board of Directors of the Authority with respect to the prompt and efficient operation of the Office of the Toll ~~Tollway~~ Highway Inspector General.

(i)(1) No Toll Highway Inspector General or employee of the Office of the Toll Highway Inspector General may, during

his or her term of appointment or employment:

(A) become a candidate for any elective office;

(C) be actively involved in the affairs of any political party or political organization; or

(D) advocate for the appointment of another person to an appointed public office or elected office or position or actively participate in any campaign for any elective office. As used in this paragraph (1), "appointed public office" means a position authorized by law that is filled by an appointing authority as provided by law and does not include employment by hiring in the ordinary course of business.

(2) No Toll Highway Inspector General or employee of the Office of the Toll Highway Inspector General may, for one year after the termination of his or her appointment or employment:

(A) become a candidate for any elective office;

(B) hold any elected public office; or

(C) hold any appointed State, county, or local judicial office.

(3) The requirements of subparagraph (C) of paragraph (2) of this subsection may be waived by the Executive Ethics Commission.

(j) All Board members, officers, and employees of the Authority have a duty to cooperate with the Toll Highway Inspector General and employees of the Office of the Toll Highway Inspector General in any investigation undertaken pursuant to this Section. Failure to cooperate includes, but is not limited to, intentional omissions and knowing false statements. Failure to cooperate with an investigation pursuant to this Section is grounds for disciplinary action, including termination of employment. Nothing in this Section limits or alters a person's existing rights or protections under State or federal law.

(k)(1) The identity of any individual providing information or reporting any possible or alleged misconduct to the Toll Highway Inspector General shall be kept confidential and may not be disclosed without the consent of that individual, unless the individual consents to disclosure of his or her name or disclosure of the individual's identity is otherwise required by law. The confidentiality granted by this subsection does not preclude the disclosure of the identity of a person in any capacity other than as the source of an allegation.

(2) Subject to the provisions of subsection (e) of this Section, the Toll Highway Inspector General, and employees and agents of the Office of the Toll Highway Inspector General, shall keep confidential and shall not disclose information exempted from disclosure under the Freedom of Information Act

or by this Act.

(l) If the Toll Highway Inspector General determines that any alleged misconduct involves any person not subject to the jurisdiction of the Toll Highway Inspector General, the Toll Highway Inspector General shall refer the reported allegations to the appropriate Inspector General, appropriate ethics commission, or other appropriate body. If the Toll Highway Inspector General determines that any alleged misconduct may give rise to criminal penalties, the Toll Highway Inspector General may refer the allegations regarding that misconduct to the appropriate law enforcement authority. If a Toll Highway Inspector General determines that any alleged misconduct resulted in the loss of public funds in an amount of \$5,000 or greater, the Toll Highway Inspector General shall refer the allegations regarding that misconduct to the Attorney General and any other appropriate law enforcement authority.

(m) The Toll Highway Inspector General shall provide to the Governor, the Board of the Authority, and the General Assembly a summary of reports and investigations made under this Section no later than March 31 and September 30 of each year. The summaries shall detail the final disposition of the Inspector General's recommendations. The summaries shall not contain any confidential or identifying information concerning the subjects of the reports and investigations. The summaries shall also include detailed, recommended administrative actions and matters for consideration by the Governor, the

Board of the Authority, and the General Assembly.

(n) Any employee of the Authority subject to investigation or inquiry by the Toll Highway Inspector General or any agent or representative of the Toll Highway Inspector General concerning misconduct that is criminal in nature shall have the right to be notified of the right to remain silent during the investigation or inquiry and the right to be represented in the investigation or inquiry by an attorney or a representative of a labor organization that is the exclusive collective bargaining representative of employees of the Authority. Any investigation or inquiry by the Toll Highway Inspector General or any agent or representative of the Toll Highway Inspector General must be conducted in accordance with the rights of the employees as set forth in State and federal law and applicable judicial decisions. Any recommendations for discipline or any action taken against any employee by the Toll Highway Inspector General or any representative or agent of the Toll Highway Inspector General must comply with the provisions of the collective bargaining agreement that applies to the employee.

(o) Nothing in this Section shall diminish the rights, privileges, or remedies of a State employee under any other federal or State law, rule, or regulation or under any collective bargaining agreement.

(Source: P.A. 85-951; revised 6-27-25.)

(625 ILCS 5/3-401) (from Ch. 95 1/2, par. 3-401)

Sec. 3-401. Effect of provisions.

(a) It shall be unlawful for any person to violate any provision of this Chapter or to drive or move or for an owner knowingly to permit to be driven or moved upon any highway any vehicle of a type required to be registered hereunder which is not registered or for which the appropriate fee has not been paid when and as required hereunder, except that when application accompanied by proper fee has been made for registration of a vehicle it may be operated temporarily pending complete registration upon displaying a duplicate application duly verified or other evidence of such application or otherwise under rules and regulations

promulgated by the Secretary of State.

(b) The appropriate fees required to be paid under the various provisions of this Code Act for registration of vehicles shall mean the fee or fees which would have been paid initially, if proper and timely application had been made to the Secretary of State for the appropriate registration required, whether such registration is ~~be~~ a flat weight registration, a single trip permit, a reciprocity permit, or a supplemental application to an original prorate application together with payment of fees due under the supplemental application for prorate decals.

(c) Effective October 1, 1984, no vehicle required to pay a Federal Highway Users Tax shall be registered unless proof of payment, in a form prescribed and approved by the Secretary of State, is submitted with the appropriate registration. Notwithstanding any other provision of this Code, failure of the applicant to comply with this paragraph shall be deemed grounds for the Secretary to refuse registration.

(c-1) A vehicle may not be registered by the Secretary of State unless that vehicle:

(1) was originally manufactured for operation on highways;

(2) is a modification of a vehicle that was originally manufactured for operation on highways; or

(3) was assembled from component parts designed for use in vehicles to be operated on highways.

(d) Second division vehicles.

(1) A vehicle of the second division moved or operated within this State shall have had paid for it the appropriate registration fees and flat weight tax, as evidenced by the Illinois registration issued for that vehicle, for the gross weight of the vehicle and load being operated or moved within this State. Second division vehicles of foreign jurisdictions operated within this State under a single trip permit, fleet reciprocity plan, prorate registration plan, or apportional registration plan, instead of second division vehicle registration under Article VIII of this Chapter, must have had paid for it the appropriate registration fees and flat weight tax in the base jurisdiction of that vehicle, as evidenced by the maximum gross weight shown on the foreign registration cards, plus any appropriate fees required under this Code.

(2) If a vehicle and load are operated in this State and the appropriate fees and taxes have not been paid or the vehicle and load exceed the registered gross weight for which the required fees and taxes have been paid by 2,001 ~~2001~~ pounds or more, the operator or owner shall be fined as provided in Section 15-113 of this Code. However, an owner or operator shall not be subject to arrest under this subsection for any weight in excess of 80,000 pounds. Further, no fine shall exceed the actual cost of what the appropriate registration for that vehicle and load should

have been as established in subsection (a) of Section 3-815 of this Chapter regardless of the route traveled. For purposes of this paragraph (2), "appropriate registration" means the full annual cost of the required registration and its associated fees.

(3) Any person operating a legal combination of vehicles displaying valid registration shall not be considered in violation of the registration provision of this subsection unless the total gross weight of the combination exceeds the total licensed weight of the vehicles in the combination. The gross weight of a vehicle exempt from the registration requirements of this Chapter shall not be included when determining the total gross weight of vehicles in combination. Any vehicle operating under an emergency harvest permit, as described in subsection (e-1) of Section 15-301 of this Code, shall not be in violation of this paragraph (3).

(4) If the defendant claims that he or she had previously paid the appropriate Illinois registration fees and taxes for this vehicle before the alleged violation, the defendant shall have the burden of proving the existence of the payment by competent evidence. Proof of proper Illinois registration issued by the Secretary of State, or the appropriate registration authority from the foreign state, shall be the only competent evidence of payment.

(a) In addition to any other special license plate, the Secretary, upon receipt of all applicable fees and applications made in the form prescribed by the Secretary, may issue Universal special license plates to residents of Illinois on behalf of organizations that have been authorized by the General Assembly to issue decals for Universal special license plates. Appropriate documentation, as determined by the Secretary, shall accompany each application. Authorized organizations shall be designated by amendment to this Section. When applying for a Universal special license plate the applicant shall inform the Secretary of the name of the authorized organization from which the applicant will obtain a decal to place on the plate. The Secretary shall make a record of that organization and that organization shall remain affiliated with that plate until the plate is surrendered, revoked, or otherwise canceled. The authorized organization may charge a fee to offset the cost of producing and distributing the decal, but that fee shall be retained by the authorized organization and shall be separate and distinct from any registration fees charged by the Secretary. No decal, sticker, or other material may be affixed to a Universal special license plate other than a decal authorized by the

General Assembly in this Section or a registration renewal sticker. (a) The Secretary of State shall issue to every qualifying applicant a driver's license as applied for, which license shall bear a distinguishing number assigned to the licensee, the legal name, signature, zip code, date of birth, residence address, and a brief description of the licensee.

Licenses issued shall also indicate the classification and the restrictions under Section 6-104 of this Code. The Secretary may adopt rules to establish informational restrictions that can be placed on the driver's license regarding specific conditions of the licensee.

A driver's license issued may, in the discretion of the Secretary, include a suitable photograph of a type prescribed by the Secretary.

(a-1) If the licensee is less than 18 years of age, unless one of the exceptions in subsection (a-2) apply, the license shall, as a matter of law, be invalid for the operation of any motor vehicle during the following times:

(a-4) If an applicant for a driver's license or instruction permit has a current identification card issued by the Secretary of State, the Secretary may require the applicant to utilize the same residence address and name on the identification card, driver's license, and instruction permit records maintained by the Secretary. The Secretary of State shall adopt rules to implement this subsection (a-5).

As used in this subsection (a-5):

"Peace officer" means any person who by virtue of his or her office or public employment is vested by law with a duty to maintain public order or to make arrests for a violation of any penal statute of this State, whether that duty extends to all violations or is limited to specific violations.

"Public official" has the meaning given in Section 10 of the Public Official Safety and Privacy Act.

(b) Until the Secretary of State establishes a First Person Consent organ and tissue donor registry under Section 6-117 of this Code, the Secretary of State shall provide a format on the reverse of each driver's license issued which the licensee may use to execute a document of gift conforming to the provisions of the Illinois Anatomical Gift Act. The format shall allow the licensee to indicate the gift intended, whether specific organs, any organ, or the entire body, and shall accommodate the signatures of the donor and 2 witnesses. The Secretary shall also inform each applicant or licensee of this format, describe the procedure for its execution, and may offer the necessary witnesses; provided that in so doing, the

Secretary shall advise the applicant or licensee that he or she is under no compulsion to execute a document of gift. A brochure explaining this method of executing an anatomical gift document shall be given to each applicant or licensee. The brochure shall advise the applicant or licensee that he or she is under no compulsion to execute a document of gift, and that he or she may wish to consult with family, friends, or clergy before doing so. The Secretary of State may undertake additional efforts, including education and awareness activities, to promote organ and tissue donation.

(c) The Secretary of State shall designate on each driver's license issued a space where the licensee may place a sticker or decal of the uniform size as the Secretary may specify, which sticker or decal may indicate in appropriate language that the owner of the license carries an Emergency Medical Information Card.

The sticker may be provided by any person, hospital, school, medical group, or association interested in assisting in implementing the Emergency Medical Information Card, but shall meet the specifications as the Secretary may by rule or regulation require.

(d) (Blank).

(e) The Secretary of State shall provide that each original or renewal driver's license issued to a licensee under 21 years of age shall be of a distinct nature from those driver's licenses issued to individuals 21 years of age and

older. The color designated for driver's licenses for licensees under 21 years of age shall be at the discretion of the Secretary of State.

(e-1) The Secretary shall provide that each driver's license issued to a person under the age of 21 displays the date upon which the person becomes 18 years of age and the date upon which the person becomes 21 years of age.

(e-3) The General Assembly recognizes the need to identify military veterans living in this State for the purpose of ensuring that they receive all of the services and benefits to which they are legally entitled, including health care, education assistance, and job placement. To assist the State in identifying these veterans and delivering these vital services and benefits, the Secretary of State is authorized to issue drivers' licenses with the word "veteran" appearing on the face of the licenses. This authorization is predicated on the unique status of veterans. The Secretary may not issue any other driver's license which identifies an occupation, status, affiliation, hobby, or other unique characteristics of the license holder which is unrelated to the purpose of the driver's license.

(e-5) Beginning on or before July 1, 2015, the Secretary of State shall designate a space on each original or renewal driver's license where, at the request of the applicant, the word "veteran" shall be placed. The veteran designation shall be available to a person identified as a veteran under

subsection (e) of Section 6-106 of this Code who was discharged or separated under honorable conditions.

(e-7) Upon providing the required documentation, at the request of the applicant, the driver's license may reflect Gold Star Family designation. The Secretary shall designate a space on each original or renewal driver's license for such designation. This designation shall be available to a person eligible for Gold Star license plates under subsection (f) of Section 6-106 of this Code.

(f) The Secretary of State shall inform all Illinois licensed commercial motor vehicle operators of the requirements of the Uniform Commercial Driver License Act, Article V of this Chapter, and shall make provisions to insure that all drivers, seeking to obtain a commercial driver's license, be afforded an opportunity prior to April 1, 1992, to obtain the license. The Secretary is authorized to extend driver's license expiration dates, and assign specific times, dates and locations where these commercial driver's tests shall be conducted. Any applicant, regardless of the current expiration date of the applicant's driver's license, may be subject to any assignment by the Secretary. Failure to comply with the Secretary's assignment may result in the applicant's forfeiture of an opportunity to receive a commercial driver's license prior to April 1, 1992.

(g) The Secretary of State shall designate on a driver's license issued, a space where the licensee may indicate that

he or she has drafted a living will in accordance with the Illinois Living Will Act or a durable power of attorney for health care in accordance with the Illinois Power of Attorney Act.

(g-1) The Secretary of State, in his or her discretion, may designate on each driver's license issued a space where the licensee may place a sticker or decal, issued by the Secretary of State, of uniform size as the Secretary may specify, that shall indicate in appropriate language that the owner of the license has renewed his or her driver's license.

(h) A person who acts in good faith in accordance with the terms of this Section is not liable for damages in any civil action or subject to prosecution in any criminal proceeding for his or her act.

(i) The Secretary shall designate a space on each original or renewal of a driver's license, at the request of the applicant, for a designation as a Gold Star Family. This designation shall be available to a person eligible for Gold Star license plates under subsection (f) of Section 6-106 of this Code.

(b) If any conviction forming the basis of a suspension or revocation authorized under this Section is appealed, the Secretary of State may rescind or withhold the entry of the order of suspension or revocation, as the case may be, provided that a certified copy of a stay order of a court is filed with the Secretary of State. If the conviction is affirmed on appeal, the date of the conviction shall relate

back to the time the original judgment of conviction was entered and the 6-month limitation prescribed shall not apply.

(c) 1. Upon suspending or revoking the driver's license or permit of any person as authorized in this Section, the Secretary of State shall immediately notify the person in writing of the revocation or suspension. The notice to be deposited in the United States mail, postage prepaid, to the last known address of the person.

2. If the Secretary of State suspends the driver's license of a person under subsection 2 of paragraph (a) of this Section, a person's privilege to operate a vehicle as an occupation shall not be suspended, provided an affidavit is properly completed, the appropriate fee received, and a permit issued prior to the effective date of the suspension, unless 5 offenses were committed, at least 2 of which occurred while operating a commercial vehicle in connection with the driver's regular occupation. All other driving privileges shall be suspended by the Secretary of State. Any driver prior to operating a vehicle for occupational purposes only must submit the affidavit on forms to be provided by the Secretary of State setting forth the facts of the person's occupation. permit to operate a vehicle in connection with the driver's regular occupation only. Unless the permit is issued by the Secretary of State prior to the date of suspension, the privilege to drive any motor vehicle shall be suspended as set forth in the notice that was mailed under this Section. If an affidavit is received subsequent to the effective date of this suspension, a permit may be issued for the remainder of the suspension period.

The provisions of this subparagraph shall not apply to any driver required to possess a CDL for the purpose of operating a commercial motor vehicle.

Any person who falsely states any fact in the affidavit required herein shall be guilty of perjury under Section 6-302 and upon conviction thereof shall have all driving privileges revoked without further rights.

3. At the conclusion of a hearing under Section 2-118 of this Code, the Secretary of State shall either rescind or continue an order of revocation or shall substitute an order of suspension; or, good cause appearing therefor, rescind, continue, change, or extend the order of suspension. If the Secretary of State does not rescind the order, the Secretary may upon application, to relieve undue hardship (as defined by the rules of the Secretary of State), issue a restricted driving permit granting the privilege of driving a motor vehicle between the petitioner's residence and petitioner's place of employment or within the scope of the petitioner's

employment-related duties, or to allow the petitioner to transport himself or herself, or a family member of the petitioner's household to a medical facility, to receive necessary medical care, to allow the petitioner to transport himself or herself to and from alcohol or drug remedial or rehabilitative activity recommended by a licensed service provider, or to allow the petitioner to transport himself or herself or a family member of the petitioner's household to classes, as a student, at an accredited educational institution, or to allow the petitioner to transport children, elderly persons, or persons with disabilities who do not hold driving privileges and are living in the petitioner's household to and from day care ~~daycare~~. The petitioner must demonstrate that no alternative means of transportation is reasonably available and that the petitioner will not endanger the public safety or welfare.

(A) If a person's license or permit is revoked or suspended due to 2 or more convictions of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense, or a combination of these offenses, arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a

vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(B) If a person's license or permit is revoked or suspended 2 or more times due to any combination of:

(i) a single conviction of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense or Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense; or

(ii) a statutory summary suspension or revocation under Section 11-501.1; or

(iii) a suspension under Section 6-203.1;

arising out of separate occurrences; that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(B-5) If a person's license or permit is revoked or suspended due to a conviction for a violation of subparagraph (C) or (F) of paragraph (1) of subsection (d) of Section 11-501 of this Code, or a similar provision of a local ordinance or similar out-of-state offense, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(C) The person issued a permit conditioned upon the use of an ignition interlock device must pay to the Secretary of State DUI Administration Fund an amount not to exceed \$30 per month. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees.

(D) If the restricted driving permit is issued for employment purposes, then the prohibition against operating a motor vehicle that is not equipped with an ignition interlock device does not apply to the operation of an occupational vehicle owned or leased by that person's employer when used solely for employment purposes. For any person who, within a 5-year period, is convicted of a second or subsequent offense under Section 11-501 of this Code, or a similar provision of a local ordinance or similar out-of-state offense, this employment exemption does not apply until either a one-year period has elapsed during which that person had his or her driving privileges revoked or a one-year period has elapsed during which that person had a restricted driving permit which required the use of an ignition interlock device on every motor vehicle owned or operated by that person.

(E) In each case the Secretary may issue a restricted driving permit for a period deemed appropriate, except that all permits shall expire no later than 2 years from

the date of issuance. A restricted driving permit issued under this Section shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued under this Code may be cancelled, revoked, or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit. The Secretary of State may, as a condition to the issuance of a restricted driving permit, require the applicant to participate in a designated driver remedial or rehabilitative program. The Secretary of State is authorized to cancel a restricted driving permit if the permit holder does not successfully complete the program.

(F) A person subject to the provisions of paragraph 4 of subsection (b) of Section 6-208 of this Code may make application for a restricted driving permit at a hearing conducted under Section 2-118 of this Code after the expiration of 5 years from the effective date of the most recent revocation or after 5 years from the date of release from a period of imprisonment resulting from a conviction of the most recent offense, whichever is later, provided the person, in addition to all other requirements of the Secretary, shows by clear and convincing evidence:

(i) a minimum of 3 years of uninterrupted abstinence from alcohol and the unlawful use or consumption of cannabis under the Cannabis Control Act, a controlled substance under the Illinois Controlled Substances Act, an intoxicating compound under the Use of Intoxicating Compounds Act, or methamphetamine under the Methamphetamine Control and Community Protection Act; and

(ii) the successful completion of any rehabilitative treatment and involvement in any ongoing rehabilitative activity that may be recommended by a properly licensed service provider according to an assessment of the person's alcohol or drug use under Section 11-501.01 of this Code.

In determining whether an applicant is eligible for a restricted driving permit under this subparagraph (F), the Secretary may consider any relevant evidence, including, but not limited to, testimony, affidavits, records, and the results of regular alcohol or drug tests. Persons subject to the provisions of paragraph 4 of subsection (b) of Section 6-208 of this Code and who have been convicted of more than one violation of paragraph (3), paragraph (4), or paragraph (5) of subsection (a) of Section 11-501 of this Code shall not be eligible to apply for a restricted driving permit under this subparagraph (F).

A restricted driving permit issued under this

subparagraph (F) shall provide that the holder may only operate motor vehicles equipped with an ignition interlock device as required under paragraph (2) of subsection (c) of Section 6-205 of this Code and subparagraph (A) of paragraph 3 of subsection (c) of this Section. The Secretary may revoke a restricted driving permit or amend the conditions of a restricted driving permit issued under this subparagraph (F) if the holder operates a vehicle that is not equipped with an ignition interlock device, or for any other reason authorized under this Code.

A restricted driving permit issued under this subparagraph (F) shall be revoked, and the holder barred from applying for or being issued a restricted driving permit in the future, if the holder is convicted of a violation of Section 11-501 of this Code, a similar provision of a local ordinance, or a similar offense in another state.

(c-3) In the case of a suspension under paragraph 43 of subsection (a), reports received by the Secretary of State under this Section shall, except during the actual time the suspension is in effect, be privileged information and for use only by the courts, police officers, prosecuting authorities, the driver licensing administrator of any other state, the Secretary of State, or the parent or legal guardian of a driver under the age of 18. However, beginning January 1, 2008, if the person is a CDL holder, the suspension shall also be made

available to the driver licensing administrator of any other state, the U.S. Department of Transportation, and the affected driver or motor carrier or prospective motor carrier upon request.

(c-4) In the case of a suspension under paragraph 43 of subsection (a), the Secretary of State shall notify the person by mail that his or her driving privileges and driver's license will be suspended one month after the date of the mailing of the notice.

(c-5) The Secretary of State may, as a condition of the reissuance of a driver's license or permit to an applicant whose driver's license or permit has been suspended before he or she reached the age of 21 years pursuant to any of the provisions of this Section, require the applicant to participate in a driver remedial education course and be retested under Section 6-109 of this Code.

(d) This Section is subject to the provisions of the Driver License Compact.

(e) The Secretary of State shall not issue a restricted driving permit to a person under the age of 16 years whose driving privileges have been suspended or revoked under any provisions of this Code.

(f) In accordance with 49 CFR 384, the Secretary of State may not issue a restricted driving permit for the operation of a commercial motor vehicle to a person holding a CDL whose driving privileges have been suspended, revoked, cancelled, or

disqualified under any provisions of this Code.

If the Secretary of State does not rescind the order, the Secretary may upon application, to relieve undue hardship (as defined by the rules of the Secretary of State), issue a restricted driving permit granting the privilege of driving a motor vehicle between the petitioner's residence and petitioner's place of employment or within the scope of the petitioner's employment-related duties, or to allow the petitioner to transport himself or herself, or a family member of the petitioner's household to a medical facility, to receive necessary medical care, to allow the petitioner to transport himself or herself to and from alcohol or drug remedial or rehabilitative activity recommended by a licensed service provider, or to allow the petitioner to transport himself or herself or a family member of the petitioner's household to classes, as a student, at an accredited educational institution, or to allow the petitioner to transport children, elderly persons, or persons with disabilities who do not hold driving privileges and are living in the petitioner's household to and from day care ~~daycare~~. The petitioner must demonstrate that no alternative means of transportation is reasonably available and that the petitioner will not endanger the public safety or welfare.

(A) If a person's license or permit is revoked or suspended due to 2 or more convictions of violating

Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense, or a combination of these offenses, arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(B) If a person's license or permit is revoked or suspended 2 or more times due to any combination of:

(i) a single conviction of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense or Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense; or

(ii) a statutory summary suspension or revocation under Section 11-501.1; or

(iii) a suspension under Section 6-203.1;

arising out of separate occurrences; that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(B-5) If a person's license or permit is revoked or suspended due to a conviction for a violation of subparagraph (C) or (F) of paragraph (1) of subsection (d) of Section 11-501 of this Code, or a similar provision of a local ordinance or similar out-of-state offense, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(C) The person issued a permit conditioned upon the use of an ignition interlock device must pay to the Secretary of State DUI Administration Fund an amount not to exceed \$30 per month. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees.

(D) If the restricted driving permit is issued for employment purposes, then the prohibition against operating a motor vehicle that is not equipped with an ignition interlock device does not apply to the operation of an occupational vehicle owned or leased by that person's employer when used solely for employment purposes. For any person who, within a 5-year period, is convicted of a second or subsequent offense under Section 11-501 of this Code, or a similar provision of a local ordinance or similar out-of-state offense, this employment exemption does not apply until either a one-year period has elapsed during which that person had his or her

driving privileges revoked or a one-year period has elapsed during which that person had a restricted driving permit which required the use of an ignition interlock device on every motor vehicle owned or operated by that person.

(E) In each case the Secretary may issue a restricted driving permit for a period deemed appropriate, except that all permits shall expire no later than 2 years from the date of issuance. A restricted driving permit issued under this Section shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued under this Code may be cancelled, revoked, or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit. The Secretary of State may, as a condition to the issuance of a restricted driving permit, require the applicant to participate in a designated driver remedial or rehabilitative program. The Secretary of State is authorized to cancel a restricted driving permit if the permit holder does not successfully complete the program.

(F) A person subject to the provisions of paragraph 4 of subsection (b) of Section 6-208 of this Code may make

application for a restricted driving permit at a hearing conducted under Section 2-118 of this Code after the expiration of 5 years from the effective date of the most recent revocation or after 5 years from the date of release from a period of imprisonment resulting from a conviction of the most recent offense, whichever is later, provided the person, in addition to all other requirements of the Secretary, shows by clear and convincing evidence:

- (i) a minimum of 3 years of uninterrupted abstinence from alcohol and the unlawful use or consumption of cannabis under the Cannabis Control Act, a controlled substance under the Illinois Controlled Substances Act, an intoxicating compound under the Use of Intoxicating Compounds Act, or methamphetamine under the Methamphetamine Control and Community Protection Act; and

- (ii) the successful completion of any rehabilitative treatment and involvement in any ongoing rehabilitative activity that may be recommended by a properly licensed service provider according to an assessment of the person's alcohol or drug use under Section 11-501.01 of this Code.

In determining whether an applicant is eligible for a restricted driving permit under this subparagraph (F), the Secretary may consider any relevant evidence, including, but not limited to, testimony, affidavits, records, and

the results of regular alcohol or drug tests. Persons subject to the provisions of paragraph 4 of subsection (b) of Section 6-208 of this Code and who have been convicted of more than one violation of paragraph (3), paragraph (4), or paragraph (5) of subsection (a) of Section 11-501 of this Code shall not be eligible to apply for a restricted driving permit under this subparagraph (F).

A restricted driving permit issued under this subparagraph (F) shall provide that the holder may only operate motor vehicles equipped with an ignition interlock device as required under paragraph (2) of subsection (c) of Section 6-205 of this Code and subparagraph (A) of paragraph 3 of subsection (c) of this Section. The Secretary may revoke a restricted driving permit or amend the conditions of a restricted driving permit issued under this subparagraph (F) if the holder operates a vehicle that is not equipped with an ignition interlock device, or for any other reason authorized under this Code.

A restricted driving permit issued under this subparagraph (F) shall be revoked, and the holder barred from applying for or being issued a restricted driving permit in the future, if the holder is convicted of a violation of Section 11-501 of this Code, a similar provision of a local ordinance, or a similar offense in another state.

(c-3) In the case of a suspension under paragraph 43 of

subsection (a), reports received by the Secretary of State under this Section shall, except during the actual time the suspension is in effect, be privileged information and for use only by the courts, police officers, prosecuting authorities, the driver licensing administrator of any other state, the Secretary of State, or the parent or legal guardian of a driver under the age of 18. However, beginning January 1, 2008, if the person is a CDL holder, the suspension shall also be made available to the driver licensing administrator of any other state, the U.S. Department of Transportation, and the affected driver or motor carrier or prospective motor carrier upon request.

(c-4) In the case of a suspension under paragraph 43 of subsection (a), the Secretary of State shall notify the person by mail that his or her driving privileges and driver's license will be suspended one month after the date of the mailing of the notice.

(c-5) The Secretary of State may, as a condition of the reissuance of a driver's license or permit to an applicant whose driver's license or permit has been suspended before he or she reached the age of 21 years pursuant to any of the provisions of this Section, require the applicant to participate in a driver remedial education course and be retested under Section 6-109 of this Code.

(d) This Section is subject to the provisions of the Driver License Compact.

(e) The Secretary of State shall not issue a restricted driving permit to a person under the age of 16 years whose driving privileges have been suspended or revoked under any provisions of this Code.

(f) In accordance with 49 CFR 384, the Secretary of State may not issue a restricted driving permit for the operation of a commercial motor vehicle to a person holding a CDL whose driving privileges have been suspended, revoked, cancelled, or disqualified under any provisions of this Code.

At any administrative hearing held under Section 2-118 of this Code relating to the denial, cancellation, suspension, or revocation of a driver training school license, the Secretary of State is authorized to utilize at that hearing any criminal histories, criminal convictions, and disposition information obtained under this Section. (a) Every motor vehicle when operated upon a highway shall be equipped with a horn in good working order and capable of emitting sound audible under normal conditions from a distance of not less than 200 feet, but no horn or other warning device shall emit an unreasonable loud or harsh sound or a whistle. The driver of a motor vehicle shall when reasonably necessary to insure safe operation give audible warning with his horn but shall not otherwise use such horn when upon a highway.

(b) No vehicle shall be equipped with nor shall any person use upon a vehicle any siren, whistle, or bell, except as otherwise permitted in this Section. Any authorized emergency vehicle or organ transport vehicle as defined in Chapter 1 of this Code or a vehicle operated by a fire chief, a deputy fire chief, an assistant fire chief, a chief of a Mutual Aid Box Alarm System, an EMS chief, or the Director or Coordinator of a municipal or county emergency services and disaster agency may be equipped with a siren, whistle, or bell capable of emitting sound audible under normal conditions from a distance of not

less than 500 feet, but such siren, whistle, or bell shall not be used except when such vehicle is operated in response to an emergency call or in the immediate pursuit of an actual or suspected violator of the law in either of which events the driver of such vehicle shall sound such siren, whistle, or bell when necessary to warn pedestrians and other drivers of the approach thereof.

(c) Trackless trolley coaches, as defined by Section 1-206 of this Code, and replica trolleys, as defined by Section 1-171.04 of this Code, may be equipped with a bell or bells in lieu of a horn, and may, in addition to the requirements of subsection (a) of this Section, use a bell or bells for the purpose of indicating arrival or departure at designated stops during the hours of scheduled operation.

(625 ILCS 5/12-803) (from Ch. 95 1/2, par. 12-803)

Sec. 12-803. (a) Each school bus shall be equipped with a stop signal arm on the driver's side of the school bus that may be operated either manually or mechanically. Each school bus stop signal arm shall be an octagon shaped semaphore that conforms to 49 CFR ~~C.F.R.~~ 571.131, "SCHOOL BUS PEDESTRIAN SAFETY DEVICES", S5.1 through S5.5.

(b) Each school bus manufactured prior to September 1, 1992 shall be equipped with a stop signal arm that conforms to

standards promulgated by the Department.

(c) A school bus may be equipped with an extension to the required stop arm that partially obstructs the roadway to ensure passenger safety.

(d) A maximum of 2 extensions to the required stop arms may be installed on the driver's side of the school bus.

(e) In addition to the lighting systems required under Section 12-805, each extension to the required stop arm must be equipped with a system of flashing red lights. The front side extension to the required stop arm must extend no more than 78 inches, measured from the side of the bus to the furthest part of the extension to the required stop arm, and at a height not less than 36 inches from the ground. The rear side extension to the required stop arm must meet the same specification as the front side extension to the required stop arm except that it may not extend more than 32 inches, measured from the side of the bus to the furthest part of the extension to the required stop arm.

(f) No driver of a motor vehicle may make contact with any portion of a stopped school bus, including an extension to the required stop arm, or make contact with a school child within 30 feet of the school bus. A driver of motor vehicle that violates this subsection shall be subject to the penalties under Section 11-1414.

(625 ILCS 5/15-301) (from Ch. 95 1/2, par. 15-301)

Sec. 15-301. Permits for excess size and weight.

(a) The Department with respect to highways under its jurisdiction and local authorities with respect to highways under their jurisdiction may, in their discretion, upon application and good cause being shown therefor, issue a special permit authorizing the applicant to operate or move a vehicle or combination of vehicles of a size or weight of vehicle or load exceeding the maximum specified in this Code or otherwise not in conformity with this Code upon any highway under the jurisdiction of the party granting such permit and for the maintenance of which the party is responsible. Applications and permits other than those in written or printed form may only be accepted from and issued to the company or individual making the movement. Except for an application to move directly across a highway, it shall be the duty of the applicant to establish in the application that the load to be moved by such vehicle or combination cannot reasonably be dismantled or disassembled, the reasonableness of which shall be determined by the Secretary of the Department. For the purpose of over length movements, more than one object may be carried side by side as long as the height, width, and weight laws are not exceeded and the cause for the over length is not due to multiple objects. For the purpose of over height movements, more than one object may be carried as long as the cause for the over height is not due to

multiple objects and the length, width, and weight laws are not exceeded. For the purpose of an over width movement, more than one object may be carried as long as the cause for the over width is not due to multiple objects and length, height, and weight laws are not exceeded. Except for transporting fluid milk products, no State or local agency shall authorize the issuance of excess size or weight permits for vehicles and loads that are divisible and that can be carried, when divided, within the existing size or weight maximums specified in this Chapter. Any excess size or weight permit issued in violation of the provisions of this Section shall be void at issue and any movement made thereunder shall not be authorized under the terms of the void permit. In any prosecution for a violation of this Chapter when the authorization of an excess size or weight permit is at issue, it is the burden of the defendant to establish that the permit was valid because the load to be moved could not reasonably be dismantled or disassembled, or was otherwise nondivisible.

(a-1) As used in this Section, "extreme heavy duty tow and recovery vehicle" means a tow truck manufactured as a unit having a lifting capacity of not less than 50 tons, and having either 4 axles and an unladen weight of not more than 80,000 pounds or 5 axles and an unladen weight not more than 90,000 pounds. Notwithstanding otherwise applicable gross and axle weight limits, an extreme heavy duty tow and recovery vehicle may lawfully travel to and from the scene of a disablement and

clear a disabled vehicle if the towing service has obtained an extreme heavy duty tow and recovery permit for the vehicle. The form and content of the permit shall be determined by the Department with respect to highways under its jurisdiction and by local authorities with respect to highways under their jurisdiction.

(b) The application for any such permit shall: (1) state whether such permit is requested for a single trip or for limited continuous operation; (2) (blank); (3) specifically describe and identify the vehicle or vehicles and load to be operated or moved; (4) state the routing requested, including the points of origin and destination, and may identify and include a request for routing to the nearest certified scale in accordance with the Department's rules and regulations, provided the applicant has approval to travel on local roads; and (5) (blank).

(c) The Department or local authority when not inconsistent with traffic safety is authorized to issue or withhold such permit at its discretion; or, if such permit is issued at its discretion to prescribe the route or routes to be traveled, to limit the number of trips, to establish seasonal or other time limitations within which the vehicles described may be operated on the highways indicated, or otherwise to limit or prescribe conditions of operations of such vehicle or vehicles, when necessary to assure against undue damage to the road foundations, surfaces or structures, and may require such

undertaking or other security as may be deemed necessary to compensate for any injury to any roadway or road structure. The Department shall maintain a daily record of each permit issued along with the fee and the stipulated dimensions, weights, conditions, and restrictions authorized and this record shall be presumed correct in any case of questions or dispute. The Department shall install an automatic device for recording telephone conversations involving permit applications. The Department and applicant waive all objections to the recording of the conversation.

(d) The Department shall, upon application in writing from any local authority, issue an annual permit authorizing the local authority to move oversize highway construction, transportation, utility, and maintenance equipment over roads under the jurisdiction of the Department. The permit shall be applicable only to equipment and vehicles owned by or registered in the name of the local authority, and no fee shall be charged for the issuance of such permits.

(e) As an exception to subsection (a) of this Section, the Department and local authorities, with respect to highways under their respective jurisdictions, in their discretion and upon application in writing, may issue a special permit for limited continuous operation, authorizing the applicant to move loads of agricultural commodities on a 2-axle single vehicle registered by the Secretary of State with axle loads not to exceed 35%, on a 3-axle or 4-axle vehicle registered by

the Secretary of State with axle loads not to exceed 20%, and on a 5-axle vehicle registered by the Secretary of State not to exceed 10% above those provided in Section 15-111. The total gross weight of the vehicle, however, may not exceed the maximum gross weight of the registration class of the vehicle allowed under Section 3-815 or 3-818 of this Code.

As used in this Section, "agricultural commodities" means:

- (1) cultivated plants or agricultural produce grown, including, but not limited to, corn, soybeans, wheat, oats, grain sorghum, canola, and rice;
- (2) livestock, including, but not limited to, hogs, equine, sheep, and poultry;
- (3) ensilage; and
- (4) fruits and vegetables.

Permits may be issued for a period not to exceed 40 days and moves may be made of a distance not to exceed 50 miles from a field, an on-farm grain storage facility, a warehouse as defined in the Grain Code, or a livestock management facility as defined in the Livestock Management Facilities Act over any highway except the National System of Interstate and Defense Highways. The operator of the vehicle, however, must abide by posted bridge and posted highway weight limits. All implements of husbandry operating under this Section between sunset and sunrise shall be equipped as prescribed in Section 12-205.1.

(e-1) A special permit shall be issued by the Department under this Section and shall be required from September 1

through December 31 for a vehicle that exceeds the maximum axle weight and gross weight limits under Section 15-111 of this Code or exceeds the vehicle's registered gross weight, provided that the vehicle's axle weight and gross weight do not exceed 10% above the maximum limits under Section 15-111 of this Code and does not exceed the vehicle's registered gross weight by 10%. All other restrictions that apply to permits issued under this Section shall apply during the declared time period and no fee shall be charged for the issuance of those permits. Permits issued by the Department under this subsection (e-1) are only valid on federal and State highways under the jurisdiction of the Department, except interstate highways. With respect to highways under the jurisdiction of local authorities, the local authorities may, at their discretion, waive special permit requirements and set a divisible load weight limit not to exceed 10% above a vehicle's registered gross weight, provided that the vehicle's axle weight and gross weight do not exceed 10% above the maximum limits specified in Section 15-111. Permits issued under this subsection (e-1) shall apply to all registered vehicles eligible to obtain permits under this Section, including vehicles used in private or for-hire movement of divisible load agricultural commodities during the declared time period.

(f) The form and content of the permit shall be determined by the Department with respect to highways under its

jurisdiction and by local authorities with respect to highways under their jurisdiction. Every permit shall be in written form and carried in the vehicle or combination of vehicles to which it refers and shall be open to inspection by any police officer or authorized agent of any authority granting the permit and no person shall violate any of the terms or conditions of such special permit. Violation of the terms and conditions of the permit shall not be deemed a revocation of the permit; however, any vehicle and load found to be off the route prescribed in the permit shall be held to be operating without a permit. Any off-route vehicle and load shall be required to obtain a new permit or permits, as necessary, to authorize the movement back onto the original permit routing. No rule or regulation, nor anything herein, shall be construed to authorize any police officer, court, or authorized agent of any authority granting the permit to remove the permit from the possession of the permittee unless the permittee is charged with a fraudulent permit violation as provided in subsection (i). However, upon arrest for an offense of violation of permit, operating without a permit when the vehicle is off route, or any size or weight offense under this Chapter when the permittee plans to raise the issuance of the permit as a defense, the permittee, or his agent, must produce the permit at any court hearing concerning the alleged offense.

If the permit designates and includes a routing to a

certified scale, the permittee, while en route to the designated scale, shall be deemed in compliance with the weight provisions of the permit provided the axle or gross weights do not exceed any of the permitted limits by more than the following amounts:

Single axle	2000 pounds
Tandem axle	3000 pounds
Gross	5000 pounds

(g) The Department is authorized to adopt, amend, and make available to interested persons a policy concerning reasonable rules, limitations and conditions, or provisions of operation upon highways under its jurisdiction in addition to those contained in this Section for the movement by special permit of vehicles, combinations, or loads which cannot reasonably be dismantled or disassembled, including manufactured and modular home sections and portions thereof. All rules, limitations and conditions, or provisions adopted in the policy shall have due regard for the safety of the traveling public and the protection of the highway system and shall have been promulgated in conformity with the provisions of the Illinois Administrative Procedure Act. The requirements of the policy for flagmen and escort vehicles shall be the same for all moves of comparable size and weight. When escort vehicles are required, they shall meet the following requirements:

- (1) All operators shall be 18 years of age or over and properly licensed to operate the vehicle.

(2) Vehicles escorting oversize ~~oversized~~ loads more than 12 feet wide must be equipped with a rotating or flashing amber light mounted on top as specified under Section 12-215.

The Department shall establish reasonable rules and regulations regarding liability insurance or self insurance for vehicles with oversize ~~oversized~~ loads promulgated under the Illinois Administrative Procedure Act. Police vehicles may be required for escort under circumstances as required by rules and regulations of the Department.

(h) Violation of any rule, limitation or condition, or provision of any permit issued in accordance with the provisions of this Section shall not render the entire permit null and void but the violator shall be deemed guilty of violation of permit and guilty of exceeding any size, weight, or load limitations in excess of those authorized by the permit. The prescribed route or routes on the permit are not mere rules, limitations, conditions, or provisions of the permit, but are also the sole extent of the authorization granted by the permit. If a vehicle and load are found to be off the route or routes prescribed by any permit authorizing movement, the vehicle and load are operating without a permit. Any off-route movement shall be subject to the size and weight maximums, under the applicable provisions of this Chapter, as determined by the type or class highway upon which the vehicle and load are being operated.

(i) Whenever any vehicle is operated or movement made under a fraudulent permit, the permit shall be void, and the person, firm, or corporation to whom such permit was granted, the driver of such vehicle in addition to the person who issued such permit and any accessory, shall be guilty of fraud and either one or all persons may be prosecuted for such violation. Any person, firm, or corporation committing such violation shall be guilty of a Class 4 felony and the Department shall not issue permits to the person, firm, or corporation convicted of such violation for a period of one year after the date of conviction. Penalties for violations of this Section shall be in addition to any penalties imposed for violation of other Sections of this Code.

(j) Whenever any vehicle is operated or movement made in violation of a permit issued in accordance with this Section, the person to whom such permit was granted, or the driver of such vehicle, is guilty of such violation and either, but not both, persons may be prosecuted for such violation as stated in this subsection (j). Any person, firm, or corporation convicted of such violation shall be guilty of a petty offense and shall be fined, for the first offense, not less than \$50 nor more than \$200 and, for the second offense by the same person, firm, or corporation within a period of one year, not less than \$200 nor more than \$300 and, for the third offense by the same person, firm, or corporation within a period of one year after the date of the first offense, not less than \$300

nor more than \$500 and the Department may, in its discretion, not issue permits to the person, firm, or corporation convicted of a third offense during a period of one year after the date of conviction or supervision for such third offense. If any violation is the cause or contributing cause in a motor vehicle crash causing damage to property, injury, or death to a person, the Department may, in its discretion, not issue a permit to the person, firm, or corporation for a period of one year after the date of conviction or supervision for the offense.

(k) Whenever any vehicle is operated on local roads under permits for excess width or length issued by local authorities, such vehicle may be moved upon a State highway for a distance not to exceed one-half mile without a permit for the purpose of crossing the State highway.

(l) Notwithstanding any other provision of this Section, the Department, with respect to highways under its jurisdiction, and local authorities, with respect to highways under their jurisdiction, may at their discretion authorize the movement of a vehicle in violation of any size or weight requirement, or both, that would not ordinarily be eligible for a permit, when there is a showing of extreme necessity that the vehicle and load should be moved without unnecessary delay.

For the purpose of this subsection, showing of extreme necessity shall be limited to the following: shipments of

livestock, hazardous materials, liquid concrete being hauled in a mobile cement mixer, or hot asphalt.

(m) Penalties for violations of this Section shall be in addition to any penalties imposed for violating any other Section of this Code.

(n) The Department with respect to highways under its jurisdiction and local authorities with respect to highways under their jurisdiction, in their discretion and upon application in writing, may issue a special permit for continuous limited operation, authorizing the applicant to operate a tow truck that exceeds the weight limits provided for in subsection (a) of Section 15-111, provided:

(1) no rear single axle of the tow truck exceeds 26,000 pounds;

(2) no rear tandem axle of the tow truck exceeds 50,000 pounds;

(2.1) no triple rear axle on a manufactured recovery unit exceeds 60,000 pounds;

(3) neither the disabled vehicle nor the disabled combination of vehicles exceed the weight restrictions imposed by this Chapter 15, or the weight limits imposed under a permit issued by the Department prior to hookup;

(4) the tow truck prior to hookup does not exceed the weight restrictions imposed by this Chapter 15;

(5) during the tow operation the tow truck does not violate any weight restriction sign;

(6) the tow truck is equipped with flashing, rotating, or oscillating amber lights, visible for at least 500 feet in all directions;

(7) the tow truck is specifically designed and licensed as a tow truck;

(8) the tow truck has a gross vehicle weight rating of sufficient capacity to safely handle the load;

(9) the tow truck is equipped with air brakes;

(10) the tow truck is capable of utilizing the lighting and braking systems of the disabled vehicle or combination of vehicles;

(11) the tow commences at the initial point of wreck or disablement and terminates at a point where the repairs are actually to occur;

(12) the permit issued to the tow truck is carried in the tow truck and exhibited on demand by a police officer; and

(13) the movement shall be valid only on State routes approved by the Department.

(o) (Blank).

(p) In determining whether a load may be reasonably dismantled or disassembled for the purpose of subsection (a), the Department shall consider whether there is a significant negative impact on the condition of the pavement and structures along the proposed route, whether the load or vehicle as proposed causes a safety hazard to the traveling

public, whether dismantling or disassembling the load promotes or stifles economic development, and whether the proposed route travels less than 5 miles. A load is not required to be dismantled or disassembled for the purposes of subsection (a) if the Secretary of the Department determines there will be no significant negative impact to pavement or structures along the proposed route, the proposed load or vehicle causes no safety hazard to the traveling public, dismantling or disassembling the load does not promote economic development, and the proposed route travels less than 5 miles. The Department may promulgate rules for the purpose of establishing the divisibility of a load pursuant to subsection (a). Any load determined by the Secretary to be nondivisible shall otherwise comply with the existing size or weight maximums specified in this Chapter.

shipping or receiving public.

Sec. 18c-6102. Exemptions From Commission Jurisdiction.
The provisions of this Sub-chapter shall not, except as provided in Section 18c-6501 of this Chapter, apply to:

(1) carriers owned by any political subdivision, school district, institution of higher education, or municipality, and operated either by such political subdivision, institution of higher education, or municipality or its lessee or agent;

(2) commuter vans as defined in this Code;

(3) carriers transporting passengers without fixed routes or schedules and charging on a time or distance basis, including taxicabs, charter operations, and contract bus operations;

(4) carriers transporting passengers with fixed routes and schedules and charging on a per passenger fixed charge basis and which do not include an airport as a point to be served on the route, in whole or in part;

(5) transportation in vehicles with a manufacturer's rated seating capacity of less than 8 persons, including the driver;

(6) transportation subject to the Ridesharing Arrangements Act;

(7) commuter buses offering short-haul for-hire regularly scheduled passenger transportation service within metropolitan and suburban areas, over regular routes with fixed schedules, and utilized primarily by passengers using reduced-fare, multiple-ride, or commutation tickets during morning and evening peak periods in traveling ~~travelling~~ to and from their places of employment; and

(8) those persons owning and operating school buses, as defined in this Code, and regulated by other provisions of this Code.

Sec. 18c-6201. Requirements for issuance of licenses.

(1) General requirements. Except as provided in subsection (2) of this Section, the Commission shall grant an application for a motor carrier of passengers license, in whole or in part, to the extent that it finds that the application was properly filed, a need for the proposed service exists, the applicant is fit, willing, and able to provide the service in compliance with this Chapter, Commission regulations and orders, absent a showing that issuance of the license would be inconsistent with the public interest. Otherwise, the application shall be denied. In determining whether issuance of a motor carrier of

passengers license would be inconsistent with the public interest, the Commission shall consider:

(a) the value of competition which would result from issuance to the traveling ~~travelling~~ public;

(b) the effect of issuance on motor carrier of passengers service to small communities;

(c) the effect of issuance on the ability of any other carrier to provide a substantial portion of the passenger service such carrier provides over its entire system, except that diversion of revenue or traffic from a carrier in and of itself shall not be sufficient to support a finding that issuance of the license would impair the ability of the other carrier to provide a substantial portion of the passenger service such carrier provides over its entire system; and

(d) any other factor relevant to the public interest.

(2) Motor carriers of passengers providing service to or from airports. The Commission shall grant an application for a motor carrier of passengers license authorizing service along any route where an airport is a point to be served on the route, in whole or in part, to the extent that it finds that the application was properly filed, a need for the proposed service exists, the applicant is fit, willing, and able to provide the service in compliance with this Chapter, Commission regulations and orders, and the public convenience and necessity requires issuance of the license. Otherwise, the

application shall be denied. The provisions of this subsection shall be construed to impose the same entry requirements as were previously applicable under the former Section 55 of the Public Utilities Act ~~"An Act concerning public utilities", approved June 29, 1921, as amended.~~

(625 ILCS 5/18c-7402)

(Text of Section before amendment by P.A. 104-457)

Sec. 18c-7402. Safety requirements for railroad operations.

(1) Obstruction of crossings.

(a) Obstruction of emergency vehicles. Every railroad shall be operated in such a manner as to minimize obstruction of emergency vehicles at crossings. Where such obstruction occurs and the train crew is aware of the obstruction, the train crew shall immediately take any action, consistent with safe operating procedure, necessary to remove the obstruction. In the Chicago and St. Louis switching districts, every railroad dispatcher or other person responsible for the movement of railroad equipment in a specific area who receives notification that railroad equipment is obstructing the movement of an emergency vehicle at any crossing within such area shall immediately notify the train crew through use of existing communication facilities. Upon notification, the train

crew shall take immediate action in accordance with this paragraph.

(b) Obstruction of highway at grade crossing prohibited. It is unlawful for a rail carrier to permit any train, railroad car or engine to obstruct public travel at a railroad-highway grade crossing for a period in excess of 10 minutes, except where such train or railroad car is continuously moving or cannot be moved by reason of circumstances over which the rail carrier has no reasonable control.

In a county with a population of greater than 1,000,000, as determined by the most recent federal census, during the hours of 7:00 a.m. through 9:00 a.m. and 4:00 p.m. through 6:00 p.m. it is unlawful for a rail carrier to permit any single train or railroad car to obstruct public travel at a railroad-highway grade crossing in excess of a total of 10 minutes during a 30 minute period, except where the train or railroad car cannot be moved by reason or circumstances over which the rail carrier has no reasonable control. Under no circumstances will a moving train be stopped for the purposes of issuing a citation related to this Section.

However, no employee acting under the rules or orders of the rail carrier or its supervisory personnel may be prosecuted for a violation of this subsection (b).

(c) Punishment for obstruction of grade crossing. Any

rail carrier violating paragraph (b) of this subsection shall be guilty of a petty offense and fined not less than \$200 nor more than \$500 if the duration of the obstruction is in excess of 10 minutes but no longer than 15 minutes. If the duration of the obstruction exceeds 15 minutes the violation shall be a business offense and the following fines shall be imposed: if the duration of the obstruction is in excess of 15 minutes but no longer than 20 minutes, the fine shall be \$500; if the duration of the obstruction is in excess of 20 minutes but no longer than 25 minutes, the fine shall be \$700; if the duration of the obstruction is in excess of 25 minutes, but no longer than 30 minutes, the fine shall be \$900; if the duration of the obstruction is in excess of 30 minutes but no longer than 35 minutes, the fine shall be \$1,000; if the duration of the obstruction is in excess of 35 minutes, the fine shall be \$1,000 plus an additional \$500 for each 5 minutes of obstruction in excess of 25 minutes of obstruction.

(2) Other operational requirements.

(a) Bell and whistle-crossings. Every rail carrier shall cause a bell, and a whistle or horn to be placed and kept on each locomotive, and shall cause the same to be rung or sounded by the engineer or fireman, at the distance of at least 1,320 feet, from the place where the railroad crosses or intersects any public highway, and shall be kept ringing or sounding until the highway is

reached; provided that at crossings where the Commission shall by order direct, only after a hearing has been held to determine the public is reasonably and sufficiently protected, the rail carrier may be excused from giving warning provided by this paragraph.

(a-5) The requirements of paragraph (a) of this subsection (2) regarding ringing a bell and sounding a whistle or horn do not apply at a railroad crossing that has a permanently installed automated audible warning device authorized by the Commission under Section 18c-7402.1 that sounds automatically when an approaching train is at least 1,320 feet from the crossing and that keeps sounding until the lead locomotive has crossed the highway. The engineer or fireman may ring the bell or sound the whistle or horn at a railroad crossing that has a permanently installed audible warning device.

(b) Speed limits. Each rail carrier shall operate its trains in compliance with speed limits set by the Commission. The Commission may set train speed limits only where such limits are necessitated by extraordinary circumstances affecting the public safety, and shall maintain such train speed limits in effect only for such time as the extraordinary circumstances prevail.

The Commission and the Department of Transportation shall conduct a study of the relation between train speeds and railroad-highway grade crossing safety. The Commission

shall report the findings of the study to the General Assembly no later than January 5, 1997.

(c) Special speed limit; pilot project. The Commission and the Board of the Commuter Rail Division of the Regional Transportation Authority shall conduct a pilot project in the Village of Fox River Grove, the site of the fatal school bus crash at a railroad crossing on October 25, 1995, in order to improve railroad crossing safety. For this project, the Commission is directed to set the maximum train speed limit for Regional Transportation Authority trains at 50 miles per hour at intersections on that portion of the intrastate rail line located in the Village of Fox River Grove. If the Regional Transportation Authority deliberately fails to comply with this maximum speed limit, then any entity, governmental or otherwise, that provides capital or operational funds to the Regional Transportation Authority shall appropriately reduce or eliminate that funding. The Commission shall report to the Governor and the General Assembly on the results of this pilot project in January 1999, January 2000, and January 2001. The Commission shall also submit a final report on the pilot project to the Governor and the General Assembly in January 2001. The provisions of this subsection (c), other than this sentence, are inoperative after February 1, 2001.

(d) Freight train crew size. No rail carrier shall

operate or cause to operate a train or light engine used in connection with the movement of freight unless it has an operating crew consisting of at least 2 individuals. The minimum freight train crew size indicated in this subsection (d) shall remain in effect until a federal law or rule encompassing the subject matter has been adopted. The Commission, with respect to freight train crew member size under this subsection (d), has the power to conduct evidentiary hearings, make findings, and issue and enforce orders, including sanctions under Section 18c-1704 of this Chapter. As used in this subsection (d), "train or light engine" does not include trains operated by a hostler service or utility employees.

(3) Report and investigation of rail accidents.

(a) Reports. Every rail carrier shall report to the Commission, by the speediest means possible, whether telephone, telegraph, or otherwise, every accident involving its equipment, track, or other property which resulted in loss of life to any person. In addition, such carriers shall file a written report with the Commission. Reports submitted under this paragraph shall be strictly confidential, shall be specifically prohibited from disclosure, and shall not be admissible in any administrative or judicial proceeding relating to the accidents reported.

(b) Investigations. The Commission may investigate all

railroad accidents reported to it or of which it acquires knowledge independent of reports made by rail carriers, and shall have the power, consistent with standards and procedures established under the Federal Railroad Safety Act, as amended, to enter such temporary orders as will minimize the risk of future accidents pending notice, hearing, and final action by the Commission.

Sec. 18c-7402. Safety requirements for railroad operations.

(1) Obstruction of crossings.

(a) Obstruction of emergency vehicles. Every railroad shall be operated in such a manner as to minimize obstruction of emergency vehicles at crossings. Where such obstruction occurs and the train crew is aware of the obstruction, the train crew shall immediately take any action, consistent with safe operating procedure, necessary to remove the obstruction. In the Chicago and St. Louis switching districts, every railroad dispatcher or other person responsible for the movement of railroad equipment in a specific area who receives notification that railroad equipment is obstructing the movement of an emergency vehicle at any crossing within such area shall immediately notify the train crew through use of existing

communication facilities. Upon notification, the train crew shall take immediate action in accordance with this paragraph.

(b) Obstruction of highway at grade crossing prohibited. It is unlawful for a rail carrier to permit any train, railroad car or engine to obstruct public travel at a railroad-highway grade crossing for a period in excess of 10 minutes, except where such train or railroad car is continuously moving or cannot be moved by reason of circumstances over which the rail carrier has no reasonable control.

In a county with a population of greater than 1,000,000, as determined by the most recent federal census, during the hours of 7:00 a.m. through 9:00 a.m. and 4:00 p.m. through 6:00 p.m. it is unlawful for a rail carrier to permit any single train or railroad car to obstruct public travel at a railroad-highway grade crossing in excess of a total of 10 minutes during a 30 minute period, except where the train or railroad car cannot be moved by reason or circumstances over which the rail carrier has no reasonable control. Under no circumstances will a moving train be stopped for the purposes of issuing a citation related to this Section.

However, no employee acting under the rules or orders of the rail carrier or its supervisory personnel may be prosecuted for a violation of this subsection (b).

(c) Punishment for obstruction of grade crossing. Any rail carrier violating paragraph (b) of this subsection shall be guilty of a petty offense and fined not less than \$200 nor more than \$500 if the duration of the obstruction is in excess of 10 minutes but no longer than 15 minutes. If the duration of the obstruction exceeds 15 minutes the violation shall be a business offense and the following fines shall be imposed: if the duration of the obstruction is in excess of 15 minutes but no longer than 20 minutes, the fine shall be \$500; if the duration of the obstruction is in excess of 20 minutes but no longer than 25 minutes, the fine shall be \$700; if the duration of the obstruction is in excess of 25 minutes, but no longer than 30 minutes, the fine shall be \$900; if the duration of the obstruction is in excess of 30 minutes but no longer than 35 minutes, the fine shall be \$1,000; if the duration of the obstruction is in excess of 35 minutes, the fine shall be \$1,000 plus an additional \$500 for each 5 minutes of obstruction in excess of 25 minutes of obstruction.

(2) Other operational requirements.

(a) Bell and whistle-crossings. Every rail carrier and the Commuter Rail Division of the Northern Illinois Transit Authority shall cause a bell, and a whistle or horn to be placed and kept on each locomotive, and shall cause the same to be rung or sounded by the engineer or fireman, at the distance of at least 1,320 feet, from the

place where the railroad crosses or intersects any public highway, and shall be kept ringing or sounding until the highway is reached; provided that at crossings where the Commission shall by order direct, only after a hearing has been held to determine the public is reasonably and sufficiently protected, the rail carrier may be excused from giving warning provided by this paragraph.

(a-5) The requirements of paragraph (a) of this subsection (2) regarding ringing a bell and sounding a whistle or horn do not apply at a railroad crossing that has a permanently installed automated audible warning device authorized by the Commission under Section 18c-7402.1 that sounds automatically when an approaching train is at least 1,320 feet from the crossing and that keeps sounding until the lead locomotive has crossed the highway. The engineer or fireman may ring the bell or sound the whistle or horn at a railroad crossing that has a permanently installed audible warning device.

(b) Speed limits. Each rail carrier shall operate its trains in compliance with speed limits set by the Commission. The Commission may set train speed limits only where such limits are necessitated by extraordinary circumstances affecting the public safety, and shall maintain such train speed limits in effect only for such time as the extraordinary circumstances prevail.

The Commission and the Department of Transportation

shall conduct a study of the relation between train speeds and railroad-highway grade crossing safety. The Commission shall report the findings of the study to the General Assembly no later than January 5, 1997.

(c) Special speed limit; pilot project. The Commission and the Board of the Commuter Rail Division of the Northern Illinois Transit Authority shall conduct a pilot project in the Village of Fox River Grove, the site of the fatal school bus crash at a railroad crossing on October 25, 1995, in order to improve railroad crossing safety. For this project, the Commission is directed to set the maximum train speed limit for Northern Illinois Transit Authority trains at 50 miles per hour at intersections on that portion of the intrastate rail line located in the Village of Fox River Grove. If the Northern Illinois Transit Authority deliberately fails to comply with this maximum speed limit, then any entity, governmental or otherwise, that provides capital or operational funds to the Northern Illinois Transit Authority shall appropriately reduce or eliminate that funding. The Commission shall report to the Governor and the General Assembly on the results of this pilot project in January 1999, January 2000, and January 2001. The Commission shall also submit a final report on the pilot project to the Governor and the General Assembly in January 2001. The provisions of this subsection (c), other than this

sentence, are inoperative after February 1, 2001.

(d) Freight train crew size. No rail carrier shall operate or cause to operate a train or light engine used in connection with the movement of freight unless it has an operating crew consisting of at least 2 individuals. The minimum freight train crew size indicated in this subsection (d) shall remain in effect until a federal law or rule encompassing the subject matter has been adopted. The Commission, with respect to freight train crew member size under this subsection (d), has the power to conduct evidentiary hearings, make findings, and issue and enforce orders, including sanctions under Section 18c-1704 of this Chapter. As used in this subsection (d), "train or light engine" does not include trains operated by a hostler service or utility employees.

(3) Report and investigation of rail accidents.

(a) Reports. Every rail carrier and the Commuter Rail Division of the Northern Illinois Transit Authority shall report to the Commission, by the speediest means possible, whether telephone, telegraph, or otherwise, every accident involving its equipment, track, or other property which resulted in loss of life to any person. In addition, such carriers shall file a written report with the Commission. Reports submitted under this paragraph shall be strictly confidential, shall be specifically prohibited from disclosure, and shall not be admissible in any

administrative or judicial proceeding relating to the accidents reported.

(b) Investigations. The Commission may investigate all railroad accidents reported to it or of which it acquires knowledge independent of reports made by rail carriers or the Commuter Rail Division of the Northern Illinois Transit Authority, and it shall have the power, consistent with standards and procedures established under the Federal Railroad Safety Act, as amended, to enter such temporary orders as will minimize the risk of future accidents pending notice, hearing, and final action by the Commission.

Section 965. The Juvenile Court Act of 1987 is amended by changing Sections 2-28 and 5-745 as follows:

(705 ILCS 405/2-28)

(Text of Section before amendment by P.A. 104-107)

Sec. 2-28. Court review.

(1) The court may require any legal custodian or guardian of the person appointed under this Act to report periodically to the court or may cite the legal custodian or guardian into court and require the legal custodian, guardian, or the legal custodian's or guardian's agency to make a full and accurate report of the doings of the legal custodian, guardian, or agency on behalf of the minor. The custodian or guardian, within 10 days after such citation, or earlier if the court determines it to be necessary to protect the health, safety, or welfare of the minor, shall make the report, either in writing verified by affidavit or orally under oath in open court, or otherwise as the court directs. Upon the hearing of the report the court may remove the custodian or guardian and

appoint another in the custodian's or guardian's stead or restore the minor to the custody of the minor's parents or former guardian or custodian. However, custody of the minor shall not be restored to any parent, guardian, or legal custodian in any case in which the minor is found to be neglected or abused under Section 2-3 or dependent under Section 2-4 of this Act, unless the minor can be cared for at home without endangering the minor's health or safety and it is in the best interests of the minor, and if such neglect, abuse, or dependency is found by the court under paragraph (1) of Section 2-21 of this Act to have come about due to the acts or omissions or both of such parent, guardian, or legal custodian, until such time as an investigation is made as provided in paragraph (5) and a hearing is held on the issue of the fitness of such parent, guardian, or legal custodian to care for the minor and the court enters an order that such parent, guardian, or legal custodian is fit to care for the minor.

(1.5) The public agency that is the custodian or guardian of the minor shall file a written report with the court no later than 15 days after a minor in the agency's care remains:

- (1) in a shelter placement beyond 30 days;
- (2) in a psychiatric hospital past the time when the minor is clinically ready for discharge or beyond medical necessity for the minor's health; or
- (3) in a detention center or Department of Juvenile

Justice facility solely because the public agency cannot find an appropriate placement for the minor.

The report shall explain the steps the agency is taking to ensure the minor is placed appropriately, how the minor's needs are being met in the minor's shelter placement, and if a future placement has been identified by the Department, why the anticipated placement is appropriate for the needs of the minor and the anticipated placement date.

(1.6) Within 30 days after placing a child in its care in a qualified residential treatment program, as defined by the federal Social Security Act, the Department of Children and Family Services shall prepare a written report for filing with the court and send copies of the report to all parties. Within 20 days of the filing of the report, or as soon thereafter as the court's schedule allows but not more than 60 days from the date of placement, the court shall hold a hearing to consider the Department's report and determine whether placement of the child in a qualified residential treatment program provides the most effective and appropriate level of care for the child in the least restrictive environment and if the placement is consistent with the short-term and long-term goals for the child, as specified in the permanency plan for the child. The court shall approve or disapprove the placement. If applicable, the requirements of Sections 2-27.1 and 2-27.2 must also be met. The Department's written report and the court's written determination shall be included in and made

part of the case plan for the child. If the child remains placed in a qualified residential treatment program, the Department shall submit evidence at each status and permanency hearing:

(A) demonstrating that ongoing ~~on-going~~ assessment of the strengths and needs of the child continues to support the determination that the child's needs cannot be met through placement in a foster family home, that the placement provides the most effective and appropriate level of care for the child in the least restrictive, appropriate environment, and that the placement is consistent with the short-term and long-term permanency goal for the child, as specified in the permanency plan for the child;

(B) documenting the specific treatment or service needs that should be met for the child in the placement and the length of time the child is expected to need the treatment or services;

(C) the efforts made by the agency to prepare the child to return home or to be placed with a fit and willing relative, a legal guardian, or an adoptive parent, or in a foster family home; and

(D) beginning July 1, 2025, documenting the Department's efforts regarding ongoing family finding and relative engagement required under Section 2-27.3.

(2) The first permanency hearing shall be conducted by the

judge. Subsequent permanency hearings may be heard by a judge or by hearing officers appointed or approved by the court in the manner set forth in Section 2-28.1 of this Act. The initial hearing shall be held (a) within 12 months from the date temporary custody was taken, regardless of whether an adjudication or dispositional hearing has been completed within that time frame, (b) if the parental rights of both parents have been terminated in accordance with the procedure described in subsection (5) of Section 2-21, within 30 days of the order for termination of parental rights and appointment of a guardian with power to consent to adoption, or (c) in accordance with subsection (2) of Section 2-13.1. Subsequent permanency hearings shall be held every 6 months or more frequently if necessary in the court's determination following the initial permanency hearing, in accordance with the standards set forth in this Section, until the court determines that the plan and goal have been achieved. Once the plan and goal have been achieved, if the minor remains in substitute care, the case shall be reviewed at least every 6 months thereafter, subject to the provisions of this Section, unless the minor is placed in the guardianship of a suitable relative or other person and the court determines that further monitoring by the court does not further the health, safety, or best interest of the child and that this is a stable permanent placement. The permanency hearings must occur within the time frames set forth in this subsection and may not be

delayed in anticipation of a report from any source or due to the agency's failure to timely file its written report (this written report means the one required under the next paragraph and does not mean the service plan also referred to in that paragraph).

The public agency that is the custodian or guardian of the minor, or another agency responsible for the minor's care, shall ensure that all parties to the permanency hearings are provided a copy of the most recent service plan prepared within the prior 6 months at least 14 days in advance of the hearing. If not contained in the agency's service plan, the agency shall also include a report setting forth the following:

(A) any special physical, psychological, educational, medical, emotional, or other needs of the minor or the minor's family that are relevant to a permanency or placement determination, and for any minor age 16 or over, a written description of the programs and services that will enable the minor to prepare for independent living;

(B) beginning July 1, 2025, a written description of ongoing family finding and relative engagement efforts in accordance with the requirements under Section 2-27.3 the agency has undertaken since the most recent report to the court to plan for the emotional and legal permanency of the minor;

(C) whether a minor is placed in a licensed child care

facility under a corrective plan by the Department due to concerns impacting the minor's safety and well-being. The report shall explain the steps the Department is taking to ensure the safety and well-being of the minor and that the minor's needs are met in the facility;

(D) detail regarding what progress or lack of progress the parent has made in correcting the conditions requiring the child to be in care; whether the child can be returned home without jeopardizing the child's health, safety, and welfare, what permanency goal is recommended to be in the best interests of the child, and the reasons for the recommendation. If a permanency goal under paragraph (A), (B), or (B-1) of subsection (2.3) have been deemed inappropriate and not in the minor's best interest, the report must include the following information:

(i) confirmation that the caseworker has discussed the permanency options and subsidies available for guardianship and adoption with the minor's caregivers, the minor's parents, as appropriate, and has discussed the available permanency options with the minor in an age-appropriate manner;

(ii) confirmation that the caseworker has discussed with the minor's caregivers, the minor's parents, as appropriate, and the minor as age-appropriate, the distinctions between guardianship and adoption, including, but not limited to, that

guardianship does not require termination of the parent's rights or the consent of the parent;

(iii) a description of the stated preferences and concerns, if any, the minor, the parent as appropriate, and the caregiver expressed relating to the options of guardianship and adoption, and the reasons for the preferences;

(iv) if the minor is not currently in a placement that will provide permanency, identification of all persons presently willing and able to provide permanency to the minor through either guardianship or adoption, and beginning July 1, 2025, if none are available, a description of the efforts made in accordance with Section 2-27.3; and

(v) state the recommended permanency goal, why that goal is recommended, and why the other potential goals were not recommended.

The caseworker must appear and testify at the permanency hearing. If a permanency hearing has not previously been scheduled by the court, the moving party shall move for the setting of a permanency hearing and the entry of an order within the time frames set forth in this subsection.

(2.3) At the permanency hearing, the court shall determine the permanency goal of the child. The court shall set one of the following permanency goals:

(A) The minor will be returned home by a specific date

within 5 months.

(B) The minor will be in short-term care with a continued goal to return home within a period not to exceed one year, where the progress of the parent or parents is substantial giving particular consideration to the age and individual needs of the minor.

(B-1) The minor will be in short-term care with a continued goal to return home pending a status hearing. When the court finds that a parent has not made reasonable efforts or reasonable progress to date, the court shall identify what actions the parent and the Department must take in order to justify a finding of reasonable efforts or reasonable progress and shall set a status hearing to be held not earlier than 9 months from the date of adjudication nor later than 11 months from the date of adjudication during which the parent's progress will again be reviewed.

If the court has determined that goals (A), (B), and (B-1) are not appropriate and not in the minor's best interest, the court may select one of the following goals: (C), (D), (E), (F), (G), or (H) for the minor as appropriate and based on the best interests of the minor. The court shall determine the appropriate goal for the minor based on best interest factors and any considerations outlined in that goal.

(C) The guardianship of the minor shall be transferred

to an individual or couple on a permanent basis. Prior to changing the goal to guardianship, the court shall consider the following:

(i) whether the agency has discussed adoption and guardianship with the caregiver and what preference, if any, the caregiver has as to the permanency goal;

(ii) whether the agency has discussed adoption and guardianship with the minor, as age-appropriate, and what preference, if any, the minor has as to the permanency goal;

(iii) whether the minor is of sufficient age to remember the minor's parents and if the child values this familial identity;

(iv) whether the minor is placed with a relative, and beginning July 1, 2025, whether the minor is placed in a relative home as defined in Section 4d of the Children and Family Services Act or in a certified relative caregiver home as defined in Section 2.36 of the Child Care Act of 1969; and

(v) whether the parent or parents have been informed about guardianship and adoption, and, if appropriate, what preferences, if any, the parent or parents have as to the permanency goal.

(D) The minor will be in substitute care pending court determination on termination of parental rights. Prior to changing the goal to substitute care pending court

determination on termination of parental rights, the court shall consider the following:

(i) whether the agency has discussed adoption and guardianship with the caregiver and what preference, if any, the caregiver has as to the permanency goal;

(ii) whether the agency has discussed adoption and guardianship with the minor, as age-appropriate, and what preference, if any, the minor has as to the permanency goal;

(iii) whether the minor is of sufficient age to remember the minor's parents and if the child values this familial identity;

(iv) whether the minor is placed with a relative, and beginning July 1, 2025, whether the minor is placed in a relative home as defined in Section 4d of the Children and Family Services Act, in a certified relative caregiver home as defined in Section 2.36 of the Child Care Act of 1969;

(v) whether the minor is already placed in a pre-adoptive home, and if not, whether such a home has been identified; and

(vi) whether the parent or parents have been informed about guardianship and adoption, and, if appropriate, what preferences, if any, the parent or parents have as to the permanency goal.

(E) Adoption, provided that parental rights have been

terminated or relinquished.

(F) Provided that permanency goals (A) through (E) have been deemed inappropriate and not in the minor's best interests, the minor over age 15 will be in substitute care pending independence. In selecting this permanency goal, the Department of Children and Family Services may provide services to enable reunification and to strengthen the minor's connections with family, fictive kin, and other responsible adults, provided the services are in the minor's best interest. The services shall be documented in the service plan.

(G) The minor will be in substitute care because the minor cannot be provided for in a home environment due to developmental disabilities or mental illness or because the minor is a danger to self or others, provided that goals (A) through (E) have been deemed inappropriate and not in the child's best interests.

In selecting any permanency goal, the court shall indicate in writing the reasons the goal was selected and why the preceding goals were deemed inappropriate and not in the child's best interest. Where the court has selected a permanency goal other than (A), (B), or (B-1), the Department of Children and Family Services shall not provide further reunification services, except as provided in paragraph (F) of this subsection (2.3), but shall provide services consistent with the goal selected.

(H) Notwithstanding any other provision in this Section, the court may select the goal of continuing foster care as a permanency goal if:

(1) The Department of Children and Family Services has custody and guardianship of the minor;

(2) The court has deemed all other permanency goals inappropriate based on the child's best interest;

(3) The court has found compelling reasons, based on written documentation reviewed by the court, to place the minor in continuing foster care. Compelling reasons include:

(a) the child does not wish to be adopted or to be placed in the guardianship of the minor's relative, certified relative caregiver, or foster care placement;

(b) the child exhibits an extreme level of need such that the removal of the child from the minor's placement would be detrimental to the child; or

(c) the child who is the subject of the permanency hearing has existing close and strong bonds with a sibling, and achievement of another permanency goal would substantially interfere with the subject child's sibling relationship, taking into consideration the nature and extent of the

relationship, and whether ongoing contact is in the subject child's best interest, including long-term emotional interest, as compared with the legal and emotional benefit of permanence;

(4) The child has lived with the relative, certified relative caregiver, or foster parent for at least one year; and

(5) The relative, certified relative caregiver, or foster parent currently caring for the child is willing and capable of providing the child with a stable and permanent environment.

(2.4) The court shall set a permanency goal that is in the best interest of the child. In determining that goal, the court shall consult with the minor in an age-appropriate manner regarding the proposed permanency or transition plan for the minor. The court's determination shall include the following factors:

(A) Age of the child.

(B) Options available for permanence, including both out-of-state and in-state placement options.

(C) Current placement of the child and the intent of the family regarding subsidized guardianship and adoption.

(D) Emotional, physical, and mental status or condition of the child.

(E) Types of services previously offered and whether or not the services were successful and, if not

successful, the reasons the services failed.

(F) Availability of services currently needed and whether the services exist.

(G) Status of siblings of the minor.

(H) If the minor is not currently in a placement likely to achieve permanency, whether there is an identified and willing potential permanent caregiver for the minor, and if so, that potential permanent caregiver's intent regarding guardianship and adoption.

The court shall consider (i) the permanency goal contained in the service plan, (ii) the appropriateness of the services contained in the plan and whether those services have been provided, (iii) whether reasonable efforts have been made by all the parties to the service plan to achieve the goal, and (iv) whether the plan and goal have been achieved. All evidence relevant to determining these questions, including oral and written reports, may be admitted and may be relied on to the extent of their probative value.

The court shall make findings as to whether, in violation of Section 8.2 of the Abused and Neglected Child Reporting Act, any portion of the service plan compels a child or parent to engage in any activity or refrain from any activity that is not reasonably related to remedying a condition or conditions that gave rise or which could give rise to any finding of child abuse or neglect. The services contained in the service plan shall include services reasonably related to remedy the

conditions that gave rise to removal of the child from the home of the child's parents, guardian, or legal custodian or that the court has found must be remedied prior to returning the child home. Any tasks the court requires of the parents, guardian, or legal custodian or child prior to returning the child home must be reasonably related to remedying a condition or conditions that gave rise to or which could give rise to any finding of child abuse or neglect.

If the permanency goal is to return home, the court shall make findings that identify any problems that are causing continued placement of the children away from the home and identify what outcomes would be considered a resolution to these problems. The court shall explain to the parents that these findings are based on the information that the court has at that time and may be revised, should additional evidence be presented to the court.

The court shall review the Sibling Contact Support Plan developed or modified under subsection (f) of Section 7.4 of the Children and Family Services Act, if applicable. If the Department has not convened a meeting to develop or modify a Sibling Contact Support Plan, or if the court finds that the existing Plan is not in the child's best interest, the court may enter an order requiring the Department to develop, modify, or implement a Sibling Contact Support Plan, or order mediation.

Beginning July 1, 2025, the court shall review the Ongoing

Family Finding and Relative Engagement Plan required under Section 2-27.3. If the court finds that the plan is not in the minor's best interest, the court shall enter specific factual findings and order the Department to modify the plan consistent with the court's findings.

If the goal has been achieved, the court shall enter orders that are necessary to conform the minor's legal custody and status to those findings.

If, after receiving evidence, the court determines that the services contained in the plan are not reasonably calculated to facilitate achievement of the permanency goal, the court shall put in writing the factual basis supporting the determination and enter specific findings based on the evidence. The court also shall enter an order for the Department to develop and implement a new service plan or to implement changes to the current service plan consistent with the court's findings. The new service plan shall be filed with the court and served on all parties within 45 days of the date of the order. The court shall continue the matter until the new service plan is filed. Except as authorized by subsection (2.5) of this Section and as otherwise specifically authorized by law, the court is not empowered under this Section to order specific placements, specific services, or specific service providers to be included in the service plan.

A guardian or custodian appointed by the court pursuant to this Act shall file updated case plans with the court every 6

months.

Rights of wards of the court under this Act are enforceable against any public agency by complaints for relief by mandamus filed in any proceedings brought under this Act.

(2.5) If, after reviewing the evidence, including evidence from the Department, the court determines that the minor's current or planned placement is not necessary or appropriate to facilitate achievement of the permanency goal, the court shall put in writing the factual basis supporting its determination and enter specific findings based on the evidence. If the court finds that the minor's current or planned placement is not necessary or appropriate, the court may enter an order directing the Department to implement a recommendation by the minor's treating clinician or a clinician contracted by the Department to evaluate the minor or a recommendation made by the Department. If the Department places a minor in a placement under an order entered under this subsection (2.5), the Department has the authority to remove the minor from that placement when a change in circumstances necessitates the removal to protect the minor's health, safety, and best interest. If the Department determines removal is necessary, the Department shall notify the parties of the planned placement change in writing no later than 10 days prior to the implementation of its determination unless remaining in the placement poses an imminent risk of harm to the minor, in which case the Department shall notify the

parties of the placement change in writing immediately following the implementation of its decision. The Department shall notify others of the decision to change the minor's placement as required by Department rule.

(3) Following the permanency hearing, the court shall enter a written order that includes the determinations required under subsections (2) and (2.3) of this Section and sets forth the following:

(a) The future status of the minor, including the permanency goal, and any order necessary to conform the minor's legal custody and status to such determination; or

(b) If the permanency goal of the minor cannot be achieved immediately, the specific reasons for continuing the minor in the care of the Department of Children and Family Services or other agency for short-term placement, and the following determinations:

(i) (Blank).

(ii) Whether the services required by the court and by any service plan prepared within the prior 6 months have been provided and (A) if so, whether the services were reasonably calculated to facilitate the achievement of the permanency goal or (B) if not provided, why the services were not provided.

(iii) Whether the minor's current or planned placement is necessary, and appropriate to the plan and goal, recognizing the right of minors to the least

restrictive (most family-like) setting available and in close proximity to the parents' home consistent with the health, safety, best interest, and special needs of the minor and, if the minor is placed out-of-state, whether the out-of-state placement continues to be appropriate and consistent with the health, safety, and best interest of the minor.

(iv) (Blank).

(v) (Blank).

(4) The minor or any person interested in the minor may apply to the court for a change in custody of the minor and the appointment of a new custodian or guardian of the person or for the restoration of the minor to the custody of the minor's parents or former guardian or custodian.

When return home is not selected as the permanency goal:

(a) The Department, the minor, or the current foster parent or relative caregiver seeking private guardianship may file a motion for private guardianship of the minor. Appointment of a guardian under this Section requires approval of the court.

(b) The State's Attorney may file a motion to terminate parental rights of any parent who has failed to make reasonable efforts to correct the conditions which led to the removal of the child or reasonable progress toward the return of the child, as defined in subdivision (D)(m) of Section 1 of the Adoption Act or for whom any

other unfitness ground for terminating parental rights as defined in subdivision (D) of Section 1 of the Adoption Act exists.

When parental rights have been terminated for a minimum of 3 years and the child who is the subject of the permanency hearing is 13 years old or older and is not currently placed in a placement likely to achieve permanency, the Department of Children and Family Services shall make reasonable efforts to locate parents whose rights have been terminated, except when the Court determines that those efforts would be futile or inconsistent with the subject child's best interests. The Department of Children and Family Services shall assess the appropriateness of the parent whose rights have been terminated, and shall, as appropriate, foster and support connections between the parent whose rights have been terminated and the youth. The Department of Children and Family Services shall document its determinations and efforts to foster connections in the child's case plan.

Custody of the minor shall not be restored to any parent, guardian, or legal custodian in any case in which the minor is found to be neglected or abused under Section 2-3 or dependent under Section 2-4 of this Act, unless the minor can be cared for at home without endangering the minor's health or safety and it is in the best interest of the minor, and if such neglect, abuse, or dependency is found by the court under

paragraph (1) of Section 2-21 of this Act to have come about due to the acts or omissions or both of such parent, guardian, or legal custodian, until such time as an investigation is made as provided in paragraph (5) and a hearing is held on the issue of the health, safety, and best interest of the minor and the fitness of such parent, guardian, or legal custodian to care for the minor and the court enters an order that such parent, guardian, or legal custodian is fit to care for the minor. If a motion is filed to modify or vacate a private guardianship order and return the child to a parent, guardian, or legal custodian, the court may order the Department of Children and Family Services to assess the minor's current and proposed living arrangements and to provide ongoing monitoring of the health, safety, and best interest of the minor during the pendency of the motion to assist the court in making that determination. In the event that the minor has attained 18 years of age and the guardian or custodian petitions the court for an order terminating the minor's guardianship or custody, guardianship or custody shall terminate automatically 30 days after the receipt of the petition unless the court orders otherwise. No legal custodian or guardian of the person may be removed without the legal custodian's or guardian's consent until given notice and an opportunity to be heard by the court.

When the court orders a child restored to the custody of the parent or parents, the court shall order the parent or parents to cooperate with the Department of Children and

Family Services and comply with the terms of an aftercare ~~after-care~~ plan, or risk the loss of custody of the child and possible termination of their parental rights. The court may also enter an order of protective supervision in accordance with Section 2-24.

If the minor is being restored to the custody of a parent, legal custodian, or guardian who lives outside of Illinois, and an Interstate Compact has been requested and refused, the court may order the Department of Children and Family Services to arrange for an assessment of the minor's proposed living arrangement and for ongoing monitoring of the health, safety, and best interest of the minor and compliance with any order of protective supervision entered in accordance with Section 2-24.

(5) Whenever a parent, guardian, or legal custodian files a motion for restoration of custody of the minor, and the minor was adjudicated neglected, abused, or dependent as a result of physical abuse, the court shall cause to be made an investigation as to whether the movant has ever been charged with or convicted of any criminal offense which would indicate the likelihood of any further physical abuse to the minor. Evidence of such criminal convictions shall be taken into account in determining whether the minor can be cared for at home without endangering the minor's health or safety and fitness of the parent, guardian, or legal custodian.

(a) Any agency of this State or any subdivision

thereof shall cooperate with the agent of the court in providing any information sought in the investigation.

(b) The information derived from the investigation and any conclusions or recommendations derived from the information shall be provided to the parent, guardian, or legal custodian seeking restoration of custody prior to the hearing on fitness and the movant shall have an opportunity at the hearing to refute the information or contest its significance.

(c) All information obtained from any investigation shall be confidential as provided in Section 5-150 of this Act.

Sec. 2-28. Court review.

(1) The court may require any legal custodian or guardian of the person appointed under this Act to report periodically to the court or may cite the legal custodian or guardian into court and require the legal custodian, guardian, or the legal custodian's or guardian's agency to make a full and accurate report of the doings of the legal custodian, guardian, or agency on behalf of the minor. The custodian or guardian, within 10 days after such citation, or earlier if the court

determines it to be necessary to protect the health, safety, or welfare of the minor, shall make the report, either in writing verified by affidavit or orally under oath in open court, or otherwise as the court directs. Upon the hearing of the report the court may remove the custodian or guardian and appoint another in the custodian's or guardian's stead or restore the minor to the custody of the minor's parents or former guardian or custodian. However, custody of the minor shall not be restored to any parent, guardian, or legal custodian in any case in which the minor is found to be neglected or abused under Section 2-3 or dependent under Section 2-4 of this Act, unless the minor can be cared for at home without endangering the minor's health or safety and it is in the best interests of the minor, and if such neglect, abuse, or dependency is found by the court under paragraph (1) of Section 2-21 of this Act to have come about due to the acts or omissions or both of such parent, guardian, or legal custodian, until such time as an investigation is made as provided in paragraph (5) and a hearing is held on the issue of the fitness of such parent, guardian, or legal custodian to care for the minor and the court enters an order that such parent, guardian, or legal custodian is fit to care for the minor.

(1.5) The public agency that is the custodian or guardian of the minor shall file a written report with the court no later than 15 days after a minor in the agency's care remains:

- (1) in a shelter placement beyond 30 days;
- (2) in a psychiatric hospital past the time when the minor is clinically ready for discharge or beyond medical necessity for the minor's health; or
- (3) in a detention center or Department of Juvenile Justice facility solely because the public agency cannot find an appropriate placement for the minor.

The report shall explain the steps the agency is taking to ensure the minor is placed appropriately, how the minor's needs are being met in the minor's shelter placement, and if a future placement has been identified by the Department, why the anticipated placement is appropriate for the needs of the minor and the anticipated placement date.

(1.6) Within 30 days after placing a child in its care in a qualified residential treatment program, as defined by the federal Social Security Act, the Department of Children and Family Services shall prepare a written report for filing with the court and send copies of the report to all parties. Within 20 days of the filing of the report, or as soon thereafter as the court's schedule allows but not more than 60 days from the date of placement, the court shall hold a hearing to consider the Department's report and determine whether placement of the child in a qualified residential treatment program provides the most effective and appropriate level of care for the child in the least restrictive environment and if the placement is consistent with the short-term and long-term goals for the

child, as specified in the permanency plan for the child. The court shall approve or disapprove the placement. If applicable, the requirements of Sections 2-27.1 and 2-27.2 must also be met. The Department's written report and the court's written determination shall be included in and made part of the case plan for the child. If the child remains placed in a qualified residential treatment program, the Department shall submit evidence at each status and permanency hearing:

(A) demonstrating that ongoing ~~on-going~~ assessment of the strengths and needs of the child continues to support the determination that the child's needs cannot be met through placement in a foster family home, that the placement provides the most effective and appropriate level of care for the child in the least restrictive, appropriate environment, and that the placement is consistent with the short-term and long-term permanency goal for the child, as specified in the permanency plan for the child;

(B) documenting the specific treatment or service needs that should be met for the child in the placement and the length of time the child is expected to need the treatment or services;

(C) detailing the efforts made by the agency to prepare the child to return home or to be placed with a fit and willing relative, a legal guardian, or an adoptive

parent, or in a foster family home;

(D) beginning July 1, 2025, documenting the Department's efforts regarding ongoing family finding and relative engagement required under Section 2-27.3; and

(E) detailing efforts to ensure the minor is engaged in age and developmentally appropriate activities to develop life skills, which may include extracurricular activities, coaching by caregivers, or instruction in individual or group settings. For minors who have participated in life skills assessments, the results of such assessments and how the minor's identified needs are being addressed.

(2) The first permanency hearing shall be conducted by the judge. Subsequent permanency hearings may be heard by a judge or by hearing officers appointed or approved by the court in the manner set forth in Section 2-28.1 of this Act. The initial hearing shall be held (a) within 12 months from the date temporary custody was taken, regardless of whether an adjudication or dispositional hearing has been completed within that time frame, (b) if the parental rights of both parents have been terminated in accordance with the procedure described in subsection (5) of Section 2-21, within 30 days of the order for termination of parental rights and appointment of a guardian with power to consent to adoption, or (c) in accordance with subsection (2) of Section 2-13.1. Subsequent permanency hearings shall be held every 6 months or more

frequently if necessary in the court's determination following the initial permanency hearing, in accordance with the standards set forth in this Section, until the court determines that the plan and goal have been achieved. Once the plan and goal have been achieved, if the minor remains in substitute care, the case shall be reviewed at least every 6 months thereafter, subject to the provisions of this Section, unless the minor is placed in the guardianship of a suitable relative or other person and the court determines that further monitoring by the court does not further the health, safety, or best interest of the child and that this is a stable permanent placement. The permanency hearings must occur within the time frames set forth in this subsection and may not be delayed in anticipation of a report from any source or due to the agency's failure to timely file its written report (this written report means the one required under the next paragraph and does not mean the service plan also referred to in that paragraph).

The public agency that is the custodian or guardian of the minor, or another agency responsible for the minor's care, shall ensure that all parties to the permanency hearings are provided a copy of the most recent service plan prepared within the prior 6 months at least 14 days in advance of the hearing. If not contained in the agency's service plan, the agency shall also include a report setting forth the following:

(A) any special physical, psychological, educational, medical, emotional, or other needs of the minor or the minor's family that are relevant to a permanency or placement determination, and for any minor age 16 or over, a written description of the programs and services that will enable the minor to prepare for independent living;

(B) beginning July 1, 2025, a written description of ongoing family finding and relative engagement efforts in accordance with the requirements under Section 2-27.3 the agency has undertaken since the most recent report to the court to plan for the emotional and legal permanency of the minor;

(C) whether a minor is placed in a licensed child care facility under a corrective plan by the Department due to concerns impacting the minor's safety and well-being. The report shall explain the steps the Department is taking to ensure the safety and well-being of the minor and that the minor's needs are met in the facility;

(D) detail regarding what progress or lack of progress the parent has made in correcting the conditions requiring the child to be in care; whether the child can be returned home without jeopardizing the child's health, safety, and welfare, what permanency goal is recommended to be in the best interests of the child, and the reasons for the recommendation. If a permanency goal under paragraph (A), (B), or (B-1) of subsection (2.3) have been deemed

inappropriate and not in the minor's best interest, the report must include the following information:

(i) confirmation that the caseworker has discussed the permanency options and subsidies available for guardianship and adoption with the minor's caregivers, the minor's parents, as appropriate, and has discussed the available permanency options with the minor in an age-appropriate manner;

(ii) confirmation that the caseworker has discussed with the minor's caregivers, the minor's parents, as appropriate, and the minor as age-appropriate, the distinctions between guardianship and adoption, including, but not limited to, that guardianship does not require termination of the parent's rights or the consent of the parent;

(iii) a description of the stated preferences and concerns, if any, the minor, the parent as appropriate, and the caregiver expressed relating to the options of guardianship and adoption, and the reasons for the preferences;

(iv) if the minor is not currently in a placement that will provide permanency, identification of all persons presently willing and able to provide permanency to the minor through either guardianship or adoption, and beginning July 1, 2025, if none are available, a description of the efforts made in

accordance with Section 2-27.3; and

(v) state the recommended permanency goal, why that goal is recommended, and why the other potential goals were not recommended.

The caseworker must appear and testify at the permanency hearing. If a permanency hearing has not previously been scheduled by the court, the moving party shall move for the setting of a permanency hearing and the entry of an order within the time frames set forth in this subsection.

(2.3) At the permanency hearing, the court shall determine the permanency goal of the child. The court shall set one of the following permanency goals:

(A) The minor will be returned home by a specific date within 5 months.

(B) The minor will be in short-term care with a continued goal to return home within a period not to exceed one year, where the progress of the parent or parents is substantial giving particular consideration to the age and individual needs of the minor.

(B-1) The minor will be in short-term care with a continued goal to return home pending a status hearing. When the court finds that a parent has not made reasonable efforts or reasonable progress to date, the court shall identify what actions the parent and the Department must take in order to justify a finding of reasonable efforts or reasonable progress and shall set a status hearing to

be held not earlier than 9 months from the date of adjudication nor later than 11 months from the date of adjudication during which the parent's progress will again be reviewed.

If the court has determined that goals (A), (B), and (B-1) are not appropriate and not in the minor's best interest, the court may select one of the following goals: (C), (D), (E), (F), (G), or (H) for the minor as appropriate and based on the best interests of the minor. The court shall determine the appropriate goal for the minor based on best interest factors and any considerations outlined in that goal.

(C) The guardianship of the minor shall be transferred to an individual or couple on a permanent basis. Prior to changing the goal to guardianship, the court shall consider the following:

(i) whether the agency has discussed adoption and guardianship with the caregiver and what preference, if any, the caregiver has as to the permanency goal;

(ii) whether the agency has discussed adoption and guardianship with the minor, as age-appropriate, and what preference, if any, the minor has as to the permanency goal;

(iii) whether the minor is of sufficient age to remember the minor's parents and if the child values this familial identity;

(iv) whether the minor is placed with a relative, and beginning July 1, 2025, whether the minor is placed in a relative home as defined in Section 4d of the Children and Family Services Act or in a certified relative caregiver home as defined in Section 2.36 of the Child Care Act of 1969; and

(v) whether the parent or parents have been informed about guardianship and adoption, and, if appropriate, what preferences, if any, the parent or parents have as to the permanency goal.

(D) The minor will be in substitute care pending court determination on termination of parental rights. Prior to changing the goal to substitute care pending court determination on termination of parental rights, the court shall consider the following:

(i) whether the agency has discussed adoption and guardianship with the caregiver and what preference, if any, the caregiver has as to the permanency goal;

(ii) whether the agency has discussed adoption and guardianship with the minor, as age-appropriate, and what preference, if any, the minor has as to the permanency goal;

(iii) whether the minor is of sufficient age to remember the minor's parents and if the child values this familial identity;

(iv) whether the minor is placed with a relative,

and beginning July 1, 2025, whether the minor is placed in a relative home as defined in Section 4d of the Children and Family Services Act, in a certified relative caregiver home as defined in Section 2.36 of the Child Care Act of 1969;

(v) whether the minor is already placed in a pre-adoptive home, and if not, whether such a home has been identified; and

(vi) whether the parent or parents have been informed about guardianship and adoption, and, if appropriate, what preferences, if any, the parent or parents have as to the permanency goal.

(E) Adoption, provided that parental rights have been terminated or relinquished.

(F) Provided that permanency goals (A) through (E) have been deemed inappropriate and not in the minor's best interests, the minor over age 15 will be in substitute care pending independence. In selecting this permanency goal, the Department of Children and Family Services may provide services to enable reunification and to strengthen the minor's connections with family, fictive kin, and other responsible adults, provided the services are in the minor's best interest. The services shall be documented in the service plan.

(G) The minor will be in substitute care because the minor cannot be provided for in a home environment due to

developmental disabilities or mental illness or because the minor is a danger to self or others, provided that goals (A) through (E) have been deemed inappropriate and not in the child's best interests.

In selecting any permanency goal, the court shall indicate in writing the reasons the goal was selected and why the preceding goals were deemed inappropriate and not in the child's best interest. Where the court has selected a permanency goal other than (A), (B), or (B-1), the Department of Children and Family Services shall not provide further reunification services, except as provided in paragraph (F) of this subsection (2.3), but shall provide services consistent with the goal selected.

(H) Notwithstanding any other provision in this Section, the court may select the goal of continuing foster care as a permanency goal if:

(1) The Department of Children and Family Services has custody and guardianship of the minor;

(2) The court has deemed all other permanency goals inappropriate based on the child's best interest;

(3) The court has found compelling reasons, based on written documentation reviewed by the court, to place the minor in continuing foster care. Compelling reasons include:

(a) the child does not wish to be adopted or to

be placed in the guardianship of the minor's relative, certified relative caregiver, or foster care placement;

(b) the child exhibits an extreme level of need such that the removal of the child from the minor's placement would be detrimental to the child; or

(c) the child who is the subject of the permanency hearing has existing close and strong bonds with a sibling, and achievement of another permanency goal would substantially interfere with the subject child's sibling relationship, taking into consideration the nature and extent of the relationship, and whether ongoing contact is in the subject child's best interest, including long-term emotional interest, as compared with the legal and emotional benefit of permanence;

(4) The child has lived with the relative, certified relative caregiver, or foster parent for at least one year; and

(5) The relative, certified relative caregiver, or foster parent currently caring for the child is willing and capable of providing the child with a stable and permanent environment.

(2.4) The court shall set a permanency goal that is in the best interest of the child. In determining that goal, the

court shall consult with the minor in an age-appropriate manner regarding the proposed permanency or transition plan for the minor. The court's determination shall include the following factors:

(A) Age of the child.

(B) Options available for permanence, including both out-of-state and in-state placement options.

(C) Current placement of the child and the intent of the family regarding subsidized guardianship and adoption.

(D) Emotional, physical, and mental status or condition of the child.

(E) Types of services previously offered and whether or not the services were successful and, if not successful, the reasons the services failed.

(F) Availability of services currently needed and whether the services exist.

(G) Status of siblings of the minor.

(H) If the minor is not currently in a placement likely to achieve permanency, whether there is an identified and willing potential permanent caregiver for the minor, and if so, that potential permanent caregiver's intent regarding guardianship and adoption.

The court shall consider (i) the permanency goal contained in the service plan, (ii) the appropriateness of the services contained in the plan and whether those services have been provided, (iii) whether reasonable efforts have been made by

all the parties to the service plan to achieve the goal, and (iv) whether the plan and goal have been achieved. All evidence relevant to determining these questions, including oral and written reports, may be admitted and may be relied on to the extent of their probative value.

The court shall make findings as to whether, in violation of Section 8.2 of the Abused and Neglected Child Reporting Act, any portion of the service plan compels a child or parent to engage in any activity or refrain from any activity that is not reasonably related to remedying a condition or conditions that gave rise or which could give rise to any finding of child abuse or neglect. The services contained in the service plan shall include services reasonably related to remedy the conditions that gave rise to removal of the child from the home of the child's parents, guardian, or legal custodian or that the court has found must be remedied prior to returning the child home. Any tasks the court requires of the parents, guardian, or legal custodian or child prior to returning the child home must be reasonably related to remedying a condition or conditions that gave rise to or which could give rise to any finding of child abuse or neglect.

If the permanency goal is to return home, the court shall make findings that identify any problems that are causing continued placement of the children away from the home and identify what outcomes would be considered a resolution to these problems. The court shall explain to the parents that

these findings are based on the information that the court has at that time and may be revised, should additional evidence be presented to the court.

The court shall review the Sibling Contact Support Plan developed or modified under subsection (f) of Section 7.4 of the Children and Family Services Act, if applicable. If the Department has not convened a meeting to develop or modify a Sibling Contact Support Plan, or if the court finds that the existing Plan is not in the child's best interest, the court may enter an order requiring the Department to develop, modify, or implement a Sibling Contact Support Plan, or order mediation.

The court shall review the Department's efforts to provide the minor with age and developmentally appropriate life skills. If the court finds the Department's efforts are not in the minor's best interest, the court may enter an order requiring the Department to develop, modify, or implement the service plan to develop the minor's life skills in an age and developmentally appropriate manner.

Beginning July 1, 2025, the court shall review the Ongoing Family Finding and Relative Engagement Plan required under Section 2-27.3. If the court finds that the plan is not in the minor's best interest, the court shall enter specific factual findings and order the Department to modify the plan consistent with the court's findings.

If the goal has been achieved, the court shall enter

orders that are necessary to conform the minor's legal custody and status to those findings.

If, after receiving evidence, the court determines that the services contained in the plan are not reasonably calculated to facilitate achievement of the permanency goal, the court shall put in writing the factual basis supporting the determination and enter specific findings based on the evidence. The court also shall enter an order for the Department to develop and implement a new service plan or to implement changes to the current service plan consistent with the court's findings. The new service plan shall be filed with the court and served on all parties within 45 days of the date of the order. The court shall continue the matter until the new service plan is filed. Except as authorized by subsection (2.5) of this Section and as otherwise specifically authorized by law, the court is not empowered under this Section to order specific placements, specific services, or specific service providers to be included in the service plan.

A guardian or custodian appointed by the court pursuant to this Act shall file updated case plans with the court every 6 months.

Rights of wards of the court under this Act are enforceable against any public agency by complaints for relief by mandamus filed in any proceedings brought under this Act.

(2.5) If, after reviewing the evidence, including evidence from the Department, the court determines that the minor's

current or planned placement is not necessary or appropriate to facilitate achievement of the permanency goal, the court shall put in writing the factual basis supporting its determination and enter specific findings based on the evidence. If the court finds that the minor's current or planned placement is not necessary or appropriate, the court may enter an order directing the Department to implement a recommendation by the minor's treating clinician or a clinician contracted by the Department to evaluate the minor or a recommendation made by the Department. If the Department places a minor in a placement under an order entered under this subsection (2.5), the Department has the authority to remove the minor from that placement when a change in circumstances necessitates the removal to protect the minor's health, safety, and best interest. If the Department determines removal is necessary, the Department shall notify the parties of the planned placement change in writing no later than 10 days prior to the implementation of its determination unless remaining in the placement poses an imminent risk of harm to the minor, in which case the Department shall notify the parties of the placement change in writing immediately following the implementation of its decision. The Department shall notify others of the decision to change the minor's placement as required by Department rule.

(3) Following the permanency hearing, the court shall enter a written order that includes the determinations

required under subsections (2) and (2.3) of this Section and sets forth the following:

(a) The future status of the minor, including the permanency goal, and any order necessary to conform the minor's legal custody and status to such determination; or

(b) If the permanency goal of the minor cannot be achieved immediately, the specific reasons for continuing the minor in the care of the Department of Children and Family Services or other agency for short-term placement, and the following determinations:

(i) (Blank).

(ii) Whether the services required by the court and by any service plan prepared within the prior 6 months have been provided and (A) if so, whether the services were reasonably calculated to facilitate the achievement of the permanency goal or (B) if not provided, why the services were not provided.

(iii) Whether the minor's current or planned placement is necessary, and appropriate to the plan and goal, recognizing the right of minors to the least restrictive (most family-like) setting available and in close proximity to the parents' home consistent with the health, safety, best interest, and special needs of the minor and, if the minor is placed out-of-state, whether the out-of-state placement continues to be appropriate and consistent with the

health, safety, and best interest of the minor.

(iv) (Blank).

(v) (Blank).

If the court sets a permanency goal of independence or if the minor is 17 years of age or older, the court shall schedule a Successful Transition to Adulthood Review hearing in accordance with Section 2-28.2.

(4) The minor or any person interested in the minor may apply to the court for a change in custody of the minor and the appointment of a new custodian or guardian of the person or for the restoration of the minor to the custody of the minor's parents or former guardian or custodian.

When return home is not selected as the permanency goal:

(a) The Department, the minor, or the current foster parent or relative caregiver seeking private guardianship may file a motion for private guardianship of the minor. Appointment of a guardian under this Section requires approval of the court.

(b) The State's Attorney may file a motion to terminate parental rights of any parent who has failed to make reasonable efforts to correct the conditions which led to the removal of the child or reasonable progress toward the return of the child, as defined in subdivision (D)(m) of Section 1 of the Adoption Act or for whom any other unfitness ground for terminating parental rights as defined in subdivision (D) of Section 1 of the Adoption

Act exists.

When parental rights have been terminated for a minimum of 3 years and the child who is the subject of the permanency hearing is 13 years old or older and is not currently placed in a placement likely to achieve permanency, the Department of Children and Family Services shall make reasonable efforts to locate parents whose rights have been terminated, except when the Court determines that those efforts would be futile or inconsistent with the subject child's best interests. The Department of Children and Family Services shall assess the appropriateness of the parent whose rights have been terminated, and shall, as appropriate, foster and support connections between the parent whose rights have been terminated and the youth. The Department of Children and Family Services shall document its determinations and efforts to foster connections in the child's case plan.

Custody of the minor shall not be restored to any parent, guardian, or legal custodian in any case in which the minor is found to be neglected or abused under Section 2-3 or dependent under Section 2-4 of this Act, unless the minor can be cared for at home without endangering the minor's health or safety and it is in the best interest of the minor, and if such neglect, abuse, or dependency is found by the court under paragraph (1) of Section 2-21 of this Act to have come about due to the acts or omissions or both of such parent, guardian,

or legal custodian, until such time as an investigation is made as provided in paragraph (5) and a hearing is held on the issue of the health, safety, and best interest of the minor and the fitness of such parent, guardian, or legal custodian to care for the minor and the court enters an order that such parent, guardian, or legal custodian is fit to care for the minor. If a motion is filed to modify or vacate a private guardianship order and return the child to a parent, guardian, or legal custodian, the court may order the Department of Children and Family Services to assess the minor's current and proposed living arrangements and to provide ongoing monitoring of the health, safety, and best interest of the minor during the pendency of the motion to assist the court in making that determination. In the event that the minor has attained 18 years of age and the guardian or custodian petitions the court for an order terminating the minor's guardianship or custody, guardianship or custody shall terminate automatically 30 days after the receipt of the petition unless the court orders otherwise. No legal custodian or guardian of the person may be removed without the legal custodian's or guardian's consent until given notice and an opportunity to be heard by the court.

When the court orders a child restored to the custody of the parent or parents, the court shall order the parent or parents to cooperate with the Department of Children and Family Services and comply with the terms of an aftercare ~~after-care~~ plan, or risk the loss of custody of the child and

possible termination of their parental rights. The court may also enter an order of protective supervision in accordance with Section 2-24.

"Unable to give knowing consent" also includes when the accused administers any intoxicating or anesthetic substance, or any controlled substance causing the victim to become unconscious of the nature of the act and this condition was known, or reasonably should have been known by the accused. "Unable to give knowing consent" also includes when the victim has taken an intoxicating substance or any controlled substance causing the victim to become unconscious of the nature of the act, and this condition was known or reasonably should have been known by the accused, but the accused did not provide or administer the intoxicating substance. (720 ILCS 5/11-20.1)

Sec. 11-20.1. Child sexual abuse material.

(a) Recognizing the enormous negative societal impact that sexually explicit visual depictions of children engaged in sexual abuse activities have on the children who are abused, and the overarching broader impact these materials and imagery have at various levels to the public, especially when this material is disseminated, we are changing all references in Illinois statutes from "child pornography" to "child sexual abuse material". It is important that the statutes of the State of Illinois reflect the content and realities of these materials as the sexual abuse and exploitation of children. The word "pornography" implied legality involving "consent" of which this imagery is not, as children can never "consent" to sexual abuse and sexual exploitation. This name change is not a change in meaning, definitions, statutes or application of the laws of this State and all previous references to "child pornography" are now encapsulated in "child sexual abuse materials".

A person commits child sexual abuse material who:

(1) films, videotapes, photographs, or otherwise depicts or portrays by means of any similar visual medium or reproduction or depicts by computer any child whom he

or she knows or reasonably should know to be under the age of 18 or any person with a severe or profound intellectual disability where such child or person with a severe or profound intellectual disability is:

(i) actually or by simulation engaged in any act of sexual penetration or sexual conduct with any person or animal; or

(ii) actually or by simulation engaged in any act of sexual penetration or sexual conduct involving the sex organs of the child or person with a severe or profound intellectual disability and the mouth, anus, or sex organs of another person or animal; or which involves the mouth, anus or sex organs of the child or person with a severe or profound intellectual disability and the sex organs of another person or animal; or

(iii) actually or by simulation engaged in any act of masturbation; or

(iv) actually or by simulation portrayed as being the object of, or otherwise engaged in, any act of lewd fondling, touching, or caressing involving another person or animal; or

(v) actually or by simulation engaged in any act of excretion or urination within a sexual context; or

(vi) actually or by simulation portrayed or depicted as bound, fettered, or subject to sadistic,

masochistic, or sadomasochistic abuse in any sexual context; or

(vii) depicted or portrayed in any pose, posture or setting involving a lewd exhibition of the unclothed or transparently clothed genitals, pubic area, buttocks, or, if such person is female, a fully or partially developed breast of the child or other person; or

(2) with the knowledge of the nature or content thereof, reproduces, disseminates, offers to disseminate, exhibits or possesses with intent to disseminate any film, videotape, photograph or other similar visual reproduction or depiction by computer of any child or person with a severe or profound intellectual disability whom the person knows or reasonably should know to be under the age of 18 or to be a person with a severe or profound intellectual disability, engaged in any activity described in subparagraphs (i) through (vii) of paragraph (1) of this subsection; or

(3) with knowledge of the subject matter or theme thereof, produces any stage play, live performance, film, videotape or other similar visual portrayal or depiction by computer which includes a child whom the person knows or reasonably should know to be under the age of 18 or a person with a severe or profound intellectual disability engaged in any activity described in subparagraphs (i)

through (vii) of paragraph (1) of this subsection; or

(4) solicits, uses, persuades, induces, entices, or coerces any child whom he or she knows or reasonably should know to be under the age of 18 or a person with a severe or profound intellectual disability to appear in any stage play, live presentation, film, videotape, photograph or other similar visual reproduction or depiction by computer in which the child or person with a severe or profound intellectual disability is or will be depicted, actually or by simulation, in any act, pose or setting described in subparagraphs (i) through (vii) of paragraph (1) of this subsection; or

(5) is a parent, step-parent, legal guardian or other person having care or custody of a child whom the person knows or reasonably should know to be under the age of 18 or a person with a severe or profound intellectual disability and who knowingly permits, induces, promotes, or arranges for such child or person with a severe or profound intellectual disability to appear in any stage play, live performance, film, videotape, photograph or other similar visual presentation, portrayal or simulation or depiction by computer of any act or activity described in subparagraphs (i) through (vii) of paragraph (1) of this subsection; or

(6) with knowledge of the nature or content thereof, possesses any film, videotape, photograph or other similar

visual reproduction or depiction by computer of any child or person with a severe or profound intellectual disability whom the person knows or reasonably should know to be under the age of 18 or to be a person with a severe or profound intellectual disability, engaged in any activity described in subparagraphs (i) through (vii) of paragraph (1) of this subsection; or

(g) Re-enactment; findings; purposes.

(1) The General Assembly finds and declares that:

(i) Section 50-5 of Public Act 88-680, effective January 1, 1995, contained provisions amending the child sexual abuse material statute, Section 11-20.1 of the Criminal Code of 1961. Section 50-5 also

contained other provisions.

(ii) In addition, Public Act 88-680 was entitled "AN ACT to create a Safe Neighborhoods Law". (A) Article 5 was entitled JUVENILE JUSTICE and amended the Juvenile Court Act of 1987. (B) Article 15 was entitled GANGS and amended various provisions of the Criminal Code of 1961 and the Unified Code of Corrections. (C) Article 20 was entitled ALCOHOL ABUSE and amended various provisions of the Illinois Vehicle Code. (D) Article 25 was entitled DRUG ABUSE and amended the Cannabis Control Act and the Illinois Controlled Substances Act. (E) Article 30 was entitled FIREARMS and amended the Criminal Code of 1961 and the Code of Criminal Procedure of 1963. (F) Article 35 amended the Criminal Code of 1961, the Rights of Crime Victims and Witnesses Act, and the Unified Code of Corrections. (G) Article 40 amended the Criminal Code of 1961 to increase the penalty for compelling organization membership of persons. (H) Article 45 created the Secure Residential Youth Care Facility Licensing Act and amended the State Finance Act, the Juvenile Court Act of 1987, the Unified Code of Corrections, and the Private Correctional Facility Moratorium Act. (I) Article 50 amended the WIC Vendor Management Act, the Firearm Owners Identification Card Act, the Juvenile Court Act of 1987, the Criminal Code

of 1961, the Wrongs to Children Act, and the Unified Code of Corrections.

(iii) On September 22, 1998, the Third District Appellate Court in *People v. Dainty*, 701 N.E. 2d 118, ruled that Public Act 88-680 violates the single subject clause of the Illinois Constitution (Article IV, Section 8 (d)) and was unconstitutional in its entirety. As of the time this amendatory Act of 1999 was prepared, *People v. Dainty* was still subject to appeal.

(iv) Child sexual abuse material is a vital concern to the people of this State and the validity of future prosecutions under the child sexual abuse material statute of the Criminal Code of 1961 is in grave doubt.

(2) It is the purpose of this amendatory Act of 1999 to prevent or minimize any problems relating to prosecutions for child sexual abuse material that may result from challenges to the constitutional validity of Public Act 88-680 by re-enacting the Section relating to child sexual abuse material that was included in Public Act 88-680.

(3) This amendatory Act of 1999 re-enacts Section 11-20.1 of the Criminal Code of 1961, as it has been amended. This re-enactment is intended to remove any question as to the validity or content of that Section; it is not intended to supersede any other Public Act that

amends the text of the Section as set forth in this amendatory Act of 1999. The material is shown as existing text (i.e., without underscoring) because, as of the time this amendatory Act of 1999 was prepared, *People v. Dainty* was subject to appeal to the Illinois Supreme Court.

(4) The re-enactment by this amendatory Act of 1999 of Section 11-20.1 of the Criminal Code of 1961 relating to child sexual abuse material that was amended by Public Act 88-680 is not intended, and shall not be construed, to imply that Public Act 88-680 is invalid or to limit or impair any legal argument concerning whether those provisions were substantially re-enacted by other Public Acts.

A written declaration of forfeiture of a vehicle under this Section shall be sufficient cause for the title to be transferred to the spouse or family member. For preliminary hearings and hearings regarding pretrial release or that alter the conditions of pretrial release only, if giving the victim 7 days' notice is impossible, fewer days may be timely, so long as the notice is provided as soon as practicable and in advance of the proceeding. Notice shall be provided in sufficient time, wherever possible, for the victim to make arrangements to attend or to prevent an unnecessary appearance at court proceedings;

(3) or victim advocate personnel shall provide

information of social services and financial assistance available for victims of crime, including information of how to apply for these services and assistance;

(3.5) or victim advocate personnel shall provide information about available victim services, including referrals to programs, counselors, and agencies that assist a victim to deal with trauma, loss, and grief;

(4) shall assist in having any stolen or other personal property held by law enforcement authorities for evidentiary or other purposes returned as expeditiously as possible, pursuant to the procedures set out in Section 115-9 of the Code of Criminal Procedure of 1963;

(5) or victim advocate personnel shall provide appropriate employer intercession services to ensure that employers of victims will cooperate with the criminal justice system in order to minimize an employee's loss of pay and other benefits resulting from court appearances;

(6) shall provide, whenever possible, a secure waiting area during court proceedings that does not require victims to be in close proximity to defendants or juveniles accused of a violent crime, and their families and friends;

(7) shall provide notice to the crime victim of the right to have a translator present at all court proceedings and, in compliance with the federal Americans with Disabilities Act of 1990, the right to communications

access through a sign language interpreter or by other means;

(8) (blank);

(8.5) shall inform the victim of the right to be present at all court proceedings, unless the victim is to testify and the court determines that the victim's testimony would be materially affected if the victim hears other testimony at trial;

(9) shall inform the victim of the right to have present at all court proceedings, subject to the rules of evidence and confidentiality, an advocate and other support person of the victim's choice;

(9.3) shall inform the victim of the right to retain an attorney, at the victim's own expense, who, upon written notice filed with the clerk of the court and State's Attorney, is to receive copies of all notices, motions, and court orders filed thereafter in the case, in the same manner as if the victim were a named party in the case;

(9.5) shall inform the victim of (A) the victim's right under Section 6 of this Act to make a statement at the sentencing hearing; (B) the right of the victim's spouse, guardian, parent, grandparent, and other immediate family and household members under Section 6 of this Act to present a statement at sentencing; and (C) if a presentence report is to be prepared, the right of the

victim's spouse, guardian, parent, grandparent, and other immediate family and household members to submit information to the preparer of the presentence report about the effect the offense has had on the victim and the person;

(10) at the sentencing shall make a good faith attempt to explain the minimum amount of time during which the defendant may actually be physically imprisoned. The Office of the State's Attorney shall further notify the crime victim of the right to request from the Prisoner Review Board or Department of Juvenile Justice information concerning the release of the defendant;

(11) shall request restitution at sentencing and as part of a plea agreement if the victim requests restitution;

(12) shall, upon the court entering a verdict of not guilty by reason of insanity, inform the victim of the notification services available from the Department of Human Services, including the statewide telephone number, under subparagraph (d) (2) of this Section;

(13) shall provide notice within a reasonable time after receipt of notice from the custodian, of the release of the defendant on pretrial release or personal recognizance or the release from detention of a minor who has been detained;

(14) shall explain in nontechnical language the

details of any plea or verdict of a defendant, or any adjudication of a juvenile as a delinquent;

(15) shall make all reasonable efforts to consult with the crime victim before the Office of the State's Attorney makes an offer of a plea bargain to the defendant or enters into negotiations with the defendant concerning a possible plea agreement, and shall consider the written statement, if prepared prior to entering into a plea agreement. The right to consult with the prosecutor does not include the right to veto a plea agreement or to insist the case go to trial. If the State's Attorney has not consulted with the victim prior to making an offer or entering into plea negotiations with the defendant, the Office of the State's Attorney shall notify the victim of the offer or the negotiations within 2 business days and confer with the victim;

(16) shall provide notice of the ultimate disposition of the cases arising from an indictment or an information, or a petition to have a juvenile adjudicated as a delinquent for a violent crime;

(17) shall provide notice of any appeal taken by the defendant and information on how to contact the appropriate agency handling the appeal, and how to request notice of any hearing, oral argument, or decision of an appellate court;

(18) shall provide timely notice of any request for

post-conviction review filed by the defendant under Article 122 of the Code of Criminal Procedure of 1963, and of the date, time and place of any hearing concerning the petition. Whenever possible, notice of the hearing shall be given within 48 hours of the court's scheduling of the hearing;

(19) shall forward a copy of any statement presented under Section 6 to the Prisoner Review Board or Department of Juvenile Justice to be considered in making a determination under Section 3-2.5-85 or subsection (b) of Section 3-3-8 of the Unified Code of Corrections;

(20) shall, within a reasonable time, offer to meet with the crime victim regarding the decision of the State's Attorney not to charge an offense, and shall meet with the victim, if the victim agrees. The victim has a right to have an attorney, advocate, and other support person of the victim's choice attend this meeting with the victim; and

(21) shall give the crime victim timely notice of any decision not to pursue charges and consider the safety of the victim when deciding how to give such notice.

(c) The court shall ensure that the rights of the victim are afforded.

(c-5) The following procedures shall be followed to afford victims the rights guaranteed by Article I, Section 8.1 of the Illinois Constitution:

(1) Written notice. A victim may complete a written notice of intent to assert rights on a form prepared by the Office of the Attorney General and provided to the victim by the State's Attorney. The victim may at any time provide a revised written notice to the State's Attorney. The State's Attorney shall file the written notice with the court. At the beginning of any court proceeding in which the right of a victim may be at issue, the court and prosecutor shall review the written notice to determine whether the victim has asserted the right that may be at issue.

(2) Victim's retained attorney. A victim's attorney shall file an entry of appearance limited to assertion of the victim's rights. Upon the filing of the entry of appearance and service on the State's Attorney and the defendant, the attorney is to receive copies of all notices, motions and court orders filed thereafter in the case.

(3) Standing. The victim has standing to assert the rights enumerated in subsection (a) of Article I, Section 8.1 of the Illinois Constitution and the statutory rights under Section 4 of this Act in any court exercising jurisdiction over the criminal case. The prosecuting attorney, a victim, or the victim's retained attorney may assert the victim's rights. The defendant in the criminal case has no standing to assert a right of the victim in any

court proceeding, including on appeal.

(4) Assertion of and enforcement of rights.

(A) The prosecuting attorney shall assert a victim's right or request enforcement of a right by filing a motion or by orally asserting the right or requesting enforcement in open court in the criminal case outside the presence of the jury. The prosecuting attorney shall consult with the victim and the victim's attorney regarding the assertion or enforcement of a right. If the prosecuting attorney decides not to assert or enforce a victim's right, the prosecuting attorney shall notify the victim or the victim's attorney in sufficient time to allow the victim or the victim's attorney to assert the right or to seek enforcement of a right.

(B) If the prosecuting attorney elects not to assert a victim's right or to seek enforcement of a right, the victim or the victim's attorney may assert the victim's right or request enforcement of a right by filing a motion or by orally asserting the right or requesting enforcement in open court in the criminal case outside the presence of the jury.

(C) If the prosecuting attorney asserts a victim's right or seeks enforcement of a right, unless the prosecuting attorney objects or the trial court does not allow it, the victim or the victim's attorney may

be heard regarding the prosecuting attorney's motion or may file a simultaneous motion to assert or request enforcement of the victim's right. If the victim or the victim's attorney was not allowed to be heard at the hearing regarding the prosecuting attorney's motion, and the court denies the prosecuting attorney's assertion of the right or denies the request for enforcement of a right, the victim or victim's attorney may file a motion to assert the victim's right or to request enforcement of the right within 10 days of the court's ruling. The motion need not demonstrate the grounds for a motion for reconsideration. The court shall rule on the merits of the motion.

(D) The court shall take up and decide any motion or request asserting or seeking enforcement of a victim's right without delay, unless a specific time period is specified by law or court rule. The reasons for any decision denying the motion or request shall be clearly stated on the record.

(E) No later than January 1, 2023, the Office of the Attorney General shall:

(i) designate an administrative authority within the Office of the Attorney General to receive and investigate complaints relating to the provision or violation of the rights of a crime

victim as described in Article I, Section 8.1 of the Illinois Constitution and in this Act;

(ii) create and administer a course of training for employees and offices of the State of Illinois that fail to comply with provisions of Illinois law pertaining to the treatment of crime victims as described in Article I, Section 8.1 of the Illinois Constitution and in this Act as required by the court under Section 5 of this Act; and

(iii) have the authority to make recommendations to employees and offices of the State of Illinois to respond more effectively to the needs of crime victims, including regarding the violation of the rights of a crime victim.

(F) Crime victims' rights may also be asserted by filing a complaint for mandamus, injunctive, or declaratory relief in the jurisdiction in which the victim's right is being violated or where the crime is being prosecuted. For complaints or motions filed by or on behalf of the victim, the clerk of court shall waive filing fees that would otherwise be owed by the victim for any court filing with the purpose of enforcing crime victims' rights. If the court denies the relief sought by the victim, the reasons for the denial shall be clearly stated on the record in the

transcript of the proceedings, in a written opinion, or in the docket entry, and the victim may appeal the circuit court's decision to the appellate court. The court shall issue prompt rulings regarding victims' rights. Proceedings seeking to enforce victims' rights shall not be stayed or subject to unreasonable delay via continuances.

(5) Violation of rights and remedies.

(A) If the court determines that a victim's right has been violated, the court shall determine the appropriate remedy for the violation of the victim's right by hearing from the victim and the parties, considering all factors relevant to the issue, and then awarding appropriate relief to the victim.

(A-5) Consideration of an issue of a substantive nature or an issue that implicates the constitutional or statutory right of a victim at a court proceeding labeled as a status hearing shall constitute a per se violation of a victim's right.

(B) The appropriate remedy shall include only actions necessary to provide the victim the right to which the victim was entitled. Remedies may include, but are not limited to: injunctive relief requiring the victim's right to be afforded; declaratory judgment recognizing or clarifying the victim's rights; a writ of mandamus; and may include reopening

previously held proceedings; however, in no event shall the court vacate a conviction. Any remedy shall be tailored to provide the victim an appropriate remedy without violating any constitutional right of the defendant. In no event shall the appropriate remedy to the victim be a new trial or damages.

The court shall impose a mandatory training course provided by the Attorney General for the employee under item (ii) of subparagraph (E) of paragraph (4), which must be successfully completed within 6 months of the entry of the court order.

This paragraph (5) takes effect January 2, 2023.

(6) Right to be heard. Whenever a victim has the right to be heard, the court shall allow the victim to exercise the right in any reasonable manner the victim chooses.

(7) Right to attend trial. A party must file a written motion to exclude a victim from trial at least 60 days prior to the date set for trial. The motion must state with specificity the reason exclusion is necessary to protect a constitutional right of the party, and must contain an offer of proof. The court shall rule on the motion within 30 days. If the motion is granted, the court shall set forth on the record the facts that support its finding that the victim's testimony will be materially affected if the victim hears other testimony at trial.

(8) Right to have advocate and support person present

at court proceedings.

(A) A party who intends to call an advocate as a witness at trial must seek permission of the court before the subpoena is issued. The party must file a written motion at least 90 days before trial that sets forth specifically the issues on which the advocate's testimony is sought and an offer of proof regarding (i) the content of the anticipated testimony of the advocate; and (ii) the relevance, admissibility, and materiality of the anticipated testimony. The court shall consider the motion and make findings within 30 days of the filing of the motion. If the court finds by a preponderance of the evidence that: (i) the anticipated testimony is not protected by an absolute privilege; and (ii) the anticipated testimony contains relevant, admissible, and material evidence that is not available through other witnesses or evidence, the court shall issue a subpoena requiring the advocate to appear to testify at an in camera hearing. The prosecuting attorney and the victim shall have 15 days to seek appellate review before the advocate is required to testify at an ex parte in camera proceeding.

The prosecuting attorney, the victim, and the advocate's attorney shall be allowed to be present at the ex parte in camera proceeding. If, after

conducting the ex parte in camera hearing, the court determines that due process requires any testimony regarding confidential or privileged information or communications, the court shall provide to the prosecuting attorney, the victim, and the advocate's attorney a written memorandum on the substance of the advocate's testimony. The prosecuting attorney, the victim, and the advocate's attorney shall have 15 days to seek appellate review before a subpoena may be issued for the advocate to testify at trial. The presence of the prosecuting attorney at the ex parte in camera proceeding does not make the substance of the advocate's testimony that the court has ruled inadmissible subject to discovery.

(B) If a victim has asserted the right to have a support person present at the court proceedings, the victim shall provide the name of the person the victim has chosen to be the victim's support person to the prosecuting attorney, within 60 days of trial. The prosecuting attorney shall provide the name to the defendant. If the defendant intends to call the support person as a witness at trial, the defendant must seek permission of the court before a subpoena is issued. The defendant must file a written motion at least 45 days prior to trial that sets forth specifically the issues on which the support person

will testify and an offer of proof regarding: (i) the content of the anticipated testimony of the support person; and (ii) the relevance, admissibility, and materiality of the anticipated testimony.

If the prosecuting attorney intends to call the support person as a witness during the State's case-in-chief, the prosecuting attorney shall inform the court of this intent in the response to the defendant's written motion. The victim may choose a different person to be the victim's support person. The court may allow the defendant to inquire about matters outside the scope of the direct examination during cross-examination. If the court allows the defendant to do so, the support person shall be allowed to remain in the courtroom after the support person has testified. A defendant who fails to question the support person about matters outside the scope of direct examination during the State's case-in-chief waives the right to challenge the presence of the support person on appeal. The court shall allow the support person to testify if called as a witness in the defendant's case-in-chief or the State's rebuttal.

If the court does not allow the defendant to inquire about matters outside the scope of the direct examination, the support person shall be allowed to

remain in the courtroom after the support person has been called by the defendant or the defendant has rested. The court shall allow the support person to testify in the State's rebuttal.

If the prosecuting attorney does not intend to call the support person in the State's case-in-chief, the court shall verify with the support person whether the support person, if called as a witness, would testify as set forth in the offer of proof. If the court finds that the support person would testify as set forth in the offer of proof, the court shall rule on the relevance, materiality, and admissibility of the anticipated testimony. If the court rules the anticipated testimony is admissible, the court shall issue the subpoena. The support person may remain in the courtroom after the support person testifies and shall be allowed to testify in rebuttal.

If the court excludes the victim's support person during the State's case-in-chief, the victim shall be allowed to choose another support person to be present in court.

If the victim fails to designate a support person within 60 days of trial and the defendant has subpoenaed the support person to testify at trial, the court may exclude the support person from the trial until the support person testifies. If the court

excludes the support person the victim may choose another person as a support person.

(9) Right to notice and hearing before disclosure of confidential or privileged information or records.

(A) A defendant who seeks to subpoena testimony or records of or concerning the victim that are confidential or privileged by law must seek permission of the court before the subpoena is issued. The defendant must file a written motion and an offer of proof regarding the relevance, admissibility and materiality of the testimony or records. If the court finds by a preponderance of the evidence that:

(i) the testimony or records are not protected by an absolute privilege and

(ii) the testimony or records contain relevant, admissible, and material evidence that is not available through other witnesses or evidence, the court shall issue a subpoena requiring the witness to appear in camera or a sealed copy of the records be delivered to the court to be reviewed in camera. If, after conducting an in camera review of the witness statement or records, the court determines that due process requires disclosure of any potential testimony or any portion of the records, the court shall provide copies of the records that it

intends to disclose to the prosecuting attorney and the victim. The prosecuting attorney and the victim shall have 30 days to seek appellate review before the records are disclosed to the defendant, used in any court proceeding, or disclosed to anyone or in any way that would subject the testimony or records to public review. The disclosure of copies of any portion of the testimony or records to the prosecuting attorney under this Section does not make the records subject to discovery or required to be provided to the defendant.

(B) A prosecuting attorney who seeks to subpoena information or records concerning the victim that are confidential or privileged by law must first request the written consent of the crime victim. If the victim does not provide such written consent, including where necessary the appropriate signed document required for waiving privilege, the prosecuting attorney must serve the subpoena at least 21 days prior to the date a response or appearance is required to allow the subject of the subpoena time to file a motion to quash or request a hearing. The prosecuting attorney must also send a written notice to the victim at least 21 days prior to the response date to allow the victim to file a motion or request a hearing. The notice to the

victim shall inform the victim (i) that a subpoena has been issued for confidential information or records concerning the victim, (ii) that the victim has the right to request a hearing prior to the response date of the subpoena, and (iii) how to request the hearing. The notice to the victim shall also include a copy of the subpoena. If requested, a hearing regarding the subpoena shall occur before information or records are provided to the prosecuting attorney.

(10) Right to notice of court proceedings. If the victim is not present at a court proceeding in which a right of the victim is at issue, the court shall ask the prosecuting attorney whether the victim was notified of the time, place, and purpose of the court proceeding and that the victim had a right to be heard at the court proceeding. If the court determines that timely notice was not given or that the victim was not adequately informed of the nature of the court proceeding, the court shall not rule on any substantive issues, accept a plea, or impose a sentence and shall continue the hearing for the time necessary to notify the victim of the time, place and nature of the court proceeding. The time between court proceedings shall not be attributable to the State under Section 103-5 of the Code of Criminal Procedure of 1963.

(11) Right to timely disposition of the case. A victim has the right to timely disposition of the case so as to

minimize the stress, cost, and inconvenience resulting from the victim's involvement in the case. Before ruling on a motion to continue trial or other court proceeding, the court shall inquire into the circumstances for the request for the delay and, if the victim has provided written notice of the assertion of the right to a timely disposition, and whether the victim objects to the delay. If the victim objects, the prosecutor shall inform the court of the victim's objections. If the prosecutor has not conferred with the victim about the continuance, the prosecutor shall inform the court of the attempts to confer. If the court finds the attempts of the prosecutor to confer with the victim were inadequate to protect the victim's right to be heard, the court shall give the prosecutor at least 3 but not more than 5 business days to confer with the victim. In ruling on a motion to continue, the court shall consider the reasons for the requested continuance, the number and length of continuances that have been granted, the victim's objections and procedures to avoid further delays. If a continuance is granted over the victim's objection, the court shall specify on the record the reasons for the continuance and the procedures that have been or will be taken to avoid further delays.

(12) Right to Restitution.

(A) If the victim has asserted the right to restitution and the amount of restitution is known at

the time of sentencing, the court shall enter the judgment of restitution at the time of sentencing.

(B) If the victim has asserted the right to restitution and the amount of restitution is not known at the time of sentencing, the prosecutor shall, within 5 days after sentencing, notify the victim what information and documentation related to restitution is needed and that the information and documentation must be provided to the prosecutor within 45 days after sentencing. Failure to timely provide information and documentation related to restitution shall be deemed a waiver of the right to restitution. The prosecutor shall file and serve within 60 days after sentencing a proposed judgment for restitution and a notice that includes information concerning the identity of any victims or other persons seeking restitution, whether any victim or other person expressly declines restitution, the nature and amount of any damages together with any supporting documentation, a restitution amount recommendation, and the names of any co-defendants and their case numbers. Within 30 days after receipt of the proposed judgment for restitution, the defendant shall file any objection to the proposed judgment, a statement of grounds for the objection, and a financial statement. If the defendant does not file an objection, the court

may enter the judgment for restitution without further proceedings. If the defendant files an objection and either party requests a hearing, the court shall schedule a hearing.

(13) Access to presentence reports.

(A) The victim may request a copy of the presentence report prepared under the Unified Code of Corrections from the State's Attorney. The State's Attorney shall redact the following information before providing a copy of the report:

(i) the defendant's mental history and condition;

(ii) any evaluation prepared under subsection (b) or (b-5) of Section 5-3-2; and

(iii) the name, address, phone number, and other personal information about any other victim.

(B) The State's Attorney or the defendant may request the court redact other information in the report that may endanger the safety of any person.

(C) The State's Attorney may orally disclose to the victim any of the information that has been redacted if there is a reasonable likelihood that the information will be stated in court at the sentencing.

(D) The State's Attorney must advise the victim that the victim must maintain the confidentiality of the report and other information. Any dissemination of

the report or information that was not stated at a court proceeding constitutes indirect criminal contempt of court.

(14) Appellate relief. If the trial court denies the relief requested, the victim, the victim's attorney, or the prosecuting attorney may file an appeal within 30 days of the trial court's ruling. The trial or appellate court may stay the court proceedings if the court finds that a stay would not violate a constitutional right of the defendant. If the appellate court denies the relief sought, the reasons for the denial shall be clearly stated in a written opinion. In any appeal in a criminal case, the State may assert as error the court's denial of any crime victim's right in the proceeding to which the appeal relates.

(15) Limitation on appellate relief. In no case shall an appellate court provide a new trial to remedy the violation of a victim's right.

(16) The right to be reasonably protected from the accused throughout the criminal justice process and the right to have the safety of the victim and the victim's family considered in determining whether to release the defendant, and setting conditions of release after arrest and conviction. A victim of domestic violence, a sexual offense, or stalking may request the entry of a protective order under Article 112A of the Code of Criminal Procedure

of 1963.

(d) Procedures after the imposition of sentence.

(1) The Prisoner Review Board shall inform a victim or any other concerned citizen, upon written request, of the prisoner's release on parole, mandatory supervised release, electronic detention, work release, international transfer or exchange, or by the custodian, other than the Department of Juvenile Justice, of the discharge of any individual who was adjudicated a delinquent for a crime from State custody and by the sheriff of the appropriate county of any such person's final discharge from county custody. The Prisoner Review Board, upon written request, shall provide to a victim or any other concerned citizen a recent photograph of any person convicted of a felony, upon his or her release from custody. The Prisoner Review Board, upon written request, shall inform a victim or any other concerned citizen when feasible at least 7 days prior to the prisoner's release on furlough of the times and dates of such furlough. Upon written request by the victim or any other concerned citizen, the State's Attorney shall notify the person once of the times and dates of release of a prisoner sentenced to periodic imprisonment. Notification shall be based on the most recent information as to the victim's or other concerned citizen's residence or other location available to the notifying authority.

(1.5) The Prisoner Review Board shall notify a victim of a prisoner's pardon, commutation of sentence, release on furlough, or early release from State custody, if the victim has previously requested that notification. The notification shall be based upon the most recent information available to the Board as to the victim's residence or other location. The notification requirement under this paragraph (1.5) is in addition to any notification requirements under any other statewide victim notification systems. The Board shall document its efforts to provide the required notification if a victim alleges lack of notification under this paragraph (1.5).

(2) When the defendant has been committed to the Department of Human Services pursuant to Section 5-2-4 or any other provision of the Unified Code of Corrections, the victim may request to be notified by the releasing authority of the approval by the court of an on-grounds pass, a supervised off-grounds pass, an unsupervised off-grounds pass, or conditional release; the release on an off-grounds pass; the return from an off-grounds pass; transfer to another facility; conditional release; escape; death; or final discharge from State custody. The Department of Human Services shall establish and maintain a statewide telephone number to be used by victims to make notification requests under these provisions and shall publicize this telephone number on its website and to the

State's Attorney of each county.

(3) In the event of an escape from State custody, the Department of Corrections or the Department of Juvenile Justice immediately shall notify the Prisoner Review Board of the escape and the Prisoner Review Board shall notify the victim. The notification shall be based upon the most recent information as to the victim's residence or other location available to the Board. When no such information is available, the Board shall make all reasonable efforts to obtain the information and make the notification. When the escapee is apprehended, the Department of Corrections or the Department of Juvenile Justice immediately shall notify the Prisoner Review Board and the Board shall notify the victim. The notification requirement under this paragraph (3) is in addition to any notification requirements under any other statewide victim notification systems. The Board shall document its efforts to provide the required notification if a victim alleges lack of notification under this paragraph (3).

(4) The victim of the crime for which the prisoner has been sentenced has the right to register with the Prisoner Review Board's victim registry. Victims registered with the Board shall receive reasonable written notice not less than 30 days prior to the parole hearing or target aftercare release date. The victim has the right to submit a victim statement for consideration by the Prisoner

Review Board or the Department of Juvenile Justice in writing, on film, videotape, or other electronic means, or in the form of a recording prior to the parole hearing or target aftercare release date, or in person at the parole hearing or aftercare release protest hearing, or by calling the toll-free number established in subsection (f) of this Section. The victim shall be notified within 7 days after the prisoner has been granted parole or aftercare release and shall be informed of the right to inspect the registry of parole decisions, established under subsection (g) of Section 3-3-5 of the Unified Code of Corrections. The provisions of this paragraph (4) are subject to the Open Parole Hearings Act. Victim statements provided to the Board shall be confidential and privileged, including any statements received prior to January 1, 2020 (the effective date of Public Act 101-288), except if the statement was an oral statement made by the victim at a hearing open to the public.

(4-1) The crime victim, including any person who has had a final, plenary, non-emergency, or emergency protective order granted against the petitioner or parole candidate under Article 112A of the Code of Criminal Procedure of 1963, the Illinois Domestic Violence Act of 1986, the Stalking No Contact Order Act, or the Civil No Contact Order Act, has the right to submit a victim statement, in support or opposition, for consideration by

the Prisoner Review Board or the Department of Juvenile Justice prior to or at a hearing to determine the conditions of mandatory supervised release of a person sentenced to a determinate sentence or at a hearing on revocation of mandatory supervised release of a person sentenced to a determinate sentence. A victim statement may be submitted in writing, on film, videotape, or other electronic means, or in the form of a recording, or orally at a hearing, or by calling the toll-free number established in subsection (f) of this Section. Victim statements provided to the Board shall be confidential and privileged, including any statements received prior to January 1, 2020 (the effective date of Public Act 101-288), except if the statement was an oral statement made by the victim at a hearing open to the public.

(4-2) The crime victim, including any person who has had a final, plenary, non-emergency, or emergency protective order granted against the petitioner or parole candidate under Article 112A of the Code of Criminal Procedure of 1963, the Illinois Domestic Violence Act of 1986, the Stalking No Contact Order Act, or the Civil No Contact Order Act, has the right to submit a victim statement, in support or opposition, to the Prisoner Review Board for consideration at an executive clemency hearing as provided in Section 3-3-13 of the Unified Code of Corrections. A victim statement may be submitted in

writing, on film, videotape, or other electronic means, or in the form of a recording prior to a hearing, or orally at a hearing, or by calling the toll-free number established in subsection (f) of this Section. Victim statements provided to the Board shall be confidential and privileged, including any statements received prior to January 1, 2020 (the effective date of Public Act 101-288), except if the statement was an oral statement made by the victim at a hearing open to the public.

(5) If a statement is presented under Section 6, the Prisoner Review Board or Department of Juvenile Justice shall inform the victim of any order of discharge pursuant to Section 3-2.5-85 or 3-3-8 of the Unified Code of Corrections.

(6) At the written or oral request of the victim of the crime for which the prisoner was sentenced or the State's Attorney of the county where the person seeking parole or aftercare release was prosecuted, the Prisoner Review Board or Department of Juvenile Justice shall notify the victim and the State's Attorney of the county where the person seeking parole or aftercare release was prosecuted of the death of the prisoner if the prisoner died while on parole or aftercare release or mandatory supervised release.

(7) When a defendant who has been committed to the Department of Corrections, the Department of Juvenile

Justice, or the Department of Human Services is released or discharged and subsequently committed to the Department of Human Services as a sexually violent person and the victim had requested to be notified by the releasing authority of the defendant's discharge, conditional release, death, or escape from State custody, the releasing authority shall provide to the Department of Human Services such information that would allow the Department of Human Services to contact the victim.

(8) When a defendant has been convicted of a sex offense as defined in Section 2 of the Sex Offender Registration Act and has been sentenced to the Department of Corrections or the Department of Juvenile Justice, the Prisoner Review Board or the Department of Juvenile Justice shall notify the victim of the sex offense of the prisoner's eligibility for release on parole, aftercare release, mandatory supervised release, electronic detention, work release, international transfer or exchange, or by the custodian of the discharge of any individual who was adjudicated a delinquent for a sex offense from State custody and by the sheriff of the appropriate county of any such person's final discharge from county custody. The notification shall be made to the victim at least 30 days, whenever possible, before release of the sex offender.

(e) The officials named in this Section may satisfy some

or all of their obligations to provide notices and other information through participation in a statewide victim and witness notification system established by the Attorney General under Section 8.5 of this Act.

Section 1015. The Sexually Violent Persons Commitment Act is amended by changing Section 30 as follows:

(725 ILCS 207/30)

Sec. 30. Detention; probable cause hearing; transfer for examination.

(a) Upon the filing of a petition under Section 15 of this Act, the court shall review the petition to determine whether to issue an order for detention of the person who is the subject of the petition. The person shall be detained only if there is cause to believe that the person is eligible for commitment under subsection (f) of Section 35 of this Act. A person detained under this Section shall be held in a facility

approved by the Department. The Department may elect to place persons who have been ordered by the court to be detained in a State-operated mental health facility or a portion of that facility. Persons placed in a State-operated mental health facility under this Act shall be separated and shall not commingle ~~comingle~~ with the recipients of the mental health facility. The portion of a State-operated mental health facility that is used for the persons detained under this Act shall not be a part of the mental health facility for the enforcement and implementation of the Mental Health and Developmental Disabilities Code nor shall their care and treatment be subject to the provisions of the Mental Health and Developmental Disabilities Code. The changes added to this Section by Public Act 98-79 are inoperative on and after June 30, 2015. If the person is serving a sentence of imprisonment, is in a Department of Corrections correctional facility or juvenile correctional facility or is committed to institutional care, and the court orders detention under this Section, the court shall order that the person be transferred to a detention facility approved by the Department. A detention order under this Section remains in effect until the person is discharged after a trial under Section 35 of this Act or until the effective date of a commitment order under Section 40 of this Act, whichever is applicable.

(b) Whenever a petition is filed under Section 15 of this Act, the court shall hold a hearing to determine whether there

is probable cause to believe that the person named in the petition is a sexually violent person. If the person named in the petition is in custody, the court shall hold the probable cause hearing within 72 hours after the petition is filed, excluding Saturdays, Sundays, and legal holidays. The court may grant a continuance of the probable cause hearing for no more than 7 additional days upon the motion of the respondent, for good cause. If the person named in the petition has been released, is on parole, is on aftercare release, is on mandatory supervised release, or otherwise is not in custody, the court shall hold the probable cause hearing within a reasonable time after the filing of the petition. At the probable cause hearing, the court shall admit and consider all relevant hearsay evidence.

(c) If the court determines after a hearing that there is probable cause to believe that the person named in the petition is a sexually violent person, the court shall order that the person be taken into custody if he or she is not in custody and shall order the person to be transferred within a reasonable time to an appropriate facility for an evaluation as to whether the person is a sexually violent person. If the person who is named in the petition refuses to speak to, communicate with, or otherwise fails to cooperate with the examining evaluator from the Department of Human Services or the Department of Corrections, that person may only introduce evidence and testimony from any expert or professional person

who is retained or court-appointed to conduct an examination of the person that results from a review of the records and may not introduce evidence resulting from an examination of the person. Notwithstanding the provisions of Section 10 of the Mental Health and Developmental Disabilities Confidentiality Act, all evaluations conducted pursuant to this Act and all Illinois Department of Corrections treatment records shall be admissible at all proceedings held pursuant to this Act, including the probable cause hearing and the trial.

If the court determines that probable cause does not exist to believe that the person is a sexually violent person, the court shall dismiss the petition.

(d) The Department shall promulgate rules that provide the qualifications for persons conducting evaluations under subsection (c) of this Section.

(e) If the person named in the petition claims or appears to be indigent, the court shall, prior to the probable cause hearing under subsection (b) of this Section, appoint counsel.

Section 1020. The Statewide Grand Jury Act is amended by changing Sections 2, 3, and 7 as follows:

(725 ILCS 215/2)

Sec. 2. (a) County grand juries and State's Attorneys have

always had and shall continue to have primary responsibility for investigating, indicting, and prosecuting persons who violate the criminal laws of the State of Illinois. However, in recent years organized terrorist activity directed against innocent civilians and certain criminal enterprises have developed that require investigation, indictment, and prosecution on a statewide or multicounty level. The criminal enterprises exist as a result of the allure of profitability present in narcotic activity, the unlawful sale and transfer of firearms, and streetgang related felonies and organized terrorist activity is supported by the contribution of money and expert assistance from geographically diverse sources. In order to shut off the life blood of terrorism and weaken or eliminate the criminal enterprises, assets, and property used to further these offenses must be frozen, and any profit must be removed. State statutes exist that can accomplish that goal. Among them are the offense of money laundering, violations of Article 29D of the Criminal Code of 1961 or the Criminal Code of 2012, the Narcotics Profit Forfeiture Act, and gunrunning. Local prosecutors need investigative personnel and specialized training to attack and eliminate these profits. In light of the transitory and complex nature of conduct that constitutes these criminal activities, the many diverse property interests that may be used, acquired directly or indirectly as a result of these criminal activities, and the many places that illegally obtained property may be

located, it is the purpose of this Act to create a limited, multicounty Statewide Grand Jury with authority to investigate, indict, and prosecute: narcotic activity, including cannabis and controlled substance trafficking, narcotics racketeering, money laundering, violations of the Cannabis and Controlled Substances Tax Act, and violations of Article 29D of the Criminal Code of 1961 or the Criminal Code of 2012; the unlawful sale and transfer of firearms; gunrunning; and streetgang related felonies.

(b) A Statewide Grand Jury may also investigate, indict, and prosecute violations facilitated by the use of a computer of any of the following offenses: indecent solicitation of a child, sexual exploitation of a child, soliciting for a sexually exploited child, keeping a place of commercial sexual exploitation of a child, juvenile pimping, child sexual abuse material, aggravated child pornography, or promoting commercial sexual exploitation of a child except as described in subdivision (a)(4) of Section 11-14.4 of the Criminal Code of 1961 or the Criminal Code of 2012.

(c) A Statewide Grand Jury may also investigate, indict, and prosecute violations of organized retail crime.

(725 ILCS 215/3)

Sec. 3. Written application for the appointment of a

Circuit Judge to convene and preside over a Statewide Grand Jury, with jurisdiction extending throughout the State, shall be made to the Chief Justice of the Supreme Court. Upon such written application, the Chief Justice of the Supreme Court shall appoint a Circuit Judge from the circuit where the Statewide Grand Jury is being sought to be convened, who shall make a determination that the convening of a Statewide Grand Jury is necessary.

In such application, the Attorney General shall state that the convening of a Statewide Grand Jury is necessary because of an alleged offense or offenses set forth in this Section involving more than one county of the State and identifying any such offense alleged; and:

(a) that he or she believes that the grand jury function for the investigation and indictment of the offense or offenses cannot effectively be performed by a county grand jury together with the reasons for such belief, and

(b) (1) that each State's Attorney with jurisdiction over an offense or offenses to be investigated has consented to the impaneling of the Statewide Grand Jury, or

(2) if one or more of the State's Attorneys having jurisdiction over an offense or offenses to be investigated fails to consent to the impaneling of the Statewide Grand Jury, the Attorney General shall set forth

good cause for impaneling the Statewide Grand Jury.

If the Circuit Judge determines that the convening of a Statewide Grand Jury is necessary, he or she shall convene and impanel the Statewide Grand Jury with jurisdiction extending throughout the State to investigate and return indictments:

(a) For violations of any of the following or for any other criminal offense committed in the course of violating any of the following: Article 29D of the Criminal Code of 1961 or the Criminal Code of 2012, the Illinois Controlled Substances Act, the Cannabis Control Act, the Methamphetamine Control and Community Protection Act, or the Narcotics Profit Forfeiture Act; a streetgang related felony offense; Section 16-25.1, 24-2.1, 24-2.2, 24-3, 24-3A, 24-3.1, 24-3.3, 24-3.4, 24-4, or 24-5 or subsection 24-1(a)(4), 24-1(a)(6), 24-1(a)(7), 24-1(a)(9), 24-1(a)(10), or 24-1(c) of the Criminal Code of 1961 or the Criminal Code of 2012; or a money laundering offense; provided that the violation or offense involves acts occurring in more than one county of this State; and

(a-5) For violations facilitated by the use of a computer, including the use of the Internet, the World Wide Web, electronic mail, a message board, a newsgroup, or any other commercial or noncommercial on-line service, of any of the following offenses: indecent solicitation of a child, sexual exploitation of a child, soliciting for a sexually exploited child, keeping a place of commercial

sexual exploitation of a child, juvenile pimping, child sexual abuse material, aggravated child pornography, or promoting commercial sexual exploitation of a child except as described in subdivision (a)(4) of Section 11-14.4 of the Criminal Code of 1961 or the Criminal Code of 2012; and

(b) For the offenses of perjury, subornation of perjury, communicating with jurors and witnesses, and harassment of jurors and witnesses, as they relate to matters before the Statewide Grand Jury.

"Streetgang related" has the meaning ascribed to it in Section 10 of the Illinois Streetgang Terrorism Omnibus Prevention Act.

Upon written application by the Attorney General for the convening of an additional Statewide Grand Jury, the Chief Justice of the Supreme Court shall appoint a Circuit Judge from the circuit for which the additional Statewide Grand Jury is sought. The Circuit Judge shall determine the necessity for an additional Statewide Grand Jury in accordance with the provisions of this Section. No more than 2 Statewide Grand Juries may be empaneled at any time.

Sec. 3-2-15. Department of Corrections; report of hospice and palliative care for committed persons.

(a) Purposes. The General Assembly finds that:

(1) The United States prison population is aging rapidly.

(2) Illinois' prison population is similarly aging rapidly, with over 1,000 prisoners aged 65 or older.

(3) As a result of the aging prison population more committed persons are in need of end-of-life care and support services.

(4) The Department of Corrections has a policy on end-of-life care, which provides, in part, that the goals are: "safe, dignified and comfortable dying, self-determined life closure and effective grieving".

(5) The Department of Corrections does not have a formal hospice program; rather, end-of-life care is provided on a prison-by-prison basis which results in inconsistent care for committed persons who have been diagnosed with terminal illnesses or who are expected to reach the end of their life.

(6) At some prisons, end-of-life care is at times provided, in part, by other committed persons assigned as aides.

(7) The Department of Corrections does not have centralized or consistent data on the number of committed persons receiving end-of-life care.

(8) The Department of Corrections does not have centralized or consistent data on the number of prisoner aides who are assigned to assist in providing end-of-life care.

(9) The Department of Corrections does not currently have a system for tracking patient outcomes or grievances related to the quality of end-of-life care provided.

(10) Data on the end-of-life care provided in the Department of Corrections is needed to give the General Assembly and the public an understanding of the

Department's approach to end-of-life care for terminally ill committed persons in its custody.

(11) Eddie Thomas was a committed person of the Department of Corrections who died alone in the back of a prison infirmary without any end-of-life care just 5 months after being diagnosed with late stage lung cancer.

(b) Definitions. In this Section:

"Advance directive for health care" means written instructions of the patient's wishes as to how future care should be delivered or declined, including decisions that must be made when the patient is not capable of expressing those wishes. Advance directives may also appoint an agent with power of attorney for health care.

"Department" means the Department of Corrections.

"Hospice and palliative care" means physical, social, emotional, and spiritual support care for committed persons who have been diagnosed with a known terminal condition with a life expectancy of 6 months or less. This includes, but is not limited to, assistance with activities of daily living and comfort care.

"Peer support" refers to assistance and companionship provided by committed persons who have been trained to offer emotional, social, and practical support to fellow committed persons receiving hospice and palliative care.

"Terminal condition" means an incurable or irreversible condition that, without the administration of life-sustaining

procedures, will, according to reasonable medical judgment, result in death within a relatively short period of time; or a state of permanent unconsciousness from which, to a reasonable degree of medical certainty, there can be no recovery.

(c) Reporting requirement. No later than December 1 of each year, the Department shall prepare a report to be published on its website that contains, at a minimum, the following information about hospice and palliative care in its institutions and facilities during the prior fiscal year:

(1) demographic data of committed persons who received hospice and palliative care, separated by the following categories:

(3) data on the timing of hospice and palliative care programming, including the following:

(A) the average length of time that committed persons receive hospice and palliative care; and

(B) the average length of time between the diagnosis of a terminal condition and admission into a hospice and palliative care program;

(4) the number of committed persons in the custody of the Department who died, separated by the following categories:

(A) committed persons who died while receiving hospice and palliative care; and

(B) committed persons who died without receiving hospice and palliative care, and the number of such committed persons who died as a result of natural, accidental, suicidal, or homicidal causes;

(5) policies and administrative directives of each Department institution and facility regarding the

institution of hospice and palliative care. This data shall include the following information:

(A) the name of each institution and facility that offers hospice and palliative care services;

(B) criteria to be eligible for hospice and palliative care services, both Department-wide and at each institution and facility;

(C) a list of the types of hospice and palliative care services that are offered in each institution and facility. This list shall include, but is not limited to, pain management, psychological counseling, peer support, and chaplain services. If available, this list shall also include supportive services offered to family members of committed persons;

(D) the accreditation status of the Department's hospice and palliative care programs, if available;

The petition shall include a copy of the order of commitment and sentence to the Department of Corrections for the offense or offenses for which review is sought. Within 30 days of receipt of this petition, the Prisoner Review Board shall determine whether the petition is appropriately filed, and if so, shall set a date for parole review 3 years from receipt of the petition or the date the person is eligible for parole review, whichever date is sooner, and notify the Department of Corrections within 10 business days. However, in no such circumstance shall the hearing be scheduled sooner than one year from the date of the determination that the petition is appropriately filed. If the Prisoner Review Board determines that the petition is not appropriately filed, it shall notify the petitioner in writing, including a basis for its determination.

(d) Within 6 months of the Prisoner Review Board's determination that the petition was appropriately filed, a representative from the Department of Corrections shall meet with the eligible person and provide the inmate information about the parole hearing process and personalized recommendations for the inmate regarding his or her work assignments, rehabilitative programs, and institutional behavior. Sec. 5-5-3.1. Factors in mitigation.

(a) The following grounds shall be accorded weight in favor of withholding or minimizing a sentence of imprisonment:

(1) The defendant's criminal conduct neither caused nor threatened serious physical harm to another.

(2) The defendant did not contemplate that his criminal conduct would cause or threaten serious physical harm to another.

(3) The defendant acted under a strong provocation.

(4) There were substantial grounds tending to excuse or justify the defendant's criminal conduct, though failing to establish a defense.

(5) The defendant's criminal conduct was induced or facilitated by someone other than the defendant.

(6) The defendant has compensated or will compensate the victim of his criminal conduct for the damage or injury that he sustained.

(7) The defendant has no history of prior delinquency or criminal activity or has led a law-abiding life for a substantial period of time before the commission of the present crime.

(8) The defendant's criminal conduct was the result of circumstances unlikely to recur.

(9) The character and attitudes of the defendant indicate that he is unlikely to commit another crime.

(10) The defendant is particularly likely to comply

with the terms of a period of probation.

(11) (Blank).

(15) At the time of the offense, the defendant is or had been the victim of domestic violence and the effects of the domestic violence tended to excuse or justify the defendant's criminal conduct. As used in this paragraph (15), "domestic violence" means abuse as defined in Section 103 of the Illinois Domestic Violence Act of 1986.

(16) At the time of the offense, the defendant was suffering from a serious mental illness which, though insufficient to establish the defense of insanity, substantially affected his or her ability to understand the nature of his or her acts or to conform his or her

conduct to the requirements of the law.

(17) At the time of the offense, the defendant was suffering from postpartum ~~post-partum~~ depression or postpartum ~~post-partum~~ psychosis which was either undiagnosed or untreated, or both, and this temporary mental illness tended to excuse or justify the defendant's criminal conduct and the defendant has been diagnosed as suffering from postpartum ~~post-partum~~ depression or postpartum ~~post-partum~~ psychosis, or both, by a qualified medical person and the diagnoses or testimony, or both, was not used at trial. In this paragraph (17):

"Postpartum ~~Post-partum~~ psychosis" means an extreme form of postpartum ~~post-partum~~ depression which can occur during pregnancy and up to 12 months after delivery. - (D) the relationship of the parent and the child;
- (E) any special medical, educational, or psychological needs of the child;
- (F) the role of the parent in the financial support of the child;
- (G) the likelihood that the child will be adjudged a dependent minor under Section 2-4 and declared a ward of the court under Section 2-22 of the Juvenile Court Act of 1987;
- (H) the best interest of the child.

Under this Section, the defendant shall have the right to present a Family Impact Statement at sentencing, which the court shall consider in favor of withholding or minimizing a sentence of imprisonment prior to imposing any sentence and may include testimony from family and community members, written statements, video, and documentation. Unless the court finds that the parent poses a significant risk to the community that outweighs

the risk of harm from the parent's removal from the family, the court shall impose a sentence in accordance with subsection (b) that allows the parent to continue to care for the child or children.

(19) The defendant serves as the caregiver for a relative who is ill, disabled, or elderly.

(b) If the court, having due regard for the character of the offender, the nature and circumstances of the offense, and the public interest, finds that a sentence of imprisonment is the most appropriate disposition of the offender, or where other provisions of this Code mandate the imprisonment of the offender, the grounds listed in subsection ~~paragraph~~ (a) of this Section ~~subsection~~ shall be considered as factors in mitigation of the term imposed.

(730 ILCS 130/3) (from Ch. 75, par. 32)

Sec. 3. The good behavior of any person who commences a sentence of confinement in a county jail for a fixed term of imprisonment after January 1, 1987 shall entitle such person to a good behavior allowance, except that: (1) a person who inflicted physical harm upon another person in committing the offense for which he is confined shall receive no good behavior allowance; and (2) a person sentenced for an offense for which the law provides a mandatory minimum sentence shall not receive any portion of a good behavior allowance that

The good behavior allowance provided for in this Section shall not apply to individuals sentenced for a felony to probation or conditional discharge where a condition of such probation or conditional discharge is that the individual serve a sentence of periodic imprisonment or to individuals sentenced under an order of court for civil contempt.

Such good behavior allowance shall be cumulative and awarded as provided in this Section.

The good behavior allowance rate shall be cumulative and awarded on the following basis:

The prisoner shall receive one day of good behavior allowance for each day of service of sentence in the county jail, and one day of good behavior allowance for each day of incarceration in the county jail before sentencing for the offense that he or she is currently serving a sentence but was unable to comply with the conditions of pretrial release before sentencing, except that a prisoner serving a sentence of periodic imprisonment under Section 5-7-1 of the Unified Code of Corrections shall only be eligible to receive good

If consecutive sentences are served and the time served amounts to a total of one year or more, the good behavior allowance shall be calculated on a continuous basis throughout the entire time served beginning on the first date of sentence or incarceration, as the case may be.

(735 ILCS 5/21-101) (from Ch. 110, par. 21-101)

Sec. 21-101. Proceedings; parties.

(a) If any person who is a resident of this State desires to assume another name by which to be afterwards called and known, the person may file a petition requesting that relief in the circuit court of the county wherein he or she resides. The petitioner shall have resided in this State for 3 months at the time of the name change hearing or entry of an order granting the name change.

(b) A person who has been convicted of any offense for which a person is required to register under the Sex Offender Registration Act, the Murderer and Violent Offender Against Youth Registration Act, or the Arsonist Registry Act in this State or any other state and who has not been pardoned is not permitted to file a petition for a name change in the courts of this State during the period that the person is required to register, unless that person verifies under oath, as provided under Section 1-109, that the petition for the name change is due to marriage, religious beliefs, status as a victim of trafficking or gender-related identity as defined by the Illinois Human Rights Act. A judge may grant or deny the request for legal name change filed by such persons. Any such

persons granted a legal name change shall report the change to the law enforcement agency having jurisdiction of their current registration pursuant to the Duty to Report requirements specified in Section 20 of the Murderer and Violent Offender Against Youth Registration Act and Section 6 of the Sex Offender Registration Act. For the purposes of this subsection, a person will not face a felony charge if the person's request for legal name change is denied without proof of perjury.

(b-1) A person who has been convicted of a felony offense in this State or any other state and whose sentence has not been completed, terminated, or discharged is not permitted to file a petition for a name change in the courts of this State unless that person is pardoned for the offense.

Whenever any minor has resided in the family of any person for the space of 3 years and has been recognized and known as an adopted child in the family of that person, the application herein provided for may be made by the person having that minor in that person's family.

An order shall be entered as to a minor only if the court finds by clear and convincing evidence that the change is

necessary to serve the best interest of the child. In determining the best interest of a minor child under this Section, the court shall consider all relevant factors, including:

(1) The wishes of the child's parents and any person acting as a parent who has physical custody of the child.

(2) The wishes of the child and the reasons for those wishes. The court may interview the child in chambers to ascertain the child's wishes with respect to the change of name. Counsel shall be present at the interview unless otherwise agreed upon by the parties. The court shall cause a court reporter to be present who shall make a complete record of the interview instantaneously to be part of the record in the case.

(3) The interaction and interrelationship of the child with the child's parents or persons acting as parents who have physical custody of the child, step-parents, siblings, step-siblings, or any other person who may significantly affect the child's best interest.

If the circuit court orders that a name change be granted to a person who has been adjudicated or convicted of a felony or misdemeanor offense under the laws of this State or any other state for which a pardon has not been granted, or has an arrest for which a charge has not been filed or a pending charge on a felony or misdemeanor offense, a copy of the order, including a copy of each applicable access and review response, shall be forwarded to the Illinois State Police. consistently, efficiently, and reasonably will promote the best interests of the child in finding a permanent home.

(a) The Department of Children and Family Services shall promulgate rules regarding the approval and regulation of agencies providing, in this State, adoption services, as defined in Section 2.24 of the Child Care Act of 1969, which shall include, but not be limited to, a requirement that any agency shall be licensed in this State as a child welfare agency as defined in Section 2.08 of the Child Care Act of 1969. (4) Time for review and decision. In all cases where the child to be placed is not a youth in care in Illinois or any other state, a provisional or final approval for

placement shall be provided in writing from the Department in accordance with the Interstate Compact on the Placement of Children. Approval or denial of the placement must be given by the Department as soon as practicable, but in no event more than 3 business days of the receipt of the completed referral packet by the Department's Interstate Compact Administrator. Receipt of the packet shall be evidenced by the packet's arrival at the address designated by the Department to receive such referrals. Department and an Illinois licensed child welfare agency, an out-of-state child placing agency, and attorneys representing the prospective adoptive parent or biological parent, including the written communications referenced in this Section, may be made through any type of electronic means, including, but not limited to, electronic mail.

more of the following to verify the foreign adoption:

- (i) an immigrant visa for the child issued by United States Citizenship and Immigration Services of the U.S. Department of Homeland Security that was valid at the time of the child's immigration;

- (ii) a decree, judgment, certificate of adoption, adoption registration, or equivalent court order, entered or issued by a court of competent jurisdiction or administrative body outside the United States, establishing the relationship of parent and child by adoption; or

- (iii) such other evidence deemed satisfactory by the court.

(3) The child's immigrant visa shall be prima facie proof that the adoption was established in accordance with the laws of the foreign jurisdiction and met United States requirements for immigration.

(4) If the petitioner submits documentation that satisfies the requirements of paragraph (2), the court shall not appoint a guardian ad litem for the minor who is the subject of the proceeding, shall not require any further termination of parental rights of the child's biological parents, nor shall it require any home study, investigation, post-placement visit, or background check of the petitioner.

(5) The petition may include a request for change of

the child's name and any other request for specific relief that is in the best interests of the child. The relief may include a request for a revised birth date for the child if supported by evidence from a medical or dental professional attesting to the appropriate age of the child or other collateral evidence.

(6) Two adoptive parents who adopted a minor child together in a foreign country while married to one another may file a petition for adoption to re-adopt the child jointly, regardless of whether their marriage has been dissolved. If either parent whose marriage was dissolved has subsequently remarried or entered into a civil union with another person, the new spouse or civil union partner shall not join in the petition to re-adopt the child, unless the new spouse or civil union partner is seeking to adopt the child. If either adoptive parent does not join in the petition, he or she must be joined as a party defendant. The defendant parent's failure to participate in the re-adoption proceeding shall not affect the existing parental rights or obligations of the parent as they relate to the minor child, and the parent's name shall be placed on any subsequent birth record issued for the child as a result of the re-adoption proceeding.

(7) An adoptive parent who adopted a minor child in a foreign country as an unmarried person may file a petition for adoption to re-adopt the child as a sole petitioner,

even if the adoptive parent has subsequently married or entered into a civil union.

(8) If one of the adoptive parents who adopted a minor child dies prior to a re-adoption proceeding, the deceased parent's name shall be placed on any subsequent birth record issued for the child as a result of the re-adoption proceeding.

Section 1085. The Illinois Living Will Act is amended by changing Sections 2, 7, and 8 as follows:

(755 ILCS 35/2) (from Ch. 110 1/2, par. 702)

Sec. 2. Definitions. In this Act:

(a) "Attending physician" means the physician selected by, or assigned to, the patient who has primary responsibility for the treatment and care of the patient.

(b) "Declaration" means a witnessed document in writing, in a hard copy or electronic format, voluntarily executed by the declarant in accordance with the requirements of Section 3.

(c) "Health care ~~"Health care~~ provider" means a person who is licensed, certified or otherwise authorized by the law of this State to administer health care in the ordinary course of business or practice of a profession.

(d) "Death delaying procedure" means any medical procedure or intervention which, when applied to a qualified patient, in the judgement of the attending physician would serve only to postpone the moment of death. In appropriate circumstances, such procedures include, but are not limited to, assisted ventilation, artificial kidney treatments, intravenous feeding or medication, blood transfusions, tube feeding and other procedures of greater or lesser magnitude that serve only to delay death. However, this Act does not affect the responsibility of the attending physician or other health care provider to provide treatment for a patient's comfort care or alleviation of pain. Nutrition and hydration shall not be withdrawn or withheld from a qualified patient if the withdrawal or withholding would result in death solely from dehydration or starvation rather than from the existing terminal condition.

(e) "Person" means an individual, corporation, business trust, estate, trust, partnership, association, government, governmental subdivision or agency, or any other legal entity.

(f) "Physician" means a person licensed to practice medicine in all its branches.

(g) "Qualified patient" means a patient who has executed a declaration in accordance with this Act and who has been diagnosed and verified in writing to be afflicted with a terminal condition by his or her attending physician who has personally examined the patient. A qualified patient has the

right to make decisions regarding death delaying procedures as long as he or she is able to do so.

(h) "Terminal condition" means an incurable and irreversible condition which is such that death is imminent and the application of death delaying procedures serves only to prolong the dying process.

(755 ILCS 35/7) (from Ch. 110 1/2, par. 707)

Sec. 7. Immunity. The desires of a qualified patient shall at all times supersede the effect of the declaration.

A physician or other health care ~~health care~~ provider may presume, in the absence of knowledge to the contrary, that a declaration complies with this Act and is valid.

No physician, health care provider or employee thereof who in good faith and pursuant to reasonable medical standards causes or participates in the withholding or withdrawing of death delaying procedures from a qualified patient pursuant to a declaration which purports to have been made in accordance with this Act shall as a result thereof, be subject to criminal or civil liability, or be found to have committed an act of unprofessional conduct.

(755 ILCS 35/8) (from Ch. 110 1/2, par. 708)

Sec. 8. Penalties.

(a) Any person who willfully conceals, cancels, defaces, obliterates, or damages the declaration of another without such declarant's consent or who falsifies or forges a revocation of the declaration of another or who willfully fails to comply with Section 6 shall be civilly liable.

(b) Any person who coerces or fraudulently induces another to execute a declaration or falsifies or forges the declaration of another, or willfully conceals or withholds personal knowledge of a revocation as provided in Section 5 with the intent to cause a withholding or withdrawal of death delaying procedures contrary to the wishes of the qualified patient and thereby, because of such act, directly causes death delaying procedures to be withheld or withdrawn and death to another thereby be hastened, shall be subject to prosecution for involuntary manslaughter.

(c) A physician or other health care ~~health care~~ provider who willfully fails to notify the health care facility or fails to comply with Section 6 is guilty of engaging in unethical and unprofessional conduct in violation of paragraph (A) (5) of Section 22 of the Medical Practice Act of 1987.

(d) A physician who willfully fails to record the determination of terminal condition in accordance with Section 4, without giving the notice required by Section 6 of his unwillingness to comply with the provisions of the patient's declaration, is guilty of willfully omitting to file or record medical reports as required by law in violation of paragraph

(A) (22) of Section 22 of the Medical Practice Act of 1987.

(e) A person who requires or prohibits the execution of a declaration as a condition for being insured for, or receiving, health care ~~health-care~~ services is guilty of a class A misdemeanor.

(f) The penalties provided in this Section do not displace any penalty applicable under other law.

Section 1090. The Principal and Income Act is amended by changing Section 15 as follows:

(760 ILCS 15/15) (from Ch. 30, par. 515)

Sec. 15. Nontrust ~~Non-trust~~ estates.

(a) The provisions of this Act, as far as applicable, shall apply to nontrust estates subject to any agreement of the parties or any specific direction by statute or otherwise, and the references to trusts and trustees shall be read as applying to nontrust estates and to legal tenants (including life tenants, tenants for terms of years, or any other period of tenancy) and remaindermen as the context requires; except that if either a legal tenant or a remainderman has incurred a charge for his benefit without the consent or agreement of the other, he shall pay that charge in full.

(b) If the costs of an improvement, including special taxes or assessments, representing an addition to value of

property forming part of the principal cannot reasonably be expected to outlast the legal tenancy, the costs shall be paid by the legal tenant. If the improvement can reasonably be expected to outlast the legal tenancy, only a portion of the costs shall be paid by the legal tenant and the balance by the remainderman. The portion payable by the legal tenant shall be that fraction of the total found by dividing the present value of the legal tenancy by the present value of an estate of the same form as that of the legal tenancy but limited to a period corresponding to the reasonably expected duration of the improvement. The computation of present value of the legal tenancy shall be computed on the basis of two-thirds of the value determined by use of the tables set forth under Section 7520 of the Internal Revenue Code of 1986 and the regulations thereunder for the calculation of the values of annuities, life estates, and terms for years, and no other evidence of duration or expectancy shall be considered, except that any legal tenancy or remainder interest acquired for consideration based on those tables shall be computed on the basis of the tables in effect at the time acquired. The method of computing the present value of a legal tenancy established in this subsection shall apply to all legal tenancies and remainders created after January 1, 1992 and to all legal tenancies and remainders which were acquired for consideration if the amount of the consideration was based on the tables set forth under Section 2031 or 7520 of the Internal Revenue Code then in

effect.

(c) If a legal tenant has leased any lands for agricultural or farming operations and his legal tenancy terminates on or after the day any rent has become due and payable, he or his representative is entitled to recover that rent from the lessee; and if a legal tenancy terminates before the rent under the lease is fully paid, the legal tenant or his representative is entitled to recover from the lessee:

(1) that portion of the rent not due which the number of days from the beginning of the period for which the rent is not due to the date of the termination of the legal tenancy bears to the total number of days in the period for which the rent is unpaid; and

(2) that portion of the landlord's share of actual expenses paid before the termination of the legal tenancy and not previously recovered by him, which the number of days in the lease period on and after the termination bears to the total number of days in the lease period.

Section 1105. The Condominium Property Act is amended by changing Section 9.1 as follows:

(765 ILCS 605/9.1) (from Ch. 30, par. 309.1)

Sec. 9.1. (a) Other liens; attachment and satisfaction. Subsequent to the recording of the declaration, no liens of any nature shall be created or arise against any portion of the property except against an individual unit or units. No labor performed or materials furnished with the consent or at the request of a particular unit owner shall be the basis for the filing of a mechanics' lien claim against any other unit. If the performance of the labor or furnishing of the materials is expressly authorized by the board of managers, each unit owner shall be deemed to have expressly authorized it and consented thereto, and shall be liable for the payment of his unit's proportionate share of any due and payable indebtedness as set

forth in this Section.

Each mortgage and other lien, including mechanics liens, securing a debt incurred in the development of the land submitted to the provisions of this Act for the sale of units shall be subject to the provisions of this Act, subsequent to the conveyance of a unit to the purchaser.

In the event any lien exists against 2 or more units and the indebtedness secured by such lien is due and payable, the unit owner of any such unit so affected may remove such unit and the undivided interest in the common elements appertaining thereto from such lien by payment of the proportional amount of such indebtedness attributable to such unit. In the event such lien exists against the units or against the property, the amount of such proportional payment shall be computed on the basis of the percentages set forth in the declaration. Upon payment as herein provided, it is the duty of the encumbrancer to execute and deliver to the unit owner a release of such unit and the undivided interest in the common elements appertaining thereto from such lien, except that such proportional payment and release shall not prevent the encumbrancer from proceeding to enforce his rights against any unit or interest with respect to which such lien has not been so paid or released.

The owner of a unit shall not be liable for any claims, damages, or judgments, including, but not limited to, State or local government fees or fines, entered as a result of any

action or inaction of the board of managers of the association other than for mechanics' liens as set forth in this Section. Unit owners other than the developer, members of the board of managers other than the developer or developer representatives, and the association of unit owners shall not be liable for any claims, damages, or judgments, including, but not limited to, State or local government fees or fines, entered as a result of any action or inaction of the developer other than for mechanics' liens as set forth in this Section. Each unit owner's liability for any judgment entered against the board of managers or the association, if any, shall be limited to his proportionate share of the indebtedness as set forth in this Section, whether collection is sought through assessment or otherwise. A unit owner shall be liable for any claim, damage or judgment entered as a result of the use or operation of his unit, or caused by his own conduct. Before conveying a unit, a developer shall record and furnish purchaser releases of all liens affecting that unit and its common element interest which the purchaser does not expressly agree to take subject to or assume, and the developer shall provide a surety bond or substitute collateral for or insurance against liens for which a release is not provided. After conveyance of such unit, no mechanics lien shall be created against such unit or its common element interest by reason of any subsequent contract by the developer to improve or make additions to the property.

Each mortgagee or other lienholder of the unit of a common interest community or of a unit subject to the Condominium Property Act shall provide an address to the unit owners' association at the time the lien or mortgage is recorded at which address such unit owners' association shall send notice to such mortgagee or lienholder of any eminent domain proceeding to which the association thereafter becomes a party. If the mortgagee or lienholder has not provided an address for notice purposes to the association, then such notice shall be sent to all mortgagees or lienholders which are named insureds on the master policy of insurance which exists or may exist on the common interest community or unit subject to the Condominium Property Act.

(b) Board of Managers' standing and capacity. The board of managers shall have standing and capacity to act in a representative capacity in relation to matters involving the common elements or more than one unit, on behalf of the unit owners, as their interests may appear.

Section 1110. The Illinois Human Rights Act is amended by changing Section 7A-102 as follows:

(775 ILCS 5/7A-102) (from Ch. 68, par. 7A-102)

Sec. 7A-102. Procedures.

(A) Charge.

(1) Within 2 years after the date that a civil rights violation allegedly has been committed, a charge in writing under oath or affirmation may be filed with the Department by an aggrieved party or issued by the Department itself under the signature of the Director.

(2) The charge shall be in such detail as to substantially apprise any party properly concerned as to the time, place, and facts surrounding the alleged civil rights violation.

(3) Charges deemed filed with the Department pursuant to subsection (A-1) of this Section shall be deemed to be in compliance with this subsection.

(A-1) Equal Employment Opportunity Commission Charges.

(1) If a charge is filed with the Equal Employment Opportunity Commission (EEOC) within 300 calendar days after the date of the alleged civil rights violation, the charge shall be deemed filed with the Department on the date filed with the EEOC. If the EEOC is the governmental agency designated to investigate the charge first, the Department shall take no action until the EEOC makes a determination on the charge and after the complainant notifies the Department of the EEOC's determination. In such cases, after receiving notice from the EEOC that a charge was filed, the Department shall notify the parties that (i) a charge has been received by the EEOC and has been sent to the Department for dual filing purposes; (ii)

the EEOC is the governmental agency responsible for investigating the charge and that the investigation shall be conducted pursuant to the rules and procedures adopted by the EEOC; (iii) it will take no action on the charge until the EEOC issues its determination; (iv) the complainant must submit a copy of the EEOC's determination within 30 days after service of the determination by the EEOC on the complainant; and (v) that the time period to investigate the charge contained in subsection (G) of this Section is tolled from the date on which the charge is filed with the EEOC until the EEOC issues its determination.

(2) If the EEOC finds reasonable cause to believe that there has been a violation of federal law and if the Department is timely notified of the EEOC's findings by the complainant, the Department shall notify the complainant that the Department has adopted the EEOC's determination of reasonable cause and that the complainant has the right, within 90 days after receipt of the Department's notice, to either file the complainant's own complaint with the Illinois Human Rights Commission or commence a civil action in the appropriate circuit court or other appropriate court of competent jurisdiction. This notice shall be provided to the complainant within 10 business days after the Department's receipt of the EEOC's determination. The Department's notice to the complainant

that the Department has adopted the EEOC's determination of reasonable cause shall constitute the Department's Report for purposes of subparagraph (D) of this Section.

(3) For those charges alleging violations within the jurisdiction of both the EEOC and the Department and for which the EEOC either (i) does not issue a determination, but does issue the complainant a notice of a right to sue, including when the right to sue is issued at the request of the complainant, or (ii) determines that it is unable to establish that illegal discrimination has occurred and issues the complainant a right to sue notice, and if the Department is timely notified of the EEOC's determination by the complainant, the Department shall notify the parties, within 10 business days after receipt of the EEOC's determination, that the Department will adopt the EEOC's determination as a dismissal for lack of substantial evidence unless the complainant requests in writing within 35 days after receipt of the Department's notice that the Department review the EEOC's determination.

(a) If the complainant does not file a written request with the Department to review the EEOC's determination within 35 days after receipt of the Department's notice, the Department shall notify the complainant, within 10 business days after the expiration of the 35-day period, that the decision of

the EEOC has been adopted by the Department as a dismissal for lack of substantial evidence and that the complainant has the right, within 90 days after receipt of the Department's notice, to commence a civil action in the appropriate circuit court or other appropriate court of competent jurisdiction. The Department's notice to the complainant that the Department has adopted the EEOC's determination shall constitute the Department's report for purposes of subparagraph (D) of this Section.

(b) If the complainant does file a written request with the Department to review the EEOC's determination, the Department shall review the EEOC's determination and any evidence obtained by the EEOC during its investigation. If, after reviewing the EEOC's determination and any evidence obtained by the EEOC, the Department determines there is no need for further investigation of the charge, the Department shall issue a report and the Director shall determine whether there is substantial evidence that the alleged civil rights violation has been committed pursuant to subsection (D) of this Section. If, after reviewing the EEOC's determination and any evidence obtained by the EEOC, the Department determines there is a need for further investigation of the charge, the Department may conduct any further investigation it

deems necessary. After reviewing the EEOC's determination, the evidence obtained by the EEOC, and any additional investigation conducted by the Department, the Department shall issue a report and the Director shall determine whether there is substantial evidence that the alleged civil rights violation has been committed pursuant to subsection (D) of this Section.

(4) Pursuant to this Section, if the EEOC dismisses the charge or a portion of the charge of discrimination because, under federal law, the EEOC lacks jurisdiction over the charge, and if, under this Act, the Department has jurisdiction over the charge of discrimination, the Department shall investigate the charge or portion of the charge dismissed by the EEOC for lack of jurisdiction pursuant to subsections (A), (A-1), (B), (B-1), (C), (D), (E), (F), (G), (H), (I), (J), and (K) of this Section.

(5) The time limit set out in subsection (G) of this Section is tolled from the date on which the charge is filed with the EEOC to the date on which the EEOC issues its determination.

(6) The failure of the Department to meet the 10-business-day notification deadlines set out in paragraph (2) of this subsection shall not impair the rights of any party.

(B) Notice and Response to Charge. The Department shall,

within 10 days of the date on which the charge was filed, serve a copy of the charge on the respondent and provide all parties with a notice of the complainant's right to opt out of the investigation within 60 days as set forth in subsection (C-1). This period shall not be construed to be jurisdictional. The charging party and the respondent may each file a position statement and other materials with the Department regarding the charge of alleged discrimination within 60 days of receipt of the notice of the charge. The position statements and other materials filed shall remain confidential unless otherwise agreed to by the party providing the information and shall not be served on or made available to the other party during the pendency of a charge with the Department. The Department may require the respondent to file a response to the allegations contained in the charge. Upon the Department's request, the respondent shall file a response to the charge within 60 days and shall serve a copy of its response on the complainant or the complainant's representative. Notwithstanding any request from the Department, the respondent may elect to file a response to the charge within 60 days of receipt of notice of the charge, provided the respondent serves a copy of its response on the complainant or the complainant's representative. All allegations contained in the charge not denied by the respondent within 60 days of the Department's request for a response may be deemed admitted, unless the respondent states that it is without sufficient information to

form a belief with respect to such allegation. The Department may issue a notice of default directed to any respondent who fails to file a response to a charge within 60 days of receipt of the Department's request, unless the respondent can demonstrate good cause as to why such notice should not issue. The term "good cause" shall be defined by rule promulgated by the Department. Within 30 days of receipt of the respondent's response, the complainant may file a reply to said response and shall serve a copy of said reply on the respondent or the respondent's representative. A party shall have the right to supplement the party's response or reply at any time that the investigation of the charge is pending. The Department shall, within 10 days of the date on which the charge was filed, and again no later than 335 days thereafter, send by certified or registered mail, or electronic mail if elected by the party, written notice to the complainant and to the respondent informing the complainant of the complainant's rights to either file a complaint with the Human Rights Commission or commence a civil action in the appropriate circuit court under subparagraph (2) of paragraph (G), including in such notice the dates within which the complainant may exercise these rights. In the notice the Department shall notify the complainant that the charge of civil rights violation will be dismissed with prejudice and with no right to further proceed if a written complaint is not timely filed with the Commission or with the appropriate circuit court by the complainant

pursuant to subparagraph (2) of paragraph (G) or by the Department pursuant to subparagraph (1) of paragraph (G).

(B-1) Mediation. The complainant and respondent may agree to voluntarily submit the charge to mediation without waiving any rights that are otherwise available to either party pursuant to this Act and without incurring any obligation to accept the result of the mediation process. Nothing occurring in mediation shall be disclosed by the Department or admissible in evidence in any subsequent proceeding unless the complainant and the respondent agree in writing that such disclosure be made.

(C) Investigation.

(1) The Department shall conduct an investigation sufficient to determine whether the allegations set forth in the charge are supported by substantial evidence unless the complainant elects to opt out of an investigation pursuant to subsection (C-1).

(2) The Director or the Director's designated representatives shall have authority to request any member of the Commission to issue subpoenas to compel the attendance of a witness or the production for examination of any books, records or documents whatsoever.

(3) If any witness whose testimony is required for any investigation resides outside the State, or through illness or any other good cause as determined by the Director is unable to be interviewed by the investigator

or appear at a fact finding conference, the witness' testimony or deposition may be taken, within or without the State, in the same manner as is provided for in the taking of depositions in civil cases in circuit courts.

(4) Upon reasonable notice to the complainant and the respondent, the Department in its discretion may conduct a fact finding conference. If the complainant and respondent both submit a written request for a fact finding conference prior to 90 days after the date on which the charge was filed, the Department shall conduct a fact finding conference unless prior to the Department's receipt of both requests, the Department has issued its report. Any request for a fact finding conference must include the party's written agreement to grant an extension of 120 days to the time period if requested by the Department to issue its report. If the Department conducts a fact finding conference, a complainant or respondent's failure to attend the conference without good cause shall result in dismissal or default. The term "good cause" shall be defined by rule promulgated by the Department. A notice of dismissal or default shall be issued by the Director. The notice of default issued by the Director shall notify the respondent that a request for review may be filed in writing with the Commission within 30 days of receipt of notice of default. The notice of dismissal issued by the Director shall give the

complainant notice of the complainant's right to seek review of the dismissal before the Human Rights Commission or commence a civil action in the appropriate circuit court. If the complainant chooses to have the Human Rights Commission review the dismissal order, the complainant shall file a request for review with the Commission within 90 days after receipt of the Director's notice. If the complainant chooses to file a request for review with the Commission, the complainant may not later commence a civil action in a circuit court. If the complainant chooses to commence a civil action in a circuit court, the complainant must do so within 90 days after receipt of the Director's notice.

(C-1) Opt out of Department's investigation. At any time within 60 days after receipt of notice of the right to opt out, a complainant may submit a written request seeking notice from the Director indicating that the complainant has opted out of the investigation and may commence a civil action in the appropriate circuit court or other appropriate court of competent jurisdiction. Within 10 business days of receipt of the complainant's request to opt out of the investigation, the Director shall issue a notice to the parties stating that: (i) the complainant has exercised the right to opt out of the investigation; (ii) the complainant has 90 days after receipt of the Director's notice to commence an action in the appropriate circuit court or other appropriate court of

competent jurisdiction; and (iii) the Department has ceased its investigation and is administratively closing the charge. The complainant shall notify the Department that a complaint has been filed with the appropriate circuit court by serving a copy of the complaint on the chief legal counsel of the Department within 21 days from the date that the complaint is filed with the appropriate circuit court. This 21-day period for service on the chief legal counsel shall not be construed to be jurisdictional. Once a complainant has opted out of the investigation under this subsection, the complainant may not file or refile a substantially similar charge with the Department arising from the same incident of unlawful discrimination or harassment.

(D) Report.

(1) Each charge investigated under subsection (C) shall be the subject of a report to the Director. The report shall be a confidential document subject to review by the Director, authorized Department employees, the parties, and, where indicated by this Act, members of the Commission or their designated hearing officers.

(2) Upon review of the report, the Director shall determine whether there is substantial evidence that the alleged civil rights violation has been committed. The determination of substantial evidence is limited to determining the need for further consideration of the charge pursuant to this Act and includes, but is not

limited to, findings of fact and conclusions, as well as the reasons for the determinations on all material issues. Substantial evidence is evidence which a reasonable mind accepts as sufficient to support a particular conclusion and which consists of more than a mere scintilla but may be somewhat less than a preponderance.

(3) If the Director determines that there is no substantial evidence, the charge shall be dismissed by the Director and the Director shall give the complainant notice of the complainant's right to seek review of the notice of dismissal before the Commission or commence a civil action in the appropriate circuit court. If the complainant chooses to have the Human Rights Commission review the notice of dismissal, the complainant shall file a request for review with the Commission within 90 days after receipt of the Director's notice. If the complainant chooses to file a request for review with the Commission, the complainant may not later commence a civil action in a circuit court. If the complainant chooses to commence a civil action in a circuit court, the complainant must do so within 90 days after receipt of the Director's notice. The complainant shall notify the Department that a complaint has been filed by serving a copy of the complaint on the chief legal counsel of the Department within 21 days from the date that the complaint is filed in circuit court. This 21-day period for service on the chief

legal counsel shall not be construed to be jurisdictional.

(4) If the Director determines that there is substantial evidence, the Director shall notify the complainant and respondent of that determination. The Director shall also notify the parties that the complainant has the right to either commence a civil action in the appropriate circuit court or request that the Department of Human Rights file a complaint with the Human Rights Commission on the complainant's behalf. Any such complaint shall be filed within 90 days after receipt of the Director's notice. (1) When there is a finding of substantial evidence, the Department may designate a Department employee who is an attorney licensed to practice in Illinois to endeavor to eliminate the effect of the alleged civil rights violation and to prevent its repetition by means of conference and conciliation.

(2) If the Department has not issued its report within 365 days after the charge is filed, or any such longer period agreed to in writing by all the parties, the complainant shall have 90 days to either file the complainant's own complaint with the Human Rights Commission or commence a civil action in the appropriate circuit court. Any final order entered by the Commission under this Section is appealable in accordance with paragraph (B)(1) of Section 8-111. Failure to immediately cease an investigation and dismiss the charge of civil rights violation as provided in this paragraph (3) constitutes grounds for entry of an order by the circuit court permanently enjoining the investigation. Section 1115. The Business Corporation Act of 1983 is amended by changing Section 8.12 as follows:

(805 ILCS 5/8.12)

Sec. 8.12. Female, minority, and LGBTQ directors.

(a) Findings and purpose. The General Assembly finds that women, minorities, and LGBTQ people are still largely underrepresented nationally in positions of corporate authority, such as serving as a director on a corporation's board of directors. This low representation could be contributing to the disparity seen in wages made by females and minorities versus their white male counterparts. Increased representation of these individuals as directors on boards of directors for corporations may boost the Illinois economy, improve opportunities for women, minorities, and LGBTQ people in the workplace, and foster an environment in Illinois where the business community is representative of our residents. Therefore, it is the intent of the General Assembly to gather more data and study this issue within the State so that effective policy changes may be implemented to eliminate this disparity.

Third-party verifiers may not market the alternative gas supplier's services. All third-party verifications shall be conducted in the same language that was used in the underlying sales transaction and shall be recorded in their entirety. Submitting alternative gas suppliers shall maintain and preserve audio records of verification of customer authorization for a minimum period of 2 years after obtaining the verification. Automated systems must provide customers with an option to speak with a live person at any time during the call. Each disclosure made during the third-party verification must be made individually to obtain clear acknowledgment of each disclosure. The alternative gas supplier must be in a location where he or she cannot hear the customer while the third-party verification is conducted. The alternative gas supplier shall not contact the customer after the third-party verification for a period of 24 hours unless the customer initiates the contact.

(3) The alternative gas supplier has obtained the customer's electronic authorization to change natural gas service via telephone. Such authorization must elicit the information in subparagraphs (A) through (F) of paragraph

(2) of this subsection (d). Alternative gas suppliers electing to confirm sales electronically shall establish one or more toll-free telephone numbers exclusively for that purpose. Calls to the number or numbers shall connect a customer to a voice response unit, or similar mechanism, that makes a date-stamped, time-stamped recording of the required information regarding the alternative gas supplier change.

The alternative gas supplier shall not use such electronic authorization systems to market its services.

(4) When a consumer initiates the call to the prospective alternative gas supplier, in order to enroll the consumer as a customer, the prospective alternative gas supplier must, with the consent of the customer, make a date-stamped, time-stamped audio recording that elicits, at a minimum, the following information:

(A) the identity of the customer;

(B) confirmation that the person on the call is authorized to make the provider change;

Submitting alternative gas suppliers shall maintain and preserve the audio records containing the information set forth above for a minimum period of 2 years.

(5) In the event that a customer enrolls for service from an alternative gas supplier via an Internet website, the alternative gas supplier shall obtain an electronically signed letter of agency in accordance with paragraph (1) of this subsection (d) and any customer information shall be protected in accordance with all applicable statutes and rules. In addition, an alternative gas supplier shall provide the following when marketing via an Internet website:

(A) The Internet enrollment website shall, at a minimum, include:

(i) a copy of the alternative gas supplier's customer contract, which clearly and conspicuously discloses all terms and conditions; and

(ii) a conspicuous prompt for the customer to print or save a copy of the contract.

(B) Any electronic version of the contract shall be identified by version number, in order to ensure the ability to verify the particular contract to which the customer assents.

(C) Throughout the duration of the alternative gas supplier's contract with a customer, the alternative gas supplier shall retain and, within 3 business days of the customer's request, provide to the customer an email, paper, or facsimile of the terms and conditions of the numbered contract version to which the customer assents.

(D) The alternative gas supplier shall provide a mechanism by which both the submission and receipt of the electronic letter of agency are recorded by time and date.

(E) After the customer completes the electronic letter of agency, the alternative gas supplier shall disclose conspicuously through its website that the customer has been enrolled and the alternative gas supplier shall provide the customer an enrollment confirmation number.

(6) When a customer is solicited in person by the alternative gas supplier's sales agent, the alternative gas supplier may only obtain the customer's authorization to change natural gas service through the method provided for in paragraph (2) of this subsection (d).

Alternative gas suppliers must be in compliance with the provisions of this subsection (d) within 90 days after April 10, 2009 (the effective date of Public Act 95-1051).

(e) Early Termination.

(1) Beginning January 1, 2020, consumers shall have the right to terminate their contract with an alternative gas supplier at any time without any termination fees or penalties.

(2) In any agreement that contains an early termination clause, an alternative gas supplier shall provide the customer the opportunity to terminate the agreement without any termination fee or penalty within 10 business days after the date of the first bill issued to the customer for products or services provided by the alternative gas supplier. The agreement shall disclose the opportunity and provide a toll-free phone number that the customer may call in order to terminate the agreement.

(f) The alternative gas supplier shall provide each customer the opportunity to rescind its agreement without penalty within 10 business days after the date on the gas utility notice to the customer. The alternative gas supplier shall disclose to the customer all of the following:

(1) that the gas utility shall send a notice confirming the switch;

(2) that from the date the utility issues the notice confirming the switch, the customer shall have 10 business days before the switch will become effective;

(3) that the customer may contact the gas utility or the alternative gas supplier to rescind the switch within 10 business days; and

(4) the contact information for the gas utility and the alternative gas supplier.

The alternative gas supplier disclosure shall be included in its sales solicitations, contracts, and all applicable sales verification scripts.

(f-5)(1) Beginning January 1, 2020, an alternative gas supplier shall not sell or offer to sell any products or services to a consumer pursuant to a contract in which the contract automatically renews, unless an alternative gas supplier provides to the consumer at the outset of the offer, in addition to other disclosures required by law, a separate written statement titled "Automatic Contract Renewal" that clearly and conspicuously discloses in bold lettering in at least 12-point font the terms and conditions of the automatic contract renewal provision, including: (i) the estimated bill cycle on which the initial contract term expires and a statement that it could be later based on when the utility accepts the initial enrollment; (ii) the estimated bill cycle on which the new contract term begins and a statement that it will immediately follow the last billing cycle of the current term; (iii) the procedure to terminate the contract before the new contract term applies; and (iv) the cancellation procedure. If the alternative gas supplier sells or offers to sell the products or services to a consumer during an in-person solicitation or telemarketing solicitation, the disclosures described in this paragraph (1) shall also be made

to the consumer verbally during the solicitation. Nothing in this paragraph (1) shall be construed to apply to contracts entered into before January 1, 2020.

(2) At least 30 days before, but not more than 60 days prior, to the end of the initial contract term, in any and all contracts that automatically renew after the initial term, the alternative gas supplier shall send, in addition to other disclosures required by law, a separate written notice of the contract renewal to the consumer that clearly and conspicuously discloses the following:

(A) a statement printed or visible from the outside of the envelope or in the subject line of the email, if the customer has agreed to receive official documents by email, that states "Contract Renewal Notice";

(B) a statement in bold lettering, in at least 12-point font, that the contract will automatically renew unless the customer cancels it;

(C) the billing cycle in which service under the current term will expire;

(D) the billing cycle in which service under the new term will begin;

(I) the phone number and Internet address to submit a consumer inquiry or complaint to the Illinois Commerce Commission and the Office of the Attorney General.

(3) An alternative gas supplier shall not automatically renew a consumer's enrollment after the current term of the contract expires when the current term of the contract provides that the consumer will be charged a fixed rate and the renewed contract provides that the consumer will be charged a variable rate, unless: (i) the alternative gas supplier complies with paragraphs (1) and (2); and (ii) the customer expressly consents to the contract renewal in writing or by electronic signature at least 30 days, but no more than 60 days, before the contract expires.

(4) An alternative gas supplier shall not submit a change to a customer's gas service provider in violation of Section

19-116 of the Public Utilities Act.

(g) The provisions of this Section shall apply only to alternative gas suppliers serving or seeking to serve residential and small commercial customers and only to the extent such alternative gas suppliers provide services to residential and small commercial customers.

(h) Complaints may be filed with the Commission under this Section by a consumer whose gas service has been provided by an alternative retail gas supplier in a manner not in compliance with this Section or by the Commission on its own motion when it appears to the Commission that an alternative retail gas supplier has provided service in a manner not in compliance with this Section. If, after notice and hearing, the Commission finds that an alternative retail gas supplier has violated this Section, the Commission may in its discretion do any one or more of the following:

(820 ILCS 130/11) (from Ch. 48, par. 39s-11)

Sec. 11. No public works project shall be instituted unless the provisions of this Act have been complied with. The provisions of this Act shall not be applicable to federal construction projects that require a prevailing wage determination by the United States Secretary of Labor, except as described in Section 2. The Illinois Department of Labor represented by the Attorney General is empowered to sue for injunctive relief against the awarding of any contract or the continuation of work under any contract for public works at a time when the prevailing wage prerequisites have not been met. Any contract for public works awarded at a time when the

prevailing wage prerequisites had not been met shall be void as against public policy and the contractor is prohibited from recovering any damages for the voiding of the contract or pursuant to the terms of the contract. The contractor is limited to a claim for amounts actually paid for labor and materials supplied to the public body. Where objections to a determination of the prevailing rate of wages or a court action relative thereto is pending, the public body shall not continue work on the project unless sufficient funds are available to pay increased wages if such are finally determined or unless the Department of Labor certifies such determination of the prevailing rate of wages as correct.

Any laborer, worker or mechanic employed by the contractor or by any sub-contractor under him who is paid for his services in a sum less than the prevailing rates for work done under such contract, shall have a right of action for whatever difference there may be between the amount so paid, and the rates provided by the contract together with costs and such reasonable attorney's fees as shall be allowed by the court. Such contractor or subcontractor shall also be liable to the Department of Labor for 20% of such underpayments and shall be additionally liable to the laborer, worker or mechanic for punitive damages in the amount of 2% of the amount of any such penalty to the State for underpayments for each month following the date of payment during which such underpayments remain unpaid. Where a second or subsequent action to recover

underpayments is brought against a contractor or subcontractor and the contractor or subcontractor is found liable for underpayments to any laborer, worker, or mechanic, the contractor or subcontractor shall also be liable to the Department of Labor for 50% of the underpayments payable as a result of the second or subsequent action, and shall be additionally liable for 5% of the amount of any such penalty to the State for underpayments for each month following the date of payment during which the underpayments remain unpaid. The Department shall also have a right of action on behalf of any individual who has a right of action under this Section. An action brought to recover same shall be deemed to be a suit for wages, and any and all judgments entered therein shall have the same force and effect as other judgments for wages. The action shall be brought within 5 years from the date of the failure to pay the wages or compensation. At the request of any laborer, workman or mechanic employed by the contractor or by any subcontractor under him who is paid less than the prevailing wage rate required by this Act, the Department of Labor may take an assignment of such wage claim in trust for the assigning laborer, workman or mechanic and may bring any legal action necessary to collect such claim, and the contractor or subcontractor shall be required to pay the costs incurred in collecting such claim.

All moneys owed to the Department under this Act shall be remitted to the Employee Classification Fund, and the

Department may use those funds for the purposes identified in Section 50 of the Employee Classification Act.

Section 1175. The Victims' Economic Security and Safety Act is amended by changing Section 20 as follows:

(820 ILCS 180/20)

Sec. 20. Entitlement to leave due to domestic violence, sexual violence, gender violence, or any other crime of violence.

(a) Leave requirement.

(1) Basis. An employee who is a victim of domestic violence, sexual violence, gender violence, or any other crime of violence or an employee who has a family or household member who is a victim of domestic violence, sexual violence, gender violence, or any other crime of violence whose interests are not adverse to the employee as it relates to the domestic violence, sexual violence, gender violence, or any other crime of violence may take unpaid leave from work if the employee or employee's family or household member is experiencing an incident of domestic violence, sexual violence, gender violence, or any other crime of violence or to address domestic violence, sexual violence, gender violence, or any other

crime of violence by:

(A) seeking medical attention for, or recovering from, physical or psychological injuries caused by domestic violence, sexual violence, gender violence, or any other crime of violence to the employee or the employee's family or household member;

(B) obtaining services from a victim services organization for the employee or the employee's family or household member;

(C) obtaining psychological or other counseling for the employee or the employee's family or household member;

(D) participating in safety planning, temporarily or permanently relocating, or taking other actions to increase the safety of the employee or the employee's family or household member from future domestic violence, sexual violence, gender violence, or any other crime of violence or ensure economic security;

(E) seeking legal assistance or remedies to ensure the health and safety of the employee or the employee's family or household member, including preparing for or participating in any civil, criminal, or military legal proceeding related to or derived from domestic violence, sexual violence, gender violence, or any other crime of violence;

(F) attending the funeral or alternative to a

funeral or wake of a family or household member who is killed in a crime of violence;

(G) making arrangements necessitated by the death of a family or household member who is killed in a crime of violence; or

(H) grieving the death of a family or household member who is killed in a crime of violence.

(2) Period. Subject to subsection (c) and except as provided in paragraph (4) of this subsection, an employee working for an employer that employs at least 50 employees shall be entitled to a total of 12 workweeks of leave during any 12-month period. Subject to subsection (c) and except as provided in paragraph (4) of this subsection, an employee working for an employer that employs at least 15 but not more than 49 employees shall be entitled to a total of 8 workweeks of leave during any 12-month period. Subject to subsection (c) and except as provided in paragraph (4) of this subsection, an employee working for an employer that employs at least one but not more than 14 employees shall be entitled to a total of 4 workweeks of leave during any 12-month period. The total number of workweeks to which an employee is entitled shall not decrease during the relevant 12-month period. This Act does not create a right for an employee to take unpaid leave that exceeds the unpaid leave time allowed under, or is in addition to the unpaid leave time permitted by, the

federal Family and Medical Leave Act of 1993 (29 U.S.C. 2601 et seq.).

(3) Schedule. Leave described in paragraph (1) may be taken consecutively, intermittently, or on a reduced work schedule.

(4) Exceptions. An employee shall be entitled to use a cumulative total of not more than 2 workweeks (10 work days) of unpaid leave for the purposes described in subparagraph ~~subparagraphs~~ (F), (G), or (H) of paragraph (1), which must be completed within 60 days after the date on which the employee receives notice of the death of the victim, and is subject to the following:

(A) Except as provided in paragraph ~~subparagraph~~ (2), if an employee is also entitled to take unpaid bereavement leave under the Family Bereavement Leave Act as a result of the death of the victim, this Act does not create a right for the employee to take unpaid bereavement leave that exceeds, or is in addition to, the unpaid bereavement leave the employee is entitled to take under the Family Bereavement Leave Act.

(B) If an employee is also entitled to take unpaid bereavement leave under the Family Bereavement Leave Act as a result of the death of the victim, leave taken under this Act for the purposes described in subparagraph ~~subparagraphs~~ (F), (G), or (H) of paragraph (1) or leave taken under the Family

Bereavement Leave Act shall be in addition to, and shall not diminish, the total amount of leave time an employee is entitled to under paragraph (2).

(C) If an employee is not entitled to unpaid bereavement leave under the Family Bereavement Leave Act as a result of the death of the victim, leave taken for the purposes described in subparagraph ~~subparagraphs~~ (F), (G), or (H) of paragraph (1) shall be deducted from, and is not in addition to, the total amount of leave time an employee is entitled to under paragraph (2).

(D) Leave taken for the purposes described in subparagraph ~~subparagraphs~~ (F), (G), or (H) of paragraph (1) shall not otherwise limit or diminish the total amount of leave time an employee is entitled to take under paragraph (2).

(b) Notice. The employee shall provide the employer with at least 48 hours' advance notice of the employee's intention to take the leave, unless providing such notice is not practicable. When an unscheduled absence occurs, the employer may not take any action against the employee if the employee, upon request of the employer and within a reasonable period after the absence, provides certification under subsection (c).

(c) Certification.

(1) In general. The employer may require the employee

to provide certification to the employer that:

(A) the employee or the employee's family or household member is a victim of domestic violence, sexual violence, gender violence, or any other crime of violence; and

(B) the leave is for one of the purposes enumerated in paragraph (1) of subsection (a) ~~(a) (1)~~.

The employee shall provide such certification to the employer within a reasonable period after the employer requests certification.

(2) Contents. An employee may satisfy the certification requirement of paragraph (1) by providing to the employer a sworn statement of the employee, and if the employee has possession of such document, the employee shall provide one of the following documents:

(A) documentation from an employee, agent, or volunteer of a victim services organization, an attorney, a member of the clergy, or a medical or other professional from whom the employee or the employee's family or household member has sought assistance in addressing domestic violence, sexual violence, gender violence, or any other crime of violence and the effects of the violence;

(B) a police, court, or military record;

(B-5) a death certificate, published obituary, or written verification of death, burial, or memorial

services from a mortuary, funeral home, burial society, crematorium, religious institution, or government agency, documenting that a victim was killed in a crime of violence; or

(C) other corroborating evidence.

The employee shall choose which document to submit, and the employer shall not request or require more than one document to be submitted during the same 12-month period leave is requested or taken if the reason for leave is related to the same incident or incidents of violence or the same perpetrator or perpetrators of the violence.

(d) Confidentiality. All information provided to the employer pursuant to subsection (b) or (c), including a statement of the employee or any other documentation, record, or corroborating evidence, and the fact that the employee has requested or obtained leave pursuant to this Section, shall be retained in the strictest confidence by the employer, except to the extent that disclosure is:

(1) requested or consented to in writing by the employee; or

(2) otherwise required by applicable federal or State law.

(e) Employment and benefits.

(1) Restoration to position.

(A) In general. Any employee who takes leave under this Section for the intended purpose of the leave

shall be entitled, on return from such leave:

- (i) to be restored by the employer to the position of employment held by the employee when the leave commenced; or

- (ii) to be restored to an equivalent position with equivalent employment benefits, pay, and other terms and conditions of employment.

(B) Loss of benefits. The taking of leave under this Section shall not result in the loss of any employment benefit accrued prior to the date on which the leave commenced.

(C) Limitations. Nothing in this subsection shall be construed to entitle any restored employee to:

- (i) the accrual of any seniority or employment benefits during any period of leave; or

- (ii) any right, benefit, or position of employment other than any right, benefit, or position to which the employee would have been entitled had the employee not taken the leave.

(D) Construction. Nothing in this paragraph shall be construed to prohibit an employer from requiring an employee on leave under this Section to report periodically to the employer on the status and intention of the employee to return to work.

(2) Maintenance of health benefits.

- (A) Coverage. Except as provided in subparagraph

(B), during any period that an employee takes leave under this Section, the employer shall maintain coverage for the employee and any family or household member under any group health plan for the duration of such leave at the level and under the conditions coverage would have been provided if the employee had continued in employment continuously for the duration of such leave.

(B) Failure to return from leave. The employer may recover the premium that the employer paid for maintaining coverage for the employee and the employee's family or household member under such group health plan during any period of leave under this Section if:

(i) the employee fails to return from leave under this Section after the period of leave to which the employee is entitled has expired; and

(ii) the employee fails to return to work for a reason other than:

(I) the continuation, recurrence, or onset of domestic violence, sexual violence, gender violence, or any other crime of violence that entitles the employee to leave pursuant to this Section; or

(II) other circumstances beyond the control of the employee.

(C) Certification.

(i) Issuance. An employer may require an employee who claims that the employee is unable to return to work because of a reason described in subclause (I) or (II) of clause (ii) of subparagraph (B) ~~(B) (ii)~~ to provide, within a reasonable period after making the claim, certification to the employer that the employee is unable to return to work because of that reason.

(ii) Contents. An employee may satisfy the certification requirement of clause (i) by providing to the employer:

(I) a sworn statement of the employee;

(II) documentation from an employee, agent, or volunteer of a victim services organization, an attorney, a member of the clergy, or a medical or other professional from whom the employee has sought assistance in addressing domestic violence, sexual violence, gender violence, or any other crime of violence and the effects of that violence;

(III) a police, court, or military record;

or

(IV) other corroborating evidence.

The employee shall choose which document to submit, and the employer shall not request or require

more than one document to be submitted.

(D) Confidentiality. All information provided to the employer pursuant to subparagraph (C), including a statement of the employee or any other documentation, record, or corroborating evidence, and the fact that the employee is not returning to work because of a reason described in subclause (I) or (II) of clause (ii) of subparagraph (B) ~~(B) (ii)~~ shall be retained in the strictest confidence by the employer, except to the extent that disclosure is:

(i) requested or consented to in writing by the employee; or

(ii) otherwise required by applicable federal or State law.

(f) Prohibited acts.

(1) Interference with rights.

(A) Exercise of rights. It shall be unlawful for any employer to interfere with, restrain, or deny the exercise of or the attempt to exercise any right provided under this Section.

(B) Employer discrimination. It shall be unlawful for any employer to discharge or harass any individual, or otherwise discriminate against any individual with respect to compensation, terms, conditions, or privileges of employment of the individual (including retaliation in any form or

manner) because the individual:

- (i) exercised any right provided under this Section; or

- (ii) opposed any practice made unlawful by this Section.

(C) Public agency sanctions. It shall be unlawful for any public agency to deny, reduce, or terminate the benefits of, otherwise sanction, or harass any individual, or otherwise discriminate against any individual with respect to the amount, terms, or conditions of public assistance of the individual (including retaliation in any form or manner) because the individual:

- (i) exercised any right provided under this Section; or

- (ii) opposed any practice made unlawful by this Section.

(2) Interference with proceedings or inquiries. It shall be unlawful for any person to discharge or in any other manner discriminate (as described in subparagraph (B) or (C) of paragraph (1)) against any individual because such individual:

- (A) has filed any charge, or has instituted or caused to be instituted any proceeding, under or related to this Section;

- (B) has given, or is about to give, any

information in connection with any inquiry or proceeding relating to any right provided under this Section; or

(C) has testified, or is about to testify, in any inquiry or proceeding relating to any right provided under this Section.

Section 1180. The Freelance Worker Protection Act is amended by changing Section 25 as follows:

(820 ILCS 193/25)

Sec. 25. Complaint procedure.

(a) A freelance worker may file a complaint with the Department alleging a violation of the Act by submitting a completed form, provided by the Department, and by submitting copies of all supporting documentation. The Department is authorized to request or require any information the Director deems relevant to the complaint or to its reporting requirements under Section 50, including, but not limited to:

(1) the general sector or occupation of the freelance worker submitting a claim under this Act;

(2) the county where the work by the freelance worker was performed, if in Illinois; and

(3) at the discretion of the freelance worker, the

demographic data of the freelance worker submitting a claim under this Act.

(b) Complaints alleging violation of Section 10, 15, or 20 shall be filed within 2 years after the date the final compensation was due. Complaints shall be reviewed by the Department to determine whether there is cause for the Department to initiate the process of facilitating the exchange of information between the parties. The Department is not required to initiate an information facilitation process if either party to the contract has initiated a civil action in a court of competent jurisdiction alleging a violation of this chapter or a breach of contract arising out of the contract that is the subject of the complaint filed under this Act, unless such civil action has been dismissed without prejudice to future claims; or either party to the contract has filed a claim or complaint before any administrative agency under any local, State, or federal law alleging a breach of contract that is the subject of the complaint filed under this Act, unless the administrative claim or complaint has been withdrawn or dismissed without prejudice to future claims. Failure of a contracting entity to keep adequate records or provide written contract as required by this Act shall not operate as a bar to a freelance worker filing a complaint.

(c) Each freelance worker who files a completed complaint alleging a violation of this Act or a rule adopted thereunder shall be provided with a written description of the

anticipated processing of the complaint, including notification to the contracting entity and the contracting entity's opportunity to respond.

(d) The Department shall, within 20 days of receiving a complaint alleging a violation of this Act, initiate the information facilitation process by sending the contracting entity named in the complaint a written notice of the complaint, or by notifying the freelance worker that the Department lacks jurisdiction to initiate such process. When the Department initiates this process, the notice of complaint shall: (i) inform the contracting entity that a complaint has been filed alleging a violation of this Act; (ii) detail the civil remedies available to a freelance worker for violations of this Act by a contracting entity; (iii) include a copy of the complaint; and (iv) state that failure to respond to the complaint by the deadline established in paragraph (1) of subsection (e) creates a rebuttable presumption in any civil action commenced in accordance with this Act that the contracting entity committed the violations alleged in the complaint. The Department shall send such notice by certified mail.

(e) Response.

(1) Within 20 days of receiving the notice of complaint, the contracting entity identified in the complaint shall send the Director one of the following:

(A) For a complaint under Section 10, a written

statement that the freelance worker has been paid in full and proof of such payment.

(B) For a complaint under Section 10, a written statement that the freelance worker has not been paid in full and the reasons for the failure to provide such payment.

(C) For a complaint under Section 15 or 20, a defense against the alleged violation.

(2) If the contracting entity identified in the complaint does not respond to the notice within 20 days, such failure to respond creates a rebuttable presumption in any civil action commenced in accordance with this Act that the contracting entity committed the violations alleged in the complaint. Within 20 days of receiving a written response, the Director shall send the freelance worker a copy of:

(A) the contracting entity's response;

(B) any enclosures submitted with the response;

(C) materials informing the freelance worker about the freelance worker's right to bring an action in a court of competent jurisdiction; and

(D) any other information about the status of the complaint.

(3) If the director receives no response to the notice of complaint within the time provided by subsection (a), the Director shall mail a notice of non-response to both

the freelance worker and the contracting entity by regular mail and shall include with such notice proof that the Director previously mailed the notice of complaint to the contracting entity by certified mail. Upon satisfying the requirements of this paragraph, the Director may close the case.

(f) Attorney General powers.

(1) Whenever the Attorney General has reasonable cause to believe that any person or entity is engaged in a pattern and practice prohibited by this Act, the Attorney General may initiate or intervene in a civil action in the name of the People of the State of Illinois in any appropriate court to obtain appropriate relief.

(2) Before initiating an action, the Attorney General may conduct an investigation and may:

(A) require an individual or entity to file a statement or report in writing under oath or otherwise, as to all information the Attorney General may consider necessary;

(B) examine under oath any person alleged to have participated in or with knowledge of the alleged violation; or

(C) issue subpoenas or conduct hearings in aid of any investigation.

(3) Service by the Attorney General of any notice requiring a person or entity to file a statement or

report, or of a subpoena upon any person or entity, shall be made:

(A) personally by delivery of a duly executed copy thereof to the person to be served or, if a person is not a natural person, in the manner provided in the Code of Civil Procedure when a complaint is filed; or

(B) by mailing by certified mail a duly executed copy thereof to the person to be served at the person's last known abode or principal place of business within this State or, if a person is not a natural person, in the manner provided in the Code of Civil Procedure when a complaint is filed.

The Attorney General may compel compliance with investigative demands under this Section through an order by any court of competent jurisdiction.

(4) (A) In an action brought under this Act, the Attorney General may obtain, as a remedy, monetary damages to the State, restitution, and equitable relief, including any permanent or preliminary injunction, temporary restraining order, or other order, including an order enjoining the defendant from engaging in a violation, or order any action as may be appropriate. In addition, the Attorney General may request and the court may impose a civil penalty not to exceed \$5,000 for each violation or \$10,000 for each repeat violation within a 5-year period. For purposes of this Section, each violation of this Act

for each person who was subject to an agreement in violation of this Act shall constitute a separate and distinct violation.

(B) A civil penalty imposed under this subsection shall be deposited into the Attorney General Court Ordered and Voluntary Compliance Payment Projects Fund. Moneys in the Fund shall be used, subject to appropriation, for the performance of any function pertaining to the exercise of the duties of the Attorney General, including, but not limited to, enforcement of any law of this State and conducting public education programs; however, any moneys in the Fund that are required by the court or by an agreement to be used for a particular purpose shall be used for that purpose.

(g) Nothing in this Act shall be construed to prevent any freelance worker from making a complaint or prosecuting his or her own claim for compensation. Any freelance worker aggrieved by a violation of this Act or any rule adopted under this Act may file suit in circuit court of Illinois, in the county where the alleged violation occurred or where any freelance worker who is party to the action resides, without regard to exhaustion of any alternative administrative remedies provided in this Act. Actions may be brought by one or more freelance workers for and on behalf of themselves and other freelance workers similarly situated.

(h) Nothing in this Act shall be construed to limit the

authority of the State's Attorney of any county to prosecute actions for violation of this Act or to enforce the provisions thereof independently and without specific direction of the Department.

Section 1185. The Child Labor Law of 2024 is amended by changing Section 75 as follows:

(820 ILCS 206/75)

Sec. 75. Civil penalties.

(a) Any person employing, allowing, or permitting a minor to work who violates any of the provisions of this Act or any rule adopted under the Act shall be subject to civil penalties as follows:

(1) if a minor dies while working for an employer who is found by the Department to have been employing, allowing, or permitting the minor to work in violation of this Act, the employer is subject to a penalty not to exceed \$60,000, payable to the Department;

(2) if a minor receives an illness or an injury that is required to be reported to the Department under Section 35 while working for an employer who is found by the Department to have been employing, allowing, or permitting the minor to work in violation of this Act, the employer is subject to a penalty not to exceed \$30,000, payable to the

Department;

(3) an employer who employs, allows, or permits a minor to work in violation of Section 40 shall be subject to a penalty not to exceed \$15,000, payable to the Department;

(4) an employer who fails to post or provide the required notice under subsection (g) of Section 35 shall be subject to a penalty not to exceed \$500, payable to the Department; and

(5) an employer who commits any other violation of this Act shall be subject to a penalty not to exceed \$10,000, payable to the Department.

In determining the amount of the penalty, the appropriateness of the penalty to the size of the business of the employer charged and the gravity of the violation shall be considered.

Each day during which any violation of this Act continues shall constitute a separate and distinct offense, and the employment of any minor in violation of the Act shall, with respect to each minor so employed, constitute a separate and distinct offense.

(b) Any administrative determination by the Department of the amount of each penalty shall be final unless reviewed as provided in Section 70.

(c) The amount of the penalty, when finally determined, may be recovered in a civil action brought by the Director in

any circuit court, in which litigation the Director shall be represented by the Attorney General. In an action brought by the Department, the Department may request, and the Court may impose on a defendant employer, an additional civil penalty of up to an amount equal to the penalties assessed by the Department to be distributed to an impacted minor. In an action concerning multiple minors, any such penalty imposed by the Court shall be distributed equally among the minors employed in violation of this Act by the defendant employer.

(d) Penalties recovered under this Section shall be paid by certified check, money order, or by an electronic payment system designated by the Department, and deposited into the Child Labor and Day and Temporary Labor Services Enforcement Fund, a special fund in the State treasury. Moneys in the Fund shall be used, subject to appropriation, for exemplary programs, demonstration projects, and other activities or purposes related to the enforcement of this Act, and for the activities or purposes related to the enforcement of the Day and Temporary Labor Services Act, the Private Employment Agency Act, ~~or~~ the Right to Privacy in the Workplace Act, ~~for~~ ~~the activities or purposes related to the enforcement of~~ the Job Opportunities for Qualified Applicants Act, and ~~for the activities or purposes related to the enforcement of~~ the Family Bereavement Leave Act.
